(A) The applicant does not satisfy all of the criteria described in paragraph (1) of this subsection;

(B) The revenue impact assessment submitted with the application does not demonstrate that the applicant's business plan will result in a positive economic impact on this state over a ten-year period that exceeds the cumulative amount of tax credits that would be issued to the applicant if the application were approved; or

(C) The department has already approved the maximum amount of capital investment authority under paragraph (6) of this subsection.

If the department denies any part of the application, it shall inform the applicant of the grounds for the denial. If the applicant provides any additional information required by the department or otherwise completes its application within 15 days of the notice of denial, the application shall be considered completed as of the original date of submission. If the applicant fails to provide the information or fails to complete its application within the 15 day period, the application remains denied and must be resubmitted in full with a new submission date.

(3) If the application is complete, the department shall certify the proposed equity investment or long-term debt security as a capital investment that is eligible for credits under this Code section, subject to the limitations contained in paragraph (6) of this subsection. The department shall provide written notice of the certification to the rural fund.

(4) The department shall certify capital investments in the order that the applications were received by the department. Applications received on the same day shall be deemed to have been received simultaneously. Certified capital investment authority shall be transferable to affiliates of the applicant, and the department shall approve such transfers upon request.

(5) For applications that are complete and received on the same day, the department shall certify applications in proportionate percentages based upon the ratio of the

amount of capital investments requested in an application to the total amount of capital investments requested in all applications.

(6) The department shall certify $100 million in capital investments pursuant to this Code section.

(7) Within 60 days of the applicant receiving notice of certification, the rural fund shall issue the capital investment to and receive cash in the amount of the certified amount from a rural investor. At least 10 percent of the rural investor's capital investment shall be composed of the proceeds of equity investments contributed to the rural investor by affiliates of the rural investor, including officers, directors, members, and employees of such affiliates. The rural fund shall provide the department with evidence of the receipt of the cash investment within 65 days of the applicant receiving notice of certification. If the rural fund does not receive the cash investment and issue the capital investment within such time period following receipt of the certification notice, the certification shall lapse and the rural fund shall not issue the capital investment without reapplying to the department for certification. Lapsed certifications revert back to the department and shall be reissued pro rata to applicants whose capital investment allocations were reduced pursuant to paragraph (5) of this subsection and then in accordance with the application process.

(f)(1) The department may recapture, from a rural investor that claimed the credit on a tax return, the credit allowed under this Code section if:

(A) The rural fund does not invest 100 percent of its capital investment authority in eligible investments in this state within two years of the closing date, with at least 10 percent of its capital investment authority initially invested in eligible businesses engaged in agribusiness as defined by the United States Department of Agriculture;

(B) The rural fund, after satisfying subparagraph (A) of this paragraph, fails to maintain eligible investments equal to 100 percent of its capital investment authority until the fifth anniversary of the credit allowance date. For the purposes of this subsection, an eligible investment is considered maintained even if the eligible investment was sold or repaid so long as the rural fund reinvests an amount equal to the capital returned or recovered by the rural fund from the original investment, exclusive of any profits realized, in other eligible investments in this state within 12 months of the receipt of such capital. Amounts received periodically by a rural fund shall be treated as continually invested in eligible investments if the amounts are reinvested in one or more eligible investments by the end of the following calendar year. A rural fund shall not be required to reinvest capital returned from eligible investments after the fourth anniversary of the credit allowance date, and such eligible investments shall be considered held continuously by the rural fund through the fifth anniversary of the credit allowance date;

(C) The rural fund, before exiting the program in accordance with subsection (i) of this Code section, makes a distribution or payment that results in the rural fund having less than 100 percent of its capital investment authority invested in eligible investments in this state or available for investment in eligible investments and held in cash and other marketable securities; or

(D) The rural fund violates subsection (h) of this Code section.

(2) Recaptured credits and the related capital investment authority revert back to the department and shall be reissued pro rata to applicants whose capital investment allocations were reduced pursuant to paragraph (5) of subsection (e) of this Code section and then in accordance with the application process.

(g) Enforcement of each of the recapture provisions of paragraph (1) of subsection (f) of this Code section shall be subject to a six-month cure period. No recapture shall occur until the rural fund has been given notice of noncompliance and afforded six months from the date of such notice to cure the noncompliance.

(h) No eligible business that receives an eligible investment under this chapter, or any affiliates of such eligible business, may directly or indirectly:

(1) Own or have the right to acquire an ownership interest in a rural fund or member or affiliate of a rural fund, including, but not limited to, a holder of a capital investment issued by the rural fund; or

(2) Loan to or invest in a rural fund or member or affiliate of a rural fund, including, but not limited to, a holder of a capital investment issued by a rural fund, where the proceeds of such loan or investment are directly or indirectly used to fund or refinance the purchase of a capital investment under this Code section. For purposes of this subsection, a rural fund shall not be considered an affiliate of an eligible business solely as a result of its eligible investment in such business.

(i) On or after the sixth anniversary of the closing date, a rural fund may apply to the department to exit the program and no longer be subject to regulation under this Code section. The department shall respond to the exit application within 30 days of receipt. In evaluating the exit application, the fact that no credits have been recaptured and that the rural fund has not received a notice of recapture that has not been cured pursuant to subsection (g) of this Code section shall be sufficient evidence to prove that the rural fund is eligible for exit. The department shall not unreasonably deny an exit application submitted under this subsection. If the exit application is denied, the notice shall include the reasons for the determination. On and after an exit pursuant to this subsection, the state shall receive a 10 percent share of any distributions other than eligible distributions by the rural fund that made a capital investment, other than the amount necessary for a rural fund to repay principal and interest on its indebtedness. A rural fund shall distribute all amounts not held in eligible investments no later than the fourteenth anniversary of the closing date. No claimant of credits pursuant to subsection (c) of this Code section shall receive distributions in excess of an amount that would result in an internal rate of return on capital invested that is more than 20 percent.

(j) A rural fund, before making an eligible investment, may request from the department a written opinion as to whether the business in which it proposes to invest is an eligible business. The department, not later than the tenth business day after the date of receipt of such request, shall notify the rural fund of its determination. If the department fails to notify the rural fund of its determination by the tenth business day,

the business in which the rural fund proposes to invest shall be considered an eligible business.

(k)(1) Rural funds shall submit a report to the department within the first 15 business days after the second anniversary of the initial credit allowance date that provides documentation as to the investment of 100 percent of the purchase price of such capital investment in eligible investments. Such report shall include:

(A) The location of each eligible business receiving an eligible investment;

(B) Bank statements of such rural fund evidencing each eligible investment;

(C) A copy of the written opinion of the department set forth in subsection (j) of this Code section or evidence that such business was an eligible business at the time of such eligible investment, as applicable;

(D) The number of employment positions created and retained as a result of eligible investments;

(E) The average annual salary of positions described in subparagraph (D) of this paragraph; and

(F) Such other information required by the department.

(2) Thereafter, rural funds shall submit an annual report to the department within 45 days of the beginning of the calendar year during the compliance period. The report shall include but is not limited to the following:

(A) The number of employment positions created and retained as a result of eligible investments; and

(B) The average annual salary of positions described in subparagraph (A) of this paragraph."

SECTION 2.

This Act shall become effective on July 1, 2017, and shall be applicable to all taxable years beginning on or after January 1, 2018.

All laws and parts of laws in conflict with this Act are repealed.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to selling and other trade practices, is amended by adding a new article to read as follows:

"ARTICLE 35

This article shall be known and may be cited as the 'Registered Fantasy Contest Operators Act.'

10-1-931.

As used in this article, the term:

(2) 'Commissioner' means the State Revenue Commissioner.

(3) 'Confidential information' means information related to the play of a fantasy contest by fantasy contest players obtained as a result of or by virtue of a person's employment.

(B) All winning outcomes reflect in part the relative knowledge and skill of those who enter such contest and are determined predominantly by accumulated statistical

results of the performance of individuals participating in sporting events not organized by the fantasy contest operator or those who enter such contest and in which those entering the fantasy contest do not directly participate in any way;

(C) Winning outcomes are not based on the score, point spread, or any performance of any single actual team or combination of such teams in a sporting event, series of events or other competition or solely on any single performance of an individual in any single actual sporting event or other competition; and

(D) The statistical results of the performance of individuals under subparagraph (B) of this paragraph are not based on university, college, high school, or youth sporting events or other competitions.

(10) 'Person' means an individual, partnership, corporation, company, association, or any other entity.

(11) 'Resident percentage' means the percentage, rounded to the nearest tenth of a percent, of the total of entry fees collected by a fantasy contest operator from fantasy contest players located in Georgia, divided by the total entry fees collected from all fantasy contest players in fantasy contests offered by a fantasy contest operator within the United States.

10-1-932.

(a) No fantasy contest operator shall offer any fantasy contest in this state without first being registered with the commissioner, except a fantasy contest operator that offered fantasy contests in this state prior to the effective date of this article may continue to offer fantasy contests in this state, provided that such operator submits a written certification via certified mail, return receipt requested directed to the state revenue commissioner within ten days of the effective date of this article disclosing its name, address, and corporate officers and providing the amount of gross revenue collected from fantasy contest players within the state during the 12 months immediately preceding such certification and further files an application for registration with the commissioner within 30 days of the application's availability, and until such application for registration has been approved or denied.

(b) A fantasy contest operator's application for registration, and all attachments thereto, shall be exempt from public disclosure, but shall be subject to disclosure in response to

a valid subpoena, court order, or other legal process and, without limitation, may be utilized by the commissioner in the enforcement of this article or the rules and regulations promulgated hereunder.

(c) Before registering to offer fantasy contests in this state, a fantasy contest operator shall undergo a background investigation conducted by the commissioner and the commissioner may refuse to register such fantasy operator, may refuse to annually renew a registration, or may suspend, revoke, or penalize a registration if:

(1) The registered fantasy contest operator or applicant has intentionally violated a provision of this article or a rule or regulation promulgated under this article;

(2) The registered fantasy contest operator or applicant has intentionally failed to provide requested information or answer a question, intentionally made a false statement in or in connection with his or her application or renewal, or omitted any material or requested information;

(3) The registered fantasy contest operator or applicant used coercion to accomplish a purpose or to engage in conduct regulated by the commissioner;

(4) Failure to deny, revoke, or suspend the registration would be contrary to the intent and purpose of this article;

(5) The registered fantasy contest operator or applicant has engaged in a violation of Article 15 of this chapter;

(6) The registered fantasy contest operator or applicant, or any officer or shareholder holding 5 percent or more interest in the operation for which an application has been submitted, has been convicted of a felony and served any part of a criminal sentence, including probation, within the ten years immediately preceding the date of receipt of submission of the registration application;

(7) The registered fantasy contest operator or applicant, or any officer or shareholder holding 5 percent or more interest in the operation for which an application has been submitted, has been convicted of a misdemeanor or felony at any time for a crime involving gambling; or

(8) The registered fantasy contest operator or applicant, or any officer or shareholder holding 5 percent more interest in any operation for which an application has been submitted, fails to meet any obligations imposed by the tax laws or other laws or regulations of this state.

(d) Procedures for registration denials, revocations, suspensions, or other penalties shall be conducted by the commissioner in the same manner as under Title 3.

(e) A fantasy contest operator shall pay to the commissioner an annual registration fee as follows:

(1) For a fantasy contest operator with gross fantasy contest revenues for the preceding 12 months of $3 million or more, the fantasy contest operator shall pay $15,000.00; or

(2) For a fantasy contest operator with gross fantasy contest revenues for the preceding 12 months of less than $3 million, the fantasy contest operator shall pay $5,000.00.

(f) Not less than 60 nor more than 90 days prior to expiration of the fantasy contest operator's annual registration, the fantasy contest operator shall pay to the commissioner an annual registration renewal fee in accordance with the fee schedule in subsection (e) of this Code section. In addition to the annual registration fee, a fantasy contest operator shall annually pay over to the commissioner a tax of 6 percent of the fantasy contest operator's gross fantasy contest revenues for the preceding 12 months with the first such payment due upon issuance of the initial registration by the commissioner of the fantasy contest operator. The commissioner shall be authorized to direct that all or any fantasy contest operator remit such tax more frequently than annually, but no more frequently than monthly. Such tax shall be deemed to be collected and held in trust by the fantasy contest operator on behalf of the commissioner. Payment frequency is designed to protect the state in the event that the state has reason to believe the operator is in financial jeopardy. Trust designation is to further protect the state in the event of a bankruptcy filing by an operator.

(g) The registration described in this Code section shall be transferable at the discretion of the commissioner.

(h) A fantasy contest operator applying for renewal of a registration under this Code section may operate while awaiting renewal of its registration from the commissioner, unless the commissioner has reasonable cause to believe that such fantasy contest operator is or may be in violation of the provisions of this article or the rules and regulations promulgated hereunder and the department notifies such fantasy contest operator to suspend the operation of fantasy contests until the renewal or transfer of registration is issued.

(i) As a condition of receiving and holding a registration pursuant to this article, a fantasy contest operator is deemed to consent to the jurisdiction of the commissioner to enforce this article in proceedings before the commissioner and to appear before the commissioner if directed and to provide such reports, documentation, and other information as may be required by the commissioner for the enforcement of this article or the rules and regulations of the commissioner. A fantasy contest operator further consents to the exclusive jurisdiction of the courts of this state for purposes of enforcement of this article, including, but not limited to, any proceedings related to the assessment or collection of the taxes and fees imposed under this article.

10-1-933.

(a) A fantasy contest operator shall submit evidence to the commissioner that such operator has established and will implement commercially reasonable procedures for such operator's fantasy contests that:

(1) Prevent employees of the fantasy contest operator and relatives living in the same household as such employees from entering any public fantasy contest offered by the fantasy contest operator;

(2) Prevent the sharing of confidential information that could affect fantasy contest play with third parties before such information is made publicly available;

(3) Not be permitted to participate in any fantasy contests that such person offers;

(4) Take reasonable steps to ensure that no persons under the age of 18 participate in any fantasy contest, including verifying that all fantasy contest players are 18 years of age or older;

(5) Provide fantasy contest players with access to information on responsible play;

(6) Provide fantasy contest players with access to information on seeking assistance for compulsive behavior;

(7) Provide each fantasy contest player access to such player's own play history and account details;

(8) Prevent individuals who participate, compete, or officiate in a sporting event or other competition that is the subject of a fantasy contest from entering such fantasy contest;

(9) Allow individuals to restrict themselves from entering a fantasy contest upon request and implement reasonable steps to prevent such individuals from entering any fantasy contests offered by the fantasy contest operator;

(10) Disclose the number of entries that a fantasy contest player may submit to participate in each fantasy contest and implement reasonable steps to prevent fantasy contest players from submitting more than the allowable number; and

(11) Segregate fantasy contest player funds from operational funds of the fantasy contest operator or maintain an irrevocable letter of credit, a bond, or a combination thereof, in a form acceptable to the commissioner, in the amount of the deposits made to the accounts of fantasy contest players for the benefit and protection of the funds held in such accounts.

(b) A fantasy contest operator offering fantasy contests with an entry fee in this state shall contract with a third-party auditor approved by the commissioner to perform an independent audit for each annual registration period, consistent with standards established by the American Institute of Certified Public Accountants, to ensure compliance with this article and submit the results of such audit to the commissioner. The third-party auditor's audit submission shall include a certification that the third-party auditor has concluded that the fantasy contest operator is in compliance with this article including the tax and fee provisions of this article for the audit period. Such third-party auditor and the fantasy contest operator shall be required to appear before the commissioner and to produce books, records, working papers, and any other supporting documentation to the commissioner at his or her direction.

(c) A fantasy contest operator offering fantasy contests in this state shall not target minors or other excluded players in any advertising.

(d) All fantasy contest operators shall develop fantasy contests that are limited to beginners and shall keep non-beginner players from participating, either directly or through another person as a proxy, in those fantasy contests. A fantasy contest operator shall suspend the account of any fantasy contest player who is not a beginner and who enters a beginner contest directly or through another person as a proxy and shall ban such individual from further play. A fantasy contest operator may allow a player who is not a beginner or a highly experienced player to enter up to ten beginner contests in any sport in which that player has not already entered 20 fantasy contests.

(e) In advance of accepting any entry fee, a fantasy contest operator shall ensure that all fantasy contests that it offers establish and make known to all potential players all prizes and awards offered to winning participants.

10-1-934.
In addition to any other remedies provided by law, a fantasy contest operator who violates this article is subject to a civil penalty of not more than $5,000.00 for each violation not to exceed $125,000.00 for violations arising out of the same transaction or occurrence, which shall accrue to the state and may be recovered in a civil action brought by the commissioner or as otherwise provided in this article.

10-1-935.
Fantasy contests offered by a fantasy contest operator properly registered in accordance with this article and operated in compliance with this article and the rules and regulations promulgated hereunder are exempt from Article 2 of Chapter 12 of Title 16.

10-1-936.
The commissioner shall be authorized to promulgate rules and regulations to administer this article which may include administrative penalties to be imposed upon registered fantasy contest operators for violation of this article or the rules and regulations of the commissioner. The commissioner is further authorized to require such appearances, reports, records, documentation, and other information from registered fantasy contest operators and parties acting on their behalf as the commissioner deems necessary for the administration of this article and the rules and regulations of the commissioner. The taxes, fees, and penalties imposed pursuant to this article shall be subject to interest and penalties and administered, assessed, and enforced in accordance with Chapters 2, 3, and 4 of Title 48 and the commissioner may require a proper surety bond to secure the same. The commissioner is specifically authorized to issue and enforce an execution for all amounts due the state under this article. The remedies provided in this Code section shall be in addition to all other remedies provided in this article."

SECTION 2.

All laws and parts of laws in conflict with this Act are repealed.

(4) No local school system that receives funding under this article shall exclude eligible high school students taking one or more dual credit courses pursuant to this Code section from eligibility determinations for valedictorian and salutatorian of a participating eligible high school; provided, however, that this shall not apply to a high school student who moves into the local school system after his or her sophomore year and has not taken any courses on site at the participating eligible high school."

valorem taxation purposes; to provide for related matters; to provide for the submission of this amendment for ratification or rejection; and for other purposes.

BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article VII, Section I, Paragraph III of the Constitution is amended by revising subparagraph (f) and by adding a new subparagraph to read as follows:

"(f)(1) The General Assembly shall be authorized to provide by general law for the definition and methods of assessment and taxation~~, such methods to include a formula based on current use, annual productivity, and real property sales data,~~ of 'forest land conservation use property' to include only forest land each tract of which exceeds 200 acres ~~of a qualified owner. Such methods of assessment and taxation shall be subject to the following conditions:~~.

(2)(A) Any individual or ~~A qualified owner shall consist of any individual or individuals or any~~ entity registered to do business in this state~~;~~

~~(B) A qualified owner~~ desiring the benefit of such methods of assessment and taxation for forest land conservation use property shall be required to enter into a covenant to continue the property in forest land use~~;~~.

~~(C)~~(B) All contiguous forest land conservation use property of an owner within a county for which forest land conservation use assessment is sought under this subparagraph shall be in a single covenant~~;~~.

~~(D)~~(C) A breach of such covenant within 15 years shall result in a recapture of the tax savings resulting from such methods of assessment and taxation and may result in other appropriate penalties~~; and~~.

~~(E)~~(D) The General Assembly may provide by general law for a limited exception to the 200 acre requirement in the case of a transfer of ownership of all or a part of the forest land conservation use property during a covenant period to another owner qualified to enter into an original forest land conservation use covenant if the original covenant is continued by both such acquiring owner and the transferor for the remainder of the term, in which event no breach of the covenant shall be deemed to have occurred even if the total size of a tract from which the transfer was made is reduced below 200 acres.

~~(2)~~(3) No portion of an otherwise eligible tract of forest land conservation use property shall be entitled to receive simultaneously special assessment and taxation under this subparagraph and either subparagraph (c) or (e) of this Paragraph.

~~(3)~~(4)(A) The General Assembly shall appropriate an amount for assistance grants to counties, municipalities, and county and independent school districts to offset revenue loss attributable to the implementation of this subparagraph. Such grants shall be made in such manner and shall be subject to such procedures as may be specified by general law.

(B)(i) If the forest land conservation use property is located in a county, municipality, or county or independent school district where forest land

conservation use value causes an ad valorem tax revenue reduction of 3 percent or less due to the implementation of this subparagraph, in each taxable year in which such reduction occurs, the assistance grants to the county, each municipality located therein, and the county or independent school districts located therein shall be in an amount equal to 50 percent of the amount of such reduction.

~~(C)~~(ii) If the forest land conservation use property is located in a county, municipality, or county or independent school district where forest land conservation use value causes an ad valorem tax revenue reduction of more than 3 percent due to the implementation of this subparagraph, in each taxable year in which such reduction occurs, the assistance grants to the county, each municipality located therein, and the county or independent school districts located therein shall be, for ~~as follows:~~

~~(i) For~~ the first 3 percent of such reduction amount, in an amount equal to 50 percent of the amount of such reduction~~;~~ and, for

~~(ii) For~~ the remainder of such reduction amount, in an amount equal to 100 percent of the amount of such remaining reduction amount.

~~(4) Such revenue reduction shall be calculated by utilizing forest land fair market value. For purposes of this subparagraph, forest land fair market value means the 2008 fair market value of the forest land. Such 2008 valuation may increase from one taxable year to the next by a rate equal to the percentage change in the price index for gross output of state and local government from the prior year to the current year as defined by the National Income and Product Accounts and determined by the United States Bureau of Economic Analysis and indicated by the Price Index for Government Consumption Expenditures and General Government Gross Output (Table 3.10.4).~~

(C)(i) Such revenue reduction shall be determined by subtracting the aggregate forest land conservation use value of qualified properties from the aggregate forest land fair market value of qualified properties for the applicable tax year and the resulting amount shall be multiplied by the millage rate of the county, municipality, or county or independent school district.

~~(5)~~(ii) For purposes of this subparagraph, the forest land conservation use value shall not include the value of the standing timber located on forest land conservation use property.

(D) Notwithstanding subparagraph (a) of Paragraph VI of Section IX of Article II of this Constitution, the General Assembly may provide by general law for a fee, not to exceed 5 percent, to be deducted from such assistance grants and retained by the state revenue commissioner to provide for the costs to the state of administering the provisions of this subparagraph.

(f.1) The General Assembly shall be authorized by general law to establish a separate class of property for ad valorem taxation purposes that includes only tangible real property that has as its primary use the production of trees for the primary purpose of producing timber for commercial uses. Such property shall be known as 'timberland property' and shall be assessed for ad valorem taxation pursuant to a method or manner to be prescribed by general law."

SECTION 2.

The above proposed amendment to the Constitution shall be published and submitted as provided in Article X, Section I, Paragraph II of the Constitution. The ballot submitting the above proposed amendment shall have written or printed thereon the following:

All persons desiring to vote in favor of ratifying the proposed amendment shall vote "Yes." All persons desiring to vote against ratifying the proposed amendment shall vote "No." If such amendment shall be ratified as provided in said Paragraph of the Constitution, it shall become a part of the Constitution of this state.

A BILL TO BE ENTITLED
AN ACT

To amend Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, so as to revise definitions related to the value of certain forest land property; to require the assessment of timberland for ad valorem taxation to use an appraisal methodology based on the ability of the property to produce income from timber; to provide for definitions; to provide that the State Revenue Commissioner shall deduct and retain an administrative fee from assistance grants related to forest land conservation use property; to provide for related matters; to provide for a contingent effective date; to repeal conflicting laws; and for other purposes.

SECTION 1.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended in Chapter 5, relating to ad valorem taxation of property, by revising paragraphs (5) and (6) of Code Section 48-5-2, relating to definitions, as follows:

"(5) 'Forest land conservation use value' of forest land conservation use property means the amount determined in accordance with the specifications and criteria provided for in Code Section 48-5-271 and Article VII, Section I, Paragraph III(f) of the Constitution.

(6) 'Forest land fair market value' means the ~~2008~~ fair market value of the forest land~~; provided, however, that when the 2008 fair market value of the forest land has been appealed by a property owner and the ultimate fair market value of the forest land is changed in the appeal process by either the board of assessors, the board of equalization, a hearing officer, an arbitrator, or a superior court judge, then the final fair market value of the forest land shall replace the 2008 fair market value of the forest land. This final fair market value of the forest land shall be used in the calculation of local assistance grants. If local assistance grants have been granted to either a county, a county board of education, or a municipality based on the 2008 fair market value of forest land and subsequently the fair market value of such forest land is reduced on an appeal, then the county or the municipality shall reimburse the state, within 12 months unless otherwise agreed to by the parties, the difference between local assistance grants paid to the county or municipality and the amount which would have been due based on the final fair market value of the forest land. Such 2008 valuation may increase from one taxable year to the next by a rate equal to the percentage change in the price index for gross output of state and local government from the prior year to the current year as defined by the National Income and Product Accounts and determined by the United States Bureau of Economic Analysis and indicated by the Price Index for Government Consumption Expenditures and General Government Gross Output (Table 3.10.4)~~."

A BILL to be entitled an Act to amend Article 1 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated, relating to definitions, so as to provide for the manner of reporting and investigation of certain crimes by officials and employees of postsecondary institutions in this state; to provide for a definition; to provide for penalties for violations; to provide for exceptions; to repeal conflicting laws; and for other purposes.

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Article 1 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated, relating to definitions, so as to provide for the manner of reporting and investigation of certain crimes by officials and employees of postsecondary institutions in this state; to

provide for a definition; to provide for penalties for violations; to provide for exceptions; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated, relating to definitions, is amended by designating the existing text as Part 1 and adding a new part to read as follows:

"Part 2

20-3-10.

(a) As used in this part, the term 'postsecondary institution' means a school which is:

(1) A unit of the University System of Georgia;

(2) A branch of the Technical College System of Georgia;

(3) A private independent nonproprietary postsecondary institution eligible for tuition equalization grants in accordance with the provisions of subparagraph (A) of paragraph (2) of Code Section 20-3-411; or

(4) A private proprietary postsecondary institution eligible for tuition equalization grants in accordance with the provisions of subparagraph (B) of paragraph (2) of Code Section 20-3-411.

(b) Every postsecondary institution in this state that receives information, other than information provided to an employee privileged under the laws of this state, which would lead such institution to reasonably believe that a crime which is a felony under the laws of this state has been committed by a student enrolled in such postsecondary institution or in or on the campus of such postsecondary institution shall promptly report such crime to the campus law enforcement agency or other appropriate law enforcement agency. If the felony involves an alleged sexual assault, no information which specifically identifies the victim shall be provided in the report without the consent of the victim. Such law enforcement agency shall then determine whether to investigate such alleged criminal offense and whether to report such findings to the appropriate prosecutor's office. No criminal investigation of such matter shall be undertaken by the postsecondary institution unless such investigation is done by a campus law enforcement agency staffed by law enforcement officers who are certified peace officers by the Georgia Peace Officer Standards and Training Council. Nothing contained in this subsection shall require a victim of an alleged sexual assault to cooperate with law enforcement in any investigation or to participate in any subsequent prosecution.

(c) Separate from any criminal investigations, prosecutions, or adjudications occurring in accordance with subsection (b) of this Code section, each postsecondary institution is expected to meet its duty of care to protect the campus community as required by law. The postsecondary institution may pursue interim measures necessary to meet its duty

of care. The postsecondary institution may pursue formal disciplinary actions, against any student for any violation of its code of conduct pursuant to the postsecondary institution's general disciplinary process for students. However, no student shall be subject to any interim discipline, suspension, or expulsion for any violation of the postsecondary institution's code of conduct pursuant to the postsecondary institution's general disciplinary process for students arising from the same acts or occurrences which are the basis for any criminal investigations, prosecutions, or adjudications occurring in accordance with subsection (b) of this Code section without being provided the opportunity of a hearing affording due process protections to the accused student. No disciplinary investigation shall obstruct or prejudice an ongoing criminal investigation. No postsecondary institution shall require a victim of an alleged sexual assault to cooperate in any disciplinary investigation or to participate in any subsequent disciplinary proceedings. However, no disciplinary proceedings based upon an alleged sexual assault shall be conducted by a postsecondary institution without the participation of the victim of such alleged sexual assault.

(d) This Code section shall not supersede federal statutes or properly promulgated federal regulations to the contrary but shall supersede in the case of federal guidance letters and other expressions of opinion regarding policies by federal agencies.

(e) Notwithstanding anything to the contrary in this Code section, no official or employee of a postsecondary institution shall be required to include any information or statements in any report to the appropriate law enforcement agency or district attorney which is an admission or communication excluded from evidence pursuant to Code Sections 24-5-501, 24-2-502, and 24-5-509."

SECTION 2.

This Act shall become effective on August 1, 2017.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

HB 357. By Representative Stephens of the 164th:

A BILL to be entitled an Act to amend Chapter 7 of Title 52 of the Official Code of Georgia Annotated, relating to registration, operation, and sale of watercraft, so as to provide for the titling of certain vessels; to provide for procedures with regard to titling such vessels; to provide for legislative intent and findings; to provide a short title; to amend Part 1 of Article 1 of Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to general provisions regarding sales and use taxes, so as to provide for a cap on the sales and use tax on the purchase or lease of a vessel; to provide definitions; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 7 of Title 52 of the Official Code of Georgia Annotated, relating to registration, operation, and sale of watercraft, so as to provide for the titling of certain vessels; to provide for procedures with regard to titling such vessels; to provide for legislative intent and findings; to provide a short title; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Georgia Uniform Certificate of Title for Vessels Act."

SECTION 2.

The General Assembly finds that:

(1) Titles for vessels in this state would deter and impede theft;

(2) Titles for vessels in this state would facilitate the ownership, transfer, and financing of such vessels; and

(3) Titling of vessels would create equity and fairness for the selling of vessels by dealers, brokers, agents, private parties, and manufacturers.

SECTION 3.

Chapter 7 of Title 52 of the Official Code of Georgia Annotated, relating to registration, operation, and sale of watercraft, is amended by revising Code Section 52-7-4, relating to requirement as to numbering of vessels, as follows:

"52-7-4.

(a) Every vessel using the waters of this state shall be numbered, except those vessels exempted by Code Section 52-7-6 and those vessels documented by the United States Coast Guard and licensed pursuant to Code Section 27-2-8. No person shall operate or give permission for the operation of any such vessel on the waters of this state unless the vessel is numbered in accordance with this article or in accordance with applicable federal law or in accordance with a federally approved numbering system of another state and unless:

(1) The certificate of number issued to the vessel is on board and in full force and effect; and

(2) The identifying number set forth in the certificate of number is properly displayed on each side of the forward half of the vessel; provided, however, that this requirement shall not apply to numbered vessels which are documented by the United States Coast Guard.

(b) Every vessel using the waters of this state shall be titled unless it is exempt from the numbering requirements of paragraph (a) of this Code section or exempt under

Code Section 52-7-7. No person shall operate or give permission for the operation of any such vessel on the waters of this state unless the vessel is titled in accordance with this article. Every outboard motor greater than 25 horsepower used to propel a titled vessel shall be included on the vessel title.

(c) Except as provided in subsection (e) of this Code section, at or before the time the owner of record transfers an ownership interest in a hull damaged vessel that is covered by a certificate of number created by the department, if the damage occurred while such person was an owner of the vessel and the person has notice of the damage at the time of the transfer, the owner shall:

(1) Deliver to the department an application for a new certificate of number and includes the title brand designation 'Hull Damaged'; or

(2) Indicate on the certificate of title or on the bill of sale or other transfer document in the place designated for such purpose that the vessel is hull damaged and deliver the certificate or other transfer document to the transferee.

(d) Not later than 20 days after delivery to the department of the application under paragraph (1) of subsection (c) of this Code section or the delivery to the transferee of the certificate of title or bill of sale under paragraph (2) of subsection (c) of this Code section, the department shall create a new record that indicates that the vessel is branded 'Hull Damaged.'

(e) Before an insurer transfers an ownership interest in a hull damaged vessel that is covered by a certificate of number created by the department, the insurer shall deliver to the department an application for a new certificate and includes the title brand designation 'Hull Damaged.' Not later than 20 days after delivery of the application to the department, the department shall create a new record that indicates that the vessel is branded 'Hull Damaged.'

(f) An owner of record that fails to comply with subsection (c) of this Code section, a person that solicits or colludes in a failure by an owner of record to comply with subsection (c) of this Code section, or an insurer that fails to comply with subsection (e) of this Code section is subject to a civil penalty of $1,000.00.

(g) For the purposes of this Code section, 'Hull Damaged' means compromised with respect to the integrity of a vessel's hull by a collision, allision, lightning strike, fire, explosion, running aground, or similar occurrence or the sinking of a vessel in a manner that creates a significant risk to the integrity of the vessel's hull."

SECTION 4.

Said chapter is further amended by revising Code Section 52-7-5, relating to numbering of vessels, requirements, and fees, as follows:

"52-7-5.

(a) The owner of each vessel required to be numbered or titled by this article shall file an application for number or title with the department on forms containing such information required by the department. Upon receipt of the completed application and any other required information and documents, the department shall enter the application upon its records and issue to the applicant a certificate of number stating the

number assigned to the vessel, the name and address of the owner, and such additional information as may be prescribed by the department. The department shall maintain electronic records of title and furnish a physical certificate of title to the owner or lienholder upon request.

(b)(1) The identification number assigned to all registered vessels, except those documented by the United States Coast Guard, shall be permanently painted or attached to each side of the forward half of the vessel, and no other number may be displayed thereon. Numbers shall read from left to right, be in block characters, be of a color contrasting with the background, and be not less than three inches in height nor more than one inch apart. There shall be a hyphen or space between the prefix letters and numerals and between the numerals and the suffix letters. The hyphen or space shall be equal to the width of any letter except I.

(2) On vessels so configured that a number on the hull or superstructure would not be easily visible, the number shall be painted on or attached to a backing plate that is attached to the forward half of the vessel so that the number will be clearly visible under normal operating conditions.

(3) The numbers shall be maintained in a legible condition.

(4) Vessels owned by manufacturers or dealers and being used as demonstrators or for testing on state waters may use the dealer's tag supplied with his or her registration in lieu of a permanently attached number. Such vessels owned by manufacturers and dealers and only used as demonstrators or for testing using a dealer's tag shall not be required to be titled.

(c) Expiration decals shall be assigned by the department to all registered vessels. Such decals shall be displayed one on each side of the bow preceding the prefix letters and maintained in legible condition. There shall be a hyphen or space separating each decal and the prefix letters which shall be equal to the width of any letter except I.

(d) Applications shall be signed by the owner or owners of the vessel and shall be accompanied by the proper fee. ~~Fees for numbering vessels for a registration period of three years shall be as follows:~~

~~(1) Vessels up to 16 feet in length ..... $ 15.00~~

~~(2) Vessels 16 to 26 feet in length ..... 36.00~~

~~(3) Vessels 26 to 40 feet in length ..... 90.00~~

~~(4) Vessels 40 feet in length or longer ..... 150.00~~

(e)(1) Registration for vessels shall expire on the last day of the month of the owner's birth in the last year of the registration period and shall thereafter be of no force or effect unless renewed pursuant to this article; provided, however, that the registration for vessels not owned by individuals shall expire on December 31 of the last year of the registration period. Certificates of number may be renewed by the owner in the same manner provided for in the initial securing of such certificates.

(2) Registrations may be renewed any time after October 1 prior to the year of expiration. If the certificate of number is allowed to expire, a renewal application may still be filed with the department so long as the applicant pays the registration fee prescribed in subsection (d) of this Code section along with a $10.00 late fee.

(3) Any application for ~~renewal~~ registration or title which, due to failure of the applicant to provide additional information required by the department, remains incomplete 60 days after initial receipt of such application shall expire and a new application and registration or title fee shall be required for renewal.

(f) Should the ownership of a numbered or titled vessel change while a valid registration or title is in effect, the new owner shall file with the department a new application and pay the prescribed fee for a new registration or title. The number assigned upon transfer of ownership shall be identical to the previous number unless such number has been reassigned by the department during any expired registration or title period.

(g) In the event that an agency of the United States government shall have in force an overall system of identification (numbering) for vessels within the United States, the numbering system employed pursuant to this article by the department shall be in conformity therewith. The provisions for titling employed pursuant to this article by the department shall be in conformity for approval by the United States Coast Guard under provisions of 46 U.S.C. Section 31322(d)(1).

(h) The department may issue any certificate of number, expiration decal, marine toilet certification, title, or other permit or accept applications for registration or titling provided for in this chapter directly or may authorize any person to act as agent for the issuing or collection and maintenance of information thereof. In the event that a person accepts such authorization to issue certificates of title or number, he or she may be allotted a block of numbers and certificates or provided direction and instruction therefor which, upon assignment and issue in conformity with this article and with any rules and regulations of the department, shall be valid as if assigned and issued directly by the department. Any person acting as agent for the department may charge a fee for his or her services in an amount approved by the department not to exceed $10.00 per transaction.

(i) All records of the department made or kept pursuant to this Code section shall be public records.

(j) The owner shall furnish the department written notice of the transfer of all or of any part of his or her interest, other than the creation of a security interest, in a vessel numbered or titled in this state pursuant to this Code section, the theft or recovery of the vessel, or the destruction or abandonment of the vessel within 15 days thereof.

(k) Any holder of a certificate of number or title shall notify the department in writing within 15 days if his or her address no longer conforms to the address appearing on the certificate or title and shall, as a part of such notification, furnish the department with his or her new address.

(l) No number other than the number validly assigned to a vessel shall be painted, attached, or otherwise displayed on either side of the forward half of the vessel.

(m)(1) A certificate of number or title once issued pursuant to this Code section shall be considered void upon the happening of any one of the following events:

(A) The owner transfers all his or her interest in said vessel to another person or involuntarily loses his or her interest through legal process;

(B) The vessel is destroyed or abandoned;

(C) It is discovered by the department that the application submitted by the owner contains false or fraudulent information;

(D) The fees for issuance are not paid by the applicant; or

(E) The state of principal use is changed.

(2) A void certificate or title shall be surrendered to the department within 15 days from the date that it becomes or is declared to be void.

(n) The number placed on the forward half of the vessel by the owner shall be removed by the owner if:

(1) The vessel is documented under the laws of the United States;

(2) The certificate ~~or~~ of number or title becomes invalid because it is determined that a false or fraudulent statement was made in the application or the fees have not been paid; or

(3) The vessel is no longer used in this state.

(o) The board shall be authorized to establish, by rule or regulation, a procedure to refund fees collected pursuant to this chapter which were collected in error or overpayment or to which the department or state is otherwise not entitled."

SECTION 5.

This Act shall become effective on July 1, 2017.

SECTION 6.

All laws and parts of laws in conflict with this Act are repealed.

The following Committee substitute was read:

A BILL TO BE ENTITLED
AN ACT

To amend Code Section 43-26-12 of the Official Code of Georgia Annotated, relating to exceptions to operation of the Georgia Registered Professional Nurse Practice Act and burden of proof, so as to provide for training of proxy caregivers; to provide for selection of curricula by the Department of Behavioral Health and Developmental Disabilities; to provide for select providers to train proxy caregivers in accordance with selected curriculum; to provide for professional delegation exceptions; to revise good faith efforts; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 43-26-12 of the Official Code of Georgia Annotated, relating to exceptions to operation of the Georgia Registered Professional Nurse Practice Act and burden of proof, is amended by revising paragraph (9) of subsection (a) as follows:

"(9)(A) The performance of health maintenance activities by a proxy caregiver pursuant to a written plan of care for a disabled individual when:

(i) Such individual or a person legally authorized to act on behalf of such individual has executed a written informed consent designating a proxy caregiver and delegating responsibility to such proxy caregiver to receive training and to provide health maintenance activities to such disabled individual pursuant to the written orders of an attending physician, or an advanced practice registered nurse or physician assistant working under a nurse protocol agreement or job description, respectively, pursuant to Code Section 43-34-25 or 43-34-23;

(ii) Such health maintenance activities are provided outside of a hospital or nursing home and are not provided by a medicare-certified home health agency or

hospice organization and if alternative sources are available, Medicaid is the payor of last resort; and

(iii) The written plan of care implements the written orders of the attending physician, advanced practice registered nurse, or physician assistant and specifies the frequency of training and evaluation requirements for the proxy caregiver, including additional training when changes in the written plan of care necessitate added duties for which such proxy caregiver has not previously been trained. A written plan of care may be established by a registered professional nurse.

Rules, regulations, and policies regarding training for proxy caregivers pursuant to this paragraph shall be promulgated by the Department of Behavioral Health and Developmental Disabilities or the Department of Community Health, as applicable. Such rules shall include selection by the Department of Behavioral Health and Developmental Disabilities and the Department of Community Health for approval of training curricula specifically designed for the purpose of implementing the health maintenance activity of medication administration to be implemented by such proxy caregivers employed or contracted to providers of home and community based services, community residential alternative services, or community living services. With such rules, providers shall train proxy caregivers in accordance with the selected curriculum or otherwise provided for in rules, regulations, and policies.

(B) An attending physician, advanced practice registered nurse, or physician assistant whose orders or written plan of care provide for the provision of health maintenance activities to a disabled person shall not be vicariously liable for a proxy caregiver's negligent performance of health maintenance activities unless the proxy caregiver is an employee of the physician, advanced practice registered nurse, or physician assistant. Any person who trains a proxy caregiver to perform health maintenance activities for a disabled individual may be held liable for negligently training that proxy caregiver if such training deviated from the applicable standard of care and was a proximate cause of injury to the disabled individual.

(C) For purposes of this paragraph, the term:

(i) 'Disabled individual' means an individual who has a physical or mental impairment that substantially limits one or more major life activities and who meets the criteria for a disability under state or federal law.

(ii) 'Health maintenance activities' are limited to those activities that, but for a disability, a person could reasonably be expected to do for himself or herself. Such activities are typically taught by a registered professional nurse, but may be taught by an attending physician, advanced practice registered nurse, physician assistant, or directly to a patient and are part of ongoing care. Health maintenance activities are those activities that do not include complex care such as administration of intravenous medications, central line maintenance, and complex wound care; do not require complex observations or critical decisions; can be safely performed and have reasonably precise, unchanging directions; and have outcomes or results that are reasonably predictable. BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Part 2 of Article 4 of Chapter 5 of Title 12 of the Official Code of Georgia Annotated, relating to shore protection, is amended in Code Section 12-5-232, relating to definitions, by revising paragraphs (8), (13), and (15) and by adding a new paragraph to read as follows:

"(8) 'Dynamic dune field' means the dynamic area of beach and sand dunes, varying in height and width, the ocean boundary of which extends to the ordinary high-water mark and the landward boundary of which is ~~the first occurrence either of live native trees 20 feet in height or greater or of a structure existing on July 1, 1979. The landward boundary of the dynamic dune field shall be the seaward most line connecting any such tree or structure as set forth in this part to any other such tree or structure if the distance between the two is a reasonable distance not to exceed 250 feet. In determining what is a reasonable distance for purposes of this paragraph, topography, dune stability, vegetation, lot configuration, existing structures, distance from the ordinary high-water mark, and other relevant information shall be taken into consideration in order to conserve the vital functions of the sand sharing system. If a real estate appraiser certified pursuant to Chapter 39A of Title 43 determines that an existing structure, shoreline engineering activity, or other alteration which forms part of the landward boundary of the dynamic dune field has been more than 80 percent destroyed by storm driven water or erosion, the landward boundary of the dynamic dune field shall be determined as though such structure had not been in existence on~~

~~July 1, 1979~~ along a line that passes through the most landward of the following as determined by the department:

(A) 25 feet landward of the ordinary high water mark;

(B) 25 feet landward of the landward toe of the most landward sand dunes; or

(C) 25 feet landward of the crest of a visible and functional structure associated with a shoreline stabilization activity."

"(10.1) 'Minor activity' means an activity such as the construction or installation of decks, patios, or porches, or the alteration of native landscaping, so long as such construction, installation, or alteration does not impact more than a total of one-third of the parcel or portion thereof, subject to the jurisdiction of this part; or the construction and installation of elevated crosswalks providing access across sand dunes."

"(13) ~~'Permit issuing authority' means the Shore Protection Committee or a local unit of government which has adopted a program of shore protection which meets the standards of this part and which has been certified by the board as an approved program~~ Reserved."

"(15) 'Sand dunes' means mounds of sand deposited along a coastline by wind, tidal, or wave action or by a beach nourishment or dune construction project permitted under this part, which mounds are often covered with sparse, pioneer vegetation ~~and are located landward of the ordinary high water mark and may extend into the tree line~~ such as sea oats and beach morning glory. Mounds of sand covered with a planted and maintained lawn or landscaping shall not be considered sand dunes. Mounds of sand that are stabilized by indigenous vegetative cover shall also not be considered sand dunes."

SECTION 2.

Said part is further amended by revising Code Section 12-5-235, relating to the Shore Protection Committee, as follows:

"12-5-235.

The members of the committee shall be entitled to and shall be reimbursed from moneys appropriated to the department for their expenses, such as mileage and per diem, as set by the board.

(b) The committee shall have the authority to issue orders and to grant, suspend, revoke, modify, extend, condition, or deny permits as provided in this part. (c) The ~~chairman~~ chairperson of the committee, upon application by the permittee, may issue renewal of a permit previously granted by the committee. Such action must be

based upon recommendations of staff, past committee actions, and the results of public comments. The ~~chairman~~ chairperson may refer the request for renewal to the committee to decide on renewals that, in ~~his~~ his or her judgment, should receive broader consideration. A committee member may choose to have the full committee decide on renewals that the member feels should receive broader consideration.

(d) A permit for a minor activity may be issued by the commissioner after consideration of staff findings and recommendations regarding the proposed activity, past committee actions as applicable, public comments, and committee member input. Upon request by any committee member, a permit application for a minor activity shall be considered by the full committee at its next scheduled meeting. A permit issued pursuant to this subsection shall be deemed an order or action of the committee."

(6) The names and addresses of all landowners of property adjoining or abutting the parcel of land on which the proposed project is to be located. If the property to be

altered is bordered on any side by other property of the applicant, the applicant shall supply the names and addresses of the nearest landowners, other than the applicant, of property adjoining the applicant's property. If the applicant cannot determine the identity of adjoining landowners or their addresses, the applicant shall file in lieu thereof an affidavit stating that a diligent search, including a search of the records of the county tax assessor's office, has been made but that the applicant was not able to ascertain the names or addresses of adjoining landowners;

(7) ~~An application fee in such reasonable amount as is designated by the permit-issuing authority or, if the committee is the permit issuing authority, a nonrefundable application fee as set by the board which reflects the cost to the department to evaluate the application. (12) A statement from the applicant that he or she has made inquiry to the appropriate authorities that the proposed project is not over a landfill or hazardous waste site and that the site is otherwise suitable for the proposed project."

SECTION 4.

Said part is further amended in Code Section 12-5-239, relating to permit application completion and permit requirements, by replacing '30' with '15' in subsection (b) and revising subsection (e) as follows:

"(e) Every permit shall require that the proposed project be completed within five years after the date of issuance of the permit and shall expire five years after the date of issuance. Such time may be extended five additional years upon a showing that all due efforts and diligence toward the completion of the project have been made. If ~~a permit~~ the holder of an unexpired permit sells, leases, rents, or otherwise conveys the land or any portion of the land for which ~~the~~ such permit was issued, such permit shall be continued in force in favor of the new owner, lessee, tenant, or other assignee so long as there is no change in the use of the land as set forth in the original application. (e) A hospital shall establish, update, and make public through posting on the hospital's website, to the extent required by federal guidelines, a list of the hospital's standard charges for items and services provided by the hospital, including for diagnosis related groups established under Section 1886(d)(4) of the federal Social Security Act.

(3) As applicable, the name, mailing address, and telephone number of the physician groups that the hospital has contracted with to provide services, including anesthesiology, pathology, or radiology, and instructions on how to contact these groups to determine the health benefit plan participation of the physicians in these groups; and

(h) On and after January 1, 2018, a hospital shall make network participation in the health benefit plans insurers contracted by such hospital a credentialing requirement for any health care provider in order to receive credentials for providing care or receiving admission privileges. As a part of the credentialing agreement, a hospital shall receive the power to contract for the network participation of its providers with health benefit plans of such insurers, provided that such health care providers shall be responsible for negotiating all other terms, conditions, and prices with the health benefit plans insurers. Insurers shall conduct all such negotiations in good faith, which obligation shall be enforceable by the Commissioner.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

PART I

(a) With the consent of the district attorney, by ~~By~~ court rule or standing order, any superior court may provide for the filing of pleadings in criminal cases and any other ~~documents~~ document related thereto and for the acceptance of payments and remittances by electronic means. Nothing in this ~~Code section~~ subsection shall be construed to prevent a clerk's acceptance of payments and remittances by electronic means under the clerk's own authority.

(b)(1) On and after January 1, 2018, except as provided in paragraph (3) of this subsection, all pleadings and any other document related thereto filed by an attorney to initiate a civil action or in a civil case in a superior court shall be filed by electronic means through the court's electronic filing service provider. Except as provided in paragraph (3) of this subsection, once a court has commenced mandatory electronic filings in civil cases, a clerk shall not accept, file, or docket any pleading or any other document related thereto from an attorney in a civil case.

(2)(A) A court's electronic filing service provider may charge a fee which shall be a recoverable court cost and only include a:

(ii) Convenience fee for credit card and bank drafting services, which shall not exceed 3.5 percent plus 30¢ per transaction.

(B) As used in this paragraph, the term 'per transaction' means a single upload to a court's electronic filing service provider for filing:

The clerk shall not charge the transaction fee as set forth in division (2)(A)(i) of this subsection for such filing but when payment is submitted by credit card or bank draft, the clerk may charge the convenience fee as set forth in division (2)(A)(ii) of this subsection; or

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, and computation of and exemptions from state income taxes, is amended by adding a new Code section to read as follows:

"48-7-40.32.

(a) This Code section shall be known and may be cited as the 'Georgia Musical Investment Act.'

(b) As used in this Code section, the term:

(1) 'Musical or theatrical performance' means a live performance of a concert, musical tour, ballet, dance, opera, live variety entertainment, or a series of any such performances occurring over the course of a 12 month period or longer that originates, is developed, and has its initial public performance before a live audience within this state, or that prepares and rehearses within this state and has its United States debut within this state. Such term excludes a single musical performance that is not intended for touring, a music or cultural festival that is not intended for touring, an industry seminar, a trade show, or a market.

(2) 'Production company' means a company primarily engaged in qualified production activities. Such term shall not mean or include any form of business owned, affiliated, or controlled, in whole or in part, by any company or person which is in default on any tax obligation of the state, or a loan made by the state or a loan guaranteed by the state.

(3) 'Qualified production activities' means activities related to the preparation, planning, recording, or staging of a state certified production.

(4) 'Qualified production expenditures' means expenditures incurred in this state on direct account of qualified production activities for which a tax credit has not been claimed pursuant to Code Section 48-7-40.26 and shall include, but are not limited to:

(A) Set construction and operation; wardrobe, make-up, accessories, and related services; costs associated with photography and sound synchronization,

expenditures excluding license fees incurred with Georgia companies for sound recordings and musical compositions, lighting, and related services and materials; editing and related services; rental of facilities and equipment; leasing of vehicles; costs of food and lodging; total aggregate payroll; talent and producer fees; technical fees; crew fees; per diem costs paid to employees; airfare, if purchased through a Georgia travel agency or travel company; insurance costs and bonding, if purchased through a Georgia insurance agency; and other direct costs of producing the project in accordance with generally accepted entertainment industry practices; and

(B) Payments to a loan-out company by a production company.

(5) 'Recorded musical performance' means a recording of a music composition affixed in a tangible medium, which includes but is not limited to the score and musical accompaniment of a motion picture, film, television, game, or interactive entertainment production.

(6) 'Resident' shall have the same meaning as set forth in paragraph (10) of Code Section 48-7-1.

(7) 'Spending threshold' means:

(A) For a musical or theatrical performance, $500,000.00 during a taxable year; and

(B) For a recorded musical performance, which is incorporated into or synchronized with a movie, television, or interactive entertainment production, $250,000.00 during a taxable year and for any other recorded musical performance, $100,000.00 during a taxable year.

(8) 'State certified production' means a musical or theatrical performance or recorded musical performance that is approved by the Department of Economic Development in accordance with rules and regulations promulgated pursuant to this Code section.

(9) 'Total aggregate payroll' means the total sum expended by a production company on salaries paid to employees working within this state in a state certified production or productions. For purposes of this paragraph:

(A) With respect to a single employee, the portion of any salary which exceeds $500,000.00 for a single production shall not be included when calculating total aggregate payroll; and

(B) All payments to a single employee and any legal entity in which the employee has any direct or indirect ownership interest shall be considered as having been paid to the employee and shall be aggregated regardless of the means of payment or distribution.

(c) A production company that invests in a state certified production shall be allowed an income tax credit against the tax imposed under this article if such production company's qualified production expenditures equal or exceed the spending threshold as follows:

(1) A production company shall be allowed a tax credit equal to 15 percent of such production company's qualified production expenditures; and

(2) A production company shall be allowed an additional tax credit equal to 10 percent for such production company's qualified production expenditures incurred in a

county designated as tier 1 or tier 2 by the commissioner of community affairs pursuant to Code Section 48-7-40.

(d) The tax credits allowed under this Code section for all production companies shall be subject to the following aggregate annual caps:

(1) For taxable years beginning on or after January 1, 2018, and before January 1, 2019, the aggregate amount of tax credits allowed under this Code section shall not exceed $5 million;

(2) For taxable years beginning on or after January 1, 2019, and before January 1, 2020, the aggregate amount of tax credits allowed under this Code section shall not exceed $10 million;

(3) For taxable years beginning on or after January 1, 2020, and before January 1, 2024, the aggregate amount of tax credits allowed under this Code section shall not exceed $15 million per year;

(4) The tax credits allowed under this Code section shall not be available for taxable years beginning on or after January 1, 2024; and

(5) If the aggregate amount of tax credits claimed by taxpayers under this Code section during a year is less than the aggregate annual cap applicable to such year, the unclaimed portion of the aggregate annual cap shall be added to the aggregate annual cap applicable to the next succeeding year or years until it is fully claimed.

(e)(1) The maximum allowable tax credit under this Code section claimed by a single production company and its affiliates shall not exceed, in any single taxable year, 20 percent of the aggregate amount of tax credits available for such taxable year under subsection (d) of this Code section, including the amount of any aggregate annual caps rolled over from prior years.

(2) Production companies seeking to claim a tax credit under this Code section shall submit an application to the department for preapproval of such tax credit. The department shall preapprove the tax credits based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the department shall prorate the available funds between or among the applicants.

(f)(1) Where the amount of such credit or credits exceeds the production company's liability for such taxes in a taxable year, the excess may be taken as a credit against such production company's quarterly or monthly payment under Code Section 48-7-103. Each employee whose employer receives credit against such production company's quarterly or monthly payment under Code Section 48-7-103 shall receive credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subsection. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subsection shall not constitute income to the production company.

(2) If a production company claims the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18, then the production company will only be allowed to claim the credit authorized under this Code section to the extent that the Georgia resident employees included in the credit calculation authorized under this Code section and taken by the production company on such tax return under this Code section have been permanently excluded from the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18.

(g) The credit granted under this Code section shall be subject to the following conditions and limitations:

(1) The credit may be taken beginning with the taxable year in which the production company has met the investment requirement. For each year in which such production company claims the credit, the production company shall attach a schedule to the production company's Georgia income tax return which will set forth the following information, as a minimum:

(A) A description of the qualified production expenditures showing categorized spending that meets or exceeds the spending threshold, along with the certification from the Department of Economic Development;

(B) A detailed listing of employees' names, social security numbers, and Georgia wages when salaries are included in the base investment;

(C) The amount of tax credit claimed for the taxable year;

(D) Any tax credit previously taken by the production company against Georgia income tax liabilities or the production company's quarterly or monthly payments under Code Section 48-7-103;

(E) The amount of tax credit carried over from prior years;

(F) The amount of tax credit utilized by the production company in the current taxable year; and

(G) The amount of tax credit to be carried over to subsequent tax years;

(2) In no event shall the amount of the tax credit under this Code section for a taxable year exceed the production company's income tax liability. Any unused credit amount shall be allowed to be carried forward for five years from the close of the taxable year in which the investment occurred. No such credit shall be allowed the production company against prior years' tax liability.

(h) Any production company claiming the tax credit provided for by this Code section shall be required to reimburse the department for any department initiated audits relating to the tax credit. This subsection shall not apply to routine tax audits of a taxpayer which may include a review of the credit provided in this Code section.

(i) The Department of Economic Development shall determine through the promulgation of rules and regulations which projects qualify for the tax credits authorized under this Code section. Certification shall be submitted to the state revenue commissioner.

(j) The state revenue commissioner shall promulgate such rules and regulations as are necessary to implement and administer this Code section."

SECTION 2.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to general provisions concerning ad valorem taxation of property, is amended by revising paragraph (3) of Code Section 48-5-2, relating to definitions, as follows:

"(3) 'Fair market value of property' means the amount a knowledgeable buyer would pay for the property and a willing seller would accept for the property at an arm's length, bona fide sale. The income approach, if data is available, shall be ~~considered~~ utilized in determining the fair market value of income-producing property, and, if actual income and expense data are voluntarily supplied by the property owner, such data shall be considered in such determination. Notwithstanding any other provision of this chapter to the contrary, the transaction amount of the most recent arm's length, bona fide sale in any year shall be the maximum allowable fair market value for the next taxable year. With respect to the valuation of equipment, machinery, and fixtures when no ready market exists for the sale of the equipment, machinery, and fixtures, fair market value may be determined by resorting to any reasonable, relevant, and useful information available, including, but not limited to, the original cost of the property, any depreciation or obsolescence, and any increase in value by reason of inflation. Each tax assessor shall have access to any public records of the taxpayer for the purpose of discovering such information."

A BILL TO BE ENTITLED

To amend Part 5 of Article 3 of Chapter 12 and Part 5 of Article 8 of Chapter 14 of Title 44 of the Official Code of Georgia Annotated, relating to pawnbrokers and liens by pawnbrokers, factors, bailees, acceptors, and depositories, respectively, so as to provide for fixed term pawn transactions for loans involving the pledge of a motor vehicle or a motor vehicle certificate of title as security; to provide for procedures, conditions, and limitations for such pawn transactions; to provide for definitions; to provide for permitted

charges, term length, and prepayment of such pawn transactions; to provide for grace periods; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Part 5 of Article 3 of Chapter 12 of Title 44 of the Official Code of Georgia Annotated, relating to pawnbrokers, is amended in Code Section 44-12-130, relating to definitions, by revising paragraphs (1) and (5) as follows:

"(1) 'Fixed term pawn transaction' means a pawn transaction involving the pledge of a motor vehicle or a motor vehicle certificate of title as security for an agreed-upon number of months or 30 day periods.

(1.1) 'Month' means that period of time from one date in a calendar month to the corresponding date in the following calendar month, but if there is no such corresponding date, then the last day of such following month."

"(5) 'Pledged goods' means tangible personal property, including, without limitation, all types of motor vehicles or any motor vehicle certificate of title, ~~which property~~ that is purchased by, deposited with, or otherwise actually delivered into the possession of a pawnbroker in connection with a pawn transaction or fixed term pawn transaction. However, for purposes of this Code section, possession of any motor vehicle certificate of title which has come into the possession of a pawnbroker through a pawn transaction or a fixed term pawn transaction made in accordance with law shall be conclusively deemed to be possession of the motor vehicle, and the pawnbroker shall retain physical possession of the motor vehicle certificate of title for the entire length of the pawn transaction or fixed term pawn transaction but shall not be required in any way to retain physical possession of the motor vehicle at any time. 'Pledged goods' shall not include choses in action, securities, or printed evidences of indebtedness."

SECTION 2.

Said part is further amended by revising Code Section 44-12-131, relating to duration of pawn transactions; prohibition of lease-back of motor vehicles; taking possession of motor vehicles; restrictions on interest, fees, and charges; action to recover excessive or undisclosed charges; and consequences of such charges, as follows:

"44-12-131.

(a)(1) All pawn transactions other than fixed term pawn transactions shall be for 30 day periods but may be extended or continued for additional 30 day periods.

(2) All fixed term pawn transactions shall be for an agreed-upon number of months, not to exceed 24 months, or 30 day periods, not to exceed 720 days.

(b)(1) The agreed-upon scheduled payments of a fixed term pawn transaction shall be substantially equal in amount and shall be calculated in a manner that fully amortizes the entire redemption or repurchase price and all interest and pawnshop charges by the maturity date; provided, however, that the first and last payment amounts may

differ from the amounts of the other payments, provided that the final payment is not disproportionately larger than the other payments. In calculating and disclosing the payment schedule of a fixed term pawn transaction, a pawnbroker shall assume that the pledgor or seller will make all scheduled payments in full and on scheduled payment dates. The prohibition of a final payment which is disproportionately larger than the other payments shall not prohibit a pawnbroker from charging, collecting, or receiving additional interest and pawnshop charges on past due amounts. The first payment period of a fixed term pawn transaction may be shorter or longer than all other payment periods, provided that such payment period shall not be less than 28 days and not more than 45 days from the pawn transaction date and provided, further, that any difference in the amount of the first scheduled payment shall be proportional to the difference in length of the first payment period.

(2) For any fixed term pawn transaction, a pawnbroker may charge interest and charges not to exceed the interest and charges permitted under paragraphs (1) and (2) of subsection (d) of this Code section, provided that for fixed term pawn transactions with a set number of monthly periods, such rates may be applied for each monthly period rather than 30 day periods.

(3) For a fixed term pawn transaction with an agreed-upon number of months, the rate of interest and amount of charges shall be calculated and charged on a daily basis for the number of days outstanding, assuming a year of 365 days. For a fixed term pawn transaction with an agreed-upon number of 30 day periods, the rate of interest and amount of charges shall be calculated and charged on a daily basis, assuming a year of 360 days consisting of 12 months of 30 days each.

(4) For a fixed term pawn transaction, interest and pawnshop charges may continue to accrue on the unpaid principal balance, including past due principal amounts, at the then-applicable daily rate until such unpaid principal amounts are paid in full. Such interest shall not be capitalized or compounded or paid, deducted, or received in advance.

(5) For any fixed term pawn transaction, the pledgor or seller may prepay in whole or in part or redeem or repurchase a motor vehicle or motor vehicle certificate of title at any time without any prepayment penalty. The redemption or repurchase amount shall be equal to the outstanding principal balance plus interest and pawnshop charges and other permitted fees accrued through and including the date of redemption or repurchase.

(c)(1) A pawnbroker shall not lease back to the ~~seller or pledgor~~ pledgor or seller any motor vehicle during a pawn transaction or fixed term pawn transaction or during any extension or continuation ~~of the pawn transaction~~ thereof.

~~(3)~~(2) Unless otherwise agreed, ~~a pawnbroker has~~ upon default of the pledgor or seller under a pawn transaction or fixed term pawn transaction involving a motor vehicle title, the pawnbroker has the right to take possession of the motor vehicle. In taking possession, the pawnbroker or his or her agent may proceed without judicial process if this can be done without breach of the peace or may proceed by action.

~~(4)(A)~~(d)(1) During the first 90 days of any pawn transaction or extension or continuation of the pawn transaction, a pawnbroker may charge for each 30 day period interest and pawnshop charges which together equal no more than 25 percent of the principal amount ~~advanced~~ owed, with a minimum charge of up to $10.00 per 30 day period.

~~(B)~~(2) On any pawn transaction which is continued or extended beyond 90 days, a pawnbroker may charge for each 30 day period interest and pawnshop charges which together equal no more than 12.5 percent of the principal amount ~~advanced~~ owed, with a minimum charge of up to $5.00 per 30 day period.

~~(C)~~(3) In addition to the charges provided for in ~~subparagraphs (A)~~ paragraphs (1) and ~~(B)~~ (2) of this ~~paragraph~~ subsection, in a pawn transaction or fixed term pawn transaction or in any extension or continuation of a pawn transaction or fixed term pawn transaction involving a motor vehicle or a motor vehicle certificate of title, a pawnbroker may charge the following:

~~(i)~~(A) A fee equal to ~~no~~ not more than any fee imposed by the appropriate state to register a lien upon a motor vehicle title, but only if the pawnbroker actually registers such a lien;

~~(ii)~~(B) No more than $5.00 per day in storage fees, but only if an actual repossession pursuant to a default takes place on a vehicle which was not already in the pawnbroker's possession and only for each day the pawnbroker must actually retain possession of the motor vehicle; ~~and~~

~~(iii)~~(C) A repossession fee of $50.00 within 50 miles of the office where the pawn originated, $100.00 within 51 to 100 miles, $150.00 within 101 to 300 miles, and ~~a fee of~~ $250.00 beyond 300 miles, but only if an actual repossession pursuant to a default takes place on a vehicle which was not already in the pawnbroker's possession; and

(D) Reasonable out-of-pocket costs incurred by the pawnbroker in preparing for the sale of and selling the motor vehicle consistent with Article 9 of Title 11, not to exceed $250.00.

~~(D)~~(4) If a pledgor or seller requests that the pawnbroker mail or ship the pledged item to the pledgor or seller, a pawnbroker may charge a fee for the actual shipping and mailing costs, plus a handling fee equal to not more than 50 percent of the actual shipping and mailing costs.

~~(E)~~(5) In the event the pledgor or seller has lost or destroyed the original pawn ticket, a pawnbroker may, at the time of redemption or repurchase, charge a fee equal to not more than $2.00.

~~(5)~~(e) No other charge or fee of any kind by whatever name denominated, including, but not limited to, any other storage fee for a motor vehicle, shall be made by a pawnbroker except as set out in ~~paragraph (4) of this subsection~~ subsection (d) of this Code section.

~~(6)~~(f) No fee or charge provided for in this Code section may be imposed unless a disclosure regarding that fee or charge has been properly made as provided for in Code Section 44-12-138.

~~(7)(A)~~(g)(1) Any interest, fees, or charges collected which are undisclosed, improperly disclosed, or in excess of that allowed by this ~~subsection~~ Code section may be recovered by the pledgor or seller in an action at law in any superior court of appropriate jurisdiction.

~~(B)~~(2) In any such action in which the pledgor or seller prevails, the court shall also award reasonable attorneys' fees, court costs, and any expenses of litigation to the pledgor or seller.

If the court finds that during the 30 days following receipt of this notice the pawnbroker made a good faith offer to return any excess, undisclosed, or improperly disclosed charges, the court shall award reasonable attorneys' fees, court costs, and expenses of litigation to the pawnbroker.

~~(D)~~(4) No action shall be brought under this Code section more than two years after the pledgor or seller knew or should have known of the excess, undisclosed, or improperly disclosed charges.

~~(b)~~(h) Any interest, charge, or fees contracted for or received, directly or indirectly, in excess of the amounts permitted under ~~subsection (a) of~~ this Code section shall be uncollectable and the pawn transaction shall be void. ~~All~~ For any pawn transaction other than a fixed term pawn transaction, all interest and the ~~pawnshop charge~~ charges allowed under ~~subsection (a) of~~ this Code section shall be deemed earned, due, and owing as of the date of the pawn transaction and a like sum shall be deemed earned, due, and owing on the same day of the succeeding month."

