(5) Is acting for or on behalf of a person who has willfully failed to comply with the provisions of this part or the rules and regulations established by the commission for the administration of this part or with laws applicable to nonpublic postsecondary educational institutions of another jurisdiction ~~the executive director shall so notify the applicant, setting forth the reasons therefor in writing, and shall deny the application~~."

The commission shall be authorized to establish requirements for the format of such records, including whether such records shall be filed in a paper or digital format. Such records shall include, at a minimum, such information as is customarily required by colleges or other postsecondary educational institutions

when considering students for transfer or advanced study and, as a separate document, the academic record of each former student. In the event it appears to the executive director that any such records of an institution discontinuing its operations are in danger of being destroyed, secreted, mislaid, or otherwise made unavailable to the executive director, the executive director may, with court order, seize and take possession of such records, subject to the confidentiality accorded normal school records. The executive director shall maintain or cause to be maintained a permanent file of such records coming into his or her possession.

(b) In the event the executive director determines that any nonpublic postsecondary educational institution, including degree-granting institutions exempted from this part under paragraphs (7), (10), (11), (13), and (14) of subsection (a) of Code Section 20-3-250.3, now or hereafter operating in this state is at risk of discontinuing operations and that the academic records of such institution are at risk of being destroyed, secreted, mislaid, not properly maintained, not safeguarded, or otherwise made unavailable to the executive director or the students of such institution, the executive director shall be authorized to request that such institution file with the executive director copies of all such academic records of such institution in a format required by the commission, subject to the confidentiality accorded normal school records. If such institution fails to file such records, the executive director shall be authorized to seek a court order to obtain such records or copies of such records. The executive director shall maintain or cause to be maintained a permanent file of such records coming into his or her possession."

SECTION 7.

Said part is further amended by revising Code Section 20-3-250.27, relating to Tuition Guaranty Trust Fund, as follows:

"20-3-250.27.

(a) It is the purpose of this Code section to create a trust fund from participation fees from postsecondary educational institutions to enable such institutions, collectively, to protect students against financial loss when a postsecondary educational institution closes without reimbursing its students and without completing its educational obligations to its students and to provide consumer information, as necessary in the determination of the commission, to prospective and currently enrolled students.

(b)(1) Effective on July 1, 1992, the Tuition Guaranty Trust Fund is created. The participation fees received by the commission from postsecondary educational institutions pursuant to the provisions of subsections (c) and (d) of this Code section shall be deposited in a special account designated 'Tuition Guaranty Trust Fund' and shall be held in trust by the board of trustees provided for in paragraph (2) of this subsection for the purpose of carrying out the provisions of this Code section. The money in the fund may be invested by said board of trustees in any bonds and other securities of agencies of the government of the United States and bonds and other securities of state and local governments. The earnings from such investments shall be deposited to the credit of the Tuition Guaranty Trust Fund and shall be available for the same purposes as other money deposited in the fund.

(2) The fund shall be administered by the Board of Trustees of the Tuition Guaranty Trust Fund. The board of trustees shall consist of five members of the commission designated by majority vote of the commission, where at least two members, by June 30, 2020, shall represent postsecondary educational institutions. The five members of the commission who are so designated shall serve for such terms of office as members of the board as the commission shall establish by rule or regulation. The commission shall appoint one of the members so designated as chairman of the board. The executive director shall also serve as executive director and secretary of the board. Three members of the board must vote in agreement in order for the board to take official action. The commission may by rule or regulation provide for another member of the commission to serve in the place of a member of the board who is absent from a meeting of the board.

(c)(1) ~~All~~ Except as expressly provided otherwise in this Code section, all postsecondary educational institutions operating or conducting postsecondary activity in this state, except those which are exempt from the provisions of this Code section pursuant to Code Section 20-3-250.3, shall participate in the tuition guaranty fund. Those postsecondary educational institutions specified in ~~paragraphs (10) and (14)~~ paragraph (4) of subsection (a) of Code Section 20-3-250.3 and in subsection (c) of Code Section 20-3-250.3 shall not be required to participate in the tuition guaranty fund regardless of whether such institution has received authorization to operate.

(2) Postsecondary educational institutions which were authorized to operate in this state prior to July 1, 1990, and which have maintained continuous authorization in this state since July 1, 1990, and institutions which have been continuously licensed since July 1, 1990, pursuant to the provisions of Title 43 and were authorized by the commission prior to July 1, 2022, shall participate in the fund and shall not be required to provide surety bonds as provided in Code Section 20-3-250.10; provided, however, that any surety bond provided by an institution before July 1, 2021, shall remain in effect for one full year after the effective date of such surety bond.

(3) ~~Postsecondary educational institutions which are currently authorized to operate in this state and which were first authorized to operate in this state on or after July 1, 1990, shall participate in the fund for seven years of authorized operation; provided, however, that no postsecondary educational institution first authorized to operate in this state on or after July 1, 1990, which fully participated in the fund for five years on or before January 1, 2022, shall be required to participate in the fund for seven years as otherwise provided in this paragraph.~~ A postsecondary educational institution specified in paragraph (14) of subsection (a) of Code Section 20-3-250.3 shall not be required to participate in the fund if such institution fully participated in the fund on or before January 1, 2026.

~~(4) Following a change of ownership, as provided for in subsection (f) of Code Section 20-3-250.8, a postsecondary educational institution may be required to participate in the fund for a period of up to seven years as determined by the executive director in his or her sole discretion.~~

(d)(1)(A) In addition to any other fees required by this part, the commission shall by regulation establish fees ~~to~~ which shall be paid annually by postsecondary educational institutions for participation in the tuition guaranty fund, except as otherwise provided in this subsection. The fees shall be based on gross tuition collected during a year by each postsecondary educational institution. If an institution has not operated for a full year, its participation fee shall be based initially on its projected gross tuition for the first full year of operation. At the conclusion of the first year, the fee for that year shall be adjusted to reflect actual gross tuition. The annual fee established by the commission shall be sufficient, when added to the earnings of the fund, to create a balance in the fund of at least $10 million by July 1, 2040.

(B) Each postsecondary educational institution required to participate in the fund, excluding an institution that has filed a surety bond with the commission pursuant to Code Section 20-3-250.10, shall be authorized to participate in the fund by securing and maintaining a surety bond or irrevocable letter of credit in lieu of paying the annual fee established pursuant to subparagraph (A) of this paragraph. The commission shall, by rule or regulation, establish conditions for such bonds and letters of credit to ensure that such bonds and letters of credit include provisions to indemnify the Tuition Guaranty Trust Fund and students of the institution in the event the institution ceases operations without fulfilling its educational obligations to its students or without reimbursing its students.

(2)(A) The board of trustees shall notify the commission when the fund balance exceeds $10 million, and~~, except as otherwise provided in paragraph (2) of this subsection,~~ upon receiving such notification, the commission shall cease collection of participation fees from postsecondary educational institutions which have contributed to the fund for at least five years.

(B) Except as otherwise provided in subparagraph (C) of this paragraph, the commission shall cease collection of participation fees from a postsecondary educational institution which is currently authorized to operate in this state and which was first authorized to operate in this state on or before January 1, 2026, after the total amount of the participation fees collected from such postsecondary educational institution reaches 5 percent of the fund balance specified in subparagraph (A) of this paragraph, regardless of the current balance of the fund.

(C) The commission, upon notification from the board of trustees, shall reestablish collection of participation fees from ~~such~~ the participating postsecondary educational institutions provided for in subparagraphs (A) and (B) of this paragraph at any time the fund balance is less than $4 million. At such time and until the fund balance reaches $10 million, fees shall be collected from such participating institutions according to a schedule adopted by the commission based on gross tuition in amounts sufficient to raise the fund balance to $10 million.

~~(2) Each postsecondary educational institution which is first authorized to operate in this state after July 1, 1992, and is required to participate in the fund for seven years of authorized operation under the provisions of paragraph (3) of subsection (c) of this Code section shall be required to pay participation fees for such period of time~~

~~notwithstanding the amount in the tuition guaranty fund. If the balance in the fund exceeds $10 million, participation fees shall be collected from each such institution according to the fee schedule adopted by the commission pursuant to paragraph (1) of this subsection. No postsecondary educational institution first authorized to operate in this state on or after July 1, 1992, which fully participated in the fund for five years on or before January 1, 2022, shall be required to participate in the fund for seven years as otherwise provided in this paragraph.~~

(e) The annual cost incurred by the commission and by the board of trustees in administering the Tuition Guaranty Trust Fund and providing consumer information as necessary for prospective and currently enrolled students, including expenses incurred in collecting from defaulting postsecondary educational institutions the amounts paid from the fund to or on behalf of students pursuant to the provisions of subsection (g) of this Code section, shall be paid from the fund; provided, however, that such annual administrative costs shall not exceed 2.5 percent of the fund during the fiscal year. The commission shall issue a report annually to each postsecondary educational institution participating in the fund. The report shall provide an evaluation of the financial condition of the fund and a summary of claims paid or other expenditures from the fund during the immediately preceding fiscal year.

(f) The commission shall establish by regulation a late payment fee for the failure of a postsecondary educational institution to pay its participation fee at the time established by regulation of the commission for the payment of such fees. An application for authorization to operate or for the renewal thereof may be denied under Code Section 20-3-250.12 for failure to pay participation fees. Late payment fees shall be paid into the fund. Any authorization to operate may be revoked, suspended, or made conditional under Code Section 20-3-250.13 for failure to pay participation fees.

(g)(1) In the event a postsecondary educational institution participating in the fund ceases operations without fulfilling its educational obligations to its students or without reimbursing its students, the board of trustees may reimburse from the fund valid and documented claims of students for tuition and fees paid to that institution as well as costs incurred as a result of such cessation of operations in accordance with guidelines and procedures adopted by the commission; provided, however, that in the event of a precipitous closure, no student of the institution which is the subject of such closure shall be reimbursed from the fund unless such institution was participating in the fund at the time of such closure. Payments from the fund shall be made by warrant of the state treasurer on the order of the board of trustees.

(1.1) No student who is not a resident of this state shall be reimbursed from the fund if he or she is eligible for reimbursement for such tuition and fees from a similar fund in his or her state of residence.

(2) The maximum amount that may be paid from the fund in claims on behalf of the students of any single defaulting postsecondary educational institution shall be determined by the commission, but shall not exceed 10 percent of the total fund, regardless of the fact that total claims may exceed that amount, unless a higher

percentage is authorized by a two-thirds' majority vote of the commission in the event of a significant precipitous closure.

(3) As an alternative to paying claims to or on behalf of students of a defaulting postsecondary educational institution, the board of trustees may arrange for another postsecondary educational institution to complete the educational obligations to the students of the defaulting postsecondary educational institution, provided that the program offered by the other institution is substantially equivalent to the program for which the students had paid tuition; and provided, further, that attendance at the other institution does not cause unreasonable hardship or inconvenience to the students. The commission shall have the authority to adopt rules or regulations which shall govern the board of trustees in the administration of the provisions of this paragraph. As a part of any such program, the board of trustees may reimburse the other postsecondary educational institution from the fund for expenses incurred by the institution in providing educational services for the students of the defaulting postsecondary educational institution. The Tuition Guaranty Trust Fund shall have an independent claim for recovery against the defaulting postsecondary educational institution and any surety issuing a bond pursuant to Code Section 20-3-250.10 to the extent that the fund has reimbursed a postsecondary educational institution from the fund for expenses pursuant to this paragraph and without the necessity of any further act by any party.

(4) It shall not be necessary to claim a loss or damage pursuant to the provisions of Code Section 20-3-250.14 in order for the board of trustees to pay claims to or on behalf of students pursuant to the provisions of this Code section. Procedures and requirements for filing claims under this Code section shall be as provided by rules or regulations adopted for that purpose by the commission.

(5) Any person aggrieved by a decision of the board of trustees to pay or deny a claim pursuant to the provisions of this Code section may appeal to the commission. A decision of the board of trustees shall be in writing and shall be sent by certified mail or statutory overnight delivery to the claimant and to the owner of the defaulting postsecondary educational institution. If the whereabouts of the owner of the defaulting postsecondary educational institution is not known and cannot reasonably be ascertained by the board of trustees, a notice of the decision shall be published in the legal organ of the county where the student claimant attended the defaulting postsecondary educational institution or a facility of such institution. The appeal to the commission shall be commenced by filing a written notice of such appeal to the commission within 30 days after receiving the written decision of the board of trustees. Within 30 days after receiving a notice of appeal, the commission shall affirm the decision of the board of trustees, modify and affirm the decision of the board of trustees, or overrule the decision of the board of trustees. Any person aggrieved by the action of the commission shall have the right to judicial review pursuant to the provisions of Code Section 20-3-250.16. The commission shall adopt rules or regulations providing procedures for the conduct of appeals from the board of trustees, but such rules or regulations shall be consistent with the provisions of this paragraph.

(h) The board of trustees shall issue a biennial report to the Governor and members of the General Assembly providing a summary of the financial condition of the fund and claims experience during the preceding biennium. Such reports shall be issued during the regular session of the General Assembly held during each even-numbered year beginning in 1994.

(i) The tuition guaranty fund shall be exempt from all license fees or income, franchise, privilege, occupation, or other taxes levied or assessed by the state or by any county, municipality, or other political subdivision of the state. Any payment of claims or refund of participation fees from the tuition guaranty fund shall not be exempt from taxation unless such payment or refund is exempt from taxation pursuant to the provisions of law independent of the provisions of this part.

(j) Authorization for a postsecondary educational institution to operate shall be suspended upon written notice by the executive director when such institution fails to participate in the fund as required under this Code section.

(k) The Tuition Guaranty Trust Fund shall have an independent claim for recovery against a defaulting postsecondary educational institution and any surety issuing a bond pursuant to Code Section 20-3-250.10 for reimbursements of valid and documented claims of students paid from the fund pursuant to paragraph (1) of subsection (g) of this Code section and without the necessity of any further act by any party."

(d) At any time prior to approval by the board of an application for retirement, a member may elect or may revoke a previous election and make a new election to have monthly benefits payable under one of the options set forth in this subsection, in lieu of the benefits payable under subsection (b) ~~or (c)~~ of this Code section. The benefits shall be paid in accordance with the terms of the option elected. Election of any option shall be made by the member on forms provided by the board and shall be subject to approval by the board, which approval shall not be unreasonably withheld. No optional election is available for payment of disability benefits.

The decreased retirement benefits payable to the spouse of a member who dies prior to receiving any retirement benefits under this chapter shall commence on the date the member would have become 55 years of age and shall not be payable unless, prior to the member's death, the member had elected such benefits in the form and manner prescribed by the board and had filed such election with the board.

(2) Option B, the ten years' certain and life option, shall consist of a decreased retirement benefit payable to the member during the member's lifetime; and, in the event of the member's death within ten years after the member's retirement, the same monthly benefits shall be payable to the member's selected beneficiary, or, if the

member so elects, the total monthly benefit may be divided equally among up to five selected beneficiaries, for the balance of such ten-year period.

(3) If a member selects Option A, then, after the approval of the application for retirement, the following provisions apply:

(A) If the member's spouse shall predecease the member, the member may, in writing on forms prescribed by the board and subject to approval by the board, revoke Option A and thereafter receive during the member's lifetime a monthly retirement benefit commencing on the date on which the board approves such revocation, but not for any period prior to such approval, equal to the maximum monthly benefit which would have been payable to him had such option not been exercised;

(B) If there is entered a final judgment of complete divorce between the member and the member's spouse, the member may, in writing on forms prescribed by the board and subject to approval by the board, revoke Option A and thereafter receive during the member's lifetime a monthly retirement benefit commencing on the date on which the board approves such revocation, but not for any period prior to such approval, equal to the maximum monthly benefit which would have been payable had such option not been exercised; and

The joint and survivor benefit shall be determined as of the date of the election.

(4) The amount of any optional retirement benefit set forth in this subsection shall be the actuarial equivalent of the amount of the benefit that would otherwise be payable to the member under subsection (b) ~~or (c)~~ of this Code section based upon the interest rate and mortality basis approved from time to time by the board, the age of the member, and, if applicable, the age of his spouse as of the date benefits are to commence or as of the date benefits would have commenced if the member had retired after first becoming eligible for full benefits, whichever is earlier, but the optional benefits available under Option A shall be calculated without regard to the provisions of paragraph (3) of this subsection.

(e)(1) Any eligible member who retires after July 1, 1984, shall be entitled to an increase in the maximum monthly retirement benefit in effect at the time of his or her retirement under this Code section equal to 1 percent of the monthly retirement benefit for which the member would have been otherwise eligible for each full year of creditable service while a member of the fund ~~as a firefighter or volunteer firefighter~~ in excess of 25 years of creditable service.

of creditable service. Such increase shall be the total increase allowed by this subsection.

(f) Any eligible member who would be entitled to the commencement of retirement benefits upon reaching age 55 under subsection (b) or (c) of this Code section may elect to ~~retire~~ receive such benefit after reaching the age of 50 but before reaching the age of 55, ~~and immediately commence the drawing of retirement benefits~~ and in ~~that~~ such event the member shall be eligible ~~immediately upon retirement~~ for a reduced monthly pension benefit in an amount determined by multiplying the benefit for which the member would have been otherwise entitled under subsections (b)~~, (c),~~ and (e) of this Code section had the member delayed retirement or the commencement of benefits until the member reached age 55, such benefit to be determined as of the date of the member's actual retirement or first receipt of the monthly retirement benefit by the factor set forth below:

If the Member's Age At Retirement (determined by the member's age at the member's immediately preceding birthday) Is:	The Early Retirement Factor Is:

52	.82
53	.88
54	.94

In the event the application is granted, such member, upon meeting the requirements provided by law, shall be entitled to all benefits provided for in Code Section 47-7-100, but the amount of monthly retirement or disability benefits payable to such member shall not exceed the amount of the monthly benefit which would be payable to such member had such subsequent retirement become effective at the time of the member's prior retirement, unless after such reemployment the member shall have acquired not less than seven years' creditable service as a member of the fund.~~"

"(e)(1) Nothing in this Code section shall require a sheriff, deputy sheriff, constable, or marshal to execute a writ of possession within 30 days from the issuance of any order granting a writ of possession, or the issuance, application, or request for the execution of the writ of possession; provided, however, that, in the event the sheriff, deputy sheriff, constable, or marshal is unable to execute the writ within ~~14~~ seven days from the landlord's application or request for such execution, the landlord shall be entitled to utilize the services of an off-duty sheriff, deputy sheriff, constable, marshal, or other ~~individual~~ peace officer certified by the Georgia Peace Officer Standards and Training Council having authority within the jurisdiction wherein the premises lie to execute such writ at the landlord's sole cost and expense.

