(c) Any physician, anesthesiologist assistant, or certified registered nurse anesthetist administering, directing, or supervising psychedelic-assisted treatment and therapy in a clinic shall be subject to the rules and regulations established by the board pursuant to

this Code section. The board may establish minimum standards of continuing medical education for all healthcare professionals owning a clinic. All other licensed healthcare professionals practicing in a clinic may be subject to minimum standards of continuing education established by the respective licensing board for such healthcare professionals.

(d)(1) On and after July 1, 2027, all clinics shall be licensed by the board and shall biennially renew their license with the board. In the event that physicians in a clinic practice at more than one location, each such location shall be licensed by the board, and such license shall be nontransferable.

(2) Upon the filing of an application for a license, the board may cause a thorough investigation of the applicant to be made and such investigation may include a criminal background check; provided, however, that the board shall cause a thorough investigation of a new applicant to be made, and such investigation shall include a background check. If satisfied that the applicant possesses the necessary qualifications, the board shall issue a license. However, the board may issue licenses with varying restrictions to such persons where the board deems it necessary for the purpose of safeguarding the public health, safety, and welfare.

(3) Whenever an applicable rule requires or prohibits action by a clinic, responsibility shall be that of the owner and the physicians practicing in such clinic, whether the owner is a sole proprietor, partnership, association, corporation, or otherwise.

(4) The board shall deny or refuse to renew a clinic license if it determines that the granting or renewing of such license would not be in the public interest.

(5)(A) A clinic shall be wholly or majority owned by physicians licensed in this state who meet the competency requirements for psychedelic-assisted treatment and therapy established by the board and who maintain advanced airway management training; provided, however, that any clinic that is not wholly owned by physicians licensed in this state shall be jointly owned only with certified registered nurse anesthetists.

(B) Subparagraph (A) of this paragraph shall not apply to any clinic in existence and operational on the effective date of this Act; provided, however, that any such clinic shall be subject to and in compliance with all other provisions of this Code section in order to operate.

(6) All licenses shall expire biennially unless renewed. All applications for renewal of a license shall be filed with the board prior to the expiration date, accompanied by the biennial renewal fee prescribed by the board. A license which has expired for failure of the holder to renew may be late renewed after application and payment of the prescribed late renewal fee within the time period established by the board and provided the applicant meets such requirements as the board may establish by rule. Any license which has not been renewed by the end of the late renewal period shall be considered revoked and subject to reinstatement at the discretion of the board after meeting such requirements as the board may establish.

(e) Administration of psychedelic-assisted treatment and therapy in a clinic shall only be performed by:

(1) A physician licensed in this state with advanced airway management training;

(2) A certified registered nurse anesthetist licensed in this state under the direction and responsibility of a duly licensed physician; or

(3) An anesthesiologist assistant licensed in this state under the direct supervision of a duly licensed anesthesiologist.

(f) A review of the prescription drug monitoring program database established pursuant to Code Section 16-13-57 shall be completed for each patient and documented in the patient's medical record prior to the administration of any psychedelic-assisted treatment and therapy and all administration of any psychedelic-assisted treatment and therapy shall be reported to the prescription drug monitoring program by the clinic.

(g) Except as otherwise provided in subsection (e) of this Code section, any person who administers psychedelic-assisted treatment and therapy in this state without a license to practice medicine from the board shall be deemed to be engaged in the unlawful practice of medicine and subject to the provisions of Code Sections 43-34-39 and 43-34-42.

(h) Nothing in this Code section shall be construed to permit the use of drugs or substances not approved by the federal Food and Drug Administration.

(i) Nothing in this Code section shall be construed to apply to the use of psychedelic-assisted treatment and therapy in a clinic affiliated with a hospital or in a clinical trial approved by the federal Food and Drug Administration.

(j) Nothing in this Code section shall be construed to apply to the administration of drugs approved by the federal Food and Drug Administration for such drugs' Food and Drug Administration approved on-label indication for use."

(B) Is an individual identified in paragraph (4) of subsection (a) of Code Section 20-2-880 or paragraph (3) of Code Section 20-2-910 who is classified as full time by the applicable local education agency.

(2) 'Employing entity' means:

(A) The executive, legislative, or judicial branch of state government; or

(B) A local education agency.

(3) 'Local education agency' shall have the same meaning as set forth in Code Section 20-2-167.1.

(4) 'Maternal birth leave' means a period of paid time off from work necessary to recuperate as a result of a qualifying life event.

(5) 'Qualifying life event' means giving birth to one or more children in a single or multiple pregnancy.

(b) All eligible employees of an employing entity shall be eligible for 120 hours of paid maternal birth leave for qualifying life events after six continuous months of employment

with the employing entity regardless of whether the employee is eligible for paid or unpaid leave under federal law.

(c) If taken, maternal birth leave shall only be taken during the three-week period immediately following the eligible employee's qualifying life event to recuperate from such birth and shall precede the taking of any paid parental leave authorized under Code Section 45-20-17.

(d) Unused paid maternal birth leave shall have no cash value at the time of the eligible employee's separation from employment with the employing entity.

(e) Each employing entity shall promulgate rules for the administration of paid maternal birth leave under this Code section for eligible employees which are not in conflict with this Code section; provided, however, that the State Personnel Board shall promulgate such rules for any employing entity that is considered a department or agency as such terms are synonymously defined in paragraph (6) of Code Section 45-20-2. (i) If a paid state holiday takes place during the eligible employee's maternal birth leave, such eligible employee shall only be compensated for the state holiday.

(2) 'Correctional agency' means a governmental unit of one or more persons employed full time or part time by the state, a state agency or department, or a political subdivision of the state for the primary purpose of providing supervision, protection, care, custody, control, or investigation of persons at a penal institution.

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 20E of Title 33 of the Official Code of Georgia Annotated, the "Surprise Billing Consumer Protection Act," so as to provide for insurance coverage for certain out-

of-network ambulance transportation service; to provide for the minimum allowable reimbursement rate for such service; to provide for maximum amounts on copayments, coinsurance, or deductibles for such service; to provide for definitions; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 20E of Title 33 of the Official Code of Georgia Annotated, the "Surprise Billing Consumer Protection Act," is amended by revising Code Section 33-20E-23, relating to financial responsibilities for ground ambulance transportation, as follows:

"33-20E-23.

~~Nothing in this chapter shall reduce a covered person's financial responsibilities with regard to ground ambulance transportation.~~

(a) As used in this Code section, the term:

(1) 'Ambulance provider' means an agency, including an agency of any political subdivision of this state, or a company which is operating under a valid license from the Emergency Health Section of the Department of Public Health and which provides emergency transport service; provided, however, that such term shall not include an air ambulance service as such term is defined in Code Section 31-11-2.

(2) 'Clean claim' means a claim for reimbursement of service rendered by an ambulance provider that has no defect or impropriety, including any lack of required substantiating documentation, which would reasonably prevent timely payment for a claim.

(3) 'Covered service' means emergency transport service which a covered person is entitled to receive under the terms of a healthcare plan.

(4) 'Emergency transport service' means the provision of emergency transportation on the public streets and highways of this state by an ambulance provider for a wounded, injured, sick, invalid, or incapacitated human being to or from a place where medical or hospital care is furnished.

(5) 'First responder' means any firefighter of a municipal, county, or volunteer fire department; paramedic as defined in Code Section 31-11-2; emergency medical technician as defined in Code Section 31-11-2; peace officer as defined in Code Section 35-8-2; or communications officer as defined in Code Section 37-12-1.

(6) 'Medical necessity' means the need to use emergency ambulance transport when a wounded, injured, sick, invalid, or incapacitated human being's condition would appear to a ordinarily prudent person to make other forms of transport dangerous to the health or condition of such human being to or from a place where medical or hospital care is furnished.

(b) A healthcare plan shall consider emergency transport service as a covered service when:

(1) Such emergency transport service is requested by a first responder or healthcare practitioner responsible for the care of the individual receiving the emergency transport service; or

(2) Such emergency transport service is requested by an individual not included in paragraph (1) of this subsection but the use of such service was a medical necessity.

(c)(1) The minimum allowable reimbursement rate under any healthcare plan other than a state healthcare plan for covered service to an out-of-network ambulance provider shall be the rate agreed to by contract with or through passage of an ordinance, resolution, rule, or regulation by a county, municipality, special district, or authority for such service within the respective jurisdiction.

(2) When no agreement on a minimum reimbursement rate exists as set forth in paragraph (1) of this subsection, the minimum allowable reimbursement amount shall be 300 percent of the reimbursement rate under the Medicare program, Part A or B of Title XVIII of the federal Social Security Act, 42 U.S.C. Section 1395, et seq., as amended, for ambulance services.

(d) Any payment made to an ambulance provider pursuant to this Code section shall release a covered person from any further payment responsibility other than any copayment, coinsurance, or deductible owed by the covered person.

(e) Any copayment, coinsurance, or deductible paid for covered service provided by an out-of-network ambulance provider shall not exceed the amount of a copayment, coinsurance, or deductible amount owed for similar service provided by an ambulance provider that belongs to the provider network in a healthcare plan.

(f) No later than 30 days after the receipt of a clean claim for covered service, an insurer shall remit payment for such service directly to the ambulance provider and shall not remit any payment to a covered person. When an insurer receives a claim that is not a clean claim, such insurer shall, within 30 days after receipt of such claim, send written notice to the ambulance provider making such claim that acknowledges the receipt of such claim and informs the ambulance provider that:

(1) The insurer has declined to pay all or part of the claim, including the reasons for such denial; or

(2) Additional information is necessary to make a determination regarding payment of all or part of the claim submitted, including the specific information required."

SECTION 2.

All laws and parts of laws in conflict with this Act are repealed.

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 60 of Title 36 of the Official Code of Georgia Annotated, relating to general provisions applicable to counties and municipal corporations, so as to provide procedures for real property owners to make claims for compensation from local governments for loss of property value or expenses incurred due to the local government's failure to comply with or nonenforcement of certain laws, ordinances, and resolutions or due to the local government maintaining a public nuisance; to provide for definitions; to provide judicial remedies if such claims are rejected or not acted upon by local governments; to suspend applicable statutes of limitations while such claims are being considered by local governments; to provide for exceptions and limitations; to waive sovereign immunity; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 60 of Title 36 of the Official Code of Georgia Annotated, relating to general provisions applicable to counties and municipal corporations, is amended by adding a new Code section to read as follows:

"36-60-34.

(a) As used in this Code section, the term:

(1) 'Fair market value' means the probable sales price that would be agreed upon for a parcel of real property by a buyer and seller on the open market with a reasonable amount of time for the parcel to be listed for sale or otherwise offered for sale on the open market, with the buyer having knowledge of all the uses and purposes to which the parcel is adapted and for which it is capable.

(2) 'Local government' means the governing authority of a county, municipality, or consolidated government.

(3) 'Owner' means the holder of either fee simple title or a leasehold to a parcel of real property; provided, however, that, in the event that a leaseholder to a particular parcel of property filed a claim pursuant to this Code section, the holder of the underlying fee title in the same parcel shall not also be qualified as an owner of such parcel under this Code section.

(4) 'Policy, pattern, or practice' means a pervasive, systemic, or organized standard operating procedure of a generalized nature, but shall not include accidental, isolated, or sporadic acts.

(b) In addition to any other remedial procedures provided by law, and notwithstanding any provisions of Chapters 11, 33, and 92 of this title or Chapter 21 of Title 50 to the contrary, the owner of a parcel of real property may submit a written claim for compensation to the local government in which such real property is located if:

(1) The local government adopts and enforces a policy, pattern, or practice of:

(A) Failing to comply with Code Section 36-80-23, relating to prohibitions on immigration sanctuary policies, or Chapter 36 of Title 50, relating to verification of lawful presence within the Unites States; or

(B) Declining to enforce existing laws, ordinances, or other legislation prohibiting:

(i) Illegal public camping;

(ii) Loitering;

(iii) Obstructing public thoroughfares;

(iv) Panhandling;

(v) Possession or use of controlled substances in violation of Chapter 13 of Title 16;

(vi) Shoplifting; or

(vii) Public intoxication or public urination while trespassing on private property; or

(2) The local government maintains a public nuisance and:

(A) The owner incurs documented expenses to mitigate the effects of such policy, pattern, practice, or public nuisance on the owner's real property; or

(B) The fair market value of the owner's real property is reduced by such policy, pattern, practice, or public nuisance.

(c) The amount of compensation to which the owner is entitled pursuant to this Code section shall be, at the owner's election, equal to:

(1) The documented expenses incurred by the owner that were reasonably necessary, at the discretion of the owner, to mitigate the effects of the policy, pattern, practice, or maintenance of a public nuisance to the owner's real property; or

(2) The reduction in fair market value of the property resulting from the local government's policy, pattern, practice, or maintenance of a public nuisance.

(d)(1) Except as otherwise provided in this Code section, claims for compensation pursuant to this Code section shall be administered in accordance with Code Section 48-5-380. A claim made pursuant to this Code section shall be in writing, shall state the measure of compensation being elected by the owner, and shall state the policy, pattern, practice, or public nuisance which caused:

(A) The owner to incur expenses reasonably necessary to mitigate the effects of such policy, pattern, practice, or public nuisance; or

(B) The reduction in fair market value of the property.

A claim shall also state and itemize the monetary value of such incurred expenses or reduction in fair market value and describe the specific consequences of the local government's policy, pattern, practice, or public nuisance that form the factual basis of the owner's claim.

(2) A claim shall be presented to a local government within the tax year in which the events occurred upon which the claim is predicated.

(3) Upon the presentation of a claim pursuant to this Code section, the governing authority of the local government shall consider and act upon the claim within 30 days from the presentation.

(4) If the local government accepts the claim, it shall pay the compensation established pursuant to this Code section to the owner within 30 days of accepting the claim and the claim shall be satisfied.

(5)(A) If the local government rejects or does not respond to the claim within 30 days of its presentation, the owner may bring an action against the local government in the superior court having jurisdiction over such local government.

(B) A claim filed pursuant to this Code section that is rejected or not responded to by a local government shall act as a notice of claim or ante litem notice otherwise required by law, and no additional notices provided for by Chapters 11, 33, and 92 of this title or Chapter 21 of Title 50 shall be required, regardless of whether or not the owner pursues remedies pursuant to this Code section or as otherwise authorized by law.

(C) If an action is brought against a local government pursuant to this paragraph, the local government shall bear the burden of proof in demonstrating that its actions are lawful, that the amount of the claim is unreasonable, or that the local government took reasonable steps to mitigate the alleged public nuisance.

(D) In an action brought pursuant to this paragraph:

(i) The owner shall not be liable to the local government for attorney fees or costs; and

(ii) A prevailing owner shall be awarded reasonable attorney fees and costs.

(e) The compensation paid by a local government pursuant to this Code section shall:

(1) Be in lieu of any other claims or causes of action the owner may have for monetary damages from the local government arising from the policy, pattern, practice, or maintenance of a public nuisance giving rise to the claim made pursuant to this Code section that occur prior to the date such compensation is paid; and

(2) Not exceed the amount of ad valorem property taxes paid on such owner's parcel and levied by such local government in the prior tax year.

(f) The running of any applicable statute of limitations shall be suspended during the time that a claim presented pursuant to this Code section is pending before such local government without action on their part.

(g) An owner may submit a claim pursuant this Code section relating to a particular parcel of real property once per tax year. If a local government denies a claim for being administratively incomplete, the owner shall be permitted to revise and resubmit the claim to ensure the claim is administratively complete.

(h) If the policy, pattern, practice, or public nuisance remains in place after an owner submits a claim pursuant to this Code section, and the owner continues to suffer monetary damages as a result of such continuance, the owner may file subsequent claims pursuant to this Code section in subsequent tax years.

(i) Nothing in this Code section shall prohibit a local government and an owner from entering into a settlement agreement for an amount less than the compensation otherwise requested by a claim filed pursuant to this Code section.

(j) In the event that an owner has filed an unsuccessful claim pursuant to this Code section for the same parcel of property that did not result in the awarding of any compensation, and such owner files subsequent claims for the same parcel of property, the local government shall recover from such owner the costs of litigation and reasonable attorney's fees incurred in defending any unsuccessful claim filed by such owner.

(k) This Code section shall not apply to:

(1) Decisions by local government officials exercising prosecutorial discretion to not prosecute alleged offenders if such discretion is exercised on a case-by-case basis and the justification for each such decision is published on a monthly basis by the local government;

(2) Acts of executive clemency;

(3) Acts or omission mandated by federal or state law; and

(4) Actions taken by district attorneys, solicitors-general, or other elected county officers not subject to the control of the governing authority of a local government or the employees of such officers.

(l) The General Assembly hereby waives the sovereign immunity of local governments to the extent necessary to effectuate this Code section."

SECTION 2.

"26-4-53.

(a) As used in this Code section, the term 'prescribing practitioner' means a physician duly licensed under Article 2 of Chapter 34 of Title 43 who issues a standing order for self-administered contraceptives or injectable hormonal contraceptives.

(b) A person licensed under Chapter 4 of this title, the 'Georgia Pharmacy Practice Act,' who is acting in good faith and exercising reasonable care as a pharmacist and who is employed by a hospital or a pharmacy that is licensed by this state may dispense a self-administered hormonal contraceptive or administer an injectable hormonal contraceptive pursuant to a standing order by a lawfully authorized prescribing practitioner issued in accordance with subsection (d) of this Code section to a patient who is:

(1) Eighteen years of age or older; or

(2) Under eighteen years of age if the person has evidence of a previous prescription from a prescribing practitioner for a self-administered hormonal contraceptive or an injectable hormonal contraceptive.

(c) Nothing in this Code section shall be construed to require a pharmacist to dispense a self-administered hormonal contraceptive or administer an injectable hormonal contraceptive. Nothing in this article shall be construed to amend a pharmacist's duties to dispense or otherwise provide contraception prescribed by a prescribing practitioner.

(d) The Georgia Composite Medical Board and the Georgia State Board of Pharmacy shall issue a written joint protocol agreement to take effect on January 1, 2027, which shall authorize pharmacists to dispense self-administered hormonal contraceptives and administer injectable hormonal contraceptives without a patient-specific written order, and such agreement shall include the following:

(6) Any additional provisions that the Georgia Composite Medical Board and the Georgia State Board of Pharmacy determine to be necessary or appropriate for inclusion in the protocol, including any reporting requirements.

(e) For each new patient requesting contraception and at least every twelve months for each returning patient, the written joint protocol agreement provided in subsection (d) of this Code section shall require a pharmacist dispensing or administering contraceptives pursuant to this Code section to:

(1) Obtain a completed self-screening risk assessment;

(2) Utilize a standardized procedure as established by the Georgia Composite Medical Board and the Georgia State Board of Pharmacy to perform a patient assessment;

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, so as to revise provisions for student eligibility and maximum scholarship amounts; to provide for military students and students with Individualized Education Programs (IEPs), Section 504 Plans, or other designated disabilities; to provide for such designation; to require the Department of Education to publish a current list of participating schools and the medical or behavioral conditions that each school is either currently accommodating or is able to accommodate; to provide for related matters; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, is amended by revising paragraph (1) of Code Section 20-2A-1, relating to definitions, as follows:

"(1) 'Eligible student' means a student who is a Georgia resident who, immediately prior to receiving a scholarship or tuition grant under Code Section 20-2A-2 and enrolling in a qualified school or program, was enrolled in and attended for at least six weeks a Georgia secondary or primary public school or who is eligible to enroll in a qualified first grade, kindergarten program, or pre-kindergarten program; provided, however, that, if a student is deemed an eligible student pursuant to this paragraph, he or she shall continue to qualify as such until he or she graduates, reaches the age of 20, or returns to a public school, whichever occurs first; and provided, further, that the enrollment and six-week public school attendance requirements shall be waived in the case of a student whose parent is an active duty military service member stationed in Georgia during the previous year; a student with an Individualized Education Program (IEP) or a Section 504 Plan or who has been diagnosed with dyslexia, autism spectrum disorder, speech-language delay and disorder, hearing loss, or another intellectual and developmental disability designated by the Department of Education pursuant to Code Section 20-2A-2; or a student who, based on the school attendance zone of his or her primary residence, is or would be assigned to a public school that the Office of Student Achievement determines to be a low-performing school, who is the subject of officially documented cases of school based physical violence or student related verbal abuse threatening physical harm, or who was enrolled in a home study program meeting the

requirements of subsection (c) of Code Section 20-2-690 for at least one year immediately prior to receiving a scholarship or tuition grant under Code Section 20-2A-2."

SECTION 2.

Said chapter is further amended by revising paragraph (1) of Code Section 20-2A-2, relating to requirements for student scholarship organizations, as follows:

"(1) With respect to the first $1.5 million of its annual revenue received from donations for scholarships or tuition grants, including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 92 percent of such revenue for scholarships or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $1.5 million and up to and including $10 million, including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 94 percent of such revenue for scholarships or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $10 million and up to and including $20 million, including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 95 percent of such revenue for scholarships or tuition grants; and, with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $20 million, including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 96 percent of such revenue for scholarships or tuition grants. On or before the end of the calendar year following the calendar year in which a student scholarship organization receives revenues from donations and obligates them for the awarding of scholarships or tuition grants, the student scholarship organization shall designate the obligated revenues for specific student recipients. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants, the student scholarship organization may distribute the entire obligated and designated revenues to a qualified school or program to be held in accordance with Department of Revenue rules for distribution to the specified recipients during the years in which the recipients are projected in writing by the private school to be enrolled at the qualified school or program. In making a multiyear distribution to a qualified school or program, the student scholarship organization shall require that if the designated student becomes ineligible or for any other reason the qualified school or program elects not to continue disbursement of the multiyear scholarship or tuition grant to the designated student for all the projected years, then the qualified school or program shall immediately return the remaining funds to the student scholarship organization. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants for which the student scholarship organization distributes the obligated and designated revenues to a qualified school or program annually rather than the entire amount, if the designated student becomes ineligible or for any other reason the student scholarship organization elects not to

continue disbursement for all years, then the student scholarship organization shall designate any remaining previously obligated revenues for a new specific student recipient on or before the end of the following calendar year. Unless the student has an Individualized Education Program (IEP) or a Section 504 Plan or has been diagnosed with dyslexia, autism spectrum disorder, speech-language delay and disorder, hearing loss, or another intellectual and developmental disability (IDD) designated by the Department of Education pursuant to this paragraph, the ~~The~~ maximum scholarship amount given by the student scholarship organization in any given year shall not exceed the average state and local expenditures per student in fall enrollment in public elementary and secondary education for this state. The Department of Education shall determine and publish such amount and such designated IDDs annually, no later than January 1;"

SECTION 3.

Said chapter is further amended by revising Code Section 20-2A-6, relating to maintenance of list on website, as follows:

"20-2A-6.

The Department of Education shall maintain on its website:

(1) A ~~a~~ current list of all student scholarship organizations which have provided notice pursuant to paragraph (6) of Code Section 20-2A-2; and

(2) A current list of participating schools and the medical or behavioral conditions each such participating school is either currently accommodating or is able to accommodate."

SECTION 4.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall apply to all taxable years beginning on or after January 1, 2026.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

A BILL TO BE ENTITLED
AN ACT

To amend Article 4 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to county and municipal hospital authorities, so as to allow rural hospitals to join together to allow further purchasing power with third-party payors but retain their independence; to provide for legislative findings and intentions; to provide for the application doctrine developed in federal antitrust jurisprudence; to provide for construction; to provide for immunity; to provide for collaboration; to provide for joint negotiations with third-party payors; to provide for best practices; to provide for shared staffing; to provide for certain immunity; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 4 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to county and municipal hospital authorities, is amended by adding a new Code section to read as follows:

"31-7-70.1.

(a) The General Assembly declares that in support of and in furtherance of the powers granted in Code Section 31-7-75, in connection with the merger and coordination provisions of Code Sections 31-7-72 and 31-7-72.1, and in support of and in furtherance of the capacity for hospital authorities operating projects in rural counties to collaborate and integrate the delivery of care to best meet the needs of the community, this legislative body finds that:

(1) Hospital authorities organized under this article perform essential public and governmental functions on behalf of the State of Georgia and the counties and municipalities that activate them. The General Assembly finds that the provision of healthcare services through hospital authorities operating in rural counties serves vital public interests, including ensuring access to care, promoting public health, supporting medical education and research, sustaining rural healthcare providers, and maintaining healthcare infrastructure in communities throughout this state;

(2) Healthcare delivery in rural counties in Georgia can be significantly enhanced through coordinated planning, joint operations, and collaborative arrangements among hospital authorities and restructured hospital authorities and between hospital authorities in rural counties, restructured hospital authorities in rural counties, and other

healthcare providers operating projects in rural counties. Such coordination may be necessary to achieve efficiency, reduce costs, improve quality, expand access to services, attract and retain healthcare professionals, maintain financial viability of essential healthcare facilities, and respond effectively to public health emergencies and evolving community health needs; and

(3) The nature and scope of the powers conferred on hospital authorities operating in rural counties by this article are such as may compel each hospital authority operating projects in rural counties, in the course of exercising its powers or by virtue of such exercise of powers, to engage in activities itself or in collaboration with other hospital authorities, public or private healthcare entities, and individuals that may be characterized as anticompetitive or may result in the acquisition or maintenance of market power within the meaning of state and federal antitrust laws, or otherwise may have the effect of displacing competition in the provision of hospital, physician, or other healthcare related services.

(b) It is the express policy of the State of Georgia to permit and encourage hospital authorities or restructured hospital authorities operating in rural counties to engage in coordinated healthcare planning and delivery, including but not limited to:

(1) Mergers, acquisitions, consolidations, and affiliations with other hospital authorities or healthcare providers;

(2) Joint ventures, partnerships, and collaborative arrangements for the provision of healthcare services;

(3) Coordinated or joint negotiations with third-party payors, health insurers, and managed care organizations, whether such negotiations result in separate or combined agreements;

(4) Joint purchasing arrangements and shared services agreements;

(5) Shared staffing to promote flexible staffing among rural providers in light of the workforce shortages for trained staff;

(6) Coordinated decisions regarding the allocation, expansion, reduction, or discontinuation of healthcare services and service lines;

(7) Agreements regarding pricing, reimbursement rates, or the terms of contracts with third-party payors and other third parties;

(8) Information sharing and other collaborative activities with public or private entities and individuals;

(9) Creation, operation, and participation in delivery system networks, clinically integrated networks, and accountable care organizations; and

(10) Any other coordinated activities that the hospital authority determines will promote the public health needs of the communities it serves.

(c) The General Assembly hereby declares that in carrying out the public health mission of this state through the exercise of the powers granted by this article, including without limitation the collaborative activities expressly authorized by this article, hospital authorities and restructured hospital authorities operating in rural counties, as well as any collaborating entities, to the extent of their activities in connection with projects in rural counties undertaken with or on behalf of such hospital authorities or restructured hospital

authorities, shall be immune from liability under all federal and state antitrust laws to the fullest extent permitted by law.

(d) As an expression of the public policy of this state with respect to the displacement of competition in the field of healthcare in rural counties, the General Assembly hereby declares that:

(1) Each hospital authority operating in a rural county, when exercising its powers under this article, acts as an agency or instrumentality of the county or municipality that activated it and as a public body corporate and politic. For purposes of federal and state antitrust law, including the application of the state action doctrine as developed in federal antitrust jurisprudence, each such hospital authority shall be deemed a political subdivision of the State of Georgia;

(2) The powers granted to hospital authorities operating in rural counties under this article constitute a clearly articulated and affirmatively expressed state policy to displace competition with regulation or monopoly public service in the field of healthcare delivery in rural counties;

(3) The General Assembly has determined that the potential anticompetitive effects of hospital authority conduct authorized under this article are a foreseeable result of the powers granted herein, and such potential anticompetitive effects are consistent with the state's policy of promoting coordinated healthcare delivery through hospital authorities in rural counties;

(4) Neither a hospital authority nor any entity with which a hospital authority collaborates with respect to projects in rural counties, in exercising the powers granted under this article, shall be subject to what has come to be known in relevant antitrust jurisprudence as 'active supervision' by the state in order to enjoy immunity from the application of all state and federal antitrust laws; and

(5) The conduct of hospital authorities and their collaborating entities in exercising the powers granted under this article with respect to projects in rural counties, is exempt from all antitrust laws of this state, including but not limited to any state law counterpart to the federal Sherman Act, Clayton Act, or Federal Trade Commission Act.

(e) Nothing in this Code section shall be construed to authorize conduct that would violate any other applicable state or federal law, rule, or regulation, other than the antitrust laws addressed herein.

(f) The provisions of this Code section shall be liberally construed to effectuate the purposes and intent of the General Assembly as expressed herein."

SECTION 2.

Said article is further amended by revising Code Section 31-7-71, relating to definitions, as follows:

"31-7-71.

As used in this article, the term:

(1) 'Area of operation' means the area within the city or county activating an authority. Such term shall also mean any other city or county in which the authority wishes to

(3) 'Collaborating entity' means any public or not-for-profit hospital authority, or restructured hospital authority, nonprofit licensed healthcare entity operating in a rural county that enters into any agreement, contract, merger, acquisition, joint venture, affiliation, partnership, network arrangement, or other collaborative relationship with a hospital authority for the purpose of exercising or furthering any power granted to hospital authorities under this article to operate in a rural county.

~~(3)~~(4) 'Governing body' means the elected or duly appointed officials constituting the governing body of a city or county.

Such term may also include any such institutions, utilities, and facilities located outside the city or county in which the authority is located, provided that the acquisition, construction, equipping, and operation thereof is requested or approved by the governing bodies of such city and county in which the project is located and by the board of any hospital authorities located within such city and county or provided that the acquisition, construction, equipping, and operation is to be located in the area of operation of the authority.

~~(6)~~(7) 'Resolution' means the resolution or ordinance to be adopted by governing bodies pursuant to which authorities are established.

(8) 'Restructured hospital authority' means a nonprofit tax-exempt entity that leases its operating assets from a hospital authority organized and created by resolution that includes at least one member of such hospital authority on the restructured nonprofit governing board and operates a project in a rural county.

SECTION 3.

Said article is further amended by revising Code Section 31-7-72.1, relating to merger of hospital authorities, as follows:

"31-7-72.1.

(a) A hospital authority activated for a county pursuant to Code Section 31-7-73 may be merged with a hospital authority activated for that county under Code Section 31-7-72 upon compliance with this Code section and approval by resolution of the governing authority of the county in which the authorities are located. A majority of the board of each such hospital authority must approve such merger by a resolution which is adopted by each such board and is filed with the department. That resolution shall set forth:

(1) The name of each hospital authority planning to merge and the name of the surviving hospital authority into which each plans to merge; and

(2) The terms and conditions of the planned merger.

(b) The merger authorized by subsection (a) of this Code section shall not become effective until the governing authority of the county of operation of the merging hospitals appoints the members of the board of the surviving hospital authority by proper resolution and files copies of such resolution with the department. The governing authority is not required but is authorized to appoint as a member of the surviving hospital authority any member of a hospital authority planning to merge. The board of the surviving hospital shall consist of not more than 15 members with initial appointments for such staggered terms as provided in the resolution of the county governing authority. Appointments to fill vacancies for either an unexpired or full term shall thereafter be filled as authorized for an authority under subsection (c) of Code Section 31-7-72. The surviving hospital authority shall be in all other respects a hospital authority created under Code Section 31-7-72.

(c) A county whose hospital authorities have merged under the authority of this Code section shall not thereafter be prohibited from activating a hospital authority under Code Section 31-7-73.

(d) When a merger under this Code section takes effect:

(1) Each hospital authority party to the merger merges into the surviving hospital authority and the separate existence of each such hospital authority except the surviving hospital authority ceases;

(2) The ownership of and authority to operate the hospitals owned by each hospital authority and the title to all real estate and other property owned by each hospital authority party to the merger is vested in the surviving hospital authority without reversion or impairment subject to any and all conditions to which the property was subject prior to the merger;

(3) The surviving hospital authority has all liabilities and obligations of each hospital authority party to the merger; and

(4) A proceeding pending against any hospital authority party to the merger may be continued as if the merger did not occur or the surviving hospital authority may be substituted in the proceeding for the hospital authority whose existence ceased.

(e) It is declared by the General Assembly of Georgia that in the exercise of the power specifically granted to them by this Code section, hospital authorities are acting pursuant to state policy and shall be immune from antitrust liability to the same degree and extent as enjoyed by the State of Georgia.

(f)(1) It is declared by the General Assembly of Georgia that hospital authorities, in the exercise of the powers specifically granted to them by this Code section and by Code Sections 31-7-72, 31-7-75, and any other provision of this article, are acting pursuant to a clearly articulated and affirmatively expressed state policy to displace competition in the field of healthcare delivery.

(2) Hospital authorities exercising any power granted under this article in rural counties, including without limitation the power to merge with other hospital authorities, to consolidate operations, to affiliate with other healthcare entities, to coordinate healthcare planning and delivery, and to engage in the collaborative activities described in Code Section 31-7-75, shall be immune from antitrust liability under all federal and state laws to the same degree and extent as enjoyed by the State of Georgia.

(3) Without limiting the generality of the foregoing, hospital authorities operating in rural counties shall be immune from liability under all federal antitrust laws, including without limitation the federal Sherman Act 15 U.S.C. Section 1, et seq., the federal Clayton Act 15 U.S.C. Section 12, et seq., and the Federal Trade Commission Act 15 U.S.C. Section 41, et seq., as well as any state law counterpart thereto or any other state or federal law prohibiting or regulating anticompetitive conduct, monopolization, restraints of trade, or unfair methods of competition.

(4) The immunity declared in this subsection extends to:

(A) Any hospital authority operating in rural counties and exercising powers granted under this article;

(B) Any surviving, resulting, or successor hospital authority following a merger, acquisition, consolidation, or other combination authorized under this article;

(C) Any members of the board of a hospital authority, and any officers, employees, or agents of a hospital authority, acting within the scope of their authority;

(D) Any collaborating entity, to the extent of such entity's coordination, collaboration, contract, or concerted action with a hospital authority in connection with the exercise of powers granted under this article with respect to projects in rural counties; and

(E) Any entity controlled by, or under common control with, a hospital authority, including without limitation any nonprofit subsidiary, affiliate, joint venture, or other entity in which a hospital authority has an ownership or membership interest.

(5) Neither a hospital authority nor any person or entity described in paragraph (4) of this subsection shall be required to demonstrate 'active state supervision' of its conduct, as that concept has been developed in federal antitrust jurisprudence, in order to claim the immunity declared in this subsection. The General Assembly hereby finds and declares that:

(A) Hospital authorities are public bodies corporate and politic created pursuant to this article to exercise public and essential governmental functions and are activated by and accountable to the governing bodies of the counties and municipalities that activate them. For purposes of federal and state antitrust law, including the application of the state action doctrine as developed in federal antitrust jurisprudence,

hospital authorities operating in rural counties shall be deemed political subdivisions of this state when exercising their powers under this article;

(B) The powers granted to hospital authorities under this article are conferred for the purpose of carrying out the state's public health mission in rural counties, and the exercise of such powers in accordance with this article constitutes implementation of the express policy of the State of Georgia;

(C) The requirement of active state supervision is inapplicable to the conduct of hospital authorities and collaborating entities pursuant to the powers granted under this article; and

(D) To the extent that any court or regulatory body determines that active state supervision is required for any person or entity to claim immunity under this subsection, the General Assembly hereby designates the governing body of the rural county or municipality that activated the hospital authority or, if activated by multiple governing bodies, the governing bodies acting jointly, as the state actor responsible for supervising the conduct of the hospital authority and any collaborating entities, and such governing body or bodies are hereby authorized and directed to review, approve, and supervise agreements and collaborative arrangements entered into by hospital authorities pursuant to this article.

(6) The immunity declared in this subsection shall apply to:

(A) Any action, suit, or proceeding brought by the Federal Trade Commission, the United States Department of Justice, or any other federal agency or instrumentality;

(B) Any action, suit, or proceeding brought by the State of Georgia, the Attorney General, or any other state agency or instrumentality;

(C) Any action, suit, or proceeding brought by any county, municipality, or other political subdivision of this state;

(D) Any private action, suit, or proceeding, including without limitation any action for damages, injunctive relief, or other remedy under federal or state antitrust laws; and

(E) Any investigation, inquiry, civil investigative demand, subpoena, or other compulsory process issued in connection with any matter described in subparagraphs (A) through (D) of this paragraph.

(7) The provisions of this subsection shall be liberally construed to effectuate the intent of the General Assembly as expressed in Code Section 31-7-70.1 and this Code section. Any ambiguity in the scope or application of this subsection shall be resolved in favor of immunity.

(g) In addition to the merger of hospital authorities operating in rural counties authorized by subsections (a) through (d) of this Code section, hospital authorities or restructured hospital authorities operating in rural counties may enter into affiliations, joint ventures, joint operating agreements, and other collaborative arrangements with other hospital authorities or with other healthcare entities, including without limitation healthcare systems, hospitals, physician groups, and other providers, without effecting a formal merger, for the purpose of operating, supporting, or furthering projects in rural counties. The immunity declared in subsection (e) of this Code section shall extend to any such

affiliation or collaborative arrangement and to each participating entity to the extent of its activities in connection with projects in rural counties, regardless of where such participating entity is located or headquartered. Such affiliations and collaborative arrangements shall be deemed to be an exercise of the powers granted under Code Section 31-7-75.

(h) Nothing in this Code section shall be construed to limit, modify, or repeal any power granted to hospital authorities under Code Section 31-7-75 or any other provision of this article, or to limit the immunity declared in subsection (b) of Code Section 31-7-75. The provisions of this Code section and Code Section 31-7-75 shall be construed together and in harmony to provide hospital authorities and restructured hospital authorities operating projects in rural counties with the broadest possible authority to engage in coordinated healthcare planning and delivery, and the fullest possible immunity from antitrust liability for the exercise of such authority to operate projects in rural counties."

SECTION 4.

Said article is further amended by revising Code Section 31-7-75, relating to functions and powers, as follows:

"31-7-75.

(a) Every hospital authority shall be deemed to exercise public and essential governmental functions and shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this article, including, but without limiting the generality of the foregoing, the following powers:

(1) To sue and be sued;

(2) To have a seal and alter the same;

(3) To make and execute contracts and other instruments necessary to exercise the powers of the authority;

(4) To acquire by purchase, lease, or otherwise and to operate projects;

(5) To construct, reconstruct, improve, alter, and repair projects;

(6) To sell to others, or to lease to others for any number of years up to a maximum of 40 years, any lands, buildings, structures, or facilities constituting all or any part of any existing or hereafter established project. In the event a hospital authority undertakes to sell a hospital facility, such authority shall, prior to the execution of a contract of sale, provide reasonable public notice of such sale and provide for a public hearing to receive comments from the public concerning such sale. This power shall be unaffected by the language set forth in paragraph (13) of this Code section or any implications arising therefrom unless grants of assistance have been received by the authority with respect to such lands, buildings, structures, or facilities, in which case approval in writing as set forth in paragraph (13) of this Code section shall be obtained prior to selling or leasing to others within 20 years after completion of construction;

(7) To lease for any number of years up to a maximum of 40 years for operation by others any project, provided that the authority shall have first determined that such lease will promote the public health needs of the community by making additional facilities available in the community or by lowering the cost of health care in the community and

that the authority shall have retained sufficient control over any project so leased so as to ensure that the lessee will not in any event obtain more than a reasonable rate of return on its investment in the project, which reasonable rate of return, if and when realized by such lessee, shall not contravene in any way the mandate set forth in Code Section 31-7-77 specifying that no authority shall operate or construct any project for profit. Any lessee shall agree in the lease to pay rent sufficient in each year to pay the principal of and the interest on any revenue anticipation certificates proposed to be issued to finance the cost of the construction or acquisition of any such project and to pay off or refinance, in whole or in part, any outstanding debt or obligation of the lessee, (including any redemption or prepayment premium due thereon), which was incurred in connection with the acquisition and construction of facilities of such lessee and the amount necessary in the opinion of the authority to be paid each year into any reserve funds which the authority may deem advisable to be established in connection with the retirement of the proposed revenue anticipation certificates and the maintenance of the project. Any such lease shall further provide that the cost of all insurance with respect to the project and the cost of maintenance and repair thereof shall be borne by the lessee. In carrying out a refinancing plan with regard to any outstanding debt or obligation of the lessee which was incurred in connection with the acquisition and construction of facilities of such lessee, the authority may use proceeds of any revenue anticipation certificates issued for such purpose to acquire such outstanding debt or obligation, in whole or in part, and may itself or through a fiduciary or agent hold and pledge such acquired debt or obligation as security for the payment of such revenue anticipation certificates. The powers granted in this paragraph shall be unaffected by the language set forth in paragraph (13) of this Code section or any implications arising therefrom unless grants of assistance have been received by the authority with respect to such project, in which case approval in writing as set forth in paragraph (13) of this Code section shall be obtained prior to leasing to others within 20 years after completion of construction. Any revenues derived by the authority from any such lease shall be applied by the authority to the payment of any revenue anticipation certificates issued in connection with the acquisition and construction of the project and the payment, in whole or in part, of any outstanding debt or obligation of the lessee which was incurred in connection with the acquisition and construction of facilities of such lessee, (including any redemption or prepayment premium due thereon), or to the payment of any other expenses incurred in connection with acquiring, financing, maintaining, expanding, operating, or equipping the project;

(8) To extend credit or make loans to others for the planning, design, construction, acquisition, or carrying out of any project, which credit or loans may be secured by such loan agreements, mortgages, security agreements, contracts, or other instruments or fees or charges, for a term not to exceed 40 years, and upon such terms and conditions as the authority shall determine reasonable in connection with such loans, including provisions for the establishment and maintenance of reserves and insurance funds, and in the exercise of powers granted by this Code section in connection with a project, to require the inclusion in any contract, loan agreement, security agreement, or other

instrument such provisions for guaranty, insurance, construction, use, operation, maintenance, and financing of a project as the authority may deem necessary or desirable;

(9) To acquire, accept, or retain equitable interests, security interests, or other interests in any property, real or personal, by mortgage, assignment, security agreement, pledge, conveyance, contract, lien, loan agreement, or other consensual transfer in order to secure the repayment of any moneys loaned or credit extended by the authority;

(10) To establish rates and charges for the services and use of the facilities of the authority;

(11) To accept gifts, grants, or devises of any property;

(12) To acquire by the exercise of the right of eminent domain any property essential to the purposes of the authority;

(13) To sell or lease within 20 years after the completion of construction of properties or facilities operated by the hospital authority where grants of financial assistance have been received from federal or state governments, after such action has first been approved by the department in writing;

(14) To exchange, transfer, assign, pledge, mortgage, or dispose of any real or personal property or interest therein;

(15) To mortgage, pledge, or assign any revenue, income, tolls, charges, or fees received by the authority;

(16) To issue revenue anticipation certificates or other evidences of indebtedness for the purpose of providing funds to carry out the duties of the authority; provided, however, that the maturity of any such indebtedness shall not extend for more than 40 years;

(17) To borrow money for any corporate purpose;

(18) To appoint officers, agents, and employees;

(19) To make use of any facilities afforded by the federal government or any agency or instrumentality thereof;

(20) To receive, from the governing body of political subdivisions issuing the same, proceeds from the sale of general obligation bonds or other county obligations issued for hospital authority purposes;

(21) To exercise any or all powers now or hereafter possessed by private corporations performing similar functions;

(22) To make plans for unmet needs of their respective communities;

(23) To contract for the management and operation of the project by a professional hospital or medical facilities consultant or management firm. Each such contract shall require the consultant or firm contracted with to post a suitable and sufficient bond;

(24) To provide management, consulting, and operating services including, but not limited to, administrative, operational, personnel, and maintenance services to another hospital authority, hospital, health care facility, as said term is defined in Chapter 6 of this title, person, firm, corporation, or any other entity or any group or groups of the foregoing; to enter into contracts alone or in conjunction with others to provide such services without regard to the location of the parties to such transactions; to receive

management, consulting, and operating services including, but not limited to, administrative, operational, personnel, and maintenance services from another such hospital authority, hospital, health care facility, person, firm, corporation, or any other entity or any group or groups of the foregoing; and to enter into contracts alone or in conjunction with others to receive such services without regard to the location of the parties to such transactions;

(25) To provide financial assistance to individuals for the purpose of obtaining educational training in nursing or another health care field if such individuals are employed by, or are on an authorized leave of absence from, such authority or have committed to be employed by such authority upon completion of such educational training; to provide grants, scholarships, loans or other assistance to such individuals and to students and parents of students for programs of study in fields in which critical shortages exist in the authority's service area, whether or not they are employees of the authority; to provide for the assumption, purchase, or cancellation of repayment of any loans, together with interest and charges thereon, made for educational purposes to students, postgraduate trainees, or the parents of such students or postgraduate trainees who have completed a program of study in a field in which critical shortages exist in the authority's service area; and to provide services and financial assistance to private not for profit organizations in the form of grants and loans, with or without interest and secured or unsecured at the discretion of such authority, for any purpose related to the provision of health or medical services or related social services to citizens;

(26) To exercise the same powers granted to joint authorities in subsection (f) of Code Section 31-7-72; ~~and~~

(27) To form and operate, either directly or indirectly, one or more networks of hospitals, physicians, and other health care providers and to arrange for the provision of health care services through such networks; to contract, either directly or through such networks, with the Department of Community Health to provide services to Medicaid beneficiaries to provide health care services in an efficient and cost-effective manner on a prepaid, capitation, or other reimbursement basis; and to undertake other managed health care activities; provided, however, that for purposes of this paragraph only and notwithstanding the provisions of Code Section 33-3-3, as now or hereafter amended, a hospital authority shall be permitted to and shall comply with the requirements of Chapter 21 of Title 33 to the extent that such requirements apply to the activities undertaken by the hospital authority pursuant to this paragraph. No hospital authority, whether or not it exercises the powers authorized by this paragraph, shall be relieved of compliance with Article 4 of Chapter 18 of Title 50, relating to inspection of public records unless otherwise authorized by law. Any health care provider licensed under Chapter 30 of Title 43 shall be eligible to apply to become a participating provider under such a hospital plan or network which provides coverage for health care services which are within the lawful scope of his or her practice, provided that nothing contained in this Code section shall be construed to require any such hospital plan or network to provide coverage for any specific health care service~~.~~;

(28) To coordinate, collaborate, or jointly exercise any of the powers granted under this article in rural counties with one or more collaborating entities with respect to projects in rural counties, including without limitation:

(A) Entering into mergers, consolidations, affiliations, joint ventures, partnerships, or other collaborative arrangements with other hospital authorities or healthcare entities;

(B) Engaging in coordinated or joint negotiations with third-party payors, health insurers, health maintenance organizations, preferred provider organizations, and other managed care organizations, whether such negotiations result in separate agreements or combined agreements covering multiple participating entities;

(C) Establishing joint purchasing arrangements, group purchasing organizations, and shared services agreements;

(D) Making coordinated decisions regarding the planning, allocation, expansion, reduction, relocation, or discontinuation of healthcare services, service lines, facilities, or programs;

(F) Entering into agreements regarding pricing, reimbursement rates, fee schedules, or other terms and conditions of contracts with third-party payors, suppliers, vendors, or other third parties;

(G) Sharing information, data, best practices, and other resources with other healthcare entities, provided that such sharing complies with applicable state and federal privacy laws;

(H) Creating, operating, or participating in clinically integrated networks, accountable care organizations, delivery system networks, or other value-based care arrangements;

(I) Jointly recruiting, employing, or contracting with physicians, healthcare professionals, and administrative personnel; and

(J) Engaging in any other coordinated or collaborative activities that the authority determines will promote the public health needs of the communities it serves;

(29) To engage in arrangements, contracts, information sharing, and other collaborative activities with public or private entities and individuals, including without limitation joint ventures, joint purchasing arrangements, joint negotiations with physicians, hospitals, and third-party payors, regardless of whether or not such negotiations result in separate or combined agreements, leases, management agreements, and agreements that involve delivery system network creation or operation; and

(30) To exercise any power granted under this article in such manner in a rural county as the authority may determine to be consistent with the purposes of this article, notwithstanding that, as a consequence of such exercise of powers, activities may be deemed anticompetitive or may result in the acquisition or maintenance of monopoly power or market power in some relevant market within the meaning of all state and federal antitrust laws, and notwithstanding that such activities may have the effect of

displacing competition in the provision of hospital, physician, or other healthcare related services.

The powers granted in paragraphs (28), (29), and (30) of this subsection are enacted in furtherance of the legislative findings and declarations set forth in Code Section 31-7-70.1.

(b) In furtherance of the legislative findings and declarations set forth in Code Section 31-7-70.1, and in addition to the immunity declared in subsection (e) of Code Section 31-7-72.1 with respect to mergers of hospital authorities, it is hereby declared by the General Assembly of Georgia that:

(1) Hospital authorities operating in rural counties exercising any power granted under this article, including without limitation the collaborative powers set forth in paragraphs (27), (28), (29), and (30) of subsection (a) of this Code section, are acting pursuant to a clearly articulated and affirmatively expressed state policy to displace competition in the field of healthcare delivery;

(2) Such hospital authorities operating in rural counties shall be immune from antitrust liability under all federal and state laws to the same degree and extent as enjoyed by the State of Georgia;

(3) Any collaborating entity shall, to the extent of such coordination, collaboration, or agreement with a hospital authority with respect to projects in rural counties, share in the immunity of the hospital authority and shall not be subject to liability under any federal or state antitrust laws for conduct undertaken pursuant to or in furtherance of such coordination, collaboration, or agreement;

(4) Neither a hospital authority nor any entity or individual described in paragraph (3) of this subsection shall be required to satisfy what has come to be known in relevant antitrust jurisprudence as 'active state supervision' in order to claim immunity under this Code section, it being the express determination of the General Assembly that hospital authorities are public bodies corporate and politic that, for purposes of federal and state antitrust law, shall be deemed political subdivisions of this state exercising delegated sovereign authority and that supervision of their conduct by another state agency is neither necessary nor required for such immunity to attach; and

(5) The provisions of this Code section shall be liberally construed to effectuate the intent of the General Assembly to authorize hospital authorities operating in rural counties to engage in coordinated healthcare planning and delivery for the benefit of the citizens of this state, and to protect hospital authorities and their collaborating entities from antitrust liability arising from such conduct."

The notification shall include such transferor's tax credit balance prior to transfer, the remaining balance after transfer, all tax identification numbers for each transferee, the date of transfer, the amount transferred, and any other information required by the department;

(3) Failure to comply with this subsection shall result in the disallowance of the tax credit until the taxpayer is in full compliance;

(4) Any unused credit may be carried forward to subsequent taxable years provided that the transfer or sale of this tax credit does not extend the time in which such tax credit can be used. The carry-forward period for tax credit that is transferred or sold shall begin on the date on which the tax credit was originally earned; and

(5) A transferee shall have only such rights to claim and use the tax credit that were available to the transferor at the time of the transfer. To the extent that such transferor did not have rights to claim and use the tax credit at the time of the transfer, the department shall either disallow the tax credit claimed by the transferee or recapture the tax credit from the transferee. The transferee's recourse is against the transferor.

~~(e)(1) Whenever:~~

~~(A) Any person prepares an appraisal of the value of property and knows, or reasonably should have known, that the appraisal would be used in connection with a return or a claim for refund claiming a tax credit under this Code section; and~~

~~(B) The claimed value of the property on such appraisal as submitted to the State Properties Commission results in a substantial valuation misstatement with respect to such property for purposes of claiming a tax credit under this Code section,~~

~~then such person shall pay a penalty in the amount determined under paragraph (2) of this subsection.~~

~~(2) The amount of the penalty imposed under paragraph (1) of this subsection on any person with respect to an appraisal shall be equal to the lesser of:~~

~~(A) The greater of:~~

~~(i) Twenty-five percent of the difference between the amount of the tax credit claimed on the taxpayer's return or claim for refund and the amount of the tax credit to which the taxpayer is actually entitled, to the extent the difference is attributable to the misstatement described in paragraph (1) of this subsection; or~~

~~(ii) Ten thousand dollars; or~~

~~(B) One hundred twenty-five percent of the gross income received by the person described in paragraph (1) of this subsection for the preparation of the appraisal.~~

~~(3) No penalty shall be imposed under paragraph (1) of this subsection if the person establishes to the satisfaction of the commissioner that the value established in the appraisal was more likely than not the proper value.~~

~~(4) Except as otherwise provided, the penalty provided by this subsection shall be in addition to any other penalties provided by law. The amount of any penalty under this subsection shall be assessed within three years after the return or claim for refund with respect to which the penalty is assessed was filed, and no proceeding in court without assessment for the collection of such penalty shall be begun after the expiration of such period. Any claim for refund of an overpayment of the penalty assessed under this subsection shall be filed within three years from the time the penalty was paid.~~

~~(f)~~(h) No credit shall be allowed under this Code section with respect to any amount deducted from taxable net income by the taxpayer as a charitable contribution.

~~(g)~~(i) The commissioner shall promulgate any rules and regulations necessary to implement and administer this Code section."

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

Interest paid upon such borrowings shall be exempt from taxation by the state or its political subdivisions. A state contract with a community service board shall not be used or accepted as security or collateral for a debt, liability, or obligation of a community service board without the prior written approval of the commissioner;

~~(18)~~(14) Each community service board, to the extent authorized by law and the contract for the funds involved, may carry forward without lapse fund balances and establish operating, capital, and debt reserve accounts from revenues and grants derived from state, county, and all other sources; and

~~(19)~~(15) Each community service board may operate, establish, or operate and establish facilities deemed by the community service board as necessary and convenient for the administration, operation, or provision of disability services or of health services by the community service board and may construct, reconstruct, improve, alter, repair, and equip such facilities to the extent authorized by state and federal law.

(d) On and after July 1, 2026, in addition to those powers, duties, and responsibilities given to the executive director as authorized by this chapter, the executive director shall exercise power and authority to:

(1) Recruit, hire, manage, discipline, and terminate employees of the community service board;

(2) Terminate any contract of the community service board in accordance with the terms of any such contract;

(3) Create and establish operational and employment policies for the community service board;

(4) Create and establish clinical standards and policies for the community service board; and

(5) Provide continuing management of the day-to-day operations of the community service board, including, but not limited to, the community service board's performance of its contracts.

(e)(1) The governing board may delegate to the executive director the authority to perform any or all duties, responsibilities, and functions, and to exercise any or all of the powers and authorities described in subsection (c) of this Code section.

(2) Upon a determination that a community service board is not properly performing any or all of the duties, responsibilities, and functions or exercising any or all of the powers and authorities described in this Code section, the commissioner may, upon the approval of the Governor, authorize the executive director to perform such duties, responsibilities, and functions and to exercise such powers and authorities, except those described in subsection (m) of this Code section, without the approval or consent of the governing board.

~~(c)~~(f) Nothing shall prohibit a community service board from contracting with any county governing authority, private or other public provider, or hospital for the provision of disability services or of health services.

~~(d)~~(g) Each community service board exists for nonprofit and public purposes, and it is found and declared that the carrying out of the purposes of each community service board is exclusively for public benefit and its property is public property. Thus, no community service board shall be required to pay any state or local ad valorem, sales, use, or income taxes.

~~(e)~~(h) A community service board shall not have the power to tax, the power to issue general obligation bonds or revenue bonds or revenue certificates, or the power to financially obligate the state or any county or any municipal corporation.

~~(f)~~(i) A community service board shall not operate any facility for profit. A community service board may fix fees, rents, rates, and charges that are reasonably expected to produce revenues, which, together with all other funds of the community service board, will be sufficient to administer, operate, and provide the following:

(1) Disability services or health services;

(2) The cost of acquiring, constructing, equipping, maintaining, repairing, and operating its facilities; and

(3) The creation and maintenance of reserves sufficient to meet principal and interest payments due on any obligation of the community service board.

~~(g)~~(j) Each community service board may provide reasonable reserves for the improvement, replacement, or expansion of its facilities and services. Reserves under this subsection shall be subject to the limitations in paragraph ~~(17)~~ (13) of subsection ~~(b)~~ (c) of this Code section.

~~(h)~~(k) Each county and municipal corporation of this state is authorized to convey or lease property of such county or municipal corporation to a community service board for its public purposes. Any property conveyed or leased to a community ~~services~~ service board by a county or municipal corporation shall be operated by such community service board in accordance with this chapter and the terms of the community service board's agreements with the county or municipal corporation providing such conveyance or lease.

~~(i)~~(l) Each community service board and any entity created or formed by such community service board pursuant to subsection ~~(j)~~ (m) of this Code section shall keep books of account reflecting all funds received, expended, and administered by the community service board in accordance with generally accepted accounting principles. The community service board and an entity created or formed by such community service board, if any, pursuant to subsection ~~(j)~~ (m) of this Code section shall assure the inclusion in its annual audit any information or procedures required by the department. The community service board and an entity created or formed by such community service board, if any, pursuant to subsection ~~(j)~~ (m) of this Code section shall rotate audit firms at least once every five years. Copies of the annual audit and all findings shall be submitted to the department and the governing board of the community service board, or in the case of an entity created or formed by the community service board, if any, to the

governing board of the community service board, the governing board of such entity, and the department within 60 days of completion of the audit.

~~(j)~~(m) By action of its governing board and subject ~~Subject~~ to the approval of the executive director and the commissioner ~~and the governing board of the community service board~~, a community service board may create, form, or become a member of a nonprofit corporation, limited liability company, or other nonprofit entity, the voting membership of which shall be limited to community service boards, governmental entities, nonprofit corporations, or a combination thereof, if such entity is created for purposes that are within the powers of the community service board, for the cooperative functioning of its members, or a combination thereof; provided, however, that no funds provided pursuant to a contract between the department and the community service board may be used in the formation or operation of the nonprofit corporation, limited liability company, or other nonprofit entity. The power of the governing board to so act shall not be delegated to the executive director or to any other person, entity, or agency, either by the governing board or by the commissioner, unless otherwise authorized by law. No community service board, whether or not it exercises the power authorized by this subsection, shall be relieved of compliance with Chapter 14 of Title 50, relating to open and public meetings, and Article 4 of Chapter 18 of Title 50, relating to ~~inspection of public~~ open records, unless otherwise provided by law. The provisions of this subsection relating to the approval of the commissioner to the contrary notwithstanding, nothing in this subsection shall prohibit a community service board from creating, forming, or becoming a member of a national, regional, or state trade association or business league as defined for tax exempt purposes by the United States Internal Revenue Service for the benefit of member community service boards and similar organizations; provided, however, that such action shall be approved by the executive director.

~~(k)~~(n) No community service board shall employ or retain in employment, either directly or indirectly through contract, any person who is receiving a retirement benefit from the Employees' Retirement System of Georgia except in accordance with the provisions of Code Section 47-2-112; provided, however, that any such person who is employed as of July 1, 2004, may continue to be employed.

~~(l)~~(o) A community service board may join or form and operate, either directly or indirectly, one or more networks of community service boards, disability or health service professionals, and other providers of disability services or health services to arrange for the provision of disability services or health services through such networks; to contract either directly or through such networks with the Department of Community Health to provide services to Medicaid beneficiaries; to provide disability services or health services in an efficient and cost-effective manner on a prepaid, capitation, or other reimbursement basis; and to undertake other disability or health services related managed care activities. For purposes of this subsection only and notwithstanding Code Section 33-3-3 or any other provision of law, a community service board shall be permitted to and shall comply with the requirements of Chapter 20A of Title 33 to the extent that such requirements apply to the activities undertaken by the community service board or by a community service board under this subsection or subsection ~~(j)~~ (m) of this Code section.

No community service board, whether or not it exercises the powers authorized by this subsection, shall be relieved of compliance with Article 4 of Chapter 18 of Title 50, relating to ~~inspection of public~~ open records, unless otherwise provided by law. Any licensed health care provider shall be eligible to apply to become a participating provider under such a plan or network that provides coverage for health care, disability services, or health services which are within the lawful scope of the provider's license, but nothing in this Code section shall be construed to require any such plan or network to provide coverage for any specific health care, disability service, or health service."

In the event the new private nonprofit fails to serve such public purpose, those assets, equipment, and resources purchased by the former community service board with state and federal funds shall be returned to the department, the Department of Human Services, or the Department of Public Health, as appropriate, or to an agency designated by such department. For a period of three years following the community service board's conversion to a private nonprofit corporation, the private nonprofit corporation shall ensure that consumers of disability services or health services, as appropriate, and family members of such consumers constitute a majority of the appointed board members and that the various disability groups and health services groups are equitably represented on the board of the nonprofit corporation;

(2) With the approval of the governing board of the community service board, ~~and~~ the approval of all of the county governing authorities of the counties served by the community service board, and the approval of the commissioner, the community service board may convert to a unit of county government. All assets, equipment, and resources of the community service board shall be transferred to the new unit of county government; or

(3) With the approval of the governing board of the community service board, ~~and~~ the approval of all of the county governing authorities of the counties served by the community service board, and the approval of the commissioner, the community service board may become a component part of a hospital authority in those counties

served by the community service board. So long as the hospital authority continues to serve a public purpose as defined by the department, the Department of Human Services, or the Department of Public Health, as appropriate, the hospital authority shall be authorized to retain possession of those assets, equipment, and resources purchased by the community service board with state and federal funds. In the event the hospital authority fails to serve such public purpose, those assets, equipment, and resources purchased by the community service board with state and federal funds shall be returned to the department, the Department of Human Services, or the Department of Public Health, as appropriate, or to an agency designated by such appropriate department or departments."

'PA Licensure Compact

Section 1. Purpose

In order to strengthen access to Medical Services, and in recognition of the advances in the delivery of Medical Services, the Participating States of the PA Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing authority of State Licensing Boards to license and discipline PAs and seeks to enhance the portability of a License to practice as a PA while safeguarding the safety of patients. This Compact allows Medical Services to be provided by PAs, via the mutual recognition of the Licensee's Qualifying License by other Compact Participating States. This Compact also adopts the prevailing standard for PA licensure and affirms that the practice and delivery of Medical Services by the PA occurs where the patient is located at the time of the patient encounter, and therefore requires the PA to be under the jurisdiction of the State Licensing Board where the patient is located. State Licensing Boards that participate in this Compact retain the jurisdiction to impose Adverse Action against a Compact Privilege in that State issued to a PA through the procedures of this Compact. The PA Licensure Compact will alleviate burdens for military families by allowing active duty military personnel and their spouses to obtain a Compact Privilege based on having an unrestricted License in good standing from a Participating State.

Section 2. Definitions

In this compact:

A. "Adverse Action" means any administrative, civil, equitable, or criminal action permitted by a State's laws which is imposed by a Licensing Board or other authority against a PA License or License application or Compact Privilege such as License denial, censure, revocation, suspension, probation, monitoring of the Licensee, or restriction on the Licensee's practice.

B. "Compact Privilege" means the authorization granted by a Remote State to allow a Licensee from another Participating State to practice as a PA to provide Medical Services and other licensed activity to a patient located in the Remote State under the Remote State's laws and regulations.

E. "Data System" means the repository of information about Licensees, including but not limited to License status and Adverse Actions, which is created and administered under the terms of this Compact.
F. "Executive Committee" means a group of directors and ex-officio individuals elected or appointed pursuant to Section 7.F.2.

S. "Remote State" means a Participating State where a Licensee who is not licensed as a PA is exercising or seeking to exercise the Compact Privilege.
T. "Rule" means a regulation promulgated by an entity that has the force and effect of law.
U. "Significant Investigative Information" means Investigative Information that a Licensing Board, after an inquiry or investigation that includes notification and an opportunity for the PA to respond if required by State law, has reason to believe is not groundless and, if proven true, would indicate more than a minor infraction.
V. "State" means any state, commonwealth, district, or territory of the United States.

Section 3. State Participation in this Compact

A. To participate in this Compact, a Participating State shall:

1. License PAs.

2. Participate in the Compact Commission's Data System.

3. Have a mechanism in place for receiving and investigating complaints against Licensees and License applicants.

4. Notify the Commission, in compliance with the terms of this Compact and Commission Rules, of any Adverse Action against a Licensee or License applicant and the existence of Significant Investigative Information regarding a Licensee or License applicant.

5. Fully implement a Criminal Background Check requirement, within a time frame established by Commission Rule, by its Licensing Board receiving the results of a Criminal Background Check and reporting to the Commission whether the License applicant has been granted a License.

6. Comply with the Rules of the Compact Commission.

7. Utilize passage of a recognized national exam such as the NCCPA PANCE as a requirement for PA licensure.

8. Grant the Compact Privilege to a holder of a Qualifying License in a Participating State.

B. Nothing in this Compact prohibits a Participating State from charging a fee for granting the Compact Privilege.

Section 4. Compact Privilege

A. To exercise the Compact Privilege, a Licensee must:

1. Have graduated from a PA program accredited by the Accreditation Review Commission on Education for the Physician Assistant, Inc. or other programs authorized by Commission Rule.

2. Hold current NCCPA certification.

3. Have no felony or misdemeanor Conviction.

4. Have never had a controlled substance license, permit, or registration suspended or revoked by a State or by the United States Drug Enforcement Administration.

5. Have a unique identifier as determined by Commission Rule.

6. Hold a Qualifying License.

7. Have had no revocation of a License or limitation or restriction on any License currently held due to an adverse action.

8. If a Licensee has had a limitation or restriction on a License or Compact Privilege due to an Adverse Action, two years must have elapsed from the date on which the License or Compact Privilege is no longer limited or restricted due to the Adverse Action.

9. If a Compact Privilege has been revoked or is limited or restricted in a Participating State for conduct that would not be a basis for disciplinary action in a Participating State in which the Licensee is practicing or applying to practice under a Compact Privilege, that Participating State shall have the discretion not to consider such action

as an Adverse Action requiring the denial or removal of a Compact Privilege in that State.

10. Notify the Compact Commission that the Licensee is seeking the Compact Privilege in a Remote State.

11. Meet any Jurisprudence Requirement of a Remote State in which the Licensee is seeking to practice under the Compact Privilege and pay any fees applicable to satisfying the Jurisprudence Requirement.

12. Report to the Commission any Adverse Action taken by a non-participating State within thirty (30) days after the action is taken.

B. The Compact Privilege is valid until the expiration or revocation of the Qualifying License unless terminated pursuant to an Adverse Action. The Licensee must also comply with all of the requirements of Subsection A above to maintain the Compact Privilege in a Remote State. If the Participating State takes Adverse Action against a Qualifying License, the Licensee shall lose the Compact Privilege in any Remote State in which the Licensee has a Compact Privilege until all of the following occur:

1. The License is no longer limited or restricted; and

2. Two (2) years have elapsed from the date on which the License is no longer limited or restricted due to the Adverse Action.

C. Once a restricted or limited License satisfies the requirements of Subsection B.1 and 2, the Licensee must meet the requirements of Subsection A to obtain a Compact Privilege in any Remote State.

D. For each Remote State in which a PA seeks authority to prescribe controlled substances, the PA shall satisfy all requirements imposed by such State in granting or renewing such authority.

Section 5. Designation of the State from Which Licensee is Applying for a Compact Privilege

A. Upon a Licensee's application for a Compact Privilege, the Licensee shall identify to the Commission the Participating State from which the Licensee is applying, in accordance with applicable Rules adopted by the Commission, and subject to the following requirements:

1. When applying for a Compact Privilege, the Licensee shall provide the Commission with the address of the Licensee's primary residence and thereafter shall immediately report to the Commission any change in the address of the Licensee's primary residence.

2. When applying for a Compact Privilege, the Licensee is required to consent to accept service of process by mail at the Licensee's primary residence on file with the Commission with respect to any action brought against the Licensee by the Commission or a Participating State, including a subpoena, with respect to any action brought or investigation conducted by the Commission or a Participating State.

Section 6. Adverse Actions

A. A Participating State in which a Licensee is licensed shall have exclusive power to impose Adverse Action against the Qualifying License issued by that Participating State.

B. In addition to the other powers conferred by State law, a Remote State shall have the authority, in accordance with existing State due process law, to do all of the following:

1. Take Adverse Action against a PA's Compact Privilege within that State to remove a Licensee's Compact Privilege or take other action necessary under applicable law to protect the health and safety of its citizens.

2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a Licensing Board in a Participating State for the attendance and testimony of witnesses or the production of evidence from another Participating State shall be enforced in the latter State by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the State in which the witnesses or evidence are located.

3. Notwithstanding paragraph 2, subpoenas may not be issued by a Participating State to gather evidence of conduct in another State that is lawful in that other State for the purpose of taking Adverse Action against a Licensee's Compact Privilege or application for a Compact Privilege in that Participating State.

4. Nothing in this Compact authorizes a Participating State to impose discipline against a PA's Compact Privilege or to deny an application for a Compact Privilege in that Participating State for the individual's otherwise lawful practice in another State.

C. For purposes of taking Adverse Action, the Participating State which issued the Qualifying License shall give the same priority and effect to reported conduct received from any other Participating State as it would if the conduct had occurred within the Participating State which issued the Qualifying License. In so doing, that Participating State shall apply its own State laws to determine appropriate action.

D. A Participating State, if otherwise permitted by State law, may recover from the affected PA the costs of investigations and disposition of cases resulting from any Adverse Action taken against that PA.

E. A Participating State may take Adverse Action based on the factual findings of a Remote State, provided that the Participating State follows its own procedures for taking the Adverse Action.

F. Joint Investigations

1. In addition to the authority granted to a Participating State by its respective State PA laws and regulations or other applicable State law, any Participating State may participate with other Participating States in joint investigations of Licensees.

2. Participating States shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this Compact.

G. If an Adverse Action is taken against a PA's Qualifying License, the PA's Compact Privilege in all Remote States shall be deactivated until two (2) years have elapsed after all restrictions have been removed from the State License. All disciplinary orders by the Participating State which issued the Qualifying License that impose Adverse Action

against a PA's License shall include a Statement that the PA's Compact Privilege is deactivated in all Participating States during the pendency of the order.

H. If any Participating State takes Adverse Action, it promptly shall notify the administrator of the Data System.

Section 7. Establishment of the PA Licensure Compact Commission

A. The Participating States hereby create and establish a joint government agency and national administrative body known as the PA Licensure Compact Commission. The Commission is an instrumentality of the Compact States acting jointly and not an instrumentality of any one State. The Commission shall come into existence on or after the effective date of the Compact as set forth in Section 11.A.

B. Membership, Voting, and Meetings

1. Each Participating State shall have and be limited to one (1) delegate selected by that Participating State's Licensing Board or, if the State has more than one Licensing Board, selected collectively by the Participating State's Licensing Boards.

A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telecommunications, video conference, or other means of communication.

6. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in this Compact and the bylaws.

9. Purchase and maintain insurance and bonds;

10. Borrow, accept, or contract for services of personnel, including, but not limited to, employees of a Participating State;

11. Hire employees and engage contractors, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this Compact, and establish the Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

12. Accept any and all appropriate donations and grants of money, equipment, supplies, materials and services, and receive, utilize and dispose of the same; provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

13. Lease, purchase, accept appropriate gifts or donations of, or otherwise own, hold, improve or use, any property, real, personal or mixed; provided that at all times the Commission shall avoid any appearance of impropriety;

14. Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;

15. Establish a budget and make expenditures;

16. Borrow money;

17. Appoint committees, including standing committees composed of members, State regulators, State legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this Compact and the bylaws;

18. Provide and receive information from, and cooperate with, law enforcement agencies;

19. Elect a Chair, Vice Chair, Secretary and Treasurer and such other officers of the Commission as provided in the Commission's bylaws.

20. Reserve for itself, in addition to those reserved exclusively to the Commission under the Compact, powers that the Executive Committee may not exercise;

21. Approve or disapprove a State's participation in the Compact based upon its determination as to whether the State's Compact legislation departs in a material manner from the Model Compact language;

22. Prepare and provide to the Participating States an annual report; and

23. Perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact consistent with the State regulation of PA licensure and practice.

D. Meetings of the Commission

1. All meetings of the Commission that are not closed pursuant to this subsection shall be open to the public. Notice of public meetings shall be posted on the Commission's website at least thirty (30) days prior to the public meeting.

2. Notwithstanding subsection D.1 of this section, the Commission may convene a public meeting by providing at least twenty-four (24) hours prior notice on the Commission's website, and any other means as provided in the Commission's Rules,

for any of the reasons it may dispense with notice of proposed rulemaking under Section 9.L.

3. The Commission may convene in a closed, non-public meeting or non-public part of a public meeting to receive legal advice or to discuss:

a. Non-compliance of a Participating State with its obligations under this Compact;

b. The employment, compensation, discipline or other matters, practices or procedures related to specific employees or other matters related to the Commission's internal personnel practices and procedures;

c. Current, threatened, or reasonably anticipated litigation;

d. Negotiation of contracts for the purchase, lease, or sale of goods, services, or real estate;

e. Accusing any person of a crime or formally censuring any person;

f. Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

g. Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

h. Disclosure of investigative records compiled for law enforcement purposes;

I. Disclosure of information related to any investigative reports prepared by or on behalf of or for use of the Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to this Compact;

j. Legal advice; or

k. Matters specifically exempted from disclosure by federal or Participating States' statutes.

4. If a meeting, or portion of a meeting, is closed pursuant to this provision, the chair of the meeting or the chair's designee shall certify that the meeting or portion of the meeting may be closed and shall reference each relevant exempting provision.

5. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

E. Financing of the Commission

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

3. The Commission may levy on and collect an annual assessment from each Participating State and may impose Compact Privilege fees on Licensees of Participating States to whom a Compact Privilege is granted to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved by the Commission each year for which revenue is not provided by other sources. The aggregate annual assessment

amount levied on Participating States shall be allocated based upon a formula to be determined by Commission Rule.

a. A Compact Privilege expires when the Licensee's Qualifying License in the Participating State from which the Licensee applied for the Compact Privilege expires.

b. If the Licensee terminates the Qualifying License through which the Licensee applied for the Compact Privilege before its scheduled expiration, and the Licensee has a Qualifying License in another Participating State, the Licensee shall inform the Commission that it is changing to that Participating State the Participating State through which it applies for a Compact Privilege and pay to the Commission any Compact Privilege fee required by Commission Rule.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the Participating States, except by and with the authority of the Participating State.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

F. The Executive Committee

1. The Executive Committee shall have the power to act on behalf of the Commission according to the terms of this Compact and Commission Rules.

2. The Executive Committee shall be composed of nine (9) members:

a. Seven voting members who are elected by the Commission from the current membership of the Commission;

b. One ex-officio, nonvoting member from a recognized national PA professional association; and

c. One ex-officio, nonvoting member from a recognized national PA certification organization.

3. The ex-officio members will be selected by their respective organizations.

4. The Commission may remove any member of the Executive Committee as provided in its bylaws.

5. The Executive Committee shall meet at least annually.

6. The Executive Committee shall have the following duties and responsibilities:

b. Ensure Compact administration services are appropriately provided, contractual or otherwise;

c. Prepare and recommend the budget;

d. Maintain financial records on behalf of the Commission;

e. Monitor Compact compliance of Participating States and provide compliance reports to the Commission;

f. Establish additional committees as necessary;

g. Exercise the powers and duties of the Commission during the interim between Commission meetings, except for issuing proposed rulemaking or adopting Commission Rules or bylaws, or exercising any other powers and duties exclusively reserved to the Commission by the Commission's Rules; and

h. Perform other duties as provided in the Commission's Rules or bylaws.

7. All meeting of the Executive Committee at which it votes or plans to vote on matters in exercising the powers and duties of the Commission shall be open to the public and public notice of such meetings shall be given as public meetings of the Commission are given.

8. The Executive Committee may convene in a closed, non-public meeting for the same reasons that the Commission may convene in a non-public meeting as set forth in Section 7.D 3 and shall announce the closed meeting as the Commission is required to under Section 7.D.4 and keep minutes of the closed meeting as the Commission is required to under Section 7.D.5.

G. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged

act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses in any proceedings as authorized by Commission Rules.

5. Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

6. Nothing herein shall be construed to designate the venue or jurisdiction to bring actions for alleged acts of malpractice, professional misconduct, negligence, or other such civil action pertaining to the practice of a PA. All such matters shall be determined exclusively by State law other than this Compact.

7. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Participating State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

8. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Participating States or by the Commission.

Section 8. Data System

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated data and reporting system containing licensure, Adverse Action, and the reporting of the existence of Significant Investigative Information on all licensed PAs and applicants denied a License in Participating States.

B. Notwithstanding any other State law to the contrary, a Participating State shall submit a uniform data set to the Data System on all PAs to whom this Compact is applicable (utilizing a unique identifier) as required by the Rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse Actions against a License or Compact Privilege;

4. Any denial of application for licensure, and the reason(s) for such denial (excluding the reporting of any Criminal history record information where prohibited by law);

5. The existence of Significant Investigative Information; and

6. Other information that may facilitate the administration of this Compact, as determined by the Rules of the Commission.

C. Significant Investigative Information pertaining to a Licensee in any Participating State shall only be available to other Participating States.

D. The Commission shall promptly notify all Participating States of any Adverse Action taken against a Licensee or an individual applying for a License that has been reported to it. This Adverse Action information shall be available to any other Participating State.
E. Participating States contributing information to the Data System may, in accordance with State or federal law, designate information that may not be shared with the public without the express permission of the contributing State. Notwithstanding any such designation, such information shall be reported to the Commission through the Data System.
F. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Participating State contributing the information shall be removed from the Data System upon reporting of such by the Participating State to the Commission.
G. The records and information provided to a Participating State pursuant to this Compact or through the Data System, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a Participating State.

Section 9. Rulemaking

A. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Commission Rules shall become binding as of the date specified by the Commission for each Rule.
B. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer this Compact and achieve its purposes. A Commission Rule shall be invalid and have not force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope of the purposes of this Compact, or the powers granted hereunder, or based upon another applicable standard of review.
C. The Rules of the Commission shall have the force of law in each Participating State, provided however that where the Rules of the Commission conflict with the laws of the Participating State that establish the medical services a PA may perform in the Participating State, as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.
D. If a majority of the legislatures of the Participating States rejects a Commission Rule, by enactment of a statute or resolution in the same manner used to adopt this Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Participating State or to any State applying to participate in the Compact.
E. Commission Rules shall be adopted at a regular or special meeting of the Commission.
F. Prior to promulgation and adoption of a final Rule or Rules by the Commission, and at least thirty (30) days in advance of the meeting at which the Rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform; and

2. To persons who have requested notice of the Commission's notices of proposed rulemaking, and

3. In such other way(s) as the Commission may by Rule specify.

G. The Notice of Proposed Rulemaking shall include:

1. The time, date, and location of the public hearing on the proposed Rule and the proposed time, date and location of the meeting in which the proposed Rule will be considered and voted upon;

2. The text of the proposed Rule and the reason for the proposed Rule;

3. A request for comments on the proposed Rule from any interested person and the date by which written comments must be received; and

4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing or provide any written comments.

H. Prior to adoption of a proposed Rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

I. If the hearing is to be held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall as directed in the Notice of Proposed Rulemaking, not less than five (5) business days before the scheduled date of the hearing, notify the Commission of their desire to appear and testify at the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings shall be recorded. A copy of the recording and the written comments, data, facts, opinions, and arguments received in response to the proposed rulemaking shall be made available to a person upon request.

4. Nothing in this section shall be construed as requiring a separate hearing on each proposed Rule. Proposed Rules may be grouped for the convenience of the Commission at hearings required by this section.

J. Following the public hearing the Commission shall consider all written and oral comments timely received.

K. The Commission shall, by majority vote of all delegates, take final action on the proposed Rule and shall determine the effective date of the Rule, if adopted, based on the Rulemaking record and the full text of the Rule.

1. If adopted, the Rule shall be posted on the Commission's website.

2. The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

3. The Commission shall provide on its website an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

4. The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in subsection L, the effective date of the Rule shall be no sooner than thirty (30) days after the Commission issued the notice that it adopted the Rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with twenty-four (24) hours prior notice, without the opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately by the Commission in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or Participating State funds;
3. Meet a deadline for the promulgation of a Commission Rule that is established by federal law or Rule; or
4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Commission Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made as set forth in the notice of revisions and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No Participating State's rulemaking requirements shall apply under this Compact.

Section 10. Oversight, Dispute Resolution, and Enforcement

A. Oversight

1. The executive and judicial branches of State government in each Participating State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.
2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.
3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact or the Commission's Rules and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission with service of process shall render a judgment or order in such proceeding void as to the Commission, this Compact, or Commission Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Participating State has defaulted in the performance of its obligations or responsibilities under this Compact or the Commission Rules, the Commission shall provide written notice to the defaulting State and other Participating States. The notice shall describe the default, the proposed means of curing the default and any other action that the Commission may take and shall offer remedial training and specific technical assistance regarding the default.

2. If a State in default fails to cure the default, the defaulting State may be terminated from this Compact upon an affirmative vote of a majority of the delegates of the Participating States, and all rights, privileges and benefits conferred by this Compact upon such State may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

3. Termination of participation in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, and to the Licensing Board(s) of each of the Participating States.

4. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from this Compact, unless agreed upon in writing between the Commission and the defaulting State.

6. The defaulting State may appeal its termination from the Compact by the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

7. Upon the termination of a State's participation in the Compact, the State shall immediately provide notice to all Licensees within that State of such termination:

a. Licensees who have been granted a Compact Privilege in that State shall retain the Compact Privilege for one hundred eighty (180) days following the effective date of such termination.

b. Licensees who are licensed in that State who have been granted a Compact Privilege in a Participating State shall retain the Compact Privilege for one hundred eighty (180) days unless the Licensee also has a Qualifying License in a Participating State or obtains a Qualifying License in a Participating State before the one hundred eighty (180)-day period ends, in which case the Compact Privilege shall continue.

C. Dispute Resolution

1. Upon request by a Participating State, the Commission shall attempt to resolve disputes related to this Compact that arise among Participating States and between participating and non-Participating States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this Compact and Rules of the Commission.

2. If compliance is not secured after all means to secure compliance have been exhausted, by majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices, against a Participating State in default to enforce compliance with the provisions of this Compact and the Commission's promulgated Rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or State law.

E. Legal Action Against the Commission

1. A Participating State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

2. No person other than a Participating State shall enforce this Compact against the Commission.

Section 11. Date of Implementation of the PA Licensure Compact Commission

A. This Compact shall come into effect on the date on which this Compact statute is enacted into law in the seventh Participating State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the States that enacted the Compact prior to the Commission convening ("Charter Participating States") to determine if the statute enacted by each such Charter Participating State is materially different than the Model Compact.

a. A Charter Participating State whose enactment is found to be materially different from the Model Compact shall be entitled to the default process set forth in Section 10.B.

b. If any Participating State later withdraws from the Compact or its participation is terminated, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Participating States should be less than seven. Participating States enacting the Compact subsequent to the Commission convening shall be subject to the process set forth in Section 7.C.21 to determine if their enactments are materially different from the Model Compact and whether they qualify for participation in the Compact.

2. Participating States enacting the Compact subsequent to the seven initial Charter Participating States shall be subject to the process set forth in Section 7.C.21 to

determine if their enactments are materially different from the Model Compact and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

B. Any State that joins this Compact shall be subject to the Commission's Rules and bylaws as they exist on the date on which this Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day this Compact becomes law in that State.

C. Any Participating State may withdraw from this Compact by enacting a statute repealing the same.

1. A Participating State's withdrawal shall not take effect until one hundred eighty (180) days after enactment of the repealing statute. During this one hundred eighty (180) day-period, all Compact Privileges that were in effect in the withdrawing State and were granted to Licensees licensed in the withdrawing State shall remain in effect. If any Licensee licensed in the withdrawing State is also licensed in another Participating State or obtains a license in another Participating State within the one hundred eighty (180) days, the Licensee's Compact Privileges in other Participating States shall not be affected by the passage of the one hundred eighty (180) days.

2. Withdrawal shall not affect the continuing requirement of the State Licensing Board(s) of the withdrawing State to comply with the investigative, and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing a State from this Compact, the State shall immediately provide notice of such withdrawal to all Licensees within that State. Such withdrawing State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of one hundred eighty (180) days after the date of such notice of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any PA licensure agreement or other cooperative arrangement between Participating States and between a Participating State and non-Participating State that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Participating States. No amendment to this Compact shall become effective and binding upon any Participating State until it is enacted materially in the same manner into the laws of all Participating States as determined by the Commission.

Section 12. Construction and Severability

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Participating State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

C. Notwithstanding subsection B or this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of Section10.B, terminate a Participating State's participation in the Compact, if it determines that a constitutional requirement of a Participating State is, or would be with respect to a State seeking to participate in the Compact, a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Participating State, the Compact shall remain in full force and effect as to the remaining Participating States and in full force and effect as to the Participating State affected as to all severable matters.

Section 13. Binding Effect of Compact

A. Nothing herein prevents the enforcement of any other law of a Participating State that is not inconsistent with this Compact.

B. Any laws in a Participating State in conflict with this Compact are superseded to the extent of the conflict.

C. All agreements between the Commission and the Participating States are binding in accordance with their terms."

SECTION 5.

This Act shall become effective on July 1, 2027.

The council shall make copies thereof available for distribution to persons interested in or affected thereby. No rule or regulation shall become effective as law until 30 days after its adoption, except in cases of emergencies constituting an imminent threat to the public, in which event such rules or regulations shall become effective upon adoption; but, in all such cases, the council shall as a part thereof state the conditions found by it to justify such immediate effectiveness. Where deemed desirable by the council, hearing and notice in the same manner as provided in Code Section 31-11-15 may be conducted by it prior to adoption of any rule or regulation.

The enforcement of the order or action appealed from shall not be stayed until and unless so ordered and directed by the superior court. Upon the filing of such petition, the petitioner shall serve on the council a copy thereof in a manner prescribed by law for the service of process, unless such service of process is waived. The review shall be conducted by the superior court without a jury and shall be confined to the record. In cases of alleged irregularities in procedure before the council, not shown in the record, proof thereon may be taken in the court. The superior court, upon request, shall hear oral argument and receive written briefs.

(c) The superior court shall not substitute its judgment for that of the council as to the weight of the evidence on questions of fact. The court may affirm the decision of the council or remand the case for further proceedings. "ARTICLE 5

19-13-70.

(a) This article shall be known and may be cited as the 'Family Justice Center Act.'

(b) The General Assembly finds that victims of family violence, sexual assault, child abuse, elder abuse, and human trafficking often face fragmented and duplicative systems of support that can retraumatize survivors and impede access to justice.

(c) It is the intent of the General Assembly to promote a coordinated, multidisciplinary approach to serving victims of family violence by authorizing the establishment and funding of Family Justice Centers that co-locate governmental and community based victim service providers, including law enforcement officers, in a single, safe, and accessible location.

(d) The General Assembly further intends to leverage both federal and state victim service funding streams, including but not limited to federal funds received under the Victims of Crime Act, 34 U.S.C. Section 20101, et seq.; the Violence Against Women Act, 34 U.S.C. Section 12491, et seq.; and the Family Violence Prevention and Services Act, 42 U.S.C. Section 136, et seq., to support the creation, expansion, and sustainability of Family Justice Centers in this state.

19-13-71.

As used in this article, the term:

(1) 'Council' means the Criminal Justice Coordinating Council established under Code Section 35-6A-3.

(2) 'District attorney' means the elected prosecuting attorney for a judicial circuit.

(3) 'Family Justice Center' or 'center' means a co-located, multiagency service center that provides coordinated services to victims of family violence, sexual assault, child abuse, elder abuse, human trafficking, and associated crimes by public and private agencies.

(4) 'Law enforcement unit' shall have the same meaning as set forth in Code Section 35-8-2.

(5) 'Participating agency' means any public agency, law enforcement unit, district attorney's office, nonprofit organization, or service provider that delivers victim, social, medical, or legal services within a Family Justice Center.

(6) 'Peace officer' shall have the same meaning as set forth in Code Section 35-8-2.

19-13-72.

(4) By a nonprofit corporation formed under Title 14 and certified as a victim services agency by the council for the purpose of serving one or more populations supported by the Family Justice Center.

(c)(1) When a Family Justice Center is organized or operated by a county government, municipal government, or a district attorney's office pursuant to paragraph (1) or (2) of subsection (b) of this Code section, a board shall oversee the operations of the center. Such board shall consist of not less than five members representing any of the following:

(2) Board members for a Family Justice Center shall serve terms of two years from the effective date of their appointment and until their successors are appointed or elected.

(3) Any vacancy to the board of a Family Justice Center shall be filled within 60 days in which the position on the board became vacant and shall be filled in the same manner as the appointment to the position on the board which became vacant; provided, however, that, if a vacancy occurs in a position filled by a representative from a nonprofit, community based organization, and there ceases to be any nonprofit organizations that are participating agencies in the Family Justice Center, the remaining members of the board shall elect an individual reasonably familiar with the kind of support services provided by the Family Justice Center to fill such vacancy. An appointment to fill a vacancy other than by expiration of a term of office shall be for the balance of the unexpired term.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to general provisions regarding ad valorem taxation of property, is amended in Code Section 48-5-7.4, relating to preferential assessment for bona fide conservation use property and

bona fide residential transitional property, by revising subparagraph (a)(1)(F) and adding a new subsection to read as follows:

"(F) The primary purpose described in this paragraph includes land conservation and ecological forest management in which commercial production of wood and wood fiber products may be undertaken primarily for conservation and restoration purposes rather than financial gain. Such property may, in addition, have as a secondary use carbon sequestration in accordance with the Georgia Carbon Sequestration Registry or a carbon sequestration program; or"

"(e.1)(1) A single owner, as described in subparagraph (a)(1)(C) of this Code section, who has multiple parcels of bona fide conservation use property that are collectively subject to more than one valid covenant under this Code section may combine such parcels and covenants in whole under a single, new, ten-year covenant for bona fide conservation use without constituting a breach of any of the covenants, provided that all such property would be otherwise eligible to be placed under a renewal covenant under this Code section by the owner upon the natural expiration of the original covenant.

(2) The provisions of this subsection shall not be permitted or be construed to:

(A) Allow any portion of property held under a covenant to be removed from the covenant without being combined into the new covenant;

(B) Change any requirements for what constitutes qualified property; or

(C) Change any requirements for what constitutes qualifying use for purposes of this Code section.

(3) A single owner, as described in subparagraph (a)(1)(C) of this Code section, desiring to proceed with combining parcels pursuant to paragraph (1) of this subsection shall first file a real property tax return with the appropriate board of tax assessors on or before the deadline to file a real property tax return.

(4) Parcels on which delinquent taxes are owed shall not be eligible to be combined pursuant to paragraph (1) of this subsection."

SECTION 2.

Said article is further amended in Code Section 48-5-7.7, relation to preferential assessment for forest land conservation use property, by revising subsection (f) as follows:

Any such change shall terminate the existing covenant and shall not constitute a breach thereof. No property may be changed more than once under this paragraph.

(2) Any property that is subject to a covenant under this Code section and subsequently fails to adhere to the qualifying purpose, as defined in paragraph (5) of subsection (b)

of this Code section, may be changed from the covenant under this Code section and placed under a covenant provided for in Code Section 48-5-7.4 if the property otherwise qualifies under the provisions of that Code section. In such a case, the existing covenant under this Code section shall be terminated, and the change shall not constitute a breach thereof. No property may be changed more than once under this paragraph.

(3) A qualified owner under this Code section may obtain ownership of property receiving preferential assessment under Code Section 48-5-7.1 or current use assessment under Code Section 48-5-7.4 and have 180 days from the time ownership is acquired to change from such covenant and place under a covenant under this Code section if it is otherwise qualified and would not constitute a breach thereof even if the qualified owner does not qualify for the preferential assessment under Code Section 48-5-7.1 or current use assessment under Code Section 48-5-7.4."

SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall be applicable to all taxable years beginning on or after January 1, 2027.

SECTION 1.

The General Assembly finds that:

(1) Atherosclerosis occurs when blood flow is reduced because arteries become narrowed or blocked with fatty deposits;

(2) Atherosclerosis is responsible for more deaths in the United States than any other condition, and heart attacks resulting from clogged coronary arteries are the leading cause of death in America;

(3) Atherosclerosis also occurs in the legs and is known as peripheral artery disease (PAD),and having PAD significantly increases the risk for heart attack, stroke, amputation, and death;

(4) While most Americans are aware of atherosclerosis in the heart, many Americans have never heard of PAD, and Americans with PAD are often unaware of the serious risks of the disease;

(5) An estimated 21 million Americans have PAD, and about 200,000 of them, who are disproportionately minorities, suffer avoidable amputations every year as a result of such disease;

(6) Screening and arterial testing for PAD is cost effective and should be part of routine medical care; and

(7) Once PAD is detected, amputations and deaths can be reduced through the use of national, evidence based PAD care guidelines.

"36-66-2.

(a) While recognizing and confirming the authority of local governments to exercise zoning power within their respective territorial boundaries, it is the intention of this

chapter to establish as state policy minimum procedures governing the exercise and means of judicial review of the exercise of that power. The purpose of these minimum procedures is to assure that due process is afforded to the general public when local governments regulate the uses of property through the exercise of the zoning power. Nothing in this chapter shall be construed to invalidate any zoning decision made by a local government prior to July 1, 2023, or to require a local government to exercise its zoning power.

(1) Provide by ordinance or resolution for such administrative officers, boards, or agencies as may be expedient for the efficient exercise of delegated, quasi-judicial zoning powers and to establish procedures and notice requirements for hearings before such quasi-judicial boards or agencies that are consistent with the minimum procedures provided for in this chapter to assure due process is afforded the general public; and

(2) Provide by ordinance or resolution for procedures and requirements in addition to or supplemental to those required by this chapter and, where so adopted, thereby establish the minimum procedures for such local government's exercise of zoning powers.

(c)(1) Notwithstanding any other provisions of this chapter to the contrary, no zoning decision shall affect or be required for the construction or modification of dwellings of 400 square feet or fewer on or upon any property zoned for or in which residential uses are authorized.

(2) The provisions of paragraph (1) of this subsection shall not be construed to prohibit or impair the power of a local government to enact or enforce:

(B) Ordinances or regulations related to septic tanks or septic tank drainfields;

(F) Ordinances, regulations, permit approval processes, requirements, or inspections concerning any infrastructure, utilities, public works, services, or environmental requirements, to be supplied or enforced in whole or in part by the local government.

(3) Any dwelling authorized pursuant to paragraph (1) of this subsection shall only be authorized as a secondary unit on the same parcel as a homesteaded residential unit

which fully complies with any applicable zoning requirements of the applicable local government and only one such secondary unit shall be authorized per parcel pursuant to paragraph (1) of this subsection."

(4) The proposed distribution of the proceeds of the tax.

In the event that the parties have not entered into an intergovernmental agreement within 60 days of the county's delivery or mailing of the notice as required in this paragraph, the county shall be authorized to adopt a resolution imposing the tax authorized under the terms of this article, provided that the distribution of the proceeds of the tax shall be as provided for in Code Section 48-8-109.57 at a rate necessary to fund exemptions from ad valorem property taxes on homestead property to the extent granted pursuant to Code Section 48-5-44 on homestead property within the special district levying the LHOST.

(b) Once the conditions of subsection (a) of this Code section are satisfied and the county submits a copy of the required resolution or intergovernmental agreement to the commissioner, the tax shall be imposed on the date specified in the resolution or agreement; provided, however, that such date shall not be earlier than the first day of the next succeeding calendar quarter which begins more than 50 days after the date that the resolution or agreement is received by the commissioner; provided, further, that, with respect to services that are regularly billed on a monthly basis, the tax shall apply to the first regular billing period coinciding with or following the effective date specified in this subsection.

(c) The tax shall cease to be imposed on the final day of the maximum period of time specified in the resolution or intergovernmental agreement for the imposition of the tax; provided, however, that the tax may cease at any earlier specified time through the adoption of concurring resolutions by each eligible local government which was party to the existing intergovernmental agreement; provided, further, that any tax initially imposed pursuant to this article in taxable year 2027 through taxable year 2032 shall automatically expire on December 31, 2037, but shall automatically renew in accordance with subsection (d) of this Code section.

(d) The tax may be renewed for any special district in the same manner and under the same conditions as for an initial imposition of an LHOST within the special district as provided for in this article; provided, however, that any tax initially imposed pursuant to this article in taxable year 2027 through taxable year 2032 which automatically expires on December 31, 2037, pursuant to subsection (c) of this Code section, shall be

automatically reimposed for an additional period of ten years unless otherwise provided by a local Act of the General Assembly. Such newly authorized tax shall not be imposed until the expiration of the tax then in effect.

(e) A special district which wholly or partially contains a jurisdiction levying the tax provided for under Article 4 of this chapter may be otherwise eligible to levy the tax authorized under this article due to such jurisdiction, but only in the areas of the special district outside of the jurisdiction levying the tax provided for under Article 4 of this chapter.

(f) If there is only one governing authority within the special district that would be otherwise required to enter into an intergovernmental agreement, the governing authority of such county or consolidated government whose geographical boundary is conterminous with that of the special district shall adopt a resolution which meets the requirements provided for in this Code section for intergovernmental agreements.

48-8-109.54.

(a) Each LHOST shall be exclusively administered and collected by the commissioner for the use and benefit of the special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the LHOST shall be applicable to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the county government or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed.

(b) Dealers, as defined in Code Section 48-8-2, shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. Such dealer deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-109.55.

Each sales and use tax return remitting sales and use taxes collected under this article shall separately identify the location of each retail establishment at which any of the sales and use taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return to facilitate the determination by the commissioner that all sales and use taxes imposed by this article are collected and distributed according to situs of sale.

48-8-109.56.

(a) The proceeds of the tax collected by the commissioner under this article shall be disbursed as soon as practicable after collection directly to the county whose boundary is

conterminous with the boundary of the special district and shall be held in a separately designated interest-bearing account for the eligible local governments of the special district.

(b) The funds of an account provided for in subsection (a) of this Code section shall only be removed or disbursed by such county to eligible local governments within the special district in accordance with Code Section 48-8-109.58, unless otherwise provided for in an intergovernmental agreement entered into pursuant to subsection (a) of Code Section 48-8-109.53, in which case such removal or disbursement of funds from an account shall be in accordance with the provisions of such intergovernmental agreement.

(c) No funds other than the annual LHOST proceeds, and interest accrued thereon, shall be placed in such accounts and shall not be commingled with any other funds.

48-8-109.57.

(a) The proceeds of any tax authorized under this article shall be used exclusively to fund exemptions from ad valorem property taxes on homestead property to the extent granted pursuant to Code Section 48-5-44 on homestead property within the special district levying the LHOST.

(b)(1) For an LHOST imposed for a single eligible local government, following the adoption of millage rates each year by such eligible local government, the county tax commissioner shall:

(A) Calculate for such eligible local government the assessed value within the special district which is exempt from ad valorem tax for such year pursuant to Code Section 48-5-44; and

(B) Multiply that eligible local government's net millage rate by the total determined for such jurisdiction in subparagraph (A) of this paragraph.

(2) For an LHOST imposed for more than one eligible local government within a special district, following the adoption of millage rates each year by all such eligible local governments, the county tax commissioner shall:

(A) Calculate for each individual eligible local government the assessed value within the special district which is exempt from ad valorem tax for such year pursuant to Code Section 48-5-44;

(B) Multiply each eligible local government's net millage rate by the total determined for such jurisdiction in subparagraph (A) of this paragraph;

(C) Add the sums determined in subparagraph (B) of this paragraph;

(D) Divide each eligible local government's amount from subparagraph (B) of this paragraph by the total of subparagraph (C) of this paragraph; and

(E) Multiply the percentage determined by subparagraph (D) of this paragraph by the net proceeds of the tax available in the trust account for eligible local governments as of November 1 of such year.

(c) In the event an eligible local government fails to submit its adopted millage rates by August 1, the county tax commissioner shall use 75 percent of such eligible local government's prior year's millage rate in the calculation under subsection (b) of this Code section, and the county shall only disburse under subsection (b) of this Code section the

lesser of such amount and the net millage rate actually levied by such eligible local government in the current year.

(d) Notwithstanding any provision of law to the contrary, a county or municipality shall be considered an eligible local government if in the preceding year the tax authorized under Article 2 or Article 2B of this chapter was levied within the special district containing such county or municipality, such county or municipality received funds from the levy of either tax, either tax is no longer levied in the current year, and such county or municipality adopts and submits a millage rate by August 1.

48-8-109.58.

(a) By December 1 each year, the county shall disburse LHOST funds from the trust account the applicable amounts determined for such year pursuant to subparagraph (b)(1)(B) or (b)(2)(E) of Code Section 48-8-109.57, to account, in whole or in part, for the funds each eligible local government did not collect due to exemptions granted under Code Section 48-5-44 for such year; provided, however, that, where an intergovernmental agreement has been entered into pursuant to paragraph (2) of subsection (a) of Code Section 48-8-109.53, any such disbursements by the county from the trust account shall be in amounts determined pursuant to the provisions of such intergovernmental agreement, if specified. No disbursement shall be made to any governing authority until it has mailed its ad valorem tax bills for such year.

(b)(1) In the event that the amount of available proceeds exceeds the amount necessary to provide homestead relief down to 10 percent of assessed value on homestead properties, the excess proceeds shall be retained in the interest-bearing trust fund to be applied in subsequent years in accordance with this Code section.

(2) In the event that the amount of the annual proceeds plus any excess proceeds of the LHOST retained under paragraph (1) of this subsection are sufficient to provide homestead relief down to 10 percent of assessed value on homestead properties for all eligible local governments, then the funds shall be used for general tax reduction.

(3) If any proceeds remain after the requirements of paragraph (2) of this subsection have been met, the eligible local government may be used to reduce the rate of the tax by filing an updated resolution with the commissioner, or the remaining proceeds shall be distributed and applied to provide a proportional reduction in the millage rates applied for the eligible local governments which shall be calculated by dividing the net revenue to be generated by each eligible local government from its ad valorem property taxes on the net taxable digest of the special district excluding homestead property by the total net revenue to be generated by the eligible local governments of the special district collectively from ad valorem property taxes on the collective net taxable digest of the special district excluding homestead property.

48-8-109.59.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax authorized by this article.

48-8-109.60.
Except as otherwise provided in this article or Code Section 48-8-6, the tax authorized by this article shall be in addition to any other local sales and use tax. The imposition of any other local sales and use tax within a county, municipality, or special district shall not affect the authority of a county, municipality, or special district to impose the tax authorized by this article, and the imposition of the tax authorized by this article shall not affect the imposition of any otherwise authorized local sales and use tax within a county, municipality, or special district.

48-8-109.61.
(a) The proceeds from any sales and use tax for a given special district levied as of December 31, 2027, under Article 2 or Part 1 of Article 2A of this chapter shall, as of January 1, 2028, be reallocated for the purpose of providing ad valorem property tax relief to homestead properties pursuant to this article, provided that any intergovernmental agreement, ordinance, or resolution required to authorize and impose any such applicable sales and use tax is revised so as to specifically state the intent of all parties and signatories to any such authorizing intergovernmental agreement, ordinance, or resolution to reallocate such proceeds for the purpose of providing homestead tax relief and to specify the effective date of such reallocation.
(b) The proceeds from any sales and use tax for a given special district levied as of December 31, 2027, under Article 4 of this chapter may be reallocated for the purpose of providing ad valorem property tax relief to homestead properties pursuant to this article, provided that any intergovernmental agreement, ordinance, or resolution required to authorize and impose any such applicable sales and use tax is revised so as to specifically state the intent of all parties and signatories to any such authorizing intergovernmental agreement, ordinance, or resolution to reallocate such proceeds for the purpose of providing homestead tax relief and to specify the effective date of such reallocation."

SECTION 8-1.

Said chapter is further amended by adding a new article to read as follows:

(c) Except as otherwise provided in this article, the S-LHOST shall correspond to the tax imposed by Article 1 of this chapter, and no item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article; provided, however, that a tax imposed under this article shall apply to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages as provided for in Code Section 48-8-3. 48-8-109.74.
(a) Each S-LHOST shall be exclusively administered and collected by the commissioner for the use and benefit of the local school system imposing the tax within the special district. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the S-LHOST shall be applicable to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the county government or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed.
(b) Dealers, as defined in Code Section 48-8-2, shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a

deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. Such dealer deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

(c) No funds other than the annual S-LHOST proceeds, and interest accrued thereon, shall be placed in such accounts and shall not be commingled with any other funds.

48-8-109.77.

(a) The proceeds of any tax authorized under this article shall be used exclusively to fund exemptions from ad valorem property taxes on homestead property to the extent granted pursuant to Code Section 48-5-44 on homestead property within the special district levying the S-LHOST, except as otherwise provided in Code Section 48-8-109.78.

(b)(1) For an S-LHOST imposed for a single local school system, following the adoption of millage rates each year by such local school system the county tax commissioner shall:

(A) Calculate for such local school system the assessed value within the special district which is exempt from ad valorem tax for such year pursuant to Code Section 48-5-44; and

(B) Multiply such local school system's net millage rate by the total determined for such jurisdiction in subparagraph (A) of this paragraph.

48-8-109.78.

(a) In the event that the amount of available proceeds exceeds the amount necessary to reduce property taxes, the excess proceeds shall be retained in the interest-bearing trust fund to be applied in subsequent years in accordance with this Code section.

(b) In the event that the amount of the annual proceeds plus any excess proceeds of the S-LHOST retained under subsection (a) of this Code section are sufficient to exempt the entire net taxable homestead digest for the local school system, then the funds shall be used to do so, if otherwise authorized by law to provide an additional homestead exemption beyond Code Section 48-5-44.

48-8-109.79.

(2) The QBE formula, which requires local school systems to spend a calculated amount of the local five mill share of funds annually in order to participate in the QBE program, is supplemented with state funding for equalization grants for local school systems that have relatively weak local tax bases and are unable to raise revenues sufficient for facility needs and which serve as additional state capital outlay grants for short-term periods, specifically targeted at low-income school systems, in order to help such systems initiate what they have been unable to accomplish with existing revenue sources;

(3) A comprehensive review of the QBE formula, equalization grants, and all other education financing sources and mechanisms, including programmatic funds, is needed to determine whether the current education financing system continues to be an appropriate and equitable method of calculating and distributing state education funds; and

(4) It would be beneficial to consider overhauling the current education financing structure, if necessary, including to identify ways to simplify the QBE funding formula and to adequately assist economically disadvantaged districts or districts with high poverty levels.

(b)(1) There is created the Joint Legislative Education Finance Study Committee to be composed of ten members as follows:

(A) Five members of the House of Representatives, to include: the chairperson of the House Committee on Appropriations, the chairperson of the House Committee on Education, the chairperson of the House Appropriations Subcommittee for Education, and two members of the House of Representatives to be appointed by the Speaker of the House of Representatives; and

(3) The members of the committee shall receive the allowances provided for in Code Section 28-1-8.

(c) The committee shall undertake a comprehensive review of the QBE formula and the various program components of the formula, equalization grants, and all other education financing sources and mechanisms to determine whether the current education financing system continues to be an appropriate and equitable method of calculating and distributing state education funds.

(d) The committee may request assistance and input from state and local agencies and organizations as needed, including the Department of Revenue, the Department of Education, the Department of Audits and Accounts, the State Charter Schools Commission, the Office of Planning and Budget, local school systems, and local tax officials.

(e) Subject to available funding, the committee shall be authorized to retain the services of auditors, attorneys, financial consultants, education experts, economists, and other individuals or firms as determined appropriate by the committee.

(b) As used in this article, the term:

(1) 'Eligible local government' means each county, consolidated government, and municipality whose governing authority levied and derived revenue from an ad valorem tax on homestead property within the special district at a net millage rate of greater than zero in the tax year immediately preceding the year in which the intergovernmental agreement was executed. Such term excludes any consolidated government which elects to implement a sales and use tax pursuant to Code Section 48-8-96 or 48-8-97.

(2) 'Homestead' means homestead as defined and qualified in Code Section 48-5-40, with the additional limitation that such term shall include:

(A) Only the primary residence and not more than five contiguous acres of land immediately surrounding such residence; or

(B) If the property is assessed pursuant to Code Section 48-5-7.4 or 48-5-7.7, only the primary residence and the portion of the underlying property that is excluded from the benefit of such assessment pursuant to subparagraph (a)(1)(B) of Code Section 48-5-7.4 or subparagraph (b)(2)(B) of Code Section 48-5-7.7.

(3) 'Local Homestead Option Sales Tax' or 'LHOST' means any special sales and use tax levied under this article to provide funds for the purpose of homestead property tax relief.

48-8-109.51.

(a) Pursuant to the authority granted by Article IX, Section II, Paragraph VI of the Constitution of this state, there are created within this state 159 special districts. The geographical boundary of each county shall correspond with and shall be conterminous with the geographical boundary of one of the 159 special districts.

(b) The territory of each special district shall include all of the territory within the county, including all municipalities, to the extent the municipal boundaries lie within the geographical boundaries of the county.

48-8-109.52.

(a) Subject to the requirements of this article, beginning January 1, 2028, there may be imposed within any given special district a special sales and use tax to be used to provide funds for the purpose of homestead property tax relief.

(b) Subject to the aggregate limits provided in Code Section 48-8-6, an LHOST of 1 percent may be imposed within a special district.

(c) Except as otherwise provided in this article, the LHOST shall correspond to the tax imposed by Article 1 of this chapter, and no item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article; provided, however, that a tax imposed under this article shall apply to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages as provided for in Code Section 48-8-3. The levy of such tax upon sales of motor fuels as defined in Code Section 48-9-2 shall only be imposed on the retail sales price of the motor fuel which is not more than $3.00 per gallon.

48-8-109.53.

(a) For the LHOST to be levied within a special district for the benefit of eligible local governments within the special district, the governing authority of the county whose geographical boundary is conterminous with that of the special district shall deliver or mail a written notice to the governing authority of each municipality which is an eligible local government located within the special district. Such notice shall contain the date, time, place, and purpose of a meeting at which the governing authorities of the county and of each such municipality are to meet to discuss the possible inclusion of funding for

the purpose of homestead property tax relief for each such municipality. Such notice shall be delivered or mailed at least ten days prior to the date of the meeting which shall be held at least 30 days prior to entering into an intergovernmental agreement or adopting a resolution. The governing authority of the county and the governing authority or authorities, if any, that represent at least 50 percent of the special district's residents of municipalities which are eligible local governments may enter into an intergovernmental agreement and adopt such intergovernmental agreement by resolution. The only terms that may be agreed to in relation to an LHOST are:

(1) The rate of the tax;

(2) The maximum period of time stated in calendar years or quarters for which the tax is to be levied, which shall not exceed ten years;

(3) The date on which the tax will commence; and

(4) The proposed distribution of the proceeds of the tax.

In the event that the parties have not entered into an intergovernmental agreement within 60 days of the county's delivery or mailing of the notice as required in this paragraph, the county shall be authorized to adopt a resolution imposing the tax authorized under the terms of this article, provided that the distribution of the proceeds of the tax shall be as provided for in Code Section 48-8-109.56 at a rate necessary to provide funds for the purpose of homestead property tax relief within the special district levying the LHOST.

(b) Once the conditions of subsection (a) of this Code section are satisfied and the county submits a copy of the required resolution or intergovernmental agreement to the commissioner, the tax shall be imposed on the date specified in the resolution or agreement; provided, however, that such date shall not be earlier than the first day of the next succeeding calendar quarter which begins more than 50 days after the date that the resolution or agreement is received by the commissioner; provided, further, that, with respect to services that are regularly billed on a monthly basis, the tax shall apply to the first regular billing period coinciding with or following the effective date specified in this subsection.

(c) The tax shall cease to be imposed on the final day of the maximum period of time specified in the resolution or intergovernmental agreement for the imposition of the tax; provided, however, that the tax may cease at any earlier specified time through the adoption of concurring resolutions by each eligible local government which was party to the existing intergovernmental agreement; provided, further, that any tax initially imposed pursuant to this article prior to January 1, 2037, shall automatically expire on December 31, 2037, but shall automatically renew in accordance with subsection (d) of this Code section.

(d) The tax may be renewed for any special district in the same manner and under the same conditions as for an initial imposition of an LHOST within the special district as provided for in this article; provided, however, that any tax initially imposed pursuant to this article prior to January 1, 2037, that automatically expires on December 31, 2037, pursuant to subsection (c) of this Code section, shall be automatically reimposed for an additional period of ten years unless otherwise provided by a local Act of the General

Assembly. Such newly authorized tax shall not be imposed until the expiration of the tax then in effect.

(e) If there is only one governing authority within the special district that would be otherwise required to enter into an intergovernmental agreement, the governing authority of such county or consolidated government whose geographical boundary is conterminous with that of the special district shall adopt a resolution which meets the requirements provided for in this Code section for intergovernmental agreements.

48-8-109.54.

(a) Each LHOST shall be exclusively administered and collected by the commissioner for the use and benefit of the special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the LHOST shall be applicable to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the county government or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed.

(b) Dealers, as defined in Code Section 48-8-2, shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. Such dealer deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-109.55.

(a) The proceeds of the tax collected by the commissioner under this article shall be disbursed as soon as practicable after collection directly to the county whose boundary is conterminous with the boundary of the special district and shall be held in a separately designated interest-bearing account for the eligible local governments of the special district.

(b) The funds of an account provided for in subsection (a) of this Code section shall only be removed or disbursed by such county to eligible local governments within the special district in accordance with this article, unless otherwise provided for in an intergovernmental agreement entered into pursuant to subsection (a) of Code Section 48-8-109.53, in which case such removal or disbursement of funds from an account shall be in accordance with the provisions of such intergovernmental agreement.

(c) No funds other than the annual LHOST proceeds, and interest accrued thereon, shall be placed in such accounts and shall not be commingled with any other funds.

48-8-109.56.

(a) The proceeds of any tax authorized under this article shall be used for the purpose of homestead property tax relief.

(b)(1) For an LHOST imposed for more than one eligible local government within a special district, following the adoption of millage rates each year by all such eligible local governments, the county tax commissioner shall calculate the proportional share of proceeds to be distributed to each local government in accordance with the intergovernmental agreement or as necessary to provide funds to each eligible local government for property tax relief for homestead properties within the special district.

(2) In the event that the proceeds collected for a special district exceed the total revenue necessary to provide full property tax relief for homestead properties within the special district, the excess proceeds shall be distributed to each eligible local government to provide for property tax relief for nonhomestead properties within the special district.

(3) In the event proceeds remain following the application of paragraphs (1) and (2) of this subsection, such excess proceeds shall be used by the eligible local government or governments for funding all or any portion of those services which are to be provided by such eligible local government or governments pursuant to and in accordance with Article IX, Section II, Paragraph III of the Constitution of this state.

(c) In the event an eligible local government fails to submit its adopted millage rates by August 1, the county tax commissioner shall use 75 percent of such eligible local government's prior year's millage rate in the calculation under subsection (b) of this Code section, and the county shall only disburse under subsection (b) of this Code section the lesser of such amount and the net millage rate actually levied by such eligible local government in the current year.

(d) Notwithstanding any provision of law to the contrary, a county or municipality shall be considered an eligible local government if in the preceding year the tax authorized under Article 2 or Article 2B of this chapter was levied within the special district containing such county or municipality, such county or municipality received funds from the levy of either tax, either tax is no longer levied in the current year, and such county or municipality adopts and submits a millage rate by August 1.

48-8-109.57.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax authorized by this article.

48-8-109.58.

Except as otherwise provided in this article or Code Section 48-8-6, the tax authorized by this article shall be in addition to any other local sales and use tax. The imposition of any other local sales and use tax within a county, municipality, or special district shall not affect the authority of a county, municipality, or special district to impose the tax authorized by this article, and the imposition of the tax authorized by this article shall not

affect the imposition of any otherwise authorized local sales and use tax within a county, municipality, or special district.

48-8-109.59.
The proceeds from any sales and use tax for a given special district levied as of December 31, 2027, under Article 2, Part 1 of Article 2A, Part 2 of Article 2A, or Part 3 of Article 2A of this chapter shall, as of January 1, 2028, be reallocated for the purposes of this article."

PART V
SECTION 5-1.

Part 4 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to financing under the "Quality Basic Education Act," is amended in paragraph (5) of subsection (a) of Code Section 20-2-167, relating to funding for direct instructional, media center, and staff development costs, computerized uniform budget and accounting system, submission of local budget to state board, and provision of certain information by local boards, by striking "15 percent" and replacing it with "25 percent".

SECTION 5-2.

Said part is further amended in Code Section 20-2-167.1, relating to public meetings on proposed annual operating budget, notice, electronic copies, and exception for certain nonprofits, by revising subsection (b) as follows:

"(b)(1) Each governing body shall hold at least two public meetings, which shall not occur within the same week, for the purpose of providing an opportunity for public input on its proposed annual operating budget before adopting any budget; provided, however, that any other public meeting or hearing held that is related to the budget as required by law shall satisfy all or a portion of such requirement. The governing body of a charter school with a state-wide attendance zone and students residing in 25 percent or more of Georgia's counties or in three or more counties which are not geographically contiguous shall conduct one such public meeting virtually and one such public meeting in the county in which its primary business office is located. The public meetings shall be advertised in a local newspaper of general circulation which shall be the same newspaper in which other legal announcements of the board of education are advertised.

(2)(A)(i) On and after January 1, 2028, no proposed annual operating budget resolution that would result in an increase in the revenues raised by the local board of education from the levy and collection of ad valorem property taxes by an amount that exceeds the greater of 3 percent or the percent change in the rate of economic inflation on individual taxpayers as determined under the Consumer Price Index, as reported by the Bureau of Labor Statistics of the United States Department of Labor, of the amount of such revenues raised by the local board of education which would be raised by the local board of education from the levy of its roll-back rate calculated pursuant to Code Section 48-5-32.1 shall go into effect unless the General Assembly

enacts a local Act authorizing such increase or the electors of the local school system have approved such budget resolution in a referendum election. In calculating whether a proposed annual operating budget resolution would result in such an increase in the revenues raised by the local board of education, increases in revenue attributable to the levies of ad valorem property tax for costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority shall not be counted.

(ii) The call for and conduct of any such election shall be in the manner authorized under Code Section 21-2-540. The costs of any referendum held pursuant to this paragraph shall be paid by the local board of education. The exact ballot language shall be prescribed by the local board of education but shall contain, at a minimum, the projected amount of revenue to be generated by the budget resolution; the amount of revenue received by the local board of education in the previous fiscal year; and a statement as to whether or not such projected revenue increase is the result of an increase in the levy or rate of ad valorem property taxes. All persons desiring to vote in favor of the budget resolution shall vote 'Yes' and all persons opposed to the budget resolution shall vote 'No.' If more than one-half of the votes cast are in favor of the budget resolution, then the budget resolution shall go into effect as provided by law; otherwise, the budget resolution shall either:

(I) Not go into effect and the local board of education shall prepare a new proposed budget which is projected not to increase the revenues raised by the local board of education by an amount that exceeds the 3 percent limitation provided for in this subparagraph; or

(II) Go into effect and the local board of education shall be required to reduce its proposed budget for the subsequent year by an amount corresponding to the unapproved increase exceeding the 3 percent limitation.

(B) A local board of education shall not be required to hold either or both of the public meetings required under paragraph (1) of this subsection after a proposed annual operating budget resolution has been approved in a referendum election required under subparagraph (A) of this paragraph.

(C) Nothing in this paragraph shall be construed to require that the public meetings of a local board of education required under paragraph (1) of this subsection shall be held at any particular time either prior to or following the referendum election required under subparagraph (A) of this paragraph."

SECTION 5-3.

Title 36 of the Official Code of Georgia Annotated, relating to local government, is amended in Code Section 36-81-3, relating to establishment of fiscal year, requirement of annual balanced budget, adoption of budget ordinances or resolutions generally, budget amendments, and uniform chart of accounts, by revising subsection (d) as follows:

"(d) Nothing contained in this Code section shall preclude a local government from amending its budget so as to adapt to changing governmental needs during the budget period; provided, however, that, on and after January 1, 2028, no such amendment shall

result in an increase in the revenues raised by the unit of local government from the levy and collection of ad valorem property taxes by an amount that exceeds the greater of 3 percent or the percent change in the rate of economic inflation on individual taxpayers as determined under the Consumer Price Index, as reported by the Bureau of Labor Statistics of the United States Department of Labor, of the amount of such revenues which would be raised by the unit of local government from the levy of its roll-back rate calculated pursuant to Code Section 48-5-32.1; provided, further, that this calculation shall not include increases in a proposed budget attributable to costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority. Amendments shall be made as follows, unless otherwise provided by charter or local law:

(1) Any increase in appropriation at the legal level of control of the local government, whether accomplished through a change in anticipated revenues in any fund or through a transfer of appropriations among departments, shall require the approval of the governing authority. Such amendment shall be adopted by ordinance or resolution;

(2) Transfers of appropriations within any fund below the local government's legal level of control shall require only the approval of the budget officer; and

(3) The governing authority of a local government may amend the legal level of control to establish a more detailed level of budgetary control at any time during the budget period. Said amendment shall be adopted by ordinance or resolution."

SECTION 5-4.

Said title is further amended by revising Code Section 36-81-6, relating to adoption of budget ordinance or resolution and form of budget, as follows:

"36-81-6.

(a)(1) On a date after the conclusion of the hearing required in subsection (f) of Code Section 36-81-5, the governing authority shall adopt a budget ordinance or resolution making appropriations in such sums as the governing authority may deem sufficient, whether greater or less than the sums presented in the proposed budget. The budget ordinance or resolution shall be adopted at a public meeting which shall be advertised in accordance with the procedures set forth in subsection (e) of Code Section 36-81-5 at least one week prior to the meeting, except as otherwise provided in paragraph (2) of this subsection.

(2)(A) On and after January 1, 2028, if such budget ordinance is projected to result in an increase in the revenues raised by the unit of local government from the levy and collection of ad valorem property taxes by an amount that exceeds the greater of 3 percent or the percent change in the rate of economic inflation on individual taxpayers as determined under the Consumer Price Index, as reported by the Bureau of Labor Statistics of the United States Department of Labor, of the amount of such revenues raised by the unit of local government which would be raised by the unit of local government from the levy of its roll-back rate calculated pursuant to Code Section 48-5-32.1, then such budget ordinance shall not go into effect unless the General Assembly enacts a local Act authorizing such increase or the electors of the

unit of local government have approved such budget ordinance in a referendum election. In calculating whether a proposed annual operating budget resolution would result in such an increase in the revenues raised by the unit of local government, increases in revenue attributable to costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority shall not be counted.

(B) The call for and conduct of any such election shall be in the manner authorized under Code Section 21-2-540. The costs of any referendum held pursuant to this subsection shall be paid by the unit of local government adopting such budget ordinance. The exact ballot language shall be prescribed by the governing authority adopting the budget ordinance but shall contain, at a minimum, the projected amount of revenue to be generated by the budget ordinance; the amount of revenue received by the unit of local government in the previous fiscal year; and a statement as to whether or not such projected revenue increase is the result of an increase in the levy or rate of ad valorem property taxes. All persons desiring to vote in favor of the budget ordinance shall vote 'Yes' and all persons opposed to the budget ordinance shall vote 'No.' If more than one-half of the votes cast are in favor of the budget ordinance, then the budget ordinance shall go into effect as provided by law; otherwise, the budget ordinance shall either:

(i) Not go into effect and the unit of local government shall prepare a new proposed budget pursuant to Code Section 36-81-5 which is projected not to increase the revenues raised by the unit of local government by an amount that exceeds the 3 percent limitation provided for in this subsection; or

(ii) Go into effect and the unit of local government shall be required to reduce its proposed budget for the subsequent year by an amount corresponding to the unapproved increase exceeding the 3 percent limitation.

(C) This paragraph shall not apply to increases in a proposed budget attributable to costs incurred pursuant to a state of emergency declared by any federal, state, or local emergency management agency, official, or authority.

(b) The budget may be prepared in any form that the governing authority deems most efficient in enabling it to make the fiscal policy decisions embodied in the budget, but such budget shall be subject to the provisions of this article."

SECTION 5-5.

The exemption shall automatically be renewed from year to year so long as the owner continuously occupies the residence as a homestead. It shall be the duty of any person granted the exemption to notify the tax receiver or tax commissioner in the event such person for any reason becomes ineligible for such exemption."

PART VI

(c)(1) Whenever a recommending authority or levying authority shall propose to adopt a millage rate which does not exceed the roll-back rate, it shall adopt that millage rate at an advertised public meeting and at a time and place which is convenient to the taxpayers of the taxing jurisdiction, in accordance with the procedures specified under Code Section 48-5-32.

(b) It shall be unlawful for any licensed auctioneer to act in such capacity in the sale of real property unless such auctioneer is also licensed as a real estate broker, associate broker, or salesperson under Chapter 40 of this title; provided, however, that any auctioneer who was licensed as such by this state prior to July 1, 1978, and who, prior to December 31, 1984, submits proof to the commission that he or she has been auctioning real property for five years or more immediately prior to the date of application shall not be required to meet the provisions of this subsection, but such person shall not thereby be construed to be a real estate broker, associate broker, or salesperson under Chapter 40 of this title.

43-6-5.
(a) Any person desiring to act as an auctioneer shall file an application for licensure with the Secretary of State. The application shall be completed and submitted upon a form and in such manner as prescribed by the Secretary of State and shall be accompanied by the applicable fees and evidence satisfactory to the Secretary of State that the applicant meets the requirements for licensure under this chapter.

(b) To be eligible for licensure as an auctioneer, an applicant shall:

(1) Be at least 18 years of age;

(2) Have obtained a high school diploma or its equivalent, as determined by the Secretary of State;

(3) Have successfully completed an auctioneer education program approved pursuant to this chapter;

(4) Successfully pass an examination approved or administered by the Secretary of State to determine the applicant's knowledge and competency to practice as an auctioneer in this state;

(5) Maintain an escrow or trustee account for the receipt, holding, or disbursement of funds belonging to others and provide information identifying such account, together with authorization permitting examination of the account by the Secretary of State or his or her designee; and

(6) Provide at least one secure and verifiable document, as defined in Code Section 50-36-2, establishing the applicant's identity, and submits an affidavit verifying lawful presence in the United States pursuant to Code Section 50-36-1, together with any required immigration documentation for noncitizen applicants.

(c) An application for a license under this Code section shall constitute express consent and authorization for the Secretary of State to perform a criminal background check conducted by the Georgia Crime Information Center and the Federal Bureau of Investigation. Each applicant who submits an application to the Secretary of State for licensure agrees to provide any and all information necessary to run a criminal background check, including, but not limited to, classifiable sets of fingerprints. The applicant shall be responsible for all fees associated with the performance of such background check.

(d) The Secretary of State shall have the authority to approve auctioneer education programs and schools that are accredited by a recognized accrediting body or otherwise deemed eligible by the Secretary of State to meet the education requirements of this chapter. The Secretary of State may establish standards, criteria, and procedures by rule for such approval or eligibility determinations.

43-6-6.

(a) All licenses issued under this chapter shall be renewable biennially at such time as may be designated by the division director, as defined in Code Section 43-1-1, and shall expire as provided in Code Section 43-1-4. Applications for renewal shall be filed with the Secretary of State prior to the expiration date and shall be accompanied by the renewal fee prescribed by the Secretary of State, and proof, in a form acceptable to the Secretary of State, that the licensee has completed continuing education as required in Code Section 43-6-7.

(b) Each licensee shall be responsible for the timely renewal of his or her license and shall notify the Secretary of State, in a manner prescribed by the Secretary of State, of any change in mailing address or contact information.

(c) Failure to renew a license shall result in forfeiture of the license, which shall have no force or effect unless and until reinstated in accordance with this Code section.

(1) A forfeited license may be reinstated within one year of the expiration date upon submission of an application and payment of all required renewal and restoration fees, in such manner as prescribed by the Secretary of State.

(2) A license that has been forfeited for more than one year but less than two years may be reinstated at the discretion of the Secretary of State upon submission of an application, payment of the required fees, and compliance with any continuing education requirements established pursuant to this chapter.

(d) Failure to restore a forfeited license within two years of the expiration date shall result in automatic termination of the license, and the Secretary of State may require the individual to reapply for licensure as a new applicant.

43-6-7.

(a) The Secretary of State shall be authorized to require persons seeking renewal of an auctioneer's license under this chapter to complete approved continuing education of not more than eight hours biennially.

(b) The Secretary of State shall be authorized to waive the continuing education requirement in cases of hardship, disability, or illness or under such other circumstances as the Secretary of State deems appropriate.

(c) The Secretary of State shall be authorized to promulgate rules and regulations to implement and ensure compliance with the requirements of this Code section.

43-6-8.

(a) Any resident of another state who holds a current license as an auctioneer under the laws of any other state having requirements similar to those in this chapter may, at the discretion of the Secretary of State, be issued a license to practice as an auctioneer in this state without written examination upon the payment of the fees as required by the Secretary of State.

(b) Any resident of another state which does not have a law regulating the licensing of auctioneers but who holds a current and valid license in a state which has a reciprocal licensing agreement with Georgia may, at the discretion of the Secretary of State, be issued a license to practice as an auctioneer in this state without examination upon the payment of a fee as required by the Secretary of State.

(c) By applying for or engaging in the business of auctioning in this state pursuant to this Code section, a nonresident auctioneer shall be deemed to have appointed the Secretary of State as the auctioneer's lawful agent for service of process in any civil action or legal proceeding arising out of or related to the auctioneer's business of auctioning in this state. Service of process upon the Secretary of State pursuant to this subsection shall be of the same legal force and effect as personal service upon the auctioneer. Upon receipt of such process, the Secretary of State shall forward a copy thereof to the auctioneer at the auctioneer's last known address on file with the Secretary of State.

43-6-9.
(a) Every licensed auctioneer shall maintain an active escrow or trustee account at a financial institution for the receipt, holding, and disbursement of funds belonging to others arising from auction activities.
(b) All auction proceeds received by an auctioneer shall be deposited into an escrow or trustee account not later than 48 hours or the next business day after receipt, unless settlement is made within 24 hours.
(c) Funds belonging to others shall not be commingled with the auctioneer's personal funds or with any general operating account and shall be held in the escrow or trustee account until properly disbursed to the appropriate parties.
(d) Every licensed auctioneer shall provide to the Secretary of State information identifying the escrow or trustee account, including the name of the financial institution and the account number, together with authorization permitting examination of such account by the Secretary of State or his or her designee.
(e) Every licensed auctioneer shall notify the Secretary of State of any change in the name or location of the escrow or trustee account or any other material change affecting compliance with this Code section, in such manner as prescribed by the Secretary of State.
(f) The Secretary of State may adopt rules governing escrow or trustee account requirements, reporting, recordkeeping, and examination as necessary to administer and enforce this Code section.

43-6-10.
The Secretary of State shall prepare and deliver a pocket card certifying that the person whose name appears thereon is a licensed auctioneer, as the case may be, stating the period of time for which fees have been paid.
(b) A Georgia auctioneer's license identification card, or an electronic or digital version thereof approved by the Secretary of State, shall be carried on the auctioneer's person when participating in the business of auctioning in any capacity.
(c) Should the auctioneer change his or her place of business, he or she shall notify the Secretary of State in writing within ten days of such change, and thereupon a new pocket card shall be granted to the auctioneer.

43-6-11.
(a) Where an applicant has been convicted of forgery, embezzlement, obtaining money under false pretenses, larceny, extortion, conspiracy to defraud, or other like offense or offenses or has been convicted of any other crime in a court of competent jurisdiction of this or any other state, district, or territory of the United States or of a foreign country, such untrustworthiness of the applicant and the conviction, in itself, may be a sufficient ground for refusal of a license.
(b) Where an applicant has made a false statement of material fact on his or her application, such false statement, in itself, may be sufficient ground for refusal of a license.

(c) Grounds for suspension or revocation of a license, as provided for by this chapter, shall also be grounds for refusal to grant a license.

43-6-12.
The refusal to grant a license as provided in this chapter shall not be considered to be a contested case within the meaning of Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' and notice and hearing as provided in such chapter shall not be required in connection with such refusal. Notice of refusal to grant a license shall be sent by registered mail or statutory overnight delivery or personal service setting forth the particular reasons for the refusal. The written notice shall be sent to the applicant's address of record with the Secretary of State, and the applicant shall be allowed to appear before the Secretary of State, or their designee, if the applicant requests to do so in writing.

43-6-13.
The Secretary of State shall have the authority to investigate the actions of any auctioneer and shall have power to censure such licensee or to revoke or suspend any license issued under this chapter whenever such license has been obtained by false or fraudulent representation or the licensee has been found guilty of any unfair trade practices, including, but not limited to:

(1) Making any substantial misrepresentation while describing any property, real or personal; using any false, deceptive, misleading, or untruthful advertising; or making any statements, whether in person or through advertising, which may create false or unjustified expectations of the services to be performed;

(2) Engaging in a continued and flagrant course of misrepresentation, making false promises through an agent, or advertising an auction to be an absolute auction while conducting the auction with reserve or otherwise inconsistently with such representation;

(3) Failing to account for or remit, within 30 days unless otherwise provided by contract, any money belonging to others that comes into his or her possession, commingling funds of others with his or her own, or failing to keep such funds of others in an escrow or trustee account;

(4) Conviction by a court of competent jurisdiction in this state or any other state of a felony or a crime involving moral turpitude;

(5) Violation of this chapter, any rule or regulation, or code of ethics promulgated by the Secretary of State;

(6) Engaging in conduct demonstrating bad faith, dishonesty, fraud, incompetence, or untruthfulness in connection with the business of auctioning;

(7) Having had any license to practice a business or profession revoked, suspended, annulled, or sanctioned, or otherwise having had any disciplinary action taken by any other licensing authority in this or any other state; or

(8) Knowingly making any misleading, false, or deceptive statement on any application for a licensure or renewal under this chapter.

(b) The Secretary of State may discipline, suspend, revoke, or refuse to renew a license only after proper notice and an opportunity for a hearing.
(c) Except as otherwise provided, the provisions of Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' shall be applicable to the provisions of this chapter and to the Secretary of State in carrying out the provisions of this chapter.

43-6-14.
Whenever, in the judgment of the Secretary of State, any person has engaged in any acts or practices which constitute a violation of this chapter, the Attorney General may bring an action in the name of the state in the superior court of the county in which venue is proper, to abate and temporarily and permanently to enjoin such acts and practices and to enforce compliance with this chapter. The plaintiff shall not be required to give any bond.

43-6-15.
Except as otherwise provided in this chapter, this chapter shall not apply to:
(1) Any person acting as a receiver, trustee in bankruptcy, administrator, executor, or any such person acting under order of any court;
(2) Any nonprofit organization conducting an auction where the funds are to be used in a way as to benefit persons with physical or mental disabilities or disorders or for research related to cures or prevention of such disabilities or disorders, nor shall this chapter apply to any auction conducted by a nonprofit organization where the funds are to be used for the preservation of wildlife or its habitats whether conducted by a licensed auctioneer or nonlicensed auctioneer;
(3) Any person acting as an auctioneer in the auction of livestock, forest products, or farm products in an auction facility which is licensed and bonded under the provisions of Article 3 of Chapter 6 of Title 4 or in an auction facility which is licensed under Code Section 10-4-101 or to any youth livestock auction, sponsored by a 4-H Club or the Future Farmers of America;
(4) Any students of approved auctioneering schools during the term of their course of study;
(5) Any person conducting a public sale of personal property pursuant to the provisions of Code Section 10-4-213; or
(6) Ringpersons as defined in Code Section 43-6-1.

43-6-16.
Any person acting as an auctioneer as provided in this chapter without a license and any person who violates this chapter shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not to exceed $1,000.00, by imprisonment for a term not to exceed 90 days, or both.

43-6-17.

Nothing in this chapter shall prohibit any lawful regulation or licensing of auctioneers by any municipality, county, or other political subdivision of this state; provided, however, that no such political subdivision shall license any auctioneer required to be licensed by this chapter unless such auctioneer has been approved for licensure by the Secretary of State as required in this chapter.

43-6-18.

(a) Effective July 1, 2026, the Georgia Auctioneers Commission shall stand dissolved. Notwithstanding such dissolution, the auctioneers education, research, and recovery fund established pursuant to the former provisions of Code Section 43-6-22.1 as such provisions existed prior to July 1, 2026, shall remain in existence solely for the purpose of administering, defending, and paying claims arising from acts, representations, transactions, or conduct of a licensee and to fund continuing education for auctioneers.

(b) On and after July 1, 2026, the Secretary of State shall serve as the successor administrator to the Georgia Auctioneers Commission for all matters arising under this Code section, including the receipt of notices, the defense of actions, the processing of claims, and the payment of court ordered damages from the fund. Any person, except bonding companies when they are not principals in an auction transaction, aggrieved by an act, representation, transaction, or conduct of an individual licensed under this chapter which is in violation of the current or former provisions of this chapter or of the rules and regulations promulgated pursuant to such, may recover, by order of any court having competent jurisdiction, actual or compensatory damages, not including interests and costs sustained by the act, representation, transaction, or conduct, provided that nothing shall be construed to obligate the fund for more than $10,000.00 per transaction regardless of the number of persons aggrieved or parcels of real estate or lots of personal property involved in such transaction. In addition:

(1) The liability of the fund for the acts of an individual licensed under this chapter, when acting as such, is terminated upon the issuance of court orders authorizing payments from the fund for judgments, or any unsatisfied portion of judgments, in an aggregate amount of $20,000.00 on behalf of such licensee;

(2) A licensee acting as a principal or agent in an auction transaction has no claim against the fund;

(3) No person who establishes a proper claim or claims under this Code section shall ever obtain more than $10,000.00 from the fund; and

(4) The fund shall not pay out for any wrongdoing by an auction company if the wrongdoing occurred on or after July 1, 2026.

(c)(1) No action for a judgment which subsequently results in an order for collection from the fund shall be started later than two years from the accrual of the cause of action thereon. When any aggrieved person commences action for a judgment which may result in collection from the fund, the aggrieved person shall notify the Secretary of State in writing, by certified mail or statutory overnight delivery, return receipt

requested, to this effect at the time of the commencement of such action. The Secretary of State shall have the right to intervene in and defend any such action.

(2) When any aggrieved person recovers a valid judgment in any court of competent jurisdiction against any individual licensed under the provisions of this chapter for any act, representation, transaction, or conduct which is in violation of this chapter or of the regulations promulgated pursuant to this chapter, or which is in violation of Chapter 47 of this title or of the regulations promulgated pursuant to Chapter 47 of this title, which act occurred on or after January 1, 1992, the aggrieved person may, upon termination of all proceedings, including reviews and appeals in connection with the judgment, file a verified claim in the court in which the judgment was entered and, upon ten days' written notice to the Secretary of State, may apply to the court for an order directing payment out of the fund of the amount unpaid upon the judgment, subject to the limitations stated in this Code section.

(3) The court shall proceed upon such application in a summary manner and, upon the hearing thereof, the aggrieved person shall be required to show:

(A) That he or she is not a spouse of the judgment debtor or the personal representative of such spouse;

(B) That he or she has complied with all the requirements of this Code section;

(C) That he or she has obtained a judgment, as set out in paragraph (2) of this subsection, stating the amount thereof and the amount owing thereon at the date of the application; and that, in such action, he or she had joined any and all bonding companies which issued corporate surety bonds to the judgment debtors as principals and all other necessary parties;

(D) That he or she has caused to be issued a writ of execution upon such judgment and the officer executing the same has made a return showing that no personal or real property of the judgment debtor liable to be levied upon in satisfaction of the judgment could be found or that the amount realized on the sale of them as were found, under such execution, was insufficient to satisfy the judgment, stating the amount so realized and the balance remaining due to the judgment after application thereon of the amount realized;

(E) That he or she has caused the judgment debtor to make discovery under oath concerning his or her property in accordance with Chapter 11 of Title 9, the 'Georgia Civil Practice Act';

(F) That he or she has made all reasonable searches and inquiries to ascertain whether the judgment debtor is possessed of real or personal property or other assets liable to be sold or applied in satisfaction of the judgment;

(G) That by such search he or she has discovered no personal or real property or other assets liable to be sold or applied or that he or she has discovered certain of them, describing them, owned by the judgment debtor and liable to be so applied and that he or she has taken all necessary action and proceedings for the realization thereof and that the amount thereby realized was insufficient to satisfy the judgment, stating the amount so realized and the balance remaining due on the judgment after application of the amount realized; and

(H) That the following items, if any, as recovered by him or her have been applied to the actual or compensatory damages awarded by the court:

(i) Any amount recovered from the judgment debtor or debtors;

(ii) Any amount recovered from the bonding company or companies; or

(iii) Any amount recovered in out-of-court settlements as to particular defendants.

(4) Whenever the aggrieved person satisfies the court that it is not practical to comply with one or more of the requirements enumerated in subparagraphs (D), (E), (F), (G), or (H) of paragraph (3) of this subsection and that the aggrieved person has taken all reasonable steps to collect the amount of the judgment or the unsatisfied part thereof and has been unable to collect the same, the court may, in its discretion, dispense with the necessity for complying with such requirements.

(5) The court shall make an order directed to the Secretary of State requiring payment from the fund of whatever sum it shall find to be payable upon the claim, pursuant to the provisions of and in accordance with the limitations contained in this Code section, if the court is satisfied, upon the hearing, of the truth of all matters required to be shown by the aggrieved person by paragraph (3) of this subsection and is satisfied that the aggrieved person has fully pursued and exhausted all remedies available to him or her for recovering the amount awarded by the judgment of the court.

(6) If, at any time, the money deposited in the fund is insufficient to satisfy any duly authorized claim or portion thereof, the Secretary of State, as successor administrator to the Georgia Auctioneers Commission, shall satisfy such unpaid claims or portions thereof in the order that such claims or portions thereof were originally filed, plus accumulated interest at the rate of 4 percent per annum. In no event shall the state, the Secretary of State, the former Georgia Auctioneers Commission, or any member or employee thereof be liable to any person for any deficiency in payment under this Code section.

(d)(1) On and after July 1, 2026, the fund shall continue to be held in trust for the payment of claims, and the Secretary of State shall administer only the balance existing on such date and any earnings thereon.

(2) On December 31 of each year, the fund balance shall be assessed and, if the balance is below $10,000.00, any remaining moneys shall be transferred to the general fund of the state treasury, and the fund shall stand abolished. Until such date, such moneys may be invested in any investments which are legal for domestic insurance companies under Articles 1 and 3 of Chapter 11 of Title 33, and the interest from these investments shall be deposited to the credit of the fund. Revenue generated by the annual compounding interest from the date of the fund's inception may be dispensed by the Secretary of State or his or her designee to fund continuing education for auctioneers.

(e) It shall be unlawful for any person or his or her agent to file with the commission any notice, statement, or other document required under this Code section which is false, untrue, or contains any material misstatement of fact and shall, upon conviction, be punishable as a misdemeanor.

(f) When the Secretary of State receives notice, as provided in subsection (c) of this Code section, the Secretary of State may enter an appearance, file an answer, appear at the

court hearing, defend the action, or take whatever other action he or she may deem appropriate on behalf of and in the name of the defendant and take recourse through any appropriate method of review on behalf of and in the name of the defendant.
(g) When, upon the order of the court, the Secretary of State has paid from the fund any sum to the judgment creditor, the Secretary of State shall be subrogated to all of the rights of the judgment creditor. The judgment creditor shall assign all its right, title, and interest in the judgment to the Secretary of State before any payment is made from the fund, and any amount and interest so recovered by the Secretary of State on the judgment shall be deposited in the fund. If the total amount collected on the judgment by the Secretary of State exceeds the amount paid from the fund to the original judgment creditor plus interest and the cost of collection, the Secretary of State may elect to pay any overage collected to the original judgment creditor or reassign the remaining interest in the judgment to the original judgment creditor. The payment or reassignment to the original judgment creditor shall not subject the fund to further liability for payment to the original judgment creditor based on that transaction or judgment. Any costs incurred by the Secretary of State's attempt to collect assigned judgments shall be paid from the fund.
(h) The failure of an aggrieved person to comply with all of the provisions of this Code section shall constitute a waiver of any rights under this Code section."

SECTION 2-2.

Said title is further amended in Code Section 43-47-10, relating to investigation of licensees by board, suspension or revocation of license, and other sanctions, by revising division (1)(P)(iii) as follows:

"(iii) A violation of this subparagraph shall also be grounds for suspension or censure of a license under Code Section ~~43-6-18~~ 43-6-13, and any auction violating this subparagraph may be required by the board to surrender its master tag;"

PART III
SECTION 3-1.

Said title is further amended by repealing Chapter 19, relating to geologists, and enacting a new Chapter 19 to read as follows:

"CHAPTER 19

43-19-1.
This chapter shall be known and may be cited as the 'Registration of Professional Geologists Act' and is enacted to safeguard life, health, and property and to promote the public welfare.

43-19-2.
As used in this chapter, the term:

(1) 'Geologist' means a person registered under this chapter to engage in the practice of geology.
(2) 'Geology' means that science which treats of the earth in general; investigation of the earth's crust and the rocks and other materials which compose it; and the applied science of utilizing knowledge of the earth and its constituent rocks, minerals, liquids, gases, and other materials for the benefit of mankind.
(3) 'Public practice of geology' means the performance of geological service or work such as consultation, investigation, surveys, evaluation, planning, mapping, and inspection of geological work in which the performance is related to public welfare or safeguarding of life, health, property, and the environment, except as specifically exempted by this chapter. A person shall be construed to practice publicly or offer to practice publicly geology, within the meaning and intent of this chapter, who practices any branch of the profession of geology; or who by verbal claim, sign, advertisement, letterhead, card, or in any other way represents themselves to be a geologist; or through the use of some other title implies that he or she is a geologist; or that he or she is registered under this chapter; or who holds themselves out as able to perform or who does perform any geological services or work recognized as geology.
(4) 'Registered professional geologist' means a person who is registered as a geologist under this chapter.
(5) 'Responsible charge of work' means the independent control and direction, by the use of initiative, skill, and independent judgment, of geological work or the supervision of such work.
(6) 'Secretary of State' means the Secretary of State of the State of Georgia or his or her designee.
(7) 'Subordinate' means any person who assists a registered professional geologist or a registered engineer in the practice of geology without assuming the responsible charge of work.

43-19-3.
In carrying out the duties and responsibilities under this chapter, the Secretary of State shall seek the advice and counsel of industry representatives, stakeholders, or subject matter experts to provide expertise and assistance in the administration and enforcement of this chapter.

43-19-4.
By engaging in the public practice of geology in this state, a nonresident individual appoints the Secretary of State as the individual's agent for service of process in any civil action in this state related to the individual's public practice of geology in this state.

43-19-5.
(a) Except as otherwise provided in subsection (e) of this Code section, an individual shall not engage in the public practice of geology in this state without holding a certificate of registration under this chapter.

(b) It shall be unlawful for any person other than a registered professional geologist or a subordinate under his or her direction to prepare any geologic plans, reports, or documents in which the performance is related to the public welfare or safeguarding of life, health, property, or the environment.
(c) It shall be unlawful for any person other than a registered professional geologist to stamp or seal any plans, plats, reports, or other documents with the seal or stamp of a registered professional geologist or to use in any manner the title 'registered professional geologist.'
(d) It shall be unlawful for any person to affix his or her signature or to stamp or seal any plans, plats, reports or other documents after the certification of the registrant named thereon has expired or has been suspended or revoked, unless the certificate has been renewed or reissued.
(e) The provisions of this chapter shall not apply to any individual who is:
(1) Engaged in the practice of any profession or trade for which a license is required under any other law of this state, including, without limitation, licensed professional engineers lawfully practicing soil mechanics, foundation engineering, and other professional engineering as provided in this title; or licensed architects lawfully practicing architecture as provided in this title;
(2) Engaged solely in teaching the science of geology or engaged in nonpublic geologic research in this state;
(3) An officer or employee of the United States or this state practicing geology solely as such officer or employee; and
(4) A subordinate to a geologist registered under this chapter, insofar as he or she acts solely in such capacity; provided, however, that this paragraph shall not be construed to permit any such subordinate to practice geology for others in his or her own right or use the title 'registered professional geologist.'
(f) The right to engage in the practice of geology shall be deemed a personal right, based on the qualifications of the individual as evidenced by his or her certificate of registration, and shall not be transferable.

43-19-6.
(a) The Secretary of State shall issue a certificate of registration as a professional geologist to an applicant when such applicant has completed and submitted an application upon a form and in such manner as the Secretary of State prescribes, accompanied by applicable fees and evidence satisfactory to the Secretary of State that:
(1) The applicant has graduated from an accredited college or university with a bachelor's degree or higher in geology, engineering geology, geological engineering, or a comparable earth or environmental science or engineering focused discipline; or has completed 45 quarter hours or the equivalent in geological science courses leading to a major in geology, of which at least 36 quarter hours or the equivalent were taken in the third or fourth year or in graduate courses;
(2) The applicant has at least seven years of professional geological work, including a minimum of three years under the supervision of a registered professional geologist or

a registered civil engineer, or another individual who is legally authorized to practice geology. For purposes of calculating an applicant's years of professional geological work:

(A) Each year of undergraduate study in geological sciences counts as one-half year of training, up to a maximum of two years, and each year of graduate study counts as one full year of training. Credit for undergraduate study, graduate study, and graduate courses, individually or combined, shall not exceed four years toward the required seven years of professional geological work;

(B) Professional geological work or geological research performed by full-time faculty at an accredited college or university shall count toward the required seven years when the work or research involves activities that fall within the definition of geology as defined under this chapter; and

(C) An applicant's years of professional geological work used to satisfy the required seven years shall meet the following criteria:

(i) The professional geological work shall consist of geological tasks included within the statutory definition of the public practice of geology;

(ii) Only professional geological work performed in a position with assigned professional responsibility for geological work shall be counted; and

(iii) Documentation of supervision and experience shall be submitted in the format prescribed by the Secretary of State;

(3) The applicant has successfully passed such examinations endorsed by the National Association of State Boards of Geology as are required by the Secretary of State;

(4) The applicant is in good standing based on a review of the applicant's licensure history in any other jurisdiction, including a review of any prior disciplinary action, alleged misconduct, or negligence in the practice of geology and the applicant has not been previously denied a certificate of registration under this chapter, unless the Secretary of State determines that the grounds for such denial no longer apply; and

(5) The applicant provides at least one secure and verifiable document, as defined in Code Section 50-36-2, establishing the applicant's identity, and submits an affidavit verifying lawful presence in the United States pursuant to Code Section 50-36-1, together with any required immigration documentation for non-citizen applicants.

(b) An application for a certificate of registration under this Code section shall constitute express consent and authorization for the Secretary of State to perform a criminal background check conducted by the Georgia Crime Information Center and the Federal Bureau of Investigation. Each applicant who submits an application to the Secretary of State for a certificate of registration agrees to provide any and all information necessary to run a criminal background check, including, but not limited to, classifiable sets of fingerprints. The applicant shall be responsible for all fees associated with the performance of such background check.

43-19-7.

A person holding a certificate of registration to engage in the public practice of geology, on the basis of comparable licensing requirements issued to him or her by a proper

authority of a state, territory, or possession of the United States or the District of Columbia, and who, in the opinion of the Secretary of State, otherwise meets the requirements of this chapter based on verified evidence may be registered, upon application, without further examination.

43-19-8.

(a) Except as otherwise provided in subsection (b) of this Code section, the Secretary of State shall issue a certificate of registration to an individual who complies with Code Section 43-19-6.

(b) The Secretary of State may refuse to issue a certificate of registration if it is determined that the applicant has engaged in conduct that has a significant adverse effect on the applicant's fitness to engage in the public practice of geology. In making the determination, the Secretary of State may consider whether the applicant has:

(1) Been convicted of, or entered a plea of nolo contendere to, a crime that, if committed in this state, would constitute a felony or a crime involving moral turpitude, including any offense reasonably related to the applicant's fitness to engage in the public practice of geology. A record of conviction, plea, or a certified copy thereof shall be conclusive evidence of such conviction or plea;

(2) Made a material false, misleading, deceptive, or fraudulent representation in the application or as a geologist;

(3) Engaged in conduct prohibited by this chapter or regulation adopted pursuant to this chapter; or

(4) Had a registration or licensure as a geologist suspended, revoked, or denied or been refused renewal of registration or licensure as a geologist in any state.

(c) The refusal to grant a registration as provided in this Code section shall not be considered to be a contested case within the meaning of Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' and notice and hearing within the meaning of such chapter shall not be required in connection with such refusal. Notice of refusal to grant a registration shall be sent by registered mail or statutory overnight delivery or personal service setting forth the particular reasons for the refusal. The written notice shall be sent to the applicant's address of record with the Secretary of State, and the applicant shall be allowed to appear before the Secretary of State if the applicant requests to do so in writing.

43-19-9.

When a clergy member receives information about child abuse from any other source, the clergy member shall comply with the reporting requirements of this Code section, even though the clergy member may have also received a report of child abuse from the confession of the perpetrator.

(h) Any person or official required by subsection (c) of this Code section to report a suspected case of child abuse who knowingly and willfully fails to do so shall be guilty of a misdemeanor.

(i) A report of child abuse or information relating thereto and contained in such report, when provided to a law enforcement agency or district attorney pursuant to subsection (e) of this Code section or pursuant to Code Section 49-5-41, shall not be subject to public inspection under Article 4 of Chapter 18 of Title 50 even though such report or information is contained in or part of closed records compiled for law enforcement or prosecution purposes unless:

reports, after application for inspection and a hearing on the issue, shall permit inspection of such records by or release of information from such records to individuals or entities who are engaged in legitimate research for educational, scientific, or public purposes and who comply with the provisions of this paragraph. When those records are located in more than one county, the application may be made to the superior court of any one of such counties. A copy of any application authorized by this paragraph shall be served on the office of the law enforcement agency or district attorney which compiled the records containing such reports. In cases where the location of the records is unknown to the applicant, the application may be made to the Superior Court of Fulton County. (B) The applicant carries the burden of showing the legitimacy of the research project; and

(C) Names and addresses of individuals, other than officials, employees, or agents of agencies receiving or investigating a report of abuse which is the subject of a report, shall be deleted from any information released pursuant to this subsection unless the court determines that having the names and addresses open for review is essential to the research and the child, through his or her representative, gives permission to release the information.

(j) The treatment of a child in good faith solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof shall not in and of itself be considered child abuse.

(k)(1) Agencies that employ mandated reporters may authorize its employees to create or transmit reports required by this Code section through a secure web based platform designated by the agency. An agency may only designate one secure web based platform for its employees to use to create or transmit the reports, and the agency may designate a secure web based platform if:

(A) The agency is satisfied that the secure web based platform complies with the Health Insurance Portability and Accountability Act, Federal Bureau of Investigation's Criminal Justice Information Services Security Policy, or Family Educational Rights and Privacy Act, as applicable; or

(B) The secure web based platform provider demonstrates to the agency that it has been deemed compliant with the relevant security standard by a federal, state, or local government agency or by a third party that has been approved by a federal, state, or local government agency for security and compliance attestation.

(2) A reporting agency that utilizes a secure web based platform shall notify the Division of Family and Children Services of the Department of Human Services not less than ten days before implementing the secure web based platform. The notice shall

identify the name of the secure web based platform provider and any domain names utilized by the secure web based platform to submit reports.

(l) Mandatory reporting training shall be required for users of any secure web based platform used to submit reports under this Code section. Training requirements may be satisfied by a course provided either by the Division of Family and Children Services of the Department of Human Services or by an organization with demonstrated subject matter expertise in mandated reporting, including accredited continuing education providers, law enforcement training entities, school training entities, or child advocacy organizations. The Division of Family and Children Services of the Department of Human Services may publish learning objectives, but shall not require platform specific training, exclusive delivery methods, or requirements that have the effect of excluding otherwise compliant platforms."

A RESOLUTION creating the House Study Committee on Pharmacy Benefits Managers and Consumer Access to Prescription Medications; and for other purposes.

The following Committee substitute was read and adopted:

A RESOLUTION

Creating the House Study Committee on Pharmacy Benefits Managers and Consumer Access to Prescription Medications; and for other purposes.

WHEREAS, according to the United States Office of Health Policy, the cost of prescription drugs has increased at rates exceeding the rate of inflation each year since 2016; and

WHEREAS, pharmacy benefits managers administer prescription drug insurance benefits, negotiate with drug manufacturers and pharmacies, and establish drug formularies and pharmacy networks; and

WHEREAS, pharmacy benefits managers undertake practices that have been criticized and investigated by industry stakeholders, including health policy experts, state attorneys general, and the Federal Trade Commission; and

WHEREAS, such policies include leveraging vertical integration to steer patients to pharmacy benefits manager affiliate pharmacies, marking up the cost of medications at pharmacy benefits manager owned pharmacies, manipulating pharmacy reimbursement rates, and engaging in other unfair practices that harm patients, retail pharmacies, payers, and employers; and

WHEREAS, in 2019, Georgia passed the first pharmacy benefits manager steering laws in the nation but many believe that pharmacy benefits managers continue to steer patients to pharmacy benefits manager affiliate pharmacies within this state; and

WHEREAS, Georgia law requires that pharmacy benefits managers publicly report drug prices that are greater than 10 percent over the national average drug acquisition costs and such reports have revealed markups for some medications for commercial and government payers and markups of thousands of percent above the national average drug acquisition costs for medications used to treat multiple sclerosis, cancer, and kidney disease, among other medications; and

WHEREAS, a recent study by the Georgia Center for Rural Prosperity and Innovation at Abraham Baldwin Agricultural College indicates that pharmacy benefits manager practices pose risks to patients and independent pharmacies, including increasing the number of counties in Georgia without a single pharmacy.
