BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 40 of the Official Code of Georgia Annotated, relating to motor vehicles, is amended in Code Section 40-1-1, relating to definitions, by revising paragraphs (15.2), (15.3), (17.2), and (38) and adding new paragraphs as follows:

"(5.1) 'Automated driving system' means the hardware and software that are collectively capable of performing the entire dynamic driving task on a sustained basis, regardless of whether it is limited to a specific operational design domain."

"(15.2) 'Dynamic driving task' means all of the real-time operational and tactical functions required to operate a vehicle in on-road traffic, excluding the strategic

functions such as trip scheduling and selection of destinations and waypoints, including without limitation:

(A) Lateral vehicle motion control via steering;

(B) Longitudinal motion control via acceleration and deceleration;

(C) Monitoring the driving environment via object and event detection, recognition, classification, and response preparation;

(D) Object and event response execution;

(E) Maneuver planning; and

(F) Enhancing conspicuity via lighting, signaling, and gesturing.

(15.3) 'Electric assisted bicycle' means a device with two or three wheels which has a saddle and fully operative pedals for human propulsion and also has an electric motor. For such a device to be considered an electric assisted bicycle, it shall meet the requirements of the Federal Motor Vehicle Safety Standards, as set forth in 49 C.F.R. Section 571, et seq., and shall operate in such a manner that the electric motor disengages or ceases to function when the brakes are applied. The electric motor in an electric assisted bicycle shall:

(A) Have a power output of not more than 1,000 watts;

(B) Be incapable of propelling the device at a speed of more than 20 miles per hour on level ground; and

(C) Be incapable of further increasing the speed of the device when human power alone is used to propel the device at or more than 20 miles per hour.

~~(15.3)~~(15.4) 'Electric personal assistive mobility device' or 'EPAMD' means a self-balancing, two nontandem wheeled device designed to transport only one person and having an electric propulsion system with average power of 750 watts (1 horsepower) and a maximum speed of less than 20 miles per hour on a paved level surface when powered solely by such propulsion system and ridden by an operator who weighs 170 pounds."

"(17.2) 'Fully autonomous vehicle' means a motor vehicle equipped with an automated driving system that has the capability to perform all aspects of the dynamic driving task without a human driver within a limited or unlimited operational design domain and will not at any time request that a driver assume any portion of the dynamic driving task when the automated driving system is operating within its operational design domain.

(17.3) 'Golf car' or 'golf cart' means any motorized vehicle designed for the purpose and exclusive use of conveying one or more persons and equipment to play the game of golf in an area designated as a golf course. For such a vehicle to be considered a golf car or golf cart, its average speed shall be less than 15 miles per hour (24 kilometers per hour) on a level road surface with a 0.5% grade (0.3 ~~degrees~~ degree) comprising a straight course composed of a concrete or asphalt surface that is dry and free from loose material or surface contamination with a minimum coefficient of friction of 0.8 between tire and surface."

"(27.1) 'Minimal risk condition' means a low-risk operating mode in which a fully autonomous vehicle operating without a human driver achieves a reasonably safe

state, such as bringing the vehicle to a complete stop, upon experiencing a failure of the vehicle's automated driving system that renders the vehicle unable to perform the entire dynamic driving task."

"(37.1) 'Operational design domain' means a description of the specific operating domains in which an automated driving system is designed to effectively operate, including but not limited to geographic limitations, roadway types, speed range, and environmental conditions such as weather and limited visibility.

(38) 'Operator' means any person who drives or is in actual physical control of a motor vehicle or who causes a fully autonomous vehicle to move or travel with the automated driving system engaged."

SECTION 2.

Said title is further amended in Code Section 40-5-21, relating to exemptions to driver's license requirement, by revising paragraphs (11) and (12) and adding a new paragraph to subsection (a) as follows:

"(11) Any resident who is 15 years of age or over while taking actual in-car training in a training vehicle other than a commercial motor vehicle under the direct personal supervision of a driving instructor when such driving instructor and training vehicle are licensed by the department in accordance with the provisions of Chapter 13 of Title 43, 'The Driver Training School License Act.' As used in the previous sentence, the term 'commercial motor vehicle' shall have the meaning specified in Code Section 40-5-142. All vehicles utilized for the in-car training authorized under this paragraph shall be equipped with dual controlled brakes and shall be marked with signs in accordance with the rules of the department clearly identifying such vehicles as training cars belonging to a licensed driving school. A driving instructor shall test the eyesight of any unlicensed person who will be receiving actual in-car training prior to commencement of such training, and no unlicensed driver shall receive in-car training unless such person has at least the visual acuity and horizontal field of vision as is required for issuance of a driver's license in subsection (c) of Code Section 40-5-27; ~~and~~

(12) Any person while operating a personal transportation vehicle:

(13) A fully autonomous vehicle with the automated driving system engaged or the operator of a fully autonomous vehicle with the automated driving system engaged."

SECTION 3.

Said title is further amended by adding two new Code sections to read as follows:

(2) Has the capability to meet the requirements of Code Section 40-6-279;

(3) Can achieve a minimal risk condition in the event of a failure of the automated driving system that renders that system unable to perform the entire dynamic driving task relevant to its intended operational design domain;

(3) Approximately 1,862 acres of certain improved and unimproved parcels, being a portion of the CSH Campus, in the custody of the Georgia Department of Behavioral Health and Developmental Disabilities and the Georgia Department of Corrections, were authorized for conveyance by the General Assembly of 2014 in Resolution Act 59 (SR 788); and

(5) Numerous years of vacancy in buildings has allowed existing aged improvements to fall further into extreme disrepair, minimizing the State's ability to attract a purchaser for the remaining surplus property; and

(5) In exchange for and in consideration of the above-referenced quitclaim from the State and in order to resolve all disputes as to ownership of the above-referenced marshlands, Mapache as part of a settlement, shall:

SECTION 1-1.

An Act creating the office of commissioner of Walker County, approved February 10, 1939 (Ga. L. 1939, p. 751), as amended, is amended by striking Section 1 through the end and inserting in lieu thereof the following:

"SECTION 1.

There is created the Board of Commissioners of Walker County to be elected and organized as provided for in this Act. The board shall be the successor to the office of commissioner of Walker County and shall continue to have the obligations and liabilities of the commissioner of Walker County as existed immediately prior to January 1, 2021. The board shall constitute the governing authority of Walker County and shall exercise the powers, duties, and responsibilities vested in and upon such officers by the provisions of this Act. The term 'board,' whenever used in this Act, shall mean the Board of Commissioners of Walker County, including the chairperson and all members.

SECTION 2.

(a) The board shall consist of a chairperson and four district commissioners. The four district commissioners shall be residents of their respective commissioner districts as described in subsection (b) of this section and shall be elected by the electors of their respective districts as provided in Section 3 of this Act. The chairperson shall be elected at large as provided in Section 3 of this Act.

(b) For the purpose of electing members of the board, Walker County shall be divided into four commissioner districts. One member of the board shall be elected from each such district. Commissioner Districts 1, 2, 3, and 4 shall be and correspond to those four numbered districts described in and attached to and made a part of this Act and

further identified as Plan Name: walkercc-2017 Plan Type: Local Administrator: SD053 User: Gina.

(c)(1) When used in such attachment, the term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia.

(2) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia.

(3) Any part of Walker County which is not included in any district described in the plan shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(4) Any part of Walker County described in the plan as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

SECTION 3.

(a) No person shall be a member of the board if that person is ineligible for such office pursuant to Code Section 45-2-1 of the O.C.G.A. or any other general law.

(b) In order to be elected as a member of the board from a commissioner district, a person shall be 18 years of age or older, shall have resided in that district for at least 12 consecutive months prior to election thereto, and shall receive a majority of the votes cast for that office by the electors of that district. At the time of qualifying, each candidate for such office shall specify the commissioner district for which that person is offering as a candidate. A person elected as a member of the board from a commissioner district shall continue to reside in that district during that person's term of office or that office shall thereupon become vacant.

(c) The chairperson of the board shall be 25 years of age or older, shall have resided in Walker County for at least 12 consecutive months prior to election to such office, may reside anywhere within Walker County, and shall receive a majority of the votes cast for such office by the electors of the entire county. The chairperson shall continue to reside within Walker County during that person's term of office or that office shall thereupon become vacant.

SECTION 4.

(a) The first members of the Board of Commissioners of Walker County shall be elected at the 2020 November general election. The members of the board elected thereto from Commissioner Districts 1 and 2 in 2020 shall take office on January 1, 2021, and shall serve for an initial term of office which shall expire on January 1, 2023, and upon the election and qualification of their respective successors. The chairperson and the members of the board elected thereto from Commissioner Districts 3 and 4 in 2020 shall take office on January 1, 2021, and shall serve for initial terms of office which shall expire on January 1, 2025, and upon the election and qualification of their respective successors. Those and all future successors to the chairperson and members of the board whose terms of office are to expire shall be elected at the November state-wide general election immediately preceding the expiration of such terms, shall take office on the first day of January immediately following that election, and shall serve for terms of office of four years and until their respective successors are elected and qualified.

(b) The chairperson and members of the board shall be nominated and elected in accordance with Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'

SECTION 5.

(a) In the event of a vacancy occurring in the membership of the board, whether the vacancy is in the office of chairperson or any other member, for any reason other than expiration of term, that vacancy shall be filled as provided in this section.

(b) In the event a vacancy occurs on the board when at least 180 days remain in the unexpired term of office, the election superintendent of Walker County, within 15 days after the vacancy occurs, shall issue the call for a special election to fill the vacancy for the unexpired term. Such special election shall be called and conducted as provided in Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code,' as now or hereafter amended. Any person elected in a special election to fill such a vacancy shall take office immediately upon certification of the results of such special election and qualification. If such vacancy is in the office of chairperson of the board of commissioners, the vice chairperson of the board shall exercise the powers and duties of the chairperson for the period beginning on the date the vacancy occurs and ending on the date the successor chairperson takes office for the unexpired term following the special election provided for in this subsection.

(c) In the event a vacancy occurs on the board when less than 180 days remain in the unexpired term of office, the remaining members of the board shall appoint a qualified person to fill the vacancy for the unexpired term. Any person appointed by the board to fill a vacancy as provided in this subsection shall possess the residency and other qualifications required for the office and shall take office immediately upon appointment and qualification. If such vacancy is in the office of chairperson of the board, the vice chairperson of the board shall exercise the powers and duties of the chairperson for the period beginning on the date the vacancy occurs and ending on the date the successor chairperson takes office for the unexpired term following his or her

appointment as provided for in this subsection. During the time when the board has a vacancy under this subsection and only during such time, if a vote on a matter before the board results in a tie, the chairperson or, if the office of chairperson is vacant and the vice chairperson is serving as chairperson, the vice chairperson shall be allowed to cast an additional vote to break such tie.

SECTION 6.

Before entering upon the discharge of their duties, the chairperson and district commissioners shall subscribe to an oath before the judge of the probate court of such county for the true and faithful performance of their duties and that they are not the holders of any public funds unaccounted for. In addition, the chairperson and each district commissioner shall further give a satisfactory surety bond to the judge of the probate court of the county payable to the judge of the probate court or that judge's successor in office and filed in the office of the judge of the probate court, in the sum of $25,000.00, conditioned upon the faithful performance of the duties of the office. The costs of said bonds shall be paid out of the county treasury.

SECTION 7.

(a) District commissioners, other than the chairperson, shall serve in such capacity on a part-time basis and shall be paid a salary of $12,000.00 per year. Such compensation shall be paid in equal monthly installments from the funds of Walker County.

(b) The chairperson shall serve in such capacity on a full-time basis and shall be paid an annual salary equal to the annual salary of the highest paid elected county officer of Walker County, plus an additional $500.00, or $100,000.00 per annum, whichever is greater. For the purposes of this subsection, the term 'county officer' shall mean only the tax commissioner, the judge of the probate court, the sheriff, or the clerk of superior court. The salary provided in this subsection shall be paid in equal monthly installments from the funds of Walker County. The salary and expenses provided for in this subsection shall constitute the entire compensation to which the chairperson shall be entitled to be paid from county funds.

(c) The chairperson and the district commissioners may be reimbursed for reasonable expenses incurred in carrying out their duties. Expenses may be reimbursed only after the submission of receipts or records of said expenses to the county clerk and approval by majority vote of the board of commissioners at a regularly scheduled meeting. The chairperson and commissioners shall be entitled to compensation for serving on any other boards or authorities for which their membership is provided by law.

(d) At their own expense, the district commissioners may participate in county provided health, dental, and other health related programs and in county sponsored retirement programs. No county funds shall be spent on these programs for the benefit of the district commissioners.

SECTION 8.

At the first regular meeting of each year, the board shall elect from its members a vice chairperson. In the event of death, disqualification, or resignation of the chairperson, the vice chairperson shall perform the duties and exercise the authority of the chairperson until a new chairperson is chosen as provided in this Act. The vice chairperson shall preside at meetings of the board in the absence of the chairperson and shall serve for the calendar year in which he or she is elected. In the event of a vacancy in the office of vice chairperson, the board shall elect a new vice chairperson to serve for the remainder of the calendar year.

SECTION 9.

Each month, at the county seat, the board of commissioners shall hold a minimum of two regular meetings. All meetings shall be open to the public as required by law and shall provide a time period exclusively for public comment. The time, date, and place of the meetings shall be determined by the board in the first meeting of the year. Any resolution passed by the board regarding the time, date, and place of its monthly meetings shall be published in the official county organ once a week for two weeks during a period of 30 days immediately following the passage of the resolution. The board of commissioners may hold such additional meetings as shall be necessary when called by the chairperson or any two commissioners, provided that all members of the board of commissioners shall have been notified at least three days in advance of such special meeting which is open to the public. Three district commissioners or the chairperson and any two district commissioners shall constitute a quorum. No official action shall be taken except upon the affirmative vote of at least three members of the board of commissioners and except upon compliance with Chapter 14 of Title 50 of the O.C.G.A. The chairperson shall be entitled to vote on a question only if the chairperson's vote would affect the outcome of any vote or issue before the board. The vice chairperson while serving as chairperson shall be entitled to vote on all matters before the board. All regular and called meetings shall be conducted according to *Robert's Rules of Order*.

SECTION 10.

The chairperson shall administer the affairs and day-to-day business of the county and preside over the meetings of the board. The duties of the chairperson shall include, but shall not be limited to, the following:

(1) Calling meetings of the board as provided in Section 9 of this Act;

(2) Preparing a proposed agenda and presiding over meetings of the board;

(3) Representing the county government at ceremonial functions;

(4) Being empowered to submit motions that are made and seconded by district commissioners to the board for action;

(5) Appointing members and chairpersons to all committees of the board with the approval of the board; and

(6) Performing such other duties as shall be delegated to the chairperson by the board or as provided by law or ordinance.

The chairperson shall be authorized, in his or her sole discretion, to spend not more than $25,000.00 without approval of the board.

SECTION 11.

The board shall have the power and authority to fix and establish, by appropriate resolution entered on its minutes, policies, rules, and regulations governing all matters reserved to its exclusive jurisdiction. Such policies, rules, and regulations, when so adopted with proper entry thereof made on the minutes of the board, shall be conclusive and binding. The board shall exercise only those administrative powers which are necessarily and properly incident to its functions as a policy-making or rule-making body or which are necessary to compel enforcement of its adopted resolutions. Except as otherwise provided in this Act, the following powers are vested in the board and reserved to its exclusive jurisdiction:

(1) To levy taxes;

(2) To make appropriations;

(3) To fix rates and charges for services provided by the county;

(4) To authorize the incurring of indebtedness;

(5) To order work done where the cost is to be assessed against benefited property and to fix the basis for such assessment;

(6) To authorize and provide for the execution of contracts;

(7) To establish, alter, open, close, build, repair, or abolish public roads, bridges, and ferries, according to law; provided, however, that the chairperson shall have the authority to accept subdivision plats when the requirements established by the board for subdivisions have been met;

(8) To establish, abolish, or change election precincts and militia districts according to law;

(9) To accept, for the county, the provisions of any optional statute where the statute permits its acceptance by the governing authority of the county;

(10) To exercise all powers, duty, and authority formerly imposed upon or vested in the commissioner of Walker County in respect to zoning and planning;

(11) To create and change the boundaries of special taxing districts authorized by law;

(12) To fix the bonds of county officers where same are not fixed by statute;

(14) To determine the priority of capital improvements;

(15) To call elections for the voting of bonds;

(16) To exercise all of the power and authority formerly vested by law in the commissioner of Walker County together with the power and authority which may be delegated by law to the governing authority of the county, by whatever name designated;

(17) To appoint retained legal counsel and an independent county auditor and provide for their compensation; and

(18) To require all county officers to report on the general or specific conduct of the financial affairs of their respective offices.

SECTION 12.

Formal sealed bids shall be received for all purchases in amounts over the state limit for sealed bids unless the board sets a lower limit. Advertisements for such bids shall be published for two consecutive weeks in the official organ of Walker County. The need for such bids may be dispensed with by the board if it decides that an emergency exists which will not permit a delay.

SECTION 13.

The internal organization of the county government shall be established and altered by the board. Existing departments may be abolished and their functions transferred to other departments, additional departments may be created, and any two or more departments may be consolidated.

SECTION 14.

The board shall appoint a clerk who shall keep a proper and accurate book of minutes. The book of minutes of the board shall contain all the acts, orders, and proceedings of the board in chronological order. The minutes book of the board shall be open to the public for inspection at all times during regular office hours, and certified copies of any entries in the minutes book shall be furnished by the clerk to any person requesting same upon payment of a reasonable fee to be paid into the county treasury as are other funds and to be assessed by the board in an amount sufficient to defray the cost of preparing same.

SECTION 15.

The chairperson shall submit annually to the board a proposed budget governing expenditures of all county funds, including capital outlay and public works projects for the following fiscal year. The board shall thereafter hold two public hearings at least seven days apart on the budget, giving notice thereof at least ten days in advance by publication of such notice and of the proposed budget in the official organ of Walker County and by posting same at the courthouse. The budget shall then be reviewed and adopted or amended by the board prior to the beginning of the new fiscal year to which it applies, which budget, when so adopted or amended by the board, shall constitute the board's appropriation of all funds for such year. The budget so adopted may be revised during the year only by formal action of the board in a regular meeting, and no increase shall be made therein without provision also being made for financing the same. The proposed budget submitted by the chairperson shall be accompanied by a report containing information and data relating to the financial affairs of the county pertinent to arriving at and establishing the annual budget. A copy of the budget and of each

revision or amendment to the same shall be transmitted by the chairperson to the grand jury of the Superior Court of Walker County within ten days from the time such budget or amendment thereof is adopted by the board. The board may from time to time, upon a majority vote thereof, change the ending and beginning date of the fiscal year for the county or may operate on a calendar basis; provided, however, that in the event of such change, the budget shall be submitted at least two months prior to the beginning date of the next fiscal year or January 1, whichever shall apply, and shall be adopted at least one month prior to such beginning date. The procedures for budget preparation, submission to the governing authority, review by the governing authority, public review, notice, and hearings shall be as provided for in Chapter 81 of Title 36 of the O.C.G.A.

SECTION 16.

No expenditures of county funds shall be made except in accordance with the county budget, or amendments thereto, adopted by the board. The chairperson of the board shall enforce compliance with this section by all departments of county government and to this end shall institute a system of allotments of all moneys appropriated and budgeted.

SECTION 17.

The board shall on or before the final day of the month following the end of each fiscal year employ a certified public accountant for the making of an annual continuous audit of county finances and financial records. The accountant so employed shall be paid out of county funds and shall perform a complete audit of the financial records of the county for the preceding year, pointing out any irregularities found to exist and reporting the results of such audit to the board. The same person or firm shall not perform such audit for more than four consecutive annual periods. Each annual report submitted to the board shall be made available for public inspection as are other records in such office. The board shall cause to be published in the official organ of Walker County and posted at the courthouse a statement of the financial condition of the county as of December 31 and June 30 of each year. Said accountant shall transmit to the grand jury of the Superior Court of Walker County a copy of each annual report furnished by such accountant to the board.

