Kemp, and, upon the dissolution of the Joint Session, that the Senate stand adjourned until 9:00 a.m., Friday, January 12, 2024.

The President announced the motion prevailed at 10:42 a.m.

The hour for convening the Joint Session of the Senate and House having arrived, the President, accompanied by the Secretary and Senators, proceeded to the Hall of the House of Representatives, and the Joint Session, called for the purpose of hearing a message by His Excellency, Governor Brian P. Kemp, was called to order by the Speaker of the House. HR 763, authorizing the Joint Session of the Senate and House, was read by the Clerk of the House.

His Excellency, Governor Brian P. Kemp, addressed the Joint Session of the Senate and

the House of Representatives as follows:

"Lt. Governor Jones, Speaker Burns, President Pro Tem Kennedy, Speaker Pro Tem Jones, members of the General Assembly, Constitutional Officers, members of the Public Service Commission, Mayor Dickens, members of the judiciary, members of the consular corps, and my fellow Georgians:

Later this year, the people of this state will once again fulfill their civic duty, they will choose who occupies these seats of service, and they will determine what course America takes in the years to come.

As they have in years past, when they go to the ballot box, they'll see a stark difference between Georgia and our nation's capital.

They will see what we've achieved together on the state level to make Georgia an even greater place to live, work, and raise a family, and they'll see the hardships Washington D.C. has brought into every home and placed on every kitchen table across our state.

Congress has become synonymous with runaway spending, bloated budgets, job-killing regulations, gridlock and partisanship, and elected representatives in both parties who are more interested in getting famous on cable news than delivering results for the American people.

All the while across the nation, over 60 percent of households are living paycheck to paycheck.

Over 8.4 million Americans are working two jobs to make ends meet.

Mortgage rates remain at highs not seen in a generation.

And while the rate of inflation may have fallen, high prices on everything from groceries to rent have not.

In fact, it costs Americans over 11,000 dollars more per year to maintain the same quality of life they had just a few short years ago.

For the hardworking men and women of this country, paying 11,000 dollars more a year is not a choice between the luxuries of life.

For too many people, that's a decision between putting food on the table for their family, making your car payment, buying clothes for their kids, or going further into debt.

For a recent graduate, it's about whether you can afford to get your own place and pay off

student loans.

For a single mom, it's a decision about taking that new job in a career that pays better, but it doesn't offer affordable childcare.

For a family of four, can they make ends meet when saving for their kids' college and paying their mortgage?

And for our seniors, are they able to stretch a fixed income to meet their basic needs?

These are the people that Washington D.C has left behind. Because for every challenge our nation faces, the federal response is to spend more, regulate more, tax more, and come up with yet another government program meant to cure every ill.

Instead of empowering hardworking Americans to innovate, create, and seek greater prosperity, their answer is more government.

But here in Georgia, we've chosen a different path.

Because we realize that the success of our state does not rely on the actions of government, but on the prosperity of our people.

Washington D.C forgot a long time ago that it's not the brilliance of politicians or the good intentions of a new program that make our nation great.

It's the resolve, ingenuity, and character of the American people.

Those were the hardworking Georgians we heard from on the campaign trail.

As a family, we heard their stories, their struggles, and their hopes for a brighter future.

And as you all know, that was truly a family affair. And I want to thank Marty, Jarrett, Lucy, and Amy Porter for being there every step of the way – including today!

My commitment to the people of our state was simple. I promised to put hardworking Georgians first, fund our priorities as a state like education, public safety, and healthcare, but also keep government efficient, responsible, and accountable.

The federal government may have abandoned those principles, but here in Georgia, thanks to the partnership between my administration and the General Assembly, we've delivered real results for the people of our state, ahead of schedule and under budget.

Thanks to a strong economy and conservative fiscal management of state revenues, we've

provided nearly 5 billion dollars of direct relief to taxpayers in tax refunds, gas tax suspensions, homestead tax exemptions, and more.

Despite unprecedented challenges, we have maintained a Triple-A bond rating while celebrating the creation of more than 171,000 new jobs and roughly 74.5 billion dollars of investment in every corner of the Peach State over the last 5 years!

And unlike a lot of blue states, these are private sector jobs – not growing the ranks of government!

And we're not done yet.

Last month, I joined Lt. Governor Jones, Speaker Burns, and others to announce our plan to speed up implementation of the largest tax cut in state history.

With your support, I look forward to signing legislation that decreases our state income tax to 5.39 percent starting this year.

That represents savings of 3 billion dollars for Georgia taxpayers over the next ten years.

Mr. Speaker and Lt. Governor, while President Biden hires tens of thousands of new IRS agents, my vote is we just keep cutting taxes here in Georgia!

The path Georgia has taken over the last five years has led to record job growth, historic investment in communities from Bainbridge to Blue Ridge, 5 billion dollars in tax relief, and enough funds saved to operate state government for months in an emergency, not days.

That's the choice before Georgians this November, and I feel confident they'll vote to keep Georgia moving in the right direction once again.

So, to answer the question, the state of our state is strong, growing, and prosperous because we trust our citizens more than we trust the government.

Georgia is succeeding because we've charted our own path, rejected the failed policies of Washington D.C, and worked together to put our citizens first.

But I believe the worst thing we could do is call it a day and coast through what is certain to be a contentious election year.

We have accomplished so much over the last five years – despite unprecedented times and challenges – because we haven't gotten distracted from doing the job we were all sent here to do.

Like I mentioned four years ago in my second state of the state address, we stayed true to the example of Nehemiah, committed to our great work, and now we're seeing the results.

It's no secret that Georgia is growing. As the top state for business for a record ten years in a row, new jobs are headed our way on a daily basis, existing businesses are looking to expand, and companies all over the world look to the Peach State to locate their next headquarters.

But with growth comes the need for more trained workers to fill these good-paying jobs in a rapidly changing labor environment.

That's why I was proud to unveil the Georgia MATCH program at last year's Workforce Summit.

The largest direct college admissions program in the nation, Georgia MATCH is already doing an incredible job linking the upcoming generation with the school that meets their needs.

As of today, over 10,000 students have already "met their match," and we will keep working to reach every high school senior in Georgia, so that they know there is a higher education path open to them right here in the Peach State, no matter their circumstances.

Speaking of education, my amended 2024 budget and fiscal year 2025 budget proposals double down on our continued and historic support of K thru 12 education with 1.4 billion dollars in additional funds allocated for a total of 12.8 billion dollars.

Republicans and Democrats alike have supported this record investment in our students, and I want to take a moment and thank all of you for that strong, bipartisan achievement.

It's also important for us to remember that increased funding does not always guarantee greater success.

As a small business owner for almost forty years now, I believe – like many of you – that competition and the free market drive innovation and, at the end of the day, result in a better product for the consumer.

When it comes to education, the same principles hold true.

Over the last few years, there has been a great deal of debate around different proposals to expand options for students and families when it comes to finding the education that best fits their individual needs.

Many members in both chambers have worked hard on this important issue and I want to

thank and applaud them for their efforts.

Some prefer the term school choice or educational freedom, some call them vouchers.

In my opinion, what each of those terms or slogans fail to mention is the child. At the end of the day, our first and foremost consideration should be the future of that student.

Our job is not to decide for each family, but to support them in making the best choice for their child.

This week, as we begin the second year of another biennial of the General Assembly, I believe we have run out of "next years."

I firmly believe we can take an all-of-the-above approach to education… whether it's public, private, homeschooling, charter, or otherwise.

It is time for all parties to get around a table and agree on the best path forward to provide our kids the best educational opportunities we can – because that's what we were elected to do.

To that end, my office and I look forward to working with the members and leadership of both chambers to get a bill passed and signed into law this session.

Finally, our students and teachers deserve to have a safe learning environment, no matter their zip code.

Since I took office, I have had the opportunity to hold more than 30 roundtable discussions with educators and superintendents from all over this state. We heard frequently that our schools were in need of additional resources to enhance this security.

That is why since 2019, we have provided more than 185 million dollars to all of our schools to help ensure the safety and well-being of our students and teachers.

This year, I am proposing we continue those efforts by making school security funding permanent. In my budget proposal, I have included a request for 104 million dollars that will go directly to school districts for school safety enhancements.

Schools will determine how best to use this money, whether for personnel like school resource officers or for physical and technology improvements that make our places of learning more secure.

This investment is more significant because it will enable schools and administrators to plan accordingly, knowing that this money is headed their way for this specific purpose.

I hope to see strong bipartisan support for this budget item to keep our kids and our schools safe.

Since being sworn in as your 83rd governor, a top priority of my administration has been ensuring the safety and security of our communities.

There's no doubt we have made great progress. From the GBI's Anti-Gang Taskforce and HEAT Unit, and the Department of Public Safety's Crime Suppression Unit, to the First Lady's GRACE Commission, the Attorney General's Human Trafficking Prosecution Unit, and the school security measures I just mentioned, we have not wavered in our commitment to strengthening public safety.

But the state can't do it alone. Thankfully, over the last two years, we have had strong partners at the local level who have worked alongside state law enforcement to make our capital city safer.

Two of those gentlemen are here with us today, and I want to take a moment to thank Mayor Dickens and Chief Schierbaum for their partnership.

While the mayor and I come from different political parties and don't agree on everything, we do agree on the importance of reducing crime and keeping our citizens safe.

Bipartisan majorities of both chambers, the mayor, and myself all agree on the critical need for the completion of the Atlanta Public Safety Training Center.

This facility will provide our law enforcement officers, firefighters and additional first responders the critical tools, knowledge, and skills needed to keep themselves and our communities safe.

One of our brave public safety officers is here with us this morning.

Exactly a year ago this week, this dedicated trooper was shot and severely wounded near the site of the future training center.

He spent weeks in the hospital fighting for his life, he endured multiple surgeries, and spent the better part of this year in recovery while his family stood strong beside him.

Marty and I were honored to spend time with him while he was in the hospital, and I was honored when he gave me one of my most prized possessions: his SWAT challenge coin bearing his badge number.

He had that coin on him when he was shot that horrible day, and it is a constant reminder of the price paid by men and women like him all over this state who keep our children, our

homes, our businesses, and our streets safe.

Trooper First Class Jerry Parrish, will you please stand with your wife Kelli and let us thank you for your great service.

Thank you to the entire Parrish family for your service, your bravery, and the sacrifices you've made over the past year for us.

We're also joined in the gallery by some brave men who rendered life-saving aid to Trooper Parrish on site and who helped get him to safety.

They represent some of our very finest from both the Department of Public Safety and the Department of Natural Resources. Will you all please stand and let us thank you for your inspiring actions?

I don't claim to speak for anyone else in this chamber today, but this decision is very simple for me and my family.

As long as I'm your governor, there will be no gray area or political double talk:

We support our law enforcement officers.

We support our firefighters and first responders.

And the Atlanta Public Safety Training Center should be built – period!

Article I, Section I, Paragraph II of the Georgia Constitution states: "Protection to person and property is the paramount duty of government and shall be impartial and complete."

To fulfill that paramount duty, we must do more than show our support for law enforcement in words. We have to show it through action.

That is why last year, thanks to the work of the General Assembly, I was proud to sign a budget that included a 6,000-dollar pay raise for state law enforcement officers. That pay raise was a recognition of the contributions these brave men and women make as they put their lives on the line, day in and day out.

And this year I look forward to working with each of you to, once again, provide another pay raise for state law enforcement.

Within my budget proposal are pay increases of an additional 3,000 dollars for State Patrol officers like Trooper Parrish, as well as our correctional officers and other state law enforcement agencies.

These investments will not only serve as a renewal of our commitment to these law enforcement officers, but will also support our ongoing recruitment and retention efforts.

I'm also urging the General Assembly to complete what we started last year and give final passage to the peace officer loan repayment program.

Because despite what some may say, we need more police officers, not fewer.

This year we will also be continuing our efforts to combat human trafficking in our state, thanks to the leadership of the greatest First Lady in the country, Marty Kemp!

Thanks to her work, and that of the GRACE Commission and members of both chambers, Georgia has gone from being known as a human trafficking destination to being known as the leader in going after traffickers and supporting victims.

Under the First Lady's leadership, and with overwhelming support from both chambers, we have passed and signed into law 8 pieces of legislation that go after those who work in this evil enterprise while also supporting the victims.

Our efforts have enabled the GBI's HEAT unit to investigate 369 cases of human trafficking since its creation and for Attorney General Carr's Human Trafficking Prosecution unit to secure 32 convictions while assisting in the rescue of over 129 victims since it launched.

But we still have work to do, and Marty and I are both looking forward to working with each of you this session to keep up this fight.

Five years into my administration, when it comes to healthcare, we have made enormous strides in lowering costs, expanding access, and incentivizing more healthcare providers to give care.

We began this work with the passage of the Patients First Act in 2019, and since then, we've seen strong results.

In 2019, no counties in Georgia had more than 2 health insurance carriers. Today, 87 percent of Georgia counties have three or more carriers.

And thanks to Georgia Access and the reinsurance program, enrollment in the private sector exchange over the past five years has grown from just under 460,000 to over 1.2 million Georgians.

Georgia Access is also saving hardworking families more and more in their wallets.

In all, we've reduced premiums by an average of 11 percent across the state. That represents an average annual premium reduction of almost 929 million dollars a year.

In rural counties, where premium prices were the least affordable when I took office, Georgia Access has reduced premiums by an average of 29 percent.

While some in the media refuse to acknowledge this significant progress, we'll continue to support policies that work for Georgians – not political narratives.

Because the fact is that for individuals and families struggling to make ends meet, lower insurance costs and more choices lead to better care that they can actually afford.

And because we have made sound policy choices, budgeted conservatively, and prioritized innovation and efficiency, we're able to make other important investments in the health and wellbeing of hardworking Georgians.

That includes our efforts in mental health.

Two years ago, I was proud to sign into law the Mental Health Parity Act, a fitting capstone to the late Speaker David Ralston's years of service in this chamber, and one that leaves a lasting legacy.

One of the most visible examples of that legacy was the 9-8-8 crisis hotline campaign, conducted by the Department of Behavioral Health and Developmental Disabilities last year.

Thanks to Commissioner Kevin Tanner and his team, more Georgians than ever before are accessing services and the help they need to turn their lives around for the better.

To enhance this program further, my budget proposals call for a total increase of 205 million dollars for DBHDD and other entities that address mental health.

This new funding will enable DBHDD to expand services for those struggling with mental illness, it will increase the number of crisis beds throughout the state, it will further crisis intervention resources in all communities, and improve the quality of mental health services overall.

Once passed, we will be spending 1.6 billion dollars on mental health - more than ever before.

I'm proud of what these and other agencies are doing to help their fellow Georgians and to keep us the best state to live, work, and raise a family.

As we speak, all across Georgia, there are men and women working hard to keep our neighborhoods safe, attract new jobs and industries to communities in need, teaching a whole generation that will one day occupy these roles, and much more.

They have remained committed and hardworking during unprecedented challenges over the last five years and I'm proud of everything they have accomplished for our citizens.

It's no secret that most state government jobs pay less than private sector opportunities in the same line of work. But many of our employees do it because they feel a sense of public service and they want our state to succeed.

But for state government to stay efficient and stay ahead of Georgia's continued growth, we must be able to attract and then retain employees who perform vitally important jobs.

That's why my budget proposal provides a pay increase for all state employees, including our teachers.

This will build on the historic raises we've provided for educators over recent years and will increase every state worker's pay by 4 percent.

My proposal also rewards those who gave decades of their lives and careers to serving others by allocating 500 million dollars to shore up our state retiree fund, ensuring our state keeps its promises to our retirees and stays on solid financial footing.

Instead of expanding the size and scope of government, we're putting state dollars to work in targeted, efficient ways to recruit, retain, and thank employees in vital roles from corrections officers to case workers.

By doing so, we're continuing our efforts to wisely use every penny taxpayers send us, from state agency personnel, to our schools, public safety, and the healthcare marketplace.

As we look across America, there is no doubt we are at a crossroads.

From crushing inflation and dysfunction in Washington, to the crisis at our southern border and unrest overseas, these are indeed trying times.

But I believe we have an opportunity here in Georgia, an opportunity to highlight a different path.

One of the brilliant principles of America's founding is the role of the states, for them to be the laboratories of democracy, to protect the liberties and freedoms of their citizens, and to carry out the will of the people.

