The House offered the following substitute to SB 454:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 6 of Title 19 of the Official Code of Georgia Annotated, relating to alimony and child support, so as to provide for guidelines for child support award calculations; to provide definitions; to provide for related matters; to provide for effective dates; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 6 of Title 19 of the Official Code of Georgia Annotated, relating to alimony and child support, is amended by revising Code Section 19-6-15, relating to child support guidelines for determining amount of award, continuation of duty of support, and duration of support, as follows:

"(a) **Definitions.** As used in this Code section, the term:

(1) Reserved.

(2) 'Adjusted income' means the determination of a parent's monthly gross income, calculated by deducting from that parent's monthly gross income one-half of the amount of any applicable self-employment taxes being paid by the parent, any preexisting order for current child support which is being paid by the parent, and any theoretical child support order for other qualified children, if allowed by the court. For further reference see paragraph (5) of subsection (f) of this Code section.

(3) 'Basic child support obligation' means the monthly amount of support displayed on the basic child support obligation table which corresponds to the parents' combined adjusted gross income and the number of children for whom child support is being determined.

(4) Reserved.

(5) Reserved.

(6) ~~'Child~~ 'Basic child support obligation table' means the chart set forth in subsection (o) of this Code section.

(6.1) 'Child support services' means the entity within the Department of Human Services and its contractors that are authorized to enforce a duty of support.

(7) 'Combined adjusted gross income' means the amount of adjusted gross income of the custodial parent added to the amount of adjusted gross income of the noncustodial parent.

(9) 'Custodial parent' means:

(A) The ~~the~~ parent with whom the child resides more than 50 percent of the time~~.~~; or

(C) If a ~~When the~~ child resides equally with both parents and neither parent can be determined as ~~owing a greater amount than the other~~ earning the lesser amount of gross income, the court shall determine which parent to designate as the custodial parent for the purpose of this Code section.

(10) 'Deviation' means an increase or decrease from the presumptive amount of child support if the presumed ~~order~~ child support amount is rebutted by evidence and the required findings of fact are made by the court or the jury pursuant to subsection (i) of this Code section.

(11) 'Final child support amount' means the presumptive amount of child support adjusted by ~~any deviations~~:

(A) Any deviations, if applicable;

(B) A low-income adjustment, if applicable;

(C) A credit to the noncustodial parent for any Social Security Administration payments paid to the child from such parent's social security account; and

(D) A credit to the noncustodial parent for any U.S. Department of Veterans Affairs disability payments paid to the child from such parent's veterans affairs account.

A final child support amount is determined for each parent, which reflects each parent's child support responsibility.

(11.1) 'Future uninsured healthcare expenses' means a child's uninsured medical expenses, including, but not limited to, health insurance copayments, deductibles, and such other costs as are reasonably necessary for orthodontia, dental treatment, asthma treatments, physical therapy, vision care, and any acute or chronic medical or health problem or mental health illness, including counseling and other medical or mental health expenses, that are not covered by insurance. For further reference, see paragraph (3) of subsection (h) of this Code section.

(12) 'Gross income' means all income to be included in the calculation of child support as set forth in subsection (f) of this Code section.

(13) 'Health insurance' means any general health or medical policy. For further reference see paragraph (2) of subsection (h) of this Code section.

Code section.

(14) 'Noncustodial parent' means:

(A) The ~~the~~ parent with whom the child resides less than 50 percent of the time; ~~or~~

(B) If a child resides equally with both parents, the parent who ~~has~~ earns the greater ~~payment obligation for child support.~~ amount of gross income; or

(C) If a ~~When the~~ child resides equally with both parents and neither parent can be determined as ~~owing a lesser amount than the other~~ earning the greater amount of gross income, the court shall determine which parent to designate as the noncustodial parent for the purpose of this Code section.

(15) 'Nonparent custodian' means an individual who has been granted legal custody of a child, or an individual who has a legal right to seek, modify, or enforce a child support order.

(16) 'Parent' means a person who owes a child a duty of support pursuant to Code Section 19-7-2.

For further reference see ~~subsections~~ subsection (g) ~~and (i)~~ of this Code section.

(17.1) 'Parenting time unit of measurement' means the unit of measurement used to determine the amount of time each parent has with the child for purposes of calculating the parenting time adjustment. Parenting time shall be determined by calculating the number of days a parent spends with a child in a two-year period for an annual average.

(A) For the purposes of this Code section, 'days' means:

(i) The total number of overnights a parent spends with the child; or

(ii) In circumstances where a parent has shorter but regular and recurring daytime periods with a child, the total hours of parenting time in the annual average divided by 24 hours, including any hours spent overnight, if applicable;

(17.2) 'Payer' means the parent required to physically pay his or her share of child support to either the child's other parent or a nonparent custodian. Typically, but not always, the payer is the same parent who is the noncustodial parent as defined in paragraph (14) of subsection (a) of this Code Section. If, after completing all the applicable schedules of the child support worksheet, the noncustodial parent's child support obligation is a positive number, the noncustodial parent is the payer. If, after completing all the applicable schedules of the child support worksheet, the noncustodial parent's child support obligation is a negative number, then the negative number becomes its positive equivalent and the custodial parent is the payer. For further reference, see paragraph (9) of subsection (b) of this Code section.

(18) 'Preexisting order' means:

(A) An order in another case that requires a parent to make child support payments for another child, which child support the parent is actually paying, as evidenced by documentation as provided in division (f)(5)(B)(iii) of this Code section; and

(B) That the date and time of filing with the clerk of court of the initial order for each such other case is earlier than the date and time of filing with the clerk of court of the initial order in the case immediately before the court, regardless of the age of any child in any of the cases.

(19) 'Presumptive amount of child support' means the basic child support obligation including health insurance and work related child care costs.

(20) 'Qualified child' or 'qualified children' means any child:

(A) For whom the parent is legally responsible and in whose home the child resides;

(B) Who the parent is actually supporting;

(C) Who is not subject to a preexisting order; and

(D) Who is not before the court to set, modify, or enforce support in the case immediately under consideration.

Qualified children shall not include stepchildren or other minors in the home who the parent has no legal obligation to support.

(21) 'Split parenting' ~~can occur~~ only occurs in a child support case ~~only~~ if there are two or more children of the same parents, when one parent is the custodial parent for at least one ~~child~~ of the children of the parents, and the other parent is the custodial parent for at least one of the other ~~child of the parents~~ children. In a split parenting case, there shall be a separate worksheet for each custodial parent. For further reference, see subsection (l) of this Code section. ~~In a split parenting case, each parent is the custodial parent of any child spending more than 50 percent of the time with that parent and is the noncustodial parent of any child spending more than 50 percent of the time with the other parent. A split parenting situation shall have two custodial parents and two noncustodial parents, but no child shall have more than one custodial parent or noncustodial parent.~~

(22) 'Theoretical child support order' means a hypothetical child support order for qualified children as calculated in subparagraph (f)(5)(C) of this Code section which allows the court to determine the amount of child support as if a child support order existed.

~~(23) 'Uninsured health care expenses' means a child's uninsured medical expenses including, but not limited to, health insurance copayments, deductibles, and such other costs as are reasonably necessary for orthodontia, dental treatment, asthma treatments, physical therapy, vision care, and any acute or chronic medical or health problem or mental health illness, including counseling and other medical or mental health expenses, that are not covered by insurance. For further reference see paragraph (3) of subsection (h) of this Code section.~~

~~(24)~~(23) 'Work related child care costs' means expenses for the care of the child for whom support is being determined which are due to employment of either parent. In an appropriate case, the court may consider the child care costs associated with a parent's job search or the training or education of a parent necessary to obtain a job or enhance earning potential, not to exceed a reasonable time as determined by the court, if the parent proves by a preponderance of the evidence that the job search, job training, or education will benefit the child being supported. The term shall be projected for the

next consecutive 12 months and averaged to obtain a monthly amount. For further reference, see paragraph (1) of subsection (h) of this Code section.

~~(25)~~(24) 'Worksheet' or 'child support worksheet' means the document used to record information necessary to determine and calculate monthly child support. For further reference see subsection (m) of this Code section.

(a.1)(1) As used in this chapter, the term 'child' means child or children, including any unborn child with a detectable human heartbeat as such terms are defined in Code Section 1-2-1.

(2) Notwithstanding any provision of this Code section to the contrary, the maximum amount of support which the court may impose on the father of an unborn child under this Code section shall be the amount of direct medical and pregnancy related expenses of the mother of the unborn child. After birth, the provisions of this Code section shall apply in full.

(b) **Process of calculating child support.** Pursuant to this Code section, the determination of monthly child support shall be calculated as follows:

(1) Determine the monthly gross income of both the custodial parent and the noncustodial parent pursuant to subsection (f) of this Code section. ~~Gross income may include imputed income, if applicable.~~ The determination of monthly gross income shall be entered on the Child Support Schedule A – Gross Income;

(2) Adjust each parent's monthly gross income by deducting the following from the parents' monthly gross income and entering it on the Child Support Schedule B – Adjusted Income if any of the following apply:

(A) One-half of the amount of self-employment taxes;

(B) Preexisting orders; and

(C) Theoretical child support order for qualified children, if allowed by the court;

(3) Add each parent's adjusted gross income together;

(4) Locate the basic child support obligation by referring to the basic child support obligation table. ~~Using~~ Locate the figure closest to the amount of the parents' combined adjusted gross income~~, locate the amount of the basic child support obligation~~ as found in the left-most column of the table and then locate the number of children for whom support is being determined in the top row. Locate where such column and such row intersect to identify the basic child support obligation amount. If the parents' combined adjusted gross income falls between the amounts shown in the table, then the basic child support obligation shall be based on the income bracket most closely matched to the parents' combined adjusted gross income. The basic child support obligation amount ~~stated~~ determined using this process and the basic child support obligation table located in subsection (o) of this Code section shall be rebuttably presumed to be ~~the~~ appropriate ~~amount of child support to be provided by the custodial parent and the noncustodial parent prior to consideration of health insurance, work related child care costs, and deviations~~;

(5) Calculate the pro rata share of the basic child support obligation for the custodial parent and the noncustodial parent by dividing the combined adjusted gross income into each parent's adjusted gross income to arrive at each parent's pro rata percentage of the

basic child support obligation;

(5.1) Adjust the noncustodial parent's share of the basic child support obligation amount to account for such parent's expenses incurred during his or her court ordered parenting time by following the steps in subsection (g) of this Code section, and the determination of the parenting time adjustment shall be entered on the Child Support Schedule C – Parenting Time Adjustment;

(6) Find ~~the adjusted child support obligation amount~~ the presumptive amount of child support by adding the additional expenses of ~~the costs of~~ health insurance premiums for the child and work related child care costs~~, prorating such expenses in accordance with each parent's pro rata share of the obligation and adding such expenses to the pro rata share of the basic child support obligation. The monthly cost of health insurance premiums and work related child care costs shall be entered on the Child Support Schedule D – Additional Expenses. The pro rata share of the monthly basic child support obligation and the pro rata share of the combined additional expenses shall be added together to create the monthly adjusted child support obligation~~ following the steps in subsection (h) of this Code section, and the determination of the presumptive amount of child support shall be entered on the Child Support Schedule D – Additional Expenses;

(7) ~~Determine the amount of child support for the custodial parent and the noncustodial parent resulting in a monthly sum certain payment due to the custodial parent by assigning or deducting credit for actual payments for health insurance and work related child care costs from the basic child support obligation;~~

~~(8) In accordance with subsection (i) of this Code section, deviations subtracted from or added to the presumptive amount of child support shall be applied, if applicable, and if supported by the required findings of fact and application of the best interest of the child standard. The proposed deviations shall be entered on the Child Support Schedule E – Deviations.~~ Account for deviations, if applicable, as supported by the required findings of fact, and apply the best interest of the child standard by following the steps in subsection (i); the determination of any such deviation shall be entered on the Child Support Schedule E – Deviations. In the court's or the jury's discretion, deviations may include, but shall not be limited to, the following:

(A) High income;

~~(B) Low income;~~

~~(C)~~(B) Other health related insurance;

~~(D)~~(C) Life insurance;

~~(E)~~(D) Child and dependent care tax credit;

~~(F)~~(E) Travel expenses;

~~(G)~~(F) Alimony;

~~(H)~~(G) Mortgage;

~~(I)~~(H) Permanency plan or foster care plan;

~~(J)~~(I) Extraordinary expenses; and

~~(K) Parenting time; and~~

~~(L)~~(J) Nonspecific deviations;

(8) Make a low-income adjustment, if applicable, to the parent's presumptive amount of child support as changed by deviations, if applicable, by following the steps in subsection (i.1) of this Code section. The Georgia Child Support Calculator will automatically perform this function.

(9)(A) If the noncustodial parent's child support obligation is shown as a positive amount, then the noncustodial parent is the payer of child support;

(B) If the noncustodial parent's child support obligation is shown as a negative amount, then the custodial parent is the payer of child support. The child support amount owed from the custodial parent (payer) to the noncustodial parent is the positive equivalent of the negative amount, and this will be the amount to be paid to the noncustodial parent by the custodial parent.

~~(9)~~(10) Any benefits which the child receives under Title II of the federal Social Security Act or from the U.S. Department of Veterans Affairs due to the noncustodial parent's disability shall be applied against the noncustodial parent's final child support amount. The final child support amount for each parent shall be entered on the child support worksheet, together with the information from each of the utilized schedules;

~~(10)~~(11) The parents shall allocate the future uninsured ~~health care~~ healthcare expenses which shall be based on the pro rata responsibility of the parents or as otherwise ordered by the court. Each parent's pro rata responsibility for future uninsured ~~health care~~ healthcare expenses shall be entered on the child support worksheet; and

~~(11) In a split parenting case, there shall be a separate calculation and final order for each parent; and~~

(12) When there is more than one child for whom support is being determined, the court shall establish the amount of support and the duration of such support in accordance with subsection (e) of this Code section. When, within two years of a final order being entered, there is a likelihood that a child will become ineligible to receive support, the court may allow for the use of separate worksheets. Separate worksheets shall show the final child support amount to be paid for all such children and the adjusted amount of support to be paid as each child becomes ineligible to receive support during such two-year period. Such worksheets shall be attached to the final order. Such order shall contain findings as required by law. A final order entered pursuant to this paragraph shall not preclude a petition for modification.

(c) **Applicability and required findings.**

(1) The child support guidelines contained in this Code section are a minimum basis for determining the amount of child support and shall apply as a rebuttable presumption in all legal proceedings involving the child support responsibility of a parent. This Code section shall be used when the court enters a temporary or permanent child support order in a contested or noncontested hearing or order in a civil action filed pursuant to Code Section 19-13-4. The rebuttable presumptive amount of child support provided by this Code section may be increased or decreased according to the best interest of the child for whom support is being considered, the circumstances of the parties, the grounds for deviation set forth in subsection (i) of this Code section, and to achieve the state policy of affording to children of unmarried parents, to the extent possible, the

same economic standard of living enjoyed by children living in intact families consisting of parents with similar financial means.

