In addition to all other appropriations, there is hereby appropriated, as needed, a specific sum of money equal to each refund authorized by law, which is required to make refunds of taxes and other monies collected in error, farmer gasoline tax refunds, and any other refunds specifically authorized by law.

Section 54: Leases

In accordance with the requirements of Article IX, Section III, Paragraph I(a) of the Constitution of the State of Georgia, as amended, there is hereby appropriated payable to each department, agency, or institution of the State sums sufficient to satisfy the payments required to be made in each year under existing lease contracts between any department, agency, or institution of the State and any authority created and activated at the time of the effective date of the aforesaid constitutional provision, as amended, or appropriated for the State Fiscal Year addressed within this Act. If for any reason any of the sums herein provided under any other provision of this Act are insufficient to make the required payments in full, then there shall be taken from other funds appropriated to the department, agency, or institution involved an amount sufficient to satisfy such deficiency in full, and the lease payment shall constitute a first charge on all such appropriations.

Section 55: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 100 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 50, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the bold-faced text are information only.

Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. The summary and lowest level of detail for the fund source categories

"Total Agency Funds" and "Total Intra-State Governmental Transfers," are for informational purposes only. The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" are for informational purposes only. Sections 51, 52, 53 and 54 contain, constitute, or amend appropriations.

Section 56: Flex

Notwithstanding any other statement of purpose, the purpose of each appropriation of federal funds or other funds shall be the stated purpose or any other lawful purpose consistent with the fund source and the general law powers of the budget unit.

In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid," "Medicaid: Aged, Blind, and Disabled," and "PeachCare" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Capital Construction Projects," "Capital Maintenance Projects," and "Local Road Assistance Administration" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

Part II: Effective Date

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.

"ARTICLE 4

43-26-60.

This article shall be known and may be cited as the 'Nurse Licensure Compact.'

43-26-61.

The Nurse Licensure Compact is enacted into law and entered into by the State of Georgia with any and all other states legally joining therein in the form substantially as follows:

ARTICLE I
Findings and Declaration of Purpose

(a) The party states find that:

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and

(6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

(b) The general purposes of this Compact are to:

(1) Facilitate the states' responsibility to protect the public's health and safety;

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

(6) Decrease redundancies in the consideration and issuance of nurse licenses; and

(7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

ARTICLE II
Definitions

As used in this Compact:

(a) 'Adverse action' means any administrative, civil, equitable or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.

(b) 'Alternative program' means a non-disciplinary monitoring program approved by a licensing board.

(c) 'Coordinated licensure information system' means an integrated process for collecting, storing and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

(d) 'Current significant investigative information' means:

(1) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction, or

(2) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

(e) 'Encumbrance' means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.

(f) 'Home state' means the party state which is the nurse's primary state of residence.

(g) 'Licensing board' means a party state's regulatory body responsible for issuing nurse licenses.

(h) 'Multistate license' means a license to practice as a registered professional nurse or a licensed practical nurse issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.

(i) 'Multistate licensure privilege' means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered professional nurse or a licensed practical nurse in a remote state.

(j) 'Nurse' means a registered professional nurse or licensed practical nurse, as those terms are defined by each party state's practice laws.

(k) 'Party state' means any state that has adopted this Compact.

(l) 'Remote state' means a party state, other than the home state.

(m) 'Single-state license' means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.

(n) 'State' means a state, territory or possession of the United States and the District of Columbia.

(o) 'State practice laws' means a party state's laws, rules and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. 'State practice laws' do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE III
General Provisions and Jurisdiction

(a) A multistate license to practice as a registered professional nurse or a licensed practical nurse issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered professional nurse or a licensed practical nurse, under a multistate licensure privilege, in each party state.

(b) A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

(c) Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

(1) Meets the home state's qualifications for licensure or renewal of licensure, as well as, all other applicable state laws;

(2)(i) Has graduated or is eligible to graduate from a licensing board-approved registered professional nurse or licensed practical nurse prelicensure education program; or

(ii) Has graduated from a foreign registered professional nurse or licensed practical nurse prelicensure education program that (a) has been approved by the authorized accrediting body in the applicable country and (b) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

(3) Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing and listening;

(4) Has successfully passed an NCLEX-RN® or NCLEX-PN® Examination or recognized predecessor, as applicable;

(5) Is eligible for or holds an active, unencumbered license;

(6) Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

(7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) Is not currently enrolled in an alternative program;

(10) Is subject to self-disclosure requirements regarding current participation in an alternative program; and

(11) Has a valid United States Social Security number.

(d) All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege to practice such as revocation, suspension, probation or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

(e) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined

by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts and the laws of the party state in which the client is located at the time service is provided.

(f) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license.

(g) Any nurse holding a home state multistate license, on the effective date of this Compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

(1) A nurse, who changes primary state of residence after this Compact's effective date, must meet all applicable Article III(c) requirements to obtain a multistate license from a new home state.

(2) A nurse who fails to satisfy the multistate licensure requirements in Article III(c) due to a disqualifying event occurring after this Compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators ('Commission').

ARTICLE IV
Applications for Licensure in a Party State

(a) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant and whether the applicant is currently participating in an alternative program.

(b) A nurse may hold a multistate license, issued by the home state, in only one party state at a time.

(c) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the Commission.

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new

home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

(d) If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

ARTICLE V
Additional Authorities Invested in
Party State Licensing Boards

(a) In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state.

(i) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.

(ii) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state.

(3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

(4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as, the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks and use the results in making licensure decisions.

(6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

(7) Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

(b) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

(c) Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

ARTICLE VI
Coordinated Licensure Information System and Exchange of Information

(a) All party states shall participate in a coordinated licensure information system of all registered professional nurses and licensed practical nurses. This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

(b) The Commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection and exchange of information under this Compact.

(c) All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications (with the reasons for such denials) and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

(d) Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

(e) Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

(f) Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party

states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

(g) Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

(h) The Compact administrator of each party state shall furnish a uniform data set to the Compact administrator of each other party state, which shall include, at a minimum:

(1) Identifying information;

(2) Licensure data;

(3) Information related to alternative program participation; and

(4) Other information that may facilitate the administration of this Compact, as determined by Commission rules.

(i) The Compact administrator of a party state shall provide all investigative documents and information requested by another party state.

ARTICLE VII
Establishment of the Interstate Commission of
Nurse Licensure Compact Administrators

(a) The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.

(1) The Commission is an instrumentality of the party states.

(2) Venue is proper, and judicial proceedings by or against the Commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

(b) Membership, Voting and Meetings

(1) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this Compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the Administrator is appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

(2) Each administrator shall be entitled to one (1) vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. An administrator shall vote in person or by such other means as provided in the bylaws.

The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

(3) The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article VIII.

(5) The Commission may convene in a closed, nonpublic meeting if the Commission must discuss:

(i) Noncompliance of a party state with its obligations under this Compact;

(ii) The employment, compensation, discipline or other personnel matters, practices or procedures related to specific employees or other matters related to the Commission's internal personnel practices and procedures;

(iii) Current, threatened or reasonably anticipated litigation;

(iv) Negotiation of contracts for the purchase or sale of goods, services or real estate;

(v) Accusing any person of a crime or formally censuring any person;

(vi) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(vii) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(viii) Disclosure of investigatory records compiled for law enforcement purposes;

(ix) Disclosure of information related to any reports prepared by or on behalf of the Commission for the purpose of investigation of compliance with this Compact; or

(x) Matters specifically exempted from disclosure by federal or state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

(c) The Commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this Compact, including but not limited to:

(1) Establishing the fiscal year of the Commission;

(2) Providing reasonable standards and procedures:

(i) For the establishment and meetings of other committees, and

(ii) Governing any general or specific delegation of any authority or function of the Commission;

(3) Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the Commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

(4) Establishing the titles, duties and authority and reasonable procedures for the election of the officers of the Commission;

(5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the Commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the Commission; and

(6) Providing a mechanism for winding up the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of this Compact after the payment or reserving of all of its debts and obligations;

(d) The Commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the Commission.

(e) The Commission shall maintain its financial records in accordance with the bylaws.

(f) The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the bylaws.

(g) The Commission shall have the following powers:

(1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this Compact. The rules shall have the force and effect of law and shall be binding in all party states;

(2) To bring and prosecute legal proceedings or actions in the name of the Commission, provided that the standing of any licensing board to sue or be sued under applicable law shall not be affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept or contract for services of personnel, including, but not limited to, employees of a party state or nonprofit organizations;

(5) To cooperate with other organizations that administer state compacts related to the regulation of nursing, including but not limited to sharing administrative or staff expenses, office space or other resources;

(6) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this Compact, and to establish the Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel and other related personnel matters;

(7) To accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials and services, and to receive, utilize and dispose of the same; provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

(8) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve or use, any property, whether real, personal or mixed; provided that at all times the Commission shall avoid any appearance of impropriety;

(9) To sell, convey, mortgage, pledge, lease, exchange, abandon or otherwise dispose of any property, whether real, personal or mixed;

(10) To establish a budget and make expenditures;

(11) To borrow money;

(12) To appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, and consumer representatives, and other such interested persons;

(13) To provide and receive information from, and to cooperate with, law enforcement agencies;

(14) To adopt and use an official seal; and

(15) To perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact consistent with the state regulation of nurse licensure and practice.

(h) Financing of the Commission

(1) The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization and ongoing activities.

(2) The Commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the Commission, which shall promulgate a rule that is binding upon all party states.

(3) The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the party states, except by, and with the authority of, such party state.

(4) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

(i) Qualified Immunity, Defense and Indemnification

(1) The administrators, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made

had a reasonable basis for believing occurred, within the scope of Commission employment, duties or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional, willful or wanton misconduct of that person.

(2) The Commission shall defend any administrator, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error or omission did not result from that person's intentional, willful or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any administrator, officer, executive director, employee or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional, willful or wanton misconduct of that person.

ARTICLE VIII
Rulemaking

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this Compact.

(b) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(c) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

(1) On the website of the Commission; and

(2) On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

(d) The notice of proposed rulemaking shall include:

(1) The proposed time, date and location of the meeting in which the rule will be considered and voted upon;

(2) The text of the proposed rule or amendment, and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

(e) Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

(f) The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

(g) The Commission shall publish the place, time and date of the scheduled public hearing.

(1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.

(2) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(h) If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(j) The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(k) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety or welfare;

(2) Prevent a loss of Commission or party state funds; or

(3) Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

(l) The Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in

writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

ARTICLE IX
Oversight, Dispute Resolution and Enforcement

(a) Oversight

(1) Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.

(2) The Commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities or actions of the Commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.

(b) Default, Technical Assistance and Termination

(1) If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

(i) Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default or any other action to be taken by the Commission; and

(ii) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state's membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.

(4) A state whose membership in this Compact has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission shall not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) Dispute Resolution

(1) Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arise among party states and between party and non-party states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the Commission cannot resolve disputes among party states arising under this Compact:

(i) The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.

(ii) The decision of a majority of the arbitrators shall be final and binding.

(d) Enforcement

(1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE X
Effective Date, Withdrawal and Amendment

(a) This Compact shall become effective and binding on the earlier of the date of legislative enactment of this Compact into law by no less than twenty-six (26) states or December 31, 2018. All party states to this Compact, that also were parties to the prior Nurse Licensure Compact, superseded by this Compact, ('Prior Compact'), shall be deemed to have withdrawn from said Prior Compact within six (6) months after the effective date of this Compact.

(b) Each party state to this Compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the Prior Compact until such party state has withdrawn from the Prior Compact.

(c) Any party state may withdraw from this Compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

(d) A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

(e) Nothing contained in this Compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this Compact.

(f) This Compact may be amended by the party states. No amendment to this Compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

(g) Representatives of non-party states to this Compact shall be invited to participate in the activities of the Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

ARTICLE XI
Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable, and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held to be contrary to the constitution of any party state, this Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

43-26-62.

