Said chapter is further amended by revising Code Section 20-2-768, relating to expulsion or suspension of students for felonies, as follows:

"20-2-768.

(a) Each local board of education is authorized to refuse to readmit or enroll any student who has been suspended or expelled for being convicted of, being adjudicated to have committed, being indicted for, or having information filed for the commission of any felony or any delinquent act under Code Sections 15-11-602 and 15-11-707 which would be a felony if committed by an adult. If refused readmission or enrollment, the student or the student's parent or legal guardian has the right to request a hearing pursuant to the procedures provided for in Code Section 20-2-754.

(b) A hearing officer, tribunal, panel, superintendent, or local board of education shall be authorized to place a student denied enrollment in a local school system under subsection (a) of this Code section in an alternative educational ~~system~~ setting as appropriate and in the best interest of the student and the education of other students within the school system. Except as otherwise provided for in Code Section 20-2-751.1 and except for serious offenses, it is preferable that the duration of any assignment of a disruptive student to an alternative educational setting not exceed the remainder of the semester in which the student is suspended for more than ten days or expelled and the following semester as long as the student exhibits acceptable behavior while in the alternative education program. As used in this subsection, serious offenses include physical assault or battery of school personnel or other students, bullying, and unlawful use or possession of illegal drugs or alcohol; provided, however, that it is preferable that any student assigned to an alternative educational setting for a serious offense is afforded the right to request a hearing pursuant to the procedures provided for in Code Section 20-2-754 after two semesters in such alternative educational setting for purposes of returning to a regular classroom.

(c) It is the policy of this state that it is preferable to reassign disruptive students who are subject to mandatory attendance pursuant to Code Section 20-2-690.1 to alternative educational settings rather than to suspend for more than ten days or expel such students from school."

HR 240. By Representatives Cooper of the 43rd, Willard of the 51st, Hugley of the 136th, Broadrick of the 4th, Price of the 48th and others:

A RESOLUTION creating the Joint Study Committee on Reforming HIV Related Criminal Laws; and for other purposes.

The following Committee substitute was read and adopted:

A RESOLUTION

Creating the House Study Committee on Georgians' Barriers to Access to Adequate Health Care; and for other purposes.

WHEREAS, disparities in health outcomes are increasingly costly to the state, financially and socially, but are in large part preventable; and

WHEREAS, people with chronic conditions and mental illness require seamless health care from provider to treatment; and

WHEREAS, severe asthma affects a small subpopulation of patients with asthma but has a disproportionately high economic, clinical, and social burden for patients, their caregivers and families, employers, and the health care system; and

WHEREAS, the current asthma state plan expires in 2018; identifying barriers to effective prevention, screening, medication adherence, and treatment for asthma, severe asthma, and chronic obstructive pulmonary disease (COPD) would be in the state's interest; and

WHEREAS, identifying the barriers to HIV awareness, testing, and early linkage to care would be in the state's best interest; Georgia ranks fifth in the nation for new HIV diagnoses; the Atlanta-Sandy Springs-Marietta area is listed as eighth in cities with the highest rate of new HIV infection; it is estimated that one in 51 Georgians are at risk of contracting HIV in their future; and

WHEREAS, Georgia's adult obesity rate is now above 30 percent of total population, up from 20.6 percent in 2000 and from 10.1 percent in 1990; and

WHEREAS, obesity is responsible for multiple related health issues including diabetes, hypertension, arthritis, heart disease, and some forms of cancer; and

WHEREAS, the United States Centers for Disease Control and Prevention (CDC) and the Advisory Committee on Immunization Practices (ACIP) recommend immunizations for adults, against 13 different vaccine-preventable diseases, including influenza, tetanus, diphtheria, pertussis (whooping cough), varicella (chicken pox), zoster (shingles), measles, mumps, rubella, pneumococcal disease (pneumonia), meningococcal disease (meningitis), hepatitis A, and hepatitis B; and

WHEREAS, each year in the United States, one million people get shingles and some will have severe pain that can continue long after their rash clears up (called postherpetic neuralgia) or they may suffer from other painful complications that could persist for years; and

WHEREAS, the CDC estimates that since 2010 flu related hospitalizations in the United States have ranged from 140,000 to 710,000 and flu related deaths have ranged from 12,000 to 56,000. About 900,000 people get pneumococcal pneumonia every year, leading to as many as 400,000 hospitalizations and 19,000 deaths; 700,000 to 1.4 million people suffer from chronic hepatitis B, with complications such as liver cancer; HPV causes over 27,000 cancers in women and men each year; and about 4,000 women die each year from cervical cancer; and

WHEREAS, despite the recommendations of experts about the effectiveness and safety of adult vaccines, immunization rates remain low and far beneath national targets; and

WHEREAS, it would be beneficial to:

(1) Measure the effectiveness of Medicaid's and the state health benefit plans' coordinated and managed behavioral health services, substance abuse treatment, bariatric treatment, and adult immunizations;

(2) Assess the need for an asthma and COPD state plan to take effect in 2019;

(3) Examine the risk adjustment between the Medicaid and state health benefit plans, including high risk patients with behavioral conditions and early onset of chronic disease;

(4) Examine the benefit package for gap-group and Medicaid enrollees and analyze their needs;

(5) Assess the HIV laws' alignment with current evidence regarding HIV transmission risk and consider whether these laws are the best vehicle to achieve their intended purpose; and

(6) Examine comprehensive behavioral health services for those suffering from serious mental illness which have been demonstrated to have a positive impact on medical outcomes and reduced burdens on patients, providers, families, and society.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES:

(1) **Creation of House study committee.** There is created the House Study Committee on Georgians' Barriers to Access to Adequate Health Care.

(2) **Members and officers.** The committee shall be composed of five members of the House of Representatives to be appointed by the Speaker of the House of Representatives. (6) **Report.**

(A) In the event the committee adopts any specific findings or recommendations that include suggestions for proposed legislation, the chairperson shall file a report of the same prior to the date of abolishment specified in this resolution, subject to subparagraph (C) of this paragraph.

(B) In the event the committee adopts a report that does not include suggestions for proposed legislation, the chairperson shall file the report, subject to subparagraph (C) of this paragraph.

(3) In all cases in which the defense of insanity, mental illness, or intellectual disability is interposed, the trial judge shall charge the jury, in addition to other appropriate charges, the following:

(A) I charge you that should you find the defendant not guilty by reason of insanity at the time of the crime, the defendant will be committed to a state mental health facility until such time, if ever, that the court is satisfied that he or she should be released pursuant to law.

(B) I charge you that should you find the defendant guilty but mentally ill at the time of the crime, the defendant will be placed in the custody of the Department of Corrections which will have responsibility for the evaluation and treatment of the mental health needs of the defendant, which may include, at the discretion of the Department of Corrections, referral for temporary hospitalization at a facility operated by the Department of Behavioral Health and Developmental Disabilities.

(C) I charge you that should you find the defendant guilty but ~~mentally retarded~~ with intellectual disability, the defendant will be placed in the custody of the Department of Corrections, which will have responsibility for the evaluation and treatment of the mental health needs of the defendant, which may include, at the discretion of the Department of Corrections, referral for temporary hospitalization at a facility operated by the Department of Behavioral Health and Developmental Disabilities.

(c) In all criminal trials in any of the courts of this state wherein an accused shall contend that he or she was insane, mentally ill, or intellectually disabled ~~or otherwise~~

~~mentally incompetent under the law~~ at the time the act or acts charged against him or her were committed, the trial judge shall instruct the jury that they may consider, in addition to verdicts of 'guilty' and 'not guilty,' the additional verdicts of 'not guilty by reason of insanity at the time of the crime,' 'guilty but mentally ill at the time of the crime,' and 'guilty but ~~mentally retarded~~ with intellectual disability.'

(1) The defendant may be found 'not guilty by reason of insanity at the time of the crime' if he or she meets the criteria of Code Section 16-3-2 or 16-3-3 at the time of the commission of the crime. If the court or jury should make such finding, it shall so specify in its verdict.

(2) The defendant may be found 'guilty but mentally ill at the time of the crime' if the jury, or court acting as trier of facts, finds beyond a reasonable doubt that the defendant is guilty of the crime charged and was mentally ill at the time of the commission of the crime. If the court or jury should make such finding, it shall so specify in its verdict.

(3) The defendant may be found 'guilty but ~~mentally retarded~~ with intellectual disability' if the jury, or court acting as trier of facts, finds beyond a reasonable doubt that the defendant is guilty of the crime charged and is ~~mentally retarded~~ with intellectual disability. If the court or jury should make such finding, it shall so specify in its verdict.

(d) Whenever a defendant is found not guilty by reason of insanity at the time of the crime, the court shall retain jurisdiction over the person so acquitted and shall order such person to be detained in a state mental health facility, to be selected by the Department of Behavioral Health and Developmental Disabilities, for a period not to exceed 30 days from the date of the acquittal order, for evaluation of the defendant's present mental condition. Upon completion of the evaluation, the proper officials of the mental health facility shall send a report of the defendant's present mental condition to the trial judge, the prosecuting attorney, and the defendant's attorney, if any.

(e)(1) After the expiration of the 30 days' evaluation period in the state mental health facility, if the evaluation report from the Department of Behavioral Health and Developmental Disabilities indicates that the defendant does not meet the inpatient commitment criteria of Chapter 3 of Title 37 or Chapter 4 of Title 37, the trial judge may issue an order discharging the defendant from custody without a hearing.

(2) If the defendant is not so discharged, the trial judge shall order a hearing to determine if the defendant meets the inpatient commitment criteria of Chapter 3 of Title 37 or Chapter 4 of Title 37. If such criteria are not met, the defendant must be discharged.

(3) The defendant shall be detained in custody until completion of the hearing. The hearing shall be conducted at the earliest opportunity after the expiration of the 30 days' evaluation period but in any event within 30 days after receipt by the prosecuting attorney of the evaluation report from the mental health facility. The court may take judicial notice of evidence introduced during the trial of the defendant and may call for testimony from any person with knowledge concerning whether the defendant is currently a mentally ill person in need of involuntary treatment, as

defined by paragraph (12) of Code Section 37-3-1, or a person with a developmental disability, as defined in paragraph (8) of Code Section 37-1-1, who presents a substantial risk of imminent harm to himself or herself or others. The prosecuting attorney may cross-examine the witnesses called by the court and the defendant's witnesses and present relevant evidence concerning the issues presented at the hearing.

(4) If the judge determines that the defendant meets the inpatient commitment criteria of Chapter 3 of Title 37 or Chapter 4 of Title 37, the judge shall order the defendant to be committed to the Department of Behavioral Health and Developmental Disabilities to receive involuntary treatment under Chapter 3 of Title 37 or to receive services under Chapter 4 of Title 37. The defendant is entitled to the following rights specified below and shall be notified in writing of these rights at the time of his or her admission for evaluation under subsection (d) of this Code section. Such rights are:

(A) A notice that a hearing will be held and the time and place thereof;

(B) A notice that the defendant has the right to counsel and that the defendant or his or her representatives may apply immediately to the court to have counsel appointed if the defendant cannot afford counsel and that the court will appoint counsel for the defendant unless he or she indicates in writing that he or she does not desire to be represented by counsel;

(C) The right to confront and cross-examine witnesses and to offer evidence;

(D) The right to subpoena witnesses and to require testimony before the court in person or by deposition from any person upon whose evaluation the decision of the court may rest;

(F) A notice that the defendant has the right to be examined by a physician or a licensed clinical psychologist of his or her own choice at his or her own expense and to have that physician or psychologist submit a suggested service plan for the patient which conforms with the requirements of Chapter 3 of Title 37 or Chapter 4 of Title 37, whichever is applicable.

(5)(A) If a defendant appears to meet the criteria for outpatient involuntary treatment as defined in Part 3 of Article 3 of Chapter 3 of Title 37, which shall be the criteria for release on a trial basis in the community in preparation for a full release, the court may order a period of conditional release subject to certain conditions set by the court. The court is authorized to appoint an appropriate community service provider to work in conjunction with the Department of Behavioral Health and Developmental Disabilities to monitor the defendant's compliance with these conditions and to make regular reports to the court.

(B) If the defendant successfully completes all requirements during this period of conditional release, the court shall discharge the individual from commitment at the end of that period. Such individuals may be referred for community mental health, ~~mental retardation~~ developmental disabilities, or substance abuse services as

appropriate. The court may require the individual to participate in outpatient treatment or any other services or programs authorized by Chapter 3, 4, or 7 of Title 37.

(C) If the defendant does not successfully complete any or all requirements of the conditional release period, the court may:

(i) Revoke the period of conditional release and return the defendant to a state hospital for inpatient services; or

(ii) Impose additional or revise existing conditions on the defendant as appropriate and continue the period of conditional release.

(D) For any decision rendered under subparagraph (C) of this paragraph, the defendant may request a review by the court of such decision within 20 days of the order of the court.

(E) The Department of Behavioral Health and Developmental Disabilities and any community services providers, including the employees and agents of both, providing supervision or treatment during a period of conditional release shall not be held criminally or civilly liable for any acts committed by a defendant placed by the committing court on a period of conditional release.

(f) A defendant who has been found not guilty by reason of insanity at the time of the crime and is ordered committed to the Department of Behavioral Health and Developmental Disabilities under subsection (e) of this Code section may only be discharged from that commitment by order of the committing court in accordance with the procedures specified in this subsection:

(1) Application for the release of a defendant who has been committed to the Department of Behavioral Health and Developmental Disabilities under subsection (e) of this Code section upon the ground that he or she does not meet the civil commitment criteria under Chapter 3 of Title 37 or Chapter 4 of Title 37 may be made to the committing court, either by such defendant or by the superintendent of the state hospital in which the said defendant is detained;

(2) The burden of proof in such release hearing shall be upon the applicant. The defendant shall have the same rights in the release hearing as set forth in subsection (e) of this Code section; and

(3) If the finding of the court is adverse to release in such hearing held pursuant to this subsection on the grounds that such defendant does meet the inpatient civil commitment criteria, a further release application by the defendant shall not be heard by the court until 12 months have elapsed from the date of the hearing upon the last preceding application. The Department of Behavioral Health and Developmental Disabilities shall have the independent right to request a release hearing once every 12 months.

(g)(1) Whenever a defendant is found guilty but mentally ill at the time of a felony or guilty but ~~mentally retarded~~ has intellectual disability, or enters a plea to that effect that is accepted by the court, the court shall sentence him or her in the same manner as a defendant found guilty of the offense, except as otherwise provided in subsection (j) of this Code section. A defendant who is found guilty but mentally ill at the time of

the felony or guilty but ~~mentally retarded~~ has intellectual disability shall be committed to an appropriate penal facility and shall be evaluated then treated, if indicated, within the limits of state funds appropriated therefor, in such manner as is psychiatrically indicated for his or her mental illness or ~~mental retardation~~ intellectual disability.

(2) If at any time following the defendant's conviction as a guilty but mentally ill or guilty but ~~mentally retarded~~ with intellectual disability offender it is determined that a temporary transfer to the Department of Behavioral Health and Developmental Disabilities is clinically indicated for his or her mental illness or ~~mental retardation~~ intellectual disability, then the defendant shall be transferred to the Department of Behavioral Health and Developmental Disabilities pursuant to procedures set forth in regulations of the Department of Corrections and the Department of Behavioral Health and Developmental Disabilities. In all such cases, the legal custody of the defendant shall be retained by the Department of Corrections. Upon notification from the Department of Behavioral Health and Developmental Disabilities to the Department of Corrections that hospitalization at a Department of Behavioral Health and Developmental Disabilities facility is no longer clinically indicated for his or her mental illness or ~~mental retardation~~ intellectual disability, the Department of Corrections shall transfer the defendant back to its physical custody and shall place such individual in an appropriate penal institution.

(h) If a defendant who is found guilty but mentally ill at the time of a felony or guilty but ~~mentally retarded~~ with intellectual disability is placed on probation under the 'State-wide Probation Act,' Article 2 of Chapter 8 of Title 42, the court may require that the defendant undergo available outpatient medical or psychiatric treatment or seek similar available voluntary inpatient treatment as a condition of probation. Persons required to receive such services may be charged fees by the provider of the services.

(i) In any case in which the defense of insanity is interposed or a plea of guilty but mentally ill at the time of the felony or a plea of guilty but ~~mentally retarded~~ with intellectual disability is made and an examination is made of the defendant pursuant to Code Section 17-7-130.1 or paragraph (2) of subsection (b) of this Code section, upon the defendant's being found guilty or guilty but mentally ill at the time of the crime or guilty but ~~mentally retarded~~ with intellectual disability, a copy of any such examination report shall be forwarded to the Department of Corrections with the official sentencing document. The Department of Behavioral Health and Developmental Disabilities shall forward, in addition to its examination report, any records maintained by such department that it deems appropriate pursuant to an agreement with the Department of Corrections, within ten business days of receipt by the Department of Behavioral Health and Developmental Disabilities of the official sentencing document from the Department of Corrections.

(j)(1) In the trial of any case in which the death penalty is sought which commences on or after July 1, 1988, should the judge find in accepting a plea of guilty but mentally retarded, or the jury or court find in its verdict that the defendant is guilty of the crime charged but mentally retarded, the death penalty shall not be imposed and the court shall sentence the defendant to imprisonment for life.

(2) In the trial of any case in which the death penalty is sought which commences on or after July 1, 2017, should the judge find in accepting a plea of guilty but with intellectual disability, or the jury or court find in its verdict that the defendant is guilty of the crime charged but with intellectual disability, the death penalty shall not be imposed and the court shall sentence the defendant to imprisonment for life."

A BILL TO BE ENTITLED
AN ACT

To amend Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income taxes, so as to increase the amount of the aggregate cap on contributions to certain scholarship organizations in order to receive income tax credits; to provide for procedures, conditions, and limitations; to amend Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, so as to provide for new expenditure limits; to provide for additional reporting requirements; to provide for related matters; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income taxes, is amended by revising subsection (f) of Code Section 48-7-29.16, relating to the qualified education tax credit, as follows:

"(f)(1) In no event shall the aggregate amount of tax credits allowed under this Code section exceed ~~$58~~ $65 million ~~per~~ for any tax year. Any portion of the tax credits allowed under this Code section that are not approved by the commissioner, or, if approved, not funded by the taxpayer, shall be applied to the next calendar year in the manner specified by the commissioner.

(2) The ~~commissioner shall allow the~~ tax credits ~~on a first come, first served basis~~ shall be available for allocation for the first ten business days of each calendar year. During such period, the commissioner shall accept requests for preapproval for tax credits from interested taxpayers. Once all requests have been received, the commissioner shall allocate the available credits pro rata for that calendar year if the amount of tax credits requested exceeds the cap. If the amount of tax credits requested does not exceed the cap, the commissioner shall continue to accept requests until November 1 of such calendar year or until the aggregate amount of the cap for the calendar year is exhausted, whichever shall first occur.

(3) For the purposes of paragraph (1) of this subsection, a student scholarship organization shall notify a potential donor of the requirements of this Code section. Before making a contribution to a student scholarship organization, the taxpayer shall electronically notify the department, in a manner specified by the department, of the total amount of contributions that the taxpayer intends to make to the student scholarship organization. The commissioner shall preapprove, ~~or~~ deny, or prorate the requested amount within 30 days after receiving the request from the taxpayer and shall provide notice to the taxpayer and the student scholarship organization of such preapproval, ~~or~~ denial, or proration which shall not require any signed release or notarized approval by the taxpayer. In order to receive a tax credit under this Code section, the taxpayer shall make the contribution to the student scholarship organization within 60 days after receiving notice from the department that the requested amount was preapproved. If the taxpayer does not comply with this paragraph, the commissioner shall not include this preapproved contribution amount when calculating the limit prescribed in paragraph (1) of this subsection. The department shall establish a web based donation approval process to implement this subsection.

(4) Preapproval of contributions by the commissioner shall be based solely on the availability of tax credits subject to the aggregate total limit established under paragraph (1) of this subsection. The department shall maintain an ongoing, current list on its website of the amount of tax credits available under this Code section.

(5) Notwithstanding any laws to the contrary, the department shall not take any adverse action against donors to student scholarship organizations if the commissioner preapproved a donation for a tax credit prior to the date the student scholarship organization is removed from the Department of Education list pursuant to Code Section 20-2A-7, and all such donations shall remain as preapproved tax credits subject only to the donor's compliance with paragraph (3) of this subsection.

(6) In addition to the reporting requirements in Code Section 20-2A-3, each student scholarship organization shall file an annual report with the department showing any fees or assessments retained by the student scholarship organization during the calendar year."

SECTION 2.

Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, is amended by restating the introductory language and revising paragraphs (1) and (3) of Code Section 20-2A-2, relating to requirements for student scholarship organizations, as follows:

"Each student scholarship organization:

(1) ~~With respect to the first $1.5 million of its annual revenue received from donations for scholarships or tuition grants, must obligate at least 90 percent of such revenue for scholarships or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $1.5 million and up to and including $10 million, must obligate at least 93 percent of such revenue for scholarships and tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $10 million and up to and including $20 million, must obligate at least 94 percent of such revenue for scholarships and tuition grants; and, with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $20 million, must obligate at least 95 percent of such revenue for scholarships and tuition grants.~~ Shall obligate at least 97 percent of its annual revenue received from donations for scholarships or tuition grants to scholarships or tuition grants. On or before the end of the calendar year following the calendar year in which a student scholarship organization receives revenues from donations and obligates them for the awarding of scholarships or tuition grants, the student scholarship organization shall designate the obligated revenues for specific student recipients. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants, the student scholarship organization may distribute the entire obligated and designated revenues to a qualified school or program to be held in accordance with Department of Revenue rules for distribution to the specified recipients during the years in which the recipients are projected in writing by the private school to be enrolled at the qualified school or program. In making a multiyear distribution to a qualified school or program, the student scholarship organization shall require that if the designated student becomes ineligible or for any other reason the qualified school or program elects not to continue disbursement of

the multiyear scholarship or tuition grant to the designated student for all the projected years, then the qualified school or program shall immediately return the remaining funds to the student scholarship organization. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants for which the student scholarship organization distributes the obligated and designated revenues to a qualified school or program annually rather than the entire amount, if the designated student becomes ineligible or for any other reason the student scholarship organization elects not to continue disbursement for all years, then the student scholarship organization shall designate any remaining previously obligated revenues for a new specific student recipient on or before the end of the following calendar year. The maximum scholarship amount given by the student scholarship organization in any given year shall not exceed the average state and local expenditures per student in fall enrollment in public elementary and secondary education for this state. The Department of Education shall determine and publish such amount annually, no later than January 1;"

"(3) Must have an independent board of directors with at least three members who shall not serve on more than one such board simultaneously;"

SECTION 3.

Said chapter is further amended by revising Code Section 20-2A-3, relating to taxation reporting requirements for student scholarship organizations, as follows:

"20-2A-3.

(a) Each student scholarship organization must report to the Department of Revenue, on a date determined by the Department of Revenue and on a form provided by the Department of Revenue~~, by January 12 of each tax year~~ the following:

(3) The total number and dollar value of scholarships awarded to eligible students;

(4) The total number of families of scholarship recipients who fall within each quartile of Georgia adjusted gross income as defined and reported annually by the Department of Revenue and the average number of dependents of recipients for each quartile; ~~and~~

(5) A list of donors, including the dollar value and date of receipt of each donation and the dollar value of each approved tax credit; and

(6) The average scholarship dollar amount by quartile.

Such report shall also include a copy of the audit conducted pursuant to paragraph (5) of Code Section 20-2A-2. The Department of Revenue shall post on its website the

information received from each student scholarship organization pursuant to paragraphs (1) through (4) of this subsection.

(b) Except for the information reported pursuant to paragraphs (1) through (4) of subsection (a) of this Code section, all information or reports provided by student scholarship organizations to the Department of Revenue shall be confidential taxpayer information, governed by Code Sections 48-2-15, 48-7-60, and 48-7-61, whether it relates to the donor or the student scholarship organization."

SECTION 4.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall be applicable to tax years beginning on or after January 1, 2017.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

SECTION 1.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by repealing and reserving subsection (d) of Code Section 48-2-15, relating to confidential information secured in the administration of taxes, and enacting a new subsection to read as follows:

"(d) ~~Notwithstanding this Code section, the commissioner, upon request by resolution of the governing authority of any municipality of this state having a population of 350,000 or more according to the United States decennial census of 1970 or any future such census, shall furnish to the finance officer or taxing official of the municipality any pertinent tax information from state tax returns to be used by those officials in the discharge of their official duties. Any information so furnished shall retain, in the hands of the local officials, its privileged and confidential nature to the same extent and under the same conditions as that information is privileged and confidential in the hands of the commissioner. The commissioner may make a nominal charge for any information so furnished, not to exceed the actual cost of furnishing the information. Nothing contained in this subsection shall be construed to prevent the use of the information as evidence in any state or federal court in the event of litigation involving any municipal or county tax liability of a taxpayer.~~ Reserved.

(d.1)(1) Notwithstanding this Code section, the commissioner, upon request by resolution of the governing authority of any county, consolidated government, or municipality of this state, shall furnish to the designated finance officer or taxing official of the county, consolidated government, or municipality information included on the vendor's sales tax certificate for all vendors that have filed a report for the designated period, to be used by such designated officer or official in the discharge of his or her official duties.

(2)(A) Such designated officer or official shall not be authorized to contact in any manner any taxpayer identified in such confidential information.

(B) Such designated officer or official to whom such confidential information is provided under this subsection may request the commissioner to validate the political subdivision to which a taxpayer with a business location within the political subdivision has remitted sales and use taxes for the designated period. Upon inquiry

by such designated officer or official, the commissioner shall, within thirty days, respond to the inquiry and validate that the sales tax being collected from a taxpayer is being remitted to the proper political subdivision and take other appropriate action as provided by law.

(C) Any information furnished under this subsection to such designated officer or official shall retain its privileged and confidential nature to the same extent and under the same conditions as such information is privileged and confidential in the hands of the commissioner.

(3) Any such information furnished under this subsection shall constitute confidential tax information for purposes of paragraph (2) of Code Section 50-14-2 and paragraph (43) of subsection (a) of Code Section 50-18-72 and shall not be discussed or disclosed except as specifically authorized under this subsection.

(4) Such information may be discussed with or disclosed to the members of the governing authority of such county or municipality levying a tax pursuant to the provisions of Article 4 of Chapter 8 of this title, but only when the members of such governing authority are in executive session as defined in paragraph (2) of subsection (a) of Code Section 50-14-1. In the event of such discussion with or disclosure to the members of such governing authority, any such information so discussed or disclosed shall retain its privileged and confidential nature to the same extent and under the same conditions as such information is privileged and confidential in the hands of the commissioner and any further disclosure by the members of such governing authority is prohibited. Prior to such discussion with or disclosure to the members of such governing authority, any member of the governing authority who has a conflict of interest shall be required to recuse himself or herself from the executive session. For purposes of such recusal, a conflict of interest shall include, but not be limited to, engaging in similar business to those which are identified in the confidential information or having a financial or other personal interest, direct or indirect, in such matter which is incompatible with the impartial and proper discharge of that person's official duties, which would tend to impair the independence of that person's judgment or actions, or which would make such person privy to information that would provide a competitive business advantage.

(5) It shall be unlawful for any person to divulge confidential tax information in violation of this subsection. Any person who violates this paragraph shall, upon conviction thereof, be subject to the same penalties that would apply to an employee of the department convicted of divulging confidential tax information.

(6) The commissioner may make a nominal charge for any information so furnished, not to exceed the actual cost of furnishing the information; provided, however, that any such charge shall be in addition to the 1 percent administrative fee otherwise allowed to the commissioner for defraying the cost of collecting a local sales and use tax.

(7) Nothing contained in this subsection shall prevent or be construed to prevent:

(A) The use of the information as evidence in any state or federal court in the event of litigation involving any municipal or county tax liability of a taxpayer; or

(B) The release of the information pursuant to a subpoena or court order."

(B) Interest shall only be paid pursuant to this paragraph after the calculation of net payments at the end of a filing period.

(C) The commissioner shall pay and a taxpayer shall not waive the interest on refunds owed to such taxpayer pursuant to this paragraph.

(2) 'Certified structure' means a historic building or structure that is located within a national historic district, individually listed on the National Register of Historic Places, individually listed in the Georgia Register of Historic Places, or is certified by the Department of Natural Resources as contributing to the historic significance of a Georgia Register Historic District.

(3) 'Historic home' means a certified structure which, or any portion of which is or will, within a reasonable period, be owned and used as the principal residence of the person claiming the tax credit allowed under this Code section. Historic home shall include any structure or group of structures that constitute a multifamily or multipurpose structure, including a cooperative or condominium. If only a portion of a building is used as such person's principal residence, only those qualified rehabilitation expenditures that are properly allocable to such portion shall be deemed to be made to a historic home.

(4) 'Qualified rehabilitation expenditure' means any qualified rehabilitation expenditure as defined by Section 47(c)(2) of the Internal Revenue Code of 1986 and any amount properly chargeable to a capital account expended in the substantial rehabilitation of a structure that by the end of the taxable year in which the certified rehabilitation is completed is a certified structure. This term does not include the cost of acquisition of the certified structure, the cost attributable to enlargement or additions to an existing building, site preparation, or personal property.

(5) 'Substantial rehabilitation' means rehabilitation of a certified structure for which the qualified rehabilitation expenditures, at least 5 percent of which must be allocable to the exterior during the 24 month period selected by the taxpayer ending with or within the taxable year, exceed:

(A) For a historic home, the lesser of $25,000.00 or 50 percent of the adjusted basis of the property as defined in subparagraph (a)(1)(B) of Code Section 48-5-7.2; or, in the case of a historic home located in a target area, $5,000.00; or

(B) For any other certified structure, the greater of $5,000.00 or the adjusted basis of the property.

(6) 'Target area' means a qualified census tract under Section 42 of the Internal Revenue Code of 1986, found in the United States Department of Housing and Urban Development document number N-94-3821; FR-3796-N-01.

(b) A taxpayer shall be allowed a tax credit against the tax imposed by this chapter ~~for the taxable year in which~~ at such time as the certified rehabilitation is completed:

(1) In the case of a historic home, equal to 25 percent of qualified rehabilitation expenditures, except that, in the case of a historic home located within a target area, an additional credit equal to 5 percent of qualified rehabilitation expenditures shall be allowed; and

(2) In the case of any other certified structure, equal to 25 percent of qualified rehabilitation expenditures.

Qualified rehabilitation expenditures may only be counted once in determining the amount of the tax credit available, and more than one entity may not claim a credit for the same qualified rehabilitation expenditures.

(c)(1) In no event shall credits for a historic home exceed $100,000.00 in any 120 month period.

(2) The maximum credit for any other individual certified structure shall be $5 million for any taxable year, except in the case that the project creates 200 or more full-time, permanent jobs or $5 million in annual payroll within two years of the

placed in service date, in which case the project is eligible for credits up to $10 million for an individual certified structure. In no event shall more than one application for any individual certified structure under this paragraph be approved in any 120 month period.

(3) In no event shall credits issued under this Code section for projects earning more than $300,000.00 in credits exceed in the aggregate ~~$25 million~~ $30 million per calendar year.

(d)(1) A taxpayer seeking to claim a tax credit under paragraph (2) of subsection (b) of this Code section shall submit an application to the commissioner for preapproval of such tax credit. An applicant shall, at the time of application, either own the real property for which said tax credit is to be claimed, or be a party to a written purchase contract, written option contract, written lease-purchase contract, or written lease having a term of more than 40 years. Such application shall include a precertification from the Department of Natural Resources certifying that the improvements to the certified structure are to be consistent with the Department of Natural Resources Standards for Rehabilitation. The ~~Department~~ department shall have the authority to require electronic submission of such application in the manner specified by the department. The commissioner shall preapprove the tax credits within 30 days based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the commissioner shall prorate the available funds between or among the applicants. For applications on projects over the annual ~~$25 million~~ $30 million limitation, those applications shall be given priority the following year.

(2) In order to be eligible to receive the credit authorized under subsection (b) of this Code section, a taxpayer must attach to the taxpayer's state tax return a copy of the completed certification of the Department of Natural Resources verifying that the improvements to the certified structure are consistent with the Department of Natural Resources Standards for Rehabilitation.

(e)(1) If the credit allowed under paragraph (1) of subsection (b) of this Code section in any taxable year exceeds the total tax otherwise payable by the taxpayer for that taxable year, the taxpayer may apply the excess as a credit for succeeding years until the earlier of:

(A) The full amount of the excess is used; or

(B) The expiration of the tenth taxable year after the taxable year in which the certified rehabilitation has been completed.

(2) Any tax credits with respect to credits earned by a taxpayer under paragraph (2) of subsection (b) of this Code section and previously claimed but not used by such taxpayer against its income tax may be transferred or sold in whole or in part by such taxpayer to another Georgia taxpayer, subject to the following conditions:

(A) A taxpayer who makes qualified rehabilitation expenditures may sell or assign all or part of the tax credit that may be claimed for such costs and expenses to one or more entities, but no further sale or assignment of any credit previously sold or

assigned pursuant to this subparagraph shall be allowed. All such transfers shall be subject to the maximum total limits provided by subsection (c) of this Code section;

(B) A taxpayer who sells or assigns a credit under this Code section and the entity to which the credit is sold or assigned shall jointly submit written notice of the sale or assignment to the department not later than 30 days after the date of the sale or assignment. The notice must include:

(i) The date of the sale or assignment;

(ii) The amount of the credit sold or assigned;

(iii) The names and federal tax identification numbers of the entity that sold or assigned the credit or part of the credit and the entity to which the credit or part of the credit was sold or assigned; and

(iv) The amount of the credit owned by the selling or assigning entity before the sale or assignment and the amount the selling or assigning entity retained, if any, after the sale or assignment;

(C) The sale or assignment of a credit in accordance with this Code section does not extend the period for which a credit may be carried forward and does not increase the total amount of the credit that may be claimed. After an entity claims a credit for eligible costs and expenses, another entity may not use the same costs and expenses as the basis for claiming a credit; and

(D) Notwithstanding the requirements of this subsection, a credit earned or purchased by, or assigned to, a partnership, limited liability company, Subchapter 'S' corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of that entity and claimed under this Code section in accordance with the provisions of any agreement among the partners, members, or shareholders of that entity and without regard to the ownership interest of the partners, members, or shareholders in the rehabilitated certified structure, provided that the entity or person that claims the credit must be subject to Georgia tax.

(E) Only a taxpayer who earned a credit, and no subsequent good faith transferee, shall be responsible in the event of a recapture, reduction, disallowance, or other failure related to such credit.

(3) No such credit shall be allowed the taxpayer against prior years' tax liability.

(f) In the case of any rehabilitation which may reasonably be expected to be completed in phases set forth in architectural plans and specifications completed before the rehabilitation begins, a 60 month period may be substituted for the 24 month period provided for in paragraph (5) of subsection (a) of this Code section.

(g)(1) Except as otherwise provided in subsection (h) of this Code section, in the event a tax credit under this Code section has been claimed and allowed the taxpayer, upon the sale or transfer of the certified structure, the taxpayer shall be authorized to transfer the remaining unused amount of such credit to the purchaser of such certified structure. If a historic home for which a certified rehabilitation has been completed by a nonprofit corporation is sold or transferred, the full amount of the credit to which the nonprofit corporation would be entitled if taxable shall be transferred to the purchaser or transferee at the time of sale or transfer.

(2) Such purchaser shall be subject to the limitations of subsection (e) of this Code section. Such purchaser shall file with such purchaser's tax return a copy of the approval of the rehabilitation by the Department of Natural Resources as provided in subsection (d) and a copy of the form evidencing the transfer of the tax credit.

(3) Such purchaser shall be entitled to rely in good faith on the information contained in and used in connection with obtaining the approval of the credit including, without limitation, the amount of qualified rehabilitation expenditures.

(h)(1) If an owner other than a nonprofit corporation sells a historic home within three years of receiving the credit, the seller shall recapture the credit to the Department of Revenue as follows:

(A) If the property is sold within one year of receiving the credit, the recapture amount will equal the lesser of the credit or the net profit of the sale;

(B) If the property is sold within two years of receiving the credit, the recapture amount will equal the lesser of two-thirds of the credit or the net profit of the sale; or

(C) If the property is sold within three years of receiving the credit, the recapture amount will equal the lesser of one-third of the credit or the net profit of the sale.

(2) The recapture provisions of this subsection shall not apply to a sale resulting from the death of the owner.

(i)(1) In the event that a taxpayer claims the tax credit under paragraph (2) of subsection (b) of this Code section and leases such certified structure, the department shall aggregate all total sales tax receipts from the certified structure.