(2) The provisions of this Code section shall not apply with respect to any divorce case in which there are no minor children, except to the limited extent authorized by subsection (e) of this Code section. In the final judgment or decree in a divorce case in which there are minor children, or in other cases which are governed by the provisions of this Code section, the court shall:

(A) Specify in what sum certain amount, the duration of such support, and from which parent the child is entitled to permanent support as determined by use of the worksheet or multiple worksheets when ~~there is more than one minor child~~ paragraph (12) of subsection (b) of this Code section applies;

(B) Specify in what manner, how often, to whom, and until when the support shall be paid;

(C) Include a written finding of each parent's gross income as determined by the court or the jury;

(D) Determine whether health insurance for the child involved is reasonably available at a reasonable cost to either parent. If the health insurance is reasonably available at a reasonable cost to the parent, then the court shall order that the child be covered under such health insurance;

(E) Include written findings of fact as to whether one or more of the deviations allowed under this Code section are applicable, and if one or more such deviations are applicable as determined by the court or the jury, the written findings of fact shall further set forth:

(i) The reasons the court or the jury deviated from the presumptive amount of child support;

(ii) The amount of child support that would have been required under this Code section if the presumptive amount of child support had not been rebutted; and

(iii) A finding that states how the court's or the jury's application of the child support guidelines would be unjust or inappropriate considering the relative ability of each parent to provide support and how the best interest of the child who is subject to the child support determination is served by deviation from the presumptive amount of child support;

(F) Specify the amount of the noncustodial parent's court ordered parenting time ~~as set forth in the order of visitation~~;

(G) If any credit is given to the noncustodial parent as provided in paragraphs (3) and (3.1) of subsection (f) of this Code section, include ~~Include~~ a written finding regarding the use of benefits received under Title II of the federal Social Security Act and the use of benefits received under the United States Department of Veterans Affairs Disability in the calculation of the amount of child support; and

(H) Specify the percentage of future uninsured ~~health care~~ healthcare expenses for which each parent shall be responsible.

(3) When child support is ordered, the party who is required to pay the child support shall not be liable to third persons for necessaries furnished to the child embraced in the

judgment or decree.

(4) In all cases, the parties shall submit to the court their worksheets and schedules and the presence or absence of other factors to be considered by the court or the jury pursuant to the provisions of this Code section.

(5) In any case in which the gross income of the custodial parent and the noncustodial parent is determined by a jury, the court shall charge the provisions of this Code section applicable to the determination of gross income. The jury shall be required to return a special interrogatory determining gross income. The court shall determine adjusted gross income, health insurance costs, and work related child care costs. Based upon the jury's verdict as to gross income, the court shall determine the presumptive amount of child support in accordance with the provisions of this Code section. The court shall inform the jury of the presumptive amount of child support and the identity of the custodial and noncustodial parents. In the final instructions to the jury, the court shall charge the provisions of this Code section applicable to the determination of deviations and the jury shall be required to return a special interrogatory as to deviations and the final award of child support. The court shall include its findings and the jury's verdict on the child support worksheet in accordance with this Code section and Code Section 19-5-12.

(6) Nothing contained within this Code section shall prevent the parties from entering into an enforceable agreement contrary to the presumptive amount of child support which may be made the order of the court pursuant to review by the court of the adequacy of the child support amounts negotiated by the parties, including the provision for medical expenses and health insurance; provided, however, that if the agreement negotiated by the parties does not comply with the provisions contained in this Code section and does not contain findings of fact as required to support a deviation, the court shall reject such agreement.

(7) In any case filed pursuant to Chapter 11 of this title, relating to the 'Child Support Recovery Act,' the 'Uniform Reciprocal Enforcement of Support Act,' or the 'Uniform Interstate Family Support Act,' the court shall make all determinations of fact, including gross income and deviations, and a jury shall not hear any issue related to such cases.

(d) **Nature of guidelines; court's discretion.** In the event of a hearing or trial on the issue of child support, the guidelines enumerated in this Code section are intended by the General Assembly to be guidelines only and any court so applying such guidelines shall not abrogate its responsibility in making the final determination of child support based on the evidence presented to it at the time of the hearing or trial. A court's final determination of child support shall take into account the ~~obligor's~~ noncustodial parent's earnings, income, and other evidence of the ~~obligor's~~ noncustodial parent's ability to pay. The court or the jury shall also consider the basic subsistence needs of the parents and the child for whom support is to be provided.

(e) **Duration of child support responsibility.** The duty to provide support for a minor child shall continue until the child reaches the age of majority, dies, marries, or becomes emancipated, whichever first occurs; provided, however, that, in any temporary, final, or modified order for child support with respect to any proceeding for divorce, separate

maintenance, legitimacy, or paternity entered on or after July 1, 1992, the court, in the exercise of sound discretion, may direct either or both parents to provide financial assistance to a child who has not previously married or become emancipated, who is enrolled in and attending a secondary school, and who has attained the age of majority before completing his or her secondary school education, provided that such financial assistance shall not be required after a child attains 20 years of age. The provisions for child support provided in this subsection may be enforced by either parent, by any nonparent custodian, by a guardian appointed to receive child support for the child for whose benefit the child support is ordered, or by the child for whose benefit the child support is ordered.

(f) **Gross income.**

(1) **Inclusion to gross income.**

(A) **Attributable income.** Gross income of each parent shall be determined in the process of setting the presumptive amount of child support and shall include all income from any source, before deductions for taxes and other deductions such as preexisting orders for child support and credits for other qualified children, whether earned or unearned, and includes, but is not limited to, the following:

(i) Salaries;

(ii) Commissions, fees, and tips;

(iii) Income from self-employment;

(iv) Bonuses;

(v) Overtime payments;

(vi) Severance pay;

(vii) Recurring income from pensions or retirement plans, including, but not limited to, United States Department of Veterans Affairs, Railroad Retirement Board, Keoghs, and individual retirement accounts;

(viii) Interest income;

(ix) Dividend income;

(x) Trust income;

(xi) Income from annuities;

(xii) Capital gains;

(xiii) Disability or retirement benefits that are received from the Social Security Administration pursuant to Title II of the federal Social Security Act;

(xiv) Disability benefits that are received pursuant to the federal Veterans' Benefits Act of 2010, 38 U.S.C. Section 101, et seq.;

(xv) Workers' compensation benefits, whether temporary or permanent;

(xvi) Unemployment insurance benefits;

(xvii) Judgments recovered for personal injuries and awards from other civil actions;

(xviii) Gifts that consist of cash or other liquid instruments, or which can be converted to cash;

(xix) Prizes;

(xx) Lottery winnings;

(xxi) Alimony or maintenance received from persons other than parties to the proceeding before the court;

(xxii) Assets which are used for the support of the family; and

(xxiii) Other income.

(B) **Self-employment income.** Income from self-employment includes income from, but not limited to, business operations, work as an independent contractor or consultant, sales of goods or services, and rental properties, less ordinary and reasonable expenses necessary to produce such income. Income from self-employment, rent, royalties, proprietorship of a business, or joint ownership of a partnership, limited liability company, or closely held corporation is defined as gross receipts minus ordinary and reasonable expenses required for self-employment or business operations. Ordinary and reasonable expenses of self-employment or business operations necessary to produce income do not include:

(i) Excessive promotional, travel, vehicle, or personal living expenses, depreciation on equipment, or costs of operation of home offices; or

(ii) Amounts allowable by the Internal Revenue Service for the accelerated component of depreciation expenses, investment tax credits, or any other business expenses determined by the court or the jury to be inappropriate for determining gross income.

In general, income and expenses from self-employment or operation of a business should be carefully reviewed by the court or the jury to determine an appropriate level of gross income available to the parent to satisfy a child support obligation. Generally, this amount will differ from a determination of business income for tax purposes.

(C) **Fringe benefits.** Fringe benefits for inclusion as income or 'in kind' remuneration received by a parent in the course of employment, or operation of a trade or business, shall be counted as income if the benefits significantly reduce personal living expenses. Such fringe benefits might include, but are not limited to, use of a company car, housing, or room and board. Fringe benefits shall not include employee benefits that are typically added to the salary, wage, or other compensation that a parent may receive as a standard added benefit, including, but not limited to, employer paid portions of health insurance premiums or employer contributions to a retirement or pension plan.

(D) **Variable income.** Variable income such as commissions, bonuses, overtime pay, military bonuses, and dividends shall be averaged by the court or the jury over a reasonable period of time consistent with the circumstances of the case and added to a parent's fixed salary or wages to determine gross income. When income is received on an irregular, nonrecurring, or one-time basis, the court or the jury may, but is not required to, average or prorate the income over a reasonable specified period of time or require the parent to pay as a one-time support amount a percentage of his or her nonrecurring income, taking into consideration the percentage of recurring income of that parent.

(E) **Military compensation and allowances.** Income for a parent who is an active

duty member of the regular or reserve component of the United States armed forces, the United States Coast Guard, the merchant marine of the United States, the commissioned corps of the Public Health Service or the National Oceanic and Atmospheric Administration, the National Guard, or the Air National Guard shall include:

(i) Base pay;

(ii) Drill pay;

(iii) Basic allowance for subsistence, whether paid directly to the parent or received in-kind; and

(iv) Basic allowance for housing, whether paid directly to the parent or received in-kind, determined at the parent's pay grade at the without dependent rate, but shall include only so much of the allowance that is not attributable to area variable housing costs.

Except as determined by the court or the jury, special pay or incentive pay, allowances for clothing or family separation, and reimbursed expenses related to the parent's assignment to a high cost of living location shall not be considered income for the purpose of determining gross income.

(2) **Exclusions from gross income.** Excluded from gross income are the following:

(A) Child support payments received by either parent for the benefit of a child of another relationship;

(B) Benefits received from means-tested public assistance programs such as, but not limited to:

(i) PeachCare for Kids Program, Temporary Assistance for Needy Families Program, or similar programs in other states or territories under Title IV-A of the federal Social Security Act;

(ii) Food stamps or the value of food assistance provided by way of electronic benefits transfer procedures by the Department of Human Services;

(iii) Supplemental security income received under Title XVI of the federal Social Security Act;

(iv) Benefits received under Section 402(d) of the federal Social Security Act for disabled adult children of deceased disabled workers; and

(v) Low-income heating and energy assistance program payments;

(C) Foster care payments paid by the Department of Human Services or a licensed child-placing agency for providing foster care to a foster child in the custody of the Department of Human Services;

(D) A nonparent custodian's gross income; and

(E) Benefits received under Title IV-B or IV-E of the federal Social Security Act and state funding associated therewith for adoption assistance.

(3) **Social Security benefits.**

(A) Benefits received under Title II of the federal Social Security Act by a child on the ~~obligor's~~ noncustodial parent's account shall be counted as child support payments and shall be applied against the final child support amount to be paid by the ~~obligor~~ noncustodial parent for the child.

(B) After calculating the ~~obligor's~~ noncustodial parent's monthly gross income, including the countable social security benefits as specified in division (1)(A)(xiii) of this subsection, and after calculating the amount of child support, if the presumptive amount of child support, as increased or decreased by deviations, is greater than the social security benefits paid on behalf of the child on the ~~obligor's~~ noncustodial parent's account, the ~~obligor~~ noncustodial parent shall be required to pay the amount exceeding the social security benefit as part of the final order in the case.

(C) After calculating the ~~obligor's~~ noncustodial parent's monthly gross income, including the countable social security benefits as specified in division (1)(A)(xiii) of this subsection, and after calculating the amount of child support, if the presumptive amount of child support, as increased or decreased by deviations, is equal to or less than the social security benefits paid to the nonparent custodian or custodial parent on behalf of the child on the ~~obligor's~~ noncustodial parent's account, the child support responsibility of that parent shall have been met and no further child support shall be paid.

(D) Any benefit amounts under Title II of the federal Social Security Act as determined by the Social Security Administration sent to the nonparent custodian or custodial parent by the Social Security Administration for the child's benefit which are greater than the final child support amount shall be retained by the nonparent custodian or custodial parent for the child's benefit and shall not be used as a reason for decreasing the final child support amount or reducing arrearages.

(3.1) United States Department of Veterans Affairs disability benefits.

(A) Benefits received under the United States Department of Veterans Affairs (VA) disability benefits by a child on the noncustodial parent's account shall be counted as child support payments and shall be applied against the final child support amount to be paid by the noncustodial parent for the child.

(B) After determining the noncustodial parent's monthly gross income, including the VA disability benefits and after calculating the amount of child support per subsection (b) of this Code section, if the presumptive amount of child support, as increased or decreased by deviations, is greater than the VA disability benefits paid on behalf of the child on the noncustodial parent's account, the noncustodial parent shall be required to pay the amount exceeding the VA disability benefit as the final child support amount.

(C) After determining the noncustodial parent's monthly gross income, including the countable VA disability benefits paid, and after calculating the amount of child support per subsection (b) of this Code section, if the presumptive amount of child support, as increased or decreased by deviations, is equal to or less than the VA disability benefits paid on behalf of the child on the noncustodial parent's account, the child support responsibility of the noncustodial parent shall have been met and no further child support shall be paid.

(D) Any benefit amounts received under the United States Department of Veterans Affairs (VA) disability sent to the nonparent custodian or custodial parent by the United States Department of Veterans Affairs for the child's benefit which are greater

than the final child support amount shall be retained by the nonparent custodian or custodial parent for the child's benefit and shall not be used as a reason for decreasing the final child support amount or reducing arrearages.

(4) **Reliable evidence of income.**

(A) **Imputed income.** When establishing the amount of child support, if a parent fails to produce reliable evidence of income, such as tax returns for prior years, check stubs, or other information for determining current ability to pay child support or ability to pay child support in prior years, and the court or the jury has no other reliable evidence of the parent's income or income potential, gross income for the current year may be imputed. When imputing income, the court or the jury shall take into account the specific circumstances of the parent to the extent known, including such factors as the parent's assets, residence, employment and earnings history, job skills, educational attainment, literacy, age, health, criminal record and other employment barriers, and record of seeking work, as well as the local job market, the availability of employers willing to hire the parent, prevailing earnings level in the local community, and other relevant background factors in the case. If a parent is incarcerated, the court or the jury shall not assume an ability for earning capacity based upon pre-incarceration wages or other employment related income, but income may be imputed based upon the actual income and assets available to such incarcerated parent.

(B) **Modification.** When cases with established orders are reviewed for modification and a parent fails to produce reliable evidence of income, such as tax returns for prior years, check stubs, or other information for determining current ability to pay child support or ability to pay child support in prior years, and the court or the jury has no other reliable evidence of such parent's income or income potential, the court or the jury may impute income as set forth in subparagraph (A) of this paragraph, or may increase the child support of the parent failing or refusing to produce evidence of income by an increment of at least 10 percent per year of such parent's gross income for each year since the final order was entered or last modified and shall calculate the basic child support obligation using the increased amount as such parent's gross income.

