BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 14 of Title 40 of the Official Code of Georgia Annotated, relating to speed detection devices, is amended in Code Section 40-14-5, relating to testing of radar devices, removal of inaccurate radar devices from service, and maintenance of testing log and independent calibration tests of automated traffic enforcement devices, by revising paragraph (1) of subsection (c) as follows:

"(c)(1) Automated traffic enforcement safety devices shall be exempt from approval and design requirements for radar or laser devices set or used by the Department of Public Safety; provided, however, that any ~~The~~ law enforcement agency, or agent on behalf of the law enforcement agency, operating an automated traffic enforcement safety device provided for under Code Section 40-14-18 shall maintain a log for the automated traffic enforcement safety device attesting to the performance of such device's self-test at least once every 30 days and the results of such self-test pertaining to the accuracy of the automated traffic enforcement safety device. Such log shall be admissible in any court proceeding for a violation issued pursuant to Code Section 40-14-18."

SECTION 2.

Said article is further amended in Code Section 40-14-6, relating to warning signs required and signage requirements, by revising subsection (c) as follows:

"(c) In addition to the signs required under subsections (a) and (b) of this Code section, each law enforcement agency using an automated traffic enforcement safety device as provided for in Code Section 40-14-18 shall erect signs warning of the use of ~~a stationary speed detection~~ an automated traffic enforcement safety device within ~~the~~ an approaching school zone. Such signs shall be at least 24 by 30 inches in area, shall be visible plainly from every lane of traffic, shall be viewable in all traffic conditions, and shall not be

placed in such a manner that the view of such sign is subject to being obstructed by any other vehicle on such highway. Automated traffic enforcement safety device warning ~~Such~~ signs shall be placed within 500 feet prior to ~~the~~ any warning sign announcing the reduction of the speed limit for the school ~~speed~~ zone. Such signs shall include lights which flash yellow in accordance with any rule or regulation established by the Department of Transportation when the automated traffic enforcement safety device is authorized to issue citations pursuant to Code Section 40-14-18. There shall be a rebuttable presumption that such signs are properly installed pursuant to this subsection at the time of any alleged violation under this article."

SECTION 3.

Said article is further amended by revising Code Section 40-14-8, relating to when case may be made and conviction had, as follows:

"40-14-8.

~~(a)~~ No county, city, or campus officer shall be allowed to make a case based on the use of any speed detection device, unless the speed of the motor vehicle exceeds the posted speed limit by more than ten miles per hour and no conviction shall be had thereon unless such speed is more than ten miles per hour above the posted speed limit.

~~(b) The limitations contained in subsection (a) of this Code section shall not apply in properly marked school zones one hour before, during, and one hour after the normal hours of school operation or programs for care and supervision of students before school, after school, or during vacation periods as provided for under Code Section 20-2-65, in properly marked historic districts, and in properly marked residential zones. For purposes of this chapter, thoroughfares with speed limits of 35 miles per hour or more shall not be considered residential districts. For purposes of this Code section, the term 'historic district' means a historic district as defined in paragraph (5) of Code Section 44-10-22 and which is listed on the Georgia Register of Historic Places or as defined by ordinance adopted pursuant to a local constitutional amendment.~~"

SECTION 4.

Said article is further amended by revising Code Section 40-14-11, relating to investigations by commissioner of public safety, issuance of order suspending or revoking permit, and ratio of speeding fines to agency's budget, as follows:

"40-14-11.

(a) Upon a complaint being made to the commissioner of public safety that any county, municipality, college, ~~or~~ university, or agent is employing speed detection devices for purposes other than the promotion of the public health, welfare, and safety or in a manner which violates this chapter or violates its speed detection device permit, the commissioner or the commissioner's designee is authorized and empowered to conduct an investigation into the acts and practices of such county, municipality, college, ~~or~~ university, or agent with respect to speed detection devices. If, as a result of ~~this~~ such investigation, the commissioner or the commissioner's designee finds that there is

probable cause to suspend or revoke the speed detection device permit of such county, municipality, college, or university, he or she shall issue an order to that effect.

(b) Upon the suspension or revocation of any speed detection device permit for the reasons set forth in this Code section, the commissioner of public safety shall notify the executive director of the Georgia Peace Officer Standards and Training Council and the commissioner of transportation of the action taken.

(c) Upon receipt from the executive director of the Georgia Peace Officer Standards and Training Council that ~~an~~ a peace officer's certification to operate speed detection devices has been withdrawn or suspended pursuant to Code Section 35-8-12, the commissioner of public safety or the commissioner's designee shall suspend the speed detection device permit for the employing agency. The period of suspension or revocation shall be consistent with the action taken by the Georgia Peace Officer Standards and Training Council.

(d) Upon the conclusion of an investigation pursuant to subsection (a) of this Code section, any agent, law enforcement agency, or governing body found to have intentionally violated any provision of this chapter relating to automated traffic enforcement safety devices, including, but not limited to, the unauthorized issuance of a civil monetary penalty for a violation of this title other than as provided for in this chapter, shall be assessed a fine of $2,500.00 for the first violation and $5,000.00 for a second violation by the commissioner of public safety. The commissioner of public safety shall be further authorized to suspend a local government's speed detection device permit upon a third or subsequent finding of a violation of this chapter. The commissioner of public safety shall notify the Department of Transportation of any such suspension, and the Department of Transportation shall suspend the automated traffic enforcement safety device permits for such jurisdiction upon receipt of such notice and for a period not to exceed 12 months.

