SB 140. By Senators Summers of the 13th, Watson of the 1st, Kirkpatrick of the 32nd, Kennedy of the 18th, Anderson of the 24th and others:

A BILL to be entitled an Act to amend Article 1 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to regulation of hospitals and related institutions, so as to prohibit certain surgical procedures for the treatment of gender dysphoria in minors from being performed in hospitals and other licensed healthcare facilities; to provide for exceptions; to provide for violations; to amend Article 1 of Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to the Georgia Composite Medical Board, so as to prohibit certain surgical procedures for the treatment of gender dysphoria in minors; to provide for exceptions; to provide for violations; to provide for legislative findings; to provide for related matters; to repeal conflicting laws; and for other purposes.

The House substitute was as follows:

The House offers the following substitute to SB 140:

A BILL TO BE ENTITLED
AN ACT

To amend Article 1 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to regulation of hospitals and related institutions, so as to prohibit certain surgical procedures for the treatment of gender dysphoria in minors from being performed in hospitals and other licensed healthcare facilities; to provide for exceptions; to provide for violations; to amend Article 1 of Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to the Georgia Composite Medical Board, so as to prohibit certain surgical procedures for the treatment of gender dysphoria in minors; to provide for exceptions; to provide for violations; to provide for legislative findings; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that:

- (1) There has been a massive unexplained rise in diagnoses of gender dysphoria among children over the past ten years, with most of those experiencing this phenomenon being girls;
- (2) Gender dysphoria is often comorbid with other mental health and developmental conditions, including autism spectrum disorder;
- (3) A significant portion of children with gender dysphoria do not persist in their gender dysphoric conditions past early adulthood;
- (4) Certain medical treatments for gender dysphoria, including hormone replacement therapies and surgeries, have permanent and irreversible effects on children;
- (5) No large-scale studies have tracked people who received gender-related medical care as children to determine how many remained satisfied with their treatment as they aged and how many eventually regretted transitioning; on the contrary, the General Assembly is aware of statistics showing a rising number of such individuals who, as adults, have regretted undergoing such treatment and the permanent physical harm it caused;
- (6) Under the principle of "do no harm," taking a wait-and-see approach to minors with gender dysphoria, providing counseling, and allowing the child time to mature and develop his or her own identity is preferable to causing the child permanent physical damage; and
- (7) The General Assembly has an obligation to protect children, whose brains and executive functioning are still developing, from undergoing unnecessary and irreversible medical treatment.

SECTION 2.

Article 1 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to regulation of hospitals and related institutions, is amended by adding a new Code section

to read as follows:

"31-7-3.5.

(a) Except as provided in subsection (b) of this Code section, none of the following irreversible procedures or therapies shall be performed on a minor for the treatment of gender dysphoria in an institution licensed pursuant to this article:

(1) Sex reassignment surgeries, or any other surgical procedures, that are performed for the purpose of altering primary or secondary sexual characteristics; or

(2) Hormone replacement therapies.

(b) The provisions of subsection (a) of this Code section shall not apply to treatment provided pursuant to an exception contained in subsection (b) of Code Section 43-34-15.

(c) The department shall establish sanctions, by rule and regulation, for violations of this Code section up to and including the revocation of an institution's permit issued pursuant to Code Section 31-7-3."

SECTION 3.

Article 1 of Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to the Georgia Composite Medical Board, is amending by adding a new Code section to read as follows:

"43-34-15.

(a) Except as otherwise provided in subsection (b) of this Code section, the following irreversible procedures and therapies performed on a minor for the treatment of gender dysphoria are prohibited in this state:

(1) Sex reassignment surgeries, or any other surgical procedures, that are performed for the purpose of altering primary or secondary sexual characteristics; and

(2) Hormone replacement therapies.

(b) The board shall adopt rules and regulations regarding the prohibitions contained in subsection (a) of this Code section, which shall contain limited exceptions for:

(1) Treatments for medical conditions other than gender dysphoria or for the purpose of sex reassignment where such treatments are deemed medically necessary;

(2) Treatments for individuals born with a medically verifiable disorder of sex development, including individuals born with ambiguous genitalia or chromosomal abnormalities resulting in ambiguity regarding the individual's biological sex;

(3) Treatments for individuals with partial androgen insensitivity syndrome; and

(4) Continued treatment of minors who are, prior to July 1, 2023, being treated with irreversible hormone replacement therapies.

(c) A licensed physician who violates this Code section shall be held administratively accountable to the board for such violation."

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

Senator Summers of the 13th moved that the Senate agree to the House substitute to SB 140.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly does not affirmatively require any elementary or secondary school or school system in the state to be accredited. Nevertheless, the General Assembly finds that accreditation, or the lack thereof, can have significant impacts on the operation of public and private schools in this state as well as on the students and families served by such schools. For example, a lack of accreditation can impact a student's eligibility to qualify for HOPE awards or to be considered for acceptance to postsecondary educational institutions in this state and elsewhere, and the loss or potential loss of accreditation can result in the removal of local board of education members from their offices. The General Assembly finds that even though accreditation is not legislatively required in elementary and secondary schools in this state, high school accreditation in particular is considered a practical necessity by many families, schools, and school systems. The General Assembly also finds that accreditation agencies, when properly focused on student achievement, academic success, and the fiscal solvency of schools and school systems, can aid schools and school systems in promoting improved quality of learning and teaching and financial efficiency. It is the intent of the General Assembly that the state government, including all offices, agencies, departments, boards, bureaus, commissions, institutions, or other entities thereof, recognize only those accrediting agencies which are primarily focused on the evaluation of quality of learning and teaching and financial efficiency of schools and which are committed to fairness, consistency, and transparency.

