BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that there presently exists a crisis affecting the provision and quality of health care services in this state. Hospitals and other health care providers in this state are having increasing difficulty in locating liability insurance and, when such hospitals and providers are able to locate such insurance, the insurance is extremely costly. The result of this crisis is the potential for a diminution of the availability of access to health care services and a resulting adverse impact on the health and well-being of the citizens of this state. The General Assembly further finds that certain civil justice and health care regulatory reforms as provided in this Act will promote predictability and improvement in the provision of quality health care services and the resolution of health care liability claims and will thereby assist in promoting the provision of health care liability insurance by insurance providers. The General Assembly further finds that

certain needed reforms affect not only health care liability claims but also other civil actions and accordingly provides such general reforms in this Act.

SECTION 2.

Title 9 of the Official Code of Georgia Annotated, relating to civil practice, is amended by striking Code Section 9-10-31, relating to actions against certain codefendants residing in different counties, and inserting in its place new Code Sections 9-10-31 and 9-10-31.1 to read as follows:

"9-10-31.

(a) The General Assembly finds that Paragraph IV of Section II of Article VI of the Georgia Constitution permits a trial and entry of judgment against a resident of Georgia in a county other than the county of the defendant's residence only if the Georgia resident defendant is a joint obligor, joint tort-feasor, joint promisor, copartner, or joint trespasser.

(b) Subject to the provisions of Code Section 9-10-31.1, joint ~~Joint or joint and several~~ tort-feasors, obligors, or promisors, or joint contractors or copartners, residing in different counties, may be subject to an action as such in the same action in any county in which one or more of the defendants reside. ~~If, however, the court determines prior to the commencement of trial that:~~

~~(1) The plaintiff has brought the action in bad faith against all defendants residing in the county in which the action is brought; or~~

~~(2) As a matter of law, no defendant residing in the county in which the action is brought is a proper party,~~

~~the action shall be transferred to the county and court which the plaintiff elects in which venue is proper. The burden of proof on the issue of venue shall be on the party claiming improper venue by a preponderance of evidence.~~

(c) In any action involving a medical malpractice claim as defined in Code Section 9-9-60, a nonresident defendant may require that the case be transferred to the county of that defendant's residence if the tortious act upon which the medical malpractice claim is based occurred in the county of that defendant's residence.

~~(b)(d)~~ If all defendants who reside in the county in which an action is pending are discharged from liability before the commencement of trial or upon the return of a verdict by the jury or the court hearing the case without a jury, a nonresident defendant may require that the case be transferred to a county and court in which venue would otherwise be proper. If venue would be proper in more than one county, the plaintiff may elect from among the counties in which venue is proper the county and the court in which the action shall proceed.

~~(e) If all defendants who reside in the county in which the action is pending are discharged from liability after the commencement of trial, the case may be transferred to a county and court in which venue would otherwise lie only if all parties consent to such transfer.~~

~~(d) For purposes of this Code section, trial shall be deemed to have commenced upon~~

~~the jury being sworn or, in the instance of a trial without a jury, upon the first witness being sworn.~~

(e) Nothing in this Code section shall be deemed to alter or amend the pleading requirements of Chapter 11 of this title relating to the filing of complaints or answers.

~~(f) This Code section shall apply to actions filed on or after July 1, 1999.~~

9-10-31.1.

(a) If a court of this state, on written motion of a party, finds that in the interest of justice and for the convenience of the parties and witnesses a claim or action would be more properly heard in a forum outside this state or in a different county of proper venue within this state, the court shall decline to adjudicate the matter under the doctrine of forum non conveniens. As to a claim or action that would be more properly heard in a forum outside this state, the court shall dismiss the claim or action. As to a claim or action that would be more properly heard in a different county of proper venue within this state, the venue shall be transferred to the appropriate county. In determining whether to grant a motion to dismiss an action or to transfer venue under the doctrine of forum non conveniens, the court shall give consideration to the following factors:

(1) Relative ease of access to sources of proof;

(2) Availability and cost of compulsory process for attendance of unwilling witnesses;

(3) Possibility of viewing of the premises, if viewing would be appropriate to the action;

(4) Unnecessary expense or trouble to the defendant not necessary to the plaintiff's own right to pursue his or her remedy;

(5) Administrative difficulties for the forum courts;

(6) Existence of local interests in deciding the case locally; and

(7) The traditional deference given to a plaintiff's choice of forum.

(b) A court may not dismiss a claim under this Code section until the defendant files with the court or with the clerk of the court a written stipulation that, with respect to a new action on the claim commenced by the plaintiff, all the defendants waive the right to assert a statute of limitations defense in all other states of the United States in which the claim was not barred by limitations at the time the claim was filed in this state as necessary to effect a tolling of the limitations periods in those states beginning on the date the claim was filed in this state and ending on the date the claim is dismissed."

SECTION 3.

Title 9 of the Official Code of Georgia Annotated, relating to civil practice, is amended by striking Code Section 9-11-9.1, relating to affidavits in professional malpractice cases, and inserting in its place a new Code section to read as follows:

"9-11-9.1.

(a) In any action for damages alleging professional malpractice against a professional licensed by the State of Georgia and listed in subsection ~~(f)~~(d) of this Code section or

against any licensed health care facility alleged to be liable based upon the action or inaction of a health care professional licensed by the State of Georgia and listed in subsection ~~(f)~~(d) of this Code section, the plaintiff shall be required to file with the complaint an affidavit of an expert competent to testify, which affidavit shall set forth specifically at least one negligent act or omission claimed to exist and the factual basis for each such claim.

~~(b)~~ The contemporaneous filing requirement of subsection (a) of this Code section shall not apply to any case in which the period of limitation will expire or there is a good faith basis to believe it will expire on any claim stated in the complaint within ten days of the date of filing and, because of such time constraints, the plaintiff has alleged that an affidavit of an expert could not be prepared. In such cases, the plaintiff shall have 45 days after the filing of the complaint to supplement the pleadings with the affidavit. The trial court may, on motion, after hearing and for good cause extend such time as it shall determine justice requires. If an affidavit is not filed within the period specified in this subsection or as extended by the trial court and the defendant against whom an affidavit should have been filed alleges, by motion to dismiss filed contemporaneously with its initial responsive pleading that the plaintiff has failed to file the requisite affidavit, the complaint is subject to dismissal for failure to state a claim.

~~(c)~~ This Code section shall not be construed to extend any applicable period of limitation, except that if the affidavit is filed within the period specified in this Code section, the filing of the affidavit after the expiration of the statute of limitations shall be considered timely and shall provide no basis for a statute of limitations defense.

The trial court may, in the exercise of its discretion, extend the time for filing said amendment or response to the motion, or both, as it shall determine justice requires.

~~(e)~~(c) If a plaintiff fails to file an affidavit as required by this Code section and the defendant raises the failure to file such an affidavit by motion to dismiss filed contemporaneously with its initial responsive pleading, such complaint shall not be subject to the renewal provisions of Code Section 9-2-61 after the expiration of the applicable period of limitation, unless a court determines that the plaintiff had the requisite affidavit within the time required by this Code section and the failure to file the affidavit was the result of a mistake.

~~(f)~~(d) The professions to which this Code section applies are:

(1) Architects;

(2) Audiologists;

SECTION 4.

Title 9 of the Official Code of Georgia Annotated, relating to civil practice, is amended by inserting a new Code Section 9-11-9.2 to read as follows:

"9-11-9.2.

(a) In any action for damages alleging medical malpractice against a professional licensed by the State of Georgia and listed in subsection (d) of Code Section 9-11-9.1, against a professional corporation or other legal entity that provides health care services through a professional licensed by the State of Georgia and listed in subsection (d) of Code Section 9-11-9.1, or against any licensed health care facility alleged to be liable based upon the action or inaction of a health care professional licensed by the State of Georgia and listed in subsection (d) of Code Section 9-11-9.1, contemporaneously with the filing of the complaint, the plaintiff shall be required to file a medical authorization form. Failure to provide this authorization shall subject the complaint to dismissal.

(b) The authorization shall provide that the attorney representing the defendant is authorized to obtain and disclose protected health information contained in medical records to facilitate the investigation, evaluation, and defense of the claims and allegations set forth in the complaint which pertain to the plaintiff or, where applicable, the plaintiff's decedent whose treatment is at issue in the complaint. This authorization includes the defendant's attorney's right to discuss the care and treatment of the plaintiff or, where applicable, the plaintiff's decedent with all of the plaintiff's or

decedent's treating physicians.

(c) The authorization shall provide for the release of all protected health information except information that is considered privileged and shall authorize the release of such information by any physician or health care facility by which health care records of the plaintiff or the plaintiff's decedent would be maintained."

SECTION 5.

Title 9 of the Official Code of Georgia Annotated, relating to civil practice, is amended by inserting in place of Code Section 9-11-68, which is reserved, a new Code Section 9-11-68 to read as follows:

"9-11-68.

(a) At any time more than 30 days after the service of a summons and complaint on a party but not less than 30 days (or 20 days if it is a counteroffer) before trial, either party may serve upon the other party, but shall not file with the court, a written offer, denominated as an offer under this Code section, to settle a tort claim for the money specified in the offer and to enter into an agreement dismissing the claim or to allow judgment to be entered accordingly. Any offer under this Code section must:

- (1) Be in writing and state that it is being made pursuant to this Code section;
- (2) Identify the party or parties making the proposal and the party or parties to whom the proposal is being made;
- (3) Identify generally the claim or claims the proposal is attempting to resolve;
- (4) State with particularity any relevant conditions;
- (5) State the total amount of the proposal;
- (6) State with particularity the amount proposed to settle a claim for punitive damages, if any;
- (7) State whether the proposal includes attorney's fees or other expenses and whether attorney's fees or other expenses are part of the legal claim; and
- (8) Include a certificate of service and be served by certified mail or statutory overnight delivery in the form required by Code Section 9-11-5.

(b) When the complaint sets forth a tort claim for money, if the offeree rejects or does not accept the offer and the judgment finally obtained by the offeree was not at least 25 percent more favorable than the last offer, the offeree shall pay the offeror's reasonable attorney's fees and costs incurred after the rejection of the last offer.

(c) Any offer made under this Code section shall remain open for 30 days unless sooner withdrawn by a writing served on the offeree prior to acceptance by the offeree, but an offeror shall not be entitled to attorney's fees and costs under subsection (b) of this Code section to the extent an offer is not open for at least 30 days (unless it is rejected during that 30 day period). A counteroffer shall be deemed a rejection but may serve as an offer under this Code section if it is specifically denominated as an offer under this Code section. Acceptance or rejection of the offer by the offeree must be in writing and served upon the offeror. An offer that is neither withdrawn nor accepted within 30 days shall be deemed rejected. The fact that an offer is made but not accepted does not preclude a subsequent offer. Evidence of an offer is not admissible except in

proceedings to enforce a settlement or to determine reasonable attorney's fees and costs under this Code section.

(d) Upon motion made within 30 days of the entry of the judgment or after voluntary or involuntary dismissal, the court shall determine the following:

(1) If the offer of judgment was 25 percent more favorable than the monetary award, the court shall award reasonable attorney's fees and costs and the court shall set off such reasonable attorney's fees and costs against any award; and

(2) If a party is entitled to costs and fees pursuant to the provisions of this Code section, the court may determine that an offer was not made in good faith in an order setting forth the basis for such a determination. In such case, the court may disallow an award of attorney's fees and costs.

(e) Upon motion by the prevailing party at the time that the verdict or judgment is rendered, the moving party may request that the finder of fact determine whether the opposing party presented a frivolous claim or defense. In such event, the court shall hold a separate bifurcated hearing at which the finder of fact shall make a determination of whether such frivolous claims or defenses were asserted and to award damages, if any, against the party presenting such frivolous claims or defenses. Under this subsection:

(1) Frivolous claims shall include, but are not limited to, the following:

(A) A claim, defense, or other position that lacks substantial justification or that is not made in good faith or that is made with malice or a wrongful purpose, as those terms are defined in Code Section 51-7-80;

(B) A claim, defense, or other position with respect to which there existed such a complete absence of any justiciable issue of law or fact that it could not be reasonably believed that a court would accept the asserted claim, defense, or other position; and

(C) A claim, defense, or other position that was interposed for delay or harassment;

(2) Damages awarded may include reasonable and necessary attorney's fees and expenses of litigation; and

(3) A party may elect to pursue either the procedure specified in this subsection or the procedure specified in Code Section 9-15-14, but not both."

SECTION 6.

Title 24 of the Official Code of Georgia Annotated, relating to evidence, is amended by inserting after 24-3-37 a new Code Section 24-3-37.1 to read as follows:

"24-3-37.1.

(a) The General Assembly finds that conduct, statements, or activity constituting voluntary offers of assistance or expressions of benevolence, regret, mistake, error, sympathy, or apology between or among parties or potential parties to a civil action should be encouraged and should not be considered an admission of liability. The General Assembly further finds that such conduct, statements, or activity should be particularly encouraged between health care providers and patients experiencing an unanticipated outcome resulting from their medical care. Regulatory and accreditation

agencies are in some instances requiring health care providers to discuss the outcomes of their medical care and treatment with their patients, including unanticipated outcomes, and studies have shown such discussions foster improved communications and respect between provider and patient, promote quicker recovery by the patient, and reduce the incidence of claims and lawsuits arising out of such unanticipated outcomes. The General Assembly therefore concludes certain steps should be taken to promote such conduct, statements, or activity by limiting their admissibility in civil actions.

(b) As used in this Code section, the term:

(1) 'Health care provider' means any person licensed under Chapter 9, 10A, 11, 11A, 26, 28, 30, 33, 34, 35, 39, or 44 of Title 43 or any hospital, nursing home, home health agency, institution, or medical facility licensed or defined under Chapter 7 of Title 31. The term shall also include any corporation, professional corporation, partnership, limited liability company, limited liability partnership, authority, or other entity comprised of such health care providers.

(2) 'Unanticipated outcome' means the outcome of a medical treatment or procedure, whether or not resulting from an intentional act, that differs from an expected or intended result of such medical treatment or procedure.

(c) In any claim or civil action brought by or on behalf of a patient allegedly experiencing an unanticipated outcome of medical care, any and all statements, affirmations, gestures, activities or conduct expressing benevolence, regret, apology, sympathy, commiseration, condolence, compassion, mistake, error, or a general sense of benevolence which are made by a health care provider or an employee or agent of a health care provider to the patient, a relative of the patient, or a representative of the patient and which relate to the unanticipated outcome shall be inadmissible as evidence and shall not constitute an admission of liability or an admission against interest."

SECTION 7.

Title 24 of the Official Code of Georgia Annotated, relating to evidence, is amended by striking Code Section 24-9-67, relating to expert opinion evidence, and inserting in its place new Code Sections 24-9-67 and 24-9-67.1 to read as follows:

"24-9-67.

~~The~~ In criminal cases, the opinions of experts on any question of science, skill, trade, or like questions shall always be admissible; and such opinions may be given on the facts as proved by other witnesses.

24-9-67.1

(a) The provisions of this Code section shall apply in all civil actions. The opinion of a witness qualified as an expert under this Code section may be given on the facts as proved by other witnesses. The facts or data in the particular case upon which an expert bases an opinion or inference may be those perceived by or made known to the expert at or before the hearing or trial. If of a type reasonably relied upon by experts in the particular field in forming opinions or inferences upon the subject, the facts or data need not be admissible in evidence in order for the opinion or inference to be admitted.

Facts or data that are otherwise inadmissible shall not be disclosed to the jury by the proponent of the opinion or inference unless the court determines that their probative value in assisting the jury to evaluate the expert's opinion substantially outweighs their prejudicial effect.

(b) If scientific, technical, or other specialized knowledge will assist the trier of fact in any cause of action to understand the evidence or to determine a fact in issue, a witness qualified as an expert by knowledge, skill, experience, training, or education may testify thereto in the form of an opinion or otherwise, if:

(1) The testimony is based upon sufficient facts or data which are or will be admitted into evidence at the hearing or trial;

(2) The testimony is the product of reliable principles and methods; and

(3) The witness has applied the principles and methods reliably to the facts of the case.

(c) Notwithstanding the provisions of subsection (b) of this Code section and any other provision of law which might be construed to the contrary, in professional malpractice actions, the opinions of an expert, who is otherwise qualified as to the acceptable standard of conduct of the professional whose conduct is at issue, shall be admissible only if, at the time the act or omission is alleged to have occurred, such expert:

(1) Was licensed by an appropriate regulatory agency to practice his or her profession in the state in which such expert was practicing or teaching in the profession at such time; and

(2) In the case of a medical malpractice action, had actual professional knowledge and experience in the area of practice or specialty in which the opinion is to be given as the result of having been regularly engaged in:

(A) The active practice of such area of specialty of his or her profession for at least three of the last five years, with sufficient frequency to establish an appropriate level of knowledge, as determined by the judge, in performing the procedure, diagnosing the condition, or rendering the treatment which is alleged to have been performed or rendered negligently by the defendant whose conduct is at issue; or

(B) The teaching of his or her profession for at least three of the last five years as an employed member of the faculty of an educational institution accredited in the teaching of such profession, with sufficient frequency to establish an appropriate level of knowledge, as determined by the judge, in teaching others how to perform the procedure, diagnose the condition, or render the treatment which is alleged to have been performed or rendered negligently by the defendant whose conduct is at issue; and

(C) Except as provided in subparagraph (D) of this paragraph:

(i) Is a member of the same profession;

(ii) Is a medical doctor testifying as to the standard of care of a defendant who is a doctor of osteopathy; or

(iii) Is a doctor of osteopathy testifying as to the standard of care of a defendant who is a medical doctor; and

(D) Notwithstanding any other provision of this Code section, an expert who is a

physician and, as a result of having, during at least three of the last five years immediately preceding the time the act or omission is alleged to have occurred, supervised, taught, or instructed nurses, nurse practitioners, certified registered nurse anesthetists, nurse midwives, physician's assistants, physical therapists, occupational therapists, or medical support staff, has knowledge of the standard of care of that health care provider under the circumstances at issue shall be competent to testify as to the standard of that health care provider. However, a nurse, nurse practitioner, certified registered nurse anesthetist, nurse midwife, physician's assistant, physical therapist, occupational therapist, or medical support staff shall not be competent to testify as to the standard of care of a physician.

(d) Upon motion of a party, the court may hold a pretrial hearing to determine whether the witness qualifies as an expert and whether the expert's testimony satisfies the requirements of subsections (a) and (b) of this Code section. Such hearing and ruling shall be completed no later than the final pretrial conference contemplated under Code Section 9-1 1-16.

(e) An affiant must meet the requirements of this Code section in order to be deemed qualified to testify as an expert by means of the affidavit required under Code Section 9-11-9.1.

(f) It is the intent of the legislature that, in all civil cases, the courts of the State of Georgia not be viewed as open to expert evidence that would not be admissible in other states. Therefore, in interpreting and applying this Code section, the courts of this state may draw from the opinions of the United States Supreme Court in Daubert v. Merrell Dow Pharmaceuticals, Inc., 509 U.S. 579 (1993); General Electric Co. v. Joiner, 522 U.S. 136 (1997); Kumho Tire Co. Ltd. v. Carmichael, 526 U.S. 137 (1999); and other cases in federal courts applying the standards announced by the United States Supreme Court in these cases."

SECTION 8.

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended by striking subsection (b) of Code Section 33-3-27, relating to reports of medical malpractice judgments and settlements, and inserting in its place a new subsection (b) to read as follows:

"(b) Every insurer providing medical malpractice insurance coverage in this state shall notify in writing the Composite State Board of Medical Examiners when it pays a judgment ~~in excess of \$10,000.00~~ or enters into an agreement to pay an amount ~~in excess of \$10,000.00~~ to settle a medical malpractice claim against a person authorized by law to practice medicine in this state; ~~such~~. Such judgments or agreements shall be reported to the board regardless of the dollar amount ~~if the records of the insurer establish that there have been two or more previous judgments against or settlements with a licensed physician which relate to the practice of medicine~~. Such notice shall be sent within 30 days after the judgment has been paid or the agreement has been entered into by the parties involved in the claim."

SECTION 9.

Title 43 of the Official Code of Georgia Annotated, relating to professions and businesses, is amended by striking subsection (i) of Code Section 43-34-37, relating to disciplinary actions involving physicians, and inserting in its place new subsections (i) and (j) to read as follows:

"(i) The board shall investigate a licensee's or permit holder's fitness to practice medicine if the board has received ~~regarding that licensee~~ a notification, pursuant to Code Section 33-3-27, regarding that licensee or permit holder of a medical malpractice judgment or settlement in excess of \$100,000.00 or a notification pursuant to Code Section 33-3-27 that there have been two or more previous judgments against or settlements with the licensee or permit holder relating to the practice of medicine involving an action for medical malpractice. Every licensee or permit holder shall notify the board of any settlement or judgment involving the licensee or permit holder ~~and relating to the practice of medicine in excess of \$20,000.00~~ involving an action for medical malpractice.

(j) The board shall conduct an assessment of a licensee's fitness to practice medicine if it has disciplined the licensee three times in the last ten years as a result of an action for medical malpractice. The assessment shall include an examination of the licensee's entire history with respect to the practice of medicine and a one day on-site visit to the licensee's current practice location. The assessment shall be completed within six months of the third disciplinary action. As a result of its findings the board may take any action it deems necessary to reduce medical errors and promote patient safety, including revocation, suspension, or limiting the licensee's license or requiring additional clinical training, additional continuing medical education, proctoring, or referral to appropriate rehabilitation facilities. As used in this subsection, the term 'action for medical malpractice' shall have the same meaning as provided in Code Section 9-3-70. The board shall implement this subsection upon the effective date of a specific appropriation of funds for purposes of this subsection as expressed in a line item making specific reference to the full funding of this subsection in an appropriations Act enacted by the General Assembly."

SECTION 11.

Title 51 of the Official Code of Georgia Annotated, relating to torts, is amended by adding immediately following Code Section 51-2-5, a new Code Section 51-2-5.1 to read as follows:

"51-2-5.1.

(a) As used in this Code section, the term:

(1) 'Health care professional' means a professional licensed as an audiologist, chiropractor, clinical social worker, dentist, dietitian, medical doctor, marriage and family therapist, registered professional or licensed practical nurse, occupational therapist, optometrist, osteopathic physician, pharmacist, physical therapist, physician's assistant, professional counselor, podiatrist, psychologist, radiological technician, respiratory therapist, or speech-language pathologist.

(2) 'Hospital' means a facility that has a valid permit or provisional permit issued by the Department of Human Resources under Chapter 7 of Title 31.

(b) Notwithstanding the provisions of Code Section 51-2-5, no hospital which complies with the notice provisions of either subsection (c) or subsection (d) of this Code section shall be liable in a tort action for the acts or omissions of a health care professional unless there exists an actual agency or employment relationship between the hospital and the health care professional.

(c) The hospital shall post a notice in the form and manner described herein. Such notice shall:

(1) Be posted conspicuously in the hospital lobby or a public area of the hospital;

(2) Contain print at least one inch high; and

(3) Provide language substantially similar to the following:

'Some or all of the health care professionals performing services in this hospital are independent contractors and are not hospital agents or employees. Independent contractors are responsible for their own actions and the hospital shall not be liable for the acts or omissions of any such independent contractors.'

(d) The hospital shall have the patient or the patient's personal representative sign a written acknowledgment that contains language substantially similar to that set forth in paragraph (3) of subsection (c) of this Code section.

(e) The notice required in this Code section shall be sufficient if it meets the requirements of either subsection (c) or subsection (d) of this Code section even if the patient or the patient's personal representative did not see or read such notice for any reason, including but not limited to medical condition or language proficiency.

(f) Whether a health care professional is an actual agent, an employee, or an independent contractor shall be determined by the language of the contract between the health care professional and the hospital. In the absence of such a contract, or if the contract is unclear or ambiguous, a health care professional shall only be considered the hospital's employee or actual agent if it can be shown by a preponderance of the evidence that the hospital reserves the right to control the time, manner, or method in which the health care professional performs the services for which licensed, as distinguished from the right to merely require certain definite results.

(g) If the court finds that there is no contract or that the contract is unclear or ambiguous as to the relationship between the hospital and health care professional, the court shall apply the following:

(1) Factors that may be considered as evidence the hospital exercises a right of control over the time, manner, or method of the health care professional's services include: the parties believed they were creating an actual agency or employment relationship; the health care professional receives substantially all the employee benefits received by actual employees of the hospital; the hospital directs the details of the health care professional's work step-by-step; the health care professional's services are terminable at the will of the hospital without cause and without notice; the hospital withholds, or is required to withhold, federal and state taxes from the remuneration paid to the health care professional for services to the patients of the hospital; and factors not specifically excluded in paragraph (2) of this subsection; and

(2) Factors that shall not be considered as evidence a hospital exercises a right of control over the time, manner, or method of the health care professional's services include: a requirement by the hospital that such health care professional treat all patients or that any health care professional or group is obligated to staff a hospital department continuously or from time to time; the hospital's payment to the health care professional on an hourly basis; the provision of facilities or equipment by the hospital; the fact a health care professional does not maintain a separate practice outside the hospital; the source of the payment for the professional liability insurance premium for that health care professional; the fact that the professional fees for services are billed by the hospital; or any requirement by the hospital that such health care professional engage in conduct required to satisfy any state or federal statute or regulation, any standard of care, any standard or guideline set by an association of hospitals or health care professionals, or any accreditation standard adopted by a national accreditation organization."

SECTION 12.

Title 51 of the Official Code of Georgia Annotated, relating to torts, is amended by striking Code Section 51-12-31, relating to recovery against joint trespassers, and Code Section 51-12-33, relating to apportionment of damages, and inserting in their respective places new Code sections to read as follows:

"51-12-31.

Except as provided in Code Section 51-12-33, where an action is brought jointly against several ~~trespassers~~ persons, the plaintiff may recover damages for ~~the greatest injury done~~ an injury caused by any of the defendants against ~~all of them~~ only the defendant or defendants liable for the injury. In its verdict, the jury may specify the particular damages to be recovered of each defendant. Judgment in such a case must be entered severally."

"51-12-33.

~~(a) Where an action is brought against more than one person for injury to person or property and the plaintiff is himself to some degree responsible for the injury or damages claimed, the trier of fact, in its determination of the total amount of damages to be awarded, if any, may apportion its award of damages among the persons who are liable and whose degree of fault is greater than that of the injured party according to the degree of fault of each person. Damages, if apportioned by the trier of fact as provided in this Code section, shall be the liability of each person against whom they are awarded, shall not be a joint liability among the persons liable, and shall not be subject to any right of contribution.~~ Where an action is brought against one or more persons for injury to person or property and the plaintiff is to some degree responsible for the injury or damages claimed, the trier of fact, in its determination of the total amount of damages to be awarded, if any, shall determine the percentage of fault of the plaintiff and the judge shall reduce the amount of damages otherwise awarded to the plaintiff in proportion to his or her percentage of fault.

~~(b) Subsection (a) of this Code section shall not affect venue provisions regarding joint actions.~~ Where an action is brought against more than one person for injury to person or property, the trier of fact, in its determination of the total amount of damages to be awarded, if any, shall after a reduction of damages pursuant to subsection (a) of this Code section, if any, apportion its award of damages among the persons who are liable according to the percentage of fault of each person. Damages apportioned by the trier of fact as provided in this Code section shall be the liability of each person against whom they are awarded, shall not be a joint liability among the persons liable, and shall not be subject to any right of contribution.

~~(c) This Code section shall apply only to causes of action arising on or after July 1, 1987.~~