(C) **Rehearing.** If income is imputed pursuant to subparagraph (A) of this paragraph, the party believing the income of the other party is higher than the amount imputed may provide within 90 days, upon motion to the court, evidence necessary to determine the appropriate amount of child support based upon reliable evidence. A hearing shall be scheduled after the motion is filed. The court may increase, decrease, or leave unchanged the amount of current child support from the date of filing of either parent's initial filing or motion for reconsideration. While the motion for reconsideration is pending, the ~~obligor~~ noncustodial parent shall be responsible for the amount of child support originally ordered. Arrearages entered in the original child support order based upon imputed income shall not be forgiven. When there is reliable evidence to support a motion for reconsideration of the amount of income imputed, the party seeking reconsideration shall not be required to prove the existence

of grounds for modification of an order pursuant to subsection (k) of this Code section.

(D) **Willful or voluntary unemployment or underemployment.** In determining whether a parent is willfully or voluntarily unemployed or underemployed, the court or the jury shall ascertain the reasons for the parent's occupational choices and assess the reasonableness of these choices in light of the parent's responsibility to support his or her child and whether such choices benefit the child. A determination of willful or voluntary unemployment or underemployment shall not be limited to occupational choices motivated only by an intent to avoid or reduce the payment of child support but can be based on any intentional choice or act that affects a parent's income. A determination of willful or voluntary unemployment or underemployment shall not be made when an individual's incarceration prevents employment. In determining willful or voluntary unemployment or underemployment, the court or the jury may examine whether there is a substantial likelihood that the parent could, with reasonable effort, apply his or her education, skills, or training to produce income. Specific factors for the court or the jury to consider when determining willful or voluntary unemployment or underemployment include, but are not limited to:

(i) The parent's past and present employment;

(ii) The parent's education and training;

(iii) Whether unemployment or underemployment for the purpose of pursuing additional training or education is reasonable in light of the parent's responsibility to support his or her child and, to this end, whether the training or education may ultimately benefit the child in the case immediately under consideration by increasing the parent's level of support for that child in the future;

(iv) A parent's ownership of valuable assets and resources, such as an expensive home or automobile, that appear inappropriate or unreasonable for the income claimed by the parent;

(v) The parent's own health and ability to work outside the home; and

(vi) The parent's role as caretaker of a child of that parent, a disabled or seriously ill child of that parent, or a disabled or seriously ill adult child of that parent, or any other disabled or seriously ill relative for whom that parent has assumed the role of caretaker, which eliminates or substantially reduces the parent's ability to work outside the home, and the need of that parent to continue in the role of caretaker in the future. When considering the income potential of a parent whose work experience is limited due to the caretaker role of that parent, the court or the jury shall consider the following factors:

(I) Whether the parent acted in the role of full-time caretaker immediately prior to separation by the married parties or prior to the divorce or annulment of the marriage or dissolution of another relationship in which the parent was a full-time caretaker;

(II) The length of time the parent staying at home has remained out of the work force for this purpose;

(III) The parent's education, training, and ability to work; and

(IV) Whether the parent is caring for a child who is four years of age or younger. If the court or the jury determines that a parent is willfully or voluntarily unemployed or underemployed, child support shall be calculated based on a determination of earning capacity, as evidenced by educational level or previous work experience. In the absence of any other reliable evidence, income may be imputed to the parent as provided for in subparagraph (f)(4)(A) of this Code section.

A determination of willful and voluntary unemployment or underemployment shall not be made when an individual is activated from the National Guard or other armed forces unit or enlists or is drafted for full-time service in the armed forces of the United States.

(5) **Adjustments to gross income.**

(A) **Self-employment.** One-half of the self-employment and Medicare taxes shall be calculated as follows:

(i) Six and two-tenths percent of self-employment income up to the maximum amount to which federal old age, survivors, and disability insurance (OASDI) applies; plus

(ii) One and forty-five one-hundredths of a percent of self-employment income for Medicare

and this amount shall be deducted from a self-employed parent's monthly gross income.

(B) **Preexisting orders.** An adjustment to the parent's monthly gross income shall be made on the Child Support Schedule B – Adjusted Income for current preexisting orders for a period of not less than 12 months immediately prior to the date of the hearing or such period that an order has been in effect if less than 12 months prior to the date of the hearing before the court to set, modify, or enforce child support.

(i) In calculating the adjustment for preexisting orders, the court shall include only those preexisting orders meeting the criteria set forth in subparagraph (a)(18)(B) of this Code section;

(ii) The priority for preexisting orders shall be determined by the date and time of filing with the clerk of court of the initial order in each case. Subsequent modifications of the initial support order shall not affect the priority position established by the date and time of the initial order. In any modification proceeding, the court rendering the decision shall make a specific finding of the date, and time if known, of the initial order of the case;

(iii) Adjustments shall be allowed for current preexisting support only to the extent that the payments are actually being paid as evidenced by documentation including, but not limited to, payment history from a court clerk, the child support services' computer data base, the child support payment history, or canceled checks or other written proof of payments paid directly to the other parent. The maximum credit allowed for a preexisting order is an average of the amount of current support actually paid under the preexisting order over the past 12 months prior to the hearing date;

(iv) All preexisting orders shall be entered on the Child Support Schedule B – Adjusted Income for the purpose of calculating the total amount of the credit to be included on the child support worksheet; and

(v) Payments being made by a parent on any arrearages shall not be considered payments on preexisting orders or subsequent orders and shall not be used as a basis for reducing gross income.

(C) **Theoretical child support orders.** In addition to the adjustments to monthly gross income for self-employment taxes provided in subparagraph (A) of this paragraph and for preexisting orders provided in subparagraph (B) of this paragraph, credits for either parent's other qualified child living in the parent's home for whom the parent owes a legal duty of support may be considered by the court for the purpose of reducing the parent's gross income. To consider a parent's other qualified children for determining the theoretical child support order, a parent shall present documentary evidence of the parent-child relationship to the court. Adjustments to income pursuant to this subparagraph may be considered in such circumstances in which the failure to consider a qualified child would cause substantial hardship to the parent; provided, however, that such consideration of an adjustment shall be based upon the best interest of the child for whom child support is being awarded. If the court, in its discretion, decides to apply the qualified child adjustment, the basic child support obligation of the parent for the number of other qualified children living with such parent shall be determined based upon that parent's monthly gross income. Except for self-employment taxes paid, no other amounts shall be subtracted from the parent's monthly gross income when calculating a theoretical child support order under this subparagraph. The basic child support obligation for such parent shall be multiplied by 75 percent and the resulting amount shall be subtracted from such parent's monthly gross income and entered on the Child Support Schedule B – Adjusted Income.

(D) **Multiple family situations.** In multiple family situations, the priority of adjustments to a parent's monthly gross income shall be calculated in the following order:

(i) Preexisting orders according to the date and time of the initial order as set forth in subparagraph (B) of this paragraph; and

(ii) Application of any credit for a parent's other qualified children using the procedure set forth in subparagraph (C) of this paragraph.

(g)(1) **Parenting time ~~deviation~~ adjustment.** ~~The court or the jury may deviate from the presumptive amount of child support as set forth in subparagraph (i)(2)(K) of this Code section.~~

(A) The amounts listed in Georgia's basic child support obligation table are based on commensurate expenses for a child in intact families. Accordingly, there is no accounting for parenting time built into the basic child support obligation table. When a noncustodial parent has court ordered parenting time with a child, some of the expenses represented by the amount in the basic child support obligation table are incurred by the noncustodial parent. Those expenses incurred by the noncustodial parent are accounted for in the parenting time adjustment.

(B) The parenting time adjustment reduces the basic child support obligation amount for the noncustodial parent to account for court ordered parenting time as defined by the term parenting time unit of measurement in paragraph (17.1) of subsection (a) of this Code section. This adjustment could reduce the noncustodial parent's share of the basic child support obligation amount to zero or, in some circumstances where the custodial parent's gross income exceeds the noncustodial parent's gross income, increase the custodial parent's amount of the basic child support obligation to an amount higher than the noncustodial parent.

(C) For purposes of this Code section, the amount of a parent's parenting time is measured as defined by the term parenting time unit of measurement in subparagraph (17.1) of subsection (a) of this Code section. Parenting time includes time with the child whether it is designated as visitation, physical custody, or parenting time. This parenting time adjustment shall only be used to account for court ordered parenting time. If there is no court order awarding parenting time, the court shall determine the child support obligation without the use of this parenting time adjustment.

(2) Calculation of parenting time adjustment.

(A) In the calculation below:

(i) If there are multiple children with varying degrees of court ordered parenting time, use the average number of court ordered days;

(ii) In split parenting cases, as provided for in subsection (l) of this Code section, where two worksheets are prepared, the parenting time adjustment as outlined in this subsection shall be used when preparing both worksheets;

(B) The court shall apply the following formula to determine the parenting time adjustment:

(i) Raise to the power of 2.5 the number of court ordered days the noncustodial parent has with the child;

(ii) Raise to the power of 2.5 the number of court ordered days the custodial parent has with the child;

(iii) Multiply the result of clause (i) by the dollar amount of the custodial parent's share of the basic child support obligation;

(iv) Multiply the result of clause (ii) by the dollar amount of the noncustodial parent's share of the basic child support obligation;

(v) Subtract the result of clause (iv) from the result of clause (iii);

(vi) Divide the result of clause (v) by the sum of clauses (i) and (ii);

(vii) Add the result of clause (vi) to the noncustodial parent's basic child support obligation amount; and

(viii) The amount of the noncustodial parent's parenting time adjustment is the result of clause (vii).

(C) The determination of the parenting time adjustment shall be entered on the Child Support Schedule C - Parenting Time Adjustment.

(h) ~~**Adjusted support obligation**~~ **Additional expenses.** The basic child support obligation table does not include the cost of the parent's work related child care costs, health insurance premiums, or future uninsured ~~health care~~ healthcare expenses. The

additional expenses for the child's health insurance premiums and work related child care costs shall be included in the calculations to determine child support~~.~~, including a ~~A~~ nonparent custodian's expenses for work related child care costs and health insurance premiums, which shall be taken into account when establishing a final order. Calculate the amount of the additional expenses for the costs of health insurance and work related child care, prorating such expenses in accordance with each parent's pro rata share of the obligation and adding such expenses to the pro rata share of the basic child support obligation. The monthly cost of health insurance premiums and work related child care costs shall be entered on the Child Support Schedule D - Additional Expenses. The pro rata share of the monthly basic child support obligation and the pro rata share of the combined additional expenses shall be added together to create the presumptive amount of child support.

(1) **Work related child care costs.**

(A) Work related child care costs necessary for the parent's employment, education, or vocational training that are determined by the court to be appropriate, and that are appropriate to the parents' financial abilities and to the lifestyle of the child if the parents and child were living together, shall be averaged for a monthly amount and entered on ~~the child support worksheet in~~ Schedule D under the column of the parent initially paying the expense. Work related child care costs of a nonparent custodian shall be considered when determining the amount of this expense.

(B) If a child care subsidy is being provided pursuant to a means-tested public assistance program, only the amount of the child care expense actually paid by either parent or a nonparent custodian shall be included in the calculation.

(C) If either parent is the provider of child care services to the child for whom support is being determined, the value of those services shall not be an adjustment to the basic child support obligation when calculating the support award.

(D) If child care is provided without charge to the parent, the value of these services shall not be an adjustment to the basic child support obligation. If child care is or will be provided by a person who is paid for his or her services, proof of actual cost or payment shall be shown to the court before the court includes such payment in its consideration.

(E) The amount of work related child care costs shall be determined and added as an adjustment to the basic child support obligation as 'additional expenses' whether paid directly by the parent or through a payroll deduction.

(F)(i) The total amount of work related child care costs shall be divided between the parents pro rata to determine the presumptive amount of child support and shall be included in the worksheet and the final order.

(ii) In situations in which work related child care costs may be variable, the court or the jury may, in its discretion, remove work related child care costs from the calculation of support, and divide the work related child care costs pro rata, to be paid within a time specified in the final order. If a parent or nonparent custodian fails to comply with the final order:

(I) The other parent or nonparent custodian may enforce payment of the work

related child care costs by any means permitted by law; or

(II) Child support services shall pursue enforcement when such unpaid costs have been reduced to a judgment in a sum certain.

(2) **Cost of health insurance premiums.**

(A)(i) The amount that is, or will be, paid by a parent for health insurance for the child for whom support is being determined shall be an adjustment to the basic child support obligation and prorated between the parents based upon their respective incomes. Payments made by a parent's employer for health insurance and not deducted from the parent's wages shall not be included. When a child for whom support is being determined is covered by a family policy, only the health insurance premium actually attributable to that child shall be added.

(ii) The amount of the cost for the child's health insurance premium shall be determined and added as an adjustment to the basic child support obligation as 'additional expenses' whether paid directly by the parent or through a payroll deduction.

(iii) The total amount of the cost for the child's health insurance premium shall be divided between the parents pro rata to determine the total presumptive amount of child support and shall be included in the Child Support Schedule D – Additional Expenses and written order of the court together with the amount of the basic child support obligation.

(B)(i) If either parent has health insurance reasonably available at reasonable cost that provides for the ~~health care~~ healthcare needs of the child, then an amount to cover the cost of the premium shall be added as an adjustment to the basic child support obligation. A health insurance premium paid by a nonparent custodian shall be included when determining the amount of health insurance expense. In determining the amount to be added to the order for the health insurance cost, only the amount of the health insurance cost attributable to the child who is the subject of the order shall be included.

(ii) If coverage is applicable to other persons and the amount of the health insurance premium attributable to the child who is the subject of the current action for support is not verifiable, the total cost to the parent paying the premium shall be prorated by the number of persons covered so that only the cost attributable to the child who is the subject of the order under consideration is included. The amount of health insurance premium shall be determined by dividing the total amount of the insurance premium by the number of persons covered by the insurance policy and multiplying the resulting amount by the number of children for whom support is being determined and who are covered by the insurance policy. The monthly cost of health insurance premium shall be entered on the Child Support Schedule D – Additional Expenses in the column of the parent paying the premium.

(iii) Eligibility for or enrollment of the child in Medicaid, the PeachCare for Kids Program, or other public ~~health care~~ healthcare program shall satisfy the requirement that the final order provide for the child's ~~health care~~ healthcare needs. Health coverage through Medicaid, the PeachCare for Kids Program, or other public

~~health care~~ healthcare program shall not prevent a court from also ordering either or both parents to obtain other health insurance for the child.

(3) Future uninsured healthcare ~~Uninsured health care~~ expenses.

(A) The child's future uninsured ~~health care~~ healthcare expenses shall be the financial responsibility of both parents. The final order shall include provisions for payment of future uninsured ~~health care~~ healthcare expenses; provided, however, that future uninsured ~~health care~~ healthcare expenses shall not be used for the purpose of calculating the amount of child support. The parents shall divide the future uninsured ~~health care~~ healthcare expenses pro rata, unless otherwise specifically ordered by the court.

(B) If a parent fails to pay his or her pro rata share of the child's future uninsured ~~health care~~ healthcare expenses, as specified in the final order, within a reasonable time after receipt of evidence documenting the uninsured portion of the expense:

(i) The other parent or the nonparent custodian may enforce payment of the expense by any means permitted by law; or

(ii) Child support services shall pursue enforcement of payment of such unpaid expenses only if the unpaid expenses have been reduced to a judgment in a sum certain amount.