(e) There shall be a rebuttable presumption that a law enforcement agency is employing speed detection devices for purposes other than the promotion of the public health, welfare, and safety if the fines or civil monetary penalties levied based on the use of speed detection devices for speeding offenses are equal to or greater than 35 percent of a municipal or county law enforcement agency's budget. For purposes of this Code section, fines collected for citations issued for violations of Code Section 40-6-180 shall be included when calculating total speeding fine revenue for the agency; provided, however, that fines for speeding violations exceeding 20 miles per hour over the established speed limit ~~and civil monetary penalties for speeding violations issued pursuant to Code Section 40-14-18~~ shall not be considered when calculating total speeding fine revenue for the agency."

SECTION 5.

Said article is further amended by revising Code Section 40-14-12, relating to administrative hearing upon permit suspension or revocation, as follows:

"40-14-12.

(a) Upon issuance by the commissioner of public safety of an order suspending or revoking the speed detection device permit of any county, municipality, college, or university, the county, municipality, college, or university affected shall be afforded a hearing, to be held within ten days of the effective date of the order. The hearing shall be held before the commissioner or deputy commissioner of public safety, and, following ~~the~~ such hearing, the county, municipality, college, or university affected shall be served with a written decision announcing whether the permit shall remain revoked or whether it shall be reinstated.

(b) Upon issuance of an order by the commissioner of transportation suspending or revoking an automated traffic enforcement safety device permit, the affected governing body shall be afforded a hearing, to be held within ten days of the effective date of the order. The hearing shall be held before the commissioner of transportation, and, following such hearing, the affected governing body shall be served with a written decision announcing whether the permit shall remain revoked or whether it shall be reinstated."

SECTION 6.

Said article is further amended by revising Code Section 40-14-13, relating to administrative and judicial appeal of decision suspending or revoking permit, as follows:

"40-14-13.

(a) Any county, municipality, college, or university aggrieved by a decision of the commissioner or deputy commissioner of public safety suspending or revoking its speed detection device permit may appeal that decision within 30 days of its effective date to the Board of Public Safety, which shall schedule a hearing with respect ~~thereto~~ to such hearing before the board. Following a hearing before the board, the county, municipality, college, or university affected shall be served with a written decision announcing whether the permit shall remain revoked or whether it shall be reinstated. An adverse decision of the board may be appealed by the county, municipality, college, or university to the superior court with appropriate jurisdiction, but the ~~municipality,~~ county, municipality, college, or university shall be denied the use of the speed detection device until after such appeal is decided by the court.

(b) Any governing body aggrieved by a decision of the commissioner of transportation suspending or revoking its automated traffic enforcement safety device permit may appeal such decision within 30 days of its effective date to the superior court with appropriate jurisdiction; provided, however, that the governing body shall be denied the use of an automated traffic enforcement safety device until after such appeal is decided by the court."

SECTION 7.

Said article is further amended by revising Code Section 40-14-17, relating to laser devices and reliability and admissibility of evidence, as follows:

"40-14-17.

Evidence of speed based on a speed detection device, other than an automated traffic enforcement safety device, using the speed timing principle of laser which is of a model that has been approved by the Department of Public Safety shall be considered scientifically acceptable and reliable as a speed detection device and shall be admissible for all purposes in any court, judicial, or administrative proceedings in this state. A certified copy of the Department of Public Safety list of approved models of such laser devices shall be self-authenticating and shall be admissible for all purposes in any court, judicial, or administrative proceedings in this state."

SECTION 8.

Said article is further amended by revising Code Section 40-14-18, relating to enforcement of speed limit in school zones with recorded images, civil monetary penalty, and consequences for failure to pay penalty, as follows:

"40-14-18.

(a)(1) The speed limit within any school zone ~~as provided for in Code Section 40-14-8 and~~ marked pursuant to Code Section 40-14-6 may be enforced by using ~~photographically~~ recorded images for violations which occurred only on a school day during the time in which instructional classes are taking place and for one hour before such classes are scheduled to begin and for one hour after such classes have concluded ~~when such violations are in excess of ten miles per hour over the speed limit~~; provided, however, that a governing body of a county or municipality shall be authorized to enact an ordinance or resolution which provides for further limitations upon the hours when enforcement may take place than as authorized by this paragraph. Violations enforced pursuant to this paragraph shall be based upon the ten miles per hour over the reduced speed limit when a reduction for the speed limit for a school zone is in effect and ten miles per hour over the posted speed limit for the school zone when no reduced speed limit is in effect.

(2) Prior to the placement of ~~a~~ an automated traffic enforcement safety device within a school zone, ~~each school within whose school zone~~ the governing body of the county or municipality whose law enforcement agency is authorized to enforce the speed limit of a school zone where such ~~automated traffic enforcement safety~~ device is to be placed and which holds a valid permit for the operation of speed detection devices issued by the Department of Public Safety pursuant to Code Section 40-14-2 shall first apply for and secure a permit from the Department of Transportation for the use of such automated traffic enforcement safety device. The Department of Transportation shall be the sole agency responsible for the approval and issuance of permits for automated traffic enforcement safety devices, and no approval of automated traffic enforcement safety devices by the Department of Public Safety shall be required. Such permit shall be awarded based upon need. The Department of Transportation shall promulgate rules and regulations for the implementation of this paragraph.

