"53-2-27.

(a)(1) When the kinship of any party in interest to a decedent is in controversy in any proceeding under this article, a probate court or superior court may order the removal and testing of deoxyribonucleic acid (DNA) samples from the remains of the decedent and from any party in interest whose kinship to the decedent is in controversy for purposes of comparison and determination of the statistical likelihood of such kinship; provided, however, that no DNA testing shall be ordered with respect to any party in interest whose kinship to the decedent was created or terminated by a decree of adoption, pursuant to subsection (a) of Code Section 19-8-19, unless the right of inheritance of such party in interest was not affected by the adoption, pursuant to subsection (b) of Code Section 19-8-19, or if such party in interest was conceived by means of artificial insemination, in vitro fertilization, or other similar method of assisted reproduction; and provided, further, that, for purposes of this subsection, a decree of adoption shall include:

testing of samples, and the person or persons by whom ~~it is~~ such removal and testing of DNA samples are to be made. When such motion is made prior to the birth of a child whose kinship to the decedent is in controversy, such order shall direct that the DNA testing be conducted as soon as medically feasible after the birth of such child and may stay the proceedings until after the child's birth except service of notice; provided, however, that the requirements of paragraph (1) of subsection (b) of Code Section 53-2-1 shall remain applicable to such child. Such motion, when made by a party in interest, shall be supported by affidavit setting forth:

Unless a party in interest objects in writing within seven days after receiving such report and prior to the date of such hearing, such report shall be admitted in evidence without the need for foundation testimony or other proof of authenticity or accuracy. When a timely objection is filed, such report shall be admitted in evidence when offered by a duly qualified licensed practicing physician, duly qualified immunologist, or other duly qualified person; provided, however, that in all cases the court shall determine the number and qualifications of the experts. Other relevant evidence shall be admitted as is deemed appropriate by the court. To provide any party in interest an adequate opportunity to be heard or as otherwise appears reasonably necessary to a just determination in a proceeding under this article, the court shall grant a continuance of any such hearing. Upon motion of any party in interest or on the court's own motion, any hearing or trial held in a proceeding under this article may be held in closed court without any person other than those necessary to the proceeding being admitted.

(d)(1) The costs of obtaining and testing of ~~such~~ DNA samples, including the costs of disinterment and reinterment of the remains of the decedent, if necessary, as well as the costs of providing the report, shall be assessed against and paid by the moving party, and the court may award such costs as part of its final decree; provided, however, that the court may, in its discretion after all parties in interest have been given reasonable opportunity to be heard, cast all or part of such costs against one or more parties in interest upon entering a finding of fact that any such party has asserted in bad faith a position with respect to the kinship in controversy in a proceeding under this article or has failed unreasonably to cooperate with an order for DNA testing entered pursuant to

this Code section. The costs of disinterment may include a reasonable fee for services provided by a cemetery company in connection therewith, subject to the limitation upon such charges imposed by subsection (d) of Code Section 10-14-17.

(3) The trier of fact shall receive without foundation or the need for third-party testimony evidence of the costs and fees provided for by this subsection, and the evidence so presented shall constitute prima-facie evidence of the amounts of the costs so incurred. Copies of bills for the obtaining and testing of DNA samples, including the costs of disinterment and reinterment of the remains of the decedent, if necessary, furnished to all parties in interest at least ten days prior to the date of a hearing at which such copies of bills may be introduced into evidence, are admissible in evidence to prove that the charges billed were reasonable, necessary, and customary; provided, however, that nothing in this paragraph shall be construed to limit the right of a thorough and sifting cross-examination as to such evidence.

(e) DNA testing performed pursuant to this Code section shall be conducted by a laboratory certified by the American Association of Blood Banks, shall be conducted so that the results meet the standards the American Association of Blood Banks requires in order for such results to be admitted as evidence in a court of law, and shall be performed by a duly qualified licensed practicing physician, duly qualified immunologist, or other duly qualified person; provided, however, that in all cases the court before which proceedings on the estate are pending shall determine the number and qualifications of the experts.

(f) An order for DNA testing entered pursuant to this Code section shall be enforceable by contempt; provided, however, that, if the movant refuses to submit to such an order, the court may, in its discretion after all parties in interest have been given reasonable opportunity to be heard, dismiss or strike the movant's pleadings upon motion by any party in interest or on the court's own motion.

(g) Except as ordered by the court for good cause shown pursuant to subsection (b) of this Code section, the genetic material collected for DNA testing performed pursuant to this Code section:

(1) If collected through the disinterment of the decedent's remains, shall be destroyed within a reasonable time as determined by the court;

(3) Shall not be shared with any other person or entity except to the extent reasonably necessary for compliance with paragraphs (1) and (2) of this subsection.

(h) The disinterment and reinterment of the decedent's remains in accordance with a court order entered pursuant to subsection (a) of this Code section:

(1) Shall not require a permit under Code Section 12-3-52, 12-3-82, or 36-72-4 as a condition precedent to such disinterment;
(2) Shall not require authorization under subsection (f) of Code Section 31-10-20 as a condition precedent to such disinterment or reinterment;

(6) May be done by any person who is or is able to be authorized to disinter the remains of a human body under Code Section 45-16-45 or subsection (b) of Code Section 45-16-51; provided, however, that nothing in this paragraph shall limit the persons whom the court may designate to perform such disinterment pursuant to subsection (b) of this Code section.

(i) Any person disinterring or reinterring a decedent's remains in accordance with a court order entered pursuant to subsection (a) of this Code section shall be deemed to be a person having duties imposed upon that person relating to the possession or disposition of dead bodies while in the performance of said duties within the meaning of subsection (b) of Code Section 31-21-44.
(j) DNA testing performed pursuant to this Code section shall be deemed to be genetic testing conducted to obtain information for therapeutic or diagnostic purposes within the meaning of subsection (a) of Code Section 33-54-3; provided, however, that DNA testing performed pursuant to this Code section may be conducted without written consent prior to the decedent's death.
(k) Any court issuing an order with respect to a determination of heirship under this article shall not, insofar as possible, attach the written results from DNA testing to any pleading or court order."

It shall not be necessary to furnish a statement of receipts and disbursements to any heir or beneficiary who is not sui juris or for the probate court to appoint a guardian for such person.

(d) When a personal representative has been relieved from furnishing statements of receipts and disbursements, the probate court, on its own motion or on the representation of any party in interest that the personal representative is mismanaging the estate, shall order the personal representative to appear and show cause as to why statements of receipts and disbursements should not be furnished or the personal representative's letters revoked. (2) The failure of the General Assembly to codify an established principle of common law or equity governing trusts shall not be construed as evidence that the General Assembly intended to reject that principle unless this chapter or another provision of law is inconsistent with that principle or there is other evidence the General Assembly intended that such principle should no longer apply."

SECTION 66.

Said title is further amended by revising subsections (d), (h), and (k) of and by adding a new subsection to Code Section 53-12-8, relating to notice to person permitted to bind another person, consent on behalf of another person, and representation of others, to read as follows:

"(k) Any person whose interests would be affected or who reasonably claims to represent or bind a person whose interests would be affected may request that the court determine whether an interest is represented under this Code section or whether the representation is adequate. If the court determines that an interest is not represented under this Code section, or that the otherwise available representation might be inadequate, the court may appoint a representative to receive notice, give consent, and otherwise represent, bind, and act on behalf of a minor, incapacitated, or unborn individual, or a person whose identity or location is unknown and not reasonably ascertainable. A representative may be appointed to represent several persons or interests. A representative may act on behalf of the individual represented with respect to any matter arising under this chapter, regardless of whether a judicial proceeding concerning the trust is pending. (c) The trustee, trust director, and any person whose interests would be affected by a nonjudicial settlement agreement may request that the court approve such agreement, determine whether the representation as provided in Code Section 53-12-8 was adequate, determine whether such agreement violates a material purpose of the trust, determine whether such agreement contains terms and conditions the court could have properly approved, or make any other similar determination.

(d) A nonjudicial settlement agreement entered into in accordance with this Code section shall be final and binding on all parties to such agreement, including ~~individuals not sui juris, unborn beneficiaries, and persons unknown~~ parties who are represented by a person who may represent and bind such parties under Code Section 53-12-8, as if ordered by a court with competent jurisdiction over the trust, the trust property, and the parties.

(e) Entering into or petitioning a court regarding a nonjudicial settlement agreement under this Code section shall not constitute a violation of a condition in terrorem under Code Section ~~53-12-22~~ 53-12-29."

SECTION 68.

Said title is further amended by revising Code Section 53-12-22, relating to trust purposes and conditions in terrorem, as follows:

"53-12-22.

Said title is further amended by adding a new Code section to Article 2 of Chapter 12, relating to creation and validity of express trusts, to read as follows:

"53-12-29.

A condition in terrorem shall be void unless there is a direction in the trust instrument as to the disposition of the property if the condition in terrorem is violated, in which event the direction in the trust instrument shall be carried out, except that a condition in terrorem shall not be enforceable against an individual for:

(1) Bringing an action for interpretation or enforcement of a trust instrument;

(2) Bringing an action for an accounting, for removal, or for other relief against a trustee; or

SECTION 70.

Said title is further amended by adding a new Code section to Article 3 of Chapter 12, relating to revocable trusts, to read as follows:

(B) With respect to any trust property held for personal use or enjoyment by a beneficiary or any other trust property designated as being subject to this paragraph pursuant to paragraph (3) of subsection (c) of this Code section:

(i) The settlor shall have the power to direct the trustee in the management of such property and the provisions of Article 18 of this chapter shall apply so that the trustee is a directed trustee who, without limitation, is relieved from the duties from which trustees are relieved under subsection (f) of Code Section 53-12-504; and

(ii) The trustee shall not have any duty to account at least annually to the beneficiaries under paragraph (1) of subsection (b) of Code Section 53-12-243, to keep the beneficiaries reasonably informed of the trust and its administration under the common law, or to provide information to the trust director under paragraph (1) of subsection (c) of Code Section 53-12-504.

(2) Unless the trust instrument provides otherwise, if the trustee is required or authorized in the trustee's discretion to make distributions of trust property to other beneficiaries while the settlor is alive, the settlor has not released the power to revoke the trust, and the settlor lacks capacity to revoke the trust, then the trustee owes duties to the beneficiaries to whom income or principal is required or authorized in the trustee's discretion to be distributed currently and the office of trust director created pursuant to this subsection is governed by Code Section 53-12-506.

(b) If subsection (a) of this Code section applies to a trust:

(C) The settlor's parent, spouse, or descendant; or

(D) Any qualified beneficiary of the trust;

(2) Upon a motion by the settlor, the court shall dismiss any action seeking to enforce the trust unless the court finds that the settlor lacks capacity to revoke the trust; and

(3) Upon a motion by a person described in subparagraph (A) or (B) of paragraph (1) of this subsection, the court shall dismiss any action seeking to enforce the trust filed by a person described in subparagraph (C) or (D) of paragraph (1) of this subsection, unless the court finds that the settlor's interests in the trust are not adequately represented by the person moving to dismiss the action.

(c) For purposes of this Code section:

(1) 'Property held for personal use or enjoyment' means property held for purposes other than, or in addition to, monetary value, and shall include, but not be limited to:

(2) If trust property includes an indirect interest in property, including, but not limited to, an interest in an entity, the entire indirect interest is held for personal use or enjoyment if any portion of the property in which the trustee holds an indirect interest is held for personal use or enjoyment.

(3)(A) The trust instrument, or a majority of the persons to whom the trustee owes duties under subsection (a) of this Code section in a writing delivered to the trustee, may designate trust property as:

(B) A designation of trust property made pursuant to subparagraph (A) of this paragraph shall control; provided, however, that a failure to make a designation of trust property pursuant to subparagraph (A) of this paragraph shall not constitute evidence that such property is not held for personal use or enjoyment.

(4) 'Management' of property means the exercise of all powers over such property that an unmarried competent owner has over individually owned property."

SECTION 71.

Said title is further amended by revising subsections (b), (c), and (k) of and by adding a new subsection to Code Section 53-12-61, relating to power to direct modification or termination, petition to modify or terminate irrevocable trust, proceeding to approve proposed modification or termination, distribution of trust property under order for termination, and waiver of notice, to read as follows:

"(b) During the settlor's lifetime, the court shall approve a petition to modify or terminate an irrevocable trust, even if the modification or termination is inconsistent with a material purpose of the trust, if the settlor and all qualified beneficiaries consent to such

modification or termination and the trustee has ~~received~~ been given notice of the proposed modification or termination. A settlor's power to consent to such trust's modification or termination may be exercised by:

(1) An agent under a power of attorney only to the extent expressly authorized by the power of attorney and the provisions of the trust;

(2) The settlor's conservator with the approval of the court supervising the conservatorship if an agent is not so authorized; or

(3) The settlor's guardian with the approval of the court supervising the guardianship if an agent is not so authorized and a conservator has not been appointed.

(c) Following the settlor's death the court shall approve a petition to:

(1) Modify an irrevocable trust if all qualified beneficiaries consent, the trustee has ~~received~~ been given notice of the proposed modification, and the court concludes that modification is not inconsistent with any material purpose of such trust; and

(2) Terminate an irrevocable trust if all qualified beneficiaries consent, the trustee has ~~received~~ been given notice of the proposed termination, and the court concludes that continuance of such trust is not necessary to achieve any material purpose of such trust."

"(k) Subsections (b) and (c) of this Code section shall not apply to charitable trusts. If a transfer to any other trust qualified for a charitable deduction under Sections 170(a), 2055(a), or 2522(a) of the federal Internal Revenue Code, the trust may not be modified or terminated pursuant to subsection (b) or (c) of this Code section in a manner that prevents the transfer to the trust from qualifying for or reduces the amount of such charitable deduction."

"(o) For purposes of subsection (b) of this Code section, notwithstanding the provisions of Code Section 53-12-8, all qualified beneficiaries shall represent and bind all other beneficiaries who are not qualified beneficiaries, regardless of whether there is a conflict of interest between a qualified beneficiary and any such other beneficiary or whether any such other beneficiary objects to the representation."

SECTION 72.

Said title is further amended by revising Code Section 53-12-62, relating to power of trustee to invade principal of original trust, as follows:

"53-12-62.

(a) As used in this Code section, the term:

(1) 'Original trust' refers to the trust from which principal is being distributed.

(2) 'Second trust' refers to the trust to which assets are being distributed from the original trust, whether a separate trust or an amended version of the original trust.

(b)(1) As used in this subsection, the term 'current beneficiary' means a person who, on the date of distribution to the second trust, is a distributee or permissible distributee of trust income or principal.

(2) Unless the original trust instrument expressly provides otherwise, a trustee, other than a ~~person who contributed property~~ donor to the trust, with the discretionary authority to ~~invade the~~ distribute income or principal of the original trust to make distributions to or for the benefit of one or more of the beneficiaries may also,

independently or with court approval, exercise such authority by distributing all or part of the income or principal of the original trust subject to such discretion to a trustee of a second trust; provided, however, that the second trust shall not include as a:

(A) Current beneficiary any person that is not a current beneficiary of income or principal of the original trust; or

(B) Beneficiary any person that is not a beneficiary of the original trust.

(c) Except as provided in this Code section, a trustee may exercise the power to ~~invade the~~ distribute income or principal of the original trust under subsection (b) of this Code section without the consent of the settlor or the beneficiaries of the original trust if such trustee provides written notice of such trustee's decision to exercise the power to such settlor, if living, any trust director, and those persons then entitled to annual reports from the trustee of the original trust under subsection (b) of Code Section 53-12-243, taking into account the provisions of the original trust and subsections (c) and (d) of Code Section 53-12-243. Such notice shall:

(1) Describe the manner in which such trustee intends to exercise such power;

(2) Specify the date such trustee proposes to distribute to the second trust; and

(3) Be delivered at least 30 days before the proposed distribution to the second trust.

(d) The exercise of the power to ~~invade the~~ distribute income or principal of the original trust under subsection (b) of this Code section shall be by an instrument in a writing, signed and acknowledged by the trustee, and filed with the records of the original trust.

(e) The exercise of the power to ~~invade the~~ distribute income or principal of the original trust under subsection (b) of this Code section shall not extend the permissible period of the rule against perpetuities that applies to such original trust.

(f) The exercise of the power to ~~invade the~~ distribute income or principal of the original trust under subsection (b) of this Code section by a trustee who is also a beneficiary shall be subject to the limitations of Code Section 53-12-270.

(g) This Code section shall not be construed to abridge the right of any trustee who has a power ~~of invasion~~ to distribute ~~property~~ income or principal in further trust that arises under any other law or under common law, and nothing in this Code section shall be construed to imply that the common law does not permit the exercise of a power to ~~invade the~~ distribute income or principal of a trust in the manner authorized under subsection (b) of this Code section.

(h) A second trust may confer a power of appointment upon a beneficiary of the original trust to whom or for the benefit of whom the trustee has the power to distribute ~~the~~ income or principal of such original trust. For purposes of this subsection, the permissible appointees of the power of appointment conferred upon a beneficiary may include persons who are not beneficiaries of such original trust or second trust.

(i) If any contribution to the original trust qualified for the annual exclusion under Section 2503(b) of the federal Internal Revenue Code, ~~as it existed on February 1, 2018,~~ the marital deduction under Section 2056(a) or 2523(a) of the federal Internal Revenue Code, ~~as it existed on February 1, 2018,~~ or the charitable deduction under Section 170(a), ~~642(c),~~ 2055(a), or 2522(a) of the federal Internal Revenue Code, ~~as it existed on February 1, 2018,~~ is a direct skip qualifying for treatment under Section 2642(c) of the

federal Internal Revenue Code, ~~as it existed on February 1, 2018,~~ or qualified for any other specific tax benefit that would be lost by the existence of the authorized trustee's authority under subsection (b) of this Code section for income, gift, estate, or generation-skipping transfer tax purposes under the federal Internal Revenue Code, then the authorized trustee shall not have the power to distribute the income or principal of a trust pursuant to subsection (b) of this Code section in a manner that would prevent the contribution to the original trust from qualifying for such exclusion, deduction, or other tax benefit or would reduce such exclusion, deduction, or other tax benefit that was originally claimed with respect to such contribution.

(j) The exercise of the power to ~~invade the~~ distribute income or principal of the original trust under subsection (b) of this Code section shall be subject to the following limitations with respect to any portion of the original trust or second trust that does or will qualify as a grantor trust with respect to a donor:

(1) The second trust need not qualify as a grantor trust for federal income tax purposes, even if the original trust does qualify as a grantor trust, except that if such original trust qualifies as a grantor trust because of the application of Section 672(f)(2)(A) of the federal Internal Revenue Code, ~~as it existed on February 1, 2018,~~ such second trust may not include or omit a term that, if included in or omitted from the original trust instrument, would have prevented such original trust from qualifying under such section;

(2) Notwithstanding any other provision of this Code section, when the original trust does not qualify as a grantor trust and the donor is alive, the terms of the second trust shall not provide for a power of disposition that is not exempt from the application of subsection (a) of Section 674 of the federal Internal Revenue Code unless an adverse party, as defined in subsection (a) of Section 672 of the federal Internal Revenue Code, approves or consents to the inclusion of the power in the second trust. Subject to paragraph (3) of this subsection, the second trust may qualify as a grantor trust pursuant to other sections of the federal Internal Revenue Code;

~~(2)~~(3) Unless ~~the settlor~~ the donor objects in a writing delivered to the trustee before the date the trustee proposes to distribute from the original trust to the second trust, such second trust may qualify as a grantor trust for federal income tax purposes, even if such original trust does not so qualify, except that if such original trust does not so qualify and such second trust will so qualify, in whole or in part, with respect to the ~~settlor~~ donor, such second trust shall grant such ~~settlor~~ donor or another person a power that would cause such second trust to cease to be a grantor trust for federal income tax purposes; and

~~(3)~~(4) When both the original trust and the second trust qualify as grantor trusts for federal income tax purposes and such original trust grants the ~~settlor~~ donor or another person the power to cause such original trust to cease to be a grantor trust, such second trust shall grant an equivalent power to the ~~settlor~~ donor or another person unless such ~~settlor~~ donor objects in a writing delivered to the trustee before the date the trustee proposes to distribute from such original trust to such second trust.

For purposes of this subsection, a trust that is a 'grantor trust' or that qualifies as a 'grantor trust' shall mean a trust, or portion of a trust, of which the donor is treated as the owner of the trust property for federal income tax purposes pursuant to Subchapter J of the federal Internal Revenue Code.

(k) During any period when the original trust owns stock in a Subchapter 'S' corporation as defined in Section 1361(a)(1) of the federal Internal Revenue Code, ~~as it existed on February 1, 2018,~~ an authorized trustee shall not exercise a power authorized by subsection (b) of this Code section to distribute part or all of the stock of the Subchapter 'S' corporation to a second trust that is not a permitted shareholder under Section 1361(c)(2) of the federal Internal Revenue Code~~, as it existed on February 1, 2018~~.

(l) A trustee or other person that reasonably relies on the validity of a distribution of property of the original trust to the second trust under subsection (b) of this Code section or any other law or common law shall not be liable for any action or failure to act as a result of such reliance.

(m) This Code section shall not create or imply a duty for a trustee or trust director to exercise a power conferred by this Code section.

(n) If exercise of the power to ~~invade the~~ distribute income or principal of the original trust would be effective under subsection (b) of this Code section except that the second trust in part does not comply with this Code section, such exercise of the power shall be effective, a provision in such second trust that is not permitted under this Code section shall be void to the extent necessary to comply with this Code section, and a provision required by this Code section to be in such second trust that is not contained in such second trust shall be deemed to be included in such second trust to the extent necessary to comply with this Code section.

(o) The ~~settlor~~ donor of the original trust shall be deemed to be the ~~settlor~~ donor of the second trust with respect to the portion of the income or principal of the original trust subject to the exercise of the power to ~~invade~~ distribute the principal of such original trust under subsection (b) of this Code section. The settlor of the second trust shall be the person who creates the second trust, including a testator in the case of a testamentary trust; provided, however, that, if the trustee of the original trust creates the second trust, the settlor of the original trust shall be deemed to be the settlor of the second trust.

(p) A debt, liability, or other obligation enforceable against property of the original trust shall be enforceable to the same extent against the property when held by the second trust after exercise of the power to ~~invade~~ distribute the income or principal of such original trust under subsection (b) of this Code section.

(q) This Code section shall apply to any trust ~~the meaning and effect of whose trust provisions are determined by the law of this state~~ that:

(a) This Code section shall govern notice to a person or the sending of a record to a person under this chapter, under the provisions of a trust instrument, or with respect to any matter involving a trust. This Code section shall not govern whether notice or the sending of a record complied with any duties relating to the privacy, confidentiality, or security of a notice or record.

(b) Notice to a person or the sending of a record to a person shall be accomplished in a manner that is likely to result in receipt of the notice or record and reasonably suitable under the circumstances.

(c) Without limitation, the manner of notice to a person or the sending of a record to a person shall be presumed likely to result in receipt of the notice or record, unless proven otherwise by clear and convincing evidence, if accomplished by:

(1) Personal delivery;

(2) Registered or certified mail or statutory overnight delivery to either the person's last known place of residence or place of business or the address last used by the person to receive notices or records;

(3) An electronic address the person has consented to use to receive notices or records; or

(4)(A) An electronic portal if:

(i) The person has been granted access to an electronic portal and informed that notices and records will be made available in the electronic portal;

(B) If the person objects to notices or the sending of records by means of an electronic address or electronic portal, then notice or the sending of a record by such means shall not be presumed likely to result in receipt of the notice or record.

(d) If a record was sent to a beneficiary solely by means of an electronic portal and the existence of a claim would not have been adequately disclosed to the beneficiary for purposes of Code Section 53-12-307 but for the sending of the record, the running of the limitations period under Code Section 53-12-307 for such claim shall be tolled if the beneficiary's access to the electronic portal is terminated without his or her consent or the record is no longer available in the electronic portal; provided, however, that the period shall not be tolled if, within 30 days after such event, the beneficiary is notified of an alternative means by which to obtain the record. If the limitations period is tolled, the period shall recommence on the date on which the record is resent to the beneficiary, whether by means of an electronic portal or otherwise.

(e)(1) For purposes of subsections (c) and (d) of this Code section:

(A) Without limitation, a person consents to the use of an electronic address to receive notices and records from:

(i) Any person with respect to any matter involving a particular trust, by providing the electronic address to any other person to be used to receive notices and records with respect to any matters involving such trust, regardless of whether such other person is the person providing notice or sending the record; and

(ii) A particular person with respect to any matter involving any trust, by providing the electronic address to such person to receive such notices and records with respect

to any matters involving a trust, regardless of whether such trust is the trust to which the notice or record relates; and

(B) The use of an electronic address by a person with respect to any matter involving a trust shall constitute a provision of the electronic address with respect to the trust under division (i) of subparagraph (A) of this paragraph and the use of an electronic address to communicate with another person with respect to any matter involving a trust shall constitute a provision of the electronic address to the other person under division (ii) of subparagraph (A) of this paragraph.

(2) Requiring a person to take steps to activate his or her account in an electronic portal or take other similar actions to establish access to an electronic portal shall not prevent the person from having been granted access to the electronic portal.

(3) A notice or record shall not be considered to have been made available in an electronic portal unless a person who has been granted access to the electronic portal can download or otherwise preserve a copy of the notice or record outside of the electronic portal.

(4) If a notice or record is made available in an electronic portal but the notice required by division (c)(4)(A)(iii) of this Code section is not provided to a person who has been granted access to the electronic portal, such notice shall be deemed provided to such person on the next date on which the person accesses the electronic portal.

(5) A person's access to an electronic portal shall not be considered to have been terminated without his or her consent solely because such person is required to change or reset his or her password or take other similar actions to preserve his or her access.

(f) With respect to whether notice or the sending of a record to a person was reasonably suitable under the circumstances:

(1) For purposes of Code Section 53-12-307 providing for the limitation of actions, the sending of a record to a person in a manner that is likely to result in receipt shall be presumed to have been accomplished in a manner that was reasonably suitable under the circumstances unless proven otherwise by clear and convincing evidence; and

(2) For all other purposes, whether notice or the sending of a record to a person was accomplished in a manner reasonably suitable under the circumstances shall be determined, without limitation, in the context of the subject matter of the notice or record, the length of any time period imposed with respect to notice or sending of the record, the circumstances of the person, the sender's knowledge of those circumstances, and when actual receipt, if any, occurred.

(g) Notice to a person or the sending of a record to a person shall be deemed:

(1) To have been accomplished on the date such person has actual knowledge of the contents of the notice or record; and

(2) Not to have been accomplished if the person providing notice or sending a record has actual knowledge the person did not receive the notice or record.

(h) Notice or the sending of a record to a person otherwise required under this chapter or the trust instrument:

(1) Need not be provided to a person whose identity or location is unknown to and not reasonably ascertainable by the trustee, trust director, or other person required to provide the notice or send the record; and

(2) May be waived by the person to be notified or sent the record.

(i) An action by a trustee, trust director, or other person authorized under this chapter or a trust instrument to act with respect to any matter involving a trust shall not be ineffective because of a failure to provide notice required under this chapter or the trust instrument if such person acted with reasonable care to comply with this Code section.

(j) Notice of a judicial proceeding shall be provided as required by the applicable rules of civil procedure.

(k) This Code section shall be construed and applied to be consistent with reasonable practices concerning the use of electronic addresses and electronic portals to provide notice and send records for matters involving trusts and the continued expansion of those practices.

53-12-512.

(a) This Code section shall apply to all records and signatures relating to trusts, except a writing and signature creating or declaring an express trust under Code Section 53-12-20, including, but not limited to:

(3) Binding nonjudicial settlement agreements under Code Section 53-12-9 or other applicable law, including agreements that modify a trust instrument;

(4) Notices of a trustee's decision to exercise the power to distribute income or principal of a trust under Code Section 53-12-62 or other applicable law;

(5) Consents to actions by and the release from liability of a trustee or trust director;

(6) Reports described in Code Section 53-12-307; and

(7) Certifications of a trust under Code Section 53-12-280.

(b) This Code section shall be construed and applied to facilitate electronic records and electronic signatures consistent with other law and to be consistent with reasonable practices concerning electronic records and electronic signatures and continued expansion of those practices.

(c) This Code section shall not invalidate an electronic record or electronic signature that is valid under other applicable law.

(d)(1) A record or signature shall not be denied legal effect or enforceability solely because it is in electronic form.

(2) If other laws of this state or a trust instrument require a record to be in writing, an electronic record satisfies the requirement.

(3) If other laws of this state or a trust instrument require a signature to be in writing, an electronic signature satisfies the requirement.

(e)(1) An electronic record or electronic signature is attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including, but not limited to, showing the efficacy of a security procedure applied to determine the person to which the electronic record or electronic signature was attributable.

(2) The effect of attribution to a person under paragraph (1) of this subsection of a record or signature shall be determined from the context and surrounding circumstances at the time of its creation, execution, or adoption and as provided by other law.

(f) If other laws of this state or a trust instrument require a record or signature to be acknowledged or notarized, the requirement shall be satisfied if the signature of the individual performing the acknowledgement or notarization, together with all other information required to be included under other laws of this state or the trust instrument, is attached to or logically associated with the electronic record or electronic signature.

(g) A person may create a certified paper copy of an electronic record by affirming under penalty of perjury that the paper copy is a complete and accurate copy of the record.

(h) If other laws of this state or a trust instrument require a record to be retained, transmitted, copied, or filed:

(1) The requirement shall be satisfied by retaining, transmitting, copying, or filing an electronic record that:

(A) Accurately reflects the information in the record after it was first generated in final form as an electronic record or as a certified paper copy under this Code section; and

(B) Remains accessible to the extent required by the other laws of this state or a trust instrument;

(2) The requirement to retain a record shall not apply to information the sole purpose of which is to enable the record to be sent, communicated, or received;

(3) A person may satisfy paragraph (1) of this subsection by using the services of another person;

(4) A requirement that a record be presented or retained in its original form shall be satisfied by an electronic record retained in accordance with this subsection; and

(5) This subsection shall not preclude a governmental agency from specifying requirements for the retention of a record subject to the agency's jurisdiction in addition to those in this subsection.

(i) Evidence relating to a record or a signature may not be excluded in a judicial proceeding solely because it is in electronic form.

53-12-513.

The provisions of this chapter conform to the requirements of Section 102 of the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. Section 7002, and supersede, modify, and limit the requirements of such act."

(2) The state treasurer shall invest the money held in the fund in the same manner in which state funds are invested as authorized by the State Depository Board pursuant to Article 3 of Chapter 17 of Title 50. (a) Any organization making an acquisition of property or interest therein pursuant to this article shall grant to the department or other holder a perpetual conservation easement placing restrictions on the use or development of the property. In cases where the easement is granted to a holder other than the department, all terms and conditions of the easement shall accomplish the perpetual preservation of the property. Such other holder

shall demonstrate to the department that it has the capacity and expertise to manage and enforce the terms of the easement.

(b) Nothing in this Code section shall preclude the subsequent transfer or assignment by a state agency or other holder of any property interest acquired pursuant to this article to the State of Georgia or to the United States of America to be incorporated into a national park, national forest, national wildlife refuge, or other national conservation area in accordance with 54 U.S.C. SECTION 1.

(a) As used in this Act, the term:

(1) "Ad valorem taxes" means all ad valorem taxes levied by, for, or on behalf of the City of Cartersville independent school district in this state, except for any ad valorem taxes levied to pay interest on and to retire bonded indebtedness.

(2) "Adjusted base year assessed value" means the sum of:

(A) The previous adjusted base year assessed value;

(B) An amount equal to the difference between the current year assessed value of the homestead and the base year assessed value of the homestead, provided that such amount shall not exceed the total of the previous adjusted base year assessed value of the homestead multiplied by the inflation rate for the prior year; and

(C) The value of any substantial property change, provided that no such value added improvements to the homestead shall be duplicated as to the same addition or improvement.

(3) "Base year assessed value" means:

(A) With respect to an exemption under this section which is first granted to a person on such person's homestead for the 2026 taxable year, the assessed value for taxable year 2024, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead; or

(B) In all other cases, the assessed value, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead from the taxable year immediately preceding the taxable year in which the exemption under this section is first granted to the applicant.

(4) "Homestead" means homestead as defined and qualified in Code Section 48-5-40 of the O.C.G.A., as amended, with the additional qualification that it shall include not more than five contiguous acres of homestead property.

(5) "Inflation rate" means the annual inflationary index rate as determined for a given year by the Bartow County tax commissioner in accordance with subsection (f) of this section.

(6) "Previous adjusted base year assessed value" means:

(A) With respect to the year for which the exemption under this section is first granted to a person on such person's homestead, the base year assessed value; or

(B) In all other cases, the adjusted base year assessed value of the homestead as calculated in the taxable year immediately preceding the current year, including any final determination of value on appeal pursuant to Code Section 48-5-311.

(7) "Substantial property change" means any increase or decrease in the assessed value of a homestead derived from additions or improvements to, or the removal of real property from, the homestead which occurred after the year in which the base year assessed value is determined for the homestead. The assessed value of the substantial property changes shall be established following any final determination of value on appeal pursuant to Code Section 48-5-311.

(b)(1) Subject to the limitations provided in this section, each resident of the City of Cartersville independent school district is granted an exemption on that person's homestead from ad valorem taxes in an amount equal to the amount by which the current year assessed value of that homestead, including any final determination of value on appeal pursuant to Code Section 48-5-311, exceeds its previous adjusted base year assessed value.

(2) Except as provided for in subsection (c) of this section, no exemption provided for in this subsection shall transfer to any subsequent owner of the property, and the assessed value of the property shall be as provided by law.

(c) No person shall receive the exemption granted by subsection (b) of this section unless such person or person's agent files an application with the tax commissioner of Bartow County as will enable the tax commissioner to make a determination regarding the initial and continuing eligibility of such person for such exemption; provided, however, that any person who had previously applied for a homestead exemption, was allowed such homestead exemption for the 2025 tax year, and remains eligible for a homestead exemption for that same homestead property in the 2026 tax year shall be automatically allowed the exemption granted under subsection (b) of this section for that homestead without further application. The tax commissioner shall provide application forms for this purpose.

(f) For the purposes of this section, the Bartow County tax commissioner shall promulgate a standardized method for determining annual inflationary index rates which reflect the effects of inflation and deflation on the cost of living for residents of Bartow County for a given calendar year. Such method may utilize the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor or any other similar index established by the federal government if the Bartow County tax commissioner determines that such federal index fairly reflects the effects of inflation and deflation on residents of the City of Cartersville independent school district.

(g) The exemption granted by subsection (b) of this section shall apply to all taxable years beginning on or after January 1, 2026, and ending on December 31, 2030.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 81 of Title 36 of the Official Code of Georgia Annotated, relating to local government budgets and audits, is amended by revising Code Section 36-81-7, relating to audit of financial affairs and transactions, contents, copy to state auditor, and public inspection, as follows:

"36-81-7.

(a)(1) The governing authority of each unit of local government having ~~a population in excess of 1,500 persons according to the latest estimate of population by the United States Bureau of the Census or its successor agency or~~ expenditures of ~~$550,000.00~~ $2.5 million or more shall provide for and cause to be made an annual audit of the financial affairs and transactions of all funds and activities of the local government for each fiscal year of the local government.

(2) The governing authority of each local unit of government not included in paragraph (1) of this subsection ~~shall~~ may provide for and cause to be made ~~the~~ an audit ~~required pursuant to paragraph (1) of this subsection not less often than once every two fiscal years~~ using the special purpose framework prescribed by the state auditor. The state auditor shall develop reporting templates to be used by a local unit of government making a report pursuant to this paragraph and establish an effective date to begin reporting under the special purpose framework. ~~Audits performed pursuant to this paragraph shall be for both fiscal years.~~

(3)(A) The governing authority of each local unit of government having expenditures of ~~less than $550,000.00~~ $1 million or less in ~~that~~ such government's most recently ended fiscal year may elect to provide for and cause to be made, in lieu of the ~~biennial~~ audit otherwise ~~required under~~ provided for in ~~paragraph~~ paragraphs (1) and (2) of this subsection, an annual report of agreed upon procedures for that fiscal year. The agreed upon procedures shall include as a minimum: proof and reconciliation of cash, confirmation of cash balances, a listing of bank balances by bank, copies of financial statements and notes as prescribed by the state auditor, a statement of cash receipts and cash disbursements, a review of compliance with state law, and a report of agreed upon procedures. The annual report of agreed upon procedures performed pursuant to this paragraph shall not be used for more than four consecutive years. The governing authority of each local unit of government not included in paragraph (1) or (2) of this subsection shall, no less than every fifth year, provide for and cause to be made an audit of the financial affairs and transactions of all funds and activities of the local government in accordance with generally accepted government auditing standards.

(B) Agreed ~~This agreed~~ upon procedures ~~report~~ reports or reports using the special purpose framework shall be in a format prescribed by the state auditor and shall constitute an annual audit report for purposes of and within the meaning of the requirements of subsections (d) through (g) of this Code section. The Department of Community Affairs is authorized to assist requesting local governments in preparing agreed upon procedures reports or special purpose framework reports required under this paragraph and in establishing record-keeping procedures needed in preparing those reports and is further authorized to charge those local governments reasonable fees for that assistance. To the extent that the state auditor is able to perform the agreed upon procedures, the governing body may contract with the state auditor.

(4) At the option of the governing authority, an audit may be made at a lesser interval than one year.

(5) In the event that a local unit of government presents evidence that in a particular fiscal year unusual circumstances resulted in expenditures exceeding the amounts provided for in this subsection, the state auditor shall be authorized for good cause shown to grant exceptions to the audit filing required under this subsection.

(b) The audits of each local government shall be conducted in accordance with generally accepted government auditing standards. Each audit shall also contain a statement of any agreement or arrangement under which the local unit of government has assumed any

actual or potential liability for the obligations of any governmental or private agency, authority, or instrumentality. Such statement shall include the purpose of the agreement or arrangement, shall identify the agency, authority, or instrumentality upon whose obligations the unit of local government is or may become liable, and shall state the amount of actual liability and the maximum amount of potential liability of the local government under the agreement or arrangement. To the extent that the state auditor is able to provide comparable auditing services, the governing body may contract with the state auditor.

(c) All annual audit reports of local units of government shall contain at least the following:

(1) Financial statements prepared in conformity with generally accepted governmental accounting principles, setting forth the financial condition and results of operation of each fund and activity of the local government and such financial statements shall be the representation of the local government; and

(2) The opinion of the performing auditor with respect to the financial statement; in addition to an explanation of any qualification or disclaimers contained in the opinion, such opinion shall also disclose, in accordance with generally accepted government auditing standards, any apparent material violation of state or local law discovered during the audit; provided, however, that the state auditor may accept an adverse opinion on an audit if the basis of such adverse opinion is the result of a unit of local government making a report pursuant to paragraph (2) of subsection (a) of this Code section.

(c.1)(1) The annual audit reports of a county or consolidated city-county government shall also contain financial statements prepared in conformity with generally accepted governmental accounting principles, providing a detailed account of the supplemental official income and related expenditures of each county officer listed in Article IX, Section I, Paragraph III(a) of the Constitution, provided that such county officer is paid in whole or in part on a salary basis and over whom the county governing authority exercises budgetary authority; and such financial statements shall be the representation of such officers. Such officers shall be obligated to cooperate with the county or consolidated government in the preparation of such financial statements and audit reports and shall provide such government with all documentation the government deems necessary to prepare such financial statements or audit reports. ~~The failure of any such officer to cooperate with or provide required documentation to a county or consolidated government shall not result in any liability applying to such government.~~

(2) The opinion of the performing auditor with respect to the financial statement provided for in this subsection, in addition to an explanation of any qualifications or disclaimers contained in the opinion, shall also disclose, in accordance with generally accepted government auditing standards, any apparent material violation of state or local law discovered during the audit of the supplemental official income of such county officers.

(3) As used in ~~For the purpose of~~ this subsection, the term 'supplemental official income' means all funds from any source other than funds appropriated by a county or

consolidated government that an individual or his or her office derives from performing duties that are within his or her official capacity as a county officer.

(d)(1) Each annual audit report of a local unit of government shall be completed and a copy of the report forwarded to the state auditor within 180 days after the close of the unit's fiscal year. In addition to the audit report, the local unit of government shall forward to the state auditor, within 30 days after the audit report due date, written comments on the findings and recommendations in the report, including a plan for corrective action taken or planned and comments on the status of corrective action taken on prior findings. If corrective action is not necessary, the written comments should include a statement describing the reason it is not. ~~In the case of units provided for in paragraph (2) of subsection (a) of this Code section, the audit reports for both fiscal periods shall be submitted within 180 days after the close of each second fiscal year and the written comments shall be submitted within 30 days after the audit report due date.~~

(2) The state auditor shall review the audit report and written comments submitted to the auditor's office to ensure that it meets the requirements for audits of local governments. If the state auditor finds the requirements for audits of local governments have not been complied with, the state auditor shall within 60 days of receipt of the audit or the written comments notify the governing authority and the auditor who performed the audit and shall submit to them a list of deficiencies to be corrected. A copy of this notification shall also be sent by the state auditor to each member of the General Assembly whose senatorial or representative district includes any part of the unit of local government.

(3) If the state auditor has not received any required audit or written comments by the date specified in paragraph (1) of this subsection, the state auditor shall within 30 days of such date notify the unit of local government that the audit has not been received as required by law. A copy of this notification shall also be sent by the state auditor to each member of the General Assembly whose senatorial or representative district includes any part of the unit of local government.

(4) The state auditor, for good cause shown by those local units in which an audit is in the process of being conducted or will promptly be conducted, may waive the requirement for completion of the audit within 180 days. Such waiver shall be for an additional period of not more than 180 days and no such waiver shall be granted for more than two successive years to the same unit of local government.

(5) No state agency shall make or transmit any state grant funds to any local government which has failed to provide all the audits required by law within the preceding five years.

(d.1)(1) County officers listed in Article IX, Section I, Paragraph III(a) of the Constitution shall be obligated to cooperate with the county or consolidated government in the preparation of financial statements and audit reports required by this Code section and shall provide such government with all documentation deemed necessary by the government to prepare such financial statements or audit reports.

(2) The failure of any such officer to cooperate with or provide required documentation to a county or consolidated government shall not result in any liability applying to such government, and the state auditor for good cause shown may waive the requirements of this Code section for either:

(A) A period of 90 days following a 180 day waiver granted pursuant to paragraph (4) of subsection (d) of this Code section; or

(B) In the event that a 180 day waiver granted pursuant to paragraph (4) of subsection (d) of this Code section was granted to such county or consolidated government in the previous two years, a period of 90 days following the deadline provided for in paragraph (1) of subsection (d) of this Code section.

The waiver provided for in this paragraph shall only be granted if the county or consolidated government's failure to timely file an audit is the result of the failure of one or more such officers to cooperate or provide documentation as required by this paragraph.

(3) In the event that a county or consolidated government fails to forward a copy of an audit or report to the state auditor within the time frame provided for in this Code section, and such failure is the result of the failure of a county officer listed in Article IX, Section I, Paragraph III(a) of the Constitution, other than judges of the probate court, to cooperate with such county or consolidated government in the preparation of such audit or report, the governing authority of such county or consolidated government, notwithstanding any other provision of law to the contrary, shall temporarily withhold 50 percent of the compensation paid to such officer from county funds until such time as such officer has provided all cooperation and information necessary for the filing of the audit or report. Within 14 days of such an audit or report being completed and forwarded to the state auditor, the governing authority of the county or consolidated government shall pay all such withheld compensation to the officer; provided, however, that such officer shall not be entitled to receive any interest or additional compensation related to such withheld funds.

(e) A copy of the report and of any comments made by the state auditor pursuant to paragraph (2) of subsection (d) of this Code section shall be maintained as a public record for public inspection during the regular working hours at the principal office of the local government. Those units of local government not having a principal office shall provide a notification to the public as to the location of and times during which the public may inspect the report.

(f) Upon a failure, refusal, or neglect to have an annual audit made, or a failure to file a copy of the annual audit report with the state auditor, or a failure to correct auditing deficiencies noted by the state auditor, the state auditor shall cause a prominent notice to be published in the legal organ of, and any other newspapers of general circulation within, the unit of local government. Such notice shall be a prominently displayed advertisement or news article and shall not be placed in that section of the newspaper where legal notices appear. Such notice shall be published twice and shall state that the governing authority of the unit of local government has failed or refused, as the case may be, to file an audit report or to correct auditing deficiencies, as the case may be, for the fiscal year or years

in question. Such notice shall further state that such failure or refusal is in violation of state law.

(g) The state auditor may waive the requirement of correction of auditing deficiencies for a period of one year from the required audit filing date, provided evidence is presented that substantial progress is being made ~~towards~~ toward removing the cause of the need for the waiver. No such waiver for the same set of deficiencies shall be granted for more than two successive years to the same local government."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

"ARTICLE 7

35-3-170.

This article shall be known and may be cited as the 'Mattie's Call Act.'

35-3-171.

As used in this article, the term:

(1) 'Alert system' means the state-wide 'Mattie's Call' alert system for missing disabled adults, ~~and~~ medically endangered persons, and persons with autism spectrum disorder.

~~(2)~~(3) 'Disabled adult' means an adult who is developmentally impaired or who suffers from dementia or some other cognitive impairment.

~~(3)~~(4) 'Local law enforcement agency' means a law enforcement agency with jurisdiction over the investigation of a missing disabled adult or other medically endangered person.

~~(4)~~(5) 'Medically endangered person' means a person with a known medical condition that might reasonably cause such person to become incapacitated or that may result in life-threatening physiological conditions likely to lead to serious bodily injury or death if not immediately treated.

35-3-172.

(a) With the cooperation of the office of the Governor, the Georgia Lottery Corporation, and other appropriate law enforcement agencies in this state, the bureau shall develop and implement a state-wide alert system to be activated on behalf of missing disabled adults, ~~and~~ medically endangered persons, and persons with autism spectrum disorder.

(b) Activation of a state-wide missing person alert system shall not prevent or prohibit any other state or local law enforcement agency from taking additional measures in response to the receipt of a missing person report.

35-3-173.
(a) The director is the state-wide coordinator of the alert system.
(b) The director shall adopt rules and issue directives as necessary to ensure proper implementation of the alert system. The rules and directives shall include instructions on the procedures for activating and deactivating the alert system.
(c) The director shall prescribe forms for use by local law enforcement agencies in requesting activation of the alert system.
(d) No rule or directive adopted by the director shall mandate a minimum waiting period before the alert system may be activated or a request by local law enforcement agencies may be submitted to the bureau; provided, however, that it shall remain within the discretion of the director, as provided in this article, whether the alert system shall be activated at the request of a local law enforcement agency.
(e) When making a determination whether to activate or whether to request the activation of a state-wide missing person alert system, both the director and the requesting local law enforcement agency shall take into consideration the known medical condition of the missing person if the medical condition may reasonably be considered a cause for the inability to locate such missing person. In so considering the medical condition of a missing person, particularly if such condition may be immediately life-threatening or incapacitating, the director or other authorized person and the requesting law enforcement official shall be authorized, within his or her discretion, to initiate and request, respectively, a state-wide endangered person advisory.

35-3-174.
The staff of personal care homes and assisted living communities shall call the local police department to report the elopement of any disabled ~~person~~ adult, medically endangered person, or person with autism spectrum disorder from the home within 30 minutes of the staff's receiving actual knowledge that such person is missing from the home.

(3) A local law enforcement agency confirms that an investigation has taken place that verifies the disappearance and eliminates alternative explanations for the ~~disabled adult's or medically endangered person's~~ disappearance of the disabled adult, medically endangered person, or person with autism spectrum disorder; and

(4) Sufficient information is available to disseminate to the public that could assist in locating the disabled adult, ~~or~~ medically endangered person, or person with autism spectrum disorder.

(b) The area of the alert may be less than state wide if the director determines that the nature of the event makes it probable that the disabled adult, ~~or~~ medically endangered person, or person with autism spectrum disorder did not leave a certain geographic location.

(c) The bureau may modify the criteria described by subsection (a) of this Code section as necessary for the proper implementation of the alert system.

35-3-177.

Before requesting activation of the alert system, a law enforcement agency shall verify that the criteria described by subsection (a) of Code Section 35-3-176 have been satisfied. The law enforcement agency shall assess the appropriate boundaries of the alert, based on the nature of the disabled adult, ~~or~~ medically endangered person, or person with autism spectrum disorder and the circumstances surrounding the disappearance. On verification of the criteria, the law enforcement agency shall immediately contact the bureau to request activation and shall supply the necessary information on the forms prescribed by the director.

35-3-178.

(a) A state agency participating in the alert system shall:

(1) Cooperate with the bureau and assist in developing and implementing the alert system;

(2) Establish a plan for providing relevant information to its officers, investigators, or employees, as appropriate, once the alert system has been activated; and

(c) Any activation of the alert system for a missing person with autism spectrum disorder pursuant to this article shall:

(1) Issue guidance to local law enforcement agencies engaged in a search for the missing person to prioritize waterways, including lakes, rivers, pools, ditches, and other potential water sources;
(2) Advise the public to check roadways for any sign of the missing person;
(3) Describe the missing person as clearly as possible;
(4) Provide a last known location for the missing person; and
(5) Provide any information on the distinctive behaviors associated with autism spectrum disorder that may assist in identifying the missing person.

35-3-179.
The director shall terminate any activation of the alert system with respect to a particular disabled adult, ~~or~~ medically endangered person, or person with autism spectrum disorder if:
(1) The person is located or the disappearance is otherwise resolved; or
(2) The director determines that the alert system is no longer an effective tool for locating and recovering the disabled adult, ~~or~~ medically endangered person, or person with autism spectrum disorder.

35-3-180.
(a) Any entity or individual participating in the 'Mattie's call' alert system pursuant to this article shall not be liable for any civil damages arising from the dissemination of any alert generated pursuant to the 'Mattie's call' alert system.
(b) Nothing in this article shall be construed to limit or restrict in any way any legal protection an individual or entity may have under any other law for disseminating any information."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

"47-23-45.

Any member of this retirement system shall be entitled to remain as a member by holding any position or office covered by the fund and shall receive full credit for all service as a member despite his or her change from one position or office to another covered by the fund. Upon becoming eligible for retirement, however, retirement benefits shall be determined in accordance with Code Sections 47-23-101 ~~and~~, 47-23-102, and 47-23-102.1."

SECTION 2.

Said chapter is further amended by revising Code Section 47-23-102, relating to vesting, benefits upon retirement, and compliance with federal income tax laws, as follows:

"47-23-102.

(a) This Code section shall only apply to an individual who first became a member before the effective date of this Act.

(b) The right of a member to receive benefits under this chapter shall vest after the member obtains ten years of creditable service; provided, however, that no member shall receive a retirement benefit prior to attaining the age of 60 years. Except as otherwise provided in Article 2 of Chapter 1 of this title, a member's accumulated contributions shall be 100 percent vested and nonforfeitable at all times. Any member retiring on or after July 1, 1996, and any member who was retired on July 1, 1996, with 16 years or more of creditable service shall receive a benefit equal to 66.66 percent, plus 1 percent for each year of creditable service over 16 years, of the member's salary; provided, however, that no member shall receive more than 24 years of creditable service. Any member retiring with less than 16 years of creditable service may retire at a reduced benefit pursuant to Code Section 47-23-103. Normal retirement age under this retirement system shall be the date the member has reached ~~age~~ 60 years of age, provided that he or she has at least ten years of creditable service. For purposes of Section 402(1) of the federal Internal Revenue Code regarding distributions from governmental plans for health and long-term care insurance for public safety officers, normal retirement age shall be the earliest date when the member has satisfied the requirements for a retirement under this or the predecessor retirement system. Except as otherwise provided in Article 2 of Chapter 1 of this title, a member's right to his or her retirement allowance is nonforfeitable upon attainment of normal retirement age. Any member who was retired on July 1, 1996, with more than 16 years of creditable service shall receive in July, 1998, a one-time benefit payment equal to two times the product of 1 percent of the salary paid to such judge at the time of his or her retirement multiplied by the number of years of creditable service in excess of 16 years.

~~(b)~~(c) The board is authorized to provide by rule or regulation for the payment of benefits to members or beneficiaries of the retirement system at a time and under circumstances not provided for in this chapter to the extent that such payment is required to maintain the retirement system as a qualified retirement plan for the purposes of federal income tax laws and regulations."

SECTION 3.

Said chapter is further amended by adding a new Code section to read as follows:

"47-23-102.1.

(a) This Code section shall only apply to an individual who first becomes a member on or after the effective date of this Act.

(b) The right of a member to receive benefits under this chapter shall vest after the member obtains ten years of creditable service; provided, however, that no member shall receive a retirement benefit prior to attaining the age of 60 years. Except as otherwise provided in Article 2 of Chapter 1 of this title, a member's accumulated contributions shall be 100 percent vested and nonforfeitable at all times. Any member retiring with 16 years or more of creditable service shall receive a benefit equal to 66.66 percent, plus 1 percent for each year of creditable service over 16 years, of the member's salary; provided, however, that no member shall receive more than 24 years of creditable service. Any member retiring with less than 16 years of creditable service may retire at a reduced benefit pursuant to Code Section 47-23-103. Except as provided in subsection (c) of this Code section, normal retirement age under this retirement system shall be the date the member has reached 60 years of age, provided that he or she has at least ten years of creditable service. For purposes of Section 402(1) of the federal Internal Revenue Code regarding distributions from governmental plans for health and long-term care insurance for public safety officers, normal retirement age shall be the earliest date when the member has satisfied the requirements for a retirement under this retirement system.

(c) On the effective date of a member's retirement, as provided for in subsection (b) of Code Section 47-23-103, such member's monthly retirement benefit shall be calculated as follows:

(1) If a member is over the age of 65 years on his or her effective date of retirement, or has attained the age of 65 years after his or her effective date of retirement, such member shall receive the full amount of the benefit calculated pursuant to subsection (b) of this Code section; or

(2) If a member has not yet attained the age of 65 years on his or her effective date of retirement, the monthly retirement benefit shall be calculated pursuant to subsection (b) of this Code section using only the years of creditable service attributable to such member's service in any covered position except for as a superior court judge.

(d) The board is authorized to provide by rule or regulation for the payment of benefits to members or beneficiaries of the retirement system at a time and under circumstances not provided for in this chapter to the extent that such payment is required to maintain the retirement system as a qualified retirement plan for the purposes of federal income tax laws and regulations."

SECTION 4.

Said chapter is further amended by revising Code Section 47-23-103, relating to retirement based on age and application to retire, as follows:

"47-23-103.

(a) In lieu of retirement at the benefit level provided by Code Section 47-23-102 or 47-23-102.1, a member may retire at any time after attaining the age of 60 years and after obtaining a minimum of ten years of creditable service. The monthly retirement benefit for such early retirement shall be a percentage of either the benefit under Code Section 47-23-102 if such member first became a member before the effective date of this Act or the benefit under subsection (c) of Code Section 47-23-102.1 if such member first became a member on or after the effective date of this Act, and such percentage shall be the proportion which the number of years of creditable service the member has in the retirement system bears to 16.

(b) The effective date of retirement shall be the first day of the month in which the application is received by the board of trustees, provided that no retirement shall, in any case, be effective earlier than the first day of the month following the final month of the applicant's employment. Applications for retirement shall not be accepted more than 90 days in advance of the effective date of retirement."

SECTION 5.

Said chapter is further amended in Code Section 47-23-104, relating to disability, determination of benefits, and determining disability, as follows:

"47-23-104.

(a) After obtaining a minimum of four years of creditable service, any member who becomes totally and permanently disabled to the extent that he or she is unable to perform the duties of his or her office shall be entitled to receive a disability retirement benefit which shall be one-half of the maximum retirement benefits provided by Code Section 47-23-102 or 47-23-102.1 for 16 years of service, unless the member would otherwise qualify for a greater benefit under Code Section 47-23-102 if such member first became a member before the effective date of this Act, Code Section 47-23-102.1 if such member first became a member on or after the effective date of this Act, or Code Section 47-23-103, in which event the Code section providing the highest benefit would apply.

(b) After obtaining a minimum of ten years of actual service, any member who becomes totally and permanently disabled to the extent that he or she is unable to perform the duties of his or her office shall be entitled to receive a disability retirement benefit which shall be two-thirds of the maximum retirement benefits provided by Code Section 47-23-102 or 47-23-102.1.

(c) The disability of any member applying for disability retirement benefits shall be determined by the board in the same manner and under the same procedure as disability of state employees is determined in accordance with the applicable provisions of the Employees' Retirement System of Georgia. Disability retirement benefits shall become effective on the first day of the month following the month the member resigns as a result of the disability."

SECTION 6.

Said chapter is further amended by revising Code Section 47-23-105.1, relating to modification of retirement allowance, as follows:

"47-23-105.1.

(a) The provisions of this Code section shall apply only to persons who become members of this retirement system on or after July 1, 2012.

(b) A member may make a one-time election to convert the retirement allowance otherwise payable to him or her into a modified retirement allowance of equivalent actuarial value and designate a natural person to receive a survivors benefit in accordance with one of the options set forth in paragraphs (1), (2), (3), or (4) of this subsection. Such retirement allowance shall be actuarially reduced in accordance to the designated survivor's projected life span. For any member whose benefit amount is calculated pursuant to Code Section 47-23-102.1, such actuarial adjustment shall account for any increase in the benefit amount accruing to such member when he or she attains the age of 65 years. Such actuarial adjustment shall be computed upon the basis of the mortality tables and rates of interest last adopted by the board of trustees. Such election may be made only after the member has become eligible to retire and before the first payment of his or her retirement allowance normally becomes due. Such election shall be irrevocable except as otherwise provided in this Code section.

(1) Option one, known as the 100 percent joint and survivor option, shall consist of a reduced retirement allowance which is payable during the life of the retired member and which, upon his or her death, shall be continued at the same rate throughout the life of and paid to the designated survivor.

(2) Option two, known as the 66 2/3 percent joint and survivor option, shall consist of a reduced retirement allowance which is payable during the life of the retired member and which, upon his or her death, shall be continued at the rate of two-thirds the reduced retirement allowance throughout the life of and paid to the designated survivor.

(3) Option three, known as the 50 percent joint and survivor option, shall consist of a reduced retirement allowance which is payable during the life of the retired member and which, upon his or her death, shall be continued at the rate of one-half the reduced retirement allowance throughout the life of and paid to the designated survivor.

(4) Option four, known as the pop-up option, shall be the election of options one, two, or three, with the added provision that in the event the designated survivor predeceases the retired member, the retirement allowance payable to the retired member after the death of the designated survivor shall be equal to the maximum retirement allowance which the retired member would have been entitled to receive under this chapter had such election not been made.

(c) In the event a member is not married at the time he or she retires and the retired member does not elect a survivor's option and such member subsequently marries, the retired member may elect to begin receiving an actuarially reduced benefit of equivalent value and establish on behalf of the newly acquired spouse an option under this Code section. Such election shall be made within six months after the marriage.

(d) In the event a retired member makes an election under subsection (b) of this Code section on behalf of a spouse and such spouse predeceases the retired member and the retired member subsequently remarries, the retired member may elect to begin receiving an actuarially reduced benefit of equivalent value and establish on behalf of a new designated survivor pursuant to an option under this Code section.

(e) In the event a retired member makes an election under subsection (b) of this Code section on behalf of a spouse and a final judgment of complete divorce from the spouse is entered, then:

(1) The retired member may elect to continue the optional allowance with the former spouse designated to receive all amounts and benefits upon the death of the retired member; or

(2) The retired member may revoke the appointment of such spouse as a beneficiary; provided, however, that in such event the retirement benefit received by the retired member shall not increase. Such revocation may be made at any time after the entry of the final judgment of divorce. If the retired member elects to revoke the election, the spouse shall be treated in the same manner as if he or she had predeceased the retired member under subsection (d) of this Code section.

(f) If an active vested member of this retirement system dies and is survived by a legal spouse, such spouse shall receive a benefit as if the member has retired on the date of his or her death, had attained the age of 65, and had elected option three."

SECTION 7.

Said chapter is further amended by revising Code Section 47-23-106, relating to county supplement of salaries, as follows:

"47-23-106.

(a) Whenever any county within a judicial circuit supplements the state salary paid to active superior court judges or the district attorney of said circuit, the governing authority of such county shall be authorized, but not required, to supplement the benefit being paid pursuant to this chapter to any retired superior court judge or district attorney of said circuit who is receiving benefits pursuant to this chapter or to supplement the benefit being paid pursuant to this chapter to any beneficiary of any deceased superior court judge or district attorney.

(b) Whenever any county which has a state court supplements the salary of the judges or solicitors-general of such court, the governing authority of such county shall be authorized, but not required, to supplement the benefit being paid pursuant to this chapter to any retired state court judge of such court who is receiving benefits pursuant to this chapter or supplement the benefit being paid pursuant to this chapter to any beneficiary of any deceased state court judge.

(c) Notwithstanding the provisions of subsection (a) or (b) of this Code section, for any single county judicial circuit where the county site is located in an unincorporated area of the county and the county governing authority has constructed one or more permanent satellite courthouses within the county, said county shall supplement the benefit amount being paid pursuant to this chapter to any district attorney who retired from such circuit.

The amount of the supplement shall be determined by multiplying the benefit percentage he or she earned pursuant to Code Section 47-23-102 if such member first became a member before the effective date of this Act or Code Section 47-23-102.1 if such member first became a member on or after the effective date of this Act at retirement together with the aggregate county salary supplement being paid to the active district attorney on the date that he or she begins receiving a retirement benefit or the supplement paid to the retiring district attorney upon his or her last day of service as district attorney, whichever is greater. The supplement shall not be payable to a spouse or survivor pursuant to the provisions of Code Section 47-23-105."

Upon the student's transfer to a school outside of such local school system, the threat management team at the receiving school shall be provided access to the student's critical records as needed to determine the need for intervention services;

(9) If human trafficking or gang affiliation is suspected, school personnel shall follow steps established by the threat management team to seek law enforcement assistance and to identify appropriate interventions for the safety of the student from outside criminal syndicates;

SECTION 1.

Title 40 of the Official Code of Georgia Annotated, relating to motor vehicles and traffic, is amended by revising Code Section 40-2-8, relating to operation of unregistered vehicle or vehicle without current license plate, revalidation decal, or county decal and temporary operating permit issued by dealers of new or used motor vehicles, as follows:

"40-2-8.

(a) No person shall own, rent, lease, or operate any vehicle required to be registered pursuant to Code Section 40-2-20 upon a highway in this state without registering such vehicle. Any person who becomes a resident of this state shall register his or her vehicle within 30 days of becoming a resident. Each day that a vehicle is in violation of this Code section shall be deemed to be a separate and distinct offense. Any person convicted of such offense shall be guilty of a misdemeanor and punished by a fine of $100.00 for each violation. ~~Any person owning or operating any vehicle described in Code Section 40-2-20 on any public highway or street without complying with that Code section shall be guilty of a misdemeanor, provided that a person shall register his or her motor vehicle within 30 days after becoming a resident of this state. Any person renting, leasing, or loaning any vehicle described in Code Section 40-2-20 which is being used on any public highway or street without complying with that Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of $100.00 for each violation; and each day that such vehicle is operated in violation of Code Section 40-2-20 shall be deemed to be a separate and distinct offense.~~

(b)(1) It shall be unlawful and punishable as for a misdemeanor to operate any vehicle required to be registered in this state pursuant to Code Section 40-2-20 without a valid numbered license plate properly validated with a current revalidation decal, unless such operation is otherwise permitted under this chapter; and provided, further, that the purchaser of a new vehicle or a used vehicle from a dealer of new or used motor vehicles who displays a temporary operating permit issued as provided by ~~paragraph (2) of this~~

~~subsection~~ Code Section 40-2-8.1 may operate such vehicle on the ~~public~~ highways ~~and streets~~ of this state without a current valid license plate during the period ~~within which the purchaser is required by Code Section~~ authorized by Code Sections 40-2-8.1 and 40-2-20. An owner acquiring a motor vehicle from an entity that is not a new or used vehicle dealer shall register such vehicle as provided for in Code Section 40-2-29 unless such vehicle is to be registered under the International Registration Plan pursuant to Article 3A of this chapter.

~~(2)(A) Any dealer of new or used motor vehicles shall issue to the purchaser of a vehicle at the time of sale thereof, unless such vehicle is to be registered under the International Registration Plan, a temporary operating permit as provided for by department rules or regulations which may bear the dealer's name and location and shall bear an expiration date 45 days from the date of purchase. The expiration date of such a temporary operating permit may be revised and extended by the county tag agent upon application by the dealer, the purchaser, or the transferee if an extension of the purchaser's initial registration period has been granted as provided by Code Section 40-2-20. ~~(4)~~(2) The purchaser and operator of a vehicle shall not be subject to the penalties set forth in this Code section during the period allowed for the registration of such vehicle. ~~If the owner of such vehicle presents evidence that such owner has properly applied for the registration of such vehicle, but that the license plate or revalidation decal has not been delivered to such owner, then the owner shall not be subject to the penalties enumerated in this subsection.~~

(d) No violation of this Code section shall have occurred upon presentation of evidence that the owner had properly applied for the registration of such vehicle, but that the license plate or revalidation decal had not been delivered to such owner at the time the uniform traffic citation was issued.

(e) The commissioner is authorized to promulgate rules and regulations necessary to effectuate the provisions of this Code section."

SECTION 2.

Said title is further amended by revising Code Section 40-2-8.1, relating to operation of vehicle without revalidation decal on license plate, as follows:

"40-2-8.1.

(a) Any dealer of new or used motor vehicles other than a motor vehicle broker, as such term is defined in Code Section 43-47-2, shall issue a temporary operating permit without charge or fee to the purchaser of a vehicle at the time of sale thereof, unless such vehicle is to be registered under the International Registration Plan or such dealer is one whose primary business is the sale of salvage motor vehicles and other vehicles on which total loss claims have been paid by insurers. Such temporary operating permit shall be of a standard design prescribed the department; provided, however, that such permit shall not resemble a license plate issued by this state. A temporary operating permit may bear the name of the dealer and location and shall include an expiration date which shall be 45 days from the date of purchase. The expiration date of a temporary operating permit may be revised and extended by the county tag agent upon application by the dealer, purchaser, or transferee if an extension of the purchaser's initial registration period has been granted as provided by Code Section 40-2-20.

(b)(1) The department may provide by rule or regulation for the sale and distribution of temporary operating permits to dealers by third parties through the development and maintenance of an electronic temporary operating permit issuance system and establish standards for distribution and issuance of such permits. The department may further provide by rule or regulation for standards for authorized access to an electronic temporary operating permit issuance system, which may include, but shall not be limited to, required criminal background checks for any user of the system. Any third party authorized to sell and distribute temporary operating permits shall maintain an inventory record of such permits by number and name of the dealer.

(2)(A) The department shall be authorized to suspend access to the electronic temporary operating permit issuance system established pursuant to this Code section for any dealer found to have issued temporary operating permits for a vehicle which

has not been sold or intended to be registered or otherwise violated requirements for issuance of such permits established by rule or regulation of the department after issuance of notice of such violation by electronic means and opportunity for informal review as set forth in this subparagraph. Any dealer who has received notice pursuant to this subsection of an alleged violation and for whom the department intends to suspend access to the electronic temporary operating permit issuance system may request an informal review of the allegations with the department. The method for making such request shall be developed by the department and may be by electronic means. Upon receipt of such request for informal review, the department shall, within ten business days, schedule an informal conference with such dealer to review the suspected violations. Proceedings under this subparagraph shall not be governed by any formal procedural requirements and may be conducted in such manner as the department may establish by rule or regulation. The department shall consider the historical use of the electronic temporary operating permit issuance system by the dealer under consideration for access suspension, together with other pertinent information which may be available, and shall render a decision regarding access to the electronic temporary operating permit issuance system within seven business days of the informal conference. Upon a finding that such dealer violated the requirements of this Code section or rules and regulations of the department, the department shall be authorized to impose fines or fees as provided by law. The department shall not be authorized to suspend access to the temporary operating permit system unless the department finds a dealer to be substantially out of compliance with the requirements of this Code section or the rules and regulations of the department and such dealer has failed to produce satisfactory evidence of extenuating circumstances to justify such noncompliance.

(B) If the department suspends a dealer's access to the electronic temporary operating permit issuance system established pursuant to this Code section after an informal review held pursuant to subparagraph (A) of this paragraph, the suspended dealer shall have the right to a formal hearing to review the suspension pursuant to Code Section 40-3-6. Such hearing shall be held within 30 days of the department's decision to suspend the dealer's access to the electronic temporary operating permit issuance system and shall be conducted in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' At such hearing, the department may present evidence of any instances in which the suspended dealer unlawfully issued temporary operating permits or issued fraudulent temporary operating permits. Upon a finding that the suspended dealer is in compliance with the requirements of this Code section and has issued temporary operating permits predominantly for bona fide motor vehicle sales, the department shall provide for the immediate restoration of access to the electronic temporary operating permit issuance system for such dealer but shall be authorized to impose fines or fees as provided by law for failure to comply with the requirements of this chapter. Upon a finding that the suspended dealer violated the requirements of this Code section or rules and regulations of the department, the department shall be authorized to extend the term of suspension for a

period of up to 24 months. Upon a finding that a dealer has unlawfully issued temporary operating permits in violation of this chapter or rules and regulations of the department, the department shall further be authorized to issue a civil monetary penalty in an amount no greater than $100.00 per violation, suspend or revoke the registration issued to a dealer pursuant to Code Section 40-2-39, and suspend, confiscate, or limit issuance of any dealer plates issued pursuant to Code Section 40-2-38 for a period of up to 24 months. The department shall comply with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' in relation to the expedited review provided for in this subparagraph and the suspended dealer shall have the right to appeal any decision of the department in accordance with such chapter.

(c) The commissioner is authorized to promulgate rules and regulations necessary to effectuate the provisions of this Code section."

"(3) At the time of initial application for registration or at any time during the registration period, a vehicle owner may file with the county tag agent, on a form or electronic form prescribed by the commissioner, a request to have a vehicle license plate duplicated on a digital license plate purchased from a digital license plate provider. Such request to the county tag agent shall include all applicable registration fees. Upon approving the application provided in this paragraph, the commissioner or county tag agent shall furnish the digital license plate provider with the appropriate licensing information to be displayed upon the digital license plate. In accordance with Code Section ~~40-2-8~~ 40-2-8.1, a 45 day temporary operating permit shall be issued by the commissioner or county tag agent to an applicant for a digital license plate until such license plate is received by the applicant."

The tax commissioner shall grant a temporary permit in the event the failure to timely apply for a first certificate of title is due to the failure of a lienholder to comply with Code Section 40-3-56, regarding release of a security interest or lien, and no penalty or interest shall be assessed. Such penalty and interest shall be in addition to the penalty and fee required under Code Section 40-3-21 or 40-3-32, as applicable.

(D) A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency authorized to enforce the speed limit of the school zone and stating that, based upon inspection of ~~photographically~~ recorded images, the owner's motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law;

(E) A statement of the inference provided by paragraph (4) of this subsection and of the means specified therein by which such inference may be rebutted;

(F) Information advising the owner of the motor vehicle of the manner in which liability as alleged in the citation may be contested ~~through an administrative hearing~~ which shall include a statement which reads: 'YOU HAVE A RIGHT TO CONTEST LIABILITY BY CONTACTING YOUR LOCAL COURT'; and

(G) A warning that failure to pay the civil monetary penalty or to contest liability in a timely manner as provided for in subsection (d) of this Code section shall waive any right to contest liability;

(3) Proof that a motor vehicle was operated in disregard or disobedience of the speed limit of the marked school zone shall be evidenced by ~~photographically~~ recorded images. A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency and stating that, based upon inspection of ~~photographically~~ recorded images, a motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law shall be prima-facie evidence of the facts contained therein; and

(4) Liability under this Code section shall be determined based upon a preponderance of the evidence. Prima-facie evidence that the vehicle described in the citation issued pursuant to this Code section was operated in violation of the speed limit of the school zone, together with proof that the defendant was, at the time of such violation, the registered owner of the vehicle, shall permit the trier of fact in its discretion to infer that such owner of the vehicle was the ~~driver~~ operator of the vehicle at the time of the alleged violation. Such an inference may be rebutted if the owner of the vehicle:

(A) Testifies under oath in open court or submits to the court a sworn notarized statement that he or she was not the operator of the vehicle at the time of the alleged violation; or

(B) Presents to the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation.

(c) A violation for which a civil warning or a civil monetary penalty is imposed pursuant to this Code section shall not be considered a moving traffic violation for the purpose of points assessment under Code Section 40-5-57. Such violation shall be deemed noncriminal, and imposition of a civil warning or civil monetary penalty pursuant to this Code section shall not be deemed a conviction and shall not be made a part of the

operating record of the person upon whom such liability is imposed, nor shall it be used for any insurance purposes in the provision of motor vehicle insurance coverage.

(d) If a person issued and mailed a citation pursuant to subsection (b) of this Code section fails to pay the civil monetary penalty for the violation or has not filed a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section in no less than 30 nor more than 60 days after such mailing as determined and noticed by the law enforcement agency, the agent or law enforcement agency shall send to such person by ~~first class~~ first-class mail a second notice of any unpaid civil monetary penalty, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. The second notice shall include all information required in paragraph (2) of subsection (b) of this Code section and shall include a new date ~~of return~~ by which the civil monetary penalty shall be paid which shall be no less than 30 days after such mailing as determined and noticed by the law enforcement agency. If such person notified by second notice again fails to pay the civil monetary penalty or file a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section by the new date ~~of return~~ included in the notice, such person shall have waived the right to contest the violation and shall be liable for the civil monetary penalty provided for under this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed.

(e) Notices mailed by ~~first class~~ first-class mail pursuant to this Code section shall be adequate notification of the fees and penalties imposed by this Code section. No other notice shall be required for the purposes of this Code section.

(f) Any court having jurisdiction over violations of subsection (a) of this Code section shall have jurisdiction over cases arising under this subsection and shall be authorized to impose the civil monetary penalty provided by this subsection. Except as otherwise provided in this subsection, the provisions of law governing jurisdiction, procedure, defenses, adjudication, appeal, and payment and distribution of penalties otherwise applicable to violations of subsection (a) of this Code section shall apply to enforcement under this Code section except as provided in subsection (b) of this Code section; provided, however, that any appeal from superior or state court shall be by application in the same manner as that provided by Code Section 5-6-35.

(g) If a violation has not been contested and the assessed penalty has not been paid, the agent or governing body shall send to the person who is the registered owner of the motor vehicle a final notice of any unpaid civil monetary penalty authorized by this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. ~~The notice shall inform the registered owner that the agent or governing body shall send a referral to the Department of Revenue if the assessed penalty is not paid within 30 days after the final notice was mailed and of the consequences for failure to pay such penalty and any late fee.~~

(h) ~~The agent or governing body shall send a referral to the Department of Revenue not sooner than 30 days after the final notice required under subsection (g) was mailed if a~~

~~violation has not been contested and the assessed penalty has not been paid, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. The referral to the Department of Revenue shall include the following:~~

~~(1) Any information known or available to the agent or governing body concerning the license plate number, year of registration, and the name of the owner of the motor vehicle;~~

~~(2) The date on which the violation occurred;~~

~~(3) The citation number issued for the violation; and~~

~~(4) The date when the notice required under this Code section was mailed.~~

~~(i) If the Department of Revenue receives a referral under subsection (h) of this Code section, such referral shall be entered into the motor vehicle data base within five days of receipt and the Department of Revenue shall refuse to renew the registration of the motor vehicle unless and until the civil monetary penalty plus any late fee is paid to the agent or governing body.~~

~~(j) The Department of Revenue shall remove the penalty on a vehicle registration if any person presents the Department of Revenue with adequate proof from the agent or governing body that the penalty and any late fee, if applicable, has been paid.~~

~~(k)~~ Recorded images made for purposes of this Code section shall not be a public record for purposes of Article 4 of Chapter 18 of Title 50.

~~(l)~~(i) A civil warning or civil monetary penalty under this Code section on the owner of a motor vehicle shall not be imposed if the operator of the vehicle was arrested or issued a citation and notice to appear by a certified peace officer for the same violation.

~~(m)~~(j)(1) As used in this subsection, the term 'school safety purposes' means activities incident to the establishment, procurement, or maintenance of safety measures within public or private elementary or secondary schools that enhance and ensure the protection of students, staff, and visitors to such a school, including, but not limited to, access control systems, communication systems, cyber security measures, perimeter security systems, surveillance systems, visitor management systems, employment of crossing guards, and safety protocol training. Such purposes may further include mental health support services in collaboration with law enforcement to address safety concerns proactively.

(2) The ~~money~~ moneys collected and remitted to the governing body pursuant to paragraph (1) of subsection (b) of this Code section shall only be used by such governing body ~~to~~ as follows:

(A) Fifty percent shall be allocated to fund local law enforcement or public safety initiatives; and

(B) Fifty percent shall be allocated equally among all schools within the jurisdiction of the governing body for school safety purposes.

(3) This subsection shall not preclude the appropriation of a greater amount than collected and remitted under this subsection.

(4) At least quarterly, the local governing body shall post upon its website a report on the moneys disbursed pursuant to this subsection, which shall include the amount allocated to each school within the jurisdiction of such governing body."

the digital recording of certain Georgia State-wide Business Court proceedings; to provide for the utilization and regulation of digital recording systems; to provide for definitions; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

PART I
SECTION 1-1.

Article 2 of Chapter 6 of Title 5 of the Official Code of Georgia Annotated, relating to appellate practice, is amended by revising Code Section 5-6-41, relating to reporting, preparation, and disposition of transcript, correction of omissions or misstatements, preparation of transcript from recollections, filing of disallowed papers, filing of stipulations in lieu of transcript, and reporting at party's expense, as follows:

"5-6-41.

(a) For any felony trial; for any post-indictment evidentiary hearing in a felony case excluding arraignments, guilty pleas, bond hearings, and any hearings in which no witness testifies; and for all proceedings in a case in which the prosecuting attorney has filed a notice of intent to seek the death penalty, ~~In all felony cases,~~ the transcript of evidence and proceedings shall be reported and prepared by a court reporter as provided in Code Section 17-8-5 or as otherwise provided by law. In all other felony proceedings, the transcript of evidence and proceedings shall either be reported and prepared by a court reporter as provided in Code Section 17-8-5 or as otherwise provided by law or, except as provided in Code Section 5-6-41, in the judge's discretion, be recorded via a digital recording system, as defined in Code Section 15-14-22, and as provided for by uniform court rules adopted and published by order of the Supreme Court with the advice and consent of the council of the affected class or classes of trial courts.

(b) In all misdemeanor cases, the trial judge may, in the judge's discretion, require the reporting and transcribing of the evidence and proceedings by a court reporter on terms prescribed by the trial judge, or, except as provided in Code Section 5-6-41, may require the recording of the evidence and proceedings via a digital recording system, as defined in Code Section 15-14-22, and as provided for by uniform court rules adopted and published by order of the Supreme Court with the advice and consent of the council of the affected class or classes of trial courts.

(c) In all civil cases tried in the superior and city courts, in the Georgia State-wide Business Court, and in any other court, the judgments of which are subject to review by the Supreme Court or the Court of Appeals, the trial judge thereof may require the parties to have the proceedings and evidence reported by a court reporter, the costs thereof to be borne equally between them, or, except as provided in Code Section 5-6-41, recorded via a digital recording system, as defined in Code Section 15-14-22, and as provided for by uniform court rules adopted and published by order of the Supreme Court with the advice and consent of the council of the affected class or classes of trial courts; and, where an

appeal is taken which draws in question the transcript of the evidence and proceedings, it shall be the duty of the appellant to have the transcript prepared at the appellant's expense. Where it is determined that the parties, or either of them, are financially unable to pay the costs of reporting or transcribing, and the proceeding was not recorded by a digital recording system, as defined in Code Section 15-14-22, the judge may, in the judge's discretion, authorize trial of the case unreported; and, when it becomes necessary for a transcript of the evidence and proceedings to be prepared, it shall be the duty of the moving party to prepare the transcript from recollection or otherwise.

(d) Where a trial in any civil or criminal case is reported by a court reporter or recorded via a digital recording system, as defined in Code Section 15-14-22, and as provided for by uniform court rules adopted and published by order of the Supreme Court with the advice and consent of the council of the affected class or classes of trial courts, all motions, colloquies, objections, rulings, evidence, whether admitted or stricken on objection or otherwise, copies or summaries of all documentary evidence, the charge of the court, and all other proceedings which may be called in question on appeal or other posttrial procedure shall be reported or recorded; and, where the report or recording is transcribed, all such matters shall be included in the written transcript, it being the intention of this article that all these matters appear in the record. Where matters occur which were not reported or recorded, such as objections to oral argument, misconduct of the jury, or other like instances, the court, upon motion of either party, shall require that a transcript of these matters be made and included as a part of the record. The transcript of proceedings shall not be reduced to narrative form unless by agreement of counsel; but, where the trial is not reported or recorded or the transcript of the proceedings for any other reason is not available and the evidence is prepared from recollection, it may be prepared in narrative form.

(e) Where a civil or criminal trial is reported by a court reporter or recorded via a digital recording system, as defined in Code Section 15-14-22, and as provided for by uniform court rules adopted and published by order of the Supreme Court with the advice and consent of the council of the affected class or classes of trial courts, and the evidence and proceedings are transcribed, ~~the~~ a court reporter shall complete the transcript and file the original and one copy thereof with the clerk of the trial court, together with the court reporter's certificate attesting to the correctness thereof. In criminal cases where the accused was convicted of a capital felony, an additional copy shall be filed for the Attorney General, for which the court reporter shall receive compensation from the Department of Law as provided by law. The original transcript shall be transmitted to the appellate court as a part of the record on appeal; and one copy will be retained in the trial court, both as referred to in Code Section 5-6-43. Upon filing by the court reporter, the transcript shall become a part of the record in the case and need not be approved by the trial judge.

(f) Where any party contends that the transcript or record does not truly or fully disclose what transpired in the trial court and the parties are unable to agree thereon, the trial court shall set the matter down for a hearing with notice to both parties and resolve the difference so as to make the record conform to the truth. If anything material to either

party is omitted from the record on appeal or is misstated therein, the parties by stipulation, or the trial court, either before or after the record is transmitted to the appellate court, on a proper suggestion or of its own initiative, may direct that the omission or misstatement shall be corrected and, if necessary, that a supplemental record shall be certified and transmitted by the clerk of the trial court. The trial court or the appellate court may at any time order the clerk of the trial court to send up any original papers or exhibits in the case, to be returned after final disposition of the appeal.

(g) Where a proceeding is recorded via a digital recording system, as defined in Code Section 15-14-22, and as provided for by uniform court rules adopted and published by order of the Supreme Court with the advice and consent of the council of the affected class or classes of trial courts, such recording shall not be considered the record of the proceeding unless it is transcribed and certified pursuant to subsection (b) of Code Section 15-14-5. Such transcript shall not be created if the recorded proceeding is also taken down and transcribed by a court reporter.

~~(g)~~(h) Where a trial is not reported or recorded as referred to in subsections (b) and (c) of this Code section or where for any other reason the transcript of the proceedings is not obtainable and a transcript of the evidence and proceedings is prepared from recollection, the agreement of the parties thereto or their counsel, entered thereon, shall entitle such transcript to be filed as a part of the record in the same manner and with the same binding effect as a transcript filed by the court reporter as referred to in subsection (e) of this Code section. In case of the inability of the parties to agree as to the correctness of such transcript, the decision of the trial judge thereon shall be final and not subject to review; and, if the trial judge is unable to recall what transpired, the judge shall enter an order stating that fact.

~~(h)~~(i) Where any amendment or other pleading or paper which requires approval or sanction of the court in any proceeding before being filed of record is disallowed or sanction thereof is refused, the amendment, pleading, or paper may nevertheless be filed, with notation of disallowance thereon, and shall become part of the record for purposes of consideration on appeal or other procedure for review.

~~(i)~~(j) In lieu of sending up a transcript of record, the parties may by agreement file a stipulation of the case showing how the questions arose and were decided in the trial court, together with a sufficient statement of facts to enable the appellate court to pass upon the questions presented therein. Before being transmitted to the appellate court, the stipulation shall be approved by the trial judge or the presiding judge of the court where the case is pending.

~~(j)~~(k) In all cases, civil or criminal, any party may as a matter of right have the case reported by a court reporter at the party's own expense."

SECTION 1-2.

Code Section 9-11-30 of the Official Code of Georgia Annotated, relating to depositions upon oral examination, is amended by revising paragraph (4) of subsection (b) as follows:
