This chapter shall be known and may be cited as the 'Georgia Farmland Conservation Act.'

44-10-41.

The General Assembly finds and declares that:

- (1) Ensuring permanent conservation of farmland is of vital importance to the state and the citizens of Georgia and essential in protecting Georgia's agricultural economy, the ecological benefits provided by agricultural lands and activities, the community character enhanced by agricultural landscapes, and food production in the state;
- (2) Creating the Georgia Farmland Conservation Fund Program will enable owners of farmland to voluntarily protect their farmland, facilitate the transition of farms under development pressure to next-generation farmers, increase the supply of locally grown food in this state, and facilitate utilization of federal and local funds to benefit Georgia's farmland; and
- (3) Utilizing nonprofit organizations, in addition to government entities, to hold agricultural conservation easements will provide substantial benefit to the state by allowing the state to maximize the availability of matching funds from federal programs designed to protect farmland and food production in the state and reduce the costs and burdens to the state associated with enforcing the terms of agricultural conservation easements.

44-10-42.

As used in this article, the term:

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to sales and use taxes, is amended in Code Section 48-8-6, relating to prohibition of political subdivisions from imposing various taxes, ceiling on local sales and use taxes, and taxation of mobile telecommunications, by revising paragraphs (6) and (7) of subsection (a) and adding a new paragraph to read as follows:

- "(6) A sales and use tax levied under Article 5A of this chapter; ~~and~~
- (7) A sales and use tax levied under Article 2 of Chapter 9 of Title 32; and
- (8) A sales and use tax levied under Part 3 of Article 3 of this chapter."

SECTION 2.

Said chapter is further amended by revising Article 3, relating to county sales and use taxes, by adding a new part to read as follows:

48-8-146.

(a) The governing authority of any qualified consolidated government whose geographic boundary is coterminous with that of the special district in which the sales and use tax authorized by Part 1 of Article 3 of this chapter is being levied may, subject to the requirement of referendum approval and the other requirements of this part, impose within the special district a special sales and use tax for a limited period of time for the purpose of funding coliseum capital outlay projects and project costs.

(b) Except as provided in subsection (c) of this Code section, any tax imposed under this part shall be at the rate of 0.5 percent. Except as to rate, a tax imposed under this part shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this part, except that a tax imposed under this part shall apply to sales of motor fuels as prepaid local tax as that term is defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages as provided for in Code Section 48-8-3.

(c) Such sales and use tax levied on sales of motor fuels as defined in Code Section 48-9-2 shall be at the rate of 0.5 percent of the retail sales price of the motor fuel which is not more than \$3.00 per gallon.

48-8-147.

(a) The governing authority of a qualified consolidated government voting to impose the tax authorized by this part within the special district shall notify the qualified consolidated government election superintendent by forwarding to the superintendent a copy of the resolution or ordinance of the governing authority calling for the imposition of the tax. Such ordinance or resolution shall specify:

(2) The maximum amount of net proceeds to be raised by the tax, which shall be equal to the lesser of \$250 million or the amount specified in paragraph (1) of this subsection; and

(3) If general obligation debt is to be issued in conjunction with the imposition of the tax, as authorized by this part, the principal amount of the debt to be issued, which shall not exceed \$250 million; the interest rate or rates or the maximum interest rate or rates which such debt is to bear; and the amount of principal to be paid in each year during the life of the debt.

(b) Upon receipt of the resolution or ordinance, the qualified consolidated government election superintendent shall issue the call for an election for the purpose of submitting the question of the imposition of the tax to the voters of the qualified consolidated government. The qualified consolidated government election superintendent shall issue the call and shall conduct the election on a date and in the manner authorized under Code Section 21-2-540. The qualified consolidated government election superintendent shall cause the date and purpose of the election to be published once a week for four weeks immediately preceding the date of the election in the legal organ of the qualified consolidated government or in a newspaper having general circulation in the qualified consolidated government at least equal to that of the legal organ. If general obligation debt is to be issued in conjunction with the imposition of the tax, the notice published by the qualified consolidated government election superintendent shall also include, in such form as may be specified by the qualified consolidated government governing authority, the principal amount of the debt which shall not exceed \$250 million, the rate or rates of interest or the maximum rate or rates of interest the debt shall bear, and the amount of principal to be paid in each year during the life of the debt; and such publication of notice by the qualified consolidated government election superintendent shall take the place of the notice otherwise required by Code Section 36-80-11 or by subsection (b) of Code Section 36-82-1, which notice shall not be required.

(c)(1) The ballot shall have written or printed thereon the following:

' () YES Shall a special 0.5 percent sales and use tax be imposed in the special district of _____ in order to raise \$ _____ to fund coliseum

() NO capital outlay projects and related project costs?

(2) If debt is to be issued, the ballot shall also have written or printed thereon, following the language specified by paragraph (1) of this subsection, the following:

'If imposition of the tax is approved by the voters, such vote shall also constitute approval of the issuance of general obligation debt of _____ in the principal amount of \$ _____ for the above purpose.'

(d) All persons desiring to vote in favor of imposing the tax shall vote 'Yes' and all persons opposed to levying the tax shall vote 'No.' If more than one-half of the votes cast are in favor of imposing the tax, then the tax shall be imposed as provided in this part; otherwise, the tax shall not be imposed and the question of imposing the tax shall not

again be submitted to the voters of the qualified consolidated government until after 12 months immediately following the month in which the election was held; provided, however, that if an election date authorized under Code Section 21-2-540 occurs during the twelfth month immediately following the month in which such election was held, the question of imposing the tax may be submitted to the voters of the qualified consolidated government on such date. The qualified consolidated government election superintendent shall hold and conduct the election under the same rules and regulations as govern special elections. The qualified consolidated government election superintendent shall canvass the returns, declare the result of the election, and certify the result to the Secretary of State and to the commissioner. The expense of the election shall be paid from qualified consolidated government funds.

(e)(1) If the proposal includes the authority to issue general obligation debt and if more than one-half of the votes cast are in favor of the proposal, then the authority to issue such debt in accordance with Article IX, Section V, Paragraph I of the Constitution is given to the proper officers of the qualified consolidated government; otherwise such debt shall not be issued. If the authority to issue such debt is so approved by the voters, then such debt may be issued without further approval by the voters.

(2) If the issuance of general obligation debt is included and approved as provided in this Code section, then the governing authority of the qualified consolidated government may incur such debt either through the issuance and validation of general obligation bonds or through the execution of a promissory note or notes or other instrument or instruments. If such debt is incurred through the issuance of general obligation bonds, such bonds and their issuance and validation shall be subject to Articles 1 and 2 of Chapter 82 of Title 36, except as specifically provided otherwise in this part. If such debt is incurred through the execution of a promissory note or notes or other instrument or instruments, no validation proceedings shall be necessary and such debt shall be subject to Code Sections 36-80-10 through 36-80-14, except as specifically provided otherwise in this part. In either event, such general obligation debt shall be payable first from the separate account in which are placed the proceeds received by the qualified consolidated government from the tax authorized by this part. Such general obligation debt shall, however, constitute a pledge of the full faith, credit, and taxing power of the qualified consolidated government; and any liability on such debt which is not satisfied from the proceeds of the tax authorized by this part shall be satisfied from the general funds of the qualified consolidated government.

48-8-148.

(a)(1) If the imposition of the tax is approved by referendum, the tax shall be imposed on the first day of the next succeeding calendar quarter which begins more than 80 days after the date of the election at which the tax was approved by the voters.

(2) With respect to services that are regularly billed on a monthly basis, however, the resolution or ordinance imposing the tax shall become effective and the tax shall apply to the first regular billing period coinciding with or following the effective date specified in paragraph (1) of this subsection. A certified copy of the ordinance or

resolution imposing the tax shall be forwarded to the commissioner to ensure it is received within five business days after certification of the election results.

(b) The tax shall cease to be imposed on the earliest of the following:

(1) If the resolution or ordinance calling for the imposition of the tax provided for the issuance of general obligation debt and such debt is the subject of validation proceedings, as of the end of the first calendar quarter ending more than 80 days after the date on which a court of competent jurisdiction enters a final order denying validation of such debt; or

(2) As of the end of the calendar quarter during which the commissioner determines that the tax raised revenues sufficient to provide to the qualified consolidated government net proceeds equal to or greater than the amount specified as the maximum amount of net proceeds to be raised by the tax.

(c)(1) In no event shall the maximum amount of net proceeds to be raised or the amount of general obligation bonds issued under this part by a qualified consolidated government exceed \$250 million.

(2) No qualified consolidated government shall at any time impose more than a single 0.5 percent tax under this part.

(3) In no event shall the tax authorized by this part be renewed or reauthorized. Each qualified consolidated government shall be limited to one imposition of the tax authorized by this part.

48-8-149.

A tax levied pursuant to this part shall be exclusively administered and collected by the commissioner for the use and benefit of the qualified consolidated government imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the sales and use tax provided in this part shall be applicable to sales of motor fuels as prepaid local tax as that term is defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or in behalf of the qualified consolidated government or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-150.

Each sales and use tax return remitting sales and use taxes collected under this part shall separately identify the location of each retail establishment at which any of the sales and

use taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return to facilitate the determination by the commissioner that all sales and use taxes imposed by this part are collected and distributed according to situs of sale.

48-8-151.

The proceeds of the tax collected by the commissioner in each qualified consolidated government under this part shall be disbursed as soon as practicable after collection as follows:

- (1) One percent of the amount collected shall be paid into the general fund of the state treasury to defray the costs of administration; and
- (2) The remaining proceeds of the tax shall be distributed to the governing authority of the qualified consolidated government imposing the tax.

48-8-152.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within the state or in a tax jurisdiction outside the state, the tax may be credited against the tax authorized to be imposed by this part upon the same property. If the amount of sales or use tax so paid is less than the amount of the use tax due under this part, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this part. The commissioner may require such proof of payment in another local tax jurisdiction as the commissioner deems necessary and proper. No credit shall be granted, however, against the tax imposed under this part for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the qualified consolidated government or in a special district which includes the qualified consolidated government; and taxes so paid in another jurisdiction shall be credited first against the tax levied under Article 2 of this chapter, if applicable, then against the tax levied under Part 1 of Article 3 of this chapter, if applicable, then against the tax levied under Part 2 of Article 3 of this chapter, if applicable, and then against the tax levied under this part.

48-8-153.

No tax provided for in this part shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the qualified consolidated government in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, and including United States mail or common carrier or by a private or contract carrier licensed by the Federal Motor Carrier Safety Administration or the Georgia Department of Public Safety.

48-8-154.

No tax provided for in this part shall be imposed upon the sale or use of building and

construction materials when the contract pursuant for which the materials are purchased or used was advertised for bid prior to the voters' approval of the levy of the tax and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of the levy of the tax.

48-8-155.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax authorized by this part.

48-8-156.

The tax authorized by this part shall be in addition to any other local sales and use tax. The imposition of any other local sales and use tax within a county, municipality, or special district shall not affect the authority of a qualified consolidated government to impose the tax authorized by this part and the imposition of the tax authorized by this part shall not affect the imposition of any otherwise authorized local sales and use tax within a county, municipality, or special district.

48-8-157.

(a) The proceeds received from the tax authorized by this part shall be used by the qualified consolidated government exclusively for:

- (1) Coliseum capital outlay projects and project costs;
- (2) The repayment of general obligation indebtedness incurred in conjunction with the imposition of the tax authorized by this part; or
- (3) The repayment of any loans made to such qualified consolidated government with respect to such coliseum capital outlay projects and project costs.

Such proceeds shall be kept in a separate account from other funds of the qualified consolidated government and shall not in any manner be commingled with other funds of the qualified consolidated government prior to expenditure.

(b) The governing authority of the qualified consolidated government shall maintain a record of every project cost for which the proceeds of the tax are used. In each annual audit a schedule shall be included that shows for each ongoing such project the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or disclaimer of opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

(c) No general obligation debt shall be issued in conjunction with the imposition of the tax unless the qualified consolidated government governing authority determines that, and if the debt is to be validated it is demonstrated in the validation proceedings that, during each year in which any payment of principal or interest on the debt comes due the

qualified consolidated government shall receive from the tax authorized by this part net proceeds sufficient to fully satisfy such liability. General obligation debt issued under this part shall be payable first from the separate account in which are placed the proceeds received by the qualified consolidated government from the tax authorized by this part. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of the qualified consolidated government; and any liability on said debt which is not satisfied from the proceeds of the tax authorized by this part shall be satisfied from the general funds of the qualified consolidated government.

