BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to ad valorem taxation of property, is amended by revising Code Section 48-5-34, relating to tax bill and procedures and requirements, as follows:

"48-5-34.

~~(a)~~ In addition to any other requirements provided by law, the ad valorem property tax bill form shall be prepared annually by the county tax commissioner or collector and furnished to each taxpayer who owes state, county, or county school tax for the current tax year. The form shall provide for each given levying authority and recommending authority:

(1) The ~~the~~ total amount of such taxes levied on property owned by the taxpayer~~,~~;

(2) The ~~the~~ amount ~~of property tax credit granted by Act of the 1973 Session of Georgia's General Assembly, and~~ by which such taxes were reduced as a result of exemptions, credits, and preferential assessments that were applied to such property, if any; and

(3) The ~~the~~ net amount of such taxes due for the current tax year.

~~(b) In addition to the requirements of subsection (a) of this Code section, if the millage rate adopted by a taxing authority exceeds the estimated roll-back rate and such estimated roll-back rate was provided in the annual notice of assessment, such tax bill shall include a notice containing the name of such taxing authority and the following statement in bold print: 'The adopted millage rate exceeds the estimated roll-back rate as stated in the annual notice of assessment that you previously received for this taxable year, which will result in an increase in the amount of property tax that you will owe.'~~

~~(c)(1) If the governing authority of a county, consolidated government, municipality, or school district elected to opt out of the homestead exemption provided for in Code Section 48-5-44.2 and there is not in effect for such political subdivision a base year value homestead exemption or adjusted base year value homestead exemption that is generally applicable for homestead residents, each ad valorem property tax bill issued by such political subdivision for homestead properties shall contain a notice in bold print that corresponds with the following statement:~~

~~'[Name of the political subdivision] chose to opt out of property tax relief for homeowners related to HB 581 (2024). If you have concerns about that decision, please call [the main telephone number for the levying or recommending authority of the political subdivision].'~~

~~(2) The provisions of paragraph (1) of this subsection shall not apply for any taxable year beginning after December 31, 2029.~~"

SECTION 2.

Said chapter is further amended in Code Section 48-5-44.2, relating to base year homestead exemption, by revising paragraphs (2), (3), and (7) of subsection (a) and revising subsections (d) and (e) as follows:

"(2) 'Adjusted base year assessed value' means the sum of:

(A) The previous adjusted base year assessed value;

(B) An amount equal to the difference between the current year assessed value of the homestead and the base year assessed value of the homestead, provided that such amount shall not exceed the total of the previous adjusted base year assessed value of the homestead multiplied by the inflation rate for the prior year; and

(B) In all other cases, the assessed value, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead from the taxable year immediately preceding the taxable year in which the exemption under this Code section is first granted to the applicant for such homestead after adjustment due to any substantial property change which occurred during or after the taxable year used to establish the base year assessed value for that homestead, provided that no such adjustment shall be duplicated as to the same addition, improvement, or removal of real property."

"(7) 'Substantial property change' means any increase or decrease in the assessed value of a homestead derived from additions or improvements to, or the removal of real property from, the homestead which occurred during or after the year ~~in which~~ used to establish the base year assessed value ~~is determined~~ for the homestead. The assessed value of the substantial property changes shall be established following any final determination of value on appeal pursuant to Code Section 48-5-311."

"(d) No person shall receive the exemption granted by subsection (b) of this Code section unless such person or person's agent files an application with the tax receiver or tax commissioner of his or her respective local government or governments charged with the duty of receiving returns of property for taxation giving such information relative to receiving such exemption as will enable such tax receiver or tax commissioner to make a determination regarding the initial and continuing eligibility of such person for such exemption; provided, however, that any person who had previously applied for a homestead exemption, was allowed such homestead exemption for the ~~2024~~ immediately preceding tax year, and remains eligible for a homestead exemption for that same homestead property in the ~~2025~~ current tax year shall be automatically allowed the exemption granted under subsection (b) of this Code section for that homestead without further application. Such tax receiver or tax commissioner shall provide application forms for this purpose.

(e)(1) The exemption granted by subsection (b) or (c) of this Code section shall be claimed and returned as provided in Code Section 48-5-50.1. After a person or a person's agent has filed the proper application or is automatically granted the homestead exemption as provided in subsection (d) of this Code section, it shall not be necessary for such person or such person's surviving spouse to make application thereafter for any year, and the exemption shall continue to be allowed to such person or such person's surviving spouse. It shall be the duty of any person granted the homestead exemption under subsection (b) or (c) of this Code section to notify the tax receiver or tax commissioner of the local government or governments in the event such person for any reason becomes ineligible for such exemption.

(2) In the event that an applicant becomes ineligible for the homestead exemption granted under subsection (b) or (c) of this Code section with respect to a particular homestead property and, thereafter, the applicant becomes eligible and applies for the homestead exemption on such property, the base year assessed value for such homestead shall be calculated in accordance with subparagraph (a)(3)(B) of this Code section as if the applicant were a new applicant who had not been previously granted an exemption under this Code section for such homestead."

(b) The owner of a homestead which is actually occupied by the owner as a residence and homestead shall not have to apply for the exemption more than once so long as the owner remains in continuous occupation of the residence as a homestead. The exemption shall automatically be renewed from year to year so long as the owner continuously occupies the residence as a homestead. In the event any person granted the exemption becomes ineligible for such exemption, such person shall notify the tax receiver or tax commissioner charged with the duty of receiving returns of property for taxation on or before the final date to file an appeal of the annual notice of current assessment."

Such submissions shall be made annually for each taxing jurisdiction at the same time as the county digest is submitted to the commissioner. The commissioner shall maintain a list of homestead information throughout the state in a manner which allows local tax officials access to review and ensure accuracy of their jurisdiction's properties receiving homestead exemptions. Each such local tax official shall review said list prior to approving a homestead exemption and on an annual basis prior to issuing the notices of assessment for the taxing jurisdiction."

"20-2-73.

(a)(1) Notwithstanding Code Section 20-2-54.1 or any other provisions of law to the contrary, if:

(A) A local school system or school is placed on the level of accreditation immediately preceding loss of accreditation for any reason or reasons by one or more accrediting agencies included in subparagraph (A) of paragraph (6) of Code Section 20-3-519, the local board of education shall notify the State Board of Education in writing within three business days of such placement and the State Board of Education shall conduct a hearing in not less than ten days of such notice nor more than 90 days and recommend to the Governor whether to suspend all eligible members of the local board of education with pay; ~~or~~

(B) One-half or more of the schools in a local school system are turnaround eligible schools, as defined in subsection (a) of Code Section 20-14-45, for the fifth or more consecutive year, the Department of Education shall notify the State Board of Education in writing within three business days of the publication of the list of turnaround eligible schools by the Office of Student Achievement, and the State Board of Education with input from the State School Superintendent shall conduct a hearing in not less than ten days of such notice nor more than 90 days and recommend to the Governor whether to suspend all eligible members of the local board of education with pay; provided, however, that this subparagraph shall be tolled for a local board of education while under a contract amendment or intervention contract pursuant to Code Section 20-14-45 so long as such local board of education is in substantial compliance with the terms of such contract amendment or intervention contract; or

(C)(i) A local school system is designated by the state auditor as requiring the highest level of monitoring, supports, and interventions promulgated by the Department of Audits and Accounts pursuant to Code Section 50-6-6, the state auditor shall notify the State Board of Education in writing within three business days of making such designation, and the State Board of Education shall, upon a recommendation of the audit committee of the State Board of Education followed by a majority vote of the State Board of Education, conduct a hearing in not less than ten days of such vote nor more than 90 days and recommend to the Governor whether to suspend any eligible members of the local board of education with pay.

(ii) A local board of education, a member thereof, a local school system, or a local school superintendent is the subject of a finding by the state auditor of financial mismanagement or misconduct following an investigation made pursuant to Code

Section 50-6-28, the state auditor shall notify the State Board of Education in writing within three business days of such finding, and the State Board of Education shall, upon a recommendation of the audit committee of the State Board of Education followed by a majority vote of the State Board of Education, conduct a hearing in not less than ten days of such vote nor more than 90 days and recommend to the Governor whether to suspend any eligible members of the local board of education with pay.

(2) A majority of the members of a local board of education may petition the State Board of Education to continue any hearing scheduled under this subsection. Upon a showing of good cause, the ~~state board~~ State Board of Education may in its sound discretion continue any such hearing. Notwithstanding any other provision of law, deliberations held by the State Board of Education pursuant to this subsection to formulate its recommendation to the Governor shall not be open to the public; provided, however, that testimony shall be taken in an open meeting and a vote on the recommendation shall be taken in an open meeting following the hearing or at the next regularly scheduled meeting. If the State Board of Education makes such recommendation, the Governor may, in his or her discretion, suspend all eligible members of the local board of education with pay and, in consultation with the State Board of Education, appoint temporary replacement members who shall be otherwise qualified to serve as members of such board.

(b) Any local board of education member suspended under this Code section may petition the Governor for reinstatement no earlier than 30 days following suspension and no later than 60 days following suspension. In the event that a suspended member does not petition for reinstatement within the allotted time period, his or her suspension shall be converted into permanent removal, and the temporary replacement member shall become a permanent member and serve out the remainder of the term of the removed member.

(c) Upon petition for reinstatement by a suspended local board of education member, the Governor or his or her designated agent shall conduct a hearing for the purpose of receiving evidence relative to whether the local board of education member's continued service on the local board of education is more likely than not to improve the ability of the local school system or school to retain or reattain its accreditation; ~~or~~ to improve the ratings of the schools in the local school system so that less than one-half of the schools in such local school system are on the turnaround eligible schools list in subsequent years; to no longer be designated by the state auditor as requiring the highest level of monitoring, supports, and interventions promulgated by the Department of Audits and Accounts pursuant to Code Section 50-6-6; or to remediate or mitigate the state auditor's finding of financial mismanagement or misconduct. Such hearing shall be held not later than 90 days after the petition is filed and in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' except that the individual conducting the hearing shall have the power to call witnesses and request documents on his or her own initiative. For purposes of said chapter and any hearing conducted pursuant to this Code section,

the Governor shall be considered the agency, and the Attorney General or his or her designee shall represent the interests of the Governor in the hearing. If it is determined that it is more likely than not that the local board of education member's continued service on the local board of education improves the ability of the local school system or school to retain or reattain its accreditation; ~~or~~ to improve the ratings of the schools in the local school system so that less than one-half of the schools in such local school system are on the turnaround eligible schools list in subsequent years; to no longer be designated by the state auditor as requiring the highest level of monitoring, supports, and interventions promulgated by the Department of Audits and Accounts pursuant to Code Section 50-6-6; or to remediate or mitigate the state auditor's finding of financial mismanagement or misconduct, the member shall be immediately reinstated; otherwise, the member shall be permanently removed, and the temporary replacement member shall become a permanent member and serve out the remainder of the term of the removed member or until the next general election which is at least six months after the member was permanently removed, whichever is sooner. Judicial review of any such decision shall be in accordance with Chapter 13 of Title 50.