(b) For the purpose of enforcement pursuant to this Code section:

(1) The owner of a motor vehicle shall be liable for a civil monetary penalty to the governing body of the law enforcement agency ~~provided for in paragraph (2) of this subsection~~ authorized to enforce the speed limit within the school zone where an automated traffic enforcement safety device is located if such motor vehicle is found, as evidenced by ~~photographically~~ recorded images, to have been operated in disregard or disobedience of the posted speed limit within ~~any~~ a school zone and such disregard or disobedience was not otherwise authorized by law. The amount of such civil monetary penalty shall be $75.00 for a first violation and $125.00 for a second or any subsequent violation, in addition to fees associated with the electronic processing of such civil monetary penalty which shall not exceed ~~$25.00~~ $10.00; provided, however, that, for a period of 30 days after the first automated traffic enforcement safety device is introduced ~~by a law enforcement agency~~ within a school zone, the ~~driver~~ owner of a motor vehicle shall not be liable for a civil monetary penalty but shall be issued a civil warning for disregard or disobedience of the posted speed limit within the school zone;

(2) A law enforcement agency authorized to enforce the speed limit of a school zone~~,~~ or an agent ~~working on behalf of a law enforcement agency or governing body,~~ shall send by ~~first class~~ first-class mail in an envelope which prominently displays the name and seal or logo of the governing body and addressed to the owner of the motor vehicle within 30 days after obtaining the name and address of the owner of the motor vehicle from the Department of Revenue or other official state agency which registers motor vehicles for a motor vehicle registered in another state but no later than 60 days after the date of the alleged violation:

(A) A citation for the alleged violation, which shall include the date and time of the violation, the location of the infraction, the maximum speed at which such motor vehicle was traveling ~~in photographically~~ as evidenced by recorded images, the maximum speed applicable within such school zone, the civil warning or the amount of the civil monetary penalty imposed, and the date by which a civil monetary penalty shall be paid;

(B) An image taken from the ~~photographically~~ recorded images showing the motor vehicle involved in the infraction;

(C) A website address where ~~photographically~~ recorded images showing the motor vehicle involved in the infraction and a duplicate of the information provided for in this paragraph may be viewed;

(D) A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency authorized to enforce the speed limit of the school zone and stating that, based upon inspection of ~~photographically~~ recorded images, the owner's motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law;

(E) A statement of the inference provided by paragraph (4) of this subsection and of the means specified therein by which such inference may be rebutted;

(F) Information advising the owner of the motor vehicle of the manner in which liability as alleged in the citation may be contested ~~through an administrative hearing~~

which shall include a statement which reads: 'YOU HAVE A RIGHT TO CONTEST LIABILITY IN COURT'; and

(G) A warning that failure to pay the civil monetary penalty or to contest liability in a timely manner as provided for in subsection (d) of this Code section shall waive any right to contest liability;

(3) Proof that a motor vehicle was operated in disregard or disobedience of the speed limit of the marked school zone ~~shall be~~ as evidenced by ~~photographically~~ recorded images~~. A~~ accompanied by a copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency ~~and~~ stating that, based upon inspection of ~~photographically~~ recorded images, a motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law shall be prima-facie evidence of the facts contained therein; and

(4) Liability under this Code section shall be determined based upon a preponderance of the evidence. Prima-facie evidence that the motor vehicle described in the citation issued pursuant to this Code section was operated in violation of the speed limit of the school zone, together with proof that the defendant was, at the time of such violation, the registered owner of the motor vehicle, shall permit the trier of fact in its discretion to infer that such owner of the motor vehicle was the ~~driver~~ operator of the motor vehicle at the time of the alleged violation. Such an inference may be rebutted if the owner of the motor vehicle:

(A) Testifies under oath in open court or submits to the court a sworn notarized statement that he or she was not the operator of the motor vehicle at the time of the alleged violation; or

(B) Presents to the court a certified copy of a police report showing that the motor vehicle had been reported to the police as stolen prior to the time of the alleged violation.

(c) A violation for which a civil warning or a civil monetary penalty is imposed pursuant to this Code section shall not be considered a moving traffic violation for the purpose of points assessment under Code Section 40-5-57. Such violation shall be deemed noncriminal, and imposition of a civil warning or civil monetary penalty pursuant to this Code section shall not be deemed a conviction and shall not be made a part of the operating record of the person upon whom such liability is imposed, nor shall it be used for any insurance purposes in the provision of motor vehicle insurance coverage. A civil monetary penalty imposed pursuant to this Code section shall not be taxed nor shall any additional penalty, fee, or surcharge to such penalty be assessed other than as authorized by this Code section.

(d) If a person issued and mailed a citation pursuant to subsection (b) of this Code section fails to pay the civil monetary penalty for the violation or has not filed a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section in no less than 30 nor more than 60 days after such mailing as determined and noticed by the law enforcement agency, the agent or law enforcement agency shall send to such person by ~~first class~~ first-class mail a second notice of any unpaid civil monetary penalty, except

in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. No late fee shall be imposed for any unpaid civil monetary penalty imposed under this Code section. The second notice shall include all information required in paragraph (2) of subsection (b) of this Code section and shall include a new date ~~of return~~ by which the civil monetary penalty shall be paid which shall be no less than 30 days after such mailing as determined and noticed by the law enforcement agency. If such person notified by second notice again fails to pay the civil monetary penalty or file a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section by the new date ~~of return~~ included in the notice, such person shall have waived the right to contest the violation and shall be liable for the civil monetary penalty provided for under this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed.

(e) Notices mailed by ~~first class~~ first-class mail pursuant to this Code section shall be adequate notification of the ~~fees and~~ penalties imposed by this Code section. No other notice shall be required for the purposes of this Code section.

(f) Any court having jurisdiction over violations of ~~subsection (a) of this Code section~~ traffic laws within a jurisdiction where recorded images were produced shall have jurisdiction over cases arising under this ~~subsection~~ Code section and shall be authorized to impose the civil monetary penalty provided by this ~~subsection~~ Code section. Except as otherwise provided in this ~~subsection~~ Code section, the provisions of law governing jurisdiction, procedure, defenses, adjudication, appeal, and payment and distribution of penalties otherwise applicable to violations of ~~subsection (a) of this Code section~~ traffic laws within a jurisdiction where recorded images were produced shall apply to enforcement under this Code section ~~except as provided in subsection (b) of this Code section~~; provided, however, that any appeal from superior or state court shall be by application in the same manner as that provided by Code Section 5-6-35.