"48-7-29.8.

(a) As used in this Code section, the term:

(1) 'Certified rehabilitation' means repairs or alterations to a certified structure which are certified by the Department of Natural Resources as meeting the United States Secretary of the Interior's Standards for Rehabilitation or the Georgia Standards for Rehabilitation as provided by the Department of Natural Resources.

(2) 'Certified structure' means a historic building or structure that is located within a national historic district, individually listed on the National Register of Historic Places, individually listed in the Georgia Register of Historic Places, or is certified by the Department of Natural Resources as contributing to the historic significance of a Georgia Register Historic District.

(3) 'Historic home' means a certified structure which, or any portion of which is or will, within a reasonable period, be owned and used as the principal residence of the person claiming the tax credit allowed under this Code section. Historic home shall include any structure or group of structures that constitute a multifamily or multipurpose structure, including a cooperative or condominium. If only a portion of a building is used as such person's principal residence, only those qualified rehabilitation expenditures that are properly allocable to such portion shall be deemed to be made to a historic home.

(4) 'Qualified rehabilitation expenditure' means any qualified rehabilitation expenditure as defined by Section 47(c)(2) of the Internal Revenue Code of 1986 and any amount properly chargeable to a capital account expended in the substantial rehabilitation of a structure that by the end of the taxable year in which the certified rehabilitation is completed is a certified structure. This term does not include the cost of acquisition of the certified structure, the cost attributable to enlargement or additions to an existing building, site preparation, or personal property.

(5) 'Substantial rehabilitation' means rehabilitation of a certified structure for which the qualified rehabilitation expenditures, at least 5 percent of which ~~must~~ shall be allocable to the exterior during the 24 month period selected by the taxpayer ending with or within the taxable year, exceed:

(A) For a historic home, the lesser of $25,000.00 or 50 percent of the adjusted basis of the property as defined in subparagraph (a)(1)(B) of Code Section 48-5-7.2; or, in the case of a historic home located in a target area, $5,000.00; or

(B) For any other certified structure, the greater of $5,000.00 or the adjusted basis of the property.

(6) 'Target area' means a qualified census tract under Section 42 of the Internal Revenue Code of 1986, found in the United States Department of Housing and Urban Development document number N-94-3821; FR-3796-N-01.

(b) A taxpayer shall be allowed a tax credit against the tax imposed by this chapter ~~for the taxable year in which~~ at such time as the certified rehabilitation is completed:

(1) In the case of a historic home, equal to 25 percent of qualified rehabilitation expenditures, except that, in the case of a historic home located within a target area, an additional credit equal to 5 percent of qualified rehabilitation expenditures shall be allowed; and

(2) In the case of any other certified structure, equal to 25 percent of qualified rehabilitation expenditures.

Qualified rehabilitation expenditures may only be counted once in determining the amount of the tax credit available, and more than one entity may not claim a credit for the same qualified rehabilitation expenditures.

(c)(1) In no event shall credits for a historic home exceed $100,000.00 in any 120 month period.

(2) The maximum credit for any other individual certified structure shall be $5 million for any taxable year, except in the case that the project creates 200 or more full-time, permanent jobs or $5 million in annual payroll within two years of the placed in service date, in which case the project is eligible for credits up to $10 million for an individual certified structure. In no event shall more than one application for any individual certified structure under this paragraph be approved in any 120 month period.

(3) In no event shall credits issued under this Code section for projects earning more than ~~$300,000.00~~ $500,000.00 in credits exceed in the aggregate ~~$25 million~~ $50 million per calendar year. If in any calendar year the aggregate amount available is not fully applied, allocated, and used, the balance of unused aggregate amount shall increase the aggregate maximum of the subsequent calendar year by such balance.

(d)(1) An applicant ~~A taxpayer~~ seeking to claim a tax credit under paragraph (2) of subsection (b) of this Code section shall submit an application to the ~~commissioner~~ Department of Community Affairs for preapproval of such tax credit. An applicant shall, at the time of application, either own the real property for which said tax credit is to be claimed, or be a party to a written purchase contract, written option contract, written lease-purchase contract, or written lease having a term of more than 40 years. Such application shall include a precertification from the Department of Natural Resources certifying that the improvements to the certified structure are to be consistent with the Department of Natural Resources Standards for Rehabilitation. The Department of Community Affairs shall have the authority to require electronic submission of such application in the manner specified by the ~~department~~ Department of Community Affairs. The ~~commissioner~~ Department of Community Affairs shall preapprove the tax credits within 30 days based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the ~~commissioner~~ Department of Community Affairs shall prorate the available funds between or among the applicants. For applications on projects over the annual ~~$25 million limitation~~ $50 million

limitation together with any applicable rollover as authorized under paragraph (3) of subsection (c) of this Code section, those applications shall be given priority the following year. The Department of Community Affairs shall within five business days of preapproval of any application transmit to the department a copy of the complete file for such preapproval. The department and the Department of Community Affairs shall, and are hereby authorized to, share information that is necessary to efficiently administer and enforce the provisions of this Code section. Any information shared for these purposes shall be considered confidential and privileged information, and furnishing information as permitted by this Code section shall not be deemed to change the confidential character of the information furnished. Any person who divulges any confidential information obtained under this Code section shall be subject to the same civil and criminal penalties as provided for divulgence of confidential information by members of the department.

(2) In order to be eligible to receive the credit authorized under subsection (b) of this Code section, a taxpayer ~~must~~ shall attach to ~~the~~ such taxpayer's state tax return a copy of the completed certification of the Department of Natural Resources verifying that the improvements to the certified structure are consistent with the Department of Natural Resources Standards for Rehabilitation.

(e)(1) If the credit allowed under paragraph (1) of subsection (b) of this Code section in any taxable year exceeds the total tax otherwise payable by the taxpayer for that taxable year, the taxpayer may apply the excess as a credit for succeeding years until the earlier of:

(A) The full amount of the excess is used; or

(B) The expiration of the tenth taxable year after the taxable year in which the certified rehabilitation has been completed.

(2) Any tax credits with respect to credits ~~earned~~ held by a taxpayer under paragraph (2) of subsection (b) of this Code section and previously claimed by the taxpayer but not used by such taxpayer against its income tax may be transferred or sold in whole or in part by such taxpayer to another Georgia taxpayer, subject to the following conditions:

(A) An applicant or ~~A~~ taxpayer who makes qualified rehabilitation expenditures may sell or assign all or part of the tax credit that may be claimed for such costs and expenses to one or more entities~~, but no further sale or assignment of any credit previously sold or assigned pursuant to this subparagraph shall be allowed~~. All such transfers shall be subject to the maximum total limits provided by subsection (c) of this Code section;

(B) An applicant or ~~A~~ taxpayer who sells or assigns a credit under this Code section and the entity to which the credit is sold or assigned shall jointly submit written notice of the sale or assignment to the department not later than 30 days after the date of the sale or assignment. The notice ~~must~~ shall include:

(i) The date of the sale or assignment;

(ii) The amount of the credit sold or assigned;

(iii) The names and federal tax identification numbers of the entity that sold or assigned the credit or part of the credit and the entity to which the credit or part of the credit was sold or assigned; and

(iv) The amount of the credit owned by the selling or assigning entity before the sale or assignment and the amount the selling or assigning entity retained, if any, after the sale or assignment;

(C) The sale or assignment of a credit in accordance with this Code section does not extend the period for which a credit may be carried forward and does not increase the total amount of the credit that may be claimed. After an entity claims a credit for eligible costs and expenses, another entity may not use the same costs and expenses as the basis for claiming a credit; ~~and~~

(D) Notwithstanding the requirements of this subsection, a credit earned or purchased by, or assigned to, a partnership, limited liability company, Subchapter 'S' corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of that entity and claimed under this Code section in accordance with the provisions of any agreement among the partners, members, or shareholders of that entity and without regard to the ownership interest of the partners, members, or shareholders in the rehabilitated certified structure, provided that the entity or person that claims the credit ~~must~~ shall be subject to Georgia tax~~.~~; and

(E) Only a taxpayer who earned a credit, and no subsequent good faith transferee, shall be responsible in the event of a recapture, reduction, disallowance, or other failure related to such credit.

(2.1) If the credit allowed under paragraph (2) of subsection (b) of this Code section in any taxable year exceeds the total tax otherwise payable by the taxpayer for that taxable year, the taxpayer may apply the excess as a credit for succeeding years until the earlier of:

(A) The full amount of the excess is used; or

(B) The expiration of the tenth taxable year after the taxable year in which the certified rehabilitation has been completed.

(3) No such credit shall be allowed the taxpayer against prior years' tax liability.

(f) In the case of any rehabilitation which may reasonably be expected to be completed in phases set forth in architectural plans and specifications completed before the rehabilitation begins, a 60 month period may be substituted for the 24 month period provided for in paragraph (5) of subsection (a) of this Code section.

(g)(1) Except as otherwise provided in subsection (h) of this Code section, in the event a tax credit under this Code section has been claimed and allowed the taxpayer, upon the sale or transfer of the certified structure, the taxpayer shall be authorized to transfer the remaining unused amount of such credit to the purchaser of such certified structure. If a historic home for which a certified rehabilitation has been completed by a nonprofit corporation is sold or transferred, the full amount of the credit to which the nonprofit corporation would be entitled if taxable shall be transferred to the purchaser or transferee at the time of sale or transfer.

(2) Such purchaser shall be subject to the limitations of subsection (e) of this Code section. Such purchaser shall file with such purchaser's tax return a copy of the approval of the rehabilitation by the Department of Natural Resources as provided in subsection (d) and a copy of the form evidencing the transfer of the tax credit.

(3) Such purchaser shall be entitled to rely in good faith on the information contained in and used in connection with obtaining the approval of the credit including, without limitation, the amount of qualified rehabilitation expenditures.

(h)(1) If an owner other than a nonprofit corporation sells a historic home within three years of receiving the credit, the seller shall recapture the credit to the Department of Revenue as follows:

(A) If the property is sold within one year of receiving the credit, the recapture amount will equal the lesser of the credit or the net profit of the sale;

(B) If the property is sold within two years of receiving the credit, the recapture amount will equal the lesser of two-thirds of the credit or the net profit of the sale; or

(C) If the property is sold within three years of receiving the credit, the recapture amount will equal the lesser of one-third of the credit or the net profit of the sale.

(2) The recapture provisions of this subsection shall not apply to a sale resulting from the death of the owner.

(i)(1) In the event that a taxpayer claims the tax credit under paragraph (2) of subsection (b) of this Code section and leases such certified structure, the department shall aggregate all total sales tax receipts from the certified structure.

(2) Any taxpayer claiming credits under paragraph (2) of subsection (b) of this Code section shall report to the department the average full-time employees employed at the certified structure. A full-time employee for the purposes of this Code section shall mean a person who works a job that requires 30 or more hours per week. Such reports ~~must~~ shall be submitted to the department for five calendar years following the year in which the credit is claimed by the taxpayer.

(3) In the event that a taxpayer claims the tax credit under paragraph (2) of subsection (b) of this Code section and leases such certified structure, the department shall aggregate all total full-time employees at the certified structure.

(j) Notwithstanding Code Sections 48-2-15, 48-7-60, and 48-7-61, the department shall furnish a report to the chairperson of the House Committee on Ways and Means and the chairperson of the Senate Finance Committee by June 30 of each year. Such report shall contain the total sales tax collected in the prior calendar year and the average number of full-time employees at the certified structure and the total value of credits claimed for each taxpayer claiming credits under paragraph (2) of subsection (b) of this Code section

(k) The tax credit allowed under paragraph (1) of subsection (b) of this Code section, and any recaptured tax credit, shall be allocated among some or all of the partners, members, or shareholders of the entity ~~owning the project~~ claiming the credit in any manner agreed to by such persons, whether or not such persons are allocated or allowed any portion of any other tax credit with respect to the project.

(l) The Department of Community Affairs, the Department of Natural Resources, and the Department of Revenue shall prescribe such regulations as may be appropriate to carry out the purposes of this Code section."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 48-2-15 of the Official Code of Georgia Annotated, relating to confidential information secured in the administration of taxes, is amended by repealing and reserving subsection (d) and enacting a new subsection to read as follows:

"(d) ~~Notwithstanding this Code section, the commissioner, upon request by resolution of the governing authority of any municipality of this state having a population of 350,000 or more according to the United States decennial census of 1970 or any future such census, shall furnish to the finance officer or taxing official of the municipality any pertinent tax information from state tax returns to be used by those officials in the discharge of their official duties. Any information so furnished shall retain, in the hands of the local officials, its privileged and confidential nature to the same extent and~~

~~under the same conditions as that information is privileged and confidential in the hands of the commissioner. The commissioner may make a nominal charge for any information so furnished, not to exceed the actual cost of furnishing the information. Nothing contained in this subsection shall be construed to prevent the use of the information as evidence in any state or federal court in the event of litigation involving any municipal or county tax liability of a taxpayer.~~ Reserved.

(d.1)(1) Notwithstanding this Code section, the commissioner, upon request by resolution of the governing authority of any county, consolidated government, or municipality of this state, shall furnish to the designated finance officer or taxing official of the county, consolidated government, or municipality information included on the vendor's sales tax certificate for all vendors that have filed a report for the designated period, to be used by such designated officer or official in the discharge of his or her official duties.

(2)(A) Such designated officer or official shall not be authorized to contact in any manner any taxpayer identified in such confidential information.

(B) Such designated officer or official to whom such confidential information is provided under this subsection may request the commissioner to validate the political subdivision to which a taxpayer with a business location within the political subdivision has remitted sales and use taxes for the designated period. Upon inquiry by such designated officer or official, the commissioner shall, within thirty days, respond to the inquiry and validate that the sales tax being collected from a taxpayer is being remitted to the proper political subdivision and take other appropriate action as provided by law.

(C) Any information furnished under this subsection to such designated officer or official shall retain its privileged and confidential nature to the same extent and under the same conditions as such information is privileged and confidential in the hands of the commissioner.

(3) Any such information furnished under this subsection shall constitute confidential tax information for purposes of paragraph (2) of Code Section 50-14-2 and paragraph (43) of subsection (a) of Code Section 50-18-72 and shall not be discussed or disclosed except as specifically authorized under this subsection.

(4) Such information may be discussed with or disclosed to the members of the governing authority of such county or municipality levying a tax pursuant to the provisions of Article 4 of Chapter 8 of this title, but only when the members of such governing authority are in executive session as defined in paragraph (2) of subsection (a) of Code Section 50-14-1. In the event of such discussion with or disclosure to the members of such governing authority, any such information so discussed or disclosed shall retain its privileged and confidential nature to the same extent and under the same conditions as such information is privileged and confidential in the hands of the commissioner and any further disclosure by the members of such governing authority is prohibited. Prior to such discussion with or disclosure to the members of such governing authority, any member of the governing authority who has a conflict of interest shall be required to recuse himself or herself from the executive session. For

purposes of such recusal, a conflict of interest shall include, but not be limited to, engaging in similar business to those which are identified in the confidential information or having a financial or other personal interest, direct or indirect, in such matter which is incompatible with the impartial and proper discharge of that person's official duties, which would tend to impair the independence of that person's judgment or actions, or which would make such person privy to information that would provide a competitive business advantage.

(5) It shall be unlawful for any person to divulge confidential tax information in violation of this subsection. Any person who violates this paragraph shall, upon conviction thereof, be subject to the same penalties that would apply to an employee of the department convicted of divulging confidential tax information.

(6) The commissioner may make a nominal charge for any information so furnished, not to exceed the actual cost of furnishing the information; provided, however, that any such charge shall be in addition to the 1 percent administrative fee otherwise allowed to the commissioner for defraying the cost of collecting a local sales and use tax.

(7) Nothing contained in this subsection shall prevent or be construed to prevent:

(A) The use of the information as evidence in any state or federal court in the event of litigation involving any municipal or county tax liability of a taxpayer; or

(B) The release of the information pursuant to a subpoena or court order."

Such term shall include a power of appointment not exercisable until the occurrence of a specified event, the satisfaction of an ascertainable standard, or the passage of a specified period only after the occurrence of the specified event, the satisfaction of the ascertainable standard, or the passage of the specified period. (d) Except as otherwise provided by law other than this chapter, a photocopy or electronically transmitted copy of an original power of attorney shall have the same effect as the original.

10-6B-7.

The meaning and effect of a power of attorney shall be determined by the law of the jurisdiction indicated in the power of attorney and, in the absence of an indication of jurisdiction, by the law of the jurisdiction in which the power of attorney was executed.

10-6B-8.

(a) In a power of attorney, a principal may nominate a conservator or guardian of the principal's estate or guardian of the principal's person for consideration by the court if protective proceedings for the principal's estate or person are begun after the principal

executes the power of attorney. Except for good cause shown or disqualification, the court shall make its appointment in accordance with the principal's most recent nomination.

(b) Unless expressly provided otherwise by the power of attorney or ordered otherwise by the court appointing the conservator or guardian, if, after a principal executes a power of attorney, a court appoints a conservator or guardian of the principal's estate or other fiduciary charged with the management of some or all of the principal's property, then the appointment of a guardian, conservator, or other fiduciary shall terminate all or part of the power of attorney that relates to the matters within the scope of the guardianship, conservatorship, or management by another fiduciary. If such power of attorney does not wholly terminate, the agent shall be accountable to the conservator, guardian, or other fiduciary as well as to the principal.

(c) If the court orders the power of attorney shall not terminate, the court may impose upon the power of attorney or agent such terms and conditions as it determines are in the best interest of the principal.

10-6B-9.

(a) A power of attorney shall be effective when executed unless the principal provides in the power of attorney that it becomes effective at a future date or upon the occurrence of a future event or contingency.

(b) If a power of attorney becomes effective upon the occurrence of a future event or contingency, the principal, in the power of attorney, may authorize one or more persons to determine in a writing or other record that the event or contingency has occurred.

(c) If a power of attorney becomes effective upon the principal's incapacity and the principal has not authorized a person to determine whether the principal is incapacitated, or the person authorized is unable or unwilling to make the determination, the power of attorney shall become effective upon a determination in a writing or other record by:

(1) A physician or licensed psychologist determining that the principal has an impairment in the ability to receive and evaluate information or make or communicate decisions even with the use of technological assistance; or

(2) An attorney at law, a judge, or an appropriate governmental official determining that the principal is missing, detained, including incarcerated in a penal system, or is outside the United States and unable to return.

(d) A person authorized by the principal in the power of attorney to determine that the principal is incapacitated may act as the principal's personal representative pursuant to the Health Insurance Portability and Accountability Act, Sections 1171 through 1179 of the Social Security Act, 42 U.S.C. Section 1320d, in effect on February 1, 2017, and applicable regulations in effect on February 1, 2017, to obtain access to the principal's health care information and communicate with the principal's health care provider.

10-6B-10.

(a) A power of attorney shall terminate when:

(1) The principal dies;
(2) The principal becomes incapacitated, if the power of attorney is not durable;
(3) The principal revokes the power of attorney;
(4) The power of attorney provides that it terminates;
(5) The purpose of the power of attorney is accomplished; or
(6) The principal revokes the agent's authority or the agent dies, becomes incapacitated, or resigns, and the power of attorney does not provide for another agent to act under the power of attorney.

(b) An agent's authority shall terminate when:
(1) The principal revokes the authority;
(2) The agent dies, becomes incapacitated, or resigns;
(3) An action is filed for the dissolution or annulment of the agent's marriage to the principal or their legal separation, unless the power of attorney otherwise provides; or
(4) The power of attorney terminates.

(c) Unless the power of attorney otherwise provides, an agent's authority is exercisable until the authority terminates under subsection (b) of this Code section, notwithstanding a lapse of time since the execution of the power of attorney.

(d) Termination of an agent's authority or of a power of attorney shall not be effective as to the agent or another person that, without actual knowledge of the termination, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, shall bind the principal and the principal's successors in interest.

(e) Incapacity of the principal of a power of attorney that is not durable shall not revoke or terminate the power of attorney as to an agent or other person that, without actual knowledge of the incapacity, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, shall bind the principal and the principal's successors in interest.

(f) The execution of a power of attorney shall not revoke a power of attorney previously executed by the principal unless the subsequent power of attorney provides that the previous power of attorney shall be revoked or that all other powers of attorney are revoked.

10-6B-11.

(a) A principal may designate two or more persons to act as coagents. Unless the power of attorney otherwise provides, coagents shall exercise their authority independently.

(b) A principal may designate one or more successor agents to act if an agent resigns, dies, becomes incapacitated, is not qualified to serve, or declines to serve. A principal may grant authority to designate one or more successor agents to an agent or other person designated by name, office, or function. Unless the power of attorney otherwise provides, a successor agent shall:
(1) Have the same authority as that granted to the original agent; and

(2) Not act until all predecessor agents have resigned, died, become incapacitated, are no longer qualified to serve, or have declined to serve.

(c) Except as otherwise provided in the power of attorney and subsection (d) of this Code section, an agent that does not participate in or conceal a breach of fiduciary duty committed by another agent, including a predecessor agent, shall not be liable for the actions of the other agent.

(d) An agent that has actual knowledge of a breach or imminent breach of fiduciary duty by another agent shall notify the principal and, if the principal is incapacitated, take any action reasonably appropriate in the circumstances to safeguard the principal's best interest. An agent that fails to notify the principal or take action as required by this subsection shall be liable for the reasonably foreseeable damages that could have been avoided if the agent had notified the principal or taken such action.

10-6B-12.

Unless the power of attorney otherwise provides, an agent shall not be entitled to any reimbursement of expenses or to compensation.

10-6B-13.

Except as otherwise provided in the power of attorney, a person accepts appointment as an agent under a power of attorney by exercising authority or performing duties as an agent or by any other assertion or conduct indicating acceptance.

10-6B-14.

(a) Notwithstanding provisions in the power of attorney, an agent that has accepted appointment shall act:

(1) In accordance with the principal's reasonable expectations to the extent actually known by the agent and, otherwise, in the principal's best interest;

(2) In good faith; and

(3) Only within the scope of authority granted in the power of attorney.

(b) Except as otherwise provided in the power of attorney, an agent that has accepted appointment shall:

(1) Act loyally for the principal's benefit;

(2) Act so as not to create a conflict of interest that impairs the agent's ability to act impartially in the principal's best interest;

(3) Act with the care, competence, and diligence ordinarily exercised by agents in similar circumstances;

(4) Keep a record of all receipts, disbursements, and transactions made on behalf of the principal;

(5) Cooperate with a person that has authority to make health care decisions for the principal to carry out the principal's reasonable expectations to the extent actually known by the agent and, otherwise, act in the principal's best interest; and

(6) Attempt to preserve the principal's estate plan, to the extent actually known by the agent, if preserving such plan is consistent with the principal's best interest based on all relevant factors, including:

(A) The value and nature of the principal's property;

(B) The principal's foreseeable obligations and need for maintenance;

(C) Minimization of taxes, including income, estate, inheritance, generation-skipping transfer, and gift taxes; and

(D) Eligibility for a benefit, a program, or assistance under a law or regulation.

(c) An agent that acts in good faith shall not be liable to any beneficiary of the principal's estate plan for failure to preserve such plan.

(d) An agent that acts with care, competence, and diligence for the best interest of the principal shall not be liable solely because the agent also benefits from the act or has an individual or conflicting interest in relation to the property or affairs of the principal.

(e) If an agent is selected by the principal because of special skills or expertise possessed by the agent or in reliance on the agent's representation that the agent has special skills or expertise, the special skills or expertise shall be considered in determining whether the agent has acted with care, competence, and diligence under the circumstances.

(f) Absent a breach of duty to the principal, an agent shall not be liable if the value of the principal's property declines.

(g) An agent that exercises authority to delegate to another person the authority granted by the principal or that engages another person on behalf of the principal shall not be liable for an act, error of judgment, or default of that person if the agent exercises care, competence, and diligence in selecting and monitoring the person.

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to elementary and secondary education, so as to provide for administration of standardized assessments in paper-and-pencil format upon parental request; to discourage punitive actions for students refusing to participate in federal, state, or locally mandated standardized assessments; to provide for alternative administrations of student assessments; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to elementary and secondary education, is amended by adding new subsections to Code Section 20-2-281, relating to student assessments, to read as follows:

"(t) With respect to any standardized assessments developed and administered pursuant to this Code section, the State Board of Education or local school system is strongly

encouraged to allow the administration of any such assessment in a paper-and-pencil format for any student whose parent or guardian requests such format and to any student 18 years of age or older who requests such format; provided, however, that this shall not apply to make-up assessments.

(u) The State School Superintendent shall develop guidelines, approved by the State Board of Education, by September 1, 2017, that identify a range of appropriate policies which a local school system is strongly encouraged to adopt when considering how students not participating in a state-wide assessment will be supervised and what, if any, alternative to the assessment will be provided to them during the test administration. The guidelines shall prohibit a school system from taking punitive action against a student, including, but not limited to, the adoption of sit and stare policies, in response to a student's refusal to participate in a federal, state, or locally mandated standardized assessment. The guidelines shall provide that students do not have undirected free time but are provided alternate instructional activities. The guidelines shall also address how and when the local school system's policy will be communicated to parents, students, and school system staff. As used in this subsection, the term 'sit and stare' means any policy that requires a student whose parent or guardian has given written instructions for such student not to participate in federal, state, or locally mandated standardized assessments to remain with his or her class in the test room or in another location without any alternate instructional activity provided."

SECTION 2.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 17 of Title 43 of the Official Code of Georgia Annotated, relating to charitable solicitations, is amended by adding new subsections to Code Section 43-17-8.1, relating to requirements for use of collection receptacles for donations, to read as follows:

"(e)(1) A person placing and operating any collection receptacle on property in which such person has no ownership or leasehold interest shall, prior to such placement and operation, obtain notarized, written permission from all owners of such property or all holders of a leasehold interest in such property to place and operate such collection

receptacle on such property. Copies of such notarized, written permission shall be maintained by the person placing and operating such collection receptacle and provided to every owner or leaseholder of such property at any time upon request by any such owner or leaseholder. If such permission is obtained from such property owner or owners, the person placing and operating the collection receptacle shall provide written notification to any leaseholders, tenants, or other occupants of such property of the consent of such property owner or owners to such placement and operation. The notarized, written permission required by this subsection shall include the signature of the person placing and operating the collection receptacle, or such person's authorized agent, and of all owners or leaseholders of the property, as applicable.

(2) A person with an existing collection receptacle located on property in which such person has no ownership or leasehold interest shall have until December 31, 2017, to comply with the requirements of this subsection.

(f)(1) Any owner or leaseholder of property on which a collection receptacle is placed and operated in conformance with subsection (e) of this Code section may demand removal of such collection receptacle in writing by United States mail, return receipt requested, or statutory overnight delivery to the address listed on the collection receptacle pursuant to this Code section. Such owner or leaseholder shall also send a copy of any such demand to the office of the Secretary of State. The person placing the collection receptacle shall remove the collection receptacle as well as any contents left in and around the collection receptacle within 30 days of the date such demand is either deposited in the United States mail, return receipt requested, or received by statutory overnight delivery.

(2) If the person placing and operating the collection receptacle on another's property fails to remove such collection receptacle as required by paragraph (1) of this subsection, any owner or any leaseholder of such property shall have the immediate right to take possession of, remove, and dispose of such collection receptacle and its contents without incurring any civil or criminal liability for such actions. Any expenses incurred in such removal and disposal by such owner or leaseholder shall be invoiced to, and paid by, the person who placed and operated such collection receptacle on such property. The owner or leaseholder may also request that law enforcement personnel take possession of, remove, and dispose of such collection receptacle and the contents thereof. If law enforcement personnel, in their discretion, honor such request, they will be immune from any civil or criminal liability for such actions.

(g) Any owner or any leaseholder of the property may demand immediate removal of a collection receptacle if the person who placed and operated the collection receptacle on the property fails to comply with subsection (e) of this Code section.

(h) The person placing and operating the collection receptacle shall maintain such receptacle in a structurally sound, clean, and sanitary condition, and regularly empty such receptacle at least every two weeks. Such person shall also be responsible for

ensuring that no donations are present on the ground area surrounding the collection receptacle for a time period exceeding 48 hours.

(i) Any owner or leaseholder of property who incurs expenses in removing or disposing of any collection receptacle or its contents following the expiration of the period referred to in paragraph (1) of subsection (f) of this Code section, or as a result of any violation of this Code section, may bring a civil action to recover actual damages. The action shall be brought in a court of competent jurisdiction in the county where the collection receptacle was located, in the county in which the person who placed and operated the collection receptacle conducts, transacts, or has transacted business, or, if such person cannot be found in any of the foregoing locations, in the county in which such receptacle is located.

(j) Any violation of this Code section shall constitute a misdemeanor."

SECTION 2.

Said chapter is further amended by revising subparagraphs (a)(1)(A) and (a)(1)(B) of Code Section 43-17-13, relating to requirements for use of collection receptacles for donations, as follows:

"(A) Subject to notice and opportunity for hearing in accordance with Code Section 43-17-16, unless the right to notice is waived by the person against whom the sanction is imposed, the Secretary of State may:

(i) Issue a cease and desist order against any person;

(ii) Censure the person if the person is registered as a paid solicitor;

(iii) Bar or suspend the person from association with a paid solicitor or charitable organization; ~~or~~

(iv) Issue an order against a paid solicitor who willfully violates this chapter, imposing a civil penalty up to a maximum of $2,500.00 for a single violation or up to $25,000.00 for multiple violations in a single proceeding or a series of related proceedings; or

(v) Regarding any willful act, practice, or transaction, issue an order imposing a civil penalty up to a maximum of $2,500.00 against any person for a single violation or $25,000.00 for multiple violations in a single proceeding or a series of related proceedings;

(B) Imposition of the sanctions under this paragraph is limited as follows:

(i) If the Secretary of State revokes the registration of a charitable organization or paid solicitor or bars a person from association with a charitable organization or paid solicitor under subparagraph (A) of this paragraph, the imposition of that sanction precludes imposition of the ~~sanction~~ sanctions specified in ~~division (iv)~~ divisions (iv) and (v) of subparagraph (A) of this paragraph; and

(ii) The imposition by the Secretary of State of one or more sanctions under this paragraph with respect to a specific violation precludes the Secretary of State from later imposing any other sanctions under this paragraph with respect to the violation;"

A BILL TO BE ENTITLED
AN ACT

To amend Article 22 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to motor vehicle franchise practices, so as to provide standards for reasonable compensation by a franchisor, manufacturer, distributor, or third party for parts and labor for warranty service work by a dealer; to provide for payments after a stop-sale or do not drive order of a motor vehicle in certain instances; to provide for right of first refusal; to correct a cross-reference; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 22 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to motor vehicle franchise practices, is amended by revising Code Section 10-1-641, relating to dealer's predelivery preparation, warranty service, and recall work obligations to be provided in writing, and recovery costs, as follows:

"10-1-641.

(a)(1) Each ~~distributor~~ franchisor, manufacturer, or distributor ~~or warrantor~~:

(A) Shall specify in writing to each of its dealers in this state the dealer's obligations for predelivery preparation including the repair of damages incurred in the transportation of vehicles as set forth in Code Section 10-1-642, recall work, and warranty service on its products;

(B) Shall reasonably compensate the dealer for parts and labor provided for such warranty service work ~~and service required of the dealer by the distributor, manufacturer, or warrantor~~ as provided in paragraph (2) of this subsection;

(C) Shall provide the dealer with a schedule of compensation to be paid such dealer for parts, work, and service in connection therewith; and

(D) Shall provide the dealer with a schedule of the time allowance for the performance of such work and service. Any such schedule of compensation shall include reasonable compensation for diagnostic work, repair service, and labor. Time allowances for the diagnosis and performance of such work and service shall be reasonable and adequate for the work to be performed.

(2)(A) In the determination of what constitutes reasonable compensation for parts ~~reimbursement~~ and labor ~~rates~~ under this Code section, the principal factors to be considered shall be the retail ~~price paid to dealers for parts and the prevailing hourly labor rates paid to dealers doing the repair, work, or service and to other dealers in the community in which the dealer doing the repair, work, or service is doing business for the same or similar repair, work, or service. However, in no event shall parts reimbursement paid to the dealer be less than the retail price for such parts being paid to such dealer by nonwarranty customers for nonwarranty parts replacement, and in no event shall the hourly labor rate paid to a dealer for such warranty repair, work, or service be less than the rate charged by such dealer for like repair, work, or service to nonwarranty customers for nonwarranty repair, work, or service~~ rates customarily charged by the dealer, as established pursuant to this paragraph, and the rates for parts and labor charged by other similarly situated franchised dealers in a comparable geographic area in this state offering the same line-make vehicles.

(B) The retail rate customarily charged by the dealer for parts shall be established by the dealer submitting to the franchisor, manufacturer, or distributor 100 sequential nonwarranty customer-paid service repair orders which contain warranty-like repairs or 90 consecutive days of nonwarranty customer-paid service repair orders which contain warranty-like parts, whichever is less. Such service repair orders shall cover repairs made no more than 180 days before the submission. If the franchisor, manufacturer, or distributor determines, from any set of repair orders submitted under this subparagraph, that the retail markup rate for parts calculated is substantially higher or lower than the rate currently on record with the franchisor, manufacturer, or distributor, then the franchisor, manufacturer, or distributor may request additional documentation for a period of either 60 days prior to or 60 days subsequent to the time period for which the repair orders were submitted for

purposes of an adjustment. The dealer's retail rate percentage for parts shall be calculated by determining the dealer's total parts sales in the submitted repair orders and dividing that amount by the dealer's total cost for purchase of those parts, subtracting one from that amount, and then multiplying by 100. The declared retail rate shall be approved or disapproved within 30 days following submission by the dealer. The declared retail rate shall go into effect 30 days following approval by the franchisor, manufacturer, or distributor, unless such franchisor, manufacturer, or distributor disapproves and timely contests the dealer's declared rate. If a franchisor, manufacturer, or distributor fails to disapprove within 30 days following submission by the dealer, the declared retail rate shall be deemed approved. A franchisor, manufacturer, or distributor may contest the dealer's declared parts rate not later than 30 days after submission and declaration of the parts rate by the dealer by reasonably substantiating that the rate is unreasonable in light of the practices of all other similarly situated franchised dealers in a comparable geographic area in this state offering the same line-make vehicles. In contesting the dealer's declared rate, a franchisor, manufacturer, or distributor shall provide a written explanation of the reasons for disagreement with the declared rate. If the declared parts rate is contested, then the franchisor, manufacturer, or distributor shall propose an adjustment of the rate. If the franchisor, manufacturer, or distributor contests the dealer's declared parts rate, the parties shall attempt to resolve the dispute through an internal dispute resolution procedure of the franchisor, manufacturer, or distributor, if available, provided that such procedure occurs within a reasonable amount of time, not to exceed 30 days after notification of disagreement with the dealer's declared rate. If the internal dispute resolution procedure is unsuccessful or does not occur in a timely manner, the dealer may file a petition with the commissioner not later than 60 days after receipt of the proposed adjustment by the franchisor, manufacturer, or distributor or not later than 30 days after conclusion of the internal dispute resolution procedure, whichever is later. If such a petition is filed, the commissioner shall inform the franchisor, manufacturer, or distributor that a timely petition has been filed and that a hearing will be held on such issue. In any hearing held pursuant to this subparagraph, the burden of proof shall be upon the franchisor, manufacturer, or distributor to demonstrate that the parts rate declared by the dealer was unreasonable and not in accordance with this subparagraph.

(C) The retail rate customarily charged by the dealer for labor may be established by submitting to the franchisor, manufacturer, or distributor 100 sequential nonwarranty customer-paid service repair orders for warranty-like repairs or 90 consecutive days of customer-paid service repair orders for warranty-like repairs, whichever is less. Such service repair orders shall cover repairs made no more than 180 days before the submission. If the franchisor, manufacturer, or distributor determines, from any set of repair orders submitted under this subparagraph, that the retail rate for labor calculated is substantially higher or lower than the rate currently on record with the franchisor, manufacturer, or distributor, then the franchisor, manufacturer, or distributor may request additional documentation for a period of

either 60 days prior to or 60 days subsequent to the time period for which the repair orders were submitted for purposes of an adjustment. The retail rate for labor shall be calculated by determining the dealer's total labor sales from the submitted repair orders and dividing that amount by the total number of hours that generated those sales. The declared retail labor rate shall be approved or disapproved within 30 days following submission by the dealer. The declared retail labor rate shall take effect 30 days following approval by the franchisor, manufacturer, or distributor unless such franchisor, manufacturer, or distributor disapproves and timely contests the dealer's declared rate. A franchisor, manufacturer, or distributor may contest the dealer's declared labor rate not later than 30 days after submission and declaration of the labor rate by the dealer by reasonably substantiating that such rate is unreasonable in light of the practices of all other similarly situated franchised motor vehicle dealers in a comparable geographic area in this state offering the same line-make vehicles. If the declared labor rate is contested, then the franchisor, manufacturer, or distributor shall propose an adjustment of the declared retail labor rate. If the franchisor, manufacturer, or distributor contests the dealer's declared labor rate, the parties shall attempt to resolve the dispute through an internal dispute resolution procedure of the franchisor, manufacturer, or distributor, if available, provided that such procedure occurs within a reasonable amount of time not to exceed 30 days after notification of disagreement with the dealer's declared rate. If the internal dispute resolution procedure is unsuccessful or does not occur in a timely manner, the dealer may file a petition with the commissioner not later than 60 days after receipt of the proposed adjustment by the franchisor, manufacturer, or distributor or not later than 30 days after conclusion of the internal dispute resolution procedure, whichever is later. If such a petition is filed, the commissioner shall inform the franchisor, manufacturer, or distributor that a timely petition has been filed and that a hearing will be held on such issue. In any hearing held pursuant to this subparagraph, the burden of proof shall be upon the franchisor, manufacturer, or distributor to demonstrate that the labor rate declared by the dealer was unreasonable and not in accordance with this subparagraph.

(D) In calculating the retail rate customarily charged by the dealer for parts and labor for purposes of this paragraph, the following work shall not be included in the calculation:

(i) Repairs for franchisor, manufacturer, or distributor special events, specials, or promotional discounts for retail customer repairs;

(ii) Parts sold at wholesale;

(iii) Routine maintenance not covered under any retail customer warranty, such as fluids, filters, and belts not provided in the course of repairs;

(iv) Nuts, bolts, fasteners, and similar items which contain no individual part number;

(v) Tires; and

(vi) Vehicle reconditioning.

(E) If a franchisor, manufacturer, or distributor furnishes a part or component to a dealer to use in performing repairs under a recall, campaign service action, or warranty repair at no cost to the dealer, the franchisor, manufacturer, or distributor shall compensate the dealer for the authorized repair part or component in the same manner as warranty parts compensation under this Code section by paying the dealer the retail rate markup on the cost for the part or component as listed in the price schedule of the franchisor, manufacturer, or distributor less the cost for the part or component.

(F) No franchisor, manufacturer, or distributor shall require a dealer to establish the retail rate customarily charged by the dealer for parts and labor by an unduly burdensome or time consuming method or by requiring information that is unduly burdensome or time consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations. No dealer shall declare a retail rate for parts or labor or both more than once in one calendar year.

(b)(1) ~~Manufacturers~~ Franchisors, manufacturers, and distributors shall include in written notices of factory recalls to ~~new motor vehicle owners and~~ dealers the expected date by which necessary parts and equipment will be available to dealers for the ~~correction of such defects~~ repair or replacement of recalled parts and equipment. ~~Manufacturers~~ Franchisors, manufacturers, and distributors shall compensate any dealers in this state for repairs affected by all recalls.

~~(c)~~(2) All such claims shall be either approved or disapproved within 30 days after their receipt on forms and in the manner specified by the franchisor, manufacturer, or distributor, ~~or warrantor,~~ and any claim not specifically disapproved in writing within 30 days after the receipt shall be construed to be approved and payment must follow within 30 days.

~~(d)~~(c) Subject to subsection (c) of Code Section 10-1-645, a franchisor, manufacturer, or distributor shall not otherwise recover its costs from dealers within this state, including ~~an increase in the wholesale price of a vehicle or~~ a surcharge imposed on a dealer solely intended to recover the cost of reimbursing the dealer for parts and labor pursuant to this Code section, provided that a franchisor, manufacturer, or distributor shall not be prohibited from increasing prices for vehicles or parts in the normal course of business.

(d)(1) For purposes of this subsection, the term:

(A) 'Do not drive order ' means a notification issued by a manufacturer to its franchised dealers stating that certain used motor vehicles in inventory shall not be driven due to a federal safety recall for a defect or a noncompliance or a federal emissions recall.

(B) 'Stop-sale' means a notification issued by a manufacturer to its franchised dealers stating that certain used motor vehicles in inventory shall not be sold or leased, at either retail or wholesale, due to a federal safety recall for a defect or a noncompliance or a federal emissions recall.

(2) A franchisor, manufacturer, or distributor shall compensate its dealers for all labor and parts required by the manufacturer to perform recall repairs. Compensation

for recall repairs shall be reasonable. If parts or a remedy are not reasonably available to perform a recall service or repair on a used vehicle held for sale by a dealer authorized to sell and service new motor vehicles of the same line-make within 30 days of the manufacturer issuing the initial notice of recall, and the manufacturer has issued a stop-sale or do not drive order on the vehicle, the manufacturer shall compensate the dealer at a prorated rate of at least 1 percent of the value of the vehicle per month beginning on the date that is 30 days after the date on which the stop-sale or do not drive order was provided to the dealer to the earlier of the date the recall or repair parts or remedy are made available or the date the dealer sells, trades, transfers, or otherwise disposes of the affected used motor vehicle.

(3) The value of a used motor vehicle shall be the average trade-in value for used motor vehicles as indicated in an independent third party guide for the year, make, and model of the recalled vehicle.

(4) This subsection shall apply only to used motor vehicles subject to safety or emissions recalls pursuant to and recalled in accordance with federal law and regulations adopted thereunder and where a stop-sale or do not drive order has been issued and repair parts or remedy remain unavailable for 30 days or longer.

(5) This subsection shall apply only to dealers holding an affected used motor vehicle for sale in inventory at the time a stop-sale or do not drive order is issued or which was taken into the used motor vehicle inventory of the dealer as a consumer trade-in incident to the purchase of a new motor vehicle from the dealer after the stop-sale or do not drive order was issued, and that are a line-make that the dealer is franchised to sell or on which the dealer is authorized to perform recall repairs.

(6) It shall be a violation of this subsection for a manufacturer to reduce the amount of compensation otherwise owed to an individual dealer, whether through a chargeback, removal of the individual dealer from an incentive program, or reduction in amount owed under an incentive program, solely because the dealer has submitted a claim for reimbursement under this subsection. The provisions under this subsection shall not apply to an action by a manufacturer that is applied uniformly among all dealers of the same line-make in this state.

(7) All reimbursement claims made by dealers pursuant to this subsection for recall remedies or repairs, or for compensation where no part or repair is reasonably available and the vehicle is subject to a stop-sale shall be subject to the same limitations and requirements as a warranty reimbursement claim made under this subsection. In the alternative, a manufacturer may compensate its franchised dealers under a national recall compensation program provided the compensation under the program is equal to or greater than that provided under this subsection or the manufacturer and dealer otherwise agree.

(8) A manufacturer may direct the manner and method in which a dealer must demonstrate the inventory status of an affected used motor vehicle to determine eligibility under this subsection, provided that the manner and method may not be unduly burdensome and may not require information that is unduly burdensome to provide.

(9) Nothing in this subsection shall require a manufacturer to provide total compensation to a dealer which would exceed the total average trade-in value of the affected used motor vehicle as originally determined under paragraph (3) of this subsection.

(10) Any remedy provided to a dealer under this subsection is exclusive and may not be combined with any other state or federal recall compensation remedy."

SECTION 2.

Said article is further amended by revising Code Section 10-1-663.1, relating to right of first refusal, as follows:

"10-1-663.1.

