Dear Clerk Reilly,

If my vote could be accurately recorded yes, I would be so appreciative.

Thanks!

A BILL TO BE ENTITLED
AN ACT

To amend Code Sections 32-10-64 and 48-7-161 of the Official Code of Georgia Annotated, relating to general toll powers, police powers, and rules and regulations of the State Road and Tollway Authority and definitions relative to setoff debt collection by the Department of Revenue, respectively, so as to provide for setoff of debt owed on unpaid toll violations from tax refunds by the Department of Revenue; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 32-10-64 of the Official Code of Georgia Annotated, relating to general toll powers, police powers, and rules and regulations of the State Road and Tollway Authority, is amended by revising paragraph (1) of subsection (c) as follows:

"(1) No motor vehicle shall be driven or towed through a toll collection facility, where appropriate signs have been erected to notify traffic that it is subject to the payment of tolls beyond such sign, without payment of the proper toll. In the event of nonpayment of the proper toll, as evidenced by video or electronic recording, the registered owner of such vehicle shall be liable to make prompt payment to the authority of the proper toll and an administrative fee of up to $25.00 per violation to recover the cost of collecting the toll. The authority or its authorized agent shall provide notice to the registered owner of a vehicle, and a reasonable time to respond to such notice, of the authority's finding of a violation of this subsection. The authority or its authorized agent may provide subsequent notices to the registered owner of a vehicle if such owner fails to respond to the initial notice. The administrative fee may increase with each notice, provided that such fee shall not exceed a cumulative total of $25.00 per violation. Upon failure of the registered owner of a vehicle to pay the proper toll and administrative fee to the authority after notice thereof and within the time designated in such notice, the authority may proceed to seek collection of the proper toll and the administrative fee as debts owing to the authority, in such manner as the authority deems appropriate and as permitted under law. If the authority finds multiple failures by a registered owner of a vehicle to pay the proper toll and administrative fee after notice thereof and within the time designated in such notices, the authority may refer the matter to the Office of State

Administrative Hearings. The scope of any hearing held by the Office of State Administrative Hearings shall be limited to consideration of evidence relevant to a determination of whether the registered owner has failed to pay, after notice thereof and within the time designated in such notice, the proper toll and administrative fee. The only affirmative defense that may be presented by the registered owner of a vehicle at such a hearing is theft of the vehicle, as evidenced by presentation at the hearing of a copy of a police report showing that the vehicle has been reported to the police as stolen prior to the time of the alleged violation. A determination by the Office of State Administrative Hearings of multiple failures to pay by a registered owner of a vehicle shall subject such registered owner to imposition of, in addition to any unpaid tolls and administrative fees, a civil monetary penalty payable to the authority of not more than $70.00 per violation. Upon failure by a registered owner to pay to the authority, within 30 days of the date of notice thereof, the amount determined by the Office of State Administrative Hearings as due and payable for multiple violations of this subsection, the motor vehicle registration of such registered owner shall be immediately suspended by operation of law. The authority shall give notice to the Department of Revenue of such suspension. Such suspension shall continue until the proper toll, administrative fee, and civil monetary penalty as have been determined by the Office of State Administrative Hearings are paid to the authority. <u>The authority may seek to collect the debt owed through setoff by the Department of Revenue under procedures set forth in Article 7 of Chapter 7 of Title 48.</u> Actions taken by the authority under this subsection shall be made in accordance with policies and procedures approved by the members of the authority."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 4 of Title 12 of the Official Code of Georgia Annotated, relating to mining and drilling, is amended by revising Part 2, relating to deep drilling for oil, gas, and other minerals, as follows:

"Part 2

12-4-40.

This part shall be known and may be cited as the 'Oil and Gas and Deep Drilling Act of 1975.'

12-4-41.

The General Assembly finds and declares that its duty to protect the health, safety, and welfare of the citizens of this state requires that adequate protection of underground fresh water supplies be assured in any drilling operation which may penetrate through any stratum which contains fresh water. This duty further requires that adequate protection be assured in any drilling or the use of such drilled wells in certain other environmentally sensitive areas or in other circumstances where the result of such drilling and use may endanger the health, safety, and welfare of the citizens of this state. It is not the policy of the General Assembly to regulate the drilling of shallow exploration or engineering holes except in such environmentally sensitive areas as defined in this part. The General Assembly further finds and declares that~~, with the current energy shortage which this state and nation face, it must encourage~~ oil and gas exploration to identify new sources of energy~~, but not~~ should not occur at the expense of our important natural resources such as residential, municipal, and industrial supplies of fresh water. The General Assembly further finds and declares that it should continue to encourage oil and gas exploration. The General Assembly further finds and declares that with an increase in oil exploration, it must provide assurances to persons engaging in such exploration that adequate safeguards regarding results of exploration will remain privileged information for a specified time. The General Assembly further finds and declares that it is in the public interest to obtain, protect, and disseminate all possible geologic information associated with drilling operations in order to further the purposes of future energy related research.

12-4-42.

As used in this part, the term:

(1) 'Board' means the Board of Natural Resources.
(1.1) 'Director' means the director of the Environmental Protection Division of the Department of Natural Resources.
(2) 'Drilling' means the boring of a hole in the earth by remote mechanical means and all associated activities, including but not limited to casing, perforating, plugging, cementing, and capping.
(3) 'Environmentally sensitive area of the coastal zone' means that area of the coastal zone where salt-water-bearing strata overlie the fresh-water aquifer system.
(4) 'Field' means the general area which is underlaid or appears to be underlaid by at least one pool. This term shall include the underground reservoir or reservoirs containing crude petroleum oil or natural gas, or both. The words 'field' and 'pool' mean the same thing when only one underground reservoir is involved; however, 'field,' unlike 'pool,' may relate to two or more pools.
(5) 'Gas' means all natural gas, including casing-head gas, and all other hydrocarbons not defined as oil in paragraph (10) of this Code section.
(5.1) 'Hydraulic fracturing' means those operations conducted in an individual well bore designed to increase the flow of hydrocarbons from the rock formation to such well bore through modification of the permeability of reservoir rock by fracturing it through application of fluids under pressure.

(7) 'Illegal product' means any product of oil, gas, or other mineral, any part of which was processed or derived, in whole or in part, from an illegal mineral.
(8) 'Mineral' means any naturally occurring substance found in the earth which has commercial value. This term shall include oil and gas, as defined in this Code section, but shall not include fresh water.
(9) 'Mineral product' means any commodity made from any mineral.
(10) 'Oil' means crude petroleum oil and other hydrocarbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods and which are not the result of condensation of gas after it leaves the reservoir.
(11) 'Owner' means the person who has the right to drill into and produce from any pool and to appropriate the production either for himself or herself and another, or himself or herself and others.
(12) 'Person' means any natural person, corporation, joint venture, association, partnership, receiver, trustee, guardian, executor, administrator, fiduciary or representative of any kind, all agencies or instrumentalities of the state, and all county or municipal governments or any authority.

(14) 'Producer' means the owner of a well or wells capable of producing oil or gas, or both.

(15) 'Tender' means a permit or certificate of clearance for the transportation of minerals, including oil and gas, or mineral products produced under this part, approved and issued or registered under the authority of the board.

(16) 'Unitization agreement' means a voluntary agreement between operators to create operation units.

(17) 'Waste,' in addition to its ordinary meaning, means 'physical waste' as that term is generally understood in the oil and gas industry. The term shall also include, but not be limited to:

(A) The inefficient, excessive, or improper use or dissipation of reservoir energy and the locating, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner which results, or tends to result, in a reduction in the quantity of oil or gas ultimately to be recovered from any pool in this state;

(B) The inefficient storing of oil and the locating, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner causing, or tending to cause, unnecessary or excessive surface loss or destruction of oil or gas;

(C) Abuse of the correlative rights and opportunities of each owner of gas or oil in a common reservoir due to nonuniform, disproportionate, and unratable withdrawals causing undue drainage between tracts of lands;

(D) The production of oil or gas in such a manner as to cause unnecessary water channeling or zoning;

(E) The operation of any oil well or wells with an inefficient gas-oil ratio;

(F) The drowning with water of any stratum or part thereof capable of producing gas or oil, except where approval for such a project has been granted by the department;

(G) Underground waste, however caused and whether or not defined, as the same relates to any activity regulated by this part;

(H) The creation of unnecessary fire hazards as the same relates to any activity regulated by this part;

(I) The escape into the open air, from a well producing both oil and gas, of gas in excess of the amount which is necessary in the efficient drilling or operation of the well; and

(J) Permitting gas produced from a gas well to escape into the air, except for testing purposes.

(18) 'Well' means any boring drilled in the search for or the production of oil, gas, or other minerals or water.

12-4-43.

For the purpose of this part:

(1) The board shall have the authority to make such inquiries as it may deem necessary into any matter over which it has jurisdiction;

(2) The board shall have the jurisdiction of and authority over the drilling of and subsequent use of any well for the exploration or production of oil and gas; any well for the exploration or production of any other mineral drilled to a depth greater than 1,800 feet; any well for the exploration or production of any mineral located in the environmentally sensitive area of the coastal zone and which is drilled to a depth sufficient to penetrate the fresh-water aquifer system; any underground storage well with the exception of those wells covered by Article 3 of Chapter 4 of Title 46; any well for the underground disposal of waste materials; any well for the production of fresh water drilled to a depth greater than 1,800 feet; and any well for the exploration or production of brine or salt water;

(3) The board shall have the authority to regulate the spacing of wells and the production of all oil and gas and the production of any other minerals produced through a well or bore hole in liquid or slurry form to a depth greater than 1,800 feet or located in the environmentally sensitive area; provided, however, that this authority does not extend to the drilling of wells for the production of fresh water used for drinking, residential, industrial, or agricultural purposes, except as provided for in paragraph (2) of this Code section;

(4) The board shall have the power to adopt and promulgate rules and regulations necessary to effectuate the purposes of this part;

(5) The board may delegate to the director the administrative duties and powers, including, without limitation, the power to consider and issue permits to drill wells and to establish drilling and operation units, created under the authority of this part~~.~~; and

(6) Upon receipt of at least 12 applications during a calendar year for any permit to drill any well for the exploration or production of oil or gas, the board may delegate to the director the authority to create an Oil and Gas Board to review and issue permits and regulate drilling activity. Any such Oil and Gas Board shall consist of the state geologist and three other members appointed by the Governor.

12-4-44.

(a) The board shall have the authority to adopt and promulgate rules and regulations dealing with the control of matters over which it has jurisdiction under this part. Such rules and regulations shall include, but shall not be limited to, rules and regulations for the following purposes:

(1) To require the drilling, casing, and plugging of wells regulated under this part to be done in such a manner as to prevent the escape of oil or gas out of one stratum into another stratum; to prevent the pollution of fresh ~~water supplies~~ surface water and ground water supplies by oil, gas, salt water, or other contaminants; and to require reasonable bonds;

(2) To require the making of reports showing the location of all wells regulated under this part, including the filing of drill cutting samples, cores, and copies of all logs, and to further require that the operator submit the name classification used for each of the

(3) To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas in paying quantities and to prevent the premature and irregular encroachment of water which reduces the total ultimate recovery of oil or gas from any pool;

(4) To require the operation of wells regulated under this part with efficient gas-oil ratios and to fix such ratios;

(5) To prevent 'blowouts,' 'caving,' and 'seepage' in the sense that conditions indicated by such terms are generally understood in the oil and gas business;

(13) To prevent, insofar as is practical, avoidable drainage from each developed unit which is not equalized by counterdrainage;

(14) To establish procedures for the plugging and abandonment of wells regulated under this part and to establish procedures for the restoration and reclamation of well sites;

(15) To require that accurate records be kept on forms to be prescribed by the director, which records shall be reported to the director within the time specified in such rules and regulations; reports shall include such information as the director may prescribe, including, but not limited to, information concerning cuttings, subsurface samples, and lithologic and geophysical logs;

(16) To require that geologic and testing information obtained from a well regulated under this part be held in confidence by the director for a period of at least six months from the time of drilling to total depth, or, if the director approves, a longer period, if the operator makes a written request for the same stating the length of the extension desired and the reasons therefor; provided, however, that the guarantee of confidentiality provided for in this paragraph shall in no way impair the ability of the board or the director to enforce this part;

(17) To regulate the issuance, denial, and revocation of permits and to regulate bonds required under this part, except as to persons provided for in paragraph (18) of this Code section;

(18) To regulate the issuance of permits to persons who have been found to have violated any provision of this part, any rule or regulation adopted and promulgated pursuant to this part, or any order or permit issued under this part, and to establish the amount of bond for such persons;

12-4-45.

(a) In regard to the establishment of drilling units and operation units, the allocation of production, the integration of separately owned tracts of land, and agreements in the interest of conservation, the board, in addition to the jurisdiction, authority, or powers granted elsewhere in this part, shall have the specific powers with respect to the exploration or production of oil or gas enumerated below.

(1) **Drilling units.** For the prevention of waste and to avoid the augmenting and accumulation of risk arising from the drilling of an excessive number of wells, the board shall, after due investigation and a hearing, have full power and authority to establish such drilling unit or units as may, in its discretion, seem most reasonable and practicable. The board shall have control of the allocation of production over such units and shall, after investigation and hearing, set up, establish, and allocate to each unit its just and equitable share of production, and shall make such orders, rules, and regulations as will give to each producer the opportunity to use his or her just and equitable share of the reservoir energy of any pool. The board shall have power after notice and hearing to review and approve, or disapprove, agreements made among owners or operators, or among owners and operators in the interest of conservation of oil or gas or both or for the prevention of waste. When two or more separately owned tracts of land are embraced within an established drilling unit, the owners thereof may validly agree to integrate their interests and to develop their lands as a drilling unit. Where, however, such owners have not agreed to integrate their interests, the board may, for the prevention of waste or to avoid the drilling of unnecessary wells, after notice and hearing, require such owners to do so and to develop their lands as a drilling unit. Should the owners of separate tracts embraced within a drilling unit fail to agree upon the integration of the tracts and the drilling of a well on the unit, and should it be established that the board is without authority to require integration as provided for above, then subject to all other applicable provisions of this part, the owner of each tract embraced within the drilling unit may drill on his or her tract, but the allowable production from said tract shall be such proportion of the allowable production for the full drilling unit as the area of such separately owned tracts bears to the full drilling unit.

(2) **Operation units.**

(A) For the prevention of waste and to assure the ultimate recovery of gas or oil, the board may hold a hearing to consider the need for the operation as a unit of an entire field, or of any pool or any portion thereof, or combination of pools, within a field, for the production of oil or gas or both and other minerals which may be associated and produced therewith by additional recovery methods.

(B) At the conclusion of the hearing the board shall issue an order requiring unit operation if it finds that:

(i) Unit operation of the field, or of any pool or of any portion or combinations thereof within the field, is reasonably necessary to prevent waste as defined in Code Section 12-4-42 or to increase the ultimate recovery of oil or gas by additional recovery methods; and

(ii) The estimated additional cost incident to the conduct of such operation will not exceed the value of the estimated additional recovery of oil or gas; provided, however, that the board shall be authorized to prohibit the production of gas or oil by any recovery method if it has determined that such recovery method will result in waste or reduce the ultimate recovery of gas or oil from any field or pool or portion or combination thereof.

(C) The phrase 'additional recovery methods' as used in this Code section shall include, but shall not be limited to, the maintenance or partial maintenance of reservoir pressures by any method recognized by the industry and approved by the board; recycling; flooding a pool or pools, or parts thereof, with air, gas, water, liquid hydrocarbons or any other substance, or any combination or combinations thereof; or any other secondary method of producing hydrocarbons recognized by the industry and approved by the board.

(D) The order provided for in subparagraph (B) of this paragraph shall be fair and reasonable under all the circumstances, shall protect the rights of interested parties, and shall include:

(i) A description of the area embraced, termed the unit area; and a description of the affected pool or pools, or portions thereof, which lie within the unit area;

(ii) A statement of the nature of the operations contemplated;

(iii) A method of allocation among the separately owned tracts in the unit area of all the oil or gas or both produced from the unit pool within the unit area and not required in the conduct of such operation or unavoidably lost, such method of allocation to be on a formula that is fair and equitable and will protect the correlative rights of all interested parties;

(iv) A provision for adjustment among the owners of the unit area (not including royalty owners) of their respective investments in wells, tanks, pumps, machinery, materials, equipment, and other things and services of value attributable to the unit operations. The amount to be charged unit operations for any such item shall be determined by the owners of the unit area (not including royalty owners); provided, however, that if such owners of the unit area are unable to agree upon the amount of such charges, or to agree upon the correctness thereof, the board shall determine the amount after due notice and hearing thereon. The net amount charged against the owners of a separately owned tract shall be considered expense of unit operation chargeable against such tract. The adjustment provided for in this division may be treated separately and handled by agreements separate from the unitization agreement;

(v) A provision that the costs and expenses of unit operations, including investment, past and prospective, be charged to the separately owned tracts in the same proportions that such tracts share in unit productions. The expenses chargeable to a tract shall be paid by the person or persons not entitled to share in production free of operating costs, and who, in the absence of unit operation, would be responsible for the expense of developing and operating such tracts, and such person's or persons' interest in the separately owned tract shall be primarily

responsible therefor. The obligation or liability of such persons in the several, separately owned tracts for the payment of unit expense shall at all times be several and not joint or collective. The unit operator shall have a first and prior lien upon the leasehold estate exclusive of the royalty interest provided thereby and unleased oil and gas rights, exclusive of one-eighth interest therein, in and to each separately owned tract, and the interest of the owners thereof in and to the unit production and all equipment in possession of the unit, to secure the payment of the amount of the unit expense charged to and assessed against such separately owned tract;

(vi) The designation of, or a provision for the selection of, a unit operator. The conduct of all unit operations by the unit operator and the selection of a successor to the unit operator shall be governed by the terms and provisions of the unitization agreements;

(vii) A provision that when the full amount of any charge made against any interest in a separately owned tract is not paid when due by the person or persons primarily responsible therefor, then all of the oil and gas production allocated to the interest in default in such separately owned tract, upon which production the unit operator has a lien, may be appropriated by the unit operator and marketed and sold for the payment of such charge, together with interest at a fair and equitable rate as determined by the board thereon. The remaining portion of the unit production or the proceeds derived therefrom allocated to each separately owned tract shall in all events be regarded as royalty to be paid to the owners, free and clear of all unit expense and free and clear of any lien therefor. The owner of any overriding royalty, oil and gas payment, or other interest, who is not primarily responsible for the unpaid obligation, shall, to the extent of any payment or deduction from his or her share, be subrogated to all the rights of the unit operator with respect to the interest or interests primarily responsible for such payment. Any surplus received by the operator from any such sale of production shall be credited to the person or persons from whom it was deducted in the proportion of their respective interest; and

(viii) The time the unit operation shall become effective, and the manner in which, and the circumstances under which, the unit operation shall terminate.

(E) An order requiring unit operation shall not become effective unless and until a contract incorporating the unitization agreement has been signed or in writing ratified or approved by the owners of at least ~~75~~ 85 percent in interest as costs are shared under the terms of the order and by ~~75~~ 85 percent in interest, as production is to be allocated, of the royalty owners in the unit area, and unless and until a contract incorporating the required arrangements for operations has been signed or in writing ratified or approved by the owners of at least ~~75~~ 85 percent in interest as costs are shared, and unless and until the board has made a finding, either in the order or in a supplemental order, that those contracts have been signed, ratified, or approved. Both contracts may be encompassed in a single document. In the event the required percentage interests have not signed, ratified, or approved such agreements within

six months from and after the date of such order, or within such extended period as the board may prescribe, the order shall be automatically revoked.

(F)(i) The board, by entry of new or amending orders, may from time to time add to unit operations portions of pools not theretofore included, and may add to unit operations new pools or portions thereof, and may extend the unit area as required. Any such order, in providing for allocation of production from a unitized zone of the unit area, shall first allocate to such pool or pools, or portion thereof so added, a portion of the total production of oil or gas, or both, from all pools affected within the unit area, as enlarged and not required in the conduct of unit operations or unavoidably lost. Such allocation shall be based on a formula for sharing that is considered to treat each tract and each owner fairly and equitably during the remaining course of unit operations. The production so allocated to such added pool or pools or portions thereof shall be allocated to the separately owned tracts which participate in such production on a fair and equitable basis. The remaining portion of unit production shall be allocated among the separately owned tracts within the previously established unit area in the same proportions as those specified prior to the enlargement unless such proportions are shown to be erroneous by data developed subsequent to the former determination, in which event the errors shall be corrected. Orders promulgated under this Code section shall become operative at 7:00 A.M. on the first day of the month next following the day on which the order becomes effective.

(ii) An order promulgated by the board under this subparagraph shall not become effective unless and until:

(I) All of the terms and provisions of the unitization agreement relating to the extension or enlargement of the unit area or to the addition of pools or portions thereof to unit operations have been fulfilled and satisfied, and evidence thereof has been submitted to the board; and

(II) The extension or addition effected by such order has been agreed to in writing by the owners of at least ~~75~~ 85 percent in interest as costs are shared in the area or pools or portions thereof to be added to the unit operation by such order and by ~~75~~ 85 percent in interest, as production is to be allocated, of the royalty owners in the area or pools or portions thereof to be added to the unit operations by such order, and evidence thereof has been submitted to the board.

(iii) In the event both of the requirements specified in subdivisions (I) and (II) of division (ii) of this subparagraph are not fulfilled within six months from and after the date of such order or within such extended period as the board may prescribe, the order shall be automatically revoked.

(G) When the contribution of a separately owned tract with respect to any unit pool has been established, such contribution shall not be subsequently altered except to correct a mathematical or clerical error that caused the tract contribution to be erroneous, unless an enlargement of the unit is effected. No change or correction of the contribution of any separately owned tract shall be given retroactive effect, but

appropriate adjustment shall be made for the investment charges as provided in this Code section.

(H) The portion of unit production allocated to a separately owned tract within the unit area shall be deemed, for all purposes, to have been actually produced from such tract, and operations with respect to any unit pool within the unit area shall be deemed, for all purposes, to be the conduct of operations for the production of oil or gas, or both, from each separately owned tract in the unit area.

(b) Owners, operators, and royalty owners who have separate holdings in the same oil or gas pool or in any area that appears from geological or other data to be underlaid by a common accumulation of oil or gas or both are authorized to make agreements among themselves for establishing and carrying out a plan for the cooperative development and operation of the pool or area, provided that such agreements must be approved by the board; provided, further, that such agreements must be for the purpose of conserving gas or oil or both, or for the prevention of waste, or to assure the ultimate recovery of gas or oil or both. Such agreements shall not be held or construed to violate any of the laws of this state relating to trusts, monopolies, or contracts and combinations in restraint of trade.

12-4-46.

(a) Before any well covered by this part, other than wells for the production of fresh water, may be drilled, the person desiring to drill the well shall apply to the director for a drilling permit, using such forms as the director may prescribe, and shall pay a fee of ~~$25.00~~ $500.00 for each permit.

(b) The director shall, within 30 days after the receipt of a properly completed application from any person desiring to drill a well covered by this part, ~~either issue or deny a permit for the well~~ issue a public notice for the permit application by posting such notice to the division website and by sending such notice via mail or electronic mail to any persons who have requested notification of permit applications from the division. The director shall allow for a 30 day public comment period to begin running from the date the public notice is posted on the division website and as outlined in subsection (c) of this Code section.

(c) The permit applicant shall provide the director's public notice of the proposed well directly to property owners and residents who may be impacted by the issuance of the permit within ten days of the date of the public notice by, at a minimum:

(1) Posting the public notice along the road nearest to the proposed well;

(2) Providing the public notice to all persons owning real property within one-half mile of the proposed wellhead and within one-half mile along the route of any directional borehole and any residence that has any drinking water wells within one-half mile of the proposed wellhead and within one-half mile along the route of any directional borehole; and

(3) Publishing the public notice in at least one legal organ in the county where the well will be located.

(d) After considering the permit application, the director shall either issue or deny a permit for the well. The director shall notify the public of the final permit decision by posting the decision to the division website and by sending notice of the decision via mail or electronic mail to any persons who have requested notification of permit applications from the division.

~~(c)~~(e) In issuing or denying a permit for the drilling of a well covered by this part, the director shall consider the extent to which the proposed well complies with this part, all rules and regulations adopted and promulgated pursuant to this part, or any order under this part.

~~(d)~~(f) In issuing a permit for the drilling of any well covered by this part, the director shall specify therein such terms and conditions as he or she deems necessary to receive the permit and to lawfully operate thereunder. Permits shall include the following requirements:

(1) Requirements for testing the integrity of well casings;

(2) Requirements for maintenance and repair of roadways significantly impacted by drilling operations, including hydraulic fracturing activities; and

(3) Requirements for buffers around wells and property line setbacks that are sufficient to protect affected property owners from any noise, light, water, or air pollution resulting from any drilling operations.

(g) Any permit issued under this Code section shall become final unless ~~the~~ any person ~~or persons~~ named therein ~~request~~ requests in writing a hearing before an administrative law judge appointed by the board no later than 30 days after the issuance of such permit.

~~(e)~~(h) The director shall have the power and the authority to revoke a permit for noncompliance with any of the provisions of this part, any rules and regulations promulgated under this part, or the special conditions contained in any permit.

~~(f)~~(i) The issuance of a permit under this part in no way indicates a determination by the director as to property or contractual rights of the applicant to drill such a well at the designated location.

12-4-47.

(a) Prior to the issuance of a permit to drill any well covered by this part, the owner, operator, contractor, driller, or other person responsible for the conduct of the drilling operation shall furnish the state a bond or undertaking in the form prescribed by the board and in an amount set by the board, executed by a bonding, surety, or insurance company authorized to do business in this state in the favor of the state. Alternatively, the board in its discretion may require a similar undertaking executed only by such person to ensure a faithful performance of the requirements of this part, of any rules or regulations adopted pursuant thereto, or of any condition of a permit. Such bond or undertaking is intended to protect the state or any citizen thereof from any injury which may result from improper drilling.

(b) Any bond required under this part shall be released two years from the date of receipt by the director of all geological information required under this part or any rule

or regulation adopted pursuant to this part; provided, however, that the director shall have examined and approved the abandoned well for which the bond was furnished.
(c) No bond required under this part shall exceed ~~$50,000.00~~ $100,000.00.

12-4-48.
(a) Whenever the director has reason to believe that any person is violating the provisions of this part or any rule or regulation adopted pursuant to this part, the director may issue an administrative order to that person. The order shall specify the provisions of this part alleged to have been violated and shall order that corrective action be taken within a reasonable period of time prescribed in the order. Any such order shall become final and enforceable unless the person or persons named therein request in writing a hearing before an administrative law judge appointed by the board no later than 30 days after the issuance of the order.
(b) Whenever the director finds that an emergency exists requiring immediate action to protect the public interest, the director may issue a provisional order reciting the existence of such an emergency and requiring that such action be taken as is reasonably necessary to meet the emergency under the circumstances, provided that such an emergency order shall be issued only after an affidavit has been filed with the director showing specific facts of such an emergency condition. Such order shall be effective immediately. Any person against whom such order is directed shall upon appropriate notice comply therewith immediately but on application to the director shall be afforded a hearing before an administrative law judge appointed by the board within ten days of receipt of such application by the director or, if the party applying so requests, within 48 hours of receipt of such application by the director. Prior to such hearing, the director shall be authorized to modify or revoke such order. After the hearing, the administrative law judge shall be authorized to make such order as is just and reasonable, including an order continuing, revoking, or modifying such provisional order.
(c) Whenever the director has reason to believe that any person is violating any provision of this part or any rule or regulation adopted pursuant to this part, the director may bring an action against such person in the proper superior court to restrain such person or persons from continuing such violations. In such action, the director may seek injunctions, including temporary restraining orders and temporary injunctions, without the necessity for showing lack of an adequate remedy at law.
(d) Any person who willfully or negligently violates any provision of this part, any rule or regulation adopted under this part, or any permit or final or emergency order of the director shall be subject to a civil penalty of not less than $50.00, but in any event not to exceed $10,000.00 for each act of violation. Each day of continued violation shall subject such person to a separate civil penalty. An administrative law judge appointed by the board, after a hearing shall determine whether or not any person has violated any provision of this part or any rule or regulation adopted under this part or any permit or final or emergency order of the director, and shall upon proper finding issue an order imposing such civil penalties as provided in this Code section. Any person so

penalized under this Code section is entitled to judicial review. In this connection, all hearings and proceedings for judicial review under this Code section shall be in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' All civil penalties recovered by the director as provided by this chapter shall be paid into the state treasury to the credit of the general fund.

(e) In addition to any other enforcement remedy available to the director under this part, all illegal minerals and illegal products are declared to be contraband and forfeited to the state in accordance with the procedures set forth in Chapter 16 of Title 9, except that:

(1) Any seizure of contraband shall be delivered to the director or his or her duly authorized agent;

(2) Illegal minerals shall only be forfeited as provided for in Code Section 9-16-12; and

(3) Property seized pursuant to this subsection shall not be required to be stored in an area within the jurisdiction of the court if such storage is not possible.

(f) Nothing in this Code section shall deny or abridge any cause of action a royalty owner, lienholder, or other claimant may have against any persons whose acts result in the forfeiture of the illegal oil, illegal gas, or illegal product.

12-4-49.

In the administration and enforcement of this part, all hearings before an administrative law judge shall be subject to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' Any party to said hearings (including the director) shall have the right of judicial review in accordance with Chapter 13 of Title 50.

12-4-50.

In any contested administrative hearing under this part, no person shall be excused from attending and testifying, or from producing books, papers, and records before the administrative law judge, or from obedience to the subpoena of the administrative law judge, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required by him or her may tend to incriminate him or her or subject him or her to a penalty or forfeiture, provided that nothing contained in this Code section shall be construed as requiring any person to produce any books, papers, or records, or to testify in response to any inquiry, not pertinent to a question lawfully before the administrative law judge for determination. No evidence given by or required of any natural person shall be used or admitted against such a person in any criminal prosecution for any transaction, matter, or thing concerning which he or she may be required to testify or produce evidence, documentary or otherwise, before the administrative law judge in obedience to its subpoena; provided, however, that no person testifying shall be exempt from prosecution and punishment for perjury committed in so testifying.

12-4-51.
Any provision of Part 2 of Article 3 of Chapter 5 of this title which is inconsistent with this part shall not be repealed by this part and shall govern over this part.

12-4-52.
This part shall not be construed as limiting the authority or functions of any officer or agency of this state under any other law or regulation not inconsistent with this part.

12-4-52.1.
This part shall not be construed as limiting the authority of local governments to adopt local zoning or land use ordinances limiting the location or timing of activities defined herein for the purposes of protecting natural resources or human health and welfare.