Our founders didn't believe the states should always look to the federal government for answers, and judging by the current comparison, I don't think we would have much to learn.

In Georgia, we balance our budget and spend less than we take in.

We cut taxes instead of raising them.

We return money back to the taxpayers rather than justifying new government programs. We back the blue, crack down on violent crime and gangs, and put the safety of our communities ahead of partisan political agendas.

We celebrate the free market, instead of using the heavy hand of government.

We work together across party lines on more issues than not.

And most importantly, we put our people first.

In an election year, I don't expect us all to agree on every issue. Every district represented under this Gold Dome is different and sends each of you here with a unique set of issues to address.

Over the next 36 legislative days, there will be passionate debate, there will be disagreements, there will be tough votes, there will be long nights, and maybe even some short tempers.

But in the middle of all that, I ask that we also remember Georgia is different for a reason.

That our success is not an accident, but the result of a resilient people who elected their leaders to keep state government efficient, responsive, and accountable.

In Georgia, we believe the American Dream will always provide our people greater prosperity than the government ever could.

The state of our state is strong, growing, and full of opportunity.

Let's use this session to keep it that way!

Thank you all, may God Bless you, and may God Bless the great state of Georgia!"

(3) If such information is not provided or does not result in verification of the bettor's identity, the licensee shall:

(A) Immediately suspend the bettor's player account and shall not allow the bettor to place wagers;

(B) Retain any winnings attributable to the bettor;

(C) Refund the balance of deposits made to the player account to the source of such deposit or by issuance of a check; and

A notification under this subsection shall be made in the form and

The commission shall notify each licensee within five days after receipt of such notification from a sports governing body or sporting events operator. (B) The sports governing body or sporting events operator, or a designee thereof, is unable to provide a feed of official league data or official event data to determine the results of a particular type of tier 2 sports wager, in which case licensees may use any data source for determining the results of the applicable tier 2 sports wager until the data feed becomes available on commercially reasonable terms; or

(C) A licensee is able to demonstrate to the commission that the sports governing body or sporting events operator, or a designee thereof, will not provide a feed of official league data or official event data to the licensee on commercially reasonable terms.

A RESOLUTION

Commending the benefits and contributions of purebred dogs and recognizing May 1, 2024, as Purebred Dog Day in the State of Georgia; and for other purposes.

WHEREAS, dedicated individuals in Georgia breed dogs to develop unique predictable characteristics that enable dogs to excel in a wide range of beneficial areas; and

WHEREAS, purebred dogs are living legacies of the cultures that created them, and historically, these dogs worked alongside their people and provided them companionship; and

WHEREAS, the service of these breeds continues as they work alongside humans and provide inestimable companionship as guide dogs, service dogs, conservation dogs, livestock guardians, search and rescue dogs, earth dogs, police dogs, canine soldiers serving by the sides of our military men and women, and guardians of family, home, and hearth; and

WHEREAS, purebred dogs have been of enormous help to medical science, serving as models for many heritable human diseases, playing a role in humanity's understanding of the human and canine genomes, and benefitting pharmaceutical research and development; and

WHEREAS, purebred dogs are working dogs, serving as avalanche dogs, trackers and trailers, herders, controllers of vermin, water rescuers, carting and sled dogs, retrievers, protectors, hunters, and bird dogs; and

WHEREAS, all dogs should be valued whatever their ancestry, but the purpose-bred dog and the predictability of its breed should be cherished and preserved; and

WHEREAS, each breed is incredibly etched in the history of the culture that created it, just as surely as that culture's music, art, and language, making it abundantly fitting that we recognize purebred dogs.

Explanation of Vote

I voted no on SR 465, legislation designed to protect a former President who tried to steal a presidential election by throwing the votes of Georgians in a trash bin. Further, debate on this Resolution was shut down and silenced. I have grave doubts about the legitimacy of any investigation that begins by refusing to hear contradictory or conflicting evidence.

The Honorable Rick Williams
Chairman, Senate Retirement Committee
Coverdell Legislative Office Building, Room 327-B
Atlanta, GA 30334

SUBJECT: Actuarial Investigation
Senate Bill 85 (LC 43 2487)
Employees' Retirement System of Georgia

Dear Chairman Williams:

This bill would amend provisions relating to creditable service under the Employees' Retirement System of Georgia. Under the provisions of this bill, members with at least two years of membership service would be eligible to obtain up to 60 months of creditable service for active military service that occurred on or after January 1, 1990. Members wishing to purchase such service would be required to pay the full actuarial cost of the service granted. Members may elect to make a one-time payment or have equal payments deducted from his or her earnable compensation over a specified period of time. It should be noted that no member shall receive creditable service (1) if such member was not honorably discharged, (2) for reserve duty, (3) for any period of time in which he or she obtained membership service, or (4) for any portion of such member's active military service that has been or will be used in the determination of eligibility for retirement benefits or allowances from any other state or federal retirement program, excluding social security.

This legislation would not result in any additional cost to the Employees' Retirement System of Georgia since any member wishing to purchase such creditable service would be required to pay the full actuarial cost of the service granted. There would be no increase in the unfunded actuarial accrued liability or the required employer contribution rate as a result of this legislation. The cost estimate is based on current member data, actuarial assumptions, and actuarial methods. Changes to any of these variables could affect the cost of this legislation. Any future costs would be paid through State

appropriations.

The following is a summary of the relevant findings included in the actuarial investigation for this bill. The investigation was completed pursuant to a request from the Senate Retirement Committee. The investigation was to be conducted according to O.C.G.A. §47-20-36, which outlines the factors to be considered in an actuarial investigation.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	$ 0
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	$ 0
(3)	The number of years that the unfunded actuarial accrued liability created by the bill would be amortized.	N/A
(4)	The amount of the annual normal cost which will result from the bill.	$ 0
(5)	The employer contribution rate currently in effect for Non-GSEPS members.	29.20%*
(6)	The employer contribution rate recommended for non-GSEPS members (in conformity with minimum funding standards specified in O.C.G.A. §47-20-10).	29.20%
(7)	The employer contribution rate currently in effect for GSEPS members.	25.51%*
(8)	The employer contribution rate recommended for GSEPS members (in conformity with minimum funding standards specified in O.C.G.A. §47-20-10)	25.51%
(9)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	$ 0

**This rate represents the employer contribution rate that has been recommended by the actuary beginning July 1, 2024, for Non-GSEPS and GSEPS members, respectively, in order to meet the minimum funding standards.*

It should be noted that these cost estimates are based upon the current provisions of

the bill as outlined in Senate Bill 85 (LC 43 2487). Any subsequent changes in the retirement bill could invalidate the actuarial investigation and the findings included therein.

Respectfully Submitted,

The Honorable Larry Walker, III
State Senator
State Capitol, Room 421-A
Atlanta, GA 30334

SUBJECT: State Auditor's Certification
Senate Bill (LC 43 2600)

Dear Senator Walker:

This bill would amend provisions relating to retirement benefits payable to members of the Public School Employees Retirement System. Under the provisions governing this retirement system, the monthly benefit payable to beneficiaries is based on a set dollar amount multiplied by years of creditable service earned by the member. Currently, the set dollar amount cannot fall below $14.75, nor can it exceed $16.50. If this legislation is enacted, the minimum monthly benefit would be calculated based on $17 for each year of creditable service. This legislation would also remove the maximum benefit multiplier. Instead, the Board of Trustees would be authorized to grant a permanent or one-time benefit increase based on funds appropriated by the General Assembly for such purpose, with consideration for the actuarial soundness of the System.

Furthermore, this bill would eliminate a provision that sets the maximum monthly benefit for persons who retired prior to July 1, 2012 at $15 for each year of creditable service. If this legislation is enacted, the monthly benefits payable to these beneficiaries would increase to $17 for each year of creditable service and these beneficiaries would become eligible for any future benefit increases.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,
/s/ Greg S. Griffin

The Honorable Rick Williams
Chairman, Senate Retirement Committee
Coverdell Legislative Office Building, Room 327-B
Atlanta, GA 30334

SUBJECT: Actuarial Investigation
Senate Bill 105 (LC 43 2600)
Public School Employees Retirement System

Dear Chairman Williams:

This bill would amend provisions relating to retirement benefits payable to members of the Public School Employees Retirement System. Beneficiaries receive a monthly benefit based on a set dollar amount multiplied by the member's years of creditable service. Under current law, the set dollar amount must range from $14.75 to $16.50. If this legislation is enacted, the minimum monthly benefit would be calculated based on $17 for each year of creditable service. This legislation would also remove the maximum benefit multiplier. Instead, the Board of Trustees would be authorized to grant a permanent or one-time benefit increase based on funds appropriated by the General Assembly, for such purpose, based upon the actuarial soundness of the System.

Furthermore, this bill would eliminate a provision that sets the maximum monthly benefit for persons who retired prior to August 1, 2012 at $15 per month for each year of creditable service. If this legislation is enacted, the monthly benefits payable to these beneficiaries would increase to $17 for each year of creditable service and these beneficiaries would also become eligible for any future benefit increases.

As of July 1, 2023, the benefit multiplier is $16.50/month for each year of creditable service for members who retired on or after August 1, 2012, and $15/month for members who retired prior to that date. Since this bill sets the new minimum at $17/month, all retired members would be eligible for a benefit increase if this legislation is enacted. This benefit increase would impact approximately 19,800 retirees and beneficiaries.

The estimated first-year cost of this legislation would be $5,625,000 in order to meet the concurrent funding requirements of O.C.G.A. §47-20-50. The estimated cost represents an increase in the employer contribution of $176.73 per member based on 31,831 active members as of June 30, 2022. The first-year cost includes $5,236,000 each year for the next 20 years to amortize the unfunded actuarial accrued liability and $389,000 per member to fund the normal cost. The cost estimate is based on current member data, actuarial assumptions, and actuarial methods. Changes to any of these variables could affect the cost of this legislation. Any future costs would by paid through State Appropriations.

The following is a summary of the relevant findings included in the actuarial investigation for this bill. The investigation was completed pursuant to a request from the Senate Retirement Committee. The investigation was to be conducted according to O.C.G.A. §47-20-36, which outlines the factors to be considered in an actuarial investigation.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	$ 54,624,000
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	$ 5,236,000
(3)	The number of years that the unfunded actuarial accrued liability created by the bill would be amortized.	20
(4)	The amount of the annual normal cost which will result from the bill.	$ 389,000
(5)	The employer contribution rate currently in effect for members of the PSERS.	$983.94 per active member*
(6)	The employer contribution rate recommended for PSERS (in conformity with minimum funding standards specified in O.C.G.A. §47-20-10).	$1,160.67 per active member
(7)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	$ 5,625,000

**This rate represents the employer contribution rate that has been recommended by the actuary beginning July 1, 2024, for active members of the PSERS in order to meet the minimum funding standards.*

It should be noted that these cost estimates are based upon the current provisions of the bill as outlined in Senate Bill 105 (LC 43 2600). Any subsequent changes in the retirement bill could invalidate the actuarial investigation and the findings included therein.

Respectfully Submitted,
/s/ Greg S. Griffin

State Senator

SUBJECT: State Auditor's Certification
House Bill (LC 43 2834ER)

Dear Senator Albers:

This bill would amend several provisions within the Peace Officers' Annuity and Benefit Fund. Specifically, this bill would:

- Amend definitions to include a definition for 'full time employment' and to provide for a more concise definition of 'peace officer' without changing any of the eligibility requirements;
- Define the term of office for Board members;
- Change the title of Secretary-Treasurer to Executive Director and specify that the Board would set the compensation for the Executive Director;
- Update the duties of the Board;
- Revise provisions relating to the application for membership. Specifically, the employing agency would no longer be required to notify the Fund of each new hire. Instead, the employing agency would provide the new hire with an application and a certification of employment within 30 days of employment;
- Increase the minimum monthly dues to $35 and the maximum monthly dues to $70. Currently the minimum and maximum are $25 and $50 respectively;
- Clarify the process for delinquent payments and for the reinstatement of membership resulting from delinquencies;
- Change the requirements for remission of payments by the Georgia Composite Medical Board and the Board of Dentistry from monthly to annual;
- Increase the amount of creditable service that can be purchased from five years to seven years and specify that the member must pay full actuarial cost for the purchase

of such service;
- Change the eligibility requirements for benefits to include vested members who have reached the age of 55 and remain actively employed;
- Specify that retired members may not rejoin as an active member;
- Update the spousal benefit calculator;
- Increase the disability payment from $257 per month to $455 per month;
- Increase the death benefit to $5,000. Currently, the maximum death benefit is $3,500;
- Increase the death benefit paid to beneficiaries of members who were injured in the line of duty and passed away as a result of such injuries within 12 months. Currently the maximum death benefit is $5,500. If this legislation is enacted, the benefit would be increased to $10,000; and
- Revise the provisions relating to the refund of membership dues. Persons seeking refunds would be entitled to receive a refund for 100 percent of all dues paid. Currently, they receive a refund equivalent to 95 percent of all dues paid.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,
/s/ Greg S. Griffin

Chairman, Senate Retirement Committee

SUBJECT: Actuarial Investigation
Senate Bill 328 (LC 43 2834 ER)
Peace Officers' Annuity and Benefit Fund of Georgia

Dear Chairman Williams:

This bill would amend several provisions within the Peace Officers' Annuity and

Benefit Fund. The specific provisions of this bill that impact the funding include:

- Monthly dues for members would increase to a minimum of $35 and a maximum of $70. Currently, the minimum and maximum dues are $25 and $50 respectively;
- Members would be eligible to purchase up to seven years of creditable service. Currently, they may only purchase a maximum of five years. Members would still be required to pay the full actuarial cost for the purchase of such service;
- Vested members who attain age 55 may receive retirement benefits and remain actively employed;
- The methods for calculating spousal benefit would be updated;
- The disability payment would increase from $257 per month to $455 per month, excluding any cost-of-living adjustments;
- The maximum death benefit would increase from $3,500 to $5,000;
- The maximum death benefit paid to beneficiaries of members who were injured in the line of duty and passed away as a result of such injuries within 12 months would increase from $5,500 to $10,000; and
- The beneficiaries of members who die prior to vesting would receive the greater of the death benefit or the dues paid by the member.

This legislation is estimated to increase first-year costs to the Fund by $1,098,000. This first-year cost includes $798,000 each year for the next 30 years to amortize the increase in the unfunded actuarial accrued liability and $300,000 to fund the normal cost. However, this legislation also provides for an increase in member contributions that would approximate $1,727,000 in the first year. As a result, the Fund would recognize a surplus in the first-year of approximately $629,000 and the Fund would meet the concurrent funding requirements of O.C.G.A. §47-20-50. This cost estimate is based on current member data of 13,700 active members, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost estimate for this legislation. Any future costs would be paid through revenues generated from a portion of fines, fees, and bond forfeitures.

The following is a summary of the relevant findings included in the actuarial investigation for this bill. The investigation was completed pursuant to a request from the Senate Retirement Committee. The investigation was to be conducted according to O.C.G.A. §47-20-36, which outlines the factors to be considered in an actuarial investigation.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	$ 10,749,000
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	$ 798,000
(3)	The number of years that the unfunded actuarial accrued liability created by the bill would be amortized.	30
(4)	The amount of the annual normal cost which will result from the bill.	$ 300,000
(5)	The employer contribution rate currently in effect for the Peace Officers' Annuity and Benefit Fund	A portion of fines, fees, and bond forfeitures
(6)	The employer contribution rate recommended for the Fund (in conformity with minimum funding standards specified in O.C.G.A. §47-20-10).	A portion of fines, fees, and bond forfeitures
(7)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	$ 0

**This bill would increase first-year costs to the Fund by $1,098,000. However, the provisions of this bill would also increase revenues paid into the Fund by $1,727,000. This would result in a first-year surplus of $629,000. Based on the projected revenue from member contributions and revenues from fines, fees, and bond forfeitures, the Fund will have sufficient revenue to fund the immediate and future costs of the Fund.*

It should be noted that these cost estimates are based upon the current provisions of the bill as outlined in Senate Bill 328 (LC 43 2834ER). Any subsequent changes in the retirement bill could invalidate the actuarial investigation and the findings included therein.

Respectfully Submitted,
/s/ Greg S. Griffin

Any license plate for a low-speed vehicle or multipurpose off-highway vehicle shall designate the vehicle as such. Such plates may also bear such figures, characters, letters, or combinations thereof as in the judgment of the commissioner will to the best advantage advertise, popularize, and otherwise promote Georgia as the 'Peach State.' Plates issued during the years 2026 through 2030 shall include the design approved pursuant to Code Section 40-2-31.1. Except for license plates issued pursuant to Article 2B of this chapter, any license plate issued pursuant to this chapter shall be of such strength and quality that the plate shall provide a minimum service period of at least five years. In determining whether such an ownership interest shall be the basis of disqualification, the corporation shall consider whether such interest would negatively affect the integrity of sports betting in this state and any other factors the corporation shall deem relevant.

50-27-133.

(a) A Type 1 sports betting license authorizes the licensee, or its designated online sports betting services provider, to offer online sports betting. (d) A Type 1 eligible entity may contract with no more than one online sports betting services provider to operate online sports betting on behalf of the Type 1 eligible entity.

(e) A Type 1 eligible entity shall provide written notice to the corporation of its intention to apply for a Type 1 sports betting license within 60 days of the effective date of this article. The failure of a Type 1 eligible entity to provide such written notice shall result in the permanent disqualification and prohibition of such Type 1 eligible entity from obtaining a Type 1 sports betting license.

(f) A Type 1 sports betting licensee shall not offer online sports betting until the corporation has issued a Type 1 sports betting license to at least one online sports betting services provider via the public procurement process as determined by the corporation.

(c) If the holder of a Type 1 sports betting license is a Type 1 eligible entity and is a member of a league, association, or organization that prevents the holder from being subject to the regulatory control of the corporation or from otherwise operating under the license, such a Type 1 eligible entity may contractually appoint an online sports betting services provider for all aspects of corporation oversight and operations under the Type 1 sports betting license.

(d) Institutional investors shall be exempt from any and all qualification and disclosure requirements under this article or required under the rules and regulations promulgated by the corporation pursuant to this article. If the online sports betting services provider's adjusted gross income for a month is a negative number, such online sports betting services provider may carry over such negative amount to subsequent months.

(d) All moneys from privilege taxes and fees collected under this Code section shall be distributed and used as provided under Article I, Section II, Paragraph VIII(c) of the Constitution.

(e) With the exception of application fees and annual licensing fees imposed by paragraph (10) of subsection (c) of Code Section 50-27-130, this privilege tax is in lieu of all other state and local sales and income taxes and fees imposed on the operation of

sports betting or on the proceeds from the operation of sports betting in this state. This subsection shall not exempt goods and services purchased by licensees in the ordinary course of business from the imposition of state or local sales taxes that would otherwise apply, nor shall it exempt licensees from the payment of taxes on real property owned by the licensee.

50-27-151.

Licensees shall take reasonable steps to prevent bettors from overriding their self-imposed responsible gambling limits.

(b) The corporation shall promulgate rules and regulations that require a licensee to implement responsible sports betting programs that include comprehensive training on responding to circumstances in which individuals present signs of problem gambling or a betting or gambling disorder.

(c) The corporation shall work with national and local organizations to provide services for individuals with problem gambling or a betting or gambling disorder and to establish prevention initiatives to reduce the number of individuals with problem gambling or a betting or gambling disorder, including, but not limited to, utilizing currently established programs for problem gambling or betting or gambling disorders.

(2) Within 60 days after the corporation notifies each licensee as provided under paragraph (1) of this subsection, or within a longer period as may be agreed between such professional sports governing body or sporting events operator and the applicable licensee, each such licensee shall be required to use only official league data or official event data, as applicable, to determine the results of tier 2 sports wagers on sporting events sanctioned by such professional sports governing body or sporting events operator, except when:

(A) The professional sports governing body or sporting events operator, or a designee thereof, is unable to provide a feed of official league data or official event data to determine the results of a particular type of tier 2 sports wager, in which case licensees are not required to use official league data for determining the results of the applicable tier 2 sports wager until the data feed becomes available on commercially reasonable terms and conditions; or

(B) A licensee is able to demonstrate to the corporation that the professional sports governing body or sporting events operator, or a designee thereof, will not provide a feed of official league data or official event data to the licensee on commercially reasonable terms and conditions.

(3) The following is a nonexclusive list of factors the corporation may consider in evaluating whether official league data or official event data is being offered on commercially reasonable terms and conditions for purposes of subparagraphs (A) and (B) of paragraph (2) of this subsection:

(A) The extent to which licensees have purchased the same or similar official league data or official event data on the same or similar terms, particularly in jurisdictions

(B) The nature and quantity of the official league data or official event data, including, without limitation, its speed, accuracy, reliability, and overall quality as compared to comparable nonofficial data;

(C) The quality and complexity of the process used to collect and distribute the official league data or official event data as compared to comparable nonofficial data;

(E) Market information, including, without limitation, price and other terms and conditions, regarding the purchase of comparable data by licensees for the purpose of settling sports wagers, for use in this state or other jurisdictions; and

(F) The extent to which professional sports governing bodies or sporting events operators, or designees thereof, have made available to licensees the data used to settle the results of tier 2 sports wagers and any terms and conditions relating to the use of such data.

(4) Notwithstanding any provisions to the contrary in this Code section, including, without limitation, paragraph (2) of this subsection, while the corporation is evaluating whether a professional sports governing body or a sporting events operator, or the designee thereof, will provide a feed of official league data or official event data on commercially reasonable terms and conditions pursuant to paragraph (3) of this subsection, licensees are not required to use official league data or official event data for determining the results of tier 2 sports wagers.

(5) The corporation shall make a determination under paragraph (3) of this subsection within 60 days after the licensee notifies the corporation that it desires to demonstrate that the professional sports governing body or sporting events operator, or a designee thereof, will not provide a feed of official league data or official event data to such licensee on commercially reasonable terms and conditions.

Part 7

50-27-190.

Members of the corporation or designated employees thereof may, during normal business hours, enter the premises of any facility of a licensee, or a third party utilized by the licensee to operate and conduct business in accordance with this article, for the purpose of inspecting books and records kept as required by this article to ensure that the licensee is in compliance with this article or to make any other inspection of the premises necessary to protect the public interests of this state and its consumers.

50-27-191.

(a) The corporation, licensees, corporation vendors, and vendors shall use commercially reasonable efforts to cooperate with investigations conducted by any professional sports

(d) The corporation may refer conduct that it reasonably believes is a violation of Article 2 of Chapter 12 of Title 16 to the appropriate law enforcement agency.

50-27-194.

50-27-196.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

ARTICLE I.
INCORPORATION AND POWERS

SECTION 1.10.
Legislative findings.

The General Assembly of Georgia determines and finds that certain portions of unincorporated northeastern Gwinnett County would benefit from gaining local control over planning and zoning in their community through the creation of a municipal corporation offering limited services, including planning and zoning, storm-water collection and disposal, and code enforcement. The General Assembly of Georgia further determines and finds that the citizens of such a municipal corporation would be best served

by a limited municipal government that cannot collect property taxes from its residents and that any other nonproperty tax revenue sources be neutral with respect to cost burdens on homeowners.

SECTION 1.11.
Name.

This Act shall constitute the charter of the City of Mulberry. The city and the inhabitants thereof are constituted and declared a body politic and corporate under the name and style "City of Mulberry, Georgia," and by that name shall have perpetual succession.

SECTION 1.12.
City motto.

The motto of the City of Mulberry shall be "Non Sibi Sed Aliis."

SECTION 1.13.
Corporate boundaries.

(a) The boundaries of this city shall be those set forth and described in Appendix A of this charter, and said Appendix A is incorporated into and made a part of this charter. The boundaries of this city at all times shall be shown on a map, a written description, or any combination thereof, to be retained permanently in the office of the city clerk and to be designated, as the case may be: "Official Map (or Description) of the corporate limits of the City of Mulberry, Georgia." Photographic, typed, or other copies of such map or description certified by the city clerk shall be admitted as evidence in all courts and shall have the same force and effect as with the original map or description.
(b) The city council may provide for the redrawing of any such map by ordinance to reflect lawful changes in the corporate boundaries. A redrawn map shall supersede for all purposes the entire map or maps which it is designated to replace.

SECTION 1.14.
Powers and construction.

(a) This city shall have all the powers possible for a city to have under the present or future Constitution or laws of this state as fully and completely as though they were specifically enumerated in this charter, except that the city shall not have the power to assess, levy, or collect ad valorem taxes on real or personal property within the corporate limits of the city. This city shall have all the powers of self-government not otherwise prohibited by this charter or by general law.
(b) The city shall exercise the powers granted to it under the present or future Constitution and laws of this state for the purposes of providing planning and zoning, code adoption and enforcement, and storm-water collection and disposal and those items

related to the provision of such services and for the general administration of the city in providing such services.
(c) The provision of services and exercise of powers enumerated in this Section of this charter may be provided by the city contracting with service providers via intergovernmental agreements or contracts with private parties.
(d) The powers of this city shall be construed liberally in favor of the city. The specific mention or failure to mention powers shall not be construed as limiting in any way the powers of this city.

SECTION 1.15.
Examples of powers.

Reserved.

SECTION 1.16.
Exercise of powers.

(a) All powers, functions, rights, privileges, and immunities of the city, its officers, agencies, or employees shall be carried into execution as provided by this charter. If this charter makes no provision, such powers, functions, rights, privileges, and immunities shall be carried into execution as provided by ordinance or as provided by pertinent laws of the State of Georgia.

ARTICLE VIII.
REFERENDUM AND INITIAL ELECTIONS

SECTION 8.10.

(a) The election superintendent of Gwinnett County shall call a special election for the purpose of submitting this Act to the qualified voters of the proposed City of Mulberry for approval or rejection. The superintendent shall set the date of such election concurrent with the general primary election in 2024. The superintendent shall issue the call for such election at least 30 days prior to the date thereof. The superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date thereof in the official organ of Gwinnett County. The ballot shall have written or printed thereon the words:

"( ) YES Shall the Act incorporating the City of Mulberry in Gwinnett County
( ) NO according to the charter contained in the Act be approved?"

All persons desiring to vote for approval of the Act shall vote "Yes," and those persons desiring to vote for rejection of the Act shall vote "No." If more than one-half of the votes cast on such question are for approval of the Act, it shall become of full force and effect as provided in Section 8.11 of this charter, otherwise it shall be void and of no force and effect.

The initial expense of such election shall be borne by Gwinnett County. Within two years after the elections if the incorporation is approved, the City of Mulberry shall reimburse Gwinnett County for the actual cost of printing and personnel services for such election and for the initial election of the councilmembers pursuant to this charter. It shall be the election superintendent's duty to certify the result thereof to the Secretary of State. The provisions of this section shall be mandatory upon the election superintendent and are not intended as directory. If the election superintendent fails or refuses to comply with this section, any elector of Gwinnett County may apply for a writ of mandamus to compel the election superintendent to perform his or her duties under this section. If the court finds that the election superintendent has not complied with this section, the court shall fashion appropriate relief requiring the election superintendent to call and conduct such election on the date required by this section or on the next date authorized for special elections provided for in Code Section 21-2-540 of the O.C.G.A.

(b) For the purposes of the referendum election provided for in subsection (a) of this section and for the purposes of the special election of the City of Mulberry to be held on the Tuesday after the first Monday in November, 2024, the qualified electors of the City of Mulberry shall be those qualified electors of Gwinnett County residing within the corporate limits of the City of Mulberry as described by Appendix A of this charter. At subsequent municipal elections, the qualified electors of the City of Mulberry shall be determined pursuant to the authority of Chapter 2 of Title 21 of the O.C.G.A. known as the "Georgia Election Code." For the purpose of electing the initial councilmembers at

the special election of the City of Mulberry to be held on the Tuesday after the first Monday in November, 2024, a person shall be eligible to serve as a councilmember if that person has been a resident of the area described in Appendix A for 12 months prior to the date of such election.

(c) Only for the purposes of holding and conducting the referendum election provided for in subsection (a) of this section and holding the special election of the City of Mulberry to be held on the Tuesday after the first Monday in November, 2024, the election superintendent of Gwinnett County is vested with the powers and duties of the election superintendent of the City of Mulberry and the powers and duties of the governing authority of the City of Mulberry.

SECTION 8.11.
Effective dates and transition.

(a) The provisions of this Act necessary for the referendum election provided for in Section 8.10 of this charter shall become effective immediately upon this Act's approval by the Governor or upon its becoming law without such approval.

(b) Those provisions of this Act necessary for the special election provided for in Section 8.13 of this charter shall be effective upon the certification of the results of the referendum election provided for by Section 8.10 of this charter if this Act is approved at such referendum election.

(c) Except as provided in Section 8.10 of this charter, the remaining provisions of this Act shall become of full force and effect for all purposes at 12:00 Midnight on January 1, 2025, except that the initial councilmembers shall take office immediately following their election and the certification thereof and by action of a quorum may prior to 12:00 Midnight on January 1, 2025, meet and take actions binding on the city.

(d) A period of time will be needed for an orderly transition of various government functions from Gwinnett County to the City of Mulberry. Accordingly there shall be a transition period beginning on the date the initial councilmembers take office under this charter, and ending at 12:00 Midnight on December 31, 2026. During such transition period, all provisions of this charter shall be effective as law, but not all provisions of this charter shall be implemented.

(e) During such transition period, Gwinnett County shall continue to provide within the territorial limits of the city all government services and functions which Gwinnett County provided in that area during the years 2023 and 2024 and at the same actual cost, except to the extent otherwise provided in this section and except that the governing authority of Gwinnett County shall make no modifications to the zoning of any property located within the city during such transition period; provided, however, that upon at least 60 days' prior written notice to Gwinnett County by the City of Mulberry, responsibility for any such service or function shall be transferred to the City of Mulberry. During the transition period, the city shall remain within the Gwinnett County special services district, but shall be removed from such district at the conclusion of such period. Beginning December 1, 2025, the City of Mulberry shall collect taxes, fees, assessments,

fines and forfeitures, and other moneys within the territorial limits of the city in the same manner as authorized immediately prior to the effective date of this section; provided, however, that upon at least 60 days' prior written notice to Gwinnett County by the City of Mulberry, the authority to collect any tax, fee, assessment, fine or forfeiture, or other moneys shall remain with Gwinnett County after December 1, 2025, until such time as Gwinnett County receives subsequent notice from the City of Mulberry that such authority shall be transferred to the City of Mulberry.

(f) During the transition period, the governing authority of the City of Mulberry:

(1) Shall hold regular meetings and may hold special meetings as provided in this charter;

(2) May enact ordinances and resolutions as provided in this charter;

(3) May amend this charter by home rule action as provided by general law;

(4) May accept gifts and grants;

(5) May borrow money and incur indebtedness to the extent authorized by this charter and general law;

(6) Reserved;

(7) May establish a fiscal year and budget;

(8) May create, alter, or abolish departments, boards, offices, commissions, and agencies of the city; appoint and remove officers and employees; and exercise all necessary or appropriate personnel and management functions; and

(9) May generally exercise any power granted by this charter or general law, except to the extent that a power is specifically and integrally related to the provision of a governmental service, function, or responsibility not yet provided or carried out by the city.

(g) Except as otherwise provided in this section, during the transition period, the Municipal Court of the City of Mulberry shall not exercise its jurisdiction. During the transition period, all ordinances of Gwinnett County shall remain applicable within the territorial limits of the city and the appropriate court or courts of Gwinnett County shall retain jurisdiction to enforce such ordinances. However, by mutual agreement and concurrent resolutions and ordinances if needed Gwinnett County and the City of Mulberry may during the transition period transfer all or part of such regulatory authority and the appropriate court jurisdiction to the City of Mulberry. Any transfer of jurisdiction to the City of Mulberry during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in Gwinnett County or the pending prosecution of any violation of any ordinance of Gwinnett County.

(h) During the transition period, the governing authority of the City of Mulberry may at any time, without the necessity of any agreement by Gwinnett County, commence to exercise its code enforcement and planning and zoning powers; provided, however, that the city shall give the county notice of the date on which the city will assume the exercise of such powers. Upon the governing authority of the City of Mulberry commencing to exercise its code enforcement and planning and zoning powers, the Municipal Court of the City of Mulberry shall immediately have jurisdiction to enforce the code enforcement and planning and zoning ordinances of the city. The provisions of this subsection shall

control over any conflicting provisions of any other subsection of this section.

(i) Effective upon the termination of the transition period, subsections (b) through (h) of this section shall cease to apply except for the last sentence of subsection (g) which shall remain effective. Effective upon the termination of the transition period, the City of Mulberry shall be a full functioning municipal corporation and subject to all general laws of this state.

SECTION 8.12.
Directory nature of dates.

Unless otherwise provided for in this charter, it is the intention of the General Assembly that this Act be construed as directory rather than mandatory with respect to any date prescribed in this Act. If it is necessary to delay any action called for in this Act for providential cause or any other reason, it is the intention of the General Assembly that the action be delayed rather than abandoned. Any delay in performing any action under this Act, whether for cause or otherwise, shall not operate to frustrate the overall intent of this Act. Without limiting the generality of the foregoing it is specifically provided that:

(1) If it is not possible to hold the referendum election provided for in Section 8.10 of this charter on the date specified in that section, then such referendum shall be held as soon thereafter as is reasonably practicable; and

(2) If it is not possible to hold the first election provided for in Section 8.13 of this charter on the date specified in that section, then there shall be a special election for the initial members of the governing authority to be held as soon thereafter as is reasonably practicable, and the commencement of the initial terms of office shall be delayed accordingly.

SECTION 8.13.
Special election.

(a) The first election for councilmembers shall be a special election held on the Tuesday after the first Monday in November, 2024. At such election, the first councilmembers shall be elected to serve for the initial terms of office specified in subsection (b) of this section. Thereafter, the time for holding regular municipal elections shall be on the Tuesday next following the first Monday in November of each odd-numbered year beginning in 2025. The successors to the first initial councilmembers and future successors shall take office at the first organizational meeting in January immediately following their election and shall serve for terms of four years and until their respective successors are elected and qualified.

(b) The initial councilmembers elected by a majority vote of the qualified electors of the city from the five districts shall serve a term of office through December 31, 2027, and until their respective successors are elected and qualified. Thereafter, successors to such initial councilmembers shall serve four-year terms of office and until their respective successors are elected and qualified.

January 8, 2024

Honorable Jason Anavitarte
State Senator
421 State Capitol
Atlanta, GA 30334

SUBJECT: Fiscal Note
Senate Bill (LC 43 2929)

Dear Senator Anavitarte:

This bill would create an annual 11-day sales tax exemption for purchases of firearms, ammunition, gun safes, and related accessories. The exemption lasts from the second Friday through the fourth Monday of October and is intended to cover all firearm-related items. This legislation is assumed to become effective July 1, 2024, the first day of FY 2025.

Impact on State Revenue
Georgia State University's Fiscal Research Center (FRC) estimated that the bill would decrease state revenue as shown in Table 1. The low estimate assumes that sales are evenly distributed through the year and the sales tax holiday does not impact the timing of purchases. The high estimate assumes that purchases are higher during the 11-day period. The appendix provides details of the analysis.

Table 1. Estimated Exempt Sales and State and Local Revenue Effects from LC 43 2929

($ *millions*)	FY 2025	FY 2026	FY 2027	FY 2028	FY 2029
Low Estimate					
State	($1.31)	($1.33)	($1.34)	($1.35)	($1.36)
Local	($1.10)	($1.12)	($1.13)	($1.13)	($1.14)
High Estimate					
State	($3.27)	($3.32)	($3.35)	($3.36)	($3.39)
Local	($2.73)	($2.78)	($2.80)	($2.81)	($2.84)

Impact on State Expenditures
The Department of Revenue (DOR) would be able to implement the provisions of the bill without additional funding.

Respectfully,
/s/ Greg S. Griffin

Analysis by the Fiscal Research Center
Based on data from the business research firm IBISWorld, we estimate that retail sales of firearms, ammunition, and related items at gun and ammunition stores or sporting goods stores totaled $25.9 billion nationally in 2023. Gun and ammunition stores sell handguns, ammunition, rifles, shotguns, and other firearms—as well as other equipment, apparel, and supplies. All of these items are assumed to be exempted during the proposed sales tax holiday. Sales of firearms and hunting goods represent 13.5 percent of sales at sporting goods stores. Half of these purchases are assumed to be firearms, ammunition, gun safes, or other firearm-related items.

These sales are projected to grow on average by 1.16 percent annually through 2029. Georgia's sales are estimated by sharing down national sales of federally registered firearms, as reported by the U.S. Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF)—approximately 4.1 percent as of 2021, resulting in estimated annual sales in Georgia of approximately $1.06 billion for 2023.

Beginning with the estimated 2023 sales in Georgia, we grow this amount by 1.16 percent annually through FY 2029 based on the IBISWorld industry revenue projections. Eleven days represent 3.01 percent of a calendar year. The low estimates assume consumers do not respond to the existence of the sales tax holiday. Alternatively, consumers may purchase sooner or later than planned to take advantage of the exemption. They may also increase their amount of spending because the end-price of these items is lower when exempted from the tax.

Based on FBI national monthly firearm background check data, November and December have larger shares of annual activity than October, which is lower than average, indicating holiday spending could increase sales. Based on these data, the portion of annual activity that would occur during these dates would increase to 7.5 percent if a portion of the holiday activity shifted to these days in October. Therefore, the high estimates assume that as the percent of annual sales that are exempted by the proposed sales tax holiday.

For the local impact, the average local sales tax rate is assumed to be 3.35 percent, based on the Tax Foundation's current average local effective tax rate for Georgia. Due to the fall timing, the exempted purchases of a calendar year impact the following fiscal year's revenues.

The legislation on the Local Consent Calendar, having received the requisite constitutional majority, was passed.

Senator Gooch of the 51st moved that the Senate stand in recess for the purpose of convening a Joint Session with the House of Representatives, pursuant to HR 805, to hear a message from the Honorable Michael P. Boggs, Chief Justice of the Supreme Court, and, upon the dissolution of the Joint Session, that the Senate stand adjourned until 10:00 a.m., Thursday, February 8, 2024.

The President announced the motion prevailed at 11:00 a.m.

The hour for convening the Joint Session of the Senate and House having arrived, the President, accompanied by the Secretary and Senators, proceeded to the Hall of the House of Representatives, and the Joint Session, called for the purpose of hearing a message by the Honorable Michael P. Boggs, Chief Justice of the Supreme Court, was called to order by the President. HR 805, authorizing the Joint Session of the Senate and House, was read by the Clerk of the House.

The Honorable Michael P. Boggs, Chief Justice of the Supreme Court, addressed the Joint Session of the Senate and the House of Representatives as follows:

"Lieutenant Gov. Jones; Speaker Burns and First Lady of the House Dayle Burns; President Pro Tem Kennedy; Speaker Pro Tem Jones; members of the General Assembly; Constitutional Officers; Presiding Justice Peterson and my fellow justices; Chief Judge Mercier, Vice-Chief Judge Brown, and the judges of the Court of Appeals; other judges here with us today; and my fellow Georgians.

Good morning! Thank you for the invitation to be back before you all today to update you on the ongoing work and commitment of our state courts to uphold the rule of law and serve the people of Georgia.

I'd like to begin by acknowledging all of the hard-working folks who keep our state courts operating despite enormous challenges. Please know that while Georgia's court system is one of the busiest and most efficient in the nation, our judicial system, and in particular our trial courts, do not operate in a vacuum. Efforts of our judges to improve the administration of justice and uphold the rule of law would be meaningless without all of our valuable judicial system partners – these include civil lawyers, prosecutors, defense attorneys, victims' advocates, court administrators, clerks, administrative assistants, court reporters, interpreters, bailiffs, deputies, IT technicians, and even our janitorial staff.

Consider if you will that all of these professionals are spokes on the wheels of justice. If any one of them is missing in any case, the wheels simply won't turn. Without each of them, our courts would not be able to function, and our judges would be unable to meet their constitutional duties. They are truly the foundation of the Judicial Branch of government, and because many of these individuals largely work behind the scenes, they probably do not hear our thanks enough. So, to all of the people who make our judicial system work, thank you on behalf of all the judges of this state!

Last year, I stood before you all and told you that the state of Georgia's judiciary was strong. It was true then, and it's true now. But like other areas of government, Georgia's judiciary also faces significant challenges. I'd like to take the opportunity this morning to discuss the work of our courts and highlight some of these challenges.

I want to assure you that despite challenges, we remain steadfast in applying and interpreting—not making—the laws and constitution of our state. And, as always, I want to again express our appreciation for the trust and support that you all in our legislative branch have shown us as we seek your partnership in addressing a wide array of issues affecting our courts.

I begin by expressing the gratitude of the entire judiciary for the financial assistance that Gov. Brian Kemp granted our judicial system at the height of the COVID pandemic, when trial courts quickly had to pivot, adapt, and innovate to meet the unique obstacles created by unprecedented times. In some courts, we are still feeling the aftershocks of backlogged cases, but our judges are working hard, and we are making progress.

As a result of the American Rescue Plan Act funding allocated by the Governor's Office to the judicial branch, every circuit that requested help was awarded some amount of relief, many of them multiple rounds of awards. To date, that's 46 of Georgia's 50 judicial circuits—circuits represented by nearly every legislator in this room! These grants have allowed circuits to hire temporary personnel, update courtroom technology, rent larger venues, and procure additional resources to help them move their case backlogs. And a recent study objectively validates the use of these funds and demonstrates that the funds are indeed working.

We are proud to report that the number of pending serious violent felony cases continues to decrease, while overall jury trials have continued to increase. This progress has not been easy. In 2021, at the height of the pandemic, circuits reported an average increase of 24 percent in their pending serious violent felony cases—though some circuits reported more than a 100 percent increase. Fortunately, managing cases has been greatly assisted by the ARPA grants. Since the initial awards were made, judicial circuits across Georgia are now reporting an average 11 percent decrease in pending serious violent felony cases. This is significant progress—particularly given the growth of other ongoing and interwoven challenges affecting our judges' efforts to move dockets.

I'd like to offer you just two examples of how our courts are using the ARPA funds and moving cases. The Chattahoochee Judicial Circuit in Columbus made creative use of its grant money to come to a temporary solution, outfitting the Columbus Ice Rink and Columbus Civic Center as jury selection and trial venues. Also, during that time, then-Chief Judge Gil McBride said that more than a dozen new employees, including three

assistant DAs, two superior court clerks, part-time and full-time investigators, three deputies, and one part-time and four full-time assistant magistrates were added to the circuit to handle specialized court objectives. As a result, within the first eight months of 2022, the circuit held more jury trials than its pre-pandemic capacity.

And speaking of Columbus, all of Georgia's judges join in expressing our condolences on the passing of Chairman Richard Smith, a great friend and a great Georgian.

In the Stone Mountain Judicial Circuit in DeKalb County, pending serious violent felony cases increased by 2,220 cases between 2019 and 2021. Since the implementation of its very first grant award, the circuit has significantly reduced this felony caseload. They too have increased trials, holding 77 in 2022. Chief Judge LaTisha Dear Jackson reports to the ARPA committee that her circuit effectively established a separate division within its Superior Court to handle the backlogged cases, with weekly trials and pleas clearing the most serious ones. However, she also reports that the circuit continues to struggle with attracting certified court reporters and interpreters to return to courthouse proceedings after becoming comfortable with working from home for months.

Despite the enormous progress that courts are making in moving cases with the assistance of ARPA grants, our judicial system simply cannot fulfill its obligation to deliver justice without a full array of judicial system professionals beyond those available through the resources offered by the ARPA grants.

Across our state, there are deficits in the numbers of court reporters, prosecutors and public defenders, court staff, and even sheriff's deputies. Just as it is critical to have enough doctors, nurses, and teachers to adequately deliver health care and education services to our citizens, so too must Georgia have enough law enforcement and public safety officers, lawyers, and court staff professionals to effectively and efficiently keep the wheels of justice turning.

You will recall that during his State of the State address last month, Gov. Kemp noted that workforce development challenges in state government are a serious issue in Georgia. I really appreciate the Governor's focus on this critical issue as these challenges also significantly affect the judicial branch. You will recall the Governor saying that "it's no secret that most state government jobs pay less than private sector opportunities in the same line of work. But many of our employees do it because they feel a sense of public service and they want our state to succeed."

This devotion to public service is certainly true with our state judiciary employees who are committed to the important work of the judicial branch. However, even within the Supreme Court, we have experienced a staff attorney turnover rate of over 57 percent since January 2019. We're seeing experienced staff attorneys leaving for more lucrative positions in private practice or moving to other government entities. What's more, this is occurring at a time when approximately half of our Court's staff attorneys are set to retire over the next five to 10 years. The Court of Appeals is likewise not immune and has seen similar attrition, with 10 law clerks and administrative assistants leaving for better pay or retirement over the last 18 months. Of course, we don't blame them.

Today's rate of pay is not as competitive as the salaries offered by the courts in the

’80s and ’90s, and this compensation landscape adds another layer of difficulty to our efforts to attract and retain top-tier talent. And we must reckon with the fact that this trend depletes our pool of seasoned legal professionals and necessitates time-consuming recruitment and training efforts for their replacements.

Others have long recognized our state’s appellate courts as among the busiest in the nation, taking in thousands of appeals and other matters and issuing hundreds of opinions each year, all within our constitutionally mandated deadline of two terms of court—the equivalent of about six to eight months. For comparison, the U.S. Supreme Court issues only about 70 to 80 opinions per year. And I’m not aware of any other state’s appellate courts that have this kind of deadline. So, filling staff vacancies on our courts is especially important to handling our workload and making sure we are performing at our highest caliber while meeting our constitutional mandates. And the challenges related to pay parity are not just limited to court clerks and staff attorneys.

It is also critical that the State compensate the state’s judges sufficiently to attract good ones and keep them. A Judicial Council Committee led by Justice Charlie Bethel and Superior Court Judge Rusty Smith from Toccoa recently completed a comprehensive compensation study regarding state-paid judges, and the recommendations of that committee – supported unanimously by the Judicial Council – have been introduced for your consideration in House Bill 947 sponsored by Rep. Rob Leverett. We respectfully ask for your careful consideration and support of this initiative.

And even beyond challenges we have at the appellate courts to retain court clerks and staff attorneys, notable other workforce challenges persist. The Prosecuting Attorneys’ Council of Georgia, which is tasked with training and supporting the hundreds of elected and appointed prosecutors across our state, reports that as of the start of this year, there are a total of 41 assistant district attorney vacancies statewide. Eight judicial circuits out of 50 have assistant district attorney vacancy rates of 25 percent or higher. You wouldn’t be surprised that many of these circuits are in rural areas. And, you don’t have to be a lawyer to know that judges alone can’t move a criminal case docket without prosecutors.

Unfortunately, our trial courts’ workforce challenges are not limited just to prosecutors. As I previously mentioned, many other judicial system professionals play important and necessary roles in trial court proceedings. Among them are court reporters. While the overall number of certified court reporters in Georgia seems to have gone up in recent years, that apparent growth lags far behind the ever-growing demand our state courts have for those legally necessary to take down every word in a court proceeding to preserve the record. In some circuits, courts are resorting to the issuance of emergency judicial permits allowing non-certified court reporters to temporarily stand in for a limited period of up to one year when no other certified reporters are available. Adding to the situation in Georgia, the average age of court reporters before the pandemic was 54 years old, with a full 70 percent of certified court reporters being over the age of 50. Today, many of them are quickly facing retirement if they haven’t decided to retire already. Making matters more dire, fewer new reporters are going through the process to become licensed, meaning there won’t be new ranks to replace the outgoing ones. And without enough court reporters to meet the demand, trials and other proceedings will slow once again.

Let me paint you a picture of what that actually means. Imagine a courtroom ready to try a serious violent felony. The judge is on the bench. Judicial staff is present. The bailiffs are there. The defendant has been brought from jail. Sheriff's deputies are providing security. An interpreter is present. Victims and victims' advocates are present. Witnesses have been subpoenaed, and jurors have taken time off from work and are present. But there is no court reporter ready to transcribe the proceedings. So, despite this seemingly full array of judicial resources, nothing can be done without the court reporter…indeed, one of the spokes on the wheels of justice.

And, because court records are also a vital component of appeals, a deficit of court reporters can also slow matters after trial from reaching finality in my Court and the Court of Appeals. These delays not only affect the party litigants, but in criminal cases also delay justice and closure for victims of crimes. We would all agree that justice delayed for anyone is justice denied. And to be sure, our state's judges alone have little means to manage these particular challenges, although we are exploring options and hope to have some potential solutions for you all to consider next year.

On another front of judiciary-related challenges, a recent report by the Georgia Sheriff's Association shows that there are over 1,000 unfilled full-time and part-time sheriff's deputy positions statewide. While the judiciary does not have oversight of our public safety and law enforcement personnel, this number affects us deeply because deputies play a critical role in the judicial system, not least is keeping our courthouses and courtrooms secure. What's more, on top of the security they provide, many law enforcement officers are also called to be witnesses in criminal proceedings. Without their vital work, it is much harder to prosecute and move cases and our courtrooms are much less safe. In sum, all these interrelated judicial branch challenges affect the resolution of court cases.

I'd like to now turn your attention to an issue that no judge in any society ought to have to address – and that is the issue of the growing threats to judges. Over the last few years, there have been several alarming attacks on judges in the U.S. that have made national news. Lest you were unaware, in June 2022, retired Wisconsin Circuit Court Judge John Roemer was murdered in his home by a defendant he had sentenced to prison. In October 2023, Maryland Circuit Court Judge Andrew F. Wilkinson was murdered outside his home by a litigant involved in a child custody dispute. In December 2023, a man was arrested in Nevada and charged with solicitation to murder two state court judges, and just a month later a county district court judge in Nevada was tackled while on the bench by a defendant after she denied him probation. No doubt, these attacks and threats are meant to intimidate and influence courts away from serving as fair and impartial arbiters of justice. Georgia's judges will not be threatened or intimidated into abandoning their constitutional duties, but incidents like these are repugnant to the rule of law and, if left unchecked, they threaten the very independence of our judiciary.

These attacks prompted the Conference of Chief Justices and the Conference of State Court Administrators to write a letter calling on federal lawmakers to bolster judicial safety in which they acknowledge that, "For our legal system to function properly, judges must be able to administer justice free from threats and violence. They need to know that

court staff and family members are safe. The public needs to know that the people overseeing their cases do so professionally, objectively, unhindered by intimidation, and free from reprisal. In short, for the rule of law to mean anything—the very bedrock of our society—judges, court staff, their families, and the public must be protected."

On behalf of our state court judges and staff, I greatly appreciate your attention to this issue in Georgia. A little over a year ago, the Supreme Court created the Judicial Council of Georgia's Standing Committee on Judicial Security, which is led by my colleague, Justice Shawn Ellen LaGrua, and Court of Appeals Judge Brian Rickman, and I greatly appreciate their work. In addition to the judges serving on the committee, we have many vital law enforcement leaders serving in advisory capacities, including Richard Hyde, John Heinen, Chris Wiggington, and Stan Cooper. These leaders are monitoring judicial safety issues in Georgia and are actively working to identify steps to protect the safety and security of Georgia's judiciary.

Importantly, the security committee's work and recommendations hold promise for improvements, both for judges and for you! We know that y'all are dealing with similar challenges which have become all too real for too many of you in recent weeks. So, while some of our security measures are specific to the judiciary, many are more broadly applicable. This includes, for example, proposed legislation to require state and local governments to keep confidential the personal identifying information of judges – a proposal already passed or in the works in 31 other states and a protection that could easily be expanded to cover other elected officials. The committee work also includes training that Director Chris Wigginton and his staff at the Georgia Public Safety Training Center have developed along with representatives from all classes of courts. Later this spring, they will present that training and will also make available this training to any member of the legislature who would like to attend. We all hope that you will find these recommendations reasonable and responsive to a growing threat.

Changing gears a bit, I'd like to reiterate my concern that our courts continue to experience significant challenges when it comes to civil cases. Although indigent *criminal* defendants receive publicly funded legal representation, low-income *civil* litigants are often on their own. Instead, where civil litigants can't afford a lawyer, the burden of representation falls to the litigant to represent themselves or rely on a far-too-small and under-resourced patchwork of volunteers or organizations who take cases for little or no fee.

The Georgia Legal Services Program, which arose in the late '60s to address the dearth of lawyers in rural areas where legal help was less available, is fortunately still going strong today. But even these services face challenges as this program currently has more than a dozen openings in Albany, Valdosta, Columbus, Dalton, Macon, Savannah, and in its Piedmont regional office. And while there are numerous attorneys in and surrounding Atlanta willing to step up, there is still a need for locally based lawyers in those farther outlying cities and towns. Without them, it is more difficult to provide civil legal services to survivors of domestic violence, those in desperate need of housing, and other law-abiding people with critical legal needs. I bring to your attention that both the amended fiscal year 24 and fiscal year 25 Judicial Council budget requests contain several proposals

to help address this problem.

And while we have more than 34,000 active, licensed attorneys in the Peach State, please recognize the severe deficit of lawyers we have, especially outside of the Atlanta metro area. Many of us chuckle at the occasional lawyer joke. But when you really need a lawyer, not having one can be deadly serious. The ugly truth is that many people in Georgia simply do not have access to a lawyer at the most critical time in their lives, either because of where they live or because they cannot afford one. Last year, during my very first State of the Judiciary address, I told you all that there were seven counties—all rural—with no licensed attorneys. None. Zero.

Sadly, that number remains the same today.

Georgia is not alone in wrestling with the problem of legal deserts as data from the American Bar Association for the year 2020 reveals that 1,300 counties in the U.S. have fewer than one attorney per 1,000 residents and many have no attorneys at all. And we know that a lack of legal advocacy can make it harder for folks to access other needs, such as housing, medical care, and child support.

Meeting this challenge in Georgia will not be easy. On the one hand, we still have a relatively steady stream of prospective attorneys seeking admission to the bar. Seven hundred and thirty-two new lawyers passed the July 2023 Georgia Bar Exam. But it is highly likely that most of them plan to practice in and around the Atlanta metro area where private sector jobs tend to pay higher salaries. Pay is also a compelling consideration for new lawyers facing sizeable student loans. Whatever the causes, there is much work to be done to recruit lawyers who can meet the basic needs of those dealing with adoption or child custody matters, business disputes, evictions, contested wills and estates, and more in our currently underserved areas.

One way that the Supreme Court is addressing the lack of lawyers in rural areas is by removing unnecessary barriers to practicing law in our state. I'm proud to announce that last fall my colleagues and I voted to revise the rules governing provisional admission to the practice of law, which included for the first time a process for spouses of active-duty service members. This change was part of our ongoing review of the recommendations issued by the Georgia Lawyer Competency Task Force, and under the revised rules that went into effect on January 1 of this year, the lawyer spouse of an active-duty service member who is currently assigned to a post in Georgia may obtain a provisional license to practice law here in Georgia under certain conditions without having to sit for the bar exam. This new provisional admission will offer them greater certainty and save them considerable time and cost as they continue their legal careers. It also recognizes, I think, the significant sacrifice the spouse is making to serve our country – a sacrifice made all too real just this past week as three Georgians lost their lives and many others were wounded serving our country in Jordan.

Let me now turn briefly to some other emerging challenges facing the judiciary.

New advancements in generative AI present new opportunities and risks for Georgia courts. Our Judicial Council Standing Committee on Technology is studying the issue, and I am one of three state chief justices serving on the national Conference of Chief Justices and Conference of State Court Administrators AI Rapid Response Team, a team created to

examine some of the immediate issues related to the use of generative AI in courts and the impact it could have on court proceedings and the integrity of the judicial process. You all are undoubtedly aware of the increasing challenges generative AI is causing across society, and the courts are not immune. Just like any tool, AI can be implemented in ways that enhance and improve the administration of justice and even access to justice. But it also can be used unethically to threaten the veracity and integrity of court proceedings. So, while we are not quite ready to make any sweeping rules changes, we are keeping an eye on this emerging technology and are preparing to ensure the operations of our courts are not adversely affected.

Another critical issue facing our trial courts relates to case management and case data. The value of having access to reliable and accurate judicial data is paramount to informing judicial decision-making and improving public safety. Just this past week, we've seen the Atlanta Judicial Circuit dealing with enormous challenges due to a hack of the county's IT systems including its judicial case management system, highlighting the need for information security as well. We assure you all that we continue to explore new ways to address this issue and improve judicial case management in Georgia.

I would like to end by saying what a privilege it is to be a judge. And while I often like to remind lawyers, dedicated professional counselors are necessary to an independent judiciary, so too are judges. And an independent judiciary grounded in faithful adherence to the rule of law is critical to upholding our country's foundational principles of freedom and democracy. And adherence to these principles necessarily helps build public confidence in our courts. Not as partisan weapons or super-legislatures, but rather as judicial officers who have taken an oath to administer justice without respect to person, to do equal rights to the poor and the rich, and to faithfully and impartially discharge and perform all the duties incumbent on us as judges of the courts of this state, according to the best of our ability and understanding, and agreeably to the laws and Constitution of this State and the Constitution of the United States. So help us God.

My good friend and former colleague, retired Justice Robert Benham, has said many wise and notable things in the decades he has served our state. But one that sticks out most in this moment is his belief that throughout history there have been three great professions: Medicine, because it preserves the body. Theology, because it preserves the spirit. And the law, because it preserves civilization. I concur.

Thank you for inviting me here once again to speak on behalf of Georgia's judicial branch. I continue to be optimistic about what is ahead, while I remain realistic about the challenges we are facing.

May God bless you and your families. And may God bless the great state of Georgia and these United States."

COMMITTEE OF CONFERENCE REPORT ON HB 557

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to physicians, assistants, and others, so as to authorize physicians to delegate the authority to advanced practice registered nurses and physician assistants to prescribe certain Schedule II controlled substances; to provide for requirements; to provide for automatic approval of nurse protocol agreements and job descriptions under certain conditions; to amend Article 3 of Chapter 2 of Title 40 of the Official Code of Georgia Annotated, relating to prestige license plates and special plates for certain persons and vehicles, so as to authorize advanced practice registered nurses and physician assistants to execute affidavits certifying an individual is disabled for purposes of obtaining special vehicle decals for persons with disabilities; to provide for legislative findings; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds:

(1) Governor Kemp created the Georgia Healthcare Workforce Commission in 2022;

(2) The commission recognized that Georgia is now in the minority of states with restrictions on certain healthcare occupations, such as nurse practitioners and physician assistants, and that research also suggests that in appropriate circumstances, revising practice restrictions on certain healthcare occupations and granting increased practice authority have the potential to improve access to care without compromising quality or increasing costs;

(3) The commission believes that exploring updating scope of practice limitations could potentially ease pressure on the healthcare workforce by allowing certain healthcare occupations to perform more advanced work in healthcare settings which could decrease work burden on other clinical providers;

(4) Georgia is one of only three states that forbids physician assistants and nurse practitioners from prescribing any Schedule II medications; and

(5) A more streamlined process at the Georgia Composite Medical Board will allow already licensed and certified practitioners to more quickly begin work.

SECTION 2.

Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to physicians, assistants, and others, is amended by revising paragraph (3) of subsection (a), paragraph (10) of subsection (g), and subsections (k) and (m) of Code Section 43-34-25, relating to delegation of certain medical acts to advanced practice registered nurse, construction and limitations of such delegation, definitions, conditions of nurse protocol, and issuance of prescription drug orders, and by adding a new subsection to read as follows:

"(3) 'Controlled substance' means any controlled substance as defined in Code Section 16-13-21 but shall not include any Schedule I controlled substance included in Code Section 16-13-25 or any Schedule II controlled substance included in Code Section 16-13-26, except as authorized pursuant to subsection (d.1) of this Code section."

"(d.1) An advanced practice registered nurse who has at least one year of post-licensure clinical experience and is in good standing with the board may be authorized under a nurse protocol agreement to issue prescription drug orders for hydrocodone, oxycodone, or compounds thereof in emergency situations pursuant to the following requirements:

(1) The authorization is specifically included in the nurse protocol agreement;

(2) The advanced practice registered nurse has directly evaluated the patient;

(3) The prescription drug order is limited to an initial prescription, not to exceed a five-day supply;

(4) The prescription drug order is for an individual 18 years of age or older; and

(5) The advanced practice registered nurse completes one hour of continuing education biennially in the appropriate ordering and use of hydrocodone, oxycodone, and compounds thereof."

"(10) Notwithstanding the provisions of subsection (d.1) of this Code section, in ~~In~~ any emergency medical services system operated by, or on behalf of, any county, municipality, or hospital authority with a full-time physician medical director and who does not order drugs, except that he or she may order up to a 14 day supply of drugs as necessary in an emergency situation, excluding ~~Schedule II controlled substances and~~ benzodiazepines and all Schedule II controlled substances except hydrocodone, oxycodone, or compounds thereof; provided, however, that an advanced practice registered nurse shall not order radiographic imaging, diagnostic studies, or medical devices pursuant to this paragraph; and provided, further, that a patient shall be referred to a physician, a dentist, or a federally qualified health center."

"(k) Nothing in this Code section shall be construed to authorize an advanced practice registered nurse to issue a prescription drug order for a Schedule I or II controlled substance, except as otherwise authorized pursuant to subsection (d.1) of this Code section, or authorize refills of any drug for more than 12 months from the date of the original order except in the case of oral contraceptives, hormone replacement therapy, or prenatal vitamins which may be refilled for a period of 24 months."

"(m)(1) The board shall have the authority to promulgate rules and regulations

governing a delegating physician in order to carry out the intents and purposes of this Code section.

(2)(A) Further, the board shall be authorized to:

~~(1)~~(i) Require that a nurse protocol agreement shall be filed by the delegating physician with the board within a reasonable time from the date of execution;

~~(2)~~(ii) Determine, after review of a filed nurse protocol agreement, if such nurse protocol agreement fails to meet accepted standards of medical practice as established by the board; and

~~(3)~~(iii) Require the delegating physician to amend any such noncompliant nurse protocol agreement in order to meet such accepted standards.

(B) If a medical practice has an existing approved nurse protocol agreement and an alternate delegating physician or a change in the delegating physician within the same or similar specialty, such new nurse protocol agreement for the new alternate delegating physician or a change in the delegating physician, upon submission, shall be automatically deemed approved by the board.

(C) If a delegating physician submits a nurse protocol agreement for a new advanced practice registered nurse and such nurse protocol agreement that has substantially the same terms and provisions as a nurse protocol agreement previously submitted by such delegating physician for another advanced practice registered nurse and approved by the board, the nurse protocol agreement for the new advanced practice registered nurse, upon submission, shall be automatically deemed approved by the board."

SECTION 3.

Said chapter is further amended by revising subsections (c) and (e.1) of Code Section 43-34-103, relating to delegation of authority to physician assistants, as follows:

"(c)(1) At all times while providing patient services, a physician assistant shall have a signed job description submitted by his or her primary supervising physician and approved by the board.

(2) Nothing in this article shall prevent a primary supervising physician from submitting to the board a new or amended physician assistant job description.

(3) If a medical practice has an existing approved job description and an alternate supervising physician or a change in the supervising physician within the same or similar specialty, such new job description for the new alternate supervising physician or a change in the supervising physician, upon submission, shall be automatically deemed approved by the board.

(4) If a primary supervising physician submits a job description for a new physician assistant and such job description that has substantially the same terms and provisions as a job description previously submitted by such primary supervising physician for another physician assistant and approved by the board, the job description for the new physician assistant, upon submission, shall be automatically deemed approved by the board."

"(e.1)(1)(A) In addition to and without limiting the authority granted by Code Section

43-34-23, a physician may delegate to a physician assistant, in accordance with a job description, the authority to issue a prescription drug order or orders for any device as defined in Code Section 26-4-5 or to issue any dangerous drug as defined in Code Section 16-13-71, hydrocodone, oxycodone, or compounds thereof in accordance with subparagraph (B) of this paragraph, or any Schedule III, IV, or V controlled substance as defined in Code Section 16-13-21 on a prescription drug order or prescription device order form as specified in paragraph (3) of this subsection. Delegation of such authority shall be contained in the job description required by this Code section. The delegating physician shall remain responsible for the medical acts of the physician assistant performing such delegated acts and shall adequately supervise the physician assistant. If an existing job description for a physician assistant does not contain such authority to order a prescription drug or device order as provided by this subsection, that physician assistant may not issue any such prescription drug or device order until a new job description delegating such authority is submitted to and approved by the board. Nothing in this Code section shall be construed to authorize the written prescription drug order of a Schedule I or II controlled substance, except as authorized pursuant to subparagraph (B) of this paragraph.

(B) A physician may delegate to a physician assistant who has at least one year of post-licensure clinical experience and is in good standing with the board the authority to issue prescription drug orders for hydrocodone, oxycodone, or compounds thereof in emergency situations pursuant to the following requirements:

(i) The authorization is specifically included in the job description;

(ii) The physician assistant has directly evaluated the patient;

(iii) The drug order is limited to an initial prescription not to exceed a five-day supply; and

(iv) The prescription drug order is for an individual 18 years of age or older.

(2) Nothing in this subsection shall be construed to create a presumption of liability, either civil or criminal, on the part of a pharmacist who is duly licensed under Title 26 and who in good faith fills a prescription drug or device order presented by a patient pursuant to this subsection. The pharmacist shall presume that the prescription drug or device order was issued by a physician assistant duly licensed under this article who has qualified under this Code section to prescribe pharmaceutical agents. The pharmacist shall also presume that the pharmaceutical agent prescribed by the physician assistant is an approved pharmaceutical agent, unless the pharmacist has actual or constructive knowledge to the contrary.

(3) The physician assistant shall only be authorized to exercise the rights granted under this subsection using a prescription drug or device order form which includes the name, address, and telephone number of the prescribing supervising or alternate supervising physician, the patient's name and address, the drug or device prescribed, the number of refills, and directions to the patient with regard to the taking and dosage of the drug. A prescription drug order which is transmitted either electronically or via facsimile shall conform to the requirements set out in paragraphs (1) and (2) of subsection (c) of Code

Section 26-4-80, respectively. Any form containing less information than that described in this paragraph shall not be offered to or accepted by any pharmacist who is duly licensed under Title 26.

(4) Nothing in this Code section shall be construed to authorize a physician assistant to authorize refills of any drug for more than 12 months from the date of the original prescription drug or device order.

(5) A supervising physician or alternate supervising physician shall evaluate or examine, at least every three months, any patient receiving controlled substances.

(6) In addition to the copy of the prescription drug or device order delivered to the patient, a record of such prescription shall be maintained in the patient's medical record in the following manner:

(A) The physician assistant carrying out a prescription drug or device order shall document such order either in writing or by electronic means; and

(B) The supervising physician shall periodically review patient records. Such review may be achieved with a sampling of such records as determined by the supervising physician.

(7) A physician assistant is not permitted to prescribe drugs or devices except as authorized in the physician assistant's job description and in accordance with this article.

(8) The board shall adopt rules establishing procedures to evaluate an application for a job description containing the authority to order a prescription drug or device and any other rules the board deems necessary or appropriate to regulate the practice of physician assistants, to carry out the intent and purpose of this article, or to protect the public welfare.

(9) A physician assistant authorized by a primary supervising physician to order controlled substances pursuant to this Code section is authorized to register with the ~~federal~~ United States Drug Enforcement Administration.

(10)(A) A physician assistant delegated the authority by the primary supervising physician to issue a prescription drug or device order shall be required to complete a minimum of three hours of continuing education biennially in practice specific pharmaceuticals in which the physician assistant has prescriptive order privileges.

(B) A physician assistant delegated the authority by the primary supervising physician to issue a prescription drug or device order for hydrocodone, oxycodone, or compounds thereof shall be required to complete one additional hour of continuing education biennially in the appropriate ordering and use of hydrocodone, oxycodone, or compounds thereof.

(11) A managed care system, health plan, hospital, insurance company, or other similar entity shall not require a physician to be a party to a job description as a condition for participation in or reimbursement from such entity."

Senator Kay Kirkpatrick
Chair, Senate Children and Families
18 State Capitol, Suite 324-A
Atlanta, GA 30334

SUBJECT: Fiscal Note
Senate Bill (LC 43 2922)

Dear Chairman Kirkpatrick:

The bill would create a sales tax exemption for purchases of qualified firearm safes and

firearm safety devices. A firearm safe is defined as a locking container or other enclosure—excluding glass-faced containers—equipped with a locking device designed for the secure storage of one or more firearms. A firearm safety device is one that, when attached to or installed on a firearm, is designed to prevent the firearm from being operated or prevent operation of the firearm by anyone who does not have authorized access. The legislation is assumed to become effective July 1, 2025.

Impact on State Revenue
Georgia State University's Fiscal Research Center (FRC) estimated that the bill would reduce revenue by the amounts show in Table 1. Details of the analysis are provided in the attached appendix.

Table 1. Estimated State and Local Revenue Effects

($ *millions*)	**FY 2025**	**FY 2026**	**FY 2027**	**FY 2028**	**FY 2029**
State	($1.6)	($1.7)	($1.7)	($1.7)	($1.7)
Local	($1.4)	($1.4)	($1.4)	($1.4)	($1.4)

Impact on State Expenditures
The Department of Revenue would be able to institute the provisions of the bill with existing resources.

Respectfully,

Analysis by the Fiscal Research Center

Based on data from business research firm IBISWorld, we estimate that the U.S. market for safes and vaults, collectively, amounts to approximately $2.18 billion in 2023. 45 percent of that consists of home and gun safes. The industry is projected to grow on average by 1.92 percent annually through 2028. National sales estimates are shared down to Georgia using the state's share of federally registered firearms, as reported by the U.S. Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF)—approximately 4.1 percent as of 2021, resulting in estimated annual sales in Georgia of approximately $40.2 million for 2023.

Beginning with the estimated annual sales in Georgia for 2023, we grow this amount by 1.92 percent annually through FY 2029 based on the IBISWorld industry revenue projections. Calendar years were converted to fiscal years using averaging. For the local impact, the average local sales tax rate is assumed to be 3.35 percent, based on the Tax Foundation's current average local effective tax rate for Georgia.

Table 2. Estimated Exempted Sales of Home and Gun Safes

($ *millions*)	**FY 2025**	**FY 2026**	**FY 2027**	**FY 2028**	**FY 2029**
Georgia	$40.7	$41.4	$42.0	$42.7	$43.0

Specific state-level data on purchases of eligible devices were not found. However, these estimates are consistent with analyses conducted by North Carolina and Michigan, both having considered or passed similar legislation.

Honorable Chuck Hufstetler
Chairman, Senate Finance
121-C State Capitol
Atlanta, GA 30334

SUBJECT: Revised Fiscal Note
Senate Bill 349 (LC 43 2939)

Dear Chairman Hufstetler:

This fiscal note replaces LC 43 2939 released on February 7, 2024. The original fiscal note incorrectly applied the bill's provisions to the Quality Basic Education funding formula

and equalization grant program.

Section 3-1 of this bill would ensure that the taxable value of a homestead does not increase by more than three percent in a year, unless substantial property improvements are made. This is accomplished by increasing the homestead exemption by the amount necessary to ensure the taxable value does not increase by more than three percent over the prior year.

The bill would have no impact on state revenue or expenditures.

Respectfully,

/s/ Greg S. Griffin

SECTION 2-4.

Said chapter is further amended by revising subparagraph (e)(6)(D) and paragraph (2) of subsection (g) of Code Section 48-5-311, relating to creation of county boards of equalization, duties, review of assessments, and appeals, as follows:

"(D)(i) The board of equalization shall announce its decision on each appeal at the conclusion of the hearing held in accordance with subparagraph (B) of this paragraph before proceeding with another hearing. The decision of the county board of equalization shall be in writing, shall be signed by each member of the board, shall specifically decide each question presented by the appeal, shall specify the reason or reasons for each such decision as to the specific issues of taxability, uniformity of assessment, value, or denial of homestead exemptions depending

upon the specific issue or issues raised by the taxpayer in the course of such taxpayer's appeal, shall state that with respect to the appeal no member of the board is disqualified from acting by virtue of subsection (j) of this Code section, and shall certify the date on which notice of the decision is given to the parties. Notice of the decision shall be delivered by hand to each party, with written receipt, or given to each party by sending a copy of the decision by registered or certified mail or statutory overnight delivery to the appellant and by filing the original copy of the decision with the county board of tax assessors. Each of the three members of the county board of equalization must be present and must participate in the deliberations on any appeal. A majority vote shall be required in any matter. All three members of the board shall sign the decision indicating their vote.

(ii) Except as otherwise provided in subparagraph (g)(4)(B) of this Code section, the county board of tax assessors shall use the valuation of the county board of equalization in compiling the tax digest for the county for the year in question and shall indicate such valuation as the previous year's value on the property tax notice of assessment of such taxpayer for the immediately following year rather than substituting the valuation which was changed by the county board of equalization.

(iii)(I) Except as provided in paragraph (4) of subsection (g) of this Code section, if ~~If~~ the county's tax bills are issued before an appeal has been finally determined, the county board of tax assessors shall specify to the county tax commissioner the lesser of the valuation in the last year for which taxes were finally determined to be due on the property or 85 percent of the current year's value, unless the property in issue is homestead property and has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of tax assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued; provided, however, that, except as provided in paragraph (4) of subsection (g) of this Code section, a nonhomestead owner of a single property valued at $2 million or more may elect to pay the temporary tax bill which specifies 85 percent of the current year's valuation; or, such owner may elect to pay the amount of the difference between the 85 percent tax bill based on the current year's valuation and the tax bill based on the valuation from the last year for which taxes were finally determined to be due on the property in conjunction with the amount of the tax bill based on valuation from the last year for which taxes were finally determined to be due on the property, to the tax commissioner's office. Only the amount which represents the difference between the tax bill based on the current year's valuation and the tax bill based on the valuation from the last year for which taxes were finally determined to be due will be held in an escrow account by the tax commissioner's office. Once the appeal is concluded, the escrowed funds shall be released by the tax commissioner's office to the prevailing party. The taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no substantial property improvement has

occurred. The county tax commissioner shall have the authority to adjust such tax bill to reflect the 100 percent value as requested by the taxpayer. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that, upon resolution of the appeal, there may be additional taxes due or a refund issued.

(II) For the purposes of this Code section, any final value that causes a reduction in taxes and creates a refund that is owed to the taxpayer shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes with interest, as provided in subsection (m) of this Code section.

(III) For the purposes of this Code section, any final value that causes an increase in taxes and creates an additional billing shall be paid to the tax commissioner as any other tax due along with interest, as provided in subsection (m) of this Code section."

"(2) An appeal by the taxpayer as provided in paragraph (1) of this subsection shall be effected by emailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written petition for review. An appeal by the county board of tax assessors shall be effected by giving a petition for review to the taxpayer. The petition for review given to the taxpayer shall be dated and shall contain the name and the last known address of the taxpayer. The petition for review shall specifically state the grounds for appeal. The petition for review shall be mailed or filed within 30 days from the date on which the decision of the county board of equalization, hearing officer, or arbitrator is delivered pursuant to subparagraph (e)(6)(D), paragraph (7) of subsection (e.1), or division (f)(3)(C)(ix) of this Code section. Within 45 days of receipt of a taxpayer's petition for review and before the petition for review is filed in superior court, the county board of tax assessors shall send to the taxpayer notice that a settlement conference, in which the county board of tax assessors and the taxpayer shall confer in good faith, will be held at a specified date and time which shall be no later than 30 days from the notice of the settlement conference, and notice of the amount of the filing fee for a petition for review, if any, required by the clerk of the superior court. A taxpayer may appear for the settlement conference in person, by his or her authorized agent or representative, or both. The county board of tax assessors, in their discretion and with the consent of the taxpayer, may alternatively conduct the settlement conference by audio or video teleconference or any other remote communication medium. The taxpayer may exercise a one-time option to reschedule the settlement conference to a different date and time acceptable to the taxpayer during normal business hours. After a settlement conference has convened, the parties may agree to continue the settlement conference to a later date. If at the end of the 45 day review period the county board of tax assessors elects not to hold a settlement conference, then the appeal shall terminate and the taxpayer's stated value shall be entered in the records of the board of tax assessors as the fair market value for the year under appeal and the provisions of subsection (c) of Code Section 48-5-299 shall apply to such value. ~~If the taxpayer~~

~~chooses not to participate in the settlement conference, he or she may not seek and shall not be awarded fees and costs at such time when the petition for review is reviewed in superior court.~~ If neither the taxpayer nor his or her authorized agent or representative attends a properly scheduled settlement conference or does not confer with the board of tax assessors in good faith on the matter, then such taxpayer shall not receive the benefits of any temporary reduction in the amount of taxes due pending the outcome of the appeal and shall not be awarded attorney's fees or costs of litigation in connection with the appeal to the superior court. If at the conclusion of the settlement conference the parties reach an agreement, the settlement value shall be entered in the records of the county board of tax assessors as the fair market value for the tax year under appeal and the provisions of subsection (c) of Code Section 48-5-299 shall apply to such value. If at the conclusion of the settlement conference the parties cannot reach an agreement, then written notice shall be provided to the taxpayer that the filing fees for the superior court must be paid by the taxpayer by submitting to the county board of tax assessors a check, money order, or any other instrument payable to the clerk of the superior court within 20 days of the date of the conference. Notwithstanding any other provision of law to the contrary, the amount of the filing fee for an appeal under this subsection shall be $25.00. An appeal under this subsection shall not be subject to any other fees or additional costs otherwise required under any provision of Title 15 or under any other provision of law. Within 30 days of receipt of the taxpayer's payment made out to the clerk of the superior court, or, in the case of a petition for review filed by the county board of tax assessors, within 30 days of giving notice of the petition for review to the taxpayer, the county board of tax assessors shall file with the clerk of the superior court the petition for review and any other papers specified by the person appealing, including, but not limited to, the staff information from the file used by the county board of tax assessors, the county board of equalization, the hearing officer, or the arbitrator. Immediately following payment of such $25.00 filing fee to the clerk of the superior court, the clerk shall remit the proceeds thereof to the governing authority of the county which shall deposit the proceeds into the general fund of the county. All papers and information filed with the clerk shall become a part of the record on appeal to the superior court. At the time of the filing of the petition for review, the county board of tax assessors shall serve the taxpayer and his or her attorney of record, if any, with a copy of the petition for review filed in the superior court and with the civil action file number assigned to the appeal. Such service shall be effected in accordance with subsection (b) of Code Section 9-11-5. No discovery, motions, or other pleadings may be filed by the county board of tax assessors in the appeal until such service has been made."

PART III
SECTION 3-1.

Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to ad valorem taxation of property, is amended by adding a new Code section to read as follows:

"48-5-44.2.

(a) For purposes of this Code section, the term:

(1) 'Ad valorem taxes' means all ad valorem taxes levied by, for, or on behalf of the state or any county, consolidated government, municipality, or local school district in this state, except for any ad valorem taxes levied to pay interest on and to retire bonded indebtedness.

(2) 'Adjusted base year value' means the sum of:

(A) The previous adjusted base year assessed value;

(B) An amount equal to the difference between the current year assessed value of the homestead and the base year assessed value of the homestead, provided that such amount shall not exceed 3 percent of the previous adjusted base year assessed value of the homestead; and

(C) The value of any substantial property change, provided that no such value added improvements to the homestead shall be duplicated as to the same addition or improvement.

(3) 'Base year assessed value' means:

(A) With respect to an exemption under this Code section which is first granted to a person on such person's homestead for the 2025 taxable year, the assessed value for taxable year 2024, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead; or

(B) In all other cases, the assessed value, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead from the taxable year immediately preceding the taxable year in which the exemption under this Code section is first granted to the applicant.

(4) 'Homestead' means homestead as defined and qualified in Code Section 48-5-40.

(5) 'Previous adjusted base year assessed value' means:

(A) With respect to the year for which the exemption under this Code section is first granted to a person on such person's homestead, the base year assessed value; or

(B) In all other cases, the adjusted base year assessed value of the homestead as calculated in the taxable year immediately preceding the current year, including any final determination of value on appeal pursuant to Code Section 48-5-311.

(6) 'Substantial property change' means any increase or decrease in the assessed value of a homestead derived from additions or improvements to, or the removal of real property from, the homestead which occurred after the year in which the base year assessed value is determined for the homestead. The assessed value of the substantial property changes shall be established following any final determination of value on appeal pursuant to Code Section 48-5-311.

(b)(1) Each resident of this state is granted an exemption on that person's homestead from ad valorem taxes in an amount equal to the amount by which the current year assessed value of that homestead, including any final determination of value on appeal pursuant to Code Section 48-5-311, exceeds its previous adjusted base year assessed value.

(2) Except as provided for in subsection (c) of this Code section, no exemption

provided for in this subsection shall transfer to any subsequent owner of the property, and the assessed value of the property shall be as provided by law.

(c) The surviving spouse of the person who has been granted the exemption provided for in subsection (b) of this Code section shall continue to receive the exemption provided under subsection (b) of this Code section, so long as such surviving spouse continues to occupy the residence as a homestead.

(d) A person shall not receive the homestead exemption granted by subsection (b) of this Code section unless such person or person's agent files an application with the tax receiver or tax commissioner of his or her respective local government or governments charged with the duty of receiving returns of property for taxation giving such information relative to receiving such exemption as will enable such tax receiver or tax commissioner to make a determination regarding the initial and continuing eligibility of such person for such exemption or has already filed for and is receiving a homestead exemption and such existing application provides sufficient information to make such determination of eligibility. Such tax receiver or tax commissioner shall provide application forms for this purpose.

(e) The exemption shall be claimed and returned as provided in Code Section 48-5-50.1. Such exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. After a person or a person's agent has filed the proper application as provided in subsection (d) of this Code section, it shall not be necessary to make application thereafter for any year, and the exemption shall continue to be allowed to such person. It shall be the duty of any person granted the homestead exemption under subsection (b) of this Code section to notify the tax receiver or tax commissioner of the local government or governments in the event such person for any reason becomes ineligible for such exemption.

(f)(1) Except as otherwise provided in paragraph (2) of this subsection, the homestead exemption granted by subsection (b) of this Code section shall be in addition to and not in lieu of any other homestead exemption applicable to ad valorem taxes.

(2) The homestead exemption granted by subsection (b) of this Code section shall not be applied in addition to any other base year value homestead exemption provided by law with respect to the given taxing jurisdiction to which such law applies. In any such event, the tax receiver or tax commissioner of the taxpayer's respective local government or governments charged with the duty of receiving returns of property for taxation shall apply only the base year value homestead exemption that is larger or more beneficial for the taxpayer with respect to the particular taxing jurisdictions to which more than one base year value homestead exemption applies.

(g) The exemption granted by subsection (b) of this Code section shall apply to all taxable years beginning on or after January 1, 2025."

SECTION 3-2.

The Secretary of State shall call and conduct an election as provided in this section for the purpose of submitting Section 3-1 of this Act to the electors of the entire state for approval or rejection. The Secretary of State shall conduct such election no later than the Tuesday

next following the first Monday in November, 2024, and shall issue the call and conduct such election as provided by general law. The Secretary of State shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date thereof in the official organ of each county in the state. The ballot shall have written or printed thereon the words:

"( ) YES Shall a new statewide homestead exemption from ad valorem taxes be
( ) NO approved, which exempts the amount by which the current year assessed value of a homestead exceeds its base year assessed value, provided that such base year assessed value is subject to annual increases of up to 3 percent?"

All persons desiring to vote for approval of Section 3-1 of this Act shall vote "Yes," and all persons desiring to vote for rejection of the Act shall vote "No." If more than one-half of the votes cast on such question are for approval of Section 3-1 of this Act, then Section 3-1 of this Act shall become of full force and effect on January 1, 2025. If Section 3-1 of this Act is not so approved or if the election is not conducted as provided in this section, then Section 3-1 of this Act shall not become effective and shall be automatically repealed on the first day of January immediately following such election date. It shall be the duty of each county election superintendent to certify the results thereof to the Secretary of State.

PART IV
SECTION 4-1.

In accordance with the requirements of Article VII, Section II of the Constitution of the State of Georgia, this Act shall not become law unless it receives the requisite two-thirds' majority vote in both the Senate and the House of Representatives.

SECTION 4-2.

Except as provided in Section 3-2 of this Act, this Act shall become effective upon its approval by the Governor or upon its becoming law without such approval; provided, however, that Part II of this Act shall become effective on January 1, 2025, and shall be applicable to taxable years beginning on or after January 1, 2025.

SUBJECT: State Auditor's Certification
Senate Bill (LC 43 2823)

Dear Senator Walker:

This bill would amend several provisions relating to the Sheriffs' Retirement Fund of Georgia. The specific changes outlined in this bill are as follows.

- The cost for members wishing to purchase prior creditable service would increase from $37.50 per month of creditable service purchased to $65 per month.

- Dues paid by active members would increase from $45 per month to $65 per month. It should be noted that members are not required to pay dues once they earn 30 years of creditable service.
- This bill would increase the fees paid to the Fund for civil filings in superior courts, state courts, and magistrate courts. Currently Fund receives $1 for each proceeding. This bill would increase the fees to $5 for each proceeding.
- An additional revenue source would be available to the Fund. Under the provisions of this bill, the Fund would receive $2 from each fee collected prior to adjudication of guilt for purposes of pretrial diversion pertaining to any criminal or quasi-criminal case for violation of state statutes, county ordinances, or municipal ordinances.
- The death benefit paid to survivors would increase from $15,000 to $35,000.
- This bill would prohibit the payment of retirement benefits to persons who become members on or after July 1, 2024, and convicted of a felony related to his or her employment.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

The Senate Committee on Retirement offered the following substitute to SB 322:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 16 of Title 47 of the Official Code of Georgia Annotated, relating to the Sheriffs' Retirement Fund of Georgia, so as to provide for an increase in dues; to provide for an increase in the sum to be paid for purchasing prior service credit; to provide for payment to the fund for fees collected in criminal and quasi-criminal cases prior to adjudication of guilt; to increase payments to the fund from fees collected in civil actions; to increase the benefit payable upon the death of certain members of the fund; to prohibit under certain circumstances payments from the retirement system for any sheriff convicted of a felony related to his or her employment with or for the sheriff's office; to provide for the forfeit of accumulated contributions; to provide for inapplicability and determinations by the Department of Law; to provide for related matters; to provide conditions for an effective date and automatic repeal; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 16 of Title 47 of the Official Code of Georgia Annotated, relating to the Sheriffs' Retirement Fund of Georgia, is amended by revising Code Section 47-16-40, relating to application for membership in the fund, contents of application, and claim for credit for prior service, as follows:

"47-16-40.

In order to become a member of the Sheriffs' Retirement Fund of Georgia, an applicant must meet the following requirements:

(1) He or she must be a duly qualified and commissioned sheriff of a county of the State of Georgia, serving as sheriff of the superior court of that county at the time he or she files his or her application;

(2) He or she must file his or her application for membership with the secretary-treasurer within one year from the date he or she begins service as a sheriff or within the time limits set forth in Code Section 47-16-41;

(3) He or she must set out in the application for membership his or her correct date of birth;

(4) He or she must list in his or her application for membership all periods of prior service, including credit under Code Section 47-16-80 for services in the armed forces of the United States or as a peace officer, for which service he or she intends to ask credit as basis for his or her future retirement, or shall forever be barred from claiming credit for services not so listed;

(5) The member must tender with the application, within 12 months from the date of that application, or at such other time as the board may provide, a sum equal to the total of ~~$37.50~~ $65.00 per month for credit claimed by the member under paragraph (4) of this Code section for past service from and including January 1, 1961, to the date of application; or if such amount is not paid by the due date, the member shall be conclusively deemed to have waived his or her claim or right for credit for such period of time; or

(6) He or she must also furnish to the board such other information and proof of pertinent facts set out in the application for membership or relative to it as may be required by the board; and failure to do so shall constitute grounds for denial of the application for membership by the board."

SECTION 2.

Said chapter is further amended by revising Code Section 47-16-43, relating to requirements for continued active membership in the fund, as follows:

"47-16-43.

In order to retain active membership in the fund, each member must:

(1) Continue serving as a sheriff;

(2) Pay to the secretary-treasurer membership dues of ~~$45.00~~ $65.00 per month. Such payment shall be due on or before the tenth day of the following month until the member has made such payments for a total of 30 years; and

(3) Comply with all other mandatory provisions of this chapter and all rules and

regulations promulgated by the board."

SECTION 3.

Said chapter is further amended by revising Code Section 47-16-60, relating to payments to fund from fines and bonds collected in criminal and quasi-criminal cases, duty of collecting authority to record and remit, and penalty for late payment, as follows:

"47-16-60.

(a) The sum of $2.00 shall be allocated to the board from each fine collected and each bond forfeited and collected in any criminal or quasi-criminal case for violation of state law, including traffic laws, which case is before any court of this state in which a sheriff of a superior court or a duly authorized deputy of such sheriff acts as sheriff to such court by virtue of his or her office, provided that such fine or bond, which shall be construed to include costs, is at least $5.00. The clerk or other collecting authority for the court in which the fine or bond is collected shall pay such amounts to the secretary-treasurer each quarter or at such other times as the board may provide. These sums shall be paid to the secretary-treasurer before the payment of any costs or any claim whatsoever against such fine or forfeiture, provided that this shall not be construed to repeal any existing priorities established under the laws of this state. It shall be the duty of the clerk or other collecting authority for each court to keep accurate records of the amounts due to the board and to remit the amounts due promptly. Such records may be audited by the board at any time. The sums remitted to the board under this Code section shall be used only for the purposes provided for in this chapter.

(b) Two dollars of each fee collected prior to adjudication of guilt for purposes of pretrial diversion pertaining to any criminal or quasi-criminal case for violation of state statutes, county ordinances, or municipal ordinances as provided for in subsection (f) of Code Section 15-18-80, which case is before any court or tribunal in this state, shall be paid to the secretary-treasurer. The clerk of court as provided for in subsection (f) of Code Section 15-18-80 shall pay such amounts to the secretary-treasurer on the first day of the month following that in which they were collected or at such other time as the board may provide. With such payments, there shall be filed an acceptable form from the clerk of court which shows the number of cases in each of the above categories and the amounts due in each category. It shall be the duty of the clerk of court to keep accurate records of the amounts due the board so that records may be audited or inspected at any time by any representative of the board under its direction.

~~(b)~~(c) If the person or authority whose duty it is to collect and remit moneys to the secretary-treasurer under subsection (a) of this Code section shall fail to remit such moneys within 60 days of the date on which such remittal is due, such moneys shall be delinquent; and there shall be imposed, in addition to the principal amount due, a specific penalty in the amount of 5 percent of the principal amount per month for each month during which the moneys continue to be delinquent, provided that such penalty shall not exceed a total of 25 percent of the principal due. In addition to such penalty, interest shall be charged on the delinquent moneys at the rate of 6 percent per annum from the date such moneys become delinquent until they are paid. All moneys due on or before May 1,

1968, and not paid shall be delinquent after the expiration of 60 days from that date. By affirmative vote of all the members, the board, upon the payment of the delinquent moneys together with interest and for good cause shown, may waive the specific penalty otherwise charged under this subsection."

SECTION 4.

Said chapter is further amended by revising subsections (a) and (b) of Code Section 47-16-61, relating to payments to fund from fees collected in civil actions, duty to record and remit sums collected, and penalties on delinquent amounts, as follows:

"(a) In addition to all other legal costs, the sum of ~~$1.00~~ $5.00 shall be charged and collected in each civil action, case, or proceeding, including, without limiting the generality of the foregoing, all adoptions, charters, petitions for review, applications by personal representative for leave to sell or invest, trade name registrations, applications for change of name, and all other proceedings of a civil nature filed in the superior courts. The clerks of the superior courts shall collect such fees, and the fees so collected shall be remitted to the board quarterly or at such other time as the board may provide. It shall be the duty of the clerks of the superior courts to keep accurate records of the amounts due the board under this subsection, and such records may be audited by the board at any time. The sums remitted to the board under this subsection shall be used only for the purposes provided for in this chapter.

(b) In addition to all other legal costs, the sum of ~~$1.00~~ $5.00 shall be charged and collected in each civil action, case, or proceeding, including, without limiting the generality of the foregoing, all adoptions, charters, petitions for review, applications by personal representative for leave to sell or invest, trade name registrations, applications for change of name, and all other proceedings of a civil nature filed in the state courts and magistrate courts of this state in which the sheriff of the superior court also fulfills the function as sheriff of such inferior court. The clerks of such state courts and magistrate courts shall collect such fees, and the fees so collected shall be remitted to the board quarterly or at such other time as the board may provide. It shall be the duty of the clerks of such state courts and magistrate courts to keep accurate records of the amounts due the board under this subsection, and such records may be audited by the board at any time. The sums remitted to the board under this subsection shall be used only for the purposes provided for in this chapter."

SECTION 5.

Said chapter is further amended by revising Code Section 47-16-102, relating to death benefits, beneficiaries, and procedure for designation of beneficiary to receive such benefits, as follows:

"47-16-102.

In addition to the retirement benefits provided in this chapter, death benefits shall be paid to members in accordance with the following:

(1) If any member of this fund dies before retirement, whether such member is active or inactive, an amount equal to the total amount which has been paid by such member

into the fund as dues shall be paid, without interest, to such member's surviving spouse, if any, to such member's named beneficiary, if any, or to such member's estate, in that order. If any member dies after retirement without having received an amount equal in benefits to the total amount which he or she has paid into the fund as dues, the difference, without interest, shall be paid to his or her surviving spouse, if any, to his or her named beneficiary, if any, or to such member's estate, in that order;

(2) In addition to the death benefits provided in paragraph (1) of this Code section, upon the death of any inactive member who would otherwise qualify to be carried upon the active membership rolls but for the fact that the member no longer holds the office of sheriff, any member who is receiving retirement benefits, or any member who is otherwise qualified to receive retirement benefits from this fund except that the member has not reached the age of 55 years or has not filed an application or has not been approved for retirement benefits, the sum of ~~$15,000.00~~ $35,000.00 shall be paid as additional death benefits to the surviving spouse of such member, if any, to the member's named beneficiary, if any, or to the member's estate, in that order. Upon the death of any active member, the sum of ~~$15,000.00~~ $35,000.00 shall be paid as additional death benefits to the surviving spouse of such member, if any, to the member's named beneficiary, if any, or to the member's estate, in that order;

(3) At the time any member submits his or her application for membership in this fund, at the time any member submits his or her application for retirement benefits, and from time to time any member of this fund, whether carried on the active or inactive rolls of this fund, and any person who is receiving retirement benefits from this fund shall be afforded the opportunity to name a designated beneficiary to receive the death benefits provided for in this Code section; provided, however, that such named beneficiary shall be entitled to receive such death benefits only in the event such member or person does not leave surviving a spouse at the time of his or her death. The procedure by which a member or person receiving retirement benefits names a beneficiary to receive the death benefits provided for in this Code section shall be determined and established by the board, which shall have authority to establish forms and procedures for payment of the death benefits; and

(4) Upon the death of an active member before or after the retirement of such member, the surviving spouse of such member shall receive death benefits in the form of an annuity for the life of such spouse, such annuity to be determined and paid under paragraph (2) of subsection (a), subsection (b), and subsection (c) of Code Section 47-16-101 to the same extent as if such member had died while receiving retirement benefits under Option Two; and in the case of the death of an active member who is not already receiving retirement benefits, such annuity shall be determined and based upon the period of creditable service which such member has at the time of his or her death. Such benefit shall be in addition to benefits under paragraph (2) of this Code section, and in lieu of benefits under paragraph (1) of this Code section."

SECTION 6.

Said chapter is further amended by adding a new Code section to read as follows:

"47-16-104.

(a) For individuals who first or again become members of this retirement system on or after July 1, 2024, if any member of this retirement system is convicted in any state or federal court of a felony that is related, in any way, to his or her employment with or for a sheriff's office in this state, he or she shall be subject to the provisions of subsections (b) and (c) of this Code section.

(b)(1) Upon any such conviction described in subsection (a) of this Code section, all benefits payable from this retirement system on account of such member shall immediately cease.

(2) If such a conviction of a member of this retirement system is overturned on appeal or otherwise vacated, such benefit payments shall resume and any back payments shall be payable with interest at a market rate to be determined by the board.

(3) If such conviction stands, after all possible appeals related to the member's conviction have been exhausted, all contributions to the fund made by or on behalf of such member, including any interest thereon, shall be forfeited to the fund. Any such individual shall no longer be a member of the fund and shall be prohibited from any future membership in the fund.

(c) The provisions of this Code section shall not supersede the provisions of Article 2 of Chapter 1 of this title. Each member shall be subject to the provisions of this Code section in lieu of said article only in the event the Department of Law determines that the provisions of Article 2 of Chapter 1 of this title are inapplicable or that the provisions of this Code section apply in a manner that is more punitive than those provided for in said article."

SECTION 7.

This Act shall become effective on July 1, 2024, only if it is determined to have been concurrently funded as provided in Chapter 20 of Title 47 of the Official Code of Georgia Annotated, the "Public Retirement Systems Standards Law"; otherwise, this Act shall not become effective and shall be automatically repealed in its entirety on July 1, 2024, as required by subsection (a) of Code Section 47-20-50.

SECTION 8.

All laws and parts of laws in conflict with this Act are repealed.

SUBJECT: State Auditor's Certification
Substitute to Senate Bill 322 (LC 56 0100S)

Dear Chairman Williams:

This bill would amend several provisions relating to the Sheriffs' Retirement Fund of Georgia. Specifically, this bill would (1) increase the cost to purchase creditable service from $37.50 per month of creditable service to $65 per month; (2) increase the monthly membership dues from $45 to $65; (3) increase the death benefit from $15,000 to $35,000; and (4) prohibit the payment of retirement benefits to any person who becomes a member on or after July 1, 2024 and is convicted of a felony related to his or her employment.

The provisions of the substitute bill would also provide for the increase in fees collected on behalf of the Fund. Specifically, this substitute bill would (1) increase the fees collected from each civil filing from $1 to $5; and (2) allow the Fund to receive $2 from each fee collected prior to the adjudication of guilt for purposes of pretrial diversion pertaining to any criminal or quasi-criminal case for violation of state statues, county ordinances, or municipal ordinances. Currently, no portion of the fee is remitted to the Sheriffs' Retirement Fund.

This is to certify that this substitute bill is a reduction in cost amendment as defined in the Public Retirement System Standards Law. A revised actuarial investigation and State Auditor's Certification is attached for Senate Bill 322 (LC 56 0100S).

SUBJECT: Actuarial Investigation
Substitute to Senate Bill 322 (LC 56 0100S)
Sheriffs' Retirement Fund of Georgia

Dear Chairman Williams:

This substitute bill would amend several provisions relating to the Sheriffs' Retirement Fund of Georgia. Specifically, this bill would (1) increase the cost to purchase creditable service from $37.50 per month of creditable service to $65 per month; (2) increase the monthly membership dues from $45 to $65; (3) increase the death benefit from $15,000 to $35,000; and (4) prohibit the payment of retirement benefits to any person who becomes a member on or after July 1, 2024 and is convicted of a felony related to his or her employment.

Furthermore, this substitute bill would provide for the increase in fees collected on behalf of the Fund. Specifically, this substitute bill would (1) increase the fees collected from each civil filing from $1 to $5; and (2) allow the Fund to receive $2 from each fee collected prior to the adjudication of guilt for purposes of pretrial diversion pertaining to any criminal or quasi-criminal case for violation of state statues, county ordinances, or municipal ordinances. Currently, no portion of the fee is remitted to the Sheriffs' Retirement Fund.

The first-year cost to the Sheriffs' Retirement Fund would be $29,445 in order to meet the concurrent funding requirements of O.C.G.A. §47-20-50. However, under the provisions of this substitute bill, the Fund would realize an increase in collections from fees of $2,250,000 annually. This increase includes an additional $2,217,000 for the $4 increase to the civil filing fee and $33,000 for the $2 fee related to pretrial diversions. Based on current revenues and the projected additional revenues outlined above, the Fund would have sufficient funds to cover this first-year cost. This cost estimate is based on current member data of 157 active sheriffs, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables cost affect the cost of this legislation. Any future costs would be paid through a portion of fines and bond forfeitures.

The following is a summary of the relevant findings included in the actuarial investigation for this bill. The investigation was completed pursuant to a request from the Senate Retirement Committee. The investigation was to be conducted according to O.C.G.A. §47-20-36, which outlines the factors to be considered in an actuarial investigation.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	$ 2,250,596
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	$ 185,111*
(3)	The number of years that the unfunded actuarial accrued liability created by the bill would be amortized.	20
(4)	The amount of the annual normal cost which will result from the bill.	$ (37,271)
(5)	The employer contribution rate currently in effect for members of the Sheriffs' Retirement Fund.	Fines and Bond Forfeitures
(6)	The employer contribution rate recommended for the Sheriffs' Retirement Fund (in conformity with minimum funding standards specified in O.C.G.A. §47-20-10).	Fines and Bond Forfeitures
(7)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	$ 0**

*The increase in unfunded actuarial accrued liability will result in an annual amortization cost of $185,111. However, since the Fund currently has a surplus amortization amount, the actual cost is only $66,716 each year for the next 20 years.

** The first-year cost would be $29,445. However, it is projected that the Fund would generate an additional $2,250,000 from fees collected from fines and bond forfeitures. This additional revenue is more than sufficient to cover the recommended employer contribution if Senate Bill 322 (LC 56 0100S) is enacted.

It should be noted that any subsequent changes in the retirement bill could invalidate the actuarial investigation and the findings included therein.

Respectfully Submitted,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 11 of Title 15 of the Official Code of Georgia Annotated, relating to the Juvenile Code, is amended by revising Code Section 15-11-216, relating to periodic review hearing, required evidence, and consideration of hearsay evidence, as follows:

"15-11-216.

(a) All cases of children in DFCS custody shall be initially reviewed within 75 days following a child adjudicated as a dependent child's removal from his or her home and shall be conducted by the court. An additional periodic review shall be held within four months following the initial review and shall be conducted by the court or by judicial citizen review panels established by the court, as the court directs, meeting such standards and using such procedures as are established by court rule by the Supreme Court, with the advice and consent of the Council of Juvenile Court Judges. The court shall have the discretion to schedule any subsequent review hearings as necessary.

(b) At any periodic review hearing, the paramount concern shall be the health and safety of a child adjudicated as a dependent ~~child's health and safety~~ child.

(c) At the initial 75 day periodic review, the court shall approve the completion of the relative search, schedule the subsequent four-month review to be conducted by the court or a judicial citizen review panel, and shall determine:

(1) Whether a child adjudicated as a dependent child continues to be a dependent child;

(2) Whether the existing case plan is still the best case plan for such child and his or her family and whether any changes need to be made to the case plan, including whether a concurrent case plan for nonreunification is appropriate;

(3) The extent of compliance with the case plan by all participants;

(3.1) Whether the parent has made substantial progress toward completion of the case plan;

(4) The appropriateness of any recommended changes to such child's placement;

(5) Whether appropriate progress is being made on the permanency plan;

(6) Whether all legally required services are being provided to a child adjudicated as a dependent child, his or her foster parents if there are foster parents, and his or her parent, guardian, or legal custodian;

(7) Whether visitation is appropriate and, if so, approve and establish a reasonable visitation schedule consistent with the age and developmental needs of a child adjudicated as a dependent child;

(8) Whether, for a child adjudicated as a dependent child who is 14 years of age or older, the services needed to assist such child to make a transition from foster care to independent living are being provided; and

(9) Whether reasonable efforts continue to be made to prevent or eliminate the necessity of such child's removal from his or her home and to reunify the family after removal of a child adjudicated as a dependent child, unless reasonable efforts were not required.

(d) If at any review subsequent to the initial 75 day review the court finds that there is a lack of substantial progress ~~towards~~ toward completion of the case plan, the court shall order DFCS to develop a case plan for nonreunification or a concurrent case plan contemplating nonreunification within 14 days of such review. The court shall review and adopt the revised case plan, as submitted or as amended, within 45 days of such review or at a previously scheduled hearing.

(d.1) At each review hearing held with respect to a child who remains placed in a qualified residential treatment program, the department shall submit evidence documenting that:

(1) Ongoing assessment of the strengths and needs of the child continues to support the determination that the needs of the child cannot be met through placement in a foster family home;

(2) Placement in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment;

(3) Placement in a qualified residential treatment program is consistent with the short-term and long-term goals for the child, as specified in the permanency plan for the child;

(4) The specific treatment or service needs that will be met for the child in the placement and the length of time the child is expected to need the treatment or services; and

(5) The efforts made by the department to prepare the child to return home or to be placed with a fit and willing relative, a legal guardian, or an adoptive parent, or in a foster family home.

(e) At the time of each review of a child adjudicated as a dependent child in DFCS custody, DFCS shall notify the court whether and when it intends to proceed with the termination of parental rights.

(f) The court may consider any evidence, including hearsay evidence, that the court finds to be relevant, reliable, and necessary to determine the needs of a child adjudicated as a dependent child and the most appropriate case plan and permanency plan."

SECTION 2.

Said chapter is further amended by revising subsection (a) of Code Section 15-11-218, relating to content of orders following periodic review hearings or reports by judicial citizen review panels, as follows:

"(a) At the conclusion of a periodic review hearing, or upon review of a report by a judicial citizen review panel, the court shall issue written findings of fact that include:

(1) Why a child adjudicated as a dependent child continues to be a dependent child;

(2) Whether the existing case plan is still the best case plan for a child adjudicated as a dependent child and his or her family and whether any changes need to be made to the case plan including whether a concurrent case plan for nonreunification is appropriate;

(3) The extent of compliance with the case plan by all participants;

(3.1) Whether the parent has made substantial progress toward completion of the case plan;

(4) The basis for any changes to the placement of a child adjudicated as a dependent child;

(9) Whether reasonable efforts continue to be made to prevent or eliminate the necessity of the removal of a child adjudicated as a dependent child and to reunify his or her family after removal, unless reasonable efforts were not required."

SECTION 3.

"(a) At the permanency plan hearing, the court shall make written findings of fact that include the following:

(1) Whether DFCS has made reasonable efforts to finalize the permanency plan which is in effect at the time of the hearing;

(2) The continuing necessity for and the safety and appropriateness of the placement;

(3) Compliance with the permanency plan by DFCS, parties, and any other service providers;

(3.1) Whether the parent has made substantial progress toward completion of the case

plan;

(4) Efforts to involve appropriate service providers in addition to DFCS staff in planning to meet the special needs of a child adjudicated as a dependent child and his or her parent, guardian, or legal custodian;

(5) Efforts to eliminate the causes for the placement of a child adjudicated as a dependent child outside of his or her home and toward returning such child safely to his or her home or obtaining a permanent placement for such child;

(6) The date by which it is likely that a child adjudicated as a dependent child will be returned to his or her home, placed for adoption, or placed with a permanent guardian or in some other alternative permanent placement;

(9) In the case of a child for whom another planned permanent living arrangement is the permanency plan:

(A) Whether DFCS has documented intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts to return the child to the home or to secure a placement for the child with a fit and willing relative, a legal guardian, or an adoptive parent, including through efforts that utilize search technology, including social media, to find biological family members for the children;

(B) Whether DFCS has documented the steps it is taking to ensure that the child's foster family home or child care institution is following the reasonable and prudent parent standard and the child has regular, ongoing opportunities to engage in age or developmentally appropriate activities, including by consulting with the child in an age-appropriate manner about the opportunities of the child to participate in the activities; and

(C) After asking the child, what his or her desired permanency outcome is;

(10) If a child has attained the age of 14 years old, whether the permanency plan developed for the child, and any revision or addition to the plan, was developed in consultation with the child and, at the option of the child, with not more than two members of the permanency planning team who were selected by the child and who are not a foster parent of or caseworker for the child in accordance with subparagraph ~~(A) of paragraph (15)~~ (b)(15)(B) of Code Section 15-11-201; and

(11) In the case of a child placed in a qualified residential treatment program:

(A) Whether DFCS has documented ongoing assessments of the strengths and needs of the child that continues to support the determination that the needs of the child cannot be met through placement in a foster family home;

(B) Whether DFCS has documented that placement in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment;

(E) Whether DFCS has documented their efforts to prepare the child to return home or to be placed with a fit and willing relative, a legal guardian, or an adoptive parent, or in a foster family home."

SECTION 4.

Said chapter is further amended by revising Code Section 15-11-233, relating to termination of parental rights and exceptions, as follows:

"15-11-233.

(a) Except as provided in subsection (b) of this Code section, DFCS shall file a petition to terminate the parental rights of a parent of a child adjudicated as a dependent child or, if such a petition has been filed by another party, seek to be joined as a party to the petition, and, concurrently, to identify, recruit, process, and approve a qualified family for an adoption if:

(1) A child adjudicated as a dependent child has been in foster care under the responsibility of DFCS for 15 of the most recent 22 months;

(2) The court has made a determination that the parent has subjected his or her child to aggravated circumstances; or

(3) The court has made a determination that the parent of a child adjudicated as a dependent child has been convicted of:

(A) The murder of another child of such parent;

(B) Murder in the second degree of another child of such parent;

(C) Voluntary manslaughter of another child of such parent;

(D) Voluntary manslaughter of the other parent of such child;

(E) Aiding or abetting, attempting, conspiring, or soliciting to commit murder or voluntary manslaughter of another child of such parent;

(F) Aiding or abetting, attempting, conspiring, or soliciting to commit murder or voluntary manslaughter of the other parent of such child; or

(G) Committing felony assault that has resulted in serious bodily injury to such child or to another child of such parent.

(b) Termination of parental rights may not be in the best interests of a child adjudicated as a dependent child when:

(1) Such child is being cared for by his or her relative <u>that intends to be a permanent placement for such child in accordance with a permanency plan approved by the court and in a time frame that is consistent with the developmental needs of such child</u>;

(2) The case plan documents a compelling reason for determining that filing such a petition would not be in the best interests of such child. Such compelling reasons may include, but not be limited to:

(A) A parent of such child is successfully participating in services that will make it possible for his or her child to safely return home;

(B) Another permanency plan is better suited to meet the health and safety needs of such child. Documentation that another permanent plan is better suited to meet the health and safety needs of such child may include documentation that:

(i) Such child is 14 years of age or older and objects to termination of parental rights. Prior to accepting a child's objection, the court shall personally question such child in chambers to determine whether the objection is a voluntary and knowing choice;

(ii) Such child is 16 years of age or older and specifically requests that emancipation be established as his or her permanent plan;

(iii) The parent of such child and such child have a significant bond, but such parent is unable to care for such child because of an emotional or physical disability and such child's caregiver has committed to raising such child to the age of majority and facilitating visitation with such disabled parent; or

(iv) Such child is in a residential treatment facility that provides services specifically designed to address his or her treatment needs and the court determines that his or her needs could not be served by a less restrictive placement;

(C) Such child is living with his or her relative who is unable or unwilling to adopt such child, but who is willing and capable of providing such child with a stable and permanent home environment and the removal of such child from the physical custody of his or her relative would be detrimental to such child's emotional well-being;

(D) The court or judicial citizen review panel, in a prior hearing or review, determined that while the case plan was to reunify the family, DFCS did not make reasonable efforts; or

(E) Such child is an unaccompanied refugee or there are international legal obligations or foreign policy reasons that would preclude terminating parental rights; or

(3) DFCS has not provided to the family of such child services deemed necessary for his or her safe return to his or her home, consistent with the specific time frames for the accomplishment of the case plan goals.

(c) The recommendation by DFCS that termination of parental rights is not in the best interests of a child shall be based on the present family circumstances of such child and shall not preclude a different recommendation at a later date if the family circumstances of a child adjudicated as a dependent child change.

(d) At least 30 days prior to the fifteenth month a child has been in foster care and when the court deems appropriate, the court shall review DFCS's determination that filing a petition to terminate parental rights would not be in the best interests of such child, as provided for in paragraph (2) of subsection (b) of this Code section. Such hearing may be in conjunction with other matters of the case. At such hearing, the court may appoint an attorney guardian ad litem, who may, after his or her own determination, file a petition to terminate parental rights on behalf of the child. The court in its sole discretion may