(i) **Grounds for deviation.**

(1) **General principles.**

(A) The amount of child support established by this Code section and the presumptive amount of child support are rebuttable and the court or the jury may deviate from the presumptive amount of child support in compliance with this subsection. In deviating from the presumptive amount of child support, consideration shall be given to the best interest of the child for whom support under this Code section is being determined. A nonparent custodian's expenses may be the basis for a deviation as well as a noncustodial parent's ability or inability to pay the presumptive amount of child support.

(B) When ordering a deviation from the presumptive amount of child support, the court or the jury shall consider all available income of the parents and shall make written findings or special interrogatory findings that an amount of child support other than the amount calculated is reasonably necessary to provide for the needs of the child for whom child support is being determined and the order or special interrogatory shall state:

(i) The reasons for the deviation from the presumptive amount of child support;

(ii) The amount of child support that would have been required under this Code section if the presumptive amount of child support had not been rebutted; and

(iii) How, in its determination:

(I) Application of the presumptive amount of child support would be unjust or inappropriate; and

(II) The best interest of the child for whom support is being determined will be served by deviation from the presumptive amount of child support.

(C) No deviation in the presumptive amount of child support shall be made which

seriously impairs the ability of the custodial parent to maintain minimally adequate housing, food, and clothing for the child being supported by the order and to provide other basic necessities, as determined by the court or the jury.

(D) If the circumstances which supported the deviation cease to exist, the final order may be modified as set forth in subsection (k) of this Code section to eliminate the deviation.

(2) **Specific deviations.**

(A) **High income.** For purposes of this subparagraph, parents are considered to be high-income parents if their combined adjusted gross income exceeds ~~$30,000.00~~ $40,000.00 per month. For high-income parents, the court shall set the basic child support obligation at the highest amount allowed by the basic child support obligation table but the court or the jury may consider an upward deviation to attain an appropriate award of child support for high-income parents which is consistent with the best interest of the child.

(B) ~~**Low income.**~~

~~(i) If the noncustodial parent can provide evidence sufficient to demonstrate no earning capacity or that his or her pro rata share of the presumptive amount of child support would create an extreme economic hardship for such parent, the court or the jury may consider a low-income deviation.~~

~~(ii) A noncustodial parent whose sole source of income is supplemental security income received under Title XVI of the federal Social Security Act shall be considered to have no earning capacity.~~

~~(iii) The court or the jury shall examine all attributable and excluded sources of income, assets, and benefits available to the noncustodial parent and may consider the noncustodial parent's basic subsistence needs and all of his or her reasonable expenses, ensuring that such expenses are actually paid by the noncustodial parent and are clearly justified expenses.~~

~~(iv) In considering a request for a low-income deviation, the court or the jury shall then weigh the income and all attributable and excluded sources of income, assets, and benefits and all reasonable expenses of each parent, the relative hardship that a reduction in the amount of child support paid to the custodial parent would have on the custodial parent's household, the needs of each parent, the needs of the child for whom child support is being determined, and the ability of the noncustodial parent to pay child support.~~

~~(v) Following a review of the noncustodial parent's gross income and expenses, and taking into account each parent's basic child support obligation adjusted by health insurance and work related child care costs and the relative hardships on the parents and the child, the court or the jury, upon request by either party or upon the court's initiative, may consider a downward deviation to attain an appropriate award of child support which is consistent with the best interest of the child.~~

~~(vi) For the purpose of calculating a low-income deviation, the noncustodial parent's minimum child support for one child shall be not less than $100.00 per month, and such amount shall be increased by at least $50.00 for each additional~~

~~child for the same case for which child support is being ordered.~~

~~(vii) A low-income deviation granted pursuant to this subparagraph shall apply only to the current child support amount and shall not prohibit an additional amount being ordered to reduce a noncustodial parent's arrears.~~

~~(viii) If a low-income deviation is granted pursuant to this subparagraph, such deviation shall not prohibit the court or the jury from granting an increase or decrease to the presumptive amount of child support by the use of any other specific or nonspecific deviation.~~

~~(C)~~ **Other health related insurance.** If the court or the jury finds that either parent has vision or dental insurance available at a reasonable cost for the child, the court or the jury may deviate from the presumptive amount of child support for the cost of such insurance.

~~(D)~~(C) **Life insurance.** In accordance with Code Section 19-6-34, if the court or the jury finds that either parent has purchased life insurance on the life of either parent or the lives of both parents for the benefit of the child, the court may deviate from the presumptive amount of child support for the cost of such insurance by either adding or subtracting the amount of the premium.

~~(E)~~(D) **Child and dependent care tax credit.** If the court or the jury finds that one of the parents is entitled to the Child and Dependent Care Tax Credit, the court or the jury may deviate from the presumptive amount of child support in consideration of such credit.

~~(F)~~(E) **Travel expenses.** If court ordered ~~visitation~~ parenting time related travel expenses are substantial due to the distance between the parents, the court may order the allocation of such costs or the jury may, by a finding in its special interrogatory, allocate such costs by deviation from the presumptive amount of child support, taking into consideration the circumstances of the respective parents as well as which parent moved and the reason for such move.

~~(G)~~(F) **Alimony.** Actual payments of alimony shall not be considered as a deduction from gross income but may be considered as a deviation from the presumptive amount of child support. If the court or the jury considers the actual payment of alimony, the court shall make a written finding of such consideration or the jury, in its special interrogatory, shall make a written finding of such consideration as a basis for deviation from the presumptive amount of child support.

~~(H)~~(G) **Mortgage.** If the noncustodial parent is providing shelter, such as paying the mortgage of the home, or has provided a home at no cost to the custodial parent in which the child resides, the court or the jury may allocate such costs or an amount equivalent to such costs by deviation from the presumptive amount of child support, taking into consideration the circumstances of the respective parents and the best interest of the child.

~~(I)~~(H) **Permanency plan or foster care plan.** In cases when the child is in the legal custody of the Department of Human Services, the child protection or foster care agency of another state or territory, or any other child-caring entity, public or private, the court or the jury may consider a deviation from the presumptive amount of child

support if the deviation will assist in accomplishing a permanency plan or foster care plan for the child that has a goal of returning the child to the parent or parents and the parent's need to establish an adequate household or to otherwise adequately prepare herself or himself for the return of the child clearly justifies a deviation for this purpose.

~~(J)~~(I) **Extraordinary expenses.** The basic child support obligation table includes average child-rearing expenditures for families given the parents' combined adjusted gross income and number of children. Extraordinary expenses are in excess of average amounts estimated in the basic child support obligation table and are highly variable among families. Extraordinary expenses shall be considered on a case-by-case basis in the calculation of support and may form the basis for deviation from the presumptive amount of child support so that the actual amount of such expense is considered in the final order for only those families actually incurring the expense. Extraordinary expenses shall be prorated between the parents by assigning or deducting credit for actual payments for extraordinary expenses.

(i) **Extraordinary educational expenses.** Extraordinary educational expenses may be a basis for deviation from the presumptive amount of child support. Extraordinary educational expenses include, but are not limited to, tuition, room and board, lab fees, books, fees, and other reasonable and necessary expenses associated with special needs education or private elementary and secondary schooling that are appropriate to the parent's financial abilities and to the lifestyle of the child if the parents and the child were living together.

(I) In determining the amount of deviation for extraordinary educational expenses, scholarships, grants, stipends, and other cost-reducing programs received by or on behalf of the child shall be considered; and

(II) If a deviation is allowed for extraordinary educational expenses, a monthly average of the extraordinary educational expenses shall be based on evidence of prior or anticipated expenses and entered on the Child Support Schedule E – Deviations.

(ii) **Special expenses incurred for child-rearing.** Special expenses incurred for child-rearing, including, but not limited to, quantifiable expense variations related to the food, clothing, and hygiene costs of children at different age levels, may be a basis for a deviation from the presumptive amount of child support. Such expenses include, but are not limited to, summer camp; music or art lessons; travel; school sponsored extracurricular activities, such as band, clubs, and athletics; and other activities intended to enhance the athletic, social, or cultural development of a child but not otherwise required to be used in calculating the presumptive amount of child support as are health insurance premiums and work related child care costs. A portion of the basic child support obligation is intended to cover average amounts of special expenses incurred in the rearing of a child. In order to determine if a deviation for special expenses is warranted, the court or the jury shall consider the full amount of the special expenses as described in this division; and when such special expenses exceed 7 percent of the basic child support obligation, then the

additional amount of special expenses shall be considered as a deviation to cover the full amount of the special expenses.

(iii) **Extraordinary medical expenses.** In instances of extreme economic hardship involving extraordinary medical expenses not covered by insurance, the court or the jury may consider a deviation from the presumptive amount of child support for extraordinary medical expenses. Such expenses may include, but are not limited to, extraordinary medical expenses of the child or a parent of the child; provided, however, that any such deviation:

(I) Shall not act to leave a child unsupported; and

(II) May be ordered for a specific period of time measured in months.

When extraordinary medical expenses are claimed, the court or the jury shall consider the resources available for meeting such needs, including sources available from agencies and other adults.

~~(K) **Parenting time.**~~

~~(i) The child support obligation table is based upon expenditures for a child in intact households. The court may order or the jury may find by special interrogatory a deviation from the presumptive amount of child support when special circumstances make the presumptive amount of child support excessive or inadequate due to extended parenting time as set forth in the order of visitation, the child residing with both parents equally, or visitation rights not being utilized.~~

~~(ii) If the court or the jury determines that a parenting time deviation is applicable, then such deviation shall be included with all other deviations.~~

~~(iii) In accordance with subsection (d) of Code Section 19-11-8, if any action or claim for parenting time or a parenting time deviation is brought under this subparagraph, it shall be an action or claim solely between the custodial parent and the noncustodial parent, and not any third parties, including child support services.~~

(3) **Nonspecific deviations.** Deviations from the presumptive amount of child support may be appropriate for reasons in addition to those established under this subsection when the court or the jury finds it is in the best interest of the child.

(i.1) Low-income adjustment.

In cases where the monthly adjusted gross income of a parent, considering the number of children for whom support is being determined, is less than the highest amount of monthly adjusted gross income shown in the low-income adjustment table in subsection (p) of this Code section, then the child support obligation of such parent(s) shall be the lesser of such parent's presumptive amount of child support or the amount determined using the low-income adjustment table. If the low-income adjustment table applies, the child support calculator will perform the needed comparison automatically and input the amount on the child support worksheet.

(j) **Involuntary loss of income.**

(1) In the event a parent suffers an involuntary termination of employment, has an extended involuntary loss of average weekly hours, is involved in an organized strike, incurs a loss of health, becomes incarcerated, or similar involuntary adversity resulting in a loss of income of 25 percent or more, then the portion of child support attributable

to lost income shall not accrue from the date of the service of the petition for modification, provided that service is made on the other parent. It shall not be considered an involuntary termination of employment if the parent has left the employer without good cause in connection with the parent's most recent work.

(2) In the event a modification action is filed pursuant to this subsection, the court shall make every effort to expedite hearing such action.

(3) The court may, at its discretion, phase in the new child support award over a period of up to one year with the phasing in being largely evenly distributed with at least an initial immediate adjustment of not less than 25 percent of the difference and at least one intermediate adjustment prior to the final adjustment at the end of the phase-in period.

(k) **Modification.**

(1) Except as provided in paragraph (2) of this subsection, a parent shall not have the right to petition for modification of the child support award regardless of the length of time since the establishment of the child support award unless there is a substantial change in either parent's income and financial status or the needs of the child.

(2) No petition to modify child support may be filed by either parent within a period of two years from the date of the final order on a previous petition to modify by the same parent except when:

(A) A noncustodial parent has failed to exercise the court ordered ~~visitation~~ parenting time;

(B) A noncustodial parent has exercised a greater amount of ~~visitation~~ parenting time than was provided in the court order; or

(C) The motion to modify is based upon an involuntary loss of income as set forth in subsection (j) of this Code section.

(3)(A) If there is a difference of at least 15 percent but less than 30 percent between a new award and a Georgia child support order entered prior to January 1, 2007, the court may, at its discretion, phase in the new child support award over a period of up to one year with the phasing in being largely evenly distributed with at least an initial immediate adjustment of not less than 25 percent of the difference and at least one intermediate adjustment prior to the final adjustment at the end of the phase-in period.

(B) If there is a difference of 30 percent or more between a new award and a Georgia child support order entered prior to January 1, 2007, the court may, at its discretion, phase in the new child support award over a period of up to two years with the phasing in being largely evenly distributed with at least an initial immediate adjustment of not less than 25 percent of the difference and at least one intermediate adjustment prior to the final adjustment at the end of the phase-in period.

(C) All child support service's case reviews and modifications shall proceed and be governed by Code Section 19-11-12. Subsequent changes to the basic child support obligation table shall be a reason to request a review for modification from child support services to the extent that such changes are consistent with the requirements of Code Section 19-11-12.

(4) A petition for modification shall be filed under the same rules of procedure

applicable to divorce proceedings. The court may allow, upon motion, the temporary modification of a child support order pending the final trial on the petition. An order granting temporary modification shall be subject to revision by the court at any time before the final trial. A jury may be demanded on a petition for modification but the jury shall only be responsible for determining a parent's gross income and any deviations. In the hearing upon a petition for modification, testimony may be given and evidence introduced relative to the change of circumstances, income and financial status of either parent, or in the needs of the child. After hearing both parties and the evidence, the court may modify and revise the previous judgment, in accordance with the changed circumstances, income and financial status of either parent, or in the needs of the child, if such change or changes are satisfactorily proven so as to warrant the modification and revision and such modification and revisions are in the child's best interest. The court shall enter a written order specifying the basis for the modification, if any, and shall include all of the information set forth in paragraph (2) of subsection (c) of this Code section.

(5) In proceedings for the modification of a child support award pursuant to the provisions of this Code section, the court may award attorney's fees, costs, and expenses of litigation to the prevailing party as the interests of justice may require. When a custodial parent prevails in an upward modification of child support based upon the noncustodial parent's failure to be available and willing to exercise court ordered ~~visitation~~ parenting time, reasonable and necessary attorney's fees and expenses of litigation shall be awarded to the custodial parent.

(l) **Split parenting.** In cases of split parenting, a worksheet shall be prepared separately by each custodial parent for each child for whom such parent is the custodial parent, and that worksheet shall be filed with the clerk of court. For each split parenting custodial situation, the court shall determine:

(1) Which parent is the ~~obligor~~ noncustodial parent;

(2) The presumptive amount of child support;

(3) The actual award of child support, if different from the presumptive amount of child support;

(4) How and when the sum certain amount of child support owed shall be paid; and

(5) Any other child support responsibilities for each parent.

(m) **Worksheets.**

(1) Schedules and worksheets shall be prepared by the parties for purposes of calculating the amount of child support. In child support services cases in which neither parent prepared a worksheet, the court may rely on the worksheet prepared by child support services as a basis for its order. Information from the schedules shall be entered on the child support worksheet. The child support worksheets and any schedule that was prepared for the purpose of calculating the amount of child support shall be attached to the final court order or judgment; provided, however, that any order entered pursuant to Code Section 19-13-4 shall not be required to have such worksheets and schedules attached thereto.

(2) The child support worksheet and schedules shall be promulgated by the Georgia

Child Support Commission.

(n) **Child support obligation table.** The child support obligation table shall be proposed by the Georgia Child Support Commission and shall be as codified in subsection (o) of this Code section.

SECTION 1.

Article 1 of Chapter 6 of Title 15 of the Official Code of Georgia Annotated, relating to general provisions concerning superior courts, is amended by revising Code Section 15-6-29, relating to salary of judges, as follows:

(a) Except as provided for in subsection (b) of this Code section, the ~~The~~ annual salary of the judges of the superior courts shall be as provided in Code Section 45-7-4 and may be as provided in Code Section 15-6-29.1. The annual salary provided by Code Section 45-7-4 shall be paid by The Council of Superior Court Judges of Georgia in 12 equal monthly installments.

(b)(1) Each superior court judge in office on July 1, 2024, shall have the option to receive the annual salary provided by Code Section 45-7-4 and any locality pay provided for by Code Section 15-6-29.2. The option provided by this paragraph shall be exercised by such judge filing a written notification thereof with The Council of Superior Court Judges of Georgia and the governing authority of each county comprising the judge's judicial circuit. The failure to exercise the option shall be an election to continue to receive compensation as previously calculated and as outlined in paragraph (2) of this subsection, and until such option is exercised. The option exercised pursuant to this paragraph shall go into effect the next pay period at least five business days following the exercise of such option.

(2) To ensure that no superior court judges in office on July 1, 2024, have their salaries, allowance, or county salary supplements decreased during their terms of office, any superior court judge in office on July 1, 2024, who does not exercise the option provided by paragraph (1) of this subsection shall continue to be compensated in precisely the same manner as they were being compensated as of June 30, 2024, including, but not limited to, county supplements.

(c) The annual salary shall be the total compensation to be paid by the state to the superior court judges and shall be in lieu of any and all other amounts to be paid from The Council of Superior Court Judges of Georgia, except as provided in Code Sections 15-6-29.1, 15-6-29.2, 15-6-30, and 15-6-32.

Such salary supplement for such new judge shall be authorized by this subsection and no other legislation or local legislation shall be required in order to authorize such salary supplement, but nothing in this Code section shall be construed to prohibit the enactment of local legislation relating to such salary supplements. A publication of notice of intention to introduce local legislation as provided for in Code Section 28-1-14 shall be~~

~~required for any local legislation granting, changing the amount of, or removing a salary supplement; but no publication of notice of intention shall be required for a bill creating one or more new superior court judgeships.~~"

SECTION 2.

Said article is further amended in Code Section 15-6-29.1, relating to accountability court supplement and limitation, by repealing subsection (c) in its entirety.

SECTION 3.

Said article is further amended by adding a new Code section to read as follows:

"15-6-29.2.

(a) Except as provided for in subsection (b) of this Code section, on or after July 1, 2024, the county or counties comprising a judicial circuit may provide each judge of such circuit with locality pay which shall not exceed 10 percent of the state annual salary provided by Code Section 45-7-4 to such judge. All such locality pay shall be in lieu of and not in addition to any county salary supplements previously provided by the county or counties. All judges within a judicial circuit who elect to exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-6-29 shall receive equal locality pay from any given county within such circuit that has opted to provide such pay.

(b)(1) In no event shall the annual locality pay provided to a judge by the county or counties comprising a judicial circuit in aggregate exceed 10 percent of the state annual salary provided by Code Section 45-7-4 to such judge.

(2) In the event that the state annual salary provided by Code Section 45-7-4 to superior court judges exceeds $201,060.00, the maximum allowable amount of annual locality pay provided to a judge by the county or counties comprising a judicial circuit shall be capped at $20,106.00, and such cap shall be reduced in an amount equal to half of the percentage amount of such state annual salary increase above $201,060.00. The intent of this paragraph is to provide for a decrease in the maximum amount of allowable locality pay so that such maximum shall be decreased by an amount equal to 50 percent of an increase of the state annual salary provided by Code Section 45-7-4 to superior court judges beyond $201,060.00.

(c) When a new superior court judgeship is created by law for any judicial circuit, the new superior court judge shall upon taking office become entitled to and shall receive from the county or counties comprising the circuit the same locality pay, if any, then in effect for the other judge or judges of the judicial circuit. Such locality pay for such new judge shall be authorized by this subsection and no other legislation or local legislation shall be required to authorize such locality pay.

(d) Except as provided for in subsection (b) of Code Section 15-6-29 and subsection (e) of this Code section and notwithstanding any other provision of law to the contrary, on and after July 1, 2024, no county or counties comprising a judicial circuit shall provide county salary supplements to a superior court judge.

(e)(1) Nothing in subsection (d) of this Code section shall operate to prevent a county or counties comprising a judicial circuit from continuing to provide a local salary

supplement to the chief judge of the circuit that was otherwise authorized by law on June 30, 2024. On or after July 1, 2024, no local supplement for a chief judge shall be enacted or increased.

(2) For all judges who elect to exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-6-29, to the extent the aggregate salary provided for by subsection (a) of Code Section 15-6-29 and locality pay provided for by subsection (a) of this Code section to a particular judge do not equal or exceed that judge's aggregate salary and local supplement in effect at the time of the judge's exercise of such option, then the county or counties of the circuit shall pay an additional supplement in an amount equal to the difference between the aggregate salary and supplement in effect at the time of the judge's exercise of such option and the aggregate salary provided for by subsection (a) of Code Section 15-6-29 and locality pay provided for by subsection (a) of this Code section. When an additional supplement is required by this paragraph in a circuit consisting of more than one county, then each county shall pay such additional supplement in proportion to each county's contribution to the local supplement in effect at the time of the judge's exercise of the option to participate. In no event shall the additional supplement required by this paragraph result in a judge's aggregate salary that exceeds the aggregate salary and supplement existing at the time of a judge's exercise of such option.

(f) Nothing in subsection (d) of this Code section shall operate to prevent a county or counties comprising a judicial circuit from continuing to provide fringe benefits to any judge of a judicial circuit in the same manner that such benefits were provided on June 30, 2024.

(g) Nothing in this Code section or subsection (b) of Code Section 15-6-29 shall operate to alter, amend, contract, expand, extend, limit, modify, or terminate retirement benefits or rights thereto in existence prior to July 1, 2024. All judges who exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-6-29 shall have no right to any benefit existing at the time such option is exercised reduced. To the extent otherwise permitted by law, each county within a judicial circuit is authorized, but not required, to provide retirement benefits based upon the locality pay it provides pursuant to subsection (a) of this Code section."

After such date, the Speaker shall also receive as additional salary a sum equal to the amount of salary over $30,000.00 per annum which is received by the Lieutenant Governor as of that date or thereafter; and the salary of the Speaker shall be adjusted at the beginning

However, any increase for such officials shall not include within-grade step increases for which employees subject to compensation plans authorized and approved in accordance with Code Section 45-20-4 are eligible. Any increase granted pursuant to this subsection shall become effective at the same time that funds are made available for the increase for such employees, except increases for members and member-officers of the General Assembly. That portion of the increase determined by the Legislative Services Committee to reflect a cost-of-living increase based upon objective economic criteria shall become effective for members and member-officers at the same time that funds are made available for the increase for such employees. The balance of the increase for members and member-officers of the General Assembly shall become effective on the convening of the next General Assembly in January of the next odd-numbered year. The Office of Planning and Budget shall calculate the average percentage increase.

(c) The annual salary being received on June 30, 1980, shall be increased by 8 percent for each state official listed in subsection (a) of this Code section who:

(1) Is not a member of the General Assembly; and

"1-3-12.

(a)(1) Notwithstanding any provision of law to the contrary, as of July 1, 2024, all local laws and local ordinances or resolutions in effect as of such date that provide for a salary, supplement, or other compensation to be paid to a state, county, or local officer, official, or employee based on a percentage of, total compensation for, or similar mathematical relationship to a superior court judge's salary or supplement shall be suspended with respect to any salary, supplement, or other compensation increase during the term of such suspension as a matter of law.

(2) No change in the salary of a superior court judge shall result in a change in the calculation of any compensation to be paid by any county, municipality, consolidated, or other local government that may otherwise be required pursuant to a local law or local ordinance or resolution during the period of suspension provided for in paragraph (1) of this subsection. The provisions of this subsection do not repeal or amend any such local law or local ordinance or resolution, and the provisions of such local laws or local ordinances or resolutions related to calculating compensation shall be merely suspended and shall remain suspended until lifted or modified pursuant to subsection (b) or (c) of this Code section.

(b) As of July 1, 2025, the suspension provided for in subsection (a) of this Code section shall be terminated as to judges, but shall otherwise remain in place for all other officers, officials, and employees. Any salary or compensation change for judges that otherwise would have gone into effect between July 1, 2024, and June 30, 2025, by operation of a local law or local ordinance or resolution if such suspension did not occur shall go into effect for calculations of prospective salary or other compensation accrued on or after July 1, 2025. The termination of the suspension provided for in this subsection shall not entitle any person to retroactive compensation that he or she otherwise may have earned except for such suspension, and no such retroactive payments shall be made by any county, municipality, consolidated, or other local government.

(c)(1) Nothing in this Code section shall operate to prevent the General Assembly from repealing or amending, in whole or in part, any local law that is suspended pursuant to

subsection (a) of this Code section through the enactment of local legislation.
(2) Nothing in this Code section shall operate to prevent a county, municipality, consolidated, or other local government from enacting any salary or compensation changes for any state, county, or local officer, official, or employee that may otherwise be authorized by general or local law."

This Act shall become effective on July 1, 2024.

(2) In addition to the death benefits provided in paragraph (1) of this Code section, upon the death of any inactive member who would otherwise qualify to be carried upon the active membership rolls but for the fact that the member no longer holds the office of sheriff, any member who is receiving retirement benefits, or any member who is otherwise qualified to receive retirement benefits from this fund except that the member has not reached the age of 55 years or has not filed an application or has not been approved for retirement benefits, the sum of ~~$15,000.00~~ $25,000.00 shall be paid as additional death benefits to the surviving spouse of such member, if any, to the member's named beneficiary, if any, or to the member's estate, in that order. March 25, 2024

The Honorable John Carson, Chairman
House Retirement Committee
State Capitol, Room 401-E
Atlanta, GA 30334

SUBJECT: State Auditor's Certification
Substitute to Senate Bill 322 (LC 56 0207S)

Dear Chairman Carson:

This substitute bill would amend several provisions relating to the Sheriffs' Retirement Fund of Georgia. Specifically, this bill would (1) increase the cost to purchase creditable service from $37.50 per month of creditable service to $65 per month; (2) increase the monthly membership dues from $45 to $65; and (3) increase the death benefit from $15,000 to $25,000. Furthermore, this substitute bill would provide for the increase in fees collected on behalf of the Fund for each civil filing from $1 to $5.00.

This is to certify that the changes made in this substitute bill are nonfiscal amendments as defined in the Public Retirement System Standards Law. Therefore, the actuarial investigation and State Auditor's Certification for Senate Bill 322 (LC 56 0200S) is applicable for LC 56 0207S. A copy of the actuarial investigation and State Auditor's Summary for Senate Bill 322 (56 0200S) is attached.

Respectfully,
/s/ Greg S. Griffin

(d) The panel is authorized to determine:
(1) Whether a claimant qualified for compensation under this part; and
(2) The recommended amount of compensation, if any, with any such amount to be included in the board's transmittal provided for in subsection (b) of Code Section 28-5-115.

28-5-113.
(a) No claim for payment of compensation under this part shall be considered by the panel unless a notice of claim has been filed with the board within three years after the

date the claimant's eligibility has been established as set forth in paragraph (4) of subsection (a) of Code Section 28-5-112 or within three years of July 1, 2023, whichever occurs later.

(b) The panel shall provide forms to be used in filing a notice of claim and shall make them available for such purpose. The forms shall specify what evidence the panel will require in order to process a claim pursuant to subsections (a) and (b) of Code Section 28-5-112. Such information shall include documentation supporting a claimant's eligibility for compensation and showing of innocence. If a claim does not contain all information requested in the form, the panel shall contact the claimant to request this information, in writing, within 30 days of discovering the information is missing, and provide the claimant 60 days to supplement his or her claim.

(c) Once the panel is in receipt of all information requested under subsection (b) of this Code section, and if the panel determines the claimant is eligible under subsection (a) of Code Section 28-5-112 for consideration for compensation, the panel shall, within 90 days of receiving the notice of claim and requested information:

(1) Conduct a hearing if it determines a hearing is necessary to make a recommendation under this part; or

(2) Make a provisional judgment on the eligibility of the claimant and the recommended award and provide its provisional judgment to the claimant. Upon receiving notice of the panel's provisional judgment, the claimant shall have 14 days to request a hearing before the panel if the claimant wishes for further review of his or her claim. If the claimant requests a hearing under this paragraph, the panel shall conduct a hearing within 60 days.

(d) In the event a hearing is to be held, the claimant, the district attorney for the circuit in which the conviction occurred, and the Attorney General shall be notified of the date, time, and place of the hearing and shall be entitled to present evidence at such hearing.

(e) Proceedings before the panel shall be governed by rules established by the panel. A claimant may be represented by an attorney as he or she shall choose.

28-5-114.

(a) Upon determining a claimant meets the criteria of subsections (a) and (b) of Code Section 28-5-112, the panel shall recommend to the board that the claimant be awarded compensation for wrongful conviction and incarceration.

(b) In recommending compensation pursuant to subsection (a) of this Code section, the panel:

(1) May include $120,000.00 per year, but shall include no less than $60,000.00 per year, for each year of wrongful incarceration, provided that a prorated amount shall be allocated to any partial year served; and

(2) May include the claimant's incurred reasonable attorney's fees and other expenses in connection with all associated criminal and habeas corpus proceedings, obtaining the claimant's discharge from confinement, and filing of a claim for compensation under this part.

(c) In calculating time of incarceration, the panel shall only include time for the charge

for which the claimant is making a claim under this part consistent with the requirements of Code Section 17-10-11; provided, however, that a claimant shall not be entitled to compensation under this part for any portion of a sentence spent incarcerated during which the claimant was also serving a concurrent sentence of incarceration for another crime to which this part does not apply.

(d)(1) Any payment of compensation may be made to or for the benefit of the claimant; or in the case of the death of the claimant, to or for the benefit of one or more of the heirs at law of the claimant, or, if the claimant chooses, up to one other person who is not an heir at law as designated by the claimant.

(2) Payment of compensation shall be made in the form of cash.

(e) In recommending compensation pursuant to subsection (a) of this Code section, the panel shall strive for consistency between claimants.

(f) The dollar amounts specified in this Code section shall be adjusted annually by an amount calculated by multiplying such dollar amounts (as adjusted for the preceding year) by the annual percentage change in the consumer price index, or its successor or appropriate replacement index, if any, published by the United States Department of Labor for the preceding calendar year, commencing on July 1, 2023.

28-5-115.

(a) Within six months, or within a year if a hearing was held, of receiving the claimant's notice of claim and all information requested under subsection (b) of Code Section 28-5-113, the panel shall prepare a written recommendation to the board including:

(1) A statement of its findings as to whether the claimant has met the requirements of subsections (a) and (b) of Code Section 28-5-112;

(2) A statement explaining the panel's calculation of compensable time; and

(3) A statement detailing the amount and forms of compensation.

(b) The board shall adopt the recommendation of the panel as its own and upon adopting the recommendation of the panel shall transmit the recommendation and the statement of the panel to the Chief Justice of the Supreme Court of Georgia within seven days of receiving it from the panel.

(c) If the Chief Justice of the Supreme Court of Georgia receives the recommendation of the board on or before September 1, he or she shall include the compensation recommended by the board under this part in the amended budget for the Judicial Council of Georgia for the current fiscal year. If the Chief Justice of the Supreme Court of Georgia receives the recommendation of the board after September 1, he or she shall include the compensation recommended by the board under this part in the budget for the Judicial Council of Georgia for the next fiscal year.

(d) Any award of compensation made pursuant to this part shall not be:

(1) Subject to any monetary limitation of damages awarded in civil actions;

(2) Subject to any state income taxes; provided, however, that the award of attorney's fees shall be subject to taxation; or

(3) Offset by any expense incurred by this state or any political subdivision thereof related to the claimant's incarceration.

(e) The General Assembly waives sovereign immunity of this state for the purpose of authorizing payment of claims against this state pursuant to the authority of this part.
(f) No award of compensation pursuant to this part shall be disbursed to a claimant who had his or her judgment of conviction reversed or vacated, or was granted a new trial, and had the indictment or accusation dismissed or nolle prossed until the time period set forth in Code Section 17-3-3 has lapsed or the prosecutor has affirmatively declined further prosecution.

28-5-116.
(a) If, at the time a claim is made under this part to the panel, the claimant has won a monetary award against the state or any political subdivision thereof in the final judgment of a civil action related to the wrongful conviction or has entered into a settlement agreement with the state or any political subdivision thereof related to the wrongful conviction, the amount of the award in the action or the amount received in the settlement agreement, less any sums paid to attorneys for costs in litigating other civil action or obtaining the settlement agreement, shall be deducted from the sum of money to which the panel shall usually recommend under this part.
(b) If, after the time a claim is made under this part to the panel, the claimant wins a monetary award against the state or any political subdivision thereof in the final judgment of a civil action related to the wrongful conviction, the court shall deduct from such monetary award an amount equal to the sum of money awarded under this part as compensation for wrongful conviction, less any sums paid to attorneys or for costs in litigating other civil action or obtaining the settlement agreement."

The agency shall consider fully all written and oral submissions respecting the proposed rule. Upon adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for and against its adoption and incorporate therein its reason for overruling the consideration urged against its adoption;

(3) In the formulation and adoption of any rule which will have an economic impact on businesses in the state, reduce the economic impact of the rule on small businesses which are independently owned and operated, are not dominant in their field, and employ ~~100~~ 300 employees or ~~less~~ fewer by implementing one or more of the following actions when it is legal and feasible in meeting the stated objectives of the statutes which are the basis of the proposed rule:

(A) Absent the showing of a compelling state interest, not impose any annual filing or reporting requirements on an organization regulated or specifically exempted from regulation under Chapter 17 of Title 43, the 'Georgia Charitable Solicitations Act of 1988,' that are more burdensome than the requirements authorized by applicable law, and any such filing or reporting requirements shall be narrowly tailored to achieve such compelling state interest. The requirements of this subparagraph shall not apply to the state's direct spending programs; and

SUBJECT: Fiscal Note
House Bill 1021 (LC 50 0661)

Dear Chairman Blackmon:

The bill would increase the personal income tax exemption for each dependent from $3,000 to $4,000. The effective date of the bill is July 1, 2024, and the change will apply to taxable years beginning on or after January 1, 2024.

Impact on State Revenue
Georgia State University's Fiscal Research Center (FRC) estimated that the bill would decrease state revenue as shown in **Table 1.** FRC estimated the impact at two personal income tax rates—5.49% (current law) and 5.39% (proposed law and OPB budget projections). Neither estimate includes the possible 0.1% rate reductions that could occur in future years if certain conditions are met.

Due to an expected implementation date in late FY 2024, the revenue impact in FY 2024

is lower than a 12-month period and the impact in FY 2025 is higher than a 12-month period. The appendix provides details of the analysis.

Table 1. Estimated State Revenue Effects of HB 1021 LC 50 0661

($ *millions*)	**FY 2024**	**FY 2025**	**FY 2026**	**FY 2027**	**FY 2028**	**FY 2029**
Cost at 5.49%	($19.7)	($152.8)	($118.8)	($119.1)	($119.3)	($119.6)
Cost at 5.39%	($19.3)	($150.1)	($116.6)	($116.9)	($117.1)	($117.4)

Impact on State Expenditures
The Department of Revenue would be able to implement the provisions of the bill with existing resources.

Respectfully,

Analysis by the Fiscal Research Center

Under current law, taxpayers are afforded a $3,000 per dependent exemption against their taxable income, and HB 1021 proposes to increase that amount to $4,000. A microsimulation model on the tax year (TY) 2021 data was used to model the difference between current-law (TY 2024) tax liabilities and those under the proposed law. The microsimulation indicated that if the TY 2024 tax structure and rate were in place during TY 2021, a $1,000 increase in the personal exemption for dependents would have effectively reduced income tax collections by $117.3 million.

The amount of exempted income and reduction of income tax revenues are assumed to grow based on the population of dependent children. U.S. Census population estimates for children aged 0–19 were used to estimate growth between 2021 and 2022. The Office of Planning and Budget's population projections (vintage 2023) for the same ages were used to grow this revenue impact through TY 2029. Based on these data and projections, the population of dependent children is expected to grow by .3 percent on average from 2021 through 2029, with slower growth in earlier years and increasing expected growth after 2023.

Under current law, the flat tax rate of 5.49 percent is in effect beginning for TY 2024, with scheduled decreases of 0.1 percent each year, if certain look-forward and look-back conditions are met. Given the uncertainty of the conditions being met for any given year, Table 2 below provides tax year revenue effects assuming a constant 5.49 percent rate. However, given that budget projections assume enactment of the proposed 0.1 percent rate reduction effective January 1, 2024, the table also provides estimates assuming a constant 5.39 percent tax rate. Further rate reductions, if triggered, would further reduce the revenue cost of the dependent exemption increase from the period such reduction is

effective.

Table 2. Estimated Reduction in Tax Revenues TY 2024–29

($ *millions*)	**TY 2024**	**TY 2025**	**TY 2026**	**TY 2027**	**TY 2028**	**TY2029**
Cost at 5.49%	($118.2)	($118.6)	($119.0)	($119.2)	($119.4)	($119.9)
Cost at 5.39%	($116.0)	($116.5)	($116.8)	($117.0)	($117.2)	($117.7)

The tax year estimates in Table 2 are converted to fiscal year revenue impacts for Table 1 under the assumption that the impact on collections would be primarily through withholding. TY 2024 reductions would impact withholding upon passage with 16.6 percent impacting FY 2024 revenues and the remainder impacting FY 2025 assuming withholding is adjusted effective May 1, 2024. The amount of the revenue impact realized in FY24 depends on the timing of enactment and implementation of new withholding table, an earlier implementation increasing the FY24 impact and reducing that of FY25, and vice versa for a later implementation. After this initial year approximately 46 percent of a current year effect is assumed to be realized in the same Fiscal Year with the balance falling in the following.

The report of the committee, which was favorable to the passage of the bill, was agreed to.

On the passage of the bill, a roll call was taken, and the vote was as follows:

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that there presently exists a crisis affecting the provision and quality of mental health care services in this state. Hospitals and other health care providers in this state are having increasing difficulty in employing providers, in part due to liability exposure. The result of this crisis is the potential for a diminution of the availability of access to mental health care services and a resulting adverse impact on the health and well-being of the citizens of this state.

SECTION 2.

Chapter 1 of Title 51 of the Official Code of Georgia Annotated, relating to general provisions relative to torts, is amended by adding a new Code section to read as follows:

damages as the result of the bodily injury or death of a single person are considered a single claimant.

(2) 'Inpatient' means:

(A) A person who is not an outpatient that has been admitted to a mental health care facility for a short-term or long-term stay:

(iii) Due to being unable to care for his or her own physical health and safety so as to create a life-endangering crisis.

(3) 'Mental health care' means any care, treatment, service, or procedure to maintain, diagnose, treat, or provide for an individual's mental or emotional illness, developmental disability, or addictive disease.

(4) 'Mental health care facility' means any psychiatric or substance abuse program, any contracted beds program that primarily serves at least 50 percent Georgia Medicaid and uninsured inpatient patients, any entity that contracts with the Department of Human Services to provide mental health care for foster children who are in the custody of the Department of Human Services and have been determined by the Department of Human Services to be in need of mental health care, or any entity primarily engaged in providing mental health care to inpatient patients; provided, however, that any such program or entity:

standards of mental health care to a claimant that is an inpatient and such departure from standards proximately results in injury to or death of a claimant while in a mental health care facility; provided, however, this term shall not be construed to include a cause of action for injuries arising from criminal acts resulting from negligent hiring or retention by a mental health care facility.

(6) 'Mental health care professional' means any person administering mental health care who is licensed, certified, or otherwise authorized or permitted by law in this state to administer mental health care in the ordinary course of business or the practice of a profession, including, but not limited to:

SUBJECT: Fiscal Note
House Bill 82 (LC 43 2749S)

Dear Chairman Hufstetler:

The bill would replace the existing rural physician tax credit with a new credit for rural health care professionals. The rural physician credit would no longer be open to new qualifications after May 15, 2023. Effective on that date, the new credit would allow physicians and dentists to qualify, redefines eligible counties to those with fewer than 50,000 residents, and would be capped at $2 million annually, allowed on a first-come, first-served basis. The annual credit amount remains at $5,000 andmay still be earned for up to five years. The new credit is nonrefundable and may not be carried forward.

Impact on State Revenue
Georgia State University's Fiscal Research Center (FRC) estimated that the bill would impact revenue asshown in Table 1. The appendix provides details of the analysis.

Table 1. Estimated State Revenue Effects of LC 43 2749S

($ *millions*)	**FY 2024**	**FY 2025**	**FY 2026**	**FY 2027**	**FY 2028**
State Revenue Effect	$0.1	($0.1)	($0.2)	($0.4)	($0.5)

Impact on State Expenditures
The Department of Revenue would be able to implement provisions of the bill with existing resources.The agency noted that changes to its information system would require 12 weeks, equating to approximately $117,000 of staff time.

Analysis by the Fiscal Research Center

Summary
The subject bill proposes to repeal and replace the existing rural physician tax credit (RPTC). EffectiveMay 15, 2023, no person may qualify anew as a rural physician under O.C.G.A §48-7-29, though thosequalified on or before that date will remain eligible for credits under the terms and subject to the conditions of that code section until it is repealed

in full on December 31, 2028.

Effective May 15, 2023, the bill proposes to create a new rural health care professional credit (RHPC)under O.C.G.A §48-7-29.26 as follows:

- In addition to medical doctors eligible for the current-law credit, dentists licensed to practice inGeorgia may qualify for the new credit.
- A rural health care professional, for purposes of the new credit, must both practice and reside ina rural county, whereas a rural physician under current law may reside in any county that is contiguous to the rural county where they practice.
- The definition of a rural county will change from having a population density of fewer than 65 persons per square mile in the 1990 census under current law to having fewer than 50,000 totalresidents in the 2020 census for purposes of the new credit. This definitional change increases the number of rural counties from 101, under RPTC, to 117 for the new credit.
- No rural healthcare professional who as of May 15, 2023, is currently practicing, or who in thelatest three years has practiced, in a rural county will be eligible for the proposed credit. A similar provision applied to the rural physician credit, but with a cut-off date of July 1, 1995.
- The proposed credit will be subject to a $2 million annual cap, allowed on a first come, firstserved basis.

The annual credit amount remains at $5,000, earnable for up to five years but prorated in the first yearbased on the months remaining from the date of qualification (for anyone qualifying for only a partial credit the first year, credits continue to be earned, if still qualified, in a partial sixth year). Also like the current-law credit, the new credit is nonrefundable and may not be carried forward. No person may claim both credits for the same year, nor may any person claim either credit for more than five years combined.

Analysis
Department of Revenue (DOR) data indicate that approximately $1.07 million of RPTC's were claimed on Georgia tax returns for tax year (TY) 2020. This amount is projected forward, based on historical data beginning TY 2015, at an annual growth rate of approximately 1.6 percent to estimate the current-law baseline tax expenditures for TY's 2023-28, as shown in Table 2 below.

Because RPTC are taken for five years and physicians can qualify through May 15, 2023, tax expenditures for the RPTC will wind down gradually under the proposed law before reaching zero forTY 2028. We project the proforma RPTC tax expenditures through TY 2028 as follows:

- Newly qualified rural physicians are assumed to qualify ratably over the year, so the

2023 cohort for purposes of the old credit under the proposed law is reduced to approximately 46 percent of its size under current law.

- The rural physicians earning a credit in TY 2022 are assumed to include equally sized cohorts in the first through fifth year of credit eligibility, so one fifth will age out of eligibility in each year starting TY 2023. The partial-year cohort entering in 2023 will earn their final credits in TY 2027.

Estimates for the proposed RHPC are based on the following data and assumptions:

- The 1990 and 2020 Census, along with data from the Georgia Board of Healthcare Workforce, indicate that during 2020 41 percent more doctors worked in counties with populations of less than 50,000 than counties with less than 65 persons per square mile on the 1990 Census. Thus, cohort sizes of physicians qualifying for the RHPC are assumed to be 41 percent larger each year than the trend implied by the existing RPTC.
- Also based on these data, there were approximately 577 dentists practicing in counties with less than 50,000 people in 2020, approximately 26 percent of the number of physicians practicing in those same counties.
- Based on the change in eligible counties and the addition of dentists to those qualifying for RHPC's, annual cohorts under the proposed law are estimated to be 78 percent larger than under the RPTC baseline.
- Because RHPC's are prorated for partial years. Credits earned during TY 2023 are assumed to be $1,354 on average and all initial year credits earned after 2023 are assumed to be $2,500 with full year credits of $5,000.
- Data limitations do not permit accounting for professionals practicing in a rural county while residing in a non-rural but rural-contiguous county under the old law, though the somewhat more stringent requirement under the new law may tend to decrease the number of eligible professionals and thus the amount of credits.

Table two summarizes the baseline of expected RPTC's, the winding down of RPTC's under the proposed law, and the initial ramp-up of the proposed RHCPC for TY2023-28 based on the data and assumptions described above. Credits taken during a tax year are assumed to impact state revenues at the time of filing of returns, thus in the fiscal year beginning July 1 of the given tax year. Resulting net state revenue effects for FY 2024-28 are provided in Table 1.