(d)(1) Subparagraph ~~(B) of paragraph (1) of subsection (a)~~ (a)(1)(A) of this Code section shall apply to a local school system or school which is placed on the level of accreditation immediately preceding loss of accreditation on or after April 20, 2011.

(B) In the event that a local unit of administration requests or, in the opinion of the state auditor, requires an advance distribution by the State Board of Education of state allotted funds that would exceed the limit provided for in subparagraph (A) of this paragraph, the State Board of Education shall be authorized to make advance distributions that exceed the limit provided for in subparagraph (A) of this paragraph only under the following conditions:

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "District Attorney Compensation Reform Act."

SECTION 2.

Article 1 of Chapter 18 of Title 15 of the Official Code of Georgia Annotated, relating to general provisions regarding prosecuting attorneys, is amended by revising Code Section 15-18-10, relating to compensation of district attorneys and private practice of law prohibited, as follows:

"15-18-10.

(a) Except as provided for in subsection (b) of this Code section, each ~~Each~~ district attorney shall receive an annual salary from state funds as prescribed by law. Such salary shall be paid as provided in Code Sections 15-18-10.1, 15-18-10.2, ~~and~~ 15-18-19, and 45-7-4.

(b)(1) Each district attorney in office on July 1, 2026, shall have the option to receive the annual salary provided by Code Section 45-7-4 and any locality pay provided by this Code section and Code Section 15-18-19 in lieu of his or her compensation which is otherwise provided by laws in effect on June 30, 2026. The option provided by this paragraph shall be exercised by such district attorney's filing a written notification thereof with the Prosecuting Attorneys' Council of Georgia and the governing authority of each county comprising such district attorney's judicial circuit. A district attorney in office on July 1, 2026, shall not be required or obligated to exercise the option provided by this paragraph, but if and when any such district attorney voluntarily and expressly exercises such option, such district attorney's exercise of such option shall be final and irrevocable. The failure to exercise the option shall be an election to continue to receive

compensation as previously calculated by law in effect on June 30, 2026, and as outlined in paragraph (2) of this subsection, and until such option is exercised; provided, however, that such option must be exercised no later than January 1, 2030. The option exercised pursuant to this paragraph shall go into effect the next pay period beginning five business days following the exercise of such option.

(2) To ensure that no district attorney in office on July 1, 2026, has his or her salary, allowance, or county supplements decreased during his or her term of office, any district attorney in office on July 1, 2026, who does not exercise the irrevocable option provided by paragraph (1) of this subsection shall continue to be compensated in precisely the same manner as he or she was compensated as of June 30, 2026, including, but not limited to, county supplements, in accordance with Article VI, Section VIII, Paragraph I (c) of the Constitution.

(3) For the purpose of this Code section and Code Section 15-18-10.2, an interim district attorney serving on July 1, 2026, shall be treated in the same manner as an elected district attorney related to any options such district attorneys have as to their compensation.

~~The county or counties comprising the judicial circuit may supplement the salary of the district attorney in such amount as is or may be authorized by local Act or in such amount as may be determined by the governing authority of such county or counties, whichever is greater.~~

(c) The clerk of court shall collect any such fees, fines, forfeitures, costs, and emoluments and remit the same to the county treasury by the fifteenth day of each month.

(d) No district attorney receiving an annual salary under this Code section shall engage in the private practice of law."

SECTION 3.

Said article is further amended in Code Section 15-18-10.1, relating to annual accountability supplement and exception, by repealing subsection (d).

SECTION 4.

Said article is further amended by adding a new Code section to read as follows:

"15-18-10.2.

(a) Except as provided for in subsection (b) of this Code section, on or after July 1, 2026, the county or counties comprising a judicial circuit may provide the district attorney of such circuit, who either was not in office as a district attorney as of July 1, 2026, or made an irrevocable election authorized by paragraph (1) of subsection (b) of Code Section 15-18-10, with locality pay as authorized by this Code section, and such district attorneys shall not be eligible for county salary supplements provided by local Act. In no event shall locality pay exceed 10 percent of the state annual salary provided by Code Section 45-7-4 to such district attorney. All such locality pay shall be in lieu of and not in addition to any county supplements previously provided by the county or counties.

(b) In no event shall the annual locality pay provided to a district attorney or circuit public defender by the county or counties comprising a judicial circuit in aggregate exceed the lesser of:

(1) Ten percent of the state annual salary paid to a district attorney pursuant to Code Section 45-7-4; or

(2) The total of $20,608.05;

provided, however, that, if the state annual salary paid to district attorneys exceeds $206,805.00, then the maximum allowable amount of annual locality pay provided to a district attorney by the county or counties comprising a judicial circuit shall instead be equal to the difference between $20,608.05 and half the amount by which such state annual salary exceeds $206,805.00. The intent of this subsection is to provide for a gradual decrease in the maximum amount of allowable locality pay as the state annual salary provided by Code Section 45-7-4 to district attorneys exceeds $206,805.00 and continues to increase.

(c) Except as provided for in subsection (b) of Code Section 15-18-10 and subsection (d) of this Code section and notwithstanding any other provision of law to the contrary, on and after July 1, 2026, no county or counties comprising a judicial circuit shall provide county salary supplements to a district attorney.

(d)(1) Nothing in subsection (c) of this Code section shall operate to prevent a county or counties comprising a judicial circuit from providing a local salary supplement when the district attorney of that judicial circuit enters into a contract with said county or counties to act as the solicitor of a county's probate or magistrate court, or for supplements of compensation for services under Code Sections 15-18-11 and 19-11-23.

(2) For all district attorneys who elect to exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-18-10, to the extent the aggregate salary provided for by subsection (a) of Code Section 15-18-10 and locality pay provided for by subsection (a) of this Code section to a particular district attorney do not equal or exceed such district attorney's aggregate salary and local supplement in effect at the time of such district attorney's exercise of such option, then the county or counties of the circuit shall pay an additional supplement in the amount equal to the difference between the aggregate salary and supplement in effect at the time of such district attorney's exercise of such option and the aggregate salary provided for by subsection (a) of Code Section 15-18-10 and locality pay provided for by subsection (a) of this Code section. When an additional supplement is required by this paragraph in a circuit consisting of more than one county, then each county shall pay such additional supplement in proportion to each county's contribution to the local supplement in effect at the time of such district attorney's exercise of the option to participate. In no event shall the additional supplement required by this paragraph result in a district attorney's aggregate salary that exceeds the aggregate salary existing at the time of a district attorney's exercise of such option.

(e) Nothing in subsection (c) of this Code section shall operate to prevent a county or counties comprising a judicial circuit from continuing to provide fringe benefits to the

district attorney of such circuit in the same manner that such benefits were provided on June 30, 2026.

(f) Nothing in this Code section or subsection (b) of Code Section 15-18-10 shall operate to alter, amend, contract, expand, extend, limit, modify, or terminate retirement benefits or rights thereto in existence prior to July 1, 2026. All district attorneys who exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-18-10 shall have no right to any benefit existing at the time such option is exercised reduced. To the extent otherwise permitted by law, each county within a judicial circuit is authorized, but not required, to provide retirement benefits based upon the locality pay it provides pursuant to subsection (a) of this Code section."

SECTION 5.

Said article is further amended in Code Section 15-18-14, relating to appointment of assistant district attorneys, qualifications, and compensation, by revising subsection (c) as follows:

"(c) Each attorney appointed pursuant to this Code section shall be compensated based on a salary schedule established in accordance with subsection (e) of Code Section 15-18-19. The salary range for each class established in accordance with subsection (b) of this Code section shall be as follows:

(1) Assistant district attorney I. Not less than ~~$38,124.00~~ $78,000.00 nor more than 65 percent of the compensation of the district attorney;

(2) Assistant district attorney II. Not less than ~~$40,884.00~~ $93,082.00 nor more than 70 percent of the compensation of the district attorney;

(3) Assistant district attorney III. Not less than ~~$45,108.00~~ $111,562.00 nor more than 80 percent of the compensation of the district attorney; and

(4) Assistant district attorney IV. Not less than ~~$52,176.00~~ $134,291.00.

SECTION 6.

Code Section 45-7-4 of the Official Code of Georgia Annotated, relating to annual salaries of certain state officials, cost-of-living adjustments, and base-salary of certain judges, is amended by repealing and reserving paragraphs (19.2) and (21) of subsection (a) and by adding a new paragraph to subsection (d) to read as follows:

"(3) Except as provided for in subsection (b) of Code Section 15-18-10, the annual salary of each district attorney shall be set by the General Assembly in the General Appropriations Act, provided that such salary shall not exceed 88 percent of the base salary provided for in paragraph (1) of this subsection."

SECTION 7.

Chapter 3 of Title 1 of the Official Code of Georgia Annotated, relating to laws and statutes, is amended by adding a new Code section to read as follows:

"1-3-13.

(a)(1) Notwithstanding any provision of law to the contrary, except for Code Section 17-12-25, as of July 1, 2026, all local laws and local ordinances or resolutions in effect

as of such date that provide for a salary, supplement, or other compensation to be paid to a state, county, or local officer, official, or employee based on a percentage of, total compensation for, or similar mathematical relationship to any district attorney's salary, supplement, or other compensation shall be suspended as a matter of law with respect to any increase in the salary, supplement, or other compensation paid to a district attorney during the term of such suspension; provided, however, that such suspension shall not be applicable to any local law or local ordinance or resolution adopted after July 1, 2026.

(2) During the period of the suspension provided for in paragraph (1) of this subsection:

(A) No change in the salary of a district attorney shall result in a change in the calculation of any compensation to be paid to a state, county, or local officer, official, or employee by any county, municipality, consolidated government, or other political subdivision; and

(B) The compensation paid to any state, county, or local officer, official, or employee whose compensation is expressly based on a percentage of, total compensation for, or similar mathematical relationship to a district attorney's salary, supplement, or other compensation shall remain at the same amount as provided at the beginning of such period of suspension, unless and until such suspension terminates with respect to such individual pursuant to paragraph (1) of subsection (b) of this Code section or the compensation paid to any such state, county, or local officer, official, or employee is modified pursuant to subsection (c) of this Code section.

(3) The provisions of this subsection shall not repeal or amend any local law or local ordinance or resolution, but the provisions of local laws or local ordinances or resolutions related to calculating compensation based on a district attorney's salary, supplement, or other compensation shall be merely suspended and shall remain suspended with respect to any change in such compensation until such suspension is lifted or such compensation is modified pursuant to subsection (b) or (c) of this Code section with respect to a given public officer, official, or employee.

(b)(1) As of July 1, 2027, the suspension provided for in subsection (a) of this Code section shall be terminated with respect to all judges. Any salary or compensation change for a judge that otherwise would have gone into effect between July 1, 2026, and June 30, 2027, by operation of a local law or local ordinance or resolution if such suspension had not been in effect shall become effective for calculations of such judge's prospective salary or other compensation that may be earned on or after July 1, 2027, unless the local law or local ordinance or resolution that provides for a salary, supplement, or other compensation to be paid to such judge is repealed prior to July 1, 2027, or is amended, prior to July 1, 2027, to expressly modify the terms of such judge's compensation.