(g) If a ~~violation~~ citation issued pursuant to this Code section has not been contested and the assessed penalty has not been paid, the agent or governing body shall send to the person who is the registered owner of the motor vehicle a final notice of any unpaid civil monetary penalty authorized by this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. The notice shall inform the registered owner that the agent or governing body shall send a referral to the Department of Revenue if the assessed penalty is not paid within 30 days after the final notice was mailed and of the consequences for failure to pay such penalty ~~and any late fee~~.

(h) The agent or governing body shall send ~~a~~ the referral authorized by subsection (g) of this Code section to the Department of Revenue not sooner than 30 days after the final notice required under such subsection ~~(g) of this Code section~~ was mailed if a violation has not been contested and the assessed penalty has not been paid, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. The referral to the Department of Revenue shall include the following:

(1) Any information known or available to the agent or governing body concerning the license plate number, year of registration, and the name of the owner of the motor vehicle;
(2) The date on which the violation occurred;
(3) The citation number issued for the violation; and
(4) The date when the notice required under this Code section was mailed.

(i) If the Department of Revenue receives a referral under subsection (h) of this Code section, such referral shall be entered into the motor vehicle ~~data base~~ database within five days of receipt and the Department of Revenue shall refuse to renew the registration of the motor vehicle unless and until the civil monetary penalty ~~plus any late fee~~ is paid to the agent or governing body.

(j) The Department of Revenue shall remove the penalty on a vehicle registration if any person presents the Department of Revenue with adequate proof from the agent or governing body that the penalty ~~and any late fee, if applicable,~~ has been paid.

(k) Recorded images made for purposes of this Code section shall not be a public record for purposes of Article 4 of Chapter 18 of Title 50.

(l) A civil warning or civil monetary penalty under this Code section on the owner of a motor vehicle shall not be imposed if the operator of the motor vehicle was arrested or issued a citation and notice to appear by a certified peace officer for the same violation.

(m) The money collected and remitted to the governing body pursuant to paragraph (1) of subsection (b) of this Code section shall only be used by such governing body to fund local law enforcement or public safety initiatives. This subsection shall not authorize the use of such funds for salaries of law enforcement officers or personnel and shall not preclude the appropriation of a greater amount than collected and remitted under this subsection."

SECTION 9.

Said article is further amended by adding a new Code section to read as follows:

"40-14-19.

(a) Notwithstanding any provision of this chapter to the contrary, no contract shall be entered into or renewed by the governing body of a county or municipality or any law enforcement agency thereof for the enforcement of speeding violations in a school zone through the use of an automated traffic enforcement safety device unless the question of such enforcement method is submitted to the qualified voters of the county or municipality for approval or rejection in a referendum called for such purpose.

(b) The ballot in the referendum required by subsection (a) of this Code section shall have written or printed thereon the words:

'( ) YES Shall (name of county or municipality) be authorized to use automated
( ) NO cameras to enforce speeding in school zones for the next six years?'

(c) All persons desiring to vote in favor of the question shall vote 'Yes,' and all persons desiring to vote against the question shall vote 'No.' If more than one-half of the votes cast are in favor of the question, then the governing body of such jurisdiction shall be

authorized to enforce speeding violations in a school zone through the use of automated traffic enforcement safety devices; otherwise the use of automated traffic enforcement safety devices for the enforcement of speeding in school zones shall be prohibited. It shall be the duty of the election superintendent to hold and conduct such elections under the same rules and regulations as govern general elections. It shall be the superintendent's further duty to canvass the returns, declare the result of the election, and certify the result to the Secretary of State. The expense of the election shall be borne by the county or municipality holding the election.

(d) If a majority of those voting in an election provided for by this Code section vote against the question submitted, the governing body of the county or municipality which called the question shall not be authorized to resubmit the question to the voters until the passage of three years since such rejection.

(e) Nothing in this Code section shall apply to any contract arising out of the proprietary functions of a governing body."

SECTION 10.

Title 15 of the Official Code of Georgia Annotated, relating to courts, is amended in Code Section 15-9-155, relating to prosecuting attorney's duties and authority in probate courts in counties in which there are no state courts, by revising subparagraph (a)(1)(A) as follows:

SECTION 14.

(a) Except as provided for in subsection (b) of this section, this Act shall become effective on July 1, 2026.
(b) Sections 2 and 9 of this Act shall become effective on July 1, 2027.

The geographical boundary of each county shall correspond with and shall be conterminous with the geographical boundary of one of the 159 special districts.

(b) The territory of each special district shall include all of the territory within the county, including all municipalities, to the extent the municipal boundaries lie within the geographical boundaries of the county.

(c) The territory of each special district shall exclude any territory within which the tax provided for in Article 4 of this chapter is levied.

48-8-109.52.

(a) Subject to the requirements of this article and the sales tax rate limitations imposed by Code Section 48-8-6, beginning January 1, 2028, there shall be imposed within any special district a special sales and use tax to be levied and collected to fund homestead exemptions from ad valorem taxes imposed by eligible local governments on homestead property within the special district. Any such tax shall be known as an 'LHOST.'

(b) An LHOST shall begin to be levied and collected in a given special district on the first day of the next succeeding calendar quarter which begins more than 50 days after certification of the result of the election approving the local Act granting a homestead exemption in accordance with this article and applicable to the county or consolidated government that is conterminous with the special district.

(c) Each local Act enacted pursuant to this article shall:

(1) Be adopted and approved by local referendum in accordance with Article VII, Section II, Paragraph II(a)(2) of the Constitution;
(2) Incorporate, by reference to this article, the terms and conditions specified under this article;
(3) Exempt homestead property within the special district from all ad valorem taxes imposed by the governing authority of the local government for all purposes in an amount to be determined annually based upon the net proceeds of the sales and use tax collected under this article within the special district;

48-8-109.53.
(a) When the imposition of a local sales and use tax is authorized according to the procedures provided in this article within a special district, the county whose geographical boundary is conterminous with that of the special district shall levy a local sales and use tax at the rate of 1 percent.
(b) Except as otherwise provided in this article, the LHOST shall correspond to the tax imposed by Article 1 of this chapter, and no item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article; provided, however, that a tax imposed under this article shall apply to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages as provided for in Code Section 48-8-3. The levy of such tax upon sales of motor fuels as defined in Code Section 48-9-2 shall only be imposed on the retail sales price of the motor fuel which is not more than $3.00 per gallon.
(c) With respect to services that are regularly billed on a monthly basis, an LHOST shall apply to the first regular billing period coinciding with or following the effective date of the LHOST.

(a) The tax shall cease to be imposed on the final day of the maximum period of time, which shall not exceed ten years, as specified in the local Act granting the homestead exemption for the county or consolidated government.
(b) The tax may be renewed for any special district in the same manner and under the same conditions as for an initial imposition of the tax. Such newly authorized tax shall not be imposed until the expiration of the tax then in effect.

48-8-109.55.
(a) Each LHOST shall be exclusively administered and collected by the commissioner for the use and benefit of the special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the LHOST shall be applicable to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the county government or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed.
(b) Dealers, as defined in Code Section 48-8-2, shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. Such dealer deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.
(c) Each sales and use tax return remitting sales and use taxes collected under this article shall separately identify the location of each retail establishment at which any of the sales and use taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return to facilitate the determination by the commissioner that all sales and use taxes imposed by this article are collected and distributed according to situs of sale.

48-8-109.56.
(a) The proceeds of the tax collected by the commissioner under this article shall be disbursed as soon as practicable after collection directly to the county whose boundary is conterminous with the boundary of the special district to be held in trust for the special district in an interest-bearing account and distributed thereafter by such county among the eligible local governments within the special district in accordance with the provisions of Code Section 48-8-109.57 and Code Section 48-8-109.58.
(b) No funds other than the annual LHOST proceeds, and interest accrued thereon, shall be placed in such accounts. The funds within such accounts shall not be commingled with any other funds of the county.

48-8-109.57.
(a) Following the adoption of millage rates each year by all eligible local governments and prior to the printing of ad valorem tax bills, the county tax commissioner shall calculate the amount of the assessed value to be exempted for homestead property within the special district for which any local Acts are in effect under this article. The amount of the assessed value of each homestead property that shall be exempted shall be calculated each tax year based on the total value of all homestead property of the special district, the net millage rates adopted by each eligible local government for such tax year,

and the net proceeds of the LHOST which are available in the trust account as of August 1 of such year.

(b) For an LHOST imposed within a special district which has a single eligible local government, the county tax commissioner shall calculate the maximum amount of assessed value of homestead property which may be exempted from all ad valorem taxes imposed by such single eligible local government on homestead property within the special district, which calculation shall be based upon the proceeds of the LHOST available in the trust account as of August 1 of such year, the total assessed value of all homestead property in the special district, and the net millage rates imposed by such single eligible local government on such homestead property.

(c) For an LHOST imposed within a special district which has one or more eligible local governments, following the adoption of millage rates each year by all such eligible local governments, but not later than September 2, the county tax commissioner shall calculate the single, maximum amount of assessed value which may be exempted throughout the special district for all homestead property from all applicable ad valorem taxes imposed by the eligible local governments within the special district, which calculation shall be based upon the proceeds of the LHOST available in the trust account as of August 1 of such year, the total assessed value of all homestead property in the special district, and the net millage rates imposed by each such eligible local government on the homestead property within its territory within the special district.

(d) In the event that the proceeds collected for a special district exceed the amount necessary to exempt all homestead property from all ad valorem taxes imposed by all eligible local governments on homestead property within the special district, the excess proceeds shall be calculated by the county tax commissioner and applied in a manner to reduce the net millage rates in effect on property within the special district by an equal percentage across all eligible local governments in the special district for such tax year.

(e) For the purposes of subsection (c) of this Code section, in the event an eligible local government fails to submit its adopted millage rates by September 1, the county tax commissioner shall use 90 percent of such eligible local government's prior year's net millage rates applicable to homestead property in the special district in the calculation under this Code section and the county shall only disburse, under Code Section 48-8-109.58, the lesser of such amount and the net millage rate actually levied by such eligible local government in the current year.

48-8-109.58.

(a) Prior to mailing ad valorem tax bills for homestead property, the tax collector for each eligible local government shall apply the homestead exemption calculated by the county tax commissioner under subsection (b) or (c) of Code Section 48-8-109.57 to each ad valorem property tax bill for homestead property. Each ad valorem tax bill for homestead property shall reflect the taxpayer's gross ad valorem tax savings which resulted from the LHOST homestead exemption.

(b) In the event of excess proceeds described in subsection (d) of Code Section 48-8-109.57, prior to mailing ad valorem tax bills, the tax collector for each eligible local

government shall apply the reduction calculated under subsection (d) of Code Section 48-8-109.57 to each ad valorem property tax bill. If applicable, each ad valorem tax bill shall reflect the taxpayer's gross ad valorem tax savings which resulted from such LHOST millage rate reduction.

(c) Within 30 days of an eligible local government's mailing of its ad valorem tax bill for a given tax year, the county shall disburse LHOST funds from the trust account to each eligible local government in the amount of ad valorem property tax revenue that the given eligible local government did not collect due to the amount of the homestead exemption determined under Code Section 48-8-109.57, applied pursuant to subsection (a) of this Code section, and as granted through the local Act required under this article and, if applicable, the county shall also disburse the amount of revenue foregone due to the reduction of the eligible local government's millage rates provided for in subsection (d) of Code Section 48-8-109.57 and subsection (b) of this Code section.

(d) No disbursement shall be made to any governing authority until such governing authority has mailed ad valorem tax bills for a given year.

48-8-109.59.

Where a local sales and use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within the state or in a tax jurisdiction outside the state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales and use tax so paid is less than the amount of such tax due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article. The commissioner may require such proof of payment in another local tax jurisdiction as the commissioner deems necessary and proper. No credit shall be granted, however, against the tax imposed under this article for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the special district or any other political subdivision within the special district; and taxes so paid in another jurisdiction shall be credited against the tax levied under Article 2 of this chapter, if applicable, then against the tax levied under Part 1 of Article 3 of this chapter, if applicable, then against the tax levied under Part 2 of Article 3 of this chapter, if applicable, and then against the tax levied under this article.

48-8-109.60.

No tax provided for in this article shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the special district in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, and including United States mail or common carrier or by a private or contract carrier licensed by the Federal Motor Carrier Safety Administration or the Georgia Department of Public Safety.

48-8-109.61.
No tax provided for in this article shall be imposed upon the sale or use of buildings and construction materials when the contract for which the materials are purchased or used was advertised for bid prior to the local referendum held for the local Act required to initiate the levy of the tax and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of such local Act.

48-8-109.62.
The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax authorized by this article.

48-8-109.63.
Except as otherwise provided in this article or Code Section 48-8-6, the tax authorized by this article shall be in addition to any other local sales and use tax. The imposition of any other local sales and use tax within a county, municipality, or special district shall not affect the authority of a county, municipality, or special district to impose the tax authorized by this article and the imposition of the tax authorized by this article shall not affect the imposition of any otherwise authorized local sales and use tax within a county, municipality, or special district."

PART III
SECTION 3-1.

Part 4 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to financing under the "Quality Basic Education Act," is amended in Code Section 20-2-164, relating to local five mill share funds, by revising subsection (g) as follows:

"(g) For purposes of calculation under this Code section and Code Section 20-2-165, the equalized adjusted school property tax digest, adjusted by paragraph (1) of subsection (a) of this Code section, shall be reduced by the sum of the following ~~products~~:

(1) The product of the number of constitutional homestead exemptions for owner occupied homes pursuant to Code Section 48-5-44 granted for that year, exclusive of those homestead exemptions provided pursuant to Code Sections 48-5-47, 48-5-48, and 48-5-52, multiplied by the amount per exemption authorized under Code Section 48-5-44; provided, further, that, in any city operating an independent school system which provides a homestead exemption through local legislation comparable to that provided in Code Section 48-5-44, the product calculated in this paragraph shall represent the number of homestead exemptions provided through the applicable local legislation multiplied by the amount per exemption authorized in Code Section 48-5-44, or by the amount per exemption authorized in the applicable local legislation, whichever is less; and provided, further, that, if the amount per exemption authorized in Code Section 48-5-44 has been changed subsequent to the year of the applicable digest, the more recently

adopted amount per exemption shall be used for the product calculated in this paragraph;

(2) The product of the number of constitutional homestead exemptions for disabled veterans pursuant to Code Section 48-5-48 granted for that year, multiplied by the amount per exemption authorized under that Code section; provided, further, that, in any city operating an independent school system which provides a homestead exemption through local legislation comparable to that provided in Code Section 48-5-48, the product calculated in this paragraph shall represent the number of homestead exemptions provided through the applicable local legislation multiplied by the amount per exemption authorized in the applicable local legislation, whichever is less; and provided, further, that, if the amount per exemption authorized in Code Section 48-5-48 has been changed subsequent to the year of the applicable digest, the more recently adopted amount per exemption shall be used for the product calculated in this paragraph;

(3) The product of the estimated number of persons age 65 or older residing in the local school system during that year multiplied by 5,000;

(4) The product which results from the following calculations:

(A) Subtract the estimated state-wide percentage that persons age 65 or older is of the total population, excluding military personnel and institutional population, from the respective percentage for the local school system. If the respective percentage for the local school system is less than the state-wide percentage, a difference of zero shall be used in the calculations in this paragraph;

(B) Multiply the difference which results from subparagraph (A) of this paragraph by 1,000; and

(C) Multiply the product which results from subparagraph (B) of this paragraph by the estimated number of persons age 65 or older residing in the local school system during that year; ~~and~~

(5) The product which results from the following calculations:

(A) Divide the amount reported in paragraph (4) of subsection (e) of this Code section by the average ratio of assessed value to true value used to calculate the most recent equalized adjusted school property tax digest pursuant to Code Section 48-5-274; and

(B) Multiply the quotient which results from subparagraph (A) of this paragraph by .4;

(6) The difference between the assessed value and the net taxable assessed value of all properties for which an exemption pursuant to Code Section 48-5-44.2 was granted for that year; and

(7) The difference between the assessed value and the net taxable assessed value of all properties for which an exemption authorized pursuant to a local constitutional amendment or Article VII, Section II, Paragraph II(a) of the Constitution was granted in that year."

SECTION 3-2.

Said part is further amended in paragraph (5) of subsection (a) of Code Section 20-2-167, relating to funding for direct instructional, media center, and staff development costs, computerized uniform budget and accounting system, submission of local budget to state board, and provision of certain information by local boards, by striking "15 percent" and replacing it with "25 percent".

PART V
SECTION 5-1.

Said chapter is further amended in Code Section 48-5-44.2, relating to base year homestead exemption, by repealing subsections (h) and (i), revising paragraphs (2), (3), and (7) of subsection (a), and revising subsections (d) and (e) as follows:

"(2) 'Adjusted base year assessed value' means the sum of:

(A) The previous adjusted base year assessed value;

(B) An amount equal to the difference between the current year assessed value of the homestead and the base year assessed value of the homestead, provided that such amount shall not exceed the total of the previous adjusted base year assessed value of the homestead multiplied by the inflation rate for the prior year; and

"(7) 'Substantial property change' means any increase or decrease in the assessed value of a homestead derived from additions or improvements to, or the removal of real property from, the homestead which occurred during or after the year ~~in which~~ used to establish the base year assessed value ~~is determined~~ for the homestead. The assessed value of the substantial property changes shall be established following any final determination of value on appeal pursuant to Code Section 48-5-311."

"(d) No person shall receive the exemption granted by subsection (b) of this Code section unless such person or person's agent files an application with the tax receiver or tax commissioner of his or her respective local government or governments charged with the duty of receiving returns of property for taxation, giving such information relative to receiving such exemption as will enable such tax receiver or tax commissioner to make a determination regarding the initial and continuing eligibility of such person for such exemption; provided, however, that any person who had previously applied for a homestead exemption, was allowed such homestead exemption for the ~~2024~~ immediately preceding tax year, and remains eligible for a homestead exemption for that same

After a person or a person's agent has filed the proper application or is automatically granted the homestead exemption as provided in subsection (d) of this Code section, it shall not be necessary for such person or such person's surviving spouse to make application thereafter for any year, and the exemption shall continue to be allowed to such person or such person's surviving spouse. It shall be the duty of any person granted the homestead exemption under subsection (b) or (c) of this Code section to notify the tax receiver or tax commissioner of the local government or governments in the event such person for any reason becomes ineligible for such exemption.

(2) In the event that an applicant becomes ineligible for the homestead exemption granted under subsection (b) or (c) of this Code section with respect to a particular homestead property and, thereafter, the applicant becomes eligible and applies for the homestead exemption on such property, the base year assessed value for such homestead shall be calculated in accordance with subparagraph (a)(3)(B) of this Code section as if the applicant were a new applicant who had not been previously granted an exemption under this Code section for such homestead."

SECTION 5-2.

Said chapter is further amended by revising Code Section 48-5-302, relating to time for completion of revision and assessment of returns and submission of completed digest to commissioner, as follows:

(2) If the county board of tax assessors discovers a factual error in the tax digest which is not of benefit to the taxpayer and which relates to an improperly or mistakenly applied homestead exemption that was not due to any intentional misrepresentation or fraudulent act on the part of the taxpayer, the tax receiver or tax commissioner shall be prohibited from retroactively assessing the taxpayer the difference in ad valorem taxes actually paid by the taxpayer and the amount of ad valorem taxes that would have been assessed on the taxpayer but for the improperly or mistakenly applied homestead exemption.

(b) If a tax receiver or tax commissioner makes a mistake in the digest which is not corrected by the county board of tax assessors or county board of equalization, the commissioner, with the sanction of the Governor, shall correct the mistake by making the necessary entries in the digest furnished the commissioner. The commissioner shall notify the county governing authority and the tax collector of the county from which the digest comes of the mistake and correction."

The Division of Family and Children Services of the Department of Human Services shall not refuse to receive, log, or process a report submitted via the division website or a secure web based platform that satisfies subsection (k) of this Code section. Reports shall thereafter be screened in or screened out based solely on whether the child maltreatment allegations satisfy the definition of child abuse or neglect criteria and applicable law and policy without regard to the manner or method of submission.

(g) Suspected child abuse which is required to be reported by any person pursuant to this Code section shall be reported notwithstanding that the reasonable cause to believe such abuse has occurred or is occurring is based in whole or in part upon any communication to that person which is otherwise made privileged or confidential by law; provided, however, that a member of the clergy shall not be required to report child abuse reported solely within the context of confession or other similar communication required to be kept confidential under church doctrine or practice. When a clergy member receives information about child abuse from any other source, the clergy member shall comply with the reporting requirements of this Code section, even though the clergy member may have also received a report of child abuse from the confession of the perpetrator.

(h) Any person or official required by subsection (c) of this Code section to report a suspected case of child abuse who knowingly and willfully fails to do so shall be guilty of a misdemeanor.

(i) A report of child abuse or information relating thereto and contained in such report, when provided to a law enforcement agency or district attorney pursuant to subsection (e) of this Code section or pursuant to Code Section 49-5-41, shall not be subject to public inspection under Article 4 of Chapter 18 of Title 50 even though such report or information is contained in or part of closed records compiled for law enforcement or prosecution purposes unless:

(1) There is a criminal or civil court proceeding which has been initiated based in whole or in part upon the facts regarding abuse which are alleged in the child abuse reports and the person or entity seeking to inspect such records provides clear and convincing evidence of such proceeding; or

(2) The superior court in the county in which is located the office of the law enforcement agency or district attorney which compiled the records containing such reports, after application for inspection and a hearing on the issue, shall permit inspection of such records by or release of information from such records to individuals

or entities who are engaged in legitimate research for educational, scientific, or public purposes and who comply with the provisions of this paragraph. When those records are located in more than one county, the application may be made to the superior court of any one of such counties. A copy of any application authorized by this paragraph shall be served on the office of the law enforcement agency or district attorney which compiled the records containing such reports. In cases where the location of the records is unknown to the applicant, the application may be made to the Superior Court of Fulton County. The superior court to which an application is made shall not grant the application unless:

(A) The application includes a description of the proposed research project, including a specific statement of the information required, the purpose for which the project requires that information, and a methodology to assure the information is not arbitrarily sought;

(B) The applicant carries the burden of showing the legitimacy of the research project; and

(C) Names and addresses of individuals, other than officials, employees, or agents of agencies receiving or investigating a report of abuse which is the subject of a report, shall be deleted from any information released pursuant to this subsection unless the court determines that having the names and addresses open for review is essential to the research and the child, through his or her representative, gives permission to release the information.

(j) The treatment of a child in good faith solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof shall not in and of itself be considered child abuse.

(k)(1) Agencies that employ mandated reporters may authorize its employees to create or transmit reports required by this Code section through a secure web based platform designated by the agency. An agency may only designate one secure web based platform for its employees to use to create or transmit the reports, and the agency may designate a secure web based platform if:

(A) The secure web based platform functions in compliance with applicable federal law; and

(B) The agency is satisfied that the secure web based platform complies with the Health Insurance Portability and Accountability Act, Federal Bureau of Investigation's Criminal Justice Information Services Security Policy, or Family Educational Rights and Privacy Act, as applicable;

(C) The secure web based platform provider demonstrates to the agency that it has been deemed compliant with the relevant security standard by a federal, state, or local government agency or by a third party that has been approved by a federal, state, or local government agency for security and compliance attestation; or

(D) The secure web based platform meets all technical standards and specifications established by the Georgia Technology Authority.

(2) A reporting agency that utilizes a secure web based platform shall notify the Division of Family and Children Services of the Department of Human Services not less than ten days before implementing the secure web based platform. The notice shall identify the name of the secure web based platform provider and any domain names utilized by the secure web based platform to submit reports.

(l) Mandatory reporting training shall be required for users of any secure web based platform used to submit reports under this Code section. Training requirements may be satisfied by a course provided either by the Division of Family and Children Services of the Department of Human Services or by an organization with demonstrated subject matter expertise in mandated reporting, including accredited continuing education providers, law enforcement training entities, school training entities, or child advocacy organizations. The Division of Family and Children Services of the Department of Human Services may publish learning objectives, but shall not require platform specific training, exclusive delivery methods, or requirements that have the effect of excluding otherwise compliant platforms.

(m) Nothing in this Code section shall require the department to take an action for which it has not received notice from an appropriate federal agency that such action would not comply with federal law."

SECTION 2.

Section 1 shall become effective on July 1, 2027.

SECTION 3.

Title 28 of the Official Code of Georgia Annotated, relating to the General Assembly, is amended by adding a new Code section to read as follows:

"28-1-18.

(a) If any claim of an unlawful employment practice made against a member of the General Assembly, including, but not limited to, a claim of sexual harassment, discriminatory harassment, discrimination, or retaliation, is resolved in whole or in part by a settlement agreement, a memorandum of agreement or understanding, or other similar document, however denominated, such agreement shall be subject to public disclosure with the identity of the claimant and any other party thereto redacted, except for the identity of the member. This subsection shall be applicable to any claims made on or after January 1, 2019. The provisions of Code Section 28-4-3.1 shall not be construed to prohibit the disclosure of any such documents.

(b) Any requests for public disclosure of such documents pursuant subsection (a) shall be made to the Office of the Speaker of the House of Representatives if such request relates to a member of the House and shall be made to the Office of the Lieutenant Governor and the Office of the President Pro Tempore if such request relates to a member of the Senate. All documents responsive to a request shall be produced within three business days of receipt of a request.

(c) (1) The superior courts of this state shall have jurisdiction in law and in equity to entertain actions against the Speaker of the House of Representatives for documents

related to members of the House and against the President of the Senate or the President Pro Tempore of the Senate for documents related to members of the Senate to enforce compliance with the provisions of subsections (a) and (b) of this Code section. Such actions may be brought by any person, firm, corporation, or other entity. In addition, the Attorney General shall have authority to bring such actions in his or her discretion as may be appropriate to enforce compliance with subsections (a) and (b) of this Code section and to seek either civil or criminal penalties or both.

(2) In any action brought to enforce the provisions of subsections (a) and (b) of this Code section in which the court determines that either party acted without substantial justification either in not complying with subsections (a) and (b) of this Code section or in instituting the litigation, the court shall, unless it finds that special circumstances exist, assess in favor of the complaining party reasonable attorney's fees and other litigation costs reasonably incurred. Whether the position of the complaining party was substantially justified shall be determined on the basis of the record as a whole which is made in the proceeding for which fees and other expenses are sought.

(3) Any officer named in paragraph (1) of subsection (c) knowingly and willfully violating the provisions of subsections (a) and (b) of this Code section by failing or refusing to provide access to records subject to such subsections, by knowingly and willingly failing or refusing to provide access to such records within three business days, or by knowingly and willingly frustrating or attempting to frustrate the access to records by intentionally making records difficult to obtain shall be guilty of a misdemeanor and upon conviction shall be punished by a fine not to exceed $1,000.00 for the first violation. Alternatively, a civil penalty may be imposed by the court in any civil action brought pursuant to this article against any such officer who negligently violates the terms of this article in an amount not to exceed $1,000.00 for the first violation. A civil penalty or criminal fine not to exceed $2,500.00 per violation may be imposed for each additional violation that the violator commits within a 12 month period from the date the first penalty or fine was imposed. It shall be a defense to any criminal action under this Code section that an officer has acted in good faith in his or her actions. In addition, persons, officers, or entities that destroy records for the purpose of preventing their disclosure under this article may be subject to prosecution under Code Section 45-11-1.

(4) A prosecution under this subsection may only be commenced by issuance of a citation in the same manner as an arrest warrant for a peace officer pursuant to Code Section 17-4-40; such citation shall be personally served upon the accused. The defendant shall not be arrested prior to the time of trial, except that a defendant who fails to appear for arraignment or trial may thereafter be arrested pursuant to a bench warrant and required to post a bond for his or her future appearance.

(d) The General Assembly and its members, officers, staff, committees, commissions, and offices are not subject to the provisions of Code Sections 50-18-70 through 50-18-78 or Chapter 14 of Title 50 and nothing in this Code section shall be construed or applied to the contrary."

(e) This Act shall become effective upon signature of the Governor except as for Section 1.
