Said chapter is further amended by adding new Code sections to read as follows:

"36-62-8.1.

(b) All revenue bonds, notes, and other obligations shall be authorized by resolution of the authority, adopted by a majority vote of the directors of the authority at a regular or special meeting.

(c) Revenue bonds, notes, or other obligations issued to finance or refinance the cost of any qualifying improvement shall bear such date or dates; shall mature at such time or times, not more than 40 years from their respective dates; shall bear interest at such rate or rates, which may be fixed or may fluctuate or otherwise change from time to time; shall be subject to redemption on such terms; and shall contain such other terms, provisions, covenants, assignments, and conditions as the resolution authorizing the issuance of such bonds, notes, or other obligations may permit or provide. (e) There shall be no limitation upon the amount of revenue bonds, notes, or other obligations that an authority may issue to finance or refinance the cost of any qualifying improvement. Any limitations with respect to interest rates or any maximum interest rate or rates found in Article 3 of Chapter 82 of this title, the 'Revenue Bond Law,' the usury laws of this state, or any other laws of this state shall not apply to revenue bonds, notes, or other obligations of an authority issued to finance or refinance the cost of any qualifying improvement.

(f) All revenue bonds issued by an authority under this article to finance or refinance the cost of any qualifying improvement shall be issued and validated under and in accordance with Article 3 of Chapter 82 of this title, the 'Revenue Bond Law,' except as provided in this article, provided that notes and other obligations of an authority may, but shall not be required to, be so validated.

(g) The terms 'cost of the qualifying improvement' and 'cost of any qualifying improvement' shall have the meaning prescribed in this article whenever those terms are referred to in bond resolutions of an authority; in bonds, notes, or other obligations of an authority; or in notices or proceedings to validate such bonds, notes, or other obligations of an authority.

(i) An energy or water efficiency analysis by a licensed engineering firm, engineer, or other qualified professional listed in the program guidebook; and

(ii) A statement by the author of the analysis that the proposed qualifying improvements will result in more efficient use or conservation of energy or water, the reduction of greenhouse gas emissions, or the addition of renewable sources of energy or water; or

(B) When resiliency improvements are proposed, an applicant shall provide certification by a licensed engineering firm, engineer, or other qualified professional listed in the program guidebook stating that the proposed qualifying improvements will result in improved resilience;

(3) For new construction, an applicant shall provide certification by a licensed engineering firm, engineer, or other qualified professional listed in the program guidebook stating that the proposed qualifying improvements will enable the qualifying property to exceed the current building code requirements for:

(A) Energy efficiency;

(B) Water efficiency;

(C) Renewable energy; or

(D) Resilience;

(4) An applicant shall include a certification that the person requesting the proposed qualifying improvements is the owner of the qualifying property and that there are no delinquent taxes or assessments on the qualifying property; and

(5) An applicant shall demonstrate that the proposed assessment financing meets the following guidelines and any other guidelines adopted by the authority, which may be in addition to or more restrictive than the following guidelines:

(A) Unless a higher percentage is agreed to by the holder of a lien, mortgage, or security deed encumbering the qualifying property in the written consent required by subsection (b) of this Code section, an applicant must demonstrate that the amount of the proposed assessment financing and all other debt secured by the qualifying property upon execution of the assessment agreement will not exceed 80 percent of the fair market value of the qualifying property as determined by a qualified appraiser, which appraisal may take into account the expected increase in fair market value of the qualifying property resulting from the proposed qualifying improvements, as completed or as stabilized;

(B) An applicant must demonstrate that the amount of the proposed assessment financing will not exceed 25 percent of the fair market value of the qualifying property as determined by a qualified appraiser, which appraisal may take into account the expected increase in fair market value of the qualifying property resulting from the proposed qualifying improvements, as completed or as stabilized; and

(C) An applicant must demonstrate that the period or term of the assessment financing will not exceed the weighted average useful life expected for the proposed qualifying improvements. The applicant shall include a statement from a qualified professional indicating the weighted average useful life expected for the proposed qualifying improvements.

(b) For approved qualifying improvements, an authority may enter into an assessment agreement with the owner of the qualifying property to pay the cost of qualifying improvements. Prior to entering into an assessment agreement, an applicant shall provide written consent from any holder of a lien, mortgage, or security deed encumbering the qualifying property. Such written consent shall be signed in the sole and absolute discretion of the holder of a prior lien, mortgage, or security deed encumbering the qualifying property and, at a minimum, shall state that the holder of such prior lien, mortgage, or security deed has reviewed the final terms of the financing and the assessment agreement; that the qualifying property may participate in the program; and that the assessment lien shall have the same priority status as a lien for ad valorem taxes of the participating local government.

(c) Each assessment agreement shall include:

(1) A description of the qualifying improvements;

(2) A statement describing the procedures for billing and collection of assessments to be imposed by the participating local government pursuant to an intergovernmental assessment agreement, which the owner of the qualifying property shall voluntarily request to be imposed and shall agree to pay either directly or through an escrow account that may be established or increased by a prior lien holder on the qualifying property;

(3) The total amount of the assessment;

(4) A schedule of assessment installments requested to be imposed by the participating local government;

(5) Any administrative fees to be paid to the authority or to the participating local government pursuant to the related intergovernmental assessment agreement;

(6) The number of years the assessment shall be imposed on the qualifying property; and

(7) The conditions under which the owner of the qualifying property may prepay and permanently satisfy the unpaid portion of the assessment and remove the assessment lien from the qualifying property, including a description of the terms of any prepayment penalty.

(d) An assessment agreement may authorize the owner of the qualifying property to contract directly, including through lease, power purchase agreement, or other service contract, for installing or modifying a qualifying improvement.

(e) Upon execution of an assessment agreement by an owner of the qualifying property and an authority, the authority shall cause the participating local government to execute and record a notice of assessment in the land record of the jurisdiction in which the qualifying property is located, in accordance with Article 2 of this chapter.

(f) No authority described in this article shall grant any capital provider the exclusive right to provide financing or refinancing on a program-wide basis. It is the intent of this subsection to enable owners of qualifying properties to recommend to authorities the capital providers to finance or refinance the qualifying improvements owned or to be owned by such qualifying property owners."

SECTION 5.

Said chapter is further amended by adding a new article to read as follows:

"ARTICLE 2

36-62-15.

This article shall be known and may be cited as the 'Commercial Property Assessed Conservation, Energy, and Resiliency Cooperation Law.'

36-62-16.

The General Assembly finds that it is in the public interest and vital to the public welfare of the people of the State of Georgia, and it is declared to be the intent of this article, to authorize municipal corporations and counties to enact ordinances or resolutions to establish commercial property assessed conservation, energy, and resiliency programs and to enter into agreements with development authorities to carry out such programs, all for the purpose of developing trade, commerce, industry, and employment opportunities. It is found and declared that the assistance provided in this article for the purposes set forth in Article 1 of this chapter constitutes a public use and purpose and an essential governmental function for which public moneys consisting solely of assessments may be spent and that the provisions enacted in this article are necessary in the public interest.

36-62-17.

(a) For the purpose of aiding and cooperating in the planning, undertaking, constructing, or carrying out of qualifying improvements located within the area in which it is authorized to act, any municipal corporation or county, upon such terms, with or without consideration, as it may determine, may:

(1) Enter into intergovernmental assessment agreements with an authority respecting action to be taken by such municipal corporation or county pursuant to any of the powers granted by this article, including the furnishing of funds or other assistance in connection with qualifying improvements, provided that the obligations of any such municipal corporation or county under any such intergovernmental assessment agreement shall be limited obligations payable solely from assessments and shall not be paid from any other public moneys;

(2) Do any and all things necessary or convenient to aid or cooperate in the planning, undertaking, constructing, and carrying out of qualifying improvements; and

(3) Grant or contribute assessments to an authority or agree to take such action.

(b) Any participating local government shall have the power to impose, bill, and collect assessments and to pledge and assign assessments to an authority to secure its obligations under an intergovernmental assessment agreement.

(c) Pursuant to Code Section 36-62-8.2, an authority may enter into an assessment agreement with an owner of qualifying property for qualifying improvements, under which such owner voluntarily agrees to the imposition of assessments under this article. After an assessment agreement is entered into, and upon notice from the authority, a

participating local government shall have the power to execute and record a notice of assessment on the subject property in the real property records of the relevant county. Such notice of assessment shall contain:

(1) The principal amount of the assessment;

(2) The legal description of the property;

(d) An assessment imposed by a participating local government under this article:

(1) Is a lien against the property on which the assessment is imposed, from the date on which the notice of assessment is recorded until the assessment, interest, and penalties are paid in full; and

(2) Has the same priority status as a lien for ad valorem taxes levied by the participating local government.

(e) The assessment lien created under this article runs with the land and that portion of the assessment that is not yet due may not be accelerated or eliminated by foreclosure of a property tax lien or other lien.

(f) Assessments imposed under this article shall be billed and collected in installments in the same manner, by the same tax collector, and at the same times as ad valorem taxes levied by the participating local government are billed and collected. The tax collector may include any assessment installment as a separate line item on an ad valorem tax bill or may send a separate bill for any assessment installment. The participating local government may charge fees that shall reflect the reasonable costs of the tax collector for his or her actions under this subsection and that shall be added to the assessment. The tax collector shall be a party signatory to each intergovernmental assessment agreement entered into by a participating local government. All proceeds of assessment installments received by a participating local government, net of administrative fees of the participating local government, that are subject to a pledge created in an intergovernmental assessment agreement shall be remitted to the applicable authority pursuant to the terms of the intergovernmental assessment agreement.

(g) A delinquent assessment installment that is unpaid when due shall incur interest and penalties in the same manner as delinquent ad valorem taxes and shall be enforced by or on behalf of the participating local government in the same manner as its ad valorem tax liens. All proceeds from enforcing a delinquent assessment installment and related penalties and interest received by a participating local government that are subject to a pledge created in an intergovernmental assessment agreement shall be remitted to the applicable authority pursuant to the terms of the intergovernmental assessment agreement.

(h) Subject to an intergovernmental assessment agreement, a participating local government may charge fees that shall reflect the reasonable costs of the participating local government for its actions under this article and that shall be added to the

assessment.

36-62-18.
(a) No obligations of any participating local government under any intergovernmental assessment agreement shall constitute a pledge of the full faith or credit of such participating local government.
(b) Any monetary obligation of any participating local government under any intergovernmental assessment agreement shall be payable solely from assessments pledged and proceeds from enforcing delinquent assessments pursuant to such intergovernmental assessment agreement.
(c) No party to or third-party beneficiary of any intergovernmental assessment agreement or any assignee of any rights under any intergovernmental assessment agreement shall have the right to compel:
(1) Any exercise of the taxing power of any participating local government, provided that such party, third-party beneficiary, or assignee may compel the imposition and enforcement of assessments agreed to be imposed and enforced pursuant to such intergovernmental assessment agreement; or
(2) The enforcement of any payment against any property or public moneys of any such participating local government other than assessments pledged or proceeds from enforcing delinquent assessments pursuant to such intergovernmental assessment agreement.

36-62-19.
The exercise by a participating local government of the powers granted by this article may be authorized by resolution of the governing body of such participating local government. The resolution shall be adopted by a majority of the members of the governing body present at a meeting of such governing body, which resolution may be adopted at the meeting at which such resolution is introduced. Such a resolution or resolutions shall take effect immediately and need not be laid over or published or posted."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 13 of Title 16 of the Official Code of Georgia Annotated, relating to controlled substances, is amended by revising Code Section 16-13-120, relating to the definition of kratom, as follows:

"16-13-120.

As used in this article, the term:

(1) 'Adulterated' has the same meaning as in Code Section 26-2-26.

(2) 'Kratom' ~~'kratom'~~ means the tropical evergreen known as Mitragyna speciosa, which is native to Southeast Asia and contains the alkaloid mitragynine or metabolite 7-hydroxymitragynine.

(3) 'Kratom extract' means a kratom product that has been modified, processed, or otherwise manufactured with a food-grade solvent.

(4) 'Kratom product' means a product containing any part of the leaf of the plant mitragyna whether sold as a powder, capsule, pill, beverage, extract, or other form.

(5) 'Processor' means a person or entity that prepares, manufactures, distributes, or maintains kratom products or that advertises, represents, or holds itself out as preparing, manufacturing, distributing, or maintaining kratom products.

(6) 'Retailer' means a person or entity that sells or holds itself out as selling kratom products at retail to the general public; provided, however, that such person or entity shall also be included within the definition of 'processor' as set forth in this Code section to the extent that he or she engages in the business of a processor. Such term shall not include a store employee at a retailer's place of business."

SECTION 2.

Said chapter is further amended by revising Code Section 16-13-121, relating to possession of kratom by individual under age 18 and penalty, as follows:

"16-13-121.

(a)(1) No person shall knowingly sell or transfer possession of any kratom, kratom product, or kratom extract to another person under ~~18~~ 21 years of age, nor shall any person under ~~18~~ 21 years of age purchase or possess any kratom, kratom product, or kratom extract. ~~A person who is convicted of violating this Code section shall be guilty of a misdemeanor.~~

(2)(A) The prohibition contained in paragraph (1) of this subsection shall not apply with respect to the sale or transfer of possession of kratom, kratom product, or kratom extract by a person when such person has been furnished with proper identification

showing that the individual to whom the kratom, kratom product, or kratom extract is sold or transferred is 21 years of age or older.

(B) In any case when a reasonable or prudent person could reasonably be in doubt as to whether or not the individual to whom kratom, kratom product, or kratom extract is to be sold or transferred is actually 21 years of age or older, it shall be the duty of such person to request to see and to be furnished with proper identification. The failure to make such request and verification may be considered by the trier of fact in determining whether such person did knowingly sell or transfer possession in violation of paragraph (1) of this subsection.

(b) No person shall ingest kratom in a manner that employs a heating element, power source, electronic circuit, or other electronic, chemical, or mechanical means, regardless of shape or size, that can be used to produce vapor in a solution or other form, including, but not limited to, any electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or similar product or device and any vapor cartridge or other container of kratom in a solution or other form that is intended to be used with or in an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or similar product or device.

(c) No person shall sell, deliver, cause to be delivered, or assist in the delivery of any kratom in or to this state that can be ingested in a manner that violates subsection (b) of this Code section.

(d) No person shall offer for sale kratom in this state unless such product is behind a counter in an area only accessible to store employees or in a secured display which is only accessible with the intervention of a store employee.

(e) Any person that commits an act in violation of this Code section shall be guilty of a misdemeanor; provided, however, that, for a conviction of a first offense, such individual shall be punished by a fine not to exceed $250.00; for a conviction of a second offense, such individual shall be punished by a fine of up to $500.00; and for a conviction of a third offense and each subsequent offense, such individual shall be punished by a fine of up to $1,000.00."

In addition to all other appropriations, there is hereby appropriated, as needed, a specific sum of money equal to each refund authorized by law, which is required to make refunds of taxes and other monies collected in error, farmer gasoline tax refunds, and any other refunds specifically authorized by law.

Section 55: Leases

In accordance with the requirements of Article IX, Section III, Paragraph I(a) of the Constitution of the State of Georgia, as amended, there is hereby appropriated payable to each department, agency, or institution of the State sums sufficient to satisfy the payments required to be made in each year under existing lease contracts between any department, agency, or institution of the State and any authority created and activated at the time of the effective date of the aforesaid constitutional provision, as amended, or appropriated for the State Fiscal Year addressed within this Act. If for any reason any of the sums herein provided under any other provision of this Act are insufficient to make the required payments in full, then there shall be taken from other funds appropriated to the department, agency, or institution involved an amount sufficient to satisfy such deficiency in full, and the lease payment shall constitute a first charge on all such appropriations.

Section 56: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 1000 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 51, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before The bold-faced text, and the light-faced after the boldfaced text are information only.

Similarly, text in a group of lines that has a number less than 1000 after the decimal (001 through 999) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. The summary and lowest level of detail for the fund source categories "Total Agency Funds" and "Total IntraState Governmental Transfers," are for informational purposes only. The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" are for informational purposes only. Sections 52, 53, 54, and 55 contain, constitute, or amend appropriations.

Section 57: Flex
Notwithstanding any other statement of purpose, the purpose of each appropriation of federal funds or other funds shall be the stated purpose or any other lawful purpose consistent with the fund source and the general law powers of the budget unit.

In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid," "Medicaid: Aged, Blind, and Disabled," and "PeachCare" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Capital Construction Projects," "Capital Maintenance Projects," and "Local Road Assistance Administration" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Airport Aid," "Ports and Waterways," and "Rail" programs of the Department of

Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 20 percent (20%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "HOPE Grant," "HOPE High School Equivalency Exam," "HOPE Scholarships – Private Schools," and "HOPE Scholarships – Public Schools" programs of the Georgia Student Finance Commission, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the four programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

Part II: Effective Date
This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

Part III: Repeal Conflicting Laws

(2) Such student's parent or guardian shall provide revocable written consent for his or her child to receive sex education.

(e)(1) Beginning in the 2024-2025 school year and continuing each school year thereafter, before a public school or local school system offers sex education to any students, the governing body of such public school or local school system shall review and approve the sex education curricula based on content standards prescribed by the State Board of Education pursuant to subsection (g) of this Code section; provided, however, that such governing body shall not approve any sex education curricula without providing parents and guardians of all students and the public with a meaningful opportunity to review and to provide input on any proposed sex education curricula, as provided in paragraph (2) of this subsection, before such curricula is approved by such governing body.

(2) Before approving any sex education curricula, the governing body of each public school or local school system shall:

PART III

SECTION 3-1.

The General Assembly recognizes there are inherent physical differences between males and females. The General Assembly further recognizes that decisions regarding the regulation of sports should be based on promoting integrity and safety. The General Assembly finds that protecting students from harm and preserving the competitive fairness of sports are important state interests. It is the intent of the General Assembly to ensure that students have equal and safe opportunities to succeed in sports.

SECTION 3-2.

Said title is further amended in Part 14 of Article 6 of Chapter 2, relating to other educational programs under the "Quality Basic Education Act," by revising Code Section 20-2-315, relating to gender discrimination prohibited, authorized separate gender teams, equal athletic opportunity, physical education classes, employee designated to monitor compliance, grievance procedures, and reporting requirements, as follows:

"(a) As used in this Code section, the term:

(1) 'Gender identity' means a person's self-perceived, asserted, or claimed gender regardless of the person's sex.

(2) 'Multiple occupancy restroom or changing area' means an area in a local school system, public school, or participating private school building that is designed or designated to be used by one or more individuals at the same time and in which one or more individuals may be in various stages of undress in the presence of other individuals. Such term includes, but shall not be limited to, the following:

(A) Restrooms;

(B) Locker rooms;

(C) Changing rooms; and

(D) Shower facilities.

(3) 'Participating private school' means a private school in this state whose students or teams compete against students or teams from a public school or local school system in this state.

(4) 'Sex' means a person's biological sex which shall be recognized solely based on a person's reproductive biology and genetics at birth. For purposes of this subsection, a statement of a student's biological sex on the student's official birth certificate shall be deemed to have correctly stated the student's biological sex at birth if the statement was included on such birth certificate at or near the time of the student's birth. 'Participating private school' means a private school in this state whose students or teams compete against students or teams from a public school or local school system in this state.

(b) No student shall, on the basis of ~~gender~~ sex, be excluded from participation in, be denied the benefits of, be treated differently from another student, or otherwise be discriminated against in any interscholastic or intramural athletics offered by a local school system~~, and no local school system shall provide any such athletics separately on such basis~~.

~~(b)~~(c) ~~Notwithstanding the requirements of subsection (a) of this Code section, a~~ A local school system may operate or sponsor separate teams for members of each ~~gender~~ sex where selection for such teams is based upon competitive skill, competitive fairness, student safety, or the activity involved is a contact sport. However, where a local school system operates or sponsors a team in a particular sport for members of one ~~gender~~ sex but operates or sponsors no such team for members of the other ~~gender~~ sex, and athletic opportunities for members of that ~~gender~~ sex in that particular sport have previously been limited, members of the excluded ~~gender~~ sex must be allowed to try out for the team offered unless the sport involved is a contact sport. Nothing in this subsection shall be construed to limit the authority of a local school system to operate or sponsor a single

team for a contact sport that includes members of both ~~genders~~ sexes. As used in this subsection, the term 'contact sport' includes boxing, wrestling, rugby, ice hockey, football, basketball, and any other sport the purpose or major activity of which involves bodily contact.

~~(c)~~(d) A local school system which operates or sponsors interscholastic or intramural athletics shall undertake all reasonable efforts to provide equal athletic opportunity for members of both ~~genders~~ sexes. In determining whether equal opportunities are available the following factors shall be considered:

(1) Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both ~~genders~~ sexes;
(2) The provision of equipment and supplies;
(3) Scheduling of games and practice time;
(4) Travel allowance;
(5) Opportunity to receive coaching and academic tutoring;
(6) Assignment and compensation of coaches and tutors;
(7) Provision of locker rooms and practice and competitive facilities;
(8) Provision of medical and training facilities and services; and
(9) Publicity.

Unequal aggregate expenditures for members of each ~~gender~~ sex or unequal expenditures for male and female teams if a local school system operates or sponsors separate teams will not constitute noncompliance with this subsection, but the failure to provide essential funds for the basic operations of teams for one ~~gender~~ sex may be considered in assessing equality of opportunity for members of each ~~gender~~ sex. Nothing in Code Section 20-2-411 shall be construed to limit the authority of a local school system to expend school tax funds as authorized by Article VIII, Section VI, Paragraph I(b) of the Constitution in order to comply with the requirements of this Code section.

~~(d)~~(e) A local school system may provide separate ~~toilet, locker room, and shower facilities~~ multiple occupancy restroom or changing areas on the basis of ~~gender~~ sex, but such facilities shall be comparable to such facilities provided for students of the other ~~gender~~ sex.

~~(e)~~(f) This Code section does not prohibit the grouping of students in physical education classes by ~~gender~~ sex.

~~(f)~~(g)(1) Subject to the provisions of paragraph (3) of this subsection, if a local school system sponsors an athletic activity or sport at a particular school that is similar to a sport for which an institution in the University System of Georgia offers an athletic scholarship, it must sponsor the athletic activity or sport for which a scholarship is offered at that school. This paragraph does not affect academic requirements for participation nor prevent the local school system from sponsoring activities in addition to those for which scholarships are provided.

(2) Two athletic activities or sports that are similar may be offered simultaneously.

(3) If a local school system demonstrates by a bona fide survey of eligible students at the school, which is approved by the Department of Education for compliance with generally accepted opinion survey principles regarding neutral wording and other

matters, that there is insufficient interest among students at the school to field a team described in paragraph (1) of this subsection, then the local school system shall not be required to sponsor such athletic activity or sport at that school. The exemption provided for by this paragraph shall be valid for 24 months following the date when the most recent bona fide student survey demonstrating a lack of student interest was completed, unless a new bona fide student survey is conducted within the 24 month period that demonstrates sufficient interest to field a team. If such a new bona fide student survey demonstrates such sufficient interest, then the local school system must comply with paragraph (1) of this subsection during the local school system's next fiscal year and until such time as a new bona fide student survey demonstrates insufficient interest to field a team described in paragraph (1) of this subsection. A local school system shall conduct the bona fide student survey described in this paragraph regarding interest in a team described in paragraph (1) of this subsection upon the request of nine students at the school, but no more frequently than once every 12 months.

(4) Nothing in this subsection shall be construed to preclude the application of generally applicable policies or rules regarding the cancellation of an athletic activity or sport due to lack of student participation in scheduled practices or contests.

~~(g)~~(h) Each local school system shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under this Code section, including the investigation of any complaint communicated to such local school system alleging its noncompliance with this Code section. The employee designated under this subsection may be the same person required to be designated under 34 C.F.R. Section 106.8. The local school system annually shall notify all its students of the name, office address, and office telephone number of the employee or employees appointed pursuant to this subsection. Such notification may be included in a student handbook distributed pursuant to Code Section 20-2-736.

~~(h)~~(i) Each local school system shall adopt and publish grievance procedures providing for prompt and equitable resolution of written student complaints, including complaints brought by a parent or guardian on behalf of his or her minor child who is a student, alleging any action which would be a violation of this Code section. Such procedures shall require that:

(1) The employee designated under subsection ~~(g)~~(h) of this Code section shall render his or her decision in writing no later than 30 days after receipt of the complaint, and such decision shall set forth the essential facts and rationale for the decision;

(2) A copy of such decision shall be provided to the complainant within five days of the date of the decision; and

(3) A complainant shall have a right to appeal such decision to the local board within 35 days of the date of the decision.

~~(i)~~(j)(1) A complainant may appeal a decision of a local board that is rendered under subsection ~~(h)~~(i) of this Code section in accordance with the procedures specified in Code Section 20-2-1160. If the State Board of Education determines that a local school system has failed to comply with this Code section, then the state board shall provide the local school system with opportunities to prepare a corrective plan. If the state board

determines that a corrective plan of the local school system adequately plans and provides for future compliance with this Code section, then the state board shall approve the plan and direct the local school system to implement such plan.

(2) If, upon a complaint filed pursuant to subsection ~~(h)~~(i) of this Code section after one year following the date of a state board order directing implementation of a corrective plan pursuant to paragraph (1) of this subsection but within four years of the date of such order, the state board determines that the local school system which was subject to such order has willfully failed to comply with this Code section, the state board may, after consideration of the local school system's efforts to implement the corrective plan approved in the earlier proceeding and of any other corrective plan that may be submitted by the local school system, transmit a certification of such determination to the Department of Community Affairs. If the state board's determination of noncompliance is later reversed or vacated upon appeal, the state board shall immediately notify the Department of Community Affairs of such action.

(3) If, upon a complaint filed pursuant to subsection ~~(h)~~(i) of this Code section after one year following the date of a state board certification to the Department of Community Affairs pursuant to paragraph (2) of this subsection but within four years of the date of such order, the state board determines that the local school system which was subject to such order has willfully failed to comply with this Code section, the state board may, after consideration of the local school system's efforts to implement a corrective plan approved in an earlier proceeding and of any other corrective plan that may be submitted by the local school system, order that a team or teams within the local school system or school within the local school system shall not participate in interscholastic postseason athletic contests and that participation in violation of such an order may result in withholding of state funds allotted pursuant to Code Section 20-2-186. An order of the state board barring participation in interscholastic postseason athletic contests shall be made and announced before the beginning of a school year.

(4) If, upon a complaint filed pursuant to subsection ~~(h)~~(i) of this Code section after one year following the date of a state board order prohibiting participation in interscholastic postseason athletic contests pursuant to paragraph (3) of this subsection but within four years of the date of such order, the state board determines that the local school system which was subject to such order has willfully failed to comply with this Code section, the state board may, after consideration of the local school system's efforts to implement a corrective plan approved in an earlier proceeding and of any other corrective plan that may be submitted by the local school system, withhold state funds that are allotted pursuant to Code Section 20-2-186 in an amount that the state board determines is sufficient to secure the local school system's compliance with this Code section. In the event that state funds are withheld pursuant to this paragraph, such funds shall later be allotted to the local school system at such time as the state board determines that the local school system is in compliance with this Code section.

~~(j)~~(k) The Department of Education may publish an annual report of local school systems to include information regarding expenditures and participation rates for each ~~gender~~ sex and such other information as the state board and department deem relevant.

(l)(1) No local school system, public school, or participating private school in this state shall operate interscholastic athletics that permit a person whose sex is male but whose gender identity is female to participate in any interscholastic athletics that are designated for females.

(2)(A) No local school system, public school, or participating private school in this state shall operate interscholastic athletics that permit a person whose sex is male to use any multiple occupancy restroom or changing area designated for females in conjunction with any interscholastic athletics.

(B) No local public school system, local public school, or participating private school in this state shall operate interscholastic athletics that permit a person whose sex is female to use any multiple occupancy restroom or changing area designated for males in conjunction with any interscholastic athletics.

(3) A student who is aggrieved by an alleged violation or anticipated violation of this subsection or his or her parent or guardian shall have a right to file a grievance complaint with the employee designated in subsection (h) of this Code section for an immediate preliminary determination of whether a violation of this subsection exists or is about to occur. If an alleged violation or anticipated violation is preliminarily determined to have occurred or is reasonably likely to occur, the employee designated in subsection (h) of this Code section shall issue a decision immediately and may direct that the alleged violation or anticipated violation cease and desist pending a final resolution of such grievance complaint. If a grievance complaint is rejected, the complaining party shall have the right of an immediate appeal to the local board of education for relief.

(4) In addition to any other rights or remedies otherwise provided by law, any aggrieved student and any such student's parent or guardian shall have a private right of action to enforce the provisions of this subsection through injunctive or declaratory relief in the superior court of the county in which the relevant public school, local school system, or participating private school is located. If an aggrieved student or such student's parent or guardian is the prevailing party in such action, the student or student's parent or guardian shall be entitled to an award of reasonable attorney fees, court costs, and expenses of litigation, but shall not be entitled to any monetary damages.

(5) Nothing in this Code section shall override any requirements or protections prescribed in the federal Americans with Disabilities Act, 42 U.S.C. Section 12101, et seq."

SECTION 3-3.

Said title is further amended in said part by revising paragraph (1) of subsection (b) and subparagraph (c)(1)(E) of Code Section 20-2-316, relating to involvement of athletic association in high school athletics, as follows:

"(1) The athletic association shall comply with the requirements of subsections (a) through ~~(f)~~(g) of Code Section 20-2-315, as those requirements relate to the athletic association's functions of organizing, sanctioning, scheduling, or rule making for events in which public high schools participate;"

"(E) The authority and duties of the executive oversight committee shall include:

(i) To meet in person or remotely not less than twice each school year;

(ii) To meet in person or remotely upon the call of the chairperson or a majority of the executive oversight committee;

(iii) To establish policies and procedures for the executive oversight committee;

(iv) To conduct any independent audit, review, or investigation the executive oversight committee deems necessary, including, but not limited to, the audit, review, or investigation of the classifications of participating schools and ~~travel-related~~ travel related issues of participating schools; and

(v) ~~If the athletic association determines that it is necessary and appropriate to prohibit students whose gender is male from participating in athletic events that are designated for students whose gender is female, then the athletic association may adopt a policy to that effect; provided, however, that such policy shall be applied to all of the athletic association's participating public high schools; and~~

~~(vi)~~ To conduct an annual evaluation of the athletic association as a whole and present a report of its findings, recommendations, and conclusions to the General Assembly's High School Athletics Overview Committee; and"

PART IV
SECTION 4-1.

(2) A state charter school may utilize teachers, other instructional staff, and noninstructional staff who are employees of an education service provider only if the governing board of such state charter school retains the authority to select and dismiss such teachers, other instructional staff, and noninstructional staff from service at the state charter school.

(3) The governing board of a state charter school shall remain responsible and accountable for all operations, compliance, and performance of any employees of an education service provider utilized by such state charter school."

~~(4)(A) Been arrested, charged, and sentenced for the commission of any felony, or any crime involving moral turpitude, when:~~

SECTION 1-4.

Said title is further amended in Code Section 43-1-19, relating to a professional licensing board's authority to refuse, grant, revoke, and reinstate licenses, surrender of licenses, and probationary licenses, by revising subsection (q) as follows:

"(q)(1) Notwithstanding ~~paragraphs~~ paragraph (3) ~~and (4)~~ of subsection (a) of this Code section or any other provision of law, ~~and unless~~ the professional licensing board shall refuse to grant a license to an individual or shall revoke a license only if a felony or ~~crime involving moral turpitude~~ covered misdemeanor directly relates to the occupation for which the license is sought or held and granting the license would pose a direct and substantial risk to public safety because the individual has not been rehabilitated to safely perform the duties and responsibilities of such occupation, after considering the criteria in paragraph (2) of this subsection. Without finding a direct and substantial risk to public safety and a direct relationship between the conviction and the licensed occupation, no professional licensing board shall refuse to grant a license to an applicant therefor or shall revoke the license of an individual licensed by that board due solely or in part to such applicant's or licensee's:

(A) Conviction of any felony or any ~~crime involving moral turpitude~~ covered misdemeanor, whether it occurred in the courts of this state or any other state, territory, or country or in the courts of the United States;

(B) Arrest, charge, and sentence for the commission of such offense;

(C) Sentence for such offense pursuant to Article 3 of Chapter 8 of Title 42 or another state's first offender laws;

(D) Sentence for such offense pursuant to subsection (a) or (c) of Code Section 16-13-2;

(E) Sentence for such offense as a result of a plea of nolo contendere;

(F) Adjudication of guilt or sentence was otherwise withheld or not entered; or

(G) Being under supervision by a community supervision officer, as such term is defined in Code Section 42-3-1, for a conviction of any felony or any ~~crime involving moral turpitude~~ covered misdemeanor, whether it occurred in the courts of this state or any other state, territory, or country or in the courts of the United States, so long as such individual was not convicted of a felony violation of Chapter 5 of Title 16 nor convicted of a crime requiring registration on the state sexual offender registry.

(2) In determining if a felony or ~~crime involving moral turpitude~~ covered misdemeanor directly relates to the occupation for which the license is sought or held, the professional licensing board shall consider:

(A) The nature and seriousness of such felony or ~~crime involving moral turpitude~~ covered misdemeanor and the direct relationship of ~~such felony or crime involving moral turpitude~~ the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(B) The age of the individual at the time such felony or ~~crime involving moral turpitude~~ covered misdemeanor was committed;

(C) The length of time elapsed since such felony or ~~crime involving moral turpitude~~ covered misdemeanor was committed;

(D) All circumstances relative to such felony or ~~crime involving moral turpitude~~ covered misdemeanor, including, but not limited to, mitigating circumstances or social conditions surrounding the commission of such felony or ~~crime involving moral turpitude~~ covered misdemeanor; and

(E) Evidence of rehabilitation and present fitness to perform the duties of the occupation for which the license is sought or held~~.~~, including, but not limited to:

(i) The completion of the criminal sentence;

(ii) A program and treatment certificate issued by the Board of Corrections;

(iii) Completion of, or active participation in, a rehabilitative drug or alcohol treatment program;

(iv) Testimonials and recommendations, which may include a progress report from the individual's probation or parole officer;

(v) Education and training;

(vi) Employment history;

(vii) Employment aspirations;

(viii) The individual's current family or community responsibilities, or both;

(ix) Whether a bond is required to practice the occupation;

(x) Any affidavits or other written documents, including, but not limited to, character references; and

(xi) Any other information regarding rehabilitation the individual submits to the board.

(3) In determining whether to deny, diminish, limit, suspect, revoke, refuse to renew, or otherwise withhold a license, the professional licensing board shall not consider nor require an individual to disclose:

(A) A deferred adjudication, first offender treatment, participation in a diversion

program, a conditional discharge, or an arrest not followed by a conviction;

(B) A conviction for which no sentence of incarceration can be imposed;

(C) A conviction that has been restricted, sealed, annulled, dismissed, vacated, or pardoned;

(D) A juvenile adjudication;

(E) A misdemeanor conviction older than five years, unless the offense of conviction is listed in subparagraph (j)(4)(B) of Code Section 35-3-37; or

(F) A conviction older than five years for which the individual was not incarcerated, or a conviction for which the individual's incarceration ended more than five years before the date of the board's consideration, except for a felony conviction related to:

(i) A criminal sexual act;

(ii) Criminal fraud or embezzlement;

(iii) Aggravated assault;

(iv) Aggravated robbery;

(v) Aggravated abuse, neglect, or endangerment of a child;

(vi) Arson;

(vii) Carjacking;

(viii) Kidnapping; or

(ix) Manslaughter, homicide, or murder.

(4) Notwithstanding any other provision of law, no professional licensing board may apply a vague character standard to licensure decisions or predeterminations, including, but not limited to, 'good moral character,' 'moral turpitude,' or 'character and fitness.'

(5) Notwithstanding any other provision of law, a professional licensing board shall provide individualized consideration of an individual's criminal record and shall not automatically deny licensure on the basis of the individual's criminal record.

(6)(A) If an applicant's criminal record includes issues that will or may prevent the board from issuing a license to the applicant, the board shall notify the applicant, in writing, of the specific issues in sufficient time for the applicant to provide additional documentation supporting the application before the board's final decision to deny the application. After receiving notice of any potential issue with licensure due to his or her criminal convictions, an applicant shall have 30 days to respond by correcting any inaccuracy in the criminal record or by submitting additional evidence of mitigation or rehabilitation for the board's consideration, or both.

(B) For the professional licensing board to deny a license on the basis of the applicant's criminal convictions, the board shall first provide an opportunity for a hearing for such applicant in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The applicant shall have the opportunity at such hearing to present the written or oral testimony of character witnesses, including, but not limited to, family members, friends, prospective employers, probation or parole officers, and rehabilitation counselors. The professional licensing board shall issue a decision within 60 days of the complete submission of the issues for consideration or the hearing, whichever is later.

(C) The professional licensing board shall have the burden of justifying by clear and

convincing evidence, after a hearing, that an applicant's criminal record supports any adverse licensing decision. If the board denies an applicant a license by reason of the applicant's criminal record, the board shall:

(i) Make written findings specifying any of the applicant's convictions and the factors provided for in subparagraph (A) of paragraph (2) of this subsection the board deemed directly relevant and explaining the basis and rationale for the denial. Such written findings shall be signed by the board's presiding officer and shall note the applicant's right to appeal and explain the applicant's ability to reapply. No applicant shall be restricted from reapplying for licensure for more than two years from the date of the most recent application;

(ii) Provide or serve a signed copy of the written findings to the applicant within 60 days of the denial; and

(iii) Retain a signed copy of the written findings for no less than five years.

(D) The denial of a license in part or in whole because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a license, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the occupation for which the license is sought.

(7)(A) Notwithstanding any other provision of law, an individual with a criminal record may petition a professional licensing board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether such individual's criminal record will disqualify him or her from obtaining a license.

(B) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses provided for in paragraph (3) of this subsection. Such petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.

(C) In considering predetermination petitions, the professional licensing board shall apply the direct relationship standard provided for in paragraphs (1) and (2) of this subsection and shall not consider any offenses falling under paragraph (3) of this subsection. The board shall support any adverse predetermination with clear and convincing evidence.

(D) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the professional licensing board only if the petitioner applies for licensure, fulfills all other requirements for the occupational license, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(E) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(F) The professional licensing board may predetermine that the petitioner's criminal

record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to offer written or oral testimony of character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors. The professional licensing board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(G) If the professional licensing board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(i) The grounds and rationale for the predetermination, including any of the petitioner's specific convictions and the factors provided for in subparagraph (A) of paragraph (2) of this subsection the board deemed directly relevant;

(ii) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(iii) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(H) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation.

(8) Each professional licensing board shall include in its application for licensure and on its public website all of the following information:

(A) Whether the board requires applicants to consent to a criminal record check;

(B) The direct relationship standard provided for in paragraph (1) of this subsection and those factors provided for in paragraph (2) of this subsection that the board shall consider when making a determination of licensure;

(C) The criminal record disclosure provided for in paragraph (3) of this subsection;

(D) The appeals process pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' if the board denies or revokes licensure in whole or in part because of a criminal conviction; and

(E) The predetermination petition process, standards, and application, as well as the process for appealing an adverse predetermination pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(9) No later than March 31 each year, each occupational licensing board shall file with

the Secretary of State an annual report containing information from the previous year as to:

(A) The number of applicants for a license and, of that number, the number of licenses granted;

(B) The number of applicants with a criminal record and, of that number, the number of licenses granted, denied a license for any reason, and denied due to a conviction or state supervision status;

(C) The number of predetermination petitioners and, of that number, the number deemed eligible for a license and the number deemed ineligible for a license;

(D) The racial and ethnic distribution of licensing applicants, including the racial and ethnic distribution of applicants with a criminal record; and

(E) The racial and ethnic distribution of licensing applicants with a criminal record granted a license, denied a license for any reason, and denied a license due to a conviction or state supervision status."

SECTION 1-5.

Said title is further amended by revising Code Section 43-1-27, relating to requirement that licensee notify licensing authority of felony conviction, as follows:

"43-1-27.

Any licensed individual who is convicted under the laws of this state, the United States, or any other state, territory, or country of a felony as defined in ~~paragraph (3) of subsection (a) of~~ Code Section ~~43-1-19~~ 43-1-1 shall be required to notify the appropriate licensing authority of the conviction within ten days of the conviction. The failure of a licensed individual to notify the appropriate licensing authority of a conviction shall be considered grounds for revocation of his or her license, permit, registration, certification, or other authorization to conduct a licensed profession."

'Conviction' shall include a finding or verdict of guilt, a plea of guilty, or a plea of nolo contendere in a criminal proceeding~~, regardless of whether the adjudication of guilt or sentence is withheld or not entered thereon pursuant to Article 3 of Chapter 8 of Title 42 or any comparable rule or statute~~; or

In determining if a conviction directly relates to the occupation for which the license is sought or held, the board shall consider:

(b) In determining whether to deny, diminish, limit, suspend, revoke, refuse to renew, or otherwise withhold a license, the board shall not consider nor require an individual to disclose:
(1) A deferred adjudication, first offender treatment, diversion program, conditional discharge, or an arrest not followed by a conviction;

42-15-19.2.
(a) Notwithstanding any other provision of law, an individual with a criminal record may petition the board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether the individual's criminal record will disqualify him or her from obtaining a license.
(b) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under subsection (b) of Code Section 43-15-19.1. The petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.
(c) In considering predetermination petitions, the board shall apply the direct relationship

standard in subsection (a) of Code Section 43-15-19.1. The board shall support any adverse predetermination by justifying that it is substantially more likely than not that a criminal record supports an adverse licensing decision.

(d) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the board only if the petitioner applies for licensure, fulfills all other requirements for the licensure, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(e) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(f) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to include character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors, who may offer their verbal or written support. The board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(g) If the board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(1) The grounds and rationale for the predetermination, including the specific convictions and the factors in subsection (a) of Code Section 43-15-19.1 the board deemed directly relevant;

(2) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(3) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(h) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

"43-15-19.1.

(a) Notwithstanding paragraph (4) of subsection (a) of Code Section 43-15-19, the board shall refuse to grant a license to an individual or shall revoke a license only if a conviction directly relates to the occupation for which the license is sought or held and granting the license would pose a direct and substantial risk to public safety because the individual has not been rehabilitated to safely perform the duties and responsibilities of the occupation for which the license is sought or held. In determining if a conviction directly relates to the occupation for which the license is sought or held, the board shall consider:

(1) The nature and seriousness of the offense and the direct relationship of the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(2) The age of the individual at the time the offense was committed;

(3) The length of time elapsed since the offense was committed;

(4) All circumstances relative to the offense, including, but not limited to, mitigating circumstances or social conditions surrounding the commission of the offense; and

(5) Evidence of rehabilitation and present fitness to perform the duties of the occupation for which the license is sought or held, including, but not limited to:

(b) In determining whether to deny, diminish, limit, suspend, revoke, refuse to renew, or otherwise withhold a license, the board shall not consider nor require an individual to disclose:

(1) A deferred adjudication, first offender treatment, diversion program, conditional discharge, or an arrest not followed by a conviction;

42-15-19.2.

(a) Notwithstanding any other provision of law, an individual with a criminal record may petition the board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether the individual's criminal record will disqualify him or her from obtaining a license.

(b) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under subsection (b) of Code Section 43-15-19.1. The petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.

(c) In considering predetermination petitions, the board shall apply the direct relationship standard in subsection (a) of Code Section 43-15-19.1. The board shall support any adverse predetermination by justifying that it is substantially more likely than not that a criminal record supports an adverse licensing decision.

(d) A predetermination made under this subsection that a petitioner is eligible for a

license shall be binding on the board only if the petitioner applies for licensure, fulfills all other requirements for the licensure, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(e) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(f) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to include character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors, who may offer their verbal or written support. The board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(g) If the board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(1) The grounds and rationale for the predetermination, including the specific convictions and the factors in subsection (a) of Code Section 43-15-19.1 the board deemed directly relevant;

(2) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(3) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(h) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

In determining if a conviction directly relates to the occupation for which the license is sought or held, the medical board shall consider:

(2) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under paragraph (a.1)(6) of this Code section. (4) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the board only if the petitioner applies for licensure, fulfills all other requirements for the occupational license, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(5) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(6) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to include character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors, who may offer their verbal or written support. (B) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(C) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(8) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

In determining if a conviction directly relates to the occupation for which the license is sought or held, the board of pharmacy shall consider:

(1) The nature and seriousness of the offense and the direct relationship of the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(b) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under subsection (b) of Code Section 20-4-60.1. The petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.

(c) In considering predetermination petitions, the board shall apply the direct relationship standard in subsection (a) of Code Section 26-4-60.1 and shall not consider any offenses falling under subsection (b) of Code Section 26-4-60.1. The board shall support any adverse predetermination with clear and convincing evidence.

(d) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the board only if the petitioner applies for licensure, fulfills all other requirements for the licensure, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(e) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(f) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The individual shall have the opportunity to include character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors, who may offer their verbal or written support. The board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. (g) If the board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(1) The grounds and rationale for the predetermination, including the specific convictions and the factors in paragraph (1) of subsection (a) of this Code section the board deemed directly relevant;

(2) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(3) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(h) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

If at the conclusion of the settlement conference the parties cannot reach an agreement, then written notice shall be provided to the taxpayer that the filing fees for the superior court must be paid by the taxpayer by submitting to the county board of tax assessors a check, money order, or any other instrument payable to the clerk of the superior court within 20 days of the date of the conference.

(F) All papers and information filed with the clerk shall become a part of the record on appeal to the superior court. At the time of the filing of the petition for review, the county board of tax assessors shall serve the taxpayer and his or her attorney of record, if any, with a copy of the petition for review filed in the superior court and with the civil action file number assigned to the appeal. Such service shall be effected in accordance with subsection (b) of Code Section 9-11-5. No discovery, motions, or

PART III
SECTION 3-1.

Said title is further amended in Code Section 48-5-2, relating to definitions relative to ad valorem taxation of property, by revising the introductory language of paragraph (3) as follows:

"(3) 'Fair market value of property' means the amount a knowledgeable buyer would pay for the property and a willing seller would accept for the property at an arm's length, bona fide sale. The income approach, if data are available, shall be considered in determining the fair market value of income-producing property. If actual income and expense data are voluntarily supplied by the property owner, such data shall be considered in such determination. ~~Notwithstanding any other provision of this chapter to the contrary, the transaction amount of the most recent arm's length, bona fide sale in any year shall be the maximum allowable fair market value for the next taxable year.~~ With respect to the valuation of equipment, machinery, and fixtures when no ready market exists for the sale of the equipment, machinery, and fixtures, fair market value may be determined by resorting to any reasonable, relevant, and useful information available, including, but not limited to, the original cost of the property, any depreciation or obsolescence, and any increase in value by reason of inflation. Each tax assessor shall have access to any public records of the taxpayer for the purpose of discovering such information."

SECTION 3-2.

Said title is further amended by adding a new Code section to read as follows:

"48-5-44.2.

(a) For purposes of this Code section, the term:

(1) 'Ad valorem taxes' means all ad valorem taxes levied by, for, or on behalf of the state or any county, consolidated government, municipality, or school system in this state, except for any ad valorem taxes levied to pay interest on and to retire bonded indebtedness.

(2) 'Adjusted base year assessed value' means the sum of:

(A) The previous adjusted base year assessed value;

(B) An amount equal to the difference between the current year assessed value of the homestead and the base year assessed value of the homestead, provided that such amount shall not exceed 3 percent of the previous adjusted base year assessed value of the homestead; and

(C) The value of any substantial property change, provided that no such value added improvements to the homestead shall be duplicated as to the same addition or improvement.

(3) 'Base year assessed value' means:

(A) With respect to an exemption under this Code section which is first granted to a person on such person's homestead for the 2025 taxable year, the assessed value for taxable year 2024, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead; or

(B) In all other cases, the assessed value, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead from the taxable year immediately preceding the taxable year in which the exemption under this Code section is first granted to the applicant.

(4) 'Homestead' means homestead as defined and qualified in Code Section 48-5-40.

(5) 'Previous adjusted base year assessed value' means:

(A) With respect to the year for which the exemption under this Code section is first granted to a person on such person's homestead, the base year assessed value; or

(B) In all other cases, the adjusted base year assessed value of the homestead as calculated in the taxable year immediately preceding the current year, including any final determination of value on appeal pursuant to Code Section 48-5-311.

(6) 'Substantial property change' means any increase or decrease in the assessed value of a homestead derived from additions or improvements to, or the removal of real property from, the homestead which occurred after the year in which the base year assessed value is determined for the homestead. The assessed value of the substantial property changes shall be established following any final determination of value on appeal pursuant to Code Section 48-5-311.

(b)(1) Each resident of this state is granted an exemption on that person's homestead from ad valorem taxes in an amount equal to the amount by which the current year assessed value of that homestead, including any final determination of value on appeal pursuant to Code Section 48-5-311, exceeds its previous adjusted base year assessed value.

(2) Except as provided for in subsection (c) of this Code section, no exemption provided for in this subsection shall transfer to any subsequent owner of the property, and the assessed value of the property shall be as provided by law.

(c) The surviving spouse of the person who has been granted the exemption provided for in subsection (b) of this Code section shall continue to receive the exemption provided under subsection (b) of this Code section, so long as such surviving spouse continues to occupy the residence as a homestead.

(d) No person shall receive the exemption granted by subsection (b) of this Code section unless such person or person's agent files an application with the tax receiver or tax commissioner of his or her local government or governments charged with the duty of receiving returns of property for taxation, giving such information relative to receiving such exemption as will enable such tax receiver or tax commissioner to make a determination regarding the initial and continuing eligibility of such person for such exemption; provided, however, that any person who had previously applied for a homestead exemption, was allowed such homestead exemption for the 2024 tax year, and remains eligible for a homestead exemption for that same homestead in the 2025 tax year, shall be automatically allowed the exemption granted under subsection (b) of this Code

section for that homestead without further application. Such tax receiver or tax commissioner shall provide application forms for this purpose.

(e) The exemption granted by subsection (b) of this Code section shall be claimed and returned as provided in Code Section 48-5-50.1. Such exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. After a person or a person's agent has filed the proper application as provided in subsection (d) of this Code section, it shall not be necessary to make application thereafter for any year, and the exemption shall continue to be allowed to such person. It shall be the duty of any person granted the homestead exemption under subsection (b) of this Code section to notify the tax receiver or tax commissioner of the local government or governments in the event such person for any reason becomes ineligible for such exemption.

(f)(1) Except as otherwise provided in paragraph (2) of this subsection, the homestead exemption granted by subsection (b) of this Code section shall be in addition to and not in lieu of any other homestead exemption applicable to ad valorem taxes.

(2) The homestead exemption granted by subsection (b) of this Code section shall not be applied in addition to any other base year value homestead exemption provided by law with respect to the given taxing jurisdiction to which the law applies. In any such event, the tax receiver or tax commissioner of the taxpayer's local government or governments charged with the duty of receiving returns of property for taxation shall apply only the base year value homestead exemption that is greater or more beneficial for the taxpayer with respect to the particular taxing jurisdictions to which more than one base year value homestead exemption applies.

(g) The exemption granted by subsection (b) of this Code section shall apply to all taxable years beginning on or after January 1, 2025, provided that:

(1) A constitutional amendment is ratified and becomes effective on January 1, 2025, which authorizes the General Assembly to provide by general law for a homestead exemption that shall not be applicable to certain political subdivisions which elect to opt out of the homestead exemption by a date certain; and

(2) The exemption granted by subsection (b) of this Code section shall not be applicable for any county, consolidated government, municipality, or school system for which the governing authority of such political subdivision adopts an opt-out resolution in accordance with subsection (h) of this Code section.

(h) The governing authority of any county, consolidated government, municipality, or school system may elect to opt out of the homestead exemption otherwise granted by subsection (b) of this Code section with respect to such political subdivision through the adoption of a resolution by March 1, 2025, after completing the following steps:

(1) The governing authority shall advertise its intent to do so and shall conduct at least three public hearings thereon, at least one of which shall commence between the hours of 6:00 P.M. and 7:00 P.M., inclusive, on a business weekday. The governing authority shall place an advertisement in a newspaper of general circulation serving the residents of the political subdivision and post such advertisement on its website, which shall read as follows:

Times and places of additional public hearings on this matter are at (place of meeting) on (date and time).'

Simultaneously with this notice the governing authority shall provide a press release to the local media.

(2) The advertisement required by paragraph (1) of this subsection shall appear at least one week prior to each hearing, be prominently displayed, not be less than 30 square inches, and not be placed in that section of the newspaper where legal notices appear and shall be posted on the appropriate website at least one week prior to each hearing. In addition to the advertisement specified under this paragraph, the levying or recommending authority may include in the notice reasons or explanations for its intention to opt out of the homestead exemption.

(3) No resolution to opt out of the homestead exemption shall become effective with respect to a political subdivision unless the procedures and hearings required by this subsection are completed and a copy of such resolution is filed with the Secretary of State by March 1, 2025."

PART IV
SECTION 4-1.

This Act shall become effective on January 1, 2025, and shall be applicable to taxable years beginning on or after January 1, 2025; provided, however, that, if a constitutional amendment which becomes effective on such date and which authorizes the General Assembly to provide by general law for a homestead exemption that applies statewide, but that permits political subdivisions to individually opt out of such homestead exemption, has not been ratified, then this Act shall stand automatically repealed on such date.

SECTION 4-2.

The Senate Committee on the Judiciary offered the following substitute to HB 220:

A BILL TO BE ENTITLED
AN ACT

To amend Title 44 of the Official Code of Georgia Annotated, relating to property, so as to provide for means of enforcement of condominium and property owners' association

instruments, rules, and regulations; to provide for compliance with, and means of enforcement of, covenants and instruments for certain planned subdivisions; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 44 of the Official Code of Georgia Annotated, relating to property, is amended by revising Code Section 44-3-76, relating to compliance with condominium instruments, rules, and regulations and means of enforcement, as follows:

"44-3-76.

Every unit owner and all those entitled to occupy a unit shall comply with all lawful provisions of the condominium instruments. In addition, any unit owner and all those entitled to occupy a unit shall comply with any reasonable rules or regulations adopted by the association pursuant to the condominium instruments which have been provided to the unit owners and with the lawful provisions of bylaws of the association. Any lack of such compliance shall be grounds for an action to recover sums due, for damages, for ~~or~~ injunctive relief, or for any other remedy available at law or in equity, maintainable by the association or, in any proper case, by one or more aggrieved unit owners, on their own behalf or as a class action. After providing notice in accordance with the terms of the instrument, or, if the instrument is silent, ten days' written notice, the association may pursue injunctive relief without the need or requirement to first pursue or utilize any other remedies, regardless of whether other remedies may be available or might otherwise be adequate, provided that such notice shall not be required in the event of a violation of the instrument or the reasonable rules or regulations adopted by the association that presents a clear and imminent danger to life, person, or property, or for which injunctive relief would become moot if not granted before a notice period as prescribed above would expire. If and to the extent provided in the condominium instruments, the association shall be empowered to impose and assess fines, and suspend temporarily voting rights and the right of use of certain of the common elements in order to enforce such compliance; provided, however, that no such suspension shall deny any unit owner or occupants access to the unit owned or occupied nor cause any hazardous or unsanitary condition to exist. If the voting right of a unit owner has been suspended, then to the extent provided in the condominium instruments, that unit owner's vote shall not count for purposes of establishing a quorum or taking any action which requires a vote of the owners under this article or the condominium instruments. Notwithstanding any other provision of this Code section, to the extent provided in the condominium instruments, water, gas, electricity, heat, and air conditioning services being provided to a unit or unit owner by the association may be terminated for failure to pay assessments and other amounts due pursuant to subsection (a) of Code Section 44-3-109, subject to the suspension standards and notice requirements imposed on the institutional providers providing such services to the condominium development, only after a final judgment or final judgments in excess of a total of $750.00 are obtained in favor of the association

from a court of competent jurisdiction. The utility services shall not be required to be restored until the judgment or judgments and any reasonable utility provider charges or other reasonable costs incurred in suspending and restoring such services are paid in full. All common expenses for termination and restoration of any services pursuant to this Code section shall be an assessment and a lien against the unit."

SECTION 2.

Said title is further amended by revising subsection (a) of Code Section 44-3-106, relating to powers and responsibilities of association and tort actions, as follows:

"(a) Except to the extent prohibited by the condominium instruments and subject to any restrictions and limitations specified therein, the association shall have the power to:

(1) Employ, retain, dismiss, and replace agents and employees to exercise and discharge the powers and responsibilities of the association;

(2) Make or cause to be made additional improvements on and as a part of the common elements; ~~and~~

(3) Grant or withhold approval of any action by one or more unit owners or other persons entitled to occupancy of any unit if such action would change the exterior appearance of any unit or of any other portion of the condominium or elect or provide for the appointment of an architectural control committee to grant or withhold such approval; and

(4) Enforce all lawful provisions of the condominium instruments in accordance with and pursuant to all powers granted by this article, by Chapter 2 or 3 of Title 14 as may be applicable, and as provided for in the instruments, including, but not limited to, by an action to recover sums due; for damages; for injunctive relief, without regard to whether other remedies may exist or be adequate, provided that the provisions of Code Section 44-3-76 and the instrument are complied with or for any other remedy available at law or in equity to the association."

SECTION 3.

Said title is further amended by revising Code Section 44-3-223, relating to compliance with provisions of instrument and with rules and regulations and penalties for noncompliance relating to property owners' associations, as follows:

"44-3-223.

Every lot owner and all those entitled to occupy a lot shall comply with all lawful provisions of the property owners' association instrument. In addition, any lot owner and all those entitled to occupy a lot shall comply with any reasonable rules or regulations adopted by the association pursuant to the instrument which have been provided to the lot owners and with the lawful provisions of the bylaws of the association. Any lack of such compliance shall be grounds for an action to recover sums due, for damages, for ~~or~~ injunctive relief, or for any other remedy available at law or in equity, maintainable by the association or, in any proper case, by one or more aggrieved lot owners on their own behalf or as a class action. After providing notice in accordance with the terms of the instrument, or, if the instrument is silent, ten days' written notice, the association may

pursue injunctive relief without the need or requirement to first pursue or utilize any other remedies, regardless of whether other remedies may be available or might otherwise be adequate, provided that such notice shall not be required in the event of a violation of the instrument or the reasonable rules or regulations adopted by the association that presents a clear and imminent danger to life, person, or property, or for which injunctive relief would become moot if not granted before a notice period as prescribed above would expire. If and to the extent provided in the instrument, the association shall be empowered to impose and assess fines and suspend temporarily voting rights and the right of use of certain of the common areas and services paid for as a common expense in order to enforce such compliance; provided, however, that no such suspension shall deny any lot owner or occupants access to the lot owned or occupied."

SECTION 4.

Said title is further amended by revising subsection (a) of Code Section 44-3-231, relating to powers and duties of association and legal actions against agent or employee of association, as follows:

"(a) Except to the extent prohibited by the instrument and subject to any restrictions and limitations specified therein, the association shall have the power to:

(1) Employ, retain, dismiss, and replace agents and employees to exercise and discharge the powers and responsibilities of the association;

(2) Make or cause to be made additional improvements on and as a part of the common area; ~~and~~

(3) Grant or withhold approval of any action by one or more lot owners or other persons entitled to occupancy of any lot if such action would change the exterior appearance of any lot, or any structure thereon, or of any other portion of the development or elect or provide for the appointment of an architectural control committee to grant or withhold such approval; and

(4) Enforce all lawful provisions of the property owners' association instrument in accordance with and pursuant to all powers granted by this article, by Chapter 2 or 3 of Title 14 as may be applicable, and as provided for in the instrument, including, but not limited to, by an action to recover sums due; for damages; for injunctive relief, without regard to whether other remedies may exist or be adequate, provided that the provisions of Code Section 44-3-223 and the instrument are compiled with or for any other remedy available at law or in equity to the association."

SECTION 5.

Said title is further amended by adding a new paragraph to subsection (d) of Code Section 44-5-60, relating to effect of zoning laws, covenants and scenic easements for use of public, renewal of certain covenants, and costs, as follows:

"(6) In every planned subdivision containing no fewer than 15 individual plots, every person owning plots affected by such covenant owner and all those entitled to occupy such property shall comply with all lawful provisions of said covenants and the instrument containing such covenants. Any lack of such compliance shall be grounds

for an action to recover sums due; for damages; for injunctive relief; or for any other remedy available at law or in equity, maintainable by a homeowners' association or other common interest community association which has been created pursuant to those covenants. Such association, if any, may pursue injunctive relief without the need or requirement to first pursue or utilize any other remedies, regardless of whether other remedies may be available or might otherwise be adequate. To the extent provided in the instrument, such association shall be empowered to impose and assess fines and temporarily suspend voting rights and the right of use of certain common areas and services paid for as a common expense in order to enforce such compliance; provided, however, that no such suspension shall deny any property owner or occupants access to the property owned or occupied. Nothing in this paragraph shall be construed to render any covenants in a subdivision containing fewer than 15 individuals plots unenforceable, nor shall anything in this subsection be construed to limit or expand rights of property owners or common interest community associations which may otherwise exist under Georgia law or the instruments governing such community associations, except as expressly stated in this paragraph."

SECTION 6.

All laws and parts of laws in conflict with this Act are repealed.

44-17-6.

A record joint owner of an interest in real estate may use the provisions of this chapter to title the interest in a transfer-on-death form; provided, however, that title to the interest shall vest in the designated grantee beneficiary or beneficiaries only if the record joint owner is the last to die of all of the record joint owners of the interest. ~~(c)~~ The corporation shall require location owners and location operators to place all bona fide coin operated amusement machine proceeds due the corporation in a segregated account in institutions insured by the Federal Deposit Insurance Corporation not later than the close of the next banking day after the date of their collection by the retailer until the date they are paid over to the corporation. At the time of such deposit, bona fide coin operated amusement machine proceeds shall be deemed to be the property of the corporation. The corporation may require a location owner or location operator to establish a single separate electronic funds transfer account where available for the purpose of receiving proceeds from Class B machines, making payments to the corporation, and receiving payments for the corporation. Unless otherwise authorized in writing by the corporation, each bona fide coin operated amusement machine location owner or location operator shall establish a separate bank account for bona fide coin operated amusement machine proceeds which shall be kept separate and apart from all other funds and assets and shall not be commingled with any other funds or assets. Whenever any person who receives proceeds from bona fide coin operated amusement machines becomes insolvent, the proceeds due the corporation from such person shall have preference over all debts or demands. If any financial obligation to the corporation has not been timely received, the officers, directors, members, partners, or shareholders of the location owner or location operator shall be personally liable for the moneys owed to the corporation. The corporation shall issue a federal Internal Revenue Service Form 1099, or its equivalent, to each master licensee and location owner or location operator which receives proceeds pursuant to this Code section.

~~(d)~~(c)(1) As a condition of the license issued pursuant to this article, no master licensee or location owner or location operator shall replace or remove a Class A machine or Class B ~~bona fide coin operated amusement~~ machine from a location until the master licensee and location owner or location operator certify to the corporation that there are no disputes regarding any agreement, distribution of funds, or other claim between the master licensee and location owner or location operator; provided, however, that this certification shall not be required if a master licensee is replacing its own Class A machine or Class B ~~bona fide coin operated amusement~~ machine at a location. If either the master licensee or location owner or location operator is unable to make the certification required by this Code section, the corporation shall refer the dispute to a hearing officer as set forth in this subsection.

(2) The corporation shall have jurisdiction of all disputes between and among any licensees or former licensees whose licenses were issued pursuant to this article relating in any way to any agreement involving coin operated amusement machines, distribution of funds, tortious interference with contract, other claims against a subsequent master ~~license holder~~ licensee or location owner, or any other claim involving coin operated amusement machines; provided, however, that this paragraph shall not apply to any agreement which expired on or before April 10, 2013. All disputes subject to the provisions of this Code section certified by a master licensee, location owner, or location operator shall be decided by a hearing officer approved or appointed by the corporation. The corporation shall adopt rules and regulations governing the selection of hearing officers after consultation with the Bona Fide Coin Operated Amusement Machine Operator Advisory Board. Costs of the hearing officer's review, including any hearing set pursuant to this Code section, shall be shared equally between the parties in the dispute unless provided otherwise in the agreement or by the hearing officer; provided, however, that the corporation shall not be responsible for any of the costs associated with the dispute resolution mechanism set forth in this Code section. If any party fails to timely pay the costs of the hearing officer's review within ten days of service of notice of costs by the hearing officer, the hearing officer shall grant a default judgment on liability against the nonpaying party. The hearing officer shall then consider evidence related to damages or any other relief and shall render judgment based upon a preponderance of the evidence.

(3) The corporation shall also adopt rules governing the procedure, evidentiary matters, and any prehearing discovery applicable to disputes resolved pursuant to this Code section. Such rules shall be consistent with the Georgia Arbitration Code, and the corporation shall consult the Bona Fide Coin Operated Amusement Machine Operator Advisory Board regarding the procedures or rules adopted pursuant to this subsection. Notwithstanding Code Section 9-9-9, such procedures and rules shall include at least the right of notice to produce books, writings, and other documents or tangible things; depositions; and interrogatories.

(4) If requested by the master licensee or the location owner or location operator, the hearing officer shall conduct a hearing as to the dispute, but in no case unless extended by the hearing officer for good cause shall the hearing officer conduct a hearing more than 90 days after he or she has been appointed or selected to decide the dispute. No Class B ~~bona fide coin operated amusement~~ machine that is subject to the dispute

resolution mechanism required by this Code section shall be removed from the terminal by a master licensee, location owner, or location operator or otherwise prevented by a master licensee, location owner, or location operator from play by the public until a final decision is entered and all appellate rights have been exhausted, or until the master licensee and location owner or location operator agree to a resolution, whichever occurs first.

(5) The decision of the hearing officer may be appealed to the chief executive officer or his or her designee. The chief executive officer shall not reverse a finding of fact of the hearing officer if any evidence supports the hearing officer's conclusion. The chief executive officer shall not reverse a conclusion of law of the hearing officer unless it was clearly erroneous, arbitrary, and capricious or exceeded the hearing officer's jurisdiction. The decision of the chief executive officer may be appealed to the Superior Court of Fulton County, which court shall not reverse the chief executive officer's findings of fact unless it is against the weight of the evidence as set forth in Code Section 5-5-21, and the chief executive officer's legal conclusions shall not be set aside unless there is an error of law."

SECTION 12.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

Chairman, Senate Finance

SUBJECT: Fiscal Note
House Bill 808 (LC 50 0782S)

Dear Chairman Hufstetler:

The bill would raise the current property tax exemption on personal property found in O.C.G.A. § 48-5-42.1 from $7,500 to $20,000. If the bill is passed, the final decision on the change would be made by voters during the November 2024 election day.

The state does not collect property tax revenue on personal property; therefore, there is no expected impact on state revenue.

Respectfully,

Section 20301, et seq., the ballots shall be printed on security paper that incorporates

SECTION 2.

Said chapter is further amended in Code Section 21-2-379.23, relating to requirements for ballot display, role of Secretary of State, and printed paper ballot controls during recount, by revising subsection (b) as follows:

"(b) The form and arrangement of ballots marked and printed by an electronic ballot marker shall be prescribed by the Secretary of State; provided, however, that such ballots shall be printed on security paper that incorporates features which can be used to authenticate the ballot as an official ballot but which do not make the ballot identifiable to a particular elector; provided, further, that at least one such feature is a visible watermark that identifies the ballot as an official Georgia ballot."

SECTION 3.

Said chapter is further amended in Code Section 21-2-386, relating to safekeeping, certification, and validation of absentee ballots, rejection of ballot, delivery of ballots to location designated by superintendent, duties of superintendent and managers, precinct returns, report of returns of verified and accepted absentee ballots cast as soon as possible following closing of polls, notification of challenged elector, and unlawful disclosure of tabulation results, by adding a new subsection to read as follows:

"(g) Notwithstanding any other provision of law to the contrary, including, but not limited to, the certification requirement in paragraph (3) of subsection (a) of Code Section 21-2-300, all absentee ballots tabulated pursuant to this Code section shall be scanned so that there is a digital image of each such ballot. All such scans shall have a resolution of no less than 600 dots per inch, or the highest resolution possible within the certified voting system. All such scans shall be posted and maintained by the program provided for in subsection (j.1) of Code Section 21-2-493."

SECTION 4.

(A) Eight percent in 2024;

(B) Six percent in 2026; and

(C) Five percent or less in 2028 and thereafter.

(3) 'Risk-limiting audit' means an audit protocol that makes use of statistical methods and is designed to limit to acceptable levels the risk of certifying a preliminary election outcome that constitutes an incorrect outcome.

(4) 'Selected contests' means:

(A) The contest at the top of a ballot; and

SECTION 6.

Said chapter is further amended by adding a new Code section to read as follows:

"21-2-498.1.

The Secretary of State shall create a pilot program for the auditing of paper ballot images using optical character recognition technology or other related technology which shall verify the human-readable text portion of the ballot. Chairman, House Retirement Committee

SUBJECT: Actuarial Investigation
House Bill 825 (LC 43 2849)
Georgia Judicial Retirement System

Dear Chairman Carson:

This bill would amend provisions relating to benefits payable to certain retired members of the Georgia Judicial Retirement System. Currently, retirement benefits are calculated based on the state salary outlined in statute for the respective position. The calculation does not include any county supplements that may have been paid to the member while in active service. Current law authorizes, but does not require, counties to provide supplemental retirement benefits for retired judges and district attorneys that served their area and received a county supplement while employed.

This bill would require certain judicial circuits to pay a supplemental benefit to superior court judges and district attorneys who retired from such circuit, as well as to the beneficiaries of deceased members. This would only apply to single county judicial circuits in which the county site is located in an unincorporated area of the county and the county governing authority has constructed one or more permanent satellite courthouses within the county. Any judicial circuit that is subject to these provisions would pay a supplemental benefit that is calculated based on the benefit percentage the retired member earned at retirement from the Judicial Retirement System together with the aggregate county salary supplement being paid to active judges as of the date of the member's retirement from active service.

As written, only one judicial circuit in Georgia would be affected by this legislation and any supplemental benefits that would be paid to retired members who served the county would be paid by the county. Therefore, this bill would not result in a first-year cost to the Georgia Judicial Retirement System. There would be no increase in the unfunded actuarial accrued liability or the employer contribution. This cost estimate is based on current member data, actuarial assumptions, and actuarial methods. It should be noted that

changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through State appropriations.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request from the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. §47-20-36, which outlines the factors to be considered in an actuarial investigation.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	$ 0
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	$ 0
(3)	The number of years that the unfunded actuarial accrued liability created by the bill would be amortized.	N/A
(4)	The amount of the annual normal cost which will result from the bill.	$ 0
(5)	The employer contribution rate currently in effect for the Georgia Judicial Retirement System.	6.43%*
(6)	The employer contribution rate recommended for the System (in conformity with minimum funding standards specified in O.C.G.A. §47-20-10).	6.43%
(7)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	$ 0

**This rate represents the employer contribution rate that has been recommended by the actuary beginning July 1, 2024, for the Georgia Judicial Retirement System in order to meet the minimum funding standards.*

It should be noted that these cost estimates are based upon the current provisions of the bill as outlined in House Bill 825 (LC 43 2849). Any subsequent changes in the retirement bill could invalidate the actuarial investigation and the findings included therein.

SUBJECT: State Auditor's Certification
Substitute to House Bill 825 (LC 56 0096S)

Dear Representative Leverett:

This substitute bill would amend provisions relating to benefits payable to retired members of the Georgia Judicial Retirement System. Currently, retirement benefits paid to retired members of the Georgia Judicial Retirement System are calculated based on the state salary outlined in statute for the respective position. Retirement benefits are not paid based on any county supplements they may have received while an active member of the System. Current law authorizes, but does not require, counties to provide supplemental retirement benefits for retired judges and district attorneys that served their area and received a county supplement while employed.

This substitute bill would require certain judicial circuits to pay a supplemental benefit to district attorneys who retired from such circuit. This would only apply to single county judicial circuits in which the county site is located in an unincorporated area of the county and the county governing authority has constructed one or more permanent satellite courthouses within the county.

The amount of the supplement shall be determined by multiplying the benefit percentage the district attorney earned at retirement from the Judicial Retirement System together with the aggregate county salary supplement being paid to the active district attorney on the date he or she began receiving a retirement benefit or the supplement paid to the retiring district attorney upon his or her last day of service, whichever is greater.

This is to certify that the changes made in this substitute bill are nonfiscal amendments as defined in the Public Retirement Systems Standards Law. Therefore, the actuarial investigation prepared for House Bill 825 (LC 43 2849) would apply to LC 56 0096S. A copy of the actuarial investigation and State Auditor's Summary is attached.

to permit the state court judges of Fulton County to participate in such county's defined contribution plan;

By renumbering Sections 1 through 3 as Sections 2 through 4, respectively.

By inserting after line 6 the following:

SECTION 1.

Chapter 23 of Title 47 of the Official Code of Georgia Annotated, relating to the Judicial Retirement System, is amended by revising Code Section 47-23-50, relating to retirement benefits for state judges serving Fulton County, as follows:

"47-23-50.

Any person who becomes a judge of the State Court of Fulton County on or after July 1, 2004, shall become a member of this retirement system by operation of law and shall not be a member of any other public retirement system; provided, however, that any such judge may participate in a county's defined contribution plan."

The Honorable Matt Brass, Chairman
Senate Rules Committee
State Capitol, Room 453

SUBJECT: State Auditor's Certification
Amendment to House Bill 825 (AM 56 0015)

Dear Chairman Brass:

As amended, this bill would amend provisions relating to the Georgia Judicial Retirement System (JRS). Chapter 20 of Title 47 of the Official Code of Georgia Annotated includes provisions that allowed persons who became a state court judge of Fulton County on or before June 30, 2004 to join the JRS or remain in the Fulton County plan. Any Fulton County state court judge hired after such date is required to become a member of the JRS. Such provisions also specify that such judges are prohibited from participating in two retirement systems.

Based on this prohibitive language, Fulton County has not allowed their state court judges to participate in the defined contribution plan for the amount of their salary that exceeds the pensionable salary under JRS. This amendment would add language to clarify that such judges may participate in a county's defined contribution plan, provided such plan is offered. As defined in O.C.G.A. §47-20-3 (23), the term 'retirement system' does not include plans that provide for individual accounts in which benefits are determined solely based on contributions and earnings.

Under the provisions of this amendment, the provisions of House Bill 825 (LC 56 0096S) relating to benefits payable to retired members of the Georgia Judicial Retirement System remain in the bill. Currently, retirement benefits paid to retired members of the Georgia Judicial Retirement System are calculated based on the state salary outlined in statute for the respective position. Retirement benefits are not paid based on any county supplements they may have received while an active member of the System. Current law authorizes, but does not require, counties to provide supplemental retirement benefits for retired judges and district attorneys that served their area and received a county supplement while employed.

This amendment would require certain judicial circuits to pay a supplemental benefit to district attorneys who retired from such circuit. This would only apply to single county judicial circuits in which the county site is located in an unincorporated area of the county and the county governing authority has constructed one or more permanent satellite courthouses within the county.

The amount of the supplement shall be determined by multiplying the benefit percentage the district attorney earned at retirement from the Judicial Retirement System together with the aggregate county salary supplement being paid to the active district attorney on the date he or she began receiving a retirement benefit or the supplement paid to the retiring district attorney upon his or her last day of service, whichever is greater.

This is to certify that this amendment is a nonfiscal amendment as defined in the Public Retirement Systems Standards Law. Therefore, the actuarial investigation prepared for House Bill 825 (LC 43 2849) would apply to AM 56 0015. A copy of the actuarial investigation and State Auditor's Summary is attached.

(4) If, pursuant to 47 U.S.C. Section 227(c)(3), the Federal Communications Commission establishes a single national data base of telephone numbers of subscribers who object to receiving telephone solicitations, the commission shall include the part

BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article VI, Section VII of the Constitution is amended by revising Paragraph V as follows:

"Paragraph V. ***Compensation and allowances of judges.*** (a) All judges shall receive compensation and allowances as provided by law, subject to the provisions of this Paragraph.~~; county supplements are hereby continued and may be granted or changed by the General Assembly. County governing authorities which had the authority on June 30, 1983, to make county supplements shall continue to have such authority under this Constitution.~~ An incumbent's salary, allowance, or supplement shall not be decreased during the incumbent's term of office.

(b)(1) For the purposes of this subparagraph, the term 'base salary' means the annual salary fixed for the judges of the United States District Court for the Northern District of Georgia on July 1 of the second preceding state fiscal year.

(2) Except as provided for in subparagraph (c) of this Paragraph, as of July 1, 2025,

the annual salary of each of the judges listed below shall be set by the General Assembly in the General Appropriations Act, provided that each such salary shall not exceed the ratio of the base salary listed below for such judges:

(A) Each Justice of the Supreme Court, 100 percent;

(B) Each Judge of the Court of Appeals, 99 percent;

(C) Each Judge of the State-wide Business Court, 95 percent; and

(D) Each superior court judge, 90 percent.

(3) The salary of any judge not otherwise provided for in this Paragraph shall be as provided by law; provided, however, that the salary of any such judge elected or appointed after January 1, 2025, shall not exceed the salary of superior court judges as provided for in subparagraph (b) of this Paragraph.

(c)(1) Each superior court judge in office on June 30, 2025, shall have the option to continue to receive the annual salary, as well as all local supplements, he or she was receiving on such date.

(2) Each superior court judge shall express his or her election of an annual salary provided for by either subparagraph (b)(2) or subparagraph (c)(1) of this Paragraph by filing a written notification thereof with The Council of Superior Court Judges of Georgia and the governing authority of each county comprising the judge's judicial circuit. Failure to file such written notification by January 1, 2025, shall be an election to continue to receive the annual salary, as well as all local supplements as calculated on June 30, 2025.

(3) Except as provided for in subparagraph (c)(4) of this Paragraph, in the event that a superior court judge elects to continue to receive the annual salary, as well as all local supplements, he or she was receiving on June 30, 2025, such judge shall be entitled to continue to receive such compensation for the entirety of his or her entire superior court judgeship.

(4) A superior court judge who elected to continue to receive the annual salary, as well as all local supplements, he or she was receiving on June 30, 2025, may at anytime exercise an option to receive the annual salary provided for by subparagraph (b) of this Paragraph by filing a written notification thereof with The Council of Superior Court Judges of Georgia and the governing authority of each county comprising the judge's judicial circuit. (2) In the event that a superior court judge exercises the option pursuant to subparagraph (c)(1) of this Paragraph to continue to receive the annual salary, as well as all local supplements he or she was receiving on January 1, 2025, the county and municipal governing authorities providing such local supplements to such judge on

January 1, 2025, shall be authorized, and required, to continue to provide such supplements until such judge exercises the option to receive the annual salary provided for by subparagraph (b) of this Paragraph or such superior court judge retires or otherwise leaves office. In no event shall a local supplement provided by subparagraph (d)(2) of this Paragraph be increased beyond the amount provided on January 1, 2025.

(e) As of June 30, 2025, all local laws and local ordinances or resolutions in effect as of such date that provide for a salary, supplement, or other compensation to be paid to a state, county, or local officer, official, or employee based on a percentage of, total compensation for, or similar mathematical relationship to a superior court judge's salary or supplement shall be permanently suspended with respect to any salary, supplement, or other compensation increase occurring on or after July 1, 2025, and no change in the salary of a superior court judge after such date shall result in a change in the calculation of any compensation to be paid by any county, municipality, consolidated, or other local government that may otherwise be required pursuant to a local law or local ordinance or resolution. A state, county, or local officer, official, or employee receiving compensation on June 30, 2025, based on a percentage of, total compensation for, or similar mathematical relationship to a superior court judge's salary or supplement shall continue to be compensated at the same amount as provided on June 30, 2025, until such time as such compensation is amended as provided for by law.

(f) Nothing in this Paragraph shall operate to alter, amend, contract, expand, extend, limit, modify, reduce, or terminate retirement benefits or rights thereto in existence prior to July 1, 2025. To the extent otherwise permitted by law, each county within a judicial circuit is authorized, but not required, to provide fringe benefits to superior court judges.

(g) The General Assembly by general law may provide any additional procedures necessary to implement this Paragraph."

SECTION 2.

Article VI, Section VII of the Constitution is amended by adding a new paragraph to read as follows:

"Paragraph V-A. ***Minimum retirement age of superior court judges.*** Except as provided for in Paragraph VII of this Section, any superior court judge first taking office on or after July 1, 2025, shall not be eligible for retirement until reaching 65 years of age. The option provided by this paragraph shall be exercised by such judge filing a written notification thereof with The Council of Superior Court Judges of Georgia and the governing authority of each county comprising the judge's judicial circuit. The failure to exercise the option by October 1, 2024, shall be an election to continue to receive compensation as previously calculated and as outlined in paragraph (2) of this subsection.

(2) To ensure that no superior court judges in office on July 1, 2024, have their salaries, allowance, or county salary supplements decreased during their terms of office, any superior court judge in office on July 1, 2024, who does not exercise the option provided by paragraph (1) of this subsection shall continue to be compensated in precisely the same manner as they were being compensated as of June 30, 2024, including, but not limited to, county supplements.

However, any increase for such officials shall not include within-grade step increases for which employees subject to compensation plans authorized and approved in accordance with Code Section 45-20-4 are eligible. Any increase granted pursuant to this subsection shall become effective at the same time that funds are made available for the increase for such employees, except increases for members and member-officers of the General Assembly. (2) No change in the salary of a superior court judge shall result in a change in the calculation of any compensation to be paid by any county, municipality, consolidated, or other local government that may otherwise be required pursuant to a local law or local ordinance or resolution during the period of suspension provided for in paragraph (1) of this subsection. The provisions of this subsection do not repeal or amend any such local law or local ordinance or resolution, and the provisions of such local laws or local ordinances or resolutions related to calculating compensation shall be merely suspended and shall remain suspended until lifted or modified pursuant to subsection (b) or (c) of this Code section.

(b) As of July 1, 2025, the suspension provided for in subsection (a) of this Code section shall be terminated as to judges, but shall otherwise remain in place for all other officers, officials, and employees. Any salary or compensation change for judges that otherwise would have gone into effect between July 1, 2024, and June 30, 2025, by operation of a local law or local ordinance or resolution if such suspension did not occur shall go into effect for calculations of prospective salary or other compensation accrued on or after July 1, 2025. The termination of the suspension provided for in this subsection shall not entitle any person to retroactive compensation that he or she otherwise may have earned except for such suspension, and no such retroactive payments shall be made by any county, municipality, consolidated, or other local government.

(c)(1) Nothing in this Code section shall operate to prevent the General Assembly from repealing or amending, in whole or in part, any local law that is suspended pursuant to subsection (a) of this Code section through the enactment of local legislation.
(2) Nothing in this Code section shall operate to prevent a county, municipality, consolidated, or other local government from enacting any salary or compensation changes for any state, county, or local officer, official, or employee that may otherwise be authorized by general or local law."

SECTION 6.
This Act shall become effective on July 1, 2024.

SECTION 7.

All such locality pay shall be in lieu of and not in addition to any county salary supplements previously provided by the county or counties. All judges within a judicial circuit who elect to exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-6-29 shall receive equal locality pay from any given county within such circuit that has opted to provide such pay.

(b)(1) In no event shall the annual locality pay provided to a judge by the county or counties comprising a judicial circuit in aggregate exceed 10 percent of the state annual salary provided by Code Section 45-7-4 to such judge.

(2) In the event that the state annual salary provided by Code Section 45-7-4 to superior court judges exceeds $201,060.00, the maximum allowable amount of annual locality pay provided to a judge by the county or counties comprising a judicial circuit shall be capped at $20,106.00, and such cap shall be reduced in an amount equal to half of the percentage amount of such state annual salary increase above $201,060.00. The intent of this paragraph is to provide for a decrease in the maximum amount of allowable locality pay so that such maximum shall be decreased by an amount equal to 50 percent of an increase of the state annual salary provided by Code Section 45-7-4 to superior court judges beyond $201,060.00.

(c) When a new superior court judgeship is created by law for any judicial circuit, the new superior court judge shall upon taking office become entitled to and shall receive from the county or counties comprising the circuit the same locality pay, if any, then in effect for the other judge or judges of the judicial circuit. Such locality pay for such new judge shall be authorized by this subsection and no other legislation or local legislation shall be required to authorize such locality pay.

(d) Except as provided for in subsection (b) of Code Section 15-6-29 and subsection (e) of this Code section and notwithstanding any other provision of law to the contrary, on and after July 1, 2024, no county or counties comprising a judicial circuit shall provide county salary supplements to a superior court judge.

(e)(1) Nothing in subsection (d) of this Code section shall operate to prevent a county or counties comprising a judicial circuit from continuing to provide a local salary supplement to the chief judge of the circuit that was otherwise authorized by law on June 30, 2024. On or after July 1, 2024, no local supplement for a chief judge shall be enacted or increased.

(2) For all judges who elect to exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-6-29, to the extent the aggregate salary provided for by subsection (a) of Code Section 15-6-29 and locality pay provided for by subsection (a) of this Code section to a particular judge do not equal or exceed that judge's aggregate salary and local supplement in effect at the time of the judge's exercise of such option, then the county or counties of the circuit shall pay an additional supplement in an amount equal to the difference between the aggregate salary and supplement in effect at the time of the judge's exercise of such option and the aggregate salary provided for by subsection (a) of Code Section 15-6-29 and locality pay provided for by subsection (a) of this Code section. When an additional supplement is required

by this paragraph in a circuit consisting of more than one county, then each county shall pay such additional supplement in proportion to each county's contribution to the local supplement in effect at the time of the judge's exercise of the option to participate. In no event shall the additional supplement required by this paragraph result in a judge's aggregate salary that exceeds the aggregate salary and supplement existing at the time of a judge's exercise of such option.

(f) Nothing in subsection (d) of this Code section shall operate to prevent a county or counties comprising a judicial circuit from continuing to provide fringe benefits to any judge of a judicial circuit in the same manner that such benefits were provided on June 30, 2024.

(g) Nothing in this Code section or subsection (b) of Code Section 15-6-29 shall operate to alter, amend, contract, expand, extend, limit, modify, or terminate retirement benefits or rights thereto in existence prior to July 1, 2024. All judges who exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-6-29 shall have no right to any benefit existing at the time such option is exercised reduced. To the extent otherwise permitted by law, each county within a judicial circuit is authorized, but not required, to provide retirement benefits based upon the locality pay it provides pursuant to subsection (a) of this Code section."

including members of the General Assembly, the Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Speaker Pro Tempore of the House of Representatives, may be increased by the General Assembly in the General Appropriations Act by a percentage not to exceed the average percentage of the increase in salary as may from time to time be granted to employees of the executive, judicial, and legislative branches of government. However, any increase for such officials shall not include within-grade step increases for which employees subject to compensation plans authorized and approved in accordance with Code Section 45-20-4 are eligible. Any increase granted pursuant to this subsection shall become effective at the same time that funds are made available for the increase for such employees, except increases for members and member-officers of the General Assembly. That portion of the increase determined by the Legislative Services Committee to reflect a cost-of-living increase based upon objective economic criteria shall become effective for members and member-officers at the same time that funds are made available for the increase for such employees. The balance of the increase for members and member-officers of the General Assembly shall become effective on the convening of the next General Assembly in January of the next odd-numbered year. The Office of Planning and Budget shall calculate the average percentage increase.

(c) The annual salary being received on June 30, 1980, shall be increased by 8 percent for each state official listed in subsection (a) of this Code section who:

(1) Is not a member of the General Assembly; and

(2) Is not a contributing member of a state retirement system and, therefore, does not benefit by or participate in any program whereunder a portion of the employee contributions to the state retirement system are made on behalf of the employee by the employer.

(d)(1) For the purposes this subsection, 'base salary' means the annual salary fixed for the judges of the United States District Court for the Northern District of Georgia on July 1 of the second preceding state fiscal year.

(2) No change in the salary of a superior court judge shall result in a change in the calculation of any compensation to be paid by any county, municipality, consolidated, or other local government that may otherwise be required pursuant to a local law or local ordinance or resolution during the period of suspension provided for in paragraph (1) of this subsection. The provisions of this subsection do not repeal or amend any such local law or local ordinance or resolution, and the provisions of such local laws or local ordinances or resolutions related to calculating compensation shall be merely suspended and shall remain suspended until lifted or modified pursuant to subsection (b) or (c) of this Code section.

(b) As of July 1, 2025, the suspension provided for in subsection (a) of this Code section shall be terminated as to judges, but shall otherwise remain in place for all other officers, officials, and employees. The termination of the suspension provided for in this subsection shall not entitle any person to retroactive compensation that he or she otherwise may have earned except for such suspension, and no such retroactive payments shall be made by any county, municipality, consolidated, or other local government.

(c)(1) Nothing in this Code section shall operate to prevent the General Assembly from repealing or amending, in whole or in part, any local law that is suspended pursuant to subsection (a) of this Code section through the enactment of local legislation.

(2) Nothing in this Code section shall operate to prevent a county, municipality, consolidated, or other local government from enacting any salary or compensation changes for any state, county, or local officer, official, or employee that may otherwise be authorized by general or local law."

It is the further intention of the General Assembly to provide a process and resource for those counties to mitigate the fiscal impact of not receiving tax revenue from such state owned property while also raising revenue to remove the burden of maintaining such property from the state government by authorizing certain local governments with highly impacted tax digests which are also properly licensed pursuant to this part to operate a bingo game."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known as the "Ashley Wilson Act."

SECTION 2.

Title 45 of the Official Code of Georgia Annotated, relating to public officers and employees, is amended by adding a new chapter to read as follows:

"CHAPTER 25

45-25-1.

The Georgia General Assembly finds that:

(1) First responders are often exposed to traumatic events in the line of duty and are at risk of developing post-traumatic stress disorder, which, if untreated, can result in the inability to serve as a first responder as well as grave health consequences, including death by suicide;

(2) Major medical insurance provides coverage for mental health treatment on parity with other illnesses, and major medical insurance companies are best suited to help first responders identify healthcare providers who can treat post-traumatic stress disorder and provide coverage for treatment by such providers;

(3) The Office of Public Safety Support within the Department of Public Safety was established to provide peer counselors and critical incident support services to first responders exposed to traumatic events at work. The intent of this chapter is to expand on this existing support by ensuring that, after a qualifying diagnosis of occupational post-traumatic stress disorder, such first responders have financial resources readily available to them;

(4) Having financial resources readily available to meet the financial needs of first responders at the critically important time of identifying the mental healthcare provider of their choice and beginning treatment, as well as having additional financial resources available for the continuation of treatment, pursuit of recovery, and return to service as first responders, will better serve first responders and their families; and

(5) Nothing in this chapter is intended to reimburse for or provide mental healthcare treatment or replace or disrupt coverage for mental health treatment under major medical insurance.

45-25-2.

As used in this chapter, the term:

(1) 'Covered condition' means an eligible first responder's occupational post-traumatic stress disorder that is the direct result of an experience of or an exposure to a traumatic event, wherein such experience or exposure takes place during the normal course of the first responder's regular occupational or volunteer duties on behalf of a public entity and the diagnosis is made no later than two years after the date of the traumatic event.

(2) 'Eligible first responder' means a first responder who experienced or was exposed to a traumatic event during the normal course of performing regular occupational or

volunteer duties on behalf of a public entity and such experience or exposure resulted in post-traumatic stress disorder, if the first responder received a diagnosis of post-traumatic stress disorder arising from such experience or exposure no later than two years after the traumatic event.

(3) 'First responder' means any of the following:

(A) 'Communications officer' as defined in Code Section 37-12-1;

(B) 'Correctional officer' as defined in Code Section 45-1-8;

(C) 'Emergency medical professional' as defined in Code Section 16-10-24.2;

(D) 'Emergency medical technician' as defined in Code Section 16-10-24.2;

(E) 'Firefighter' as defined in Code Section 25-4-2;

(F) 'Highway emergency response operator' as defined in Code Section 45-1-8;

(G) 'Jail officer' as defined in Code Section 45-1-8;

(H) 'Juvenile correctional officer' as defined in Code Section 45-1-8;

(I) 'Peace officer' as defined in Code Section 35-8-2;

(J) 'Probation officer' as defined in Code Section 45-1-8; and

(K) Law enforcement officer with the Department of Natural Resources.

(4) 'Monthly salary' means regular monthly earnings excluding overtime, bonuses, and commissions.

(5) 'Post-traumatic stress disorder' means an anxiety disorder caused by experiencing or being exposed to a traumatic event and which satisfies the clinical diagnostic criteria set forth in the American Psychiatric Association's *Diagnostic and Statistical Manual of Mental Disorders*, in effect on January 1, 2024.

(6) 'Public entity' means a department, agency, board, bureau, commission, authority, or instrumentality of the State of Georgia, any local government or authority, including a county, municipal, or consolidated government in this state, or any other political division in this state. Such term includes a school district, independent school district, or other local school system in this state.

(7) 'Qualified diagnostician' means a physician, psychiatrist, or psychologist who is duly authorized to practice in this state and is certified in a medical specialty appropriate for trauma related mental health diagnoses.

(8) 'Traumatic event' means an actual or threatened death, serious injury, or act of sexual violence that occurs on or after July 1, 2024, and which the first responder experienced or was exposed to during the normal course of the first responder's regular occupational or volunteer duties on behalf of a public entity. In cases involving multiple traumatic events occurring on or after July 1, 2024, the traumatic event is the most recent event determined by the qualified diagnostician to be related to the symptoms of post-traumatic stress disorder.

45-25-3.

(a) A public entity shall provide and maintain sufficient insurance coverage on each of its first responders to pay the benefits described in subsection (b) of this Code section to eligible first responders with covered conditions arising from a traumatic event which the first responder experienced or was exposed to while performing first responder services

for such public entity. Such coverage shall also pay such benefits for covered conditions arising from an employed first responder's services as a volunteer first responder for the same or another public entity. In the event a volunteer first responder of one public entity is simultaneously employed as a first responder by another public entity, the public entity for which such person is a volunteer shall not be required to maintain the coverage on such volunteer otherwise required under this Code section during the period of such employment with the other public entity. In no circumstance shall a first responder be entitled, as a result of this chapter, to more than the lifetime benefits described under this chapter.

(b) An eligible first responder with a covered condition shall be entitled to the following benefits:

(1) A supplemental illness-specific benefit, with a lifetime limit of $3,000.00, payable to an eligible first responder upon submission to the insurer of:

(A) Acceptable proof of a clinical diagnosis of a covered condition by a qualified diagnostician as provided for in subsection (f) of this Code section; and

(B) Invoices or other acceptable documentation of out-of-pocket medical expenses incurred as a result of such condition; and

(2) An income replacement disability benefit payable as a result of a clinical diagnosis of a covered condition, which disability benefit is payable as described below:

(A) If the first responder's qualified diagnostician determines that the covered condition precludes continuation of the first responder's regular occupational or volunteer duties as a first responder and provides proof acceptable to the insurer, including evidence of appropriate care and treatment, then the disability benefit shall begin 90 days after the date the covered condition first precludes continuation of such duties;

(B) The disability benefit shall continue, subject to standard requirements of disability insurances and subject to the cumulative lifetime disability benefit limit described in subparagraph (E) of this paragraph, during the period of continuous disability arising from the covered condition;

(C) The disability benefit shall cease when the first responder's qualified diagnostician determines that the eligible first responder has regained the ability to perform the duties previously performed as a first responder;

(D) Subject to the cumulative lifetime disability benefit limit provided for in subparagraph (E) of this paragraph, the disability benefit shall recommence if the first responder's qualified diagnostician determines that the eligible first responder has again become unable to perform his or her regular occupational or volunteer duties as a first responder due to a covered condition and provides proof acceptable to the insurer; and

(E) The disability benefit shall end after a total of 36 monthly payments in the amount set forth below have been made to the eligible first responder:

(i) If the eligible first responder is employed by a public entity, a monthly benefit equal to 60 percent of the eligible first responder's combined monthly salary for all public entities for which the first responder is employed as a first responder or a

monthly benefit of $5,000.00, whichever is less; or

(ii) If the eligible first responder is a volunteer first responder and not employed as a first responder by any public entity, a monthly benefit of $1,500.00.

(c) Any first responder who receives income replacement disability benefits under paragraph (2) of subsection (b) of this Code section may be required by the insurer providing such benefits to have his or her condition reevaluated by a qualified diagnostician selected by the insurer. In the event any such reevaluation reveals that such first responder has regained the ability to perform the duties previously performed as a first responder, then such benefits shall cease.

(d) The benefits under paragraph (1) of subsection (b) of this Code section, as applicable, shall be subordinate to any other insurance benefit payable to the first responder for medical expenses incurred as a result of the covered condition.

(e) The benefits under paragraph (2) of subsection (b) of this Code section, as applicable, shall be subordinate to any other income replacement disability benefit payable to the first responder for such disability from any employer funded group long-term disability plan or workers' compensation benefit, not including any disability insurance purchased in whole or in part by the first responder, and shall be limited to the difference between the amount of such other paid benefit and the amount specified under subparagraph (b)(2)(E) of this Code section, as applicable.

(f) Proof of a first responder's covered condition requires both of the following:

(1) A clinical diagnosis of post-traumatic stress disorder made by a qualified diagnostician which substantiates that the clinical diagnosis is the direct result of experiencing or being exposed to a traumatic event, or repeated experiences or exposures to traumatic events, during his or her regular occupational or volunteer duties on behalf of a public entity. Such clinical diagnosis shall be made within two years following the date of the traumatic event, and such clinical diagnosis shall include documentation indicating the date and nature of the traumatic event or the most recent traumatic event related to the symptoms of post-traumatic stress disorder if due to repeated experiences or exposures; and

(2) Written documentation of criteria required for the diagnosis of post-traumatic stress disorder under the American Psychiatric Association's *Diagnostic and Statistical Manual of Mental Disorders*, in effect on January 1, 2024.

(g) Information that could reasonably be used to identify individuals making claims or who have made claims or who have received benefits under this Code section shall be treated as sensitive mental health information and, absent express authorization by the individual, shall only be used and shared for administration of benefits, underwriting, and for purposes of aggregation and de-identification or for purposes of compliance with Article 4 of Chapter 18 of Title 50 or other applicable laws. Communications, in any form, between such individuals and the administrator or insurer of the benefits shall be confidential and privileged.

(h) The benefits shall be administered in a manner designed to ensure that first responders are able to obtain the lump sum benefit provided for in paragraph (1) of subsection (b) of this Code section in a confidential manner similar to receiving mental

health benefits under an employer sponsored major medical health plan or employee assistance program, or, for the disability benefit provided for in paragraph (2) of subsection (b) of this Code section, in a confidential manner similar to receiving other employer sponsored disability benefits involving mental health issues. In no event shall information solely about an individual's diagnosis, claims, or benefits be used for any employment action.

(i) The benefits shall be administered in a manner designed to enforce lifetime limits and to coordinate benefits. Any insurer or self-insurer of the benefits shall disclose the amount of benefits already paid to an individual upon written request by another insurer or self-insurer that is evaluating a claim by such individual as provided under subsection (b) of this Code section.

45-25-4.

The governing authority of any county, municipality, or consolidated government is authorized to use available revenues, including, but not limited to, proceeds from county and municipal taxes imposed under Chapter 8 of Title 33, for purposes of providing insurance under this chapter.

45-25-5.

Funds received as premiums for the coverages specified in this chapter shall not be subject to premium taxes under Chapter 8 of Title 33.

45-25-6.

The computation of premium amounts by an insurer for the coverages specified in this chapter shall be subject to generally accepted adjustments from insurance underwriting.

45-25-7.

The Commissioner of Insurance shall submit an annual report summarizing the use of the benefits provided for in this chapter to the chairpersons of the House Committee on Insurance and the Senate Insurance and Labor Committee no later than July 1, 2025, and annually thereafter. The Commissioner of Insurance shall not be required to distribute copies of the annual report to the members of the General Assembly but shall notify the members of the availability of the annual report in the manner which he or she deems to be most effective and efficient."

SECTION 3.

Code Section 48-7-27 of the Official Code of Georgia Annotated, relating to computation of Georgia taxable net income, is amended in subsection (a) by adding a new paragraph to read as follows:

"(12.5) Payments received by a first responder pursuant to subsection (b) of Code Section 45-25-3, to any extent such amounts are included in the taxpayer's federal adjusted gross income and are not otherwise exempt under any other provision of this Code section;"

SECTION 4.

This Act shall become effective on January 1, 2025. Section 2 of this Act shall be applicable to taxable years beginning on or after January 1, 2024.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

Prior to exercising any of said powers outside the limits of Spalding County, said authority shall be required to obtain the approval of the governing authorities of both the City of Griffin and Spalding County.

SECTION 8.

Revenue bonds.

The authority, or any authority or body which has or which may in the future succeed to the powers, duties, and liabilities vested in the authority created hereby, shall have power and is authorized at one time, or from time to time, to provide by resolution for the issuance of negotiable revenue bonds, for the purpose of paying all or any part of the cost as herein defined of any one or more projects. The principal and interest of such revenue bonds shall

be payable solely from the special fund herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates as may be authorized by the authority from time to time, shall be payable as provided by resolution of the authority, shall mature at such time or times not exceeding 30 years from their date or dates, shall be payable in such medium of payment as to both principal and interest as may be determined by the authority, and may be made redeemable before maturity at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority in the resolution providing for the issuance of the bonds. Such revenue bonds or obligations shall be issued pursuant to and in conformity with Article 3 of Chapter 82 of Title 36 of the O.C.G.A., the "Revenue Bond Law," and all procedures pertaining to such issuance and the conditions thereof shall be the same as those contained in said "Revenue Bond Law" and any amendments thereof.

SECTION 9.

Form, denominations, registration, place of payment.

The authority shall determine the form of the bonds, shall fix the denomination or denominations of the bonds, and the place or places of payment of principal and interest thereof, which may be at any bank or trust company within or outside the state. The bonds may be issued in coupon or registered form, or both, as the authority may determine, and provision may be made for the registration of any coupon bond as to principal alone and also as to both the principal and interest.

SECTION 10.

Signatures, seal.

In case any officer whose signature shall appear on any bonds or whose facsimile signature shall appear on any coupon shall cease to be such officer before the delivery of such bonds, such signature shall nevertheless be valid and sufficient for all purposes the same as if he or she had remained in office until such delivery. All such bonds shall be signed by the chairperson of the authority and attested by the secretary-treasurer of the authority, and the official seal of the authority shall be affixed thereto, and any coupons attached thereto shall bear the facsimile signatures of the chairperson and secretary-treasurer of the authority. Any bond may be signed, sealed, and attested on behalf of the authority by such persons as at the actual time of the execution of such bonds shall be duly authorized or hold the proper office, although at the date of delivery and payment of such bonds such persons may not have been so authorized or shall not have held such office.

SECTION 11.

Negotiability, exemption from taxation.

All revenue bonds issued under the provisions of this Act shall have and are declared to have all the qualities and incidents of negotiable instruments under the negotiable

instrument law of the state. Such bonds are declared to be issued for an essential public and governmental purpose and the said bonds, their transfer, and the income thereof shall be exempt from all taxation within the state.

SECTION 12.
Sale, price.

The authority may sell such bonds in such manner and for such price as it may determine to be in the best interest of the authority.

SECTION 13.
Proceeds of bonds.

The proceeds of such bonds shall be used solely for the payment of the cost of the project or projects, and unless otherwise provided in the resolution authorizing the issuance of the bonds or in the trust indenture, additional bonds may in like manner be issued to provide the amount of any deficit for the cost of the project or projects which, unless otherwise provided in the resolution authorizing the issuance of the bonds or in the trust indenture, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purposes. If the proceeds of the bonds of any issue shall exceed the amount required for the purpose for which such bonds are issued, the surplus shall be paid into a sinking fund or used for additional construction as may be provided in the resolution authorizing the issuance of the bonds or in the trust indenture.

SECTION 14.
Interim receipts and certificates or temporary bonds.

Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts, interim certificates, or temporary bonds, with or without coupons exchangeable for definitive bonds upon the issuance of the latter.

SECTION 15.
Replacement of lost or mutilated bonds.

The authority may also provide for the replacement of any bond which shall become mutilated or be destroyed or lost.

SECTION 16.
Conditions precedent to issuance, object of issuance.

Such revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, and things which are

specified or required by this Act. In the discretion of the authority, revenue bonds of a single issue may be issued for the purpose of any particular project. Any resolution providing for the issuance of revenue bonds under the provisions of this Act shall become effective immediately upon its passage and need not be published or posted, and any such resolution may be passed at any regular or special or adjourned meeting of the authority by a majority of the quorum as in this Act provided.

SECTION 17.

Credit not pledged.

Revenue bonds issued under the provisions of this Act shall not be deemed to constitute a debt of either the City of Griffin or Spalding County, or any municipality therein, but such bonds shall be payable solely from the fund hereinafter provided for and the issuance of such revenue bonds shall not directly, indirectly, or contingently obligate the said city or county, or any municipality therein, to levy or to pledge any form of taxation whatever therefor or to make any appropriation for such payment, and all such bonds shall contain recitals on their face covering substantially the foregoing provisions of this section.

SECTION 18.

Trust indenture as security.

In the discretion of the authority, any issue of such revenue bonds may be secured by a trust indenture by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the state. Such trust indenture may pledge or assign fees, tolls, revenues, and earnings to be received by the authority, including the proceeds derived from the sale from time to time of any surplus property of the authority, both real and personal. Either the resolution providing for the issuance of revenue bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the acquisition of property, the construction of the project, the maintenance, operation, repair, and insuring of the property, and the custody, safeguarding, and application of all moneys, including the proceeds derived from the sale or lease of property of the authority, both real and personal, and may also provide that any project shall be constructed and paid for under the supervision and approval of consulting engineers or architects employed or designated by the authority, and satisfactory to the original purchasers of the bonds issued therefor and may also require that the security given by contractors and by any depository of the proceeds of the bonds or revenues or other moneys be satisfactory to such purchasers, and may also contain provisions concerning the conditions, if any, upon which additional revenue bonds may be issued. It shall be lawful for any bank or trust company incorporated under the laws of this state to act as such depository and to furnish such indemnifying bonds or pledge such securities as may be required by the authority. Such indenture may set forth the rights and remedies of the

bondholders and of the trustee and may restrict the individual right of action of bondholders as is customary in trust indentures securing bonds and debentures of corporations. In addition to the foregoing, such trust indenture may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out such trust indenture may be treated as a part of the cost of maintenance, operation, and repair of the project affected by such indenture.

SECTION 19.
To whom proceeds of bonds shall be paid.

The authority shall, in the resolution providing for the issuance of revenue bonds or in the trust indenture, provide for the payment of the proceeds of the sale of the bonds to any officer or person who, or any agency, bank, or trust company which, shall act as trustee of such funds to hold and apply the same to the purposes thereof, subject to such regulations as this Act and such resolutions or trust indentures may provide.

SECTION 20.
Sinking fund.

The revenues, fees, tolls, and earnings derived from any particular project or projects, regardless of whether or not such fees, earnings, and revenues were produced by a particular project for which bonds have been issued and any moneys derived from the sale or lease of any properties, both real and personal, of the authority, unless otherwise pledged and allocated, may be pledged and allocated by the authority to the payment of the principal and interest on such revenue bonds of the authority as the resolution authorizing the issuance of the bonds or the trust instrument may provide, and such funds so pledged from whatever source received, which said pledge may include funds received from one or more or all sources, shall be set aside at regular intervals as may be provided in the resolution or trust indenture into a sinking fund, which said sinking fund shall be pledged to, and charged with, the payment of:

(1) The interest upon such revenue bonds as such interest shall fall due;
(2) The principal of the bonds as the same shall fall due;
(3) The necessary charges of a paying agent or agents for paying interest and principal;
(4) Any premium upon bonds retired by call or purchase as hereinabove provided; and
(5) Any other reasonable or necessary costs or expenses relating to such bond issue.

The use and disposition of such sinking fund shall be subject to such regulations as may be provided in the resolution authorizing the issuance of the revenue bonds or in the trust indenture, however, except as may otherwise be provided in such resolution or trust indenture, such sinking fund shall be a fund for the benefit of all revenue bonds without distinction or priority of one over another. Subject to the provisions of the resolution authorizing the issuance of the bonds or in the trust indenture, surplus moneys in the sinking fund may be applied to the purchase or redemption of bonds and any such bonds so purchased or redeemed shall forthwith be canceled and shall not again be issued.

SECTION 21.
Remedies of bondholders.

Any holder of revenue bonds issued under the provisions of this Act or any of the coupons appertaining thereto, and the trustee under the trust indenture, if any, except to the extent the rights herein given may be restricted by resolution passed before the issuance of the bonds or by the trust indenture, may, either at law or in equity, by suit, action, mandamus, or other proceedings protect and enforce any and all rights under the laws of the State of Georgia or granted hereunder or under such resolution or trust indenture, and may enforce and compel performance of all duties required by this Act or by such resolution or trust indenture, to be performed by the authority, or any officer thereof, including the fixing, charging, and collecting of revenues, fees, tolls, and other charges for the use of the facilities and services furnished.

SECTION 22.
Refunding bonds.

The authority is authorized to provide by resolution for the issuance of revenue refunding bonds of the authority for the purpose of refunding any revenue bonds issued under the provisions of this Act and then outstanding, together with accrued interest thereon. The issuance of such revenue refunding bonds, the maturities, and all other details thereof, the rights of the holders thereof, and the duties of the authority in respect to the same shall be governed by the foregoing provisions of this Act insofar as the same may be applicable.

SECTION 23.
Validation.

Bonds of the authority shall be confirmed and validated in accordance with said "Revenue Bond Law." The petition for validation shall also make party defendant to such action any municipality, county, authority, subdivision, or instrumentality of the State of Georgia or the United States government or any department or agency of the United States government, if subject to be sued, which has contracted with the authority for the services and facilities of the project for which bonds are to be issued and sought to be validated and such municipality, county, authority, subdivision, or instrumentality shall be required to show cause, if any, why such contract or contracts and the terms and conditions thereof should not be inquired into by the court and the validity of the terms thereof be determined and the contract or contracts adjudicated as security for the payment of any such bonds of the authority. The bonds when validated and the judgment of validation shall be final and conclusive with respect to such bonds against the authority issuing the same, and any municipality, county, authority, subdivision, or instrumentality of this state or the United States government if a party to the validation proceedings, contracting with the said Griffin-Spalding County Airport Authority.

SECTION 24.
Venue and jurisdiction.

Any action to protect or enforce any rights under the provisions of this Act or any suit or action against such authority shall be brought in the Superior Court of Spalding County, Georgia, and any action pertaining to validation of any bonds issued under the provisions of this Act shall likewise be brought in said court.

SECTION 25.
Interest of bondholders protected.

While any of the bonds issued by the authority remain outstanding, the powers, duties, or existence of said authority or of its officers, employees, or agents shall not be diminished or impaired in any manner that will affect adversely the interest and rights of the holders of such bonds, and no other entity, department, agency, or authority shall be created which will compete with the authority to such an extent as to affect adversely the interest and rights of the holders of such bonds and, upon the issuance of bonds hereunder, the provisions hereof shall constitute a contract with the holders of such bonds.

SECTION 26.
Moneys received considered trust funds.

All moneys received pursuant to the authority of this Act, whether as proceeds from the sale of revenue bonds, as grants or other contributions, or as revenues, income, fees, and earnings shall be deemed to be trust funds to be held and applied solely as provided in this Act.

SECTION 27.
Purpose of the authority.

Without limiting the generality of any provisions of this Act, the general purpose of the authority is declared to be that of acquiring, constructing, equipping, maintaining, improving, and operating new regional public use, general aviation airports and landing fields for the use of aircraft, including any related buildings and the usual and convenient facilities appertaining to such undertakings and extensions and improvements of such facilities, acquiring the necessary property therefor, both real and personal, and to lease or, subject to review and approval by the Federal Aviation Administration, sell any or all of such facilities including real property, and to do any and all things deemed by the authority necessary, convenient, or desirable for and incident to the efficient and proper development and operation of such types of undertakings.

SECTION 28.

Rates, charges, and revenues; use.

The authority is authorized to prescribe and fix and collect rates, fees, tolls, and charges, and to revise, from time to time, and collect such rates, fees, tolls, and charges for the services, facilities, or commodities furnished, including leases, concessions, or subleases of its lands or facilities in accordance with assurances set forth in airport improvement and assistance agreements entered into between the authority and the Federal Aviation Administration, the Georgia Department of Transportation, or the United States Department of Transportation. This authority assumes no liability for the operation and maintenance of the general aviation airport currently located in Spalding County, Georgia designated as 6 Alpha 2. This authority shall maintain a fee and rental structure for the use of its land and facilities sufficient to make any airport or landing field operated by the authority as self-sustaining as possible under the circumstances existing at the particular airport, consistent with the obligation to operate such airports or landing fields for public use, on reasonable terms and without unjust discrimination, to all types, kinds, and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at such airport or landing field.

SECTION 29.

Rules and regulations for operation of projects.

It shall be the duty of the authority to prescribe rules and regulations for the operation of the project or projects constructed under the provisions of this Act, including the basis on which airports and landing fields for the use of aircraft shall be furnished. Before undertaking performance of any airport or landing field operations, the authority shall procure and maintain in force at all times sufficient liability insurance covering aviation related risks for their operations. At all times relevant hereto, the authority shall operate its airports and landing fields in accordance with grant assurances entered into with the Federal Aviation Administration, the Georgia Department of Transportation, or the United States Department of Transportation.

SECTION 30.

Powers declared supplemental and additional.

The foregoing sections of this Act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws and shall not be regarded as in derogation of any powers now existing.

SECTION 31.
Liberal construction of Act.

This Act being for the purpose of promoting the health, morals, and general welfare of the citizens of the United States, of the State of Georgia, of Spalding, Butts, Lamar, Pike, and Monroe Counties, and of the City of Griffin shall be liberally construed to effect the purposes hereof.

SECTION 32.

A BILL TO BE ENTITLED
AN ACT

To amend Article 8 of Chapter 36 of Title 36 of the Official Code of Georgia Annotated, relating to municipal deannexation, so as to provide for municipal deannexation of property by application of 100 percent of property owners in certain circumstances; to provide for procedures, conditions, and limitations; to provide for automatic repeal; to amend Chapter 66 of Title 36 of the Official Code of Georgia Annotated, relating to zoning procedures as pertaining to counties and municipal corporations, so as to repeal provisions authorizing administrative officers to exercise zoning powers; to repeal provisions authorizing quasi-judicial boards and agencies to hear and render decisions on applications for special administrative permits; to revise definitions; to provide for related matters; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 8 of Chapter 36 of Title 36 of the Official Code of Georgia Annotated, relating to municipal deannexation, is amended by adding a new Code section to read as follows:

"36-36-135.

(a) Authority is granted to the governing authority of any municipality initially chartered on or after January 1, 2016, to deannex an area of the existing corporate limits thereof, in accordance with the procedures provided in this Code section and in Article 1 of this chapter, upon the written and signed applications of the owners of all of the land, except the owners of any public street, road, highway, or right of way, proposed to be deannexed, containing a complete description of the lands to be deannexed; provided, however, that no more than one parcel of property may be deannexed in one action. If the proposed deannexation conforms with the requirements of this Code section, the governing authority of the municipality shall approve such deannexation within 90 days of the submission of the application unless it finds by a preponderance of the evidence that the deannexation would be detrimental to the health and safety of the area remaining within the municipality.

(b) To be eligible for deannexation under the provisions of this Code section, the application provided for by subsection (a) of this Code section shall show that the following conditions have been met:

(1) The parcel does not exceed ten acres in area;

(2) The boundaries of such parcel abut the boundaries of an adjacent municipality, and if the parcel exceeds two acres in size, more than 50 percent of the boundaries of such parcel abut the boundaries of an adjacent municipality. A parcel shall be deemed to abut the municipal boundary if it is otherwise separated from the municipal boundary by the definite width of:

(B) Any creek or river; or

(C) Any right of way of a railroad or other public service corporation;

(3) The parcel is proposed or utilized for commercial development as a portion of a commercial development of which not less than 75 percent of the area is located or proposed to be located within the adjacent municipality and which adjoins such parcel;

(4) The parcel does not provide access from the area proposed or utilized for commercial development to a public street or road; and

(5) The governing authority of the adjacent municipality has adopted an ordinance or resolution annexing such parcel conditioned upon and effective immediately upon the deannexation of such parcel by the municipality in which it is located.

(c) Deannexation under the provisions of this Code section shall be permitted for one year following the adoption of the conditional ordinance or resolution provided for in paragraph (5) of subsection (b) of this Code section. If such deannexation is not completed within one year of such adoption, such conditional ordinance or resolution shall be null and void and such deannexation under the provisions of this Code section shall require adoption of another such ordinance or resolution by the adjacent municipality.

(d) This Code section shall stand repealed on July 1, 2029."

(2) Provide by ordinance or resolution for procedures and requirements in addition to or supplemental to those required by this chapter and, where so adopted, thereby establish the minimum procedures for such local government's exercise of zoning powers."