SECTION 2.

Chapter 14 of Title 20 of the Official Code of Georgia Annotated, relating to education accountability, is amended by adding a new article to read as follows:

"ARTICLE 320-14-96.(a) As used in this article, the term:(1) 'Accrediting agency' means a governmental organization or a person, firm, association, partnership, corporation, or other entity, whether for profit or not for profit, which purports to be a reliable authority as to the quality of education offered in public schools in this state.(2) 'Public school' means any school under the control and management of a county, independent, or area board of education supported by public funds; any school subject to the provisions of Article 31 or 31A of Chapter 2 of this title supported by public funds; or any school under the control and management of the State Board of Education or a department or agency thereof supported by public funds.(3) 'Recognized accrediting agency' means an accrediting agency that meets the requirements of this article for recognition as an evaluator as to the quality of education offered in public schools in this state by any office, agency, department, board, bureau, commission, institution, or other entity of the state government.(b) An accrediting agency shall not be deemed a recognized accrediting agency by any office, agency, department, board, bureau, commission, institution, or other entity of the state government, including, but not limited to, the State Board of Education, the Board of Regents of the University System of Georgia, the State Board of the Technical College System of Georgia, the Georgia Student Finance Authority, the Georgia Student Finance Commission, or the Office of Student Achievement, unless:(1) Such agency meets the following evaluation criteria that shall be established by the State Board of Education pursuant to this article:(A) Relevant evaluation criteria used by regional and national accrediting agencies and other relevant information as deemed appropriate by the State Board of Education;(B) Rigorous and appropriate measures of the quality of learning and teaching in public schools or school systems, as determined by the State Board of Education in collaboration with education professionals and prescribed as an appropriate percentage, which shall not be less than 65 percent, of the evaluation results, which measures shall:(i) Include all students regardless of ethnicity, sex, disability, language proficiency, and socioeconomic status; and(ii) Be disaggregated by all subgroups as required under the federal Elementary and Secondary Education Act, as amended; and(C) Rigorous and appropriate measures of the financial efficiency of a public school or school system which shall include an analysis of how federal and state funds spent by the public school or school system impact quality of learning and teaching, with such measures comprising an appropriate percentage of the evaluation results as determined by the State Board of Education;(2) Such agency demonstrates the ability and the experience to operate as a recognized

accrediting agency in this state;

(3) The principal purpose of such agency is the accreditation of public schools and schools systems in this state;

(4) Such agency has a voluntary membership of public schools, school systems, and programs;

(6) Such agency consistently adheres to procedures throughout the accreditation process, including evaluation and withdrawal procedures, that comply with due process, including:

(A) Adequate specification of requirements and deficiencies at the public school or school system being evaluated; provided, however, that all requirements or deficiencies specified by such agency are directly related to measures of quality of learning and teaching and financial efficiency; provided, further, that any findings, comments, or notes included in an evaluation that are not directly related to quality of learning and teaching or financial efficiency shall not provide the basis for any adverse action against a public school or school system by such agency, including, but not limited to, denial, withdrawal, suspension, or termination of accreditation or placement of a public school or school system on any probationary status;

(B) Notice of an opportunity for a hearing by a public school or school system;

(8) Such agency, either directly or indirectly by means of a related entity, by contract or otherwise, does not offer or agree to provide any services or materials for an additional fee or other consideration intended to assist a public school or school system with addressing any requirement or deficiency or other issue raised by such agency at the time of the evaluation for accreditation of such public school or school system; and

(9) Such agency makes available to the public and the State School Superintendent, upon request:

(A) A summary of any evaluation resulting in a final decision involving the approval, denial, termination, withdrawal, suspension, or probation of a public school or school system's accreditation, together with the comments of such public school or school system; and

(B) A copy of any complaint or report upon which such agency initiates, or provides

notice to a public school or school system of the intent to initiate, any intervention, investigation, or evaluation of such public school or school system's accreditation status; provided, however, that personally identifiable information of the person, persons, or entity that submitted the complaint or report may be redacted to the extent necessary to comply with the confidentiality protections provided under Code Section 45-1-4 or other applicable law relating to the confidentiality of complaints against organizations that receive public funds.

(c)(1) An accrediting agency shall not apply any standards, measures, or evaluation criteria not in compliance with state law.

(2) The State Board of Education shall be authorized to determine whether an accrediting agency is not in compliance with the provisions of paragraph (1) of this subsection. The State Board of Education shall notify such accrediting agency upon making such determination and shall allow no more than 30 days for such accrediting agency to demonstrate compliance with such provisions.

(d) The provisions of this article shall not apply to any initial or renewal agreement by and between any public school or school system in this state and any accrediting agency entered into before July 1, 2023.

The accrediting agency's findings and recommendations which are the subject of such appeal shall be suspended from public access or disclosure during the pendency of such appeal and any mediation or appeal following therefrom;

(2) The accreditation committee shall work with both the accrediting agency and the appealing public school or school system to seek a resolution; and

(3) Should the parties fail to agree to a resolution, the appealing public school or school system shall have the right to submit the dispute to mediation under the provisions of Chapter 17 of Title 9, relating to the Georgia Uniform Mediation Act. The public school or school system and the accrediting agency shall be the parties to such mediation. The accrediting agency shall be responsible for the costs of such mediation.

(b) Notwithstanding any other provision of law to the contrary, a mediator's decision rendered pursuant to paragraph (3) of subsection (a) of this Code section may be appealed by either party to the State Board of Education, the ruling of which shall be binding on the parties.