(c) A real property owner or his or her authorized agent may request from the sheriff, deputy sheriff, constable, marshal, or other peace officer certified by the Georgia Peace Officer Standards and Training Council of the county in which the real property is located the immediate removal of a person or persons unlawfully residing on or within the real property pursuant to this Code section, subject to the following conditions:

(5) The unauthorized person or persons are not current tenants pursuant to a written or oral rental agreement authorized by the real property owner;

(6) The unauthorized person or persons are not immediate family members of the real property owner; and

(7) There is no pending litigation related to the real property between the real property owner and any known, unauthorized person.

(d) To request the immediate removal of a person or persons unlawfully residing on or within the real property, the real property owner or his or her authorized agent shall submit a complaint by presenting a completed and verified Complaint to Remove Persons Unlawfully Residing On or Within Real Property to the sheriff, deputy sheriff, constable, marshal, or other peace officer certified by the Georgia Peace Officer Standards and Training Council of the county in which the real property is located. After such sheriff, deputy sheriff, constable, marshal, or other peace officer certified by the Georgia Peace Officer Standards and Training Council serves the notice to immediately vacate, the real property owner or his or her authorized agent may request the sheriff, deputy sheriff, constable, marshal, or other peace officer certified by the Georgia Peace Officer Standards and Training Council to stand by to keep the peace while the verified real property owner or authorized agent of the real property owner changes the locks and removes any personal property of the unauthorized person or persons from the land or premises to or near the property line. When such request is made, such sheriff, deputy sheriff, constable, marshal, or other peace officer certified by the Georgia Peace Officer Standards and Training Council may charge a reasonable hourly rate, and the real property owner or agent requesting such service shall be responsible for paying the reasonable hourly rate set by such sheriff, deputy sheriff, constable, marshal, or other peace officer certified by the Georgia Peace Officer Standards and Training Council. The sheriff, deputy sheriff, constable, marshal, or other peace officer certified by the Georgia Peace Officer Standards and Training Council shall not be liable to the unauthorized person or persons or any other party for the loss of or destruction or damage to the property.

(2) The real property owner or his or her authorized agent shall not be liable to an unauthorized person or persons or any other party for the loss of or destruction or damage to such personal property unless the removal was wrongful.

(g) Any person who, with the intent to remain or reside upon real property, knowingly and willfully presents to another person a false document purporting to be a valid lease agreement, deed, or other instrument conveying real property rights commits a felony, and upon conviction thereof, shall be sentenced to a mandatory minimum term of

imprisonment of not less than one year nor more than five years, and no portion of the mandatory minimum sentence imposed shall be suspended, stayed, probated, deferred, or otherwise withheld by the sentencing court.

(h) A person may bring a civil cause of action for wrongful removal under this Code section. A person harmed by a wrongful removal under this Code section may be restored to possession of the real property and may recover actual damages incurred, statutory damages equal to three times the fair market monthly rental rate of the property, court costs, and reasonable attorney's fees. The court shall expedite such cause of action on the court calendar.

(i) Nothing in this Code section shall prohibit or otherwise limit the rights of a real property owner or the authority of a sheriff, deputy sheriff, constable, marshal, or other peace officer certified by the Georgia Peace Officer Standards and Training Council to arrest an unauthorized person or persons for criminal trespass as provided in Code Section 16-7-21, unlawful squatting as provided in Code Section 16-7-21.1, criminal damage to property in the first degree as provided in Code Section 16-7-22, criminal damage to property in the second degree as provided in Code Section 16-7-23, theft in violation of Article 1 of Chapter 8 of Title 16, or any other offense."

(A) Such forestry manufacturer may make only a single transfer or sale of tax credits earned in a taxable year; however, the transfer or sale may involve one or more transferees; and

(B) Such forestry manufacturer shall submit to the department a written notification of any transfer or sale of tax credits within 30 days after the transfer or sale of such tax credits. The notification shall include such forestry manufacturer's tax credit balance prior to the transfer, the remaining balance after transfer, all tax identification numbers for each transferee, the date of the transfer, the amount transferred, and any other information required by the department.

(2) Failure to comply with this subsection shall result in disallowance of the tax credit until the forestry manufacturer is in full compliance.

(3) The transfer or sale of this tax credit shall not extend the time in which such tax credit can be used. The carry-forward period for a tax credit that is transferred or sold shall begin on the date in which the tax credit was originally earned.

(4) A transferee shall have only such rights to claim and use the tax credit as were available to the transferor at the time of the transfer. To the extent that such transferor did not have rights to claim or use the tax credit at the time of the transfer, the department shall either disallow the tax credit claimed by the transferee or recapture the tax credit from the transferee. The transferee's recourse is against the transferor.

(5) The department shall prepare an annual report of the total amount of credits transferred by forestry manufacturers pursuant to this Code section for the prior year. The report required under this paragraph shall be completed no later than December 31 of each year and presented to each member of the House Committee on Ways and Means and the Senate Finance Committee.

(6) This subsection shall stand repealed by operation of law on the last moment of December 31, 2030. The automatic repeal of this subsection on December 31, 2030, shall not impair or affect a forestry manufacturer's ability to transfer an unused credit after January 1, 2031, that such taxpayer accrued pursuant to this Code section for taxable years before December 31, 2030."

SECTION 7.

Said article is further amended by adding a new Code section to read as follows:

"48-7-40.4A.

(a) Except as otherwise provided in subsection (b) of this Code section, the aggregate amount of tax credits allowed to forestry manufacturers pursuant to Code Sections 48-7-40, 48-7-40.1, 48-7-40.2, 48-7-40.3, and 48-7-40.4 shall not exceed $250 million.

(b) The aggregate amount of tax credits allowed to forestry manufacturers in tier 3 and tier 4 counties pursuant to Code Sections 48-7-40 and 48-7-40.4 shall not exceed $100 million.

(d) The department may promulgate such regulations as necessary and advisable for the administration of Code Sections 48-7-40, 48-7-40.1, 48-7-40.2, 48-7-40.3, and 48-7-40.4."

SECTION 8.

This Act shall become effective on July 1, 2026, and shall be applicable to taxable years beginning on or after January 1, 2026.

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 3 of Title 4 of the Official Code of Georgia Annotated, relating to livestock running at large, so as to authorize a sheriff impounding certain livestock running at large to donate the livestock to certain nonprofit organizations, individuals, and entities; to provide for notice; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 3 of Title 4 of the Official Code of Georgia Annotated, relating to livestock running at large, is amended by revising Code Section 4-3-5, relating to notice of impoundment and sale of livestock, as follows:

"4-3-5.

(a) Upon the impounding of any livestock by the sheriff, his <u>or her</u> deputies, or any other law enforcement officers of the county, the sheriff shall forthwith serve written notice upon the owner, advising such owner of the location or place where the livestock is being held and impounded, the amount due as a result of such impounding, and that unless such livestock is redeemed within three days from that date the livestock shall be offered for

sale or donated to a nonprofit organization, an individual, or an entity deemed by the sheriff to have the facilities, land, and resources necessary to properly and humanely care for such livestock. In the event the owner of such livestock is unknown or cannot be found, service upon the owner shall be obtained by publishing a notice once in a newspaper of general circulation where the livestock is impounded, Sundays and holidays excluded. If there is no such newspaper, then service shall be obtained by posting the notice at the courthouse door and at two other conspicuous places within said county. Such notice shall be in substantially the following form:

'To Whom It May Concern:

You are hereby notified that the following described livestock (giving full and accurate description of same, including marks and brands) is now impounded at (giving location where livestock is impounded) and the amount due by reason of such impounding is _____ dollars. The above-described livestock will, unless redeemed within three days from the date of this notice, be offered for sale at public auction to the highest bidder for cash.

_____ _____

Date Sheriff of

_____ County, Georgia'

(b) Unless the impounded livestock is redeemed within three days from the date of the notice, or donated to a nonprofit organization, an individual, or an entity deemed by the sheriff to have the facilities, land, and resources necessary to properly and humanely care for such livestock, the sheriff shall forthwith give notice of sale thereof, which shall be held not less than five days nor more than ten days, excluding Sundays and holidays, from the first publication of the notice of sale. The notice of sale shall be published in a newspaper of general circulation in the county where the livestock is impounded, excluding Sundays and holidays, and by posting a copy of such notice at the courthouse door. If there is no such newspaper, then notice shall be given by posting a copy at the courthouse door and at two other conspicuous places in the county. Such notice of sale shall be in substantially the following form:

'(Name of owner, if known, otherwise, "To Whom It May Concern"), you are hereby notified that I will offer for sale and sell at public sale to the highest bidder for cash the following described livestock (giving full and accurate description of each head of livestock) at _____M. (the hours of sale to be between 11:00 A.M. and 2:00 P.M. eastern standard time or eastern daylight time, whichever is applicable) on the ____ day of _____ at the following place _____ (which place shall be where the livestock is impounded or at the place provided by the county commissioners for the taking up and keeping of such livestock) to satisfy a claim in the sum of _____ for fees, expenses for feeding and care, and costs hereof.

_____ _____

Date Sheriff of

Said chapter is further amended by revising Code Section 4-3-6, relating to redemption of livestock prior to sale, as follows:

"4-3-6.

The owner of any impounded livestock shall have the right at any time before the donation or sale thereof to redeem the livestock by paying to the sheriff all impounding expenses, including fees, keeping charges, and advertising or other costs incurred, which sum shall be deposited by the sheriff with the clerk of the superior court who shall pay all fees and costs as allowed in Code Section 4-3-10. In the event there is a dispute as to the amount of such costs and expenses, the owner may provide bond, with sufficient sureties to be approved by the sheriff, in an amount to be determined by the sheriff, but not exceeding the fair cash value of such livestock, conditioned to pay such costs and damages. Within ten days thereafter, the owner shall institute an action to have the dispute adjudicated by the court or referred to a jury if requested by either party to the action."

SECTION 3.

Said chapter is further amended by revising Code Section 4-3-7, relating to disposition of livestock not sold at auction, as follows:

"4-3-7.

If there is no bidder for the livestock at the sale provided for in Code Section 4-3-5, the sheriff shall donate the livestock to a nonprofit organization, an individual, or an entity deemed by the sheriff to have the facilities, land, and resources necessary to properly and humanely care for such livestock or have the livestock killed and shall dispose of the carcass thereof; and, if there is any money received by him or her from the disposal, the same shall be disbursed in the manner provided for in Code Section 4-3-8. If there is no ready sale for the carcass, the sheriff shall deliver the carcass to a public institution of the county, state, or municipality within the county or to any private charitable institution, in this order, according to their needs."

(2) In determining if a felony or ~~crime involving moral turpitude~~ covered misdemeanor directly relates to the occupation for which the license is sought or held, the professional licensing board shall consider:

(x) Any affidavits or other written documents, including, but not limited to, character references; and

(xi) Any other information regarding rehabilitation the individual submits to the board.

(3) Notwithstanding any other provision of law, a professional licensing board shall provide individualized consideration of an individual's criminal record and shall not automatically deny licensure on the basis of the individual's criminal record.

(4)(A) If an applicant's criminal record includes issues that will or may prevent the board from issuing a license to the applicant, the board shall notify the applicant, in writing, of the specific issues in sufficient time for the applicant to provide additional documentation supporting the application before the board's final decision to deny the application. After receiving notice of any potential issue with licensure due to his or her criminal convictions, an applicant shall have 30 days to respond by correcting any inaccuracy in the criminal record or by submitting additional evidence of mitigation or rehabilitation for the board's consideration, or both.

(B) For the professional licensing board to deny a license on the basis of the applicant's criminal convictions, the board shall first provide an opportunity for a hearing for such applicant in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The applicant shall have the opportunity at such hearing to present the written or oral testimony of character witnesses, including, but not limited to, family members, friends, prospective employers, probation or parole officers, and rehabilitation counselors. The professional licensing board shall issue a decision within 60 days of the complete submission of the issues for consideration or the hearing, whichever is later.

(C) The professional licensing board shall have the burden of justifying, after a hearing, that it is more likely than not that an applicant's criminal record supports any adverse licensing decision. If the board denies an applicant a license by reason of the applicant's criminal record, the board shall:

(i) Make written findings specifying any of the applicant's convictions and the factors provided for in paragraph (2) of this subsection the board deemed directly relevant and explaining the basis and rationale for the denial. Such written findings shall be signed by the board's presiding officer and shall note the applicant's right to appeal and explain the applicant's ability to reapply. No applicant shall be restricted from reapplying for licensure more than two years from the date of the most recent application;

(ii) Provide or serve a signed copy of the written findings to the applicant within 60 days of the denial; and

(iii) Retain a signed copy of the written findings for no less than five years.

(D) The denial of a license in part or in whole because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a license, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the occupation for which the license is sought.

(5)(A) Notwithstanding any other provision of law, an individual with a criminal record may petition a professional licensing board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether such individual's criminal record will disqualify him or her from obtaining a license.

(B) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. Such petition shall also include any information the petitioner chooses to submit concerning the circumstances of his or her record and his or her rehabilitation.

(C) In considering predetermination petitions, the professional licensing board shall apply the direct relationship standard in paragraphs (1) and (2) of this subsection. The board shall support any adverse predetermination by justifying that it is more likely than not that a criminal record supports an adverse licensing decision.

(D) A predetermination made under this paragraph that a petitioner is eligible for a license shall be binding on the professional licensing board only if the petitioner

applies for licensure and fulfills all other requirements for the occupational license and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(E) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of his or her opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(F) The professional licensing board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to offer written or oral testimony of character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors. The professional licensing board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(G) If the professional licensing board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(i) The grounds and rationale for the predetermination, including any of the petitioner's specific convictions and the factors in paragraph (2) of this subsection the board deemed directly relevant;

(ii) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(iii) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on his or her initial petition or upon completing the remedial actions, whichever is earlier.

(H) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation.

(6) Each professional licensing board shall include in its application for licensure and on its public website all of the following information:

(A) Whether the board requires applicants to consent to a criminal record check;

(B) The direct relationship standard in paragraph (1) of this subsection and those factors provided for in paragraph (2) of this subsection that the board shall consider when making a determination of licensure;

(C) The appeals process pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' if the board denies or revokes licensure in whole or in part because of a criminal conviction; and

(D) The predetermination petition process, standards, and application, as well as the process for appealing an adverse predetermination pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(7) No later than March 31 each year, each occupational licensing board shall file with the Secretary of State an annual report containing information from the previous year as to:

(A) The number of applicants for a license and, of that number, the number of licenses granted;

(B) The number of applicants with a criminal record and, of that number, the number of licenses granted, denied a license for any reason, and denied a license due to a conviction or state supervision status; and

(C) The number of predetermination petitioners and, of that number, the number deemed eligible for a license and the number deemed ineligible for a license."

SECTION 1-5.

Said title is further amended by revising Code Section 43-1-27, relating to requirement that licensee notify licensing authority of felony conviction, as follows:

"43-1-27.

Any licensed individual who is convicted under the laws of this state, the United States, or any other state, territory, or country of a felony as defined in ~~paragraph (3) of subsection (a) of~~ Code Section ~~43-1-19~~ 43-1-1 shall be required to notify the appropriate licensing authority of the conviction within ten days of the conviction. 'Conviction' shall include a finding or verdict of guilt, a plea of guilty, or a plea of nolo contendere in a criminal proceeding~~, regardless of whether the adjudication of guilt or sentence is withheld or not entered thereon pursuant to Article 3 of Chapter 8 of Title 42 or any comparable rule or statute~~ but shall not include a conviction that has been pardoned; or

"(a.1)(1) Notwithstanding any other provision of law, an individual with a criminal record may petition the board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether the individual's criminal record will disqualify him or her from obtaining a license.

(2) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petition shall also include any information the petitioner chooses to submit concerning the circumstances of his or her record and his or her rehabilitation.

(3) The board shall support any adverse predetermination by justifying that it is more likely than not that a criminal record supports an adverse licensing decision.

(4) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the board only if the petitioner applies for licensure and fulfills all other requirements for the occupational licensure and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(5) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of his or her opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(6) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to include character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors, who may offer their verbal or written support. The board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision

within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(7) If the board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(B) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(C) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on his or her initial petition or upon completing the remedial actions, whichever is earlier.

(8) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

SECTION 2-6.

(D) A juvenile adjudication;

(E) A misdemeanor conviction older than five years, unless the offense of conviction is listed in subparagraph (j)(4)(B) of Code Section 35-3-37; or

(B) The petition for predetermination shall include the individual's criminal record or authorize the commission to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under paragraph (3) of this subsection. (G) If the commission decides that a predetermination petitioner is ineligible for a license, the commission shall notify the petitioner of the following:

An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the commission not before one year following a final judgment on his or her initial petition or upon completing the remedial actions, whichever is earlier.

(H) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the commission shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

(2) In determining if a felony or ~~crime involving moral turpitude~~ covered misdemeanor directly relates to the occupation for which the license is sought or held, the professional licensing board shall consider:

(3) Notwithstanding any other provision of law, a professional licensing board shall provide individualized consideration of an individual's criminal record and shall not automatically deny licensure on the basis of the individual's criminal record.

(4)(A) If an applicant's criminal record includes issues that will or may prevent the board from issuing a license to the applicant, the board shall notify the applicant, in writing, of the specific issues in sufficient time for the applicant to provide additional documentation supporting the application before the board's final decision to deny the application. After receiving notice of any potential issue with licensure due to his or her criminal convictions, an applicant shall have 30 days to respond by correcting any inaccuracy in the criminal record or by submitting additional evidence of mitigation or rehabilitation for the board's consideration, or both.

(B) For the professional licensing board to deny a license on the basis of the applicant's criminal convictions, the board shall first provide an opportunity for a hearing for such applicant in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' (i) Make written findings specifying any of the applicant's convictions and the factors provided for in paragraph (2) of this subsection the board deemed directly

relevant and explaining the basis and rationale for the denial. Such written findings shall be signed by the board's presiding officer and shall note the applicant's right to appeal and explain the applicant's ability to reapply. No applicant shall be restricted from reapplying for licensure more than two years from the date of the most recent application;

In an administrative hearing reviewing the denial of a license, the applicant shall have the burden of proving that his or her criminal record does not directly relate to the occupation for which the license is sought.

(5)(A) Notwithstanding any other provision of law, an individual with a criminal record may petition a professional licensing board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether such individual's criminal record will disqualify him or her from obtaining a license.

(B) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. Such petition shall also include any information the petitioner chooses to submit concerning the circumstances of his or her record and his or her rehabilitation.

(C) In considering predetermination petitions, the professional licensing board shall apply the direct relationship standard in paragraphs (1) and (2) of this subsection. The board shall support any adverse predetermination by determining whether it is more likely than not that a criminal record supports an adverse licensing decision.