The Georgia Board of Nursing shall be authorized to promulgate rules and regulations to implement the provisions of this article.

The executive director of the Georgia Board of Nursing shall serve as the Nurse Licensure Compact administrator for this state.

43-26-64.

A registered professional nurse or licensed practical nurse practicing in this state under a multistate license issued by another party state shall be subject to all requirements and duties applicable to registered professional nurses or licensed practical nurses who are licensed pursuant to Article 1 or Article 2 of this chapter, respectively.

43-26-65.

This article shall only be applicable to registered professional nurses and licensed practical nurses whose home states are determined by the Georgia Board of Nursing to have licensure requirements that are substantially equivalent to or more stringent than those of this state."

"(b)(1) A legally organized fire department shall ~~purchase~~ provide and maintain sufficient insurance coverage on each member of the fire department to pay claims for injuries sustained en route to, during, and returning from fire calls or other emergencies and disasters and scheduled training sessions.

(2)(A) As used in this paragraph, the term:

(i) 'Cancer' means bladder, blood, brain, breast, cervical, esophageal, intestinal, kidney, lymphatic, lung, prostate, rectum, respiratory tract, skin, testicular, and thyroid cancer; leukemia; multiple myeloma; or non-Hodgkin's lymphoma.

(ii) 'Firefighter' means a firefighter as defined in Code Section 25-4-2.

(iii) 'Volunteer' means a volunteer as defined in Code Section 25-4-2.

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, so as to provide for a short title and findings; to require health plans to provide coverage for hearing aids for certain individuals; to provide for the frequency of replacing hearing aids; to provide for coverage of services and supplies; to provide options for higher priced devices; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, is amended by adding a new Code section to read as follows:

"33-24-59.21.

(a) This Code section shall be known and may be cited as the 'Hearing Aid Coverage for Children Act.'

(b) The General Assembly finds and declares that:

(1) The language development of children with partial or total hearing loss may be impaired due to the hearing loss. Children learn the concept of spoken language through auditory stimuli, and the language skills of children who have hearing loss improve when they are provided with hearing aids and access to visual language upon the discovery of hearing loss; and

(2) Providing hearing aids to children with hearing loss will reduce the costs borne by this state, including special education, alternative treatments that would otherwise be necessary if a hearing aid were not provided, and other costs associated with such hearing loss.

(c) As used in this Code section, the term:

(1) 'Health benefit policy' means any individual or group plan, policy, or contract for health care services issued, delivered, issued for delivery, or renewed in this state which provides major medical benefits, including those contracts executed by the State of Georgia on behalf of indigents and on behalf of state employees under Article 1 of Chapter 18 of Title 45, by a health care corporation, health maintenance organization, preferred provider organization, accident and sickness insurer, fraternal benefit society, hospital service corporation, medical service corporation, or any similar entity and any self-insured health care plan not subject to the exclusive jurisdiction of the Employee Retirement Income Security Act of 1974, 29 U.S.C. Section 1001, et seq.

(2) 'Hearing aid' means any nonexperimental and wearable instrument or device offered to aid or compensate for impaired human hearing that is worn in or on the body. The term 'hearing aid' includes any parts, ear molds, repair parts, and replacement parts of such instrument or device, including, but not limited to, nonimplanted bone anchored hearing aids, nonimplanted bone conduction hearing aids, and frequency modulation systems. Personal sound amplification products shall not qualify as hearing aids.

(d) Every health benefit policy that is delivered, issued, executed, or renewed in this state or approved for issuance or renewal in this state by the Commissioner on or after January 1, 2018, shall provide coverage for the billed charges of one hearing aid per hearing impaired ear not to exceed $3,000.00 per hearing aid for covered individuals 18 years of age or under. Such coverage shall provide the replacement for one hearing aid per hearing impaired ear every 48 months for covered individuals. The parent or guardian of such individual is responsible for billed charges in excess of such benefits. This subsection shall not prohibit an entity subject to this Code section from providing coverage that is greater or more favorable to an insured or enrolled individual than the coverage required under this Code section.

(e) In the event that a hearing aid or aids cannot adequately meet the needs of the covered individual and the hearing aid or aids cannot be adequately repaired or adjusted, the hearing aid or aids shall be replaced. Coverage for the replacement shall be offered within two months from the date it is determined that the hearing aid or aids cannot be repaired or adjusted.

(f) The coverage provided by this Code section shall include the following:

(1) Medically necessary services and supplies, including the initial hearing aid evaluation, fitting, dispensing, programming, servicing, repairs, follow-up maintenance, adjustments, ear molds, ear mold impressions, auditory training, and probe microphone measurements to ensure appropriate gain and output, as well as verifying benefit from the system selected according to accepted professional standards. Such services shall be covered on a continuous basis, as needed, during each 48 month coverage period not to exceed $3,000.00 per hearing impaired ear or for the duration of the hearing aid warranty, whichever time period is longer;

(2) An option for the covered individual to choose a higher priced hearing aid or aids and to pay the difference between the price of the hearing aid or aids and the benefit

amount as referenced in subsection (d) of this Code section, without financial or contractual penalty to the insured or to the provider of the hearing aid; and

(3) An option for the covered individual to purchase his or her hearing aid or aids through any licensed audiologist or licensed hearing aid dealer or dispenser in this state.

(g) A health benefit policy shall not deny or refuse coverage of, refuse to contract with, or refuse to renew or reissue or otherwise terminate or restrict coverage of a covered individual solely because he or she is or has been previously diagnosed with hearing loss.

(h) The benefits covered under this Code section shall be subject to the same annual deductible, coinsurance or copayment, or utilization review applicable to other similar covered benefits under the health benefit policy.