(2) The suspension provided for in subsection (a) of this Code section shall remain in place for all officers, officials, and employees described in paragraph (1) of subsection (a) of this Code section other than judges, unless and until the compensation payable to any such other officer, official, or employee is modified pursuant to subsection (c) of this Code section.

(3) The termination of a suspension provided for in subsection (a) of this Code section shall not entitle any person to retroactive compensation that he or she otherwise may have earned except for such suspension, and no such retroactive payments shall be made.

(c)(1) Nothing in this Code section shall operate to prevent the General Assembly from at any time repealing or amending, in whole or in part, any local law that is suspended pursuant to subsection (a) of this Code section, and any such repeal or amendment shall become effective in the time and manner stated in the law implementing such repeal or amendment, without regard to the suspension provided for in this Code section.

(2) Nothing in this Code section shall operate to prevent a county, municipality, consolidated government, or other political subdivision from, at any time, enacting any salary, supplement, or other compensation changes for any state, county, or local officer, official, or employee if otherwise authorized by general or local law, and any such change shall become effective in the time and manner stated in such lawful enactment, without regard to the suspension provided for in this Code section.

(3) In no event shall any action described in paragraph (1) or (2) of this subsection:

(A) Authorize the payment of or entitle any district attorney to any salary supplement or any locality pay in excess of the limits set forth in Code Section 15-8-10.2; or

(B) Authorize the payment of or entitle any person to retroactive compensation that he or she otherwise may have earned except for any period of suspension.

(d) The General Assembly finds that increases to district attorney's compensation that become effective on or after July 1, 2026, may automatically trigger increases to other public officers, officials, and employees for whom existing legislation automatically ties their compensation to that of district attorneys, and that these automatic increases in compensation would generally result in sudden financial hardship for local governments. Accordingly, it is the intent of this Code section that:

(1) The salary of any state, county, or local officer, official, or employee whose salary, supplement, or other compensation is based on a percentage of, total compensation for, or similar mathematical relationship to a district attorney's salary or supplement shall, during the period of any such suspension imposed by this Code section, remain the same as such salary, supplement, or other compensation was at the beginning of such period;

(2) Such state, county, or local officer, official, or employee shall continue to receive such salary, supplement, or other compensation during the period of such suspension at the same rate or amount as at the beginning of such period; and

(3) The amount of such salary, supplement, or other compensation shall remain unchanged until the occurrence of an event described in subsections (a) through (c) of this Code section, which includes:

(A) Such suspension being terminated pursuant to this Code section;

(B) With respect to a salary, supplement, or other compensation set by local law, the General Assembly takes some affirmative action to set the salary, supplement, or other compensation by repealing or amending, in whole or in part, any local law that

is suspended pursuant to subsection (a) of this Code section and such repeal or amendment becomes effective; or

(C) With respect to a salary, supplement, or other compensation set by local ordinance or resolution, the county, municipality, consolidated, or other local government takes some affirmative action to set the salary, supplement, or other compensation and such action becomes effective.

(e) This Code section shall not affect the compensation paid to any circuit public defender pursuant to Code Section 17-12-25."

SECTION 8.

Chapter 23 of Title 47 of the Official Code of Georgia Annotated, relating to the Georgia Judicial Retirement System, is amended by revising Code Section 47-23-45, relating to effect of change in employment, as follows:

"47-23-45.

SECTION 9.

Said chapter is further amended by revising Code Section 47-23-102.1, relating to qualifications to receive retirement benefits, as follows:

"47-23-102.1.

Except as otherwise provided in Article 2 of Chapter 1 of this title, a member's accumulated contributions shall be 100 percent vested and nonforfeitable at all times. Any member retiring with 16 years or more of creditable service shall receive a benefit equal to 66.66 percent, plus 1 percent for each year of creditable service over 16 years, of the member's salary; provided, however, that no member shall receive more than 24 years of creditable service. Any member retiring with less than 16 years of creditable service may retire at a reduced benefit pursuant to Code Section 47-23-103. Except as provided in subsection (c) of this Code section, normal retirement age under this retirement system shall be the date the member has reached 60 years of age, provided that he or she has at least ten years of creditable service. For purposes of Section 402(1) of the federal Internal Revenue Code regarding distributions from governmental plans for health and long-term care insurance for public safety officers, normal retirement age shall be the earliest date when the member has satisfied the requirements for a retirement under this retirement system.

(c) On the effective date of a member's retirement, as provided for in subsection (b) of Code Section 47-23-103, such member's monthly retirement benefit shall be calculated as follows:

(1) If a member is over the age of 65 years on his or her effective date of retirement, or has attained the age of 65 years after his or her effective date of retirement, such member shall receive the full amount of the benefit calculated pursuant to subsection (b) of this Code section; or

(2) If a member has not yet attained the age of 65 years on his or her effective date of retirement, the monthly retirement benefit shall be calculated pursuant to subsection (b) of this Code section using only the years of creditable service attributable to such member's service in any covered position except ~~for as~~ that of a superior court judge.

(d) The board is authorized to provide by rule or regulation for the payment of benefits to members or beneficiaries of the retirement system at a time and under circumstances not provided for in this chapter to the extent that such payment is required to maintain the retirement system as a qualified retirement plan for the purposes of federal income tax laws and regulations."

SECTION 10.

Said chapter is further amended by adding a new Code section to read as follows:

"47-23-102.2.

(a) This Code section shall only apply to an individual who first became a member on or after July 1, 2026.

(b) The right of a member to receive benefits under this chapter shall vest after the member obtains ten years of creditable service; provided, however, that no member shall receive a retirement benefit prior to attaining the age of 60 years. Except as otherwise provided in Article 2 of Chapter 1 of this title, a member's accumulated contributions shall be 100 percent vested and nonforfeitable at all times. Any member retiring with 16 years or more of creditable service shall receive a benefit equal to 66.66 percent, plus 1 percent for each year of creditable service over 16 years, of the member's salary; provided, however, that no member shall receive more than 24 years of creditable service. Any member retiring with less than 16 years of creditable service may retire at a reduced benefit pursuant to Code Section 47-23-103. Except as provided in subsection (c) of this Code section, normal retirement age under this retirement system shall be the date the member has reached 60 years of age, provided that he or she has at least ten years of creditable service. For purposes of Section 402(1) of the federal Internal Revenue Code regarding distributions from governmental plans for health and long-term care insurance for public safety officers, normal retirement age shall be the earliest date when the member has satisfied the requirements for a retirement under this retirement system.

(c) On the effective date of a member's retirement, as provided for in subsection (b) of Code Section 47-23-103, such member's monthly retirement benefit shall be calculated as follows:

(1) If a member is over the age of 65 years on his or her effective date of retirement, or has attained the age of 65 years after his or her effective date of retirement, such

member shall receive the full amount of the benefit calculated pursuant to subsection (b) of this Code section; or

(2) If a member has not yet attained the age of 65 years on his or her effective date of retirement, the monthly retirement benefit shall be calculated pursuant to subsection (b) of this Code section using only the years of creditable service attributable to such member's service in any covered position except that of a superior court judge or district attorney.

(d) The board is authorized to provide by rule or regulation for the payment of benefits to members or beneficiaries of the retirement system at a time and under circumstances not provided for in this chapter to the extent that such payment is required to maintain the retirement system as a qualified retirement plan for the purposes of federal income tax laws and regulations."

SECTION 11.

Said chapter is further amended by revising Code Section 47-23-103, relating to retirement based on age and application to retire, as follows:

"47-23-103.

(a) In lieu of retirement at the benefit level provided by Code Section 47-23-102, ~~or~~ 47-23-102.1, or 47-23-102.2, a member may retire at any time after attaining the age of 60 years and after obtaining a minimum of ten years of creditable service. SECTION 13.

Said chapter is further amended by revising Code Section 47-23-105.1, relating to modification of retirement allowance, as follows:

"47-23-105.1.

(a) The provisions of this Code section shall apply only to persons who become members of this retirement system on or after July 1, 2012.

(b) A member may make a one-time election to convert the retirement allowance otherwise payable to him or her into a modified retirement allowance of equivalent actuarial value and designate a natural person to receive a survivors benefit in accordance with one of the options set forth in paragraphs (1), (2), (3), or (4) of this subsection. Such retirement allowance shall be actuarially reduced in accordance to the designated survivor's projected life span. For any member whose benefit amount is calculated pursuant to Code Section 47-23-102.1 or 47-23-102.2, such actuarial adjustment shall account for any increase in the benefit amount accruing to such member when he or she attains the age of 65 years. Such actuarial adjustment shall be computed upon the basis of the mortality tables and rates of interest last adopted by the board of trustees. Such election may be made only after the member has become eligible to retire and before the first payment of his or her retirement allowance normally becomes due. Such election shall be irrevocable except as otherwise provided in this Code section. The options are:

(1) Option one, known as the 100 percent joint and survivor option, shall consist of a reduced retirement allowance which is payable during the life of the retired member and which, upon his or her death, shall be continued at the same rate throughout the life of and paid to the designated survivor~~.~~;

(2) Option two, known as the 66 2/3 percent joint and survivor option, shall consist of a reduced retirement allowance which is payable during the life of the retired member

and which, upon his or her death, shall be continued at the rate of two-thirds the reduced retirement allowance throughout the life of and paid to the designated survivor~~.~~;

(3) Option three, known as the 50 percent joint and survivor option, shall consist of a reduced retirement allowance which is payable during the life of the retired member and which, upon his or her death, shall be continued at the rate of one-half the reduced retirement allowance throughout the life of and paid to the designated survivor~~.~~; and

(4) Option four, known as the pop-up option, shall be the election of options one, two, or three, with the added provision that in the event the designated survivor predeceases the retired member, the retirement allowance payable to the retired member after the death of the designated survivor shall be equal to the maximum retirement allowance which the retired member would have been entitled to receive under this chapter had such election not been made.

(c) In the event a member is not married at the time he or she retires and the retired member does not elect a survivor's option and such member subsequently marries, the retired member may elect to begin receiving an actuarially reduced benefit of equivalent value and establish on behalf of the newly acquired spouse an option under this Code section. Such election shall be made within six months after the marriage.

(d) In the event a retired member makes an election under subsection (b) of this Code section on behalf of a spouse and such spouse predeceases the retired member and the retired member subsequently remarries, the retired member may elect to begin receiving an actuarially reduced benefit of equivalent value and establish on behalf of a new designated survivor pursuant to an option under this Code section.

(e) In the event a retired member makes an election under subsection (b) of this Code section on behalf of a spouse and a final judgment of complete divorce from the spouse is entered, then:

(1) The retired member may elect to continue the optional allowance with the former spouse designated to receive all amounts and benefits upon the death of the retired member; or

(2) The retired member may revoke the appointment of such spouse as a beneficiary; provided, however, that in such event the retirement benefit received by the retired member shall not increase. Such revocation may be made at any time after the entry of the final judgment of divorce. If the retired member elects to revoke the election, the spouse shall be treated in the same manner as if he or she had predeceased the retired member under subsection (d) of this Code section.