(c) Failure by an accrediting agency to comply without appeal to a decision under subsection (a) of this Code section or failure to comply with a ruling under subsection (b) of this Code section shall disqualify such agency from accrediting public schools or school systems in this state. Honorable Chuck Hufstetler
Chairman, Senate Finance Committee
121 State Capitol
Atlanta, GA 30334

SUBJECT: Fiscal Note
House Bill 86 (LC 43 2723S)

Dear Chairman Hufstetler:

The bill would exempt, subject to caps, purchases of tangible personal property used in the expansion or renovation of a qualified aquarium or zoo from state and local income taxes. The exemption applies from July 1, 2023, to June 30, 2027, or until the aggregate caps of \$4.5 million of state taxes in the case of aquariums or \$800,000 of state and local taxes in the case of zoos is reached. Taxpayers eligible for the exemption must first pay the taxes owed on eligible purchases and then file a claim for a refund.

Impact on State Revenue

Georgia State University's Fiscal Research Center (FRC) estimated that the bill would decrease state and local funds as shown in Table 1. The appendix provides details of the analysis.

Table 1. State and Local Revenue Effect of HB 86 LC 43 2723S
(\$ millions)

	FY 2024	FY 2025	FY 2026	FY 2027	Total

Local	(\$1.5)	(\$1.5)	(\$1.5)	(\$1.5)	(\$6.0)
Low Case:

Local	(\$0.8)	(\$0.8)	(\$0.8)	(\$0.8)	(\$3.3)

Impact on State Expenditures

The Department of Revenue would be able to implement the provisions of the bill with existing resources. The agency noted that changes to information systems would take nine weeks, equating to approximately \$105,000.

Respectfully,

Analysis by the Fiscal Research Center

Section 1 of HB 86 proposes to exempt from state and local sales taxes the purchase of tangible personal property for use in the expansion or renovation of an eligible aquarium during the period July 1, 2023, to June 30, 2027, subject to a cumulative, aggregate cap of \$4.5 million in state sales tax exempted (i.e., per legislative counsel, local taxes are not included in measurement of the cap status even though the exemption applies to all local sales taxes as well as state). To obtain the benefit of the exemption, eligible taxpayers must first pay the taxes owed on eligible purchases and then file a claim for a refund.

Section 2 of the bill would similarly exempt the purchase of tangible personal property for use in the expansion or renovation of an eligible zoo over the same period. In the case of zoos, the cumulative aggregate cap is \$800,000 of state *and local* taxes exempted (per legislative counsel), again by first paying and then filing for refund of such taxes on eligible purchases.

To be eligible for the exemption, the aquarium or zoo must be located in this state, charge for admission, and be owned and operated by an organization exempt from taxation under IRC Section 501(c)(3). At this time, two aquariums and one zoo – the Georgia Aquarium in Atlanta, the Flint RiverQuarium in Albany, and Zoo Atlanta – could be identified that meet these eligibility requirements.

For purposes of this note, a low case estimate is provided that is based on an announced project at Zoo Atlanta for a new veterinary facility and an expansion project planned or under consideration by the Georgia Aquarium, as reported by the bill sponsor.

Information from Zoo Atlanta indicates that the veterinary facility project will cost an estimated \$22 million to complete, and that state and local sales taxes on construction materials and equipment and owner-furnished materials that would be exempted under HB 86 would amount to an estimated \$581,000. At an 8.9 percent combined state and local tax rate, this would put eligible expenses at approximately \$6.53 million or about 30 percent of the total project cost. The state portion of total taxes exempted would be approximately \$261 thousand, the \$320 thousand balance representing the various Atlanta and Fulton county school and other sales taxes. The timing of project expenditures is not available, so the cost of the exemption is assumed to be spread evenly across the four fiscal years that the exemption would be available.

Information from the bill sponsor suggests a \$200 million aquarium expansion project is

either planned or under consideration. Assuming for the low case that this expansion goes forward and that otherwise taxable purchases would be 30% as estimated for the zoo facility, approximately \$60 million of costs would be exempted. The resulting state revenue loss would be approximately \$2.40 million while the local loss would be \$2.94 million.

High estimates for both provisions assume that the aggregate caps are binding. In all cases, revenue effects are assumed to be realized evenly over the period of availability of the exemptions. Tables 2 and 3 below detail the high and low cases for the zoo and aquarium exemptions, respectively, while Table one provides the combined estimated impacts.

The Senate Committee on Finance offered the following substitute to HB 86:

(e)(1) At the trustee foreclosure sale, the trustee shall issue to the highest bidder, who has paid the price bid in cash or certified funds, as purchaser or purchasers, a certificate of sale stating that a foreclosure conforming to the requirements of this Code section has occurred, including the time, location, and date of the sale; a legal description of the time-share estate that was sold; the amounts secured by the assessment lien or mortgage; the amount of the highest bid; and the name of the purchaser. The issuance and recording of the trustee foreclosure deed is presumed valid and may be relied upon by third parties without actual knowledge of irregularities in the trustee foreclosure proceedings.

(4) The proceeds of the trustee foreclosure sale shall be applied first in accordance with the lien priorities set forth in paragraphs (1) through (4) of subsection (a) of Code Section 44-3-109, after which any remaining proceeds shall be applied to the payment in full of such unpaid assessments and other charges or mortgage obligations, as applicable, and next to the payment of all expenses actually incurred by the owners'

association in connection with the trustee foreclosure proceedings, including attorneys' fees. Any remaining proceeds shall be paid to the prior owner of the time-share estate. The owners' association or mortgagee, as applicable, may bid at the sale and purchase the time-share estate and receive a credit up to the amount of unpaid assessments and other charges or mortgage obligations, as applicable, and all expenses actually incurred by the owners' association or mortgagee, as applicable, in connection with the trustee foreclosure proceedings, including attorney's fees.