(D) A predetermination made under this paragraph that a petitioner is eligible for a license shall be binding on the professional licensing board only if the petitioner applies for licensure and fulfills all other requirements for the occupational license and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(E) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of his or her opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(F) The professional licensing board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to offer written or oral testimony of character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors.

The professional licensing board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(G) If the professional licensing board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(i) The grounds and rationale for the predetermination, including any of the petitioner's specific convictions and the factors in paragraph (2) of this subsection the board deemed directly relevant;

(ii) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(iii) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on his or her initial petition or upon completing the remedial actions, whichever is earlier.

(H) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing reviewing the denial of a predetermination petition, the applicant shall have the burden of proving that his or her criminal record does not directly relate to the licensed occupation.

(6) Each professional licensing board shall include in its application for licensure and on its public website all of the following information:

(A) Whether the board requires applicants to consent to a criminal record check;

(B) The direct relationship standard in paragraph (1) of this subsection and those factors provided for in paragraph (2) of this subsection that the board shall consider when making a determination of licensure;

(C) The appeals process pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' if the board denies or revokes licensure in whole or in part because of a criminal conviction; and

(D) The predetermination petition process, standards, and application, as well as the process for appealing an adverse predetermination pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(7) No later than March 31 each year, each occupational licensing board shall file with the Secretary of State an annual report containing information from the previous year as to:

(A) The number of applicants for a license and, of that number, the number of licenses granted;

(B) The number of applicants with a criminal record and, of that number, the number of licenses granted, denied a license for any reason, and denied a license due to a conviction or state supervision status; and

(D) A juvenile adjudication;

(E) A misdemeanor conviction older than five years, unless the offense of conviction is listed in subparagraph (j)(4)(B) of Code Section 35-3-37; or

The petitioning individual need not disclose any offenses falling under paragraph (3) of this subsection. (C) In considering predetermination petitions, the commission shall apply the direct relationship standard in paragraph (2) of this subsection and shall not consider any offenses falling under paragraph (3) of this subsection. The commission shall support

any adverse predetermination by determining whether it is more likely than not that a criminal record supports an adverse certification decision.

(D) A predetermination made under this paragraph that a petitioner is eligible for a certification shall be binding on the commission only if the petitioner applies for certification and fulfills all other requirements for operator certification and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for certification.

(E) If a petitioner's criminal record includes matters that may disqualify the petitioner from certification, the commission shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of his or her opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(iii) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the commission not before one year following a final judgment on his or her initial petition or upon completing the remedial actions, whichever is earlier.

(H) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, is amended by revising paragraph (1) of Code Section 20-2A-1, relating to definitions, as follows:

"(1) 'Eligible student' means a student who is a Georgia resident who, immediately prior to receiving a scholarship or tuition grant under Code Section 20-2A-2 and enrolling in a qualified school or program, was enrolled in and attended for at least six weeks a Georgia secondary or primary public school or who is eligible to enroll in a qualified first grade, kindergarten program, or pre-kindergarten program; provided, however, that, if a student is deemed an eligible student pursuant to this paragraph, he or she shall continue to qualify as such until he or she graduates, reaches the age of 20, or returns to a public school, whichever occurs first; and provided, further, that the enrollment and six-week public school attendance requirements shall be waived in the case of a student whose parent is an active duty military service member stationed in Georgia during the previous year; a student with an Individualized Education Program (IEP) or a Section 504 Plan or who has been diagnosed with dyslexia, autism spectrum disorder, speech-language delay and disorder, hearing loss, or another intellectual and developmental disability designated by the Department of Education pursuant to Code Section 20-2A-2; or a student who, based on the school attendance zone of his or her primary residence, is or would be assigned to a public school that the Office of Student Achievement determines to be a low-performing school, who is the subject of officially documented cases of school based physical violence or student related verbal abuse threatening physical harm, or who was enrolled in a home study program meeting the requirements of subsection (c) of Code Section 20-2-690 for at least one year immediately prior to receiving a scholarship or tuition grant under Code Section 20-2A-2."

SECTION 2.

Said chapter is further amended by revising paragraph (1) of Code Section 20-2A-2, relating to requirements for student scholarship organizations, as follows:

"(1) With respect to the first $1.5 million of its annual revenue received from donations for scholarships or tuition grants, including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 92 percent of such revenue for scholarships or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $1.5 million and up to and including $10 million, including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 94 percent of such revenue for scholarships or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $10 million and up to and including $20 million, including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 95 percent of such revenue for scholarships or tuition grants; and, with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $20 million, including interest

On or before the end of the calendar year following the calendar year in which a student scholarship organization receives revenues from donations and obligates them for the awarding of scholarships or tuition grants, the student scholarship organization shall designate the obligated revenues for specific student recipients. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants, the student scholarship organization may distribute the entire obligated and designated revenues to a qualified school or program to be held in accordance with Department of Revenue rules for distribution to the specified recipients during the years in which the recipients are projected in writing by the private school to be enrolled at the qualified school or program. In making a multiyear distribution to a qualified school or program, the student scholarship organization shall require that if the designated student becomes ineligible or for any other reason the qualified school or program elects not to continue disbursement of the multiyear scholarship or tuition grant to the designated student for all the projected years, then the qualified school or program shall immediately return the remaining funds to the student scholarship organization. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants for which the student scholarship organization distributes the obligated and designated revenues to a qualified school or program annually rather than the entire amount, if the designated student becomes ineligible or for any other reason the student scholarship organization elects not to continue disbursement for all years, then the student scholarship organization shall designate any remaining previously obligated revenues for a new specific student recipient on or before the end of the following calendar year. Unless the student has an Individualized Education Program (IEP) or a Section 504 Plan or has been diagnosed with dyslexia, autism spectrum disorder, speech-language delay and disorder, hearing loss, or another intellectual and developmental disability (IDD) designated by the Department of Education pursuant to this paragraph, the ~~The~~ maximum scholarship amount given by the student scholarship organization in any given year shall not exceed the average state and local expenditures per student in fall enrollment in public elementary and secondary education for this state. The Department of Education shall determine and publish such amount and such designated IDDs annually, no later than January 1;"

SECTION 3.

Said chapter is further amended by adding a new Code section to read as follows:

"20-2A-2.2.

No member of the General Assembly or a spouse of a member of the General Assembly shall receive any income from a student scholarship organization during a taxable year in which such organization receives a contribution for which a tax credit pursuant to Code Section 48-7-29.16 was approved."

"20-2A-5.

The parent or guardian to whom a scholarship award is granted must restrictively endorse the scholarship award to the private school for deposit into the account of the private school or authorize by electronic signature for the deposit to be made into the account of the private school consistent with regulations issued by the Department of Revenue. The parent or guardian may not designate any entity or individual associated with the participating private school as the parent's attorney in fact to endorse a scholarship award. A participant who fails to comply with this Code section forfeits the scholarship."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 20E of Title 33 of the Official Code of Georgia Annotated, the "Surprise Billing Consumer Protection Act," is amended by revising Code Section 33-20E-23, relating to financial responsibilities for ground ambulance transportation, as follows:

"33-20E-23.

~~Nothing in this chapter shall reduce a covered person's financial responsibilities with regard to ground ambulance transportation.~~

(a) As used in this Code section, the term:

(1) 'Ambulance provider' means an agency, including an agency of any political subdivision of this state, or a company which is operating under a valid license from the Emergency Health Section of the Department of Public Health and which provides emergency transport service; provided, however, that such term shall not include an air ambulance service as such term is defined in Code Section 31-11-2.

(2) 'Clean claim' means a claim for reimbursement of service rendered by an ambulance provider that has no defect of impropriety, including any lack of required substantiating documentation, which would reasonably prevent timely payment for a claim.

(3) 'Covered service' means emergency transport service which a covered person is entitled to receive under the terms of a healthcare plan.

(4) 'Emergency transport service' means the provision of emergency transportation on the public streets and highways of this state by an ambulance provider for a wounded, injured, sick, invalid, or incapacitated human being to or from a place where medical or hospital care is furnished.

(5) 'First responder' means any firefighter of a municipal, county, or volunteer fire department; paramedic as defined in Code Section 31-11-2; emergency medical technician as defined in Code Section 31-11-2; peace officer as defined in Code Section 35-8-2; or communications officer as defined in Code Section 37-12-1.

(b) A healthcare plan shall consider emergency transport service as a covered service when such emergency transport service is requested by a first responder.

(c)(1) The minimum allowable reimbursement rate under any healthcare plan other than a state healthcare plan for covered service to an out-of-network ambulance provider shall be the rate agreed to by contract with or through passage of an ordinance, resolution, rule, or regulation by a county, municipality, special district, or authority for such service within the respective jurisdiction.

(2) When no agreement on a minimum reimbursement rate exists as set forth in paragraph (1) of this subsection, the minimum allowable reimbursement amount shall be the lesser of:

(A) Three hundred and twenty-five percent of the reimbursement rate under the Medicare program, Part A or B of Title XVIII of the federal Social Security Act, 42 U.S.C. Section 1395, et seq., as amended, for ambulance services; or

(B) The charges billed by the ambulance provider.

(d) Any payment made to an ambulance provider pursuant to this Code section shall release a covered person from any further payment responsibility other than any copayment, coinsurance, or deductible owed by the covered person.

(e) Any copayment, coinsurance, or deductible paid for covered service provided by an out-of-network ambulance provider shall not exceed the amount of a copayment, coinsurance, or deductible amount owed for similar service provided by an ambulance provider that belongs to the provider network in a healthcare plan.

(f) No later than 30 days after the receipt of a clean claim for covered service, an insurer shall remit payment for such service directly to the ambulance provider and shall not remit any payment to a covered person. When an insurer receives a claim that is not a clean claim, such insurer shall, within 30 days after receipt of such claim, send written notice to the ambulance provider making such claim that acknowledges the receipt of such claim and informs the ambulance provider that:

(1) The insurer has declined to pay all or part of the claim, including the reasons for such denial; or

(2) Additional information is necessary to make a determination regarding payment of all or part of the claim submitted, including the specific information required."

~~(d) Upon the payment of the requisite fee, the purchaser of a new motor vehicle which is a passenger car, for which such purchaser has paid state and local title ad valorem taxes, may choose to register such passenger car for an initial period of two years instead of the annual registration provided for in this Code section, provided that the motor vehicle owner does not elect a prestige or special license plate. The governing authorities shall appropriate such additional funds in equal amounts as may be necessary to meet the expenses of the charter and unification commission, provided that such additional expenditures shall be first approved by each of the governing authorities.

(d) The charter and unification commission is also authorized to solicit, receive, and expend contributions, grants, gifts, and other funds from other sources to be utilized by it in the conduct of its business.

(e) All public officials and employees of the City of Quitman and the County of Brooks upon request shall furnish the charter and unification commission with all documents, books, records, data, and information necessary or appropriate in the opinion of the charter and unification commission for it to carry out its duties, except for information that is confidential or privileged by law; shall furnish such other assistance and aid to the commission as it shall request; and shall appear and give testimony, at the request of the commission, before the commission or before any of its committees, subcommittees, or advisory committees.

SECTION 2-5.

The commission shall upon completion of its study issue a written report of its findings, conclusions, and recommendations. If, after conducting such study, the charter and unification commission shall deem it to be in the best interests of the governments proposed to be affected, the commission shall draft a proposed charter creating a unified government, and if such charter is approved by the voters under the provisions of this part, then the newly created unified government shall supersede and replace the existing governments of the City of Quitman and the County of Brooks and may also supersede and replace any public authorities and special service districts located and operating within Brooks County. If the charter and unification commission does not deem it to be in the best interests of the governments proposed to be affected to recommend the establishment of a unified government but concludes from its study that it is feasible to consolidate specific governmental services, programs, and activities, then the commission may issue such findings, conclusions, and recommendations in writing together with reasons why such recommendations will make government operations more efficient.

SECTION 2-6.

(a) The charter so drafted shall be submitted to the qualified voters of Brooks County for approval or rejection of the referendum provided for in Section 2-10 of this part.

(b) The General Assembly delegates its powers to the charter and unification commission to draft such a charter which may include any provisions necessary to effectuate its purposes. Without limiting the generality of the foregoing, the proposed charter may provide for any one or more of the items listed below. Where it is indicated that an item shall be included, the inclusion of that particular item shall be mandatory:

(1) The charter shall provide for the abolishment of the existing governments of the City of Quitman and the County of Brooks and for the creation of a new unified government which may have all powers formerly exercised by the City of Quitman and the County of Brooks and such other powers as may be necessary or desirable. The new unified government may be given, and may have, such rights, privileges, exemptions, preferences, discretions, immunities, powers, duties, and liabilities as are now or hereafter granted to, or vested in, municipalities or counties or both by the Constitution and laws of the State of Georgia. The form and composition of the new government shall be as the charter shall provide;

(2) The charter may authorize the new government to continue to be eligible to have, hold, enjoy, and be entitled to any assistance, credits, benefits, moneys, grants, grants-in-aid, funds, loans, aid, appropriations, and matching funds to the same extent that any municipality or county of the State of Georgia now or may hereafter enjoy or possess under the Constitution and laws of the State of Georgia or by other provisions of law or under any present or future state or federal programs;

(3) The charter may provide for the abolishment, modification, consolidation, or merger of any court unless otherwise prohibited by the Constitution or general law;

(4) The charter may provide for the abolishment, modification, consolidation, or merger of any public authorities and special service districts located within Brooks County created by law and for the transfer of any powers, duties, and obligations of such authorities and districts to the new unified government or to any agency thereof or from one such authority or special service district to another in such manner as the charter shall provide unless otherwise prohibited by the Constitution or general law;

(5) The charter may provide for the abolishment, modification, consolidation, or merger of any one or more public offices or positions of public employment of any municipality merged in the unified government and the County of Brooks and any public authorities or special service districts located or operating within Brooks County unless otherwise prohibited by the Constitution or general law. The charter may provide for administrative division or changes with reference to the duties and responsibilities of any public office or official as the charter and unification commission shall deem necessary for the efficient functioning of the new unified government;

(6) The charter shall provide for the creation of the governing authority of the new unified government, including the number of members of the governing authority, their powers, duties, terms of office, manner, and time of election or appointment, compensation, method of removal, and all other matters incidental or necessary to the creation of the unified governing authority. The charter shall provide for the name or names of the new unified government and governing authority;

(7) The charter may provide for the creation of the various departments, boards, bureaus, offices, commissions, and positions of public employment of the new unified government and for any matters necessary or incidental thereto;

(8) The charter shall provide for the creation of special tax districts consisting of the territory lying within the former boundaries of the affected governments for the purpose of the successor unified government levying a tax therein sufficient to retire any bonded indebtedness of such governments which is outstanding on the effective date of the abolishment of such government, including, but not limited to, any contractual obligations owed by the City of Quitman pursuant to its existing contracts with the Municipal Electric Authority of Georgia and the Municipal Gas Authority of Georgia;

(9) The charter may provide for the assumption by the new government of all bonded indebtedness and all other obligations of whatever kind of all governmental units, public authorities, and special service districts which are altered by the charter and a method by which the new unified government shall assume the payment of any obligations issued under Article 3 of Chapter 82 of Title 36 of the O.C.G.A., the "Revenue Bond Law," or other similar legislation;

(10) The charter may provide for the transfer to the new unified government of assets, contracts, and franchises of all governmental units and any public authorities and special service districts which are merged with the new unified government or are altered by the charter and shall provide for the transfer of all contracts between any governmental unit and the Municipal Electric Authority of Georgia or the Municipal Gas Authority of Georgia and for the acceptance by the unified government of it becoming a party to such contracts in place of the City of Quitman;

(11) The charter may provide the purposes for which the new unified government or governing authority or any agency thereof may levy taxes;

(12) The charter shall provide for the method or methods by which it may be amended. The General Assembly expressly reserves the right to amend any charter adopted pursuant to this part. The charter may provide for an additional method or methods by which the charter may be amended and shall provide for any amendments adopted by any such other method or methods to be filed with the Secretary of State so that they may be published in the *Georgia Laws*;

(13) The charter shall provide for the repeal of conflicting laws; and

(14) The charter may contain such other provisions as are necessary and needful to achieve the objectives of consolidation of the governments and functions of the City of Quitman and the County of Brooks and the creation of a successor government.

(c) The following additional provisions shall govern proceedings of the charter and unification commission and any successor unified government created by a charter drafted by the commission:

(1) The charter and unification commission is authorized to contract with any public or private institution or body, including the Carl Vinson Institute of Government, for any special studies or assistance it deems necessary, subject to the limitation that any expenditure therefor shall be within the limits of the funds made available to the commission by the respective governing authorities; and

(2) Any successor government created and established shall, without the necessity or formality of deed, bill of sale, or other instrument of transfer, be and become the owner of all property, assets, and rights previously belonging to the City of Quitman and the County of Brooks and any other authorities or special service districts merged into the new government.

(d) The charter and unification commission shall have all the powers of the superior courts to compel the attendance of witnesses before the commission and any of its committees, subcommittees, or advisory committees; to compel witnesses to testify thereat; and to subpoena any person or entity and all such books, records, data, papers, documents, and other tangible items which may be deemed by the commission to be material to any question or issue deemed by it to be relevant to the duties or prerogatives imposed upon or granted to the commission by this part. Such subpoenas shall be issued in the name of the commission, shall be signed by either the chairperson or the secretary of the commission, and shall be served in the manner provided by law for the service of subpoenas in civil cases pending in the superior courts. Witnesses subject to such subpoenas shall be entitled to the same compensation as witnesses attending superior court, which compensation shall be collected in the same manner as that of witnesses in the superior courts except that such compensation shall be paid from funds of the commission. Should any such subpoenaed person or witness fail or refuse to answer questions propounded or fail or refuse to produce any books, records, data, papers, documents, or other tangible items required to be produced by the commission, except upon a legal excuse which would relieve such person of such obligation in a civil case pending in the superior court, the person so failing or refusing shall be guilty of contempt and may be cited by the commission to appear before a judge of the Southern Judicial Circuit. The judge of such court shall have the same power and jurisdiction to punish the person cited for contempt and to require and compel the attendance, the giving of testimony, or the production of items as in cases of contempt committed in the presence of the court and as in cases pending before the court.

(e) Notwithstanding any other provisions of this part, the charter and unification commission and the charter proposed by the commission and subsequently adopted may not:

(1) Alter or affect the status of the Brooks County School System or the Brooks County Board of Education or any provision of the Constitution or laws of the State of Georgia by which the Brooks County School System is constituted, empowered, or preserved or to transfer any of its powers, duties, or obligations;

(2) Impair or diminish any pension or retirement rights; or

(3) Abolish the office of sheriff, clerk of court, judge of probate court, or tax commissioner.

(f) None of the foregoing limitations shall be construed as prohibiting the General Assembly from exercising any legislative power with respect to any municipality electing to be excluded as provided in this part or the school district, board of education, industrial development authority, office of sheriff, clerk of superior court, judge of probate court, or tax commissioner, pension rights, and homestead exemptions which existed prior to the adoption of this part.

(g) The powers granted in this part to the charter and unification commission by the General Assembly are remedial in nature and shall be liberally construed to effectuate their purpose.

SECTION 2-7.

(a) The charter and unification commission shall be required to hold at least three public hearings to determine the sentiment of the citizens of the City of Quitman and the County of Brooks regarding the work of the charter and unification commission. The first public hearing shall be held within 30 days of the issuance of the commission's final written report on the feasibility of establishing a unified government within Brooks County, and a third public hearing shall be held within 15 days of the submission of any proposed charter for such consolidated government to the Brooks County Board of Elections. The charter and unification commission is authorized to hold more than three public hearings if it determines that additional public hearings are desirable. The charter and unification commission shall cause the date, time, and place of each such hearing to be advertised in the official organ of Brooks County once a week for two consecutive weeks during the two weeks next preceding the week in which the public hearing is held. The charter and unification commission shall cause to be made a transcript of each public hearing held and shall file the same in its minutes and records.

(b) Following issuance of the commission's final written report, the governing authorities of the City of Quitman and the County of Brooks shall each hold and conduct a public hearing to determine the sentiments of their citizens regarding the work of the charter and unification commission. Notice of such hearings shall be advertised in the same manner as required for hearings held by the charter and unification commission. Representatives of the charter and unification commission shall be invited to present the final report to such governing authorities.

SECTION 2-8.

(a) The charter and unification commission shall complete its studies and shall prepare, complete, and file any proposed charter no later than August 31, 2027; provided, however, that the above-described time period may be extended for such additional periods of time as may be authorized by resolutions duly adopted by the governing authority of the City of Quitman and the governing authority of the County of Brooks and may also be extended by any part of the General Assembly and shall be automatically extended for a period of time equal to the period of time that any proposed charter shall be under consideration by any courts.

(b) Certified copies of the charter shall be filed by the charter and unification commission with the clerks or secretaries of the governing authorities of the City of Quitman and the County of Brooks and shall be authenticated by the signature of the chairperson of the charter and unification commission. Such copies shall be public records and shall be available for inspection or examination by any interested person.

(c) The charter and unification commission shall also make available a copy of the charter to every daily or weekly newspaper published in Brooks County and to each radio or

television station operating within the county. The commission shall take such other steps, within the limitation of its available funds, as it deems reasonable and appropriate to inform the public throughout the county of the contents of the proposed charter. The charter and unification commission shall also cause a summary of the proposed charter to be printed in pamphlets or booklets and made available for general distribution throughout the county.
(d) The charter and unification commission is authorized to adopt such rules and regulations as it deems necessary or desirable to carry out its powers and perform its duties and functions.

SECTION 2-9.

(a) A certified copy of the proposed charter shall be submitted by the commission to the election superintendent of Brooks County, and it shall be the duty of such superintendent to call and hold a referendum election for ratification or rejection of the proposed charter as provided in Section 2-10 of this part.
(b) The charter and unification commission shall be abolished by operation of law at midnight of the day the results of the special referendum election on the proposed charter become final and effective pursuant to the laws of the State of Georgia.

SECTION 2-10.

(a) As soon as practicable after receipt of the certified copy of the proposed charter, it shall be the duty of the election superintendent of Brooks County to call a special election for approval or rejection of the proposed charter. The election superintendent shall set the date of the election for the earliest date therefor permissible under general law after the filing of any proposed charter as provided for in Section 2-8 of this part; provided, however, that such special election shall be held no later than the Tuesday following the first Monday in November, 2027. The election superintendent shall cause the date and purpose of the election to be published once a week for two calendar weeks immediately preceding the date thereof in the official organ of Brooks County. The ballot shall have written or printed thereon the following:

"( ) YES Shall the charter reorganizing and consolidating the governments of the City of Quitman and Brooks County and creating a unified government to
( ) NO supersede and replace those governments be approved?"

(b) All persons desiring to vote for approval of the charter shall vote "Yes," and those persons desiring to vote for rejection of the charter shall vote "No." The votes cast on such question by the qualified voters of Brooks County residing within the corporate limits of the City of Quitman and the votes cast on such question by the qualified voters of unincorporated Brooks County shall be counted separately. If more than one-half of the votes cast by the qualified voters of the City of Quitman are for approval of the charter and if more than one-half of the total votes cast by the qualified voters residing within the unincorporated areas of Brooks County are for approval of the charter, then the charter shall become effective as to the City of Quitman and Brooks County and Part 3 of this Act shall stand repealed. Otherwise, such charter shall be void and of no force and effect and

Part 3 of this Act shall go into effect as provided for in Part 4 of this Act. The expense of such election shall be borne equally by the City of Quitman and the County of Brooks.

(c) The special election shall be conducted pursuant to Chapter 2 of Title 21 of the O.C.G.A., the "Georgia Election Code," except to the extent specifically provided otherwise by this part.

(d) A qualified voter, as used in this part, shall mean a voter of Brooks County qualified to vote for members of the General Assembly of Georgia. The election superintendent shall certify the returns to the Secretary of State. The election superintendent shall also furnish a certified copy of the charter to the Secretary of State. The Secretary of State shall issue his or her proclamation showing and declaring the result of the election on the approval or rejection of the charter. One copy of the proclamation shall be attached to the copy of the charter certified to the Secretary of State. One copy of the proclamation shall be delivered to the secretary or clerk of the governing authority of the City of Quitman, who shall attach the same to the copy of the charter previously certified to him or her. One copy of the proclamation shall be delivered to the clerk of the governing authority of the County of Brooks, who shall attach the same to the copy of the charter previously certified to him or her.

(e) Whenever a charter for the consolidation of the governments of the City of Quitman and the County of Brooks has been adopted, the above-certified copies thereof, with the proclamation of the Secretary of State of Georgia attached thereto, shall be deemed duplicate original copies of the charter of the consolidated government for all purposes. The certified copy of the charter and proclamation deposited with the secretary or clerk of the governing authority of the City of Quitman and the certified copy of the charter and proclamation deposited with the clerk of the governing authority of the County of Brooks shall subsequently be delivered by them to the successor government. The successor government may issue certified copies of the charter, and any copy so certified shall be deemed a duplicate original copy of the charter of the consolidated government for all purposes. The Secretary of State is authorized to issue certified copies of the charter on file with him or her, and copies so certified by him or her shall be deemed duplicate original copies of the charter of the consolidated government for all purposes.

(f) The provisions of this section shall be mandatory upon the election superintendent and are not intended as directory. If the election superintendent fails or refuses to comply with this section, any elector of the City of Quitman or unincorporated Brooks County may apply for a writ of mandamus to compel the election superintendent to perform his or her duties under this section. If the court finds that the election superintendent has not complied with this section, the court shall fashion appropriate relief requiring the election superintendent to call and conduct such election on the date required by this section or on the next date authorized for special elections provided for in Code Section 21-2-540 of the O.C.G.A.

SECTION 2-11.

In the event the proposed unified government charter is approved by voters as provided in Section 2-10 of this part, an election shall be held in accordance with the provisions of the

charter to elect the members of the governing authority of the unified government. Upon the election of the members of the governing authority and their taking office as the governing authority of the unified government; the governing authorities of the City of Quitman and the County of Brooks shall stand abolished, all in accordance with the provisions of the charter of the new unified government.

PART 3.

SECTION 3-1.

An Act to amend, consolidate, and supersede the several Acts of the General Assembly of the State of Georgia pertaining to the City of Quitman in the County of Brooks, approved March 3, 1962 (Ga. L. 1962, p. 2894), as amended, is hereby repealed in its entirety.

SECTION 3-2.

Brooks County, Georgia, shall be vested with full authority to provide all governmental services within that area comprising the former jurisdictional boundary of the City of Quitman, including, but not limited to, and to the maximum extent provided, any powers of the City of Quitman pursuant to Title 46 of the O.C.G.A., relating to electrical or natural gas services. To the maximum extent authorized by law, Brooks County shall be successor in right and obligation to all contracts, bonds, and other obligations of the City of Quitman relating to electrical and natural gas services and shall assume all powers of such city relating to such obligations and shall become a party to any such contracts replacing the City of Quitman. All ordinances, rules, and regulations of Brooks County shall apply within that area as they do in other unincorporated areas of the county, and the appropriate courts of Brooks County shall have jurisdiction to enforce such ordinances, provided that this transition shall not impact any vested rights accrued prior to the effective date of this part.

SECTION 3-3.

Upon the effective date of this part, the existence of any local authority created by or for the City of Quitman shall likewise terminate on the same date; provided, however, that any joint authority of which the City of Quitman was a part shall be modified by operation of law to remove the City of Quitman, and that authority shall continue in existence with its remaining members. The assets and liabilities of any authority terminated pursuant to this section shall be treated in the same manner as assets and liabilities of the City of Quitman under this part.

SECTION 3-4.

(a) There is hereby created a special tax and service district to be known as the Quitman Services District which shall correspond to and be coterminous with the corporate limits of the City of Quitman as those corporate limits existed on the effective date of this part. Upon the completion of the purposes provided in this part for such service district, the tax and service district may be abolished by resolution of the governing authority of Brooks County.

(b) Brooks County may establish an advisory panel composed of residents and taxpayers of the special tax and service district established pursuant to subsection (a) of this section to advise said county on the provisions of services within such special district. The members of such advisory panel shall be appointed by the governing authority of Brooks County, and the number of such panel members and the terms of such members shall be provided for by said governing authority.

SECTION 3-5.

(a) Except as provided herein, all legal rights, privileges, and assets of the City of Quitman and all records of such assets shall pass to Brooks County without the necessity or formality of a deed, bill of sale, or other instrument of transfer. The assets that shall transfer include all real property assets of the City of Quitman of any nature, including, without limitation, freehold estates, easements, life estates, future interests, and co-owned interests; all tangible and intangible personal property assets of the City of Quitman of any nature, including, without limitation, vehicles, heavy equipment, office equipment, and software; all accounts receivable, rights to payment under contracts fully performed by the City of Quitman, and similar financial assets of the City of Quitman of any nature; and all digital and electronic papers and records of the City of Quitman. Expressly excluded from this section are any rights or assets that derive from executory contracts of the City of Quitman addressed in Section 3-6 of this part.

(b) Those amounts in any general fund for the City of Quitman shall be immediately transferred to the general fund of Brooks County and segregated by Brooks County for the provision of services within the Quitman Services District.

(c) Those amounts in any special or enterprise fund for the City of Quitman shall immediately be transferred to a special fund of Brooks County and segregated by Brooks County for their designated special purpose.

SECTION 3-6.

(a) Except as specifically provided in this part, neither Brooks County nor the State of Georgia nor any political subdivision of the State of Georgia shall bear any responsibility or liability for obligations, amounts, claims, debts, causes of action, judgments, or liabilities that have accrued to the City of Quitman or its local public authorities, up to and including the effective date of this part. Nothing in this part shall in any manner obligate Brooks County to provide continued employment for any employee of the City of Quitman or any local public authority of the city.

(b) Any bonded indebtedness of the City of Quitman shall become the debt and obligation of the special tax and service district established pursuant to Section 3-4 of this part. Brooks County shall be the successor to the City of Quitman for all purposes relating to such bonded indebtedness, including the enforcement of rights and remedies of bondholders. The county shall be required to levy a special district tax, fee, or assessment within the Quitman Services District for the purpose of paying the amounts due on such bonded debt and any amounts due to the Municipal Electric Authority of Georgia or the Municipal Gas Authority of Georgia pursuant to its existing contracts with the City of

Quitman. It is the specific intent of the General Assembly that the special tax and service district established pursuant to Section 3-4 of this part shall assume all outstanding obligations, amounts, claims, debts, causes of action, judgments, and liabilities that have accrued to the City of Quitman or its local public authorities relating to the provisions of electrical or natural gas services, including, but not limited to, any contracts the city has entered into with the Municipal Electric Authority of Georgia, the Municipal Gas Authority of Georgia, any other political subdivision of this state providing electrical or natural gas services, and the holders of any bonds or obligations issued by such authority or political subdivisions, and that Brooks County, on behalf of such special district, shall be empowered and required to undertake any and all actions the City of Quitman was authorized to undertake to ensure that such responsibilities and obligations are maintained, kept, and performed in full.

(c) Other than those bonded debts provided for in subsection (b) of this section and Section 3-11 of this part, Brooks County, on behalf of the special tax and service district established pursuant to Section 3-4 of this part, shall assume the rights and duties of any executory contract of the City of Quitman in effect as of the effective date of this part, including obligations pursuant to existing contracts between the City of Quitman and the Municipal Electric Authority of Georgia, the Municipal Gas Authority of Georgia, or any other debt provider. If assumed, any rights and obligations of such contracts that by their nature are personal to the city shall be deemed to apply to the personnel, services, and assets formerly belonging to the city so as to reasonably fulfill the basic purpose and bargain of the original contract. The county shall be authorized but not required to levy a special district tax, fee, or assessment within the Quitman Services District for the purpose of paying the amounts due under contracts assumed pursuant to this subsection, to the extent that the financial obligations under such contracts cannot be fully funded by funds and assets devolved to the county from the City of Quitman; provided, however, that the county shall be required to levy a special district tax, to the extent necessary, to pay obligations owed to the Municipal Electric Authority of Georgia, the Municipal Gas Authority of Georgia, or any other debt provider pursuant to its existing contracts with the City of Quitman.

(d) Financial assets and property devolved to Brooks County that are deemed by the county to be excess for purposes of serving the Quitman Services District shall be used to satisfy any obligations and retire any indebtedness of the City of Quitman.

SECTION 3-7.

To the maximum extent permitted by law, all federal and state permits and licenses issued to the City of Quitman or its local authorities shall be transferred by operation of law to Brooks County, and Brooks County may succeed to any rights, duties, contracts, or other obligations of the City of Quitman pursuant to Title 46 of the O.C.G.A., relating to electrical or natural gas services.

SECTION 3-8.

Notwithstanding any provisions of this part to the contrary, on the effective date of this part, if any person is held in the custody of the City of Quitman, such person may be transferred over to the custody of the Brooks County Sheriff's Office or other appropriate law enforcement agency.

SECTION 3-9.

All cases pending in the Municipal Court for the City of Quitman shall be automatically transferred to the Brooks County Magistrate Court or the appropriate court of competent jurisdiction in Brooks County if jurisdiction does not lie in the magistrate court. Any transfer of law enforcement jurisdiction to Brooks County shall not in and of itself abate any pending prosecution of any violation of any ordinance of the City of Quitman, and the county shall be entitled to enforce such city ordinance as if a violation occurred while the city ordinances were in effect. As for any other lawsuits involving the City of Quitman in the Georgia judicial system, the city shall cease to exist and therefore shall no longer be a proper party to any legal action.

SECTION 3-10.

The zoning and land use regulations of the City of Quitman shall be deemed Brooks County ordinances and shall apply within the Quitman Services District only, unless and until Brooks County adopts zoning and land use regulations covering the properties within the Quitman Services District.

SECTION 3-11.

Brooks County shall be entitled to receive the City of Quitman's share of proceeds of any special purpose local option sales tax imposed pursuant to Article 3 of Chapter 8 of Title 48 of the O.C.G.A. and shall use those proceeds to complete the city projects authorized by the applicable referendum or otherwise abandon the projects in accordance with general law. To the extent that any intergovernmental agreement has been approved between Brooks County and its qualified municipalities in connection with such special purpose local option sales tax, the county shall have the power to act in place of the City of Quitman for purposes of that agreement.

SECTION 3-12.

Brooks County and its qualified municipalities shall divide the City of Quitman's share of proceeds of any local option sales tax in accordance with the provisions of Code Section 48-8-89.2 of the O.C.G.A.

SECTION 3-13.

There is hereby designated a Historic Quitman Community which shall correspond to and be coterminous with the corporate limits of the City of Quitman as those corporate limits existed on the effective date of this part. Brooks County is authorized to provide appropriate signage so as to mark the boundaries of such historic community.

PART 4.

SECTION 4-1.

Nothing contained in this Act shall be construed so as to amend, modify, or repeal:

(1) An Act to provide a new charter for the City of Barwick, approved April 26, 2016 (Ga. L. 2016, p. 3699;

(2) An Act to provide a new charter for the City of Pavo, approved May 3, 2018 (Ga. L. 2018, p. 3577); and

(3) An Act to reincorporate the City of Morven in the County of Brooks, approved April 11, 1979 (Ga. L. 1979, p. 3716).

SECTION 4-2.

(a) This part and Part 1 of this Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

(b) Part 2 of this Act shall become effective as provided for in Section 1-1 of this Act.

(c) Except as provided for in Section 2-10 of this Act, Part 3 of this Act shall become effective:

(1) On May 31, 2027, if Part 2 of this Act does not go into effect; provided, however, that Part 3 of this Act shall not go into effect on such date if on such date the state auditor certifies that the City of Quitman is in compliance with all of the audit requirements provided for in Chapter 81 of Title 36 of the O.C.G.A. for all fiscal years of such city from 2018 to 2023;

(2) On June 30, 2027, if the certification conditions in paragraph (1) of this subsection are met; provided, however, that Part 3 of this Act shall not go into effect on such date if on such date the state auditor certifies that the City of Quitman is in compliance with all of the audit requirements provided for in Chapter 81 of Title 36 of the O.C.G.A. for all fiscal years of such city since 2017; or

(3) On January 1, 2028, if the charter provided for in Part 2 of this Act is not approved as provided for in Section 2-10 of this Act; provided, however, that Part 3 of this Act shall not go into effect on such date if on such date the state auditor certifies that the City of Quitman is in compliance with all of the audit requirements provided for in Chapter 81 of Title 36 of the O.C.G.A. for all fiscal years of such city since 2017.

The state auditor shall make such certifications no later than 30 days prior to the applicable date provided for in paragraph (1), (2), or (3) of this subsection and shall provide certified copies of such certifications to the governing authority of the City of Quitman, the governing authority of Brooks County, the Secretary of State, and the Office of Legislative Counsel.

(c) With respect to services that are regularly billed on a monthly basis, an LHOST shall apply to the first regular billing period coinciding with or following the effective date of the LHOST.