(f) If an active vested member of this retirement system dies and is survived by a legal spouse, such spouse shall receive a benefit as if the member ~~has~~ had retired on the date of his or her death, had attained the age of 65, and had elected option three."

SECTION 14.

Said chapter is further amended by revising Code Section 47-23-106, relating to county supplement of salaries, as follows:

"47-23-106.

(a) Whenever any county within a judicial circuit supplements the state salary paid to active superior court judges or the district attorney of said circuit, the governing authority of such county shall be authorized, but not required, to supplement the benefit being paid pursuant to this chapter to any retired superior court judge or district attorney of said circuit who is receiving benefits pursuant to this chapter or to supplement the benefit being paid pursuant to this chapter to any beneficiary of any deceased superior court judge or district attorney.

(b) Whenever any county which has a state court supplements the salary of the judges or solicitors-general of such court, the governing authority of such county shall be authorized, but not required, to supplement the benefit being paid pursuant to this chapter to any retired state court judge of such court who is receiving benefits pursuant to this chapter or supplement the benefit being paid pursuant to this chapter to any beneficiary of any deceased state court judge.

(c) Notwithstanding the provisions of subsection (a) or (b) of this Code section, for any single county judicial circuit where the county site is located in an unincorporated area of the county and the county governing authority has constructed one or more permanent satellite courthouses within the county, said county shall supplement the benefit amount being paid pursuant to this chapter to any district attorney who retired from such circuit. The amount of the supplement shall be determined by multiplying the benefit percentage he or she earned pursuant to Code Section 47-23-102 if such member first became a member before July 1, 2025, ~~or~~ Code Section 47-23-102.1 if such member first became a member ~~on or after~~ between July 1, 2025, and June 30, 2026, or Code Section 47-23-102.2 if such member first became a member on or after July 1, 2026, at retirement together with the aggregate county salary supplement being paid to the active district attorney on the date that he or she begins receiving a retirement benefit or the supplement paid to the retiring district attorney upon his or her last day of service as district attorney, whichever is greater. The supplement shall not be payable to a spouse or survivor pursuant to the provisions of Code Section 47-23-105."

House of Representatives

State Capitol
Room 226
Atlanta, Georgia 30334

Clerk of the House Bill Reilly

Mr. Clerk,

This AM on Friday March 27, I voted my machine yes on SB 478, the Georgia Outdoor Stewardship Act sunset. It appears it did not register! I was distracted while the vote took place, speaking to Jacob on the bill I was to take to the floor next. Accordingly, I did not realize that my vote did not register. Both of my seatmates can verify that I voted yes on the measure.

Please correct my vote in the record from a missed vote to a yes vote.

Thank you,

/s/ Jesse L. Petrea
Representative, District 166

A BILL TO BE ENTITLED
AN ACT

To amend Article 7 of Chapter 3 of Title 47 of the Official Code of Georgia Annotated, relating to retirement allowances, disability benefits, and spouses' benefits, so as to remove the requirement that certain subject areas be designated as an area of highest need for certain beneficiaries of the Teachers Retirement System of Georgia to be hired to work in such areas; to provide for the extension of provisions to 2030; to provide for areas of highest need to be determined for a public school system rather than a RESA; to prohibit termination of employment based on a change in a public school system's areas of highest need; to provide for related matters; to provide conditions for an effective date and automatic repeal; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 7 of Chapter 3 of Title 47 of the Official Code of Georgia Annotated, relating to retirement allowances, disability benefits, and spouses' benefits, is amended by revising Code Section 47-3-127.1, relating to full-time employment of beneficiaries permitted under limited conditions, required employer contributions, and areas of highest need, as follows:

"47-3-127.1.

(a) From July 1, 2022, until June 30, ~~2026~~ 2030, notwithstanding the provisions of Code Section 47-3-127, to the extent and under the conditions provided for in this Code section, a public school system may employ:

(1) A ~~a~~ beneficiary who has obtained 30 years of creditable service in this retirement system in a full-time capacity as a certified teacher of pre-kindergarten through grade 12 who has as his or her primary responsibility the academic instruction of students in a classroom in an area of highest need determined for the ~~RESA to which such~~ public school system ~~is assigned~~, provided that at least one year has expired from the effective date of such beneficiary's retirement and he or she was not restored to service as a teacher pursuant to Code Section 47-3-127 during such period of time~~.~~; or

(2) A beneficiary who has obtained 30 years of creditable service in this retirement system in a full-time capacity as a certified teacher of pre-kindergarten through grade 12 who has as his or her primary responsibility the academic instruction and support of students in the area of mathematics, special education, science, CTAE, reading, writing, or English language arts, provided that such beneficiary in the area of reading, writing, or English language arts holds a current dyslexia or reading endorsement approved by the Professional Standards Commission, provided that at least one year has expired from the effective date of such beneficiary's retirement and he or she was not restored to service as a teacher pursuant to Code Section 47-3-127 during such period of time.

(b)(1) An individual employed as described in subsection (a) of this Code section shall remain a beneficiary and shall continue to receive his or her retirement allowance and any postretirement benefit adjustments for which he or she is eligible; provided, however, that such service shall not constitute creditable service and shall not entitle such beneficiary to a recomputation of retirement benefits upon cessation of such service.

(2) It shall be the duty of each beneficiary to notify an employer of his or her status as a beneficiary prior to accepting employment with such employer.

(c)(1) Within 30 days of employing a beneficiary pursuant to this Code section, such employer shall notify the board of trustees of such beneficiary's name, the amount of his or her earnable compensation, a description of any other forms of remuneration to be made, the number of hours to be worked, job responsibilities, and other such information as the board of trustees may prescribe.

(2) An employer that employs a beneficiary pursuant to subsection (a) of this Code section shall pay to the retirement system an amount equal to the product of:

(A) The combination of the rate required by this chapter for employer contributions and employee contributions; and

(B) The earnable compensation of such beneficiary.

(3) A beneficiary shall not receive creditable service from or access to contributions made as a result of payments required by paragraph (2) of this subsection, and he or she shall be considered by the retirement system solely as a beneficiary.

(4) If an employer that is obligated to make contributions or reimbursements to the retirement system pursuant to this Code section fails to make such contributions, any unpaid amounts shall be deducted from any funds payable to such employer by the state, including without limitation the Department of Education and the Board of Regents of the University System of Georgia, and shall be paid to the retirement system.

(d)(1) As used in this Code section, 'area of highest need' means one of the three content areas for which there are the greatest percentages of unfilled positions for classroom teachers in a ~~RESA~~ public school system.

(2) The areas of highest need shall be determined for each ~~RESA~~ public school system annually by the Department of Education after consultation with the Professional Standards Commission. Such determinations shall be based upon a five-year average review of a survey reported by local school systems to the Department of Education. The areas of highest need for each ~~RESA~~ public school system shall be reported to the retirement system on an annual basis beginning July 1, 2022, and ending July 1, ~~2025~~ 2029.

(e) No change in a public school system's areas of highest need shall require the termination, resignation, or nonrenewal of any beneficiary previously hired under subsection (a) of this Code section.

~~(e)~~(f) Prior to July 1, ~~2025~~ 2029, the state auditor shall conduct and publish a performance audit concerning the provisions of this Code section to include a determination of the value and necessity of the full-time employment of beneficiaries as permitted by this Code section, as well as the effects of such employment on the local school systems, the Teachers Retirement System of Georgia, and the teacher workforce as a whole for this state.

~~(f)~~(g) The provisions of this Code section shall not become part of the employment contract and shall be subject to future legislation."

SECTION 2.

This Act shall become effective on July 1, 2026, only if it is determined to have been concurrently funded as provided in Chapter 20 of Title 47 of the Official Code of Georgia Annotated, the "Public Retirement Systems Standards Law"; otherwise, this Act shall not become effective and shall be automatically repealed in its entirety on July 1, 2026, as required by subsection (a) of Code Section 47-20-50.

The daily civil monetary penalty shall be imposed only from the time the facility knew or should have known that it employed a person with a criminal record and until the date such individual's employment is terminated; provided, however, that the penalty shall not be imposed for any period of time during which the facility may retain the employee under the provisions of paragraph (2) of subsection (b) of Code Section 37-1-144.

37-1-147.
(a)(1) An owner of a facility with an ineligible determination or whose name appears on a registry check shall not operate or hold a license, and the department shall revoke the license of, or refuse to issue a license to, any facility with an owner with an ineligible determination or whose name appears on a registry check.
(2) Prior to approving any license for a facility and periodically as established by the department by rule, the department shall require each owner, applicant, and employee to submit to a registry check and criminal background check pursuant to Code Sections 37-1-141 and 37-1-142.
(3) The department may provide by rule for a process where an owner, applicant, or employee can request an administrative review of an ineligible determination or of a determination that the owner's, applicant's, or employee's name appears on a registry check. If such administrative review is provided for in the rules of the department, it shall be timely requested by the owner, applicant, or employee and completed before any appeal provided for in paragraph (4) of this subsection may be filed or requested.
(4)(A) An owner, employee, or applicant who received an ineligible determination or a determination that his or her name appears on a registry check and who has exhausted any administrative review rights provided for in this Code section shall be eligible to appeal such determination pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(B) In a hearing held pursuant to subparagraph (A) of this paragraph, the hearing officer shall consider in mitigation the length of time since the crime was committed, the absence of additional criminal charges, the circumstances surrounding the commission of the crime, and other indicia of rehabilitation.

(5)(A) Any action by the department revoking or refusing to grant a license based on any owner's ineligible determination or determination that the owner's name appears on a registry check shall constitute a contested case for purposes of Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' except that any hearing required to be held pursuant to such Act may be held reasonably expeditiously after such determination or action by the department.

(B)(i) In a hearing held pursuant to subparagraph (A) of this paragraph, the hearing officer shall consider in mitigation the:

(I) Length of time since the crime was committed;

(II) Absence of additional criminal charges;

(III) Circumstances surrounding the commission of the crime;

(IV) Other indicia of rehabilitation;

(V) Facility's history of compliance with the regulations; and

(VI) Owner's involvement with the licensed facility in arriving at a decision as to whether the criminal record requires the denial or revocation of the license to operate the facility.

(ii) When a hearing is required, the hearing officer shall notify the office of the prosecuting attorney who initiated the prosecution of the crime in question at least 30 days prior to the hearing to allow the prosecuting attorney to object to a possible determination that the conviction would not be a bar for the grant or continuation of a license as contemplated by this Code section. If objections are made, the hearing officer shall take such objections into consideration.

(b) The requirements of this Code section are supplemental to any requirements for a license imposed by other applicable Code sections.

37-1-148.

(a) No person, including the department, a facility, or a person acting on behalf of such entities, shall be liable for civil damages or be subject to any claim, demand, cause of action, or proceeding of any nature as a result of actions taken in good faith to comply with this article, including the disqualification of an applicant from employment on the basis of a disqualifying crime or ineligible determination.

