 27 offense as defined in Code Section 31-22-9.1 or other crime which involves significant

 29 responsible for prosecuting the alleged offense request that the person arrested for such  
 30 offense submit to a test for the human immunodeficiency virus and consent to the release  
 31 of the test results to the victim. If the person so arrested declines to submit to such a test,  
 32 the judge of the superior court in which the criminal charge is pending, upon a showing of  
 33 probable cause that the person arrested for the offense committed the alleged crime and that  
 34 significant exposure occurred, may order the test to be performed in compliance with the  
 35 rules adopted by the Department of Public Health. The cost of the test shall be borne by

 44 ~~of the verdict or plea under subsection (c) of this Code section, shall arrange for the HIV~~  
 45 ~~test for the person required to submit thereto.~~

46 ~~(e)~~(d) Any person required under this Code section to submit to the HIV test who fails or  
 47 refuses to submit to the test ~~arranged pursuant to subsection (d) of this Code section~~ shall  
 48 be subject to such measures deemed necessary by the court in which the order was entered,  
 49 verdict was returned, or plea was entered to require involuntary submission to the HIV test,  
 50 and submission thereto may also be made a condition of suspending or probating any part  
 51 of that person's sentence for the AIDS transmitting crime.

52 ~~(f)~~(e) If a person is required by this Code section to submit to an HIV test and is thereby  
 53 determined to be infected with HIV, that determination and the name of the person shall  
 54 be reported to:

55 (1) The Department of Public Health, which shall disclose the name of the person as  
 56 necessary to provide counseling to each victim of that person's AIDS transmitting crime  
 57 if that crime is other than one specified in subparagraph (a)(3)(J) of Code Section  
 58 31-22-9.1 or to any parent or guardian of any such victim who is a minor or incompetent  
 59 person;

 66 contact of the victim's ruptured or broken skin or mucous membranes with the blood or  
 67 body fluids of the person arrested for such offense, other than tears, saliva, or perspiration,  
 68 of a magnitude that the Centers for Disease Control and Prevention have epidemiologically  
 69 demonstrated can result in transmission of the human immunodeficiency virus.

70 ~~(h)~~(g) The state may not use the fact that a medical procedure or test was performed on a  
 71 person under this Code section or use the results of the procedure or test in any criminal  
 72 proceeding arising out of the alleged offense."

73 **SECTION 2.**

74 Article 2 of Chapter 3 of Title 19 of the Official Code of Georgia Annotated, relating to  
 75 license and ceremony for marriage generally, is amended by revising Code Section

133 **SECTION 5.**

134 Said title is further amended by revising Chapter 16, relating to care and treatment of chronic  
 135 renal disease patients, as follows:

136 **"CHAPTER 16**137 ~~31-16-1.~~

138 ~~(a) It is declared and found that one of the most serious and tragic problems facing the~~  
 139 ~~public health and welfare is the death of hundreds of persons in this state every year from~~  
 140 ~~chronic renal disease, although the present state of medical arts and technology could~~  
 141 ~~return these persons to a socially productive life. Advances and discoveries in the~~  
 142 ~~treatment of patients suffering from chronic renal disease now allow not mere survival but~~  
 143 ~~rehabilitation of these patients to their normal occupations and activities. Presently, these~~  
 144 ~~patients are dying for lack of personal financial resources to pay for the expensive~~  
 145 ~~equipment and care which they need.~~

146 ~~(b) The state recognizes its responsibilities to allow its citizens to keep their health without~~  
 147 ~~being pauperized and to use its resources and organization to aid in gathering and~~  
 148 ~~disseminating information on the treatment of chronic renal disease. It is believed that~~  
 149 ~~these programs will, by making treatment of chronic renal disease easily available, steadily~~  
 150 ~~lower the cost of such treatment.~~

151 ~~31-16-2.~~

152 ~~The Department of Public Health shall establish a program for the prevention, control, and~~  
 153 ~~treatment of kidney disease which shall include the care of patients suffering from chronic~~  
 154 ~~kidney failure who require lifesaving therapy but are unable to pay for such services on a~~  
 155 ~~continuing basis.~~

156 ~~31-16-3.~~

157 ~~(a) The commissioner of public health shall appoint a Kidney Disease Advisory~~  
 158 ~~Committee, hereinafter referred to as KDAC, to advise the department in the administration~~  
 159 ~~of this chapter. The KDAC shall recommend priorities and relative budgets for the various~~  
 160 ~~purposes of this chapter as described below.~~

161 ~~(b) The KDAC shall consist of 15 members appointed by the commissioner as follows:~~

162 ~~(1) Four members shall be appointed by the commissioner from a list of eight names~~  
 163 ~~submitted to him by the presidents of the medical colleges located within Georgia, both~~  
 164 ~~public and private, and at least one such member shall be appointed from each of the~~  
 165 ~~medical colleges located within Georgia;~~

166 ~~(2) Two members shall be appointed by the commissioner from a list of four names~~  
167 ~~submitted to him by the chief executive officers of the hospitals located within Georgia~~  
168 ~~which provide chronic dialysis and kidney transplantation services;~~  
169 ~~(3) One member shall be appointed by the commissioner from a list of two names~~  
170 ~~submitted to him by the Medical Association of Georgia, and one member shall be~~  
171 ~~appointed by the commissioner from a list of two names submitted to him by the Georgia~~  
172 ~~State Medical Association;~~  
173 ~~(4) One member shall be appointed by the commissioner from a list of two names~~  
174 ~~submitted to him by the Kidney Foundation of Georgia;~~  
175 ~~(5) One member shall be appointed by the commissioner from a list of two names~~  
176 ~~submitted to him by the Georgia Claims Association and the Health Insurance Council;~~  
177 ~~(6) One member shall be appointed by the commissioner from a list of two names~~  
178 ~~submitted to him by the director of the Georgia Vocational Rehabilitation Agency; and~~  
179 ~~(7) Four members shall be selected by the commissioner from the general public.~~  
180 ~~(c) The persons whose names are submitted to the commissioner by the medical colleges,~~  
181 ~~the hospitals, the Medical Association of Georgia, and the Georgia State Medical~~  
182 ~~Association shall all be physicians licensed to practice medicine under the laws of Georgia,~~  
183 ~~and the persons whose names are submitted by the Medical Association of Georgia shall~~  
184 ~~be actively engaged in the practice of medicine.~~  
185 ~~(d) The commissioner shall appoint members for terms such that the terms of four~~  
186 ~~members shall expire each year, except that every fourth year the terms of three members~~  
187 ~~shall expire, in such manner that after the initial terms all members will serve for terms of~~  
188 ~~four years and until their successors are elected and qualified. In making initial~~  
189 ~~appointments, the commissioner shall adjust initial terms so as to achieve the staggered~~  
190 ~~terms specified by the preceding sentence. In the event of a vacancy for any reason, the~~  
191 ~~commissioner shall fill said vacancy for the unexpired term in the same manner that other~~  
192 ~~appointments are made.~~  
193 ~~(e) The KDAC shall meet as often as the commissioner deems necessary but not less than~~  
194 ~~twice each year. The members of the KDAC shall receive no compensation for their~~  
195 ~~services but shall be reimbursed for actual and necessary expenses incurred by them in~~  
196 ~~carrying out their duties as members thereof.~~  
197 ~~(f) The KDAC shall prepare and submit a complete and detailed report no later than~~  
198 ~~October 1, 2019, and annually thereafter, to the Office of Health Strategy and Coordination~~  
199 ~~concerning the impact of the program established pursuant to Code Section 31-16-2 on the~~  
200 ~~treatment of chronic renal disease and the cost of such treatment.~~

201 ~~31-16-4.~~

202 ~~The commissioner shall provide staff to carry out administration of this program including,~~  
 203 ~~but not limited to, consultant physicians, administrative assistants, and clerical support.~~

204 ~~31-16-5.~~

205 ~~The commissioner, with the advice of the KDAC, shall:~~

206 ~~(1) Develop standards for determining eligibility of patients for care and treatment under~~  
 207 ~~this program and set physical and medical standards for the operation of dialysis and~~  
 208 ~~kidney transplantation centers. When such centers meet the standards, they shall be~~  
 209 ~~certified by the department. Patients treated at uncertified centers shall not be eligible for~~  
 210 ~~state aid for their treatment; and~~

211 ~~(2) Extend financial aid to persons suffering from chronic renal diseases to enable them~~  
 212 ~~to obtain the medical, nursing, pharmaceutical, and technical services necessary in caring~~  
 213 ~~for such diseases, including the provision of home dialysis equipment or expenses in~~  
 214 ~~obtaining organs for transplantation, or both. Criteria and procedures for financial aid~~  
 215 ~~will be developed by the department.~~

216 ~~31-16-6.~~

217 ~~Nothing in this chapter shall be construed to exclude patients with kidney disease from the~~  
 218 ~~benefits of any program of state or federal aid for which they might otherwise qualify.~~

219 ~~31-16-7.~~ 31-16-1.

220 (a) The physician and that physician's patient retain the discretion to determine whether  
 221 or not a kidney dialyzer should be reused. No licensed kidney dialysis clinic or provider  
 222 of kidney dialysis services which is certificated by the state Department of Community  
 223 Health may interfere with the exercise of that discretion by:

224 (1) Requiring the reuse of such dialyzer over the objection of that physician and patient;  
 225 or

226 (2) Discriminating against a physician specializing in the practice of nephrology by  
 227 prohibiting that physician from practicing in such clinic or performing dialysis services  
 228 for such provider if that discrimination is based upon that physician's refusal to reuse a  
 229 dialyzer and that refusal is based on the patient's informed consent.

230 (b) A provider of kidney dialysis services who is required to comply with subsection (a)  
 231 of this Code section but who does not so comply shall have no claim or cause of action for  
 232 reimbursement for those services which were rendered without that compliance."

233

234 Said title is further amended by revising Code Section 31-36A-7, relating to petition for order  
 235 for temporary health care placement transfer by health care facility, as follows:

 259 physician, or other physician licensed according to the laws of the State of Georgia,  
 260 attesting the following:

261 (1) The adult is unable to consent for himself or herself;

262 (2) It is the physician's belief that it is in the adult's best interest to be admitted to or  
 263 discharged from a hospital, institution, medical center, or other ~~health-care~~ healthcare  
 264 institution providing health or personal care for treatment of any type of physical or

 267 rehabilitation facilities, and home and community based programs; and

268 (3) The identified type of ~~health-care~~ healthcare facility or placement will provide the  
269 adult with the recommended services to meet the needs of the adult and is the most