48-8-109.54.
(a) The tax shall cease to be imposed on the final day of the maximum period of time, which shall not exceed ten years, as specified in the local Act granting the homestead exemption for the county or consolidated government.
(b) The tax may be renewed for any special district in the same manner and under the same conditions as for an initial imposition of the tax. Such newly authorized tax shall not be imposed until the expiration of the tax then in effect.

48-8-109.55.
(a) Each LHOST shall be exclusively administered and collected by the commissioner for the use and benefit of the special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the LHOST shall be applicable to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the county government or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed.
(b) Dealers, as defined in Code Section 48-8-2, shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. Such dealer deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.
(c) Each sales and use tax return remitting sales and use taxes collected under this article shall separately identify the location of each retail establishment at which any of the sales and use taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return to facilitate the determination by the commissioner that all sales and use taxes imposed by this article are collected and distributed according to situs of sale.

48-8-109.56.
(a) The proceeds of the tax collected by the commissioner under this article shall be disbursed as soon as practicable after collection directly to the county whose boundary is conterminous with the boundary of the special district to be held in trust for the special district in an interest-bearing account and distributed thereafter by such county among the eligible local governments within the special district in accordance with the provisions of Code Section 48-8-109.57 and Code Section 48-8-109.58.

(b) No funds other than the annual LHOST proceeds, and interest accrued thereon, shall be placed in such accounts. The funds within such accounts shall not be commingled with any other funds of the county.

48-8-109.57.

(a) Following the adoption of millage rates each year by all eligible local governments and prior to the printing of ad valorem tax bills, the county tax commissioner shall calculate the amount of the assessed value to be exempted for homestead property within the special district for which any local Acts are in effect under this article. The amount of the assessed value of each homestead property that shall be exempted shall be calculated each tax year based on the total value of all homestead property of the special district, the net millage rates adopted by each eligible local government for such tax year, and the net proceeds of the LHOST which are available in the trust account as of August 1 of such year.

(b) For an LHOST imposed within a special district which has a single eligible local government, the county tax commissioner shall calculate the maximum amount of assessed value of homestead property which may be exempted from all ad valorem taxes imposed by such single eligible local government on homestead property within the special district, which calculation shall be based upon the proceeds of the LHOST available in the trust account as of August 1 of such year, the total assessed value of all homestead property in the special district, and the net millage rates imposed by such single eligible local government on such homestead property.

(c) For an LHOST imposed within a special district which has one or more eligible local governments, following the adoption of millage rates each year by all such eligible local governments, but not later than September 2, the county tax commissioner shall calculate the single, maximum amount of assessed value which may be exempted throughout the special district for all homestead property from all applicable ad valorem taxes imposed by the eligible local governments within the special district, which calculation shall be based upon the proceeds of the LHOST available in the trust account as of August 1 of such year, the total assessed value of all homestead property in the special district, and the net millage rates imposed by each such eligible local government on the homestead property within its territory within the special district.

(d) In the event that the proceeds collected for a special district exceed the amount necessary to exempt all homestead property from all ad valorem taxes imposed by all eligible local governments on homestead property within the special district, the excess proceeds shall be calculated by the county tax commissioner and applied in a manner to reduce the net millage rates in effect on property within the special district by an equal percentage across all eligible local governments in the special district for such tax year.

(e) For the purposes of subsection (c) of this Code section, in the event an eligible local government fails to submit its adopted millage rates by September 1, the county tax commissioner shall use 90 percent of such eligible local government's prior year's net millage rates applicable to homestead property in the special district in the calculation under this Code section and the county shall only disburse, under Code Section 48-8-

109.58, the lesser of such amount and the net millage rate actually levied by such eligible local government in the current year.

48-8-109.58.
(a) Prior to mailing ad valorem tax bills for homestead property, the tax collector for each eligible local government shall apply the homestead exemption calculated by the county tax commissioner under subsection (b) or (c) of Code Section 48-8-109.57 to each ad valorem property tax bill for homestead property. Each ad valorem tax bill for homestead property shall reflect the taxpayer's gross ad valorem tax savings which resulted from the LHOST homestead exemption.
(b) In the event of excess proceeds described in subsection (d) of Code Section 48-8-109.57, prior to mailing ad valorem tax bills, the tax collector for each eligible local government shall apply the reduction calculated under subsection (d) of Code Section 48-8-109.57 to each ad valorem property tax bill. If applicable, each ad valorem tax bill shall reflect the taxpayer's gross ad valorem tax savings which resulted from such LHOST millage rate reduction.
(c) Within 30 days of an eligible local government's mailing of its ad valorem tax bill for a given tax year, the county shall disburse LHOST funds from the trust account to each eligible local government in the amount of ad valorem property tax revenue that the given eligible local government did not collect due to the amount of the homestead exemption determined under Code Section 48-8-109.57, applied pursuant to subsection (a) of this Code section, and as granted through the local Act required under this article and, if applicable, the county shall also disburse the amount of revenue foregone due to the reduction of the eligible local government's millage rates provided for in subsection (d) of Code Section 48-8-109.57 and subsection (b) of this Code section.
(d) No disbursement shall be made to any governing authority until such governing authority has mailed ad valorem tax bills for a given year.

48-8-109.59.
Where a local sales and use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within the state or in a tax jurisdiction outside the state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales and use tax so paid is less than the amount of such tax due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article. The commissioner may require such proof of payment in another local tax jurisdiction as the commissioner deems necessary and proper. No credit shall be granted, however, against the tax imposed under this article for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the special district or any other political subdivision within the special district; and taxes so paid in another jurisdiction shall be credited against the tax levied under Article 2 of this chapter, if applicable, then against the tax levied under Part 1 of Article 3 of this chapter, if applicable, then against the tax

levied under Part 2 of Article 3 of this chapter, if applicable, and then against the tax levied under this article.

48-8-109.60.
No tax provided for in this article shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the special district in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, and including United States mail or common carrier or by a private or contract carrier licensed by the Federal Motor Carrier Safety Administration or the Georgia Department of Public Safety.

48-8-109.61.
No tax provided for in this article shall be imposed upon the sale or use of buildings and construction materials when the contract for which the materials are purchased or used was advertised for bid prior to the local referendum held for the local Act required to initiate the levy of the tax and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of such local Act.

48-8-109.62.
The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax authorized by this article.

48-8-109.63.
Except as otherwise provided in this article or Code Section 48-8-6, the tax authorized by this article shall be in addition to any other local sales and use tax. The imposition of any other local sales and use tax within a county, municipality, or special district shall not affect the authority of a county, municipality, or special district to impose the tax authorized by this article and the imposition of the tax authorized by this article shall not affect the imposition of any otherwise authorized local sales and use tax within a county, municipality, or special district."

PART III
SECTION 3-1.

Part 4 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to financing under the "Quality Basic Education Act," is amended in Code Section 20-2-164, relating to local five mill share funds, by revising subsection (g) as follows:

"(g) For purposes of calculation under this Code section and Code Section 20-2-165, the equalized adjusted school property tax digest, adjusted by paragraph (1) of subsection (a) of this Code section, shall be reduced by the sum of the following ~~products~~:

(1) The product of the number of constitutional homestead exemptions for owner occupied homes pursuant to Code Section 48-5-44 granted for that year, exclusive of those homestead exemptions provided pursuant to Code Sections 48-5-47, 48-5-48, and 48-5-52, multiplied by the amount per exemption authorized under Code Section 48-5-44; provided, further, that, in any city operating an independent school system which provides a homestead exemption through local legislation comparable to that provided in Code Section 48-5-44, the product calculated in this paragraph shall represent the number of homestead exemptions provided through the applicable local legislation multiplied by the amount per exemption authorized in Code Section 48-5-44, or by the amount per exemption authorized in the applicable local legislation, whichever is less; and provided, further, that, if the amount per exemption authorized in Code Section 48-5-44 has been changed subsequent to the year of the applicable digest, the more recently adopted amount per exemption shall be used for the product calculated in this paragraph;

(2) The product of the number of constitutional homestead exemptions for disabled veterans pursuant to Code Section 48-5-48 granted for that year, multiplied by the amount per exemption authorized under that Code section; provided, further, that, in any city operating an independent school system which provides a homestead exemption through local legislation comparable to that provided in Code Section 48-5-48, the product calculated in this paragraph shall represent the number of homestead exemptions provided through the applicable local legislation multiplied by the amount per exemption authorized in the applicable local legislation, whichever is less; and provided, further, that, if the amount per exemption authorized in Code Section 48-5-48 has been changed subsequent to the year of the applicable digest, the more recently adopted amount per exemption shall be used for the product calculated in this paragraph;

(3) The product of the estimated number of persons age 65 or older residing in the local school system during that year multiplied by 5,000;

(4) The product which results from the following calculations:

(A) Subtract the estimated state-wide percentage that persons age 65 or older is of the total population, excluding military personnel and institutional population, from the respective percentage for the local school system. If the respective percentage for the local school system is less than the state-wide percentage, a difference of zero shall be used in the calculations in this paragraph;

(B) Multiply the difference which results from subparagraph (A) of this paragraph by 1,000; and

(C) Multiply the product which results from subparagraph (B) of this paragraph by the estimated number of persons age 65 or older residing in the local school system during that year; ~~and~~

(5) The product which results from the following calculations:

(A) Divide the amount reported in paragraph (4) of subsection (e) of this Code section by the average ratio of assessed value to true value used to calculate the most recent equalized adjusted school property tax digest pursuant to Code Section 48-5-274; and

(B) Multiply the quotient which results from subparagraph (A) of this paragraph by .4;

(6) The difference between the assessed value and the net taxable assessed value of all properties for which an exemption pursuant to Code Section 48-5-44.2 was granted for that year; and

(7) The difference between the assessed value and the net taxable assessed value of all properties for which an exemption authorized pursuant to a local constitutional amendment or Article VII, Section II, Paragraph II(a) of the Constitution was granted in that year."

SECTION 3-2.

Said part is further amended in paragraph (5) of subsection (a) of Code Section 20-2-167, relating to funding for direct instructional, media center, and staff development costs, computerized uniform budget and accounting system, submission of local budget to state board, and provision of certain information by local boards, by striking "15 percent" and replacing it with "25 percent".

SECTION 3-3.

Said part is further amended in Code Section 20-2-167.1, relating to public meetings on proposed annual operating budget, notice, electronic copies, and exception for certain nonprofits, by revising subsection (b) as follows:

"(b)(1) Each governing body shall hold at least two public meetings, which shall not occur within the same week, for the purpose of providing an opportunity for public input on its proposed annual operating budget before adopting any budget; provided, however, that any other public meeting or hearing held that is related to the budget as required by law shall satisfy all or a portion of such requirement. The governing body of a charter school with a state-wide attendance zone and students residing in 25 percent or more of Georgia's counties or in three or more counties which are not geographically contiguous shall conduct one such public meeting virtually and one such public meeting in the county in which its primary business office is located. The public meetings shall be advertised in a local newspaper of general circulation which shall be the same newspaper in which other legal announcements of the board of education are advertised.

(2)(A)(i) On and after January 1, 2027, no proposed annual operating budget resolution that would result in an increase in the revenues raised by the local board of education from the levy and collection of ad valorem property taxes by an amount that exceeds the greater of 3 percent or the percent change in the rate of economic inflation on individual taxpayers as determined under the Consumer Price Index, as reported by the Bureau of Labor Statistics of the United States Department of Labor, of the amount of such revenues raised by the local board of education which would be raised by the local board of education from the levy of its roll-back rate calculated pursuant to Code Section 48-5-32.1 shall go into effect unless the General Assembly enacts a local Act authorizing such increase or the electors of the local school system have approved such budget resolution in a referendum election. In calculating

whether a proposed annual operating budget resolution would result in such an increase in the revenues raised by the local board of education, increases in revenue attributable to economic growth and the levies of ad valorem property tax for costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority shall not be counted.

(ii) The call for and conduct of any such election shall be in the manner authorized under Code Section 21-2-540. The costs of any referendum held pursuant to this paragraph shall be paid by the local board of education. The exact ballot language shall be prescribed by the local board of education but shall contain, at a minimum, the projected amount of revenue to be generated by the budget resolution; the amount of revenue received by the local board of education in the previous fiscal year; and a statement as to whether or not such projected revenue increase is the result of an increase in the levy or rate of ad valorem property taxes. All persons desiring to vote in favor of the budget resolution shall vote 'Yes' and all persons opposed to the budget resolution shall vote 'No.' If more than one-half of the votes cast are in favor of the budget resolution, then the budget resolution shall go into effect as provided by law; otherwise, the budget resolution shall either:

(I) Not go into effect and the local board of education shall prepare a new proposed budget which is projected not to increase the revenues raised by the local board of education by an amount that exceeds the 3 percent limitation provided for in this subparagraph; or

(II) Go into effect and the local board of education shall be required to reduce its proposed budget for the subsequent year by an amount corresponding to the unapproved increase exceeding the 3 percent limitation.

(B) A local board of education shall not be required to hold either or both of the public meetings required under paragraph (1) of this subsection after a proposed annual operating budget resolution has been approved in a referendum election required under subparagraph (A) of this paragraph.

(C) Nothing in this paragraph shall be construed to require that the public meetings of a local board of education required under paragraph (1) of this subsection shall be held at any particular time either prior to or following the referendum election required under subparagraph (A) of this paragraph."

SECTION 3-4.

Title 36 of the Official Code of Georgia Annotated, relating to local government, is amended in Code Section 36-81-3, relating to establishment of fiscal year, requirement of annual balanced budget, adoption of budget ordinances or resolutions generally, budget amendments, and uniform chart of accounts, by revising subsection (d) as follows:

"(d) Nothing contained in this Code section shall preclude a local government from amending its budget so as to adapt to changing governmental needs during the budget period; provided, however, that, on and after January 1, 2027, no such amendment shall result in an increase in the revenues raised by the unit of local government from the levy and collection of ad valorem property taxes by an amount that exceeds the greater of 3

percent or the percent change in the rate of economic inflation on individual taxpayers as determined under the Consumer Price Index, as reported by the Bureau of Labor Statistics of the United States Department of Labor, of the amount of such revenues which would be raised by the unit of local government from the levy of its roll-back rate calculated pursuant to Code Section 48-5-32.1; provided, further, that this calculation shall not include increases in a proposed budget attributable to economic growth and costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority. Amendments shall be made as follows, unless otherwise provided by charter or local law:

(1) Any increase in appropriation at the legal level of control of the local government, whether accomplished through a change in anticipated revenues in any fund or through a transfer of appropriations among departments, shall require the approval of the governing authority. Such amendment shall be adopted by ordinance or resolution;

(2) Transfers of appropriations within any fund below the local government's legal level of control shall require only the approval of the budget officer; and

(3) The governing authority of a local government may amend the legal level of control to establish a more detailed level of budgetary control at any time during the budget period. Said amendment shall be adopted by ordinance or resolution."

SECTION 3-5.

Said title is further amended by revising Code Section 36-81-6, relating to adoption of budget ordinance or resolution and form of budget, as follows:

"36-81-6.

(a)(1) On a date after the conclusion of the hearing required in subsection (f) of Code Section 36-81-5, the governing authority shall adopt a budget ordinance or resolution making appropriations in such sums as the governing authority may deem sufficient, whether greater or less than the sums presented in the proposed budget. The budget ordinance or resolution shall be adopted at a public meeting which shall be advertised in accordance with the procedures set forth in subsection (e) of Code Section 36-81-5 at least one week prior to the meeting, except as otherwise provided in paragraph (2) of this subsection.

(2)(A) On and after January 1, 2027, if such budget ordinance is projected to result in an increase in the revenues raised by the unit of local government from the levy and collection of ad valorem property taxes by an amount that exceeds the greater of 3 percent or the percent change in the rate of economic inflation on individual taxpayers as determined under the Consumer Price Index, as reported by the Bureau of Labor Statistics of the United States Department of Labor, of the amount of such revenues raised by the unit of local government which would be raised by the unit of local government from the levy of its roll-back rate calculated pursuant to Code Section 48-5-32.1, then such budget ordinance shall not go into effect unless the General Assembly enacts a local Act authorizing such increase or the electors of the unit of local government have approved such budget ordinance in a referendum election. In calculating whether a proposed annual operating budget resolution would

result in such an increase in the revenues raised by the unit of local government, increases in revenue attributable to economic growth and costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority shall not be counted.

(B) The call for and conduct of any such election shall be in the manner authorized under Code Section 21-2-540. The costs of any referendum held pursuant to this paragraph shall be paid by the unit of local government adopting such budget ordinance. The exact ballot language shall be prescribed by the governing authority adopting the budget ordinance but shall contain, at a minimum, the projected amount of revenue to be generated by the budget ordinance; the amount of revenue received by the unit of local government in the previous fiscal year; and a statement as to whether or not such projected revenue increase is the result of an increase in the levy or rate of ad valorem property taxes. All persons desiring to vote in favor of the budget ordinance shall vote 'Yes' and all persons opposed to the budget ordinance shall vote 'No.' If more than one-half of the votes cast are in favor of the budget ordinance, then the budget ordinance shall go into effect as provided by law; otherwise, the budget ordinance shall either:

(i) Not go into effect and the unit of local government shall prepare a new proposed budget pursuant to Code Section 36-81-5 which is projected not to increase the revenues raised by the unit of local government by an amount that exceeds the 3 percent limitation provided for in this subsection; or

(ii) Go into effect and the unit of local government shall be required to reduce its proposed budget for the subsequent year by an amount corresponding to the unapproved increase exceeding the 3 percent limitation.

(b) The budget may be prepared in any form that the governing authority deems most efficient in enabling it to make the fiscal policy decisions embodied in the budget, but such budget shall be subject to the provisions of this article."

All concerned citizens are invited to the public hearing on this tax increase to be held at (place of meeting) on (date and time).

Times and places of additional public hearings on this tax increase are at (place of meeting) on (date and time).

This tentative increase will result in a millage rate of (proposed millage rate) mills, an increase of (millage rate increase above the roll-back rate) mills. Without this tentative tax increase, the millage rate will be no more than (roll-back millage rate) mills. The proposed tax increase for a home with a fair market value of (average home value from previous year's digest rounded to the nearest $25,000.00) is approximately $(increase) and the proposed tax increase for nonhomestead property with a fair market value of (average nonhomestead property value from previous year's digest rounded to nearest $25,000.00) is approximately $(increase).'

Simultaneously with this notice the recommending authority or levying authority shall provide a press release to the local media; and

(c) The territory of each special district shall exclude any territory within which the tax provided for in Article 4 of this chapter is levied.

48-8-109.52.

(a) Subject to the requirements of this article and the sales tax rate limitations imposed by Code Section 48-8-6, beginning January 1, 2028, there shall be imposed within any special district a special sales and use tax to be levied and collected to fund homestead exemptions from ad valorem taxes imposed by eligible local governments on homestead property within the special district. Any such tax shall be known as an 'LHOST.'

(b) An LHOST shall begin to be levied and collected in a given special district on the first day of the next succeeding calendar quarter which begins more than 50 days after certification of the result of the election approving the local Act granting a homestead exemption in accordance with this article and applicable to the county or consolidated government that is conterminous with the special district.

(b) Except as otherwise provided in this article, the LHOST shall correspond to the tax imposed by Article 1 of this chapter, and no item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article; provided, however, that a tax imposed under this article shall apply to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages as provided for in Code Section 48-8-3. The levy of such tax upon sales of motor fuels as defined in Code Section 48-9-2 shall only be imposed on the retail sales price of the motor fuel which is not more than $3.00 per gallon.

48-8-109.55.
(a) Each LHOST shall be exclusively administered and collected by the commissioner for the use and benefit of the special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the LHOST shall be applicable to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the county government or the Secretary of State that such a tax has been validly

imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed.
(b) Dealers, as defined in Code Section 48-8-2, shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. Such dealer deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.
(c) Each sales and use tax return remitting sales and use taxes collected under this article shall separately identify the location of each retail establishment at which any of the sales and use taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return to facilitate the determination by the commissioner that all sales and use taxes imposed by this article are collected and distributed according to situs of sale.

48-8-109.56.
(a) The proceeds of the tax collected by the commissioner under this article shall be disbursed as soon as practicable after collection directly to the county whose boundary is conterminous with the boundary of the special district to be held in trust for the special district in an interest-bearing account and distributed thereafter by such county among the eligible local governments within the special district in accordance with the provisions of Code Section 48-8-109.57 and Code Section 48-8-109.58.
(b) No funds other than the annual LHOST proceeds, and interest accrued thereon, shall be placed in such accounts. The funds within such accounts shall not be commingled with any other funds of the county.

48-8-109.57.
(a) Following the adoption of millage rates each year by all eligible local governments and prior to the printing of ad valorem tax bills, the county tax commissioner shall calculate the amount of the assessed value to be exempted for homestead property within the special district for which any local Acts are in effect under this article. The amount of the assessed value of each homestead property that shall be exempted shall be calculated each tax year based on the total value of all homestead property of the special district, the net millage rates adopted by each eligible local government for such tax year, and the net proceeds of the LHOST which are available in the trust account as of August 1 of such year.
(b) For an LHOST imposed within a special district which has a single eligible local government, the county tax commissioner shall calculate the maximum amount of assessed value of homestead property which may be exempted from all ad valorem taxes imposed by such single eligible local government on homestead property within the special district, which calculation shall be based upon the proceeds of the LHOST available in the trust account as of August 1 of such year, the total assessed value of all homestead property in the special district, and the net millage rates imposed by such single eligible local government on such homestead property.

(c) For an LHOST imposed within a special district which has one or more eligible local governments, following the adoption of millage rates each year by all such eligible local governments, but not later than September 2, the county tax commissioner shall calculate the single, maximum amount of assessed value which may be exempted throughout the special district for all homestead property from all applicable ad valorem taxes imposed by the eligible local governments within the special district, which calculation shall be based upon the proceeds of the LHOST available in the trust account as of August 1 of such year, the total assessed value of all homestead property in the special district, and the net millage rates imposed by each such eligible local government on the homestead property within its territory within the special district.

(d) In the event that the proceeds collected for a special district exceed the amount necessary to exempt all homestead property from all ad valorem taxes imposed by all eligible local governments on homestead property within the special district, the excess proceeds shall be calculated by the county tax commissioner and applied in a manner to reduce the net millage rates in effect on property within the special district by an equal percentage across all eligible local governments in the special district for such tax year.

(e) For the purposes of subsection (c) of this Code section, in the event an eligible local government fails to submit its adopted millage rates by September 1, the county tax commissioner shall use 90 percent of such eligible local government's prior year's net millage rates applicable to homestead property in the special district in the calculation under this Code section and the county shall only disburse, under Code Section 48-8-109.58, the lesser of such amount and the net millage rate actually levied by such eligible local government in the current year.

48-8-109.58.

(a) Prior to mailing ad valorem tax bills for homestead property, the tax collector for each eligible local government shall apply the homestead exemption calculated by the county tax commissioner under subsection (b) or (c) of Code Section 48-8-109.57 to each ad valorem property tax bill for homestead property. Each ad valorem tax bill for homestead property shall reflect the taxpayer's gross ad valorem tax savings which resulted from the LHOST homestead exemption.

(b) In the event of excess proceeds described in subsection (d) of Code Section 48-8-109.57, prior to mailing ad valorem tax bills, the tax collector for each eligible local government shall apply the reduction calculated under subsection (d) of Code Section 48-8-109.57 to each ad valorem property tax bill. If applicable, each ad valorem tax bill shall reflect the taxpayer's gross ad valorem tax savings which resulted from such LHOST millage rate reduction.

(c) Within 30 days of an eligible local government's mailing of its ad valorem tax bill for a given tax year, the county shall disburse LHOST funds from the trust account to each eligible local government in the amount of ad valorem property tax revenue that the given eligible local government did not collect due to the amount of the homestead exemption determined under Code Section 48-8-109.57, applied pursuant to subsection (a) of this Code section, and as granted through the local Act required under this article

and, if applicable, the county shall also disburse the amount of revenue foregone due to the reduction of the eligible local government's millage rates provided for in subsection (d) of Code Section 48-8-109.57 and subsection (b) of this Code section.
(d) No disbursement shall be made to any governing authority until such governing authority has mailed ad valorem tax bills for a given year.

48-8-109.59.
Where a local sales and use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within the state or in a tax jurisdiction outside the state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales and use tax so paid is less than the amount of such tax due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article. The commissioner may require such proof of payment in another local tax jurisdiction as the commissioner deems necessary and proper. No credit shall be granted, however, against the tax imposed under this article for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the special district or any other political subdivision within the special district; and taxes so paid in another jurisdiction shall be credited against the tax levied under Article 2 of this chapter, if applicable, then against the tax levied under Part 1 of Article 3 of this chapter, if applicable, then against the tax levied under Part 2 of Article 3 of this chapter, if applicable, and then against the tax levied under this article.

48-8-109.60.
No tax provided for in this article shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the special district in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, and including United States mail or common carrier or by a private or contract carrier licensed by the Federal Motor Carrier Safety Administration or the Georgia Department of Public Safety.

48-8-109.61.
No tax provided for in this article shall be imposed upon the sale or use of buildings and construction materials when the contract for which the materials are purchased or used was advertised for bid prior to the local referendum held for the local Act required to initiate the levy of the tax and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of such local Act.

48-8-109.62.
The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax authorized by this article.

48-8-109.63.

Except as otherwise provided in this article or Code Section 48-8-6, the tax authorized by this article shall be in addition to any other local sales and use tax. The imposition of any other local sales and use tax within a county, municipality, or special district shall not affect the authority of a county, municipality, or special district to impose the tax authorized by this article and the imposition of the tax authorized by this article shall not affect the imposition of any otherwise authorized local sales and use tax within a county, municipality, or special district."

PART III
SECTION 3-1.

Part 4 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to financing under the "Quality Basic Education Act," is amended in Code Section 20-2-164, relating to local five mill share funds, by revising subsection (g) as follows:

"(g) For purposes of calculation under this Code section and Code Section 20-2-165, the equalized adjusted school property tax digest, adjusted by paragraph (1) of subsection (a) of this Code section, shall be reduced by the sum of the following ~~products~~:

(1) The product of the number of constitutional homestead exemptions for owner occupied homes pursuant to Code Section 48-5-44 granted for that year, exclusive of those homestead exemptions provided pursuant to Code Sections 48-5-47, 48-5-48, and 48-5-52, multiplied by the amount per exemption authorized under Code Section 48-5-44; provided, further, that, in any city operating an independent school system which provides a homestead exemption through local legislation comparable to that provided in Code Section 48-5-44, the product calculated in this paragraph shall represent the number of homestead exemptions provided through the applicable local legislation multiplied by the amount per exemption authorized in Code Section 48-5-44, or by the amount per exemption authorized in the applicable local legislation, whichever is less; and provided, further, that, if the amount per exemption authorized in Code Section 48-5-44 has been changed subsequent to the year of the applicable digest, the more recently adopted amount per exemption shall be used for the product calculated in this paragraph;

(2) The product of the number of constitutional homestead exemptions for disabled veterans pursuant to Code Section 48-5-48 granted for that year, multiplied by the amount per exemption authorized under that Code section; provided, further, that, in any city operating an independent school system which provides a homestead exemption through local legislation comparable to that provided in Code Section 48-5-48, the product calculated in this paragraph shall represent the number of homestead exemptions provided through the applicable local legislation multiplied by the amount per exemption authorized in the applicable local legislation, whichever is less; and provided, further, that, if the amount per exemption authorized in Code Section 48-5-48 has been changed subsequent to the year of the applicable digest, the more recently

adopted amount per exemption shall be used for the product calculated in this paragraph;

(3) The product of the estimated number of persons age 65 or older residing in the local school system during that year multiplied by 5,000;

(4) The product which results from the following calculations:

(A) Subtract the estimated state-wide percentage that persons age 65 or older is of the total population, excluding military personnel and institutional population, from the respective percentage for the local school system. If the respective percentage for the local school system is less than the state-wide percentage, a difference of zero shall be used in the calculations in this paragraph;

(B) Multiply the difference which results from subparagraph (A) of this paragraph by 1,000; and

(C) Multiply the product which results from subparagraph (B) of this paragraph by the estimated number of persons age 65 or older residing in the local school system during that year; ~~and~~

(5) The product which results from the following calculations:

(A) Divide the amount reported in paragraph (4) of subsection (e) of this Code section by the average ratio of assessed value to true value used to calculate the most recent equalized adjusted school property tax digest pursuant to Code Section 48-5-274; and

(B) Multiply the quotient which results from subparagraph (A) of this paragraph by .4;

(6) The difference between the assessed value and the net taxable assessed value of all properties for which an exemption pursuant to Code Section 48-5-44.2 was granted for that year; and

(7) The difference between the assessed value and the net taxable assessed value of all properties for which an exemption authorized pursuant to a local constitutional amendment or Article VII, Section II, Paragraph II(a) of the Constitution was granted in that year."

SECTION 3-2.

Said part is further amended in paragraph (5) of subsection (a) of Code Section 20-2-167, relating to funding for direct instructional, media center, and staff development costs, computerized uniform budget and accounting system, submission of local budget to state board, and provision of certain information by local boards, by striking "15 percent" and replacing it with "25 percent".

SECTION 3-3.

Said part is further amended in Code Section 20-2-167.1, relating to public meetings on proposed annual operating budget, notice, electronic copies, and exception for certain nonprofits, by revising subsection (b) as follows:

"(b)(1) Each governing body shall hold at least two public meetings, which shall not occur within the same week, for the purpose of providing an opportunity for public input on its proposed annual operating budget before adopting any budget; provided,

however, that any other public meeting or hearing held that is related to the budget as required by law shall satisfy all or a portion of such requirement. The governing body of a charter school with a state-wide attendance zone and students residing in 25 percent or more of Georgia's counties or in three or more counties which are not geographically contiguous shall conduct one such public meeting virtually and one such public meeting in the county in which its primary business office is located. The public meetings shall be advertised in a local newspaper of general circulation which shall be the same newspaper in which other legal announcements of the board of education are advertised.

(2)(A)(i) On and after July 1, 2027, no proposed annual operating budget resolution that would result in an increase in the revenues raised by the local board of education from the levy and collection of ad valorem property taxes by an amount that exceeds an aggregate total of 9 percent over any three-year period or the greater of 3 percent or the percent change in the rate of economic inflation on individual taxpayers annually as determined under the Consumer Price Index, as reported by the Bureau of Labor Statistics of the United States Department of Labor, of the amount of such revenues raised by the local board of education shall go into effect unless the General Assembly enacts a local Act authorizing such increase or the electors of the local school system have approved such budget resolution in a referendum election. In calculating whether a proposed annual operating budget resolution would result in such an increase in the revenues raised by the local board of education, increases in revenue attributable to the levies of sales and use taxes collected for the purpose of providing property tax relief shall be counted, but increases in revenue attributable to any assessments other than those included in the determination of total net assessed value added by reassessments, as such term is defined in Code Section 48-5-32.1, and the levies of ad valorem property tax for costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority shall not be counted.

(ii) The call for and conduct of any such election shall be in the manner authorized under paragraph (2.1) of subsection (c) of Code Section 21-2-540. The costs of any referendum held pursuant to this paragraph shall be paid by the local board of education. The exact ballot language shall be prescribed by the local board of education but shall contain, at a minimum, the projected amount of revenue to be generated by the budget resolution; the amount of revenue received by the local board of education in the previous fiscal year; and a statement as to whether or not such projected revenue increase is the result of an increase in the levy or rate of ad valorem property taxes. All persons desiring to vote in favor of the budget resolution shall vote 'Yes' and all persons opposed to the budget resolution shall vote 'No.' If more than one-half of the votes cast are in favor of the budget resolution, then the budget resolution shall go into effect as provided by law; otherwise, the budget resolution shall either:

(I) Not go into effect and the local board of education shall prepare a new proposed budget which is projected not to increase the revenues raised by the local

board of education by an amount that exceeds the 3 or 9 percent limitations provided for in this subparagraph; or

(II) Go into effect and the local board of education shall be required to reduce its proposed budget for the subsequent year by an amount corresponding to the unapproved increase exceeding the 3 or 9 percent limitations provided for in this subparagraph.

(B) A local board of education shall not be required to hold either or both of the public meetings required under paragraph (1) of this subsection after a proposed annual operating budget resolution has been approved in a referendum election required under subparagraph (A) of this paragraph.

(C) Nothing in this paragraph shall be construed to require that the public meetings of a local board of education required under paragraph (1) of this subsection shall be held at any particular time either prior to or following the referendum election required under subparagraph (A) of this paragraph."

SECTION 3-4.

Title 36 of the Official Code of Georgia Annotated, relating to local government, is amended in Code Section 36-81-3, relating to establishment of fiscal year, requirement of annual balanced budget, adoption of budget ordinances or resolutions generally, budget amendments, and uniform chart of accounts, by revising subsection (d) as follows:

"(d) Nothing contained in this Code section shall preclude a local government from amending its budget so as to adapt to changing governmental needs during the budget period; provided, however, that, on and after July 1, 2027, no such amendment shall result in an increase in the revenues raised by the unit of local government from the levy and collection of ad valorem property taxes by an amount that exceeds an aggregate total of 9 percent over any three-year period or the greater of 3 percent or the percent change in the rate of economic inflation on individual taxpayers annually as determined under the Consumer Price Index, as reported by the Bureau of Labor Statistics of the United States Department of Labor, of the amount of such revenues which would be raised by the unit of local government; provided, further, that, in calculating whether a proposed amendment would result in such an increase in the revenues raised by the unit of local government, increases in revenue attributable to the levies of sales and use taxes collected for the purpose of providing property tax relief shall be counted, but increases in revenue attributable to any assessments other than those included in the determination of total net assessed value added by reassessments, as such term is defined in Code Section 48-5-32.1, and the levies of ad valorem property tax for costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority shall not be counted. Amendments shall be made as follows, unless otherwise provided by charter or local law:

(1) Any increase in appropriation at the legal level of control of the local government, whether accomplished through a change in anticipated revenues in any fund or through a transfer of appropriations among departments, shall require the approval of the governing authority. Such amendment shall be adopted by ordinance or resolution;

(2) Transfers of appropriations within any fund below the local government's legal level of control shall require only the approval of the budget officer; and

(3) The governing authority of a local government may amend the legal level of control to establish a more detailed level of budgetary control at any time during the budget period. Said amendment shall be adopted by ordinance or resolution."

SECTION 3-5.

Said title is further amended by revising Code Section 36-81-6, relating to adoption of budget ordinance or resolution and form of budget, as follows:

"36-81-6.

(a)(1) On a date after the conclusion of the hearing required in subsection (f) of Code Section 36-81-5, the governing authority shall adopt a budget ordinance or resolution making appropriations in such sums as the governing authority may deem sufficient, whether greater or less than the sums presented in the proposed budget. The budget ordinance or resolution shall be adopted at a public meeting which shall be advertised in accordance with the procedures set forth in subsection (e) of Code Section 36-81-5 at least one week prior to the meeting, except as otherwise provided in paragraph (2) of this subsection.

(2)(A) On and after July 1, 2027, if such budget ordinance or resolution is projected to result in an increase in the revenues raised by the unit of local government from the levy and collection of ad valorem property taxes by an amount that exceeds an aggregate total of 9 percent over any three-year period or the greater of 3 percent or the percent change in the rate of economic inflation on individual taxpayers annually as determined under the Consumer Price Index, as reported by the Bureau of Labor Statistics of the United States Department of Labor, of the amount of such revenues raised by the unit of local government, then such budget ordinance or resolution shall not go into effect unless the General Assembly enacts a local Act authorizing such increase or the electors of the unit of local government have approved such budget ordinance or resolution in a referendum election. In calculating whether a proposed budget ordinance or resolution would result in such an increase in the revenues raised by the unit of local government, increases in revenue attributable to the levies of sales and use taxes collected for the purpose of providing property tax relief shall be counted, but increases in revenue attributable to any assessments other than those included in the determination of total net assessed value added by reassessments, as such term is defined in Code Section 48-5-32.1, and the levies of ad valorem property tax for costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority shall not be counted.

(B) The call for and conduct of any such election shall be in the manner authorized under paragraph (2.1) of subsection (c) of Code Section 21-2-540. The costs of any referendum held pursuant to this paragraph shall be paid by the unit of local government adopting such budget ordinance. The exact ballot language shall be prescribed by the governing authority adopting the budget ordinance but shall contain, at a minimum, the projected amount of revenue to be generated by the budget

ordinance; the amount of revenue received by the unit of local government in the previous fiscal year; and a statement as to whether or not such projected revenue increase is the result of an increase in the levy or rate of ad valorem property taxes. All persons desiring to vote in favor of the budget ordinance shall vote 'Yes' and all persons opposed to the budget ordinance shall vote 'No.' If more than one-half of the votes cast are in favor of the budget ordinance, then the budget ordinance shall go into effect as provided by law; otherwise, the budget ordinance shall either:

(i) Not go into effect and the unit of local government shall prepare a new proposed budget pursuant to Code Section 36-81-5 which is projected not to increase the revenues raised by the unit of local government by an amount that exceeds the 3 or 9 percent limitations provided for in this subsection; or

(ii) Go into effect and the unit of local government shall be required to reduce its proposed budget for the subsequent year by an amount corresponding to the unapproved increase exceeding the 3 or 9 percent limitations provided for in this subsection.