(b)(1) A facility that has obtained an eligible determination on an owner, applicant, or employee in accordance with this article or confirmation that such owner, applicant, or employee has obtained a favorable final administrative review or appeal decision pursuant to Code Section 37-1-147, shall be immune from liability for claims of negligent hiring when such claims are based on the criminal record of such owner, applicant, or employee, even when the information contained in the criminal background check used by the department is later determined to have been incomplete or inaccurate; provided, however, that such immunity shall not preclude the liability of

a facility concerning claims based on information beyond the scope of the criminal record and eligible determination about the owner, applicant, or employee of which the facility knew or should have known.

(2) When a facility has obtained an eligible determination on an owner, applicant, or employee, there shall be a rebuttable presumption of due care for claims of negligent hiring, negligent retention, or other similar claims to the extent the claims are based on an owner's, applicant's, or employee's criminal record.

(c) Nothing in this article shall require a facility to conduct any other type of criminal history check of an owner, applicant, or employee, and a facility shall not be held liable for claims of negligent hiring, negligent retention, or other similar claims based solely or in part on its failure to conduct other types of criminal history checks.

(d) Nothing in this article shall be construed to waive the sovereign immunity of the state, the department, or any other entity of the state.

37-1-149.

The department shall promulgate written rules and regulations related to the requirements and implementation of this article, including, but not limited to, establishing percentages of ownership interest relevant for the enforcement of this article. In establishing such percentages of ownership, the department may regard any percentage of ownership greater than zero as constituting an ownership interest as defined in this article, or the department may by rule or regulation deem that a higher percentage of ownership is necessary to constitute such ownership."

(a)(1)(A) On or before January 1, 2029, pursuant to standards and rules promulgated by the Council of Probate Court Judges of Georgia, probate courts shall provide for the electronic filing of all pleadings and any other document related thereto in any civil matter in a probate court and provide for the acceptance of payments and remittances by electronic means.

(B)(i) On and after January 1, 2029, except as provided in paragraph (6) of this subsection, all pleadings and any other document related thereto in any civil matter in a probate court shall be filed by electronic means through the court's electronic filing service provider.

(ii) Except as provided in paragraph (6) of this subsection, once a court has commenced mandatory electronic filings in civil cases, a clerk shall not accept, file, or docket any pleading or any other form of paper document related thereto from an attorney, or party if he or she is pro se, in a civil case; provided, however, that to protect and promote access to the courts, courts shall reasonably accommodate parties by accepting and then converting and maintaining in electronic form pleadings or other form of paper documents related thereto presented physically at the courthouse by an attorney or a pro se party or otherwise received by the court from a pro se party. The clerk shall not charge the fee as set forth in subparagraph (A) of paragraph (2) of this subsection for such filings but when payment is submitted by credit card or bank draft, the clerk may charge the convenience fee as set forth in subparagraph (B) of paragraph (2) of this subsection.

(iii) Once a court has commenced mandatory electronic filings in civil cases, the court shall be required to provide a public terminal either within the administrative office space of the probate court or the county law library for any party to electronically file pleadings or other documents related thereto.

(2) Except as provided in paragraph (3) of this subsection, a court's electronic filing service provider may charge a fee which shall be a recoverable court cost and only include a:

Such fee shall be paid at the time of the first filing on behalf of a party, provided that, when filings are submitted via a public access terminal, such fee shall be paid upon the first filing not using such terminal; and

(B) Convenience fee for credit card and bank drafting services, which shall not exceed 3.5 percent, plus a 30¢ payment services fee per transaction.

(3) No electronic filing service provider shall charge a fee pursuant to this subsection for the filing of:

(i) By any local, state, or federal office, officer, or agency;

(ii) By attorneys appointed by the probate court to represent the interest of any party;

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 5 of Title 49 of the Official Code of Georgia Annotated, relating to programs and protection for children and youth, is amended in Article 1, relating to children and youth services, by adding a new Code section to read as follows:

"49-5-26.

(a) As used in this Code section, the term:

(1) 'Autism spectrum disorder' means a neurobiological disorder or developmental disability characterized by challenges with verbal communication, nonverbal communication, social skills, and restricted or repetitive behaviors, as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders. Such term shall also include autistic disorder, Asperger's syndrome, pervasive developmental disorder not otherwise specified, and childhood disintegrative disorder.

(2) 'Caregiver' means a parent, legal guardian, foster parent, or kinship caregiver of a child in foster care.

(3) 'Clinical evaluation' means a comprehensive process conducted by a healthcare professional to diagnose whether a child has autism spectrum disorder and to develop a treatment plan.

(4) 'Division' means the Division of Family and Children Services of the Department of Human Services.

(5) 'Screening' means a relatively brief process using tools such as questionnaires or surveys to identify potential developmental concerns indicating further clinical evaluation is necessary to determine if a child has autism spectrum disorder.

(b) Subject to appropriations, the division shall develop and implement a five-year pilot program for the purpose of providing screenings and clinical evaluations for autism spectrum disorder to children in foster care and providing training, services, and resources on autism spectrum disorder to regional directors, county directors, division supervisors, division case managers, other division staff, healthcare providers, and caregivers. All or part of such training, services, and resources may be provided online. The pilot program shall be established in three regional service areas in the first year and shall be expanded to additional regional service areas each subsequent year of the pilot program until all regional service areas are included. To the extent possible, the pilot program should prioritize screenings, clinical evaluations, and services for children in foster care who have been diagnosed with attention deficit hyperactive disorder or reactive attachment disorder or who have been prescribed psychotropic medications.

(c) As part of the pilot program, the division shall establish plans for the incremental expansion of the pilot program, adopt strategies for effectively communicating with caregivers, ensure sufficient medical consultants are available in regional service areas, and provide technical assistance and dedicated staff for the pilot program.

(d) Upon one year of operation of the pilot program and annually thereafter, no later than July 1, for the duration of the pilot program, the division shall submit a detailed written report on the implementation and effectiveness of the pilot program to the Governor, Speaker of the House of Representatives, President of the Senate, and chairpersons of the House Committee on Public and Community Health, the House Committee on Judiciary Juvenile, the Senate Children and Families Committee, and the Senate Health and Human Services Committee. Such report shall also include recommendations as to the implementation of the pilot program into division operations and identification of screenings, clinical evaluations, training, services, and resources that shall be provided by the division.

(e) The division shall be authorized to establish such rules and regulations as may be necessary to implement the pilot program established pursuant to this Code section.

(f) This Code section shall be repealed by operation of law on July 1 of the year following the submittal of the final report as provided in subsection (d) of this Code section."

SECTION 2.

(e) The fee for filing of an owners' association's initial registration statement and each annual renewal shall be $100.00.

(f) Records relating to an owners' association's governing documents, finances, assessments, fines, fees, liens, and foreclosures shall be subject to such reasonable examinations by representatives of the Secretary of State as the Secretary of State may deem in the public interest or for the protection of the public.

(g) An owners' association shall maintain for not less than ten years at an office located in this state or, if it has no office in this state, its principal office all records, including electronic records and records in any other format, relating to any assessments, fines, fees, liens, and foreclosures. (1) Filed an application for a registration statement with the Secretary of State which, as of its effective date, or any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained a statement that was, in light of the circumstances under which it was made, false or misleading with respect to a material fact;

(2) Willfully violated or failed to comply with this chapter or a rule promulgated by the Secretary of State under this chapter;

(d) Any order issued by the Secretary of State pursuant to this Code section shall state specifically the grounds for its issuance and a copy of such order shall be mailed to the owners' association at its registered address.

(e) The Secretary of State may delegate any of his or her powers and duties under this chapter as he or she desires to a division director in his or her office. 43-17A-4.

(a)(1) When the Secretary of State has issued any order denying, suspending, or revoking a registration statement of an owners' association, limiting the fines, fees, liens, or foreclosures that an owners' association may collect or perform in this state, or barring a person who is an officer, director, trustee, or executive personnel employee, or board member of an owners' association under Code Section 43-17A-3, he or she shall promptly send to the owners' association a notice of opportunity for hearing.

(2) Before entering an order refusing to register any person under Code Section 43-17A-3 and after the entering of any order for revocation or suspension, the Secretary of State shall promptly send to such person a notice of opportunity for hearing.

(3) Any hearing conducted pursuant to this Code section shall be overseen by the Secretary of State or a person designated by the Secretary of State.

(b) Notices of opportunity for hearing shall be served by investigators appointed by the Secretary of State or sent by registered or certified mail or statutory overnight delivery, return receipt requested, to the addressee's business mailing address or residential address as shown on information filed with the Secretary of State or directed for service to the sheriff of the county where such person resides or is found. Such notice shall state:

(1) The order which has been issued or which is proposed to be issued;

(2) The grounds for issuing such order or proposed order; and

(3) That the person to whom such notice is sent will be afforded a hearing upon request if such request is made within ten days after receipt of the notice.

(c) When a person requests a hearing after receipt of the notice provided for in subsection (b) of this Code section, a date, time, and place for such hearing shall be immediately set and the person requesting such hearing shall be notified of such hearing. Except as provided in subsection (b) of Code Section 43-17A-3, the date set for such hearing shall be within 30 days, but not earlier than five days after the request for hearing has been made, unless otherwise agreed to by the person requesting the hearing.

(d) For the purpose of conducting any hearing as provided in this Code section, the Secretary of State shall have the power to administer oaths, to call any party to testify under oath at such hearing, to require the attendance of witnesses and the production of books, records, and papers, and to interview and take written statements of witnesses; and for such purposes the Secretary of State is authorized to issue a subpoena for any witness or a subpoena for production of documentary evidence to compel the production of any books, records, or papers. A subpoena may be served by registered or certified mail or statutory overnight delivery, return receipt requested, to the addressee's business mailing address or residential address as shown on information filed with the Secretary of State or by investigators appointed by the Secretary of State or shall be directed for service to the sheriff of the county where such witness resides or is found or where the person in custody of any books, records, or papers resides or is found. The fees and mileage of the sheriff, witness, or person shall be paid from the funds in the state treasury for the use of the Secretary of State in the same manner that other expenses of the Secretary of State are paid.

(e)(1) At any hearing conducted under this Code section, a party or any affected person may appear in their own behalf or may be represented by an agent. Upon written request of both parties, the hearing shall be held virtually.

(2) A stenographic record of the testimony and other evidence submitted shall be taken unless the Secretary of State and the person requesting the hearing shall agree that such a stenographic record of the testimony shall not be taken.

(3) The Secretary of State shall determine the admissibility of such evidence, but a party may at any time make objection to any such determination; provided, however, that, if the Secretary of State refuses to admit evidence, the party offering such evidence shall make a proffer thereof and such proffer shall be made a part of the record of the hearing.

(f)(1) In the case of any hearing conducted under this Code section, the Secretary of State may conduct the hearing or may appoint a referee to conduct such hearing. The appointed referee shall have the same powers and authority in conducting the hearing as are granted in this Code section to the Secretary of State.