(2) Any taxpayer claiming credits under paragraph (2) of subsection (b) of this Code section shall report to the department the average full-time employees employed at the certified structure. A full-time employee for the purposes of this Code section shall mean a person who works a job that requires 30 or more hours per week. Such reports must be submitted to the department for five calendar years following the year in which the credit is claimed by the taxpayer.

(3) In the event that a taxpayer claims the tax credit under paragraph (2) of subsection (b) of this Code section and leases such certified structure, the department shall aggregate all total full-time employees at the certified structure.

(j) Notwithstanding Code Sections 48-2-15, 48-7-60, and 48-7-61, the department shall furnish a report to the chairperson of the House Committee on Ways and Means and the chairperson of the Senate Finance Committee by June 30 of each year. Such report shall contain the total sales tax collected in the prior calendar year and the average number of full-time employees at the certified structure and the total value of credits claimed for each taxpayer claiming credits under paragraph (2) of subsection (b) of this Code section.

(k) The tax credit allowed under paragraph (1) of subsection (b) of this Code section, and any recaptured tax credit, shall be allocated among some or all of the partners, members, or shareholders of the entity owning the project in any manner agreed to by such persons, whether or not such persons are allocated or allowed any portion of any other tax credit with respect to the project.

(l) The Department of Natural Resources and the Department of Revenue shall prescribe such regulations as may be appropriate to carry out the purposes of this Code section.

(m) The Department of Natural Resources shall report, on an annual basis, on the overall economic activity, usage, and impact to the state from the rehabilitation of eligible properties for which credits provided by this Code section have been allowed."

SECTION 4.

Said title is further amended by adding a new Code section to read as follows:

"48-8-49.1.

(a) As used in this Code section, the term:

(1) 'Direct payment permit' means a license that permits a qualified taxpayer to accrue and pay directly to the department certain state and local sales and use taxes imposed by this chapter.

The superintendent shall canvass the returns, declare the result of the election, and certify the result to the Secretary of State and to the commissioner. (2) In any special district in which a tax is in effect under this part, proceedings may be commenced, while the tax is in effect, calling for the reimposition of the tax upon the termination of the tax then in effect; and an election may be held at the next scheduled election for this purpose while the tax is in effect. Such proceedings for the reimposition of a tax under this part shall be in the same manner as proceedings for the initial imposition of the tax, but the newly authorized tax shall not be imposed until the expiration of the tax then in effect.

(3) Following the expiration of a tax under this part, proceedings for the reimposition of a tax under this part may be initiated in the same manner as provided in this part for initial imposition of such tax."

SECTION 6.

Said part is further amended by revising Code Section 48-8-269.2, relating to delivery outside of geographical area, as follows:

"48-8-269.2.

No tax shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the ~~county~~ special district in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier."

SECTION 7.

Said part is further amended in Code Section 48-8-269.5, relating to accounting and record-keeping requirements, by revising subsection (b) as follows:

"(b) No general obligation debt shall be issued in conjunction with the imposition of the tax unless the county or qualified municipality governing authority determines that, and if the debt is to be validated it is demonstrated in the validation proceedings that, during each year in which any payment of principal or interest on the debt comes due, the county or qualified municipality will receive from the tax net proceeds sufficient to fully satisfy such liability. General obligation debt issued under this part shall be payable first from the separate account in which are placed the proceeds received by the county or qualified municipality from the tax. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of the county or qualified municipality; and any liability on such debt which is not satisfied from the

proceeds of the tax shall be satisfied from the general funds of the county or qualified municipality."

SECTION 8.

This section and Sections 1, 2, and 4 through 9 of this Act shall become effective upon its approval by the Governor or upon its becoming law without such approval. Section 3 of this Act shall become effective January 1, 2018.

The following Senate substitute was read:

A BILL TO BE ENTITLED
AN ACT

To amend Article 3 of Chapter 11 of Title 43 of the Official Code of Georgia Annotated, relating to dental hygienists, so as to authorize licensed dental hygienists to perform certain functions under general supervision in certain settings; to provide for legislative findings and intent; to provide for definitions; to provide for criteria; to provide for requirements; to collect certain Medicaid data; to provide for statutory construction; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

(a) The General Assembly finds that:

(1) Statistics show that nearly one-third of older adults have untreated tooth decay and nearly 25 percent of adults ages 65 to 74 have severe gum disease. Statistics also show that a significant percentage of lower income children in Georgia do not have adequate access to dental care, putting them at significant risk of developing tooth decay and other oral health conditions;

(2) Professional preventative hygiene services can help prevent such conditions before they begin;

(3) Preventative care is the most cost-effective care that can be delivered to the public;

(4) In 2016, 4,106 Georgians sought emergency dental care at Grady Memorial Hospital at a cost of $1.75 million; and

(5) Of Georgia's 159 counties, 118 are considered dental health professional shortage areas, meaning there are not enough licensed dentists in those areas to meet the dental care needs of the public, resulting in individuals seeking emergency care for dental issues.

(b) It is the intent of the General Assembly to increase access to preventative dental care for underserved and needy populations. It is further the intent of the General Assembly that the rules and regulations promulgated by the Georgia Board of Dentistry pursuant to this Act effectuate this purpose to the greatest extent allowable.

SECTION 2.

Article 3 of Chapter 11 of Title 43 of the Official Code of Georgia Annotated, relating to dental hygienists, is amended by revising Code Section 43-11-74, relating to direct supervision requirements, scope of duties, and exceptions to required supervision for dental screenings, as follows:

"43-11-74.

(a) <u>As used in this Code section the term:</u>

<u>(1) 'Direct supervision' means that a licensed dentist is in the dental office or treatment facility, personally diagnoses the condition to be treated, personally authorizes the procedure and remains in the dental office or treatment facility while</u>

the procedure is being performed by the dental hygienist, and before dismissal of the patient, examines the patient.

(2) 'General supervision' means that a licensed dentist has authorized the delegable duties of a licensed dental hygienist but does not require that a licensed dentist be present when such duties are performed.

(b) Licensed dental ~~Dental~~ hygienists shall perform their duties only under the direct supervision of a licensed dentist, except as otherwise provided in this Code section. No licensed dental hygienist shall diagnose, prescribe, determine the initial dosage, or increase the initial dosage of nitrous oxide, practice dentistry, or do any kind of dental work other than to remove calcareous deposits, secretions, and stains from the surfaces of the teeth, to apply ordinary wash or washes of a soothing character, and to perform those acts, services, procedures, and practices which the board shall prescribe by rule or regulation. ~~The board shall not delegate to dental hygienists the authority to administer local anesthesia, except that this restriction shall automatically expire July 1, 1992.~~

~~(b)~~(c) After meeting such additional education and training requirements as the board may require by rule or regulation, a licensed dental hygienist may perform such other acts, practices, services, or procedures under the direct supervision of a licensed dentist, which the board may prescribe by rule or regulation subject, however, to the limitations set forth in subsection ~~(a)~~ (b) of this Code section.

~~(c)~~(d) The requirement of direct supervision shall not apply to the educational training of dental hygiene students at an institution approved by the board and the Commission on Dental Accreditation of the American Dental Association, or its successor agency, when such instruction is carried out under such degree of supervision by a licensed dentist as the board may prescribe by rule or regulation.

~~(d)~~(e) The requirement of direct supervision shall not apply to the performance of dental hygiene duties at approved dental facilities of the Department of Public Health, county boards of health, or the Department of Corrections or the performance of dental hygiene duties by personnel of the Department of Public Health or county boards of health at approved offsite locations. ~~The board shall provide by rule or regulation for criteria for approval of such facilities and for the appropriate degree of supervision by a licensed dentist over dental hygienists performing duties in such facilities.~~

~~(e)~~(f)(1) As used in this subsection, the term 'dental screening' means a visual assessment of the oral cavity without the use of X-rays, laboratory tests, or diagnostic models to determine if it appears that a more thorough clinical examination and diagnosis should be conducted by a licensed dentist.

(2) The requirement of direct supervision shall not apply to the performance of licensed dental hygienists providing dental screenings in settings which include: schools~~,~~; hospitals~~,~~; ~~and~~ clinics; ~~and~~ state, county, local, and federal public health programs; federally qualified health centers; volunteer community health settings; senior centers; and family violence shelters, as defined in Code Section 19-13-20. Other health fair settings must be preapproved by the board.

(3) Each person who receives a dental screening pursuant to this subsection, or the parent or legal guardian if the person is a minor, must be informed in writing of the

purpose and limitations of a dental screening and advised to seek a more thorough clinical examination by a licensed dentist to determine whether or not problems exist that might not be discovered in a dental screening. There shall be no fees charged for providing a dental screening pursuant to this subsection except for dental screenings provided by employees of the Department of Public Health or county boards of health. These fees must be paid directly to that department or county board of health and not to the individual who performs the dental screening.

(g)(1) In a private dental office setting, a licensed dental hygienist may perform only the following functions under general supervision:

(A) Application of sealants and oral prophylaxis and assessment;

(B) Fluoride treatment;

(C) Oral hygiene instruction and education; and

(D) Exposure and processing of radiographs if provided for by specific standing orders of the authorizing licensed dentist, including any protocols regarding urgent dental issues that arise.

(A) A new patient of record must be clinically examined by the authorizing licensed dentist during the initial visit;

(B) A patient must be examined by the authorizing licensed dentist at a minimum of twelve-month intervals; and

(C) A patient must be notified in advance of the appointment that he or she will be treated by the licensed dental hygienist under general supervision without the authorizing licensed dentist being present or being examined by the authorizing licensed dentist.

(h) In school settings, licensed dental hygienists may apply topical fluoride and perform the application of sealants and oral prophylaxis under general supervision, with written permission of the student's parent or guardian. Such written permission may be obtained by the school in the same manner as other parental permissions are obtained. Licensed dental hygienists may also, without prior written permission of the student's parent or guardian, provide oral hygiene instruction and counseling. Confidentiality of any records related to services provided to a student pursuant to this subsection shall be maintained by the licensed dental hygienist and authorizing licensed dentist in compliance with the federal Family Educational Rights and Privacy Act of 1974, 20 U.S.C. Section 1232g. School settings shall include only schools that are Title I schools under the federal Elementary and Secondary Education Act, schools in which at least 65 percent of the student population is eligible for free or reduced price lunch under federal guidelines, Head Start programs, and Georgia's Pre-K Program.

(i) In hospitals, nursing homes, long-term care facilities, rural health clinics, federally qualified health centers, health facilities operated by federal, state, county, or local governments, hospices, family violence shelters as defined in Code Section 19-13-20, and free health clinics as defined in Code Section 51-1-29.4, licensed dental hygienists

may apply topical fluoride and perform the application of sealants and oral prophylaxis under general supervision.

(j) A licensed dental hygienist providing dental hygiene services pursuant to subsection (h) or (i) of this Code section shall:

(1) Not perform any dental hygiene services on a patient that has dental pain or clearly visible evidence of widespread dental disease. The licensed dental hygienist shall immediately refer such patient to the authorizing licensed dentist for clinical examination and treatment. The licensed dental hygienist shall notate such patient's file and the patient shall not be eligible to receive dental hygiene services pursuant to subsection (h) or (i) of this Code section until a licensed dentist provides written authorization that such services may be performed on the patient;

(2) Prior to providing any dental hygiene services, obtain, study, and comprehend the school's or facility's protocols and procedures regarding medical emergencies and implement and comply with such protocols and procedures if a medical emergency arises during the provision of dental hygiene services; and

(3) Provide to each patient receiving such services written notice containing:

(A) The name and license number of the licensed dental hygienist and the authorizing licensed dentist;

(B) Any dental hygiene issues that the licensed dental hygienist identified during the performance of dental hygiene duties. If dental hygiene services are not performed on the patient pursuant to paragraph (1) of this subsection, the written notice shall include a statement that the patient is not eligible to receive dental hygiene services until a clinical examination is performed by a licensed dentist and a licensed dentist provides written authorization that services may be performed; and

(C) A statement advising each patient who receives dental hygiene services to seek a more thorough clinical examination by a licensed dentist within 90 days, unless the authorizing licensed dentist performed an initial clinical examination of the patient.

The licensed dental hygienist shall make all reasonable efforts to provide such written notice to parents or legal guardians of minors or incapacitated adults who receive dental hygiene services and to the long-term care facility or nursing home for residents of such facilities who receive dental hygiene services.

(k)(1) Any licensed dental hygienist performing dental hygiene services under general supervision pursuant to this Code section shall have at least two years of experience in the practice of dental hygiene, shall be in compliance with continuing education requirements pursuant to Code Section 43-11-73.1 and cardiopulmonary resuscitation certification requirements contained in Code Section 43-11-73, and shall be licensed in good standing.

(2) Licensed dental hygienists practicing under general supervision shall maintain professional liability insurance in accordance with board rules and regulations.

(l)(1) No licensed dentist shall be required to authorize a licensed dental hygienist or dental hygienists to perform dental hygiene duties pursuant to subsection (g), (h), or (i) of this Code section.

(2) It shall be in the sole discretion of the authorizing licensed dentist as to whether or not to require an initial examination of the patient prior to the performance by a licensed dental hygienist of dental hygiene services under general supervision.

(3) A licensed dentist may only authorize up to four licensed dental hygienists to provide dental hygiene services pursuant to subsection (g), (h), or (i) of this Code section at any one time.

(4) A licensed dentist authorizing one or more licensed dental hygienists to provide dental hygiene services pursuant to subsection (h) or (i) of this Code section shall practice dentistry and treat patients in a physical and operational dental office located in this state within 50 miles of the setting in which the dental hygiene services are to be provided under general supervision.

(m) Dental hygiene services provided by licensed dental hygienists in mobile dental vans shall always be provided under direct supervision.

(n) Dental assistants may use rubber cup prophy on a patient with primary dentition under the direct supervision of a licensed dentist in accordance with any guidelines or rules established by the board. Dental assistants shall meet any education, training, or other requirements as established by the board.

(o)(1) Nothing in this Code section shall be construed to require a school or facility receiving dental hygiene services provided pursuant to subsection (h) or (i) of this Code section to purchase any equipment.

(2) Nothing in this Code section shall be construed to establish independent dental hygiene practice.

(p) The Department of Community Health shall collect or cause to be collected data regarding changes to utilization rates for dental services provided to recipients of Medicaid and shall make such data readily available to members of the General Assembly upon written request.

AN ACT

To amend Article 22 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to motor vehicle franchise practices, so as to provide standards for reasonable compensation by a franchisor, manufacturer, distributor, or third party for parts and labor for warranty service work by a dealer; to provide for payments after a stop-sale or do not drive order of a motor vehicle in certain instances; to provide for right of first refusal; to correct a cross-reference; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 22 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to motor vehicle franchise practices, is amended by revising Code Section 10-1-641, relating to dealer's predelivery preparation, warranty service, and recall work obligations to be provided in writing, and recovery costs, as follows:

"10-1-641.

(a)(1) Each ~~distributor~~ franchisor, manufacturer, or distributor ~~or warrantor~~:

(A) Shall specify in writing to each of its dealers in this state the dealer's obligations for predelivery preparation including the repair of damages incurred in the transportation of vehicles as set forth in Code Section 10-1-642, recall work, and warranty service on its products;

(B) Shall reasonably compensate the dealer for parts and labor provided for such warranty service work ~~and service required of the dealer by the distributor, manufacturer, or warrantor~~ as provided in paragraph (2) of this subsection;

(C) Shall provide the dealer with a schedule of compensation to be paid such dealer for parts, work, and service in connection therewith; and

(D) Shall provide the dealer with a schedule of the time allowance for the performance of such work and service. Any such schedule of compensation shall include reasonable compensation for diagnostic work, repair service, and labor. Time allowances for the diagnosis and performance of such work and service shall be reasonable and adequate for the work to be performed.

(2)(A) In the determination of what constitutes reasonable compensation for parts ~~reimbursement~~ and labor ~~rates~~ under this Code section, the principal factors to be considered shall be the retail ~~price paid to dealers for parts and the prevailing hourly labor rates paid to dealers doing the repair, work, or service and to other dealers in the community in which the dealer doing the repair, work, or service is doing business for the same or similar repair, work, or service. However, in no event shall parts reimbursement paid to the dealer be less than the retail price for such parts being paid to such dealer by nonwarranty customers for nonwarranty parts replacement, and in no event shall the hourly labor rate paid to a dealer for such warranty repair, work, or service be less than the rate charged by such dealer for like repair, work, or service to nonwarranty customers for nonwarranty repair, work, or service~~ rates customarily charged by the dealer, as established pursuant to this paragraph, and the rates for parts and labor charged by other similarly situated franchised dealers in a comparable geographic area in this state offering the same line-make vehicles.

(B) The retail rate customarily charged by the dealer for parts shall be established by the dealer submitting to the franchisor, manufacturer, or distributor 100 sequential nonwarranty customer-paid service repair orders which contain warranty-like repairs or 90 consecutive days of nonwarranty customer-paid service repair orders which contain warranty-like parts, whichever is less. Such service repair orders shall cover repairs made no more than 180 days before the submission. If the franchisor, manufacturer, or distributor determines, from any set of repair orders submitted under this subparagraph, that the retail markup rate for parts calculated is substantially higher or lower than the rate currently on record with the franchisor, manufacturer, or distributor, then the franchisor, manufacturer, or distributor may request additional documentation for a period of either 60 days prior to or 60 days subsequent to the time period for which the repair orders were submitted for purposes of an adjustment. The dealer's retail rate percentage for parts shall be calculated by determining the dealer's total parts sales in the submitted repair orders and dividing that amount by the dealer's total cost for purchase of those parts, subtracting one from that amount, and then multiplying by 100. The declared retail rate shall be approved or disapproved within 30 days following submission by the dealer. The declared retail rate shall go into effect 30 days following approval by

the franchisor, manufacturer, or distributor, unless such franchisor, manufacturer, or distributor disapproves and timely contests the dealer's declared rate. If a franchisor, manufacturer, or distributor fails to disapprove within 30 days following submission by the dealer, the declared retail rate shall be deemed approved. A franchisor, manufacturer, or distributor may contest the dealer's declared parts rate not later than 30 days after submission and declaration of the parts rate by the dealer by reasonably substantiating that the rate is unreasonable in light of the practices of all other similarly situated franchised dealers in a comparable geographic area in this state offering the same line-make vehicles. In contesting the dealer's declared rate, a franchisor, manufacturer, or distributor shall provide a written explanation of the reasons for disagreement with the declared rate. If the declared parts rate is contested, then the franchisor, manufacturer, or distributor shall propose an adjustment of the rate. If the franchisor, manufacturer, or distributor contests the dealer's declared parts rate, the parties shall attempt to resolve the dispute through an internal dispute resolution procedure of the franchisor, manufacturer, or distributor, if available, provided that such procedure occurs within a reasonable amount of time, not to exceed 30 days after notification of disagreement with the dealer's declared rate. If the internal dispute resolution procedure is unsuccessful or does not occur in a timely manner, the dealer may file a petition with the commissioner not later than 60 days after receipt of the proposed adjustment by the franchisor, manufacturer, or distributor or not later than 30 days after conclusion of the internal dispute resolution procedure, whichever is later. If such a petition is filed, the commissioner shall inform the franchisor, manufacturer, or distributor that a timely petition has been filed and that a hearing will be held on such issue. In any hearing held pursuant to this subparagraph, the burden of proof shall be upon the franchisor, manufacturer, or distributor to demonstrate that the parts rate declared by the dealer was unreasonable and not in accordance with this subparagraph.

(C) The retail rate customarily charged by the dealer for labor may be established by submitting to the franchisor, manufacturer, or distributor 100 sequential nonwarranty customer-paid service repair orders for warranty-like repairs or 90 consecutive days of customer-paid service repair orders for warranty-like repairs, whichever is less. Such service repair orders shall cover repairs made no more than 180 days before the submission. If the franchisor, manufacturer, or distributor determines, from any set of repair orders submitted under this subparagraph, that the retail rate for labor calculated is substantially higher or lower than the rate currently on record with the franchisor, manufacturer, or distributor, then the franchisor, manufacturer, or distributor may request additional documentation for a period of either 60 days prior to or 60 days subsequent to the time period for which the repair orders were submitted for purposes of an adjustment. The retail rate for labor shall be calculated by determining the dealer's total labor sales from the submitted repair orders and dividing that amount by the total number of hours that generated those sales. The declared retail labor rate shall be approved or disapproved within 30 days following submission by the dealer. The declared retail labor rate shall take

effect 30 days following approval by the franchisor, manufacturer, or distributor unless such franchisor, manufacturer, or distributor disapproves and timely contests the dealer's declared rate. A franchisor, manufacturer, or distributor may contest the dealer's declared labor rate not later than 30 days after submission and declaration of the labor rate by the dealer by reasonably substantiating that such rate is unreasonable in light of the practices of all other similarly situated franchised motor vehicle dealers in a comparable geographic area in this state offering the same line-make vehicles. If the declared labor rate is contested, then the franchisor, manufacturer, or distributor shall propose an adjustment of the declared retail labor rate. If the franchisor, manufacturer, or distributor contests the dealer's declared labor rate, the parties shall attempt to resolve the dispute through an internal dispute resolution procedure of the franchisor, manufacturer, or distributor, if available, provided that such procedure occurs within a reasonable amount of time not to exceed 30 days after notification of disagreement with the dealer's declared rate. If the internal dispute resolution procedure is unsuccessful or does not occur in a timely manner, the dealer may file a petition with the commissioner not later than 60 days after receipt of the proposed adjustment by the franchisor, manufacturer, or distributor or not later than 30 days after conclusion of the internal dispute resolution procedure, whichever is later. If such a petition is filed, the commissioner shall inform the franchisor, manufacturer, or distributor that a timely petition has been filed and that a hearing will be held on such issue. In any hearing held pursuant to this subparagraph, the burden of proof shall be upon the franchisor, manufacturer, or distributor to demonstrate that the labor rate declared by the dealer was unreasonable and not in accordance with this subparagraph.

(D) In calculating the retail rate customarily charged by the dealer for parts and labor for purposes of this paragraph, the following work shall not be included in the calculation:

(i) Repairs for franchisor, manufacturer, or distributor special events, specials, or promotional discounts for retail customer repairs;

(ii) Parts sold at wholesale;

(iii) Routine maintenance not covered under any retail customer warranty, such as fluids, filters, and belts not provided in the course of repairs;

(iv) Nuts, bolts, fasteners, and similar items which contain no individual part number;

(v) Tires; and

(vi) Vehicle reconditioning.

(E) If a franchisor, manufacturer, or distributor furnishes a part or component to a dealer to use in performing repairs under a recall, campaign service action, or warranty repair at no cost to the dealer, the franchisor, manufacturer, or distributor shall compensate the dealer for the authorized repair part or component in the same manner as warranty parts compensation under this Code section by paying the dealer the retail rate markup on the cost for the part or component as listed in the

price schedule of the franchisor, manufacturer, or distributor less the cost for the part or component.

(F) No franchisor, manufacturer, or distributor shall require a dealer to establish the retail rate customarily charged by the dealer for parts and labor by an unduly burdensome or time consuming method or by requiring information that is unduly burdensome or time consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations. No dealer shall declare a retail rate for parts or labor or both more than once in one calendar year.

(b)(1) ~~Manufacturers~~ Franchisors, manufacturers, and distributors shall include in written notices of factory recalls to ~~new motor vehicle owners and~~ dealers the expected date by which necessary parts and equipment will be available to dealers for the ~~correction of such defects~~ repair or replacement of recalled parts and equipment. ~~Manufacturers~~ Franchisors, manufacturers, and distributors shall compensate any dealers in this state for repairs affected by all recalls.

~~(c)~~(2) All such claims shall be either approved or disapproved within 30 days after their receipt on forms and in the manner specified by the franchisor, manufacturer, or distributor, ~~or warrantor,~~ and any claim not specifically disapproved in writing within 30 days after the receipt shall be construed to be approved and payment must follow within 30 days.

~~(d)~~(c) Subject to subsection (c) of Code Section 10-1-645, a franchisor, manufacturer, or distributor shall not otherwise recover its costs from dealers within this state, including ~~an increase in the wholesale price of a vehicle or~~ a surcharge imposed on a dealer solely intended to recover the cost of reimbursing the dealer for parts and labor pursuant to this Code section, provided that a franchisor, manufacturer, or distributor shall not be prohibited from increasing prices for vehicles or parts in the normal course of business.

(d)(1) For purposes of this subsection, the term 'stop-sale' means a notification issued by a manufacturer to its franchised dealers stating that certain used motor vehicles in inventory shall not be sold or leased, at either retail or wholesale, due to a federal safety recall for a defect or a noncompliance or a federal emissions recall.

(2) A franchisor, manufacturer, or distributor shall compensate its dealers for all labor and parts required by the manufacturer to perform recall repairs. Compensation for recall repairs shall be reasonable. If parts or a remedy are not reasonably available to perform a recall service or repair on a used vehicle held for sale by a dealer authorized to sell and service new motor vehicles of the same line-make within 30 days of the manufacturer issuing the initial notice of recall, and the manufacturer has issued a stop-sale or do not drive order on the vehicle, the manufacturer shall compensate the dealer at a prorated rate of at least 1 percent of the value of the vehicle per month beginning on the date that is 30 days after the date on which the stop-sale or do not drive order was provided to the dealer to the earlier of the date the recall or repair parts or remedy are made available or the date the dealer sells, trades, transfers, or otherwise disposes of the affected used motor vehicle.

(3) The value of a used motor vehicle shall be the average trade-in value for used motor vehicles as indicated in an independent third party guide for the year, make, and model of the recalled vehicle.

(4) This subsection shall apply only to used motor vehicles subject to safety or emissions recalls pursuant to and recalled in accordance with federal law and regulations adopted thereunder and where a stop-sale or do not drive order has been issued and repair parts or remedy remain unavailable for 30 days or longer.

(5) This subsection shall apply only to dealers holding an affected used motor vehicle for sale in inventory at the time a stop-sale or do not drive order is issued or which was taken into the used motor vehicle inventory of the dealer as a consumer trade-in incident to the purchase of a new motor vehicle from the dealer after the stop-sale or do not drive order was issued, and that are a line-make that the dealer is franchised to sell or on which the dealer is authorized to perform recall repairs.

(6) It shall be a violation of this subsection for a manufacturer to reduce the amount of compensation otherwise owed to an individual dealer, whether through a chargeback, removal of the individual dealer from an incentive program, or reduction in amount owed under an incentive program, solely because the dealer has submitted a claim for reimbursement under this subsection. The provisions under this subsection shall not apply to an action by a manufacturer that is applied uniformly among all dealers of the same line-make in this state.

(7) All reimbursement claims made by dealers pursuant to this subsection for recall remedies or repairs, or for compensation where no part or repair is reasonably available and the vehicle is subject to a stop-sale shall be subject to the same limitations and requirements as a warranty reimbursement claim made under this subsection. In the alternative, a manufacturer may compensate its franchised dealers under a national recall compensation program provided the compensation under the program is equal to or greater than that provided under this subsection; or the manufacturer and dealer otherwise agree.

(8) A manufacturer may direct the manner and method in which a dealer must demonstrate the inventory status of an affected used motor vehicle to determine eligibility under this subsection, provided that the manner and method may not be unduly burdensome and may not require information that is unduly burdensome to provide.

(9) Nothing in this subsection shall require a manufacturer to provide total compensation to a dealer which would exceed the total average trade-in value of the affected used motor vehicle as originally determined under paragraph (3) of this subsection.

(10) Any remedy provided to a dealer under this subsection is exclusive and may not be combined with any other state or federal recall compensation remedy."

SECTION 2.

Said article is further amended by revising Code Section 10-1-663.1, relating to right of first refusal, as follows:

"10-1-663.1.

~~There shall be a right of first refusal to purchase in favor of the franchisor if the dealer has entered into an agreement to transfer the dealership or its assets, provided that all the following qualifications and requirements are met:~~

(a) Notwithstanding the terms of any franchise agreement, sales and services agreement, or similar agreement, a franchisor, manufacturer, or distributor shall be permitted to exercise a right of first refusal to acquire a dealer's assets or ownership, in the event of a proposed change of ownership, or transfer of dealership assets, if all of the following requirements are met:

(1) The proposed transfer of the dealership or its assets is of more than 50 percent of the ownership or assets;

(2) The franchisor notifies the dealer in writing within 60 days of its receipt of the complete written proposal for the proposed sale or transfer on forms generally utilized by the franchisor for such purpose and containing the information required therein and all documents and agreements relating to the proposed sale or transfer;

(3) The exercise of the right of first refusal will result in the dealer and dealer's owners receiving the same or greater consideration as ~~is provided in the documents and agreements submitted to the franchisor under paragraph (2) of this Code section~~ provided for through the terms of the contract related to the proposed change of ownership or transfer of dealership assets;

(4) The proposed change of 50 percent or more of the ownership or of the dealership assets does not involve the transfer or sale of assets or the transfer or issuance of stock by the dealer or one or more dealer owners to a designated family member or members, including a spouse, child, grandchild, spouse of a child or grandchild, brother, sister, or parent of the dealer owner; to a manager who has been employed in the dealership for at least four years and is otherwise qualified as a dealer operator; or to a partnership or corporation owned and controlled by one or more of such persons;

(5) The franchisor agrees to pay the reasonable expenses, including reasonable attorney's fees, which do not exceed the usual customary, and reasonable fees charged for similar work done for other clients incurred by the proposed new owner and transferee before the franchisor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed change of ownership or transfer of dealership assets. However, payment of such expenses and attorney's fees shall not be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 20 days after the dealer's receipt of the franchisor's written request for such an accounting. Such an accounting may be requested by the franchisor before exercising its right of first refusal; and

(6) The franchisor agrees to comply with and be subject to the requirements and restraints as set forth in paragraphs (1) and (2) of subsection (a) of Code Section 10-1-664.1 and in subsection (b) of Code Section 10-1-664.1.

(b) Within the terms of a right of first refusal contract related to the proposed change of ownership or transfer of dealership assets:

(1) The franchisor, manufacturer, or distributor shall have the right to assume the dealer's lease for, or acquire the real property on which the franchise is located, on the same terms as those on which the real property or lease was to be sold or transferred to the proposed new owner in connection with the sale of the franchise, unless otherwise agreed to by the dealer and manufacturer or distributor. The franchisor, manufacturer, or distributor shall have the right to assign the lease or to convey the real property; and

(2) The franchisor, manufacturer, or distributor shall assume all of the duties, obligations, and liabilities contained in the agreements that were to be assumed by the proposed new owner and with respect to which the franchisor, manufacturer, or distributor exercised the right of first refusal, provided that the franchisor, manufacturer, or distributor has knowledge of such obligations at the time of the exercise of the right of first refusal."

(1) The converting foreign corporation shall become a corporation formed under this chapter, provided that the existence of the corporation so formed shall be deemed to have commenced on the date the converting foreign corporation commenced its existence in the jurisdiction in which such foreign corporation was first created, formed, or incorporated or otherwise came into being;

(2) The articles of incorporation filed with the certificate of conversion shall be the articles of incorporation of the corporation formed pursuant to such conversion unless and until amended in accordance with this chapter;

(3) The governing documents of the converting foreign corporation shall be of no further force or effect;

(4) The resulting corporation formed by such conversion shall retain all of the rights, privileges, immunities, franchises, and powers of the converting foreign corporation; all property, real, personal, and mixed; all contract rights; and all debts due to such converting foreign corporation, as well as all other choses in action; and each and every other interest of or belonging to or due to the converting foreign corporation shall be taken and deemed to be vested in the resulting corporation without further act or deed. 14-3-1121.

(a) By complying with this Code section, a corporation may become a foreign corporation if the law of the foreign jurisdiction authorizes domestication, redomestication, reincorporation, conversion, or a similar statutory procedure to become a foreign corporation.

(b) To become a foreign corporation, a corporation shall convert to a foreign corporation, and to effect such conversion, the corporation shall adopt and file with the Secretary of State a certificate of conversion as required by subsection (n) of this Code section.

(3) In writing by any person or persons whose approval is required by a provision of the articles authorized by Code Section 14-3-1030 for an amendment to the articles or bylaws.

office at the time the certificate of conversion is adopted. The corporation shall provide notice as provided for in subsection (b) of Code Section 14-3-822 of any directors' meeting at which adoption of the certificate of conversion will be considered. Such notice shall also state that the purpose, or one of the purposes, of such meeting is for consideration of the adoption of the certificate of conversion.

(e) The board may condition its adoption of the certificate of conversion, and the members may condition their approval of the adoption of the certificate of conversion, on the receipt of a higher percentage of affirmative votes or on any other basis.

Such material shall conspicuously identify any adverse change to the rights of members that would result from the conversion, including, but not limited to, any adverse change to the rights of members under the law of the foreign jurisdiction applicable to the proposed foreign corporation. Such material shall also include a copy or summary of the articles of incorporation, bylaws, and any other similar governing documents of the proposed foreign corporation that will become effective upon the conversion.

(h) Voting by members or classes of members is required to approve the adoption of a certificate of conversion if the conversion will implement any provision that, if contained in a proposed amendment to the articles of incorporation or bylaws of the corporation, would entitle the members or classes of members to vote on such proposed amendment under Code Sections 14-3-1003, 14-3-1004, 14-3-1021, or 14-3-1022. In such circumstances, the corporation shall comply with subsection (f) or (g) of this Code section, as applicable, with respect to the members or classes of members entitled to vote. Furthermore, the certificate of conversion may be adopted if it is approved by the members or classes of members entitled to vote in the same manner as would be required to approve such proposed amendment or, if the articles or bylaws do not specify how the members or classes of members vote to approve such proposed

(i) A corporation described in paragraph (2) of subsection (a) of Code Section 14-3-1302 must give written notice to the Attorney General, including a copy of the proposed certificate of conversion and a copy or summary of the articles of incorporation and bylaws, or similar governing documents, of the proposed foreign corporation that will become effective upon the conversion at least 30 days before the certificate of conversion is filed in accordance with subsection (n) of this Code section.

(j) Any of the terms of the certificate of conversion may be made dependent upon facts ascertainable outside of the certificate of conversion, provided that the manner in which such facts shall operate upon the terms of the conversion is clearly and expressly set forth in the certificate of conversion. As used in this subsection, the term 'facts' includes, but is not limited to, the occurrence of any event, including a determination or action by any person or body, including the corporation.

(k) After a certificate of conversion has been adopted, unless the certificate of conversion provides otherwise, and at any time before the conversion has become effective, the conversion may be abandoned, subject to any contractual rights, in accordance with the procedure set forth in the certificate of conversion or, if none is set forth, in the manner determined by the board of directors.

(l) The conversion shall be effected as provided in, and shall have the effects provided by, the law of the state or jurisdiction under whose law the resulting foreign corporation is formed and, to the extent not inconsistent with such law, by the terms of the certificate of conversion.

(m) If the resulting foreign corporation is required to obtain a certificate of authority to transact business in this state by the provisions of this title governing foreign corporations, such resulting foreign corporation shall do so pursuant to Code Section 14-3-1501.

(n) After a certificate of conversion is adopted in accordance with this Code section, unless the conversion subsequently is abandoned, the corporation shall deliver to the Secretary of State for filing the certificate of conversion which shall set forth:

(p) A converting corporation provided for in this Code section shall file a copy of its certificate of conversion, certified by the Secretary of State, in the office of the clerk of the superior court of the county where any real property owned by such converting corporation is located and record such certified copy of the certificate of conversion in the books kept by such clerk for recordation of deeds in such county with the converting corporation indexed as the grantor and the resulting foreign corporation indexed as the grantee. No real estate transfer tax otherwise required by Code Section 48-6-1 shall be due with respect to the recordation of such certificate of conversion.

(q) Upon the conversion provided for in this Code section becoming effective:

The following substitute, offered by Representatives Fleming of the 121st and Strickland of the 111th, was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Code Section 9-3-29 of the Official Code of Georgia Annotated, relating to limitations of actions relative to breach of restrictive covenant, so as to provide for accrual periods of rights of action; to amend Title 44 of the Official Code of Georgia Annotated, relating to property, so as to provide for the expansion of a condominium after the declarant's right to expand has expired and provide for procedures for such

expansion; to provide for the procedure and right of certain property owners to take control of a condominium association, property owner's association, or entity created pursuant to covenants restricting land to certain uses affecting certain planned subdivisions; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 9-3-29 of the Official Code of Georgia Annotated, relating to limitations of actions relative to breach of restrictive covenant, is amended by revising subsection (c) as follows:

"(c) For the purpose of this Code section, the right of action shall accrue immediately upon the erection of a permanent fixture which results in a violation of the covenant restricting lands to certain uses or the violation of a set-back line provision. When an alleged violation or complaint is based upon a continuous violation of the covenant resulting from an act or omission, the right of action shall accrue each time such act or omission occurs. This Code section shall not be construed so as to extend any applicable statute of limitations affecting actions in equity."