~~There shall be a right of first refusal to purchase in favor of the franchisor if the dealer has entered into an agreement to transfer the dealership or its assets, provided that all the following qualifications and requirements are met:~~

(a) Notwithstanding the terms of any franchise agreement, sales and services agreement, or similar agreement, a franchisor, manufacturer, or distributor shall be permitted to exercise a right of first refusal to acquire a dealer's assets or ownership, in the event of a proposed change of ownership, or transfer of dealership assets, if all of the following requirements are met:

(1) The proposed transfer of the dealership or its assets is of more than 50 percent of the ownership or assets;

(2) The franchisor notifies the dealer in writing within 60 days of its receipt of the complete written proposal for the proposed sale or transfer on forms generally utilized by the franchisor for such purpose and containing the information required therein and all documents and agreements relating to the proposed sale or transfer;

(3) The exercise of the right of first refusal will result in the dealer and dealer's owners receiving the same or greater consideration as ~~is provided in the documents and agreements submitted to the franchisor under paragraph (2) of this Code section~~ provided for through the terms of the contract related to the proposed change of ownership or transfer of dealership assets;

(4) The proposed change of 50 percent or more of the ownership or of the dealership assets does not involve the transfer or sale of assets or the transfer or issuance of stock by the dealer or one or more dealer owners to a designated family member or members, including a spouse, child, grandchild, spouse of a child or grandchild, brother, sister, or parent of the dealer owner; to a manager who has been employed in the dealership for at least four years and is otherwise qualified as a dealer operator; or to a partnership or corporation owned and controlled by one or more of such persons;

(5) The franchisor agrees to pay the reasonable expenses, including reasonable attorney's fees, which do not exceed the usual customary, and reasonable fees charged for similar work done for other clients incurred by the proposed new owner and transferee before the franchisor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed change of ownership or transfer of dealership assets. However, payment of such expenses and attorney's fees shall not be

required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 20 days after the dealer's receipt of the franchisor's written request for such an accounting. Such an accounting may be requested by the franchisor before exercising its right of first refusal; and

(6) The franchisor agrees to comply with and be subject to the requirements and restraints as set forth in paragraphs (1) and (2) of subsection (a) of Code Section 10-1-664.1 and in subsection (b) of Code Section 10-1-664.1.

(b) Within the terms of a right of first refusal contract related to the proposed change of ownership or transfer of dealership assets:

(1) The franchisor, manufacturer, or distributor shall have the right to assume the dealer's lease for, or acquire the real property on which the franchise is located, on the same terms as those on which the real property or lease was to be sold or transferred to the proposed new owner in connection with the sale of the franchise, unless otherwise agreed to by the dealer and manufacturer or distributor. The franchisor, manufacturer, or distributor shall have the right to assign the lease or to convey the real property; and

(2) The franchisor, manufacturer, or distributor shall assume all of the duties, obligations, and liabilities contained in the agreements that were to be assumed by the proposed new owner and with respect to which the franchisor, manufacturer, or distributor exercised the right of first refusal, provided that the franchisor, manufacturer, or distributor has knowledge of such obligations at the time of the exercise of the right of first refusal."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 5C of Title 48 of the Official Code of Georgia Annotated, relating to alternative ad valorem tax on motor vehicles, is amended by revising Code Section 48-5C-1, relating to definitions, exemption from taxation, allocation and disbursement of proceeds collected by tag agents, fair market value of vehicle appealable, and report, as follows:

"48-5C-1.

(a) As used in this Code section, the term:

(1) 'Fair market value of the motor vehicle' means:

(A) For a used motor vehicle not sold by a licensed used motor vehicle dealer, the average of the current fair market value and the current wholesale value of a motor vehicle for a vehicle listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner and based upon a nationally recognized motor vehicle industry pricing guide for fair market and wholesale market values in determining the taxable value of a motor vehicle under Code Section 48-5-442~~, and, in the case of a used car dealer, less any reduction for the trade-in value of another motor vehicle~~;

(B) For a used motor vehicle not sold by a licensed motor vehicle dealer and which is not ~~so~~ listed in such current motor vehicle ad valorem assessment manual, the value from the bill of sale or the average of the current fair market value and the current wholesale value from a reputable used car market guide designated by the commissioner, whichever is greater~~, and, in the case of a used car dealer, less any reduction for the trade-in value of another motor vehicle~~;

(C) Upon written application and supporting documentation submitted by an applicant under this Code section, a county tag agent may deviate from the fair market value as defined in subparagraph (A), ~~or~~ (B), or (D) of this paragraph based upon mileage and condition of the used vehicle. Supporting documentation may include, but not be limited to, bill of sale, odometer statement, and values from reputable pricing guides. The fair market value as determined by the county tag agent pursuant to this subparagraph shall be appealable as provided in subsection (e) of this Code section; ~~or~~

(D) For a new or used motor vehicle sold by a new motor vehicle dealer or licensed used motor vehicle dealer, the greater of the retail selling price ~~or, in the case of a lease of a new motor vehicle, the agreed upon value of the vehicle pursuant to the lease agreement~~ or the average of the current fair market value and the current wholesale value of a motor vehicle for a vehicle listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner in determining the taxable value of a motor vehicle under Code Section 48-5-442, less any reduction for the trade-in value of another motor vehicle and any rebate ~~or any cash discounts provided by the selling dealer and taken at the time of sale~~. The retail selling price or agreed upon value shall include any charges for labor, freight, delivery, dealer fees, and similar charges, tangible accessories, ~~and~~ dealer add-ons, and mark-ups, but shall not include any federal retailers' excise tax or extended warranty, service contract, ~~or~~ maintenance agreement, or similar products itemized on the dealer's invoice to the customer or any finance, insurance, and interest charges for deferred payments billed separately. No reduction for the trade-in value of another motor vehicle shall be taken unless the name of the owner and the vehicle identification number of such trade-in motor vehicle are shown on the bill of sale;

(E) For a new motor vehicle that is leased, the total of the base payments pursuant to the lease agreement; or

(F) For a kit car which is assembled by the purchaser from parts supplied by a manufacturer, the greater of the retail selling price of the kit or the average of the current fair market value and the current wholesale value of the motor vehicle if listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner and based upon a nationally recognized motor vehicle industry pricing guide for fair market and wholesale market values in determining the taxable value of a motor vehicle under Code Section 48-5-442. A kit car shall not include a rebuilt or salvage vehicle.

(2) 'Immediate family member' means spouse, parent, child, sibling, grandparent, or grandchild.

(3) 'Loaner vehicle' means a motor vehicle owned by a dealer which is withdrawn temporarily from dealer inventory for exclusive use as a courtesy vehicle loaned at no charge for a period not to exceed 30 days within a 366 day period to any one customer whose motor vehicle is being serviced by such dealer.

(7) 'Trade-in value' means the value of the motor vehicle as stated in the bill of sale for a vehicle which has been traded in to the dealer in a transaction involving the purchase of another vehicle from the dealer.

(b)(1)(A) Except as otherwise provided in this subsection, any motor vehicle for which a title is issued in this state on or after March 1, 2013, shall be exempt from sales and use taxes to the extent provided under paragraph (95) of Code Section 48-8-3 and shall not be subject to the ad valorem tax as otherwise required under Chapter 5 of this title. Any such motor vehicle shall be titled as otherwise required under Title 40 but shall be subject to a state title fee and a local title fee which shall be alternative ad valorem taxes as authorized by Article VII, Section I, Paragraph III(b)(3) of the Georgia Constitution. Motor vehicles registered under the International Registration Plan shall not be subject to state and local title ad valorem tax fees but shall continue to be subject to apportioned ad valorem taxation under Article 10 of Chapter 5 of this title.

(B)(i) ~~As used in this subparagraph, the term:~~

~~(I) 'Local base amount' means $1 billion.~~

~~(II) 'Local current collection amount' means the total amount of sales and use taxes on the sale of motor vehicles under Chapter 8 of this title and motor vehicle local ad valorem tax proceeds under this Code section and Chapter 5 of this title which were collected during the calendar year which immediately precedes the tax year in which the title ad valorem tax adjustments are required to be made under this subparagraph.~~

~~(III) 'Local target collection amount' means an amount equal to the local base amount added to the product of 2 percent of the local base amount multiplied by the number of years since 2012 with a maximum amount of $1.2 billion.~~

~~(IV) 'State base amount' means $535 million.~~

~~(V) 'State current collection amount' means the total amount of sales and use taxes on the sale of motor vehicles under Chapter 8 of this title and motor vehicle state ad valorem tax proceeds under this Code section and Chapter 5 of this title which were collected during the calendar year which immediately precedes the tax year in which the state and local title ad valorem tax rate is to be reviewed for adjustment under division (xiv) of this subparagraph. Notwithstanding the other provisions of this subdivision to the contrary, the term 'state current collection amount' for the 2014 calendar year for the purposes of the 2015 review under division (xiv) of this subparagraph shall be adjusted so that such amount is equal to the amount of motor vehicle state ad valorem tax proceeds that would have been collected under this Code section in 2014 if the combined state and local title ad valorem tax rate was 7 percent of the fair market value of the motor vehicle less any trade-in value plus the total amount of~~

~~motor vehicle state ad valorem tax proceeds collected under Chapter 5 of this title during 2014.~~

~~(VI) 'State target collection amount' means an amount equal to the state base amount added to the product of 2 percent of the state base amount multiplied by the number of years since 2012~~ Reserved.

(ii) The combined state and local title ad valorem tax shall be at a rate equal to~~:~~

~~(I) For the period commencing March 1, 2013, through December 31, 2013, 6.5 percent of the fair market value of the motor vehicle;~~

In the event that the local title ad valorem tax fee proceeds are insufficient to fully offset such reduction in ad valorem taxes on motor vehicles or the portion of the sales and use tax described in (ii) above, the tag agent shall allocate a proportionate amount of the proceeds to each governing authority, the board of education of each such school district, the water and sewerage authority, and the transportation authority, and any remaining shortfall shall be paid from the following month's local title ad valorem tax fee proceeds. The tax commissioner shall grant a temporary permit in the event the failure to timely apply for a first certificate of title is due to the failure of a lienholder to comply with Code Section 40-3-56, regarding release of a security interest or lien, and no penalty or interest shall be assessed. Such penalty and interest shall be in addition to the penalty and fee required under Code Section 40-3-21 or 40-3-32, as applicable.

(B)(i) If the amount derived under division (i) of subparagraph (A) of this paragraph is greater than the amount derived under division (ii) of subparagraph (A) of this paragraph, the owner shall remit the difference to the tag agent. Such remittance shall be deemed local title ad valorem tax fee proceeds; or

"(b)(1) Any vehicle operated in the State of Georgia which is required to be registered and which does not have attached to the rear thereof a numbered license plate and current revalidation decal affixed to a corner or corners of the license plate as designated by the commissioner, if required, shall be stored at the owner's risk and expense by any law enforcement officer of the State of Georgia, unless such operation is otherwise permitted by this chapter.

(2)(A) It shall be a misdemeanor to operate any vehicle required to be registered in the State of Georgia without a valid numbered license plate properly validated, unless such operation is otherwise permitted under this chapter; and provided, further, that the purchaser of a new vehicle or a used vehicle from a dealer of new or used motor vehicles who displays a temporary plate issued as provided by subparagraph (B) of this paragraph may operate such vehicle on the public highways and streets of this state without a current valid license plate during the period within which the purchaser is required by Code Section 40-2-20. An owner acquiring a motor vehicle from an entity that is not a new or used vehicle dealer shall register such vehicle as provided for in Code Section 40-2-29 unless such vehicle is to be registered under the International Registration Plan pursuant to Article 3A of this chapter.

(B)(i) Any dealer of new or used motor vehicles shall issue to the purchaser of a vehicle at the time of sale thereof, unless such vehicle is to be registered under the International Registration Plan, a temporary plate as provided for by department rules or regulations which may bear the dealer's name and location and shall bear ~~the~~ an expiration date ~~of the period within which the purchaser is required by Code Section 40-2-20 to register such vehicle~~ 45 days from the date of purchase. The expiration date of such a temporary plate may be revised and extended by the county tag agent upon application by the dealer, the purchaser, or the transferee if an extension of the purchaser's initial registration period has been granted as provided by Code Section 40-2-20. Such temporary plate shall not resemble a license plate issued by this state and shall be issued without charge or fee. The requirements of this subparagraph ~~do~~ shall not apply to a dealer whose primary business is the sale of salvage motor vehicles and other vehicles on which total loss claims have been paid by insurers.

The department may provide by rule or regulation for the sale and distribution of such temporary plates by third parties in accordance with paragraph (3) of this subsection.

(3) All sellers and distributors of temporary license plates shall maintain an inventory record of temporary license plates by number and name of the dealer.

(4) The purchaser and operator of a vehicle shall not be subject to the penalties set forth in this Code section during the period allowed for the registration of such vehicle. SECTION 3.

Said title is further amended by revising subsection (c) of Code Section 40-2-29, relating to registration and license plate requirement, license fee to accompany application, temporary operating permit, and penalties, as follows:

"(c) A person unable to fully comply with the requirements of subsection (a) of this Code section shall register such vehicle and receive a temporary operating permit that will be valid until the end of the initial registration period as provided for in paragraph (.1) of subsection (a) of Code Section 40-2-21. The commissioner may provide by rule or regulation for one 30 day extension of such initial registration period which may be granted by the county tag agent if the transferor has not provided such purchaser or other transferee owner with a title to the motor vehicle more than five business days prior to the expiration of such initial registration period. The county tag agent shall grant an extension of the initial registration period when the transferor, purchaser, or transferee can demonstrate by affidavit in a form provided by the commissioner that title has not been provided to the purchaser or transferee due to the failure of a security interest holder or lienholder to timely release a security interest or lien in accordance with Code Section 40-3-56."

SECTION 4.

If the owner does not submit the application within that time, the owner of the vehicle shall be required to pay a penalty of $10.00 in addition to the ordinary title fee provided for by this chapter. If the documents submitted in support of the title application are rejected, the party submitting the documents shall have 60 days from the date of rejection to resubmit the documents required by ~~the commissioner or~~ the authorized county tag agent for the issuance of a certificate of title. QBE formula earnings shall include the salary portion of direct instructional costs, the adjustment for training and experience, the nonsalary portion of direct instructional costs, and earnings for psychologists and school social workers, school administration, facility maintenance and operation, media centers, additional days of instruction in accordance with Code Section 20-2-184.1, and staff development. Such calculations shall be published as soon as practicable prior to the distribution of earnings to the local charter school by the local board. Such calculations may be published in conjunction with the financial and transparency information required to be published by local boards of education pursuant to Part 3A of Article 2 of Chapter 14 of Title 20."

(c) A charter school's or state charter school's governing body may use ~~moneys from the~~ facilities ~~fund~~ grants for the following purposes:

(e) Local boards are required to renovate, repair, and maintain the school facilities of charter schools in the ~~district~~ local school system to the same extent as other public schools in the ~~district~~ local school system if the local board owns the charter school facility, unless otherwise agreed upon by the petitioner and the local board in the charter. Subject to appropriations by the General Assembly, the state board shall disburse annual facilities grants to eligible applicants in an amount of $100,000.00 or such other amount as determined by the state board. In the event that in any fiscal year, sufficient funds are not appropriated or available to make the full amount of grants to

all eligible applicants, the grant award to each eligible applicant shall be reduced pro rata. Eligible applicants may receive one or more annual grants.

(f)(1) Prior to ~~releasing moneys from the~~ disbursing facilities ~~fund~~ grants, the Department of Education shall ensure that the governing board of the local charter school and the local board shall enter into a written agreement that includes a provision for the reversion of any unencumbered funds and all equipment and property purchased with public education funds to the ownership of the local board in the event the local charter school terminates operations.

(g) The reversion of property in accordance with subsection (f) of this Code section is subject to the complete satisfaction of all lawful liens or encumbrances.

(h)(1) As used in this subsection, the term 'unused facilities' means educational facilities, as defined in Code Section 20-2-260, for which the local board of education has not housed students for the previous two consecutive school years.

(2) Each local board of education shall make its unused facilities available to local charter schools. The terms of the use of such a facility by the charter school shall be subject to negotiation between the board and the local charter school and shall be memorialized as a separate agreement. A local charter school that is allowed to use such a facility under such an agreement shall not sell or dispose of any interest in such property without the written permission of the local board. A local charter school may not be charged a rental or leasing fee for the existing facility or for property normally used by the public school which became the local charter school. A local charter school that receives property from a local board may not sell or dispose of such property without the written permission of the local board.

(3) Prior to denying the use by a local charter school of an unused facility, the local charter school shall have the right to a hearing before the local board of education in accordance with Code Section 20-2-1160, including the right to appeal an adverse local board decision.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 6 of Chapter 11 of Title 15 of the Official Code of Georgia Annotated, relating to delinquency, is amended by revising paragraph (1) of subsection (c) of Code Section 15-11-472, relating to delinquency case time limitations, as follows:

"(1) Any petition alleging delinquency shall be filed within 30 days of the filing of the complaint or within 30 days after such child is released from preadjudication custody; provided, however, that when informal adjustment or other nonadjudicatory procedures are being utilized in accordance with Code Section 15-11-515, such 30 day period shall not commence until such informal adjustment or nonadjudicatory procedure has failed. If a complaint was not filed, the complaint shall be filed within the statute of limitations as provided by Chapter 3 of Title 17;"

SECTION 2.

Said article is further amended by revising subsection (b) of Code Section 15-11-521, relating to the time limitations for filing a delinquency petition, as follows:

"(b) If a child is not in detention prior to adjudication, a petition alleging delinquency shall be filed within 30 days of the filing of the complaint alleging violation of a criminal law or within 30 days of such child's release pursuant to a determination that detention is not warranted; provided, however, that when informal adjustment or other nonadjudicatory procedures are being utilized in accordance with Code Section 15-11-515, such 30 day period shall not commence until such informal adjustment or nonadjudicatory procedure has failed. Upon a showing of good cause and notice to all parties, the court may grant an extension of time for filing a petition alleging delinquency. The court shall issue a written order reciting the facts justifying any extension."

SECTION 3.

Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, is amended in Code Section 19-7-1, relating to in whom parental power lies, how such power lost, and recovery for homicide of child, by revising subsection (b.1) as follows:

"(b.1) Notwithstanding subsections (a) and (b) of this Code section or any other law to the contrary, in any action involving the custody of a child between the parents or either parent and a third party limited to grandparent, great-grandparent, aunt, uncle, great aunt, great uncle, sibling, ~~or~~ adoptive parent, or de facto custodian, parental power may be lost by the parent, parents, or any other person if the court hearing the issue of custody, in the exercise of its sound discretion and taking into consideration all the circumstances of the case, determines that an award of custody to such third party is for the best interest of the child or children and will best promote their welfare and happiness~~.~~; provided, however, that in any action involving the custody of a child between a parent and a de facto custodian as provided for in Code Section 19-9-3.1, the court may determine that an award of joint custody with such parent and such de facto custodian is for the best interest of the child or children and will best protect the child's health or welfare where parental decisions would otherwise result in harm to the child or where the parent has consented to such an arrangement. Except as provided for in Code Section 19-9-3, there ~~There~~ shall be a rebuttable presumption that it is in the best interest of the child or children for custody to be awarded to the parent or parents of such child or children, but this presumption may be overcome by a showing that an award of custody, or joint custody as provided for by law, to such third party is in the best interest of the child or children. The sole issue for determination in any such case shall be what is in the best interest of the child or children. As used in this subsection, the term 'de facto custodian' shall have the same meaning as provided for in Code Section 19-9-6."

SECTION 4.

Said title is further amended by revising Code Section 19-7-3, relating to actions by grandparents or other family members for visitation rights or intervention, revocation or amendment of visitation rights, appointment of guardian ad litem, mediation, hearing, and notification to family members of child's participation in events, as follows:

"19-7-3.

(a) As used in this Code section, the term:

(.1) 'De facto custodian' shall have the same meaning as provided for in Code Section 19-9-6.

(1) 'Family member' means a grandparent, great-grandparent, ~~or~~ sibling, or de facto custodian.

(2) 'Grandparent' means the parent of a parent of a minor child, the parent of a minor child's parent who has died, and the parent of a minor child's parent whose parental rights have been terminated.

(3) 'Great-grandparent' means the parent of the parent of a parent of a minor child, the parent of the parent of a minor child's parent who has died, and the parent of the parent of a minor child's parent whose parental rights have been terminated.

(4) 'Sibling' means the brother or sister of a parent of a minor child, the brother or sister of a minor child's parent who has died, and the brother or sister of a minor child's parent whose parental rights have been terminated.

(b)(1) Except as otherwise provided in paragraph (2) of this subsection:

(A) Any grandparent or de facto custodian shall have the right to file an original action for visitation rights to a minor child; and

(B) Any family member shall have the right to intervene in and seek to obtain visitation rights in any action in which any court in this state shall have before it any question concerning the custody of a minor child, a divorce of the parents or a parent of such minor child, a termination of the parental rights of either parent of such minor child, or visitation rights concerning such minor child or whenever there has been an adoption in which the adopted child has been adopted by the child's blood relative or by a stepparent, notwithstanding the provisions of Code Section 19-8-19.

(2) This subsection shall not authorize an original action when the parents of the minor child are not separated and the child is living with both parents.

(c)(1) Upon the filing of an original action or upon intervention in an existing proceeding under subsection (b) of this Code section, the court may grant any family member of the child reasonable visitation rights if the court finds by clear and convincing evidence that the health or welfare of the child would be harmed unless such visitation is granted and if the best interests of the child would be served by such visitation. The mere absence of an opportunity for a child to develop a relationship with a family member shall not be considered as harming the health or welfare of the child when there is no substantial preexisting relationship between the child and such family member. In considering whether the health or welfare of the child would be

harmed without such visitation, the court shall consider and may find that harm to the child is reasonably likely to result when, prior to the original action or intervention:

(A) The minor child resided with the family member for six months or more;

(B) The family member provided financial support for the basic needs of the child for at least one year;

(C) There was an established pattern of regular visitation or child care by the family member with the child; or

(D) Any other circumstance exists indicating that emotional or physical harm would be reasonably likely to result if such visitation is not granted.

The court shall make specific written findings of fact in support of its rulings.

(2) An original action requesting visitation rights shall not be filed by any grandparent or de facto custodian more than once during any two-year period and shall not be filed during any year in which another custody action has been filed concerning the child. After visitation rights have been granted to any grandparent or de facto custodian, the legal custodian, guardian of the person, or parent of the child may petition the court for revocation or amendment of such visitation rights, for good cause shown, which the court, in its discretion, may grant or deny; but such a petition shall not be filed more than once in any two-year period.

(3) While a parent's decision regarding family member visitation shall be given deference by the court, the parent's decision shall not be conclusive when failure to provide family member contact would result in emotional harm to the child. A court may presume that a child who is denied any contact with his or her family member or who is not provided some minimal opportunity for contact with his or her family member when there is a preexisting relationship between the child and such family member may suffer emotional injury that is harmful to such child's health. Such presumption shall be a rebuttable presumption.

(4) In no case shall the granting of visitation rights to a family member interfere with a child's school or regularly scheduled extracurricular activities.

(5) Visitation time awarded to a family member shall not be less than 24 hours in any one-month period; provided, however, that when more than one individual seeks visitation under this Code section, the court shall determine the amount of time to award to each petitioner which shall not be less than 24 hours in any one-month period in the aggregate.

(d) Notwithstanding the provisions of subsections (b) and (c) of this Code section, if one of the parents of a minor child dies, is incapacitated, or is incarcerated, the court may award the parent of the deceased, incapacitated, or incarcerated parent of such minor child reasonable visitation to such child during his or her minority if the court in its discretion finds that such visitation would be in the best interests of the child. The custodial parent's judgment as to the best interests of the child regarding visitation shall be given deference by the court but shall not be conclusive.

(e) If the court finds that the family member can bear the cost without unreasonable financial hardship, the court, at the sole expense of the petitioning family member, may:

(1) Appoint a guardian ad litem for the minor child; and

(2) Assign the issue of visitation rights of a family member for mediation.

(f) In the event that the court does not order mediation or upon failure of the parties to reach an agreement through mediation, the court shall fix a time for the hearing of the issue of visitation rights of the family member.

(g) Whether or not visitation is awarded to a family member, the court may direct a custodial parent, by court order, to notify such family member of every performance of the minor child to which the public is admitted, including, but not limited to, musical concerts, graduations, recitals, and sporting events or games.

(h) When more than one family member files an action pursuant to this Code section, the court shall determine the priority of such actions."

SECTION 5.

Said title is further amended by revising Code Section 19-9-3, relating to discretion of judge in custody disputes, right of child 14 years old or older to select custodial parent, consideration of child's educational needs, review of visitation rights, grandparent visitation, policy, retention of jurisdiction, attorney's fees, filing of domestic relations final disposition form, and application to military parents, as follows:

"19-9-3.

(a)(.1) As used in this subsection, the term 'party' means an individual provided for in paragraph (1) of this subsection.

(1) In all cases in which the custody of any child is at issue between the parents or, as provided for in Code Section 19-9-3.1, between a parent and a de facto custodian, there shall be no prima-facie right to the custody of the child in the father, ~~or~~ mother, or de facto custodian. There shall be no presumption in favor of any particular form of custody, legal or physical, nor in favor of ~~either parent~~ any of such individuals. Joint custody may be considered as an alternative form of custody by the judge, and the judge at any temporary or permanent hearing may grant sole custody~~,~~ to any one of such individuals or joint custody, joint legal custody, or joint physical custody between the parents or a parent and a de facto custodian as appropriate.

(2) The judge hearing the issue of custody shall make a determination of custody of a child and such matter shall not be decided by a jury. The judge may take into consideration all the circumstances of the case, including the improvement of the health of the party seeking a change in custody provisions, in determining to whom custody of the child should be awarded. The duty of the judge in all such cases shall be to exercise discretion to look to and determine solely what is for the best interest of the child and what will best promote the child's welfare and happiness and to make his or her award accordingly.

(3) In determining the best interests of the child, the judge may consider any relevant factor including, but not limited to:

(A) The love, affection, bonding, and emotional ties existing between each ~~parent~~ party and the child;

(B) The love, affection, bonding, and emotional ties existing between the child and his or her siblings, half siblings, and stepsiblings and the residence of such other children;

(C) The capacity and disposition of each ~~parent~~ party to give the child love, affection, and guidance and to continue the education and rearing of the child;

(D) Each ~~parent's~~ party's knowledge and familiarity of the child and the child's needs;

(E) The capacity and disposition of each ~~parent~~ party to provide the child with food, clothing, medical care, day-to-day needs, and other necessary basic care, with consideration made for the potential payment of child support by ~~the other~~ a parent;

(F) The home environment of each ~~parent~~ party considering the promotion of nurturance and safety of the child rather than superficial or material factors;

(G) The importance of continuity in the child's life and the length of time the child has lived in a stable, satisfactory environment and the desirability of maintaining continuity;

(H) The stability of the family unit of each ~~of the parents~~ party and the presence or absence of each ~~parent's~~ party's support systems within the community to benefit the child;

(I) The mental and physical health of each ~~parent~~ party;

(J) Each ~~parent's~~ party's involvement, or lack thereof, in the child's educational, social, and extracurricular activities;

(K) Each ~~parent's~~ party's employment schedule and the related flexibility or limitations, if any, of a ~~parent~~ party to care for the child;

(L) The home, school, and community record and history of the child, as well as any health or educational special needs of the child;

(M) Each ~~parent's~~ party's past performance and relative abilities for future performance of ~~parenting~~ custodial responsibilities;

(N) The willingness and ability of each ~~of the parents~~ party to facilitate and encourage a close and continuing parent-child relationship between the child and his or her other parent or parents ~~the other parent~~, consistent with the best interest of the child;

(O) Any recommendation by a court appointed custody evaluator or guardian ad litem;

(P) Any evidence of family violence or sexual, mental, or physical child abuse or criminal history of ~~either parent~~ each party; and

(Q) Any evidence of substance abuse by ~~either parent~~ each party.

(4) In addition to other factors that a judge may consider in a proceeding in which the custody of a child or visitation or parenting time by a parent is at issue and in which the judge has made a finding of family violence:

(A) The judge shall consider as primary the safety and well-being of the child and of the parent who is the victim of family violence;

(B) The judge shall consider the perpetrator's history of causing physical harm, bodily injury, assault, or causing reasonable fear of physical harm, bodily injury, or assault to another person;

(C) If a parent is absent or relocates because of an act of domestic violence by the other parent, such absence or relocation for a reasonable period of time in the circumstances shall not be deemed an abandonment of the child for the purposes of custody determination; and

(D) The judge shall not refuse to consider relevant or otherwise admissible evidence of acts of family violence merely because there has been no previous finding of family violence. The judge may, in addition to other appropriate actions, order supervised visitation or parenting time pursuant to Code Section 19-9-7.

(5) In all custody cases in which the child has reached the age of 14 years, the child shall have the right to select ~~the parent~~ an individual as provided for in paragraph (1) of this subsection with whom he or she desires to live. The child's selection for purposes of custody shall be presumptive unless the ~~parent party~~ individual so selected is determined not to be in the best interests of the child. The ~~parental~~ custodial selection by a child who has reached the age of 14 may, in and of itself, constitute a material change of condition or circumstance in any action seeking a modification or change in the custody of that child; provided, however, that such selection may only be made once within a period of two years from the date of the previous selection and the best interests of the child standard shall apply.

(6) In all custody cases in which the child has reached the age of 11 but not 14 years, the judge shall consider the desires and educational needs of the child in determining which ~~parent~~ individual as provided for in paragraph (1) of this subsection shall have custody. The judge shall have complete discretion in making this determination, and the child's desires shall not be controlling. The judge shall further have broad discretion as to how the child's desires are to be considered, including through the report of a guardian ad litem. The best interests of the child standard shall be controlling. The ~~parental~~ custodial selection of a child who has reached the age of 11 but not 14 years shall not, in and of itself, constitute a material change of condition or circumstance in any action seeking a modification or change in the custody of that child. The judge may issue an order granting temporary custody to the selected ~~parent~~ individual for a trial period not to exceed six months regarding the custody of a child who has reached the age of 11 but not 14 years where the judge hearing the case determines such a temporary order is appropriate.

(7) The judge is authorized to order a psychological custody evaluation of the ~~family~~ parties or an independent medical evaluation. In addition to the privilege afforded a witness, neither a court appointed custody evaluator nor a court appointed guardian ad litem shall be subject to civil liability resulting from any act or failure to act in the performance of his or her duties unless such act or failure to act was in bad faith.

(8) If requested by any party on or before the close of evidence in a contested hearing, the permanent court order awarding child custody shall set forth specific findings of fact as to the basis for the judge's decision in making an award of custody

including any relevant factor relied upon by the judge as set forth in paragraph (3) of this subsection. Such order shall set forth in detail why the court awarded custody in the manner set forth in the order and, if joint legal custody is awarded, a manner in which final decision making on matters affecting the child's education, health, extracurricular activities, religion, and any other important matter shall be decided. Such order shall be filed within 30 days of the final hearing in the custody case, unless extended by order of the judge with the agreement of the parties.

(b) In any case in which a judgment awarding the custody of a child has been entered, on the motion of any party or on the motion of the judge, that portion of the judgment effecting visitation rights between ~~the parties~~ any of the individuals provided for under paragraph (1) of subsection (a) of this Code section and ~~their~~ the child or parenting time may be subject to review and modification or alteration without the necessity of any showing of a change in any material conditions and circumstances of ~~either party~~ any of such individuals or the child, provided that the review and modification or alteration shall not be had more often than once in each two-year period following the date of entry of the judgment. However, this subsection shall not limit or restrict the power of the judge to enter a judgment relating to the custody of a child in any new proceeding based upon a showing of a change in any material conditions or circumstances of ~~a party~~ any of such individuals or the child. A military parent's absences caused by the performance of his or her deployments, or the potential for future deployments, shall not be the sole factor considered in supporting a claim of any change in material conditions or circumstances of ~~either party~~ any of such individuals or the child; provided, however, that the court may consider evidence of the effect of a deployment in assessing a claim of any change in material conditions or circumstances of ~~either party~~ any of such individuals or the child.

(c) In the event of any conflict between this Code section and any provision of Article 3 of this chapter, Article 3 shall apply.

(d) It is the express policy of this state to encourage that a child has continuing contact with parents and grandparents who have shown the ability to act in the best interest of the child and to encourage parents to share in the rights and responsibilities of raising their child after such parents have separated or dissolved their marriage or relationship.

(e) Upon the filing of an action for a change of child custody, the judge may in his or her discretion change the terms of custody on a temporary basis pending final judgment on such issue. Any such award of temporary custody shall not constitute an adjudication of the rights of ~~the parties~~ any individual.

(f)(1) In any case in which a judgment awarding the custody of a child has been entered, the court entering such judgment shall retain jurisdiction of the case for the purpose of ordering the ~~custodial parent~~ individual awarded custody to notify the court of any changes in the residence of the child.

(2) In any case in which visitation rights or parenting time has been provided to ~~the noncustodial parent~~ any other individual and the court orders that the ~~custodial parent~~ individual awarded custody provide notice of a change in address of the place for pickup and delivery of the child for visitation or parenting time, the ~~custodial parent~~

individual awarded custody shall notify the ~~noncustodial parent~~ other individual, in writing, of any change in such address. Such written notification shall provide a street address or other description of the new location for pickup and delivery so that the ~~noncustodial parent~~ other individual may exercise ~~such parent's~~ his or her visitation rights or parenting time.

(3) Except where otherwise provided by court order, in any case under this subsection in which ~~a parent~~ an individual awarded custody or an individual not awarded custody changes his or her residence, he or she must give notification of such change to the other ~~parent~~ individual or individuals who were party to the judgment that awarded the custody of the child and, if the ~~parent~~ individual changing residence is the ~~custodial parent~~ individual awarded custody, to any other ~~person~~ individual granted visitation rights or parenting time under this title or a court order. Such notification shall be given at least 30 days prior to the anticipated change of residence and shall include the full address of the new residence.

(g) Except as provided in Code Section 19-6-2, and in addition to the attorney's fee provisions contained in Code Section 19-6-15, the judge may order reasonable attorney's fees and expenses of litigation, experts, and the child's guardian ad litem and other costs of the child custody action and pretrial proceedings to be paid by the parties in proportions and at times determined by the judge. Attorney's fees may be awarded at both the temporary hearing and the final hearing. A final judgment shall include the amount granted, whether the grant is in full or on account, which may be enforced by attachment for contempt of court or by writ of fieri facias, whether the parties subsequently reconcile or not. An attorney may bring an action in his or her own name to enforce a grant of attorney's fees made pursuant to this subsection.

(h) In addition to filing requirements contained in Code Section 19-6-15, upon the conclusion of any proceeding under this article, the domestic relations final disposition form as set forth in Code Section 9-11-133 shall be filed.

(i) Notwithstanding other provisions of this article, whenever a military parent is deployed, the following shall apply:

(1) A court shall not enter a final order modifying ~~parental~~ custodial rights and responsibilities under an existing parenting plan earlier than 90 days after the deployment ends, unless such modification is agreed to by the deployed parent;

(2) Upon a petition to establish or modify an existing parenting plan being filed by a deploying parent or nondeploying parent, the court shall enter a temporary modification order for the parenting plan to ensure contact with the child during the period of deployment when:

(A) A military parent receives formal notice from military leadership that he or she will deploy in the near future, and such parent has primary physical custody, joint physical custody, or sole physical custody of a child, or otherwise has parenting time with a child under an existing parenting plan; and

(B) The deployment will have a material effect upon a deploying parent's ability to exercise parental rights and responsibilities toward his or her child either in the

existing relationship with the other parent or individual or under an existing parenting plan;

(3) Petitions for temporary modification of an existing parenting plan because of a deployment shall be heard by the court as expeditiously as possible and shall be a priority on the court's calendar;

(4)(A) All temporary modification orders for parenting plans shall include a reasonable and specific transition schedule to facilitate a return to the predeployment parenting plan over the shortest reasonable time period after the deployment ends, based upon the child's best interest.

(B) Unless the court determines that it would not be in the child's best interest, a temporary modification order for a parenting plan shall set a date certain for the anticipated end of the deployment and the start of the transition period back to the predeployment parenting plan. If a deployment is extended, the temporary modification order for a parenting plan shall remain in effect, and the transition schedule shall take effect at the end of the extension of the deployment. Failure of the nondeploying parent to notify the court in accordance with this paragraph shall not prejudice the deploying parent's right to return to the predeployment parenting plan once the temporary modification order for a parenting plan expires as provided in subparagraph (C) of this paragraph.

(C) A temporary modification order for a parenting plan shall expire upon the completion of the transition period, and the predeployment parenting plan shall establish the rights and responsibilities between ~~parents~~ the deploying parent and the nondeploying parent for the child;

(5) Upon a petition to modify an existing parenting plan being filed by a deploying parent and upon a finding that it serves the best interest of the child, the court may delegate for the duration of the deployment any portion of such deploying parent's parenting time with the child to anyone in his or her extended family, including but not limited to an immediate family member, ~~a person~~ an individual with whom the deploying parent cohabits, or another ~~person~~ individual having a close and substantial relationship to the child. Such delegated parenting time shall not create any separate rights to such ~~person~~ individual once the period of deployment has ended;

(6) If the court finds it to be in the child's best interest, a temporary modification order for a parenting plan issued under this subsection may require any of the following:

(A) The nondeploying parent make the child reasonably available to the deploying parent to exercise his or her parenting time immediately before and after the deploying parent departs for deployment and whenever the deploying parent returns to or from leave or furlough from his or her deployment;

(B) The nondeploying parent facilitate opportunities for the deployed parent to have regular and continuing contact with his or her child by telephone, e-mail exchanges, virtual video parenting time through the Internet, or any other similar means;

(C) The nondeploying parent not interfere with the delivery of correspondence or packages between the deployed parent and child of such parent; and

(D) The deploying parent provide timely information regarding his or her leave and departure schedule to the nondeploying parent;

(7) Because actual leave from a deployment and departure dates for a deployment are subject to change with little notice due to military necessity, such changes shall not be used by the nondeploying parent to prevent contact between the deployed parent and his or her child;

(8) A court order temporarily modifying an existing parenting plan or other order governing parent-child rights and responsibilities shall specify when a deployment is the basis for such order and it shall be entered by the court only as a temporary modification order or interlocutory order;

(9) A relocation by a nondeploying parent during a period of a deployed parent's absence and occurring during the period of a temporary modification order for a parenting plan shall not act to terminate the exclusive and continuing jurisdiction of the court for purposes of later determining custody or parenting time under this chapter;

(10) A court order temporarily modifying an existing parenting plan or other order shall require the nondeploying parent to provide the court and the deploying parent with not less than 30 days' advance written notice of any intended change of residence address, telephone numbers, or e-mail address;

(11) Upon a deployed parent's final return from deployment, either parent may file a petition to modify the temporary modification order for a parenting plan on the grounds that compliance with such order will result in immediate danger or substantial harm to the child, and may further request that the court issue an ex parte order. The deployed parent may file such a petition prior to his or her return. Such petition shall be accompanied by an affidavit in support of the requested order. Upon a finding of immediate danger or substantial harm to the child based on the facts set forth in the affidavit, the court may issue an ex parte order modifying the temporary parenting plan or other parent-child contact in order to prevent immediate danger or substantial harm to the child. If the court issues an ex parte order, the court shall set the matter for hearing within ten days from the issuance of the ex parte order;

(12) Nothing in this subsection shall preclude either party from filing a petition for permanent modification of an existing parenting plan under subsection (b) of this Code section; provided, however, that the court shall not conduct a final hearing on such petition until at least 90 days after the final return of the deploying parent. There shall exist a presumption favoring the predeployment parenting plan or custody order as one that still serves the best interest of the child, and the party seeking to permanently modify such plan or order shall have the burden to prove that it no longer serves the best interest of the child;

(13) When the deployment of a military parent has a material effect upon his or her ability to appear in person at a scheduled hearing, then upon request by the deploying parent and provided reasonable advance notice is given to other interested parties, the court may allow a deployed parent to present testimony and other evidence by electronic means for any matter considered by the court under this subsection. For

purposes of this paragraph, the term 'electronic means' shall include, but not be limited to, communications by telephone, video teleconference, Internet connection, or electronically stored affidavits or documents sent from the deployment location or elsewhere;

(14)(A) When deployment of a military parent appears imminent and there is no existing parenting plan or other order setting forth the parent's rights and responsibilities, then upon a petition filed by either the deploying parent or nondeploying parent the court shall:

(i) Expedite a hearing to establish a temporary parenting plan;

(ii) Require that the deploying parent shall have continued access to the child, provided that such contact is in the child's best interest;

(iii) Ensure the disclosure of financial information pertaining to both parties;

(iv) Determine the child support responsibilities under Code Section 19-6-15 of both parents during the deployment; and

(v) Determine the child's best interest and consider delegating to any third parties with close contacts to the child any reasonable parenting time during the deployment. In deciding such request the court shall consider the reasonable requests of the deployed parent.

(B) Any pleading filed to establish a parenting plan or child support order under this paragraph shall be identified at the time of filing by stating in the text of the pleading the specific facts related to the deployment and by referencing this paragraph and subsection of this Code section;

(15) When an impending deployment precludes court expedited adjudication before deployment, the court may agree to allow the parties to arbitrate any issues as allowed under Code Section 19-9-1.1, or order the parties to mediation under any court established alternative dispute resolution program. For purposes of arbitration or mediation, each party shall be under a duty to provide to the other party information relevant to any parenting plan or support issues pertaining to the children or the parties;

(16) Each military parent shall be under a continuing duty to provide written notice to the nondeploying parent within 14 days of the military parent's receipt of oral or written orders requiring deployment or any other absences due to military service that will impact the military parent's ability to exercise his or her parenting time with a child. If deployment orders do not allow for 14 days' advance notice, then the military parent shall provide written notice to the other parent immediately upon receiving such notice; and

(17) A military parent shall ensure that any military family care plan that he or she has filed with his or her commander is consistent with any existing court orders for his or her child. In all instances any court order will be the first course of action for the care of a child during the absence of a military parent, and the military family care plan will be the alternative plan if the nondeploying parent either refuses to provide care for the child or acknowledges an inability to provide reasonable care for the child. A military parent shall not be considered in contempt of any court order or

parenting plan when he or she in good faith implements his or her military family care plan based upon the refusal or claimed inability of a nondeploying parent to provide reasonable care for a child during a deployment."

SECTION 6.

Said title is further amended by adding a new Code section to read as follows:

"19-9-3.1.

(a) A de facto custodian shall have the right to intervene in and seek joint custody with the other parent in any action in which any court in this state shall have before it any question concerning the custody of a child.

(b)(1) Upon the filing of an intervention in a proceeding, the court may grant the de facto custodian joint custody, joint legal custody, or joint physical custody with the other parent as provided for in Code Section 19-9-3 if the court finds by clear and convincing evidence that such joint custody, joint legal custody, or joint physical custody is in the best interest of the child and will best protect the child's health or welfare where parental decisions would otherwise result in harm to the child or where the parent has consented to such an arrangement. In evaluating the filing, the court may consider the factors provided for in paragraph (3) of subsection (a) of Code Section 19-9-3.

(2) The court shall make specific written findings of fact in support of its rulings.

(c) Nothing in this Code section shall be construed to prevent a de facto custodian from seeking any other form of custody or visitation under the law."

SECTION 7.

Said title is further amended by revising Code Section 19-9-4, relating to investigation of abuse, neglect, or other acts which adversely affect health of child in custody disputes and cost, as follows:

"19-9-4.

(a) On motion of either party in any action or proceeding involving determination of the award of child custody between parents of the child or a parent and a de facto custodian as provided for in Code Section 19-9-3.1, when such motion contains a specific recitation of actual abuse, neglect, or other overt acts which have adversely affected the health and welfare of the child, the judge may direct the appropriate family and children services agency or any other appropriate entity to investigate the home life and home environment of ~~each of~~ the parents or the de facto custodian, as the case requires. In any action or proceeding involving determination of the award of child custody between parents of the child or a parent and a de facto custodian of the child when during such proceedings a specific recitation of actual abuse, neglect, or other overt acts which have adversely affected the health and welfare of the child has been made the judge shall also have authority on his or her own motion to order such an investigation if in the judge's opinion the investigation would be useful in determining placement or custody of the child. The judge may also direct either party to pay to the agency the reasonable cost, or any portion thereof, of the investigation. The report of

the investigation will be made to the judge directing the investigation. Any report made at the direction of the judge shall be made available to either or both parties for a reasonable period of time prior to the proceedings at which any temporary or permanent custody is to be determined. Both parties shall have the right to confront and cross-examine the person or persons who conducted the investigation or compiled the report if adequate and legal notice is given.

(b) This Code section shall apply only with respect to actions or proceedings in which the issue of child custody is contested; and this Code section is not intended to alter or repeal Code Sections 49-5-40 through 49-5-44."

SECTION 8.

Said title is further amended by revising Code Section 19-9-5, relating to custody agreements, ratification, and supplementation, as follows:

"19-9-5.

(a) In all proceedings under this article between parents or a parent and a de facto custodian as provided for in Code Section 19-9-3.1, it shall be expressly permissible for the ~~parents of a child~~ parties to present to the judge an agreement respecting any and all issues concerning custody of the child. As used in this Code section, the term 'custody' shall include, without limitation, joint custody as such term is defined in Code Section 19-9-6. As used in this Code section, the term 'custody' shall not include payment of child support.

(b) The judge shall ratify the agreement and make such agreement a part of the judge's final judgment in the proceedings unless the judge makes specific written factual findings as a part of the final judgment that under the circumstances ~~of the parents and the child in such agreement that~~ the agreement would not be in the best interests of the child. The judge shall not refuse to ratify such agreement and to make such agreement a part of the final judgment based solely upon the ~~parents'~~ choice of the parties to use joint custody as a part of such agreement.