(2) In any hearing conducted by a referee, the referee shall submit to the Secretary of State a written report that includes the transcript of the testimony and evidence, if such transcript is requested by the Secretary of State; the findings of fact and conclusions of law; and any recommendations of action to be taken by the Secretary of State. Within 30 days of the time of submission of such report to the Secretary of State, a copy of the report shall be served upon the person who requested the hearing or their attorney or other representative of record by registered or certified mail or statutory overnight delivery, return receipt requested. That person or their attorney, within 30 days of service of the copy of such written report and recommendations, may file with the Secretary of State written objections to the report which shall be considered by the Secretary of State before a final order is entered.

(3) No recommendation of the referee shall be approved, modified, or disapproved by the Secretary of State until after 30 days following the service of such report as provided in this subsection.

(4) The recommendations of the referee may be approved, modified, or disapproved by the Secretary of State. The Secretary of State may direct the referee to take additional testimony or to permit the introduction of further documentary evidence.

(5) In any hearing conducted by a referee, a transcript of testimony, evidence, and objections, if any, shall have the same force and effect as if such hearing or hearings had been conducted by the Secretary of State.

(6) All recommendations of the referee shall be advisory only and shall not have the effect of an order of the Secretary of State.

(g) If the Secretary of State does not receive a request for a hearing as provided in subsection (b) of this Code section, he or she may permit an order previously entered to remain in effect or may enter a proposed order. If a hearing is requested and conducted as provided for in this Code section, the Secretary of State shall issue a written order which shall set forth his or her findings with respect to the matters involved.

(h) All orders entered pursuant to Code Section 43-17A-3 shall be entered pursuant to this Code section, except when:

(1) The Secretary of State deems that the public health, safety, or welfare imperatively requires emergency action and incorporates a finding to that effect in the order, in which case the order may be effective immediately pending proceedings, which proceedings shall be promptly instituted and determined; or

(2) The order is expressly required by a court order, to be made without the right to a hearing or continuance of any type.

(i) Unless the owners' association prevails in a hearing conducted under this Code section, it shall be required to pay an administrative service fee of $100.00 to the Secretary of State by order of the Secretary of State.

43-17A-5.

(a)(1) Any person residing in an owners' development claiming that he or she has been damaged by such owners' association's action or inaction may file a complaint with the Secretary of State, who shall appoint a hearing officer to conduct the proceedings. Such complaint shall be a written statement of the facts constituting the complaint and shall be made within 180 days of the alleged action or inaction.

(2) Upon the filing of such complaint under this subsection, the hearing officer shall investigate the statement of facts made and in his or her discretion order a hearing before the hearing officer, giving the complainant and the respondent notice of such filing and the time and place of such hearing. Immediately upon the conclusion of the hearing, the hearing officer shall report his or her findings and render conclusions upon the matter to the complainant and respondent in each case, who shall have 15 days thereafter in which to make effective and satisfy the hearing officer's conclusions.

(3) If such settlement is not effected within the time frames set forth in paragraph (2) of this subsection, the hearing officer, the complainant, or the respondent may bring an action to enforce the claim.

(b) It shall be unlawful in connection with any hearing under this Code section for any person to knowingly make or cause to be made to the Secretary of State, the hearing officer, or anyone acting on their behalf any false or misleading written or oral statement of material fact or any statement which omits a material fact.

(c) The nonprevailing party in a hearing conducted under this Code section shall be required to pay an administrative service fee of $100.00 to the Secretary of State by order of the Secretary of State.

43-17A-6.

(a)(1) An appeal may be taken from any order of the Secretary of State resulting from a hearing held in accordance with Code Section 43-17A-4 or any decision of a hearing officer resulting from a hearing held in accordance with Code Section 43-17A-5 by any person adversely affected by such order or decision to:

(A) Where the amount demanded or the value of the property claimed does not exceed the amount provided for in paragraph (5) of subsection (a) of Code Section 15-10-2, the magistrate court of the county in which the largest portion of the owners' development is located; or

(B) In all other cases, the superior court of the county in which the largest portion of the owners' development is located.

(2) Appeals pursuant to paragraph (1) of this subsection shall be accomplished by serving the Secretary of State, within 20 days after the date of entry of such order, a copy of the petition for de novo review filed in the appropriate court and signed by the petitioner, stating:

(A) The order from which the appeal is taken;

(B) The grounds upon which a reversal or modification of the order is sought; and

(C) A demand for a certified transcript of the record of the order.

(b) Upon receipt of the petition for review, the Secretary of State shall stay the enforcement of its order until the final disposition of the petition and, within ten days thereafter, make, certify, and deliver to the appropriate court a transcript of the record of the order from which the appeal is taken, provided that the appellant shall pay the reasonable costs of such transcript. Such petition and such transcript shall constitute appellant's complaint which shall be entered on the trial calendar of the court.

(c) If the order of the Secretary of State is reversed, the reviewing court shall by its mandate specifically direct the Secretary of State as to any further action to be taken by the Secretary of State in the matter, including the making and entering of an order or orders in connection with such reversal and the conditions, limitations, or restrictions to be included in such order or orders.

(d) A decision of a magistrate court pursuant to this Code section may be appealed by petition for review pursuant to Chapter 3 of Title 5.

(e) The nonprevailing party in an appeal conducted under this Code section shall be required to pay the court costs of the prevailing party, if any, by order of the court.

43-17A-7.

Owners shall have the right to:

(g) If the Secretary of State does not receive a request for a hearing as provided in subsection (b) of this Code section, he or she may permit an order previously entered to remain in effect or may enter a proposed order. If a hearing is requested and conducted as provided for in this Code section, the Secretary of State shall issue a written order which shall set forth his or her findings with respect to the matters involved.

Immediately upon the conclusion of the hearing, the hearing officer shall report his or her findings and render conclusions upon the matter to the complainant and respondent in each case, who shall have 15 days thereafter in which to make effective and satisfy the hearing officer's conclusions.

(3) If such settlement is not effected within the time frames set forth in paragraph (2) of this subsection, the hearing officer, the complainant, or the respondent may bring an action to enforce the claim.

(b) It shall be unlawful in connection with any hearing under this Code section for any person to knowingly make or cause to be made to the Secretary of State, the hearing officer, or anyone acting on their behalf any false or misleading written or oral statement of material fact or any statement which omits a material fact.

(c) The filing of a complaint under this subsection shall act as an automatic stay prohibiting the respondent from collecting or attempting to collect from the complainant any fines or fees that are the subject of the complaint or related to the subject of the complaint. Such automatic stay shall expire upon the rendering of the hearing officer's conclusions following the hearing; provided, however, that the hearing officer shall be authorized to extend such stay for 15 days after the rendering of his or her conclusions following the hearing.

(d) The nonprevailing party in a hearing conducted under this Code section shall be required to pay an administrative service fee of $100.00 to the Secretary of State by order of the Secretary of State.

(B) In all other cases, the superior court of the county in which the largest portion of the owners' development is located.

(b) Upon receipt of the petition for review, the Secretary of State shall, within ten days thereafter, make, certify, and deliver to the appropriate court a transcript of the record of the order from which the appeal is taken, provided that the appellant shall pay the reasonable costs of such transcript. Such petition and such transcript shall constitute appellant's complaint which shall be entered on the trial calendar of the court.

(c) If the order of the Secretary of State is reversed, the reviewing court shall by its mandate specifically direct the Secretary of State as to any further action to be taken by the Secretary of State in the matter, including the making and entering of an order or orders in connection with such reversal and the conditions, limitations, or restrictions to be included in such order or orders.

(d) A decision of a magistrate court pursuant to this Code section may be appealed by petition for review pursuant to Chapter 3 of Title 5.

Title 44 of the Official Code of Georgia Annotated, relating to property, is amended in Article 6 of Chapter 3, relating to owners' associations, by revising Code Section 44-3-222, relating to creation of property owners' development and affirmative election to be governed by article, as follows:

"44-3-222.

A property owners' development shall come into existence upon ~~either~~ the recordation of the declaration pursuant to this article, ~~or~~ the amendment of a recorded declaration in accordance with paragraph (2) of subsection (a) of Code Section 44-3-235, or the recordation of an instrument pursuant to paragraph (3) of subsection (a) of Code

Section 44-3-235. Any declaration or amendment intending to bring or avail a development of the benefits and provisions of this article shall state an affirmative election to be so governed. Any original declaration shall be duly executed by or on behalf of all of the owners of the submitted property. Any such amendment to an existing declaration shall be executed in accordance with the terms of the recorded declaration being amended thereby. Any such instrument specified in paragraph (3) of subsection (a) of Code Section 44-3-235 shall be executed pursuant to such Code section."

SECTION 4.

Said article is further amended in Code Section 44-3-226, relating to amendments of instrument and presumption of validity in court action, by revising subsection (b) as follows:

"(b)(1) No amendment of an instrument shall require approval of lot owners to which more than 80 percent of the association vote pertains and the mortgagees holding 80 percent of the voting interest of mortgaged lots; any property owners' association which exists prior to July 1, 1994, and amends its documents to avail itself of the provisions of this article, or otherwise submits to this article pursuant to Code Section 44-3-235, shall be deemed to have amended the association instrument to conform to ~~this~~ such limitation. ~~This subsection shall not be deemed to eliminate or modify any right of the declarant provided for in the instrument to approve amendments to the instrument so long as the declarant owns any lot primarily for the purpose of sale and, furthermore, this Code section shall not be construed as modifying or altering the rights of a mortgagee set forth elsewhere in this article.~~

(2) Provisions of any declaration of an association that submits to this article pursuant to paragraph (3) of subsection (a) of Code Section 44-3-235 that require a majority in excess of 80 percent of the association vote to amend shall not be affected or modified by this Code section if, by the first anniversary of the date of submission, the association and those mortgagees permitted to vote on amendments vote to retain the requirements by a majority and, if no such vote occurs, those provisions requiring more than 80 percent of the voting interest shall be deemed to only require 80 percent of the voting interest.

(3) This subsection shall not be deemed to eliminate or modify any right of a declarant provided for in the instrument to approve amendments to such instrument so long as the declarant owns any lot primarily for the purpose of sale and, furthermore, this Code section shall not be construed as modifying or altering the rights of a mortgagee set forth elsewhere in this article."

SECTION 5.

Said article is further amended in Code Section 44-3-232, relating to assessments against lot owners as constituting lien in favor of association, additional charges against lot owners, procedure for foreclosing lien, and obligation to provide statement of amounts due, by revising subsection (c) as follows:

"(c) Not less than ~~30~~ 60 days after notice is sent by certified mail or statutory overnight delivery, return receipt requested, to the lot owner both at the address of the lot and at any other address or addresses which the lot owner may have designated to the association in writing, the lien may be foreclosed by the association by an action, judgment, and court order for foreclosure in the same manner as other liens for the improvement of real property, subject to superior liens or encumbrances, but any such court order for judicial foreclosure shall not affect the rights of holders of superior liens or encumbrances to exercise any rights or powers afforded to them under their security instruments. The notice provided for in this subsection shall specify the amount of the assessments then due and payable together with authorized late charges and the rate of interest accruing thereon and shall state that payment of such amount prior to the sixtieth day following receipt of the notice will eliminate the right of foreclosure. Unless prohibited by the instrument, the association shall have the power to bid up to the amount of the lien on the lot at any foreclosure sale and to acquire, hold, lease, encumber, and convey the same. The lien for assessments shall lapse and be of no further effect, as to assessments or installments thereof, together with late charges and interest applicable thereto, ~~four~~ six years after the assessment or installment first became due and payable."