(5) A trustee foreclosure sale releases the prior owner of the time-share estate of liability for any and all amounts secured by the assessment lien or mortgage, as applicable. The cost of the interpleader action shall be divided between the claimant and the claimant's designated representative.

The following Fiscal Note was filed with the Secretary:

Georgia Department

Greg S. Griffin
State Auditor

March 16, 2023

Honorable Chuck Hufstetler
Chairman, Senate Finance Committee
121 State Capitol
Atlanta, GA 30334

SUBJECT: Fiscal Note
House Bill 412 (LC 43 2695S)

Dear Chairman Hufstetler:

The bill would change the income taxation of partnerships in two ways. It inserts a new subparagraph to clarify that electing to file and pay the state income tax at the entity level, rather than at the individual partner level, does not impact the accounting or tax treatment of distributions from the partnership. It also repeals the current limit on partnerships that are eligible to elect entity-level taxation to those 100 percent owned and controlled by persons eligible to be shareholders of an ‘S’ corporation under IRC Section 1361. The bill would be effective for tax years beginning on or after January 1, 2023.

Impact on State Revenue

Georgia State University’s Fiscal Research Center (FRC) estimated that the bill would have no impact on state revenue.

FRC stated that the treatment of distributions called for in the bill “do not create a taxable event under current federal or state laws to either the partnership or the partners, and current state law allowing partnerships to elect entity-level taxation, as enacted in 2021, did not change that.”

FRC also stated that the partnerships made eligible to choose entity-level filings “would be subject to the same conditions as are currently eligible partnerships, which based on discussions with the Department of Revenue in 2021 and at the time of this writing result in the election having no state revenue effect.” This is because the state law denies a pass-through entity the ability to claim a deduction for taxes paid on its Georgia return. Thus, the total level of deductions taken against state income tax does not change and revenue effect for the state is not affected.

Impact on State Expenditures

The Department of Revenue (DOR) would implement the bill with existing resources. It would require approximately 9 weeks to make change to its information systems, equating to approximately \$77,000 in staff time.

Respectfully,
/s/ Greg S. Griffin

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to physicians, assistants, and others, so as to authorize physicians to delegate the authority to advanced practice registered nurses and physician assistants to prescribe certain Schedule II controlled substances; to provide for requirements; to provide for automatic approval of nurse protocol agreements and job descriptions under certain conditions; to amend Article 3 of Chapter 2 of Title 40 of the Official Code of Georgia Annotated, relating to prestige license plates and special plates for certain persons and vehicles, so as to authorize advanced practice registered nurses and physician assistants to execute affidavits certifying an individual is disabled for purposes of obtaining special vehicle decals for persons with disabilities; to provide for legislative findings; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds:

- (1) Governor Kemp created the Georgia Healthcare Workforce Commission in 2022;
- (2) The commission recognized that Georgia is now in the minority of states with restrictions on certain healthcare occupations, such as nurse practitioners and physician assistants, and that research also suggests that in appropriate circumstances, revising practice restrictions on certain healthcare occupations and granting increased practice authority have the potential to improve access to care without compromising quality or increasing costs;
- (3) The commission believes that exploring updating scope of practice limitations could potentially ease pressure on the healthcare workforce by allowing certain healthcare occupations to perform more advanced work in healthcare settings which could decrease work burden on other clinical providers;
- (4) Georgia is one of only three states that forbids physician assistants and nurse practitioners from prescribing any Schedule II medications; and
- (5) A more streamlined process at the Georgia Composite Medical Board will allow already licensed and certified practitioners to more quickly begin work.

SECTION 2.

Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to physicians, assistants, and others, is amended by revising paragraph (3) of subsection (a), paragraph (10) of subsection (g), and subsections (k) and (m) of Code Section 43-34-25, relating to delegation of certain medical acts to advanced practice registered nurse, construction and

limitations of such delegation, definitions, conditions of nurse protocol, and issuance of prescription drug orders, and by adding a new subsection to read as follows:

"(3) 'Controlled substance' means any controlled substance as defined in Code Section 16-13-21 but shall not include any Schedule I controlled substance included in Code Section 16-13-25 or any Schedule II controlled substance included in Code Section 16-13-26, except as authorized pursuant to subsection (d.1) of this Code section."

"(d.1) An advanced practice registered nurse who has at least one year of post-licensure clinical experience and is in good standing with the board may be authorized under a nurse protocol agreement to issue prescription drug orders for hydrocodone, oxycodone, or compounds thereof in emergency situations pursuant to the following requirements:

- (1) The authorization is specifically included in the nurse protocol agreement;
- (2) The advanced practice registered nurse has directly evaluated the patient;
- (3) The prescription drug order is limited to an initial prescription, not to exceed a five-day supply;
- (4) The prescription drug order is for an individual 18 years of age or older; and
- (5) The advanced practice registered nurse completes one hour of continuing education biennially in the appropriate ordering and use of hydrocodone, oxycodone, and compounds thereof."

"(10) Notwithstanding the provisions of subsection (d.1) of this Code section, in ~~in~~ any emergency medical services system operated by, or on behalf of, any county, municipality, or hospital authority with a full-time physician medical director and who does not order drugs, except that he or she may order up to a 14 day supply of drugs as necessary in an emergency situation, excluding ~~Schedule II controlled substances and benzodiazepines~~ and all Schedule II controlled substances except hydrocodone, oxycodone, or compounds thereof; provided, however, that an advanced practice registered nurse shall not order radiographic imaging, diagnostic studies, or medical devices pursuant to this paragraph; and provided, further, that a patient shall be referred to a physician, a dentist, or a federally qualified health center."