(c) In his or her judgment, the judge may supplement the agreement on issues not covered by such agreement."

SECTION 9.

Said title is further amended in Code Section 19-9-6, relating to definitions, by revising paragraphs (5), (6), (8), and (10) and by adding a new paragraph to read as follows:

"(1.1) 'De facto custodian' means an individual who has shown by clear and convincing evidence to have accepted full and permanent responsibilities for a child as if he or she were a parent of the child without expectation of financial compensation and where the child:

(A) Has resided with such individual for a period of six months or more, if the child is under three years of age; or

(B) Has resided with such individual for a period of one year or more, if the child is three years of age or older; and

(C) Has developed a bonded and dependent relationship with such individual where such relationship has been fostered or supported by either parent of the child;

provided, however, that any period of time after a legal proceeding has been commenced by a parent seeking to regain custody of the child shall not be included in determining whether the child has resided with such individual for the required minimum period of time."

"(5) 'Joint legal custody' means both parents or a parent and a de facto custodian have equal rights and responsibilities for major decisions concerning the child, including the child's education, health care, extracurricular activities, and religious training; provided, however, that the judge may designate one ~~parent~~ party to have sole power to make certain decisions while both ~~parents~~ parties retain equal rights and responsibilities for other decisions.

(6) 'Joint physical custody' means that physical custody is shared by the parents or a parent and a de facto custodian in such a way as to assure the child of substantially equal time and contact with both parents, or the parent and the de facto custodian."

"(8) 'Military parent' means a member of the armed forces who is a legal parent, adoptive parent, or guardian of a child under the age of 18, whose parental or custodial rights are established either by operation of law or the process of legitimation, and who has not had his or her parental or custodial rights terminated by a court of competent jurisdiction."

"(10) 'Nondeploying parent' means:

(A) A parent or a de facto custodian who is not a member of the armed forces; or

(B) A military parent who is currently not also a deploying parent."

SECTION 10.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 11.

All laws and parts of laws in conflict with this Act are repealed.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 35 of the Official Code of Georgia Annotated, relating to law enforcement officers and agencies, is amended by adding a new chapter to read as follows:

"CHAPTER 11

35-11-1.

As used in this chapter, the term:

(1) 'Bureau' means the Georgia Bureau of Investigation.

(2) 'Director' means the director of the Georgia Bureau of Investigation.

(3) 'Pathogen' means a microorganism, including bacteria, viruses, rickettsiae, and parasites, or other agent, such as a proteinaceous infectious particle or prion, that can cause disease in humans.

(4) 'Potentially infectious material' means material known or reasonably expected to contain a pathogen.

(5) 'Regulated biomedical waste' means and includes the following:

(A) Pathological waste, which includes all recognizable human tissues and body parts except teeth;

(B) Biological waste, which includes blood and blood products, exudates secretions, suctionings, and other body fluids which contain free liquids and cannot be or are not directly discarded into a municipal sewer system; and

(C) Sharps, which includes any discarded article that may cause punctures or cuts including, but not limited to, items such as needles, IV tubing and syringes with needles attached, and scalpel blades.

(6) 'Trauma scene' means a location soiled by or contaminated with potentially infectious material or regulated biomedical waste due to the occurrence of a homicide

or suicide, or the occurrence of a death of a human being in which there is advanced decomposition of the body; provided, however, that such term shall not include the scene of a motor vehicle accident or locations which are subject to the laws and regulations of the federal Occupational Safety and Health Administration.

(7) 'Trauma scene waste' means regulated biomedical waste and potentially infectious material that has been removed, is to be removed, or is in the process of being removed from a trauma scene.

(8) 'Trauma scene waste management practitioner' means the owner of any interest in a commercial enterprise for the cleanup or removal of trauma scene waste and who is registered with the bureau pursuant to this chapter.

35-11-2.

(a) A trauma scene waste management practitioner shall be registered with the bureau on forms provided by and in a manner as directed by the bureau. Such registration shall be in addition to and not in place of any other registrations or licenses from other state agencies required by law. No county or municipal governments shall be authorized to require licenses, registrations, or permits for trauma scene waste management practitioners in this state.

(b) The bureau, upon its approval of an application, shall issue a registration to a trauma scene waste management practitioner who meets the qualifications for such registration and who submits a completed application form and registration fee. Such registration shall be valid for a period of three years from the date of issuance and may be renewed for additional three-year periods.

(c) Trauma scene waste management practitioners shall pay an initial licensing fee of $275.00 to the bureau and, for each subsequent renewal of such registration, shall pay to the bureau a registration renewal fee of $275.00.

35-11-3.

The bureau shall maintain a current list of all registered trauma scene waste management practitioners on the bureau's website.

35-11-4.

(a) Each trauma scene waste management practitioner shall, prior to being registered, submit to a fingerprint based criminal background check conducted by the Georgia Crime Information Center and Federal Bureau of Investigation. No person who has been convicted of any felony under the laws of this state or any another state or the federal government shall be issued a trauma scene waste management practitioner registration. Each trauma scene waste management practitioner shall submit to a fingerprint based criminal background check conducted by the Georgia Crime Information Center and Federal Bureau of Investigation every three years following such initial background check.

(b) Each trauma scene waste management practitioner shall, upon approval of his or her registration by the bureau, submit to the bureau a bond executed with a surety

company duly authorized to do business in this state and payable to the Governor for the use and benefit of any person who is harmed by such trauma scene waste management practitioner or his or her employee or an independent contractor of such trauma scene waste management practitioner in the performance of trauma scene waste management services. The bond shall be in the amount of $100,000.00. The bond shall be approved by the bureau as to form and the solvency of the surety. No trauma scene waste management practitioner or surety shall cancel, or cause to be canceled, a bond issued pursuant to this subsection unless the director is informed in writing by a certified letter at least 30 days prior to the proposed cancellation. If the trauma scene waste management practitioner or surety cancels the bond and the trauma scene waste management practitioner fails to submit, within ten days of the effective date of the cancellation, a new bond, the director shall revoke such trauma scene waste management practitioner's registration.

(c) Each trauma scene waste management practitioner shall provide the bureau with proof of liability insurance coverage for the trauma scene waste management practitioner and his or her employees and independent contractors of such trauma scene waste management practitioner who perform trauma scene waste management services in the amount of at least $1 million for each occurrence. No trauma scene waste management practitioner shall cancel, or cause to be canceled, a liability insurance policy issued pursuant to this subsection unless the director is informed in writing by a certified letter at least 30 days prior to the proposed cancellation. If the trauma scene waste management practitioner cancels the liability insurance policy and the trauma scene waste management practitioner fails to submit, within ten days of the effective date of the cancellation, a new liability insurance policy that meets the requirements of this subsection, the director shall revoke such trauma scene waste management practitioner's registration.

(d) Each trauma scene waste management practitioner shall be responsible and liable for the acts of his or her employees and independent contractors of such trauma scene waste management practitioner who perform trauma scene waste management services while performing such services.

(b) No person shall perform, offer to perform, or engage in the cleanup of a trauma scene or the removal or remediation of regulated biomedical waste from any location unless such person is registered in accordance with this chapter.

(c) Any individual who violates this Code section shall, upon the first conviction thereof, be guilty of a misdemeanor of a high and aggravated nature. Upon the second or subsequent convictions, such individual shall be guilty of a felony and shall be

sentenced to imprisonment for not less than one nor more than three years, a fine not to exceed $10,000.00, or both.

35-11-7.

(a) As used in this Code section, the term 'person' shall have the same meaning as provided in Code section 35-11-5.

(b) Any person who is found to have violated any provision of this chapter shall be subject to a civil fine in an amount not to exceed $25,000.00 for each such violation following an administrative hearing by the director.

35-11-8.

Each trauma scene waste management practitioner registered under this chapter, prior to beginning the cleanup, removal, or remediation of trauma scene waste, shall provide the individual who requested such services with a good faith estimate of the expected costs of such services.

35-11-9.

In the event of a declared public health emergency or a state of emergency, the director shall be authorized to issue temporary registrations to persons to be trauma scene waste management practitioners under such limiting conditions as the director deems appropriate under such circumstances. Such temporary registrations shall terminate at such time as may be specified by the director, but, in any event, not later than 90 days from their issuance.

35-11-10.

The board shall be authorized to promulgate such rules and regulations as it deems necessary in order to effectuate and implement the provisions of this chapter.

35-11-11.

(a) As used in this Code section, the term 'person' shall have the same meaning as provided in Code section 35-11-5.

(b) Nothing in this chapter shall apply to a medical practice or medical facility or a subsidiary thereof that is subject to the laws and regulations of the federal Occupational Safety and Health Administration.

A BILL TO BE ENTITLED
AN ACT

To amend Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, so as to provide for the creation, authorization, procedure, revocation, recision, and termination of a power of attorney from a parent to an agent for the temporary delegation of certain power and authority for the care and custody of his or her child; to repeal the "Power of Attorney for the Care of a Minor Child Act"; to provide for definitions; to provide for procedure; to grandfather certain provisions relating to a power of attorney given to a grandparent; to provide a short title; to provide for legislative findings; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that:

(1) From time to time, parents experience short-term difficulties that impair their ability to perform the regular and expected functions to provide care and support to their children;

(2) Parents need a means to confer to a relative the temporary authority to act on behalf of a child without the time and expense of a court proceeding or the involvement of the Division of Family and Children Services of the Department of Human Services; and

(3) Providing a statutory mechanism for granting such authority enhances family preservation and stability.

SECTION 2.

Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, is amended by repealing Article 4 of Chapter 9, relating to the power of attorney for the care of a minor child, and enacting a new Article 4 to read as follows:

"ARTICLE 4

19-9-120.

This article shall be known and may be cited as the 'Supporting and Strengthening Families Act.'

19-9-121.

As used in this article, the term:

(1) 'Child' means an unemancipated individual who is under 18 years of age.

(2) 'Parent' shall have the same meaning as provided in Code Section 19-3-37.

19-9-122.

(a) A parent of a child may delegate caregiving authority regarding such child to an individual who is an adult, who resides in this state, and who is the grandparent, great-grandparent, stepparent, former stepparent, step-grandparent, aunt, uncle, great aunt, great uncle, cousin, or sibling of such child or is approved as an agent by an organization licensed as a child-placing agency pursuant to Chapter 5 of Title 49 or a nonprofit entity in good standing with the Internal Revenue Service for a period not to exceed one year, except as provided in Code Section 19-9-130, by executing a power of attorney that substantially complies with this article. A parent of a child may delegate to an agent in such power of attorney any power and authority regarding the care and custody of such child, except the power to consent to the marriage or adoption of such child, the performance or inducement of an abortion on or for such child, or the termination of parental rights to such child. Such power and authority may be delegated without the approval of a court, provided that such delegation of power and authority shall not operate to change or modify any parental or legal rights, obligations, or authority established by an existing court order, including a standing order, or deprive a parent of a child of any parental or legal rights, obligations, or authority regarding the custody, visitation, or support of such child. Such delegation of power and authority shall not deprive or limit any support for a child that should be received by such child pursuant to a court order or for any other reason. When support is being collected for the child by the Child Support Enforcement Agency of the Department of Human Services, such agency shall be authorized to redirect support payments to the agent for the duration of the power of attorney or until the power of attorney is revoked or superseded by a court order. A power of attorney executed under this article during the pendency of a divorce or custody action shall be void ab initio.

(b) Except as limited by federal law, this article, or the direction of a parent of a child as expressed in the power of attorney, an agent shall have the same rights, duties, and responsibilities that would otherwise be exercised by such parent of a child pursuant to the laws of this state.

(c) An agent shall acknowledge in writing his or her acceptance of the responsibility for caring for a child for the duration of the power of attorney and shall identify any associated child-placing agency licensed pursuant to Chapter 5 of Title 49 or nonprofit entity in good standing with the Internal Revenue Service if applicable. An agent shall certify that he or she is not currently on the state sexual offender registry or child abuse registry of this state or the sexual offender registry or child abuse registry for any other state, a United States territory, the District of Columbia, or any Indian Tribe nor has he or she ever been required to register for any such registry. The parent executing a power of attorney may require an agent to provide him or her with a criminal background check.

(d) The agent under a power of attorney shall act in the best interests of the child. Such agent shall not be liable to the parent executing the power of attorney for consenting or

refusing to consent to medical, dental, or mental health care for a child when such decision is made in good faith and is exercised in the best interests of the child.

(e) The child-placing agencies licensed pursuant to Chapter 5 of Title 49 or nonprofit entities in good standing with the Internal Revenue Service as provided for in this Code section shall maintain a record of all powers of attorney executed by individuals approved as their agents under this article for at least five years after the expiration of such powers of attorney.

19-9-123.

(a) At least 30 days prior to executing a power of attorney authorized under this article, a parent with sole custody of a child who intends to execute such power of attorney shall provide written notice of such intention to the noncustodial parent by certified mail, return receipt requested, or statutory overnight delivery. Such notice shall constitute a change in material conditions or circumstances for the purpose of a child custody modification proceeding.

(b) The noncustodial parent receiving the notice as set forth in subsection (a) of this Code section may object to the execution of such power of attorney within 21 days of the delivery of such notice and shall serve his or her objection on the parent intending to execute such power of attorney by certified mail, return receipt requested, or statutory overnight delivery. An objection shall prohibit the execution of a power of attorney under this article.

(c) In addition to the notice provided for in subsection (a) of this Code section, a parent with sole custody of a child who executes a power of attorney under this article shall comply with any applicable relocation notice requirements under subsection (f) of Code Section 19-9-3.

19-9-124.

Nothing in this article shall preclude a parent or agent from granting temporary written permission to seek emergency medical treatment or other services for a child while such child is in the custody of an adult who is not the parent or agent and who is temporarily supervising the child at the request of such parent or agent.

19-9-125.

A parent shall not execute a power of attorney under this article for the purpose of subverting an investigation of the child's welfare initiated by the Division of Family and Children Services of the Department of Human Services and shall not execute such power of attorney so long as the Division of Family and Children Services of the Department of Human Services has an open child welfare and youth services case with regard to the child, his or her parent, or another child of the parent.

19-9-126.

A power of attorney executed under this article shall be signed under oath and acknowledged before a notary public by the parent executing such power of attorney

and by the agent accepting such delegation. Furthermore, a copy of such power of attorney shall be filed by either the parent or agent with the probate court of the county in which the parent resides.

19-9-127.

(a)(1) An agent shall have the authority to act on behalf of the child on a continuous basis, without compensation:

(A) For the duration of the power of attorney so long as the duration does not exceed one year or the time period authorized in Code Section 19-9-130; or

(B) Until the parent who executed the power of attorney revokes the power of attorney in writing and provides notice of the revocation to the agent by certified mail, return receipt requested, or statutory overnight delivery. Upon receipt of such revocation, the agent shall cease to act as agent.

(2) The parent revoking the power of attorney shall send a copy of the revocation of the power of attorney to the agent within five days of executing such revocation. If a parent revokes a power of attorney, the child shall be returned to the custody of such parent who executed the power of attorney as soon as reasonably possible.

(3) The revoking parent shall notify schools, health care providers, and others known to the revoking parent to have relied upon such power of attorney as soon as reasonably possible.

(b) A power of attorney executed under this article may be terminated by an order of a court of competent jurisdiction.

(c) Upon receipt of a revocation of a power of attorney, an agent shall notify schools, health care providers, and others known to the agent to have relied upon such power of attorney as soon as reasonably possible.

(d) An agent may resign by notifying the parent who appointed the agent in writing by certified mail, return receipt requested, or statutory overnight delivery and he or she shall notify schools, health care providers, and others known to the agent to have relied upon such power of attorney as soon as reasonably possible.

(e) Upon the death of the parent who executed a power of attorney, the agent shall notify the surviving parent of the child, if known, as soon as practicable.

(f) The authority to designate an agent to act on behalf of a child shall be in addition to any other lawful action a parent may take for the benefit of such child.

(g) A parent shall continue to have the right to receive medical, dental, mental health, and educational records pertaining to his or her child, even when a power of attorney has been executed under this article.

19-9-128.

The execution of a power of attorney under this article shall not constitute abandonment under Code Section 19-10-1 nor be reportable as child abuse or neglect under Code Section 19-7-5 unless the parent who executed such power of attorney fails to take custody of the child or execute a new power of attorney under this article after the expiration or revocation of the power of attorney.

19-9-129.
(a) A child subject to a power of attorney executed under this article shall not be considered placed in foster care under Chapter 5 of Title 49, and the parties to the power of attorney shall not be subject to any of the requirements or licensing regulations for foster care or other regulations relating to community care for children.
(b) Caregiving authority delegated under this article shall not constitute an out-of-home child placement.
(c) An individual who is approved as an agent by an organization licensed as a child-placing agency or a nonprofit entity in good standing with the Internal Revenue Service as provided for in subsection (a) of Code Section 19-9-122 shall not be exempt from the requirements of Chapter 5 of Title 49 regarding the licensing and inspection of child welfare agencies.
(d) The execution of a power of attorney under this article shall not delegate caregiving authority for more than one child unless such power of attorney delegates caregiving authority for children who are siblings or stepsiblings.

19-9-130.
(a) When a power of attorney delegates caregiving authority to a grandparent of a child, it may have an unlimited duration.
(b) Except as limited by or in conflict with federal law regarding the armed forces of the United States, a parent who is a member of the armed forces of the United States, including any reserve component thereof, or the commissioned corps of the National Oceanic and Atmospheric Administration or the Public Health Service of the United States Department of Health and Human Services detailed by proper authority for duty with the armed forces of the United States, or who is required to enter or serve in the active military service of the United States under a call or order of the President of the United States or to serve on state active duty, may delegate caregiving authority for a period longer than one year if such parent is deployed as defined in Code Section 19-9-6. Such term of delegation, however, shall not exceed the term of deployment plus 30 days.

19-9-131.
The provisions of this article shall not affect a power of attorney given to a grandparent prior to July 1, 2017, to which the provisions of former Code Sections 19-9-120 through 19-9-129, as such existed on June 30, 2017, shall continue to apply.

19-9-132.
(a) The power of attorney contained in this Code section may be used for the temporary delegation of caregiving authority to an agent. The form contained in this Code section shall be sufficient for the purpose of creating a power of attorney under this article, provided that nothing in this Code section shall be construed to require the use of this particular form.

(b) A power of attorney shall be legally sufficient if the form is properly completed and the signatures of the parties are notarized.

(c) The power of attorney delegating caregiving authority of a child shall be in substantially the following form:

(b)(1) For the purposes of such plan:

(A) The term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a ward description which are underneath a 'VTD' heading shall mean and describe individual blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia; and

(B) Except as otherwise provided in the description of any ward, whenever the description of any ward refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia.

(2) Any part of the City of Riverdale that is not included in any ward described in subsection (a) of this section shall be included within that ward contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(3) Any part of the City of Riverdale which is described in subsection (a) of this section as being included in a particular ward shall nevertheless not be included within such ward if such part is not contiguous to such ward. Such noncontiguous part shall instead be included within that ward contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia."

SECTION 3.

Said Act is further amended by revising Section 8 as follows:

"**Section 8. Election, oath, and vacancies.**

(a) There shall be one member of the city council elected for each ward. A candidate shall designate the ward for which such candidate offers for election. Members of the city council shall be elected by qualified electors of the ward for which they offer for

election. The election of members of the city council shall be conducted in accordance with the provisions of Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'

(b) The first members of the reconstituted governing authority of the City of Riverdale from Wards 1 and 3 shall be elected in the November, 2017, general election. Such members shall take office on January 1 following their election and shall serve for terms of four years each and until their successors are elected and qualified.

(c) The first members of the reconstituted governing authority of the City of Riverdale from Wards 2 and 4 shall be elected in the November, 2019, general election. Such members shall take office on January 1 following their election and shall serve for terms of four years each and until their successors are elected and qualified.

(d) Successors to members elected under subsections (b) and (c) of this section shall be elected in the November general election next preceding the expiration of such terms of office and shall take office on January 1 following their election for terms of four years and until their successors are elected and qualified.

(e) All elections shall be conducted on a district-wide basis and in order for a candidate to be eligible to qualify as a candidate, in addition to the other qualifications enumerated in this charter, he or she must reside in the ward for which he or she offers for election for at least 12 months prior to an election. In order to be elected, a candidate for mayor or councilmember must receive a majority of the votes cast for the position for which he or she is offering as a candidate.

(f) In the event a councilmember moves his or her residence from the ward that he or she represents after taking office, the mayor and city council shall declare his or her office vacant and it shall be filled as any other vacancy in the city's government.

(g)(1) At the first regular meeting of the mayor and city council after each regular election of members of the mayor and city council, they shall meet in the city hall or other designated place in the city and then and there severally take, before some officer authorized under the laws of Georgia to administer oaths, the following oath of office, to wit: 'I do solemnly swear that I will well and truly demean myself as mayor or councilmember, as the case may be, of the City of Riverdale for the ensuing term, and that I will faithfully enforce the charter and ordinances of said city to the best of my skill and ability, without fear or favor, so help me God.'

(2) Should the mayor or any councilmember be absent from said meeting, such person shall take the oath of office as soon as possible thereafter.

(h) Said mayor and councilmembers shall provide, by ordinance, for regular monthly meetings and may hold such special or called meetings as the business of the city may require, which special or called meetings shall be called either by the mayor in his or her discretion or by at least three councilmembers in their discretion, to be convened as provided by the city ordinances. Notice of special or called meetings shall be served by the city clerk or his or her designee on all other members personally or by telephone at least 24 hours in advance of the meeting. If the clerk or his or her designee is unable to reach a member, it shall be deemed sufficient notice under this section if telephonic communication is attempted via the member's telephone number designated for that

purpose or by delivery of written notice at the member's home address, provided such attempt is made at least 24 hours in advance of the meeting and, if possible, a message is left for the member. Notice to councilmembers of special or called meetings shall not be required if the mayor and all councilmembers are present when the special meeting is convened. Notice of any special or called meeting may be waived by a member in writing either before or after such a meeting. Also, attendance at any special or called meeting shall constitute a waiver of notice concerning any business transacted in such member's presence. At special or called meetings, only the business stated in the call may be transacted.

(i) In the event that the office of mayor or any one or more of the councilmembers shall become vacant by death, resignation, removal, or otherwise, said vacancy or vacancies may be filled by appointment and selection by the mayor and councilmembers in the case of vacancies in the city council, and by the councilmembers in the case of a vacancy in the office of mayor. Persons so selected shall be duly qualified to fill such vacancies for the unexpired term provided it does not exceed 12 months; otherwise, a special election shall be called."