(d) The resolution or ordinance calling for imposition of the tax authorized by this part may specify that all proceeds from the tax shall be used for payment of general obligation debt issued in conjunction with the imposition of the tax. If the resolution or ordinance so provides, then such proceeds shall be used solely for such purpose except as provided in subsection (e) of this Code section. In such a case no part of the net proceeds from the tax received in any year shall be used for other project costs until all debt service requirements of the general obligation debt for that year have first been satisfied from the account in which the proceeds of the tax are placed.

(e)(1)(A) If the proceeds of the tax are specified to be used solely for the purpose of payment of general obligation debt issued in conjunction with the imposition of the tax, then any net proceeds of the tax in excess of the amount required for final payment of such debt shall be subject to and applied as provided in paragraph (2) of this subsection.

(B) If the qualified consolidated government receives from the tax net proceeds in excess of \$250 million, the maximum cost of the project or projects calling for the imposition of the tax, or the actual cost of such project or projects, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection.

(C) If the tax is terminated under paragraph (1) of subsection (b) of Code Section 48-8-148 by reason of denial of validation of debt, then all net proceeds received by the qualified consolidated government from the tax shall be excess proceeds subject to paragraph (2) of this subsection.

(2) Excess proceeds subject to this subsection shall be used solely for the purpose of reducing any indebtedness of the qualified consolidated government other than indebtedness incurred pursuant to this part. If there is no such other indebtedness or, if the excess proceeds exceed the amount of any such other indebtedness, then the excess proceeds shall next be paid into the general fund of the qualified consolidated government, it being the intent that any funds so paid into the general fund of the qualified consolidated government be used for the purpose of reducing ad valorem taxes."

SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

(3) With respect to administrative and other matters, all records and information shall be subject to disclosure to the public, and all meetings, or portions thereof, shall be open and available to the public, except to the extent that such records, information, and meetings would:

(A) Disclose disciplinary matters of a district attorney or solicitor-general protected in paragraph (1) of this subsection;

(B) Disclose incapacity matters of a district attorney or solicitor-general protected in paragraph (1) or subparagraph (A) of paragraph (2) of this subsection;

(C) Be considered a matter subject to executive session, if the commission were considered to be an agency under Chapter 14 of Title 50; or

(A) In the interest of justice and to protect the public;

(B) If an emergency situation exists; or

A respondent who is subjected to public reprimand, censure, limitation on the performance of prosecutorial duties, suspension, retirement, or removal shall be entitled to a copy of the proposed record to be filed with the Supreme Court and, if the respondent has objections to it, to have the record settled by the hearing panel's presiding officer. The hearing panel's order in a disciplinary or incapacity matter may be appealed to the Superior Court of Fulton County pursuant to Chapter 3 of Title 5.

(n) The commission shall commence by July 1, 2023, and the rules and regulations promulgated by such commission shall be established no later than October 1, 2023. (o) The authority of the commission shall be limited to incapacity or discipline regarding the conduct of a district attorney or solicitor-general as a holder of such office. Nothing in this Code section shall be construed as diminishing the authority of the Supreme Court or the State Bar of Georgia to regulate the practice of law in this state.

(p) In the event that a district attorney or solicitor-general is removed or involuntarily retired pursuant to this Code section, such individual shall be disqualified from being appointed or elected to the office of district attorney of any judicial circuit or to the office of solicitor-general of any county of this state for a period of ten years from the date of such removal or involuntary retirement."

No such moratorium shall be continued or renewed beyond 180 days, and a new moratorium over the same type or types of zoning decisions or permits may only be enacted if more than 180 days have elapsed from the termination date of an earlier moratorium.

(2) Local governments are authorized to levy and collect application, review, and other fees associated with the exercise of their zoning powers and the issuance of permits related to the exercise of such powers. All such fees for a local government shall be provided for in the local government's zoning ordinances. The proceeds of such fees shall be used to fund the administration and enforcement of zoning ordinances and not the general operations of the local government, provided that the local government shall not be required to establish separate accounts for such proceeds.

(a) This Code section shall be known and may be cited as the 'Landscape Equipment and Agricultural Fairness (LEAF) Act.'

(b) The General Assembly finds that:

(2) Urban agriculture, homeowners, and landscape service professionals are sensitive to the costs and regulation of gasoline-powered leaf blowers; and

Nothing in this subsection shall apply to the use of gasoline-powered leaf blowers on property owned by a county or municipality.

(e) Nothing in this Code section shall be construed to prohibit or limit any county or municipal program to encourage the use of alternative leaf blower equipment, such as battery powered tools."

"ARTICLE 8

36-36-130.

The procedures of this article shall apply to deannexations pursuant to this article but shall not apply to deannexations by local Acts of the General Assembly.

36-36-131.

(a) Authority is granted to the governing authority of any municipality to deannex an area or areas of the existing corporate limits thereof, in accordance with the procedures provided in this article and in Article 1 of this chapter, upon the written and signed applications of all of the owners of all of the land, except the owners of any public street, road, highway, or right of way, proposed to be deannexed, containing a complete description of the lands to be deannexed; provided, however, that no more than ten parcels of property may be deannexed in one action and only upon the adoption of a resolution by the governing authority of the county in which such property is located consenting to such deannexation. If the governing authority of the county consents to the deannexation and the deannexation conforms with the requirements of this article, the governing authority of the municipal corporation shall approve such deannexation unless it finds that the deannexation would be detrimental to the health, safety, and welfare of the residents and property owners of the area to be deannexed or to the area remaining within the municipality.

(b) Lands to be deannexed at any one time under this article shall be treated as one body, regardless of the number of owners, and all parts shall be considered as adjoining the limits of the municipality when any one part of the entire body abuts such limits; provided, however, that at least one-eighth of the aggregate external boundary or 50 feet of the area to be deannexed, whichever is less, either abuts directly on the municipal boundary or would directly abut on the municipal boundary if it were not otherwise separated from the municipal boundary by lands owned by the municipal corporation or some other political subdivision, by lands owned by this state, or by the definite width of:

(1) Any street or street right of way;

(2) Any creek or river; or

(3) Any right of way of a railroad or other public service corporation

which divides the municipal boundary and any area proposed to be deannexed.

(c) When such application is acted upon by the municipal governing authority and the land is, by ordinance, deannexed from the municipality, an identification of the property so deannexed shall be filed with the Department of Community Affairs and with the governing authority of the county in which the property is located in accordance with Code Section 36-36-3.

(d) When so deannexed, such lands shall cease to constitute a part of the lands within the corporate limits of the municipality as completely and fully as if the limits had been marked and defined by local Act of the General Assembly.

(e)(1) Except as provided in paragraph (2) of this subsection and Code Section 36-36-133, when so deannexed, the land shall be deannexed from the municipality effective for ad valorem tax purposes on December 31 of the year during which such application is submitted and for all other purposes on the first day of the next calendar quarter that begins at least one month after the month during which the requirements of this article have been met.

(2) Unless otherwise agreed in writing by the governing authority of the county and a municipal governing authority, where property zoned and used for commercial purposes is deannexed from a municipality with an independent school system, the effective date for the purposes of ad valorem taxes levied for educational purposes shall be December 31 of the year after the year in which the requirements of this article have been met.

(f) Property that has been deannexed from a municipality under this article shall not be annexed again until at least two calendar years after the effective date of such deannexation unless such annexation is accomplished by local Act of the General Assembly.

36-36-132.

There shall be no deannexation under this article that results in the formation of one or more unincorporated islands or in part of the area remaining in the municipal corporation no longer being a contiguous area of such municipal corporation.

36-36-133.

In the event that a municipality has outstanding general obligation bond or revenue bond indebtedness, property in such municipality is ineligible for deannexation pursuant to this article.

36-36-134.

In the event of a deannexation pursuant to this article, a municipality may, but is not required to, continue to provide any services to the property which it was providing immediately prior to the deannexation, provided that the county and municipality have agreed to terms and conditions for the municipality continuing to provide such services."

SECTION 4.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

Senators Setzler of the 37th and Kirkpatrick of the 32nd offered the following amendment #1:

Amend the Senate substitute to HB 374 (LC 47 2515S) by inserting after "circumstances;" on line 14 the following:

By inserting after line 138 the following:

SECTION 3A.

Article 2 of Chapter 5 of Title 36 of the Official Code of Georgia Annotated, relating to county governing authorities, is amended by revising Code Section 36-5-23, which is reserved, as follows:

SECTION 3B.

Such elected officials shall be entitled to serve out the remainder of the term to which they were elected, representing their district as amended."

Senator Parent of the 42nd requested a ruling of the Chair as to the germaneness of the Senate committee substitute to HB 374.

The President ruled the substitute germane, as the House bill and the Senate committee substitute were related to the powers of local governments.

Senator Parent of the 42nd raised a point of order that the Senate committee substitute to HB 374 violated the Georgia Constitution under Article III, Section V, Paragraph III, that deannexation was not germane to leaf blowers.

The President ruled that the underlying House bill did address the powers of local governments and therefore did not include two different subject matters.

Senator Parent of the 42nd appealed the ruling of the Chair.

On the motion, a roll call was taken, and the vote was as follows:

WHEREAS, Georgia employers in multiple sectors, including healthcare, manufacturing, construction, automotive, aviation, technology, software, and public safety, among others, have large and immediate needs for more highly skilled talent; and

WHEREAS, recent economic development data clearly show that postsecondary graduates with technical college certificates and technical college associate degrees are not sufficient to meet the demands of Georgia employers for highly skilled talent; and

WHEREAS, Georgians depend on the creation of more highly skilled talent to continue to attract the investments that yield a higher quality of life for all Georgians; and

WHEREAS, Georgia has creatively used its flexibility to add dual enrollment programs to workforce development systems and has begun to develop more highly skilled talent at younger ages; and

WHEREAS, among the dual enrollment opportunities available to Georgia high school students, Georgia allows a high school student to graduate by completing an accelerated career dual enrollment program, which requires completion of two years of high school academic courses and the completion of an associate degree, a technical college diploma, or two technical college certificates; and

WHEREAS, during their sophomore, junior, and senior years, students pursuing an accelerated career dual enrollment program may work for a local employer and may then be hired by that employer upon graduation; and

WHEREAS, dual enrolled high school students show higher rates of secondary and postsecondary completion, and those dual enrolled in high demand career fields of study can earn higher wages at younger ages; and

WHEREAS, Georgia is well-served to ensure that all students, especially those who are economically disadvantaged, are accessing these opportunities while in high school; and

WHEREAS, multiple Georgia schools and school systems, including college and career academies, have been working with local employers and technical colleges to create accelerated career dual enrollment program opportunities and to create more federally

registered apprenticeships; and

The following bill was taken up to consider House action thereto:

SB 222. By Senators Burns of the 23rd, Watson of the 11th, Payne of the 54th, Dixon of the 45th, Ginn of the 47th and others:

A BILL to be entitled an Act to amend Chapter 2 of Title 21 of the O.C.G.A., relating to primaries and elections generally, so as to provide that all costs and expenses relating to election administration are paid for with lawfully appropriate public funds; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

The House substitute was as follows:

The House offered the following substitute to SB 222:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 2 of Title 21 of the Official Code of Georgia Annotated, relating to elections and primaries generally, so as to provide that all costs and expenses relating to election administration are paid for with lawfully appropriate public funds; to provide for

legislative findings; to provide definitions; to prohibit certain local governments and persons from soliciting or accepting donations or other things of value to support the performance of election administration; to provide for exceptions; to provide for penalties; to provide that the State Election Board shall be a distinct budget unit and an independent state agency attached to the office of the Secretary of State for administrative purposes only; to provide for an executive director of said board; to provide for venue in any action of said board and its members; to provide duties for said executive director; to revise provisions relating to election superintendents and registrars taking or accepting funding, grants, or gifts; to prohibit county and municipal governments from accepting grants or gifts for the purpose of administering elections; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that the addition of Code Section 21-2-18 and the revisions to Code Sections 21-2-71 and 21-2-212 in this bill should not be interpreted as an admission by the General Assembly that existing law did not already ban the outside funding of election administration in Georgia. These clarifications and enhancements were deemed necessary because there seemed to be some confusion among certain Georgia counties as to the correct interpretation of existing law.

