SECTION 1.

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, exemptions, and credits for income taxes, is amended by revising Code Section 48-7-40.10, which is reserved, as follows:

"48-7-40.10.

(a) As used in this Code section, the term:

(1) 'Covered employee' means an employee who is covered by an individual coverage health reimbursement arrangement provided by a qualified taxpayer.

(2) 'Individual coverage health reimbursement arrangement' means a health reimbursement arrangement established pursuant to 45 C.F.R. Section 146.123.

(b) For taxable years beginning on or after January 1, 2026, a qualified taxpayer shall be allowed a tax credit against the tax imposed under this article for contributions to an individual coverage health reimbursement arrangement for employees who are residents of this state, provided that:

(1) The qualified taxpayer contributed at least $200.00 per month to an individual coverage health reimbursement arrangement for each covered employee; and

(2) The contribution made by the qualified taxpayer for each employee for which the qualified taxpayer is seeking a credit pursuant to this Code section is equal to or greater than the total amount of contributions to any employer sponsored health benefit plan made by the qualified taxpayer for such employee in the previous taxable year.

(c)(1) The amount of the credit allowed pursuant to this Code section shall not exceed an amount equal to:

(A) In the first three years a credit is claimed pursuant to this Code section, $600.00 per covered employee;

(2) The department shall require preapproval applications to contain such information as is necessary to substantiate a taxpayer's eligibility for tax credits allowed pursuant to this Code section.

(3) The department shall review completed preapproval applications in the order in which such applications were received; provided, however, that the department shall prioritize the review of completed preapproval applications from qualified taxpayers that have already claimed a credit pursuant to this Code section before any other preapproval applications.

To amend Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, so as to enact the "Georgia Nicotine Vapor Products Directory Act"; to provide for definitions; to require the establishment and maintenance of a directory of nicotine vapor products authorized for sale in this state; to prohibit the sale of any vapor product containing nicotine that is not listed in the directory; to provide for compliance checks and enforcement; to provide for seizure and destruction of contraband; to provide for civil penalties and enforcement; to provide procedures for the revocation and suspension of licenses for violations; to provide for statutory construction; to provide for rules and regulations; to require an annual report to the General Assembly; to provide for related matters; to provide for contingent effectiveness upon appropriation of funds; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by designating Code Sections 48-11-1 through 48-11-30 as Article 1 of Chapter 11 and enacting a new article to read as follows:

"ARTICLE 2

48-11-40.

This article shall be known and may be cited as the 'Georgia Nicotine Vapor Products Directory Act.'

48-11-41.

As used in this article, the term:

(1) 'Directory' means the directory of nicotine vapor products the commissioner is required to develop and maintain as provided in this article.

(2) 'FDA' means the United States Food and Drug Administration.

(3) 'Foreign business entity' means an entity formed under a law other than the law of this state.

(4) 'Licensee' means any vapor product dealer, vapor product distributor, vapor product importer, or vapor product manufacturer licensed under Article 1 of this chapter.

(5) 'Nicotine vapor product' means any consumable vapor product that contains any amount of nicotine and any vapor device developed or intended to deliver any consumable vapor product that contains nicotine.

(6) 'Timely filed premarket tobacco product application' means an application pursuant to 21 U.S.C. Section 387j for a nicotine vapor product marketed in the United States as

of August 8, 2016, that was submitted to the FDA on or before September 9, 2020, and accepted for filing.

48-11-42.

(a)(1) The commissioner shall develop a process by which vapor product manufacturers can submit the certification required under subsection (b) of this Code section and any other information required under this article to be used to create the directory listing required under Code Section 48-11-43 and for such other purposes as provided in this article. Such process may include a portal or software application accessible through an internet website. The commissioner may allow a vapor product manufacturer to file a single certification for all of its nicotine vapor products or require a separate certification for each nicotine vapor product.

(2) Notwithstanding any law to the contrary, the commissioner shall be authorized to disclose the certifications and any other information received pursuant to this chapter, Chapters 13 and 13A of Title 10, and Title 16 with federal, state, or local courts or agencies for purposes of enforcing the provisions of this chapter, Chapters 13 and 13A of Title 10, and Title 16, or the corresponding laws of other states.

(b) Within 12 months of the effective date of this article, and annually thereafter, every vapor product manufacturer that sells nicotine vapor products in this state or sells nicotine vapor products to a licensee shall execute and deliver a certification to the commissioner in a format prescribed by the commissioner through rules and regulations. In such certification, the vapor product manufacturer shall attest, under penalty of perjury, as to each nicotine vapor product:

(1) That the vapor product manufacturer in offering such nicotine vapor product for sale in this state or in selling such nicotine vapor product to a licensee for the purpose of selling in it in this state is compliant with federal law and this chapter;

(2) That the nicotine vapor product does not contain any substance or exceed the quantity of any substance that is illegal to be sold in this state pursuant to federal law or the laws of this state;

(3)(A) That the vapor product manufacturer has submitted a timely filed premarket tobacco product application for the nicotine vapor product pursuant to 21 U.S.C. Section 387j to the FDA, and the application either remains under review by the FDA or has received a marketing denial order that has been and remains stayed by the FDA or court order, rescinded by the FDA, or vacated by a court; or

(B) That the vapor product manufacturer has received a marketing granted order under 21 U.S.C. Section 387j for the nicotine vapor product from the FDA; and

(4) If the nicotine vapor product has undergone a change to its name, brand style, or packaging since the vapor product manufacturer submitted a timely filed premarket tobacco product application for such product or since the vapor product manufacturer has received a marketing granted order from the FDA under 21 U.S.C. Section 387j for such product, that the vapor product manufacturer is not required, under applicable federal law or regulation, to submit an additional or supplemental application to or obtain additional approval from the FDA or any other federal agency for such product

to continue to be marketed in the United States with such change in its name, brand style, or packaging.

(c) The certification under subsection (b) of this Code section shall require each vapor product manufacturer to set forth:

(1) The name under which the vapor product manufacturer transacts or intends to transact business;

(2) The license identification information for any license issued to the vapor product manufacturer by the commissioner under Article 1 of this chapter;

(3) The address of the location of the vapor product manufacturer's principal place of business;

(4) The vapor product manufacturer's email address;

(5) The brand name, category or type, product name, flavor, and description of each of such vapor product manufacturer's nicotine vapor product that it seeks to have made part of the directory; and

(6) Such other information as may be required by the commissioner pursuant to rules and regulations.

(d) In addition to the certification required under subsection (b) of this Code section, each vapor product manufacturer shall submit to the commissioner for each nicotine vapor product a copy of:

(1)(A) The cover page of the marketing granted order issued pursuant to 21 U.S.C. Section 387j;

(B) A copy of the acceptance letter issued by the FDA pursuant to 21 U.S.C. Section 387j for a timely filed premarket tobacco product application; or

(C) A document issued by the FDA or by a court confirming that the premarket tobacco product application has received a denial order that is not yet in effect; and

(2) A payment of $1,000.00 for each nicotine vapor product the first time the vapor product manufacturer submits a certification for that nicotine vapor product and a payment of $250.00 annually thereafter for each such nicotine vapor product.

(e) The information submitted by the vapor product manufacturer pursuant to paragraph (1) of subsection (d) of this Code section shall be considered confidential commercial or financial information for purposes of Article 4 of Chapter 18 of Title 50. The vapor product manufacturer may redact certain confidential commercial or financial information provided under paragraph (1) of subsection (d) of this Code section, subject to approval by the commissioner. The commissioner shall not disclose such information except as required or authorized by law.

(f) Any vapor product manufacturer that submits a certification pursuant to subsection (b) of this Code section shall notify the commissioner within 30 days after any material change to such certification as to any nicotine vapor product, including, but not limited to:

(1) Issuance or denial of a marketing authorization or other order by the FDA pursuant to 21 U.S.C. Section 387j;

(2) Any other order by the FDA or a court or any action required by the FDA concerning the content or quality of the nicotine used in a nicotine vapor product

requiring a vapor product manufacturer to remove such nicotine vapor product from the market either temporarily or permanently;

(3) Any notice of action taken by the FDA affecting the ability of the nicotine vapor product to be introduced or delivered into interstate commerce for commercial distribution in the United States; or

(4) Any other change deemed material by the commissioner pursuant to the rules and regulations.

(g) In the event that amendments to 21 U.S.C. Section 387j or subsequent regulations or other official federal guidance issued pursuant to 21 U.S.C. Section 387j change compliance requirements or standards for a nicotine vapor product to become federally compliant, each vapor product manufacturer of a nicotine vapor product that is sold for retail sale in this state shall submit documentation to the commissioner substantiating compliance with such new federal requirements or standards within 30 days of when compliance with such new federal requirement or standards is mandated. Failure of a vapor product manufacturer to substantiate compliance with such new federal requirements or standards shall be grounds for removal of the manufacturer and its nicotine vapor products from the directory established pursuant to Code Section 48-11-43.

(h) The commissioner may by rules and regulations establish a procedure to allow vapor product manufacturers to renew certifications without having to resubmit all the information required by this Code section, if there has not been any change as to such information.

48-11-43.

(a) The commissioner shall develop and maintain a directory listing all the nicotine vapor products for which a certification has been submitted that complies with this article. Such directory listing shall include information as to the vapor product manufacturer that submitted the certification and may include the status of any marketing authorization, order, or other action of the FDA or any court provided under subsection (b) of Code Section 48-11-42. The commissioner shall make the directory available on the department's public website within 14 months of the effective date of this article. The commissioner on at least a monthly basis shall update the directory to correct mistakes, ensure accuracy, and add or remove nicotine vapor products as may be necessary. The commissioner shall establish by rules and regulations a process to provide any vapor product manufacturer that submits a certification pursuant to Code Section 48-11-42 and all licensees notice of the initial publication of the directory and changes made to the directory in the prior month.

(b)(1) The commissioner shall provide a vapor product manufacturer with notice of any deficiencies in the submitted certification and an opportunity to cure such deficiencies before removing a nicotine vapor product of such vapor product manufacturer from the directory.

(2) The commissioner shall not remove from the directory a nicotine vapor product of such vapor product manufacturer until at least 15 days after the vapor product

manufacturer has been given notice of such intended action. Notice shall be sufficient and deemed immediately received by a vapor product manufacturer if the notice is sent either electronically or by facsimile to an email address or facsimile number provided by the vapor product manufacturer in its most recent certification form for such nicotine vapor product.

(3) The vapor product manufacturer shall have 15 days from the date of service of the notice of the commissioner's intended action provided pursuant to paragraph (2) of this subsection to cure any deficiencies or otherwise establish to the satisfaction of the commissioner that such nicotine vapor product of such vapor product manufacturer should be included in the directory.

(4) A determination by the commissioner not to include in or to remove from the directory a nicotine vapor product shall be subject to judicial review in the same manner as is provided by law for judicial review of contested cases under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

48-11-44.

(a) Beginning on the date that the commissioner first makes the directory available on the department's public website, nicotine vapor products not included in the directory shall not be sold or purchased in this state except as provided in this Code section.

(b)(1) Each vapor product dealer shall have six months from the date that the commissioner first makes the directory available on the department's public website to sell nicotine vapor products that were in its inventory and not included in the directory or to remove those nicotine vapor products from its inventory and return those nicotine vapor products to the vapor product manufacturer or vapor product distributor from whom it was acquired for a full refund.

(2) Each vapor product distributor shall have six months from the date that the commissioner first makes the directory available on the department's public website to remove those nicotine vapor products intended for sale or purchase in this state from its inventory and return those nicotine vapor products to the vapor product manufacturer from whom it was acquired for a full refund.

(3) After six months following publication of the directory, nicotine vapor products not listed in the directory and intended for sale or purchase in this state shall be subject to seizure, forfeiture, storage, and destruction consistent with the provisions of Code Section 48-11-48 and shall not be sold or purchased in this state except as otherwise provided in this article.

(c)(1) If a nicotine vapor product is removed from the directory, each vapor product dealer and vapor product distributor shall have 30 days from the date notice is received that such nicotine vapor product has been removed from the directory to sell such nicotine vapor product or remove such nicotine vapor product from its inventory and return such nicotine vapor product to the vapor product manufacturer from whom it was acquired for a full refund. Each such nicotine vapor product manufacturer shall provide to the commissioner information regarding the return of such nicotine vapor product within 21 days after receipt.

(2) After 30 days following removal of a nicotine vapor product from the directory, it shall be unlawful to purchase or sell such nicotine vapor product identified in the notice of removal in this state and such nicotine vapor product shall be subject to seizure consistent with the provisions of Code Section 48-11-48. Such prohibition on the purchase and sale of such nicotine vapor products shall not prohibit the vapor product manufacturer or vapor product distributor from providing a refund pursuant to this Code section.

48-11-45.

Each vapor product dealer and vapor product distributor that sells or distributes vapor products in this state shall be subject to compliance checks by the department for purposes of enforcing this article. Unannounced follow-up compliance checks conducted on behalf of the department of all noncompliant vapor product dealers and vapor product distributors shall be conducted within 30 days after any violation of this Code section. The commissioner on an annual basis shall make available on the department's public website the results of all compliance checks.

48-11-46.

(a) In addition to any other provision of law, a vapor product dealer or a vapor product distributor that has a nicotine vapor product that is not included in the directory and is available for sale or is offered for sale in this state in violation of this article shall be subject to a civil penalty as follows:

(1) A violation of a total quantity of 20 nicotine vapor product units or less shall be punishable:

(A) For a first violation, no penalty if the nicotine vapor products are removed as provided in this chapter;

(B) For a second violation within a 12 month period, by a fine of ten times the retail value of the units of nicotine vapor products involved;

(C) For a third violation within an 18 month period, by a fine of 25 times the retail value of the units of nicotine vapor products involved; and

(D) For a fourth violation within a 24 month period, by a fine of 25 times the retail value of the units of nicotine vapor products involved and revocation of the license of the vapor product dealer or the vapor product distributor, as applicable, by the department pursuant to Code Section 48-11-6;

(2) A violation of a total quantity of more than 20 nicotine vapor product units shall be punishable:

(A) For a first violation, no penalty if the nicotine vapor products are removed as provided in this chapter;

(B) For a second violation within a 12 month period, by a fine of $10,000.00 or 50 times the retail value for each unit of nicotine vapor product involved, whichever is greater;

(C) For a third violation within an 18 month period, by a fine of $20,000.00 or 50 times the retail value for each unit of nicotine vapor product involved, whichever is

greater, and a 60 day suspension of the license of the vapor product dealer or the vapor product distributor, as applicable, by the department pursuant to Code Section 48-11-6; and

(D) For a fourth violation within a 24 month period, by a fine of $30,000.00 or 50 times the retail value for each unit of nicotine vapor product involved, whichever is greater, and revocation of the license of the vapor product dealer or the vapor product distributor, as applicable, by the department pursuant to Code Section 48-11-6; and

(3) Notwithstanding paragraphs (1) and (2) of this subsection, a fourth violation of any quantity of units of nicotine vapor products shall result in a revocation of the license of the vapor product dealer or the vapor product distributor, as applicable, by the department pursuant to Code Section 48-11-6.

For purposes of this subsection, each unit of a nicotine vapor product that may be sold individually shall be counted separately to determine the quantity of nicotine vapor products.

(b) A vapor product manufacturer whose nicotine vapor products are not listed in the directory and that causes the nicotine vapor products that are not listed to be sold in this state, whether directly or through a vapor product importer, vapor product distributor, vapor product dealer, or any other person, shall be subject to a civil penalty of $10,000.00 per day for each individual nicotine vapor product offered for sale in violation of this chapter until the offending nicotine vapor product is either removed from the market or properly listed on the directory. In addition, any vapor product manufacturer that falsely represents any information on the certification or that is required under this chapter to be provided to the commissioner or the department shall be guilty of a misdemeanor for each false representation.

(c) A repeated violation of this Code section shall constitute a deceptive trade practice under Part 1 of Article 15 of Chapter 1 of Title 10, the 'Uniform Deceptive Trade Practices Act.'

48-11-47.

In an action for any violation brought under this chapter, the commissioner may recover reasonable expenses incurred in investigating and preparing the case and attorneys' fees if successful in the initial action, unless such action is successfully appealed and reversed.

48-11-48.

(a) Any nicotine vapor products offered for sale or sold in violation of this article are declared to be contraband goods and shall be seized by the commissioner, the commissioner's agents or employees, or any law enforcement officer of this state if directed by the commissioner to do so.

(b) Upon seizure, the person from whom the contraband property was seized, if known, shall be provided with a receipt identifying the contraband property seized and indicating from whom the contraband property was seized and the place of seizure. Such contraband shall be stored pending a hearing and appeal provided for in subsections (d) and (e) of this Code section and thereafter destroyed, if authorized.

(c) A copy of the receipt shall be:
(1) Filed with the department and shall be a public record open to public inspection; and
(2) Posted at the courthouse of the county in which the contraband was seized.
(d) Any person desiring to make claim to the contraband property shall file a claim with the commissioner within ten days from the day of seizure. The commissioner, within 30 days of receipt of any such claim, shall afford the claimant a hearing in which to show entitlement to the seized items. The burden of proof at such hearing shall be upon the claimant to establish a claim as to the items seized and to show compliance with or justification for noncompliance with this article. The commissioner shall enter a written order granting or denying the claim within 30 days from the date of the hearing.
(e) An appeal from the commissioner's order may be taken to the Superior Court of Fulton County by filing with the commissioner, within 15 days from the date of the decision, a copy of the petition for review filed in the Superior Court of Fulton County. The proceedings on the petition for review shall be governed by Chapter 3 of Title 5 except as provided otherwise in this Code section. The appeal shall be based upon the record made before the commissioner. The commissioner shall transmit the record and appropriate documents to the superior court within 30 days after the date the petition for review is received. The superior court shall review the record for errors of law, violation of constitutional or statutory provisions, violation of the statutory authority of the agency, lawfulness of the procedure, lack of any evidence to support the commissioner's decision, and arbitrariness and abuse of discretion. However, the court shall not substitute its judgment as to the weight of evidence on questions of fact.
(f) The cost of such seizure, forfeiture, storage, and destruction shall be borne by the person from whom the nicotine vapor products determined to be contraband are confiscated.

48-11-49.
(a) Any nonresident vapor product manufacturer that has not registered to do business in this state as a foreign business entity shall, as a condition precedent to being included in the directory, appoint and continually engage without interruption the services of an agent in this state to act as agent for the service of process on whom all process, and any action or proceeding against it concerning or arising out of the enforcement of this article, may be served in any manner authorized by law. Such service shall constitute legal and valid service of process on the vapor product manufacturer. The vapor product manufacturer shall provide the name, address, telephone number, and proof of the appointment and availability of such agent to the commissioner.
(b) The vapor product manufacturer shall provide notice to the commissioner 30 days prior to termination of the authority of an agent and shall further provide proof to the satisfaction of the commissioner of the appointment of a new agent no less than five days prior to the termination of an existing agent appointment. In the event an agent terminates an agency appointment, the vapor product manufacturer shall notify the commissioner of

the termination within five days and shall include proof to the satisfaction of the commissioner of the appointment of a new agent.

(c) Any vapor product manufacturer whose nicotine vapor products are offered for sale or sold in this state that has not appointed and engaged the services of an agent as required by this Code section shall be deemed to have appointed the Secretary of State as its agent for service of process. The appointment of the Secretary of State as agent shall not satisfy the condition precedent required in subsection (a) of this Code section to be included or retained in the directory.

48-11-50.

Nothing in this article shall be construed as limiting the commissioner in the exercise of his or her authority, as provided under Article 1 of this chapter, to suspend or refuse to renew a license for violations of Chapters 13 and 13A of Title 10, Title 16, Title 48, or any other provisions of law and any rules or regulations promulgated thereunder.

48-11-51.

Starting on January 31 of the first year after the year in which this article becomes effective, and annually thereafter, the commissioner shall provide a report to the General Assembly regarding the status of the directory, the nicotine vapor products included in the directory, revenue, and expenditures related to administration of this article, and enforcement activities undertaken pursuant to this article."

SECTION 2.

This Act shall become effective only if funds are specifically appropriated for the purposes of this Act in an appropriations Act making specific reference to this Act and shall become effective when funds so appropriated become available for expenditure.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

(p) It shall not be a defense in a civil action brought under this Code section that the defendant displayed or otherwise communicated to the public a disclaimer stating that the applicable digital replica was unauthorized or disclosing that the digital replica was generated through the use of artificial intelligence or other technology.

The conditions for such activation shall be:

No district or board created under this Act shall transact any business or exercise any powers under this Act until the conditions of this section are met. A copy of such resolutions shall be filed with the Secretary of State who shall maintain a record of all districts activated under this Act and a second copy shall be filed with the Department of Community Affairs.

SECTION 5.

Administration, appointment, and election of board members.

(a) Each district created pursuant to this Act shall be administered by a board composed of a minimum of seven members to be appointed and elected as provided in this section. Two board members shall be appointed by the governing authority of Bartow County, and one board member shall be appointed by the governing authority of each municipality within which any portion of the district lies; provided, however, that in the event the district lies entirely within a municipality, two board members shall be appointed by the governing authority of such municipality and the governing authority of Bartow County shall have no appointees. The remaining board members shall be elected by the owners of real property within the district subject to taxes, fees, and assessments levied by the board. The board shall be seven in number plus one or two members appointed by the governing authority of each municipality as provided above. The appointed board members shall serve at the pleasure of the governing body which appointed same, respectively. The initial elected board members shall serve for terms of office as follows: two shall serve for two years, and the remaining board members shall serve for four years. Thereafter, all terms of office shall be for four years and until a successor is elected and qualified, except the appointed members who serve at the pleasure of the governing body which appointed them.

(b) The initial board members to be elected as provided in this Act shall be elected in a caucus of electors, which shall be held within 60 days after the adoption of the resolutions and obtaining the written consents provided for in this Act at such time and place within the district as the governing authority of Bartow County shall designate after notice thereof shall have been given to said electors by publishing notice thereof in the legal organ of Bartow County once a week for four weeks prior to such caucus. Thereafter, there shall be conducted biennially, not later than 60 days following the last day for filing ad valorem property tax returns in Bartow County, a caucus of said electors at such time and place within the district as the board shall designate in such notice for the purpose of electing board members to those positions which have terms expiring or are vacant. If a vacancy occurs in an elected position on the board, the board shall, within 60 days thereafter, call a special election to fill the same to be held within 60 days of the call unless such vacancy occurs within 180 days of the next regularly scheduled election, in which case a special election may, but need not, be called. For any election held under the provisions of this Act, notice of said election shall be given the electors by publishing notice thereof in the legal organ of Bartow County once a week for four weeks prior to such caucus.

(c) One board member shall be elected by majority vote of the electors present and voting at the caucus on the basis of one vote for each elector. Said board member shall be elected to a term of office of two years at the initial caucus of electors when the board is first formed and to terms of office of four years thereafter. Four board members shall be elected by majority of the votes cast by the electors present and voting at the caucus, with each elector having one vote for each $1,000.00 or fraction thereof in assessed value of the property owned by the elector subject to taxes, fees, or assessments levied by the board.

All vacancies to be filled through election shall be filled by majority vote in the same manner as the board member previously holding the seat.
(d) Elected board members shall be subject to recall by the vote of a caucus of electors, said caucus being called by the board pursuant to a petition of 20 percent of the electors within the district or by a petition of holders of 20 percent of the eligible voters represented by equity electors, provided that the petition shall be from the category of voters who elected the board member to be subject to the recall election.
(e) Board members, including appointed board members, shall be electors within the district. If a board member ceases to be an elector, such board member's position shall be declared vacant as of the date of the event terminating such status.
(f) The board members shall receive no compensation for their services but shall be reimbursed for actual expenses incurred in the performance of their duties. They shall elect one of their members as chairperson and another as vice chairperson and shall also elect a secretary and a treasurer or a secretary-treasurer, either of whom may, but need not, be a member of the board.

SECTION 6.
Taxes, fees, and assessments.

(a) The board may levy taxes, fees, and assessments within the district only on real property, specifically excluding all property exempt from ad valorem taxation under the Constitution or laws of the State of Georgia and all property used for residential, agricultural, or forestry purposes and specifically excluding tangible personal property and intangible property. Any tax, fee, or assessment so levied shall not exceed 5 mills of the aggregate assessed value of all such real property. The taxes, fees, and assessments levied by the board upon the properties shall be equitably apportioned among the properties according to the need for governmental services and facilities created by the degree of density of development within the district and not for the purpose of providing those governmental services and facilities provided to the county or municipality as a whole. Any tax, fee, or assessment so levied shall be collected by Bartow County in the same manner as taxes, fees, and assessments are levied by the county. Delinquent taxes shall bear the same interest and penalties as Bartow County ad valorem taxes and may be enforced and collected in the same manner. The proceeds of taxes, fees, and assessments so levied, less a fee to cover the costs of collection of 1 percent thereof, but not more than $25,000.00 in any one calendar year, shall be transmitted by Bartow County to the board and shall be expended by the board only for the purposes authorized hereby.
(b) The board shall levy the above-provided taxes and notify in writing the collecting governing body so it may include the levy on its regular ad valorem tax bills.

(b) The boundaries of a district may be increased after the initial creation of a district pursuant to the following:

SECTION 9.
Cooperation with local governments.

The services and facilities provided pursuant to this Act shall be provided for in a cooperation agreement executed jointly by the board and the governing bodies of Bartow County and any municipalities within which the district is partially located. The provisions of this section shall in no way limit the authority of Bartow County or any such

municipality to provide services or facilities within the district; and Bartow County or such municipalities shall retain full and complete authority and control over any of their facilities located within their respective areas of any district. Said control shall include, but not be limited to, the modification of, access to, and degree and type of services provided through or by facilities of the municipality or county. (b) The powers enumerated in each paragraph of this section are cumulative of and in addition to those powers enumerated herein and elsewhere in this Act; and no such power limits or restricts any other power of the board.

SECTION 11.

Bonds - generally.

(a) Notes or other obligations issued by a district, other than general obligation bonds, shall be paid solely from the property pledged to pay such notes or other obligations. General obligation bonds issued by any district shall constitute a general obligation of the district to the repayment of which the full faith, credit, and taxing power of the district shall be pledged.

(b) All bonds, notes, and other obligations of any district shall be authorized by resolution of its board.

(c) Bonds, notes, or other obligations shall bear such date or dates, shall mature at such time or times but not more than 40 years from their respective dates, shall bear interest at such rate or rates which may be fixed or may fluctuate or otherwise change from time to time, shall be subject to redemption on such terms, and shall contain such other terms, provisions, covenants, assignments, and conditions as the resolution authorizing the issuance of such bonds, notes, or other obligations may permit or provide. The terms, provisions, covenants, assignments, and conditions contained in or provided or permitted by any resolution of the board authorizing the issuance of such bonds, notes, or other obligations shall bind the board members of the district then in office and their successors.

(d) The board shall have power from time to time and whenever it deems it expedient to refund any bonds by the issuance of new bonds, whether or not the bonds to be refunded have matured, and may issue bonds partly to refund bonds then outstanding and partly for any other purpose permitted hereunder. The refunding bonds may be exchanged for the bonds to be refunded, with such cash adjustments as may be agreed upon, or may be sold and the proceeds applied to the purchase or redemption of the bonds to be refunded.

(e) There shall be no limitation upon the interest rates of any maximum interest rate or rates on any bonds, notes, or other obligations of the district; and the usury laws of this state shall not apply to bonds, notes, or other obligations of these districts.

(f) Bonds issued by a district may be in such form, either coupon or fully registered, or both coupon and fully registered, and may be subject to such exchangeability and transferability provisions as the bond resolution authorizing the issuance of such bonds or any indenture or trust agreement may provide.
(g) Bonds shall bear a certificate of validation. The signature of the clerk of the Superior Court of Bartow County may be made on the certificate of validation of such bonds by facsimile or by manual execution, stating the date on which such bonds were validated; and such entry shall be original evidence in any court in this state.
(h) In lieu of specifying the rate or rates of interest which such bonds are to bear, and the principal amount and maturities of such said bonds, the notice to the district attorney or the Attorney General, the notice to the public of the time, place, and date of the validation hearing, and the petition and complaint for validation may state that the bonds when issued will bear interest at a rate not exceeding a maximum per annum rate of interest, which may be fixed or may fluctuate or otherwise change from time to time, and that the principal amount will not exceed and the final maturity date will not be later than as specified in such notices and petition and complaint or may state that, in the event the bonds are to bear different rates of interest for different maturity dates, none of such rates will exceed the maximum rate, which may be fixed or may fluctuate or otherwise change from time to time, so specified; provided, however, that nothing in this section shall be construed as prohibiting or restricting the right of a board to sell such bonds at a discount, even if in doing so the effective interest cost resulting therefrom would exceed the maximum per annum interest rate specified in such notices and in the petition and complaint.
(i) The terms "cost of the project" and "cost of any project" shall have the meaning prescribed herein whenever those terms are referred to in bond resolutions of a board, in bonds, notes, or other obligations of the districts, or in notices of proceedings to validate such bonds, notes, or other obligations of a district.

SECTION 12.

Authorized contents of agreements and instruments of the board generally; use of proceeds of sale of bonds, notes, etc.; subsequent issues of bonds, notes, etc.

(a) Subject to the limitations and procedures provided by this section and Section 11 of this Act, the agreements or instruments executed by a board may contain such provisions not inconsistent with law as shall be determined by such board.
(b) The proceeds derived from the sale of all bonds, notes, and other obligations issued by a district shall be held and used for the ultimate purpose of paying, directly or indirectly as permitted herein, all or part of the cost of any project, or for the purpose of refunding any bonds, notes, or other obligations issued in accordance hereunder.
(c) Issuance by a board of one or more series of bonds, notes, or other obligations for one or more purposes shall not preclude it from issuing other bonds, notes, or other obligations in connection with the same project or with any other project; but the proceeding wherein any subsequent bonds, notes, or other obligations are issued shall recognize and protect any prior loan agreement, security agreement, or other agreement or instrument made for

any prior issue of bonds, notes, or other obligations, unless in the resolution authorizing such prior issue the right is expressly reserved to the board to issue subsequent bonds, notes, or other obligations on a parity with such prior issue.

SECTION 13.

Construction; applicability of Chapter 5 of Title 10 of the O.C.G.A., the "Georgia Securities Act of 1973"; notice, proceeding, publication, referendum.

This Act shall be liberally construed to effect the purposes hereof. The offer, sale, or issuance of bonds, notes, or other obligations by a district shall not be subject to regulation under Chapter 5 of Title 10 of the O.C.G.A., the "Georgia Uniform Securities Act of 2008." No notice, proceeding, or publication, except those required hereby, shall be necessary to the performance of any act authorized hereby, nor shall any such act be subject to referendum.

SECTION 14.

Dissolution.

(a) Any district activated under the provisions of this Act may be dissolved. The conditions for such dissolution shall be:

(1) The adoption of a resolution approving of the dissolution of each community improvement district by the governing authority of Bartow County if wholly within the unincorporated area of Bartow County and such municipalities within which the district may be located if partially within the unincorporated area of Bartow County and partially within one or more municipalities, or by the governing authority of a municipality if wholly within the incorporated area thereof; and

(2) The written consent to the dissolution of the community improvement district by:

(A) Two-thirds (67 percent) of the owners of real property within the district which are subject to taxes, fees, and assessments levied by the board of the district; and

(B) The owners of real property constituting at least 75 percent by value of all real property within the district which are to be subject to taxes, fees, and assessments levied by the board and for this purpose value shall be determined by the most recent approved county ad valorem tax digest.

The written consent provided for in this paragraph shall be submitted to the Bartow County Tax Commissioner, who shall certify whether subparagraphs (A) and (B) of this paragraph have been satisfied with respect to each proposed district dissolution.

(b) At such time as the board determines appropriate within each six-year period following the creation of the district, the question shall be put before a caucus of electors as to whether or not to dissolve the district. Upon an affirmative vote of a majority of the electors present and voting, who shall represent at least 75 percent of the votes cast on the basis of value, the board shall send a ballot to each owner of property subject to taxes, fees, and assessments levied by the board for a vote on the dissolution. Upon receipt of ballots consenting to the dissolution from a majority of the property owners, who shall represent

at least 75 percent of the assessed value of said properties, the board shall request dissolution by the governing authority and shall forward said ballots to the Bartow County Tax Commissioner for certification.

(c) In the event that successful action is taken pursuant to this section to dissolve the district, the dissolution shall become effective at such time as all debt obligations of the district have been satisfied. Following a successful dissolution action and until the dissolution becomes effective, no new projects may be undertaken, obligations or debts incurred, or property acquired.

(d) Upon a successful dissolution action, all noncash assets of the district other than public facilities or land or easements to be used for such public facilities, as described in Section 2 of this Act, shall be reduced to cash and, along with all other cash on hand, shall be applied to the repayment of any debt or other obligations of the district. Any cash remaining after all outstanding obligations are satisfied shall be refunded to each property owner in direct proportion to the total amount in taxes, fees, or assessments paid by the property relative to the total revenues paid by all properties in the district in the most recent tax year.

(e) When a dissolution becomes effective, the county governing authority, or the governing authority of a municipality if wholly within the incorporated area thereof, shall take title to all property previously in the ownership of the district and all taxes, fees, and assessments of the district shall cease to be levied and collected.

(f) A district may be reactivated in the same manner as an original activation.

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 60 of Title 36 of the Official Code of Georgia Annotated, relating to general provisions applicable to counties and municipal corporations, so as to authorize continuance of existing local ordinances related to video surveillance at gas stations; to amend Article 2 of Chapter 70 of Title 36 of the Official Code of Georgia Annotated, relating to service delivery, so as to revise provisions related to the county share of funding for jointly funded county-wide services be borne by unincorporated residents; to provide for annual reports thereof; to provide for review and revisions to approved strategies; to provide for related matters; to provide for effective dates; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 60 of Title 36 of the Official Code of Georgia Annotated, relating to general provisions applicable to counties and municipal corporations, is amended by revising Code Section 36-60-32, relating to video surveillance equipment at locations where the retail sale of automotive gasoline occurs, as follows:

"36-60-32.

A county, municipal corporation, or consolidated government shall not require the placement of video surveillance equipment in the interior or exterior of any business or location where the retail sale of automotive gasoline, as that term is defined in Code Section 10-1-232, occurs; provided, however, that a county, municipal corporation, or consolidated government which, prior to May 6, 2024, has adopted one or more ordinances related to the placement of video surveillance equipment at any business or location where the retail sale of automotive gasoline occurs is authorized to continue regulating the placement of said video surveillance equipment pursuant to any such ordinances adopted prior to May 6, 2024."

SECTION 2.

Article 2 of Chapter 70 of Title 36 of the Official Code of Georgia Annotated, relating to service delivery, is amended by revising Code Section 36-70-24, relating to criteria for service delivery strategy, as such Code section becomes effective on January 1, 2026, as follows:

"36-70-24.

In the development of a service delivery strategy, the following criteria shall be met:

(1) The strategy shall promote the delivery of local government services in the most efficient, effective, and responsive manner. The strategy shall identify steps which will be taken to remediate or avoid overlapping and unnecessary competition and duplication of service delivery and shall identify the time frame in which such steps shall be taken. When a municipality provides a service at a higher level than the base level of service provided throughout the geographic area of the county by the county, such service shall not be considered a duplication of the county service;

(2)(A) The strategy shall provide that water or sewer fees charged to customers located outside the geographic boundaries of a service provider shall not be arbitrarily higher than the fees charged to customers receiving such service which are located within the geographic boundaries of the service provider.

(B) If a governing authority disputes the reasonableness of water and sewer rate differentials imposed within its jurisdiction by another governing authority, that disputing governing authority may hold a public hearing for the purpose of reviewing the rate differential. Following the preparation of a rate study by a qualified engineer, the governing authority may challenge the arbitrary rate differentials on behalf of its residents in a court of competent jurisdiction. Prior to such challenge, the dispute shall be submitted to some form of alternative dispute resolution;

(3)(A) The strategy shall ensure that the cost of any service which a county provides primarily for the benefit of the unincorporated area of the county shall be borne by the unincorporated area residents, individuals, and property owners who receive the service. Further, when the county and one or more municipalities jointly fund a county-wide service, the county share of such funding shall be borne by the unincorporated residents, individuals, and property owners that receive the service.

(B) Such funding shall be derived from:

(i) Any one or more of the following sources:

~~(i)~~(I) Special service districts created by the county in which ad valorem property taxes, assessments, or user fees are levied or imposed;

~~(ii)~~(II) Grants;

~~(iii)~~(III) Any one or more of the following taxes and fees: solid waste franchise fees, cable ~~Cable~~ franchise fees, alcohol excise taxes, alcohol licensing fees, financial institution taxes, hotel-motel taxes, occupation taxes, railroad equipment taxes, insurance premium taxes, rental car excise taxes, impact fees, stormwater fees, zoning fees, or title ad valorem taxes, but excluding any amounts of such taxes ~~or~~ and fees to the extent such amount is derived from incorporated areas of the county; and

~~(iv)~~(IV) Revenues apportioned to the county as part of an intergovernmental agreement from the county and one or more municipalities; or

~~(v)~~(ii) Through such other mechanism agreed upon by the parties approving the strategy which complies with the intent of subparagraph (A) of this paragraph~~; and~~.

(C)(i) The strategy shall require the county to provide an annual report to each party to the strategy that:

(I) Identifies the total amount of funds received by the county from the funding sources utilized under division (i) or (ii) of subparagraph (B) of this paragraph for the provision of county services provided primarily for the benefit of the unincorporated area of the county and the county's share of any countywide service funded with one or more municipalities; and

(II) The total cost to the county of providing the services described in subdivision (I) of this division.

(ii) The provisions of this subparagraph shall not require any party to the strategy to establish separate accounts for such funds; and

(4)(A) Local governments within the same county shall, if necessary, amend their land use plans so that such plans are compatible and nonconflicting, or, as an alternative, they shall adopt a single land use plan for the unincorporated and incorporated areas of the county.

(B) The provision of extraterritorial water and sewer services by any jurisdiction shall be consistent with all applicable land use plans and ordinances."

SECTION 3.

Said article is further amended by revising Code Section 36-70-28, relating to review and revision of approved strategy, as such Code section becomes effective on January 1, 2026, as follows:

"36-70-28.

(a) As used in this Code section, the term 'affected municipality' means the county seat and each municipality of at least 500 persons.

(b) In addition to the ten-year update required by paragraph (1) of subsection (a) of Code Section 36-70-21, each county and affected municipality shall review and revise the approved strategy:

(1) Whenever necessary due to changes in revenue distribution arrangements;

(2) In the event of the creation, abolition, or consolidation of local governments;

(3) When the existing service delivery strategy agreement expires; and

(4) Whenever the county and affected municipalities agree to revise the strategy.

(b.1)(1) In the event that a change in service delivery or revenue distribution arrangements affects less than all of the local governments that are parties to the approved strategy, an amendment to the strategy limited to such changed service or services or revenue distribution arrangements between only those specific local governments may be submitted solely by the affected local governments and without the approval of the other nonimpacted county and affected municipalities in the county whose approval would otherwise be required under subsection (b) of Code Section 36-70-25.

(2) Any amendments to the approved strategy or revenue distribution arrangement which affect less than all of the local governments that are parties to the approved strategy shall be subject to review and revision whenever the service delivery strategy affecting the county and all municipalities within the county becomes subject to review

and revision under paragraph (1) of subsection (a) of Code Section 36-70-21 or subsection (b) of this Code section.

(c) No amendment to Code Section 36-70-24 made by the General Assembly shall constitute an event necessitating review and revision to an approved strategy under subsection (b) of this Code section.

(d) In the event that a county or an affected municipality located within the county refuses to review and revise a strategy in accordance with paragraph (2) of subsection (b) of this Code section, then any of the parties may use the mediation or nonbinding arbitration processes provided for in this article."

SECTION 4.

(a) Section 1 of this Act shall become effective on July 1, 2025.

(b) Sections 2 and 3 of this Act shall become effective on January 1, 2026.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

Mr. Speaker:

The Senate has passed by substitute, by the requisite constitutional majority, the following bill of the House:

HB 399. By Representatives Oliver of the 84th, Olaleye of the 59th, Burnough of the 77th, Blackmon of the 146th, Frye of the 122nd and others:

A BILL to be entitled an Act to amend Article 1 of Chapter 7 of Title 44 of the Official Code of Georgia Annotated, relating to landlords and tenants in general, so as to require certain residential landlords to have in-state staff to manage tenant communications related to such properties; to provide for related matters; to repeal conflicting laws; and for other purposes.

A BILL to be entitled an Act to amend Article 3 of Chapter 3 of Title 50 of the Official Code of Georgia Annotated, relating to other state symbols, so as to designate Brunswick stew as the official state stew; to provide for legislative findings; to provide for related matters; to repeal conflicting laws; and for other purposes.

The following Senate substitute was read:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 4 of Title 1 and Title 50 of the Official Code of Georgia Annotated, relating to holidays and observances and state government, respectively, so as to designate the fourth Friday in November of each year as "National Sugarcane Syrup Day" in Georgia; to designate Brunswick stew as the official state stew; to designate cornbread as the official state bread; to provide for legislative findings; to prohibit companies owned or operated by a foreign country of concern from submitting a proposal for a contract with a state agency for goods or services; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

PART I
SECTION 1-1.

The General Assembly finds that:

(1) Making sugarcane syrup has been a part of family farm tradition for generations, particularly in Georgia;

(2) The increase in production costs, competition from artificial syrups, and the decreasing number of farmers who still make sugarcane syrup, however, has led some to refer to the making of sugarcane syrup as a dying art;

(3) Establishing a "National Sugarcane Syrup Day" in Georgia would help to preserve the art of making sugarcane syrup by honoring those who continue with this longstanding family farm tradition and by raising public awareness of the differences between natural sugarcane syrup and artificial syrups;

(4) Designating the fourth Friday in November of each year, the day after Thanksgiving, as "National Sugarcane Syrup Day" is particularly fitting, as it is not only a time when

families gather and celebrate together, but also a time when some say sugarcane is at its sweetest in Georgia; and

(5) It is, therefore, abundantly fitting and proper that the State of Georgia appropriately recognize and honor the family farm tradition of making sugarcane syrup by designating the fourth Friday in November of each year as "National Sugarcane Syrup Day" in Georgia.

SECTION 1-2.

Chapter 4 of Title 1 of the Official Code of Georgia Annotated, relating to holidays and observances, is amended by adding a new Code section to read as follows:

"1-4-27.

The fourth Friday in November of each year is designated as 'National Sugarcane Syrup Day' in Georgia."

PART II
SECTION 2-1.

The General Assembly of Georgia finds and determines that:

(1) Brunswick stew is a rich, thick stew noted for its signature ingredients of meat, tomatoes, and fresh vegetables, such as sweet corn;

(2) A plaque on an old iron pot in Brunswick, Georgia, declares the first Brunswick stew was made in it on July 2, 1898, on nearby St. Simons Island; and

(3) Contrary to claims by other states, Georgia, and specifically Brunswick, Georgia, is the birthplace of Brunswick stew.

SECTION 2-2.

Title 50 of the Official Code of Georgia Annotated, relating to state government, is amended by adding a new Code section to read as follows:

"50-3-94.

Brunswick stew is designated as the official Georgia state stew."

PART III
SECTION 3-1.

The General Assembly finds and declares that:

(1) The colorful history and traditions of the State of Georgia are inextricably associated with the food traditions of corn, and among the many legacies of this proud heritage is the delicious bread known as cornbread;

(2) Relied upon by indigenous people to sustain themselves, cornbread has transcended its humble origins to take a place of honor at such events as the Prater's Mill Country Fair in Whitfield County;

(3) With thousands of participants and visitors, such celebrations include cornbread cooked on a wood-burning stove and served with collard greens and pinto beans;

(4) Corn is grown, ground, and made into cornmeal at historic mills like Prater's Mill, Berry College Mill, and Ogeechee River Mill and modern mills like Southeastern Mills and Logan Turnpike Mill;

(5) Cornmeal is then sold in stores and served in eating establishments throughout the state, and cornbread is enjoyed by young and old at home and in restaurants;

(6) Cornbread enjoys a singular stature in Georgia history and culture that is rivaled only by its undeniable appeal as a versatile and satisfying food; and

(7) Accordingly, it is abundantly fitting and proper that cornbread be designated as the official Georgia state bread so as to fully recognize the importance of this product to this state.

SECTION 3-2.

Title 50 of the Official Code of Georgia Annotated, relating to state government, is amended by adding a new Code section to read as follows:

A RESOLUTION creating the House Study Committee on Reinsurance for Essential Industries; and for other purposes.

The following substitute, offered by the Committee on Rules, was read and adopted:

A RESOLUTION

Creating the House Study Committee on Reinsurance for Essential Industries; and for other purposes.

WHEREAS, continual increases in both the frequency and severity of claims will increase the cost of the property and casualty reinsurance market, which results in higher premiums and lower coverage; and

WHEREAS, commercial property and casualty insurance brokers have reported quarterly price increases of an average of six percent, which can pressure insured entities to purchase inadequate products that do not reflect their actual exposure; and

WHEREAS, the National Association of Insurance Commissioners states that rising claims costs driven primarily by increased frequency of severe storms and rising replacement costs continued to challenge United States property and casualty insurers; and

WHEREAS, these increasing prices disproportionally affect small businesses who may be forced to purchase lower limits that do not cover their replacement costs; and

WHEREAS, Georgia Commissioner of Agriculture Tyler Harper and Governor Brian P. Kemp, the University of Georgia College of Agricultural and Environmental Sciences, and the Georgia Forestry Commission announced the preliminary estimate of Hurricane Helene's economic impact on Georgia agriculture is $6.46 billion; and

WHEREAS, Georgia Commissioner of Agriculture Tyler Harper stated, "The future is uncertain for thousands of Georgia farmers and farm families who were devastated by Hurricane Helene"; and

(e) There shall be a rebuttable presumption that a law enforcement agency is employing speed detection devices for purposes other than the promotion of the public health, welfare, and safety if the fines or civil monetary penalties levied based on the use of speed detection devices for speeding offenses are equal to or greater than 35 percent of a municipal or county law enforcement agency's budget. For purposes of this Code section, fines collected for citations issued for violations of Code Section 40-6-180 shall be included when calculating total speeding fine revenue for the agency; provided, however, that fines for speeding violations exceeding 20 miles per hour over the established speed limit ~~and civil monetary penalties for speeding violations issued pursuant to Code Section 40-14-18~~ shall not be considered when calculating total speeding fine revenue for the agency."

SECTION 4.

(b) Any governing body aggrieved by a decision of the commissioner of transportation suspending or revoking its operating permit for an automated traffic enforcement safety device may appeal such decision within 30 days of its effective date to the superior court with appropriate jurisdiction; provided, however, that the governing body shall be denied the use of an automated traffic enforcement safety device until after such appeal is decided by the court."

SECTION 6.

Said article is further amended by revising Code Section 40-14-18, relating to enforcement of speed limit in school zones with recorded images, civil monetary penalty, and consequences for failure to pay penalty, as follows:

"40-14-18.

(a)(1) The speed limit within any school zone ~~as provided for in Code Section 40-14-8 and~~ marked pursuant to Code Section 40-14-6 may be enforced by using ~~photographically~~ recorded images for violations which occurred only on a school day during the time in which instructional classes are taking place and for one hour before such classes are scheduled to begin and for one hour after such classes have concluded ~~when such violations are in excess of ten miles per hour over the speed limit~~; provided, however, that a governing body of a county or municipality shall be authorized to enact an ordinance or resolution which provides for further limitations upon the hours when

enforcement may take place than as authorized by this paragraph. Violations enforced pursuant to this paragraph shall be based upon the ten miles per over the reduced speed limit when a reduction for the speed limit for a school zone is in effect and ten miles per hour over the posted speed limit for the school zone when no reduced speed limit is in effect.

(2) Prior to the placement of ~~a~~ an automated traffic enforcement safety device within a school zone, ~~each school within whose school zone~~ the governing body of the county or municipality whose law enforcement agency is authorized to enforce the speed limit of a school zone where such ~~automated traffic enforcement safety~~ device is to be placed and which holds a valid permit for the operation of speed detection devices issued by the Department of Public Safety pursuant to Code Section 40-14-2 shall first apply for and secure a permit from the Department of Transportation for the use of such automated traffic enforcement safety device. Such permit shall be awarded based upon need. The Department of Transportation shall promulgate rules and regulations for the implementation of this paragraph.

(b) For the purpose of enforcement pursuant to this Code section:

(1) The owner of a motor vehicle shall be liable for a civil monetary penalty to the governing body of the law enforcement agency ~~provided for in paragraph (2) of this subsection~~ authorized to enforce the speed limit within the school zone where an automated traffic enforcement safety device is located if such motor vehicle is found, as evidenced by ~~photographically~~ recorded images, to have been operated in disregard or disobedience of the posted speed limit within ~~any~~ a school zone and such disregard or disobedience was not otherwise authorized by law. The amount of such civil monetary penalty shall be $75.00 for a ~~first violation and $125.00 for a second or any subsequent~~ violation, in addition to fees associated with the electronic processing of such civil monetary penalty which shall not exceed ~~$25.00~~ five percent when payment is made by credit card, check, or money order; provided, however, that for a period of 30 days after the first automated traffic enforcement safety device is introduced ~~by a law enforcement agency~~ within a school zone, the ~~driver~~ owner of a motor vehicle shall not be liable for a civil monetary penalty but shall be issued a civil warning for disregard or disobedience of the posted speed limit within the school zone;

(2) A law enforcement agency authorized to enforce the speed limit of a school zone~~,~~ or an agent ~~working on behalf of a law enforcement agency or governing body,~~ shall send by ~~first class~~ first-class mail in an envelope which prominently displays the name and seal or logo of the governing body and addressed to the owner of the motor vehicle within 30 days after obtaining the name and address of the owner of the motor vehicle from the Department of Revenue or other official state agency which registers motor vehicles for a motor vehicle registered in another state but no later than 60 days after the date of the alleged violation:

(A) A citation for the alleged violation, which shall include the date and time of the violation, the location of the infraction, the maximum speed at which such motor vehicle was traveling ~~in photographically~~ as evidenced by recorded images, the maximum speed applicable within such school zone, the civil warning or the amount

of the civil monetary penalty imposed, and the date by which a civil monetary penalty shall be paid;

(B) An image taken from the ~~photographically~~ recorded images showing the motor vehicle involved in the infraction;

(C) A website address where ~~photographically~~ recorded images showing the motor vehicle involved in the infraction and a duplicate of the information provided for in this paragraph may be viewed;

(D) A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency authorized to enforce the speed limit of the school zone and stating that, based upon inspection of ~~photographically~~ recorded images, the owner's motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law;

(E) A statement of the inference provided by paragraph (4) of this subsection and of the means specified therein by which such inference may be rebutted;

(F) Information advising the owner of the motor vehicle of the manner in which liability as alleged in the citation may be contested ~~through an administrative hearing~~ which shall include a statement which reads: 'YOU HAVE A RIGHT TO CONTEST LIABILITY IN COURT'; and

(G) A warning that failure to pay the civil monetary penalty or to contest liability in a timely manner as provided for in subsection (d) of this Code section shall waive any right to contest liability;

(3) Proof that a motor vehicle was operated in disregard or disobedience of the speed limit of the marked school zone ~~shall be~~ as evidenced by ~~photographically~~ recorded images~~. A~~ accompanied by a copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency ~~and~~ stating that, based upon inspection of ~~photographically~~ recorded images, a motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law shall be prima-facie evidence of the facts contained therein; and

(4) Liability under this Code section shall be determined based upon a preponderance of the evidence. Prima-facie evidence that the motor vehicle described in the citation issued pursuant to this Code section was operated in violation of the speed limit of the school zone, together with proof that the defendant was, at the time of such violation, the registered owner of the motor vehicle, shall permit the trier of fact in its discretion to infer that such owner of the motor vehicle was the ~~driver~~ operator of the motor vehicle at the time of the alleged violation. Such an inference may be rebutted if the owner of the motor vehicle:

(A) Testifies under oath in open court or submits to the court a sworn notarized statement that he or she was not the operator of the motor vehicle at the time of the alleged violation; or

(B) Presents to the court a certified copy of a police report showing that the motor vehicle had been reported to the police as stolen prior to the time of the alleged violation.

(c) A violation for which a civil warning or a civil monetary penalty is imposed pursuant to this Code section shall not be considered a moving traffic violation for the purpose of points assessment under Code Section 40-5-57. Such violation shall be deemed noncriminal, and imposition of a civil warning or civil monetary penalty pursuant to this Code section shall not be deemed a conviction and shall not be made a part of the operating record of the person upon whom such liability is imposed, nor shall it be used for any insurance purposes in the provision of motor vehicle insurance coverage. A civil monetary penalty imposed pursuant to this Code section shall not be taxed nor shall any additional penalty, fee, or surcharge to such penalty be assessed other than as authorized by this Code section.

(m) The money collected and remitted to the governing body pursuant to paragraph (1) of subsection (b) of this Code section shall only be used by such governing body to fund local law enforcement or public safety initiatives.