SECTION 2.

Title 44 of the Official Code of Georgia Annotated, relating to property, is amended in Code Section 44-3-89, relating to expansion of condominiums and amendments to declarations, as follows:

"44-3-89.

(a) No condominium shall be expanded except in accordance with the provisions of the declaration and this article.

(b) Any expansion shall be deemed to have occurred at the time of the recordation of plats or plans pursuant to subsection (c) of Code Section 44-3-83 and an amendment to the declaration effecting the expansion duly executed by the declarant, all other owners or lessees of the additional property being added to the condominium, and all mortgages of the additional property being added to the condominium. The amendment shall contain a legal description by metes and bounds of the additional property being added to the condominium and shall reallocate undivided interests in the common elements, votes in the association, and liabilities for future common expenses all in accordance with the provisions of the declaration.

(c) Notwithstanding any other provision of this article, a condominium may be expanded by the association at any time after the declarant's right to expand the condominium has expired, provided that the unit owners of units to which two-thirds of the votes in the association appertain, or such higher amount as may be required by the declaration, exclusive of any vote or votes appurtenant to any unit or units then owned by the declarant, consent to an amendment to the governing documents expanding the condominium under the same terms and conditions as set forth in an explicit reservation

of an option or options to expand the condominium contained in the condominium instruments as required by subsection (b) of Code Section 44-3-77; and provided, further, that such explicit reservation existed within the first seven years of the recording of the governing documents. The amendment shall contain a legal description by metes and bounds of the additional property being added to the condominium and shall reallocate undivided interests in the common elements, votes in the association, and liabilities for future common expenses all in accordance with the provisions of the declaration. The amendment shall be executed by all owners or lessees of the additional property being added to the condominium and all mortgagees of the additional property being added to the condominium. Additionally, the agreement of the required majority of unit owners to the amendment shall be evidenced by their execution of the amendment. In the alternative, the sworn statement of the president, any vice president, or the secretary of the association attached to or incorporated in an amendment executed by the association, which sworn statement states unequivocally that agreement of the required majority was otherwise lawfully obtained and that any notices required under this article were properly given, shall be sufficient to evidence the required agreement."

SECTION 3.

Said title is further amended in Code Section 44-3-101, relating to control of a condominium association by a declarant, surrender of control to unit owners, liability for books and records, and cancellation of leases and contracts, by revising subsection (c) as follows:

"(c)(1) Notwithstanding and prior to the usual expiration of the period of the declarant's right to control the association pursuant to subsection (a) of this Code section and notwithstanding any provision to the contrary in any condominium instruments, the association's articles of incorporation, or the association's bylaws, the right to control also may pass to the unit owners as provided in this subsection if the declarant fails to do any of the following:

(A) With respect to a single employee, the portion of any salary which exceeds $500,000.00 for a single production shall not be included when calculating total aggregate payroll; and

(B) All payments to a single employee and any legal entity in which the employee has any direct or indirect ownership interest shall be considered as having been paid to the employee and shall be aggregated regardless of the means of payment or distribution.

(c) A production company that invests in a state certified production shall be allowed an income tax credit against the tax imposed under this article equal to 15 percent of such production company's qualified production expenditures if such production company's qualified production expenditures equal or exceed the spending threshold.

A BILL TO BE ENTITLED
AN ACT

To amend Title 20 and Title 48 of the Official Code of Georgia Annotated, relating to education and to revenue and taxation, respectively, so as to authorize the Public Education Innovation Fund Foundation to receive private donations to be used for grants to public schools; to provide for grant criteria; to provide for an income tax credit for qualified education donations; to provide for conditions and limitations; to provide for powers, duties, and authority of the state revenue commissioner with respect to such donations; to provide for related matters; to provide for an effective date; to provide for applicability; to provide for a sunset date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 20 of the Official Code of Georgia Annotated, relating to education, is amended by revising Code Section 20-14-26.1, relating to the authority of the Office of Student Achievement to incorporate nonprofit corporations as public foundations, as follows:

"20-14-26.1.

(a) The office shall have the power and authority to incorporate a nonprofit corporation that could qualify as a public foundation under Section 501(c)(3) of the Internal Revenue Code to aid the office in carrying out any of its powers and in accomplishing any of its purposes. Any nonprofit corporation created pursuant to this power shall be created pursuant to Chapter 3 of Title 14, the 'Georgia Nonprofit Corporation Code,' and the Secretary of State shall be authorized to accept such filing.

(b) Any nonprofit corporation created pursuant to this Code section shall be subject to the following provisions:

(1) In accordance with the Constitution of Georgia, no governmental functions or regulatory powers shall be conducted by any such nonprofit corporation;

(2) Upon dissolution of any such nonprofit corporation incorporated by the office, any assets shall revert to the office or to any successor to the office or, failing such succession, to the State of Georgia;
(3) As used in this paragraph, the term 'direct employee costs' means salary, benefits, and travel expenses. To avoid the appearance of undue influence on regulatory functions by donors, no donations to any such nonprofit corporation from private sources shall be used for direct employee costs of the office;
(4) Any such nonprofit corporation shall be subject to all laws relating to open meetings and the inspection of public records;
(5) The office shall not be liable for the action or omission to act of any such nonprofit corporation;
(6) No debts, bonds, notes, or other obligations incurred by any such nonprofit corporation shall constitute an indebtedness or obligation of the State of Georgia nor shall any act of any such nonprofit corporation constitute or result in the creation of an indebtedness of the state. No holder or holders of any such bonds, notes, or other obligations shall ever have the right to compel any exercise of the taxing power of the state nor to enforce the payment thereof against the state; and
(7) Any nonprofit corporation created pursuant to this Code section shall not acquire or hold a fee simple interest in real property by any method, including but not limited to gift, purchase, condemnation, devise, court order, and exchange.
(b.1)(1) Pursuant to this Code section, the office may establish a nonprofit corporation to be designated as the Public Education Innovation Fund Foundation to promote Public-Private Partnerships between businesses, nonprofit organizations, institutions of higher education, local school systems, and public schools, for the purpose of improving student achievement. Funds received by the foundation may be awarded through a competitive grant process administered by the office. The General Assembly may appropriate funds for purposes of this foundation beginning in Fiscal Year 2015.

(2)(A) Such foundation shall also be authorized to receive donations from taxpayers pursuant to Code Section 48-7-29.21 for the purpose of awarding grants to public schools for the implementation of academic and organizational innovations to improve student achievement, with priority given to schools that have performed in the lowest 5 percent of schools in this state identified in accordance with the state-wide accountability system established in the state plan pursuant to the federal Every Student Succeeds Act, and for the dissemination of information regarding successful innovations to other public schools in this state. Funds received by the foundation for such purpose may be awarded through a competitive grant process administered by the office. The criteria for awarding such grants shall include the potential to which the innovation is likely to result in the proposed improvement, the potential for widespread adoption of such innovation by other public schools in the state, the quality of the proposed project design, the reasonableness of the costs involved in conducting the project, and such other criteria which the office may

deem appropriate and necessary. The foundation shall not be authorized to withhold any funds to cover costs incurred in administering the grant process.

(B) The foundation shall report to the Department of Revenue, on a form provided by the Department of Revenue, by January 12 of each tax year the following:

(i) The total number and dollar value of donations and tax credits approved. Individual contributions shall include contributions made by those filing income tax returns as a single individual or head of household and those filing joint returns;

(ii) The total number and dollar value of corporate donations and tax credits approved;

(iii) The total number and dollar value of grants awarded to public schools; and

(iv) A list of donors, including the dollar value of each donation and the dollar value of each approved tax credit.

The Department of Revenue shall post on its website the information received pursuant to divisions (i) through (iii) of this subparagraph.

(C) Except for the information reported pursuant to divisions (i) through (iii) of subparagraph (B) of this paragraph, all information or reports provided by the foundation to the Department of Revenue shall be confidential taxpayer information, governed by Code Sections 48-2-15, 48-7-60, and 48-7-61, whether it relates to the donor or the foundation.

(c) Any nonprofit corporation created pursuant to this Code section shall make public and provide an annual report showing the identity of all donors and the amount each person or entity donated as well as all expenditures or other disposal of money or property donated, except as otherwise provided in paragraph (2) of subsection (b.1) of this Code section. Such report shall be provided to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, and the chairpersons of the House Committee on Education and the Senate Education and Youth Committee. Any such nonprofit corporation shall also provide such persons with a copy of all corporate filings with the federal Internal Revenue Service."

SECTION 2.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by adding a new Code section to read as follows:

"48-7-29.21.

(a) As used in this Code section, the term:

(1) 'Qualified education donation' means a donation made by a taxpayer to the Public Education Innovation Fund Foundation for the purpose of awarding grants to public schools in this state pursuant to paragraph (2) of subsection (b.1) of Code Section 20-14-26.1.

(2) 'Public Education Innovation Fund Foundation' or 'foundation' means the foundation established pursuant to subsection (b.1) of Code Section 20-14-26.1.

(b) An individual taxpayer shall be allowed a credit against the tax imposed by this chapter for qualified education donations as follows:

(1) In the case of a single individual or a head of household, the actual amount donated or $1,000.00 per tax year, whichever is less;

(2) In the case of a married couple filing a joint return, the actual amount donated or $2,500.00 per tax year, whichever is less; or

(3) Anything to the contrary contained in paragraph (1) or (2) of this subsection notwithstanding, in the case of an individual who is a member of a limited liability company duly formed under state law, a shareholder of a Subchapter 'S' corporation, or a partner in a partnership, the amount donated or $10,000.00 per tax year, whichever is less; provided, however, that tax credits pursuant to this paragraph shall only be allowed for the portion of the income on which such tax was actually paid by such member of the limited liability company, shareholder of a Subchapter 'S' corporation, or partner in a partnership.

(c) A corporation or other entity shall be allowed a credit against the tax imposed by this chapter for qualified education donations in an amount not to exceed the actual amount donated or 75 percent of the corporation's income tax liability, whichever is less.

(d)(1) The tax credit shall not be allowed if the taxpayer designates the taxpayer's qualified education donation for the direct benefit of any particular school or program which the taxpayer's child or children attend.

(2) In soliciting donations, the foundation shall not represent that, in exchange for donating to the foundation, the school a taxpayer's child or children attend shall receive a grant pursuant to paragraph (2) of subsection (b.1) of Code Section 20-14-26.1.

(e) In no event shall the total amount of the tax credit under this Code section for a taxable year exceed the taxpayer's income tax liability. Any unused tax credit shall be allowed the taxpayer against the succeeding five years' tax liability. No such credit shall be allowed the taxpayer against prior years' tax liability.

(f)(1) In no event shall the aggregate amount of tax credits allowed under this Code section exceed $5 million per tax year.

(2) The commissioner shall allow the tax credits on a first come, first served basis.

(3) For the purposes of paragraph (1) of this subsection, the foundation shall notify a potential donor of the requirements of this Code section. Before making a donation to the foundation, the taxpayer shall electronically notify the department, in a manner specified by the department, of the total amount of donations that the taxpayer intends to make to the foundation. The commissioner shall preapprove or deny the requested amount within 30 days after receiving the request from the taxpayer and shall provide notice to the taxpayer and the foundation of such preapproval or denial which shall not require any signed release or notarized approval by the taxpayer. In order to receive a tax credit under this Code section, the taxpayer shall make the donation to the foundation within 60 days after receiving notice from the department that the requested amount was preapproved. If the taxpayer does not comply with this paragraph, the commissioner shall not include this preapproved donation amount when calculating the limit prescribed in paragraph (1) of this subsection. The

department shall establish a web based donation approval process to implement this subsection.

(4) Preapproval of donations by the commissioner shall be based solely on the availability of tax credits subject to the aggregate total limit established under paragraph (1) of this subsection. The department shall maintain an ongoing, current list on its website of the amount of tax credits available under this Code section.

(g) In order for the taxpayer to claim a tax credit under this Code section, a confirmation of receipt of donation issued by the foundation shall be attached to the taxpayer's income tax return. However, in the event the taxpayer files an electronic return, such confirmation shall only be required to be electronically attached to the return if the Internal Revenue Service allows such attachments when the return is transmitted to the department. In the event the taxpayer files an electronic return and such confirmation is not attached because the Internal Revenue Service does not, at the time of such electronic filing, allow electronic attachments to the Georgia return, such confirmation shall be maintained by the taxpayer and made available upon request by the commissioner. The confirmation of receipt of donation shall contain the taxpayer's name, address, tax identification number, the amount of the donation, the date of the donation, and the amount of the credit.

(h) No credit shall be allowed under this Code section with respect to any amount deducted from taxable net income by the taxpayer as a charitable contribution to a bona fide charitable organization qualified under Section 501(c)(3) of the Internal Revenue Code.

(i) The commissioner shall be authorized to promulgate any rules and regulations necessary to implement and administer the tax provisions of this Code section."

SECTION 3.

(a) This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall be applicable to all taxable years beginning on or after January 1, 2018.

(b) This Act shall be automatically repealed December 31, 2020.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

A BILL TO BE ENTITLED
AN ACT

To amend Code Section 26-4-118 of the Official Code of Georgia Annotated, "The Pharmacy Audit Bill of Rights," so as to provide for requirements relating to certain audits conducted by the Department of Community Health; to amend Article 7 of Chapter 4 of Title 49 of the Official Code of Georgia Annotated, relating to medical assistance generally, so as to provide that clerical or other errors do not constitute a basis to recoup payments made by providers of medical assistance; to provide for a correction period; to provide for a right to a hearing; to provide for applicability; to provide for an increase in the personal needs allowance to be deducted from a nursing home resident's income; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 26-4-118 of the Official Code of Georgia Annotated, "The Pharmacy Audit Bill of Rights," is amended by revising subsection (g) as follows:

"(g) The provisions of paragraph (3) of subsection (b) of this Code section shall not apply to the Department of Community Health conducting audits under Article 7 of Chapter 4 of Title 49; provided, however, that the provisions of Code Section 49-4-151.1 shall apply to such audits conducted by the Department of Community Health under Article 7 of Chapter 4 of Title 49."

SECTION 2.

Article 7 of Chapter 4 of Title 49 of the Official Code of Georgia Annotated, relating to medical assistance generally, is amended by adding a new Code section to read as follows:

"49-4-151.1.

(a) Any clerical or record-keeping error, including but not limited to a typographical error, scrivener's error, or computer error; any unintentional error or omission in billing, coding, or required documentation; or any isolated instances of incomplete documentation by a provider of medical assistance regarding reimbursement for medical assistance may not in and of itself constitute fraud or constitute a basis to recoup payment for medical assistance provided, so long as any such errors or instances do not result in an improper payment. An improper payment includes any payment that was made to an ineligible recipient, payment for noncovered services, duplicate payments, payments for services not received, payments that are for the incorrect amount, and instances when the department is unable to discern whether a payment was proper because of insufficient or lack of documentation. The department or its agents shall not recoup the cost of medical assistance if such error, omission, or incomplete documentation has been resolved in accordance with subsection (b) of this Code section; provided, however, that recoupment shall be allowed to the extent that the error, omission, or incomplete documentation resulted in an improper payment, though recoupment shall be limited to the amount improperly paid.

(b) A provider of medical assistance shall be allowed 30 calendar days following receipt by the provider of a preliminary audit review report in which to submit records or documents to correct an error or omission or to complete documentation identified in such review report; provided, however, that the department or its agents, in the discretion of the department, may reject the submission of a corrected record or document if the submission would result in an improper payment, or the provider demonstrates a pattern of repeated errors, omissions, or incomplete documentation. The department shall be authorized to establish rules and regulations delineating what constitutes a pattern of repeated errors, omissions, or incomplete documentation taking into consideration the type of provider; frequency of audits; volume of claims submitted by a provider; type of error, omission, or incomplete documentation; and other pertinent factors.

(c) A provider of medical assistance shall be afforded the right to a hearing in accordance with Code Section 49-4-153 for any attempted withholding of reimbursement or recoupment by the department or its agents relating to an error,

omission, incomplete documentation, or improper payment relating to the provision of medical assistance.

(d) This Code section shall not apply to criminal or civil investigations which involve fraud, willful misrepresentation, reckless disregard, or abuse conducted by the Attorney General's Medicaid Fraud Control Unit or other law enforcement agencies."

SECTION 3.

Said article is further amended in Code Section 49-4-142, relating to modification of the state plan, by adding a new subsection to read as follows:

"(d) The department shall, upon state appropriations, implement a modification of the state plan for medical assistance or any affected rules or regulations of the department, which modification shall provide that, in determining the amount of a recipient's income that is to be applied to payment for the costs of care in a nursing home, there shall be deducted a personal needs allowance of not less than $70.00 per month which shall include the minimum amount required by 42 U.S.C. Section 1396a(q)(2)."

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to ad valorem taxation of property, so as to revise the criteria used by tax assessors to determine the fair market value of real property; to allow certain business corporations to participate in the indirect ownership of a home for the mentally disabled for financing purposes; to provide for procedures, conditions, and limitations; to provide that certain disabled veterans shall be issued refunds of certain ad valorem taxes paid during certain periods of time when such disabled veterans receive final determinations of disability containing retroactive periods of eligibility; to provide for a referendum; to provide for a contingent effective date; to provide for automatic repeal under certain circumstances; to provide for applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to ad valorem taxation of property, is amended by revising paragraph (3) of Code Section 48-5-2, relating to definitions, as follows:

"(3) 'Fair market value of property' means the amount a knowledgeable buyer would pay for the property and a willing seller would accept for the property at an arm's length, bona fide sale. The income approach, if data is available, shall be ~~considered~~ utilized in determining the fair market value of income-producing property, and, if actual income and expense data are voluntarily supplied by the property owner, such data shall be considered in such determination. Notwithstanding any other provision of this chapter to the contrary, the transaction amount of the most recent arm's length, bona fide sale in any year shall be the maximum allowable fair market value for the next taxable year. With respect to the valuation of equipment, machinery, and fixtures when no ready market exists for the sale of the equipment, machinery, and fixtures, fair market value may be determined by resorting to any reasonable, relevant, and useful information available, including, but not limited to, the original cost of the property, any depreciation or obsolescence, and any increase in value by reason of inflation. Each tax assessor shall have access to any public records of the taxpayer for the purpose of discovering such information.

(A) In determining the fair market value of a going business where its continued operation is reasonably anticipated, the tax assessor may value the equipment, machinery, and fixtures which are the property of the business as a whole where appropriate to reflect the accurate fair market value.

(B) The tax assessor shall apply the following criteria in determining the fair market value of real property:

(i) Existing zoning of property;

(ii) Existing use of property, including any restrictions or limitations on the use of property resulting from state or federal law or rules or regulations adopted pursuant to the authority of state or federal law;

(iii) Existing covenants or restrictions in deed dedicating the property to a particular use;

(iv) Bank sales, other financial institution owned sales, or distressed sales, or any combination thereof, of comparable real property;

(v) Decreased value of the property based on limitations and restrictions resulting from the property being in a conservation easement;

(vi) Rent limitations, ~~operational requirements~~ higher operating costs resulting from regulatory requirements imposed on the property, and any other restrictions imposed upon the property in connection with the property being eligible for any income tax credits ~~described in subparagraph (B.1)~~ with respect to real property which are claimed and granted pursuant to either Section 42 of the Internal Revenue Code of 1986, as amended, or Chapter 7 of this ~~paragraph~~ title or receiving any other state or federal subsidies provided with respect to the use of the property as residential rental property; provided, however, that ~~such~~ properties described in ~~subparagraph (B.1) of this paragraph~~ this division shall not be considered comparable real property for the assessment or appeal of assessment of ~~other~~ properties not covered by this division; ~~and~~

(vii)(I) In establishing the value of any property subject to rent restrictions under the sales comparison approach, any income tax credits described in division (vi) of this subparagraph that are attributable to a property may be considered in determining the fair market value of the property provided that the tax assessor uses comparable sales of property which, at the time of the comparable sale, had unused income tax credits that were transferred in an arm's length bona fide sale.

(II) In establishing the value of any property subject to rent restrictions under the income approach, any income tax credits described in division (vi) of this subparagraph that are attributable to property may be considered in determining the fair market value of the property provided that such income tax credits generate actual income to the record holder of title to the property; and

~~(vii)~~(viii) Any other existing factors provided by law or by rule and regulation of the commissioner deemed pertinent in arriving at fair market value."

SECTION 2.

Said chapter is further amended by revising paragraph (13) of subsection (a) of Code Section 48-5-41, relating to property exempt from taxation, as follows:

"(13)(A) All property of any nonprofit home for the mentally disabled used in connection with its operation when the home for the mentally disabled has no stockholders and no income or profit which is distributed to or for the benefit of any private person and when the home is qualified as an exempt organization under the United States Internal Revenue Code of 1954, Section 501(c)(3), as amended, and

Code Section 48-7-25, and is subject to the laws of this state regulating nonprofit and charitable corporations.

(B) Property exempted by this paragraph shall not include property of a home for the mentally disabled held primarily for investment purposes or used for purposes unrelated to the providing of residential or health care to the mentally disabled~~;~~.

(C) For purposes of this paragraph, indirect ownership of such home for the mentally disabled through a limited liability company that is fully owned by such exempt organization shall be considered direct ownership.

(D) For purposes of this paragraph, the participation of a business corporation or other entity or person in the indirect ownership of such home for the mentally disabled, as a member of the limited liability company or limited partner of the partnership that is the direct owner of such home, for the purpose of providing financing for the construction or renovation of such home in return for a share of any tax credits pursuant to United States Internal Revenue Code of 1986, Section 42, as amended, and which relinquishes all ownership of such home upon the completion of its obligation under the financing agreement, shall not operate to disqualify such home for the exemption under this paragraph;"

SECTION 3.

Said chapter is further amended in Code Section 48-5-48, relating to homestead exemption by qualified disabled veterans, filing requirements, periodic substantiation of eligibility, and persons eligible without application, by adding a new subsection to read as follows:

"(g)(1) If a disabled veteran receives a final determination of disability from the United States Department of Veterans Affairs containing a retroactive period of eligibility, such disabled veteran or his or her surviving unremarried spouse or minor children shall be entitled to a refund of the ad valorem taxes paid during such period that he or she or his or her surviving unremarried spouse or minor children would have otherwise been exempt from such taxes pursuant to this Code section, provided that the refund shall only be for the three tax years preceding his or her or his or her surviving unremarried spouse's or minor children's application for the homestead exemption permitted by this Code section.

(2) Upon application for the homestead exemption provided by this Code section and submittal of proper documentation, each county and municipality shall consider the taxes paid by such disabled veteran or his or her surviving unremarried spouse or minor children under the circumstances provided in paragraph (1) of this subsection to be voluntarily or involuntarily overpaid and shall refund such taxes to such disabled veteran or his or her surviving unremarried spouse or minor children in accordance with Code Section 48-5-380.

(3) Upon final determination and approval of a period of prior eligibility, the county board of assessors shall immediately transmit such approval to the local tax commissioner and local municipal tax officer if applicable. The tax commissioner and municipal tax officer shall be authorized to refund the proportionate amount of

taxes from the entities for whom the taxes were collected for the tax years approved for the exemption. Such refund shall not exceed three tax years and shall not include interest."

SECTION 4.

The Secretary of State shall call and conduct an election as provided in this section for the purpose of submitting Section 2 of this Act to the electors of the entire state for approval or rejection. The Secretary of State shall conduct such election on the Tuesday next following the first Monday in November, 2018, and shall issue the call and conduct that election as provided by general law. The Secretary of State shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date thereof in the official organ of each county in the state. The ballot shall have written or printed thereon the words:

"( ) YES Shall the Act be approved which provides an exemption from ad valorem
( ) NO taxes on nonprofit homes for the mentally disabled if they include business corporations in the ownership structure for financing purposes?"

All persons desiring to vote for approval of Section 2 of this Act shall vote "Yes," and all persons desiring to vote for rejection of Section 2 of this Act shall vote "No." If more than one-half of the votes cast on such question are for approval of the Act, Section 2 of this Act shall become of full force and effect on January 1, 2019, and shall be applicable to all tax years beginning on or after such date. If Section 2 of this Act is not so approved or if the election is not conducted as provided in this section, Section 2 of this Act shall not become effective, and Section 2 of this Act shall be automatically repealed on the first day of January immediately following that election date. It shall be the duty of each county election superintendent to certify the result thereof to the Secretary of State.

SECTION 5.

Except as otherwise provided in Section 4 of this Act, this Act shall become effective on July 1, 2017.

SECTION 6.

All laws and parts of laws in conflict with this Act are repealed.