(vi) A bona fide club organized for pleasure, recreation, and other nonprofitable purposes pursuant to Section 501(c)(7) of the Internal Revenue Code; or

Under the general order of business, established by the Committee on Rules, the following Bill of the Senate was taken up for consideration and read the third time:

SB 4. By Senators Unterman of the 45th, Shafer of the 48th, Cowsert of the 46th, Gooch of the 51st, Wilkinson of the 50th and others:

A BILL to be entitled an Act to amend Article 7 of Chapter 4 of Title 49 of the Official Code of Georgia Annotated, relating to medical assistance generally, so as to establish the Georgia Mental Health Treatment Task Force; to provide for legislative findings; to provide for the membership, duties, compensation, and expense allowances; to develop applications for a Medicaid waiver and block grant funding; to prohibit the submission of a mental health Medicaid waiver application without legislative approval; to require agencies' cooperation; to provide for the abolishment; to provide for a short title; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Article 7 of Chapter 4 of Title 49 of the Official Code of Georgia Annotated, relating to medical assistance generally, so as to establish the Georgia Mental Health Treatment Task Force; to provide for legislative findings; to provide for the membership, duties, compensation, and expense allowances; to develop applications for a Medicaid waiver and block grant funding; to prohibit the submission of a mental health Medicaid waiver application without legislative approval; to require agencies' cooperation; to provide for the abolishment; to provide for automatic repeal; to provide for a short title; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Enhancing Mental Health Treatment in Georgia Act."

SECTION 2.

The General Assembly finds that:

(1) It is important to understand the needs of Georgia residents with serious mental illness and substance abuse disorders, to assess the ability of the state's health system to meet these needs effectively, and to understand the impact of untreated mental illness and substance abuse disorders on state budgets, hospitals, emergency rooms, jails, prisons, law enforcement, and related institutions and services;

(2) Access to acute care and crisis intervention is vitally important to the citizens of Georgia, and scenarios involving law enforcement, emergency medical service personnel, and other first responders deserve careful consideration and support to ensure resources are utilized in an efficient and safe manner;
(3) There is a vital need for this state to assess its ability to provide appropriate and necessary programs and services to Georgia's citizens, and determine where gaps may exist, as well as where the private sector, public sector, and nonprofit and faith-based communities' resources may be leveraged to ensure each citizen has access to the right care, at the right time, at the right place;
(4) Nationally, 4.1 percent of the population suffers from serious mental illness;
(5) While 92,118 adults with serious mental illness are currently served by the state mental health authority, there are an estimated 306,000 adults with serious mental illness in Georgia;
(6) Substance abuse and dependence on alcohol and drugs in Georgia mirrors national rates;
(7) Untreated serious mental illness prevents individuals from functioning normally in society and leading productive, fulfilled lives;
(8) Hospitals and emergency rooms can become overrun when individuals with untreated serious mental illness conflate emergency care with proper mental health treatment;
(9) Valuable law enforcement resources across the state are often diverted to attending to the mentally ill;
(10) Untreated mental illness can lead to institutionalization, prison, and otherwise worse health outcomes;
(11) Early, comprehensive, and regular treatment of individuals with mental illness can prevent adverse effects upon an individual, the health care system, and society at large;
(12) Untreated substance abuse has dire consequences on individuals' and families' lives;
(13) Because mental illness can increase vulnerability to drug abuse and substance addiction, effective treatment of mental illness may also necessitate treatment for a substance abuse disorder;
(14) There is a need to study the effectiveness of the services and health care programs currently available to individuals with, or at risk for, serious mental illness; and
(15) An understanding of the feasibility and consequences of using a Medicaid waiver to improve treatment for those with serious mental illness would enable the General Assembly to make an informed decision as to whether the state should seek a Section 1115 waiver from the Department of Health and Human Services or apply for Medicaid block grant funding for mental health treatment and services, if appropriate.

SECTION 3.

Article 7 of Chapter 4 of Title 49 of the Official Code of Georgia Annotated, relating to medical assistance generally, is amended by adding a new Code section to read as follows:

Members of the task force who are state officials, other than legislative members, or state employees shall receive no compensation for their services on the task force but may be reimbursed for expenses incurred by them in the performance of their duties as members of the task force in the same manner as they are reimbursed for expenses in their capacities as state officials or employees.

(e) The task force may conduct such meetings at such places and at such times as it may deem necessary or convenient to enable it to exercise fully and effectively its powers, perform its duties, and accomplish the objectives and purposes of this Code section.

(f) The task force shall perform the following by December 31, 2017:
(1) Examine the current mental health landscape in the state with particular attention to the number of residents affected by serious mental illness and substance abuse disorders and their health insurance coverage status, both public and private;
(2) Assess whether the current Medicaid program provides adequate and effective mental health care services to the portion of the population suffering from, and at risk for, serious mental illness and substance abuse disorders;
(3) Assess how other, non-Medicaid, services work to provide effective health care services to the portion of the population suffering from, and at risk for, serious mental illness and substance abuse disorders;
(4) Determine the impact on the state's hospitals, emergency rooms, law enforcement, prisons, jails, and related institutions and services resulting from a lack of treatment of those with mental illness and substance abuse disorders;

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to physicians, assistants, and others, is amended by revising subsection (e.1) of Code Section 43-34-103, relating to delegation of authority to physician assistants, as follows:

"(e.1)(1)(A) In addition to and without limiting the authority granted by Code Section 43-34-23, a physician may delegate to a physician assistant, in accordance with a job description, the authority to issue a prescription drug order or orders for any device as defined in Code Section 26-4-5 or to issue any dangerous drug as defined in Code Section 16-13-71, any hydrocodone compound product, or any Schedule III, IV, or V controlled substance as defined in Code Section 16-13-21 on

a prescription drug order or prescription device order form as specified in paragraph (3) of this subsection. Delegation of such authority shall be contained in the job description required by this Code section. The delegating physician shall remain responsible for the medical acts of the physician assistant performing such delegated acts and shall adequately supervise the physician assistant. If an existing job description for a physician assistant does not contain such authority to order a prescription drug or device order as provided by this subsection, that physician assistant may not issue any such prescription drug or device order until a new job description delegating such authority is submitted to and approved by the board. Nothing in this Code section shall be construed to authorize the written prescription drug order of a Schedule I or II controlled substance, except a hydrocodone compound product.

(B) A physician may delegate to a physician assistant, in accordance with a job description, the authority to issue a single nonrefillable prescription drug order for a hydrocodone compound product so long as such nonrefillable prescription drug order is not in excess of a five-day supply consisting of not more than the lesser of 30 tablets or 300 milligrams of hydrocodone. However, such delegation for a single nonrefillable prescription drug order for a hydrocodone compound product to a patient under 18 years of age shall not exceed a five-day supply consisting of not more than the lesser of 30 pills or 100 milligrams.

(2) Nothing in this subsection shall be construed to create a presumption of liability, either civil or criminal, on the part of a pharmacist who is duly licensed under Title 26 and who in good faith fills a prescription drug or device order presented by a patient pursuant to this subsection. The pharmacist shall presume that the prescription drug or device order was issued by a physician assistant duly licensed under this article who has qualified under this Code section to prescribe pharmaceutical agents. The pharmacist shall also presume that the pharmaceutical agent prescribed by the physician assistant is an approved pharmaceutical agent, unless the pharmacist has actual or constructive knowledge to the contrary.

(3) The physician assistant shall only be authorized to exercise the rights granted under this subsection using a prescription drug or device order form which includes the name, address, and telephone number of the prescribing supervising or alternate supervising physician, the patient's name and address, the drug or device prescribed, the number of refills, and directions to the patient with regard to the taking and dosage of the drug. A prescription drug order which is transmitted either electronically or via facsimile shall conform to the requirements set out in paragraphs (1) and (2) of subsection (c) of Code Section 26-4-80, respectively. Any form containing less information than that described in this paragraph shall not be offered to or accepted by any pharmacist who is duly licensed under Title 26.

(4) The physician assistant or office staff shall notify the patient that the patient has the right to see the physician prior to any prescription drug or device order being issued by the physician assistant.

(5) Nothing in this Code section shall be construed to authorize a physician assistant to authorize refills of any drug for more than 12 months from the date of the original prescription drug or device order.

(6) A supervising physician or alternate supervising physician shall evaluate or examine, at least every three months, any patient receiving controlled substances.

(7) In addition to the copy of the prescription drug or device order delivered to the patient, a record of such prescription shall be maintained in the patient's medical record in the following manner:

(A) The physician assistant carrying out a prescription drug or device order shall document such order either in writing or by electronic means; and

(B) Except in facilities operated by the Department of Public Health, the supervising physician shall review the prescription drug or device order copy and medical record entry for prescription drug or device orders issued within the past 30 days by the physician assistant. Such review may be achieved with a sampling of no less than 50 percent of such prescription drug or device order copies and medical record entries.

(8) A physician assistant is not permitted to prescribe drugs or devices except as authorized in the physician assistant's job description and in accordance with this article.

(9) The board shall adopt rules establishing procedures to evaluate an application for a job description containing the authority to order a prescription drug or device and any other rules the board deems necessary or appropriate to regulate the practice of physician assistants, to carry out the intent and purpose of this article, or to protect the public welfare.

(10) A physician assistant authorized by a primary supervising physician to order controlled substances pursuant to this Code section is authorized to register with the ~~federal~~ United States Drug Enforcement Administration.

(11)(A) A physician assistant delegated the authority by the primary supervising physician to issue a prescription drug or device order shall be required to complete a minimum of three hours of continuing education biennially in practice specific pharmaceuticals in which the physician assistant has prescriptive order privileges.

(B) A physician assistant delegated the authority by the primary supervising physician to issue a prescription drug or device order for a hydrocodone compound product shall be required to complete three hours of continuing education biennially in the appropriate ordering and use of Schedule II controlled substances. The continuing education required pursuant to this subparagraph may be counted toward compliance with the continuing education required pursuant to subparagraph (A) of this paragraph.

(12) A managed care system, health plan, hospital, insurance company, or other similar entity shall not require a physician to be a party to a job description as a condition for participation in or reimbursement from such entity."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 4 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to county and municipal hospital authorities, is amended by revising Code Section 31-7-94, relating to grants to hospital authorities, as follows:

"31-7-94.

The state is authorized to make grants, as funds are available, to hospital authorities and rural hospital organizations for public health purposes, provided that any funds so granted shall be distributed to and among the various public hospital authorities and rural hospital organizations in the state in proportion to the number of hospital beds operated by each such hospital authority or rural hospital organization at the end of the calendar year preceding the grant. Funds shall be distributed to public hospitals and rural hospital organizations operated by consolidated governments in the same manner as to authority hospitals prescribed in this Code section and rural hospital organizations. Grants made by the state pursuant to this Code section shall be administered by the Department of Community Health in accordance with Code Section 31-7-94.1 and such rules, regulations, and procedures as it shall deem necessary for effective administration of such grants."

SECTION 2.

Said article is further amended by repealing Code Section 31-7-94.1, relating to the certification of rural hospitals for grant eligibility, and adding a new Code section to read as follows:

"31-7-94.1.

(a) This Code section shall be known and may be cited as the 'Rural Hospital Organization Assistance Act of 2017.'

(b) The General Assembly finds that hospital authorities and rural hospital organizations are essential in order to promote public health goals of the state. The General Assembly further finds that many rural hospital organizations are in desperate financial straits. In order to preserve the availability of primary health care services provided by such hospitals to residents of rural counties, the General Assembly has determined that a program of state grants is necessary and recommends funds be made available to such hospitals. These grants will be conditioned upon those hospitals continuing to furnish essential health care services to residents in their areas of operation as well as engaging in the long-range planning and any restructuring which may be required for those hospitals to survive by devising cost-effective and efficient health care systems for meeting local health care needs.

(c) As used in this Code section, the term:

(1) 'Hospital' means an institution which has a permit as a hospital issued under this chapter.

(2) 'Rural county' means a county having a population of less than 50,000 according to the United States decennial census of 2010 or any future such census; provided, however, that for counties which contain a military base or installation, the military personnel and their dependents living in such county shall be excluded from the total population of such county for purposes of this definition.

(3) 'Rural hospital organization' means an acute care hospital licensed by the department pursuant to Article 1 of this chapter that:

(A) Provides inpatient hospital services at a facility located in a rural county or is a critical access hospital;

(D) Has at least 10 percent of its annual net revenue categorized as indigent care, charity care, or bad debt;

(E) Annually files IRS Form 990, Return of Organization Exempt From Income Tax, with the department, or for any hospital not required to file IRS Form 990, the department will provide a form that collects the same information to be submitted to the department on an annual basis;

(F) Is operated by a county or municipal authority pursuant to this article; and

(G) Is current with all audits and reports required by law.

(d) A rural hospital organization may apply for a grant available under subsection (e) of this Code section if it has been certified by the department as:

(1) A rural hospital organization; and

(2) Has submitted a grant application which includes:

(A) A problem statement indicating the problem the rural hospital organization proposes to solve with the grant funds;

(B) The goals of the proposed solution;

(C) The organizational structure, financial system, and facilities that are essential to the proposed solution;

(D) The projected longevity of the proposed solution after the grant funds are expended;

(E) Evidence of collaboration with other community health care providers in achieving the proposed solution;

(F) Evidence that funds for the proposed solution are not available from another source;

(G) Evidence that the grant funds would assist in returning the rural hospital organization to an economically stable condition or that any plan for closure or realignment of services involves development of innovative alternatives for the discontinued services;

(H) Evidence of a satisfactory record-keeping system to account for grant fund expenditures within the rural hospital organization and the rural county;

(I) A community health survival plan describing how the plan was developed, the goals of the plan, the links with existing health care providers under the plan, the implementation process including quantification of indicators of the hospital's financial well-being, measurable outcome targets, and the current condition of such hospital; and

(J) Such additional evidence as the department may require to demonstrate the feasibility of the proposed solution for which grant funds are sought.

(e) The department is authorized to make grants to rural hospital organizations certified as meeting the requirements of subsection (d) of this Code section. Grants to rural hospitals owned or operated by hospital authorities or rural hospital organizations may be for any of the following purposes:

(1) Infrastructure development, including, without being limited to, health information technology, facility renovation, or equipment acquisition; provided, however, that the amount granted to any qualified hospital may not exceed the expenditure thresholds that would constitute a new institutional health service requiring a certificate of need under Chapter 6 of this title and the grant award may be conditioned upon obtaining local matching funds;

(2) Strategic planning, including, without being limited to, strategies for personnel retention or recruitment, development of an emergency medical network, or the development of a collaborative and integrated health care delivery system with other health care providers, and the grant award may be conditioned upon obtaining local matching funds for items such as telemedicine, billing systems, and medical records. For the purposes of this paragraph, the maximum grant to any grantee shall be $500,000.00;

(3) Nontraditional health care delivery systems, excluding operational funds and purposes for which grants may be made under paragraph (1) or (2) of this subsection. For the purposes of this paragraph, the maximum grant to any grantee shall be $2.5 million; or

(4) The provision of 24 hour emergency room services open to the general public.

(f) In awarding grants under this Code section, the department may give priority to any otherwise eligible rural hospital organization which meets the definition of a necessary provider as specified in the state's 'Rural Healthcare Plan' of May, 1998.

(g) The maximum grant to any hospital authority or rural hospital organization shall be $4 million per calendar year.

(h) The department shall be authorized to certify rural hospital organizations as provided in subsection (d) of this Code section and shall adopt regulations to implement its powers and duties under this Code section."

SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

certifications revert to the authority and shall be reissued pro rata to applicants whose capital investment allocations were reduced pursuant to paragraph (5) of this subsection and then in accordance with the application process.

(f)(1) The authority may recapture, from a rural investor that claimed the credit on a tax return, the credit allowed under this Code section if:

(A) The rural fund does not invest 100 percent of its capital investment authority in qualified investments in this state within two years of the closing date, with at least 10 percent of its capital investment authority initially invested in eligible businesses engaged in agribusiness as defined by the United States Department of Agriculture and at least 10 percent of such investment shall be equity investments;

(B) The rural fund, after satisfying subparagraph (A) of this paragraph, fails to maintain qualified investments equal to 100 percent of its capital investment authority until the fifth anniversary of the credit allowance date. For the purposes of this subsection, a qualified investment is considered maintained even if the qualified investment was sold or repaid so long as the rural fund reinvests an amount equal to the capital returned or recovered by the rural fund from the original investment, exclusive of any profits realized, in other qualified investments in this state within 12 months of the receipt of such capital. Amounts received periodically by a rural fund shall be treated as continually invested in qualified investments if the amounts are reinvested in one or more qualified investments by the end of the following calendar year. A rural fund shall not be required to reinvest capital returned from qualified investments after the fourth anniversary of the credit allowance date, and such qualified investments shall be considered held continuously by the rural fund through the fifth anniversary of the credit allowance date;

(C) The rural fund, before exiting the program in accordance with subsection (i) of this Code section, makes a distribution or payment that results in the rural fund having less than 100 percent of its capital investment authority invested in qualified investments in this state or available for investment in qualified investments and held in cash and other marketable securities; or

(D) The rural fund violates subsection (h) of this Code section.

(2) Recaptured credits and the related capital investment authority revert to the authority and shall be reissued pro rata to applicants whose capital investment allocations were reduced pursuant to paragraph (5) of subsection (e) of this Code section and then in accordance with the application process.

(g) Enforcement of each of the recapture provisions of paragraph (1) of subsection (f) of this Code section shall be subject to a six-month cure period. No recapture shall occur until the rural fund has been given notice of noncompliance and afforded six months from the date of such notice to cure the noncompliance.

(h) No eligible business that receives a qualified investment under this chapter, or any affiliates of such eligible business, may directly or indirectly:

(1) Own or have the right to acquire an ownership interest in a rural fund or member or affiliate of a rural fund, including, but not limited to, a holder of a capital investment issued by the rural fund; or

(2) Loan to or invest in a rural fund or member or affiliate of a rural fund, including, but not limited to, a holder of a capital investment issued by a rural fund, where the proceeds of such loan or investment are directly or indirectly used to fund or refinance the purchase of a capital investment under this Code section.

(i) On or after the sixth anniversary of the closing date, a rural fund may apply to the authority to exit the program and no longer be subject to regulation under this Code section. The authority shall respond to the exit application within 30 days of receipt. In evaluating the exit application, the fact that no credits have been recaptured and that the rural fund has not received a notice of recapture that has not been cured pursuant to subsection (g) of this Code section shall be sufficient evidence to prove that the rural fund is eligible for exit. The authority shall not unreasonably deny an exit application submitted under this subsection. If the exit application is denied, the notice shall include the reasons for the determination. The state shall receive a 10 percent share of any distributions annually from a rural fund that made a capital investment, other than the amount in excess of equity invested in the rural fund and tax distributions made by the rural fund. A rural fund shall distribute all amounts not held in qualified investments no later than the fourteenth anniversary of the closing date. No claimant of credits pursuant to subsection (c) of this Code section shall receive distributions in excess of an amount that would result in an internal rate of return on capital invested that is more than 20 percent if the number of jobs created is:

(1) Less than 60 percent of the projected jobs in the rural fund's approved business plan, then the state shall receive a penalty of 10 percent of the total tax credits distributed to the rural fund; or

(2) Greater than 60 percent but less than 80 percent of the projected jobs in the rural fund's approved business plan, then the state shall receive a penalty of 5 percent of the total tax credits distributed to the rural fund.

(j) A rural fund, before making a qualified investment, may request from the authority a written opinion as to whether the business in which it proposes to invest is an eligible business. The authority, not later than the twentieth business day after the date of receipt of such request, shall notify the rural fund of its determination. If the authority fails to notify the rural fund of its determination by the twentieth business day, the business in which the rural fund proposes to invest shall be considered an eligible business.

(k)(1) Rural funds shall submit a report to the authority within the first 15 business days after the second anniversary of the initial credit allowance date that provides documentation as to the investment of 100 percent of the purchase price of such capital investment in qualified investments. Such report shall include:

(A) The location of each eligible business receiving a qualified investment;

(B) Bank statements of such rural fund evidencing each qualified investment;

(C) A copy of the written opinion of the authority set forth in subsection (j) of this Code section or evidence that such business was an eligible business at the time of such qualified investment, as applicable;

(D) The number of employment positions created and retained as a result of qualified investments;

(E) The average annual salary of positions described in subparagraph (D) of this paragraph; and

(F) Such other information required by the authority.

(2) Thereafter, rural funds shall submit an annual report to the authority within 45 days of the beginning of the calendar year during the compliance period. The report shall include but is not limited to the following:

(A) The number of employment positions created and retained as a result of qualified investments; and

(B) The average annual salary of positions described in subparagraph (A) of this paragraph."

If such local current collection amount is equal to or within 1 percent of the local target collection amount, then the state title ad valorem tax rate and the local title ad valorem tax rate for such tax year shall remain at the rate specified in this subparagraph for that year. If the local current collection amount is more than 1 percent greater than the local target collection amount, then the local title ad valorem tax rate for such tax year shall be reduced automatically by operation of this division by such percentage amount as may be necessary so that, if such rate had been in effect for the calendar year under review, the local current collection amount would have produced an amount equal to the local target collection amount, and the state title ad valorem tax rate for such tax year shall be increased by an equal amount to maintain the combined state and local title ad valorem tax rate at the rate specified in division (ii) of this subparagraph. The effective date of such adjusted rate amounts shall be January 1 of such tax year.

(xiv) In tax years 2015, 2018, and 2022, by not later than July 1 of each such tax year, the state revenue commissioner shall determine the state target collection amount and the state current collection amount for the preceding calendar year. If such state current collection amount is greater than, equal to, or within 1 percent of the state target collection amount after making the adjustment, if any, required in division (xiii) of this subparagraph, then the combined state and local title ad valorem tax rate provided in division (ii) of this subparagraph shall remain at the rate specified in such division. In the event of an adjustment of the combined state and local title ad valorem tax rate, by not later than August 31 of such tax year, the state revenue commissioner shall notify the tax commissioner of each county in this state of the adjusted combined state and local title ad valorem tax rate for the next calendar year. Notwithstanding the provisions of this division, the combined state and local title ad valorem tax rate shall not exceed 9 percent.

(xv) The state revenue commissioner shall promulgate such rules and regulations as may be necessary and appropriate to implement and administer this Code section, including, but not limited to, rules and regulations regarding appropriate public notification of ~~any changes in~~ rate amounts ~~and the effective date of such changes~~ and rules and regulations regarding appropriate enforcement and compliance procedures and methods for the implementation and operation of this Code section. The state revenue commissioner shall promulgate a standardized form to be used by all dealers of new and used vehicles in this state in order to ease the administration of this Code section. The state revenue commissioner may promulgate and implement rules and regulations as may be necessary to permit seller financed sales of used vehicles to be assessed 2.5 percentage points less than the rate specified in division (ii) of this subparagraph. The used motor vehicle sold through a seller financed sale shall be taxed at the fair market value. The fair market value of a used motor vehicle sold through a seller financed sale shall be the average of the current fair market value and the current wholesale value of a motor vehicle for a vehicle listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner and based upon a nationally recognized motor vehicle industry pricing guide for fair market and wholesale market values in determining the taxable value of a motor vehicle under Code Section 48-5-442, less any reduction for the trade-in value of another motor vehicle.

(C) The application for title and the state and local title ad valorem tax fees provided for in subparagraph (A) of this paragraph shall be paid to the tag agent in

the county where the motor vehicle is to be registered and shall be paid at the time the application for a certificate of title is submitted or, in the case of an electronic title transaction, at the time when the electronic title transaction is finalized. In an electronic title transaction, the state and local title ad valorem tax fees shall be remitted electronically directly to the county tag agent. A dealer of new or used motor vehicles ~~may accept~~ shall make such application for title and state and local title ad valorem tax fees on behalf of the purchaser of a new or used motor vehicle for the purpose of submitting or, in the case of an electronic title application, finalizing such title application and remitting state and local title ad valorem tax fees.

(D) There shall be a penalty imposed on any person who, in the determination of the commissioner, falsifies any information in any bill of sale used for purposes of determining the fair market value of the motor vehicle. Such penalty shall not exceed $2,500.00 as a state penalty and shall not exceed $2,500.00 as a local penalty as determined by the commissioner. Such determination shall be made within 60 days of the commissioner receiving information of a possible violation of this paragraph.

(E) Except in the case in which an extension of the registration period has been granted by the county tag agent under Code Section 40-2-20, a dealer of new or used motor vehicles that ~~accepts~~ makes an application for title and collects state and local title ad valorem tax fees from a purchaser of a new or used motor vehicle and does not submit or, in the case of an electronic title transaction, finalize such application for title and remit such state and local title ad valorem tax fees to the county tag agent within 30 days following the date of purchase shall be liable to the county tag agent for an amount equal to 5 percent of the amount of such state and local title ad valorem tax fees. An additional penalty equal to 10 percent of the amount of such state and local title ad valorem tax fees shall be imposed if such payment is not transmitted within 60 days following the date of purchase. An additional penalty equal to 15 percent of the amount of such state and local title ad valorem tax fees shall be imposed if such payment is not transmitted within 90 days following the date of purchase, and an additional penalty equal to 20 percent of the amount of such state and local title ad valorem tax fees shall be imposed if such payment is not transmitted within 120 days following the date of purchase. An additional penalty equal to 25 percent of the amount of such state and local title ad valorem tax fees shall be imposed for each subsequent 30 day period in which the payment is not transmitted. In addition, any such dealer of used motor vehicles that fails to make an application for title and submit or, in the case of an electronic title transaction, finalize such application for title and remit such state and local title ad valorem tax fees to the county tag agent within 30 days following the date of purchase shall also be subject to civil fines not to exceed $500.00 per transaction, and such failure may be the basis for the revocation or suspension of such dealer's license under Chapter 47 of Title 43.

(F) A dealer of new or used motor vehicles that ~~accepts~~ makes an application for title and collects state and local title ad valorem tax fees from a purchaser of a new or used motor vehicle and converts such fees to his or her own use shall be guilty of theft by conversion and, upon conviction, shall be punished as provided in Code Section 16-8-12.

(2) A person or entity acquiring a salvage title pursuant to subsection (b) of Code Section 40-3-36 shall not be subject to the fee specified in paragraph (1) of this subsection but shall be subject to a state title ad valorem tax fee in an amount equal to 1 percent of the fair market value of the motor vehicle. Such state title ad valorem tax fee shall be an alternative ad valorem tax as authorized by Article VII, Section I, Paragraph III(b)(3) of the Georgia Constitution.

(c)(1) The amount of proceeds collected by tag agents each month as state and local title ad valorem tax fees, state salvage title ad valorem tax fees, administrative fees, penalties, and interest pursuant to subsection (b) of this Code section shall be allocated and disbursed as provided in this subsection.

(2) For the 2013 tax year and in each subsequent tax year, the amount of such funds shall be disbursed within 20 days following the end of each calendar month as follows:

(A) State title ad valorem tax fees, state salvage title ad valorem tax fees, administrative fees, penalties, and interest shall be remitted to the state revenue commissioner who shall deposit such proceeds in the general fund of the state less an amount to be retained by the tag agent not to exceed 1 percent of the total amount otherwise required to be remitted under this subparagraph to defray the cost of administration. Such retained amount shall be remitted to the collecting county's general fund. Failure by the tag agent to disburse within such 20 day period shall result in a forfeiture of such administrative fee plus interest on such amount at the rate specified in Code Section 48-2-40; and

(B) Local title ad valorem tax fees, administrative fees, penalties, and interest shall be designated as local government ad valorem tax funds. The tag agent shall then distribute the proceeds as specified in paragraph (3) of this subsection.

(3) The local title ad valorem tax fee proceeds required under this subsection shall be distributed as follows:

(A) The tag agent of the county shall within 20 days following the end of each calendar month allocate and distribute to the county governing authority and to municipal governing authorities, the board of education of the county school district, the board of education of any independent school district located in such county, the water and sewerage authority for which the county has levied an ad valorem tax in accordance with a local constitutional amendment, and in a county in which a sales and use tax is levied for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Ga. L. 1964, p. 1008, the governing body of the transportation authority created by the Metropolitan Atlanta Rapid Transit Authority Act of 1965, Ga. L. 1965, p. 2243, as amended, and the amendment to the Constitution set out at Ga. L. 1964, p. 1008,

an amount of those proceeds necessary to offset any reduction in (i) ad valorem tax on motor vehicles collected under Chapter 5 of this title in the taxing jurisdiction of each governing authority, school district, and water and sewerage authority from the amount of ad valorem taxes on motor vehicles collected under Chapter 5 of this title in each such governing authority, school district, and water and sewerage authority during the same calendar month of 2012 and (ii) with respect to the transportation authority, the monthly average portion of the sales and use tax levied for purposes of a metropolitan area system of public transportation applicable to any motor vehicle titled in a county which levied such tax in 2012. Such amount of tax may be determined by the commissioner for counties which levied such tax in 2012, and any counties which subsequently levy a tax pursuant to a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Ga. L. 1964, p. 1008, the governing body of the transportation authority created by the Metropolitan Atlanta Rapid Transit Authority Act of 1965, Ga. L. 1965, p. 2243, as amended, and the amendment to the Constitution set out at Ga. L. 1964, p. 1008, the ~~Commissioner~~ commissioner may determine what amount of sales and use tax would have been collected in 2012, had such tax been levied. This reduction shall be calculated, with respect to (i) above, by subtracting the amount of ad valorem tax on motor vehicles collected under Chapter 5 of this title in each such taxing jurisdiction from the amount of ad valorem tax on motor vehicles collected under Chapter 5 of this title in that taxing jurisdiction in the same calendar month of 2012. In the event that the local title ad valorem tax fee proceeds are insufficient to fully offset such reduction in ad valorem taxes on motor vehicles or the portion of the sales and use tax described in (ii) above, the tag agent shall allocate a proportionate amount of the proceeds to each governing authority, the board of education of each such school district, the water and sewerage authority, and the transportation authority, and any remaining shortfall shall be paid from the following month's local title ad valorem tax fee proceeds. In the event that a shortfall remains, the tag agent shall continue to first allocate local title ad valorem tax fee proceeds to offset such shortfalls until the shortfall has been fully repaid; and

(B) Of the proceeds remaining following the allocation and distribution under subparagraph (A) of this paragraph, the tag agent shall allocate and distribute to the county governing authority and to municipal governing authorities, the board of education of the county school district, and the board of education of any independent school district located in such county the remaining amount of those proceeds in the manner provided in this subparagraph. Such proceeds shall be deposited in the general fund of such governing authority or board of education and shall not be subject to any use or expenditure requirements provided for under any of the following described local sales and use taxes but shall be authorized to be expended in the same manner as authorized for the ad valorem tax revenues on motor vehicles under Chapter 5 of this title which would otherwise have been collected for such governing authority or board of education. Of such remaining proceeds:

(i) An amount equal to one-third of such proceeds shall be distributed to the board of education of the county school district and the board of education of each independent school district located in such county in the same manner as required for any local sales and use tax for educational purposes levied pursuant to Part 2 of Article 3 of Chapter 8 of this title currently in effect. If such tax is not currently in effect, such proceeds shall be distributed to such board or boards of education in the same manner as if such tax were in effect;

(ii)(I) Except as otherwise provided in this division, an amount equal to one-third of such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county in the same manner as specified under the distribution certificate for the joint county and municipal sales and use tax under Article 2 of Chapter 8 of this title currently in effect.

(II) If such tax were never in effect, such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county on a pro rata basis according to the ratio of the population that each such municipality bears to the population of the entire county.

(III) If such tax is currently in effect as well as a local option sales and use tax for educational purposes levied pursuant to a local constitutional amendment, an amount equal to one-third of such proceeds shall be distributed in the same manner as required under subdivision (I) of this division and an amount equal to one-third of such proceeds shall be distributed to the board of education of the county school district.

(IV) If such tax is not currently in effect and a local option sales and use tax for educational purposes levied pursuant to a local constitutional amendment is currently in effect, such proceeds shall be distributed to the board of education of the county school district and the board of education of any independent school district in the same manner as required under that local constitutional amendment.

(V) If such tax is not currently in effect and a homestead option sales and use tax under Article 2A of Chapter 8 of this title is in effect, such proceeds shall be distributed to the governing authority of the county, each qualified municipality, and each existing municipality in the same proportion as otherwise required under Code Section 48-8-104; and

(iii)(I) An amount equal to one-third of such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county in the same manner as specified under an intergovernmental agreement or as otherwise required under the county special purpose local option sales and use tax under Part 1 of Article 3 of Chapter 8 of this title currently in effect; provided, however, that this subdivision shall not apply if subdivision (III) of division (ii) of this subparagraph is applicable.

(II) If such tax were in effect but expired and is not currently in effect, such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county in the same manner as if such tax were still in effect according to the intergovernmental agreement or as otherwise required under the county special purpose local sales and use tax under Part 1 of Article 3 of Chapter 8 of this title for the 12 month period commencing at the expiration of such tax. If such tax is not renewed prior to the expiration of such 12 month period, such amount shall be distributed in accordance with subdivision (I) of division (ii) of this subparagraph; provided, however, that if a tax under Article 2 of Chapter 8 of this title is not in effect, such amount shall be distributed in accordance with subdivision (II) of division (ii) of this subparagraph.

(III) If such tax is not currently in effect in a county in which a tax is levied for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Ga. L. 1964, p. 1008; the continuation of such amendment under Article XI, Section I, Paragraph IV(d) of the Constitution; and the laws enacted pursuant to such constitutional amendment, such proceeds shall be distributed in such county, in the same manner as ad valorem tax on motor vehicles collected under Chapter 5 of this title in the taxing jurisdiction of each governing authority and school district from the amount of ad valorem taxes on motor vehicles collected under Chapter 5 of this title in each such governing authority and school district during the same calendar month of 2012.

(IV) If such tax were never in effect, such proceeds shall be distributed in the same manner as specified under the distribution certificate for the joint county and municipal sales and use tax under Article 2 of Chapter 8 of this title currently in effect; provided, however, that if such tax under such article is not in effect, such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county on a pro rata basis according to the ratio of the population that each such municipality bears to the population of the entire county.

(d)(1)(A) Upon the death of an owner of a motor vehicle which has not become subject to paragraph (1) of subsection (b) of this Code section, the immediate family member or immediate family members of such owner who receive such motor vehicle pursuant to a will or under the rules of inheritance shall, subsequent to the transfer of title of such motor vehicle, continue to be subject to ad valorem tax under Chapter 5 of this title and shall not be subject to the state and local title ad valorem tax fees provided for in paragraph (1) of subsection (b) of this Code section unless the immediate family member or immediate family members make an affirmative written election to become subject to paragraph (1) of subsection (b) of this Code section. 20-14-45.

(a) As used in this Code section, the term 'turnaround eligible schools' means the schools that have performed in the lowest 5 percent of schools in this state identified in accordance with the statewide accountability system established in the state plan pursuant to the federal Every Student Succeeds Act.

(b) The Chief Turnaround Officer, in conjunction with the Department of Education and the Office of Student Achievement, shall annually identify the lowest-performing schools that are deemed to be in the greatest need of assistance based on a list of turnaround eligible schools prepared annually by the Office of Student Achievement. If the Chief Turnaround Officer, after consulting with Department of Education staff and the State School Superintendent, determines that the capacity and resources available to the Chief Turnaround Officer and to the Department of Education are insufficient to serve all schools on the turnaround eligible schools list, the Chief Turnaround Officer may select a subset of such schools based on the following factors:

(1) Whether the school's rating has been improving or declining over the previous three years, based on the statewide accountability system;

(2) Whether the contract for strategic waivers school systems or the charter for charter systems adequately addresses the school's deficiencies;

(3) Whether the school is in a local school system with a recent accreditation report showing deficiencies in system level governance, school level leadership, system and school level resource utilization, or school level achievement, including the areas of reading and mathematics proficiencies;

(4) Whether the school is located in a local school system in which one-half or more of the schools are on the turnaround eligible schools list for the fifth or more consecutive year;

(5) Whether the school is in close proximity to a school that will be served pursuant to paragraphs (1), (2), (3), or (4) of this subsection; and

(6) Any other factors deemed appropriate by the Chief Turnaround Officer.

(c) The Chief Turnaround Officer shall extend an opportunity to the local boards of education for each school identified pursuant to subsection (b) of this Code section to amend the contract entered into pursuant to Code Section 20-2-83 for strategic waivers school systems or to amend the charter, for charter systems. The amendment shall be for the purposes of agreeing to receive assistance pursuant to this part for such identified school or schools. For any such local board of education that is offered the opportunity to amend its system contract or charter but that does not sign an amendment within 60 days of being offered the amendment or that declines to sign an amendment, the State Board of Education shall within 60 days either implement one or more of the interventions contained in paragraph (6) of subsection (a) of Code Section 20-14-41 for such school or terminate the system contract or charter as allowed by the terms of such contract or charter.

(d) For any local school system that is not a charter system or a strategic waivers system, the Chief Turnaround Officer shall extend an opportunity to the local board of education for each school identified pursuant to subsection (b) of this Code section to enter into an intervention contract for the purposes of agreeing to receive assistance pursuant to Code Section 20-14-46 for such identified school or schools. For any such local board of education that is offered the opportunity to enter into an intervention contract but that declines, the State Board of Education shall immediately implement one or more of the interventions contained in paragraph (6) of subsection (a) of Code Section 20-14-41 for such school.

(e) For any school on the turnaround eligible school list which is not selected as part of the subset of schools to be assisted by the Chief Turnaround Officer due to insufficient capacity and resources, the Department of Education, through its school improvement division, shall begin or continue focused supports and a pre-diagnostic review utilizing all relevant data held at the state level as it relates to the local school system and school, including financial audits, funding allotments, federal funds, state assessment data, and the most recent local school system accreditation report regarding system level governance and leadership, resource utilization, teaching and learning effectiveness, and academic achievement.

20-14-46.

(a) Within 30 days of entering into a contract amendment or intervention contract between the State Board of Education and a local board of education pursuant to Code Section 20-14-45, the local board of education shall, in consultation with the turnaround coach, select a third-party specialist to conduct a comprehensive on-site diagnostic review in cooperation with the regional educational service agency and the turnaround coach of the school to determine the root causes of low performance and lack of progress. Such third-party specialist may be selected from the approved list established pursuant to paragraph (2) of subsection (c) of Code Section 20-14-43 at the expense of the state, or the local board of education may select its own third-party specialist, upon approval by the Chief Turnaround Officer, at the expense of the local school system. The turnaround coach shall ensure that the third-party specialist receives all relevant data held at the state level as it relates to the local school system and school, including the system charter or contract, financial audits, funding allotments, federal funds, state assessment data, and any other relevant information as it relates to school performance. The third-party specialist shall also review the most recent local school system accreditation report regarding system level governance and leadership, resource utilization, teaching and learning effectiveness, and academic achievement.

(b) Within 90 days of entering into a contract amendment or intervention contract between the State Board of Education and a local board of education, the turnaround coach, in partnership with the regional educational service agency, shall ensure that the local board of education and the third-party specialist have completed a comprehensive on-site evaluation of the school to determine the root causes of the school's low performance and lack of progress. The comprehensive on-site diagnostic review shall

include a leadership assessment to determine the capacity of the school leader to lead the turnaround efforts, as well as a review of system level support and interventions, including central office policies and supports, technical assistance and guidance, financial management, and appropriate use of resources in accordance with approved waivers under the system charter or contract.

(c) Based on the comprehensive on-site evaluation, the turnaround coach, in partnership with the regional educational service agency, shall recommend actions, which may include, but not be limited to, reallocation of resources and technical assistance, changes in school procedures or operations, professional learning focused on student achievement for instructional and administrative staff, intervention for individual administrators or teachers, instructional strategies based on scientifically based research, additional waivers from state statutes or rules, adoption of policies and practices to ensure all groups of students meet the state's proficiency level, extended instruction time for low-performing students, strategies for parental involvement, incorporation of a teacher mentoring program, smaller class size for low-performing students, or other actions deemed appropriate.