SECTION 6.

To amend an Act to provide for a new Board of Commissioners of Henry County, approved March 28, 1974 (Ga. BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act to provide for a new Board of Commissioners of Henry County, approved March 28, 1974 (Ga. L. 1974, p. 3680), as amended, is amended by revising Section 7.1 as follows:

"SECTION 7.1.

(a) Purpose.

(1) It is essential to the proper administration and operation of the Henry County government, authorities as defined in paragraph (1.1) of subsection (b) of this section, and their officials and employees be, and give the appearance of being, independent and impartial, that public office not be used for private gain, and that there be public confidence in the integrity of Henry County officials and employees. Because the attainment of one or more of these ends is impaired whenever there exists in fact, or appears to exist, a conflict between the private interests and public responsibilities of officials and employees, the public interest requires that the General Assembly protect against such conflicts of interest by establishing by law appropriate ethical standards with respect to the conduct of the officials and employees of Henry County in situations where a conflict may exist.

(2) The General Assembly recognizes that an appropriate and effective code of ethics for appointed officials and employees of Henry County is also essential for the proper administration and operation of the Henry County government.

Concurrently with denial or nonacceptance, the local issuing authority shall provide to the applicant a written list of the reasons for such denial or nonacceptance and sufficient information and documentation supporting each such reason. Should the applicant make material additions to the resubmitted application that are unrelated to the cited reasons for the denial or nonacceptance of the original application, the local issuing authority shall also address such additions in reviewing the resubmitted application. SECTION 1-2.

(a) The purposes of this Act are to ensure that Georgia consumers, including businesses and individuals, have access to:

(1) Affordable quality insurance coverage without being subjected to unjustified rate hikes or unfair business practices; and

(2) Fair and transparent insurance policies under which claims are processed expeditiously and in compliance with policy provisions and federal and state law.

(b) These purposes shall be accomplished by clarifying regulations of surprise billing, insurance fraud, uninsured motorists, excluded drivers, premium tax, insurance rates, and claims processing, enhancing the Commissioner of Insurance's authority, and increasing the amount of monetary penalties throughout the Georgia Insurance Code.

PART II
SECTION 2-1.

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended in Chapter 20E, the "Surprise Billing Consumer Protection Act," by revising Code Section 33-20E-23, relating to financial responsibilities for ground ambulance transportation, as follows:

"33-20E-23.

~~Nothing in this chapter shall reduce a covered person's financial responsibilities with regard to ground ambulance transportation.~~

(a) As used in this Code section, the term:

(1) 'Ambulance provider' means an agency, including an agency of any political subdivision of this state, or a company which is operating under a valid license from the Emergency Health Section of the Department of Public Health and which provides emergency transport service; provided, however, that such term shall not include an air ambulance service as such term is defined in Code Section 31-11-2.

(2) 'Clean claim' means a claim for reimbursement of service rendered by an ambulance provider that has no defect or impropriety, including any lack of required substantiating documentation, which would reasonably prevent timely payment for a claim.

(3) 'Covered service' means emergency transport service which a covered person is entitled to receive under the terms of a healthcare plan.

(4) 'Emergency transport service' means the provision of emergency transportation on the public streets and highways of this state by an ambulance provider for a wounded, injured, sick, invalid, or incapacitated human being to or from a place where medical or hospital care is furnished.

(5) 'First responder' means any firefighter of a municipal, county, or volunteer fire department; paramedic as defined in Code Section 31-11-2; emergency medical technician as defined in Code Section 31-11-2; peace officer as defined in Code Section 35-8-2; or communications officer as defined in Code Section 37-12-1.

(b) A healthcare plan shall consider emergency transport service as a covered service when such emergency transport service is requested by a first responder.

(c)(1) The minimum allowable reimbursement rate under any healthcare plan other than a state healthcare plan for covered service to an out-of-network ambulance provider shall be the rate agreed to by contract with or through passage of an ordinance, resolution, rule, or regulation by a county, municipality, special district, or authority for such service within the respective jurisdiction.

(2) When no agreement on a minimum reimbursement rate exists as set forth in paragraph (1) of this subsection, the minimum allowable reimbursement amount shall be the lesser of:

(A) Three hundred and twenty-five percent of the reimbursement rate under the Medicare program, Part A or B of Title XVIII of the federal Social Security Act, 42 U.S.C. Section 1395, et seq., as amended, for ambulance services; or

(B) The charges billed by the ambulance provider.

(d) Any payment made to an ambulance provider pursuant to this Code section shall release a covered person from any further payment responsibility other than any copayment, coinsurance, or deductible owed by the covered person.

(e) Any copayment, coinsurance, or deductible paid for covered service provided by an out-of-network ambulance provider shall not exceed the amount of a copayment, coinsurance, or deductible amount owed for similar service provided by an ambulance provider that belongs to the provider network in a healthcare plan.

(f) No later than 30 days after the receipt of a clean claim for covered service, an insurer shall remit payment for such service directly to the ambulance provider and shall not remit any payment to a covered person. When an insurer receives a claim that is not a clean claim, such insurer shall, within 30 days after receipt of such claim, send written notice to the ambulance provider making such claim that acknowledges the receipt of such claim and informs the ambulance provider that:

(1) The insurer has declined to pay all or part of the claim, including the reasons for such denial; or

(2) Additional information is necessary to make a determination regarding payment of all or part of the claim submitted, including the specific information required."

PART III
SECTION 3-1.

Said title is further amended in Chapter 8, relating to fees and taxes, by revising Code Section 33-8-9, relating to granting of refunds and credits by Commissioner, as follows:

"33-8-9.

Refunds and credits of license fees and taxes levied by this chapter shall be made by the Commissioner in accordance with the provisions of Code Sections 33-2-29 through 33-2-31; provided, however, that any claim for a refund of a fee or tax erroneously or illegally assessed and collected under this chapter shall be made by the insurer in writing within three years after the date of payment of such fee or tax to the Commissioner."

PART IV
SECTION 4-1.

Said title is further amended in Chapter 9, relating to regulation of rates, underwriting rules, and related organizations, by revising Code Section 33-9-41, which is reserved, as follows:

"33-9-41.

(a) As used in this Code section, the term:

(1) 'Anticipated underwriting profit' means the expected, projected, or modeled net profit that an insurer anticipates making from providing insurance coverage, exclusive of income from investments. Such term shall be calculated as the sum of the dollar amounts obtained by multiplying, for each rate filing of the insurer group in effect during a three-year period, the earned premiums applicable to such rate filings by the percentage factor included in such rate filing for profit and contingencies, such percentage factor having been determined with due recognition to investment income from funds generated by business in this state; provided, however, that separate calculations shall not be necessary for consecutive filings containing the same percentage factor for profits and contingencies.

(2) 'Cash refund' means a refund issued to a policyholder or former policyholder by an insurer in a single payment of coins, currency, checks, drafts, or money orders.

(3) 'Credit refund' means a refund issued to a policyholder by an insurer through application to a policy renewal premium for such policyholder.

(4) 'Excess profit' means an underwriting gain for the three most recent calendar accident years combined which is greater than the anticipated underwriting profit plus 5 percent of earned premiums for such calendar accident years.

(5) 'Final compilation year' means the final year in which data is reported in a three-year reporting period.

(6) 'Private passenger automobile insurance' means insurance that covers the personal use of a private passenger automobile and its operating equipment; covers liability, collision, comprehensive, personal injury protection or medical payments, or uninsured or underinsured motorist protection; or provides the mandatory minimum limits required under Chapter 34 of this title for the personal use of a private passenger automobile. Such insurance may be written on a family automobile policy, standard automobile policy, personal automobile policy, or similar private passenger automobile policy. Such term shall not include commercial automobile insurance or similar policies for commercial automobiles or commercial motor vehicles.

(b) No later than July 1, 2027, and annually thereafter, any domestic, foreign, or alien insurer that is authorized to write private passenger automobile insurance policies in this state shall file with the department on forms prescribed by the Commissioner data for private passenger automobile insurance in this state. Such data shall include both voluntary and joint underwriting association business and shall include the following:

(1) Calendar year total limits earned premium;

(2) Accident year incurred losses and loss adjustment expenses;

(3) Administrative and selling expenses incurred in this state or allocated to this state for the calendar year;

(4) Policyholder dividends incurred during the applicable calendar year;

(5) A schedule of private passenger automobile loss and loss adjustment experience for each of the three most recent accident years. The incurred losses and loss adjustment expenses shall be valued as of March 31 of the year following the close of the accident

year, developed to an ultimate basis, and at two twelve month intervals thereafter, each developed to an ultimate basis, so that a total of three evaluations will be provided for each accident year; and

(6) Any supplemental data the department needs for the determination of compliance with the provisions of this Code section.

(c) The department shall review the data collected pursuant to subsection (b) of this Code section to determine if excess profit has been realized based on a comparison of the insurer's underwriting gain and anticipated underwriting profit. Each insurer's underwriting gain or loss for each calendar accident year shall be calculated as the sum of the accident year incurred losses and loss adjustment expenses as of March 31 of the following year, developed to an ultimate basis, plus the administrative and selling expenses incurred in the calendar year, plus policyholder dividends applicable to the calendar year, subtracted from the calendar year earned premium. Such underwriting gain or loss shall be compared to the anticipated underwriting profit for the three most recent calendar accident years to determine if excess profit has been realized.

(d) Whenever the Commissioner has determined that an excess profit has been realized, the Commissioner shall issue an order for the insurer to return excess profit and otherwise comply with the provisions of this Code section. The order shall contain or shall be accompanied by a notice of opportunity for hearing which clearly explains that the opportunity must be requested within ten days of receipt of the order and notice. The order and notice shall be served in person by the Commissioner or his or her agent or by registered or certified mail or statutory overnight delivery, return receipt requested. The hearing shall be conducted in accordance with the provisions of Chapter 2 of this title.

(e)(1) Excess profit shall be refunded unless an insurer demonstrates to the department that the refund of excess profit will render the insurer financially impaired or insolvent.

(2) Excess profit shall be refunded on a pro rata basis in relation to the final compilation year earned premiums to the private passenger automobile insurance policyholders of record of the insurer on December 31 on the final compilation year and shall be returned to such policyholders in the form of:

(A) A cash refund within 60 days of a final order on the refund of excess profit; or

(B) A credit refund, which shall be applied to policy renewal premium notices that are forwarded to policyholders no more than 60 days after a final order on the refund of excess profit; provided, however, that, if a policyholder cancels the policy or allows the policy to terminate, the insurer shall make a cash refund no more than 60 days after termination of coverage.