SECTION 2.

Chapter 2 of Title 21 of the Official Code of Georgia Annotated, relating to elections and primaries generally, is amended by adding a new Code section to read as follows:

"21-2-18.

(a) As used in this Code section, the term:

(1) 'Government employee' means any individual, committee, entity, or group acting in concert who are employed by a county or municipal government. Such term shall include, but not be limited to, election superintendents, registrars, poll workers, and the agents and employees thereof.

(2) 'Person' means any individual, proprietorship, firm, partnership, joint venture, syndicate, labor union, business trust, company, association, committee, corporation, whether operated for profit or not, or any other organization of a group of persons acting in concert, or any other nongovernmental third-party entity.

(b) All costs and expenses related to conducting primaries, elections, runoffs, or other undertakings authorized or required by this chapter shall be paid from lawfully appropriated public funds.

(c) Notwithstanding any other provision of law to the contrary, no county or municipal government, government employee, or election official shall solicit, take, or otherwise accept from any person a contribution, donation, service, or anything else of value for the purpose of conducting primaries or elections or in support of performing his or her duties under this chapter.

(d) This Code section shall not apply to the donation or use of locations for voting purposes, services provided by individuals without remuneration, or goods that have nominal value of less than \$500.00.

(e) Violation of this Code section shall constitute a felony, and upon conviction shall be punished by imprisonment for not less than one year and by a fine of not less than \$10,000.00."

SECTION 3.

Said chapter is further amended by revising Code Section 21-2-30, relating to creation, composition, election of chairperson, terms of service, vacancies, quorum, seal and bylaws, and meetings of the State Election Board, as follows:

"21-2-30.

(a) There is created a state board to be known as the State Election Board, to be composed of a chairperson elected by the General Assembly, an elector to be elected by a majority vote of the Senate of the General Assembly at its regular session held in each odd-numbered year, an elector to be elected by a majority vote of the House of Representatives of the General Assembly at its regular session held in each odd-numbered year, and a member of each political party to be nominated and appointed in the manner provided in this Code section. No person while a member of the General Assembly shall serve as a member of the board.

(a.1)(1) The chairperson shall be elected by the General Assembly in the following manner: A joint resolution which shall fix a definite time for the nomination and election of the chairperson may be introduced in either branch of the General Assembly. Upon passage of the resolution by a majority vote of the membership of the Senate and House of Representatives, it shall be the duty of the Speaker of the House of Representatives to call for the nomination and election of the chairperson at the time specified in the resolution, at which time the name of the qualified person receiving a majority vote of the membership of the House of Representatives shall be transmitted to the Senate for confirmation. Upon the qualified person's receiving a majority vote of the membership of the Senate, he or she shall be declared the duly elected chairperson; and the Governor shall be notified of his or her election by the Secretary of the Senate. The Governor is directed to administer the oath of office to the chairperson and to furnish the chairperson with a properly executed commission of office certifying his or her election.

(2) The chairperson of the board shall be nonpartisan. At no time during his or her service as chairperson shall the chairperson actively participate in a political party organization or in the campaign of a candidate for public office, nor shall he or she make any campaign contributions to a candidate for public office. Furthermore, to qualify for appointment as chairperson, in the two years immediately preceding his or her appointment, a person shall not have qualified as a partisan candidate for public office, participated in a political party organization or the campaign of a partisan candidate for public office, or made any campaign contributions to a partisan candidate for public office.

(3) The term of office of the chairperson shall continue until a successor is elected as provided in paragraph (1) of this subsection. In the event of a vacancy in the position of chairperson at a time when the General Assembly is not in session, it shall be the duty of the Governor and the Governor is empowered and directed to appoint a chairperson possessing the qualifications as provided in this subsection who shall serve as chairperson until the next regular session of the General Assembly, at which time the nomination and election of a chairperson shall be held by the General Assembly as provided in paragraph (1) of this subsection.

(b) A member elected by a house of the General Assembly shall take office on the day following the adjournment of the regular session in which elected and shall serve for a term of two years and until his or her successor is elected and qualified, unless sooner removed. An elected member of the board may be removed at any time by a majority vote of the house which elected him or her. In the event a vacancy should occur in the office of such a member of the board at a time when the General Assembly is not in session, then the President of the Senate shall thereupon appoint an elector to fill the vacancy if the prior incumbent of such office was elected by the Senate or appointed by the President of the Senate; and the Speaker of the House of Representatives shall thereupon appoint an elector to fill the vacancy if the prior incumbent of such office was elected by the House of Representatives or appointed by the Speaker of the House of Representatives. A member appointed to fill a vacancy may be removed at any time by a majority vote of the house whose presiding officer appointed him or her.

(c) Within 30 days after April 3, 1968, the state executive committee of each political party shall nominate a member of its party to serve as a member of the State Election Board and, thereupon, the Governor shall appoint such nominee as a member of the board to serve for a term of two years from the date of the appointment and until his or her successor is elected and qualified, unless sooner removed. Thereafter, such state executive committee shall select a nominee for such office on the board within 30 days after a vacancy occurs in such office and shall also select a nominee at least 30 days prior to the expiration of the term of each incumbent nominated by it; and each such nominee shall be immediately appointed by the Governor as a member of the board to serve for the unexpired term in the case of a vacancy, and for a term of two years in the case of an expired term. Each successor, other than one appointed to serve an unexpired term, shall serve for a term of two years; and the terms shall run consecutively from the date of the initial gubernatorial appointment. No person shall be eligible for nomination by such state executive committee unless he or she is an elector and a member in good standing of the political party of the committee. Such a member shall cease to serve on the board and his or her office shall be abolished if and when his or her political organization shall cease to be a 'political party' as defined in Code Section 21-2-2.

(d) The Secretary of State shall be an ex officio nonvoting member of the board. Three voting members of the board shall constitute a quorum, and no vacancy on the board shall impair the right of the quorum to exercise all the powers and perform all the duties of the board. The board shall adopt a seal for its use and bylaws for its own government and procedure.

(e) Meetings shall be held whenever necessary for the performance of the duties of the board on call of the chairperson or whenever any two of its members so request. Minutes shall be kept of all meetings of the board and a record kept of the vote of each member on all questions coming before the board. The chairperson shall give to each member of the board prior notice of the time and place of each meeting of the board.

(f) If any member of the board, other than the Secretary of State, shall qualify as a candidate for any public office which is to be voted upon in any primary or election regulated by the board, that member's position on the board shall be immediately vacated and such vacancy shall be filled in the manner provided for filling other vacancies on the board.

(g) On and after July 1, 2023, the board shall be a separate and distinct budget unit as defined in Part 1 of Article 4 of Chapter 12 of Title 45, the 'Budget Act'; provided, however, that the board shall be attached for administrative purposes only to the office of the Secretary of State as provided for in Code Section 50-4-3. The board shall neither be under the jurisdiction of the Secretary of State nor shall it be considered a division of the office of the Secretary of State.

(h) The board shall have the power to appoint an executive director who shall be a full-time employee of the board. The executive director shall serve at the pleasure of the board, and the board shall in its discretion appoint and fix the compensation of the executive director. The executive director shall be charged with such duties and powers as provided in this Code section or as delegated by the board. The executive director shall serve as the secretary of the board ex officio but shall not be a voting member of the board or a member for the purposes of constituting a quorum.

(i) The executive director and other employees of the board shall be reimbursed for travel and other expenses incurred in the performance of their duties in the same manner as officers and employees of the office of the Secretary of State.

(j) Venue of any action involving members of the board shall be the county in which is found the primary office of the board. Any notice or legal process necessary to be served upon the board may be served upon the executive director, but the executive director shall not be considered a member of the board in determining the venue of any such action, and no court shall have jurisdiction over any such action solely by virtue of the executive director residing or maintaining a residence within its jurisdiction.

(k) The executive director shall:

(1) Keep all records of the board and its proceedings;

(2) With the approval of the board, employ and fix the compensation of personnel as determined necessary to assist the executive director in his or her duties;

(3) With the consent of the board, schedule the time and location of all meetings and hearings, as well as maintain a schedule of all meetings and hearings available for public review;

(4) With the approval of the board, enter into such contracts, leases, agreements, or other transactions with any person or agency as are deemed necessary to carry out the provisions of this chapter or to provide the services required by the board; and

(5) On or before the second Tuesday in January of each year, prepare and deliver a

written annual report to the Governor and the chairpersons of the House and Senate Appropriations Committees describing the activities of the board for the previous calendar year. Such report shall be made available to any member of the General Assembly upon request. The report shall include a summary of all actions taken by the board and a financial report of all income and disbursements and staff personnel. The Governor may request a preliminary financial report for budgetary purposes prior to the executive director delivering the annual report."

SECTION 4.

Said chapter is further amended by revising subsection (b) of Code Section 21-2-71, relating to payment by county or municipality of superintendent's expenses, and study and report on acceptance and equitable distribution of donations, as follows:

"(b) No superintendent, county, or municipality shall take or accept any funding, grants, or gifts for purposes of administering this chapter from any source other than ~~from the governing authority of the county or municipality,~~ the State of Georgia, or the federal government."

SECTION 5.

Said chapter is further amended in Code Section 21-2-212, relating to county registrars, appointment, certification, term of service, vacancies, compensation, and expenses of chief registrar, registrars, and other officers and employees, and budget estimates, by revising subsection (f) as follows:

"(f) The board of registrars of each county shall prepare annually a budget estimate in which it shall set forth an itemized list of its expenditures for the preceding two years and an itemized estimate of the amount of money necessary to be appropriated for the ensuing year and shall submit the same at the time and in the manner and form other county budget estimates are required to be filed. No board of registrars shall take or accept any ~~funding, grants, or gifts~~ for the purpose of administering this chapter from any source other than ~~from the governing authority of the county,~~ the State of Georgia, or the federal government."

SECTION 6.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 7.

All laws and parts of laws in conflict with this Act are repealed.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 3 of Title 47 of the Official Code of Georgia Annotated, relating to the Teachers' Retirement System of Georgia, is amended by adding a new Code section to read as follows:

"47-3-69.

(a) Individuals hired on or after June 1, 2023, who may be eligible for membership in this retirement system as a result of employment by a charter school established pursuant to Article 31 or 31A of Chapter 2 of Title 20, shall not become members of this retirement system as a result of such employment if the nonprofit governing board of the charter school that employs them elects to provide such individuals with an alternative retirement plan.

(c) The provisions of this Code section shall not be construed to support eligibility for or allow membership in this retirement system to any person or class of persons not otherwise eligible for membership in this retirement system."

SECTION 2.

Chapter 18 of Title 47 of the Official Code of Georgia Annotated, relating to social security coverage for employees of the state and its political subdivisions, is amended by revising Code Section 47-18-41, relating to plans for old-age, survivors, and disability insurance coverage submitted by state political subdivisions, contents, approval, and contributions required, as follows:

"47-18-41.

(a) Each political subdivision of the state is authorized to submit for approval by the state

agency a plan for extending the benefits of Title II of the Social Security Act to employees of such political subdivision. The adjutant general, acting on behalf of the state, is authorized to submit and enter into a similar plan with the state agency for extending such benefits to the civilian employees of the National Guard units of this state, who are, for the purposes of this chapter, deemed to be a separate coverage group as provided for in the federal Social Security Act; provided, however, that nothing contained in this chapter shall be construed to deem or designate the civilian employees of the National Guard units of this state to be employees of this state. Each such plan and any amendments thereof shall be approved by the state agency if it finds that such plan, as amended, is in conformity with such requirements as are provided in regulations of the state agency, except that no such plan shall be approved unless:

- (1) It is in conformity with the requirements of the Social Security Act and with the agreement entered into under Code Section 47-18-40;
 - (2) It provides that all services which constitute employment and are performed in the employ of a political subdivision by employees thereof shall be covered by the plan except that it may exclude services performed by individuals to whom Section 218(c)(3)(C) of the Social Security Act is applicable;
 - (3) It specifies the sources from which the funds necessary to make the payments required by ~~paragraph (1) of subsection (c) of this Code section and by subsection (d) of this Code section~~ are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose;
 - (4) It provides for such methods of administration of the plan by the political subdivision as are found by the state agency to be necessary for the proper and efficient administration of the plan;
 - (5) It provides that the political subdivision will make such reports in such form and containing such information as the state agency may from time to time require and will comply with such provisions as the state agency or the secretary of health and human services may from time to time find necessary in order to assure the correctness and verification of such reports; and
 - (6) It authorizes the state agency to terminate the plan in its entirety, in the discretion of the state agency, if it finds that there has been a failure to comply with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the state agency and which are consistent with the Social Security Act; provided, however, that such conditions as may be provided by the regulations of the state agency for such termination shall assure that the state shall not incur any debt or loss in relation to any amounts due the state from other provisions of the Social Security Act, including grants in aid for public assistance and for maternal and child welfare.
- (b) The state agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (a) of this Code section and shall not terminate an approved plan without reasonable notice and opportunity for hearings to ~~the~~ such political subdivision ~~affected thereby.~~
- (c) Each political subdivision ~~as to which a~~ that has a plan ~~has been~~ approved under this

Code section shall pay to the federal Social Security Administration contributions in the amounts and at the rates specified in the applicable agreement entered into by the state agency under Code Section 47-18-40.