(d) Based on the evaluation and recommendations and after public input from parents and the community, the school shall develop an intensive school improvement plan, approved by the Chief Turnaround Officer, that specifically addresses the academic insufficiencies identified by the school's rating in the single state-wide accountability system. The local board of education shall not be eligible for supplemental funding to support the implementation of the plan unless such local board demonstrates financial need based on its most current annual budget and the results of the most recent audit. The local board of education shall coordinate the hiring and contract renewal process for personnel and the allocation of school resources to support such plan. In developing the timelines in the intensive school improvement plan, the school shall take into consideration the budget cycles, employment contract deadlines, and other appropriate factors relating to the planning process. The school, with the support of the local board of education, local school superintendent, and principal, shall implement the plan with ongoing input and assistance from the Chief Turnaround Officer and performance monitoring by the turnaround coach.

(2) Provide students who have been identified as low-performing with academic support and enrichment activities, access to programs to promote parental involvement, access to supports for addressing and improving mental and physical health, access to a learning resource center for students and guardians to strengthen academic supports, positive behavioral interventions and supports, and access to expert supports, which may include, but not be limited to, data scientists, psychometric personnel, curriculum specialists, learning theorists, and special educators to help advise the schools on technical learning matters.

(b) Turnaround coaches shall assist local boards of education in identifying integrated student services utilizing the list of resources established by the Chief Turnaround Officer pursuant to paragraph (2) of subsection (c) of Code Section 20-14-43. Local boards of education, in coordination with the turnaround coaches and the local school administration, shall create local collaborations to address personal and community conditions, which shall include the needs, issues, and problems within the communities of such school or schools, such as poverty, lack of economic development, safety, transportation options for parents and students, adult educational opportunities, wellness, and mental health services, and shall, in consultation with the turnaround coach, identify state and community resources that are available or that could be built upon, reallocated, or repurposed to address the issues impacting such school or schools.

20-14-48.

(a) The State Board of Education shall ensure that all necessary department resources and supports are made available for full implementation of this part, including, but not limited to, the implementation of the intensive school improvement plans established pursuant to Code Section 20-14-46 for schools for which a local board of education has entered into a contract amendment or intervention contract with the State Board of Education pursuant to Code Section 20-14-45. Further, the State Board of Education shall ensure that such schools receive priority for the receipt of federal and state funds available to the Department of Education to the fullest extent possible under federal and state law, including, but not limited to, federal school improvement grants and Title I funds. The State Board of Education shall also pursue maximum flexibility in applying for and expending federal funds, including, but not limited to, the consolidation of all federal, state, and local funds in compliance with federal law.

(b) The Office of Student Achievement shall give priority to schools for which a local board of education has entered into a contract amendment or intervention contract with the State Board of Education pursuant to Code Section 20-14-45 when awarding grants pursuant to subsection (b.1) of Code Section 20-14-26.1 or any other grants administered by the office.

(c)(1) The Office of Student Achievement shall be authorized to provide for grants, subject to appropriations, to assist schools in local school systems under a contract

amendment or intervention contract pursuant to Code Section 20-14-45 with demonstrated financial need in:

(A) Retaining the services of a third-party specialist to assist in the implementation of an intensive school improvement plan developed pursuant to Code Section 20-14-46 or to provide any other support services deemed necessary pursuant to such plan;

(B) Assessing low-performing students and obtaining specified supports for such students as delineated in subsection (a) of Code Section 20-14-47; or

Upon approval by the Chief Turnaround Officer, the grant request may be submitted to the Office of Student Achievement. The award of any grant funds shall be at the discretion of the Office of Student Achievement, including the amount of any such grant funds awarded. The Office of Student Achievement shall prescribe criteria, policies, and standards deemed necessary for the effective implementation of this subsection, including criteria for a local school system to demonstrate financial need.

20-14-49.

(2) Removal of school personnel, which may include the principal and personnel whose performance has been determined to be insufficient to produce student achievement gains;

(5) Operation of the school by a private nonprofit third-party operator selected and contracted by the local board of education;

(6) Mandatory parental option to relocate the student to another public school in the local school system that does not have an unacceptable rating, to be chosen by the

(7) Complete restructuring of the school's governance arrangement and internal organization of the school;

(8) Operation of the school by a successful school system and pursuant to funding criteria established by the State Board of Education; or

(9) Any other interventions or requirements deemed appropriate by the Chief Turnaround Officer and the State Board of Education for the school and in accordance with the amended contract, amended charter, or intervention contract, except that operation of the school by a for profit entity shall be prohibited.

(b) Before the implementation of any interventions required by the Chief Turnaround Officer pursuant to subsection (a) of this Code section for a school, the local board of education may request an opportunity for a hearing before the State Board of Education to show cause as to why an intervention or interventions imposed by the Chief Turnaround Officer for a school should not be required or that alternative interventions would be more appropriate. Such request shall be made no later than 30 days after notification by the Chief Turnaround Officer of the intended interventions. The State Board of Education shall take into consideration the substantial compliance of the school in the implementation of the intensive school improvement plan and the ongoing cooperation and collaboration exhibited by the school. The State Board of Education shall make a determination on any such request no later than 60 days after receipt of such request. BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

PART I
SECTION 1-1.

Chapter 7 of Title 45 of the Official Code of Georgia Annotated, relating to salaries and fees, is amended by revising paragraph (1) of subsection (a) of Code Section 45-7-4, relating to annual salaries of certain state officials and cost-of-living adjustments, as follows:

"(1) Governor ..... $ ~~60,000.00~~ 175,000.00

An allowance in an amount specified in the appropriations Act shall also be provided for the operation of the Governor's mansion."

PART II
SECTION 2-1.

Said chapter is further amended in Code Section 45-7-4, relating to annual salaries of certain state officials and cost-of-living adjustments, by revising subparagraphs (a)(22)(C) and (a)(22)(E) as follows:

"(C) In addition to any other compensation and allowances authorized for members of the General Assembly, each member may be reimbursed for per diem differential and for actual expenses incurred in the performance of duties ~~within the state~~ as a member of the General Assembly in an amount not to exceed $7,000.00 per year. Expenses reimbursable up to such amount shall be limited to one or more of the following purposes: lodging, meals, per diem differential, postage, personal services, printing and publications, rents, supplies (including software), telecommunications, transportation, utilities, ~~and~~ purchasing or leasing of equipment, and other reasonable expenditures directly related to the performance of a member's duties. If equipment purchased by a member has a depreciated value of $100.00 or less when such member leaves office, the equipment does not need to be returned to the state. No reimbursement shall be made for any postage which is used for a political newsletter. No reimbursement shall be paid for lodging or meals for any day for which a member receives the daily expense allowance as provided in

this paragraph. ~~Such~~ Eligible expenses shall be reimbursed ~~upon~~ following the submission of ~~sworn~~ vouchers to the legislative fiscal office in compliance with the requirements of this subparagraph and subject to the provisions of subparagraph (E) of this paragraph. Such ~~sworn~~ vouchers shall be submitted in such form and manner as prescribed by the Legislative Services Committee pursuant to subparagraph (E) of this paragraph, provided that each such voucher shall be accompanied by a supporting document or documents, or legible copies thereof, showing payment for each expense claimed or an explanation of the absence of such documentation; in addition, each such voucher shall include a certification by the member that the information contained in such voucher and supporting document or documents, or legible copies thereof, is true and correct and that such expenses were incurred by the member. The provisions of Code Section 16-10-20 shall be applicable to any person submitting such certified vouchers and supporting documents or copies the same as if the General Assembly were a department or agency of state government. No ~~sworn~~ such voucher or supporting document shall be required for per diem differential."

"(E) For the purposes of this paragraph, a year shall begin on the convening date of the General Assembly in regular session each year and end on the day prior to the convening of the General Assembly in the next calendar year. Any voucher or claim for any reimbursement for any year as defined in this paragraph shall be submitted no later than the fifteenth of April immediately following the end of such year. No reimbursement shall be made on any voucher or claim submitted after that date. Any amounts remaining in such expense account at the end of the first year of the two year biennium may be claimed for expenses incurred during the second year of the two year biennium. Any amounts remaining in any expense account which are not so claimed by April 15 of the year following the second year of the biennium and any amounts claimed which are returned as hereafter provided for in this paragraph shall lapse and shall be remitted by the legislative fiscal office to the general fund of the state treasury. Any former member of the General Assembly may be reimbursed for expenses incurred while a member of the General Assembly upon compliance with the provisions of this paragraph. The Legislative Services Committee is empowered to provide such procedures as it deems advisable to administer the provisions of this paragraph, including, but not limited to, definitions of the above list of items for which reimbursement may be made; provided, however, that the term 'other reasonable expenditures directly related to the performance of a member's duties' shall be as defined by policies adopted by the Speaker of the House of Representatives and by the Senate Administrative Affairs Committee as to reimbursement of such expenditures incurred by members of the House and Senate, respectively; and provided, further, that the amount of expenses which may be reimbursed within the limits of subparagraph (C) of this paragraph for travel outside the state may be as provided by policies adopted by the Speaker of the House of Representatives and by the Senate Administrative Affairs Committee as to such expenditures of members of the House and Senate, respectively. The

Legislative Services Committee is further empowered to prescribe ~~and~~ the form of the voucher or claim which must be submitted to the legislative fiscal office. In the event of any disagreement as to whether any reimbursement shall be made or any allowance shall be paid, the Legislative Services Committee shall make the final determination; except that in the event of any disagreement as to whether any reimbursement under subparagraph (C) of this paragraph shall be made for other reasonable expenses directly related to the performance of a member's duties or for travel outside the state, the Speaker of the House shall make the final determination as to such expenses incurred by a member of the House, and the Senate Administrative Affairs Committee shall make the final determination as to such expenses incurred by a member of the Senate. In the event any reimbursement is made or any allowance is paid and it is later determined that such reimbursement or payment was made in error, the person to whom such reimbursement or payment was made shall remit to the legislative fiscal office the amount of money involved. In the event any such person refuses to make such remittance, the legislative fiscal office is authorized to withhold the payment of any other moneys to which such person is entitled until the amount of such reimbursement or payment which was made in error shall be realized."

A BILL TO BE ENTITLED
AN ACT

To change certain provisions relating to Hope scholarships and grants and the funding of such scholarships and grants; to amend Part 7 of Article 7 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated, relating to HOPE scholarships and grants, so as to provide that members of the Georgia National Guard and reservists meet residency requirements; to amend Code Section 50-27-13 of the Official Code of Georgia

Annotated, relating to disposition of lottery proceeds, budget report by Governor, appropriations by General Assembly, and shortfall reserve subaccount, so as to establish the percentage of the lottery proceeds for each fiscal year which must equal the net proceeds to be transferred to the state treasury for credit to the Lottery for Education Account; to provide for exceptions; to provide for verification of certain information by the Department of Audits and Accounts; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Part 7 of Article 7 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated, relating to HOPE scholarships and grants, is amended in Code Section 20-3-519.1, relating to eligibility for HOPE scholarships and grants, by revising paragraph (1) of subsection (a) as follows:

"(1) Meets residency requirements by:

(A)(i) Being classified as a legal resident of Georgia as established by the program regulations promulgated by the Georgia Student Finance Commission which shall be based upon the in-state tuition policy of the board of regents and the in-state tuition guidelines set by the Technical College System of Georgia; and

(ii)(I) If the student was classified as a legal resident of Georgia at the time of graduation from high school or from a home study program meeting the requirements of Code Section 20-2-690, then the student must have met the requirements set forth in division (i) of this subparagraph for a period of at least 12 months immediately prior to the first day of classes for which the scholarship or grant is to be awarded; or

(II) If the student was not classified as a legal resident at the time of graduation from high school or from a home study program meeting the requirements of Code Section 20-2-690, then the student must have met the requirements set forth in division (i) of this subparagraph for a period of at least 24 months immediately prior to the first day of classes for which the scholarship or grant is to be awarded; or

(B) Being classified as a legal resident of Georgia if such student is a member of the Georgia National Guard; a member of a reserve component of the armed forces of the United States located in Georgia; or an active duty military service member or the spouse or dependent child of an active duty military service member and the active duty military service member is stationed in Georgia or lists Georgia as their home of record; and"

SECTION 2.

Code Section 50-27-13 of the Official Code of Georgia Annotated, relating to disposition of lottery proceeds, budget report by Governor, appropriations by General Assembly, and shortfall reserve subaccount, is amended by revising subsection (a) as follows:

"(a)(1) All lottery proceeds shall be the property of the corporation.

(2) From its lottery proceeds the corporation shall pay the operating expenses of the corporation. As nearly as practical, at least 45 percent of the amount of money from the actual sale of lottery tickets or shares shall be made available as prize money; provided, however, that this paragraph shall be deemed not to create any lien, entitlement, cause of action, or other private right, and any rights of holders of tickets or shares shall be determined by the corporation in setting the terms of its lottery or lotteries.

(3)(A) For fiscal year 2018, net proceeds shall equal at least 26.5 percent of the lottery proceeds. For fiscal year 2019, net proceeds shall equal at least 27.5 percent of the lottery proceeds. Beginning with fiscal year 2020 and ~~As nearly as practical,~~ for each fiscal year thereafter, net proceeds shall equal at least ~~35~~ 28.5 percent of the lottery proceeds. ~~However, for the first two full fiscal years and any partial first fiscal year of the corporation, net proceeds need only equal 30 percent of the proceeds as nearly as practical.~~

(B) If for fiscal year 2018 the net sales revenue of tickets is 5 percent less than the net sales revenue of tickets for fiscal year 2017 as verified by the Department of Audits and Accounts as provided in subparagraph (C) of this paragraph, then the increase of the net proceeds to at least 27.5 percent of the lottery proceeds for fiscal year 2019, as provided in subparagraph (A) of this paragraph, shall not be required and instead the net proceeds shall remain equal to at least 26.5 percent of the lottery proceeds for each fiscal year thereafter. If for fiscal year 2019 the net sales revenue of tickets is 5 percent less than the net sales revenue of tickets for fiscal year 2018 as verified by the Department of Audits and Accounts as provided in subparagraph (C) of this paragraph, then the increase of the net proceeds to at least 28.5 percent of the lottery proceeds for fiscal year 2020, as provided in subparagraph (A) of this paragraph, shall not be required and instead the net proceeds shall remain equal to at least 27.5 percent of the lottery proceeds for each fiscal year thereafter. For purposes of this subparagraph, the term 'net sales revenue' means the total amount of revenue derived from ticket sales minus the value of any tickets that are provided as prizes.

SECTION 5.

Revenue bonds.

The authority, or any authority or body which has or which may in the future succeed to the powers, duties, and liabilities vested in the authority created hereby, shall have the power and is hereby authorized to provide by resolution for the issuance of revenue bonds of the authority for the purpose of paying all or any part of the costs of the project and for the purpose of refunding revenue bonds or other obligations previously issued. The principal of and interest on such revenue bonds shall be payable solely from the

special fund hereby provided for such payment. The revenue bonds of each issue shall be dated, shall bear interest at such rate or rates per annum, shall be payable at such time or times, shall mature at such time or times not exceeding 40 years from their date or dates, shall be payable in such medium of payment as to both principal and interest as may be determined by the authority, and may be redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority in the resolution for the issuance of such revenue bonds.

SECTION 6.

Revenue bonds; form; denomination; registration; place of payment.

The authority shall determine the form of the revenue bonds and shall fix the denomination or denominations of the revenue bonds. The revenue bonds may be issued in coupon or registered form, or both, as the authority may determine, and provision may be made for registration and exchangeability privileges. The authority shall fix the place or places of payment of principal and interest thereon.

SECTION 7.

Revenue bonds; signatures; seal.

All such revenue bonds shall bear the manual or facsimile signature of the chairperson or vice chairperson of the authority and the attesting manual or facsimile signature of the secretary, assistant secretary, or secretary-treasurer of the authority, and the official seal of the authority shall be impressed or imprinted thereon. Any coupons attached thereto shall bear the manual or facsimile signatures of the chairperson or vice chairperson and the secretary, assistant secretary, or secretary-treasurer of the authority. Any revenue bonds or coupons attached thereto may bear the manual or facsimile signature of such persons as at the actual time of the execution of such revenue bonds or coupons shall be duly authorized or hold the proper office, although at the date of issuance of such revenue bonds such person may not have been so authorized or shall not have held such office. In case any officer whose signature shall appear on any revenue bond or any coupon shall cease to be such officer before the delivery of such revenue bond, such signature shall nevertheless be valid and sufficient for all purposes, the same as if that person had remained in office until such delivery.

SECTION 8.

Revenue bonds; negotiability; exemption from taxation.

All revenue bonds shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the laws of the state. All revenue bonds, their transfer, and the income therefrom shall be subject to such tax exemptions as may be provided by general law.

SECTION 9.
Revenue bonds; sale; price; proceeds.

The authority may sell revenue bonds in such manner and for such price as it may determine to be in the best interest of the authority. The proceeds derived from the sale of revenue bonds shall be used solely for the purpose or purposes provided in the resolutions and proceedings authorizing the issuance of such revenue bonds.

SECTION 10.
Interim receipts and certificates or temporary revenue bonds.

Prior to the preparation of any definitive revenue bonds, the authority may, under like restrictions, issue interim receipts, interim certificates, or temporary revenue bonds, with or without coupons, exchangeable for definitive revenue bonds upon the issuance of the latter.

SECTION 11.
Replacement of lost or mutilated revenue bonds.

The authority may provide for the replacement of any revenue bonds or coupons which shall become mutilated or be destroyed or lost.

SECTION 12.
Conditions precedent to issuance of revenue bonds.

The authority shall adopt a resolution authorizing the issuance of revenue bonds. In the resolution, the authority shall determine that the project financed with the proceeds of the revenue bonds is self-liquidating. Revenue bonds may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions, and things which are specified or required by this Act. Any resolution providing for the issuance of revenue bonds under the provisions of this Act shall become effective immediately upon its passage and need not be published or posted, and any such resolution may be passed at any regular or special or adjourned meeting of the authority by a majority of its members.

SECTION 13.
Credit not pledged.

Revenue bonds shall not be deemed to constitute a debt of the City of Eton, Georgia, nor a pledge of the faith and credit of the city, but such revenue bonds shall be payable solely from the fund provided for in this Act. The issuance of such revenue bonds shall not directly, indirectly, or contingently obligate the city to levy or to pledge any form of taxation whatsoever for payment of such revenue bonds or to make any appropriation for

their payment, and all such revenue bonds shall contain recitals on their face covering substantially the foregoing provisions of this section. Notwithstanding the foregoing provisions, this Act shall not affect the ability of the authority and any political subdivision or municipality to enter into an intergovernmental contract pursuant to which the political subdivision or municipality agrees to pay amounts sufficient to pay operating charges and other costs of the authority or any project including, without limitation, the principal of and interest on revenue bonds in consideration for services or facilities of the authority.

SECTION 14.
Trust indenture as security.

In the discretion of the authority, any issuance of revenue bonds may be secured by a trust indenture by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company inside or outside the state. Either the resolution providing for the issuance of the revenue bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the acquisition and construction of the project, the maintenance, operation, repair, and insuring of the project, and the custody, safeguarding, and application of all moneys.

SECTION 15.
To whom proceeds of bonds shall be paid.

In the resolution providing for the issuance of revenue bonds or in the trust indenture, the authority shall provide for the payment of the proceeds of the sale of the revenue bonds to any officer or person who, or any agency, bank, or trust company which, shall act as trustee of such funds and shall hold and apply the same to the purposes thereof, subject to such regulations as this Act and such resolution or trust indenture may provide.

SECTION 16.
Sinking fund.

The moneys received pursuant to an intergovernmental contract and the revenues, fees, tolls, fines, charges, and earnings derived from any particular project or projects, regardless of whether or not such revenues, fees, tolls, fines, charges, and earnings were produced by a particular project for which revenue bonds have been issued, unless otherwise pledged and allocated, may be pledged and allocated by the authority to the payment of the principal and interest on revenue bonds of the authority as the resolution authorizing the issuance of the revenue bonds or the trust indenture may provide, and such funds so pledged from whatever source received shall be set aside at regular

intervals as may be provided in the resolution or trust indenture into a sinking fund, which sinking fund shall be pledged to and charged with the payment of:

(1) The interest upon such revenue bonds as such interest shall fall due;
(2) The principal or purchase price of such revenue bonds as the same shall fall due;
(3) Any premium upon such revenue bonds as the same shall fall due;
(4) The purchase of such revenue bonds in the open market; and
(5) The necessary charges of the paying agent for paying principal and interest.