(b) The budget may be prepared in any form that the governing authority deems most efficient in enabling it to make the fiscal policy decisions embodied in the budget, but such budget shall be subject to the provisions of this article."

PART IV
SECTION 4-1.

Title 21 of the Official Code of Georgia Annotated, relating to elections, is amended in subsection (c) of Code Section 21-2-540, relating to conduct and timing of special primaries and special elections generally, by revising paragraph (2) and adding a new paragraph to read as follows:

"(2) Notwithstanding any other provision of law to the contrary and except as otherwise provided in paragraph (2.1) of this subsection, a special election to present a question to the voters shall be held only on one of the following dates which is at least 29 days after the date of the call for the special election:

(A) In odd-numbered years, any such special election shall only be held on the third Tuesday in March or on the Tuesday after the first Monday in November; and

(B) In even-numbered years, any such special election shall only be held on:

(i) The date of and in conjunction with the presidential preference primary if one is held that year;

~~(ii) The third Tuesday in March; provided, however, that such special election shall occur prior to July 1, 2024, and present a question to the voters on sales and use taxes authorized by Articles 5, 5A, and 5B of Chapter 8 of Title 48;~~

~~(iii)~~(ii) The date of the general primary; or

~~(iv)~~(iii) The Tuesday after the first Monday in November.

(2.1) Notwithstanding any other provision of law to the contrary, a special election to present a question or other measure to the voters relating to an increase in revenue

by a local governing authority, including a question or measure that could result in an increase in taxes shall be held only:

(A) In odd-numbered years, on:

(i) The third Tuesday in March; or

(ii) The Tuesday after the first Monday in November; and

(B) In even-numbered years, on:

(i) The date of the general primary; or

(ii) The Tuesday after the first Monday in November."

PART V
SECTION 5-1.

Said chapter is further amended by revising Code Section 48-5-32.1, relating to certification of assessed taxable value of property and method of computation, resolution or ordinance required for millage rate, and advertisement of intent to increase property tax, as follows:

"48-5-32.1.

(a) As used in this Code section, the term:

(1) 'Ad valorem tax' or 'property tax' means a tax imposed upon the assessed value of real property.

(2) 'Certified tax digest' means the total net assessed value on the annual property tax digest certified by the tax commissioner of a taxing jurisdiction to the department and authorized by the commissioner for the collection of taxes, or, in the case where the governing authority of a county whose digest has not been approved by the commissioner has petitioned the superior court of the county for an order authorizing the immediate and temporary collection of taxes, the temporary digest so authorized.

(3) 'Levying authority' means a county, a municipality, or a consolidated city-county governing authority or other governing authority of a political subdivision of this state that exercises the power to levy ad valorem taxes to carry out the governing authority's purposes.

(4) 'Mill' means one one-thousandth of a United States dollar.

(5) 'Millage' or 'millage rate' means the levy, in mills, which is established by the governing authority for purposes of financing, in whole or in part, the taxing jurisdiction's expenses for its fiscal year.

(6) 'Millage equivalent' means the number of mills which would result when the total net assessed value added by reassessments is divided by the certified tax digest and the result is multiplied by the previous year's millage rate.

(7) 'Net assessed value' means the taxable assessed value of property after all exemptions.

(8) 'Recommending authority' means a county, independent, or area school board of education that exercises the power to cause the levying authority to levy ad valorem taxes to carry out the purposes of such board of education.

(9) 'Roll-back rate' means the previous year's millage rate minus the millage equivalent of the total net assessed value added by reassessments:

(A) As calculated and certified to the commissioner by the tax commissioner for county and educational tax purposes; and

(B) As calculated by the collecting officer of the municipality for municipal tax purposes.

(10) 'Taxing jurisdiction' means all the real property subject to the levy of a specific levying authority or the recommended levy of a specific recommending authority.

(11) 'Total net assessed value added by reassessments' means the total net assessed value added to the certified tax digest as a result of revaluation of existing real property that has not been improved since the previous tax digest year.

(b) At the time of certification of the digest, the tax receiver or tax commissioner shall also certify to the recommending authority and levying authority of each taxing jurisdiction the total net assessed value added by reassessments contained in the certified tax digest for that tax digest year of the taxing jurisdiction.

(c)(1) Whenever a recommending authority or levying authority shall propose to adopt a millage rate which does not exceed the roll-back rate, it shall adopt that millage rate at an advertised public meeting and at a time and place which is convenient to the taxpayers of the taxing jurisdiction, in accordance with the procedures specified under Code Section 48-5-32.

(2) In those instances in which the recommending authority or levying authority proposes to establish a general maintenance and operation millage rate which would require increases beyond the roll-back rate, the recommending authority or levying authority shall:

(A) Advertise ~~advertise~~ its intent to do so and shall conduct at least three public hearings thereon, at least one of which shall commence between the hours of 6:00 P.M. and 7:00 P.M., inclusive, on a business weekday. The recommending authority or levying authority shall place an advertisement in a newspaper of general circulation serving the residents of the unit of local government and post such advertisement on the website of the recommending or levying authority, which shall read as follows:

'NOTICE OF PROPERTY TAX INCREASE

The (name of recommending authority or levying authority) has tentatively adopted a millage rate which will require an increase in property taxes by (percentage increase over roll-back rate) percent.

All concerned citizens are invited to the public hearing on this tax increase to be held at (place of meeting) on (date and time).

Times and places of additional public hearings on this tax increase are at (place of meeting) on (date and time).

This tentative increase will result in a millage rate of (proposed millage rate) mills, an increase of (millage rate increase above the roll-back rate) mills. Without this tentative tax increase, the millage rate will be no more than (roll-back millage rate) mills. The proposed tax increase for a home with a fair market value of (average

home value from previous year's digest rounded to the nearest $25,000.00) is approximately $(increase) and the proposed tax increase for nonhomestead property with a fair market value of (average nonhomestead property value from previous year's digest rounded to nearest $25,000.00) is approximately $(increase).'

Simultaneously with this notice the recommending authority or levying authority shall provide a press release to the local media; and

(B) Notify each taxpayer with property in the taxing jurisdiction, by mail directed to the taxpayer's last known address, of the proposed intent to exceed the roll-back rate at least ten days in advance of the first public hearing. Alternatively, the recommending authority or levying authority may transmit the notice to the taxpayer by electronic means at least ten days in advance of the first public hearing, if such taxpayer and county clerk have consented in writing to service by electronic means. The county clerk shall consolidate the required information for all taxing subdivisions relevant to the taxpayer's property on one notice. The notice shall include, but not be limited to:

(i) The roll-back rate;

(ii) The proposed property tax revenue needed to fund the proposed budget;

(iii) The proposed millage rate based upon the proposed budget and the current year's total assessed valuation;

(iv) The millage rate and property tax of the taxing jurisdiction on the taxpayer's property from the previous year's tax statement;

(v) The proposed percent change in the millage rate between the previous year's tax rate and the proposed tax rate for the current year;

(vi) The appraised value and assessed value of the taxpayer's property for the current year;

(vii) The estimates of the tax for the current tax year on the taxpayer's property based on the roll-back rate and the proposed millage rate; and

(viii) The dates, times, and locations of the public hearings.

(3) The advertisement shall appear at least one week prior to each hearing, be prominently displayed, not be less than 30 square inches, and not be placed in that section of the newspaper where legal notices appear and shall be posted on the appropriate website at least one week prior to each hearing. In addition to the advertisement specified under this paragraph, the levying or recommending authority may include in the notice reasons or explanations for such tax increase.

(4) The recommending authority or levying authority shall provide interested taxpayers of the taxing jurisdiction desiring to be heard an opportunity to present oral testimony within reasonable time limits and without unreasonable restriction on the number of individuals allowed to make public comment.

~~(4)~~(5) No recommending authority shall recommend and no levying authority shall levy a millage rate in excess of the proposed millage rate as established pursuant to paragraph (2) of this subsection without beginning anew the procedures and hearings required by this Code section and those required by Code Section 48-5-32.

~~(5)~~(6) Any notice or hearing required under this Code section may be combined with any notice or hearing required under Article 1 of Chapter 81 of Title 36 or Code Section 48-5-32.

(d) Nothing contained in this Code section shall serve to extend or authorize any millage rate in excess of the maximum millage rate permitted by law or to prevent the reduction of the millage rate.

(e) The commissioner shall not accept a digest for review or issue an order authorizing the collection of taxes if the recommending authority or levying authority other than municipal governing authorities has established a millage rate that is in excess of the correct rollback without complying fully with the procedures required by this Code section. In the event a digest is not accepted for review by the commissioner pursuant to this subsection, it shall be accepted for review upon satisfactory submission by such authorities of such evidence. The levies of each of the levying authorities other than the county governing authority shall be invalid and unenforceable until such time as the provisions of this Code section have been met.

(f) Any recommending authority or levying authority that does not comply with the provisions of subsection (c) of this Code section shall refund to taxpayers any property taxes over-collected based on the amount of the levy that was in excess of the roll-back rate. The provisions of this subsection shall not be construed as prohibiting any other remedies available under the law.

~~(f)~~(g) The commissioner shall promulgate such rules and regulations as may be necessary for the administration of this Code section."

SECTION 5-2.

Said chapter is further amended in Code Section 48-5-44.2, relating to base year homestead exemption, by repealing subsections (h) and (i), revising paragraphs (2), (3), and (7) of subsection (a), and revising subsections (d) and (e) as follows:

"(2) 'Adjusted base year assessed value' means the sum of:

(A) The previous adjusted base year assessed value;

(B) An amount equal to the difference between the current year assessed value of the homestead and the base year assessed value of the homestead, provided that such amount shall not exceed the total of the previous adjusted base year assessed value of the homestead multiplied by the inflation rate for the prior year; and

(C) The value of any substantial property change, provided that no ~~such value added improvements to the homestead~~ substantial property change shall be duplicated as to the same addition, ~~or~~ improvement, or removal of real property.

(3) 'Base year assessed value' means:

(A) With respect to an exemption under this Code section which is first granted to a person on such person's homestead for the 2025 taxable year, the assessed value for taxable year 2024, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead after adjustment due to any substantial property change which occurred during or after taxable year 2024, provided that no

such adjustment shall be duplicated as to the same addition, improvement, or removal of real property; or

(B) In all other cases, the assessed value, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead from the taxable year immediately preceding the taxable year in which the exemption under this Code section is first granted to the applicant for such homestead after adjustment due to any substantial property change which occurred during or after the taxable year used to establish the base year assessed value for that homestead, provided that no such adjustment shall be duplicated as to the same addition, improvement, or removal of real property."

"(7) 'Substantial property change' means any increase or decrease in the assessed value of a homestead derived from additions or improvements to, or the removal of real property from, the homestead which occurred during or after the year ~~in which~~ used to establish the base year assessed value ~~is determined~~ for the homestead. The assessed value of the substantial property changes shall be established following any final determination of value on appeal pursuant to Code Section 48-5-311."

"(d) No person shall receive the exemption granted by subsection (b) of this Code section unless such person or person's agent files an application with the tax receiver or tax commissioner of his or her respective local government or governments charged with the duty of receiving returns of property for taxation, giving such information relative to receiving such exemption as will enable such tax receiver or tax commissioner to make a determination regarding the initial and continuing eligibility of such person for such exemption; provided, however, that any person who had previously applied for a homestead exemption, was allowed such homestead exemption for the ~~2024~~ immediately preceding tax year, and remains eligible for a homestead exemption for that same homestead property in the ~~2025~~ current tax year shall be automatically allowed the exemption granted under subsection (b) of this Code section for that homestead without further application. Such tax receiver or tax commissioner shall provide application forms for this purpose.

(e)(1) The exemption granted by subsection (b) or (c) of this Code section shall be claimed and returned as provided in Code Section 48-5-50.1. Such exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. After a person or a person's agent has filed the proper application or is automatically granted the homestead exemption as provided in subsection (d) of this Code section, it shall not be necessary for such person or such person's surviving spouse to make application thereafter for any year, and the exemption shall continue to be allowed to such person or such person's surviving spouse. It shall be the duty of any person granted the homestead exemption under subsection (b) or (c) of this Code section to notify the tax receiver or tax commissioner of the local government or governments in the event such person for any reason becomes ineligible for such exemption.

(2) In the event that an applicant becomes ineligible for the homestead exemption granted under subsection (b) or (c) of this Code section with respect to a particular

homestead property and, thereafter, the applicant becomes eligible and applies for the homestead exemption on such property, the base year assessed value for such homestead shall be calculated in accordance with subparagraph (a)(3)(B) of this Code section as if the applicant were a new applicant who had not been previously granted an exemption under this Code section for such homestead."

SECTION 5-3.

Said chapter is further amended by revising Code Section 48-5-302, relating to time for completion of revision and assessment of returns and submission of completed digest to commissioner, as follows:

"48-5-302.

Each county board of tax assessors, each municipal official responsible for collecting municipal ad valorem property taxes, and each school official responsible for collecting ad valorem property taxes for a local school system shall complete its revision and assessment of the returns of taxpayers in its respective ~~county~~ jurisdiction by July 15 of each year, except that, in all ~~counties~~ jurisdictions providing for the collection and payment of ad valorem taxes in installments, such date shall be June 1 of each year. The tax receiver or tax commissioner shall then immediately forward one copy of the completed digest to the commissioner for examination and approval."

SECTION 5-4.

Said chapter is further amended by revising Code Section 48-5-303, relating to correction of mistakes in county tax digests and notification of correction, as follows:

"48-5-303.

(a)(1) The county board of tax assessors shall have authority to correct factual errors in the tax digest when discovered within three years and when such corrections are of benefit to the taxpayer. Such corrections, after approval of the county board of tax assessors, shall be communicated to the taxpayer and notice shall be provided to the tax commissioner.

(2) If the county board of tax assessors discovers a factual error in the tax digest which is not of benefit to the taxpayer and which relates to an improperly or mistakenly applied homestead exemption that was not due to any intentional misrepresentation or fraudulent act on the part of the taxpayer, the tax receiver or tax commissioner shall be prohibited from retroactively assessing the taxpayer the difference in ad valorem taxes actually paid by the taxpayer and the amount of ad valorem taxes that would have been assessed on the taxpayer but for the improperly or mistakenly applied homestead exemption.

(b) If a tax receiver or tax commissioner makes a mistake in the digest which is not corrected by the county board of tax assessors or county board of equalization, the commissioner, with the sanction of the Governor, shall correct the mistake by making the necessary entries in the digest furnished the commissioner. The commissioner shall notify the county governing authority and the tax collector of the county from which the digest comes of the mistake and correction."

PART VI
SECTION 6-1.

(a) It shall be the duty of the Secretary of State to issue the call for a nonbinding, advisory referendum election to determine whether the qualified electors of the State of Georgia desire that the Georgia General Assembly allow Georgians to decide whether to authorize new finance procedures for local governments and school systems for the purpose of providing complete property tax relief for homeowners. The Secretary of State shall conduct the referendum election as provided in this section on the date of the November, 2026, general election. The Secretary of State shall issue the call and conduct that referendum election as provided by general law.
(b) The ballot at the referendum election provided under this section shall have displayed or printed thereon the following:

( ) NO

(c) It shall be the duty of the Secretary of State to tabulate and certify the results of the referendum election and report said results to the Governor and the General Assembly immediately following such certification.

PART VII
SECTION 7-1.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 7-2.
All laws and parts of laws in conflict with this Act are repealed.

"(a.1)(1) ~~On and after January 1, 2025, the~~ The tax imposed pursuant to subsection (a) of this Code section shall be ~~5.19 percent for taxable years beginning on or after January 1, 2025; provided, however, that such rate shall be reduced by 0.10 percent annually beginning on January 1, 2026, until the rate reaches 4.99 percent, provided that such annual reductions in the tax rate shall be subject to delays as provided in paragraph (2) of this subsection~~ as follows:

(B) For the taxable year beginning on January 1, 2027, 4.49 percent; and

(C) For taxable years beginning on or after January 1, 2028, 3.99 percent,

provided that such annual reductions in the tax rate shall be subject to delays as provided in paragraph (2) of this subsection.

(2) Each prospective annual reduction in the tax rate that would otherwise occur as provided in paragraph (1) of this subsection shall be delayed by one year for each year that any of the following are true as of December 1:

(b) Upon approval of the waiver provided for in subsection (a) of this Code section, the department shall take all necessary steps to provide for payment of such care and services with Medicaid funds."

SECTION 2.

All laws and parts of laws in conflict with this Act are repealed.

The following amendment was read and adopted:

Representative Dempsey of the 13th offers the following amendment:

Amend the substitute to HB 1238 (LC 52 1088S) by replacing line 6 with the following:

In the case of substantive rules, opportunity for oral hearing must be granted if requested by 25 persons who will be directly affected by the proposed rule, by a governmental subdivision, or by an association having not less than 25 members. The agency shall consider fully all written and oral submissions respecting the proposed rule. Upon adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for and against its adoption and incorporate therein its reason for overruling the consideration urged against its adoption;

(3) In the formulation and adoption of any rule which will have an economic impact on businesses in the state, reduce the economic impact of the rule on small businesses which are independently owned and operated, are not dominant in their field, and employ 100 employees or less by implementing one or more of the following actions when it is legal and feasible in meeting the stated objectives of the statutes which are the basis of the proposed rule:

"(f)(1) In the event a standing committee to which a notice is assigned as provided in subsection (e) of this Code section ~~files an objection~~ objects to a proposed rule prior to its adoption and the agency adopts the proposed rule over the objection, the rule may be considered by the ~~branch~~ house of the General Assembly whose committee objected to its adoption by the introduction of a resolution for the purpose of overriding the rule at any time within the first 30 days of the next regular session of the General Assembly. In the event of his or her veto, the rule shall remain in effect. In the event of his or her approval, the rule shall be void on the day after the date of his or her approval.

The state has a substantial interest in ensuring that such individuals are treated with dignity and respect and that services provided to them are delivered in a manner that promotes stability, recovery, and long-term well-being;

(2) Many unsheltered individuals experience co-occurring mental health disorders, substance use disorders, adverse physical health conditions, or trauma related needs requiring therapeutic intervention and structured support. The state has a compelling interest in ensuring that public resources directed toward these populations facilitate meaningful access to appropriate therapeutic assistance and that service delivery systems are coordinated to reduce duplication, fragmentation, and gaps in care;

(3) Effective tracking and evaluation of services provided to unsheltered homeless individuals advances the public health, safety, and general welfare of both the individuals served and the broader community. Transparent data collection and outcome measurement enable state and local authorities to assess whether services are reducing chronic homelessness, mitigating risks associated with untreated behavioral health conditions, and promoting safer and healthier communities; and

(4) The state appropriates substantial public funds to support homelessness outreach, housing stabilization, and behavioral health services in metro Atlanta. The state has a legitimate and compelling interest in ensuring that such appropriations are expended efficiently and effectively, that funded services produce measurable outcomes, and that data-driven oversight mechanisms are implemented to promote accountability, eliminate waste, and maximize the positive impact of taxpayer resources.

If, upon consideration by the superintendent of the reports and forms from any precinct, it appears that the total votes returned for any single candidate or the total votes returned for any combination of candidates for the same office or nomination or on any question exceeds the number of electors in such precinct or exceeds the total number of persons who voted in such precinct or the total number of ballots cast therein, such excess shall be deemed a discrepancy and palpable error and shall be investigated by the superintendent. Such excess shall authorize the summoning of the poll officers to appear immediately with any

primary or election papers in their possession. The superintendent shall then examine all the registration and primary or election documents relating to such precinct in the presence of representatives of each party, body, and interested candidate. Such examination may include a recount or recanvass of the votes of that precinct if deemed necessary by the superintendent. Upon investigating any excess pursuant to this subsection, the superintendent shall immediately notify the Secretary of State. If any discrepancies are discovered, the superintendent shall investigate the discrepancy and, if necessary, correct the results."

In all other cases, the request shall be made to the superintendent. The superintendent or superintendents shall order a recount of such votes to be made immediately. PART I

Short title and legislative purposes

SECTION 1-1.

This Act shall be known and may be cited as the "Georgia Insurance Affordability and Claims Integrity Act."

SECTION 1-2.

(a) The purposes of this Act are to ensure that Georgia consumers, including businesses and individuals, have access to:

SECTION 2-1.

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended in Chapter 1, relating to general provisions, by revising subsection (f) of Code Section 33-1-16, relating to investigation of fraudulent insurance act, collection of evidence, immunity from liability, public inspection, and enforcement, as follows:

"(f) Any person, other than an insurer, agent, or other person licensed under this title, or an employee thereof, having knowledge of or who believes that a fraudulent insurance act is being or has been committed may send to the Commissioner a report of information pertinent to such knowledge of or belief and such additional information relative thereto as the Commissioner may request. The Commissioner shall then cause an investigation of the facts surrounding such information or report to be made to determine the extent, if any, to which a fraudulent insurance act is being committed and shall report any alleged violations of law which the investigations disclose to the appropriate prosecuting attorney having jurisdiction with respect to any such violation. If prosecution by the prosecuting attorney is not begun within 90 days of the report, the prosecuting attorney shall inform the Commissioner of the reasons for the lack of prosecution."

(b) After a catastrophic event occurs in this state, the Commissioner is authorized to extend the time period during which insurers require receipt of claims from insureds when, at the sole determination of the Commissioner, a lack of qualified resources are available for insureds to file an accurate claim.

(c) After a catastrophic event occurs in this state, the Commissioner is authorized to issue a directive requiring every insurer to comply with the following requirements relating to processing property claims arising from the catastrophic event:

(1) Within 15 calendar days of receiving notification of a claim, the insurer shall acknowledge the claim and provide necessary claims forms and reasonable instructions to the insured. Notification of a claim provided to an insurer's agent shall constitute notification to the insurer. Payment within 15 calendar days of receiving notification of a claim shall satisfy the requirements of this paragraph;

(2) The insurer shall affirm or deny liability on claims for losses arising from catastrophic events within 15 calendar days of receiving the completed proof of loss from the insured under a motor vehicle policy and within 60 calendar days of receiving the completed proof of loss from the insured under all other property insurance policies. If the insurer does not require proof of loss to be completed, a coverage investigation shall take place within 30 calendar days from the day notification the claim was received;

(3) Payment shall be tendered to the insured within ten calendar days after coverage is accepted and the full amount of the claim is determined and not in dispute. In claims where multiple coverages are involved, payment for individual coverages that are not in dispute shall be tendered within ten calendar days after coverage is confirmed if such payment would terminate the insurer's known liability under that individual coverage;

(4) If the insurer needs more time than specified in paragraph (3) of this subsection to determine liability, such insurer shall notify the claimant within five business days after the time limitation has elapsed that more time is needed, the reason more time is needed, and an estimate of additional time needed to establish liability. Notification by any other means than writing shall be noted and dated in the insurer's claim file on the insured; and

(5) The total time the insurer has to affirm or deny liability shall not exceed 60 days from the time the insurer is notified of the claim, unless the insurer has documented in

the claim file that reasonable and necessary information to determine liability has been requested and not been provided by the insured."

PART V

PART VII

Insurer use of aerial images

SECTION 7-1.

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended in Chapter 9, relating to regulation of rates, underwriting rules, and related organizations, by adding a new Code section to read as follows:

"33-9-45.

(a) As used in this Code section, the term:

(1) 'Admitted insurer' means an insurance company authorized or licensed to transact insurance business within this state.

(2) 'Adverse underwriting decision' means a cancellation or nonrenewal of an owner occupied residential property insurance coverage in which the basis for such cancellation or nonrenewal relies on the use of aerial images. Such term does not mean placement of coverage with an insurer that is not an admitted insurer or with the Fair Access to Insurance Requirements Plan described in Chapter 33 of this title.

(3) 'Aerial images' means photographs or other images, except for satellite images, of a named insured's owner occupied residential property captured from an aircraft, drone, balloon, or unmanned aerial system.

(4) 'Nonrenewal' means a refusal by an insurer or an affiliate of an insurer to renew. Failure of an insured to pay the premium as required of the insured for renewal, a change in policy terms, or a reduction in coverage after the insurer has manifested a willingness to renew by delivering a renewal policy, renewal certificate, or other evidence of renewal to the named insured or his or her representative or has offered to issue a renewal policy, certificate, or other evidence of renewal or has manifested such intention by any other means shall not be considered a nonrenewal.

(5) Owner-occupied residential property means a home where the title holder lives as his or her primary residence.

(6)(A) 'Renewal' means:

(i) Issuance and delivery by an insurer or an affiliate of such insurer of a policy superseding at the end of the policy period or term a policy previously issued and delivered by the same insurer;

(ii) Issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term; or

(iii) The extension of the term of a policy beyond its policy period or term pursuant to a provision for extending the policy by payment of a continuation premium.

(B) Any policy with a policy period or term of less than six months shall be considered to have successive policy periods or terms ending each six months following its original date of issuance and, regardless of its wording, any interim termination by its terms or by refusal to accept premiums shall be a cancellation. Any policy written for a period or term longer than one year or any policy with no fixed expiration date shall be considered as if written for successive policy periods or terms of one year and any termination by an insurer effective on an anniversary date of such policy shall be deemed a refusal to renew.

(7) 'Residential property' means real property occupied as the primary residence of a natural person.

(8) 'Satellite images' means images of a named insured's owner occupied residential property captured from a satellite.

(9)(A) 'Unmanned aerial system' means a powered, aerial vehicle that:

(i) Does not carry a human operator and is operated without the possibility of direct human intervention from within or on the vehicle;

(ii) Uses aerodynamic forces to provide vehicle lift;

(iii) Can fly autonomously or be piloted remotely;

(iv) Can be expendable or recoverable; and

(v) Has the ability to photograph.

(B) Such term does not include a satellite.

(b) When utilizing aerial images or satellite images produced by an unmanned aerial system or satellite as a basis for the cancellation or nonrenewal of the insurance on an owner occupied residential property, an admitted insurer shall:

(1) Ensure that the notice of an adverse underwriting decision by the insurer includes copies, or instructions as to how to access copies, of the date stamped aerial images or satellite images used as the basis of the adverse underwriting decision and a description of the steps the owner occupied residential property owner may take to reverse the insurer's adverse underwriting decision on such owner's property, including the specific standards that any repairs must adhere to. Such aerial images and satellite images shall have been taken within 12 months of the issuance of the adverse underwriting decision;

(2) Establish a point of contact at the insurer and a process for currently insured property owners to provide documentation of completion of the required work that the insurer communicates to the property owner under paragraph (1) of this subsection. Such documentation shall be used by the insurer in considering whether to uphold or reverse the adverse underwriting decision. Except in circumstances as shall be described in rules and regulations which shall be promulgated by the Commissioner, any images submitted by the property owner to the insurer shall be of equal or greater resolution and quality as the aerial images or satellite images otherwise being relied upon by the insurer to make the adverse underwriting decision;

(3) Establish an appeal process so that the property owner may correct any errors or misunderstandings related to the adverse underwriting decision;

(4) Provide the currently insured property owner a minimum of 60 days to cure the condition or conditions underlying an adverse underwriting decision from the date the insurer identifies the specific condition or conditions, even if the date to cure exceeds the nonrenewal notice period provided for in Code Section 33-24-46. An insurer shall have the right to assess the work used to correct the condition or conditions to ensure that such condition or conditions have been corrected in a manner that meets the standards originally communicated by the insurer under paragraph (1) of this subsection; and

(5) Offer a renewal policy or rescission of the insurer's adverse underwriting decision to a property owner who submits proof that he or she has cured the condition or conditions identified in paragraph (1) of this subsection.

(c) This Code section is applicable to the Fair Access to Insurance Requirements Plan described in Chapter 33 of this title, as such plan relates to residential properties.

(d) The Commissioner shall promulgate rules and regulations to enforce this Code section which shall determine the method or methods by which owner occupied residential property owners shall submit proof of the correction of the condition or conditions identified in paragraph (1) of subsection (b) of this Code section and set forth the minimum and maximum resolution of the aerial images or satellite images that may be required related to such proof."

PART VIII

SECTION 8-1.

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended in Chapter 24, relating to insurance generally, by repealing and reserving Code Section 33-24-53, relating to solicitation, release, or sale of automobile accident information prohibited, definitions, exceptions, and penalties.

SECTION 8-2.
Said title is further amended in said chapter by adding a new Code section to read as follows:

(3) An attorney in fact shall not be authorized to execute a transfer-on-death deed on behalf of a record owner.

(4) A transfer-on-death deed need not be supported by consideration.

(5) In a transfer-on-death deed, the record owner shall be authorized but not restricted to:

(A) Designate one or more alternate grantee beneficiaries whose property interests are contingent upon a primary grantee beneficiary who either predeceases the record owner or dies during the acceptance period before accepting the property; and

(B) Convey a beneficiary interest to an express trust by naming the trustee as a designated grantee beneficiary.

(6) In a transfer-on-death deed, the record owner shall not be authorized to:

(A) Create or declare an express trust pursuant to Code Section 53-12-20; or

(B) Create a beneficial interest in real property pursuant to Article 8 of Chapter 12 of Title 53.

(7) A real estate transfer tax declaration form shall not be filed with a transfer-on-death deed filed by the record owner.

(b) The signature, consent, or agreement of or notice to a grantee beneficiary or beneficiaries of a transfer-on-death deed shall not be required for any purpose during the lifetime of the record owner.

(c)(1) A transfer-on-death deed shall transfer ownership of the record owner's interest in real estate to each grantee beneficiary upon both of the following being complete after the death of the record owner:

(f) Notwithstanding the provisions of paragraph (1) of subsection (c) of this Code section to the contrary, a designated grantee beneficiary affidavit recorded pursuant to this Code section before July 1, 2026, in which one or more of the named designated grantee beneficiaries of a transfer-on-death deed explicitly accepts the interests being conveyed by such deed on behalf of all or some of the designated grantee beneficiaries named in

A transfer-on-death deed takes precedence and priority over all unsecured debts of the record owner's estate filed upon the death of the record owner, unless the property is unredeemed.

(b) If one or more of the designated grantee beneficiaries dies prior to the death of the record owner, the transfer to those beneficiaries who predecease the record owner shall lapse and shall be deemed revoked, and the lapsed interest shall be split evenly among

Similarly, if one or more of the designated grantee beneficiaries die after the death of the record owner, but before acceptance of the property, the transfer to such beneficiaries who die after the record owner shall lapse and shall be deemed revoked, and the lapsed interest shall be split evenly among the remaining designated grantee beneficiaries who are living at the time of the death of the record owner and shall not revert to the estate. In the event the grantee beneficiary or beneficiaries are designated in the deed to be joint tenants with right of survivorship, the death of one or more of the designated grantee beneficiaries prior to the death of the record owner shall not invalidate an otherwise validly created joint tenancy estate as to those designated grantee beneficiaries who are living at the time of the death of the record owner."

A BILL To be entitled an Act to amend Article 3 of Chapter 3 of Title 50 of the Official Code of Georgia Annotated, relating to other state symbols, so as

to designate the marsh tacky horse as the official Georgia heritage horse breed; to provide legislative findings and declarations; to provide for related matters; to repeal conflicting laws; and for other purposes.

A BILL TO BE ENTITLED
AN ACT

To amend Article 3 of Chapter 3 of Title 50 of the Official Code of Georgia Annotated, relating to other state symbols, so as to designate the marsh tacky horse as the official Georgia heritage horse breed; to designate the pineywoods cattle as the official Georgia heritage cattle breed; to provide legislative findings and declarations; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds and declares as follows:

(1) The presence of the marsh tacky horse in Georgia can be traced back to the 1500s;

(2) The marsh tacky horse has been used by every culture and class of people that encountered it, including Indigenous nations, like the Seminoles, the Creek, the Chickasaw, the Choctaw, and the Cherokee; European settlers; and the Maroon and Gullah communities;

(3) General Francis "Swamp Fox" Marion utilized marsh tacky horses to navigate through rough, swampy terrain during guerilla campaigns against the British;

(4) The marsh tacky horse was the predominant stock horse in the southeastern United States up to the 1930s;

(5) During the Great Depression and Dust Bowl eras, larger cattle were brought in from the West requiring larger horses causing the marsh tacky horse to fall out of use;

(6) The marsh tacky horse is listed as "critical" under the endangered categories by the Livestock Conservancy;

(7) There are less than 2,000 marsh tacky horses in existence;

(8) Despite the number of marsh tacky horses remaining, they are still used in hunting wild game and herding cattle; and

(9) Establishing the marsh tacky horse as the official Georgia heritage horse breed is necessary to fully recognize the importance of the breed and its contributions to Georgia history.

SECTION 2.

Article 3 of Chapter 3 of Title 50 of the Official Code of Georgia Annotated, relating to other state symbols, is amended by adding a new Code section to read as follows:

"50-3-96.
The marsh tacky horse is designated as the official Georgia heritage horse breed."

SECTION 3.

Said article is further amended by adding a new Code section to read as follows:
"50-3-97.
The pineywoods cattle is designated as the official Georgia heritage cattle breed."

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 17 of the Official Code of Georgia Annotated, relating criminal procedure, is amended by revising paragraph (2) of subsection (b) of Code Section 17-4-40, relating to persons who may issue warrants for arrest of offenders against penal laws, warrants requested by others, and persons who may issue warrants for arrest of peace or law enforcement officers, DFCS case managers, or school teachers or administrators, as follows:

"(2) Except as otherwise provided in paragraph (6) of this subsection, a warrant application hearing shall be conducted only after attempting to notify the person whose arrest is sought by personal service or by any means approved by the judge or other officer which is reasonably calculated to apprise such person of the date, time, and location of the hearing."

SECTION 2.

Said title is further amended by revising subsection (c) of Code Section 17-4-41, relating to contents of affidavits made or warrants issued for arrest of penal offenders, as follows:

SECTION 3.

Said title is further amended by revising Code Section 17-6-15, relating to necessity for commitment where bail tendered and accepted, opportunity for bail, receipt of bail after commitment and imprisonment, and limitations on cash bonds, as follows:

"17-6-15.

(a) After arrest, if bail is tendered and accepted, no regular commitment need be entered, but a simple memorandum of the fact of bail being taken shall be sufficient.

(b)(1) A reasonable opportunity shall be allowed the accused person to give bail; and, even after commitment and imprisonment, the committing court may order the accused person brought before it to receive bail. No person shall be imprisoned under a felony commitment when bail has been fixed, if the person tenders and offers to give bond in the amount fixed, with sureties acceptable to the sheriff of the county in which the alleged offense occurred; provided, however, the sheriff shall publish and make available written rules and regulations defining acceptable sureties and prescribing under what conditions sureties may be accepted. If the sheriff determines that a professional bonding company is an acceptable surety, the rules and regulations shall require, but shall not be limited to, the following:

(A) Complete documentation showing the composition of the company to be an individual, a trust, or a group of individuals, whether or not formed as a partnership or other legal entity, or a corporation or a combination of individuals, trusts, and corporations;

(B) Complete documentation for all employees, agents, or individuals authorized to sign or act on behalf of the bonding company;

(C) Complete documentation showing that the company holds a valid business license in the jurisdiction where bonds will be written;

(E) Establishment of a cash escrow account or other form of collateral as follows:

(i) For any professional bonding company that is new to the county or that has operated continuously in the county for less than 18 months, in an amount and upon terms and conditions as determined and approved by the sheriff;

(ii) Once a professional bonding company has operated continuously for 18 months or longer in the county, then any such cash escrow account or other form of collateral shall not exceed 5 percent of the current outstanding bail bond liability of the professional bonding company and such cash escrow account shall not be required to have on deposit an amount in excess of ~~$1,000,000.00~~$500,000.00; and

(iii) No professional bonding company shall purchase an insurance policy in lieu of establishing a cash escrow account or posting other collateral; provided, however, that any professional bonding company which was using an insurance policy as collateral as of December 31, 2013, may continue to do so at the discretion of the sheriff.

(F) Establishment of application, approval, and reporting procedures for the professional bonding company deemed appropriate by the sheriff which satisfy all rules and regulations required by the laws of this state and the rules and regulations established by the sheriff;

(G) Applicable fees to be paid by the applicant to cover the cost of copying the rules and regulations and processing and investigating all applications and all other costs relating thereto; or

(H) Additional criteria and requirements for approving and regulating bonding companies to be determined at the discretion of the sheriff.

(2) This Code section shall not be construed to require a sheriff to accept a professional bonding company or bondsperson as a surety.

(3) This Code section shall not be construed to prevent the posting of real property bonds and the sheriff may not prohibit the posting of property bonds. Additional requirements for the use of real property may be determined at the discretion of the sheriff. The sheriff shall not prohibit a nonresident of the county from posting a real property bond if such real property is located in the county in which it is offered as bond and if such property has sufficient unencumbered equity to satisfy the sheriff's posted rules and regulations as to acceptable sureties.

(4) No more than three cash bonds may be posted per year by any individual, corporation, organization, charity, nonprofit corporation, or group in any jurisdiction.