(d) By September 1, 2023, the state agency shall identify each political subdivision of this state that does not extend coverage for the benefits of Title II of the Social Security Act to its employees or positions which are eligible for membership in the Public School Employees Retirement System established under Chapter 4 of this title. The state agency shall issue a report to the chairpersons of the House Retirement Committee and the Senate Committee on Retirement that contains the names of all such political subdivisions and shall provide the total number of employees per political subdivision who do not have such coverage, as well as information regarding the retirement plan, if any, under which such employees are covered as an alternative to Social Security.

SUBJECT: State Auditor's Certification
Substitute to Senate Bill 240 (LC 43 2861S)

Dear Speaker Pro Tempore Jones:

This substitute bill would revise laws relating to social security coverage for employees of the state and political subdivisions of the state. Specifically, this bill would require the Employees' Retirement System (ERS) to identify each political subdivision of this state that does not extend coverage for the benefits of Title II of the Social Security Act to its employees or positions which are eligible for membership in the Public School Employees Retirement System (PSERS). The Employees' Retirement System would be required to submit a report by September 1, 2023 to the Chairpersons of the House and Senate Retirement Committees. This report must include the names of all political subdivisions that do not extend this benefit, the number of people impacted, and information regarding any alternative plan that may be offered to such employees in lieu of social security.

Subject to federal law, this substitute bill would also prohibit the ERS from approving plans for any political subdivisions that do not extend social security benefit coverage to employees or positions which are eligible for membership in the PSERS. This would apply to any plans which require approval on and after September 1, 2023.

This substitute bill would amend provisions relating to membership in the Teachers Retirement System of Georgia as it relates to certain charter school employees. Specifically, this bill would prohibit employees of charter schools from joining the Teachers Retirement System if the nonprofit governing board of the charter school elects to provide the employees with an alternative retirement plan. This would only apply to persons hired on or after June 1, 2023.

Furthermore, this substitute bill would amend provisions relating to the Public Retirement Systems Investment Authority Law. Current law authorizes most eligible large retirement systems to invest up to 10 percent of their assets in alternative investments. However, the Employees' Retirement System and the Teachers Retirement System are limited to a five

percent investment in alternative investments. If this legislation is enacted, the limitation currently placed on the Employees' Retirement System would be removed and the System would be authorized to invest up to 10 percent of their assets in alternative investments.

This is to certify that this substitute bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

SECTION 2.

"47-20-88.

(a) As used in this Code section, the term 'fiduciary' means any retirement system administration or any person that with respect to any retirement system subject to the provisions of this chapter:

- (2) Renders investment advice for a fee or other compensation, whether directly or indirectly, with respect to any moneys or other property of a retirement system, or has any authority or responsibility to do so; or

 - (C) In accordance with this Code section first and with the laws, resolutions, ordinances, and plan documents appurtenant to such retirement system second;

 - (3) Shall diversify the investments of the plan so as to minimize the risk of large losses, unless doing so is clearly not prudent under the circumstances; and
 - (4) Shall not subordinate the interests of the participants and their beneficiaries or sacrifice investment returns or accept increased investment risks in the promotion of any nonpecuniary interests. Such nonpecuniary interests shall include, but shall not be limited to, the furtherance of any social, political, or ideological interests.

- (d) The investment objectives of a retirement system shall be to provide the greatest possible long-term benefits to members of the retirement system by maximizing the total rate of return on investment within prudent limits of risk for a retirement fund of its type and consistent with any investment return requirement assumed by the actuaries in determining the present and future soundness of the fund.
- (e) Each fiduciary shall vote and execute all voting proxies:
 - (1) Solely and exclusively in the best economic interests or rights of the retirement system;
 - (2) In favor of confidential proxy balloting; and
 - (3) In support of management unless, in the opinion of the fiduciary, such a vote would be detrimental to the best economic interests or rights of the retirement system.
- (f) By November 1, 2023, any retirement system subject to the provisions of this chapter shall fully adhere to this Code section and conform, as necessary, any plan documents or contracts or local laws, ordinances, or resolutions that are not in compliance with this

Code section."

The Honorable Larry Walker, III
State Senator
State Capitol, Room 421-A
Atlanta, GA 30334

SUBJECT: State Auditor's Certification
Amendment to Senate Bill 240 (AM 43 0251)

Dear Senator Walker:

As amended, this bill would add provisions relating to the Public Retirement Systems Investment Authority Law. Specifically, this amendment would define the word 'fiduciary' to mean any retirement system or administrator that:

- Exercises any discretionary authority or control relative to the management or disposition of a retirement system's assets;
- Renders investment advice for a fee or other compensation; or
- Has discretionary authority or control in the management or administration of a retirement system.

Under the provisions of this amendment, fiduciaries would be required to execute their duties solely in the best interest of the plan members and beneficiaries. Fiduciaries would be authorized to delegate investment management decisions to qualified professional investment personnel. However, the fiduciary is still liable if it is determined that investment decisions were not made in the best financial interest of the plan members and beneficiaries.

This amendment would also require each fiduciary to vote and execute all voting proxies solely in the best economic interests or rights of the retirement system, in favor of confidential proxy balloting, and in support of management.

Furthermore, this amendment would require all retirement systems to fully comply with

these provisions by November 1, 2023, and must conform any plan documents, contracts, local laws, ordinances, or resolutions that are not in compliance with the provisions of this bill. If enacted, the provisions of this amendment would apply to all retirement systems that receive public funds.

As amended, this bill would still revise laws relating to social security coverage for employees of the state and political subdivisions of the state. Specifically, this bill would require the Employees' Retirement System (ERS) to identify each political subdivision of this state that does not extend coverage for the benefits of Title II of the Social Security Act to members of the Public School Employees Retirement System (PSERS). The Employees' Retirement System would be required to submit a report to the Chairmen of the House and Senate Retirement Committees which includes the names of all political subdivisions that do not extend this benefit. This report must include the number of people who are impacted. This report must be issued by September 1, 2023.

By January 1, 2024, each political subdivision that currently does not extend such coverage will need to revise their plan to include social security coverage for PSERS members. On and after September 1, 2023, ERS will not be authorized to approve any plan of any political subdivision that does not extend social security benefit coverage to PSERS members.

This is to certify that this amendment is a nonfiscal amendment as defined in the Public Retirement Systems Standards Law.

Section 55: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 100 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 50, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the boldfaced text are information only.

Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. The summary and lowest level of detail for the fund source categories "Total Agency Funds" and "Total IntraState Governmental Transfers," are for informational purposes only. The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" are for informational purposes only. Sections 51, 52, 53, and 54 contain, constitute, or amend appropriations.

Section 56: Flex

Notwithstanding any other statement of purpose, the purpose of each appropriation of federal funds or other funds shall be the stated purpose or any other lawful purpose consistent with the fund source and the general law powers of the budget unit.

In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid," "Medicaid: Aged, Blind, and Disabled," and "PeachCare" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Capital Construction Projects," "Capital Maintenance Projects," and "Local Road Assistance Administration" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Airport Aid," "Ports and Waterways," and "Rail" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 20 percent (20%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "HOPE Grant," "HOPE High School Equivalency Exam," "HOPE Scholarships – Private Schools," and "HOPE Scholarships – Public Schools" programs of the Georgia Student Finance Commission, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the four programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

PART I
SECTION 1-1.

Chapter 36 of Title 36 of the Official Code of Georgia Annotated, relating to municipal annexation of territory, is amended by adding a new article to read as follows:

"ARTICLE 8

36-36-130.

The procedures of this article shall apply to deannexations pursuant to this article but shall not apply to deannexations by local Acts of the General Assembly.

36-36-131.

(a) Authority is granted to the governing authority of any municipality to deannex an area or areas of the existing corporate limits thereof, in accordance with the procedures provided in this article and in Article 1 of this chapter, upon the written and signed applications of all of the owners of all of the land, except the owners of any public street, road, highway, or right of way, proposed to be deannexed, containing a complete description of the lands to be deannexed; provided, however, that no more than ten parcels of property may be deannexed in one action and only upon the adoption of a resolution by the governing authority of the county in which such property is located consenting to such deannexation. If the governing authority of the county consents to the deannexation and the deannexation conforms with the requirements of this article, the governing authority of the municipal corporation shall approve such deannexation unless it finds that the deannexation would be detrimental to the health, safety, and welfare of the residents and property owners of the area to be deannexed or to the area remaining within the municipality.

(b) Lands to be deannexed at any one time under this article shall be treated as one body, regardless of the number of owners, and all parts shall be considered as adjoining the limits of the municipality when any one part of the entire body abuts such limits; provided, however, that at least one-eighth of the aggregate external boundary or 50 feet

of the area to be deannexed, whichever is less, either abuts directly on the municipal boundary or would directly abut on the municipal boundary if it were not otherwise separated from the municipal boundary by lands owned by the municipal corporation or some other political subdivision, by lands owned by this state, or by the definite width of:

(1) Any street or street right of way;

(2) Any creek or river; or

(3) Any right of way of a railroad or other public service corporation which divides the municipal boundary and any area proposed to be deannexed.

(c) When such application is acted upon by the municipal governing authority and the land is, by ordinance, deannexed from the municipality, an identification of the property so deannexed shall be filed with the Department of Community Affairs and with the governing authority of the county in which the property is located in accordance with Code Section 36-36-3.

(d) When so deannexed, such lands shall cease to constitute a part of the lands within the corporate limits of the municipality as completely and fully as if the limits had been marked and defined by local Act of the General Assembly.

(e)(1) Except as provided in paragraph (2) of this subsection and Code Section 36-36-133, when so deannexed, the land shall be deannexed from the municipality effective for ad valorem tax purposes on December 31 of the year during which such application is submitted and for all other purposes on the first day of the next calendar quarter that begins at least one month after the month during which the requirements of this article have been met.

(2) Unless otherwise agreed in writing by the governing authority of the county and a municipal governing authority, where property zoned and used for commercial purposes is deannexed from a municipality with an independent school system, the effective date for the purposes of ad valorem taxes levied for educational purposes shall be December 31 of the year after the year in which the requirements of this article have been met.

(f) Property that has been deannexed from a municipality under this article shall not be annexed again until at least two calendar years after the effective date of such deannexation unless such annexation is accomplished by local Act of the General Assembly.

36-36-132.

There shall be no deannexation under this article that results in the formation of one or more unincorporated islands or in part of the area remaining in the municipal corporation no longer being a contiguous area of such municipal corporation.

36-36-133.

In the event that a municipality has outstanding general obligation bond or revenue bond indebtedness, property in such municipality is ineligible for deannexation pursuant to this article.

36-36-134.

In the event of a deannexation pursuant to this article, a municipality may, but is not required to, continue to provide any services to the property which it was providing immediately prior to the deannxation, provided that the county and municipality have agreed to terms and conditions for the municipality continuing to provide such services."

PART II

SECTION 2-1.

This part shall be known and may be cited as the "Landscape Equipment and Agricultural Fairness (LEAF) Act."

SECTION 2-2.

Chapter 60 of Title 36 of the Official Code of Georgia Annotated, relating to general provisions applicable to counties and municipal corporations, is amended by adding a new Code section to read as follows:

"36-60-30.

(a) The General Assembly finds that:

(1) Prudent regulation of gasoline-powered leaf blowers is crucial to the welfare of Georgia's economy;

(2) Urban agriculture, homeowners, and landscape service professionals are sensitive to the costs and regulation of gasoline-powered leaf blowers; and

(3) If individual political subdivisions of the state regulate gasoline-powered leaf blowers, there exists the potential for confusing and varying regulations which could lead to unnecessary increased costs for urban agriculture, homeowners, and landscape service professionals to comply with such regulations.

(b) As used in this Code section, the term 'gasoline-powered leaf blowers' means any machine that is powered by a two-stroke or four-stroke engine and uses as fuel gasoline or a blend of gasoline and oil, used to blow leaves, dirt, or other debris off of sidewalks, driveways, lawns, or other surfaces.

(c) Any local prohibition or regulation regarding the use, disposition, or sale or any imposition of any restriction, fee imposition, or taxation at the retail, manufacturer, or distributor setting shall not create differing standards for or distinguish gasoline-powered leaf blowers from any other gasoline-powered, electric, or similar such equipment or any other type of leaf blower. Nothing in this subsection shall apply to the use of gasoline-powered leaf blowers on property owned by a county or municipality.

(d) Nothing in this Code section shall be construed to prohibit or limit any county or municipal program to encourage the use of alternative leaf blower equipment, such as battery powered tools."

ARTICLE 2

36-77-2.

This article shall be known and may be referred to as the 'Commercial Property Assessed Conservation, Energy, and Resiliency Development Authorities Law.'

36-77-3.

The General Assembly finds that the construction and renovation of commercial buildings in a manner that reduces energy and water consumption, produces on-site clean sources of energy, and improves resiliency promotes trade, commerce, industry, and employment opportunities in the State of Georgia by reducing operating costs for business enterprises and promoting the long-term competitiveness of the economy of the State for Georgia. Because implementing such improvements requires high up-front capital costs with the resulting benefits achieved only over time, such improvements often cannot be financed on reasonable terms and are therefore not economically feasible for property owners. It is therefore in the public interest and vital to the public welfare of the people of the State of Georgia, and it is declared to be the purpose of this article, to create commercial property assessed conservation, energy, and resiliency development authorities to facilitate free and willing owners of agricultural, commercial, and industrial properties and of multifamily residential properties with five or more dwelling units to obtain low-cost, long-term financing for qualifying improvements, including energy efficiency, water conservation, renewable energy, and resiliency improvements.

36-77-4.

This article is enacted pursuant to authority granted to the General Assembly by the Constitution of Georgia. Each authority created pursuant to this article is created for nonprofit and public purposes, and it is found, determined, and declared that the creation of each authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of this state and that each authority is an institution of purely public charity and will be performing an essential governmental function in the exercise of the power conferred upon it by this article. For such reasons, the state covenants with the

holders from time to time of the revenue bonds, notes, and other obligations issued under this article that no such authority shall be required to pay any taxes or assessments imposed by this state or any of its counties, municipal corporations, political subdivisions, or taxing districts upon any property acquired by the authority or under its jurisdiction, control, possession, or supervision or upon its activities or on any income derived by the authority in any form and that the revenue bonds, notes, and other obligations of each such authority, their transfer, and the income therefrom shall at all times be exempt from taxation within this state. The tax exemption provided in this Code section shall not include any exemption from sales and use tax on property purchased by an authority or for use by an authority.

36-77-5.

(a) There is created in and for each county and municipal corporation in this state a public body corporate and politic, to be known as the 'commercial property assessed conservation, energy, and resiliency development authority' of such county or municipal corporation. No authority shall transact any business or exercise any powers under this article until the governing body of the county or municipal corporation, by proper ordinance or resolution, declares that there is a need for an authority to function in the county or municipal corporation.

(b) Any number of counties and municipal corporations, whether or not located in the same county or within a county participating in the formation of a joint authority, may jointly form an authority, to be known as the 'joint commercial property assessed conservation, energy, and resiliency development authority' for such counties and municipal corporations. No authority shall transact any business or exercise any powers under this article until the governing authorities of the units of local government involved declare, by ordinance or resolution, that there is a need for an authority to function and until the governing authorities authorize the chief elected official of the unit of local government to enter into an agreement with the other units of local government for the activation of an authority and such agreement is executed.

(c) A copy of such ordinances, resolutions, and agreements shall be filed with the Secretary of State, who shall maintain a record of all authorities activated under this article.

36-77-6.

(a) Except as provided in this Code section, control and management of each authority shall be vested in a board of five directors who shall be residents of the county or municipal corporation and shall serve at the pleasure of the governing body of the county or municipal corporation. Directors shall be appointed, and may be reappointed, by the governing body of the county or municipal corporation for terms of four years. In the case of a joint commercial property assessed conservation, energy, and resiliency development authority, each unit of local government participating in the authority shall appoint two members, with an additional member to be appointed by the directors themselves. The directors shall elect one of their members as chairperson and another as

vice chairperson and shall also elect a secretary and a treasurer or a secretary-treasurer, either of whom may be, but need not be, a director. The directors shall receive no compensation for their services but shall be reimbursed for their actual expenses incurred in the performance of their duties. The directors may make bylaws and regulations for the governing of the authority and may delegate to one or more of the officers, agents, and employees of the authority such powers and duties as may be deemed necessary and proper.

(b) Directors or members appointed by the county or municipal corporation to any other authority and elected or appointed officials of the county or municipal corporation may serve as directors of the authority.

36-77-7.

A majority of the directors shall constitute a quorum for the transaction of business of an authority; provided, however, that any action with respect to any assessment financing by an authority shall be approved by the affirmative vote of not less than a majority of the directors.

36-77-8.

(a) Each authority shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this article, including, but without limiting the generality of the foregoing, the power:

(1) To bring and defend actions;

(2) To adopt and amend a corporate seal;

(3) To make and execute contracts, agreements, and other instruments necessary or convenient to exercise the powers of the authority or to further the public purpose for which the authority is created, including, but not limited to, intergovernmental agreements, assessment agreements, and agreements for grants or loans to finance or refinance qualifying improvements;

(4) To finance by loan, grant, or otherwise, including through assessment agreements, and refinance qualifying improvements and to pay the cost of any qualifying improvement from the proceeds of revenue bonds, notes, or other obligations of the authority or any other funds of the authority, or from any contributions or loans by persons, corporations, partnerships, whether limited or general, or other entities, all of which the authority is authorized to receive, accept, and use;

(5) To borrow money to further or carry out its public purpose and to execute revenue bonds, notes, or other obligations; trust indentures; trust agreements; agreements for the sale of its revenue bonds, notes, or other obligations; loan agreements; security agreements; assignments; and such other agreements or instruments as may be necessary or desirable, in the judgment of the authority, to evidence and to provide security for such borrowing;

(6) To issue revenue bonds, notes, or other obligations of the authority and use the proceeds thereof for the purpose of paying, or loaning or granting the proceeds thereof to pay, all or any part of the cost of any qualifying improvement and otherwise to further

or carry out the public purpose of the authority and to pay all costs of the authority incidental to, or necessary and appropriate to, furthering or carrying out such purpose;

(7) To make application directly or indirectly to any federal, state, county, or municipal government or agency or to any other source, whether public or private, for loans, grants, guarantees, or other financial assistance in furtherance of the authority's public purpose and to accept and use the same upon such terms and conditions as are prescribed by such federal, state, county, or municipal government or agency or other source;

(8) To extend credit or make loans or grants to any person, corporation, partnership, whether limited or general, or other entity for the costs of any qualifying improvement or any part of the costs of any qualifying improvement, which credit, loans, or grants may be evidenced or secured by loan agreements, grant agreements, assessment agreements, notes, mortgages, deeds to secure debt, trust deeds, security agreements, assignments, or such other instruments, or by assessments, revenues, fees, or charges, upon such terms and conditions as the authority shall determine to be reasonable in connection with such extension of credit, loans, or grants, including provision for the establishment and maintenance of reserve funds; and, in the exercise of powers granted by this article in connection with any qualifying improvement, the authority shall have the right and power to require the inclusion in any such loan agreement, grant agreement, assessment agreement, note, mortgage, deed to secure debt, trust deed, security agreement, assignment, or other instrument of such provisions or requirements for guaranty of any obligations, insurance, construction, use, operation, maintenance, and financing of a qualifying improvement, and such other terms and conditions as the authority may deem necessary or desirable;

(9) As security for repayment of any revenue bonds, notes, or other obligations of the authority, to pledge, convey, assign, hypothecate, or otherwise encumber any property of the authority, including, but not limited to, contract rights under intergovernmental agreements and revenues or other funds, and to execute any trust indenture; trust agreement; agreement for the sale of the authority's revenue bonds, notes, or other obligations; loan agreement; security agreement; assignment; or other agreement or instrument as may be necessary or desirable, in the judgment of the authority, to secure any such revenue bonds, notes, or the obligations, which instruments or agreements may provide for foreclosure or forced sale of any property of the authority upon default in any obligation of the authority, either in payment of principal, premium, if any, or interest or in the performance of any term or condition contained in any such agreement or instrument. The State of Georgia, on behalf of itself and each county, municipal corporation, political subdivision, or taxing district therein, waives any right it or such county, municipal corporation, political subdivision, or taxing district may have to prevent the forced sale or foreclosure of any property of the authority upon such default and agrees that any agreement or instrument encumbering such property may be foreclosed in accordance with law and the terms thereof;

(10) To receive and use the proceeds of any assessment imposed by a municipal corporation or a county to pay the costs of any qualifying improvement or for any other

purpose for which the authority may use its own funds pursuant to this article, including the payment of principal of, premium, if any, and interest on revenue bonds, notes, or other obligations of the authority;

(11) To receive and administer gifts, grants, and devises or money and property of any kind and to administer trusts;

(12) To acquire, by purchase, lease, or otherwise, and use any real property, personal property, or fixtures or any interest therein or to rent or lease such property to or from others or make contracts with respect to the use thereof, or to sell, lease, exchange, transfer, assign, pledge, or otherwise dispose of or grant options for any such property in any manner as it deems to the best advantage of the authority and the public purpose thereof;

(13) To acquire, accept, or retain equitable interests, security interests, or other interests in any real property, personal property, or fixtures by loan agreement, note, mortgage, deed to secure debt, trust deed, security agreement, assignment, pledge, conveyance, contract, lien, or other consensual transfer in order to secure the repayment of any moneys loaned or credit extended by the authority;

(14) To establish and administer programs;

(15) To appoint, select, and employ program administrators, accountants, fiscal agents, attorneys, and others and to fix their compensation and pay their expenses;

(16) To adopt bylaws governing the conduct of business by the authority, the election and duties of officers of the authority, and other matters that the authority determines to address in its bylaws;

(17) To exercise any power granted by the laws of this state to public or private corporations that is not in conflict with the public purpose of the authority; and

(18) To do all things necessary or convenient to carry out the powers conferred by this article.

(b) The powers enumerated in each paragraph of subsection (a) of this Code section are cumulative of and in addition to those powers enumerated elsewhere in this article, and no such power limits or restricts any other power of the authority except that, notwithstanding any other provision of this article, no authority described in this article shall be granted the power of eminent domain.

(c) When an authority exercises its grant powers given by subsection (a) of this Code section, in determining compliance with Article III, Section VI, Paragraph VI(a) of the Constitution of Georgia, the authority may take into consideration the assessments to be paid by the grant recipient, as well as the substantiality of the public purpose to be achieved by the grant.

36-77-9.

(a) Revenue bonds, notes, or other obligations issued by an authority shall be paid solely from the property, including, but not limited to, contract rights, revenues, or other funds, pledged, conveyed, assigned, hypothecated, or otherwise encumbered to secure or to pay such bonds, notes, or other obligations.

(b) All revenue bonds, notes, and other obligations shall be authorized by resolution of

the authority, adopted by a majority vote of the directors of the authority at a regular or special meeting.

(c) Revenue bonds, notes, or other obligations shall bear such date or dates; shall mature at such time or times, not more than 40 years from their respective dates; shall bear interest at such rate or rates, which may be fixed or may fluctuate or otherwise change from time to time; shall be subject to redemption on such terms; and shall contain such other terms, provisions, covenants, assignments, and conditions as the resolution authorizing the issuance of such bonds, notes, or other obligations may permit or provide. The terms, provisions, covenants, assignments, and conditions contained in or provided or permitted by any resolution of the authority authorizing the issuance of such revenue bonds, notes, or other obligations shall bind the directors of the authority then in office and their successors.

(d) The authority shall have the power from time to time and whenever it deems it expedient to refund any revenue bonds, notes, or other obligations by the issuance of new revenue bonds, notes, or other obligations, whether or not the revenue bonds, notes, or other obligations to be refunded have matured, and may issue revenue bonds, notes, or other obligations partly to refund revenue bonds, notes, or other obligations then outstanding and partly for any other purpose permitted under this article. The refunding revenue bonds, notes, or other obligations may be exchanged for the revenue bonds, notes, or other obligations to be refunded, with such cash adjustments as may be agreed upon, or may be sold and the proceeds applied to the purchase or redemption of the revenue bonds, notes, or other obligations to be refunded.

(e) There shall be no limitation upon the amount of revenue bonds, notes, or other obligations that an authority may issue. Any limitations with respect to interest rates or any maximum interest rate or rates found in Article 3 of Chapter 82 of this title, the "Revenue Bond Law," the usury laws of this state, or any other laws of this state shall not apply to revenue bonds, notes, or other obligations of an authority.

36-77-10.

(a) All revenue bonds issued by an authority under this article shall be issued and validated under and in accordance with Article 3 of Chapter 82 of this title, the "Revenue Bond Law," except as provided in this article, provided that notes and other obligations of an authority may, but shall not be required to, be so validated.

(b) Bonds issued by an authority may be in such form, either coupon or fully registered, or both coupon and fully registered, and may be subject to such exchangeability and transferability provisions, as the bond resolution authorizing the issuance of such bonds or any indenture or trust agreement may provide.

(c) Bonds shall bear a certificate of validation. The signature of the clerk of the superior court of the county in which the issuing authority is located may be made on the certificate of validation of such bonds by facsimile or by manual execution, stating the date on which such bonds were validated, and such entry shall be original evidence of the fact of judgment and shall be received as original evidence in any court in this state.

(d) In lieu of specifying the rate or rates of interest that bonds to be issued by an authority

are to bear, the notice to the district attorney or the Attorney General; the notice to the public of the time, place, and date of the validation hearing; and the petition and complaint for validation may state that the bonds when issued will bear interest at a rate not exceeding a maximum per annum rate of interest, which may be fixed or may fluctuate or otherwise change from time to time, specified in such notices and petition and complaint or may state that, in the event the bonds are to bear different rates of interest for different maturity dates, none of such rates will exceed the maximum rate, which may be fixed or may fluctuate or otherwise change from time to time, so specified; provided, however, that nothing in this Code section shall be construed as prohibiting or restricting the right of an authority to sell such bonds at a discount, even if in doing so the effective interest cost resulting therefrom would exceed the maximum per annum interest rate specified in such notices and in the petition and complaint.

(e) The terms 'cost of the qualifying improvement' and 'cost of any qualifying improvement' shall have the meaning prescribed in this article whenever those terms are referred to in bond resolutions of an authority; in bonds, notes, or other obligations of an authority; or in notices or proceedings to validate such bonds, notes, or other obligations of an authority.

36-77-11.

(a) Subject to the limitations and procedures provided by this Code section and by Code Section 36-77-10, the agreements or instruments executed by an authority may contain such provisions not inconsistent with law as shall be determined by the board of directors of the authority.

(b) The proceeds derived from the sale of all bonds, notes, and other obligations issued by an authority shall be held and used for the ultimate purpose of paying, directly or indirectly as permitted in this article, all or part of the cost of any qualifying improvement, or for the purpose of refunding any bonds, notes, or other obligations issued in accordance with this article.

(c) Issuance by an authority of one or more series of bonds, notes, or other obligations for one or more purposes shall not preclude it from issuing other bonds, notes, or other obligations in connection with the same qualifying improvement or with any other qualifying improvements, but the proceeding wherein any subsequent bonds, notes, or other obligations are issued shall recognize and protect any prior loan agreement, security agreement, or other agreement or instrument made for any prior issue of bonds, notes, or other obligations, unless in the resolution authorizing such prior issue the right is expressly reserved to the authority to issue subsequent bonds, notes, or other obligations on a parity with such prior issue.

(d) An authority shall have the power and is authorized, whenever bonds of the authority shall have been validated as provided in this article, to issue from time to time its bond anticipation notes in anticipation of such bonds as validated and to renew from time to time any such bond anticipation notes by the issuance of new bond anticipation notes, whether or not the bond anticipation notes to be renewed have matured. The authority may issue such bond anticipation notes only to provide funds that would otherwise be

provided by the issuance of the bonds as validated. Such bond anticipation notes may be authorized, sold, executed, and delivered in the same manner as bonds. As with its bonds, the authority may sell such bond anticipation notes at public sale or at private sale. Any resolution or resolutions authorizing bond anticipation notes of the authority or any issue thereof may contain any provisions that the authority is authorized to include in any resolution or resolutions authorizing bonds of the authority or any issue thereof, and the authority may include in any bond anticipation notes any terms, covenants, or conditions that the authority is authorized to include in any bonds. Validation of such bonds shall be a condition precedent to the issuance of such bond anticipation notes, but it shall not be required that such bond anticipation notes be judicially validated. Bond anticipation notes shall not be issued in an amount exceeding the par value of the bonds in anticipation of which they are to be issued.

36-77-12.

No bonds, notes, or other obligations of, and no indebtedness incurred by, an authority shall constitute an indebtedness or obligation of the State of Georgia or of any county, municipal corporation, or political subdivision thereof, nor shall any act of any authority in any manner constitute or result in the creation of an indebtedness of this state or of any county, municipal corporation, or political subdivision thereof. No holder or holders of any such bonds, notes, or other obligations shall ever have the right to compel any exercise of the taxing power of this state or of any county, municipal corporation, or political subdivision thereof, nor to enforce the payment thereof against any property of this state or of any county, municipal corporation, or political subdivision.

36-77-13.

(a) A program shall establish a financing application and review process to evaluate such applications. The program shall prescribe the form and manner of the financing application. At a minimum:

(1) An applicant shall demonstrate that the qualifying improvement provides a benefit to the public in the form of energy or water resource conservation or improved resiliency;

(2) For an existing building:

(A) When energy or water efficiency improvements are proposed, an applicant shall provide:

(i) An energy or water efficiency analysis by a licensed engineering firm, engineer, or other qualified professional listed in the program guidebook; and

(ii) A statement by the author of the analysis that the proposed qualifying improvements will result in more efficient use or conservation of energy or water, the reduction of greenhouse gas emissions, or the addition of renewable sources of energy or water; or

(B) When resiliency improvements are proposed, an applicant shall provide certification by a licensed engineering firm, engineer, or other qualified professional listed in the program guidebook stating that the proposed qualifying improvements

will result in improved resilience;

(3) For new construction, an applicant shall provide certification by a licensed engineering firm, engineer, or other qualified professional listed in the program guidebook stating that the proposed qualifying improvements will enable the qualifying property to exceed the current building code requirements for:

(A) Energy efficiency;

(B) Water efficiency;

(C) Renewable energy; or

(D) Resilience;

(4) An applicant shall include a certification that the person requesting the proposed qualifying improvements is the owner of the qualifying property and that there are no delinquent taxes or assessments on the qualifying property; and

(5) An applicant must demonstrate that the proposed assessment financing meets the following guidelines and any other guidelines adopted by the authority, which may be in addition to or more restrictive than the following guidelines:

(A) Unless a higher percentage is agreed to by the holder of a lien, mortgage, or security deed encumbering the qualifying property in the written consent required by subsection (b) of this Code section, an applicant must demonstrate that the amount of the proposed assessment and all other debt secured by the qualifying property upon execution of the assessment agreement will not exceed 80 percent of the fair market value of the qualifying property as determined by a qualified appraiser, whose appraisal may take into account the expected increase in fair market value of the qualifying property resulting from the proposed qualifying improvements, as completed or as stabilized;

(B) An applicant must demonstrate that the amount of the proposed assessment financing will not exceed 25 percent of the fair market value of the qualifying property as determined by a qualified appraiser, which appraisal may take into account the expected increase in fair market value of the qualifying property resulting from the proposed qualifying improvements, as completed or as stabilized; and

(C) An applicant must demonstrate that the period or term of the assessment financing will not exceed the weighted average useful life expected for the proposed qualifying improvements. The applicant shall include a statement from a qualified professional indicating the weighted average useful life expected for the proposed qualifying improvements.

(b) For approved qualifying improvements, an authority may enter into an assessment agreement with the owner of the qualifying property to pay the cost of qualifying improvements. Prior to entering into an assessment agreement, an applicant shall provide written consent from any holder of a lien, mortgage, or security deed encumbering the qualifying property. Such written consent shall be signed in the sole and absolute discretion of the holder of a prior lien, mortgage, or security deed encumbering the qualifying property and, at a minimum, shall state that the holder of such prior lien, mortgage, or security deed has reviewed the final terms of the financing and the assessment agreement; that the qualifying property may participate in the program; and

that the assessment lien shall have the same priority status as a lien for ad valorem taxes of the participating local government.

(c) Each assessment agreement shall include:

(1) A description of the qualifying improvements;

A BILL TO BE ENTITLED
AN ACT

To amend Article 3 of Chapter 37 of Title 33 of the Official Code of Georgia Annotated, relating to procedure for rehabilitation, so as to provide for the administration of contracts reinsuring life, disability income, health, or long-term care policies or annuities issued by a ceding insurer that has been placed into liquidation; to provide for a guaranty association to elect to assume the rights and obligations of a ceding insurer; to provide for duties, rights, and obligations of such association, the reinsurer, and the receiver; to provide for time restrictions for certain actions; to provide for mandatory negotiation; to provide for arbitration; to provide for construction; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 3 of Chapter 37 of Title 33 of the Official Code of Georgia Annotated, relating to procedure for rehabilitation, is amended by adding a new Code section to read as follows:

"33-37-31.1.

(a)(1) For purposes of this Code section, 'guaranty association' means the Georgia Life and Health Insurance Guaranty Association created by Chapter 38 of this title or any foreign guaranty association as defined in paragraph (10) of Code Section 33-37-3, unless context clearly requires a different construction.

(2) Contracts reinsuring life, disability income, health, or long-term care insurance policies or annuities issued by a ceding insurer that has been placed into liquidation pursuant to this chapter shall be continued, subject to the provisions of this Code section; provided, however, that, contracts terminated pursuant to contractual terms prior to the date of the order of liquidation or terminated pursuant to the order of liquidation shall be subject to the provisions of subsection (i) of this Code section.

(b)(1) At any time within 180 days of the date of the order of liquidation, a guaranty association covering life, disability income, health, or long-term care insurance policies or annuities, in whole or in part, may elect to assume the rights and obligations of the ceding insurer related to such policies under any one or more reinsurance contracts between the ceding insurer and its reinsurers. Any such assumption shall be effective as of the date of the order of liquidation. The election shall be made by a guaranty association or the National Organization of Life and Health Insurance Guaranty Associations on its behalf by sending written notice, return receipt requested, to the affected reinsurers.

(2) To facilitate the decision, the receiver and each affected reinsurer shall make available upon request to any affected guaranty association or to the National Organization of Life and Health Insurance Guaranty Associations on their behalf copies of in-force reinsurance contracts and all related files and records relevant to the determination of whether such contracts should be assumed, and notices of any defaults under the reinsurance contracts or any known event or condition which with the passage of time may become a default under the reinsurance contracts.

(3) For reinsurance contracts assumed by a guaranty association, the following provisions shall apply:

(A) The guaranty association shall be responsible for all unpaid premiums due under the reinsurance contracts, for periods both before and after the date of the order of liquidation and shall be responsible for the performance of all other obligations to be performed after the date of the order of liquidation;

(B) The guaranty association shall be entitled to any amounts payable by the reinsurer under the reinsurance contracts with respect to losses or events that occur in periods on or after the date of the order of liquidation;

(C) The guaranty association and the reinsurer shall, within 30 days following the date of such guaranty association's election to assume a reinsurance contract, calculate

the balance due to or from such association under each reinsurance contract as of the date of such election, and such association or reinsurer shall pay any remaining balance due the other within 35 days of the date of such election. Any disputes over the amounts due to such association or reinsurer shall be resolved by arbitration pursuant to the terms of the affected reinsurance contract, or, if the contract contains no arbitration clause, pursuant to the provisions of paragraph (3) of subsection (i) of this Code section; and

(D) If the guaranty association or receiver on behalf of such association, within 60 days of the date such association's election to assume a reinsurance contract, pays the unpaid premiums due for periods both before and after the date of such election that are due pursuant to the reinsurance contract, the reinsurer shall not be entitled to terminate the reinsurance contract for failure to pay premiums and shall not be entitled to set off any unpaid amounts due under other contracts, or unpaid amounts due from parties other than such association, against amounts due the such association.

(c) When, pursuant to court approval provided for in Code Section 33-37-17, a receiver continues insurance policies or annuities following an order of liquidation, and the policies or annuities are not covered in whole or in part by one or more guaranty associations, the receiver may, within 180 days of the date of the order of liquidation, elect to assume the rights and obligations of the ceding insurer under any one or more of the reinsurance contracts that relate to the policies or annuities; provided, however, that the contracts have not been terminated as provided for in subsection (a) of this Code section. Such election shall be made by sending written notice, return receipt requested, to the affected reinsurers. After such notification to affected reinsurers has been made, payment of premiums on the reinsurance contracts for the policies and annuities, for periods both before and after the date of the order of liquidation, shall be chargeable against the estate as a Class 1 administrative expense. Amounts paid by the reinsurer on account of losses on the policies and annuities shall be to the estate of the ceding insurer.

(d) During the period from the date of the order of liquidation until the date a guaranty association or the receiver elects to assume the rights and obligations of the ceding insurer under any one or more of the reinsurance contracts that relate to the policies or annuities as provided for in subsection (b) or (c) of this Code section, the guaranty association, the receiver, and the reinsurer shall not have any rights or obligations under any reinsurance contract that is eligible for assumption by such association or the receiver.

(e) When a guaranty association or the receiver timely elected to assume a reinsurance contract as provided for in subsection (b) or (c) of this Code section, the parties' rights and obligations shall be governed by subsection (b) or (c) of this Code section as applicable.

(f) When a guaranty association or the receiver does not timely elect to assume a reinsurance contract pursuant to subsection (b) or (c) of this Code section, the reinsurance contract shall be terminated retroactively effective on the date of the order of liquidation and subsection (i) of this Code section shall apply.

(g) When policies of life, disability income, health, or long-term care insurance or annuities, or the guaranty association's obligations with respect thereto, are transferred to

an assuming insurer, reinsurance on the policies or annuities may also be transferred by such association for contracts assumed as provided for in subsection (b) of this Code section, or by the receiver for contracts assumed as provided for in subsection (c) of this Code section; provided, however, that all of the following conditions are met:

- (1) Unless the reinsurer and the assuming insurer agree otherwise, the reinsurance contract transferred shall not cover any new policies or annuities in addition to those transferred;
 - (2) The obligations described in subsections (b) and (c) of this Code section shall no longer apply with respect to matters arising after the effective date of the transfer; and
 - (3) Notice shall be given in writing, return receipt requested, by the transferring party to the affected reinsurer not less than 30 days prior to the effective date of the transfer.
- (h) The provisions of this Code section shall, to the extent provided in this Code section, supersede the provisions of law or of any affected reinsurance contract that provides for or requires any payment of reinsurance proceeds, on account of losses or events that occur in periods after the date of the order of liquidation, to the receiver of the ceding insurer or any other person. The receiver shall remain entitled to any amounts payable by the reinsurer under the reinsurance contracts with respect to losses or events that occur in periods prior to the date of the order of liquidation, subject to provisions of this chapter including applicable setoff provisions.
- (i) When a reinsurance contract is terminated pursuant to this Code section, the reinsurer and the receiver shall commence a mandatory negotiation procedure in accordance with the following procedures:
- (1) No later than 30 days after the date of termination, each party shall appoint an actuary to determine an estimated sum due as a result of the termination of the reinsurance contract calculated in a way expected to make the parties economically indifferent as to whether the reinsurance contract continues or terminates, giving due regard to the economic effects of the insolvency. The sum shall take into account the present value of future cash flows expected under the reinsurance contract and be based on a gross premium valuation of net liability using current assumptions that reflect post-insolvency experience expectations, with no additional margins, net of any amounts payable and receivable, with a market value adjustment to reflect premature sale of assets to fund the settlement;
 - (2) Within 90 days of the date of termination, each party shall provide the other party with its estimate of the sum due as a result of the termination of the reinsurance contract, together with all relevant documents and other information supporting the estimate. The parties shall make a good faith effort to reach an agreement on the sum due;
 - (3) If the parties are unable to reach agreement within 90 days following the submission of materials as provided for in paragraph (2) of this subsection, either party may initiate arbitration proceedings as provided in the reinsurance contract. When the reinsurance contract does not contain an arbitration clause, either party may initiate arbitration pursuant to this paragraph by providing the other party with a written demand for arbitration. Such arbitration shall be conducted pursuant to the following procedures:
 - (A) Venue for the arbitration shall be within the county of the court's jurisdiction or

another location agreed to by the parties;

(B) Within 30 days of the responding party's receipt of the arbitration demand, each party shall appoint an arbitrator who is a disinterested active or retired officer or executive of a life or health insurance or reinsurance company, or other professional with no less than ten years' experience in or relating to the field of life or health insurance or reinsurance. The two arbitrators shall appoint an independent, impartial, disinterested umpire who is an active or retired officer or executive of a life or health insurance or reinsurance company, or other professional with no less than ten years' experience in the field of life or health insurance or reinsurance. If the arbitrators are unable to agree on an umpire, each arbitrator shall provide the other with the names of three qualified individuals, each arbitrator shall strike two names for the other's list, and the umpire shall be chosen by drawing lots from the remaining individuals;

(C) Within 60 days following the appointment of the umpire, the parties shall submit to the arbitration panel, unless otherwise order by the panel, their estimates of the sum due as a result of the termination of the reinsurance contract, together with all relevant documents and other information supporting the estimate;

(D) The time periods set forth in these subsections may be extended upon mutual agreement of the parties; and

(E) The panel shall have all powers necessary to conduct the arbitration proceedings in a fair and appropriate manner, including the power to request additional information from the parties, authorize discovery, hold hearings and hear testimony. The panel also may appoint independent actuarial experts, the expense of which shall be shared equally between the parties;

(4) An arbitration panel considering the matters set forth in this subsection shall apply the standards set forth in this subsection and shall issue a written award specifying a net settlement amount due from one party or the other as a result of the termination of the reinsurance contract. The receivership court shall confirm that award absent proof of statutory grounds for vacating or modifying arbitration awards under the Federal Arbitration Act, P.L. 68-401; and

(5) If the net settlement amount agreed or awarded as provided for in this subsection is payable by the reinsurer, the reinsurer shall pay the amount due to the estate, subject to any applicable setoff as provided for in Code Section 33-37-29. If the net settlement amount agreed or awarded pursuant to this subsection is payable by the ceding insurer, the reinsurer shall be deemed to have a timely filed claim against the estate for that amount, which claim shall be paid pursuant to the priority provided for in Code Section 33-37-41. The guaranty associations shall not be entitled to receive the net settlement amount, except to the extent they are entitled to share in the estate assets as creditors of the estate, and shall have no responsibility for the net settlement amount.

(j) Except as otherwise provided in this Code section, nothing in this Code section shall alter or modify the terms and conditions of any reinsurance contract. Nothing in this Code section shall abrogate or limit any rights of any reinsurer to claim that it is entitled to rescind a reinsurance contract. Nothing in this Code section shall give a policyholder or beneficiary an independent cause of action against a reinsurer that is not otherwise set

forth in the reinsurance contract. Nothing in this Code section shall limit or affect any guaranty association's rights as a creditor of the estate against the assets of the estate. Nothing in this Code section shall apply to reinsurance contracts covering property or casualty risks.

(k) This Code section and paragraph (20) of Code Section 33-38-7 shall be construed together in a manner that is consistent with each other and with the purpose provided for in Code Section 33-38-1."

SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

"CHAPTER 21

17-21-1.

This chapter shall be known and may be cited as the 'Coleman-Baker Act.'

17-21-2.

As used in this chapter, the term:

(1) 'Agency' means a law enforcement agency with the jurisdiction to engage in the detection, investigation, or prosecution of a cold case murder.

(2) 'Cold case' means a homicide:

(A) That was committed more than three years prior to the date of an application by a designated person under subsection (c) of this Code section; and

(B) That was previously investigated by an agency; and

(C) For which all probative leads have been exhausted; or

(D) For which no likely perpetrator has been identified.

(3) 'Designated person' means an immediate family member or their designated legal representative who shall be a member in good standing with the Georgia State Bar.

(4) 'Immediate family member' means a parent, parent-in-law, grandparent, grandparent-in-law, sibling, spouse, child, or stepchild of a victim or any person who exercised in loco parentis control over a victim under the age of 18 years.

(5) 'Murder' means any criminal offense provided under Code Section 16-5-1.

(6) 'Probative lead' means evidence which is sufficiently useful to prove an element of the crime, which was not identified or determined as part of the previous investigation by the agency.

(7) 'Victim' means a natural person who died as a result of a cold case murder.

17-21-3.

(a) The head of an agency or his or her designee shall review the case file regarding a cold case murder upon written application by one designated person to determine if a full reinvestigation would result in:

- (1) The identification of probative investigative leads; or
 - (2) A likely perpetrator.
- (b) The review conducted under subsection (a) of this Code section shall include:
 - (1) An analysis of what investigative procedures may have been missed in the initial investigation;
 - (2) An assessment of whether witnesses should be interviewed or reinterviewed;
 - (3) An examination of physical evidence to see if all appropriate forensic testing and analysis was performed in the first instance or if additional testing might produce information relevant to the investigation; and
 - (4) An update of the case file using the most current investigative standards as of the date of the review to the extent it would help develop probative leads.
- (c)(1) The agency shall conduct a full reinvestigation of the cold case murder at issue if in the agency's sole discretion the review of the case file concludes that a full reinvestigation of such cold case murder would result in additional, previously unidentified, probative leads or a likely perpetrator.
 - (2) A full reinvestigation shall include reviewing all evidence and analyzing those items which may contain forensic value collected in the cold case murder at issue for the purpose of developing probative leads or a likely perpetrator.
 - (3) The conclusion of a review of a cold case file conducted by the Georgia Bureau of Investigation under this Code section is subject to judicial review in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' Any result following the conclusion of the reinvestigation of a cold case by any sheriff or police department shall not be subject to the Administrative Procedure Act as pursuant to Code Section 50-13-1.
- (d)(1) A reinvestigation required under subsection (c) of this Code section shall not be solely conducted by a person who previously investigated the homicide at issue.
 - (2) Only one full reinvestigation shall be undertaken at any one time with respect to the same victim.
 - (3) If a full reinvestigation of a cold case murder is completed and a likely perpetrator is not identified at its conclusion, no additional case file review or full reinvestigation shall be undertaken with regard to that cold case murder for a period of five years beginning on the date of the conclusion of the reinvestigation, unless there is newly discovered, materially significant evidence.
- (e)(1) Each agency shall develop a written application to be used by a designated person to request a case file review under subsection (a) of this Code section.
 - (2) Not later than one year after the date of enactment of this chapter, the head of each agency or his or her designee shall promulgate procedures to ensure compliance by the agency with the provisions described in this chapter.
- (f) The agency shall provide in writing to the designated person who made the application as soon as reasonably possible confirmation of the agency's receipt of the application. The agency's written confirmation shall include the process to submit a complaint to and contact information for the agency's unit responsible for internal investigations involving misconduct allegations.

- (g)(1) In any case in which a written application for review has been received under this chapter by the investigating agency, review shall be declined where the case does not satisfy any criteria under paragraph (2) of Code Section 17-21-2 for a cold case murder.
- (2) In such a case, the head of the agency or his or her designee shall issue a written letter, with a copy provided to the designated person who made the application under paragraph (1) of this subsection, stating that final review is not necessary.
- (h) Not later than six months after the receipt of the written application, the agency shall complete its case file review and conclude whether or not a full reinvestigation is warranted as provided in subsection (a) of this Code section.
- (i) The agency may extend the time limit under subsection (h) of this Code section once for a period of time not to exceed six months if the agency makes a finding that the number of case files to be reviewed make it impracticable to comply with such limit without unreasonably taking resources from other law enforcement activities. For cases for which the time limit is extended, the agency shall provide notice and an explanation of its reasoning to one designated person who filed the written application for review.
- (j) The procedures promulgated under subsection (e) of this Code section shall require a course of training by an instructor certified by the Georgia Peace Officer Standards and Training Council as provided in Code Section 35-8-8 for appropriate employees and officers within the agency regarding the procedures, responsibilities, and obligations required under this chapter.
- (k) The Carl Vinson Institute of Government of the University of Georgia shall establish and maintain a case tracking system and searchable public website that includes the following information about cold case murder investigations provided under this chapter:
- (1) The number of written applications filed with the agency as provided in subsection (e) of this Code section;
 - (2) The number of extensions granted and an explanation of reasons provided under subsection (i) of this Code section;
 - (3) The number of full reinvestigations initiated and closed as provided in subsection (h) of this Code section; and
 - (4) Statistical information on the aggregate number of cold cases, suspects, arrests, indictments, and convictions.
- (l)(1) If more than one agency conducted the initial investigation of a cold case murder, each agency shall coordinate their case file review or full reinvestigation such that there is only one joint case file review or full reinvestigation occurring at a time as provided in paragraph (2) of subsection (d) of this Code section.
- (2) If more than one agency conducted the initial investigation of a cold case murder, if any involved agency conducts a full reinvestigation and a likely perpetrator is not identified at its conclusion, no additional case file review or full reinvestigation is required to be undertaken with regard to that cold case murder for a period of five years by any involved agency beginning on the date of the conclusion of the reinvestigation, unless there is newly discovered, materially significant evidence.
- (m) The provisions of this chapter are subject to the availability of funds specifically

appropriated by the General Assembly, or other relevant political subdivision of the state, for this purpose, for all costs incurred by state and local authorities.

17-21-4.

The location ~~owner~~ operator also shall be fined up to \$50,000.00 per incident and required to repay any incentive fees or other payments received ~~from the operator~~; and

(4) A manufacturer, distributor, ~~operator~~, master licensee, or individual providing anything of value, including but not limited to a loan or financing arrangement, gift, procurement fee, lease payments, revenue sharing, or payment of license fees or permit fees to a ~~location owner or~~ location operator, as an incentive, inducement, or any other consideration to locate bona fide coin operated amusement machines in that establishment. A manufacturer, distributor, ~~operator~~, master licensee, or individual who violates this ~~subsection~~ paragraph shall have all of his or her state business licenses revoked for a period of one to five years per incident. The individual, manufacturer, distributor, ~~owner~~, or master licensee also shall be fined up to \$50,000.00 per incident.

(b) The provision by the master licensee of non-fixtures on or within a building in which there is a licensed location at which bona fide coin operated amusement machines are

located, including, but not limited to, branded posters; signage, including, but not limited to, digital video signage; rugs; seating; removable partition walls; or wall coverings to a location owner or location operator with whom the master licensee has a contract for the placement of Class B machines shall not be deemed to be unfair methods of competition or unfair or deceptive acts under this article. Such non-fixtures shall remain the property of the master licensee and shall be removed not later than when the Class B machines are removed from the location.

(c) Location owners may freely negotiate with any master licensee for the placement of bona fide coin operated amusement machines without limitations as to incentives and considerations which apply to location operators that do not own the premises where they propose to locate such machines. It is the intent of this subsection to allow prospective or current location owners to contract for the placement of such machines as to the terms upon one or more locations; provided, however, that each location is subject to only one contract with only one master licensee."

SECTION 7.

Said chapter is further amended by revising paragraph (1) of subsection (d) of Code Section 50-27-102, relating to role of corporation, implementation and certification, separation of funds and accounting, and disputes, and adding a new paragraph to read as follows:

"(d)(1) As a condition of the license issued pursuant to this article, no master licensee or location owner or location operator shall replace or remove a Class A or Class B ~~bona fide coin operated amusement~~ machine from a location until the master licensee and location owner or location operator certify to the corporation that there are no disputes regarding any agreement, distribution of funds, or other claim between the master licensee and location owner or location operator; provided, however, that this certification shall not be required if a master licensee is replacing its own Class A or Class B ~~bona fide coin operated amusement~~ machine at a location. If either the master licensee or location owner or location operator is unable to make the certification required by this Code section, the corporation shall refer the dispute to a hearing officer as set forth in this subsection. If a master licensee certifies that there is a dispute with a location owner or location operator, which certification causes the continued generation of revenue from the master licensee's Class A or Class B machine subject to the alleged dispute pending a decision on the dispute, and, after the hearing officer's or court's determination, the location owner or location operator is the prevailing party and the hearing officer or court finds by clear and convincing evidence that the action was brought by the master licensee without substantial justification or was brought for delay or harassment, the hearing officer or court shall, in addition to any other remedy provided for in this article, order that any revenues received by or due to the master licensee as a result of the master licensee's certification of the dispute shall not be kept by the master licensee but shall be awarded to the prevailing location owner or location

operator and the hearing officer or court shall also award the costs of the proceeding and attorney fees to the location owner or location operator and against the master licensee. However, if, after the hearing officer's or court's determination, the master licensee is the prevailing party and the hearing officer or court finds by clear and convincing evidence that the action was defended by the location owner or location operator without substantial justification or was defended for delay or harassment, the hearing officer or court shall, in addition to any other remedy provided for in this article, order that any revenues received by or due to the location owner or location operator as a result of the master licensee's certification of the dispute shall not be kept by the location owner or location operator but shall be awarded to the master licensee and the hearing officer or court shall also award the costs of the proceeding and attorney fees to the master licensee and against the location owner or location operator. As used in this Code section, "without substantial justification" means substantially frivolous, substantially groundless, or substantially vexatious. Applicants for licenses shall submit all disputes against existing or previous licensees under this article, including master licensees, location owners, location operators, manufacturers, and distributors, to a hearing officer under this paragraph."

"(6) In the event that a violation of paragraph (3) of Code Section 50-27-87.1 by a location operator is proven in a proceeding under this Code section, the current contract with the master licensee shall not be terminated and any change in master licensees shall be denied. In the event that a violation of paragraph (4) of subsection (a) of Code Section 50-27-87.1 by a master licensee who is not a party to the current contract for such location is proven in a proceeding under this Code section, no change in master licensees shall be authorized at such location and the hearing officer or court shall award the master licensee the right to continue to provide bona fide coin operated amusement machines at such location for a period of two years or a period of time equal to the term of the previous contract, whichever is greater."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

"46-5-27.

(a) The General Assembly finds that:

- (1) The use of the telephone to market goods and services is pervasive now due to the increased use of cost-effective telemarketing techniques;
- (2) Over 30,000 businesses actively telemarket goods and services to business and residential customers;

(3) Every day, over 300,000 solicitors place calls to more than 18 million Americans, including citizens of this state;

(4) Telemarketing, however, can be an intrusive and relentless invasion of the privacy and peacefulness of individuals;

(5) Many citizens of this state are outraged over the proliferation of nuisance calls from telemarketers;

(6) Individuals' privacy rights and commercial freedom of speech can be balanced in a way that accommodates both the privacy of individuals and legitimate telemarketing practices; and

(7) It is in the public interest to establish a mechanism under which the ~~individual~~ citizens of this state can decide whether or not to receive telemarketing calls and can seek injunctive relief and damages against those in violation of this Code section and against those on whose behalf such violations were committed.

(b) As used in this Code section, the term:

(1) 'Caller identification service' means a type of telephone service which permits telephone subscribers to see the telephone number of incoming telephone calls.

(2) 'Residential, mobile, or wireless subscriber' means a person who has subscribed to telephone service from a local exchange company or mobile or wireless telephone service provider or other persons living or residing with such person.

(3) 'Telephone solicitation' means any voice communication over a telephone line for the purpose of encouraging the purchase or rental of, or investment in, property, goods, or services, but does not include communications:

(A) To any residential, mobile, or wireless subscriber with that subscriber's prior express invitation or permission;

(B) By or on behalf of any person or entity with whom a residential, mobile, or wireless subscriber has a prior or current business or personal relationship; or

(C) By or on behalf of a charitable organization which has filed a registration statement pursuant to Code Section 43-17-5, is exempt from such registration under paragraphs (1) through (6) of subsection (a) of Code Section 43-17-9, or is exempt from such registration as a religious organization or agency referred to in paragraph (2) of Code Section 43-17-2.

Such communication may be from a live operator, through the use of ADAD equipment as defined in Code Section 46-5-23, or by other means.

(c) No person or entity shall make or cause to be made on behalf of any person or entity any telephone solicitation to the telephone line of any residential, mobile, or wireless subscriber in this state who has given notice to the commission, in accordance with regulations promulgated under subsection (d) of this Code section, of such subscriber's objection to receiving telephone solicitations.

(d)(1) The commission shall establish and provide for the operation of a data base to compile a list of telephone numbers of residential, mobile, and wireless subscribers who object to receiving telephone solicitations. It shall be the duty of the commission to have such data base in operation no later than January 1, 1999.

(2) Such data base may be operated by the commission or by another entity selected

by and awarded a contract by the commission.

(3) No later than January 1, 1999, the commission shall promulgate regulations which:

(A) Require each local exchange company to inform its residential, mobile, or wireless subscribers of the opportunity to provide notification to the commission or its contractor that such subscriber objects to receiving telephone solicitations;

(B) Specify the methods by which each residential, mobile, or wireless subscriber may give notice to the commission or its contractor of his or her objection to receiving such solicitations and methods for revocation of such notice;

(C) Specify the length of time for which a notice of objection shall be effective and the effect of a change of telephone number on such notice;

(D) Specify the methods by which such objections and revocations shall be collected and added to the data base;

(E) Specify the methods by which any person or entity desiring to make telephone solicitations will obtain access to the data base as required to avoid calling the telephone numbers of residential, mobile, or wireless subscribers included in the data base; and

(F) Specify such other matters relating to the data base that the commission deems desirable.

(4) If, pursuant to 47 U.S.C. Section 227(c)(3), the Federal Communications Commission establishes a single national data base of telephone numbers of subscribers who object to receiving telephone solicitations, the commission shall include the part of such single national data base that relates to Georgia in the data base established under this Code section.

(e) The commission may provide by rule or regulation for administrative fees to be imposed upon:

(1) A residential, mobile, or wireless subscriber for each notice of inclusion in the data base established under this Code section; provided, however, that the commission shall not set this fee in an amount greater than \$5.00; and

(2) A person or entity desiring to make telephone solicitations for access to or for electronic copies of the data base established under this Code section.

(f)(1) Information contained in the data base established under this Code section shall be used only for the purpose of compliance with this Code section or in a proceeding or action under subsection (h) or (i) of this Code section. Such information shall not be subject to public inspection or disclosure under Article 4 of Chapter 18 of Title 50.

(2) No person or entity shall ~~knowingly~~ compile or disseminate or compile and disseminate information obtained from the data base for any reason other than those legitimate purposes established by law. Any person or entity found guilty of violating this subsection shall be guilty of a misdemeanor and upon conviction shall be punished by a fine not to exceed \$1,000.00. Each instance of an unauthorized disclosure of information from the data base shall constitute a separate offense.

(g)(1) Any person or entity ~~who~~ that makes a telephone solicitation to the telephone line of any residential, mobile, or wireless subscriber in this state shall, at the beginning of such call, state clearly the identity of the person or entity initiating the call.

(2) No person or entity ~~who~~ that makes a telephone solicitation to the telephone line of a residential, mobile, or wireless subscriber in this state shall ~~knowingly~~ utilize any method to block or otherwise circumvent such subscriber's use of a caller identification service.

(h) The Attorney General shall have authority to initiate proceedings, pursuant to Code Section 10-1-397, relating to a ~~knowing~~ violation or threatened ~~knowing~~ violation of subsection (c) or (g) of this Code section. Such proceedings include without limitation proceedings to issue a cease and desist order, to issue an order imposing a civil penalty up to a maximum of \$2,000.00 for each ~~knowing~~ violation, and to seek additional relief in any superior court of competent jurisdiction. Such actions shall be brought in the name of the state.