(i) An insurer, corporation, health maintenance organization, or governmental entity providing coverage for a hearing aid or aids pursuant to this Code section is exempt from providing coverage for children's hearing aids required under this Code section and not covered by the insurer, corporation, health maintenance organization, or governmental entity providing coverage for such treatment pursuant to this Code section as of January 1, 2019, if:

(1) An actuary affiliated with the insurer, corporation, health maintenance organization, or governmental entity who is a member of the American Academy of Actuaries and who meets the American Academy of Actuaries' professional qualification standards for rendering an actuarial opinion related to health insurance rate making certifies in writing to the Commissioner that:

(A) Based on an analysis to be completed no more frequently than one time per year by each insurer, corporation, health maintenance organization, or governmental entity for the most recent experience period of at least one year's duration, the costs associated with coverage of children's hearing aids required under this Code section, and not covered as of January 1, 2019, exceeded 1 percent of the premiums charged over the experience period by the insurer, corporation, or health maintenance organization; and

(B) Such costs solely would lead to an insurance in average premiums charged of more than 1 percent for all insurance policies, subscription contracts, or health care plans commencing on inception or the next renewal date, based on the premium rating methodology and practices the insurer, corporation, health maintenance organization, or governmental entity employs; and

(2) The Commissioner approves the certification of the actuary.

(j) Beginning January 1, 2018, to the extent that this Code section requires benefits that exceed the essential health benefits required under Section 1302(b) of the federal Patient Protection and Affordable Care Act, P. L. 111-148, the specific benefits that exceed the required essential health benefits shall not be required of a qualified health plan as defined in such act when the qualified health plan is offered in this state through the exchange. Nothing in this subsection shall nullify the application of this Code section to plans offered outside the state's exchange.

(k) This Code section shall not apply to any accident and sickness contract, policy, or benefit plan offered by any employer with ten or fewer employees."

SECTION 2.

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 14 of Title 10 of the Official Code of Georgia Annotated, relating to cemetery and funeral services, so as to permit a cemetery or cemetery company to request a trustee to distribute income earned by an irrevocable trust fund utilizing certain unitrust distribution method provisions; to provide for a definition; to modify a cross-reference; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 14 of Title 10 of the Official Code of Georgia Annotated, relating to cemetery and funeral services, is amended by revising Code Section 10-14-6, relating to irrevocable trust fund, as follows:

"10-14-6.

(a) As used in this Code section, the term 'income' means:

(1) The net income, including the collected dividends, interest, net realized gains, and other income of the trust reduced by any expenses, including, but not limited to, taxes on income, fees, commissions, and costs; or

(2) Four percent of the net fair market value of the trust assets, averaged over the lesser of the three preceding years or the period during which the trust has been in existence.

~~(a)~~(b)(1) Each cemetery or cemetery company required to be registered by this chapter shall establish and maintain an irrevocable trust fund for each cemetery owned.

(2) For trust funds established on or after July 1, 2000, the initial deposit to said irrevocable trust fund shall be the sum of $10,000.00 and the deposit of said sum shall be made before selling or contracting to sell any burial right. No such initial deposit shall be required with respect to any cemetery for which there is an existing perpetual care account on July 1, 2000. The trust fund shall apply to sales or contracts for sale of lots, grave spaces, niches, mausoleums, columbaria, urns, or crypts in which perpetual care has been promised or guaranteed.

(3) The initial corpus of the trust fund and all subsequent required deposits shall be deposited in a state bank, state savings and loan institution, savings bank, national bank, or federal savings and loan institution, whose deposits are insured by the Federal Deposit Insurance Corporation or other governmental agency, or a state or federally chartered credit union insured under 12 U.S.C. Section 1781 of the Federal Credit Union Act, or other depository or trustee which is approved by the Secretary of State or which meets the standards contained in the rules and regulations promulgated by the Secretary of State.

(4) Each perpetual care trust fund established on or after July 1, 2000, shall be named 'The _____ Cemetery _____ Perpetual Care Trust Fund' with the first blank being filled by the name of the cemetery and the second blank being filled by the month and year of the establishment of such trust fund. If a cemetery has a perpetual care trust fund existing on July 1, 2000, and the perpetual care trust fund agreement permits, the cemetery may make additional deposits to such a trust fund on the condition that the entire corpus of the trust fund, any income earned by the trust fund, and any subsequent deposits to the trust fund are thereafter governed by the provisions of this chapter, the 'Georgia Cemetery and Funeral Services Act of 2000,' as it existed on July 1, 2000, except for the amount of the initial deposit to the trust fund. If a cemetery owner or company elects to establish a new perpetual care trust fund subject to the provisions of this chapter, the 'Georgia Cemetery and Funeral Services Act of 2000,' as it existed on July 1, 2000, any perpetual care trust fund which existed on July 1, 2000, is subject to the provisions of law in effect on the date of its establishment, and deposits for sales transacted on or after July 1, 2000, shall be deposited in the trust fund established on or after July 1, 2000. If a cemetery existing on July 1, 2000, has an existing perpetual care trust fund which complies with provisions of law in effect on the date of its establishment, a new trust fund created in compliance with this chapter shall not require an initial deposit.

~~(b)~~(c) Whenever any burial right, cemetery lot, grave space, niche, mausoleum, columbarium, urn, or crypt wherein perpetual care or endowment care is promised or contracted for or guaranteed is sold by any cemetery, the cemetery shall make deposits to the trust fund that equal 15 percent of the sales price of the burial right or 7.5 percent of the total sales price of any mausoleums, niches, columbaria, urns, or crypts, provided that the minimum deposit for each burial right shall be $50.00; provided, further, that on July 1, 2003, and every three years thereafter, the amount of said minimum deposit shall be adjusted by the rate of change in the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor. The Secretary of State shall adopt such adjustment to the amount of said minimum deposit by rule. Deposits to the trust fund shall be made not later than 30 days following the last day of the month in which payment therefor is made, or, in the case of a free space, the month in which the space is given. In the event any sale is made on an installment basis, not less than a pro rata share of the principal portion of each payment made and allocated to the lot, grave, space, niche, mausoleum, columbarium, urn, or crypt shall be allocated to the required trust fund deposit, provided that all deposits to the trust fund shall be completed within six years from the date of the signing of the perpetual care contract. The manner of any such allocation shall be clearly reflected on the books of the registrant.

~~(c)~~(d) The initial $10,000.00 corpus of the perpetual care trust fund shall not be counted as part of the required periodic deposits and shall be considered to be corpus or principal.

~~(d)~~(e)(1) The income earned by the trust fund shall be retained by the trust fund. At such time as either:

~~(1)~~(A) The cemetery owner is not licensed and has not been licensed for 90 or more consecutive days to sell burial rights;

~~(2)~~(B) The cemetery is under the management of a receiver; or

~~(3)~~(C) Less than 50 percent of available lots are unsold,

95 percent of the income from the trust fund shall be paid to the owner or receiver exclusively for covering the costs of care and maintenance of the cemetery, including reasonable administrative expenses incurred in connection therewith. The income of the trust fund shall be paid to the owner or receiver at intervals agreed upon by the recipient and the trustee, but in no case shall the income be paid more often than monthly.

(2) Subject to the limitations set forth in paragraph (1) of this subsection, a cemetery owner or receiver may request a trustee to distribute income following the unitrust distribution method provisions outlined in Code Section 53-12-362. The cemetery owner or receiver may select the unitrust distribution method by delivering written instructions to the trustee no later than 60 days prior to when the conversion shall take place. Such notification shall also be provided to the Secretary of State. The unitrust distribution method and the distribution rate selected shall remain in effect unless the cemetery or cemetery company notifies the trustee and the Secretary of State of its desire to effect a change.

(3) Disbursements from the trust in accordance with this subsection shall be made on a monthly, quarterly, semiannual, or annual basis, as agreed upon by the cemetery or cemetery company and the trustee.

(4) The Secretary of State shall limit or prohibit any distribution based on the unitrust distribution method provisions in situations where investment returns and distribution practices have not resulted in sufficient protection of the perpetual care trust fund's trust principal based upon a three to five-year analysis.

~~(e)~~(f) There shall be no withdrawals from the trust fund except pursuant to the provisions of this chapter or by court order.

~~(f)~~(g)(1) The assets of a trust fund shall be invested and reinvested subject to all the terms, conditions, limitations, and restrictions imposed by the laws of the State of Georgia upon executors and trustees regarding the making and depositing of investments with trust moneys pursuant to former Code Sections 53-8-1 through 53-8-4 as such existed on December 31, 1997, if applicable; Code Section 53-8-1; or Code Section 53-12-340. Subject to said terms, conditions, limitations, and restrictions, the trustee of the perpetual care trust fund shall have full power to hold, purchase, sell, assign, transfer, reinvest, and dispose of any of the securities and investments in which any of the assets of said fund are invested, including proceeds of investments.

(2) Any state bank, national bank, or other financial institution authorized to act in a fiduciary capacity in this state, which presently or in the future serves as a fiduciary or cofiduciary of the trust fund of a perpetual care cemetery, may invest part or all of such trust fund held by it for investment in interests or participation in one or more common trust funds established by that state bank, national bank, or other financial institution for collective investment, if such investment is not expressly prohibited by

the instrument, judgment, decree, or order creating the fiduciary relationship and if, in the case of cofiduciaries the trust institution procures the consent of its cofiduciary or cofiduciaries to such investment, and notwithstanding the fact that such common trust funds are not invested and reinvested subject to all the terms, conditions, limitations, and restrictions imposed by the laws of the State of Georgia upon executors and trustees in the making and disposing of their investments.

(3) Notwithstanding any other provision of this subsection, the Secretary of State shall establish rules and regulations for investments of a trust fund established on or after July 1, 2000, or otherwise governed by this chapter, the 'Georgia Cemetery and Funeral Services Act of 2000,' as it existed on July 1, 2000, as necessary to preserve the corpus and income of such a fund and for determining what restrictions are necessary for such purpose.

(4) At any time, in the event that the perpetual care trust fund contains an amount less than the amount required by this Code section, the cemetery owner shall, within 15 days after the earlier of becoming aware of such fact or having been so notified by the Secretary of State, deposit into the perpetual care trust fund an amount equal to such shortfall. In the event that the Secretary of State and the cemetery owner disagree regarding the amount of such shortfall, no penalty shall be imposed upon the cemetery owner for any failure to comply with this paragraph unless such failure occurs after notice and opportunity for a hearing as provided in Code Section 10-14-23.

~~(g)~~(h) Moneys of the perpetual care trust fund shall not be invested in or loaned to any business venture controlled by the cemetery owner, a person who owns a controlling interest of a cemetery owner that is not a natural person, or an affiliate of any of these persons or entities.

~~(h)~~(i) The trustee shall furnish yearly to the Secretary of State a financial report in a form designated by the Secretary of State with respect to the perpetual care trust fund.

~~(i)~~(j) Upon a finding by a court of competent jurisdiction of failure to deposit or maintain funds in the trust account as required by this chapter or of fraud, theft, or misconduct by the owners of the cemetery or the officers or directors of a cemetery company which has wasted or depleted such funds, the cemetery owners or the officers or directors of a cemetery company may be held jointly and severally liable for any deficiencies in the trust account as required in this chapter."

SECTION 2.

Said chapter is further amended by revising paragraph (5) of subsection (a) of Code Section 10-14-11, relating to stop order suspending or revoking registration, denial or refusal of application for registration, and penalties, as follows:

"(5) The trustee for the perpetual care trust fund or the escrow agent for the preneed escrow account has failed to file financial reports required by subsection ~~(h)~~ (i) of Code Section 10-14-6 or subsection (g) of Code Section 10-14-29;"

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

Any loan contract which includes premiums to be paid pursuant to the authority of this paragraph shall include a statement of disclosure which includes the exact dollar amount of the fee or commission to be received as a result of any insurance product sold on such loan. Such statement of disclosure shall further include the following statement: 'The purchase of insurance is not required in order to obtain this loan.' and shall be initialed by each borrower prior to the collection of such premium."

At the time the loan is made, each licensee under this chapter shall deliver to the borrower or, if there are two or more, to one of them a copy of the loan contract or a written itemized statement in the English language showing in clear terms the date and amount of the loan, a schedule of the payments or a description thereof, the type of security for the loan, the licensee's name and address, the actual cash advanced to or on behalf of the borrower, the amount of each class of insurance carried and the premiums paid thereon, ~~and~~ the amount of interest and fees, and any amount of commission made by the licensee for any insurance carried on the loan. Section 55: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 100 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 50, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the bold-faced text are information only.

Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. The summary and lowest level of detail for the fund source categories "Total Agency Funds" and "Total Intra-State Governmental Transfers," are for informational purposes only. The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" are for informational purposes only. Sections 51, 52, 53 and 54 contain, constitute, or amend appropriations.

Section 56: Flex

Notwithstanding any other statement of purpose, the purpose of each appropriation of federal funds or other funds shall be the stated purpose or any other lawful purpose consistent with the fund source and the general law powers of the budget unit.

In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid," "Medicaid: Aged, Blind, and Disabled," and "PeachCare" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for

the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Capital Construction Projects," "Capital Maintenance Projects," and "Local Road Assistance Administration" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

Part II: Effective Date
This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

A BILL TO BE ENTITLED
AN ACT

To amend Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income tax, so as to revise the provisions relating to the credit for establishing or relocating quality jobs; to amend Code Section 48-8-3 of the Official Code of Georgia Annotated, relating to exemptions from state sales and use taxes, so as to provide a state and local sales tax exemption for sales of tangible personal property used for or in the renovation or expansion of certain theaters; to provide a state sales tax exemption for sales of tickets, fees, or charges of admission to certain facilities that provide certain arts and education programming; to provide for related matters; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income tax, is amended by revising subsection (a) of Code Section 48-7-40.17, relating to an income tax credit for establishing or relocating quality jobs, as follows:

"48-7-40.17.

(a) As used in this Code section, the term:

(1) 'Average wage' means the average wage of the county in which a new quality job is located as reported in the most recently available annual issue of the Georgia Employment and Wages Averages Report of the Department of Labor.

(2) 'New quality job' means employment for an individual which:

(A) Is located in this state;

(B) Has a regular work week of 30 hours or more;

(C) Is not a job that is or was already located in Georgia regardless of which taxpayer the individual performed services for; and

(D) Pays at or above 110 percent of the average wage of the county in which it is located.

(3) 'Qualified investment property' means all real and personal property purchased or acquired by a taxpayer for use in a qualified project, including, but not limited to, amounts expended on land acquisition, improvements, buildings, building improvements, and any personal property to be used in the facility or facilities. Any lease for a period of three years or longer of any real or personal property used in a new or expanded facility or facilities which would otherwise constitute qualified investment property shall be treated as the purchase or acquisition thereof by the lessee. The taxpayer may treat the full value of the leased property as qualified investment property in the year in which the lease becomes binding on the lessor and the taxpayer.

(4) 'Qualified investment property requirement' means the requirement that a minimum of $2.5 million in qualified investment property will have been purchased or acquired by the taxpayer to be used with respect to a qualified project. Such qualified investment property must be placed in service by the end of the two-year period specified in subsection (b) of this Code section.

(5) 'Qualified project' means a project which meets the qualified investment property requirement and which involves the lease or construction of one or more new facilities in this state or the expansion of one or more existing facilities in this state. For purposes of this paragraph, the term 'facilities' means all facilities comprising a single project, including noncontiguous parcels of land, improvements to such land, buildings, building improvements, and any personal property that is used in the facility or facilities.

~~(3)~~(6) 'Taxpayer' means any person required by law to file a return or to pay taxes, except that any taxpayer may elect to consider the jobs within its disregarded entities, as defined in the Internal Revenue Code, for purposes of calculating the number of new quality jobs created by the taxpayer under this Code section.

(b) A taxpayer establishing new quality jobs in this state or relocating quality jobs into this state which elects not to receive the tax credits provided for by Code Sections 48-7-40, 48-7-40.1, 48-7-40.2, 48-7-40.3, 48-7-40.4, 48-7-40.7, 48-7-40.8, and 48-7-40.9 for such jobs and investments created by, arising from, related to, or connected in any way with the same project and, within one year of the first date on which the taxpayer pursuant to the provisions of Code Section 48-7-101 withholds wages for employees in this state and employs at least 50 persons in new quality jobs in this state, shall be allowed a credit for taxes imposed under this article; except that if the first date on which the taxpayer, pursuant to the provisions of Code Section 48-7-101, withholds wages for employees in this state occurs in a taxable year beginning on or after January 1, 2017, the taxpayer has two years to employ at least 50 persons in new quality jobs in this state:

(1) Equal to $2,500.00 annually per eligible new quality job where the job pays 110 percent or more but less than 120 percent of the average wage of the county in which the new quality job is located;

(2) Equal to $3,000.00 annually per eligible new quality job where the job pays 120 percent or more but less than 150 percent of the average wage of the county in which the new quality job is located;

(3) Equal to $4,000.00 annually per eligible new quality job where the job pays 150 percent or more but less than 175 percent of the average wage of the county in which the new quality job is located;

(4) Equal to $4,500.00 annually per eligible new quality job where the job pays 175 percent or more but less than 200 percent of the average wage of the county in which the new quality job is located; and

(5) Equal to $5,000.00 annually per eligible new quality job where the job pays 200 percent or more of the average wage of the county in which the new quality job is located;

provided, however, that where the amount of such credit exceeds a taxpayer's liability for such taxes in a taxable year, the excess may be taken as a credit against such taxpayer's quarterly or monthly payment under Code Section 48-7-103 but not to exceed in any one taxable year the credit amounts in paragraphs (1) through (5) of this subsection for each new quality job when aggregated with the credit applied against taxes under this article. Each employee whose employer receives credit against such taxpayer's quarterly or monthly payment under Code Section 48-7-103 shall receive a credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subsection. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subsection shall not constitute income to the taxpayer. For each new quality job created, the credit established by this subsection may be taken for the first taxable year in which the new quality job is created and for the four immediately succeeding taxable years; provided, however, that such new quality jobs must be created within seven years from the close of the taxable

year in which the taxpayer first becomes eligible for such credit. Credit shall not be allowed during a year if the net employment increase falls below the 50 new quality jobs required. Any credit received for years prior to the year in which the net employment increase falls below the 50 new quality jobs required shall not be affected except as provided in subsection ~~(f)~~(g) of this Code section. The state revenue commissioner shall adjust the credit allowed each year for net new employment fluctuations above the 50 new quality jobs required.

(c) Only a taxpayer that completes the creation of a qualified project in a taxable year beginning on or after January 1, 2017, shall be eligible to begin a subsequent seven-year job creation period for the qualified project, provided that the taxpayer creates 50 or more new quality jobs, at the site or sites of a qualified project or the facility or facilities resulting therefrom, above its single previous high yearly average number of new quality jobs during any prior seven-year job creation period. A subsequent seven-year job creation period is subject to all the requirements of this Code section. A taxpayer must notify the commissioner of their intent to begin a subsequent seven-year job creation period. The commissioner shall provide by regulation the time in which such notification shall occur. New quality jobs generated under previous seven-year job creation periods shall continue to be eligible for the credit as provided by this Code section. No new quality jobs may be generated under previous periods of eligibility after a subsequent period of eligibility has begun. New quality jobs created in a subsequent seven-year job creation period shall not be counted as additional new quality jobs under a previous seven-year job creation period; instead those new quality jobs shall count toward the subsequent period. For purposes of determining the number of new quality jobs in a particular year that are attributable to each seven-year job creation period, the taxpayer shall begin with the first seven-year job creation period and then attribute the remainder to each subsequent seven-year job creation period from the oldest to the newest. Such attributions shall be made up to the single high yearly average number of new quality jobs for each seven-year job creation period. A taxpayer may create more than one subsequent seven-year job creation period. If at the time a taxpayer begins a subsequent seven-year job creation period, the taxpayer had a year or years in the prior seven-year job creation period where the number of new quality jobs were below the single high yearly average number of new quality jobs, the taxpayer shall be allowed to make an irrevocable election to use the average number of new quality jobs for the completed years in the prior seven-year job creation period instead of the single high yearly average number of new quality jobs for all purposes of this subsection. If such election is made, the number of new quality jobs in the years subsequent to the completed years for the prior seven-year job creation period shall be deemed to not exceed the average number of new quality jobs for the completed years in the prior seven-year job creation period. New quality jobs over such average number shall be attributed to the subsequent seven-year job creation period as provided in this subsection.

~~(c)~~(d) The number of new quality jobs to which this Code section shall be applicable shall be determined by comparing the monthly average of new quality jobs subject to

Georgia income tax withholding for the taxable year with the corresponding average for the prior taxable year.

~~(d)~~(e) Any credit claimed under this Code section but not used in any taxable year may be carried forward for ten years from the close of the taxable year in which the new quality jobs were established.

~~(e)~~(f) Notwithstanding Code Section 48-2-35, any tax credit claimed under this Code section shall be claimed within one year of the earlier of the date the original return was filed or the date such return was due as prescribed in subsection (a) of Code Section 48-7-56, including any approved extensions.

~~(f)~~(g) Taxpayers that initially claimed the credit under this Code section for any taxable year beginning before January 1, 2012, shall be governed, for purposes of all such credits claimed as well as any credits claimed in subsequent taxable years related to such initial claim, by this Code section as it was in effect for the taxable year in which the taxpayer made such initial claim.

~~(g)~~(h) The state revenue commissioner shall promulgate any rules and regulations necessary to implement and administer this Code section."

SECTION 2.

Code Section 48-8-3 of the Official Code of Georgia Annotated, relating to exemptions from state sales and use taxes, is amended by deleting "or" at the end of paragraph (97), by deleting the period and adding a semicolon at the end of paragraph (98), and by adding new paragraphs to read as follows:

"(99)(A) The sale or use of tangible personal property used for or in the renovation or expansion of a theater located within a facility in this state that contains an art museum, symphonic hall, and theater that charges for admission and is owned or operated by an organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, if such organization's primary mission is to provide arts and education programming for the benefit of the citizens of this state, to the extent provided in subparagraphs (B) and (C) of this paragraph.

(B) This exemption shall apply from July 1, 2017, until January 1, 2019, and until the aggregate state sales and use tax refunded pursuant to this paragraph exceeds $750,000.00. A qualifying organization must pay sales and use tax on all purchases and uses of tangible personal property and may obtain the benefit of this exemption from state sales and use tax by filing a claim for refund of tax paid on qualifying items. All refunds made pursuant to this paragraph shall not include interest.

(C) This exemption shall apply from July 1, 2017, until January 1, 2019, to any local sales and use tax levied or imposed at any time in any area consisting of less than the entire state, however authorized, including, but not limited to, such taxes authorized by or pursuant to Section 25 of an Act approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended, the 'Metropolitan Atlanta Rapid Transit Authority Act of 1965,' or such taxes as authorized by or pursuant to Article 2, 2A, 3, 4, or 5 of this chapter.

(D) Notwithstanding any provision of Code Section 48-8-63 to the contrary, purchases by a contractor may qualify for the exemption provided for in this paragraph. However, when a contractor purchases qualifying tangible personal property, the contractor shall pay the tax at the time of purchase or at the time of first use in this state; and the ultimate owner of the property may file a claim for refund of the tax paid on the qualifying property.

(E) Items qualifying for exemption include all tangible personal property that will remain at the theater after completion of construction and all tangible personal property that becomes incorporated into the real property structures of the theater. The exemption excludes all items that remain tangible personal property in the possession of a contractor after the completion of construction; or

(100)(A) Sales of tickets, fees, or charges for admission to a fine arts performance or exhibition conducted within a facility in this state that is owned or operated by an organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, or a museum of cultural significance, if such organization's or museum's primary mission is to advance the arts in this state and to provide arts, educational, and culturally significant programming and exhibits for the benefit and enrichment of the citizens of this state.

(B) As used in this paragraph, the term 'fine arts' means music performed by a symphony orchestra, poetry, photography, ballet, dance, opera, theater, dramatic arts, painting, sculpture, ceramics, drawing, watercolor, graphics, printmaking, and architecture,

(C) This paragraph shall be automatically repealed on July 1, 2020."

SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and Section 1 of this Act shall be applicable to all taxable years beginning on or after January 1, 2017.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

March 24, 2017

The purpose of this letter is to request a change of the recorded vote from no to yes on House Bill #1. The error occurred when I was voting on the bill and at the same time reviewing another piece of legislation.

When I was reviewing the two bills my no vote was misplaced. Upon noticing the error I am now requesting that the record be changed to reflect the vote that represents the constituency in my district.

Thank you for your consideration in this matter.

Sincerely,

/s/ Debra Bazemore

The first report shall be submitted by June 30, 2018, and each year thereafter by June 30.

(g)(1) Any qualified postproduction expenditures for which a production company claims a tax credit under Code Section 48-7-40.26 shall not be eligible for postproduction expenditures for purposes of the credit authorized under this Code section.

(2) If a postproduction company and its affiliates claim the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18, then the postproduction company and its affiliates will only be allowed to claim the credit authorized under this Code section to the extent that the Georgia resident employees included in the credit calculation authorized under this Code section and taken by the postproduction company and its affiliates on such tax return under this Code section have been permanently excluded from the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18.

(h) The credit granted under this Code section shall be subject to the following conditions and limitations:

(1) The credit may be taken beginning with the taxable year in which the postproduction company has incurred the qualified postproduction expenditures. For each year in which such postproduction company either claims or transfers the credit,

the postproduction company shall attach a schedule to the postproduction company's Georgia income tax return which will set forth the following information, as a minimum:

(A) A description of the qualified postproduction activities;

(B) A certification that the postproduction company maintains a business location physically located in this state;

(C) A certification that the postproduction company expended a total aggregate payroll of $250,000.00 or more for employees working within this state during the taxable year of the postproduction company;

(D) In the initial year in which the postproduction company claims the credit granted in this Code section only, information demonstrating that the qualified postproduction expenditures equal or exceed $500,000.00 during such year;

(E) A detailed listing of the employee names, social security numbers, and Georgia wages when salaries are included in the qualified postproduction expenditures;

(F) The amount of tax credit claimed for the taxable year;

(G) Any tax credit previously taken by the postproduction company against Georgia income tax liabilities or the postproduction company's quarterly or monthly payments under Code Section 48-7-103;

(H) The amount of tax credit carried over from prior years;

(I) The amount of tax credit utilized by the postproduction company in the current taxable year; and

(J) The amount of tax credit to be carried over to subsequent tax years.

The postproduction company shall file a copy of the schedule with the Department of Economic Development within 30 days after the schedule is filed with its income tax return;

(2) Where the amount of tax credits under this Code section exceeds the postproduction company's income tax liability in a taxable year, any unused credit amount:

(A) May be carried forward for five years from the close of the taxable year in which the investment occurred; or

(B) May be taken as a credit against such postproduction company's quarterly or monthly payment under Code Section 48-7-103. Each employee whose employer receives credit against such postproduction company's quarterly or monthly payment under Code Section 48-7-103 shall receive credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subparagraph. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subparagraph shall not constitute income to the postproduction company.

No such credit shall be allowed the postproduction company against prior years' tax liability; and

(3) Any tax credits earned by a postproduction company under this Code section and previously claimed but not used by such postproduction company against its income tax or its monthly payment under Code Section 48-7-103 may be transferred or sold in whole or in part by such postproduction company to another Georgia taxpayer, subject to the following conditions:

(A) Such postproduction company may make only a single transfer or sale of tax credits earned in a taxable year; however, the transfer or sale may involve one or more transferees;

(B) Such postproduction company shall submit to the Department of Economic Development and to the Department of Revenue a written notification of any transfer or sale of tax credits within 30 days after the transfer or sale of such tax credits. The notification shall include such postproduction company's tax credit balance prior to transfer, the credit certificate number, the remaining balance after transfer, all tax identification numbers for each transferee, the date of transfer, the amount transferred, and any other information required by the Department of Economic Development or the Department of Revenue;

(C) Failure to comply with this paragraph shall result in the disallowance of the tax credit until the postproduction company is in full compliance;

(D) The transfer or sale of this tax credit does not extend the time in which such tax credit can be used. The carry-forward period for a tax credit that is transferred or sold shall begin on the date on which the tax credit was originally earned;

(E) A transferee shall have only such rights to claim and use the tax credit that were available to such postproduction company at the time of the transfer, except for the use of the credit in subparagraph (B) of paragraph (2) of this subsection. To the extent that such postproduction company did not have rights to claim or use the tax credit at the time of the transfer, the Department of Revenue shall either disallow the tax credit claimed by the transferee or recapture the tax credit from the transferee. The transferee's recourse is against such postproduction company; and

(F) Any postproduction company claiming, transferring, or selling the tax credit shall be required to reimburse the Department of Revenue for any department initiated audits relating to the tax credit. This subparagraph shall not apply to routine tax audits of a taxpayer that may include the review of the credit provided in this Code section.

(i) The Department of Revenue and the Department of Economic Development shall promulgate such rules and regulations as are necessary to implement and administer this Code section."

SECTION 3.

This Act shall become effective on July 1, 2017, and shall be applicable to tax years beginning on or after January 1, 2018.

SECTION 5.

That, after Georgia Power Company has put into use the transmission line and associated equipment that this easement is granted for, a subsequent abandonment of the use thereof shall cause a reversion to the State of Georgia, or its successors and assigns, of all the rights, title, privileges, powers, and easement granted herein.