(f) An insurer shall immediately certify to the department when all cash refunds or credit refunds have been made. Any cash refund or credit refund made pursuant to this Code section shall be treated as a policyholder dividend applicable to the year in which it is incurred for purposes of reporting under this Code section for subsequent years.

(g) The data in the required reports to the department obtained pursuant to this Code section and cash refunds or credit refunds to policyholders issued pursuant to this Code section may be rounded to the nearest dollar, provided that such rounding shall be applied consistently.

(h) The Commissioner shall be authorized to promulgate rules and regulations necessary for the implementation and enforcement of this Code section. ~~Reserved.~~"

PART V
SECTION 5-1.

Said title is further amended in Chapter 1, relating to general provisions, by revising subsection (f) of Code Section 33-1-16, relating to investigation of fraudulent insurance act, collection of evidence, immunity from liability, public inspection, and enforcement, as follows:

"(f) Any person, other than an insurer, agent, or other person licensed under this title, or an employee thereof, having knowledge of or who believes that a fraudulent insurance act is being or has been committed may send to the Commissioner a report of information pertinent to such knowledge of or belief and such additional information relative thereto as the Commissioner may request. Any insurer that conducts an independent investigation of suspected insurance fraud shall not be required to complete such investigation before sending information pertinent to such investigation to the Commissioner. The Commissioner or his or her employees or agents shall review such information or reports as, in the judgment of the Commissioner or such employees or agents, may require further investigation. The Commissioner shall then cause an investigation of the facts surrounding such information or report to be made to determine the extent, if any, to which a fraudulent insurance act is being committed and shall report any alleged violations of law which the investigations disclose to the appropriate prosecuting attorney having jurisdiction with respect to any such violation. If prosecution by the prosecuting attorney is not begun within 90 days of the report, the prosecuting attorney shall inform the Commissioner of the reasons for the lack of prosecution."

SECTION 5-2.

Said title is further amended in said chapter by revising subsection (c) of Code Section 33-1-17, relating to Special Insurance Fraud Fund, as follows:

"(c)(1) The Commissioner shall prepare, on an annual basis, a separate budget request to the General Assembly which sets forth the anticipated cost and expense of funding the investigation and prosecution of insurance fraud in this state for the ensuing 12 months. Such budget request shall set forth the annual cost and expense of the investigation and prosecution of insurance fraud in ~~Georgia~~ this state for the preceding 12 months.

(2) There is imposed upon each foreign, alien, and domestic insurance company doing business in the state an annual assessment under a formula to be established by

regulation promulgated by the Commissioner. The formula shall be calculated such that the total proceeds paid or collected from such assessments for any year shall not exceed the amounts appropriated by the General Assembly pursuant to paragraph (3) of this subsection, which appropriation shall be based upon the budget request setting forth the applicable annual cost and expense of the investigation and prosecution of insurance fraud in ~~Georgia~~ this state submitted by the Commissioner. Such assessments may be measured by kind of company, kind of insurance, income, volume of transactions, or such other factors as the Commissioner ~~determines~~ deems appropriate. Assessments based on the annual appropriation shall be due on September 1 of the year of the assessment. Any insurance company which fails to report and pay any such assessment shall be subject to penalties and interest as provided by subsection (d) of Code Section 33-8-6. The Commissioner shall provide by regulation for such other terms and conditions for the payment or collection of such assessments as may be necessary to ensure the proper payment and collection thereof. Notwithstanding the foregoing, the provisions of this Code section shall not apply to ~~an agency captive insurance company,~~ any certified dormant captive insurance company. Any agency captive insurance company, industrial insured captive insurance company, sponsored captive insurance company (including a protected cell thereof), or pure captive insurance company~~. Foreign and~~ shall pay a fixed amount of $100.00 per year into the Special Insurance Fraud Fund, and any foreign or alien captive insurance ~~companies~~ company doing business in ~~Georgia~~ this state shall~~, however,~~ pay a fixed amount of ~~$100.00~~ $200.00 per year into the Special Insurance Fraud Fund, without regard to the amount of the ~~Georgia~~ this state premium written by such ~~foreign or alien~~ captive insurance company. (3) The General Assembly may appropriate funds to the department for the investigation ~~of insurance fraud~~ and ~~for the funding of the~~ prosecution of insurance fraud. insurers; to provide for calculations; to provide for notice and opportunity for hearing; to provide for cash refunds or credit refunds; to provide for certification; to prohibit adjustments to commission, premium tax, or other tax payments; to provide for insurance coverage for certain out-of-network ambulance transportation service; to provide for the minimum allowable reimbursement rate for such service; to provide for maximum amounts on copayments, coinsurance, or deductibles for such service; to provide for definitions; to provide for rules and regulations; to provide for related matters; to provide for effective dates and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended in Chapter 9, relating to regulation of rates, underwriting rules, and related organizations, by revising Code Section 33-9-41, which is reserved, as follows:

"33-9-41.

(a) As used in this Code section, the term:

(1) 'Anticipated underwriting profit' means the expected, projected, or modeled net profit that an insurer anticipates making from providing insurance coverage, exclusive of income from investments. Such term shall be calculated as the sum of the dollar amounts obtained by multiplying, for each rate filing of the insurer group in effect during a five-year period, the earned premiums applicable to such rate filings by the percentage factor included in such rate filing for profit and contingencies, such percentage factor having been determined with due recognition to investment income from funds generated by business in this state; provided, however, that separate calculations shall not be necessary for consecutive filings containing the same percentage factor for profits and contingencies.

(2) 'Cash refund' means a refund issued to a policyholder or former policyholder by an insurer in a single payment of coins, currency, checks, drafts, or money orders.

(3) 'Credit refund' means a refund issued to a policyholder by an insurer through application to a policy renewal premium for such policyholder.

(4) 'Excess profit' means an underwriting gain for the five most recent calendar accident years combined which is greater than the anticipated underwriting profit plus 6 percent of earned premiums for such calendar accident years.

(5) 'Final compilation year' means the final year in which data is reported in a five-year reporting period.

(6) 'Private passenger automobile insurance' means insurance that covers the personal use of a private passenger automobile and its operating equipment; covers liability, collision, comprehensive, personal injury protection or medical payments, or uninsured or underinsured motorist protection; or provides the mandatory minimum limits required under Chapter 34 of this title for the personal use of a private passenger automobile. Such insurance may be written on a family automobile policy, standard automobile policy, personal automobile policy, or similar private passenger automobile

policy. Such term shall not include commercial automobile insurance or similar policies for commercial automobiles or commercial motor vehicles.

(b) No later than July 1, 2028, and annually thereafter, any domestic, foreign, or alien insurer that is authorized to write private passenger automobile insurance policies in this state shall file with the department on forms prescribed by the Commissioner data for private passenger automobile insurance in this state. Such data shall include both voluntary and joint underwriting association business and shall include the following:

(1) Calendar year total limits earned premium;

(2) Accident year incurred losses and loss adjustment expenses;

(3) Administrative and selling expenses incurred in this state or allocated to this state for the calendar year;

(4) Policyholder dividends incurred during the applicable calendar year;

(5) A schedule of private passenger automobile loss and loss adjustment experience for each of the five most recent accident years. The incurred losses and loss adjustment expenses shall be valued as of March 31 of the year following the close of the accident year, developed to an ultimate basis, and at four 12 month intervals thereafter, each developed to an ultimate basis, so that a total of five evaluations will be provided for each accident year; and

(6) Any supplemental data the department needs for the determination of compliance with the provisions of this Code section.

(c) The department shall review the data collected pursuant to subsection (b) of this Code section to determine if excess profit has been realized based on a comparison of the insurer's underwriting gain and anticipated underwriting profit. Each insurer's underwriting gain or loss for each calendar accident year shall be calculated as the sum of the accident year incurred losses and loss adjustment expenses as of March 31 of the following year, developed to an ultimate basis, plus the administrative and selling expenses incurred in the calendar year, plus policyholder dividends applicable to the calendar year, subtracted from the calendar year earned premium. Such underwriting gain or loss shall be compared to the anticipated underwriting profit for the five most recent calendar accident years to determine if excess profit has been realized.

(d) Whenever the Commissioner has determined that an excess profit has been realized, the Commissioner shall issue an order for the insurer to return excess profit and otherwise comply with the provisions of this Code section. The order shall contain or shall be accompanied by a notice of opportunity for hearing which clearly explains that the opportunity must be requested within ten days of receipt of the order and notice. The order and notice shall be served in person by the Commissioner or his or her agent or by registered or certified mail or statutory overnight delivery, return receipt requested. The hearing shall be conducted in accordance with the provisions of Chapter 2 of this title.

(e)(1) Excess profit shall be refunded unless an insurer demonstrates to the department that the refund of excess profit will render the insurer financially impaired or insolvent.

(2) The insurer shall submit to the Commissioner a fair, practicable, and nondiscriminatory plan to refund or credit to policyholders the realized excess profit as determined by the Commissioner within 30 days after receipt of the written notice

provided for in subsection (d) of this Code section, or, if an insurer requests a hearing, within 30 days after the conclusion of such hearing. If the refund or credit plan is not approved, the Commissioner shall issue a written notice to the insurer containing the reasons why it was not approved and specifications for corrections to the plan. Upon approval of the insurer's refund or credit plan, the Commissioner shall issue an order requiring the insurer to distribute the excess profit according to the approved plan in the form of:

(A) A cash refund within 60 days of a final order on the refund of excess profit; or

(B) A credit refund, which shall be applied to policy renewal premium notices that are forwarded to policyholders no more than 60 days after a final order on the refund of excess profit; provided, however, that, if a policyholder cancels the policy or allows the policy to terminate, the insurer shall make a cash refund no more than 60 days after termination of coverage.

(f) An insurer shall immediately certify to the department when all cash refunds or credit refunds have been made. Any cash refund or credit refund made pursuant to this Code section shall be treated as a policyholder dividend applicable to the year in which it is incurred for purposes of reporting under this Code section for subsequent years.

(g) The data in the required reports to the department obtained pursuant to this Code section and cash refunds or credit refunds to policyholders issued pursuant to this Code section may be rounded to the nearest dollar, provided that such rounding shall be applied consistently.

(h) No insurer that makes any refund pursuant to this Code section shall be allowed to adjust any payments of commissions, premium tax, or other tax due to such refund.

(i) The Commissioner shall be authorized to promulgate rules and regulations necessary for the implementation and enforcement of this Code section. ~~Reserved.~~"

(f) No later than 30 days after the receipt of a clean claim for covered service, an insurer shall remit payment for such service directly to the ambulance provider and shall not remit any payment to a covered person. When an insurer receives a claim that is not a clean claim, such insurer shall, within 30 days after receipt of such claim, send written notice to the ambulance provider making such claim that acknowledges the receipt of such claim and informs the ambulance provider that:
