

House Resolution 473

By: Representatives Anderson of the 10th, Powell of the 33rd, Corbett of the 174th, and Cheokas of the 151st

A RESOLUTION

1 Creating the House Study Committee on Safety and Consumer Protection in the Tree Care
2 Industry; and for other purposes.

3 WHEREAS, Georgia has a rich and robust tree care industry; and

4 WHEREAS, currently, tree care providers in Georgia have no specific licensing or
5 registration requirements and there are no standards or regulations in this state concerning
6 the training of tree care providers, use of equipment in providing tree care services, or
7 insurance requirements in the tree care industry; and

8 WHEREAS, a 2020 report from the United States Occupational Safety and Health
9 Administration (OSHA) states that "the tree care industry's fatality rate for tree care
10 operations makes tree trimming and pruning among the most hazardous occupations in the
11 country"; and

12 WHEREAS, the 2020 OSHA report further indicates that the fatality rate for tree trimmers
13 and pruners may be as high as 1 per 1,000, which is nearly 30 times higher than the national
14 average fatality rate of 3.5 per 100,000 for all workers; and

15 WHEREAS, a 2017 report by the Tree Care Industry Association indicates that Georgia has
16 the third highest rate of reported incidents in the tree care industry, with only California and
17 Florida having higher rates of reported incidents; and

18 WHEREAS, in 2018, the U.S. Better Business Bureau (BBB) received 1,506 complaints
19 concerning tree care services, of which only 45 percent were settled while the average
20 settlement rate across all business complaint categories received by the BBB is 78 percent;
21 and

22 WHEREAS, in 2019, the Georgia Arborist Association conducted a survey of its
23 membership that indicated there was broad support for licensure requirements in the tree care
24 industry; and

25 WHEREAS, study is needed to develop potential legislation or other action that would help
26 prevent incidents leading to injuries and fatalities in the tree care industry and protect the
27 health and safety of those working in the tree care industry, as well as those receiving tree
28 care services in Georgia.