12-4-53.
The following activities are prohibited:
(1) The waste of oil or gas as defined in this part;
(2) The sale, purchase, or acquisition or the transportation, refining, processing, or handling of illegal minerals or illegal products;
(3) The sale, purchase, or acquisition or the transportation, refining, processing, or handling in any other way of any mineral, including oil and gas, or any mineral product without complying with this part or any rule or regulation of the board promulgated pursuant to this part;
(4) Intentionally or negligently permitting any gas or oil well to get out of control;
(5) The drilling of any well covered by the provisions of this part by any person without a permit for such drilling; and
(6) Any other violation of any provision of this part or any rule or regulation promulgated under this part.

12-4-54.
(a) As used in this Code section, the term 'extractor' means any person removing oil or gas from the ground pursuant to this part.
(b)(1) A severance tax shall be levied on oil or gas removed from the ground in this state by an extractor as follows:
(A) Three cents per barrel of oil; and
(B) One cent per thousand cubic feet of gas.
(2) The Department of Revenue shall promulgate rules and regulations as necessary to implement and administer the provisions of this subsection and shall promulgate and make available forms for the use of extractors to assist in compliance with this subsection.
(c)(1) In addition to the tax provided for in subsection (b) of this Code section, the governing authority of each county and each municipal corporation is authorized to provide by local ordinance or resolution for the levy, assessment, and collection of a

severance tax on oil or gas removed from the ground by an extractor within the jurisdiction of such county or municipality as follows:

(A) An amount not to exceed nine cents per barrel of oil; and

(B) An amount not to exceed two cents per thousand cubic feet of gas.

(2) The severance tax provided for in paragraph (1) of this subsection shall be collected by the Department of Revenue in the same manner and under the same procedures as provided for pursuant to subsection (b) of this Code section on behalf of each county and municipality electing to exercise the powers conferred herein and shall be remitted to each such county and municipality accordingly."

Such proceedings for the reimposition of a tax under this part shall be in the same manner as proceedings for

the initial imposition of the tax, but the newly authorized tax shall not be imposed until the expiration of the tax then in effect.

(3) Following the expiration of a tax under this part, proceedings for the reimposition of a tax under this part may be initiated in the same manner as provided in this part for initial imposition of such tax."

"48-8-269.2.

No tax shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the ~~county~~ special district in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier."

General obligation debt issued under this part shall be payable first from the separate account in which are placed the proceeds received by the county or qualified municipality from the tax. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of the county or qualified municipality; and any liability on such debt which is not satisfied from the proceeds of the tax shall be satisfied from the general funds of the county or qualified municipality."

For purposes of this subsection, the excess base investment in this state is computed by taking the current year production expenditures in a state certified production and subtracting the average of the annual total production expenditures for 2002, 2003, and 2004. The tax credit shall be calculated as follows:

(1) If the excess base investment in this state equals or exceeds $500,000.00, or $500,000.00 in total over a two-year period for qualified interactive entertainment production activities on or after January 1, 2018, the production company or qualified interactive entertainment production company and its affiliates shall be allowed a tax credit of 20 percent of such excess base investment; and

(2)(A) The production company or qualified interactive entertainment production company and its affiliates shall be allowed an additional tax credit equal to 10 percent of the excess base investment if the qualified production activities include a qualified Georgia promotion. Such additional tax credit shall be allowed for any prereleased interactive entertainment production upon its release to the general public, provided that the production includes and maintains a qualified Georgia promotion. In lieu of the inclusion of the Georgia promotional logo, the production company or qualified interactive entertainment production company may offer marketing opportunities to be evaluated by the Department of Economic Development to ensure that they offer equal or greater promotional value to the State of Georgia.

(B) The Department of Economic Development shall prepare an annual report detailing the marketing opportunities it has approved under the provisions of subparagraph (A) of this paragraph. The report shall include, but not be limited to:

(i) The goals and strategy behind each marketing opportunity approved pursuant to the provisions of subparagraph (A) of this paragraph;

(ii) The names of all production companies approved by the Department of Economic Development to provide alternative marketing opportunities;

(iii) The estimated value to the state of each approved alternative marketing opportunity compared to the estimated value of the Georgia promotional logo; and

(iv) The names of all production companies who chose to include the Georgia promotional logo in their final production instead of offering the state an alternative marketing proposal.

The report required under this paragraph shall be completed no later than January 1 of each year and presented to each member of the House Committee on Ways and Means, the Senate Finance Committee, the Senate Economic Development and

Tourism Committee, the House Committee on Economic Development and Tourism, and the Governor.

(e)(1) In no event shall the aggregate amount of tax credits allowed under this Code section for qualified interactive entertainment production companies and affiliates exceed $25 million for taxable years beginning on or after January 1, 2013, and before January 1, 2014. The maximum credit for any qualified interactive entertainment production company and its affiliates shall be $5 million for such taxable year. When the $25 million cap is reached, the tax credit for qualified interactive entertainment production companies shall expire for such taxable years.

(2) For taxable years beginning on or after January 1, 2014, and before January 1, 2015, the amount of tax credits allowed under this Code section for qualified interactive entertainment production companies and affiliates shall not exceed $12.5 million.

(3) For taxable years beginning on or after January 1, 2015, and before January 1, 2016, the amount of tax credits allowed under this Code section for qualified interactive entertainment production companies and affiliates shall not exceed $12.5 million.

(4) For taxable years beginning on or after January 1, 2016, and before January 1, ~~2019~~ 2018, the amount of tax credits allowed under this Code section for qualified interactive entertainment production companies and affiliates shall not exceed $12.5 million for each taxable year. ~~The tax credits allowed under this Code section for qualified interactive entertainment production companies and affiliates shall not be available for taxable years beginning on or after January 1, 2019.~~

(5)(A) For taxable years beginning on or after January 1, 2018, the amount of tax credits allowed under this Code section for qualified interactive entertainment production companies and affiliates shall not exceed $12.5 million for each taxable year.

(B) Beginning on or after January 1, 2018, qualified interactive entertainment production companies are eligible for tax credits for prereleased interactive game production; provided, however, that such credits shall not be available for a period which exceeds three years.

~~(5)~~(6) The maximum allowable credit claimed for any qualified interactive entertainment production company and its affiliates shall not exceed $1.5 million in any single year.

~~(6)~~(7) Qualified interactive entertainment production companies seeking to claim a tax credit under the provisions of this Code section shall submit an application to the commissioner for preapproval of such tax credit. The commissioner shall be authorized to promulgate any rules and regulations and forms necessary to implement and administer the provisions of this Code section. The commissioner shall preapprove the tax credits based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to

fully fund the tax credits requested, the commissioner shall prorate the available funds between or among the applicants.

~~(7)~~(8) No qualified interactive entertainment production company shall be allowed to claim an amount of tax credits under this Code section for any single year in excess of its total aggregate payroll expended to employees working within this state for the calendar year directly preceding the start of the year the qualified interactive entertainment production company claims the tax credits. Any amount in excess of such limit shall not be eligible for carry forward to the succeeding years' tax liability, nor shall such excess amount be eligible for use against the qualified interactive entertainment production company's quarterly or monthly payment under Code Section 48-7-103, nor shall such excess amount be assigned, sold, or transferred to any other taxpayer.

~~(8)~~(9) Before the Department of Economic Development issues its approval to the qualified interactive entertainment production company for the qualified production activities related to interactive entertainment, the qualified interactive entertainment production company must certify to the department that:

(A) The qualified interactive entertainment production company maintains a business location physically located in this state; and

(B) The qualified interactive entertainment production company had expended a total aggregate payroll of $500,000.00 or more before January 1, 2018, or $250,000.00 or more on or after January 1, 2018, for employees working within this state during the calendar year directly preceding the start of the taxable year of the qualified interactive entertainment production company.

The department shall issue a certification that the qualified interactive entertainment production company meets the requirements of this paragraph; provided, however, that the department shall not issue any certifications before July 1, 2014. The qualified interactive entertainment production company shall provide such certification to the Department of Economic Development. The Department of Economic Development shall not issue its approval until it receives such certification.

~~(9)~~(10)(A) For taxable years beginning on or after January 1, 2016, ~~and before January 1, 2019,~~ the qualified interactive entertainment production company shall report to the Department of Revenue on its Georgia income tax return the monthly average number of full-time employees subject to Georgia income tax withholding for the taxable year as provided in subparagraphs (B) and (C) of this paragraph. For purposes of this paragraph, a full-time employee shall mean a person who performs a job that requires a minimum of 35 hours a week, and pays at or above the average wage earned in the county with the lowest average wage earned in this state, as reported in the most recently available annual issue of the Georgia Employment and Wages Averages Report of the Department of Labor.

(D) Notwithstanding Code Sections 48-2-15, 48-7-60, and 48-7-61, for such taxable years, the commissioner shall report yearly to the House Committee on Ways and Means and the Senate Finance Committee. The report shall include the name, tax year beginning, and monthly average number of full-time employees for each qualified interactive entertainment production company. The first report shall be submitted by June 30, 2016, and each year thereafter by June 30.

(f)(1) Where the amount of such credit or credits exceeds the production company's or qualified interactive entertainment production company's liability for such taxes in a taxable year, the excess may be taken as a credit against such production company's or qualified interactive entertainment production company's quarterly or monthly payment under Code Section 48-7-103. Each employee whose employer receives credit against such production company's or qualified interactive entertainment production company's quarterly or monthly payment under Code Section 48-7-103 shall receive credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subsection. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subsection shall not constitute income to the production company or qualified interactive entertainment production company.

(2) If a production company and its affiliates, or a qualified interactive entertainment production company and its affiliates, claim the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18, then the production company and its affiliates, or the qualified interactive entertainment production company and its affiliates, will only be allowed to claim the credit authorized under this Code section to the extent that the Georgia resident employees included in the credit calculation authorized under this Code section and taken by the production company and its affiliates, or the qualified interactive entertainment production company and its affiliates, on such tax return under this Code section have been permanently excluded from the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18.

(g) Any tax credits with respect to a state certified production earned by a production company or qualified interactive entertainment production company and previously claimed but not used by such production company or qualified interactive entertainment production company against its income tax may be transferred or sold in whole or in part by such production company or qualified interactive entertainment production company to another Georgia taxpayer, subject to the following conditions:

(1) Such production company or qualified interactive entertainment production company may make only a single transfer or sale of tax credits earned in a taxable year; however, the transfer or sale may involve one or more transferees;

(2) Such production company or qualified interactive entertainment production company shall submit to the Department of Economic Development and to the Department of Revenue a written notification of any transfer or sale of tax credits within 30 days after the transfer or sale of such tax credits. The notification shall include such production company's or qualified interactive entertainment production company's tax credit balance prior to transfer, the credit certificate number, the remaining balance after transfer, all tax identification numbers for each transferee, the date of transfer, the amount transferred, and any other information required by the Department of Economic Development or the Department of Revenue;

(3) Failure to comply with this subsection shall result in the disallowance of the tax credit until the production company or qualified interactive entertainment production company is in full compliance;

(4) The transfer or sale of this tax credit does not extend the time in which such tax credit can be used. The carry-forward period for a tax credit that is transferred or sold shall begin on the date on which the tax credit was originally earned;

(5) A transferee shall have only such rights to claim and use the tax credit that were available to such production company or qualified interactive entertainment production company at the time of the transfer, except for the use of the credit in paragraph (1) of subsection (f) of this Code section. To the extent that such production company or qualified interactive entertainment production company did not have rights to claim or use the tax credit at the time of the transfer, the Department of Revenue shall either disallow the tax credit claimed by the transferee or recapture the tax credit from the transferee. The transferee's recourse is against such production company or qualified interactive entertainment production company; and

(6) The transferee must acquire the tax credits in this Code section for a minimum of 60 percent of the amount of the tax credits so transferred.

(h) The credit granted under this Code section shall be subject to the following conditions and limitations:

(1) The credit may be taken beginning with the taxable year in which the production company or qualified interactive entertainment production company has met the investment requirement. For each year in which such production company or qualified interactive entertainment production company either claims or transfers the credit, the production company or qualified interactive entertainment production company shall attach a schedule to the production company's or qualified interactive entertainment production company's Georgia income tax return which will set forth the following information, as a minimum:

(A) A description of the qualified production activities, along with the certification from the Department of Economic Development;

(B) A detailed listing of the employee names, social security numbers, and Georgia wages when salaries are included in the base investment;

(C) The amount of tax credit claimed for the taxable year;

(D) Any tax credit previously taken by the production company or qualified interactive entertainment production company against Georgia income tax liabilities

or the production company's or qualified interactive entertainment production company's quarterly or monthly payments under Code Section 48-7-103;

(E) The amount of tax credit carried over from prior years;

(F) The amount of tax credit utilized by the production company or qualified interactive entertainment production company in the current taxable year; and

(G) The amount of tax credit to be carried over to subsequent tax years;

(2) In the initial year in which the production company or qualified interactive entertainment production company claims the credit granted in this Code section, the production company or qualified interactive entertainment production company shall include in the description of the qualified production activities required by subparagraph (A) of paragraph (1) of this subsection information which demonstrates that the activities included in the base investment or excess base investment equal or exceed $500,000.00 during such year, or $500,000.00 or more in total over a two-year period on or after January 1, 2018, for qualified interactive entertainment production companies; and

(3) In no event shall the amount of the tax credit under this Code section for a taxable year exceed the production company's or qualified interactive entertainment production company's income tax liability. Any unused credit amount shall be allowed to be carried forward for five years from the close of the taxable year in which the investment occurred. No such credit shall be allowed the production company or qualified interactive entertainment production company against prior years' tax liability.

(i) The Department of Economic Development shall determine through the promulgation of rules and regulations what projects qualify for the tax credits authorized under this Code section. Certification shall be submitted to the state revenue commissioner.

(j) The state revenue commissioner shall promulgate such rules and regulations as are necessary to implement and administer this Code section.

(k) Any production company or qualified interactive entertainment production company claiming, transferring, or selling the tax credit shall be required to reimburse the Department of Revenue for any department initiated audits relating to the tax credit. This subsection shall not apply to routine tax audits of a taxpayer which may include the review of the credit provided in this Code section."

Such term shall not include the coverage of news and athletic events, local interest programming, instructional videos, and corporate videos.

(7) 'Total aggregate payroll' means the total sum expended by a postproduction company on salaries paid to employees working within this state on qualified postproduction activities.

(c)(1) A postproduction company that has incurred qualified postproduction expenditures of at least $500,000.00 in a taxable year shall be allowed a tax credit against the tax imposed by this article, subject to the conditions and limitations set forth in this Code section.

(2)(A) The tax credit allowed shall be equal to 20 percent of the qualified postproduction expenditures actually invested and expended by the postproduction company in a taxable year.

(B) The tax credit shall be increased to 30 percent of the qualified postproduction expenditures if the qualified production was created exclusively in this state.

(C) The tax credit shall be increased to 40 percent if the qualified production was created exclusively in a tier 1 or tier 2 county so designated by the commissioner of community affairs pursuant to Code Section 48-7-40.

(3) The amount of tax credits allowed to a postproduction company under this Code section for any single taxable year shall not exceed the postproduction company's total aggregate payroll expended to employees working within this state for the calendar year directly preceding the start of the taxable year the postproduction company claims the tax credits.

(c.1)(1) A postproduction company that has incurred qualified postproduction expenditures of at least $100,000.00 but less than $500,000.00 and has a total aggregate payroll in this state of at least $100,000.00 but less than $500,000.00 in a

(2) The tax credit allowed shall be equal to 20 percent of the qualified postproduction expenditures actually invested and expended by the postproduction company in a taxable year.

(3) The aggregate amount of tax credits allowed under this subsection shall not exceed $1 million per taxable year.

(d) The tax credits allowed under this Code section for all postproduction companies shall be subject to the following aggregate annual caps:

(1) For taxable years beginning on or after January 1, 2017, and before January 1, 2018, the aggregate amount of tax credits allowed under this Code section shall not exceed $5 million;

(2) For taxable years beginning on or after January 1, 2018, and before January 1, 2019, the aggregate amount of tax credits allowed under this Code section shall not exceed $10 million;

(3) For taxable years beginning on or after January 1, 2019, and before January 1, 2023, the aggregate amount of tax credits allowed under this Code section shall not exceed $15 million per year;

(4) The tax credits allowed under this Code section shall not be available for taxable years beginning on or after January 1, 2023; and

(5) If the aggregate amount of tax credits claimed by taxpayers under this Code section during a year is less than the aggregate annual cap applicable to such year, the unclaimed portion of the aggregate annual cap shall be added to the aggregate annual cap applicable to the next succeeding year or years until it is fully claimed.

(e)(1) The maximum allowable tax credit under this Code section claimed by a single postproduction company and its affiliates shall not exceed, in any single taxable year, 20 percent of the aggregate amount of tax credits available for such taxable year under subsection (d) of this Code section, including the amount of any aggregate annual caps rolled over from prior years.

(2) Postproduction companies seeking to claim a tax credit under this Code section shall submit an application to the Department of Revenue for preapproval of such tax credit on or before the start of postproduction activities. The Department of Revenue shall preapprove the tax credits based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the Department of Revenue shall prorate the available funds between or among the applicants.

(f) For taxable years beginning on or after January 1, 2017, and before January 1, 2020, the postproduction company shall report to the Department of Revenue on its Georgia income tax return the monthly average number of full-time employees subject to Georgia income tax withholding for the taxable year. For purposes of this subsection, the term 'full-time employee' shall mean a person who performs a job that requires a minimum of 35 hours a week, and pays at or above the average wage earned in the

county with the lowest average wage earned in this state, as reported in the most recently available annual issue of the Georgia Employment and Wages Averages Report of the Department of Labor. Notwithstanding Code Sections 48-2-15, 48-7-60, and 48-7-61, for such taxable years, the commissioner shall annually report to the House Committee on Ways and Means and the Senate Finance Committee. The report shall include the name, tax year beginning, and monthly average number of full-time employees for each postproduction company. The first report shall be submitted by June 30, 2018, and each year thereafter by June 30.

(g)(1) Any qualified postproduction expenditures for which a postproduction company claims a tax credit under this Code section shall not be eligible production expenditures for purposes of the credit authorized under Code Section 48-7-40.26.

(2) If a postproduction company and its affiliates claim the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18, then the postproduction company and its affiliates will only be allowed to claim the credit authorized under this Code section to the extent that the Georgia resident employees included in the credit calculation authorized under this Code section and taken by the postproduction company and its affiliates on such tax return under this Code section have been permanently excluded from the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18.

(h) The credit granted under this Code section shall be subject to the following conditions and limitations:

(1) The credit may be taken beginning with the taxable year in which the postproduction company has incurred the qualified postproduction expenditures. For each year in which such postproduction company either claims or transfers the credit, the postproduction company shall attach a schedule to the postproduction company's Georgia income tax return which will set forth the following information, as a minimum:

(A) A description of the qualified postproduction activities, along with the certification from the Department of Economic Development;

(B) A certification that the postproduction company maintains a business location physically located in this state;

(C) A certification that the postproduction company expended a total aggregate payroll of $250,000.00 or more for employees working within this state during the calendar year directly preceding the start of the taxable year of the postproduction company;

(D) In the initial year in which the postproduction company claims the credit granted in this Code section only, information demonstrating that the qualified postproduction expenditures equal or exceed $500,000.00 during such year;

(E) A detailed listing of the employee names, social security numbers, and Georgia wages when salaries are included in the qualified postproduction expenditures;

(F) The amount of tax credit claimed for the taxable year;

(G) Any tax credit previously taken by the postproduction company against Georgia income tax liabilities or the postproduction company's quarterly or monthly payments under Code Section 48-7-103;

(H) The amount of tax credit carried over from prior years;

(I) The amount of tax credit utilized by the postproduction company in the current taxable year; and

(J) The amount of tax credit to be carried over to subsequent tax years.

The postproduction company shall file a copy of the schedule with the Department of Economic Development within 30 days after the schedule is filed with its income tax return;

(2) Where the amount of tax credits under this Code section exceeds the postproduction company's income tax liability in a taxable year, any unused credit amount:

(A) May be carried forward for five years from the close of the taxable year in which the investment occurred; or

(B) May be taken as a credit against such postproduction company's quarterly or monthly payment under Code Section 48-7-103. Each employee whose employer receives credit against such postproduction company's quarterly or monthly payment under Code Section 48-7-103 shall receive credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subparagraph. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subparagraph shall not constitute income to the postproduction company.

No such credit shall be allowed the postproduction company against prior years' tax liability; and

(3) Any tax credits earned by a postproduction company under this Code section and previously claimed but not used by such postproduction company against its income tax or its monthly payment under Code Section 48-7-103 may be transferred or sold in whole or in part by such postproduction company to another Georgia taxpayer, subject to the following conditions:

(A) Such postproduction company may make only a single transfer or sale of tax credits earned in a taxable year; however, the transfer or sale may involve one or more transferees;

(B) Such postproduction company shall submit to the Department of Economic Development and to the Department of Revenue a written notification of any transfer or sale of tax credits within 30 days after the transfer or sale of such tax credits. The notification shall include such postproduction company's tax credit balance prior to transfer, the credit certificate number, the remaining balance after transfer, all tax identification numbers for each transferee, the date of transfer, the amount transferred, and any other information required by the Department of Economic Development or the Department of Revenue;

(C) Failure to comply with this paragraph shall result in the disallowance of the tax credit until the postproduction company is in full compliance;

(D) The transfer or sale of this tax credit does not extend the time in which such tax credit can be used. The carry-forward period for a tax credit that is transferred or sold shall begin on the date on which the tax credit was originally earned;

(E) A transferee shall have only such rights to claim and use the tax credit that were available to such postproduction company at the time of the transfer, except for the use of the credit in subparagraph (B) of paragraph (2) of this subsection. To the extent that such postproduction company did not have rights to claim or use the tax credit at the time of the transfer, the Department of Revenue shall either disallow the tax credit claimed by the transferee or recapture the tax credit from the transferee. The transferee's recourse is against such postproduction company; and

(F) Any postproduction company claiming, transferring, or selling the tax credit shall be required to reimburse the Department of Revenue for any department initiated audits relating to the tax credit. This subparagraph shall not apply to routine tax audits of a taxpayer that may include the review of the credit provided in this Code section.

(i) The Department of Revenue and the Department of Economic Development shall promulgate such rules and regulations as are necessary to implement and administer this Code section."

SECTION 3.

This Act shall become effective on July 1, 2017, and shall be applicable to tax years beginning on or after January 1, 2017.

(a) The General Assembly finds that:

(1) The state has a compelling interest in promptly providing stable and permanent homes for adoptive children, and in preventing the disruption of adoptive placements;

(2) Adoptive children have a right to permanence and stability in adoptive placements;

(3) Adoptive parents have a constitutionally protected liberty and privacy interest in retaining custody of children placed with them for adoption;

(4) A biological father who is not ~~the~~ a legal father may have an interest in his biological child. This inchoate interest is lost by failure to develop a familial bond

with the child and acquires constitutional protection only if ~~the~~ a biological father who is not ~~the~~ a legal father develops a familial bond with the child;

(5) The subjective intent of a biological father who is not a legal father, whether expressed or otherwise, unsupported by evidence of acts manifesting such intent, shall not preclude a determination that ~~the~~ a biological father who is not a legal father has failed to develop a familial bond with the child; and

(6) A man who has engaged in a nonmarital sexual relationship with a woman is deemed to be on notice that a pregnancy and adoption proceeding regarding a child may occur and has a duty to protect his own rights and interests in that child. He is therefore entitled to notice of an adoption proceeding only as provided in this Code section.

(b) If there is a biological father who is not ~~the~~ a legal father of a child and he has not executed a surrender of rights as specified in paragraph (2) of subsection (e) of Code Section 19-8-4, 19-8-5, 19-8-6, or 19-8-7 or paragraph (3) of subsection (e) of Code Section 19-8-4, 19-8-5, or 19-8-7, he shall be notified of adoption proceedings regarding the child in the following circumstances:

~~(4) If the court finds from the evidence, including but not limited to the affidavit of the mother specified in subsection (g) of Code Section 19-8-4, 19-8-5, 19-8-6, or 19-8-7 in the form provided in subsection (h) of Code Section 19-8-26, that such biological father who is not the legal father has performed any of the following acts:~~

~~(A) Lived with the child;~~

(2) If feasible, the methods specified in ~~paragraph (1) or (2)~~ subparagraph (A) or (B) of paragraph (1) of this subsection shall be used before publication; provided, however, that in the interest of time, publication may be initiated simultaneously with efforts to perfect service personally, by registered mail, or by statutory overnight delivery.

(3) No prior order of court shall be required to publish notice pursuant to this Code section; provided, however, that before publication may be relied upon as a means of service, it shall be averred that, after diligent efforts, service could not be perfected personally, by registered mail, or by statutory overnight delivery.

5.

I understand that I will receive a copy of this document after the witness and I have signed it and it has been notarized.

6.

I understand that under Georgia law I have the unconditional right to a ten-day revocation period. I understand that if I am at least 18 years of age I also have the choice to waive the ten-day revocation period, thereby causing the pre-birth

surrender of my rights to become final immediately upon signing a WAIVER OF RIGHT TO REVOKE SURRENDER OF RIGHTS.

Indicate your choice by signing ONE of the following statements (you may choose statement A or B):

A. _____ (Signature) I choose to RETAIN the unconditional right to a ten-day revocation period under Georgia law. ~~Furthermore, I hereby certify that I have received a copy of this document and that~~ I understand that I may only ~~withdraw~~ revoke this pre-birth surrender by giving written notice, delivered in person or ~~by statutory overnight delivery or registered mail, return receipt requested, to _____ within ten days from the date hereof;~~ mailed by registered mail or statutory overnight delivery, to _____ (name and address of child-placing agency representative, out-of-state licensed agency representative, Department of Human Services representative, individual to whom surrender is made or his or her agent, or petitioner's representative, as applicable) within ten days from the date of signing this document. I understand that certified mail cannot be used for mail delivery of the notice to revoke this pre-birth surrender. I understand that the ten days ~~shall~~ will be counted consecutively beginning with the day immediately following the date ~~hereof; that, however,~~ I sign this document; provided, however, that, if the tenth day falls on a Saturday, Sunday, or legal holiday, then the last day on which ~~the~~ this surrender may be ~~withdrawn shall~~ revoked will be the next day that is not a Saturday, Sunday, or legal holiday~~; and that it may NOT be withdrawn thereafter~~. I understand that, if I deliver the notice to revoke this surrender in person, it must be delivered to _____ (name and address) not later than 5:00 P.M. eastern standard time or eastern daylight time, whichever is applicable, on the tenth day. I understand that I CANNOT revoke this surrender after that time.

OR

B. _____ (Signature) I am at least 18 years of age and I choose to WAIVE the right to a ten-day revocation period under Georgia law. I will sign a separate WAIVER OF RIGHT TO REVOKE SURRENDER OF RIGHTS at least 24 hours after the birth of the child and, by signing said waiver, I understand and intend to give up the unconditional right to revoke this pre-birth surrender. I fully understand that by signing the WAIVER OF RIGHT TO REVOKE SURRENDER OF RIGHTS the surrender of my rights will become final immediately upon signing it and that thereafter this surrender cannot be revoked.

7.

If prior to my signing this pre-birth surrender I have registered on Georgia's putative father registry then, if I do not ~~withdraw~~ revoke this surrender within the time permitted, I waive the notice I would be entitled to receive pursuant to ~~the provisions of~~ Code Section 19-8-12 of the Official Code of Georgia Annotated because of my registration on the putative father registry.

8.

I understand that if I am not a resident of this state that I am agreeing to be subject to the jurisdiction of the courts of Georgia for any action filed in connection with the adoption of the child. I agree to be bound by a decree of adoption rendered as a result of this surrender of my parental rights.

9.

Furthermore, I hereby certify that I have not been subjected to any duress or undue pressure in the execution of this document and ~~do so~~ I am signing it freely and voluntarily.

(a) As used in this Code section, the term 'birth relative' means:

(1) A parent, biological father who is not ~~the~~ a legal father, grandparent, brother, sister, half-brother, or half-sister who is related by blood or marriage to a child who is being adopted or who has been adopted; or

(2) A grandparent, brother, sister, half-brother, or half-sister who is related by adoption to a child who is being adopted or who has been adopted.

(b)(1) An adopting parent or parents and birth relatives or an adopting parent or parents, birth relatives, and a child who is 14 years of age or older who is being adopted or who has been adopted may voluntarily enter into a written postadoption contact agreement to permit continuing contact between such birth relatives and such child. A child who is 14 years of age or older shall be considered a party to a postadoption contact agreement.

(2) A postadoption contact agreement may provide for privileges regarding a child who is being adopted or who has been adopted, including, but not limited to, visitation with such child, contact with such child, sharing of information about such child, or sharing of information about birth relatives.

(3) In order to be an enforceable postadoption contact agreement, such agreement shall be in writing and signed by all of the parties to such agreement acknowledging their consent to its terms and conditions.

(4) Enforcement, modification, or termination of a postadoption contact agreement shall be under the continuing jurisdiction of the court that granted the petition ~~of~~ for adoption; provided, however, that the parties to a postadoption contact agreement may expressly waive the right to enforce, modify, or terminate such agreement under this Code section.

(5) Any party to the postadoption contact agreement may, at any time, file the original postadoption contact agreement with the court that has or had jurisdiction over the adoption if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(c) A postadoption contact agreement shall contain the following warnings in at least 14 point boldface type:

(1) After the entry of a decree for adoption, an adoption cannot be set aside due to the failure of an adopting parent, a ~~birth~~ biological parent, a birth relative, or the child to follow the terms of this agreement or a later change to this agreement; and

(2) A disagreement between the parties or litigation brought to enforce, terminate, or modify this agreement shall not affect the validity of the adoption and shall not serve as a basis for orders affecting the custody of the child.

(d)(1) As used in this subsection, the term 'parties' means the individuals who signed the postadoption contact agreement currently in effect, including the child if he or she is 14 years of age or older at the time of the action regarding such agreement, but such term shall exclude any third-party beneficiary to such agreement.

(2) A postadoption contact agreement may always be modified or terminated if the parties have voluntarily signed a written modified postadoption contact agreement or termination of a postadoption contact agreement. A modified postadoption contact agreement may be filed with the court if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(e) With respect to postadoption contact agreements that provide for court enforcement or termination or are silent as to such matters, any party, as defined in paragraph (1) of subsection (d) of this Code section, may file a petition to enforce or terminate such agreement with the court that granted the petition ~~of~~ for adoption, and the court shall enforce the terms of such agreement or terminate such agreement if such court finds by a preponderance of the evidence that the enforcement or termination is necessary to serve the best interests of the child.

(f) With respect to postadoption contact agreements that provide for court modification or are silent as to modification, only the adopting parent or parents may file a petition seeking modification. Such petition shall be filed with the court that granted the petition ~~of~~ for adoption, and the court shall modify such agreement if such court finds by a preponderance of the evidence that the modification is necessary to serve the best interests of the child and there has been a material change of circumstances since the current postadoption contact agreement was executed.

(g) A court may require the party seeking modification, termination, or enforcement of a postadoption contact agreement to participate in mediation or other appropriate alternative dispute resolution.

(h) All reasonable costs and expenses of mediation, alternative dispute resolution, and litigation shall be borne by the party, other than the child, filing the action to enforce, modify, or terminate a postadoption contact agreement when no party has been found by the court as failing to comply with an existing postadoption contact agreement. Otherwise, a party, other than the child, found by the court as failing to comply without good cause with an existing postadoption contact agreement shall bear all the costs and expenses of mediation, alternative dispute resolution, and litigation of the other party.

(i) A court shall not set aside a decree of adoption, rescind a surrender of rights, or modify an order to terminate parental rights or any other prior court order because of the failure of an adoptive parent, a birth relative, or the child to comply with any or all of the original terms of, or subsequent modifications to, a postadoption contact agreement.

19-8-28.

When a child is an orphan, the petitioner shall not be required to have a guardian appointed for such child in order for a guardian to execute a surrender of rights. Such child shall be adoptable without a surrender of rights."

SECTION 2.

Code Section 15-11-320 of the Official Code of Georgia Annotated, relating to termination of parental rights, is amended by revising subsection (d) as follows:

"(d) The court shall transmit a copy of every final order terminating the parental rights of a parent to the ~~Office of Adoptions~~ State Adoption Unit of the department within 15 days of the filing of such order."

SECTION 2A.

Part 4 of Article 17 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to sick, personal, and maternity leave for teachers and other school personnel, is amended by adding a new Code section to read as follows:

"20-2-852.1.

A local board of education that permits paternity or maternity time off for biological parents following the birth of a child shall, upon request, make such time off available for individuals adopting a child, in the same manner and utilizing the same type of leave. If the local board of education has established a policy providing time off for biological parents, that period of time shall be the minimum period of leave available for adoptive parents. Requests for additional leave due to the adoption of an ill child or a child with a disability shall be considered on the same basis as comparable cases of such complications accompanying the birth of such a child to an employee or employee's spouse. Any other benefits provided by the local board of education, such as job guarantee or pay, shall be available to both adoptive and biological parents on an equal basis. A local board of education shall not penalize an employee for exercising the rights provided by this Code section. The provisions of this Code section shall not apply to an adoption by the spouse of a custodial parent."

A BILL TO BE ENTITLED
AN ACT

To amend Title 20 and Title 48 of the Official Code of Georgia Annotated, relating to education and to revenue and taxation, respectively, so as to authorize the Public Education Innovation Fund Foundation to receive private donations to be used for grants to public schools; to provide for grant criteria; to provide for an income tax credit for qualified education donations; to provide for conditions and limitations; to provide for powers, duties, and authority of the state revenue commissioner with respect to such donations; to provide for related matters; to provide for an effective date; to provide for applicability; to provide for a sunset date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 20 of the Official Code of Georgia Annotated, relating to education, is amended by revising Code Section 20-14-26.1, relating to the authority of the Office of Student Achievement to incorporate nonprofit corporations as public foundations, as follows:

"20-14-26.1.

(a) The office shall have the power and authority to incorporate a nonprofit corporation that could qualify as a public foundation under Section 501(c)(3) of the Internal Revenue Code to aid the office in carrying out any of its powers and in accomplishing any of its purposes. Any nonprofit corporation created pursuant to this power shall be created pursuant to Chapter 3 of Title 14, the 'Georgia Nonprofit Corporation Code,' and the Secretary of State shall be authorized to accept such filing.

(b) Any nonprofit corporation created pursuant to this Code section shall be subject to the following provisions:

(1) In accordance with the Constitution of Georgia, no governmental functions or regulatory powers shall be conducted by any such nonprofit corporation;

(2) Upon dissolution of any such nonprofit corporation incorporated by the office, any assets shall revert to the office or to any successor to the office or, failing such succession, to the State of Georgia;

(3) As used in this paragraph, the term 'direct employee costs' means salary, benefits, and travel expenses. To avoid the appearance of undue influence on regulatory functions by donors, no donations to any such nonprofit corporation from private sources shall be used for direct employee costs of the office;

(4) Any such nonprofit corporation shall be subject to all laws relating to open meetings and the inspection of public records;
(5) The office shall not be liable for the action or omission to act of any such nonprofit corporation;
(6) No debts, bonds, notes, or other obligations incurred by any such nonprofit corporation shall constitute an indebtedness or obligation of the State of Georgia nor shall any act of any such nonprofit corporation constitute or result in the creation of an indebtedness of the state. No holder or holders of any such bonds, notes, or other obligations shall ever have the right to compel any exercise of the taxing power of the state nor to enforce the payment thereof against the state; and
(7) Any nonprofit corporation created pursuant to this Code section shall not acquire or hold a fee simple interest in real property by any method, including but not limited to gift, purchase, condemnation, devise, court order, and exchange.
(b.1)(1) Pursuant to this Code section, the office may establish a nonprofit corporation to be designated as the Public Education Innovation Fund Foundation to promote Public-Private Partnerships between businesses, nonprofit organizations, institutions of higher education, local school systems, and public schools, for the purpose of improving student achievement. Funds received by the foundation may be awarded through a competitive grant process administered by the office. The General Assembly may appropriate funds for purposes of this foundation beginning in Fiscal Year 2015.

(2)(A) Such foundation shall also be authorized to receive donations from taxpayers pursuant to Code Section 48-7-29.21 for the purpose of awarding grants to public schools for the implementation of academic and organizational innovations to improve student achievement, with priority given to schools earning unacceptable ratings, as determined by the office, and for the dissemination of information regarding successful innovations to other public schools in this state. Funds received by the foundation for such purpose may be awarded through a competitive grant process administered by the office. The criteria for awarding such grants shall include the potential to which the innovation is likely to result in the proposed improvement, the potential for widespread adoption of such innovation by other public schools in the state, the quality of the proposed project design, the reasonableness of the costs involved in conducting the project, and such other criteria which the office may deem appropriate and necessary. The foundation shall be authorized to withhold an amount necessary to cover the costs incurred in administering the grant process.

(B) The foundation shall report to the Department of Revenue, on a form provided by the Department of Revenue, by January 12 of each tax year the following:

(i) The total number and dollar value of donations and tax credits approved. Individual contributions shall include contributions made by those filing income tax returns as a single individual or head of household and those filing joint returns;

(ii) The total number and dollar value of corporate donations and tax credits approved;

(iii) The total number and dollar value of grants awarded to public schools; and

(iv) A list of donors, including the dollar value of each donation and the dollar value of each approved tax credit.

The Department of Revenue shall post on its website the information received pursuant to divisions (i) through (iii) of this subparagraph.

(C) Except for the information reported pursuant to divisions (i) through (iii) of subparagraph (B) of this paragraph, all information or reports provided by the foundation to the Department of Revenue shall be confidential taxpayer information, governed by Code Sections 48-2-15, 48-7-60, and 48-7-61, whether it relates to the donor or the foundation.

(c) Any nonprofit corporation created pursuant to this Code section shall make public and provide an annual report showing the identity of all donors and the amount each person or entity donated as well as all expenditures or other disposal of money or property donated, except as otherwise provided in paragraph (2) of subsection (b.1) of this Code section. Such report shall be provided to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, and the chairpersons of the House Committee on Education and the Senate Education and Youth Committee. Any such nonprofit corporation shall also provide such persons with a copy of all corporate filings with the federal Internal Revenue Service."

SECTION 2.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by adding a new Code section to read as follows:

"48-7-29.21.

(a) As used in this Code section, the term:

(1) 'Qualified education donation' means a donation made by a taxpayer to the Public Education Innovation Fund Foundation for the purpose of awarding grants to public schools in this state pursuant to paragraph (2) of subsection (b.1) of Code Section 20-14-26.1.

(2) 'Public Education Innovation Fund Foundation' or 'foundation' means the foundation established pursuant to subsection (b.1) of Code Section 20-14-26.1.

(b) An individual taxpayer shall be allowed a credit against the tax imposed by this chapter for qualified education donations as follows:

(1) In the case of a single individual or a head of household, the actual amount donated or $1,000.00 per tax year, whichever is less;

(2) In the case of a married couple filing a joint return, the actual amount donated or $2,500.00 per tax year, whichever is less; or

(3) Anything to the contrary contained in paragraph (1) or (2) of this subsection notwithstanding, in the case of an individual who is a member of a limited liability company duly formed under state law, a shareholder of a Subchapter 'S' corporation, or a partner in a partnership, the amount donated or $10,000.00 per tax year,

whichever is less; provided, however, that tax credits pursuant to this paragraph shall only be allowed for the portion of the income on which such tax was actually paid by such member of the limited liability company, shareholder of a Subchapter 'S' corporation, or partner in a partnership.

(c) A corporation or other entity shall be allowed a credit against the tax imposed by this chapter for qualified education donations in an amount not to exceed the actual amount donated or 75 percent of the corporation's income tax liability, whichever is less.

(d)(1) The tax credit shall not be allowed if the taxpayer designates the taxpayer's qualified education donation for the direct benefit of any particular school or program which the taxpayer's child or children attend.

(2) In soliciting donations, the foundation shall not represent that, in exchange for donating to the foundation, the school a taxpayer's child or children attend shall receive a grant pursuant to paragraph (2) of subsection (b.1) of Code Section 20-14-26.1.

(e) In no event shall the total amount of the tax credit under this Code section for a taxable year exceed the taxpayer's income tax liability. Any unused tax credit shall be allowed the taxpayer against the succeeding five years' tax liability. No such credit shall be allowed the taxpayer against prior years' tax liability.

(f)(1) In no event shall the aggregate amount of tax credits allowed under this Code section exceed $7 million per tax year; provided, however, that for taxable years beginning on and after January 1, 2026, the aggregate amount of tax credits allowed under this Code section shall not exceed $10 million per tax year.

(2) The commissioner shall allow the tax credits on a first come, first served basis.

(3) For the purposes of paragraph (1) of this subsection, the foundation shall notify a potential donor of the requirements of this Code section. Before making a donation to the foundation, the taxpayer shall electronically notify the department, in a manner specified by the department, of the total amount of donations that the taxpayer intends to make to the foundation. The commissioner shall preapprove or deny the requested amount within 30 days after receiving the request from the taxpayer and shall provide notice to the taxpayer and the foundation of such preapproval or denial which shall not require any signed release or notarized approval by the taxpayer. In order to receive a tax credit under this Code section, the taxpayer shall make the donation to the foundation within 60 days after receiving notice from the department that the requested amount was preapproved. If the taxpayer does not comply with this paragraph, the commissioner shall not include this preapproved donation amount when calculating the limit prescribed in paragraph (1) of this subsection. The department shall establish a web based donation approval process to implement this subsection.

(4) Preapproval of donations by the commissioner shall be based solely on the availability of tax credits subject to the aggregate total limit established under paragraph (1) of this subsection. The department shall maintain an ongoing, current list on its website of the amount of tax credits available under this Code section.

(g) In order for the taxpayer to claim a tax credit under this Code section, a confirmation of receipt of donation issued by the foundation shall be attached to the taxpayer's income tax return. However, in the event the taxpayer files an electronic return, such confirmation shall only be required to be electronically attached to the return if the Internal Revenue Service allows such attachments when the return is transmitted to the department. In the event the taxpayer files an electronic return and such confirmation is not attached because the Internal Revenue Service does not, at the time of such electronic filing, allow electronic attachments to the Georgia return, such confirmation shall be maintained by the taxpayer and made available upon request by the commissioner. The confirmation of receipt of donation shall contain the taxpayer's name, address, tax identification number, the amount of the donation, the date of the donation, and the amount of the credit.

(h) No credit shall be allowed under this Code section with respect to any amount deducted from taxable net income by the taxpayer as a charitable contribution to a bona fide charitable organization qualified under Section 501(c)(3) of the Internal Revenue Code.

(i) The commissioner shall be authorized to promulgate any rules and regulations necessary to implement and administer the tax provisions of this Code section."

SECTION 3.

(a) This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall be applicable to all taxable years beginning on or after January 1, 2018.

(b) This Act shall be automatically repealed December 31, 2033.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

A BILL TO BE ENTITLED
AN ACT

To amend Code Section 9-3-29 of the Official Code of Georgia Annotated, relating to limitations of actions relative to breach of restrictive covenant, so as to provide for accrual periods of rights of action; to amend Title 44 of the Official Code of Georgia Annotated, relating to property, so as to provide for the expansion of a condominium after the declarant's right to expand has expired and provide for procedures for such expansion; to provide for the procedure and right of certain property owners to take control of a condominium association, property owner's association, or entity created pursuant to covenants restricting land to certain uses affecting certain planned

subdivisions; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 9-3-29 of the Official Code of Georgia Annotated, relating to limitations of actions relative to breach of restrictive covenant, is amended by revising subsection (c) as follows:

"(c) For the purpose of this Code section, the right of action shall accrue immediately upon the erection of a permanent fixture which results in a violation of the covenant restricting lands to certain uses or the violation of a set-back line provision. When an alleged violation or complaint is based upon a continuous violation of the covenant resulting from an act or omission, the right of action shall accrue each time such act or omission occurs. This Code section shall not be construed so as to extend any applicable statute of limitations affecting actions in equity."

SECTION 2.

Title 44 of the Official Code of Georgia Annotated, relating to property, is amended in Code Section 44-3-89, relating to expansion of condominiums and amendments to declarations, as follows:

"44-3-89.

(a) No condominium shall be expanded except in accordance with the provisions of the declaration and this article.

(b) Any expansion shall be deemed to have occurred at the time of the recordation of plats or plans pursuant to subsection (c) of Code Section 44-3-83 and an amendment to the declaration effecting the expansion duly executed by the declarant, all other owners or lessees of the additional property being added to the condominium, and all mortgages of the additional property being added to the condominium. The amendment shall contain a legal description by metes and bounds of the additional property being added to the condominium and shall reallocate undivided interests in the common elements, votes in the association, and liabilities for future common expenses all in accordance with the provisions of the declaration.

(c) Notwithstanding any other provision of this article, a condominium may be expanded by the association at any time after the declarant's right to expand the condominium has expired, provided that the unit owners of units to which two-thirds of the votes in the association appertain, or such higher amount as may be required by the declaration, exclusive of any vote or votes appurtenant to any unit or units then owned by the declarant, consent to an amendment to the governing documents expanding the condominium under the same terms and conditions as set forth in an explicit reservation of an option or options to expand the condominium contained in the condominium instruments as required by subsection (b) of Code Section 44-3-77; and provided, further, that such explicit reservation existed within the first seven years of the

recording of the governing documents. The amendment shall contain a legal description by metes and bounds of the additional property being added to the condominium and shall reallocate undivided interests in the common elements, votes in the association, and liabilities for future common expenses all in accordance with the provisions of the declaration. The amendment shall be executed by all owners or lessees of the additional property being added to the condominium and all mortgagees of the additional property being added to the condominium. Additionally, the agreement of the required majority of unit owners to the amendment shall be evidenced by their execution of the amendment. In the alternative, the sworn statement of the president, any vice president, or the secretary of the association attached to or incorporated in an amendment executed by the association, which sworn statement states unequivocally that agreement of the required majority was otherwise lawfully obtained and that any notices required under this article were properly given, shall be sufficient to evidence the required agreement."

SECTION 3.

Said title is further amended in Code Section 44-3-101, relating to control of a condominium association by a declarant, surrender of control to unit owners, liability for books and records, and cancellation of leases and contracts, by revising subsection (c) as follows:

"(c)(1) Notwithstanding and prior to the usual expiration of the period of the declarant's right to control the association pursuant to subsection (a) of this Code section and notwithstanding any provision to the contrary in any condominium instruments, the association's articles of incorporation, or the association's bylaws, the right to control also may pass to the unit owners as provided in this subsection if the declarant fails to do any of the following:

(b) In the event that the declarant fails to meet one or more of the obligations of this Code section, then any owner, acting individually or jointly with other owners, may send the declarant written notice of the failure to comply with such requirements and provide the declarant a 30 day opportunity to cure the failure; and such notice shall be sent by certified mail or statutory overnight delivery to the declarant's principal office. If the declarant fails to cure any or all deficiencies identified in the notice within 30 days of such notice, then any owner, acting individually or jointly with other owners, shall have standing individually, and not solely through a derivative action, to institute an action in the superior court of the county in which any portion of the property owner's association is located in order to obtain a declaratory judgment to grant the owner or owners control of the association by ordering an election and setting the terms thereof, or issuing any other orders appropriate to transfer control of the association. The superior court shall have authority to hold a hearing and issue a summary ruling on said action at any time designated by the court not earlier than 20 days after the service thereof, unless the parties consent in writing to an earlier trial. No discovery shall be had unless ordered by the court for good cause. In addition, the superior court shall be authorized to issue a summary ruling on the conveyance of any intended common areas or other property in the common interest community to the association or other appropriate entity. A BILL TO BE ENTITLED
AN ACT

To amend Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income tax, so as to revise the provisions relating to the credit for establishing or relocating quality jobs; to amend Code Section 48-8-3 of the Official Code of Georgia Annotated, relating to exemptions from state sales and use taxes, so as to provide a state and local sales tax exemption for sales of tangible personal property used for or in the renovation or expansion of certain theaters; to provide for related matters; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income tax, is amended by revising subsection (a) of Code Section 48-7-40.17, relating to an income tax credit for establishing or relocating quality jobs, as follows:

"48-7-40.17.

(a) As used in this Code section, the term:

(1) 'Average wage' means the average wage of the county in which a new quality job is located as reported in the most recently available annual issue of the Georgia Employment and Wages Averages Report of the Department of Labor.

(2) 'New quality job' means employment for an individual which:

(A) Is located in this state;

(B) Has a regular work week of 30 hours or more;

(C) Is not a job that is or was already located in Georgia regardless of which taxpayer the individual performed services for; and

(D) Pays at or above 110 percent of the average wage of the county in which it is located.

(3) 'Qualified investment property' means all real and personal property purchased or acquired by a taxpayer for use in a qualified project, including, but not limited to, amounts expended on land acquisition, improvements, buildings, building improvements, and any personal property to be used in the facility or facilities. Any lease for a period of three years or longer of any real or personal property used in a new or expanded facility or facilities which would otherwise constitute qualified investment property shall be treated as the purchase or acquisition thereof by the

lessee. The taxpayer may treat the full value of the leased property as qualified investment property in the year in which the lease becomes binding on the lessor and the taxpayer.

(4) 'Qualified investment property requirement' means the requirement that a minimum of $2.5 million in qualified investment property will have been purchased or acquired by the taxpayer to be used with respect to a qualified project. Such qualified investment property must be placed in service by the end of the two-year period specified in subsection (b) of this Code section.

(5) 'Qualified project' means a project which meets the qualified investment property requirement and which involves the lease or construction of one or more new facilities in this state or the expansion of one or more existing facilities in this state. For purposes of this paragraph, the term 'facilities' means all facilities comprising a single project, including noncontiguous parcels of land, improvements to such land, buildings, building improvements, and any personal property that is used in the facility or facilities.

~~(3)~~(6) 'Taxpayer' means any person required by law to file a return or to pay taxes, except that any taxpayer may elect to consider the jobs within its disregarded entities, as defined in the Internal Revenue Code, for purposes of calculating the number of new quality jobs created by the taxpayer under this Code section.

(b) A taxpayer establishing new quality jobs in this state or relocating quality jobs into this state which elects not to receive the tax credits provided for by Code Sections 48-7-40, 48-7-40.1, 48-7-40.2, 48-7-40.3, 48-7-40.4, 48-7-40.7, 48-7-40.8, and 48-7-40.9 for such jobs and investments created by, arising from, related to, or connected in any way with the same project and, within one year of the first date on which the taxpayer pursuant to the provisions of Code Section 48-7-101 withholds wages for employees in this state and employs at least 50 persons in new quality jobs in this state, shall be allowed a credit for taxes imposed under this article; except that if the first date on which the taxpayer, pursuant to the provisions of Code Section 48-7-101, withholds wages for employees in this state occurs in a taxable year beginning on or after January 1, 2017, the taxpayer has two years to employ at least 50 persons in new quality jobs in this state:

(1) Equal to $2,500.00 annually per eligible new quality job where the job pays 110 percent or more but less than 120 percent of the average wage of the county in which the new quality job is located;

(2) Equal to $3,000.00 annually per eligible new quality job where the job pays 120 percent or more but less than 150 percent of the average wage of the county in which the new quality job is located;

(3) Equal to $4,000.00 annually per eligible new quality job where the job pays 150 percent or more but less than 175 percent of the average wage of the county in which the new quality job is located;

(4) Equal to $4,500.00 annually per eligible new quality job where the job pays 175 percent or more but less than 200 percent of the average wage of the county in which the new quality job is located; and

(5) Equal to $5,000.00 annually per eligible new quality job where the job pays 200 percent or more of the average wage of the county in which the new quality job is located;

provided, however, that where the amount of such credit exceeds a taxpayer's liability for such taxes in a taxable year, the excess may be taken as a credit against such taxpayer's quarterly or monthly payment under Code Section 48-7-103 but not to exceed in any one taxable year the credit amounts in paragraphs (1) through (5) of this subsection for each new quality job when aggregated with the credit applied against taxes under this article. Each employee whose employer receives credit against such taxpayer's quarterly or monthly payment under Code Section 48-7-103 shall receive a credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subsection. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subsection shall not constitute income to the taxpayer. For each new quality job created, the credit established by this subsection may be taken for the first taxable year in which the new quality job is created and for the four immediately succeeding taxable years; provided, however, that such new quality jobs must be created within seven years from the close of the taxable year in which the taxpayer first becomes eligible for such credit. Credit shall not be allowed during a year if the net employment increase falls below the 50 new quality jobs required. Any credit received for years prior to the year in which the net employment increase falls below the 50 new quality jobs required shall not be affected except as provided in subsection ~~(f)~~ (g) of this Code section. The state revenue commissioner shall adjust the credit allowed each year for net new employment fluctuations above the 50 new quality jobs required.

(c) Only a taxpayer that completes the creation of a qualified project in a taxable year beginning on or after January 1, 2017, shall be eligible to begin a subsequent seven-year job creation period for the qualified project, provided that the taxpayer creates 50 or more new quality jobs, at the site or sites of a qualified project or the facility or facilities resulting therefrom, above its single previous high yearly average number of new quality jobs during any prior seven-year job creation period. A subsequent seven-year job creation period is subject to all the requirements of this Code section. A taxpayer must notify the commissioner of their intent to begin a subsequent seven-year job creation period. The commissioner shall provide by regulation the time in which such notification shall occur. New quality jobs generated under previous seven-year job creation periods shall continue to be eligible for the credit as provided by this Code section. No new quality jobs may be generated under previous periods of eligibility after a subsequent period of eligibility has begun. New quality jobs created in a subsequent seven-year job creation period shall not be counted as additional new quality jobs under a previous seven-year job creation period; instead those new quality jobs shall count toward the subsequent period. For purposes of determining the number of new quality jobs in a particular year that are attributable to each seven-year job

creation period, the taxpayer shall begin with the first seven-year job creation period and then attribute the remainder to each subsequent seven-year job creation period from the oldest to the newest. Such attributions shall be made up to the single high yearly average number of new quality jobs for each seven-year job creation period. A taxpayer may create more than one subsequent seven-year job creation period.

~~(c)~~(d) The number of new quality jobs to which this Code section shall be applicable shall be determined by comparing the monthly average of new quality jobs subject to Georgia income tax withholding for the taxable year with the corresponding average for the prior taxable year.

~~(d)~~(e) Any credit claimed under this Code section but not used in any taxable year may be carried forward for ten years from the close of the taxable year in which the new quality jobs were established.

~~(e)~~(f) Notwithstanding Code Section 48-2-35, any tax credit claimed under this Code section shall be claimed within one year of the earlier of the date the original return was filed or the date such return was due as prescribed in subsection (a) of Code Section 48-7-56, including any approved extensions.

~~(f)~~(g) Taxpayers that initially claimed the credit under this Code section for any taxable year beginning before January 1, 2012, shall be governed, for purposes of all such credits claimed as well as any credits claimed in subsequent taxable years related to such initial claim, by this Code section as it was in effect for the taxable year in which the taxpayer made such initial claim.

~~(g)~~(h) The state revenue commissioner shall promulgate any rules and regulations necessary to implement and administer this Code section."

SECTION 2.

Code Section 48-8-3 of the Official Code of Georgia Annotated, relating to exemptions from state sales and use taxes, is amended by deleting "or" at the end of paragraph (97), by deleting the period and adding "; or" at the end of paragraph (98), and by adding a new paragraph to read as follows:

"(99)(A) The sale or use of tangible personal property used for or in the renovation or expansion of a theater located within a facility in this state that contains an art museum, symphonic hall, and theater that charges for admission and is owned or operated by an organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, if such organization's primary mission is to provide arts and education programming for the benefit of the citizens of this state, to the extent provided in subparagraphs (B) and (C) of this paragraph.

(B) This exemption shall apply from July 1, 2017, until January 1, 2019, and until the aggregate state sales and use tax refunded pursuant to this paragraph exceeds $750,000.00. A qualifying organization must pay sales and use tax on all purchases and uses of tangible personal property and may obtain the benefit of this exemption from state sales and use tax by filing a claim for refund of tax paid on qualifying items. All refunds made pursuant to this paragraph shall not include interest.

(C) This exemption shall apply from July 1, 2017, until January 1, 2019, to any local sales and use tax levied or imposed at any time in any area consisting of less than the entire state, however authorized, including, but not limited to, such taxes authorized by or pursuant to Section 25 of an Act approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended, the 'Metropolitan Atlanta Rapid Transit Authority Act of 1965,' or such taxes as authorized by or pursuant to Article 2, 2A, 3, 4, or 5 of this chapter.

(D) Notwithstanding any provision of Code Section 48-8-63 to the contrary, purchases by a contractor may qualify for the exemption provided for in this paragraph. However, when a contractor purchases qualifying tangible personal property, the contractor shall pay the tax at the time of purchase or at the time of first use in this state; and the ultimate owner of the property may file a claim for refund of the tax paid on the qualifying property.

(E) Items qualifying for exemption include all tangible personal property that will remain at the theater after completion of construction and all tangible personal property that becomes incorporated into the real property structures of the theater. The exemption excludes all items that remain tangible personal property in the possession of a contractor after the completion of construction."

SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and Section 1 of this Act shall be applicable to all taxable years beginning on or after January 1, 2017.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

A defendant's statement that the defendant wishes to plead guilty, guilty but mentally ill, guilty but ~~mentally retarded~~ with intellectual disability, or nolo contendere shall not be used against the defendant."

SECTION 3.

Said title is further amended by revising Code Section 17-7-131, relating to proceedings upon pleas of insanity or mental incompetency at time of crime, as follows:

"17-7-131.

(a) For purposes of this Code section, the term:

(1) 'Insane at the time of the crime' means meeting the criteria of Code Section 16-3-2 or 16-3-3. However, the term shall not include a mental state manifested only by repeated unlawful or antisocial conduct.

(2) 'Intellectual disability' means having significantly subaverage general intellectual functioning resulting in or associated with impairments in adaptive behavior which manifested during the developmental period.

~~(2)~~(3) 'Mentally ill' means having a disorder of thought or mood which significantly impairs judgment, behavior, capacity to recognize reality, or ability to cope with the ordinary demands of life. However, the term 'mental illness' shall not include a mental state manifested only by repeated unlawful or antisocial conduct.

~~(3) 'Mentally retarded' means having significantly subaverage general intellectual functioning resulting in or associated with impairments in adaptive behavior which manifested during the developmental period.~~

(b)(1) In all cases in which the defense of insanity is interposed, the jury, or the court if tried by it, shall find whether the defendant is:

(A) Guilty;

(B) Not guilty;

(C) Not guilty by reason of insanity at the time of the crime;

(D) Guilty but mentally ill at the time of the crime, but the finding of guilty but mentally ill shall be made only in felony cases; or

(E) Guilty but ~~mentally retarded~~ with intellectual disability, but the finding of ~~mental retardation~~ intellectual disability shall be made only in felony cases.

(2) A plea of guilty but mentally ill at the time of the crime or a plea of guilty but ~~mentally retarded~~ with intellectual disability shall not be accepted until the defendant has undergone examination by a licensed psychologist or psychiatrist and the court has examined the psychological or psychiatric reports, held a hearing on the issue of the defendant's mental condition, and is satisfied that there is a factual basis that the defendant was mentally ill at the time of the offense or ~~mentally retarded~~ has intellectual disability to which the plea is entered.

(2.1) A plea of not guilty by reason of insanity at the time of the crime shall not be accepted and the defendant adjudicated not guilty by reason of insanity by the court without a jury until the defendant has undergone examination by a licensed psychologist or psychiatrist and the court has examined the psychological or psychiatric reports, has held a hearing on the issue of the defendant's mental condition, and the court is satisfied that the defendant was insane at the time of the crime according to the criteria of Code Section 16-3-2 or 16-3-3.

(3) In all cases in which the defense of insanity is interposed, the trial judge shall charge the jury, in addition to other appropriate charges, the following:

(A) I charge you that should you find the defendant not guilty by reason of insanity at the time of the crime, the defendant will be committed to a state mental health facility until such time, if ever, that the court is satisfied that he or she should be released pursuant to law.

(B) I charge you that should you find the defendant guilty but mentally ill at the time of the crime, the defendant will be placed in the custody of the Department of Corrections which will have responsibility for the evaluation and treatment of the mental health needs of the defendant, which may include, at the discretion of the Department of Corrections, referral for temporary hospitalization at a facility operated by the Department of Behavioral Health and Developmental Disabilities.

(C) I charge you that should you find the defendant guilty but ~~mentally retarded~~ with intellectual disability, the defendant will be placed in the custody of the Department of Corrections, which will have responsibility for the evaluation and treatment of the mental health needs of the defendant, which may include, at the discretion of the Department of Corrections, referral for temporary hospitalization at a facility operated by the Department of Behavioral Health and Developmental Disabilities.

(c) In all criminal trials in any of the courts of this state wherein an accused shall contend that he or she was insane or otherwise mentally incompetent under the law at the time the act or acts charged against him or her were committed, the trial judge shall instruct the jury that they may consider, in addition to verdicts of 'guilty' and 'not guilty,' the additional verdicts of 'not guilty by reason of insanity at the time of the crime,' 'guilty but mentally ill at the time of the crime,' and 'guilty but ~~mentally retarded~~ with intellectual disability.'

(1) The defendant may be found 'not guilty by reason of insanity at the time of the crime' if he or she meets the criteria of Code Section 16-3-2 or 16-3-3 at the time of the commission of the crime. If the court or jury should make such finding, it shall so specify in its verdict.

(2) The defendant may be found 'guilty but mentally ill at the time of the crime' if the jury, or court acting as trier of facts, finds beyond a reasonable doubt that the defendant is guilty of the crime charged and was mentally ill at the time of the commission of the crime. If the court or jury should make such finding, it shall so specify in its verdict.

(3) The defendant may be found 'guilty but ~~mentally retarded~~ with intellectual disability' if the jury, or court acting as trier of facts, finds beyond a reasonable doubt that the defendant is guilty of the crime charged and is ~~mentally retarded~~ with intellectual disability. If the court or jury should make such finding, it shall so specify in its verdict.

(d) Whenever a defendant is found not guilty by reason of insanity at the time of the crime, the court shall retain jurisdiction over the person so acquitted and shall order such person to be detained in a state mental health facility, to be selected by the Department of Behavioral Health and Developmental Disabilities, for a period not to exceed 30 days from the date of the acquittal order, for evaluation of the defendant's

present mental condition. Upon completion of the evaluation, the proper officials of the mental health facility shall send a report of the defendant's present mental condition to the trial judge, the prosecuting attorney, and the defendant's attorney, if any.

(e)(1) After the expiration of the 30 days' evaluation period in the state mental health facility, if the evaluation report from the Department of Behavioral Health and Developmental Disabilities indicates that the defendant does not meet the inpatient commitment criteria of Chapter 3 of Title 37 or Chapter 4 of Title 37, the trial judge may issue an order discharging the defendant from custody without a hearing.

(2) If the defendant is not so discharged, the trial judge shall order a hearing to determine if the defendant meets the inpatient commitment criteria of Chapter 3 of Title 37 or Chapter 4 of Title 37. If such criteria are not met, the defendant must be discharged.

(3) The defendant shall be detained in custody until completion of the hearing. The hearing shall be conducted at the earliest opportunity after the expiration of the 30 days' evaluation period but in any event within 30 days after receipt by the prosecuting attorney of the evaluation report from the mental health facility. The court may take judicial notice of evidence introduced during the trial of the defendant and may call for testimony from any person with knowledge concerning whether the defendant is currently a mentally ill person in need of involuntary treatment, as defined by paragraph (12) of Code Section 37-3-1, or a person with a developmental disability, as defined in paragraph (8) of Code Section 37-1-1, who presents a substantial risk of imminent harm to himself or herself or others. The prosecuting attorney may cross-examine the witnesses called by the court and the defendant's witnesses and present relevant evidence concerning the issues presented at the hearing.

(4) If the judge determines that the defendant meets the inpatient commitment criteria of Chapter 3 of Title 37 or Chapter 4 of Title 37, the judge shall order the defendant to be committed to the Department of Behavioral Health and Developmental Disabilities to receive involuntary treatment under Chapter 3 of Title 37 or to receive services under Chapter 4 of Title 37. The defendant is entitled to the following rights specified below and shall be notified in writing of these rights at the time of his or her admission for evaluation under subsection (d) of this Code section. Such rights are:

(A) A notice that a hearing will be held and the time and place thereof;

(B) A notice that the defendant has the right to counsel and that the defendant or his or her representatives may apply immediately to the court to have counsel appointed if the defendant cannot afford counsel and that the court will appoint counsel for the defendant unless he or she indicates in writing that he or she does not desire to be represented by counsel;

(C) The right to confront and cross-examine witnesses and to offer evidence;

(D) The right to subpoena witnesses and to require testimony before the court in person or by deposition from any person upon whose evaluation the decision of the court may rest;

(E) Notice of the right to have established an individualized service plan specifically tailored to the person's treatment needs, as such plans are defined in Chapter 3 of Title 37 and Chapter 4 of Title 37; and

(F) A notice that the defendant has the right to be examined by a physician or a licensed clinical psychologist of his or her own choice at his or her own expense and to have that physician or psychologist submit a suggested service plan for the patient which conforms with the requirements of Chapter 3 of Title 37 or Chapter 4 of Title 37, whichever is applicable.

(5)(A) If a defendant appears to meet the criteria for outpatient involuntary treatment as defined in Part 3 of Article 3 of Chapter 3 of Title 37, which shall be the criteria for release on a trial basis in the community in preparation for a full release, the court may order a period of conditional release subject to certain conditions set by the court. The court is authorized to appoint an appropriate community service provider to work in conjunction with the Department of Behavioral Health and Developmental Disabilities to monitor the defendant's compliance with these conditions and to make regular reports to the court.

(B) If the defendant successfully completes all requirements during this period of conditional release, the court shall discharge the individual from commitment at the end of that period. Such individuals may be referred for community mental health, ~~mental retardation~~ developmental disabilities, or substance abuse services as appropriate. The court may require the individual to participate in outpatient treatment or any other services or programs authorized by Chapter 3, 4, or 7 of Title 37.

(C) If the defendant does not successfully complete any or all requirements of the conditional release period, the court may:

(i) Revoke the period of conditional release and return the defendant to a state hospital for inpatient services; or

(ii) Impose additional or revise existing conditions on the defendant as appropriate and continue the period of conditional release.

(D) For any decision rendered under subparagraph (C) of this paragraph, the defendant may request a review by the court of such decision within 20 days of the order of the court.

(E) The Department of Behavioral Health and Developmental Disabilities and any community services providers, including the employees and agents of both, providing supervision or treatment during a period of conditional release shall not be held criminally or civilly liable for any acts committed by a defendant placed by the committing court on a period of conditional release.

(f) A defendant who has been found not guilty by reason of insanity at the time of the crime and is ordered committed to the Department of Behavioral Health and Developmental Disabilities under subsection (e) of this Code section may only be discharged from that commitment by order of the committing court in accordance with the procedures specified in this subsection:

(1) Application for the release of a defendant who has been committed to the Department of Behavioral Health and Developmental Disabilities under subsection (e) of this Code section upon the ground that he or she does not meet the civil commitment criteria under Chapter 3 of Title 37 or Chapter 4 of Title 37 may be made to the committing court, either by such defendant or by the superintendent of the state hospital in which the said defendant is detained;

(2) The burden of proof in such release hearing shall be upon the applicant. The defendant shall have the same rights in the release hearing as set forth in subsection (e) of this Code section; and

(3) If the finding of the court is adverse to release in such hearing held pursuant to this subsection on the grounds that such defendant does meet the inpatient civil commitment criteria, a further release application by the defendant shall not be heard by the court until 12 months have elapsed from the date of the hearing upon the last preceding application. The Department of Behavioral Health and Developmental Disabilities shall have the independent right to request a release hearing once every 12 months.

(g)(1) Whenever a defendant is found guilty but mentally ill at the time of a felony or guilty but ~~mentally retarded~~ has intellectual disability, or enters a plea to that effect that is accepted by the court, the court shall sentence him or her in the same manner as a defendant found guilty of the offense, except as otherwise provided in subsection (j) of this Code section. A defendant who is found guilty but mentally ill at the time of the felony or guilty but ~~mentally retarded~~ has intellectual disability shall be committed to an appropriate penal facility and shall be evaluated then treated, if indicated, within the limits of state funds appropriated therefor, in such manner as is psychiatrically indicated for his or her mental illness or ~~mental retardation~~ intellectual disability.

(2) If at any time following the defendant's conviction as a guilty but mentally ill or guilty but ~~mentally retarded~~ with intellectual disability offender it is determined that a temporary transfer to the Department of Behavioral Health and Developmental Disabilities is clinically indicated for his or her mental illness or ~~mental retardation~~ intellectual disability, then the defendant shall be transferred to the Department of Behavioral Health and Developmental Disabilities pursuant to procedures set forth in regulations of the Department of Corrections and the Department of Behavioral Health and Developmental Disabilities. In all such cases, the legal custody of the defendant shall be retained by the Department of Corrections. Upon notification from the Department of Behavioral Health and Developmental Disabilities to the Department of Corrections that hospitalization at a Department of Behavioral Health and Developmental Disabilities facility is no longer clinically indicated for his or her mental illness or ~~mental retardation~~ intellectual disability, the Department of Corrections shall transfer the defendant back to its physical custody and shall place such individual in an appropriate penal institution.

(h) If a defendant who is found guilty but mentally ill at the time of a felony or guilty but ~~mentally retarded~~ with intellectual disability is placed on probation under the 'State-wide Probation Act,' Article 2 of Chapter 8 of Title 42, the court may require that the

defendant undergo available outpatient medical or psychiatric treatment or seek similar available voluntary inpatient treatment as a condition of probation. Persons required to receive such services may be charged fees by the provider of the services.

(i) In any case in which the defense of insanity is interposed or a plea of guilty but mentally ill at the time of the felony or a plea of guilty but ~~mentally retarded~~ with intellectual disability is made and an examination is made of the defendant pursuant to Code Section 17-7-130.1 or paragraph (2) of subsection (b) of this Code section, upon the defendant's being found guilty or guilty but mentally ill at the time of the crime or guilty but ~~mentally retarded~~ with intellectual disability, a copy of any such examination report shall be forwarded to the Department of Corrections with the official sentencing document. The Department of Behavioral Health and Developmental Disabilities shall forward, in addition to its examination report, any records maintained by such department that it deems appropriate pursuant to an agreement with the Department of Corrections, within ten business days of receipt by the Department of Behavioral Health and Developmental Disabilities of the official sentencing document from the Department of Corrections.

(j)(1) In the trial of any case in which the death penalty is sought which commences on or after July 1, 1988, should the judge find in accepting a plea of guilty but mentally retarded, or the jury or court find in its verdict that the defendant is guilty of the crime charged but mentally retarded, the death penalty shall not be imposed and the court shall sentence the defendant to imprisonment for life.

(2) In the trial of any case in which the death penalty is sought which commences on or after July 1, 2017, should the judge find in accepting a plea of guilty but with intellectual disability, or the jury or court find in its verdict that the defendant is guilty of the crime charged but with intellectual disability, the death penalty shall not be imposed and the court shall sentence the defendant to imprisonment for life."

The award of any grant funds shall be at the discretion of the Office of Student Achievement, including the amount of any such grant funds. The Office of Student Achievement shall prescribe criteria, policies, and standards deemed necessary for the effective implementation of this Code section.

(e) Turnaround coaches may provide such other services and supports as determined by the Chief Turnaround Officer.

20-14-45.

(a) The Chief Turnaround Officer, in conjunction with the Department of Education and the Office of Student Achievement, shall annually identify the lowest-performing schools that are deemed to be in the greatest need of assistance based on the chronically failing schools list published annually by the Office of Student Achievement, including scores and data trends, and any other factors deemed appropriate by the Chief Turnaround Officer; provided, however, that special consideration may be given to other lowest-performing schools:

(1) That are in close proximity to a school in greatest need of assistance;

(2) That are in local school systems in which one-half or more of the schools in such local school system are deemed lowest-performing; and

(3) For which the local board of education has specifically requested assistance from the state.

The number of schools identified annually shall be at the discretion of the Chief Turnaround Officer, based on the capacity and resources available to the Chief Turnaround Officer and to the Department of Education after consulting with department staff and the State School Superintendent.

(b) The Chief Turnaround Officer shall extend an opportunity to the local boards of education for each school identified pursuant to subsection (a) of this Code section to amend the contract entered into pursuant to Code Section 20-2-83 for strategic waivers school systems or to amend the charter, for charter systems. The amendment shall be for the purposes of agreeing to receive assistance pursuant to Code Section 20-14-46 for the school or schools identified as in greatest need of assistance. For any such local board of education that is offered the opportunity to amend its contract or charter but that does not sign an amendment within 60 days of being offered the amendment or that declines, the State Board of Education shall within 60 days either implement one or more of the interventions contained in paragraph (6) of subsection (a) of Code Section 20-14-41 for such school or terminate the contract or charter as allowed by the terms of such contract or charter.

(c) For any local school system that is not a charter system or a strategic waivers system, the Chief Turnaround Officer shall extend an opportunity to the local board of education for each school identified pursuant to subsection (a) of this Code section to enter into an intervention contract for the purposes of agreeing to receive assistance pursuant to Code Section 20-14-46 for the school or schools identified as in greatest

need of assistance. For any such local board of education that is offered the opportunity to enter into an intervention contract but that declines, the State Board of Education shall immediately implement one or more of the interventions contained in paragraph (6) of subsection (a) of Code Section 20-14-41 for such school.

20-14-46.

(a) The Chief Turnaround Officer shall establish a system of assistance and support for schools identified as in the greatest need of assistance pursuant to Code Section 20-14-45.

(b) Within 90 days of entering into a contract amendment or intervention contract between the State Board of Education and a local board of education, a turnaround coach, in partnership with the regional educational service agency, shall conduct a comprehensive on-site evaluation of the school to determine the cause for the school's low performance and lack of progress. At the discretion of the Chief Turnaround Officer and based on available funding and resources, after consultation with the Department of Education and the State School Superintendent, a third party may be retained to assist in the evaluation, at the expense of the state. Such third party shall be selected by the local board of education from an approved list provided by the Chief Turnaround Officer. Such approved list shall be annually established by the State Board of Education through a request for proposals process. Such request for proposals shall be designed with input from parents, teachers, administrators, and the Education Turnaround Advisory Council. If the local board of education instead wishes to select its own third party to assist in the evaluations, it may do so upon approval by the Chief Turnaround Officer, at the expense of the local school system. Based on the comprehensive on-site evaluation, the turnaround coach, in partnership with the regional educational service agency, shall recommend actions, which may include, but not be limited to, reallocation of resources and technical assistance, changes in school procedures or operations, professional learning focused on student achievement for instructional and administrative staff, intervention for individual administrators or teachers, instructional strategies based on scientifically based research, waivers from state statutes or rules, adoption of policies and practices to ensure all groups of students meet the state's proficiency level, extended instruction time for low-performing students, strategies for parental involvement, incorporation of a teacher mentoring program, smaller class size for low-performing students, or other actions deemed appropriate.

(c) Based on the evaluation and recommendations, the school shall develop an intensive school improvement plan in collaboration with the Chief Turnaround Officer that specifically addresses the academic insufficiencies identified by the school's rating in the single state-wide accountability system. The school shall implement the plan with ongoing input and assistance from the Chief Turnaround Coach and the turnaround coach.

(d) If after two years of implementing the plan, the school is not improving, as determined by the Chief Turnaround Officer based on the terms of the amended

contract, amended charter, or the intervention contract and on other applicable factors, the Chief Turnaround Officer shall require that one or more of the following interventions be implemented at the school, unless the school is in substantial compliance with the implementation of the intensive school improvement plan and has exhibited ongoing cooperation and collaboration:

(1) Continued implementation of the intensive school improvement plan developed pursuant to subsection (c) of this Code section;

(2) Appointment of a school master or management team to oversee and direct the duties of the principal of the school until the school makes acceptable improvements;

(3) Removal of school personnel, which may include the principal and personnel whose performance has been determined to be insufficient to produce student achievement gains;

(4) Implementation of a state charter school or a special school, as defined in Code Section 20-2-2062;

(5) Complete reconstitution of the school, removing all personnel, appointing a new principal, and hiring all new staff. Existing staff may reapply for employment at the newly reconstituted school but shall not be rehired if their performance regarding student achievement has been negative for the past four years;

(6) Mandatory parental option to relocate the student to another public school in the local school system that does not have an unacceptable rating, to be chosen by the parents of the student from a list of available options provided by the local school system. The local school system shall provide transportation for students in Title I schools in accordance with the requirements of federal law. The local school system may provide transportation for students in non-Title I schools. In any year in which the General Assembly does not appropriate funds for the provision of transportation to non-Title I students, the parent or guardian shall assume responsibility for the transportation of that student;

(7) Complete restructuring of the school's governance arrangement and internal organization of the school;

(8) Operation of the school by a successful school system and pursuant to funding criteria established by the State Board of Education;

(9) Operation of the school by a private nonprofit entity pursuant to a request for proposals issued by the State Board of Education; or

(10) Any other interventions or requirements deemed appropriate by the Chief Turnaround Officer and the State Board of Education for the school and in accordance with the amended contract, amended charter, or intervention contract.

(e) Before the implementation of any interventions required by the Chief Turnaround Officer pursuant to subsection (d) of this Code section for a school, the local board of education may request an opportunity for a hearing before the State Board of Education to show cause as to why an intervention or interventions imposed by the Chief Turnaround Officer for a school should not be required or that alternative interventions would be more appropriate. Such request shall be made no later than 30 days after notification by the Chief Turnaround Officer of the intended interventions. The State

Board of Education shall take into consideration the substantial compliance of the school in the implementation of the intensive school improvement plan and the ongoing cooperation and collaboration exhibited by the school. The State Board of Education shall make a determination on any such request no later than 60 days after receipt of such request. The determination of the State Board of Education shall be the final decision.

20-14-47.

(a) There is created the Education Turnaround Advisory Council. The Education Turnaround Advisory Council shall report to the State Board of Education and shall provide advisement regarding the qualifications and the manner of conducting the identification and selection process for the position of the Chief Turnaround Officer pursuant to Code Section 20-14-43 and regarding the qualifications and the manner of conducting the identification and selection process for individuals to serve as turnaround coaches pursuant to Code Section 20-14-44. Additionally, the Education Turnaround Advisory Council may submit to the State Board of Education names of potential candidates for the position of Chief Turnaround Officer and for turnaround coaches. The Education Turnaround Advisory Council may also provide recommendations and input on the request for proposals process conducted by the State Board of Education pursuant to Code Section 20-14-46 to establish a list of approved third parties that may be retained to assist in the evaluation of schools. The Education Turnaround Advisory Council may have other responsibilities as assigned by the State Board of Education, but shall have no authority and shall only be advisory in nature.

(b) The Education Turnaround Advisory Council shall be composed of:

(1) The executive director of the Georgia School Boards Association or his or her designee;

(2) The executive director of the Georgia School Superintendents Association or his or her designee;

PART II
SECTION 2-1.

Said title is further amended by revising Code Section 20-2-73, relating to suspension and removal of local school board members upon potential loss of accreditation, as follows:

"20-2-73.

(a)(1) Notwithstanding Code Section 20-2-54.1 or any other provisions of law to the contrary, if:

(A) A ~~a~~ local school system or school is placed on the level of accreditation immediately preceding loss of accreditation for school board governance related reasons by one or more accrediting agencies included in subparagraph (A) of paragraph (6) of Code Section 20-3-519, the local board of education shall notify the State Board of Education in writing within three business days of such placement and the State Board of Education shall conduct a hearing in not less than ten days of such notice nor more than 90 days and recommend to the Governor whether to suspend all eligible members of the local board of education with pay; or

(B) One-half or more of the schools in a local school system have received an unacceptable rating, based on the chronically failing schools list published annually by the Office of Student Achievement, for the fifth or more consecutive year, the Department of Education shall notify the State Board of Education in writing within

three business days of such rating and the State Board of Education shall conduct a hearing in not less than ten days of such notice nor more than 90 days and recommend to the Governor whether to suspend all eligible members of the local board of education with pay; provided, however, that this subparagraph shall be tolled for a local board of education while under a contract amendment or intervention contract pursuant to Code Section 20-14-45 so long as such local board of education is in substantial compliance with the terms of such contract amendment or intervention contract.

(2) A majority of the members of a local board of education may petition the State Board of Education to continue any hearing scheduled under this subsection. Upon a showing of good cause, the state board may in its sound discretion continue any such hearing. Notwithstanding any other provision of law, deliberations held by the State Board of Education pursuant to this subsection to formulate its recommendation to the Governor shall not be open to the public; provided, however, that testimony shall be taken in an open meeting and a vote on the recommendation shall be taken in an open meeting following the hearing or at the next regularly scheduled meeting. If the State Board of Education makes such recommendation, the Governor may, in his or her discretion, suspend all eligible members of the local board of education with pay and, in consultation with the State Board of Education, appoint temporary replacement members who shall be otherwise qualified to serve as members of such board.

(b) Any local board of education member suspended under this Code section may petition the Governor for reinstatement no earlier than 30 days following suspension and no later than 60 days following suspension. In the event that a suspended member does not petition for reinstatement within the allotted time period, his or her suspension shall be converted into permanent removal, and the temporary replacement member shall become a permanent member and serve out the remainder of the term of the removed member.

(c) Upon petition for reinstatement by a suspended local board of education member, the Governor or his or her designated agent shall conduct a hearing for the purpose of receiving evidence relative to whether the local board of education member's continued service on the local board of education is more likely than not to improve the ability of the local school system or school to retain or reattain its accreditation or to improve the ratings of the schools in the local school system so that less than one-half of the schools in such local school system receive an unacceptable rating in subsequent years. The appealing member shall be given at least 30 days' notice prior to such hearing. Such hearing shall be held not later than 90 days after the petition is filed and in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' except that the individual conducting the hearing shall have the power to call witnesses and request documents on his or her own initiative. For purposes of said chapter and any hearing conducted pursuant to this Code section, the Governor shall be considered the agency, and the Attorney General or his or her designee shall represent the interests of the Governor in the hearing. If it is determined that it is more likely than not that the local board of education member's continued service on the local board of education

improves the ability of the local school system or school to retain or reattain its accreditation or to improve the ratings of the schools in the local school system so that less than one-half of the schools in such local school system receive an unacceptable rating in subsequent years, the member shall be immediately reinstated; otherwise, the member shall be permanently removed, and the temporary replacement member shall become a permanent member and serve out the remainder of the term of the removed member or until the next general election which is at least six months after the member was permanently removed, whichever is sooner. Judicial review of any such decision shall be in accordance with Chapter 13 of Title 50.

(d)(1) Subparagraph (B) of paragraph (1) of subsection ~~Subsection~~ (a) of this Code section shall apply to a local school system or school which is placed on the level of accreditation immediately preceding loss of accreditation on or after April 20, 2011.

(2) Subparagraph (B) of paragraph (1) of subsection (a) of this Code section shall apply to a local school system which receives, on or after July 1, 2017, an unacceptable rating for one-half or more of the schools in the local school system for the fifth or more consecutive year.

(e) For purposes of this Code section, an eligible member of a local board of education shall mean a board member who:

(1) Was ~~was~~ serving on the local board at the time the accrediting agency placed the local school system or school on the level of accreditation immediately preceding loss of accreditation; or

(2) Was serving on the local board at the time the local school system received an unacceptable rating for one-half or more of the schools in the local school system for the fifth or more consecutive year and had served on the local board for at least the immediately preceding two years.

(f) A local board of education shall not expend any public funds for attorney's fees or expenses of litigation relating to proceedings initiated pursuant to this Code section except to the extent such fees and expenses are incurred prior to and through the recommendation of the state board as provided for in subsection (a) of this Code section; provided, however, that nothing in this subsection shall be construed to prohibit an insurance provider from covering attorney's fees or expenses of litigation under an insurance policy.

(g) Any suspended board member who is reinstated by the Governor pursuant to this Code section may be reimbursed by the local board of education for his or her reasonable attorney's fees and related expenses incurred in pursuing such reinstatement."

SECTION 2-2.

Said title is further amended by revising Code Section 20-2-83, relating to state board approval of local school board flexibility contract, as follows:

"20-2-83.

(a) Upon approval of a proposed contract of a local school system which has requested flexibility, the state board shall enter into such contract with the local board of education.

(b) The terms of the contract shall include, but not be limited to, accountability, flexibility, and consequences components as negotiated pursuant to subsection (a) of Code Section 20-2-82 and in accordance with Code Section 20-2-84.

(c) Each contract shall be for a term of ~~five~~ six years. The terms of the contract may provide for automatic extension of such contract if a local school system has met its accountability requirements.

(d) The terms of a contract may be amended during the term of the contract only ~~if warranted due to unforeseen circumstances and~~ upon approval of the state board and the local board of education."

SECTION 2-3.

Said title is further amended by revising subsection (c) of Code Section 20-2-2063.2, relating to charter systems, as follows:

"(c) Prior to approval or denial of a charter petition for a charter system, the state board shall receive and give all due consideration to the recommendation and input from the Charter Advisory Committee established in Code Section 20-2-2063.1. The state board shall approve the charter if the state board finds, after receiving input from the Charter Advisory Committee, that the petition complies with the rules, regulations, policies, and procedures promulgated pursuant to Code Section 20-2-2063 and the provisions of this title, is in the public interest, and promotes school level governance. A charter for a charter system shall include the interventions, sanctions, and loss of governance consequences contained in Code Section 20-14-41."

SECTION 2-4.

Said title is further amended by revising subsection (b) of Code Section 20-2-2067.1, relating to amendment of terms of charter for charter school, initial term of charter, and annual report, as follows:

"(b) The initial term of a charter, except for a charter system, shall be for a minimum of five years, unless the petitioner shall request a shorter period of time, and shall not exceed ten years. The local board and the state board, in accordance with Code Section 20-2-2064.1, may renew a local charter, upon the request of the charter school, for the period of time specified in the request, not to exceed ten years. The state board may renew a state chartered special school, upon the request of the school, for the period of time specified in the request, not to exceed ten years. The initial term of a charter for a charter system shall not exceed ~~five~~ six years. The state board may renew the charter of a charter system, upon the request of the local board, for the period of time specified in the request, not to exceed ten years."

SECTION 2-5.

Said title is further amended by adding a new subsection to Code Section 20-14-41, relating to appropriate levels of intervention for failing schools, master or management team, school improvement team, annual reports, data revision, and hearing, to read as follows:

"(h)(1) The State Board of Education shall prepare an annual report detailing the schools that have received an unacceptable rating for one or more consecutive years and the interventions applied to each such school pursuant to Code Section 20-14-41.

(2) The State Board of Education shall provide the annual report no later than December 31 for the previous academic year, to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, the chairpersons of the House Committee on Education and the Senate Education and Youth Committee, and the Education Turnaround Advisory Committee."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 1 of Title 33 of the Official Code of Georgia Annotated, relating to general provisions regarding insurance, is amended by adding a new Code section to read as follows:

"33-1-25.

(a) This Code section shall be known and may be cited as the 'Georgia Agribusiness and Rural Jobs Act.'

(b) As used in this Code section, the term:

(1) 'Affiliate' means an entity that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with another entity. For the purposes of this Code section, an entity is 'controlled by' another entity if the controlling entity holds, directly or indirectly, the majority voting or ownership interest in the controlled entity or has control over the day-to-day operations of the controlled entity by contract or by law.

(2) 'Applicable percentage' means 0 percent for the first two credit allowance dates and 15 percent for the next four credit allowance dates.

(3) 'Capital investment' means any equity investment in a rural fund by a rural investor or a long-term debt security issued by a rural fund to a rural investor that:

(A) Is acquired after the effective date of this Code section at its original issuance solely in exchange for cash;

(B) Has 100 percent of its cash purchase price used by the rural fund to make eligible investments in eligible businesses located in this state by the second anniversary of the initial credit allowance date; and

(C) Is designated by the rural fund as a capital investment under this Code section and is certified by the department pursuant to subsection (e) of this Code section. This term shall include any capital investment that does not meet the provisions of subsection (e)(1)(A) of this Code section if such investment was a capital investment in the hands of a prior holder.

(4) 'Credit allowance date' mean the date on which a capital investment is made and each of the five anniversary dates of such date thereafter.

(5) 'Department' means the Department of Community Affairs.

(6) 'Eligible business' means a business that, at the time of the initial eligible investment in the company:

(A) Has less than 250 employees; and

(B)(i) Has its principal business operations in one or more rural areas in this state; or

(ii) Produces or provides any goods or services normally used by farmers, ranchers, or producers and harvesters of aquatic products in their business operations, or to improve the welfare or livelihood of such persons, or is involved in the processing and marketing of agricultural products, farm supplies, and input suppliers, or is engaged in agribusiness as defined by the United States

Department of Agriculture. Any business which is classified as an eligible business at the time of the initial investment in said business by a rural fund shall remain classified as an eligible business and may receive follow-on investments from any rural fund, and such follow-on investments shall be eligible investments even though such business may not meet the definition of an eligible business at the time of such follow-on investments.

(7) 'Eligible distribution' means:

(A) A distribution of cash to one or more equity owners of a rural investor to fully or partially offset a projected increase in the owner's federal or state tax liability, including any penalties and interest, related to the owner's ownership, management, or operation of the rural investor;

Such distributions may include reasonable and necessary fees paid for professional services, including legal and accounting services, related to the formation and operation of the rural fund and an annual management fee to the extent it does not exceed 2 percent of the rural fund's eligible investment authority.

(8) 'Eligible investment' means any capital investment in an eligible business or any loan to an eligible business with a stated maturity date of at least one year after the date of issuance, excluding revolving lines of credit and senior secured debt unless the eligible business has a credit refusal letter or similar correspondence from a depository institution or a referral letter or similar correspondence from a depository institution referring the business to a rural fund; provided that, with respect to any one eligible business, the maximum amount of eligible investments made in such business by one or more rural funds, on a collective basis with all of the businesses' affiliates, with the proceeds of capital investments shall be the greater of 20 percent of the rural fund's capital investment authority or $6.5 million, exclusive of eligible investments made with repaid or redeemed eligible investments or interest or profits realized thereon.

(9) 'Long-term debt security' means any debt instrument issued by a rural fund to a rural investor with an original maturity date of at least six years from the date of its issuance.

(10) 'Principal business operations' means the location where at least 60 percent of a business's employees work or where employees who are paid at least 60 percent of such business's payroll work. A business that has agreed to relocate employees using the proceeds of an eligible investment to establish its principal business operations in a new location shall be deemed to have its principal business operations in such new location if it satisfies these requirements no later than 180 days after receiving a qualified eligible investment.

(c) Upon making a capital investment in a rural fund, a rural investor earns a vested right to a credit against such entity's state tax liability that may be utilized on each credit allowance date of such capital investment in an amount equal to the applicable percentage for such credit allowance date multiplied by the purchase price paid to the rural fund for the capital investment. The amount of the credit claimed by a rural investor shall not exceed the amount of such entity's state tax liability for the tax year for which the credit is claimed. Any amount of credit that a rural investor is prohibited from claiming in a taxable year as a result of this Code section may be carried forward for use in any subsequent taxable year. It is the intent of this Act that a rural investor claiming a credit under this Code section is not required to pay any additional tax that may arise as a result of claiming such credit.

(d) No credit claimed under this Code section shall be refundable or saleable on the open market. Credits earned by or allocated to a partnership, limited liability company, or S-corporation may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders, and a rural fund must notify the department of the names of the entities that are eligible to utilize credits pursuant to an allocation of credits or a change in allocation of credits or due to a transfer of a capital investment upon such allocation, change, or transfer. Such allocation shall be not considered a sale for purposes of this Code section.
