(D) Authorization of employment of such additional staff as the commission deems necessary to carry out the powers assigned to the commission.

(3) The hearing panel shall be responsible for:

(A) Adjudicating formal charges filed by the investigative panel;

(A) 'Attorney' means a lawyer who has been an active status member of the State Bar of Georgia for at least ten years and is a registered voter in this state.

(B) 'Judge' means an elected or appointed public official who presides over a court of record.

(2) The Prosecuting Attorneys' Council of the State of Georgia may recommend to the respective appointing authorities a list of the names of individuals for consideration to serve as attorney commission members.

(3)(A) The five members of the commission's investigative panel shall be appointed as follows:

(i) One attorney with prosecutorial experience as an elected district attorney or elected solicitor-general shall be appointed by the Governor and shall serve a term of four years; provided, however, that the initial appointment shall be for three years, and thereafter, successors to such member shall serve terms of four years;

No commission member present at a panel meeting shall abstain from voting unless he or she is recused. (B) Removal of a panel member for cause shall be by a unanimous vote of all

members of the commission; provided, however, that the panel member who is the subject of the vote shall not vote.

(3) A quorum of the investigative panel shall require any three members of such panel.

(4)(A) Members of the commission shall serve without compensation but shall receive the same daily expense allowance as members of the General Assembly receive, as set forth in Code Section 28-1-8, for each day such member is in physical attendance at a panel meeting or hearing, plus either reimbursement for actual transportation costs while traveling by public transportation or the same mileage allowance for use of a personal motor vehicle in connection with such attendance as members of the General Assembly receive.

(B) Notwithstanding subparagraph (A) of this paragraph, no member shall receive such expense allowance or travel reimbursement if he or she is entitled to receive an expense allowance, travel reimbursement, or salary for performance of duties as a state employee.

(C) Expense allowances and travel reimbursements shall be paid from moneys appropriated or otherwise available to the commission.

(g) The commission, with the assistance of the Prosecuting Attorneys' Council of the State of Georgia, shall promulgate standards of conduct and rules for the commission's governance which will comport with due process and enforce the provisions of subsections (h) and (i) of this Code section; provided, however, that such standards and rules shall be effective only upon review and adoption by the Supreme Court. Such standards and rules shall allow for a full investigation of a district attorney or solicitor-general only upon majority vote of the investigative panel. When a commission member receives information relating to the conduct of a district attorney or solicitor-general, such member shall provide such information to the commission's director for appropriate action.

(h) The following shall be grounds for discipline of a district attorney or solicitor-general or for his or her removal or involuntary retirement from office:

(i)(1) In any complaint filed with the commission alleging a violation of subsection (h) and requesting an investigation of an elected or appointed district attorney or solicitor-

general, the complainant shall be required to file with the commission a sworn affidavit detailing the personal knowledge of the facts supporting the complaint, including any interest the complainant may have in the outcome of the case. The complainant may attach documents to support the complaint. Nothing in this Code section shall be construed to limit the ability of the commission to bring a complaint pursuant to this Code section on its own motion.

(2) The commission may not entertain a complaint on the basis of a charging decision, plea offer, opposition to or grant of a continuance, placement of a case on a trial calendar, or recommendation regarding bond unless the affidavits and any documents attached to the complaint show it is plausible that the district attorney or solicitor-general made or knowingly authorized the decision based on:

(A) Undue bias or prejudice against the accused or in favor of persons with interests adverse to the accused;

(B) An undisclosed financial interest in the outcome of the prosecution;

(C) An undisclosed conflict of interest;

(D) Factors that are completely unrelated to the duties of prosecution; or

(3) Upon indictment of a district attorney or solicitor-general of a matter before either panel, the commission shall suspend its investigation or hearing pending the outcome of the procedure provided for in Code Section 45-5-6.

(j)(1) All information regarding a disciplinary or incapacity matter of a district attorney or solicitor-general shall be kept confidential by the investigative panel and commission staff before formal charges are filed; provided, however, that, if prior to filing formal charges such judge and investigative panel agree to a satisfactory disposition of a disciplinary matter other than by a private admonition or deferred discipline agreement, a report of such disposition shall be publicly filed in the Supreme Court.

(2) After the filing and service of formal charges:

(A) With respect to an incapacity matter of a district attorney or solicitor-general, all pleadings, information, hearings, and proceedings shall remain confidential; and

(B) With respect to a disciplinary matter of a district attorney or solicitor-general, all pleadings and information shall be subject to disclosure to the public, and all hearings and proceedings shall be open and available to the public, except to the extent that such pleadings and information or hearings and proceedings could be properly sealed or closed under Chapter 14 or Article 4 of Chapter 18 of Title 50 or by a court as provided by law.

(3) With respect to administrative and other matters, all records and information shall be subject to disclosure to the public, and all meetings, or portions thereof, shall be open and available to the public, except to the extent that such records, information, and meetings would:

(A) Disclose disciplinary matters of a district attorney or solicitor-general protected in paragraph (1) of this subsection;

- (B) Disclose incapacity matters of a district attorney or solicitor-general protected in paragraph (1) or subparagraph (A) of paragraph (2) of this subsection;
- (C) Be considered a matter subject to executive session, if the commission were considered to be an agency under Chapter 14 of Title 50; or
- (D) Not be required to be publicly disclosed under Code Section 50-18-72, if the commission were considered to be an agency under Article 4 of Chapter 18 of Title 50.
- (4) The work product of the commission and its staff and the deliberations of the commission shall remain confidential.
- (k) Notwithstanding subsection (j) of this Code section, information regarding a disciplinary or incapacity matter of a district attorney or solicitor-general may be disclosed or the confidentiality of such information may be removed when:
 - (1) The privilege of confidentiality has been waived by the individual who was the subject of the commission's investigation; or
 - (2) The commission's rules provide for disclosure:
 - (A) In the interest of justice and to protect the public;
 - (B) If an emergency situation exists; or
 - (C) If a district attorney or solicitor-general is under consideration for another state or federal position.
- (l) Information submitted to the commission or its staff, and testimony given in any proceeding before the commission or one of its panels, shall be absolutely privileged, and no civil action predicated upon such information or testimony shall be instituted against any complainant, witness, or his or her counsel.
- (m) A respondent who is subjected to public reprimand, censure, limitation on the performance of prosecutorial duties, suspension, retirement, or removal shall be entitled to a copy of the proposed record to be filed with the Supreme Court and, if the respondent has objections to it, to have the record settled by the hearing panel's presiding officer. The hearing panel's order in a disciplinary or incapacity matter may be reviewed by the Supreme Court in accordance with its rules and the rules of the commission.
- (n) The commission shall commence by April 1, 2024, and the rules and regulations promulgated by such commission shall be established no later than April 1, 2025. No complaint shall be filed before July 1, 2025. The commission shall not receive complaint submissions regarding misconduct that occurred prior to July 1, 2025, unless such alleged misconduct is related to a continuous pattern of conduct that continues beyond that date.
- (o) The authority of the commission shall be limited to incapacity or discipline regarding the conduct of a district attorney or solicitor-general as a holder of such office. Nothing in this Code section shall be construed as diminishing the authority of the Supreme Court or the State Bar of Georgia to regulate the practice of law in this state."

A licensee shall submit the nonrefundable annual licensing and application fees prescribed under subsection (c) of Code Section 50-27-140 with its application for license renewal.

(b) For each application for licensure or renewal of a license approved under this Code section, the amount of the application fee shall be credited toward the licensee's annual licensing fee and the licensee shall remit the balance of the annual fee to the division upon approval of a license.

(c) Each licensee shall have a continuing duty to promptly inform the division of any change in status relating to any information that may disqualify the licensee from holding a license.

(d) A Type 1 sports betting licensee may enter into commercial agreements with licensees or other entities that provide for such Type 1 sports betting licensee to share in the amount bet from sports betting. A Type 1 sports betting licensee shall not be required to obtain any approval or other form of authorization from the division to enter into such commercial agreements. The division shall not prescribe any terms or conditions that are required to be included into such commercial agreements. Any such agreement entered into by the corporation shall be approved by the board.

(e) All licenses issued under this article shall be valid for a term of 20 years, unless suspended or revoked as provided under this article. Licenses may be renewed for additional terms of 20 years, and a license undergoing the renewal process shall not be deemed surrendered unless the division denies the renewal and all appeals of the

(b) An individual listed in paragraphs (2) through (11) of subsection (a) of this Code section may hold an ownership interest in an applicant or licensee without disqualifying the applicant or licensee from obtaining or holding a license; provided, however, that such an ownership interest of 25 percent or more shall require approval from the division. In determining whether such an ownership interest shall be the basis of disqualification, the division shall consider whether such interest would negatively affect the integrity of sports betting in this state and any other factors the division shall deem relevant.

50-27-143.

(a) A Type 1 sports betting license authorizes a Type 1 eligible entity to offer online sports betting through a designated online sports betting services provider.

(b) The division shall establish, through rules and regulations, a means for Type 1 eligible entities and Type 1 sports betting licensees to designate an online sports betting services provider to offer online sports betting through the Type 1 eligible entity's license. An online sports betting services provider shall be considered the applicant for purposes of satisfying criteria for licensure, other than status as a Type 1 eligible entity, established by this article and the division.

(c) The division shall issue five Type 1 sports betting licenses to qualifying Type 1 eligible entities as follows:

(1) One Type 1 sports betting license shall be reserved for a Type 1 eligible entity defined in subparagraph (A) of paragraph (51) of Code Section 50-27-122; provided, however, that more than one license may be issued to an owner of multiple professional sports teams;

(d) A Type 1 sports betting licensee may contract with no more than one online sports betting management services provider to operate online sports betting on behalf of the Type 1 sports betting licensee.

(e) A Type 1 eligible entity meeting the definition set forth in subparagraphs (A) through (E) of paragraph (51) of Code Section 50-27-122 shall provide written notice to the division of its intention to apply for a Type 1 sports betting license within 60 days of the effective date of this article. The failure of such a Type 1 eligible entity to provide written notice shall result in the permanent disqualification and prohibition of such Type 1 eligible entity from obtaining a Type 1 sports betting license. Any license that is not awarded pursuant to this subsection may be made available by the division to other online sports betting service providers pursuant to a public procurement process.

50-27-144.

(a) The corporation shall retain and distribute, as provided under Article I, Section II, Paragraph VIII of the Constitution, 20 percent of the net receipts of revenue generated from sports betting kiosks on the premises of each retail sports betting location licensee.

(b)(1) A retail sports betting location license authorizes a retail sports betting location licensee to enter into lease agreements with a sports betting kiosk distributor for the placement of sports betting kiosks at the retail sports betting location licensee's premises. Except for persons awarded a license pursuant to paragraph (3) of this subsection, retail sports betting location licensees may place no more than two sports betting kiosks on their premises, and the sports betting kiosks shall not allow wagers to

be placed on equestrian track racing events.

(2) The division shall award and renew retail sports betting location licenses to any applicants that satisfy licensure criteria established by rules and regulations of the division requiring, at a minimum, that the application include and meet the following criteria:

(A) Information identified in paragraphs (1) and (4) of subsection (c) of Code Section 50-27-140;

(B) If the applicant leases the premises, a copy of the lease with the landlord;

(C) Any other licenses the applicant has been issued by the corporation or the department;

(D) A description of any sanctions or penalties imposed on the applicant by any governmental entity that has issued the applicant a license; and

(ii) Is affiliated with and owns or operates the premises of a licensed retail consumption dealer or retail dealer under Title 3.

(3) The division shall also award and renew retail sports betting location licenses to applicants that satisfy the requirements of paragraph (2) of this subsection and subsection (c) of Code Section 50-27-140, and that have been approved in this state by the National Steeplechase Association for at least six months prior to the effective date of this article, or 18 months prior to the submission of an application pursuant to this paragraph. Applicants awarded licenses pursuant to this paragraph may host and broadcast the sporting event of live, in-person equestrian track racing events and may allow bettors to engage in sports betting on equestrian track races on sports betting kiosks pursuant to a contract with a licensed sports betting kiosk distributor. The division shall award no more than three retail sports betting location licenses pursuant to this paragraph.

(4) The division shall promulgate rules and regulations that provide for how revenue generated by sports betting kiosks shall be divided between sports betting kiosk distributors, retail sports betting location licensees, and retail sports betting platform licensees; provided, however, that this paragraph shall not apply to persons issued a license pursuant to paragraph (3) of this subsection or a sports betting kiosk distributor contracting with such a licensee.

(c) The division shall issue not less than five nor more than ten sports betting kiosk distributor licenses. Applicants for a sports betting kiosk distributor license shall satisfy the licensure criteria established by the rules and regulations of the division; provided, however, that applicants shall not be required to satisfy the criteria set forth in paragraphs (5) through (8) of subsection (c) of Code Section 50-27-140. A person applying for or holding a sports betting kiosk distributor license shall not also have an interest in a person applying for or holding another retail sports betting license. A sports betting kiosk distributor license shall authorize the licensee to purchase sports betting kiosks from licensed manufacturers, to own such devices, to contract with a licensed

retail sports betting platform for services, and to enter into leases with sports betting location licensees for the placement of sports betting kiosks on the retail sports betting location licensee's premises.

(d) A manufacturer's license authorizes a licensee to sell its sports betting kiosks to licensed sports betting kiosk distributors. A person with a manufacturer's license and any person affiliated with a manufacturer's license holder may not also hold a sports betting kiosk distributor license or a retail sports betting location license. The division shall award and renew a manufacturer's license to any applicant that satisfies the criteria established by rules and regulations of the division, which shall include at least the following:

(1) Information identified in paragraphs (1), (3), (4), and (9) through (12) of subsection (c) of Code Section 50-27-140;

(e) A retail sports betting platform license authorizes a licensee to offer retail sports betting through retail sports betting kiosks at retail sports betting license locations. A person with a retail sports betting platform license and any person affiliated with a retail sports betting platform licensee may not also have or be affiliated with a person that has a sports betting kiosk distributor license or a retail sports betting location license. The division shall award and renew a retail sports betting platform license to any applicant that satisfies the criteria established by the division's rules and regulations, which shall be similar to those required by online sports betting service providers. An online sports betting services provider may also obtain a retail sports betting platform license.

(g) All sports betting kiosks shall be linked to a communications network operated by the division or its designee that connects every sports betting kiosk in a location to a single point of commerce for the purpose of accounting and reporting to the state. In no event shall the communications network limit participation in retail sports betting to one manufacturer or one type of sports betting kiosk. The communications network shall allow the division to monitor and read all sports betting kiosks for the purpose of compliance with this article and with any obligations to the state; it shall not provide for the monitoring, identifying, or reading of personal or financial information of bettors. The communications network shall be located within and administered by the division or its designee.

50-27-145.

(a) An online sports betting services provider shall offer online sports betting only in accordance with the provisions of this article and the rules and regulations adopted by the division under this article.

(b) An online sports betting services provider shall obtain a license under this article before offering online sports betting pursuant to a contract with a Type 1 sports betting licensee. An online sports betting services provider license shall entitle the holder to contract with no more than one Type 1 sports betting licensee.

(c) If the holder of a Type 1 sports betting license is a Type 1 eligible entity and is a member of a league, association, or organization that prevents the holder from being subject to the regulatory control of the division or from otherwise operating under the license, such a Type 1 eligible entity may contractually appoint an online sports betting services provider for all aspects of division oversight and operations under the Type 1 sports betting license.

(d) Institutional investors and Type 1 eligible entities defined in subparagraphs (A) through (E) of paragraph (51) of Code Section 50-27-122 shall be exempt from any and all qualification and disclosure requirements under this article or required under the rules and regulations promulgated by the division pursuant to this article. Such exemption shall extend to the owners, supervisory employees, directors, and officers of such Type 1 eligible entities.

50-27-146.

The division may consider and deny an application for any person who offered or engaged in sports betting in this state before obtaining a license under this article for a minimum of two years. The prohibition and penalty provided in this Code section shall be in addition to any other civil or criminal prohibitions and penalties as may be provided in this chapter, Title 16, or other provisions of law.

(b) The privilege tax described in subsection (a) of this Code section shall be paid by the online sports betting services provider.

(c) The privilege tax imposed under this Code section shall be paid monthly by the online sports betting services provider based on its monthly adjusted gross income for the immediately preceding calendar month. The privilege tax shall be paid to the corporation in accordance with rules and regulations promulgated by the division. If the online sports betting services provider's adjusted gross income for a month is a negative number, such online sports betting services provider may carry over such negative amount to subsequent months.

(b) A licensee shall promptly report to the division any information relating to:

(1) The name of any newly elected officer or director of the board of the licensed entity; and

(2) The acquisition by any person of 10 percent or more of any class of corporate stock.

(c) With respect to information reported under subsection (b) of this Code section, a licensee shall include with such report a statement of any conflict of interest that may exist as a result of such election or acquisition.

(d) Upon receiving a complaint under this Code section or subsection (b) of Code Section 50-27-191, the division may conduct a hearing in accordance with Code Section 50-27-192 to determine whether the licensee remains in compliance with this article.

(c) The division shall issue rules and regulations that require periodic reports from licensees and the information to be contained therein so that the division can develop and maintain a confidential registry of a consolidated list of individuals and categories of individuals who are ineligible to place a wager in this state and shall provide the registry to each licensee in this state. As soon as practicable, the division shall provide each updated registry to the licensees, which the licensees shall be required to keep confidential. (b)(1) A sports governing body or sporting events operator may submit to the division in writing, by providing notice in such form and manner as the division may require, a request to restrict, limit, or prohibit a certain type, form, or category of sports betting with respect to sporting events of such sports governing body or sporting events operator, if the sports governing body or sporting events operator believes that such type, form, or category of sports betting with respect to sporting events of such sports governing body or sporting events operator may undermine the integrity or perceived integrity of such sports governing body or sporting events operator or sporting events of such sports governing body or sporting events operator. The division shall request comments from licensees on all such requests it receives.

(2) After giving due consideration to all comments received, the division shall, upon demonstration of good cause from the requestor that such type, form, or category of

sports betting is likely to undermine the integrity or perceived integrity of such sports governing body or sporting events operator or sporting events of such sports governing body or sporting events operator, grant the request. (a) Prior to placing a wager with a licensee via online sports betting, a bettor shall register and establish a player account with the licensee remotely and attest that the bettor meets the requirements to place a wager with a licensee in this state. Prior to verification of a bettor's identity in accordance with this Code section, a licensee shall not allow the bettor to engage in sports betting, make a deposit, or process a withdrawal via online sports betting. A licensee shall implement commercially and technologically reasonable procedures to prevent access to sports betting by minors on its online sports betting platforms. A licensee may use information obtained from third parties to verify that an individual is authorized to open an account, place wagers, and make deposits and withdrawals.

(b) Each online sports betting services provider licensee shall adopt a registration policy to ensure that all bettors utilizing online sports betting are authorized to place a wager with a licensee within this state. Such policy shall include, without limitation, commercially reasonable mechanisms which shall:

(1) Verify the name and age of the registrant;

(2) Verify that the registrant is not knowingly prohibited from placing a wager under Code Section 50-27-172; and

policy of the licensee.

(d) A bettor shall not register more than one account with a licensee, and each licensee shall use commercially and technologically reasonable means to ensure that each bettor is limited to one account.

(e) Each online sports betting services provider licensee, in addition to complying with state and federal law pertaining to the protection of the private, personal information of registered bettors, shall use all other commercially and technologically reasonable means to protect such information consistent with industry standards.

(f) When a bettor's account is created, a bettor may fund the account through:

Further, and pursuant to rules and regulations promulgated by the division, licensees shall establish safeguards, including, but not limited to, access notifications and similar security safeguards, to protect each bettor's account.

(2) If a licensee determines that the information provided by a bettor to make a deposit or process a withdrawal is inaccurate or incapable of verification or violates the policies and procedures of the licensee, the licensee shall, within ten days, require the submission of additional information that can be used to verify the identity of such bettor.

(3) If such information is not provided or does not result in verification of the bettor's identity, the licensee shall:

(A) Immediately suspend the bettor's account and shall not allow the bettor to place wagers;

(B) Retain any winnings attributable to the bettor;

(C) Refund the balance of deposits made to the account to the source of such deposit or by issuance of a check; and

(j) The division shall promulgate rules and regulations for purposes of regulating sports betting via online sports betting.

50-27-181.

(a) Licensees shall allow bettors to limit their betting activity with the licensee by, at a minimum, giving bettors the opportunity to place limits on the amounts deposited, the amounts wagered, and the amount of time spent wagering. Licensees shall take reasonable steps to prevent bettors from overriding their self-imposed responsible gambling limits. At the request of a bettor, a licensee may share the requested limitations with the division for the sole purpose of disseminating the request to other licensees.

(b) The division shall promulgate rules and regulations that require a licensee to implement responsible sports betting programs that include comprehensive training on responding to circumstances in which individuals present signs of problem gambling or a betting or gambling disorder.

(c) The division shall work with national and local organizations to provide services for individuals with problem gambling or a betting or gambling disorder and to establish prevention initiatives to reduce the number of individuals with problem gambling or a betting or gambling disorder, including, but not limited to, utilizing currently established programs for problem gambling or betting or gambling disorders.

(d) The division shall annually generate a report outlining activities with respect to problem gambling and betting or gambling disorders, including, but not limited to, descriptions of programs, grants, and other resources made available; the number of individuals seeking assistance; the number of individuals who reported completing programs and therapies; and the rate of recidivism, if known to the division. The corporation shall file the annual report with the Governor, the Lieutenant Governor, and the Speaker of the House of Representatives and shall publish such report on its website no later than January 31 of each year.

50-27-182.

(a) The division shall determine by rules and regulations which licensees shall be required to adopt and adhere to a written, comprehensive policy outlining its rules governing the acceptance of wagers and payouts. Such policy and rules and regulations must be approved by the division prior to the acceptance of a wager by a licensee. Such policy and rules and regulations shall be readily available to a bettor on the licensee's website.

(b) The division shall promulgate rules and regulations regarding:

(1) The manner in which a licensee accepts wagers from and issues payouts to bettors, including payouts in excess of \$10,000.00; and

(2) Requirements for reporting suspicious wagers.

(c) Except for those persons that have been issued a license pursuant to paragraph (3) of subsection (b) of Code Section 50-27-144, the requirements of subsection (a) of this Code section shall not apply to retail sports betting location licensees.

Part 650-27-190.

(a) Except as provided in subsection (b) of this Code section, a licensee may use any data source for determining the results of any tier 1 sports wager or tier 2 sports wager.

(b)(1) A sports governing body or sporting events operator with headquarters located in the United States may notify the division that it desires licensees to use official league data or official event data, respectively, for determining the results of tier 2 sports wagers. A notification under this subsection shall be made in the form and manner as the division shall require through rules and regulations. The division shall notify each licensee within five days after receipt of such notification from a sports governing body or sporting events operator. If a sports governing body or sporting events operator does not notify the division of its desire to supply official league data or official event data, a licensee may use any data source approved by the division for determining the results of any tier 2 wagers on sporting events of that sports governing body or sporting events operator.

(2) Within 60 days after the division notifies each licensee of the desire of a sports governing body or sporting events operator to require official league data or official event data as provided under paragraph (1) of this subsection, each such licensee shall be required to use only official league data or official event data, as applicable, to determine the results of tier 2 sports wagers on sporting events sanctioned by such sports governing body or sporting events operator, except when:

(A) The sports governing body or sporting events operator, or a designee of such sports governing body or sporting events operator, is unable to provide a feed of official league data or official event data to determine the results of a particular type of tier 2 sports wager, in which case licensees may use any data source for determining the results of the applicable tier 2 sports wager until the data feed becomes available on commercially reasonable terms; or

(B) A licensee is able to demonstrate to the division that the sports governing body or sporting events operator, or a designee of such sports governing body or sporting events operator, will not provide a feed of official league data or official event data to the licensee on commercially reasonable terms.

(3) The division may consider the following factors in evaluating whether official league data or official event data is being provided by the sports governing body or sporting events operator on commercially reasonable terms:

(A) The availability of official league data of a sports governing body or the official event data of a sporting events operator on tier 2 sports wagers to a licensee from more than one authorized source;

(B) Market information regarding the purchase of comparable data by licensees for the purpose of settling sports wagers, for use in this state or other jurisdictions;

(C) The nature and quantity of data, including the quality and complexity of the process used for collecting such data; and

(D) The extent to which sports governing bodies or sporting events operators, or

designees of sports governing bodies or sporting events operators, have made available to licensees the data used to determine the results of tier 2 sports wagers.

(4) While the division is determining whether a feed of official league data or official event data has been provided on commercially reasonable terms pursuant to paragraph (3) of this subsection, a licensee may use any data source for determining the results of any tier 2 sports wagers.

(5) The division shall make a determination under paragraph (3) of this subsection within 120 days after the licensee notifies the division that it desires to demonstrate that the sports governing body or sporting events operator, or a designee of such sports governing body or sporting events operator, will not provide a feed of official league data or official event data to such licensee on commercially reasonable terms.

SB 196. By Senators Watson of the 1st, Kennedy of the 18th, Gooch of the 51st, Robertson of the 29th, Anavitarte of the 31st and others:

A BILL to be entitled an Act to amend Part 4 of Article 1 of Chapter 8 of Title 40 of the Official Code of Georgia Annotated, relating to horns, exhaust systems, mirrors, windshields, tires, safety belts, and energy absorption systems, so as to provide for the failure to wear a safety belt or safety restraints for children as admissible evidence in civil actions; to provide for legislative declaration and intent; to prohibit the failure to wear a safety belt or safety restraints for children as a basis for cancellation of insurance coverage; to provide for related matters; to repeal conflicting laws; and for other purposes.

The Senate Committee on Transportation offered the following substitute to SB 196:

A BILL TO BE ENTITLED
AN ACT

To amend Part 4 of Article 1 of Chapter 8 of Title 40 of the Official Code of Georgia Annotated, relating to horns, exhaust systems, mirrors, windshields, tires, safety belts, and energy absorption systems, so as to provide admissibility of safety belt or safety restraint usage as evidence in civil actions; to provide for legislative declaration and intent; to prohibit the failure to wear a safety belt or safety restraints for children as a basis for cancellation of insurance coverage; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds and declares that the use of safety belts in motor vehicles saves lives. In order to encourage safety belt usage in this state and decrease the number of lives lost on Georgia highways, legislative action is needed to ensure that the costs relating to the decision not to use a safety belt are borne by the person failing to secure their own safety and not others. To the extent that decisions by Georgia courts limit the purposes for which failure to use a safety belt may be admitted as evidence or create additional conditions for the consideration of such evidence, such decisions are not aligned with the intent and purpose of this Act.

SECTION 2.

Part 4 of Article 1 of Chapter 8 of Title 40 of the Official Code of Georgia Annotated, relating to horns, exhaust systems, mirrors, windshields, tires, safety belts, and energy absorption systems, is amended in Code Section 40-8-76, relating to safety belts required as equipment and safety restraints for children, by revising subsection (c) as follows:

"(c) Violation of this Code section ~~shall not constitute negligence per se nor contributory negligence per se~~ may be considered in any civil action as evidence admissible on the issues of failure to mitigate damages, assumption of risk, apportionment of fault, negligence, comparative negligence, contributory negligence, or causation. Violation of subsection (b) of this Code section shall not be the basis for cancellation of coverage or increase in insurance rates."

SECTION 3.

Said part is further amended by revising Code Section 40-8-76.1, relating to use of safety belts in passenger vehicles, as follows:

"40-8-76.1.

(a) As used in this Code section, the term 'passenger vehicle' means every motor vehicle, including, but not limited to, pickup trucks, vans, and sport utility vehicles, designed to

carry 15 passengers or fewer and used for the transportation of persons; provided, however, that such term shall not include motorcycles; or motor driven cycles; or off-road vehicles or pickup trucks being used by an owner, driver, or occupant 18 years of age or older in connection with agricultural pursuits that are usual and normal to the user's farming operation; and provided, further, that such term shall not include motor vehicles designed to carry 11 to 15 passengers which were manufactured prior to July 1, 2015, and which, as of such date, did not have manufacturer installed seat safety belts.

(b) Each occupant of the front seat of a passenger vehicle shall, while such passenger vehicle is being operated on a public road, street, or highway of this state, be restrained by a seat safety belt approved under Federal Motor Vehicle Safety Standard 208.

(c) The requirement of subsection (b) of this Code section shall not apply to:

(1) A driver or passenger frequently stopping and leaving the vehicle or delivering property from the vehicle, if the speed of the vehicle between stops does not exceed 15 miles per hour;

(2) A driver or passenger possessing a written statement from a physician that such person is unable, for medical or physical reasons, to wear a seat safety belt;

(3) A driver or passenger possessing an official certificate or license endorsement issued by the appropriate agency in another state or country indicating that the driver is unable for medical, physical, or other valid reasons to wear a seat safety belt;

(4) A driver operating a passenger vehicle in reverse;

(5) A passenger vehicle with a model year prior to 1965;

(6) A passenger vehicle which is not required to be equipped with seat safety belts under federal law;

(7) A passenger vehicle operated by a rural letter carrier of the United States Postal Service while performing duties as a rural letter carrier;

(8) A passenger vehicle from which a person is delivering newspapers; ~~or~~

(9) A passenger vehicle performing an emergency service;

(10) Off-road vehicles or pickup trucks being used by an owner, driver, or occupant 18 years of age or older in connection with agricultural pursuits that are usual and normal to the user's farming operation; or

(11) A passenger in a vehicle during a trip requested through a ride share network service, transportation referral service, or limousine carrier as such terms are defined in Code Section 40-1-90.

(d)(1) The failure of to wear or the wearing of a seat safety belt by an occupant of a motor vehicle to wear a seat safety belt in any seat of a motor vehicle which has a seat safety belt or belts shall not be considered evidence of negligence or causation, shall not otherwise be considered by the finder of fact on any question of liability of any person, corporation, or insurer, shall not be any basis for cancellation of coverage or increase in insurance rates, and shall not may be considered in any civil action as evidence admissible on the issues of failure to mitigate damages, assumption of risk, apportionment of fault, negligence, comparative negligence, contributory negligence, or causation and may be evidence used to diminish any recovery for damages arising out of the ownership, maintenance, occupancy, or operation of a motor vehicle.

(2) The failure of an occupant of a passenger vehicle to wear a seat safety belt in any seat of a motor vehicle which has a seat safety belt or belts shall not be the basis for cancellation of insurance coverage.

(e)(1) Except as otherwise provided in paragraphs (2) and (3) of this subsection, a person failing to comply with the requirements of subsection (b) of this Code section shall not be guilty of any criminal act and shall not be guilty of violating any ordinance. A violation of this Code section shall not be a moving traffic violation for purposes of Code Section 40-5-57.

(2) A person failing to comply with the requirements of subsection (b) of this Code section shall be guilty of the offense of failure to wear a seat safety belt and, upon conviction thereof, may be fined not more than \$15.00; but, the provisions of Chapter 11 of Title 17 and any other provision of law to the contrary notwithstanding, the costs of such prosecution shall not be taxed nor shall any additional penalty, fee, or surcharge to a fine for such offense be assessed against a person for conviction thereof. The court imposing such fine shall forward a record of the disposition of the case of failure to wear a seat safety belt to the Department of Driver Services.

(3) Each minor eight years of age or older who is an occupant of a passenger vehicle shall, while such passenger vehicle is being operated on a public road, street, or highway of this state, be restrained by a seat safety belt approved under Federal Motor Vehicle Safety Standard 208. In any case where a minor passenger eight years of age or older fails to comply with the requirements of this paragraph, the driver of the passenger vehicle shall be guilty of the offense of failure to secure a seat safety belt on a minor and, upon conviction thereof, may be fined not more than \$25.00. The court imposing such a fine shall forward a record of the court disposition of the case of failure to secure a seat safety belt on a minor to the Department of Driver Services.

(f) Probable cause for violation of this Code section shall be based solely upon a law enforcement officer's clear and unobstructed view of a person not restrained as required by this Code section. Noncompliance with the restraint requirements of this Code section shall not constitute probable cause for violation of any other Code section."

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

The report of the committee, which was favorable to the passage of the bill by substitute, was agreed to.

It shall become effective upon adoption or at such later time as it may specify. Every emergency ordinance shall automatically stand repealed 30 days following the date upon which it was adopted, but this shall not prevent reenactment of the ordinance in the manner specified in this section if the emergency still exists. An emergency ordinance may also be repealed by adoption of a repealing ordinance in the same manner specified in this

section for adoption of emergency ordinances.

(b) Such meetings shall be open to the public to the extent required by law and notice to the public of emergency meetings shall be made as fully as is reasonably possible in accordance with Code Section 50-14-1 of the O.C.G.A. or such other applicable laws as are or may hereafter be enacted.

Following publication of the first code under this charter and at all times thereafter, the ordinances and charter amendments shall be printed in substantially the same style as the code currently in effect and shall be suitable in form for incorporation therein. During such transition period, all provisions of this charter shall be effective as law, but not all provisions of this charter shall be implemented.

(e) During such transition period, the City of Atlanta shall continue to provide within the territorial limits of the City of Buckhead City all government services and functions which the City of Atlanta provided in that area during the years 2025 and 2026 and at the same actual cost, except to the extent otherwise provided in this section; provided,

however, that upon at least 60 days' prior written notice to the City of Atlanta by the City of Buckhead City, responsibility for any such service or function shall be transferred to the City of Buckhead City. For the year 2025, the City of Atlanta's collection of ad valorem taxes shall constitute payment in full for services other than water and sewer services delivered to customers sited within the City of Buckhead City, and the City of Atlanta may retain those fees, assessments, fines, and forfeitures associated with those actual services it provided during the transition period and prior to the takeover of services by the City of Buckhead City. (g) Except as otherwise provided in this section, during the transition period, the Municipal Court of the City of Buckhead City may exercise its jurisdiction. During the transition period, all ordinances of the City of Atlanta on non-transferred services shall be applicable within the territorial limits of the City of Buckhead City and the appropriate court or courts of the City of Atlanta shall retain jurisdiction to enforce such ordinances. However, by mutual agreement and concurrent resolutions and ordinances if needed the City of Atlanta and the City of Buckhead City may during the transition period transfer all or part of such regulatory authority and the appropriate court jurisdiction to the City of Buckhead City. Any transfer of jurisdiction to the City of Buckhead City during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in the City of Atlanta or the pending prosecution of any violation of any ordinance of the City of Atlanta.

(h) During the transition period, the governing authority of the City of Buckhead City may at any time, without the necessity of any agreement by the City of Atlanta, commence to exercise its planning and zoning powers; provided, however, that the City of Buckhead City shall give the City of Atlanta notice of the date on which the City of Buckhead City will assume the exercise of such powers. Upon the governing authority of the City of Buckhead City commencing to exercise its planning and zoning powers, the Municipal Court of the City of Buckhead City shall immediately have jurisdiction to enforce the planning and zoning ordinances of the City of Buckhead City. (2) The City of Buckhead City by operation of this charter, to the maximum extent permitted by the Georgia Constitution and general law, shall also assume a pro rata share of any lease purchase obligations and intergovernmental contract obligations outstanding on the effective date of this charter if the creation of the City of Buckhead City causes the City of Atlanta to lose revenues that had historically been used to pay such obligations.

(3) The City of Buckhead City by operation of this charter, to the maximum extent permitted by the Georgia Constitution and general law, shall also remain contingently obligated on its pro rata share of unassumed lease purchase obligations and intergovernmental contract obligations in the event that the revenues used to pay such obligations are insufficient to pay the same.

(4) For the purpose of calculating the City of Buckhead City's pro rata share of any bond obligations provided for in this subsection, such share shall be equal to the value of the City of Buckhead City's ad valorem property tax digest for tax year 2026 divided by the value of the City of Atlanta's ad valorem property tax digest for tax year 2025.

(5) There is hereby created a special taxing district that shall be coterminous with the city limits of the City of Buckhead City, as provided for in Appendix A of this charter. Such special district shall be known as the "Buckhead Taxing District." The City of Buckhead City shall levy and collect a special tax in the Buckhead Taxing District sufficient to pay its share of the obligations provided for in this subsection.

SECTION 1-3.

Said title is further amended in Code Section 43-1-19, relating to a professional licensing

board's authority to refuse, grant, revoke, and reinstate licenses, surrender of licenses, and probationary licenses, by revising subsection (j) as follows:

"(j) Neither the issuance of a private reprimand nor the denial of a license by reciprocity ~~nor the denial of a request for reinstatement of a revoked license nor the refusal to issue a previously denied license~~ shall be considered to be a contested case within the meaning of Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; notice and hearing within the meaning of such chapter shall not be required, but the applicant or licensee shall be allowed to appear before the board if he or she so requests. A board may resolve a pending action by the issuance of a letter of concern. Such letter shall not be considered a disciplinary action or a contested case under Chapter 13 of Title 50 and shall not be disclosed to any person except the licensee or applicant."

SECTION 1-4.

Said title is further amended in Code Section 43-1-19, relating to a professional licensing board's authority to refuse, grant, revoke, and reinstate licenses, surrender of licenses, and probationary licenses, by revising subsection (q) as follows:

"(q)(1) Notwithstanding ~~paragraphs paragraph (3) and (4)~~ of subsection (a) of this Code section or any other provision of law, and unless the professional licensing board shall refuse to grant a license to an individual or shall revoke a license only if a felony or crime involving moral turpitude covered misdemeanor directly relates to the occupation for which the license is sought or held and granting the license would pose a direct and substantial risk to public safety because the individual has not been rehabilitated to safely perform the duties and responsibilities of such occupation, after considering the criteria in paragraph (2) of this subsection. Without finding a direct and substantial risk to public safety and a direct relationship between the conviction and the licensed occupation, no professional licensing board shall refuse to grant a license to an applicant therefor or shall revoke the license of an individual licensed by that board due solely or in part to such applicant's or licensee's:

- (A) Conviction of any felony or any ~~crime involving moral turpitude covered misdemeanor~~, whether it occurred in the courts of this state or any other state, territory, or country or in the courts of the United States;

convicted of a crime requiring registration on the state sexual offender registry.

(2) In determining if a felony or ~~crime involving moral turpitude~~ covered misdemeanor directly relates to the occupation for which the license is sought or held, the professional licensing board shall consider:

(A) The nature and seriousness of such felony or ~~crime involving moral turpitude~~ covered misdemeanor and the direct relationship of ~~such felony or crime involving moral turpitude~~ the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(B) The age of the individual at the time such felony or ~~crime involving moral turpitude~~ covered misdemeanor was committed;

(C) The length of time elapsed since such felony or ~~crime involving moral turpitude~~ covered misdemeanor was committed;

(D) All circumstances relative to such felony or ~~crime involving moral turpitude~~ covered misdemeanor, including, but not limited to, mitigating circumstances or social conditions surrounding the commission of such felony or ~~crime involving moral turpitude~~ covered misdemeanor; and

(E) Evidence of rehabilitation and present fitness to perform the duties of the occupation for which the license is sought or held; including, but not limited to:

(i) The completion of the criminal sentence;

(ii) A program and treatment certificate issued by the Board of Corrections;

(iii) Completion of, or active participation in, a rehabilitative drug or alcohol treatment program;

(iv) Testimonials and recommendations, which may include a progress report from the individual's probation or parole officer;

(v) Education and training;

(vi) Employment history;

(vii) Employment aspirations;

(viii) The individual's current family or community responsibilities, or both;

(ix) Whether a bond is required to practice the occupation;

(x) Any affidavits or other written documents, including, but not limited to, character references; and

(xi) Any other information regarding rehabilitation the individual submits to the board.

(3) In determining whether to deny, diminish, limit, suspect, revoke, refuse to renew, or otherwise withhold a license, the professional licensing board shall not consider nor require an individual to disclose:

(A) A deferred adjudication, first offender treatment, participation in a diversion program, a conditional discharge, or an arrest not followed by a conviction;

(B) A conviction for which no sentence of incarceration can be imposed;

(C) A conviction that has been restricted, sealed, annulled, dismissed, vacated, or pardoned;

(D) A juvenile adjudication;

(E) A misdemeanor conviction older than five years, unless the offense of conviction

is listed in subparagraph (j)(4)(B) of Code Section 35-3-37; or

(F) A conviction older than five years for which the individual was not incarcerated, or a conviction for which the individual's incarceration ended more than five years before the date of the board's consideration, except for a felony conviction related to:

- (i) A criminal sexual act;
- (ii) Criminal fraud or embezzlement;
- (iii) Aggravated assault;
- (iv) Aggravated robbery;
- (v) Aggravated abuse, neglect, or endangerment of a child;
- (vi) Arson;
- (vii) Carjacking;
- (viii) Kidnapping; or
- (ix) Manslaughter, homicide, or murder.

(4) Notwithstanding any other provision of law, no professional licensing board may apply a vague character standard to licensure decisions or predeterminations, including, but not limited to, 'good moral character,' 'moral turpitude,' or 'character and fitness.'

(5) Notwithstanding any other provision of law, a professional licensing board shall provide individualized consideration of an individual's criminal record and shall not automatically deny licensure on the basis of the individual's criminal record.

(6)(A) If an applicant's criminal record includes issues that will or may prevent the board from issuing a license to the applicant, the board shall notify the applicant, in writing, of the specific issues in sufficient time for the applicant to provide additional documentation supporting the application before the board's final decision to deny the application. After receiving notice of any potential issue with licensure due to his or her criminal convictions, an applicant shall have 30 days to respond by correcting any inaccuracy in the criminal record or by submitting additional evidence of mitigation or rehabilitation for the board's consideration, or both.

(B) For the professional licensing board to deny a license on the basis of the applicant's criminal convictions, the board shall first provide an opportunity for a hearing for such applicant in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The applicant shall have the opportunity at such hearing to present the written or oral testimony of character witnesses, including, but not limited to, family members, friends, prospective employers, probation or parole officers, and rehabilitation counselors. The professional licensing board shall issue a decision within 60 days of the complete submission of the issues for consideration or the hearing, whichever is later.

(C) The professional licensing board shall have the burden of justifying by clear and convincing evidence, after a hearing, that an applicant's criminal record supports any adverse licensing decision. If the board denies an applicant a license by reason of the applicant's criminal record, the board shall:

- (i) Make written findings specifying any of the applicant's convictions and the factors provided for in subparagraph (A) of paragraph (2) of this subsection the board deemed directly relevant and explaining the basis and rationale for the denial.

Such written findings shall be signed by the board's presiding officer and shall note the applicant's right to appeal and explain the applicant's ability to reapply. No applicant shall be restricted from reapplying for licensure for more than two years from the date of the most recent application;

(ii) Provide or serve a signed copy of the written findings to the applicant within 60 days of the denial; and

(iii) Retain a signed copy of the written findings for no less than five years.

(D) The denial of a license in part or in whole because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a license, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the occupation for which the license is sought.

(7)(A) Notwithstanding any other provision of law, an individual with a criminal record may petition a professional licensing board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether such individual's criminal record will disqualify him or her from obtaining a license.

(B) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses provided for in paragraph (3) of this subsection. Such petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.

(C) In considering predetermination petitions, the professional licensing board shall apply the direct relationship standard provided for in paragraphs (1) and (2) of this subsection and shall not consider any offenses falling under paragraph (3) of this subsection. The board shall support any adverse predetermination with clear and convincing evidence.

(D) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the professional licensing board only if the petitioner applies for licensure, fulfills all other requirements for the occupational license, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(E) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(F) The professional licensing board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to offer written or oral testimony of character witnesses at the hearing, including but not limited to family members, friends, past or

prospective employers, probation or parole officers, and rehabilitation counselors. The professional licensing board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(G) If the professional licensing board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(i) The grounds and rationale for the predetermination, including any of the petitioner's specific convictions and the factors provided for in subparagraph (A) of paragraph (2) of this subsection the board deemed directly relevant;

(ii) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(iii) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(H) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation.

(8) Each professional licensing board shall include in its application for licensure and on its public website all of the following information:

(A) Whether the board requires applicants to consent to a criminal record check;

(B) The direct relationship standard provided for in paragraph (1) of this subsection and those factors provided for in paragraph (2) of this subsection that the board shall consider when making a determination of licensure;

(C) The criminal record disclosure provided for in paragraph (3) of this subsection;

(D) The appeals process pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' if the board denies or revokes licensure in whole or in part because of a criminal conviction; and

(E) The predetermination petition process, standards, and application, as well as the process for appealing an adverse predetermination pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(9) No later than March 31 each year, each occupational licensing board shall file with the Secretary of State an annual report containing information from the previous year as to:

(A) The number of applicants for a license and, of that number, the number of licenses granted;

(B) The number of applicants with a criminal record and, of that number, the number of licenses granted, denied a license for any reason, and denied due to a conviction or

state supervision status;

(C) The number of predetermination petitioners and, of that number, the number deemed eligible for a license and the number deemed ineligible for a license;

(D) The racial and ethnic distribution of licensing applicants, including the racial and ethnic distribution of applicants with a criminal record; and

(E) The racial and ethnic distribution of licensing applicants with a criminal record granted a license, denied a license for any reason, and denied a license due to a conviction or state supervision status."

SECTION 1-5.

Said title is further amended by revising Code Section 43-1-27, relating to requirement that licensee notify licensing authority of felony conviction, as follows:

"43-1-27.

Any licensed individual who is convicted under the laws of this state, the United States, or any other state, territory, or country of a felony as defined in ~~paragraph (3) of subsection (a) of Code Section 43-1-19~~ 43-1-1 shall be required to notify the appropriate licensing authority of the conviction within ten days of the conviction. The failure of a licensed individual to notify the appropriate licensing authority of a conviction shall be considered grounds for revocation of his or her license, permit, registration, certification, or other authorization to conduct a licensed profession."

(7) If the professional licensing board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(B) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(8) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

SECTION 2-7.

Said title is further amended in Code Section 43-11-71, relating to qualifications of applicants for license and criminal background check, by revising subsection (a) and by adding two new subsections to read as follows:

(b) Application for a license under Code Section 43-11-70 shall constitute consent for performance of a criminal background check. Each applicant who submits an application to the board for licensure agrees to provide the board with any and all information necessary to run a criminal background check, including but not limited to classifiable sets of fingerprints. The applicant shall be responsible for all fees associated with the performance of a background check.

(c) Notwithstanding subsections (a) and (b) of this Code section, the board of dentistry shall refuse to grant a license to an individual or shall revoke a license only if a conviction directly relates to the occupation for which the license is sought or held and granting the license would pose a direct and substantial risk to public safety because the individual has not been rehabilitated to safely perform the duties and responsibilities of the practice of a dental hygienist. In determining if a conviction directly relates to the occupation for which the license is sought or held, the board of dentistry shall consider:

(1) The nature and seriousness of the offense and the direct relationship of the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(2) The age of the individual at the time the offense was committed;

- (3) The length of time elapsed since the offense was committed;

 - (E) Education and training;
 - (F) Employment history;
 - (G) Employment aspirations;
 - (H) The individual's current family or community responsibilities, or both;
 - (I) Whether a bond is required to practice the occupation;
 - (J) Any affidavits or other written documents, including, but not limited to, character references; and
 - (K) Any other information regarding rehabilitation the individual submits to the board.
- (6) In determining whether to terminate and revoke a license, the board shall not consider nor require an individual to disclose:
 - (A) A deferred adjudication, first offender treatment, participation in a diversion program, a conditional discharge, or an arrest not followed by a conviction;
 - (B) A conviction for which no sentence of incarceration can be imposed;
 - (C) A conviction that has been restricted, sealed, annulled, dismissed, vacated, or pardoned;
 - (D) A juvenile adjudication;
 - (E) A misdemeanor conviction older than five years, unless the offense of conviction is listed in subparagraph (j)(4)(B) of Code Section 35-3-37; or

(2) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under subparagraph (c)(6)(F) of this Code section. The petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.

(3) In considering predetermination petitions, the professional licensing board shall apply the direct relationship standard in subsection (c) of this Code section and shall not consider any offenses falling under subparagraph (c)(6)(F) of this Code section. The board shall support any adverse predetermination with clear and convincing evidence.

(4) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the professional licensing board only if the petitioner applies for licensure, fulfills all other requirements for the occupational licensure, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(5) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(6) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The professional licensing board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(7) If the board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(A) The grounds and rationale for the predetermination, including the specific convictions and the factors in subsection (c) of this Code section the board deemed directly relevant;

(B) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(C) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(8) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

In determining if a conviction directly relates to the occupation for which the license is sought or held, the medical board shall consider:

(1) The nature and seriousness of the offense and the direct relationship of the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(6) In determining whether to terminate and revoke a license, the board shall not

consider nor require an individual to disclose:

(A) A deferred adjudication, first offender treatment, participation in a diversion program, a conditional discharge, or an arrest not followed by a conviction;

(B) A conviction for which no sentence of incarceration can be imposed;

(C) A conviction that has been restricted, sealed, annulled, dismissed, vacated, or pardoned;

(D) A juvenile adjudication;

(E) A misdemeanor conviction older than five years, unless the offense of conviction is listed in subparagraph (j)(4)(B) of Code Section 35-3-37; or

(F) A conviction older than five years for which the individual was not incarcerated, or a conviction for which the individual's incarceration ended more than five years before the date of the board's consideration, except for a felony conviction related to:

(2) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under paragraph (a.1)(6) of this Code section. The board shall support any adverse predetermination with clear and convincing evidence.

(4) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the board only if the petitioner applies for licensure, fulfills all other requirements for the occupational license, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(5) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to

submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(6) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to include character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors, who may offer their verbal or written support. The board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. (7) If the board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(A) The grounds and rationale for the predetermination, including any of the petitioner's specific convictions and the factors provided for in subsection (a.2) of this Code section the board deemed directly relevant;

(B) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(8) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

26-4-60.2.

(a) Notwithstanding any other provision of law, an individual with a criminal record may petition the board of pharmacy at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether the individual's criminal record will disqualify him or her from obtaining a license.

(b) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under subsection (b) of Code Section 20-4-60.1. The petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.

(c) In considering predetermination petitions, the board shall apply the direct relationship standard in subsection (a) of Code Section 26-4-60.1 and shall not consider any offenses falling under subsection (b) of Code Section 26-4-60.1. The board shall support any adverse predetermination with clear and convincing evidence.

(d) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the board only if the petitioner applies for licensure, fulfills all other requirements for the licensure, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(e) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(f) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to include character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors, who may offer their verbal or written support. The board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(g) If the board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

- (1) The grounds and rationale for the predetermination, including the specific

convictions and the factors in paragraph (1) of subsection (a) of this Code section the board deemed directly relevant;

(2) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(3) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(h) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

- (6) A ban on commercial speech falsely claiming to handle legal matters before the courts of this state and the courts of the United States is necessary to directly advance the government's interest in protecting Georgians from false or misleading business advertising and solicitations that offer to protect or vindicate constitutional rights of Georgians.

A notification under this subsection shall be made in the form and manner as the commission shall require through rules and regulations. (C) A licensee is able to demonstrate to the commission that the sports governing body or sporting events operator, or a designee thereof, will not provide a feed of official league data or official event data to the licensee on commercially reasonable terms.

(3) The commission may consider the following factors in evaluating whether official league data or official event data is being provided by the sports governing body or sporting events operator on commercially reasonable terms:

AN ACT

To amend Code Section 9-11-26 of the Official Code of Georgia Annotated, relating to general provisions governing discovery under the "Civil Practice Act," so as to provide for a party or current or former high ranking government or corporate officer of whom a deposition is sought to seek a protective order; to require a court to prohibit such deposition subject to exceptions; to provide such exceptions; to provide for modification or vacation of orders upon such motions; to provide for an effective date and applicability; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 9-11-26 of the Official Code of Georgia Annotated, relating to general provisions governing discovery under the "Civil Practice Act," is amended in subsection (c) as follows:

"(c)(1) **Protective orders.** Upon motion by a party or by the person from whom discovery is sought and for good cause shown, the court in which the action is pending or, alternatively, on matters relating to a deposition, the court in the county where the deposition is to be taken may make any order which justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following:

~~(1)~~(A) That the discovery not be had;

~~(2)~~(B) That the discovery may be had only on specified terms and conditions, including a designation of the time or place;

~~(3)~~(C) That the discovery may be had only by a method of discovery other than that selected by the party seeking discovery;

~~(4)~~(D) That certain matters not be inquired into or that the scope of the discovery be limited to certain matters;

~~(5)~~(E) That discovery be conducted with no one present except persons designated by the court;

~~(6)~~(F) That a deposition, after being sealed, be opened only by order of the court;

~~(7)~~(G) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way; or

~~(8)~~(H) That the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the court.

If the motion for a protective order is denied in whole or in part, the court may, on such terms and conditions as are just, order that any party or person provide or permit discovery. Paragraph (4) of subsection (a) of Code Section 9-11-37 applies to the award of expenses incurred in relation to the motion.

(2) In addition to or in lieu of seeking a protective order under paragraph (1) of this subsection, a current or former high level government or corporate officer of whom a

deposition is sought or any party may, upon motion, seek a protective order under this paragraph. The motion shall be accompanied by an affidavit or declaration of the officer, showing:

(A) That the officer is a current or former high level government or corporate officer for purposes of this paragraph; and

(B) That the officer lacks unique, personal knowledge of any matter which is relevant to the subject matter involved in the pending action.

Upon the required showing being made, the court shall enter an order preventing the deposition, unless the party seeking the deposition demonstrates that it has exhausted other reasonable means of discovery, that such discovery is inadequate, and that the officer has unique, personal knowledge of one or more matters relevant to the subject matter involved in the pending action, as to which such party seeking the deposition bears the ultimate burden of proof. The party or officer seeking a protective order shall have the ultimate burden of proof as to whether the officer is a current or former high level government or corporate officer for purposes of this paragraph. The court may vacate or modify an order entered under this paragraph, if after additional discovery the party seeking the deposition meets its burden of proof. If the party seeking the deposition meets its burden of proof as to fewer than all of the matters on which it seeks to depose the officer, the court shall limit the matters on which the officer may be deposed accordingly."

SECTION 2.

This Act shall become effective on July 1, 2023, and shall apply to any motions made or hearings or trials commenced on or after such date.

A BILL to be entitled an Act to amend Chapter 14 of Title 20 of the O.C.G.A., relating to education accountability, so as to provide for the recognition of certain accrediting agencies as evaluators of the quality of education offered in public schools in this state; to provide for related matters; to repeal conflicting laws; and for other purposes.

The Senate Committee on Education and Youth offered the following substitute to SB 204:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 14 of Title 20 of the Official Code of Georgia Annotated, relating to education accountability, so as to provide for the recognition of certain accrediting agencies as evaluators of the quality of education offered in public schools in this state; to provide for the accreditation of public schools and local school systems by recognized accrediting agencies; to provide for requirements for such accreditation; to prohibit the recognition of certain accrediting agencies by the state; to require the State Board of Education to establish evaluation criteria, procedures, and other requirements for recognized accrediting agencies; to provide for legislative findings and intent; to provide for definitions; to provide for applicability; to provide for construction; to provide for an effective date; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly does not affirmatively require any elementary or secondary school or school system in the state to be accredited. Nevertheless, the General Assembly finds that accreditation, or the lack thereof, can have significant impacts on the operation of public and private schools in this state as well as on the students and families served by such schools. For example, a lack of accreditation can impact a student's eligibility to qualify for HOPE awards or to be considered for acceptance to postsecondary educational institutions in this state and elsewhere, and the loss or potential loss of accreditation can result in the removal of local board of education members from their offices. The General Assembly finds that even though accreditation is not legislatively required in elementary and secondary schools in this state, high school accreditation in particular is considered a practical necessity by many families, schools, and school systems. The General Assembly also finds that accreditation agencies, when properly focused on student achievement, academic success, and the fiscal solvency of schools and school systems, can aid schools and school systems in promoting improved quality of learning and teaching and financial efficiency. It is the intent of the General Assembly that the state government, including all offices, agencies, departments, boards, bureaus, commissions, institutions, or other entities thereof, recognize only those accrediting agencies which are primarily focused on the evaluation of quality of learning and teaching and financial efficiency of schools and which are committed to fairness, consistency, and transparency.

SECTION 2.

Chapter 14 of Title 20 of the Official Code of Georgia Annotated, relating to education accountability, is amended by adding a new article to read as follows:

"ARTICLE 320-14-96.(a) As used in this article, the term:(1) 'Accrediting agency' means a governmental organization or a person, firm, association, partnership, corporation, or other entity, whether for profit or not for profit, which purports to be a reliable authority as to the quality of education offered in public schools in this state.(2) 'Public school' means any school under the control and management of a county, independent, or area board of education supported by public funds; any school subject to the provisions of Article 31 or 31A of Chapter 2 of this title supported by public funds; or any school under the control and management of the State Board of Education or a department or agency thereof supported by public funds.(3) 'Recognized accrediting agency' means an accrediting agency that meets the requirements of this article for recognition as an evaluator as to the quality of education offered in public schools in this state by any office, agency, department, board, bureau, commission, institution, or other entity of the state government.(b) An accrediting agency shall not be deemed a recognized accrediting agency by any office, agency, department, board, bureau, commission, institution, or other entity of the state government, including, but not limited to, the State Board of Education, the Board of Regents of the University System of Georgia, the State Board of the Technical College System of Georgia, the Georgia Student Finance Authority, the Georgia Student Finance Commission, or the Office of Student Achievement, unless:(1) Such agency meets the following evaluation criteria that shall be established by the State Board of Education pursuant to this article:(A) Relevant evaluation criteria used by regional and national accrediting agencies and other relevant information as deemed appropriate by the State Board of Education;(B) Rigorous and appropriate measures of the quality of learning and teaching in public schools or school systems, as determined by the State Board of Education in collaboration with education professionals and prescribed as an appropriate percentage, which shall not be less than 65 percent, of the evaluation results, which measures shall:(i) Include all students regardless of ethnicity, sex, disability, language proficiency, and socioeconomic status; and(ii) Be disaggregated by all subgroups as required under the federal Elementary and Secondary Education Act, as amended; and(C) Rigorous and appropriate measures of the financial efficiency of a public school or school system which shall include an analysis of how federal and state funds spent by the public school or school system impact quality of learning and teaching, with such measures comprising an appropriate percentage of the evaluation results as determined by the State Board of Education;(2) Such agency demonstrates the ability and the experience to operate as a recognized

(6) Such agency consistently adheres to procedures throughout the accreditation process, including evaluation and withdrawal procedures, that comply with due process, including:

(A) Adequate specification of requirements and deficiencies at the public school or school system being evaluated; provided, however, that all requirements or deficiencies specified by such agency are directly related to measures of quality of learning and teaching and financial efficiency; provided, further, that any findings, comments, or notes included in an evaluation that are not directly related to quality of learning and teaching or financial efficiency shall not provide the basis for any adverse action against a public school or school system by such agency, including, but not limited to, denial, withdrawal, suspension, or termination of accreditation or placement of a public school or school system on any probationary status;

(9) Such agency makes available to the public and the State School Superintendent, upon request:

(A) A summary of any evaluation resulting in a final decision involving the approval, denial, termination, withdrawal, suspension, or probation of a public school or school system's accreditation, together with the comments of such public school or school system; and

(B) A copy of any complaint or report upon which such agency initiates, or provides

notice to a public school or school system of the intent to initiate, any intervention, investigation, or evaluation of such public school or school system's accreditation status; provided, however, that personally identifiable information of the person, persons, or entity that submitted the complaint or report may be redacted to the extent necessary to comply with the confidentiality protections provided under Code Section 45-1-4 or other applicable law relating to the confidentiality of complaints against organizations that receive public funds.

(c) The provisions of this article shall not apply to any initial or renewal agreement by and between any public school or school system in this state and any accrediting agency entered into before July 1, 2023.

(d) Nothing in this article shall be construed to:

(1) Require any public school or school system in this state to be accredited; or

(2) Prohibit or restrict an accrediting agency from adopting evaluation criteria and procedures not provided for in this article; provided, however, that to the extent an accrediting agency adopts evaluation criteria or procedures which are inconsistent with the provisions of this article, such accrediting agency may not be deemed a recognized accrediting agency."

(c) No electric vehicle charging station that is publicly available, except for community charging equipment, shall be provided, owned, operated, or maintained by an electric utility unless such electric vehicle charging station is provided, owned, operated, and maintained by a separate legal entity not subject to the authority of and regulation by the commission.

10-1-221.

(b) The Commissioner shall be authorized to employ, in accordance with Chapter 20 of Title 45, electric vehicle charging station inspectors to enforce this article. Such inspectors shall be allowed expenses to be approved by the Commissioner. There shall be allowed such further sums for the purchase of equipment, supplies, and clerical help and to pay any other expenses incident to and necessary for the enforcement of this article as may hereafter be appropriated.

(c) The Commissioner shall be authorized to require electric vehicle charging inspectors to be bonded for the faithful performance of their duties at the expense of the department if and to the extent such Commissioner deems it necessary for the proper protection of the state and the public.

(d) The Commissioner shall be authorized to appoint and employ investigators who shall have, in any case that there is reason to believe a violation of this article has occurred or is about to occur, the right and power to serve subpoenas and to swear out and execute search warrants and arrest warrants.

(e) The Commissioner may promulgate such rules and regulations, not inconsistent with the provisions of this article, necessary for the administration and enforcement of this article. Such rules and regulations shall take into consideration and provide for consistency with any rules and regulations of the National Institute for Standards and Technology of the United States Department of Commerce. Such rules and regulations shall be promulgated in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(f) The Commissioner and the Department of Revenue shall be authorized to share information necessary to efficiently administer and enforce the provisions of this article and Article 1 of Chapter 9 of Title 48, the 'Motor Fuel Tax Law.' Any confidential information furnished pursuant to this Code section shall retain its character as confidential and privileged information. Any person who divulges confidential

10-1-222.

(a) All electric vehicle charging stations shall be capable of accurately measuring and prominently displaying upon the station or on a digital network the amount of electricity delivered to each electric vehicle on a per kilowatt-hour basis. Such stations shall be further equipped with meters to record the total kilowatt-hours dispensed.

(b) All electric vehicle charging stations shall be subject to inspection as provided for in this article. Prior to operation of any electric vehicle charging station and annually thereafter, an electric vehicle charging provider shall register with the Commissioner in the form and manner prescribed by such Commissioner. Such registration shall include the location of the electric vehicle charging station; the name, brand, or manufacturer of the type of electric vehicle charging station, together with the name and address thereof; and certification that the electric vehicle charging station is in conformity with the specifications established pursuant to this article by the Commissioner. Certificates of registration issued by the Commissioner pursuant to this Code section shall be posted in a prominent and accessible place upon the electric vehicle charging station.

10-1-223.

Whenever the Commissioner shall find any person willfully marketing the delivery of electricity for use in electric vehicles in violation of the laws of this state, of prescribed specifications of this article, or rules and regulations promulgated pursuant to this article, the Commissioner shall be authorized to apply to the superior court having jurisdiction over the offender for an injunction against the continuance of any such violations. The appropriate superior court shall have jurisdiction, upon hearing and for cause shown, to grant such temporary or permanent injunction restraining further violations as the circumstances appear to require.

10-1-224.

(a) Electric vehicle charging station inspectors shall inspect all electric vehicle charging stations located in the territory assigned to them.

(b) All electric vehicle charging stations found to be giving accurate measure of the amount of electricity delivered within the tolerance established by regulations of the Commissioner shall have the electric vehicle charging station sealed with an official seal applied by an inspector duly authorized by the Commissioner.

(c) If any electric vehicle charging station shall be found to be giving inaccurate measure of the amount of electricity delivered in excess of the tolerance established by regulations of the Commissioner, the inspector shall then and there notify the electric vehicle charging provider, whether owner or lessee. Should the electric vehicle charging provider fail or refuse to then and there make such adjustments as shall be necessary to bring the measure within the allowed variation, the same shall be condemned and rendered

inoperable immediately by the inspector examining the same; and such electric vehicle charging station shall not again be operated without the written consent of the Commissioner. Inspectors shall be required to report to the Commissioner immediately the name and number of any electric vehicle charging station condemned and rendered inoperable.

(d) When any electric vehicle charging station is condemned under this article by any inspector, it shall be the duty of the inspector immediately to make affidavit before the judge of the probate court of the county in which the electric vehicle charging station is located that such station is being operated contrary to law by the electric vehicle charging provider who shall be named in the affidavit. Thereupon the judge of the probate court shall issue an order to the electric vehicle charging provider named in the affidavit to show cause before him or her on the day named in the order, not more than ten days nor fewer than three days from the issuance of the order, why the electric vehicle charging station should not be forfeited, confiscated to the state, and dismantled. On such day named in the order, it shall be the duty of the judge of the probate court to hear the respective parties and to determine whether or not the electric vehicle charging station has been operated contrary to the provisions of this article. If the judge of the probate court finds that the electric vehicle charging station has been so operated, he or she shall forthwith issue an order adjudging the electric vehicle charging station to be forfeited and confiscated to the state and directing the sheriff of the county to dismantle the electric vehicle charging station and take it into his or her possession, and, after ten days' notice by posting or publication, as the court may direct, to sell the electric vehicle charging station to the highest bidder for cash. The proceeds of sale, or as much thereof as may be necessary, shall be used by the sheriff, first, to pay the costs associated with sale, which shall be the same as in cases of attachment, and the sheriff shall thereupon pay over and deliver the residue, if any, to the person from whose possession the electric vehicle charging station has been taken.

(e) It shall be unlawful to install or operate any electric vehicle charging station which can be secretly manipulated in such manner as to give short measure. Such inaccurate electric vehicle charging station shall be condemned as provided in this Code section, and thereafter it shall be unlawful for any person to resell any electricity from such electric vehicle charging station until such station has been made or altered to comply with this article and has been inspected and approved for service by the inspector.

"(5.2) 'Electric vehicle charging station' shall have the same meaning as set forth in

Code Section 10-1-220.(5.3) 'Export and import' means:

- (A) When motor fuels are sold for export and delivered across the boundaries of this state by or for the seller, such action is presumed to be an export from the place of origin and an import into the destination state or country by the seller; and
- (B) When motor fuels are purchased for export and transported across the boundaries of this state by or for the purchaser, such action is presumed to be an export from the place of origin and an import into the destination state or country by the purchaser."

SECTION 3-2.

Said article is further amended in Code Section 48-9-3, relating to levy of excise tax, rate, taxation of motor fuels not commonly sold or measured by gallon, rate, prohibition of tax on motor fuel by political subdivisions, exception, and exempted sales, by revising subsection (a) and subdivision (b)(7)(B)(ii)(I) and by adding a new subsection to read as follows:

"(a)(1) An excise tax is imposed at the rate of 26¢ per gallon on distributors who sell or use motor fuel, other than diesel fuel, within this state. An excise tax is imposed at the rate of 29¢ per gallon on distributors who sell or use diesel fuel within this state. It is the intention of the General Assembly that the legal incidence of the tax be imposed upon the distributor.

(1.1)(A) Beginning on July 1, 2016, and annually thereafter, the amount of this excise tax per gallon on distributors shall be automatically adjusted on an annual basis in accordance with this paragraph.

(B) Using 2014 as a base year, the department shall determine the average miles per gallon of all new vehicles registered in this state pursuant to Code Section 48-5C-1 using the average of combined miles per gallon published in the United States Department of Energy Fuel Economy Guide. Beginning on July 1, 2016, and each year thereafter, the department shall calculate the average miles per gallon of all new vehicles registered in this state in the previous year. The excise tax rate shall be multiplied by the percentage increase or decrease in fuel efficiency from the previous year, and the resulting increase or decrease shall be added to the excise tax rate to determine the preliminary excise tax rate.

(C) Once the preliminary excise tax rate is established, it shall be multiplied by the annual percentage of increase or decrease in the Consumer Price Index. The resulting calculation shall be added to the preliminary excise tax rate, and the result of such calculation shall be the new excise tax rate for motor fuels for the next calendar year.

The Consumer Price Index shall no longer be used after July 1, 2025.

(2) In the event any motor fuels which are not commonly sold or measured by the gallon or which are not otherwise provided for by this Code section are used in any motor vehicles on the public highways of this state, the commissioner may assess, levy, and collect a tax upon such fuels, under such regulations as the commissioner may promulgate, in accordance with and measured by the nearest power potential equivalent to that of one gallon of regular grade gasoline. Any determination by the commissioner

of the power potential equivalent of such motor fuels shall be prima-facie correct. Upon each such quantity of such fuels used upon the public highways of this state, a tax at the same rate per gallon imposed on motor fuel under paragraph (1) of this subsection shall be assessed and collected.

(3) No county, municipality, or other political subdivision of this state shall levy any fee, license, or other excise tax on a gallonage or gallonage equivalent basis upon the sale, purchase, storage, receipt, distribution, use, consumption, or other disposition of motor fuel. Nothing contained in this article shall be construed to prevent a county, municipality, or other political subdivision of this state from levying license fees or taxes upon any business selling motor fuel.

(4)(A) For purposes of this subsection, and notwithstanding ~~the provisions of paragraph (2) of this subsection~~ and any provision contained in the National Bureau of Standards Handbook or any other national standard that may be adopted by law or regulation, the gallon equivalent of:

Each exemption certificate shall be valid for a period of not more than three years and shall be kept by the distributor as one of the records specified in Code Section 48-9-8. It shall be the responsibility of the purchaser to notify the distributor when the purchaser is no longer qualified for the nonhighway exemption. All applicable taxes must be charged the purchaser until the purchaser is granted a valid distributor's license for that type of motor fuel."

"(c.1) No tax is imposed by this article upon or with respect to electricity sold for uses

other than as a motor fuel."

SECTION 3-3.

Said article is further amended in 48-9-8, relating to tax reports from distributors, quarterly or annual, contents, payment, time, business records of distributors, resellers, and retailers, inspection, and dyed fuel oil notices, by revising paragraph (3) of subsection (c) as follows:

"(3) Every person who sells motor fuel at retail shall make the sales through pumps or systems equipped with meters or totalizers. Every person making sales ~~must~~ shall maintain for a period of three years records of gallons or gallon equivalents received and sold to account for all motor fuel."

SECTION 3-4.

Said article is further amended in Code Section 48-9-9, relating to reports of motor fuel deliveries, persons required to report, procedure, restrictions on delivery, and reports of unlicensed purchasers, by revising subsections (a) and (c) as follows:

"(c) No person shall transport motor fuel ~~in~~ over the public highways or navigable waters of this state except in a transport tank truck or vessel which is visibly marked on each side and on the rear with the words 'Motor Fuel,' 'Flammable,' or other indication of the type of product being transported suitable to the commissioner or other regulatory agencies, together with the name and address of the owner of the transport tank truck or vessel and the tank registration number. This subsection shall not apply to vehicles or vessels transporting motor fuel contained in their running tanks and used solely for their propulsion or to vehicles or vessels transporting not more than five gallons of motor fuel for emergency purposes."

The commissioner shall impose the tax, penalty, and interest due. Estimates by the commissioner or his authorized agents shall be prima-facie evidence of the claim of the state and the burden of proof to establish the accountability of motor fuel shall be on the distributor to show that the assessment is incorrect and contrary to law."

(b) A participating school or service provider may apply to the commission to participate in the program and accept account funds for providing services covered as qualified education expenses.

(c) The commission shall, not later than 60 days after receiving a participating school's or service provider's application for approval, notify such school or service provider as to whether its application has been approved or denied. If the commission denies an application, the commission shall provide a reason and notify the school or service provider that it may appeal the decision to the parent review committee created pursuant to Code Section 20-2B-6.

(d) A participating school and service provider shall not refund, rebate, or share account funds with a parent or student in any manner.

(e) The creation of the program shall not be construed to expand the regulatory authority of the state, its officers, or any local school system to impose any additional regulation of nonpublic schools beyond those reasonably necessary to enforce the requirements of this chapter.

(2) Upon proper documentation received by the commission, the commission shall make quarterly payments to the account of a participating student, beginning with the first quarterly payment that corresponds with the enrollment period in which the student's application was received. As nearly as practical, such quarterly payments shall be equal. The state auditor shall cite as an audit exception any failure by the commission to meet any payment deadlines and shall include such audit exceptions on the website established pursuant to Code Section 50-6-32.

The commission shall not adopt a system that relies solely on reimbursing parents for out-of-pocket expenses, but may determine certain qualified education expenses that must require reimbursement or preapproval for purchase. The commission is authorized to qualify private financial management firms to manage the payment system. The commission, at its discretion, shall be authorized to create a system of individually funded accounts or notional accounts funded through a single state omnibus account.

(4) If the participating school requires partial payment of tuition prior to the start of the academic year to reserve space for students admitted to the school, such partial payment may be paid by the commission prior to the first quarterly payment of the year in which the account is awarded, up to a maximum of \$1,000.00, and deducted from subsequent account payments. If a student decides not to attend the participating school, the partial reservation payment must be returned to the commission by such school. Only one reservation payment per student may be made per year.

(c) Funds received pursuant to this Code section shall not constitute taxable income of the parent of the participating student.

(d) Funds deposited into an account shall be used only for qualified education expenses for the participating student. Unused funds in an account, up to an amount not greater than 50 percent of the total funds deposited into the account for the current school year, shall roll over to the following school year; provided, however, that, if an account has been inactive for two consecutive years or the participating student graduates from high school, the funds in such account shall be returned to the state general fund and the account shall be closed.

20-2B-6.

(a) To assist in the determination of whether certain expenses meet the requirements to be considered a qualified education expense under this chapter, a parent review committee shall be established.

(b)(1) The committee shall be composed of eight parents of eligible students. Four of the parents shall reside in local school systems with student enrollment greater than 10,000, and four of the parents shall reside in local school systems with student enrollment less than 10,000.

(4) The executive director of the commission or his or her designee shall serve as the chair of the committee and shall only vote in the event of a tie.

(b) The results of such norm-referenced tests or state-wide assessments shall be provided to and collected by the commission or an organization chosen by the commission on an annual basis.

Submission for the Senate Journal
Protest to Senate Bill 233
March 6, 2023
Senator Derek Mallow, SD 02

Today, I submit my protest to SB 233.

The condition of education in Georgia is already in extreme disrepair:

- 1) Kindergarten is not required in the State of Georgia;
- 2) Pre-K is not fully funded in the state of Georgia—children must participate in a selective lottery system that leaves many sidelined, even though we have more than \$5 billion in the Georgia Lottery surplus; and,
- 3) Pre-K teachers are still not on the full funding schedule for the K-12 system

Senate Bill 233 does not help the 100 Georgia counties that don't have private schools, whose public schools will have to rely on 'thoughts and prayers,' due to the push of state dollars to private schools.

We continue to underfund school transportation and for our ancillary public school educators. We haven't raised funding for transportation in the last 15 years. Our public school buses are in disrepair, gasoline costs continue to rise, and we no longer provide school bus drivers with appropriate health care packages.

We haven't fully funded the state's Quality Basic Education formula or provided for school psychologists and social workers.

Finally, a review board consisting of eight parents – no educators or administrators, or educational professionals - flies in the face of professional education.

Georgia should invest in its public education system to help rural Georgia and create the bright and competent workforce Georgia's future needs.

Sincerely,

/s/ Derek Mallow

Senate Bill (LC 43 2724)

Dear Senator Harbin:

This bill would amend provisions relating to the Public Retirement Systems Investment Authority Law. Specifically, this bill defines the word ‘fiduciary’ to mean any retirement system or administrator that:

- Exercises any discretionary authority or control relative to the management or disposition of a retirement system’s assets;
- Renders investment advice for a fee or other compensation; or
- Has discretionary authority or control in the management or administration of a retirement system.

Under the provisions of this legislation, fiduciaries would be required to execute their duties solely in the best interest of the plan members and beneficiaries. This bill would allow fiduciaries to delegate investment management decisions to qualified professional investment personnel. However, the fiduciary is still liable if it is determined that investment decisions were not made in the best financial interest of the plan members and beneficiaries. This bill would also require each fiduciary to vote and execute all voting proxies solely in the best economic interests or rights of the retirement system, in favor of confidential proxy balloting, and in support of management.

Furthermore, this bill would require all retirement systems to fully comply with the provisions of this bill by November 1, 2023, and must conform any plan documents, contracts, local laws, ordinances, or resolutions that are not in compliance with the provisions of this bill. It should be noted that the provisions of this bill would apply to all retirement systems that receive public funds.

This bill would also amend provisions relating to retirement benefits payable to members of the Public School Employees Retirement System. Under the provisions governing this retirement system, the monthly benefit payable to beneficiaries is based on a set dollar amount multiplied by years of creditable service earned by the member. Currently, the set dollar amount cannot fall below \$14.75, nor can it exceed \$16.50. If this legislation is enacted, the minimum monthly benefit would be calculated based on \$17 for each year of creditable service. This legislation would also remove the maximum benefit multiplier. Instead, the Board of Trustees would be authorized to grant a permanent or one-time benefit

increase based on funds appropriated by the General Assembly for such purpose, with consideration for the actuarial soundness of the System.

This bill would also eliminate a provision that sets the maximum monthly benefit for persons who retired prior to July 1, 2012 at \$15 for each year of creditable service. If this legislation is enacted, the monthly benefits payable to these beneficiaries would increase to \$17 for each year of creditable service and these beneficiaries would become eligible for any future benefit increases.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,
/s/ Greg S. Griffin

The Senate Committee on Retirement offered the following substitute to SB 266:

A BILL TO BE ENTITLED
AN ACT

To amend Article 7 of Chapter 20 of Title 47 of the Official Code of Georgia Annotated, the "Public Retirement Systems Investment Authority Law," so as to provide for a fiduciary duty to invest retirement assets solely in the financial interests of participants and their beneficiaries; to provide for duties; to provide for delegation of duties; to provide for objectives; to provide for proxy voting; to provide for conformance; to provide for a definition; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 7 of Chapter 20 of Title 47 of the Official Code of Georgia Annotated, the "Public Retirement Systems Investment Authority Law," is amended by adding a new Code section to read as follows:

"47-20-88.

(a) As used in this Code section, the term 'fiduciary' means any retirement system administration or any person that with respect to any retirement system subject to the provisions of this chapter:

- (1) Exercises any discretionary authority or control relative to the management or disposition of a retirement system's assets;
 - (2) Renders investment advice for a fee or other compensation, whether directly or indirectly, with respect to any moneys or other property of a retirement system, or has any authority or responsibility to do so; or
 - (3) Has any discretionary authority or control in the management or administration of the retirement system.
- (b) With regard to the investments and assets of a retirement system, each fiduciary:
 - (1) Shall discharge its duties:
 - (A) Solely in the interests of plan participants and their beneficiaries;
 - (B) For the exclusive purpose of providing benefits to plan participants and their beneficiaries; and
 - (C) In accordance with this Code section first and with the laws, resolutions, ordinances, and plan documents appurtenant to such retirement system second;
 - (2) Shall only make investments with care, skill, prudence, and diligence under the circumstances then prevailing that a prudent expert acting in like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims;
 - (3) Shall diversify the investments of the plan so as to minimize the risk of large losses, unless doing so is clearly not prudent under the circumstances; and
 - (4) Shall not subordinate the interests of the participants and their beneficiaries or sacrifice investment returns or accept increased investment risks in the promotion of any nonpecuniary interests. Such nonpecuniary interests shall include, but shall not be limited to, the furtherance of any social, political, or ideological interests.
- (c) A fiduciary may delegate investment management responsibilities to qualified professional investment personnel; provided, however, that the fiduciary or fiduciaries making such delegation shall still be liable for a breach of its fiduciary duty if such delegation is shown to have been based upon influences other than the belief that the plan was best served by such delegation.
- (d) The investment objectives of a retirement system shall be to provide the greatest possible long-term benefits to members of the retirement system by maximizing the total rate of return on investment within prudent limits of risk for a retirement fund of its type and consistent with any investment return requirement assumed by the actuaries in determining the present and future soundness of the fund.
- (e) Each fiduciary shall vote and execute all voting proxies:
 - (1) Solely and exclusively in the best economic interests or rights of the retirement system;
 - (2) In favor of confidential proxy balloting; and
 - (3) In support of management unless, in the opinion of the fiduciary, such a vote would be detrimental to the best economic interests or rights of the retirement system.
- (f) By November 1, 2023, any retirement system subject to the provisions of this chapter shall fully adhere to this Code section and conform, as necessary, any plan documents or contracts or local laws, ordinances, or resolutions that are not in compliance with this

Code section."

SECTION 2.

This Act shall become effective on July 1, 2023.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

SECTION 1.

This Act shall be known and may be cited as the "Consumer Access to Contracted Healthcare (CATCH) Act."

SECTION 2.

Chapter 20E of Title 33 of the Official Code of Georgia Annotated, the "Surprise Billing Consumer Protection Act," is amended by adding new Code sections to read as follows:

"33-20E-24.

(a) The requirements of this Code section shall not apply to a health maintenance organization, as defined in Code Section 33-21-1, possessing a valid certificate of authority obtained in accordance with Code Section 33-21-2.

(b)(1) An insurer providing a network plan shall contract with and maintain a network of participating providers in sufficient number and appropriate type, including primary care and specialty care, pharmacies, clinical laboratories, and facilities, throughout such plan's service area to ensure covered persons have access to the full scope of benefits and services covered under such plan.

(2) An insurer providing coverage for mental health or substance use disorders as part of a network plan shall contract with and maintain a network of participating providers that specialize in mental health and substance use disorder services in sufficient number and appropriate type throughout such plan's service area to ensure covered persons have access to the full scope of mental health and substance use disorder benefits and services covered under such plan.

(c) The Commissioner shall determine and may further assess the adequacy and breadth of a network plan using appropriate qualitative and quantitative criteria, which may include but are not limited to federal rules and regulations for network plans promulgated annually by the Center for Consumer Information and Insurance Oversight in the Notice of Benefit and Payment Parameters issued to qualified health plans, the ability of the network to meet the needs of all covered persons, the availability of participating providers that are within a reasonable time and distance to covered persons and accepting patients, appointment wait times, and the availability of other healthcare service delivery system options.

(2) Require demonstration that it is necessary to provide a service to a covered person through telehealth;

(6) Require a covered person to utilize telehealth or telemedicine in lieu of a nonparticipating provider accessible for in-person consultation or contact; or

(7) Be required to pay a facility fee to a hospital for telehealth services unless the hospital is the originating site as defined in subsection (b) of Code Section 33-24-56.4.

(f) The Commissioner shall adopt rules and regulations to implement and administer this Code section.

33-20E-25.

(a)(1) An insurer shall monitor on an ongoing basis the ability, clinical capacity, and legal authority of its participating providers to furnish all contracted covered benefits to all covered persons under a network plan.

(2) The Commissioner may set forth proposed remedies that will render compliance in the judgment of the Commissioner, may order that healthcare services provided by nonparticipating providers be covered at an in-network level of benefits, and may

impose any administrative penalties authorized by this title.

(d) Within 30 days of notification from the Commissioner, the insurer shall submit a response to the Commissioner that addresses all of the Commissioner's concerns.

(e) Within 30 days of the submission of the response, the Commissioner shall determine whether such response is acceptable and shall notify the insurer of the determination and shall set forth the reasons for the determination.

(b) The Commissioner may take any action authorized, including, but not limited to, issuing an administrative order imposing monetary penalties, imposing a compliance plan, ordering the insurer to develop a compliance plan, or ordering the insurer to reprocess claims."

The Honorable Larry Walker, III
State Senator
State Capitol, Room 421-A

SUBJECT: State Auditor's Certification
Senate Bill (LC 43 2711)

Dear Senator Walker:

This bill would amend provisions relating to retirement benefits payable to members of the Public School Employees Retirement System (PSERS). Under the provisions governing this retirement system, the monthly benefit payable to beneficiaries is based on a set dollar amount multiplied by years of creditable service earned by the member. Currently, the set dollar amount cannot fall below \$14.75, nor can it exceed \$16.50. If this legislation is enacted, the minimum monthly benefit would be calculated based on \$17 for each year of creditable service. This legislation would also remove the maximum benefit multiplier. Instead, the Board of Trustees would be authorized to grant a permanent or one-time benefit

increase based on funds appropriated by the General Assembly for such purpose, with consideration for the actuarial soundness of the System.

If enacted, this bill would also eliminate a provision that sets the maximum monthly benefit for persons who retired from PSERS prior to July 1, 2012 at \$15 for each year of creditable service. If this legislation is enacted, the monthly benefits payable to these beneficiaries would increase to \$17 for each year of creditable service and these beneficiaries would become eligible for any future benefit increases.

This bill would also revise laws relating to social security coverage for employees of the state and political subdivisions of the state. Specifically, this bill would require the Employees' Retirement System to identify each political subdivision of this state that does not extend coverage for the benefits of Title II of the Social Security Act to members of the PSERS. The Employees' Retirement System would be required to submit a report to the Chairmen of the House and Senate Retirement Committees which includes the names of all political subdivisions that do not extend this benefit. This report must include the number of people who are impacted. This report must be issued by July 1, 2023.

By October 1, 2023, each political subdivision that currently does not extend such coverage will need to revise their plan to include social security coverage for PSERS members. On and after July 1, 2023, the Employees Retirement System will not be authorized to approve any plan of any political subdivision that does not extend social security benefit coverage to PSERS members.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

The Senate Committee on Retirement offered the following substitute to SB 240:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 18 of Title 47 of the Official Code of Georgia Annotated, relating to social security coverage for employees of the state and its political subdivisions, so as to require certain social security coverage for all employees of a political subdivision who are members of the Public School Employees Retirement System; to prohibit the approval of certain plans; to provide for reporting; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 18 of Title 47 of the Official Code of Georgia Annotated, relating to social security coverage for employees of the state and its political subdivisions, is amended by revising Code Section 47-18-41, relating to plans for old-age, survivors, and disability insurance coverage submitted by state political subdivisions, contents, approval, and contributions required, as follows:

"47-18-41.

(a) Each political subdivision of the state is authorized to submit for approval by the state agency a plan for extending the benefits of Title II of the Social Security Act to employees of such political subdivision. The adjutant general, acting on behalf of the state, is authorized to submit and enter into a similar plan with the state agency for extending such benefits to the civilian employees of the National Guard units of this state, who are, for the purposes of this chapter, deemed to be a separate coverage group as provided for in the federal Social Security Act; provided, however, that nothing contained in this chapter shall be construed to deem or designate the civilian employees of the National Guard units of this state to be employees of this state. Each such plan and any amendments thereof shall be approved by the state agency if it finds that such plan, as amended, is in conformity with such requirements as are provided in regulations of the state agency, except that no such plan shall be approved unless:

(1) It is in conformity with the requirements of the Social Security Act and with the agreement entered into under Code Section 47-18-40;

(2) It provides that all services which constitute employment and are performed in the employ of a political subdivision by employees thereof shall be covered by the plan except that it may exclude services performed by individuals to whom Section 218(c)(3)(C) of the Social Security Act is applicable;

(3) It specifies the sources from which the funds necessary to make the payments required by ~~paragraph (1) of subsection (c) of this Code section and by subsection (d) of this Code section~~ are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose;

(4) It provides for such methods of administration of the plan by the political subdivision as are found by the state agency to be necessary for the proper and efficient

administration of the plan;

(5) It provides that the political subdivision will make such reports in such form and containing such information as the state agency may from time to time require and will comply with such provisions as the state agency or the secretary of health and human services may from time to time find necessary in order to assure the correctness and verification of such reports; and

(6) It authorizes the state agency to terminate the plan in its entirety, in the discretion of the state agency, if it finds that there has been a failure to comply with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the state agency and which are consistent with the Social Security Act; provided, however, that such conditions as may be provided by the regulations of the state agency for such termination shall assure that the state shall not incur any debt or loss in relation to any amounts due the state from other provisions of the Social Security Act, including grants in aid for public assistance and for maternal and child welfare.

(b) The state agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (a) of this Code section and shall not terminate an approved plan without reasonable notice and opportunity for hearings to ~~the~~ such political subdivision ~~affected thereby~~.

(c) Each political subdivision ~~as to which a~~ that has a plan ~~has been~~ approved under this Code section shall pay to the federal Social Security Administration contributions in the amounts and at the rates specified in the applicable agreement entered into by the state agency under Code Section 47-18-40.

(d)(1) By September 1, 2023, the state agency shall identify each political subdivision of this state that does not extend coverage for the benefits of Title II of the Social Security Act to those employees of such political subdivision who are members of the Public School Employees Retirement System established under Chapter 4 of this title. The state agency shall issue a report to the chairpersons of the House Retirement Committee and the Senate Committee on Retirement that contains the names of all such political subdivisions and shall provide the total number of employees per political subdivision who do not have such coverage.

(2) By January 1, 2024, the plan for each political subdivision that does not extend coverage for the benefits of Title II of the Social Security Act to its employees who are members of the Public School Employees Retirement System established under Chapter 4 of this title shall be amended to provide such coverage for such current and future employees of such political subdivision.

(e) On and after September 1, 2023, the state agency shall not approve any political subdivision's plan that does not extend coverage for the benefits of Title II of the Social Security Act to its employees who are members of the Public School Employees Retirement System established under Chapter 4 of this title."

SECTION 2.

All laws and parts of laws in conflict with this Act are repealed.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that:

- (1) There has been a massive unexplained rise in diagnoses of gender dysphoria among children over the past ten years, with most of those experiencing this phenomenon being girls;
- (2) Gender dysphoria is often comorbid with other mental health and developmental conditions, including autism spectrum disorder;
- (3) A significant portion of children with gender dysphoria do not persist in their gender dysphoric conditions past early adulthood;
- (4) Certain medical treatments for gender dysphoria, including hormone replacement therapies and surgeries, have permanent and irreversible effects on children;
- (5) No large-scale studies have tracked people who received gender-related medical care as children to determine how many remained satisfied with their treatment as they aged and how many eventually regretted transitioning; on the contrary, the General

Assembly is aware of statistics showing a rising number of such individuals who, as adults, have regretted undergoing such treatment and the permanent physical harm it caused;

(6) Under the principle of "do no harm," taking a wait-and-see approach to minors with gender dysphoria, providing counseling, and allowing the child time to mature and develop his or her own identity is preferable to causing the child permanent physical damage; and

(7) The General Assembly has an obligation to protect children, whose brains and executive functioning are still developing, from undergoing unnecessary and irreversible medical treatment.

SECTION 2.

Article 1 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to regulation of hospitals and related institutions, is amended by adding a new Code section to read as follows:

"31-7-3.5.

(a) Except as provided in subsection (b) of this Code section, none of the following irreversible procedures or therapies shall be performed on a minor for the treatment of gender dysphoria in an institution licensed pursuant to this article:

(1) Sex reassignment surgeries, or any other surgical procedures, that are performed for the purpose of altering primary or secondary sexual characteristics; or

(2) Hormone replacement therapies.

(b) The provisions of subsection (a) of this Code section shall not apply to treatment provided pursuant to an exception contained in subsection (b) of Code Section 43-34-15.

(c) The department shall establish sanctions, by rule and regulation, for violations of this Code section up to and including the revocation of an institution's permit issued pursuant to Code Section 31-7-3."

SECTION 3.

Article 1 of Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to the Georgia Composite Medical Board, is amending by adding a new Code section to read as follows:

"43-34-15.

(a) Except as otherwise provided in subsection (b) of this Code section, the following irreversible procedures and therapies performed on a minor for the treatment of gender dysphoria are prohibited in this state:

(1) Sex reassignment surgeries, or any other surgical procedures, that are performed for the purpose of altering primary or secondary sexual characteristics; and

(2) Hormone replacement therapies.

(b) The board shall adopt rules and regulations regarding the prohibitions contained in subsection (a) of this Code section, which shall contain limited exceptions for:

(1) Treatments for medical conditions other than gender dysphoria or for the purpose of sex reassignment where such treatments are deemed medically necessary;

(2) Treatments for individuals born with a medically verifiable disorder of sex development, including individuals born with ambiguous genitalia or chromosomal abnormalities resulting in ambiguity regarding the individual's biological sex;

(3) Treatments for individuals with partial androgen insensitivity syndrome; and

(4) Continued treatment of minors who are, prior to July 1, 2023, being treated with irreversible hormone replacement therapies.

(c) A licensed physician who violates this Code section shall be held administratively accountable to the board for such violation but shall not be held civilly liable for damages to any person in any civil or administrative action or criminally responsible for injury, death, or loss to person or property on the basis that such physician did or did not comply with this Code section."

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

(b) Notwithstanding any other provision of this chapter, when there is a replacement of a preexisting manufactured home or mobile home with a new home within a manufactured home community or mobile home park, or on any other residential land, a local government shall not adopt or enforce any zoning decision or zoning ordinance, or any other regulation or restriction, or impose any conditions on the new home, the property upon which the home sits, or the owner's property that were not required of the preexisting home, home site, or property, that would prevent the continuance of the property owner's lawful nonconforming use that had existed relating to the preexisting home, the property upon which the home sat, or the owner's property.

(c) The provisions of subsection (b) of this Code section shall not apply if:

(1) A discontinuance is necessary for the safety of life or property;

(2) The nonconforming use has been discontinued for the period of time established by ordinance which shall not be less than 12 months, unless such discontinuance is caused by circumstances outside the control of the property owner;

(3) The replacement home would result in a change from the lawful nonconforming use as a single-family dwelling to any other type of dwelling; or

(4) The replacement home results in an obstruction to a shared driveway or shared sidewalk providing vehicular or pedestrian access to other homes and uses, unless the property owner makes modifications to such shared driveway or shared sidewalk that extinguishes such obstruction or the effects of such obstruction."

The legislation on the Local Consent Calendar, having received the requisite constitutional majority, was passed.

Senator Dolezal of the 27th asked unanimous consent that Senator Still of the 48th be excused. The consent was granted, and Senator Still was excused.

Senator Gooch of the 51st moved that the Senate stand in recess for the purpose of convening a Joint Session with the House of Representatives, pursuant to HR 280, to hear a message from the Honorable Michael P. Boggs, Chief Justice of the Supreme Court, and, upon the dissolution of the Joint Session, that the Senate stand adjourned until 10:00 a.m. Thursday, March 9, 2023.

The President announced the motion prevailed at 10:55 a.m.

The hour for convening the Joint Session of the Senate and House having arrived, the President, accompanied by the Secretary and Senators, proceeded to the Hall of the House of Representatives, and the Joint Session, called for the purpose of hearing a message by the Honorable Michael P. Boggs, Chief Justice of the Supreme Court, was called to order by the Speaker of the House. HR 280 authorizing the Joint Session of the Senate and House

was read by the Clerk of the House.

Honorable Michael P. Boggs, Chief Justice of the Supreme Court, addressed the Joint Session of the Senate and the House of Representatives as follows:

“Lieutenant Governor Jones; Speaker Burns; President Pro Tem Kennedy; Speaker Pro Tem Jones; members of the General Assembly; Constitutional Officers; Presiding Justice Peterson and my fellow justices; Chief Judge Rickman, Vice-Chief Judge Mercier, and the judges of the Court of Appeals; other judges here with us today; and my fellow Georgians.

I am honored to return to this esteemed chamber – The Peoples House – the place where I began my career in elective public service, to now present to you all, as Chief Justice of the Supreme Court of Georgia, my report on the state of Georgia’s judiciary.

I’d like to start with a point of personal privilege to express my most sincere gratitude to many of you here today for your steadfast friendship over the years. I also want to thank you all in this chamber for your ongoing cooperation and support that has enabled us to fulfill our constitutional obligations as the third branch of government. As I said in hearings before the Joint Budget Committees in January, you all have regularly shown that you understand and appreciate the work of our state courts and recognize the significant impact our work has on society and our democracy. It is my hope that this collaborative working spirit will continue to improve, strengthen and protect the administration of justice in Georgia and uphold the rule of law – a goal I know we all share.

Over the past three years of unprecedented challenges, the state’s judiciary has consistently demonstrated its commitment to faithfully serving the citizens of Georgia. We remain strong and resolutely focused on upholding the rule of law and administering justice swiftly, impartially, and independently - foundational tenants of our democracy and our system of justice. As a result, I’m pleased to report that the state of the judiciary is strong.

This strength is found, however, in the midst of challenges. This past year has been a period of hard work and significant recovery. Courts at every level in Georgia are emerging from the fog of uncertainty created by the COVID-19 pandemic only to be confronted with new challenges presented by crushing caseloads. And, despite the best efforts of our courts to stay as functional as possible, within the bounds of health and law, many courts have accrued a backlog of cases, both criminal and civil, that resulted from the significant delays in proceedings at all levels.

As my predecessors, former Chief Justices Harold Melton and David Nahmias, have told this body before, the backlog could take years to resolve. Unlike the Braves baseball games that were scratched from the calendar in the 2020 season never to be played again, the legal needs of Georgia citizens continued and often worsened during the pandemic. Crimes, business disputes, divorces, custody battles, and the unsettled estates of departed loved ones did not simply disappear because of a virus. They demand resolution then and now. But make no mistake, the numbers in certain parts of Georgia are truly astounding, and the resolution will not be easy. Let me offer up just one example.

In Fulton County, where we currently sit, there are more than four thousand pending

indicted felony cases. And it's critical to note that the number of felony criminal cases that were indicted during COVID is substantially lower than the number of people arrested for felonies during that same period. So, in Fulton County, in addition to the indicted felony caseload, there are almost fourteen thousand unindicted felony cases. And Fulton County is not alone as high case volumes are present in some other jurisdictions as well. Critically though, criminal cases, unlike their civil counterpart, present significant implications on the constitutional rights of the accused, pose serious speedy trial issues and affect the families of victims awaiting justice and their need for closure.

Fortunately, Governor Kemp has been responsive to the plea from courts across Georgia for help and during his first term, committed \$96 million in federal American Rescue Plan Act funds, to state courts and prosecutors, and another \$14 million to public defenders to address the backlogs of serious violent felony cases. This funding has been used for temporary space, such as renting temporary courtroom space to hold jury selections or large trials; hiring temporary personnel, including assistant prosecutors or senior judges; and upgrading and modernizing courtroom IT equipment (especially for remote proceedings). I'm pleased to report that the funds are helping. After seeing a 36.3 percent increase in serious violent felony cases between 2019 and 2021, circuits receiving ARPA grants reported a nearly 12 percent decrease in these pending cases between the end of 2021 and August 2022. A similar decrease was seen among all felony cases and all cases in general.

The number of jury trials is also recovering. After seeing a 75 percent drop in felony jury trials between 2019 and 2020, our courts saw an increase in these trials of more than 182 percent by the end of 2021 and a nearly 14 percent increase over the first eight months of 2022. There is still a long way to go, but our trial court judges are demonstrating incredible leadership in tackling this problem.

And to our trial judges, I say this: thank you. Thank you for all that you have done and continue to do, despite challenges not seen for generations. You are on the front lines in the fight for the rule of law, and we all depend on you. Your efforts reflect well on the judiciary and make us all very proud. But our work continues.

The ARPA committee is continuing its hard work implementing circuits' applications for calendar year '23 funding, and you should know that the needs are still great as we have awarded an additional \$39 million in funding to 37 judicial circuits for their remediation efforts this calendar year. On behalf of Judges throughout Georgia please know how grateful we are for this funding. It is truly making an impact on case backlogs across the state. Unfortunately, though, we have learned that money alone will not fix the problem.

As you all know, workforce challenges have permeated every sector of Georgia's economy, from private industry to health care, and our system of justice - particularly our criminal justice system is not immune. Governor Kemp has made workforce one of his primary areas of focus for Georgia, and I want you to know the courts share this focus particularly given how workforce challenges in the judicial system continue to impede our efforts to address court backlogs.

For our court system to operate effectively and justly, we need every component at

full capacity: judges, prosecutors, public defenders, court reporters, clerks, interpreters, and courtroom security. Without any one of these components, the judicial system simply doesn't work. And to be clear, our judicial system is having enormous challenges finding the workers it needs to fill the positions justice demands.

The Prosecuting Attorneys Council, which supports the district attorney's offices in each of our 50 circuits, reports that it is experiencing the highest number of job vacancies and the highest level of turnover in recent history. As of December 2022, PAC had 43 unfilled positions. Compare that to just 11 in July of 2020.

Pete Skandalakis, the executive director of PAC, sums it up like this: "Our criminal justice system is labor intensive. If we have vacancies in any of those positions, we have a standstill in cases. And before you know it, a backlog of 20 cases becomes 40, and 40 becomes 80. We need experienced people." Pete's right.

To make matters worse, the problem is especially acute outside of the metro area and in our rural areas. For example, in Dougherty County, there are only four full-time prosecutors, when in the past, there have been at least twice as many. The circuit received ARPA grant funding in 2022 to move through its backlog of about 10 thousand pending felony cases, twenty-five hundred of which involve serious violent felonies, like murder, rape, armed robbery, and certain sex offenses - the kinds of cases where it is clearly in the public's best interest to have your most experienced prosecutors working. Despite the funding, the DA was unable to find enough lawyers interested in filling the open prosecutor positions.

Meanwhile, the number of pending criminal cases grows larger and so does the wait for defendants charged but not convicted of crimes who are sitting in local jails, awaiting indictment or trial. Of course, in our system, punishment is supposed to follow conviction, not precede it. And this pre-trial delay causes other problems, too.

While the cost of building up our legal workforce requires financial investment, it may ultimately cost less than allowing defendants to sit in jail. In Dougherty County, Chief Judge Willie Lockette estimates there are more than 200 pretrial detainees that have been in jail there for two or more years. At a cost of roughly eighteen thousand dollars per inmate, it has cost the county nearly three point seven million dollars a year to house those detainees.

As I mentioned, workforce challenges are not exclusive to prosecutors. Defendants accused of crimes who cannot afford their own attorneys still have the right to legal representation, but public defender offices are also having a hard time recruiting and retaining attorneys. Several months ago, David Lipscomb, who chairs Gwinnett County's Indigent Defense Governing Committee told local reporters that before the pandemic the county had about 130 lawyers for defendants who couldn't afford one. During the pandemic, the county dropped down to about 80. In response, the county added one million dollars to its indigent defense budget to help recruit more. But not every county has access to those kinds of funds.

To help recruit needed public defenders, the General Assembly recently passed legislation bringing parity to starting salaries of public defenders and prosecutors. While this parity is a tool with which our state can recruit needed public defenders, significant

workforce challenges persist.

In the midst of these challenges, though, I think it is important to recognize the hard and often thankless work of those prosecutors and public defenders that we do have. And to each of them, we say thank you. Our system depends on you doing your job and doing it well. Thank you for doing just that.

Of course, it's not just in the criminal arena that workforce challenges manifest. As you know, there is no right to appointed counsel for litigants in civil cases like divorce, child custody, and eviction proceedings where the consequences are often enormous. Sixty-seven of our 159 counties have 10 or fewer licensed practicing attorneys. Even worse, seven counties, all rural, have no licensed attorneys at all. Access to justice is a bedrock of our nation's judicial system, yet the basic right of access is denied to many during their most dire life challenges.

Now, some of you might think that fewer lawyers are a good thing. I won't ask for a show of hands! Indeed I recognize that the General Assembly has far fewer lawyers now than when I served two decades ago. But, as you well know, our wheels of justice depend on lawyers. Truthfully, you may not think much of lawyers until you need one, and there are plenty of folks out there who do. To me, Georgia should be a national thought-leader in promoting access to justice for its citizens—all 11 million of them—and I expect that you will hear more about this from us soon.

To be sure though, I'm so very proud of how our judiciary is leading and ensuring that the state of Georgia's judiciary remains strong—and resilient. All across Georgia, our courts, judges, and legal partners are looking for innovative solutions to complex and unique problems and along the way, improving the administration of justice for our citizens, all 11 million of them. Let me offer a few examples.

In Juvenile Court in Tifton, Judge Render Heard's courtroom was an early adopter of remote conferencing technology. He employed state-of-the-art devices to keep cases - and ultimately the lives of children - from stalling. As the pandemic has receded, Judge Heard has kept his high-tech setup so that he can continue presiding over hearings and case reviews in a more efficient way.

Now, for instance, a psychologist living in Columbus or an emergency room doctor living in Atlanta who is called on to testify doesn't have to drive hours to Tift County. Or a lawyer, who is also a working mom, doesn't have to ask for a continuance in her client's case when her own child is home sick. Or children, who are at the hearts of these cases and may be placed in homes hours away from the four-county circuit, can still participate in their hearings and be aware of the decisions affecting their futures without missing full days of school. These are all real scenarios Judge Heard has seen and resolved with his court's adoption of technology.

Another innovation is occurring in Chatham County, where Juvenile Court Judge Roxanne Formey has founded the state's first treatment court for minor victims of human trafficking. Appropriately called HOPE Court, which stands for Healing Opportunities through Positive Empowerment, this unique court focuses on addressing the specific needs of youth and families involved in sex and labor trafficking and aims to strengthen them and their communities by providing them with the support, resources, and tools they need in

order to recover and lead productive, healthy lives.

In addition, you should all be proud to hear that Georgia is one of the states taking a lead in expanding services to veterans, a population that has been historically underserved in our criminal justice system. Fortunately, Georgia judges like Cobb Judicial Circuit Judge Rob Leonard are leading the charge.

I have the pleasure of serving on the Council on Criminal Justice's Veterans Justice Commission, which is chaired by former US Defense Secretary and US Senator Chuck Hagel and includes former defense secretary and White House Chief of State Leon Panetta. We've been working to identify the unique needs of veterans who find themselves involved in our criminal justice system as well as solutions that can restore their lives and lead them back on a path of being healthy, productive citizens.

What we've found is that even though nationwide, public safety officials, prosecutors, and courts have modified their structure and objectives when addressing military veterans, only a fraction of state and local governments have established justice-involved, veteran-focused interventions. Fortunately, Georgia judges are recognizing and meeting this challenge.

Through veterans courts, eligible non-violent defendants are diverted away from our prisons and into a highly supervised, data-driven treatment program that addresses their underlying issues and creates a support network for success and stability. And as a result—and not surprisingly—recidivism rates for these high-risk but non-violent individuals are lower.

According to recent data from the Council of Accountability Court Judges, veterans courts have among the lowest recidivism rates, with just 18 percent of graduates being re-arrested for a felony offense within three years. By contrast, the recidivism rate for similar individuals who instead went to prison instead hovered between 60 and 81 percent. What's more, veterans and other accountability courts save taxpayer dollars. Veterans courts yield a saving of more than thirteen thousand dollars per participant to the state while costing less than six thousand dollars per participant. And last year alone, Georgia Veterans Courts served 337 veterans. Those courts produce real savings – both budgetarily and in lives saved. On behalf of our many dedicated accountability court judges across Georgia, thank you for your continued commitment and support.

Beyond these examples of Georgia judges improving access to justice, our state judges are also fully engaged in improving the administration of justice for our many citizens with serious mental illness. A few points to illustrate the issue.

In the U.S. one out of every 33 adults is behind bars. You might be surprised to know that in Georgia, that number is also roughly 1 in 33. Since 1980 in Georgia the number of people going to jail has tripled and the length of sentence has increased by one hundred and sixty-six percent. I believe that much of this is attributable to deficiencies in our mental health service delivery systems.

Nationwide, nearly a fifth of jail admissions involves a person with serious mental illness. We also know that people with mental illness in the U.S. are 10 times more likely to be incarcerated than hospitalized and 19 times more likely to find a bed in the criminal justice system than at a state civil hospital. And while those with mental illnesses are

generally arrested for minor crimes like criminal trespass or loitering, once incarcerated they tend to stay four to eight times longer in jail and at seven times the cost. In our own DOC, the mental health population has grown one hundred percent in the last two decades such that now nearly twelve thousand people - a full twenty-five percent of the entire incarcerated population are identified as having a mental health issue.

On top of the enormous moral and fiscal impacts, public safety is also adversely affected because we know that just a day or two in jail for this population increases their recidivism rates by forty percent.

Thankfully Governor Kemp and all of you have recognized the importance of addressing this problem in creating and supporting the work of the Behavioral Health Reform and Innovation Commission. Your efforts have ensured that Georgia continues to lead the country in thoughtfully and responsibly addressing this issue. Sincerely, I thank you all for your overwhelming support of the recommendations of the Commission and trust that you recognize that your efforts reflect well on the priorities of our state. I also want to acknowledge the critical leadership of the late House Speaker David Ralston and applaud Speaker Jon Burns for continuing this important legacy. And I want to especially recognize and thank Judges Amanda Mercier, Brenda Weaver, Kathy Gosselin, Brian Amero, and Sarah Harris for their commitment to this valuable work on behalf of our state judiciary.

Another way our court leaders are working hard to ensure that our citizens have meaningful access to justice is through our Judicial Council's Committee on Court Interpreters which recently completed reviewing and updating the rules that govern court interpreting in our state. As Georgia's population is becoming increasingly diverse, it is imperative that our state courts continue to be accessible to all. I'd particularly like to recognize my fellow Justice Carla Wong McMillian and City of Suwanee Municipal Court Judge Norman Cuadra for their efforts to lead this work.

In addition to these tremendous examples of judiciary-led initiatives, let me lift up another initiative in which our legal partners are helping Georgia's children.

Through a medical-legal partnership program, our state's legal practitioners are assisting children with significant health risks and chronic illnesses. In 2004, Atlanta Legal Aid pioneered a health law partnership program, known as HeLP, that stationed lawyers in each of the hospitals run by Children's Healthcare of Atlanta and established a law clinic at Georgia State University to assist low-income families with legal problems that affect the health and well-being of their medically fragile children. In fact, through the work of these medical-legal partnerships, five Georgia children have received new hearts when they otherwise would not have been eligible.

HeLP lawyers work with doctors, social workers, nurses, and others to provide services where children are already receiving health care. They intervene to address underlying conditions that harm children's health, such as poor housing conditions, which can magnify chronic illness like asthma or sickle cell disease, and assist to secure necessary special education services for developmentally disabled children. They have facilitated custody changes for infants with terminal cardiac conditions that allowed them to be placed in supportive home environments and in turn to be eligible to receive life-saving heart

transplants.

During 2020, HeLP lawyers worked on more than 640 cases, serving 387 unique clients. Their work resulted in \$1.2 million in measurable savings in housing, education, family law, insurance, and public benefits. I hope you will continue to find ways to support this critical work supporting Georgia's most vulnerable children.

Before I wrap up, and I promise that will be soon, I want to share with you all our Court's motto. If you've ever been inside our courtroom or watched the live stream of our oral arguments, you may have noticed a Latin phrase prominently displayed above our bench that roughly translates into "Let Justice Be Done Though The Heavens May Fall." We are reminded of that phrase every time we hold court. To me, the phrase uniquely encompasses the duty of our Judges.

Judges are called upon to interpret the law and the Constitution. It is not our duty, nor should it be, to change the law or the constitution. We do not render decisions based on our own desires or bent to our own will. Rather we follow what the statutes and the constitution require. And we solemnly respect the awesome responsibility you all have as legislators to craft and shape our laws. This is the embodiment of the separation of powers. And this is the rule of law.

However, underpinning the rule of law is the safety of our judges. Our judicial system depends on judges deciding cases without fear, this includes fear for their personal safety or the safety of their families. The Chief Justice of the United States has made court security the centerpiece of his recent annual report, stating, "The law requires every judge to swear an oath to perform his or her work without fear or favor, but we must support judges by ensuring their safety. A judicial system cannot and should not live in fear." And as Chair of the Judicial Council of Georgia, I want to give a voice to the judges across our state who have an interest in this issue and so judicial security will be an issue of focus as the year progresses. In fact, just last month our Supreme Court created a new Judicial Council standing committee on judicial security to be chaired by Justice Shawn Ellen LaGrua. The committee will be focusing on security challenges to Georgia's judges, especially outside of the courthouse. I am aware of ongoing efforts by the General Assembly on this topic and expect that we will have some further recommendations for your consideration next year. Your interest in this issue is very much appreciated.

I'm optimistic about the year ahead of us. Our courts are making significant progress in moving cases, improving access to justice and administration of justice, and in steadfastly upholding the rule of law.

Thank you again for inviting me to speak on behalf of the Supreme Court, as well as all of Georgia's judicial branch this morning. I wish you all a productive balance of this session. May God bless you and your families. And may God bless the great state of Georgia."

SECTION 2.

That the State of Georgia, acting by and through its State Properties Commission, may grant to Georgia Power Company, or its successors and assigns, a nonexclusive easement to construct, install, operate, and maintain underground electrical distribution lines and associated equipment to serve a new dormitory for the benefit of Bacon Probation Detention Center. SECTION 5.

That, after Georgia Power Company has put into use the underground electrical distribution lines and associated equipment for which this easement is granted, a subsequent abandonment of the use thereof shall cause a reversion to the State of Georgia, or its

"SECTION 2.

The board shall be composed of five members, each of whom shall be an elector and a resident of Macon-Bibb County and who shall be appointed by the governing authority of Macon-Bibb County in the following manner:

(1) Two members shall be selected and nominated by the county executive committee of the political party which at the last preceding regular general election held for the election of all members of the General Assembly elected the largest number of members of the General Assembly. Such members so nominated shall be certified by the chairman of the county executive committee of such political party to the governing authority of Macon-Bibb County.

(2) Two members shall be selected and nominated in like fashion by the county executive committee of the political party which, at such election, elected the next-largest number of members of the General Assembly. Such members so nominated shall be certified by the chairperson of the county executive committee of that political party to the governing authority of said county.

(3) The fifth member shall be appointed by the governing authority of Macon-Bibb County from a list of one or more nominees submitted to the governing authority of Macon-Bibb County by a majority of the other four members of the board. (C) In the event that the governing authority of Macon-Bibb County rejects all the names included on a list of nominees, any timelines related to the nomination or appointment of board members shall be reset, and the nominating authority provided for in this section shall select a new nominee or slate of nominees within 60 days of the rejection by the governing authority.

SECTION 3.

The governing authority of Macon-Bibb County shall file with the clerk of the Superior Court of Bibb County an affidavit which states the name and residential address of the persons appointed pursuant to Section 2 of this Act and certifies that such members have been duly appointed as provided in this Act. The clerk of the superior court shall record each such certification on the minutes of the court and shall certify the name of each such

member to the Secretary of State and provide for the issuance of appropriate commissions to the members and chairperson within the same time and in the same manner as provided by law for registrars.

SECTION 4.

No person who holds elective public office shall be eligible to serve as a member of any such board of elections during the term of such elective office and the position of any member of the board shall be deemed vacant upon such member qualifying as a candidate for elective public office.

SECTION 5.

(a) Upon the effective date of this Act, those members presently serving on the Macon-Bibb County Board of Elections shall automatically continue serving in an equivalent membership capacity, provided that the respective appointing and nominating authorities shall reappoint such members or appoint new members to the board in the manner prescribed in Section 2 of this Act no later than 60 days after this Act shall become effective.

(b) In the event of a vacancy on the board with respect to a member nominated by one of the political parties as provided for in Section 2 of this Act, or upon the expiration of such member's term of office, such political party shall nominate a successor within 60 days after the date such vacancy is created or such term expires and the governing authority shall appoint such successor in like manner as the person whose position is vacant for the unexpired or succeeding term. In the event such political party fails to make a nomination within 60 days after this Act shall become effective, within 60 days after a vacancy occurs or a term expires, or within 60 days of the governing authority rejecting a list of nominees, then the position shall instead be filled by direct appointment of the governing authority of Macon-Bibb County.

(c) In the event of a vacancy on the board with respect to the member at large, the members of the board nominated by the political parties shall submit to the Macon-Bibb County Commission the names of one or more nominees to fill the unexpired term, such nomination to be made within 60 days after the vacancy occurs. In the event the term of office for the member at large ends, no nominees to succeed the member at large shall be submitted to the governing authority of the county, and the 60 days for submitting nominees to the county shall not begin to run until at least three of the political party members have been duly appointed to serve for the new term of office. The governing authority of Macon-Bibb County shall select and appoint the successor member at large from the nominee or nominees whose names are submitted by a majority of the remaining members of the board. In the event of the failure of the board to submit the names of such nominee or nominees within 60 days after the vacancy occurs or the time for submitting nominees for a new member at large begins to run, then the vacancy shall instead be filled by the governing authority of Macon-Bibb County with any person otherwise qualified to serve on the board.

SECTION 6.

Initial appointees hereunder shall take office upon appointment and shall serve until March 31, 2025, and until a successor is appointed and qualified. The successors of the initial appointees shall serve for terms beginning on April 1 in odd-numbered years and ending on March 31 in the odd numbered year next following and shall continue in office for such terms and until their successors are selected, appointed, and qualified. Each member shall be eligible to succeed himself or herself, and shall have the right to resign at any time by giving notice to the body which selected or nominated him or her and to the governing authority of Macon-Bibb County. Each member shall be subject to removal from the board at any time in the same manner and by the same authority provided for removal of registrars under the provisions of Code Section 21-2-212 of the Official Code of Georgia Annotated, or as hereafter amended. Upon removal of a member as provided by law, a vacancy shall be deemed to exist and shall be filled for the unexpired term as hereinabove provided.

SECTION 7.

Before entering upon their duties, each member of the board shall take the following oath before some officer authorized to administer oaths under the laws of this state in addition to any other oaths required by law:

'I do solemnly swear that I will faithfully and impartially discharge, to the best of my ability, the duties imposed upon me by law as a member of the Macon-Bibb County Board of Elections.'

SECTION 8.

The board shall be responsible for the selection, appointment, training, and removal of poll workers, and such workers shall be appointed insofar as practicable from the lists provided to the board by the county executive committee of each political party.

SECTION 9.

The board of elections shall have the following powers and duties:

- (1) The board shall have the powers and duties of the election superintendent relating to the conduct of primaries and elections and shall have the powers and duties of the board of registrars relating to the registration of voters and absentee balloting procedures.
- (2) The board shall be authorized and empowered to organize itself, elect its officers, determine its procedural rules and regulations, adopt by-laws, specify the functions and duties of the elections supervisor, and otherwise take such action as is appropriate to the management of the affairs committed to its supervision; provided, however, that no such action shall conflict with state law.

SECTION 10.

Notwithstanding any other provision in this Act, the Macon-Bibb County Board of Elections shall not have any of the following powers or duties:

- (1) It shall not have the power to hold any money or real or personal property in its own name, but rather all money and property to be held or used by the board shall be held and titled in the name of Macon-Bibb County.
- (2) It shall not have the power to hire or employ any person or entity, or to contract with any person or entity for the performance of any service or the purchase or sale of any goods, but rather all persons employed for the benefit of the board or for the purpose of exercising the powers or performing the duties thereof shall be employees of Macon-Bibb County, and all contracts for the performance of any service or the purchase or sale of any goods for the use or benefit of the board shall be in the name of Macon-Bibb County instead and shall be subject to all contracting requirements imposed upon Macon-Bibb County by state or local law.
- (3) It shall not have any powers not expressly granted to the board by this Act or otherwise provided in state law.

SECTION 11.

To accomplish the foregoing, the board shall formulate, adopt, and promulgate rules and regulations consistent with law and the rules and regulations of the State Election Board governing the conduct of primaries, special primaries, elections, special elections, and runoffs thereof. Action and decision by the board shall be by a majority of the members of the board. Nothing in this Act shall be construed to require joint primaries or to require the governing authority of Macon-Bibb County or any other public agency to bear any expense conducting primaries not otherwise required or permitted by law.

SECTION 12.

The governing authority of Macon-Bibb County shall select and appoint a person whose title shall be 'elections supervisor' who shall be the chief administrative officer of the board, have such duties and functions as may be prescribed by the board, and who shall serve at the pleasure of the county manager of Macon-Bibb County. Whenever a vacancy of the elections supervisor position occurs, the board of elections may, within 30 days of the occurrence of such vacancy, recommend a person to fill such vacancy to the governing authority of Macon-Bibb County. The governing authority shall consider any such recommendation timely submitted to the governing authority by the board of elections as provided for in this Act. Upon such consideration, or at any time thereafter, the governing authority may appoint the person so recommended by the board of elections, if any, or may instead appoint any other person it deems qualified to fill the role of elections supervisor in its sole discretion.

SECTION 13.

Compensation for members of the board of elections, the elections supervisor, clerical assistants, and other employees working for the benefit of the board shall be such as may be fixed from time to time by the governing authority of Macon-Bibb County.

SECTION 14.

The governing authority of Macon-Bibb County shall provide the board with such proper and suitable offices and with such clerical assistants and other employees as the governing authority shall deem appropriate. The elections supervisor and other employees functioning under their supervision shall be deemed to be employees of Macon-Bibb County.

SECTION 15.

Annually, or at other convenient intervals as may be determined by the board, the board shall determine the actual cost of its operations, including the payment of employees working for the benefit of the board, the purchase of supplies, the holding of primaries and elections, the reasonable value of goods, services, or office space furnished in kind, and shall certify the total cost as so determined to the governing authority of Macon-Bibb County. Such certification shall include such reasonable itemizations as will enable the governing authority to review and examine the certification of costs. Upon receipt of such certification so made by the board of elections, the governing authority of Macon-Bibb County shall appropriate such sums at such time and in such amounts as it deems necessary for the operation of the board.

SECTION 16.

With the consent of the governing authority of Macon-Bibb County, the board of elections shall be authorized to expend public funds for the purpose of distributing sample ballots, voter information booklets, and other material designed to inform and adequately instruct the electors of the county with regard to elections. No material distributed by the board shall contain or express, in any manner or form, any commentary or expression of opinion or request for support with respect to any political issue or matter of political concern.

SECTION 17.

The words 'election,' 'elector,' 'political party,' 'primary,' 'public office,' 'special election,' and 'special primary' shall have the same meanings ascribed to those words by Code Section 21-2-2 of the Official Code of Georgia Annotated, unless otherwise clearly apparent from the text of this Act."