The use and disposition of such sinking fund shall be subject to such regulations as may be provided in the resolution authorizing the issuance of the revenue bonds or in the trust indenture, but, except as may otherwise be provided in such resolution or trust indenture, such sinking fund shall be maintained as a trust account for the benefit of all revenue bonds without distinction or priority of one over another.

SECTION 17.
Remedies of bondholders.

Any holder of revenue bonds or any of the coupons appertaining thereto, and the trustee under the trust indenture, if any, except to the extent the rights herein given may be restricted by resolution passed before the issuance of the revenue bonds or by the trust indenture, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the state, including specifically but without limitation the Revenue Bond Law, or granted hereunder or under such resolution or trust indenture, and may enforce and compel performance of all duties required by this Act or by such resolution or trust indenture to be performed by the authority or any officer thereof, including the fixing, charging, and collecting of revenues, fees, tolls, fines, and other charges for the use of the facilities and services furnished.

SECTION 18.
Validation.

Revenue bonds and the security therefor shall be confirmed and validated in accordance with the procedure of the Revenue Bond Law. The petition for validation shall also make party defendant to such action the state; any institution, department, or other agency thereof; and any county, municipality, school district, or other political subdivision or authority of the state which has contracted with the authority for services or facilities relating to the project for which revenue bonds are to be issued and sought to be validated, and such defendant shall be required to show cause, if any exists, why such contract or contracts shall not be adjudicated as a part of the basis for the security for the payment of any such revenue bonds. The revenue bonds, when validated, and the judgment of validation shall be final and conclusive with respect to such revenue bonds and the security for the payment thereof and interest thereon and against the authority and all other defendants.

SECTION 19.
Venue and jurisdiction.

Any action to protect or enforce any rights under the provisions of this Act or any suit or action against such authority shall be brought in the Superior Court of Murray County, Georgia, and any action pertaining to validation of any revenue bonds issued under the provisions of this Act shall likewise be brought in said court which shall have exclusive, original jurisdiction of such actions.

SECTION 20.
Interest of bondholders protected.

While any of the revenue bonds issued by the authority remain outstanding, the powers, duties, or existence of the authority or its officers, employees, or agents shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such revenue bonds, and no other entity, department, agency, or authority shall be created which would compete with the authority to such an extent as to affect adversely the interests and rights of the holders of such revenue bonds, nor shall the state itself so compete with the authority. The provisions of this Act shall be for the benefit of the authority and the holders of any such revenue bonds and, upon the issuance of such revenue bonds under the provisions hereof, shall constitute a contract with the holders of such revenue bonds.

SECTION 21.
Moneys received considered trust funds.

All moneys received pursuant to the authority of this Act, whether as proceeds from the sale of revenue bonds, as grants or other contributions, or as revenue, income, fees, and earnings, shall be deemed to be trust funds to be held and applied solely as provided in this Act.

SECTION 22.
Purpose of the authority.

Without limiting the generality of any provision of this Act, the general purpose of the authority is declared to be that of providing buildings, facilities, equipment, and services for the citizens of the City of Eton, Georgia, but only to the extent that any such buildings, facilities, equipment, and services constitute a project.

SECTION 23.
Rates, charges, and revenues; use.

The authority is hereby authorized, with respect to projects, to prescribe and fix rates and to revise the same from time to time and to collect revenues, tolls, fees, fines, and charges for the services, facilities, and commodities furnished and, in anticipation of the collection of the revenues, to issue revenue bonds or other types of obligations as herein provided to finance, in whole or in part, the costs of the project, and to pledge to the punctual payment of said revenue bonds or other obligations all or any part of the revenues.

SECTION 24.
Rules, regulations, service policies, and procedures for operation of projects.

It shall be the duty of the authority to prescribe or cause to be prescribed rules, regulations, service policies, and procedures for the operation of any project or projects constructed or acquired under the provisions of this Act. The authority may adopt bylaws.

SECTION 25.
Tort immunity.

To the extent permitted by law, the authority shall have the same immunity and exemption from liability for torts and negligence as the City of Eton, Georgia; and the officers, agents, and employees of the authority when in the performance of the work of the authority shall have the same immunity and exemption from liability for torts and negligence as the officers, agents, and employees of the City of Eton, Georgia, when in the performance of their public duties or the work of the city.

SECTION 26.
Tax-exempt status of the authority.

The obligations, properties, activities, and income of the authority shall be subject to such tax exemptions as may be provided by general law.

SECTION 27.
Effect on other governments.

This Act shall not and does not in any way take from the City of Eton, Georgia, or any political subdivision or municipality the authority to own, operate, and maintain public facilities or to issue revenue bonds as provided by the Revenue Bond Law.

SECTION 28.
Repealer.

All laws and parts of laws in conflict with this Act are repealed.

The report of the Committee, which was favorable to the passage of the Bill, by substitute, was agreed to.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act revising, superseding, and consolidating the laws relating to the governing authority of DeKalb County and creating a chairman and board of commissioners of said county, approved March 8, 1956 (Ga. L. 1956, p. 3237), as amended, particularly by an Act approved May 12, 2015 (Ga. L. 2015, p. 3811), is amended by revising Section 22A as follows:

"SECTION 22A.
Code of Ethics

(a) Purpose.

(1) It is essential to the proper administration and operation of the DeKalb County government that its officials and employees be, and give the appearance of being, independent and impartial, that public office not be used for private gain, and that there be public confidence in the integrity of DeKalb County officials and employees. Because the attainment of one or more of these ends is impaired whenever there exists in fact, or appears to exist, a conflict between the private interests and public responsibilities of officials and employees, the public interest requires that the General Assembly protect against such conflicts of interest by establishing by law appropriate ethical standards with respect to the conduct of the officials and employees of DeKalb County in situations where a conflict may exist.

(2) The General Assembly recognizes that an appropriate and effective code of ethics for appointed officials and employees of DeKalb County is also essential for the proper administration and operation of the DeKalb County government.

Additionally, if any official or employee comes into a direct line of supervision over one of these persons, he or she shall have six months to come into compliance or to obtain a waiver from the Board of Ethics;

(11) Take or threaten to take, directly or indirectly, official or personal action, including, but not limited to, discharge, discipline, personal attack, harassment, intimidation, or change in job, salary, or responsibilities, against any official or employee because that person or a person acting on his or her behalf:

"(d) There shall be a rebuttable presumption that a law enforcement agency is employing speed detection devices for purposes other than the promotion of the public health, welfare, and safety if the fines levied based on the use of speed detection devices for speeding offenses are equal to or greater than 35 percent of a municipal or county law enforcement agency's budget. For purposes of this Code section, fines collected for citations issued for violations of Code Section 40-6-180 shall be included when calculating total speeding fine revenue for the agency; provided, however, that fines for speeding violations exceeding 20 miles per hour over the established speed limit and fines for speeding violations issued pursuant to Code Section 40-14-18 shall not be considered when calculating total speeding fine revenue for the agency."

SECTION 3-8.

Said title is further amended by adding a new Code section to read as follows:

"40-14-18.

(a) The speed limit within any school zone as provided for in Code Section 40-14-8 and marked pursuant to Code Section 40-14-6 may be enforced by using recorded images for violations which occurred during the time periods relative to normal hours of school operation and programs of care and supervision of students as provided for in Code Section 40-14-8 when such violations are in excess of ten miles per hour over the speed limit.

(b) For the purpose of enforcement pursuant to this Code section:

(1) The driver of a motor vehicle shall be liable for a civil monetary penalty if such vehicle is found, as evidenced by recorded images, to have been operated in disregard or disobedience of the speed limit within any school zone and such disregard or disobedience was not otherwise authorized by law. The amount of such fine shall be $125.00, in addition to fees associated with the electronic processing of such fine which shall not exceed $25.00; provided, however, that for a period of 30 days after an automated traffic enforcement safety device is first introduced within a school system, other than an automated traffic enforcement safety device replacing a

previously used automated traffic enforcement safety device, the driver of a motor vehicle shall not be liable for a civil monetary penalty but shall be issued a civil warning for disregard or disobedience of the speed limit within the school zone;

(2) A law enforcement agency authorized to enforce the speed limit of a school zone shall send by first class mail addressed to the owner of the motor vehicle postmarked within 30 days after obtaining the name and address of the owner of the motor vehicle but no later than 60 days after the date of the alleged violation:

(A) A citation for the alleged violation, which shall include the date and time of the violation, the location of the infraction, the maximum speed at which such motor vehicle was traveling in recorded images, the maximum speed applicable within such school zone, the civil warning or the amount of the civil monetary penalty imposed, and the date by which a civil monetary penalty shall be paid;

(B) An image taken from the recorded images showing the vehicle involved in the infraction;

(C) A website address where recorded images showing the vehicle involved in the infraction and a duplicate of the information provided for in this paragraph may be viewed;

(D) A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency authorized to enforce the speed limit of the school zone and stating that, based upon inspection of recorded images, the owner's motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law;

(E) A statement of the inference provided by paragraph (4) of this subsection and of the means specified therein by which such inference may be rebutted;

(F) Information advising the owner of the motor vehicle of the manner and time in which liability as alleged in the citation may be contested through an administrative hearing; and

(G) A warning that failure to pay the civil monetary penalty or to contest liability in a timely manner as provided for in subsection (d) of this Code section shall waive any right to contest liability;

(3) Proof that a motor vehicle was operated in disregard or disobedience of the speed limit of the marked school zone shall be evidenced by recorded images. A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency and stating that, based upon inspection of recorded images, a motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law shall be prima-facie evidence of the facts contained therein; and

(4) Liability under this Code section shall be determined based upon a preponderance of the evidence. Prima-facie evidence that the vehicle described in the citation issued pursuant to this Code section was operated in violation of the speed limit of the school zone, together with proof that the defendant was, at the time of such violation, the registered owner of the vehicle, shall permit the trier of fact in its discretion to infer

that such owner of the vehicle was the driver of the vehicle at the time of the alleged violation. Such an inference may be rebutted if the owner of the vehicle:

(A) Testifies under oath in open court or submits to the court a sworn notarized statement that he or she was not the operator of the vehicle at the time of the alleged violation and identifies the name of the operator of the vehicle at the time of the alleged violation; or

(B) Presents to the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation.

(c) A violation for which a civil warning or a civil penalty is imposed pursuant to this Code section shall not be considered a moving traffic violation for the purpose of points assessment under Code Section 40-5-57. Such violation shall be deemed noncriminal, and imposition of a civil warning or civil penalty pursuant to this Code section shall not be deemed a conviction and shall not be made a part of the operating record of the person upon whom such liability is imposed, nor shall it be used for any insurance purposes in the provision of motor vehicle insurance coverage.

(d) If a person issued and mailed a citation pursuant to subsection (b) of this Code section fails to pay the penalty for the violation or has not filed a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section in no less than 30 nor more than 60 days after such mailing as determined and noticed by the law enforcement agency, the agent or law enforcement agency shall send to such person by first class mail a second notice of any unpaid civil penalty, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil penalty shall be imposed. The second notice shall include all information required in paragraph (2) of subsection (b) of this Code section and shall include a new date of return which shall be no less than 30 days after such mailing as determined and noticed by the law enforcement agency. If such person notified by second notice again fails to pay the penalty or file a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section by the new date of return, such person shall have waived the right to contest the violation and shall be liable for the civil monetary penalty provided for under this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil penalty shall be imposed.

(e) Notices mailed by first class mail pursuant to this Code section shall be adequate notification of the fees and penalties imposed by this Code section. No other notice shall be required for the purposes of this Code section.

(f) Any court having jurisdiction over violations of the speed limit in the school zone shall have jurisdiction over cases arising under this Code section and shall be authorized to impose the civil monetary penalty. The provisions of law governing jurisdiction, procedure, defenses, adjudication, appeal, and payment and distribution of penalties otherwise applicable to violations of the speed limit in the school zone shall apply to enforcement under this Code section, except as otherwise provided in this Code section; provided, however, that any appeal from superior or state court shall be by application in the same manner as that provided by Code Section 5-6-35.

(g) Recorded images made for purposes of this Code section shall not be a public record for purposes of Article 4 of Chapter 18 of Title 50.
(h) A civil warning or penalty under this Code section on the owner of a motor vehicle shall not be imposed if the operator of the vehicle was arrested or issued a citation and notice to appear by a peace officer for the same violation."

A BILL TO BE ENTITLED
AN ACT

To amend Article 2 of Chapter 4 of Title 12 of the Official Code of Georgia Annotated, relating to mining and drilling, so as to regulate the exploration and extraction of gas and oil in this state; to provide for definitions; to provide for authority to create an Oil and Gas Board under certain circumstances; to require the promulgation of rules and regulations related to drilling and extraction; to amend provisions relating to drilling permits; to increase the amount of bond security for drilling operations; to provide for authority of local governments; to provide for a severance tax on the extraction of oil and gas; to amend Code Section 12-8-39 of the Official Code of Georgia Annotated, relating to landfill cost reimbursement fees and surcharges, so as to increase the fee charged in certain circumstances; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 4 of Title 12 of the Official Code of Georgia Annotated, relating to mining and drilling, is amended by revising Part 2, relating to deep drilling for oil, gas, and other minerals, as follows:

"Part 2

12-4-40.

This part shall be known and may be cited as the 'Oil and Gas and Deep Drilling Act of 1975.'

12-4-41.

The General Assembly finds and declares that its duty to protect the health, safety, and welfare of the citizens of this state requires that adequate protection of underground fresh water supplies be assured in any drilling operation which may penetrate through any stratum which contains fresh water. This duty further requires that adequate protection be assured in any drilling or the use of such drilled wells in certain other environmentally sensitive areas or in other circumstances where the result of such drilling and use may endanger the health, safety, and welfare of the citizens of this state. It is not the policy of the General Assembly to regulate the drilling of shallow

exploration or engineering holes except in such environmentally sensitive areas as defined in this part. The General Assembly further finds and declares that~~, with the current energy shortage which this state and nation face, it must encourage~~ oil and gas exploration to identify new sources of energy~~, but not~~ should not occur at the expense of our important natural resources such as residential, municipal, and industrial supplies of fresh water. The General Assembly further finds and declares that it should continue to encourage oil and gas exploration. The General Assembly further finds and declares that with an increase in oil exploration, it must provide assurances to persons engaging in such exploration that adequate safeguards regarding results of exploration will remain privileged information for a specified time. The General Assembly further finds and declares that it is in the public interest to obtain, protect, and disseminate all possible geologic information associated with drilling operations in order to further the purposes of future energy related research.

12-4-42.

As used in this part, the term:

(1) 'Board' means the Board of Natural Resources.

(1.1) 'Director' means the director of the Environmental Protection Division of the Department of Natural Resources.

(2) 'Drilling' means the boring of a hole in the earth by remote mechanical means and all associated activities, including but not limited to casing, perforating, plugging, cementing, and capping.

(3) 'Environmentally sensitive area of the coastal zone' means that area of the coastal zone where salt-water-bearing strata overlie the fresh-water aquifer system.

(4) 'Field' means the general area which is underlaid or appears to be underlaid by at least one pool. This term shall include the underground reservoir or reservoirs containing crude petroleum oil or natural gas, or both. The words 'field' and 'pool' mean the same thing when only one underground reservoir is involved; however, 'field,' unlike 'pool,' may relate to two or more pools.

(5) 'Gas' means all natural gas, including casing-head gas, and all other hydrocarbons not defined as oil in paragraph (10) of this Code section.

(5.1) 'Hydraulic fracturing' means those operations conducted in an individual well bore designed to increase the flow of hydrocarbons from the rock formation to such well bore through modification of the permeability of reservoir rock by fracturing it through application of fluids under pressure.

(6) 'Illegal mineral' means any mineral, including oil or gas, which has been produced within the State of Georgia in violation of this part, any rule or regulation adopted and promulgated pursuant to this part, or any order issued under this part.

(7) 'Illegal product' means any product of oil, gas, or other mineral, any part of which was processed or derived, in whole or in part, from an illegal mineral.

(8) 'Mineral' means any naturally occurring substance found in the earth which has commercial value. This term shall include oil and gas, as defined in this Code section, but shall not include fresh water.

(9) 'Mineral product' means any commodity made from any mineral.

(10) 'Oil' means crude petroleum oil and other hydrocarbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods and which are not the result of condensation of gas after it leaves the reservoir.

(11) 'Owner' means the person who has the right to drill into and produce from any pool and to appropriate the production either for himself or herself and another, or himself or herself and others.

(12) 'Person' means any natural person, corporation, joint venture, association, partnership, receiver, trustee, guardian, executor, administrator, fiduciary or representative of any kind, all agencies or instrumentalities of the state, and all county or municipal governments or any authority.

(13) 'Pool' means an underground reservoir containing a common accumulation of crude petroleum oil or natural gas, or both. Each zone of a general structure which is completely separated from any other zone in the structure is covered by the term 'pool' as used in this part.

(14) 'Producer' means the owner of a well or wells capable of producing oil or gas, or both.

(15) 'Tender' means a permit or certificate of clearance for the transportation of minerals, including oil and gas, or mineral products produced under this part, approved and issued or registered under the authority of the board.

(16) 'Unitization agreement' means a voluntary agreement between operators to create operation units.

(17) 'Waste,' in addition to its ordinary meaning, means 'physical waste' as that term is generally understood in the oil and gas industry. The term shall also include, but not be limited to:

(A) The inefficient, excessive, or improper use or dissipation of reservoir energy and the locating, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner which results, or tends to result, in a reduction in the quantity of oil or gas ultimately to be recovered from any pool in this state;

(B) The inefficient storing of oil and the locating, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner causing, or tending to cause, unnecessary or excessive surface loss or destruction of oil or gas;

(C) Abuse of the correlative rights and opportunities of each owner of gas or oil in a common reservoir due to nonuniform, disproportionate, and unratable withdrawals causing undue drainage between tracts of lands;

(D) The production of oil or gas in such a manner as to cause unnecessary water channeling or zoning;

(E) The operation of any oil well or wells with an inefficient gas-oil ratio;

(F) The drowning with water of any stratum or part thereof capable of producing gas or oil, except where approval for such a project has been granted by the department;

(G) Underground waste, however caused and whether or not defined, as the same relates to any activity regulated by this part;

(H) The creation of unnecessary fire hazards as the same relates to any activity regulated by this part;

(I) The escape into the open air, from a well producing both oil and gas, of gas in excess of the amount which is necessary in the efficient drilling or operation of the well; and

(J) Permitting gas produced from a gas well to escape into the air, except for testing purposes.

(18) 'Well' means any boring drilled in the search for or the production of oil, gas, or other minerals or water.

12-4-43.

For the purpose of this part:

(1) The board shall have the authority to make such inquiries as it may deem necessary into any matter over which it has jurisdiction;

(2) The board shall have the jurisdiction of and authority over the drilling of and subsequent use of any well for the exploration or production of oil and gas; any well for the exploration or production of any other mineral drilled to a depth greater than 1,800 feet; any well for the exploration or production of any mineral located in the environmentally sensitive area of the coastal zone and which is drilled to a depth sufficient to penetrate the fresh-water aquifer system; any underground storage well with the exception of those wells covered by Article 3 of Chapter 4 of Title 46; any well for the underground disposal of waste materials; any well for the production of fresh water drilled to a depth greater than 1,800 feet; and any well for the exploration or production of brine or salt water;

(3) The board shall have the authority to regulate the spacing of wells and the production of all oil and gas and the production of any other minerals produced through a well or bore hole in liquid or slurry form to a depth greater than 1,800 feet or located in the environmentally sensitive area; provided, however, that this authority does not extend to the drilling of wells for the production of fresh water used for drinking, residential, industrial, or agricultural purposes, except as provided for in paragraph (2) of this Code section;

(4) The board shall have the power to adopt and promulgate rules and regulations necessary to effectuate the purposes of this part;

(5) The board may delegate to the director the administrative duties and powers, including, without limitation, the power to consider and issue permits to drill wells and to establish drilling and operation units, created under the authority of this part.; and

(6) Upon receipt of at least 12 applications during a calendar year for any permit to drill any well for the exploration or production of oil or gas, the board may delegate to the director the authority to create an Oil and Gas Board to review and issue permits and regulate drilling activity. Any such Oil and Gas Board shall consist of the state geologist and three other members appointed by the Governor.

12-4-44.

(a) The board shall have the authority to adopt and promulgate rules and regulations dealing with the control of matters over which it has jurisdiction under this part. Such rules and regulations shall include, but shall not be limited to, rules and regulations for the following purposes:

(1) To require the drilling, casing, and plugging of wells regulated under this part to be done in such a manner as to prevent the escape of oil or gas out of one stratum into another stratum; to prevent the pollution of fresh ~~water supplies~~ surface water and ground water supplies by oil, gas, salt water, or other contaminants; and to require reasonable bonds;

(2) To require the making of reports showing the location of all wells regulated under this part, including the filing of drill cutting samples, cores, and copies of all logs, and to further require that the operator submit the name classification used for each of the subsurface formations penetrated and the depth at which each such formation was penetrated;

(3) To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas in paying quantities and to prevent the premature and irregular encroachment of water which reduces the total ultimate recovery of oil or gas from any pool;

(4) To require the operation of wells regulated under this part with efficient gas-oil ratios and to fix such ratios;

(5) To prevent 'blowouts,' 'caving,' and 'seepage' in the sense that conditions indicated by such terms are generally understood in the oil and gas business;

(6) To prevent fires, waste, and spillage as same relates to any activity regulated by the provisions of this part;

(7) To identify the ownership of all oil or gas wells, producing leases, refineries, tanks, plants, structures, and all storage and transportation equipment and facilities;

(8) To regulate the 'shooting,' perforating, fracturing, hydraulic fracturing, and chemical treatment of wells;

(9) To regulate secondary recovery methods, including, but not limited to, the introduction of gas, oil, water, or other substances into producing formations;

(10) To limit and prorate the production of oil or gas, or both, from any pool or field for the prevention of waste as defined in Code Section 12-4-42;

(11) To require, either generally or in or from particular areas, certificates of clearance or tenders in connection with the transportation of oil or gas produced in Georgia;

(12) To regulate the spacing of wells and to establish drilling units;

(13) To prevent, insofar as is practical, avoidable drainage from each developed unit which is not equalized by counterdrainage;

(14) To establish procedures for the plugging and abandonment of wells regulated under this part and to establish procedures for the restoration and reclamation of well sites;

(15) To require that accurate records be kept on forms to be prescribed by the director, which records shall be reported to the director within the time specified in such rules and regulations; reports shall include such information as the director may prescribe, including, but not limited to, information concerning cuttings, subsurface samples, and lithologic and geophysical logs;

(16) To require that geologic and testing information obtained from a well regulated under this part be held in confidence by the director for a period of at least six months from the time of drilling to total depth, or, if the director approves, a longer period, if the operator makes a written request for the same stating the length of the extension desired and the reasons therefor; provided, however, that the guarantee of confidentiality provided for in this paragraph shall in no way impair the ability of the board or the director to enforce this part;

(17) To regulate the issuance, denial, and revocation of permits and to regulate bonds required under this part, except as to persons provided for in paragraph (18) of this Code section;

(18) To regulate the issuance of permits to persons who have been found to have violated any provision of this part, any rule or regulation adopted and promulgated pursuant to this part, or any order or permit issued under this part, and to establish the amount of bond for such persons;

(19) To regulate the cooperative development or operation of all or part of an oil or gas pool as a unit;

(20) To require that certain geophysical logging and other tests be conducted to ensure that the requirements of paragraphs (1), (8), and (14) of this Code section are met; and

(21) To regulate the underground storage or disposal of substances other than those substances covered by the provisions of Article 3 of Chapter 4 of Title 46.

(b) On or before July 1, 2018, the board shall adopt regulations governing hydraulic fracturing operations. Such regulations shall include, at a minimum:

(1) Provisions for public notice of any application for any permit for any hydraulic fracturing well, such notice to be given before any decision on the permit application. The contents of such public notice shall include, at a minimum:

(A) The name, address, and telephone number of the division contact where further information can be obtained;

(B) The name and address of the applicant;

(C) The location of the well proposed to be fractured and the route of any directional borehole to the end point of such borehole;

(D) A brief description of the project, including information regarding the sources of water to be used as base fluid and estimated amounts and methods of wastewater disposal; and

(E) A brief description of the public comment period and procedures the director will follow to determine whether to issue the permit;

(2) Provisions for the identification of groundwater sources within one-half mile of any proposed wellhead and within one-half mile along the route of any directional

borehole to the end point of such borehole, and for groundwater quality monitoring before, during, and after drilling operations;

(3) Provisions providing for the mandatory disclosure of the chemicals in the fluids used in hydraulic fracturing projects to the director and to the commissioner of public health, and a fair process for the disclosure of fracturing fluids to facilitate transparency, while protecting valuable trade secrets and allowing well owners, operators, and service companies to protect their right to obtain an advantage over competitors;

(4) Provisions for the safe disposal of all hydraulic fracturing fluids; and

(5) Provisions for the restoration and reclamation of abandoned well sites, storage facility sites, pits, and access roads.

12-4-45.

(a) In regard to the establishment of drilling units and operation units, the allocation of production, the integration of separately owned tracts of land, and agreements in the interest of conservation, the board, in addition to the jurisdiction, authority, or powers granted elsewhere in this part, shall have the specific powers with respect to the exploration or production of oil or gas enumerated below.

(1) **Drilling units.** For the prevention of waste and to avoid the augmenting and accumulation of risk arising from the drilling of an excessive number of wells, the board shall, after due investigation and a hearing, have full power and authority to establish such drilling unit or units as may, in its discretion, seem most reasonable and practicable. The board shall have control of the allocation of production over such units and shall, after investigation and hearing, set up, establish, and allocate to each unit its just and equitable share of production, and shall make such orders, rules, and regulations as will give to each producer the opportunity to use his or her just and equitable share of the reservoir energy of any pool. The board shall have power after notice and hearing to review and approve, or disapprove, agreements made among owners or operators, or among owners and operators in the interest of conservation of oil or gas or both or for the prevention of waste. When two or more separately owned tracts of land are embraced within an established drilling unit, the owners thereof may validly agree to integrate their interests and to develop their lands as a drilling unit. Where, however, such owners have not agreed to integrate their interests, the board may, for the prevention of waste or to avoid the drilling of unnecessary wells, after notice and hearing, require such owners to do so and to develop their lands as a drilling unit. Should the owners of separate tracts embraced within a drilling unit fail to agree upon the integration of the tracts and the drilling of a well on the unit, and should it be established that the board is without authority to require integration as provided for above, then subject to all other applicable provisions of this part, the owner of each tract embraced within the drilling unit may drill on his or her tract, but the allowable production from said tract shall be such proportion of the allowable production for the full drilling unit as the area of such separately owned tracts bears to the full drilling unit.

(2) **Operation units.**

(A) For the prevention of waste and to assure the ultimate recovery of gas or oil, the board may hold a hearing to consider the need for the operation as a unit of an entire field, or of any pool or any portion thereof, or combination of pools, within a field, for the production of oil or gas or both and other minerals which may be associated and produced therewith by additional recovery methods.

(B) At the conclusion of the hearing the board shall issue an order requiring unit operation if it finds that:

(i) Unit operation of the field, or of any pool or of any portion or combinations thereof within the field, is reasonably necessary to prevent waste as defined in Code Section 12-4-42 or to increase the ultimate recovery of oil or gas by additional recovery methods; and

(ii) The estimated additional cost incident to the conduct of such operation will not exceed the value of the estimated additional recovery of oil or gas; provided, however, that the board shall be authorized to prohibit the production of gas or oil by any recovery method if it has determined that such recovery method will result in waste or reduce the ultimate recovery of gas or oil from any field or pool or portion or combination thereof.

(C) The phrase 'additional recovery methods' as used in this Code section shall include, but shall not be limited to, the maintenance or partial maintenance of reservoir pressures by any method recognized by the industry and approved by the board; recycling; flooding a pool or pools, or parts thereof, with air, gas, water, liquid hydrocarbons or any other substance, or any combination or combinations thereof; or any other secondary method of producing hydrocarbons recognized by the industry and approved by the board.

(D) The order provided for in subparagraph (B) of this paragraph shall be fair and reasonable under all the circumstances, shall protect the rights of interested parties, and shall include:

(i) A description of the area embraced, termed the unit area; and a description of the affected pool or pools, or portions thereof, which lie within the unit area;

(ii) A statement of the nature of the operations contemplated;

(iii) A method of allocation among the separately owned tracts in the unit area of all the oil or gas or both produced from the unit pool within the unit area and not required in the conduct of such operation or unavoidably lost, such method of allocation to be on a formula that is fair and equitable and will protect the correlative rights of all interested parties;

(iv) A provision for adjustment among the owners of the unit area (not including royalty owners) of their respective investments in wells, tanks, pumps, machinery, materials, equipment, and other things and services of value attributable to the unit operations. The amount to be charged unit operations for any such item shall be determined by the owners of the unit area (not including royalty owners); provided, however, that if such owners of the unit area are unable to agree upon the amount of such charges, or to agree upon the correctness thereof, the board

shall determine the amount after due notice and hearing thereon. The net amount charged against the owners of a separately owned tract shall be considered expense of unit operation chargeable against such tract. The adjustment provided for in this division may be treated separately and handled by agreements separate from the unitization agreement;

(v) A provision that the costs and expenses of unit operations, including investment, past and prospective, be charged to the separately owned tracts in the same proportions that such tracts share in unit productions. The expenses chargeable to a tract shall be paid by the person or persons not entitled to share in production free of operating costs, and who, in the absence of unit operation, would be responsible for the expense of developing and operating such tracts, and such person's or persons' interest in the separately owned tract shall be primarily responsible therefor. The obligation or liability of such persons in the several, separately owned tracts for the payment of unit expense shall at all times be several and not joint or collective. The unit operator shall have a first and prior lien upon the leasehold estate exclusive of the royalty interest provided thereby and unleased oil and gas rights, exclusive of one-eighth interest therein, in and to each separately owned tract, and the interest of the owners thereof in and to the unit production and all equipment in possession of the unit, to secure the payment of the amount of the unit expense charged to and assessed against such separately owned tract;

(vi) The designation of, or a provision for the selection of, a unit operator. The conduct of all unit operations by the unit operator and the selection of a successor to the unit operator shall be governed by the terms and provisions of the unitization agreements;

(vii) A provision that when the full amount of any charge made against any interest in a separately owned tract is not paid when due by the person or persons primarily responsible therefor, then all of the oil and gas production allocated to the interest in default in such separately owned tract, upon which production the unit operator has a lien, may be appropriated by the unit operator and marketed and sold for the payment of such charge, together with interest at a fair and equitable rate as determined by the board thereon. The remaining portion of the unit production or the proceeds derived therefrom allocated to each separately owned tract shall in all events be regarded as royalty to be paid to the owners, free and clear of all unit expense and free and clear of any lien therefor. The owner of any overriding royalty, oil and gas payment, or other interest, who is not primarily responsible for the unpaid obligation, shall, to the extent of any payment or deduction from his or her share, be subrogated to all the rights of the unit operator with respect to the interest or interests primarily responsible for such payment. Any surplus received by the operator from any such sale of production shall be credited to the person or persons from whom it was deducted in the proportion of their respective interest; and

(viii) The time the unit operation shall become effective, and the manner in which, and the circumstances under which, the unit operation shall terminate.

(E) An order requiring unit operation shall not become effective unless and until a contract incorporating the unitization agreement has been signed or in writing ratified or approved by the owners of at least ~~75~~ 85 percent in interest as costs are shared under the terms of the order and by ~~75~~ 85 percent in interest, as production is to be allocated, of the royalty owners in the unit area, and unless and until a contract incorporating the required arrangements for operations has been signed or in writing ratified or approved by the owners of at least ~~75~~ 85 percent in interest as costs are shared, and unless and until the board has made a finding, either in the order or in a supplemental order, that those contracts have been signed, ratified, or approved. Both contracts may be encompassed in a single document. In the event the required percentage interests have not signed, ratified, or approved such agreements within six months from and after the date of such order, or within such extended period as the board may prescribe, the order shall be automatically revoked.

(F)(i) The board, by entry of new or amending orders, may from time to time add to unit operations portions of pools not theretofore included, and may add to unit operations new pools or portions thereof, and may extend the unit area as required. Any such order, in providing for allocation of production from a unitized zone of the unit area, shall first allocate to such pool or pools, or portion thereof so added, a portion of the total production of oil or gas, or both, from all pools affected within the unit area, as enlarged and not required in the conduct of unit operations or unavoidably lost. Such allocation shall be based on a formula for sharing that is considered to treat each tract and each owner fairly and equitably during the remaining course of unit operations. The production so allocated to such added pool or pools or portions thereof shall be allocated to the separately owned tracts which participate in such production on a fair and equitable basis. The remaining portion of unit production shall be allocated among the separately owned tracts within the previously established unit area in the same proportions as those specified prior to the enlargement unless such proportions are shown to be erroneous by data developed subsequent to the former determination, in which event the errors shall be corrected. Orders promulgated under this Code section shall become operative at 7:00 A.M. on the first day of the month next following the day on which the order becomes effective.

(ii) An order promulgated by the board under this subparagraph shall not become effective unless and until:

(I) All of the terms and provisions of the unitization agreement relating to the extension or enlargement of the unit area or to the addition of pools or portions thereof to unit operations have been fulfilled and satisfied, and evidence thereof has been submitted to the board; and

(II) The extension or addition effected by such order has been agreed to in writing by the owners of at least ~~75~~ 85 percent in interest as costs are shared in the area or pools or portions thereof to be added to the unit operation by such

order and by ~~75~~ 85 percent in interest, as production is to be allocated, of the royalty owners in the area or pools or portions thereof to be added to the unit operations by such order, and evidence thereof has been submitted to the board.

(iii) In the event both of the requirements specified in subdivisions (I) and (II) of division (ii) of this subparagraph are not fulfilled within six months from and after the date of such order or within such extended period as the board may prescribe, the order shall be automatically revoked.

(G) When the contribution of a separately owned tract with respect to any unit pool has been established, such contribution shall not be subsequently altered except to correct a mathematical or clerical error that caused the tract contribution to be erroneous, unless an enlargement of the unit is effected. No change or correction of the contribution of any separately owned tract shall be given retroactive effect, but appropriate adjustment shall be made for the investment charges as provided in this Code section.

(H) The portion of unit production allocated to a separately owned tract within the unit area shall be deemed, for all purposes, to have been actually produced from such tract, and operations with respect to any unit pool within the unit area shall be deemed, for all purposes, to be the conduct of operations for the production of oil or gas, or both, from each separately owned tract in the unit area.

(b) Owners, operators, and royalty owners who have separate holdings in the same oil or gas pool or in any area that appears from geological or other data to be underlaid by a common accumulation of oil or gas or both are authorized to make agreements among themselves for establishing and carrying out a plan for the cooperative development and operation of the pool or area, provided that such agreements must be approved by the board; provided, further, that such agreements must be for the purpose of conserving gas or oil or both, or for the prevention of waste, or to assure the ultimate recovery of gas or oil or both. Such agreements shall not be held or construed to violate any of the laws of this state relating to trusts, monopolies, or contracts and combinations in restraint of trade.

12-4-46.

(a) Before any well covered by this part, other than wells for the production of fresh water, may be drilled, the person desiring to drill the well shall apply to the director for a drilling permit, using such forms as the director may prescribe, and shall pay a fee of ~~$25.00~~ $500.00 for each permit.

(b) The director shall, within 30 days after the receipt of a properly completed application from any person desiring to drill a well covered by this part, ~~either issue or deny a permit for the well~~ issue a public notice for the permit application by posting such notice to the division website and by sending such notice via mail or electronic mail to any persons who have requested notification of permit applications from the division. The director shall allow for a 30 day public comment period to begin running from the date the public notice is posted on the division website and as outlined in

subsection (c) of this Code section. The director shall review and consider the public comments received during the public comment period.

(c) The permit applicant shall provide the director's public notice of the proposed well directly to property owners and residents who may be impacted by the issuance of the permit within ten days of the date of the public notice by, at a minimum:

(1) Posting the public notice along the road nearest to the proposed well;

(2) Providing the public notice to all persons owning real property within one-half mile of the proposed wellhead and within one-half mile along the route of any directional borehole and any residence that has any drinking water wells within one-half mile of the proposed wellhead and within one-half mile along the route of any directional borehole; and

(3) Publishing the public notice in at least one legal organ in the county where the well will be located.

(d) After considering the permit application, the director shall either issue or deny a permit for the well. The director shall notify the public of the final permit decision by posting the decision to the division website and by sending notice of the decision via mail or electronic mail to any persons who have requested notification of permit applications from the division.

~~(c)~~(e) In issuing or denying a permit for the drilling of a well covered by this part, the director shall consider the extent to which the proposed well complies with this part, all rules and regulations adopted and promulgated pursuant to this part, or any order under this part.

~~(d)~~(f) In issuing a permit for the drilling of any well covered by this part, the director shall specify therein such terms and conditions as he or she deems necessary to receive the permit and to lawfully operate thereunder. Permits shall include the following requirements:

(1) Requirements for testing the integrity of well casings;

(2) Requirements for maintenance and repair of roadways significantly impacted by drilling operations, including hydraulic fracturing activities; and

(3) Requirements for buffers around wells and property line setbacks that are sufficient to protect affected property owners from any noise, light, water, or air pollution resulting from any drilling operations.

(g) Any permit issued under this Code section shall become final unless ~~the~~ any person ~~or persons~~ named therein ~~request~~ requests in writing a hearing before an administrative law judge appointed by the board no later than 30 days after the issuance of such permit. ~~(e)~~(h) The director shall have the power and the authority to revoke a permit for noncompliance with any of the provisions of this part, any rules and regulations promulgated under this part, or the special conditions contained in any permit.

~~(f)~~(i) The issuance of a permit under this part in no way indicates a determination by the director as to property or contractual rights of the applicant to drill such a well at the designated location.

12-4-47.

(a) Prior to the issuance of a permit to drill any well covered by this part, the owner, operator, contractor, driller, or other person responsible for the conduct of the drilling operation shall furnish the state a bond or undertaking in the form prescribed by the board and in an amount set by the board, executed by a bonding, surety, or insurance company authorized to do business in this state in the favor of the state. Alternatively, the board in its discretion may require a similar undertaking executed only by such person to ensure a faithful performance of the requirements of this part, of any rules or regulations adopted pursuant thereto, or of any condition of a permit. Such bond or undertaking is intended to protect the state or any citizen thereof from any injury which may result from improper drilling.

(b) Any bond required under this part shall be released two years from the date of receipt by the director of all geological information required under this part or any rule or regulation adopted pursuant to this part; provided, however, that the director shall have examined and approved the abandoned well for which the bond was furnished.

(c) No bond required under this part shall exceed ~~$50,000.00~~ $100,000.00.

12-4-48.

(a) Whenever the director has reason to believe that any person is violating the provisions of this part or any rule or regulation adopted pursuant to this part, the director may issue an administrative order to that person. The order shall specify the provisions of this part alleged to have been violated and shall order that corrective action be taken within a reasonable period of time prescribed in the order. Any such order shall become final and enforceable unless the person or persons named therein request in writing a hearing before an administrative law judge appointed by the board no later than 30 days after the issuance of the order.

(b) Whenever the director finds that an emergency exists requiring immediate action to protect the public interest, the director may issue a provisional order reciting the existence of such an emergency and requiring that such action be taken as is reasonably necessary to meet the emergency under the circumstances, provided that such an emergency order shall be issued only after an affidavit has been filed with the director showing specific facts of such an emergency condition. Such order shall be effective immediately. Any person against whom such order is directed shall upon appropriate notice comply therewith immediately but on application to the director shall be afforded a hearing before an administrative law judge appointed by the board within ten days of receipt of such application by the director or, if the party applying so requests, within 48 hours of receipt of such application by the director. Prior to such hearing, the director shall be authorized to modify or revoke such order. After the hearing, the administrative law judge shall be authorized to make such order as is just and reasonable, including an order continuing, revoking, or modifying such provisional order.

(c) Whenever the director has reason to believe that any person is violating any provision of this part or any rule or regulation adopted pursuant to this part, the director

may bring an action against such person in the proper superior court to restrain such person or persons from continuing such violations. In such action, the director may seek injunctions, including temporary restraining orders and temporary injunctions, without the necessity for showing lack of an adequate remedy at law.

(d) Any person who willfully or negligently violates any provision of this part, any rule or regulation adopted under this part, or any permit or final or emergency order of the director shall be subject to a civil penalty of not less than $50.00, but in any event not to exceed $10,000.00 for each act of violation. Each day of continued violation shall subject such person to a separate civil penalty. An administrative law judge appointed by the board, after a hearing shall determine whether or not any person has violated any provision of this part or any rule or regulation adopted under this part or any permit or final or emergency order of the director, and shall upon proper finding issue an order imposing such civil penalties as provided in this Code section. Any person so penalized under this Code section is entitled to judicial review. In this connection, all hearings and proceedings for judicial review under this Code section shall be in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' All civil penalties recovered by the director as provided by this chapter shall be paid into the state treasury to the credit of the general fund.

(e) In addition to any other enforcement remedy available to the director under this part, all illegal minerals and illegal products are declared to be contraband and forfeited to the state in accordance with the procedures set forth in Chapter 16 of Title 9, except that:

(1) Any seizure of contraband shall be delivered to the director or his or her duly authorized agent;

(2) Illegal minerals shall only be forfeited as provided for in Code Section 9-16-12; and

(3) Property seized pursuant to this subsection shall not be required to be stored in an area within the jurisdiction of the court if such storage is not possible.

(f) Nothing in this Code section shall deny or abridge any cause of action a royalty owner, lienholder, or other claimant may have against any persons whose acts result in the forfeiture of the illegal oil, illegal gas, or illegal product.

12-4-49.

In the administration and enforcement of this part, all hearings before an administrative law judge shall be subject to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' Any party to said hearings (including the director) shall have the right of judicial review in accordance with Chapter 13 of Title 50.

12-4-50.

In any contested administrative hearing under this part, no person shall be excused from attending and testifying, or from producing books, papers, and records before the administrative law judge, or from obedience to the subpoena of the administrative law judge, on the ground or for the reason that the testimony or evidence, documentary or

otherwise, required by him or her may tend to incriminate him or her or subject him or her to a penalty or forfeiture, provided that nothing contained in this Code section shall be construed as requiring any person to produce any books, papers, or records, or to testify in response to any inquiry, not pertinent to a question lawfully before the administrative law judge for determination. No evidence given by or required of any natural person shall be used or admitted against such a person in any criminal prosecution for any transaction, matter, or thing concerning which he or she may be required to testify or produce evidence, documentary or otherwise, before the administrative law judge in obedience to its subpoena; provided, however, that no person testifying shall be exempt from prosecution and punishment for perjury committed in so testifying.

12-4-51.
Any provision of Part 2 of Article 3 of Chapter 5 of this title which is inconsistent with this part shall not be repealed by this part and shall govern over this part.

12-4-52.
This part shall not be construed as limiting the authority or functions of any officer or agency of this state under any other law or regulation not inconsistent with this part.

12-4-52.1.
This part shall not be construed as limiting the authority of local governments to adopt local zoning or land use ordinances limiting the location or timing of activities defined herein for the purposes of protecting natural resources or human health and welfare.

12-4-53.
The following activities are prohibited:
(1) The waste of oil or gas as defined in this part;
(2) The sale, purchase, or acquisition or the transportation, refining, processing, or handling of illegal minerals or illegal products;
(3) The sale, purchase, or acquisition or the transportation, refining, processing, or handling in any other way of any mineral, including oil and gas, or any mineral product without complying with this part or any rule or regulation of the board promulgated pursuant to this part;
(4) Intentionally or negligently permitting any gas or oil well to get out of control;
(5) The drilling of any well covered by the provisions of this part by any person without a permit for such drilling; and
(6) Any other violation of any provision of this part or any rule or regulation promulgated under this part.

12-4-54.
(a) As used in this Code section, the term 'extractor' means any person removing oil or gas from the ground pursuant to this part.

(b)(1) A severance tax shall be levied on oil or gas removed from the ground in this state by an extractor as follows:

(A) Three cents per barrel of oil; and

(B) One cent per thousand cubic feet of gas.

(2) The Department of Revenue shall promulgate rules and regulations as necessary to implement and administer the provisions of this subsection and shall promulgate and make available forms for the use of extractors to assist in compliance with this subsection.

(c)(1) In addition to the tax provided for in subsection (b) of this Code section, the governing authority of each county and each municipal corporation is authorized to provide by local ordinance or resolution for the levy, assessment, and collection of a severance tax on oil or gas removed from the ground by an extractor within the jurisdiction of such county or municipality as follows:

(A) An amount not to exceed nine cents per barrel of oil; and

(B) An amount not to exceed two cents per thousand cubic feet of gas.

(2) The severance tax provided for in paragraph (1) of this subsection shall be collected by the Department of Revenue in the same manner and under the same procedures as provided for pursuant to subsection (b) of this Code section on behalf of each county and municipality electing to exercise the powers conferred herein and shall be remitted to each such county and municipality accordingly."

SECTION 2.

Code Section 12-8-39 of the Official Code of Georgia Annotated, relating to landfill cost reimbursement fees and surcharges, is amended by revising subsection (d) as follows:

"(d) Effective ~~January 1, 1992,~~ July 1, 2017, when a municipal solid waste disposal facility is operated by private enterprise, the host local government is authorized and required to impose a surcharge of ~~$1.00~~ $3.00 per ton or volume equivalent in addition to any other negotiated charges or fees which shall be imposed by and paid to the host local government for the facility and shall be used to offset the impact of the facility, public education efforts for solid waste management, the cost of solid waste management, and the administration of the local or regional solid waste management plan; provided, however, that such surcharges may be used for other governmental expenses to the extent not required to meet the above or other solid waste management needs."

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

The following amendment was read and adopted:

Representative Meadows of the 5th offers the following amendment:

Such third-party auditor and the fantasy contest operator shall be required to appear before the commissioner and to produce books, records, working papers, and any other supporting documentation to the commissioner at his or her direction.

(c) A fantasy contest operator offering fantasy contests in this state shall not target in any advertising minors or players excluded pursuant to paragraph (9) of subsection (a) of this Code section.

(d) All fantasy contest operators shall develop fantasy contests that are limited to beginners and shall keep nonbeginner players from participating, either directly or through another person as a proxy, in those fantasy contests. A fantasy contest operator shall suspend the account of any fantasy contest player who is not a beginner and who enters a beginner contest directly or through another person as a proxy and shall ban such individual from further play. 10-1-935.

Fantasy contests offered by a fantasy contest operator properly registered in accordance with this article and operated in compliance with this article and the rules and regulations promulgated hereunder are exempt from Article 2 of Chapter 12 of Title 16.

10-1-936.

(a) The commissioner shall be authorized to promulgate rules and regulations to administer this article which may include administrative penalties to be imposed upon registered fantasy contest operators for any violation of this article or the rules and regulations of the commissioner. (b) The taxes, fees, and penalties imposed pursuant to this article shall be subject to interest and penalties and administered, assessed, and enforced in accordance with Chapters 2, 3, and 4 of Title 48 and the commissioner may require a proper surety bond to secure the same. The commissioner is specifically authorized to issue and enforce an execution for all amounts due the state under this article.
(c) The remedies provided in this Code section shall be in addition to all other remedies provided in this article.

10-1-937.
Any determination made by the commissioner under this article that is adverse to a fantasy contest operator may be challenged by such fantasy contest operator within 30 days of such adverse action through an appeal to the Georgia Tax Tribunal in accordance with Chapter 13A of Title 50. A BILL to be entitled an Act to amend Code Section 44-13-100 of the Official Code of Georgia Annotated, relating to exemptions for purposes of bankruptcy and intestate insolvent estates, so as to add assets in health savings accounts and medical savings accounts to the list of property that is exempt from bankruptcy; to provide for related matters; to repeal conflicting laws; and for other purposes.

The following substitute, offered by Representative Ehrhart of the 36th, was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Article 1 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated, relating to definitions, so as to provide for the manner of reporting and investigation of certain crimes by officials and employees of postsecondary institutions in this state; to provide for a definition; to provide for penalties for violations; to provide for exceptions; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated, relating to definitions, is amended by designating the existing text as Part 1 and adding a new part to read as follows:

"Part 2

20-3-10.

(a) As used in this part, the term 'postsecondary institution' means a school which is:

(1) A unit of the University System of Georgia;

(2) A branch of the Technical College System of Georgia;

(3) A private independent nonproprietary postsecondary institution eligible for tuition equalization grants in accordance with the provisions of subparagraph (A) of paragraph (2) of Code Section 20-3-411; or

(4) A private proprietary postsecondary institution eligible for tuition equalization grants in accordance with the provisions of subparagraph (B) of paragraph (2) of Code Section 20-3-411.

(b) Every postsecondary institution in this state that receives information, other than information provided to an employee privileged under the laws of this state, which would lead such institution to reasonably believe that a crime which is a felony under the laws of this state has been committed by a student enrolled in such postsecondary

institution or in or on the campus of such postsecondary institution shall promptly report such crime to the campus law enforcement agency or other appropriate law enforcement agency. If the felony involves an alleged sexual assault, no information which specifically identifies the victim shall be provided in the report without the consent of the victim. Such law enforcement agency shall then determine whether to investigate such alleged criminal offense and whether to report such findings to the appropriate prosecutor's office. No criminal investigation of such matter shall be undertaken by the postsecondary institution unless such investigation is done by a campus law enforcement agency staffed by law enforcement officers who are certified peace officers by the Georgia Peace Officer Standards and Training Council. Nothing contained in this subsection shall require a victim of an alleged sexual assault to cooperate with law enforcement in any investigation or to participate in any subsequent prosecution.

(c) Separate from any criminal investigations, prosecutions, or adjudications occurring in accordance with subsection (b) of this Code section, each postsecondary institution is expected to meet its duty of care to protect the campus community as required by law. The postsecondary institution may pursue interim measures necessary to meet its duty of care. The postsecondary institution may pursue formal disciplinary actions, against any student for any violation of its code of conduct pursuant to the postsecondary institution's general disciplinary process for students. However, no student shall be subject to any interim discipline, suspension, or expulsion for any violation of the postsecondary institution's code of conduct pursuant to the postsecondary institution's general disciplinary process for students arising from the same acts or occurrences which are the basis for any criminal investigations, prosecutions, or adjudications occurring in accordance with subsection (b) of this Code section without being provided the opportunity of a hearing affording due process protections to the accused student. No disciplinary investigation shall obstruct or prejudice an ongoing criminal investigation. No postsecondary institution shall require a victim of an alleged sexual assault to cooperate in any disciplinary investigation or to participate in any subsequent disciplinary proceedings.

(d) This Code section shall not supersede federal statutes or properly promulgated federal regulations to the contrary but shall supersede in the case of federal guidance letters and other expressions of opinion regarding policies by federal agencies.

(e) Notwithstanding anything to the contrary in this Code section, no official or employee of a postsecondary institution shall be required to include any information or statements in any report to the appropriate law enforcement agency or district attorney which is an admission or communication excluded from evidence pursuant to Code Sections 24-5-501, 24-2-502, and 24-5-509."

SECTION 2.

This Act shall become effective on August 1, 2017.

19-8-27.

(a) As used in this Code section, the term 'birth relative' means:

(1) A parent, biological father who is not ~~the~~ a legal father, grandparent, brother, sister, half-brother, or half-sister who is related by blood or marriage to a child who is being adopted or who has been adopted; or

(2) A grandparent, brother, sister, half-brother, or half-sister who is related by adoption to a child who is being adopted or who has been adopted.

(b)(1) An adopting parent or parents and birth relatives or an adopting parent or parents, birth relatives, and a child who is 14 years of age or older who is being adopted or who has been adopted may voluntarily enter into a written postadoption

contact agreement to permit continuing contact between such birth relatives and such child. A child who is 14 years of age or older shall be considered a party to a postadoption contact agreement.

(2) A postadoption contact agreement may provide for privileges regarding a child who is being adopted or who has been adopted, including, but not limited to, visitation with such child, contact with such child, sharing of information about such child, or sharing of information about birth relatives.

(3) In order to be an enforceable postadoption contact agreement, such agreement shall be in writing and signed by all of the parties to such agreement acknowledging their consent to its terms and conditions.

(4) Enforcement, modification, or termination of a postadoption contact agreement shall be under the continuing jurisdiction of the court that granted the petition ~~of~~ for adoption; provided, however, that the parties to a postadoption contact agreement may expressly waive the right to enforce, modify, or terminate such agreement under this Code section.

(5) Any party to the postadoption contact agreement may, at any time, file the original postadoption contact agreement with the court that has or had jurisdiction over the adoption if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(c) A postadoption contact agreement shall contain the following warnings in at least 14 point boldface type:

(1) After the entry of a decree for adoption, an adoption cannot be set aside due to the failure of an adopting parent, a ~~birth~~ biological parent, a birth relative, or the child to follow the terms of this agreement or a later change to this agreement; and

(2) A disagreement between the parties or litigation brought to enforce, terminate, or modify this agreement shall not affect the validity of the adoption and shall not serve as a basis for orders affecting the custody of the child.

(d)(1) As used in this subsection, the term 'parties' means the individuals who signed the postadoption contact agreement currently in effect, including the child if he or she is 14 years of age or older at the time of the action regarding such agreement, but such term shall exclude any third-party beneficiary to such agreement.

(2) A postadoption contact agreement may always be modified or terminated if the parties have voluntarily signed a written modified postadoption contact agreement or termination of a postadoption contact agreement. A modified postadoption contact agreement may be filed with the court if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(e) With respect to postadoption contact agreements that provide for court enforcement or termination or are silent as to such matters, any party, as defined in paragraph (1) of subsection (d) of this Code section, may file a petition to enforce or terminate such agreement with the court that granted the petition ~~of~~ for adoption, and the court shall enforce the terms of such agreement or terminate such agreement if such court finds by a preponderance of the evidence that the enforcement or termination is necessary to serve the best interests of the child.

(f) With respect to postadoption contact agreements that provide for court modification or are silent as to modification, only the adopting parent or parents may file a petition seeking modification. Such petition shall be filed with the court that granted the petition ~~of~~ for adoption, and the court shall modify such agreement if such court finds by a preponderance of the evidence that the modification is necessary to serve the best interests of the child and there has been a material change of circumstances since the current postadoption contact agreement was executed.

(g) A court may require the party seeking modification, termination, or enforcement of a postadoption contact agreement to participate in mediation or other appropriate alternative dispute resolution.

(h) All reasonable costs and expenses of mediation, alternative dispute resolution, and litigation shall be borne by the party, other than the child, filing the action to enforce, modify, or terminate a postadoption contact agreement when no party has been found by the court as failing to comply with an existing postadoption contact agreement. Otherwise, a party, other than the child, found by the court as failing to comply without good cause with an existing postadoption contact agreement shall bear all the costs and expenses of mediation, alternative dispute resolution, and litigation of the other party.

(i) A court shall not set aside a decree of adoption, rescind a surrender of rights, or modify an order to terminate parental rights or any other prior court order because of the failure of an adoptive parent, a birth relative, or the child to comply with any or all of the original terms of, or subsequent modifications to, a postadoption contact agreement.

19-8-28.

When a child is an orphan, the petitioner shall not be required to have a guardian appointed for such child in order for a guardian to execute a surrender of rights. Such child shall be adoptable without a surrender of rights."

SECTION 2-2.

Code Section 15-11-320 of the Official Code of Georgia Annotated, relating to termination of parental rights, is amended by revising subsection (d) as follows:

"(d) The court shall transmit a copy of every final order terminating the parental rights of a parent to the ~~Office of Adoptions~~ State Adoption Unit of the department within 15 days of the filing of such order."

SECTION 2-3.

Part 4 of Article 17 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to sick, personal, and maternity leave for teachers and other school personnel, is amended by adding a new Code section to read as follows:

"20-2-852.1.

A local board of education that permits paternity or maternity time off for biological parents following the birth of a child shall, upon request, make such time off available for individuals adopting a child, in the same manner and utilizing the same type of

leave. If the local board of education has established a policy providing time off for biological parents, that period of time shall be the minimum period of leave available for adoptive parents. Requests for additional leave due to the adoption of an ill child or a child with a disability shall be considered on the same basis as comparable cases of such complications accompanying the birth of such a child to an employee or employee's spouse. Any other benefits provided by the local board of education, such as job guarantee or pay, shall be available to both adoptive and biological parents on an equal basis. A local board of education shall not penalize an employee for exercising the rights provided by this Code section. The provisions of this Code section shall not apply to an adoption by the spouse of a custodial parent."

PART III
SECTION 3-1.

Part II of this Act shall become effective on January 1, 2018. This part and Part I of this Act shall become effective on July 1, 2017.

The Honorable Bill Reilly
309 State Capitol
Atlanta, GA 30334

Dear Mr. Clerk:

Yesterday the House voted on Senate Bill 71, which was replaced by House Bill 51. I was off the floor at the time the bill was called and thus did not register a vote. If I had been on the floor, I would have voted NO.

Yours truly,

/s/ Stacey Evans

Memorandum for the Record on HB 268

For the record, I wish to place the following memorandum in the House record concerning HB 268:

During our first House vote on HB 268, I was not supportive of measures outlined in the bill to simplify the voter registration process for Georgians; therefore, I voted against HB 268. When the bill was returned from the Senate with changes, I believed my concerns had been resolved, and I voted for HB 268. Unfortunately, the Senate changes had underlying consequences that make the bill more problematic for our voter registration process.

I was unaware of the underlying consequences it created, and had I known, I would not have voted for House Bill 268 when it returned to the House from the Senate for a 2nd House vote.

If House Bill 268 passes the Senate and returns to the House for another vote, I will vote against the bill to protect the voting rights of our citizens.

/s/ Darrel Bush Ealum

An Act creating the office of commissioner of Walker County, approved February 10, 1939 (Ga. L. 1939, p. 751), as amended, is amended by striking Section 1 through the end and inserting in lieu thereof the following:

"SECTION 1.

There is created the Board of Commissioners of Walker County to be elected and organized as provided for in this Act. The board shall be the successor to the office of commissioner of Walker County and shall continue to have the obligations and

liabilities of the commissioner of Walker County as existed immediately prior to January 1, 2021. The board shall constitute the governing authority of Walker County and shall exercise the powers, duties, and responsibilities vested in and upon such officers by the provisions of this Act. The term 'board,' whenever used in this Act, shall mean the Board of Commissioners of Walker County, including the chairperson and all members.

SECTION 2.

(a) The board shall consist of a chairperson and four district commissioners. The four district commissioners shall be residents of their respective commissioner districts as described in subsection (b) of this section and shall be elected by the electors of their respective districts as provided in Section 3 of this Act. The chairperson shall be elected at large as provided in Section 3 of this Act.

(b) For the purpose of electing members of the board, Walker County shall be divided into four commissioner districts. One member of the board shall be elected from each such district. Commissioner Districts 1, 2, 3, and 4 shall be and correspond to those four numbered districts described in and attached to and made a part of this Act and further identified as Plan Name: walkercc-2017 Plan Type: Local Administrator: SD053 User: Gina.

(c)(1) When used in such attachment, the term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia.

(2) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia.

(3) Any part of Walker County which is not included in any district described in the plan shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(4) Any part of Walker County described in the plan as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

SECTION 3.

(a) No person shall be a member of the board if that person is ineligible for such office pursuant to Code Section 45-2-1 of the O.C.G.A. or any other general law.

At the time of qualifying, each candidate for such office shall specify the commissioner district for which that person is offering as a candidate. A person elected as a member of the board from a commissioner district shall continue to reside in that district during that person's term of office or that office shall thereupon become vacant.

(c) The chairperson of the board shall be 25 years of age or older, shall have resided in Walker County for at least 12 consecutive months prior to election to such office, may reside anywhere within Walker County, and shall receive a majority of the votes cast for such office by the electors of the entire county. The chairperson shall continue to reside within Walker County during that person's term of office or that office shall thereupon become vacant.

SECTION 4.

(a) The first members of the Board of Commissioners of Walker County shall be elected at the 2020 November general election. The members of the board elected thereto from Commissioner Districts 1 and 2 in 2020 shall take office on January 1, 2021, and shall serve for an initial term of office which shall expire on January 1, 2023, and upon the election and qualification of their respective successors. The chairperson and the members of the board elected thereto from Commissioner Districts 3 and 4 in 2020 shall take office on January 1, 2021, and shall serve for initial terms of office which shall expire on January 1, 2025, and upon the election and qualification of their respective successors. Those and all future successors to the chairperson and members of the board whose terms of office are to expire shall be elected at the November state-wide general election immediately preceding the expiration of such terms, shall take office on the first day of January immediately following that election, and shall serve for terms of office of four years and until their respective successors are elected and qualified.

(b) The chairperson and members of the board shall be nominated and elected in accordance with Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'

SECTION 5.

(a) In the event of a vacancy occurring in the membership of the board, whether the vacancy is in the office of chairperson or any other member, for any reason other than expiration of term, that vacancy shall be filled as provided in this section.

(b) In the event a vacancy occurs on the board when at least 180 days remain in the unexpired term of office, the election superintendent of Walker County, within 15 days after the vacancy occurs, shall issue the call for a special election to fill the vacancy for the unexpired term. Such special election shall be called and conducted as provided in Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code,' as now or hereafter amended. Any person elected in a special election to fill such a vacancy shall take

office immediately upon certification of the results of such special election and qualification. If such vacancy is in the office of chairperson of the board of commissioners, the vice chairperson of the board shall exercise the powers and duties of the chairperson for the period beginning on the date the vacancy occurs and ending on the date the successor chairperson takes office for the unexpired term following the special election provided for in this subsection.

(c) In the event a vacancy occurs on the board when less than 180 days remain in the unexpired term of office, the remaining members of the board shall appoint a qualified person to fill the vacancy for the unexpired term. Any person appointed by the board to fill a vacancy as provided in this subsection shall possess the residency and other qualifications required for the office and shall take office immediately upon appointment and qualification. If such vacancy is in the office of chairperson of the board, the vice chairperson of the board shall exercise the powers and duties of the chairperson for the period beginning on the date the vacancy occurs and ending on the date the successor chairperson takes office for the unexpired term following his or her appointment as provided for in this subsection. During the time when the board has a vacancy under this subsection and only during such time, if a vote on a matter before the board results in a tie, the chairperson or, if the office of chairperson is vacant and the vice chairperson is serving as chairperson, the vice chairperson shall be allowed to cast an additional vote to break such tie.

SECTION 6.

Before entering upon the discharge of their duties, the chairperson and district commissioners shall subscribe to an oath before the judge of the probate court of such county for the true and faithful performance of their duties and that they are not the holders of any public funds unaccounted for. In addition, the chairperson and each district commissioner shall further give a satisfactory surety bond to the judge of the probate court of the county payable to the judge of the probate court or that judge's successor in office and filed in the office of the judge of the probate court, in the sum of $25,000.00, conditioned upon the faithful performance of the duties of the office. The costs of said bonds shall be paid out of the county treasury.

SECTION 7.

(a) District commissioners, other than the chairperson, shall serve in such capacity on a part-time basis and shall be paid a salary of $12,000.00 per year. Such compensation shall be paid in equal monthly installments from the funds of Walker County.

(b) The chairperson shall serve in such capacity on a full-time basis and shall be paid an annual salary equal to the annual salary of the highest paid elected county officer of Walker County, plus an additional $500.00, or $100,000.00 per annum, whichever is greater. For the purposes of this subsection, the term 'county officer' shall mean only the tax commissioner, the judge of the probate court, the sheriff, or the clerk of superior court. The salary provided in this subsection shall be paid in equal monthly installments from the funds of Walker County. The salary and expenses provided for in

this subsection shall constitute the entire compensation to which the chairperson shall be entitled to be paid from county funds.

(c) The chairperson and the district commissioners may be reimbursed for reasonable expenses incurred in carrying out their duties. Expenses may be reimbursed only after the submission of receipts or records of said expenses to the county clerk and approval by majority vote of the board of commissioners at a regularly scheduled meeting. The chairperson and commissioners shall be entitled to compensation for serving on any other boards or authorities for which their membership is provided by law.

(d) At their own expense, the district commissioners may participate in county provided health, dental, and other health related programs and in county sponsored retirement programs. No county funds shall be spent on these programs for the benefit of the district commissioners.

SECTION 8.

At the first regular meeting of each year, the board shall elect from its members a vice chairperson. In the event of death, disqualification, or resignation of the chairperson, the vice chairperson shall perform the duties and exercise the authority of the chairperson until a new chairperson is chosen as provided in this Act. The vice chairperson shall preside at meetings of the board in the absence of the chairperson and shall serve for the calendar year in which he or she is elected. In the event of a vacancy in the office of vice chairperson, the board shall elect a new vice chairperson to serve for the remainder of the calendar year.

SECTION 9.

Each month, at the county seat, the board of commissioners shall hold a minimum of two regular meetings. All meetings shall be open to the public as required by law and shall provide a time period exclusively for public comment. The time, date, and place of the meetings shall be determined by the board in the first meeting of the year. Any resolution passed by the board regarding the time, date, and place of its monthly meetings shall be published in the official county organ once a week for two weeks during a period of 30 days immediately following the passage of the resolution. The board of commissioners may hold such additional meetings as shall be necessary when called by the chairperson or any two commissioners, provided that all members of the board of commissioners shall have been notified at least three days in advance of such special meeting which is open to the public. Three district commissioners or the chairperson and any two district commissioners shall constitute a quorum. No official action shall be taken except upon the affirmative vote of at least three members of the board of commissioners and except upon compliance with Chapter 14 of Title 50 of the O.C.G.A. The chairperson shall be entitled to vote on a question only if the chairperson's vote would affect the outcome of any vote or issue before the board. The vice chairperson while serving as chairperson shall be entitled to vote on all matters before the board. All regular and called meetings shall be conducted according to *Robert's Rules of Order*.

SECTION 10.

The chairperson shall administer the affairs and day-to-day business of the county and preside over the meetings of the board. The duties of the chairperson shall include, but shall not be limited to, the following:

(1) Calling meetings of the board as provided in Section 9 of this Act;

(2) Preparing a proposed agenda and presiding over meetings of the board;

(3) Representing the county government at ceremonial functions;

(4) Being empowered to submit motions that are made and seconded by district commissioners to the board for action;

(5) Appointing members and chairpersons to all committees of the board with the approval of the board; and

(6) Performing such other duties as shall be delegated to the chairperson by the board or as provided by law or ordinance.

The chairperson shall be authorized, in his or her sole discretion, to spend not more than $25,000.00 without approval of the board.

SECTION 11.

The board shall have the power and authority to fix and establish, by appropriate resolution entered on its minutes, policies, rules, and regulations governing all matters reserved to its exclusive jurisdiction. Such policies, rules, and regulations, when so adopted with proper entry thereof made on the minutes of the board, shall be conclusive and binding. The board shall exercise only those administrative powers which are necessarily and properly incident to its functions as a policy-making or rule-making body or which are necessary to compel enforcement of its adopted resolutions. Except as otherwise provided in this Act, the following powers are vested in the board and reserved to its exclusive jurisdiction:

(1) To levy taxes;

(2) To make appropriations;

(3) To fix rates and charges for services provided by the county;

(4) To authorize the incurring of indebtedness;

(5) To order work done where the cost is to be assessed against benefited property and to fix the basis for such assessment;

(6) To authorize and provide for the execution of contracts;

(7) To establish, alter, open, close, build, repair, or abolish public roads, bridges, and ferries, according to law; provided, however, that the chairperson shall have the authority to accept subdivision plats when the requirements established by the board for subdivisions have been met;

(8) To establish, abolish, or change election precincts and militia districts according to law;

(9) To accept, for the county, the provisions of any optional statute where the statute permits its acceptance by the governing authority of the county;

(10) To exercise all powers, duty, and authority formerly imposed upon or vested in the commissioner of Walker County in respect to zoning and planning;

(11) To create and change the boundaries of special taxing districts authorized by law;
(12) To fix the bonds of county officers where same are not fixed by statute;
(13) To enact any ordinances or other legislation which the county may be given authority to enact;
(14) To determine the priority of capital improvements;
(15) To call elections for the voting of bonds;
(16) To exercise all of the power and authority formerly vested by law in the commissioner of Walker County together with the power and authority which may be delegated by law to the governing authority of the county, by whatever name designated;
(17) To appoint retained legal counsel and an independent county auditor and provide for their compensation; and
(18) To require all county officers to report on the general or specific conduct of the financial affairs of their respective offices.

SECTION 12.

Formal sealed bids shall be received for all purchases in amounts over the state limit for sealed bids unless the board sets a lower limit. Advertisements for such bids shall be published for two consecutive weeks in the official organ of Walker County. The need for such bids may be dispensed with by the board if it decides that an emergency exists which will not permit a delay.

SECTION 13.

The internal organization of the county government shall be established and altered by the board. Existing departments may be abolished and their functions transferred to other departments, additional departments may be created, and any two or more departments may be consolidated.

SECTION 14.

The board shall appoint a clerk who shall keep a proper and accurate book of minutes. The book of minutes of the board shall contain all the acts, orders, and proceedings of the board in chronological order. The minutes book of the board shall be open to the public for inspection at all times during regular office hours, and certified copies of any entries in the minutes book shall be furnished by the clerk to any person requesting same upon payment of a reasonable fee to be paid into the county treasury as are other funds and to be assessed by the board in an amount sufficient to defray the cost of preparing same.

SECTION 15.

The chairperson shall submit annually to the board a proposed budget governing expenditures of all county funds, including capital outlay and public works projects for the following fiscal year. The board shall thereafter hold two public hearings at least

seven days apart on the budget, giving notice thereof at least ten days in advance by publication of such notice and of the proposed budget in the official organ of Walker County and by posting same at the courthouse. The budget shall then be reviewed and adopted or amended by the board prior to the beginning of the new fiscal year to which it applies, which budget, when so adopted or amended by the board, shall constitute the board's appropriation of all funds for such year. The budget so adopted may be revised during the year only by formal action of the board in a regular meeting, and no increase shall be made therein without provision also being made for financing the same. The proposed budget submitted by the chairperson shall be accompanied by a report containing information and data relating to the financial affairs of the county pertinent to arriving at and establishing the annual budget. A copy of the budget and of each revision or amendment to the same shall be transmitted by the chairperson to the grand jury of the Superior Court of Walker County within ten days from the time such budget or amendment thereof is adopted by the board. The board may from time to time, upon a majority vote thereof, change the ending and beginning date of the fiscal year for the county or may operate on a calendar basis; provided, however, that in the event of such change, the budget shall be submitted at least two months prior to the beginning date of the next fiscal year or January 1, whichever shall apply, and shall be adopted at least one month prior to such beginning date. The procedures for budget preparation, submission to the governing authority, review by the governing authority, public review, notice, and hearings shall be as provided for in Chapter 81 of Title 36 of the O.C.G.A.

SECTION 16.

No expenditures of county funds shall be made except in accordance with the county budget, or amendments thereto, adopted by the board. The chairperson of the board shall enforce compliance with this section by all departments of county government and to this end shall institute a system of allotments of all moneys appropriated and budgeted.

SECTION 17.

The board shall on or before the final day of the month following the end of each fiscal year employ a certified public accountant for the making of an annual continuous audit of county finances and financial records. The accountant so employed shall be paid out of county funds and shall perform a complete audit of the financial records of the county for the preceding year, pointing out any irregularities found to exist and reporting the results of such audit to the board. The same person or firm shall not perform such audit for more than four consecutive annual periods. Each annual report submitted to the board shall be made available for public inspection as are other records in such office. The board shall cause to be published in the official organ of Walker County and posted at the courthouse a statement of the financial condition of the county as of December 31 and June 30 of each year. Said accountant shall transmit to the

grand jury of the Superior Court of Walker County a copy of each annual report furnished by such accountant to the board.

HR 340. By Representatives Clark of the 147th, Peake of the 141st, Gravley of the 67th, Clark of the 98th, Dempsey of the 13th and others:

A RESOLUTION requesting the United States Congress to consider legislation on policies for hemp and marijuana; and for other purposes.

The following Committee substitute was read and adopted:

A RESOLUTION

Urging Georgia's congressional delegation and the United States Congress to amend the Controlled Substances Act of 1970 so as to authorize the study of medical marijuana in Georgia; and for other purposes.

WHEREAS, over half of the states and the District of Columbia allow the medical use of marijuana, including Georgia; and

WHEREAS, additional states such as Georgia have enacted measures that allow patients suffering from intractable epilepsy – and sometimes other conditions – to use marijuana products that have low concentrations of THC; and

WHEREAS, the possibility of federal intervention could prevent the implementation of recent laws to allow low-THC strains of marijuana for patients suffering from intractable epilepsy; and

WHEREAS, the General Assembly passed HB 1 in 2015 and the Governor signed it into law, thus affirming our support of states setting medical marijuana policy; and

WHEREAS, the General Assembly finds and declares in enacting the Controlled Substances Therapeutic Research Act of 1980 that the potential medicinal value of marijuana has received insufficient study due to a lack of financial incentives for the undertaking of appropriate research by private drug manufacturing concerns; and

WHEREAS, the General Assembly further finds and declares that, in enabling individual physicians and their patients to participate in a state-sponsored program for the investigational use of marijuana and its derivatives, qualified physicians and surgeons throughout the state will be able to study the benefits of the drug in a controlled clinical setting, and additional knowledge will be gained with respect to dosage and effects; and

WHEREAS, the United States Congress, in the Consolidated and Continuing Appropriations Act of 2015, and renewed in the Consolidated Appropriations Act, 2016, the Continuing Appropriations and Military Construction, Veterans Affairs, and Related Agencies Appropriations Act, 2017, and Zika Response and Preparedness Act, and the Further Continuing and Security Assistance Appropriations Act, 2017 codified a funding restriction that prohibits the Department of Justice from using any funds to prevent states from implementing their own state laws that authorize the use, distribution, possession, or cultivation of marijuana for medical purposes.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES that the members of this body urge the Congress of the United States to amend the Controlled Substances Act of 1970 so as to reclassify marijuana so that its medical benefits and effects may be further researched.

BE IT FURTHER RESOLVED that the Clerk of the House of Representatives is authorized and directed to make an appropriate copy of this resolution available for distribution to our federal congressional delegation.

A RESOLUTION

Recommending that the higher learning institutions of Georgia adopt the American Council on Education criteria to allow separating service members to count applicable military training and experience for academic credit toward degree requirements; and for other purposes.

WHEREAS, the State of Georgia has an interest in promoting access to higher education which would be well-served by recommending that the higher learning institutions of Georgia adopt the American Council on Education criteria or develop and adopt a uniform written policy and procedure governing the evaluation of military occupation, training, coursework, and experience for academic credit; and

WHEREAS, Georgia is home to more than 751,000 veterans, the seventh highest veteran population by state in the United States; and

WHEREAS, many Georgia residents and separating service members would be able to pursue higher education more economically and efficiently; and

WHEREAS, separating service members have faithfully served the State of Georgia and the United States through their various military duties; and

WHEREAS, the military services provide service members opportunities while on active duty to work toward obtaining certifications and other credentials that are similar to the education provided in institutions of higher learning in the State of Georgia; and

WHEREAS, many separating military service members have difficulty converting their military education and experiences into career opportunities as civilians; and

WHEREAS, the State of Georgia has both a substantial economic interest and moral obligation in encouraging these highly trained, separating service members to stay in Georgia upon their discharge from one of Georgia's military bases and continue their contributions to their communities and state as civilians.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES that the members of this body recommend that the higher learning institutions of Georgia adopt the American Council on Education criteria to allow separating service members to count applicable military training and experience for academic credit toward degree requirements.

(b) The authority shall also contract with the Department of Revenue for the collection and disbursement of prepaid wireless charges remitted to county and municipal government authorities under Code Section 46-5-134.2. A good faith attempt by a service supplier to comply with any such audit shall serve as a defense to a claim of failure to comply in any contested proceeding under Code Section 50-13-13 or judicial review under Code Section 50-13-19, and, if upheld, there shall be no civil penalty.

(c) Willful failure of any service supplier to have billed the monthly charges under Part 4 of Article 2 of Chapter 5 of Title 46 or to have remitted such collected charges as required in this chapter shall be subject to a civil penalty of not more than $25,000.00 in the aggregate or 3 percent of the amount that should have been remitted, whichever is less. A service supplier may request that the authority approve a billing practice by a written request sent to the executive director of such authority by certified mail. The authority may request additional information from the service supplier regarding the billing practice.

(2)(A) The authority shall issue a written decision within 90 days of the executive director's receipt of the service supplier's written request for approval of the billing

(B) In the event the authority does not issue a written decision within the time period specified under subparagraph (A) of this paragraph, the billing practice shall be deemed approved pursuant to this subsection.

(3) The written approval of a billing practice under this subsection or the approval of a billing practice under subparagraph (B) of paragraph (2) of this subsection shall not impair or prohibit the board from adopting and implementing subsequently new requirements by rule or regulation that the board deems appropriate that supersede any such prior approved billing practices; provided, however, that in no case shall any approval of a billing practice by the authority be superseded for a period of at least three years from the date of approval.

If a service supplier receives a partial payment for a bill from a telephone subscriber, the service supplier shall apply the payment against the amount the telephone subscriber owes the service supplier first.

(C) All wireless telecommunications connections billed to federal, state, or local governments shall be exempt from the wireless enhanced 9-1-1 charge. Each wireless service supplier shall, on behalf of the local government, collect the wireless enhanced 9-1-1 charge from those telephone subscribers whose place of primary use is within the geographic area that is served by the local government or

"(d)(1) Each service supplier that collects 9-1-1 charges or wireless enhanced 9-1-1 charges on behalf of the local government is entitled to retain as an administrative fee in an amount equal to 3 percent of the gross 9-1-1 or wireless enhanced 9-1-1 charge receipts to be remitted to the authority for distribution to the local government~~; provided, however, that such amount shall not exceed 3¢ for every dollar so remitted~~ pursuant to Code Section 36-93-5. The remaining amount shall be due ~~quarterly~~ to the ~~local government~~ authority monthly and shall be remitted to it no later than ~~60 days after the close of a calendar quarter~~ the twentieth day of the month following the month in which such fee is collected.

(2) The 9-1-1 charges and the wireless enhanced 9-1-1 charges collected by the service supplier and transmitted to the authority for distribution to local governments pursuant to Code Section 36-93-5 shall, upon being received by a local government, be deposited and accounted for in a separate restricted revenue fund known as the Emergency Telephone System Fund maintained by ~~the~~ such local government. The local government may invest the money in the fund in the same manner that other moneys of the local government may be invested and any income earned from such investment shall be deposited into the Emergency Telephone System Fund.

Such reduction in the 9-1-1 charge or wireless enhanced 9-1-1 charge shall be in an amount which will avert the accumulation of revenues in such fund at the end of the fiscal year which will exceed by one and one-half times the amount of revenues in the fund at the end of the immediately preceding fiscal year.

(e)(1) A ~~wireless~~ service supplier may recover its costs expended on the implementation and provision of ~~wireless enhanced~~ 9-1-1 services to subscribers ~~in an amount not to exceed 30¢ of each 9-1-1 charge collected from a place of primary use that is within the geographic area that is served by the local government or would be served by the local government for the purpose of such emergency 9-1-1 system; provided, however, that such amount may be increased to 45¢ upon implementation of step two of the state plan governing 9-1-1 enhanced communications as provided in subsection (g) of this Code section. Such cost recovery amount shall be based on the actual cost incurred by the wireless service supplier in providing wireless enhanced 9-1-1 services~~ by imposing a cost recovery fee, not to exceed 45 cents per month, or including such costs in existing cost recovery or regulatory recovery fees billed to the subscriber. In no event shall a service supplier deduct any amounts for cost recovery or otherwise from the charges to be remitted to the authority pursuant to Code Section 36-93-5.

(2) A wireless service supplier shall not be authorized to recover any costs under paragraph (1) of this subsection with respect to any prepaid wireless services."