"(k) Nothing in this Code section shall be construed to authorize an advanced practice registered nurse to issue a prescription drug order for a Schedule I or II controlled substance, except as otherwise authorized pursuant to subsection (d.1) of this Code section, or authorize refills of any drug for more than 12 months from the date of the original order except in the case of oral contraceptives, hormone replacement therapy, or prenatal vitamins which may be refilled for a period of 24 months."

"(m)(1) The board shall have the authority to promulgate rules and regulations governing a delegating physician in order to carry out the intents and purposes of this Code section.

(2)(A) Further, the board shall be authorized to:

(4)(i) Require that a nurse protocol agreement shall be filed by the delegating physician with the board within a reasonable time from the date of execution;

(2)(ii) Determine, after review of a filed nurse protocol agreement, if such nurse protocol agreement fails to meet accepted standards of medical practice as established by the board; and

~~(3)(iii)~~ Require the delegating physician to amend any such noncompliant nurse protocol agreement in order to meet such accepted standards.

(B) If a medical practice has an existing approved nurse protocol agreement and an alternate delegating physician or a change in the delegating physician within the same or similar specialty, such new nurse protocol agreement for the new alternate delegating physician or a change in the delegating physician, upon submission, shall be automatically deemed approved by the board.

(C) If a delegating physician submits a nurse protocol agreement for a new advanced practice registered nurse and such nurse protocol agreement that has substantially the same terms and provisions as a nurse protocol agreement previously submitted by such delegating physician for another advanced practice registered nurse and approved by the board, the nurse protocol agreement for the new advanced practice registered nurse, upon submission, shall be automatically deemed approved by the board."

SECTION 3.

Said chapter is further amended by revising subsections (c) and (e.1) of Code Section 43-34-103, relating to delegation of authority to physician assistants, as follows:

"(c)(1) At all times while providing patient services, a physician assistant shall have a signed job description submitted by his or her primary supervising physician and approved by the board.

(2) Nothing in this article shall prevent a primary supervising physician from submitting to the board a new or amended physician assistant job description.

(3) If a medical practice has an existing approved job description and an alternate supervising physician or a change in the supervising physician within the same or similar specialty, such new job description for the new alternate supervising physician or a change in the supervising physician, upon submission, shall be automatically deemed approved by the board.

(4) If a primary supervising physician submits a job description for a new physician assistant and such job description that has substantially the same terms and provisions as a job description previously submitted by such primary supervising physician for another physician assistant and approved by the board, the job description for the new physician assistant, upon submission, shall be automatically deemed approved by the board."

"(e.1)(1)(A) In addition to and without limiting the authority granted by Code Section 43-34-23, a physician may delegate to a physician assistant, in accordance with a job description, the authority to issue a prescription drug order or orders for any device as defined in Code Section 26-4-5 or to issue any dangerous drug as defined in Code Section 16-13-71, hydrocodone, oxycodone, or compounds thereof in accordance with subparagraph (B) of this paragraph, or any Schedule III, IV, or V controlled substance as defined in Code Section 16-13-21 on a prescription drug order or prescription device order form as specified in paragraph (3) of this subsection. Delegation of such authority shall be contained in the job description required by this

Code section. The delegating physician shall remain responsible for the medical acts of the physician assistant performing such delegated acts and shall adequately supervise the physician assistant. If an existing job description for a physician assistant does not contain such authority to order a prescription drug or device order as provided by this subsection, that physician assistant may not issue any such prescription drug or device order until a new job description delegating such authority is submitted to and approved by the board. Nothing in this Code section shall be construed to authorize the written prescription drug order of a Schedule I or II controlled substance, except as authorized pursuant to subparagraph (B) of this paragraph.

(B) A physician may delegate to a physician assistant who has at least one year of post-licensure clinical experience and is in good standing with the board the authority to issue prescription drug orders for hydrocodone, oxycodone, or compounds thereof in emergency situations pursuant to the following requirements:

(i) The authorization is specifically included in the job description;

(ii) The physician assistant has directly evaluated the patient;

(iii) The drug order is limited to an initial prescription not to exceed a five-day supply; and

(iv) The prescription drug order is for an individual 18 years of age or older.

(2) Nothing in this subsection shall be construed to create a presumption of liability, either civil or criminal, on the part of a pharmacist who is duly licensed under Title 26 and who in good faith fills a prescription drug or device order presented by a patient pursuant to this subsection. The pharmacist shall presume that the prescription drug or device order was issued by a physician assistant duly licensed under this article who has qualified under this Code section to prescribe pharmaceutical agents. The pharmacist shall also presume that the pharmaceutical agent prescribed by the physician assistant is an approved pharmaceutical agent, unless the pharmacist has actual or constructive knowledge to the contrary.

(3) The physician assistant shall only be authorized to exercise the rights granted under this subsection using a prescription drug or device order form which includes the name, address, and telephone number of the prescribing supervising or alternate supervising physician, the patient's name and address, the drug or device prescribed, the number of refills, and directions to the patient with regard to the taking and dosage of the drug. A prescription drug order which is transmitted either electronically or via facsimile shall conform to the requirements set out in paragraphs (1) and (2) of subsection (c) of Code Section 26-4-80, respectively. Any form containing less information than that described in this paragraph shall not be offered to or accepted by any pharmacist who is duly licensed under Title 26.

(4) Nothing in this Code section shall be construed to authorize a physician assistant to authorize refills of any drug for more than 12 months from the date of the original prescription drug or device order.

(5) A supervising physician or alternate supervising physician shall evaluate or examine, at least every three months, any patient receiving controlled substances.

(6) In addition to the copy of the prescription drug or device order delivered to the patient, a record of such prescription shall be maintained in the patient's medical record in the following manner:

(A) The physician assistant carrying out a prescription drug or device order shall document such order either in writing or by electronic means; and

(B) The supervising physician shall periodically review patient records. Such review may be achieved with a sampling of such records as determined by the supervising physician.

(7) A physician assistant is not permitted to prescribe drugs or devices except as authorized in the physician assistant's job description and in accordance with this article.

(8) The board shall adopt rules establishing procedures to evaluate an application for a job description containing the authority to order a prescription drug or device and any other rules the board deems necessary or appropriate to regulate the practice of physician assistants, to carry out the intent and purpose of this article, or to protect the public welfare.

(9) A physician assistant authorized by a primary supervising physician to order controlled substances pursuant to this Code section is authorized to register with the ~~federal~~ United States Drug Enforcement Administration.

(10)(A) A physician assistant delegated the authority by the primary supervising physician to issue a prescription drug or device order shall be required to complete a minimum of three hours of continuing education biennially in practice specific pharmaceuticals in which the physician assistant has prescriptive order privileges.

(B) A physician assistant delegated the authority by the primary supervising physician to issue a prescription drug or device order for hydrocodone, oxycodone, or compounds thereof shall be required to complete one additional hour of continuing education biennially in the appropriate ordering and use of hydrocodone, oxycodone, or compounds thereof.

(11) A managed care system, health plan, hospital, insurance company, or other similar entity shall not require a physician to be a party to a job description as a condition for participation in or reimbursement from such entity."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

PART I
SECTION 1-1.

Article 2 of Chapter 2 of Title 46 of the Official Code of Georgia Annotated, relating to jurisdiction of and powers and duties of the Georgia Public Service Commission generally, is amended by adding a new Code section to read as follows:

"46-2-20.1.

(a) As used in this Code section, the term:

(2) 'Electric utility' shall have the same meaning as set forth in Code Section 46-1-1.

(3) 'Electric vehicle' shall have the same meaning as set forth in Code Section 10-1-220.

(4) 'Electric vehicle charging services' means the charging of electric vehicles from an

electric vehicle charging station.

(5) 'Electric vehicle charging station' shall have the same meaning as set forth in Code Section 10-1-220.

(6) 'Premises' shall have the same meaning as provided in Code Section 46-3-3.

(b) Notwithstanding any other provision of law to the contrary, the provision of electric vehicle charging services by a person not otherwise subject to the jurisdiction of the commission shall not be considered a service of an electric utility subject to the authority and jurisdiction of the commission. The supply of electricity by an electric utility subject to Part 1 of Article 1 of Chapter 3 of this title, the 'Georgia Territorial Electric Service Act,' to premises that are electric vehicle charging stations shall constitute the furnishing of service under Part 1 of Article 1 of Chapter 3 of this title, the 'Georgia Territorial Electric Service Act,' and shall be considered a sale at retail within the meaning of Code Section 48-8-2. The mere provision of electric vehicle charging services alone shall not violate Part 1 of Article 1 of Chapter 3 of this title, the 'Georgia Territorial Electric Service Act,' so long as the provision of such services occurs upon the same parcel of property as the electric vehicle charging station.

(c) No electric vehicle charging station that is publicly available, except for community charging equipment, shall be provided, owned, operated, or maintained by an electric utility unless such electric vehicle charging station is provided, owned, operated, and maintained by a separate legal entity not subject to the authority of and regulation by the commission.

(d) An electric utility's rates, terms, and conditions of service for the provider of any electric vehicle charging services shall be the same as the rates, terms, and conditions of service for any electric vehicle charging stations operated pursuant to subsection (c) of this Code section."

Such rules and regulations shall be promulgated in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(f) The Commissioner and the Department of Revenue shall be authorized to share information necessary to efficiently administer and enforce the provisions of this article and Article 1 of Chapter 9 of Title 48, the 'Motor Fuel Tax Law.' Any confidential information furnished pursuant to this Code section shall retain its character as confidential and privileged information. Any person who divulges confidential information obtained pursuant to this Code section shall be subject to the same penalties as provided under Code Section 48-7-61 for unlawful divulgence of confidential tax information.

Such stations shall be further equipped with meters to record the total kilowatt-hours dispensed.

(b) All electric vehicle charging stations shall be subject to inspection as provided for in this article. Prior to operation of any electric vehicle charging station and annually thereafter, an electric vehicle charging provider shall register with the Commissioner in the form and manner prescribed by such Commissioner. Such registration shall include the location of the electric vehicle charging station; the name, brand, or manufacturer of the type of electric vehicle charging station, together with the name and address thereof; and certification that the electric vehicle charging station is in conformity with the specifications established pursuant to this article by the Commissioner. Certificates of registration issued by the Commissioner pursuant to this Code section shall be posted in a prominent and accessible place upon the electric vehicle charging station.

10-1-223.

Whenever the Commissioner shall find any person willfully marketing the delivery of electricity for use in electric vehicles in violation of the laws of this state, of prescribed specifications of this article, or rules and regulations promulgated pursuant to this article, the Commissioner shall be authorized to apply to the superior court having jurisdiction over the offender for an injunction against the continuance of any such violations. The appropriate superior court shall have jurisdiction, upon hearing and for cause shown, to grant such temporary or permanent injunction restraining further violations as the circumstances appear to require.

10-1-224.

(a) Electric vehicle charging station inspectors shall inspect all electric vehicle charging stations located in the territory assigned to them.

(b) All electric vehicle charging stations found to be giving accurate measure of the amount of electricity delivered within the tolerance established by regulations of the Commissioner shall have the electric vehicle charging station sealed with an official seal applied by an inspector duly authorized by the Commissioner.

(c) If any electric vehicle charging station shall be found to be giving inaccurate measure of the amount of electricity delivered in excess of the tolerance established by regulations of the Commissioner, the inspector shall then and there notify the electric vehicle charging provider, whether owner or lessee. Should the electric vehicle charging provider fail or refuse to then and there make such adjustments as shall be necessary to bring the measure within the allowed variation, the same shall be condemned and rendered inoperable immediately by the inspector examining the same; and such electric vehicle charging station shall not again be operated without the written consent of the Commissioner. Inspectors shall be required to report to the Commissioner immediately the name and number of any electric vehicle charging station condemned and rendered inoperable.

(d) When any electric vehicle charging station is condemned under this article by any inspector, it shall be the duty of the inspector immediately to make affidavit before the judge of the probate court of the county in which the electric vehicle charging station is located that such station is being operated contrary to law by the electric vehicle charging provider who shall be named in the affidavit. Thereupon the judge of the probate court shall issue an order to the electric vehicle charging provider named in the affidavit to show cause before him or her on the day named in the order, not more than ten days nor fewer than three days from the issuance of the order, why the electric vehicle charging station should not be forfeited, confiscated to the state, and dismantled. On such day named in the order, it shall be the duty of the judge of the probate court to hear the respective parties and to determine whether or not the electric vehicle charging station has been operated contrary to the provisions of this article. If the judge of the probate court finds that the electric vehicle charging station has been so operated, he or she shall forthwith issue an order adjudging the electric vehicle charging station to be forfeited and confiscated to the state and directing the sheriff of the county to dismantle the electric vehicle charging station and take it into his or her possession, and, after ten days' notice by posting or publication, as the court may direct, to sell the electric vehicle charging station to the highest bidder for cash. The proceeds of sale, or as much thereof as may be necessary, shall be used by the sheriff, first, to pay the costs associated with sale, which shall be the same as in cases of attachment, and the sheriff shall thereupon pay over and deliver the residue, if any, to the person from whose possession the electric vehicle charging station has been taken.

(e) It shall be unlawful to install or operate any electric vehicle charging station which can be secretly manipulated in such manner as to give short measure. Such inaccurate electric vehicle charging station shall be condemned as provided in this Code section, and thereafter it shall be unlawful for any person to resell any electricity from such electric vehicle charging station until such station has been made or altered to comply with this article and has been inspected and approved for service by the inspector.

(f) It shall be unlawful for anyone to remove a seal applied by an inspector to an electric vehicle charging station without first securing consent of the Commissioner, whose consent may be given through one of the duly authorized inspectors.

(g) The department shall have the power to implement rules and regulations necessary

to carry out the inspections of electric vehicle charging stations as provided for by this Code section.

10-1-225.

(a) Any sign or placard or other means used to advertise the price of electricity for sale at retail through an electric vehicle charging station may contain a separate listing of the price and a separate listing of each tax thereon, but must contain a total of such price and taxes which shall be at least as large as the listing of the price or any tax thereon. Numbers used to advertise the total price of such electricity shall be of uniform size; and, where fractions are used, the numerator and denominator thereof combined shall be of the same size as any whole numbers used. It shall not be necessary that a denominator be used to indicate fractions; but, if one is not used, the numerator must be at least half the size of the whole number used. When the price of electricity for sale at retail through an electric vehicle charging station is advertised on any sign, billboard, placard, or other advertising medium, it shall be unlawful to place a higher price on any electric vehicle charging station delivering such electricity or to charge a higher price for such electricity. Any electric vehicle charging provider shall not be precluded from giving a discount from the posted or advertised price if the purchaser of the electricity buys additional merchandise.

(b) It shall be unlawful for any electric vehicle charging provider to advertise upon the purchase of electricity either free:

(1) Gifts or other products unless such provider has sufficient number of gifts or products on hand to supply the reasonably expectable demand or the advertisement discloses a limitation of quantity; or

(2) Car washes or other services unless such provider is prepared, in the absence of causes beyond the reasonable control of the offerer, to perform such car washes or the services advertised at the time of the purchase at such provider's place of business or at a place of business affiliated by trademark or agreement with such provider. If the free car washes or other services advertised are to be performed at a place of business affiliated by trademark or agreement but in a separate location, such fact shall be so stated on the sign, billboard, placard, or other advertising medium used.

(c) Nothing in this Code section shall preclude posting on any electric vehicle charging station a separate statement of taxes included in the total purchase price for the purpose of complying with Chapter 8 of Title 48.

(d) Electric vehicle charging inspectors and any and all law enforcement officers in this state are charged with enforcement of this Code section.

(e) Any person, firm, association, or corporation violating this Code section shall be guilty of a misdemeanor.

10-1-226.

Any person violating any provision of:

(1) This article relating to the inspection of electric vehicle charging stations and the resale of electricity;

(2) Code Section 10-1-225 providing for the regulation of signs advertising the price for the resale of electricity by electric vehicle charging providers; or

(3) Any rule, regulation, or standard promulgated or adopted by the Commissioner or the department under the provisions of this article

shall be liable for a civil penalty not to exceed \$1,000.00 for each violation. The Commissioner, after a hearing, shall determine whether any person has violated this Code section and upon a proper finding may issue his or her order imposing a civil penalty as provided in this Code section. All hearings and proceedings under this Code section shall be held and taken under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

10-1-227.

Any electric vehicle charging station inspector who, while in office, shall be interested directly or indirectly in the manufacture or vending of any electric vehicle charging station shall be guilty of a misdemeanor and shall be disqualified from providing services as an electric vehicle charging station inspector until such interest no longer exists.

10-1-228.

Any person or association of persons, firm, or corporation that violates any of the provisions of this article relating to inspection of electric vehicle charging stations and the resale of electricity or any rule or regulation promulgated by the Commissioner for the enforcement of this article shall be guilty of a misdemeanor."

PART III SECTION 3-1.

Article 1 of Chapter 9 of Title 48 of the Official Code of Georgia Annotated, relating to motor fuel tax, is amended in Code Section 48-9-2, relating to definitions relative to motor fuel tax, by revising paragraphs (5) and (5.2) and by adding a new paragraph to read as follows:

"(5) 'Distributor' means every person other than the United States or any of its agencies who:

(A) Produces, refines, prepares, distills, manufactures, blends, or compounds motor fuel of a type other than electricity in this state;

(B) Makes the first sale in this state of any motor fuel imported into this state after the motor fuel has been received in this state;

(D) Purchases motor fuel for export from this state;

(E) Consumes or uses motor fuel of a type other than gasoline or electricity for both highway and nonhighway use and who elects to become licensed as a distributor to obtain the exemption allowed by this article;

(F) Sells motor fuel of a type other than gasoline or electricity to consumers who

have no highway use of such fuel and who elects to become licensed as a distributor to obtain the exemptions allowed by this article; or

(G) Consumes, uses, or sells electricity as a motor fuel through an electric vehicle charging station for both highway and nonhighway use;

(H) Consumes, uses, or sells hydrogen through electrolysis, reforming, or another method for the purpose of powering a vehicle; or

"(5.2) 'Electric vehicle charging station' shall have the same meaning as set forth in Code Section 10-1-220.

(5.3) 'Export and import' means:

(A) When motor fuels are sold for export and delivered across the boundaries of this state by or for the seller, such action is presumed to be an export from the place of origin and an import into the destination state or country by the seller; and

(B) When motor fuels are purchased for export and transported across the boundaries of this state by or for the purchaser, such action is presumed to be an export from the place of origin and an import into the destination state or country by the purchaser."

SECTION 3-2.

Said article is further amended in Code Section 48-9-3, relating to levy of excise tax, rate, taxation of motor fuels not commonly sold or measured by gallon, rate, prohibition of tax on motor fuel by political subdivisions, exception, and exempted sales, by revising subsection (a) and subdivision (b)(7)(B)(ii)(I) and by adding a new subsection to read as follows:

"(a)(1) An excise tax is imposed at the rate of 26¢ per gallon on distributors who sell or use motor fuel, other than diesel fuel, within this state. An excise tax is imposed at the rate of 29¢ per gallon on distributors who sell or use diesel fuel within this state. It is the intention of the General Assembly that the legal incidence of the tax be imposed upon the distributor.

(1.1)(A) Beginning on July 1, 2016, and annually thereafter, the amount of this excise tax per gallon on distributors shall be automatically adjusted on an annual basis in accordance with this paragraph.

(B) Using 2014 as a base year, the department shall determine the average miles per gallon of all new vehicles registered in this state pursuant to Code Section 48-5C-1 using the average of combined miles per gallon published in the United States Department of Energy Fuel Economy Guide. Beginning on July 1, 2016, and each year thereafter, the department shall calculate the average miles per gallon of all new vehicles registered in this state in the previous year. The excise tax rate shall be multiplied by the percentage increase or decrease in fuel efficiency from the previous year, and the resulting increase or decrease shall be added to the excise tax rate to determine the preliminary excise tax rate.

(C) Once the preliminary excise tax rate is established, it shall be multiplied by the annual percentage of increase or decrease in the Consumer Price Index. The resulting

calculation shall be added to the preliminary excise tax rate, and the result of such calculation shall be the new excise tax rate for motor fuels for the next calendar year.

~~The Consumer Price Index shall no longer be used after July 1, 2025.~~

(2) In the event any motor fuels which are not commonly sold or measured by the gallon or which are not otherwise provided for by this Code section are used in any motor vehicles on the public highways of this state, the commissioner may assess, levy, and collect a tax upon such fuels, under such regulations as the commissioner may promulgate, in accordance with and measured by the nearest power potential equivalent to that of one gallon of regular grade gasoline. Any determination by the commissioner of the power potential equivalent of such motor fuels shall be prima-facie correct. Upon each such quantity of such fuels used upon the public highways of this state, a tax at the same rate per gallon imposed on motor fuel under paragraph (1) of this subsection shall be assessed and collected.

(3) No county, municipality, or other political subdivision of this state shall levy any fee, license, or other excise tax on a gallonage or gallonage equivalent basis upon the sale, purchase, storage, receipt, distribution, use, consumption, or other disposition of motor fuel. Nothing contained in this article shall be construed to prevent a county, municipality, or other political subdivision of this state from levying license fees or taxes upon any business selling motor fuel.

(4)(A) For purposes of this subsection, and notwithstanding ~~the provisions of paragraph (2) of this subsection~~ and any provision contained in the National Bureau of Standards Handbook or any other national standard that may be adopted by law or regulation, the gallon equivalent of:

(i) Compressed ~~compressed~~ natural gas shall be not less than 110,000 British thermal units ~~and the gallon equivalent of liquefied~~;

(ii) Electricity shall be not more than 11 kilowatt-hours;

(iii) Hydrogen shall be not less than 2.2 pounds; and

(iv) Liquefied natural gas shall not be less than 6.06 pounds.

(B) As used in this paragraph, the term:
