HB 1321, which would have established the Georgia Opioid Crisis Abatement Trust and the ORRFA Council, was not passed by the General Assembly during the legislative session. Therefore, the department is directed to disregard the language included in line 937.

Section 17, pertaining to the Department of Community Health, page 40, line 1171:

The General Assembly seeks to appropriate \$6,505,200 in state general funds to the Department of Community Health for the Departmental Administration (DCH) program to Provide funds to replace the Medicaid Management Information System (MMIS) with the Medicaid Enterprise System Transformation (MEST). The General Assembly seeks to appropriate \$4,298,743 in state general funds to the Department of Community Health for the Medicaid - Low - Income Medicaid program to direct the department to submit an 1115 waiver to provide Medicaid benefits to individuals with HIV. HB 1192, the accompanying legislation authorizing this line item, was not passed by the General Assembly during the legislative session. Additionally, the amount

appropriated would cover less than one quarter of the actual projected cost to cover this additional population. Therefore, the department is directed to disregard the language included in line 1294 and instead utilize the funds for enrollment and expense growth needs in accordance with the purpose of the program and general law powers of the department.

Section 17, pertaining to the Department of Community Health, page 44, line 1297:

The General Assembly seeks to appropriate \$698,571 in state general funds to the Department of Community Health for the Medicaid - Low - Income Medicaid program to Provide funds and direct the department to submit an 1115 waiver to remove the five-year waiting period for lawful permanent residents. Therefore, the department is directed to disregard the language included in line 1297 and instead utilize the funds for enrollment and expense growth needs in accordance with the purpose of the program and general law powers of the department.

Section 17, pertaining to the Department of Community Health, page 44, line 1299:

The General Assembly seeks to appropriate \$44,156,830 in state general funds to the Department of Community Health for the Medicaid - Low - Income Medicaid program for value-based purchasing. The department will need time to develop quality metrics for value-based purchasing that would make it difficult to fully implement in FY 2023. As the state must reprocure these contracts within the next two years, the department should utilize that time to develop the quality metrics necessary to implement value-based purchasing as part of the reprocurement process. Therefore, the department is directed to disregard the language included in line 1299 and instead utilize the funds for enrollment and expense growth needs in accordance with the purpose of the program and general law powers of the department.

Section 17, pertaining to the Department of Community Health, page 44, line 1317:

The General Assembly seeks to appropriate \$2,324,158 in state general funds to the Department of Community Health for the PeachCare program for value-based purchasing. The department will need time to develop quality metrics for value-based purchasing that would make it difficult to fully implement in FY 2023. As the state must reprocure these contracts within the next two years, the department should utilize that time to develop the quality metrics necessary to implement value-based purchasing as part of the reprocurement process. Therefore, the department is directed to disregard the language included in line 1317 and instead utilize the funds for enrollment and expense growth needs in accordance with the purpose of the program and general law powers of the department.

Section 17, pertaining to the Department of Community Health, page 47, line 1377:

The General Assembly seeks to appropriate \$3,000,000 in state general funds to the Department of Community Health for the Georgia Board of Health Care Workforce: Undergraduate Medical Education program for equipment and operating grants for nursing

Section 24, pertaining to the Department of Education, page 62, line 1837:

The General Assembly seeks to appropriate \$55,734 in state general funds to the Department of Education for the Agricultural Education program to transfer five certified personnel positions to the state teacher salary schedule. The positions identified are not instructional positions. State positions should be classified based on the responsibilities and duties of the position. Therefore, the department is directed to disregard the language included in line 1837.

Section 27, pertaining to the Office of the Governor, page 77, line 2296:

The General Assembly seeks to appropriate \$704,841 in state general funds to the Office of the Governor for the Georgia Emergency Management and Homeland Security Agency program to finalize the career retention plan. These funds would be used for personal services for employees currently funded by federal grants. State funds should not be used to subsidize federal activities and using these funds for federal employees could create future supplantation concerns. Therefore, the agency is directed to disregard the language included in line 2296 and utilize the funds for construction of additional warehouse space for emergency response equipment and supplies on the Macon Farmers Market property.

Section 27, pertaining to the Office of the Governor, page 80, line 2361:

The General Assembly seeks to appropriate \$271,308 in state general funds to the Office of the Governor for the Office of the State Inspector General program for costs associated with POST Certification in accordance with HB 960 (2022 Session). HB 960 was not passed by the General Assembly during the 2022 session and these funds will not be necessary. Therefore, the office is directed to disregard the language included in line 2361.

Section 30, pertaining to the Georgia Bureau of Investigation, page 95, line 2833:

The General Assembly seeks to appropriate \$375,000 in state general funds to the Georgia Bureau of Investigation for the Criminal Justice Coordinating Council program for local first responder grants. The council is authorized to develop a competitive grant application process and criteria for awards for local first responder grants in accordance with the purpose of the program and general law powers of the council.

Section 34, pertaining to the Department of Natural Resources, page 104, line 3084:

The General Assembly seeks to appropriate \$500,000 in state general funds to the Department of Natural Resources for the Environmental Protection program for operations. The department is authorized to utilize the funds for regular operating expenses but may not use these funds for personal services for employees currently funded by federal grants. State funds should not be used to subsidize federal activities and using these funds for

federal employees could create future supplantation concerns.

Section 38, pertaining to the Department of Public Health, page 114, line 3408:

The General Assembly seeks to appropriate \$1,700,000 in state general funds to the Department of Public Health for the Public Health Formula Grants to Counties program for improved infrastructure and support. The purpose of the program is to provide general grant-in-aid to county boards of health. Providing additional funding to specific county boards of health outside of the established general grant-in-aid formula would be outside the purpose of this program. Therefore, the department is directed to distribute the funds included in line 3408 in accordance with the regular general grant-in-aid formula allocations for county boards of health in accordance with the program purpose and general law powers of the department.

Section 41, pertaining to the University System of Georgia Board of Regents, page 128, line 3829:

The General Assembly seeks to appropriate \$92,500 in state general funds to the University System of Georgia Board of Regents for the Public Service/Special Funding Initiatives program for the Georgia Aviation Hall of Fame at Middle Georgia State University. The board is directed to disregard the language included in line 3829.

Section 44, pertaining to the Georgia Student Finance Commission, page 140, line 4194:

The General Assembly seeks to appropriate \$1,622,865 in state general funds to the Georgia Student Finance Commission for the Commission Administration (GSFC) program for operating expenses and five loan servicing positions, six program specialist positions, two accounting positions, and four contract IT developers to implement expanded and new programs. The Commission does not expect to provide any new loan origination services for the additional initiatives added in Service Cancelable loans, but instead will implement those programs as loan repayment programs. This will require fewer personnel than originally anticipated. Therefore, the commission is directed to disregard the language included in line 4194 and hire personnel in accordance with agency needs to effectively implement loan repayment programs.

Section 44, pertaining to the Georgia Student Finance Commission, page 143, line 4269:

The General Assembly seeks to appropriate \$260,000 in state general funds to the Georgia Student Finance Commission for the Service Cancelable Loans program for recruitment and retention for full-time medical examiners employed by the Georgia Bureau of Investigation. HB 1319 would have codified a full-time medical examiner employed by the Division of Forensic Sciences of the Georgia Bureau of Investigation service cancelable loan program within the Georgia Student Finance Commission. This legislation was not passed by the General Assembly during the 2021-2022 legislative session. Therefore, the commission is directed to disregard the language included in line 4269.

Section 44, pertaining to the Georgia Student Finance Commission, page 143, line 4271:

The General Assembly seeks to appropriate \$1,440,000 in state general funds to the Georgia Student Finance Commission for the Service Cancelable Loans program to provide service cancelable loans to active local or state law enforcement officers to pursue degrees in a criminal justice or relevant social science field. HB 1319 would have codified a Georgia Law Enforcement Officer service cancelable loan program within the Georgia Student Finance Commission. This legislation was not passed by the General Assembly during the 2021-2022 legislative session. Therefore, the commission is directed to disregard the language included in line 4271.

Section 47, pertaining to the Department of Transportation, page 152, line 4557:

The General Assembly seeks to appropriate \$8,000,000 in state general funds to the Department of Transportation for the Rail program to upgrade shortline railroads to Class II standards to help reduce truck traffic on state highways. The department has existing available capital funding of \$35 million through prior year bond authorizations. The department should prioritize utilizing existing available balances for shortline rail upgrades before additional funds are authorized. Therefore, the department is directed to disregard the language included in line 4557 and utilize the funds for a rail extension in Bryan County.

LINE-ITEM VETOES BY THE GOVERNOR**Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 162, line 4780:**

The General Assembly authorizes the appropriation of \$432,718 in debt service for the purpose of financing projects and facilities for the Technical College System of Georgia, specifically for the design of the Logistics, Transportation and Manufacturing Complex at West Georgia Technical College, through the issuance of \$1,870,000 in 5-year taxable general obligation bonds. This project was identified as a lower priority by the Technical College System of Georgia and the total cost of the project over the next three years would exceed the annual capital planning amount for the System. Therefore, I veto this authorization (page 162, line 4780) in the provisions relative to Section 50: Georgia General Obligation Debt Sinking Fund and the state general funds of \$432,718.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 162, line 4782:

The General Assembly authorizes the appropriation of \$367,926 in debt service for the purpose of financing projects and facilities for the Technical College System of Georgia, specifically for the design of the Advanced Manufacturing Center at Columbus Technical College, through the issuance of \$1,590,000 in 5-year taxable general obligation bonds. This project was identified as a lower priority by the Technical College System of Georgia and the total cost of the project over the next three years would exceed the annual capital

planning amount for the System. Therefore, I veto this authorization (page 162, line 4782) in the provisions relative to Section 50: Georgia General Obligation Debt Sinking Fund and the state general funds of \$367,926.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 163, line 4785:

The General Assembly authorizes the appropriation of \$363,200 in debt service for the purpose of financing projects and facilities for the Technical College System of Georgia, specifically for land acquisition for a new Technology Center at Georgia Piedmont Technical College in Dekalb County, through the issuance of \$4,000,000 in 20-year taxable general obligation bonds. The amount authorized provides only half of the amount necessary to acquire the land needed for the project. Capital authorizations should meet the full need for the phase of the project to ensure it does not create an outyear liability for a future legislature. Therefore, I veto this authorization (page 163, line 4785) in the provisions relative to Section 50: Georgia General Obligation Debt Sinking Fund and the state general funds of \$363,200.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 166, line 4813:

The General Assembly authorizes the appropriation of \$268,768 in debt service for the purpose of financing projects and facilities for the Department of Transportation, specifically to upgrade shortline railroads to Class II rail, through the issuance of \$2,960,000 in 20-year taxable general obligation bonds. The Department has existing available capital funding of \$35 million through prior year bond authorizations. The Department should prioritize utilizing existing available balances for shortline rail upgrades before additional funds are authorized. Therefore, I veto this authorization (page 166, line 4813) in the provisions relative to Section 50: Georgia General Obligation Debt Sinking Fund and the state general funds of \$268,768.

GOVERNOR BRIAN P. KEMP
2022 SESSION OF THE GEORGIA GENERAL ASSEMBLY
VETO MESSAGES & SIGNING STATEMENTS

VETO 1

Senate Bill 473 would reapportion the districts for the Sumter County Board of Education.

At the request of the sponsor, **I VETO SENATE BILL 473.**

VETO 2

House Bill 1538 would annex parcels of land into the City of Smyrna from unincorporated Cobb County. Several of these parcels are currently zoned for a land use designation that is not recognized by the City of Smyrna Zoning Ordinance (the “Smyrna Ordinance”). Per the Smyrna Ordinance, upon annexation, these parcels would be rezoned to the land use designation which is most like their Cobb County land use designation.

Since these parcels’ current land use designation is not recognized by the Smyrna Ordinance, these parcels would be rezoned to a less-intense land use designation than how they are currently zoned. This rezoning would cause these property owners to suffer a significant detriment in their property values and would amount to a violation of their due process rights.

For the foregoing reasons, **I VETO HOUSE BILL 1538.**

VETO 3

Senate Bill 616 would change the compensation of the solicitor-general of the State Court of Chattooga County.

At the request of the sponsor, **I VETO SENATE BILL 616.**

STATEMENT ON HOUSE BILL 476

House Bill 476 removes the Georgia Professional Engineers and Land Surveyors (“PELS”) Board from the jurisdiction of the Professional Licensing Board Division (“PLB”) of the Secretary of State’s Office. Though I firmly believe in the efficiency afforded by PLB, and the concept of a centralized, uniform process for occupational licensure and regulation, I recognize there are rare instances where the independence of a licensing board better protects public health, provides better service for industry needs, and promotes efficiency in government.

In reviewing House Bill 476, the Georgia Occupational Regulation Review Council (“GORRC”) found the current operation of the PELS Board presents a potential for harm, specifically noting delays in enforcement for violations presenting a threat to public health and safety. While I strongly support the policy of consolidating administrative functions to find efficiencies in government, I believe in this specific instance the current threat to public health and safety outweighs potential issues raised regarding the Board’s independence.

Most engineering firms are small businesses, with far fewer than 50 employees and many operations include only one or two individuals. Insufficient communication and lack of enforcement by PLB is hindering the ability of these small businesses to respond to industry demands at a time when our state needs their timely services.

For the foregoing reasons, **I SIGN HOUSE BILL 476.**

Senator Gooch of the 51st moved that the Senate stand in recess for the purpose of convening a Joint Session with the House of Representatives, pursuant to HR 17, to hear a message from His Excellency, Governor Brian P. Kemp, and, upon the dissolution of the Joint Session, that the Senate stand adjourned until 10:00 a.m. Thursday, January 26, 2023.

The President announced the motion prevailed at 10:35 a.m.

The hour for convening the Joint Session of the Senate and House having arrived, the President, accompanied by the Secretary and Senators, proceeded to the Hall of the House of Representatives, and the Joint Session, called for the purpose of hearing a message by His Excellency, Governor Brian P. Kemp, was called to order by Lieutenant Governor Burt Jones. HR 17, authorizing the Joint Session of the Senate and House, was read by the Clerk of the House.

His Excellency, Governor Brian P. Kemp, addressed the Joint Session of the Senate and the House of Representatives as follows:

"Lt. Governor Jones, Speaker Burns, President Pro Tem Kennedy, Speaker Pro Tem Jones, members of the General Assembly, Constitutional Officers, Mayor Dickens, members of the judiciary, members of the consular corps, and my fellow Georgians:

When I delivered my first State of the State address in this chamber four years ago, little did we know the unprecedented challenges that were before us.

Now, on the other side of my first term, we have overcome each of those challenges, together, and we have risen to the occasion each time change has come.

Speaking of change, each chamber has new leadership than when I began my first term, and I want to congratulate Lt. Governor Jones and Speaker Burns again on their elections, along with the newly elected leaders and appointed committee chairs in both the Senate and House. I also want to congratulate my fellow Constitutional Officers on their recent victories.

Over the last four years, our greatest achievements were accomplished when both chambers worked hand-in-hand with my office to put the people of our state first – ahead of the status quo.

Our future as a state relies on that partnership... to do the right thing for our citizens, even when it may not be easy.

Each of you has my commitment to continue that work, together.

That's good for our entire state... because I believe this session will be one of consequence.

I'm proud to report that because of the foundation we have built, together, over the past four years, because of the resilience shown by the people of Georgia, because of the resolve they continue to show, the state of our state has never been stronger and more resilient!

This session, we will not only build on the monumental achievements of the past four years, we will set Georgia on a path of greatness for generations to come.

This past year in particular was unprecedented for economic success in the Peach State.

In less than 365 days, we announced four of the largest economic development projects in state history. Just those four projects alone will bring over 20,000 new jobs and over \$17 billion in investment to rural communities across Georgia.

Those good-paying jobs are in fields that will define the next generation of manufacturing, and that future will be made right here in Georgia.

And we aren't slowing down.

Just last week, we learned that in the first half of this fiscal year, our top-ranked Department of Economic Development helped to announce 17,500 new jobs and more than \$13 billion in investment coming to Georgia.

I'm especially proud that, once again, 85% of those jobs are coming to areas outside metro Atlanta!

And the good news is our metro areas continue to thrive in this environment, with organic growth generated by good policies and a pro-business approach that we have all worked with partners in the private sector to create.

I want to thank the hardworking men and women of the Georgia Department of Economic Development who helped us bring those unparalleled levels of opportunity to communities all across our state!

One member of that team is here with us today. Yoonie Kim serves as Director of Korean Investment, and she's been instrumental in bringing literally billions of dollars and thousands of jobs to Georgia communities.

Yoonie, will you please stand and let us thank you for that good work?

I also want to thank the General Assembly for their contributions to this effort. I cannot overstate how critical your support is when it comes to winning in these competitive environments, while also providing a good return on investment.

Thanks to the collective work of those in this chamber, those who came before us, and local leadership across Georgia, we've been named the No. 1 state for business for nine years in a row.

But despite all we have achieved, there's a growing risk to that No. 1 status – the need for more workers and quality homes where they can raise a family in the same community where they work.

This year, the budgets I presented to you make significant steps in addressing both issues.

We are putting precious state dollars where our priorities are, including every level of education to grow a generation of highly skilled workers.

In fact, between both budgets we will devote an additional \$1.9 billion to education and fully fund the QBE Formula.

We are expanding and reinforcing the workforce pipeline at every level, including where it begins – in our K-12 classrooms.

Hardworking teachers are the most impactful elements of this pipeline.

We're fortunate to have one of them here with us today. She's a first-grade teacher at Hahira Elementary School in Lowndes County. During the pandemic, like so many others who serve in our classrooms, she went above and beyond for her students.

Lauren Plair, will you please stand and let us thank you for your service?

Lauren is now in her fifth year of teaching, a milestone when educators often feel burnt out and consider leaving the profession.

To keep our best and brightest in the classroom, when I first ran for governor, I promised to raise teacher pay by \$5,000. With your help, we fully delivered on that pledge.

To reward those who continue to serve after the hardships of the pandemic, my FY 2024 budget proposes yet another \$2,000 pay raise for teachers like Lauren.

While some politicians have continued to grumble about teacher pay in Georgia, let me

give you the facts:

In total, we will have given hardworking educators a \$7,000 pay raise in just five years. No other General Assembly or governor will have raised teacher pay by so much, so quickly, in state history!

With the passage of this budget, the average teacher salary in Georgia will also now be over \$7,000 higher than the Southeast regional average.

But we know that teachers don't just need more pay and resources, they also need reinforcements.

That's why I'm furthering the teacher workforce pipeline measures we put into place during my first term through certification grants that will help paraprofessionals become teachers.

With this one investment, we will add close to 5,000 new teachers to our education workforce!

But we also know the workforce pipeline extends into our world-class universities and technical colleges.

That is why, for the first time in over a decade – and in the 30th year of both this program and the Georgia Lottery – we are once again fulfilling Governor Zell Miller's vision and returning HOPE Scholarship and Grant awards to 100% of tuition!

Today, we are joined by one of the students and future workers who has benefited from Governor Miller's legacy and the support of this General Assembly.

"Oba" Samaye is a HOPE Scholarship student at our National Championship-winning University of Georgia. He is a first-generation college student and the oldest of five children. His father is a retired Navy veteran and pastor and his mother is also currently in school working to become a doctor.

By covering 100% of tuition – a policy long worked on by members of both sides of the aisle – a student like Oba will receive roughly \$1,000 in additional financial assistance in the coming school year.

Oba, will you rise as we wish you continued success?

We look forward to your bright future and hope that you choose a profession here in Georgia.

We will also continue to focus on apprenticeships, Dual Enrollment pathways, and degrees aligned with the needs of job creators to grow our talent pipeline.

But where will students like Oba and those Lauren teaches live when they get into the workforce? Because of our efforts, there is greater opportunity in every zip code in Georgia, but many of those communities struggle to provide adequate workforce housing.

But transformational projects, good-paying jobs, and new investment are worth little if there aren't options for hardworking Georgians to live where they work. We're talking about the people who are teaching your children, keeping your community safe, who provide life-saving support in times of trouble, and those who make the goods and provide the services that make a community such a great place to call home.

That is why I am creating the Rural Workforce Housing Fund, enabling the state to partner directly with local governments to develop sites across the state for workforce housing.

I am also eager to see solutions that will come from others in the next few months.

And as hardworking Georgians find opportunity and the quality housing that comes with it, they also deserve to live, work, and worship in safety.

This is something everyone in this chamber can agree on, and no issue of public safety has received more bipartisan support than the legislation championed by the nation's best first lady – Marty Kemp – and our three girls.

Working alongside partners on the Grace Commission, like Speaker Pro-Tem Jones, Attorney General Chris Carr, the GBI, and others, they have helped to make Georgia a hostile place for traffickers and a safe haven for victims.

Marty and her partners have worked tirelessly to make Georgians throughout the state aware of this evil industry.

Thanks to that good work, lives have been saved, children have been removed from dangerous situations, and offenders have been put behind bars where they can no longer make victims of the innocent.

I'd like to ask Marty, the girls, and others representing the GRACE Commission to stand so that we can thank them.

This year, we will build on their good work by increasing penalties for those organizations required to provide resources on how to spot human trafficking and what actions are needed to stop it, but who unfortunately fail to do so.

Like Marty's prior legislation, I'm sure it will receive overwhelming, bipartisan support!

I also want to thank the General Assembly again for your support of the receiving centers where victims find help and hope. That is certainly a resource that was and is still critically needed.

We will also continue to take violent offenders out of our communities. For far too many Georgians, the safety of their families and homes is put at risk by the unchecked crimes of street gangs.

Early in my first term, we created the GBI's Anti-Gang Task Force to take the fight to these criminals. And last year, you gave the state a new tool to ensure justice – the Gang Prosecution Unit in the Office of Attorney General Chris Carr.

I'm grateful that the Attorney General and his team have already indicted over fifty gang members in just the first six months of standing up this Unit, with more on the way!

Where local District Attorneys are unwilling to confront these violent offenders, the Gang Prosecution Unit is more than capable and willing to step in.

Today, the Attorney General is joined by the head of his Prosecution Division, John Fowler; the head of the Gang Prosecution Unit, Cara Convery; and the head of the Human Trafficking Prosecution Unit, Hannah Palmquist. Would you four please stand and let us thank you?

We have made great strides in curbing crime. But now, this fight is entering a new phase, and law enforcement needs your help to continue to achieve success.

In communities across our state, gangs are actively recruiting children as young as elementary school students into a life of crime. They are targeting the most innocent among us, pulling them down a dark path that too often leads to either a prison cell or the cemetery.

That is why, along with the Attorney General, I'm proposing legislation that will increase penalties for those trying to recruit our children into a gang.

Let me be clear: come after our children, and we will come after you!

I know Lt. Governor Burt Jones and his team are also actively working on the broader issue of gang violence... and we look forward to partnering with them on those efforts. My administration is thankful for his dedication to this urgent problem.

I also know there is strong, bipartisan support for our state law enforcement, including the brave men and women of the state patrol under Colonel Chris Wright's leadership.

Just last week, we were reminded yet again of their steadfast courage and the dangers they face on a daily basis.

While helping to clear the site of the future Atlanta Public Safety Training Facility of militant activists, a Trooper was shot without warning or just cause. He was rushed to the hospital and endured multiple surgeries and days of severe pain, but just like all Troopers, he has refused to quit.

Just a few blocks from where you're sitting, he continues to recover. He and his wife have both our thanks and our prayers.

I had the chance to meet with them earlier this week, and his resolve continues to be strong, but he continues to need our prayers.

Just this past weekend, when out-of-state rioters tried to bring violence to the streets of our capital city, State Patrol, Sheriff's Deputies, and the Atlanta Police quickly brought peace and order. That's just the latest example of why here in Georgia, we'll always back the blue!

This morning, we're joined by another Trooper, one who serves from the skies.

Last year, helicopter pilot Sergeant Brad Harrison – along with a Tactical Flight Officer and a spotter – received a call to assist with a search and rescue operation in Chattooga County. A little boy, no more than five years old, was lost, and like all of us would be, his family was frantic.

Thanks to the skill and quick work of Sergeant Harrison and his crew, they were able to locate the boy in a field, guide Troopers to his location while circling above, and ensure that the child was safely returned to his parents.

Sergeant Harrison, please stand and allow us to thank you for your great work and honored service.

These and other public safety officers on both the state and local levels are the unsung heroes we don't always hear about because their acts of service are given without expectation or reservation.

In light of this past weekend's events, when men and women in uniform are putting themselves in harm's way and literally in the line of fire, you can imagine their frustration when one of these criminals ends up right back out on the street in a matter of hours just to terrorize those streets further.

I appreciate that a Fulton County judge denied bond for four of the six rioters arrested last

Saturday, and gave the other two bonds of over \$355,000, along with a 24-hour curfew and ankle monitors. Unfortunately, this approach is not universal across the judicial system.

While some may not take this issue seriously, I can assure I do. We can and we must do something about the revolving door of criminal justice! And I look forward to working with this legislature to get it done.

In addition to our public safety officers, we're also grateful for our healthcare heroes, and simply put, we need more of them.

Right now, there are 67 counties with less than 10 physicians. And Georgia's need for more nurses is well documented. That's why I'm proposing over \$4.5 million in loan repayment programs to grow the number of healthcare workers in Georgia. I'm also calling for an additional 102 residency slots through an investment of \$1.7 million. With these additions, we will exceed the initial goal number of this program.

And I'm proud to report that the innovative solutions we've brought to Georgia's healthcare challenges continue to bring great results. When I first signed the bipartisan Patients First Act in 2019, no counties had more than 2 health insurance carriers. Today, 86% of Georgia counties have three or more carriers.

And while others have called for expanding one-size-fits none, massive government health programs, thanks to our policies, enrollment in the individual market has more than doubled since 2019 to over 700,000 Georgians.

Thanks to our reinsurance program, we're also saving hardworking families more and more in their wallets. In all, we've reduced premiums by an average of 12.4% across the state. That represents an average annual premium reduction of almost \$1,000 a year.

In rural counties, where premium prices were the least affordable when I took office, the reinsurance program has reduced premiums from 25% to over 40%.

In addition to these innovations, with your help we expanded Medicaid coverage to a full year after a mother gives birth. To support new mothers even more, my team is proposing legislation that will allow pregnant women who qualify to receive TANF benefits. Previously, they were unable to apply for such assistance until after the child was born.

I know this measure is supported by many in this chamber, and I am grateful for your backing.

Since 2018, our state has spent over \$15.3 billion on Medicaid, with a 9% increase in spending over that time. But while the state spends more and more, Georgians aren't seeing an improvement in care they receive. Here in Georgia, we're taking an innovative and

sustainable approach.

The Georgia Pathways to Coverage program was negotiated in good faith with the federal government so that we could expand access to health insurance for those who need it the most, while also sustaining the quality of coverage.

But it was the Biden Administration that delayed its launch for over a year, until a judge threw out their biased objections to this innovative approach. Yes, those are the facts. When it comes to healthcare for hardworking Georgians, the Biden Administration would rather play partisan politics than get people insured and lower costs.

Folks, we don't have time to wait on Washington, and I don't have much patience for D.C. posturing!

We are moving forward, and we are on target for a launch date of July 1 of this year. To meet that goal, I am allocating \$52 million to stand this program up and connect those in need to its benefits.

Here's another fact, upwards of 345,000 Georgians could qualify for the Pathways program and healthcare coverage for the first time, with no changes for those who qualify for regular Medicaid.

And unlike Medicaid expansion, Georgia Pathways will not kick 200,000 Georgians off their private sector insurance.

In our state, we want more people to be covered at a lower cost with more options for patients. And I'm proud to say that Georgia Pathways and Access accomplish that goal!

During this legislative session, I want to encourage the men and women throughout this chamber to consider not just the Georgia of today, but the Georgia of generations from now.

Three years ago, at my State of the State just before the pandemic hit, I shared the words of Nehemiah who refused to slow down or stop his efforts to rebuild his hometown, despite heavy pressure to do so. He always delivered the same message: "I am doing a great work and can't come down."

Throughout the pandemic and afterward, we have been reminded that our work continues. And during this session, we should be too busy to come down into the mud of politics. We have much work to do, and we need to get it done for the people counting on us.

Here at the start of a new session, a new term, and a new era for our state, we have an opportunity to make decisions that will impact our children's grandchildren, if we do it

right and together.

The campaigns have all been run and the people have spoken. They have given us our marching orders, and it's time to get back to work! So, for the Georgians of today and tomorrow... let's get it done.

Thank you, God bless you, and may God continue to bless the great State of Georgia."

"46-5-27.

(a) The General Assembly finds that:

- (1) The use of the telephone to market goods and services is pervasive now due to the increased use of cost-effective telemarketing techniques;
- (2) Over 30,000 businesses actively telemarket goods and services to business and residential customers;
- (3) Every day, over 300,000 solicitors place calls to more than 18 million Americans, including citizens of this state;
- (4) Telemarketing, however, can be an intrusive and relentless invasion of the privacy and peacefulness of individuals;
- (5) Many citizens of this state are outraged over the proliferation of nuisance calls from telemarketers;
- (6) Individuals' privacy rights and commercial freedom of speech can be balanced in a way that accommodates both the privacy of individuals and legitimate telemarketing practices; and
- (7) It is in the public interest to establish a mechanism under which the ~~individual~~ citizens of this state can decide whether or not to receive telemarketing calls and can seek injunctive relief and damages against those in violation of this Code section and against those on whose behalf such violations were committed.

(b) As used in this Code section, the term:

- (1) 'Caller identification service' means a type of telephone service which permits telephone subscribers to see the telephone number of incoming telephone calls.
- (2) 'Residential, mobile, or wireless subscriber' means a person who has subscribed to telephone service from a local exchange company or mobile or wireless telephone service provider or other persons living or residing with such person.
- (3) 'Telephone solicitation' means any voice communication over a telephone line for the purpose of encouraging the purchase or rental of, or investment in, property, goods, or services, but does not include communications:
 - (A) To any residential, mobile, or wireless subscriber with that subscriber's prior express invitation or permission;

(d)(1) The commission shall establish and provide for the operation of a data base to compile a list of telephone numbers of residential, mobile, and wireless subscribers who object to receiving telephone solicitations. (B) Specify the methods by which each residential, mobile, or wireless subscriber may give notice to the commission or its contractor of his or her objection to receiving such solicitations and methods for revocation of such notice;

(C) Specify the length of time for which a notice of objection shall be effective and the effect of a change of telephone number on such notice;

(D) Specify the methods by which such objections and revocations shall be collected and added to the data base;

(E) Specify the methods by which any person or entity desiring to make telephone solicitations will obtain access to the data base as required to avoid calling the telephone numbers of residential, mobile, or wireless subscribers included in the data base; and

(F) Specify such other matters relating to the data base that the commission deems desirable.

(4) If, pursuant to 47 U.S.C. Section 227(c)(3), the Federal Communications Commission establishes a single national data base of telephone numbers of subscribers who object to receiving telephone solicitations, the commission shall include the part of such single national data base that relates to Georgia in the data base established under this Code section.

(e) The commission may provide by rule or regulation for administrative fees to be imposed upon:

(1) A residential, mobile, or wireless subscriber for each notice of inclusion in the data base established under this Code section; provided, however, that the commission shall not set this fee in an amount greater than \$5.00; and

(2) No person or entity ~~who~~ that makes a telephone solicitation to the telephone line of a residential, mobile, or wireless subscriber in this state shall ~~knowingly~~ utilize any method to block or otherwise circumvent such subscriber's use of a caller identification service.

(h) The Attorney General shall have authority to initiate proceedings, pursuant to Code Section 10-1-397, relating to a ~~knowing~~ violation or threatened ~~knowing~~ violation of subsection (c) or (g) of this Code section. Such proceedings include without limitation proceedings to issue a cease and desist order, to issue an order imposing a civil penalty up to a maximum of \$2,000.00 for each ~~knowing~~ violation, and to seek additional relief in any superior court of competent jurisdiction. State Senator

SUBJECT: State Auditor's Certification
Senate Bill (LC 43 2610)

Dear Senator Albers:

This bill would amend provisions relating to the Public Retirement Systems Investment Authority Law. Current law authorizes most eligible large retirement systems to invest up to 10 percent of their assets in alternative investments. If this legislation is enacted, the Peace Officers' Annuity and Benefit Fund would be authorized to exceed this limit and invest up to 15 percent of its assets in alternative investments.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,
/s/ Greg S. Griffin

(C) Made any attempt to legitimate such child; or

(c) If the biological father files a timely objection to the petition, the court shall hear the objection and, if the biological father makes a request, shall continue the hearing for 30 days to allow the father to file a petition to legitimate the minor.

(d) If the biological father does not file a petition for legitimation within 30 days or files a petition that is subsequently dismissed for failure to prosecute or files a petition and the action is subsequently concluded without a court order declaring that he is the father of the minor, the biological father shall have no further rights to receive notice of or object to the appointment of a permanent guardian for the minor.

(e) If the identity of the biological father of the child for whom a permanent guardianship is sought is not known to the petitioner or the petitioner's attorney and the biological father would not be entitled to notice in accordance with subsection (a) of Code Section 15-11-243.1, then it shall be rebuttably presumed that he is not entitled to notice of the proceedings. The court shall be authorized to require the mother to execute an affidavit supporting the presumption or show cause before the court if she refuses. Absent evidence rebutting the presumption, no further inquiry or notice shall be required by the court, and the biological father shall have no further rights to receive notice of or object to the appointment of a permanent guardian for the minor."

A BILL TO BE ENTITLED AN ACT

To amend Chapter 17 of Title 31 of the Official Code of Georgia Annotated, relating to control of sexually transmitted disease, so as to require physicians and healthcare providers to test all pregnant women for HIV and syphilis at the first prenatal visit, at 28–32 weeks' gestation, and at delivery; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 17 of Title 31 of the Official Code of Georgia Annotated, relating to control of sexually transmitted disease, is amended by revising Code Section 31-17-4.2, relating to HIV and syphilis pregnancy screening, as follows:

"31-17-4.2.

(a) This Code section shall be known and may be cited as the 'Georgia HIV/Syphilis Pregnancy Screening Act of 2015.'

(b) Except in cases where the pregnant woman refuses the testing, a pregnant woman shall be tested for HIV and syphilis:

(1) At the pregnant woman's first prenatal visit;

(2) When she is at 28–32 weeks' gestation; and

(3) At delivery.

Each such test shall be conducted by the physician or other healthcare provider who is providing prenatal care for such pregnant woman at each such point in the woman's pregnancy. Every physician and health care provider who assumes responsibility for the prenatal care of a pregnant woman during gestation and at delivery shall be required to test such pregnant woman for HIV and syphilis except in cases where the woman refuses the testing. ~~(d)(c) The woman shall be notified of the test to be conducted and shall have the opportunity to refuse the test. A pregnant woman shall submit to an HIV test and a syphilis test pursuant to this Code section unless she specifically refuses. If the woman tests positive for HIV or syphilis, counseling services provided by the Department of Public Health shall be made available to her and she shall be referred to appropriate medical care providers for herself and her child.~~

~~(e)(d) If for any reason the pregnant woman is not tested for HIV and syphilis, that fact shall be recorded in the patient's records, which, if based upon the refusal of the patient, shall relieve the physician or other health care healthcare provider of any other responsibility under this Code section.~~

~~(f)(e) The Department of Public Health shall be authorized to promulgate rules and regulations for the purpose of administering the requirements under this Code section."~~