The Senate Committee on Finance offered the following substitute to HB 82:

A public contractor who introduces hazardous materials into the workplace shall agree, and include a statement, in all bids, agreements, contracts, or other ~~instrument~~ instruments to the effect that such contractor shall be responsible for compliance with the provisions of this chapter for persons employed by such contractor utilized under such contract. Any such public contractor who introduces hazardous chemicals into the workplace shall provide ~~material~~ safety data sheets for such chemicals to all employees using ~~them~~ such hazardous chemicals and instruction in handling, emergency procedures, and disposal prior to introducing such hazardous chemicals. This Code section shall not be construed to place responsibility on any person, firm, or corporation other than public contractors."

SECTION 18.

Said chapter is further amended by revising Code Section 45-22-7, relating to material safety data sheets, notice to employees, and rights of employees, as follows:

"45-22-7.

(a) The manufacturer, importer, or distributor of any hazardous chemical shall prepare a ~~material~~ safety data sheet which, to the best knowledge of the manufacturer, importer, or distributor, is current, accurate, and complete, based on information then reasonably available to the manufacturer, importer, or distributor, and provide a copy of the ~~material~~ safety data sheet to employers who purchase such hazardous chemicals ~~and an electronic copy to the department annually~~ in a written or electronic format. Such safety data sheet shall be maintained by the employer for a period of not less than three years.

(b) Any person who produces a mixture may, for the purposes of this Code section, prepare and use a mixture ~~material~~ safety data sheet, subject to the provisions of subsection (j) of this Code section.

(c) A manufacturer, importer, distributor, or employer may provide the information required by this Code section on an entire mixture, instead of on each hazardous chemical in it, when all of the following conditions exist:

(1) Toxicity test information exists on the mixture itself or adequate information exists to form a valid judgment of the hazardous properties of the mixture itself and the ~~material~~ safety data sheet indicates that the information presented and the conclusions drawn are from some source other than direct test data on the mixture itself, and that a ~~material~~ safety data sheet on each constituent hazardous chemical identified on the ~~material~~ safety data sheet is available upon request;

(2) Provision of information on the mixture will be as effective in protecting employee health as information on the ingredients;

(3) The hazardous chemicals in the mixture are identified on the ~~material~~ safety data sheet unless it is unfeasible to describe all the ingredients in the mixture, provided that the reason why the hazardous chemicals in the mixture are not identified shall be stated on the ~~material~~ safety data sheet; and

(4) A single mixture ~~material~~ safety data sheet may be provided for more than one formulation of a product mixture if the information provided does not vary for the formulation.

(d) A manufacturer, importer, or distributor who is responsible for preparing and transmitting a ~~material~~ safety data sheet under the provisions of this Code section shall revise such ~~material~~ safety data sheet on a timely basis, as appropriate to the importance of any new information which would affect the contents of the existing ~~material~~ safety data sheet, and in any event within three months of such information becoming available to the manufacturer, importer, or distributor. Each such manufacturer, importer, or distributor shall provide a copy of the ~~material~~ safety data sheet to employers who have purchased such hazardous chemicals ~~and an electronic copy to the department~~ in a written or electronic format. Such safety data sheet shall be maintained by the employer for a period of not less than three years.

(e) Any person subject to the provisions of this Code section shall be relieved of the obligation to provide a direct purchaser of a hazardous chemical with a ~~material~~ safety data sheet if:

(1) He or she has a record of having provided the direct purchaser with the most recent

version of the ~~material~~ safety data sheet;

(2) The chemical is labeled pursuant to:

(A) The federal Atomic Energy Act; or

(B) The federal Resource Conservation and Recovery Act; or

(3) The article is one sold at retail and is incidentally sold to an employer or the employer's employees in the same form, approximate amount, concentration, and manner as it is sold to consumers, and, to the seller's knowledge, employee exposure to the article is not significantly greater than the consumer exposure occurring during the principal consumer use of the article.

(f) If an employer is not supplied with a ~~material~~ safety data sheet by a manufacturer, importer, or distributor for a hazardous chemical subject to this Code section, such employer shall, within a reasonable amount of time after discovering that a ~~material~~ safety data sheet has not been supplied, use diligent efforts to obtain such ~~material~~ safety data sheet from the manufacturer, importer, or distributor. For purposes of this ~~subsection~~ Code section, 'diligent efforts' means a prompt inquiry by the employer to the manufacturer, importer, or distributor of the hazardous chemicals; provided, however, that an independent contractor or subcontractor shall be responsible for obtaining the ~~material~~ safety data sheet for his or her employees in the workplace of another.

~~(g)~~ If after having used diligent efforts, an employer still fails to obtain a ~~material~~ safety data sheet, such employer shall notify the department of the employer's inability to obtain such ~~material~~ safety data sheet.

(g) The department shall be authorized to punish any manufacturer, importer, or distributor of a hazardous chemical that violates this Code section by imposition of a monetary penalty not to exceed $1,000.00 for each day that such manufacturer, importer, or distributor of a hazardous chemical subject to this Code section has not provided the employer with the safety data sheet.

(h) An employer who has used diligent efforts and who has made a documented notification to the department pursuant to this Code section shall not be found in violation of this Code section with respect to the ~~material~~ safety data sheet which was not supplied by the manufacturer, importer, or distributor as required by this Code section.

(i) Every employer who manufactures, produces, uses, applies, or stores hazardous chemicals in the workplace shall post a notice ~~as prescribed by rule or regulation promulgated by the department~~ in a place where notices are normally posted, informing employees of their rights under this chapter.

(j) Every employer who manufactures, produces, uses, applies, or stores hazardous chemicals in the workplace shall maintain a ~~material~~ safety data sheet for each hazardous chemical which is present in such workplace. All ~~material~~ safety data sheets shall be readily available in the workplace in a written or electronic format; provided, however, that employers who maintain one or more work areas which are not fixed at specific geographic locations shall be authorized to maintain ~~material~~ safety data sheets for each hazardous chemical used in such work area at a central location.

(k)(1) A ~~material~~ safety data sheet may be kept in any form, including operations procedures, and may be designed to cover groups of hazardous chemicals in a work

area where it may be appropriate to address the hazards of a process rather than individual hazardous chemicals. The employer shall ensure that in all cases the required information is provided for each hazardous chemical, and is readily accessible during each workshift to employees when they are in their work area; provided, however, that employers who maintain one or more work areas which are not fixed at specific geographic locations shall be authorized to maintain ~~material~~ safety data sheets for each hazardous chemical used in such work area at a central location.

(2) Any employee may request in writing and shall have the right to examine and obtain the ~~material~~ safety data sheets for the hazardous chemicals to which he or she is, has been, or may be exposed. The employer shall provide any ~~material~~ safety data sheet within its possession within five of the requesting employee's working days, subject to the provisions of subsection ~~(g)~~ (f) of this Code section. The employer may adopt reasonable procedures for acting upon such requests to avoid interruption of normal work operations.

(3) An independent contractor or subcontractor working in the workplace of another employer may request in writing and shall have the right to examine the ~~material~~ safety data sheets for the hazardous chemicals to which such contractor, subcontractor, or employees thereof are, have been, or may be exposed. The employer shall provide any ~~material~~ safety data sheet within its possession within five of the requesting independent contractor's or subcontractor's working days, subject to the provisions of subsection ~~(g)~~ (f) of this Code section. The employer may adopt reasonable procedures for acting upon such requests to avoid interruption of normal work operations.

(4) If an employee who has requested a ~~material~~ safety data sheet pursuant to this chapter has not received such ~~material~~ safety data sheet within five of the requesting employee's working days, subject to the provisions of subsection ~~(g)~~ (f) of this Code section, that employee may refuse to work with the chemical for which he or she has requested the ~~material~~ safety data sheet until such ~~material~~ safety data sheet is provided by the employer; provided, however, that nothing contained in this paragraph shall be construed to permit any employee to refuse to perform essential services, as such term is defined by rule or regulation; provided, further, that nothing in this paragraph shall be construed to interfere with the right of the employer to transfer an employee who so refuses to work to other duties until such ~~material~~ safety data sheet is provided~~,~~ and such a transfer shall not ~~to~~ be considered ~~as~~ a discriminatory act under Code Section 45-22-10. No pay, position, seniority, or other benefits shall be lost for exercise of any right provided by this chapter as a result of such a transfer.

(l) No employer shall discharge or otherwise discriminate against an employee for the employee's assertion of the employee's rights under this chapter.

(m) For ~~the~~ purposes of this Code section, an employer, independent contractor, or subcontractor shall maintain ~~material~~ safety data sheets for their own workplaces only; provided, however, that employees of such independent contractor or subcontractor, insofar as they are exposed in the course of their employment to hazardous chemicals in other workplaces, shall have the right to examine ~~material~~ safety data sheets for those chemicals to which they are exposed from the workplace employer through a written

request to their own employer as provided in paragraph (2) of subsection (k) of this Code section. Nothing contained in this chapter shall be construed to require an employer to conduct studies to develop new information."

SECTION 19.

Said chapter is further amended in Code Section 45-22-8, relating to information and training standards, by revising subsections (a) and (b) as follows:

"(a) Each employer shall be required to comply with the minimum information standards set forth in this subsection. Each employee shall be informed of:

(1) The requirements of this Code section;

(2) What a ~~material~~ safety data sheet is and the contents of the ~~material~~ safety data sheet for any hazardous chemical to which he or she is exposed, or equivalent information, either in written form or through training programs;

(3) Any operations in his or her work area where hazardous chemicals are present;

(4) The location and availability of training programs;

(5) His or her right to receive information regarding hazardous chemicals to which he or she may be exposed;

(6) His or her right for his or her physician to receive information regarding hazardous chemicals to which the employee may be exposed; and

(7) His or her right against discharge or other discrimination due to the employee's exercise of the rights provided by this chapter.

(b) In addition to providing the information required by subsection (a) of this Code section, each employer shall be required to provide a training program for all employees who are exposed to hazardous chemicals in the normal course of their employment. When training employees who are exposed to hazardous chemicals, the employer shall explain any physical or health hazards associated with the use of the chemical or mixture; proper precautions for handling, necessary personal protective equipment, or other safety precautions necessary to prevent or minimize exposure to the hazardous chemical; methods of observation that may be used to detect the presence or release of a hazardous chemical in a work area, including, but not limited to, spot check monitoring, continuous monitoring, or methods of visual or olfactory detection; the labeling system and the ~~material~~ safety data sheet~~,~~ and how employees can obtain and use the appropriate hazard information; and emergency procedures for spills, fire, disposal, and first aid. This information may relate to an entire class of hazardous chemicals to the extent appropriate and related to the job. Whenever any employer receives a new or revised ~~material~~ safety data sheet, such information shall be provided to employees on a timely basis not to exceed 30 days after receipt, if the new information indicates significantly increased risks to or measures necessary to protect employee health as compared to those stated on a ~~material~~ safety data sheet previously provided."

SECTION 20.

Said chapter is further amended by revising Code Section 45-22-9, relating to publication by employers of list of hazardous chemicals in workplace, as follows:

"45-22-9.

Each employer shall publish, ~~On and after July 1, 1989, each employer shall publish in print or electronically~~ in January and July of each year, a list of hazardous chemicals that its employees use or are exposed to in the workplace. Such list shall be in written or electronic format and available for public inspection at the workplace office. A comprehensive list of all hazardous chemicals used by the employer shall also be available for public inspection at the employer's state headquarters."

SECTION 1-4.

Said title is further amended in Code Section 43-1-19, relating to a professional licensing board's authority to refuse, grant, revoke, and reinstate licenses, surrender of licenses, and probationary licenses, by revising subsection (q) as follows:

"(q)(1) Notwithstanding ~~paragraphs~~ paragraph (3) ~~and (4)~~ of subsection (a) of this Code section or any other provision of law, ~~and unless~~ the professional licensing board shall refuse to grant a license to an individual or shall revoke a license only if a felony or ~~crime involving moral turpitude~~ covered misdemeanor directly relates to the occupation for which the license is sought or held and granting the license would pose a direct and substantial risk to public safety because the individual has not been rehabilitated to safely perform the duties and responsibilities of such occupation, after considering the criteria in paragraph (2) of this subsection. Without finding a direct and substantial risk to public safety and a direct relationship between the conviction and the licensed occupation, no professional licensing board shall refuse to grant a license to an applicant therefor or shall revoke the license of an individual licensed by that board due solely or in part to such applicant's or licensee's:

(A) Conviction of any felony or any ~~crime involving moral turpitude~~ covered misdemeanor, whether it occurred in the courts of this state or any other state, territory, or country or in the courts of the United States;

(2) In determining if a felony or ~~crime involving moral turpitude~~ covered misdemeanor directly relates to the occupation for which the license is sought or held, the professional licensing board shall consider:

(A) The nature and seriousness of such felony or ~~crime involving moral turpitude~~ covered misdemeanor and the direct relationship of ~~such felony or crime involving moral turpitude~~ the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(B) The age of the individual at the time such felony or ~~crime involving moral turpitude~~ covered misdemeanor was committed;

(C) The length of time elapsed since such felony or ~~crime involving moral turpitude~~ covered misdemeanor was committed;

(D) All circumstances relative to such felony or ~~crime involving moral turpitude~~ covered misdemeanor, including, but not limited to, mitigating circumstances or social conditions surrounding the commission of such felony or ~~crime involving moral turpitude~~ covered misdemeanor; and

(E) Evidence of rehabilitation and present fitness to perform the duties of the occupation for which the license is sought or held~~.~~, including, but not limited to:

(ix) Whether a bond is required to practice the occupation;

(x) Any affidavits or other written documents, including, but not limited to, character references; and

(xi) Any other information regarding rehabilitation the individual submits to the board.

(3) In determining whether to deny, diminish, limit, suspect, revoke, refuse to renew, or otherwise withhold a license, the professional licensing board shall not consider nor require an individual to disclose:

(A) A deferred adjudication, first offender treatment, participation in a diversion program, a conditional discharge, or an arrest not followed by a conviction;

(B) A conviction for which no sentence of incarceration can be imposed;

(C) A conviction that has been restricted, sealed, annulled, dismissed, vacated, or pardoned;

(D) A juvenile adjudication;

(E) A misdemeanor conviction older than five years, unless the offense of conviction is listed in subparagraph (j)(4)(B) of Code Section 35-3-37; or

(F) A conviction older than five years for which the individual was not incarcerated, or a conviction for which the individual's incarceration ended more than five years before the date of the board's consideration, except for a felony conviction related to:

(i) A criminal sexual act;

(ii) Criminal fraud or embezzlement;

(iii) Aggravated assault;

(iv) Aggravated robbery;

(4) Notwithstanding any other provision of law, no professional licensing board may apply a vague character standard to licensure decisions or predeterminations, including, but not limited to, 'good moral character,' 'moral turpitude,' or 'character and fitness.'

(5) Notwithstanding any other provision of law, a professional licensing board shall provide individualized consideration of an individual's criminal record and shall not automatically deny licensure on the basis of the individual's criminal record.

(6)(A) If an applicant's criminal record includes issues that will or may prevent the board from issuing a license to the applicant, the board shall notify the applicant, in writing, of the specific issues in sufficient time for the applicant to provide additional documentation supporting the application before the board's final decision to deny the application. After receiving notice of any potential issue with licensure due to his or her criminal convictions, an applicant shall have 30 days to respond by correcting any inaccuracy in the criminal record or by submitting additional evidence of mitigation or rehabilitation for the board's consideration, or both.

(B) For the professional licensing board to deny a license on the basis of the applicant's criminal convictions, the board shall first provide an opportunity for a hearing for such applicant in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The applicant shall have the opportunity at such hearing to present the written or oral testimony of character witnesses, including, but not limited to, family members, friends, prospective employers, probation or parole

officers, and rehabilitation counselors. The professional licensing board shall issue a decision within 60 days of the complete submission of the issues for consideration or the hearing, whichever is later.

(C) The professional licensing board shall have the burden of justifying by clear and convincing evidence, after a hearing, that an applicant's criminal record supports any adverse licensing decision. If the board denies an applicant a license by reason of the applicant's criminal record, the board shall:

(i) Make written findings specifying any of the applicant's convictions and the factors provided for in subparagraph (A) of paragraph (2) of this subsection the board deemed directly relevant and explaining the basis and rationale for the denial. Such written findings shall be signed by the board's presiding officer and shall note the applicant's right to appeal and explain the applicant's ability to reapply. No applicant shall be restricted from reapplying for licensure for more than two years from the date of the most recent application;

(ii) Provide or serve a signed copy of the written findings to the applicant within 60 days of the denial; and

(iii) Retain a signed copy of the written findings for no less than five years.

(D) The denial of a license in part or in whole because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a license, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the occupation for which the license is sought.

(7)(A) Notwithstanding any other provision of law, an individual with a criminal record may petition a professional licensing board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether such individual's criminal record will disqualify him or her from obtaining a license.

(B) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses provided for in paragraph (3) of this subsection. Such petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.

(C) In considering predetermination petitions, the professional licensing board shall apply the direct relationship standard provided for in paragraphs (1) and (2) of this subsection and shall not consider any offenses falling under paragraph (3) of this subsection. The board shall support any adverse predetermination with clear and convincing evidence.

(D) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the professional licensing board only if the petitioner applies for licensure, fulfills all other requirements for the occupational license, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(E) If a petitioner's criminal record includes matters that may disqualify the petitioner

from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(H) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation.

(8) Each professional licensing board shall include in its application for licensure and on its public website all of the following information:

(A) Whether the board requires applicants to consent to a criminal record check;

In determining if a conviction directly relates to the occupation for which the license is sought or held, the medical board shall consider:

(1) The nature and seriousness of the offense and the direct relationship of the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(2) The age of the individual at the time the offense was committed;

(3) The length of time elapsed since the offense was committed;

(6) In determining whether to terminate and revoke a license, the board shall not consider nor require an individual to disclose:
(A) A deferred adjudication, first offender treatment, participation in a diversion program, a conditional discharge, or an arrest not followed by a conviction;
(B) A conviction for which no sentence of incarceration can be imposed;
(C) A conviction that has been restricted, sealed, annulled, dismissed, vacated, or pardoned;
(D) A juvenile adjudication;
(E) A misdemeanor conviction older than five years, unless the offense of conviction is listed in subparagraph (j)(4)(B) of Code Section 35-3-37; or

(a.2)(1) Notwithstanding any other provision of law, an individual with a criminal record may petition the board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether the individual's criminal record will disqualify him or her from obtaining a license.

(2) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under paragraph (a.1)(6) of this Code section. The petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.

(3) In considering predetermination petitions, the professional licensing board shall apply the direct relationship standard in subsection (a.1) of this subsection and shall not

consider any offenses falling under paragraph (a.1)(6) of this Code section. The board shall support any adverse predetermination with clear and convincing evidence.

(4) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the board only if the petitioner applies for licensure, fulfills all other requirements for the occupational license, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(5) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(6) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to include character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors, who may offer their verbal or written support. The board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(7) If the board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(A) The grounds and rationale for the predetermination, including any of the petitioner's specific convictions and the factors provided for in subsection (a.2) of this Code section the board deemed directly relevant;

(B) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(C) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(8) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

SECTION 1-4.

Said title is further amended in Code Section 43-1-19, relating to a professional licensing board's authority to refuse, grant, revoke, and reinstate licenses, surrender of licenses, and probationary licenses, by revising subsection (q) as follows:

"(q)(1) Notwithstanding ~~paragraphs~~ paragraph (3) ~~and (4)~~ of subsection (a) of this Code section or any other provision of law, ~~and unless~~ the professional licensing board shall refuse to grant a license to an individual or shall revoke a license only if a felony or ~~crime involving moral turpitude~~ covered misdemeanor directly relates to the occupation for which the license is sought or held and granting the license would pose a direct and substantial risk to public safety because the individual has not been rehabilitated to safely perform the duties and responsibilities of such occupation, after considering the criteria in paragraph (2) of this subsection. Without finding a direct and substantial risk to public safety and a direct relationship between the conviction and the licensed occupation, no professional licensing board shall refuse to grant a license to an applicant therefor or shall revoke the license of an individual licensed by that board due solely or in part to such applicant's or licensee's:

(A) Conviction of any felony or any ~~crime involving moral turpitude~~ covered

(2) In determining if a felony or ~~crime involving moral turpitude~~ covered misdemeanor directly relates to the occupation for which the license is sought or held, the professional licensing board shall consider:

(A) The nature and seriousness of such felony or ~~crime involving moral turpitude~~ covered misdemeanor and the direct relationship of ~~such felony or crime involving moral turpitude~~ the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(B) The age of the individual at the time such felony or ~~crime involving moral turpitude~~ covered misdemeanor was committed;

(C) The length of time elapsed since such felony or ~~crime involving moral turpitude~~ covered misdemeanor was committed;

(D) All circumstances relative to such felony or ~~crime involving moral turpitude~~ covered misdemeanor, including, but not limited to, mitigating circumstances or social conditions surrounding the commission of such felony or ~~crime involving moral turpitude~~ covered misdemeanor; and

(E) Evidence of rehabilitation and present fitness to perform the duties of the occupation for which the license is sought or held~~.~~, including, but not limited to:

(vii) Employment aspirations;

(viii) The individual's current family or community responsibilities, or both;

(ix) Whether a bond is required to practice the occupation;

(x) Any affidavits or other written documents, including, but not limited to, character references; and

(xi) Any other information regarding rehabilitation the individual submits to the board.

(3) In determining whether to deny, diminish, limit, suspect, revoke, refuse to renew, or otherwise withhold a license, the professional licensing board shall not consider nor require an individual to disclose:

(A) A deferred adjudication, first offender treatment, participation in a diversion program, a conditional discharge, or an arrest not followed by a conviction;

(B) A conviction for which no sentence of incarceration can be imposed;

(C) A conviction that has been restricted, sealed, annulled, dismissed, vacated, or pardoned;

(D) A juvenile adjudication;

(E) A misdemeanor conviction older than five years, unless the offense of conviction is listed in subparagraph (j)(4)(B) of Code Section 35-3-37; or

(F) A conviction older than five years for which the individual was not incarcerated, or a conviction for which the individual's incarceration ended more than five years before the date of the board's consideration, except for a felony conviction related to:

(i) A criminal sexual act;

(ii) Criminal fraud or embezzlement;

(iii) Aggravated assault;

(iv) Aggravated robbery;

(v) Aggravated abuse, neglect, or endangerment of a child;

(vi) Arson;

(vii) Carjacking;

(viii) Kidnapping; or

(ix) Manslaughter, homicide, or murder.

(4) Notwithstanding any other provision of law, no professional licensing board may apply a vague character standard to licensure decisions or predeterminations, including, but not limited to, 'good moral character,' 'moral turpitude,' or 'character and fitness.'

(5) Notwithstanding any other provision of law, a professional licensing board shall provide individualized consideration of an individual's criminal record and shall not automatically deny licensure on the basis of the individual's criminal record.

(6)(A) If an applicant's criminal record includes issues that will or may prevent the board from issuing a license to the applicant, the board shall notify the applicant, in writing, of the specific issues in sufficient time for the applicant to provide additional documentation supporting the application before the board's final decision to deny the application. After receiving notice of any potential issue with licensure due to his or her criminal convictions, an applicant shall have 30 days to respond by correcting any inaccuracy in the criminal record or by submitting additional evidence of mitigation or rehabilitation for the board's consideration, or both.

(B) For the professional licensing board to deny a license on the basis of the applicant's criminal convictions, the board shall first provide an opportunity for a

hearing for such applicant in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The applicant shall have the opportunity at such hearing to present the written or oral testimony of character witnesses, including, but not limited to, family members, friends, prospective employers, probation or parole officers, and rehabilitation counselors. The professional licensing board shall issue a decision within 60 days of the complete submission of the issues for consideration or the hearing, whichever is later.

(C) The professional licensing board shall have the burden of justifying by clear and convincing evidence, after a hearing, that an applicant's criminal record supports any adverse licensing decision. If the board denies an applicant a license by reason of the applicant's criminal record, the board shall:

(i) Make written findings specifying any of the applicant's convictions and the factors provided for in subparagraph (A) of paragraph (2) of this subsection the board deemed directly relevant and explaining the basis and rationale for the denial. Such written findings shall be signed by the board's presiding officer and shall note the applicant's right to appeal and explain the applicant's ability to reapply. No applicant shall be restricted from reapplying for licensure for more than two years from the date of the most recent application;

(ii) Provide or serve a signed copy of the written findings to the applicant within 60 days of the denial; and

(iii) Retain a signed copy of the written findings for no less than five years.

(D) The denial of a license in part or in whole because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a license, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the occupation for which the license is sought.

(7)(A) Notwithstanding any other provision of law, an individual with a criminal record may petition a professional licensing board at any time, including while incarcerated and before starting or completing any required professional qualifications for licensure, for a predetermination as to whether such individual's criminal record will disqualify him or her from obtaining a license.

(B) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses provided for in paragraph (3) of this subsection. Such petition shall also include any information the petitioner chooses to submit concerning the circumstances of their record and their rehabilitation.

(C) In considering predetermination petitions, the professional licensing board shall apply the direct relationship standard provided for in paragraphs (1) and (2) of this subsection and shall not consider any offenses falling under paragraph (3) of this subsection. The board shall support any adverse predetermination with clear and convincing evidence.

(D) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the professional licensing board only if the petitioner

applies for licensure, fulfills all other requirements for the occupational license, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(E) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(F) The professional licensing board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to offer written or oral testimony of character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors. The professional licensing board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. The board shall issue a final decision within 60 days of complete submission of the issue for consideration or the hearing, whichever is later.

(G) If the professional licensing board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(i) The grounds and rationale for the predetermination, including any of the petitioner's specific convictions and the factors provided for in subparagraph (A) of paragraph (2) of this subsection the board deemed directly relevant;

(ii) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(iii) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(H) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the professional licensing board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation.

(8) Each professional licensing board shall include in its application for licensure and on its public website all of the following information:

(A) Whether the board requires applicants to consent to a criminal record check;

(B) The direct relationship standard provided for in paragraph (1) of this subsection and those factors provided for in paragraph (2) of this subsection that the board shall consider when making a determination of licensure;

(C) The criminal record disclosure provided for in paragraph (3) of this subsection;
(D) The appeals process pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' if the board denies or revokes licensure in whole or in part because of a criminal conviction; and

(c) In considering predetermination petitions, the board shall apply the direct relationship standard in subsection (a) of Code Section 43-3-21.1. The board shall support any adverse predetermination with clear and convincing evidence.

(d) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the board only if the petitioner applies for licensure, fulfills all other requirements for the licensure, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(e) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(2) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(3) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(h) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

In determining if a conviction directly relates to the occupation for which the license is sought or held, the medical board shall consider:

(1) The nature and seriousness of the offense and the direct relationship of the criminal conduct to the duties and responsibilities of the occupation for which the license is sought or held;

(B) A conviction for which no sentence of incarceration can be imposed;
(C) A conviction that has been restricted, sealed, annulled, dismissed, vacated, or pardoned;

(2) The petition for predetermination shall include the individual's criminal record or authorize the board to obtain the individual's criminal record. The petitioning individual need not disclose any offenses falling under paragraph (a.1)(6) of this Code section. (3) In considering predetermination petitions, the professional licensing board shall apply the direct relationship standard in subsection (a.1) of this subsection and shall not consider any offenses falling under paragraph (a.1)(6) of this Code section. The board shall support any adverse predetermination with clear and convincing evidence.

(4) A predetermination made under this subsection that a petitioner is eligible for a license shall be binding on the board only if the petitioner applies for licensure, fulfills all other requirements for the occupational license, and the petitioner's submitted criminal record was correct and remains unchanged at the time of his or her application for a license.

(5) If a petitioner's criminal record includes matters that may disqualify the petitioner from licensure, the board shall notify the petitioner of the potentially disqualifying convictions. The letter of concern shall advise the petitioner of their opportunity to submit additional evidence of rehabilitation and mitigation or for a hearing, or both.

(6) The board may predetermine that the petitioner's criminal record is likely grounds for denial of a license only after the board has held a hearing on the petitioner's eligibility in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be held in person, by remote video, or by teleconference within 60 days of receipt of the predetermination petition. The individual shall have the opportunity to include character witnesses at the hearing, including but not limited to family members, friends, past or prospective employers, probation or parole officers, and rehabilitation counselors, who may offer their verbal or written support. The board shall not make an adverse inference by a petitioner's decision to forgo a hearing or character witnesses. (7) If the board decides that a predetermination petitioner is ineligible for a license, the board shall notify the petitioner of the following:

(A) The grounds and rationale for the predetermination, including any of the petitioner's specific convictions and the factors provided for in subsection (a.2) of this Code section the board deemed directly relevant;

(B) An explanation of the process and right to appeal the board's predetermination decision under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; and

(C) Any actions the petitioner may take to remedy the disqualification. An individual who receives a predetermination of ineligibility may submit a revised petition reflecting completion of the remedial actions. The individual may submit a new petition to the board not before one year following a final judgment on their initial petition or upon completing the remedial actions, whichever is earlier.

(8) The denial of a predetermination petition because of the applicant's criminal record shall constitute a contested case as defined in Code Section 50-13-2. In an administrative hearing or civil action reviewing the denial of a predetermination petition, the board shall have the burden of proving that the applicant's criminal record directly relates to the licensed occupation."

B. If a Licensee changes their Home State by moving between two Member States:

1. The Licensee shall immediately apply for the reissuance of their Multistate License in their new Home State. The Licensee shall pay all applicable fees and notify the prior Home State in accordance with the Rules of the Commission.

2. Upon receipt of an application to reissue a Multistate License, the new Home State shall verify that the Multistate License is active, unencumbered and eligible for reissuance under the terms of the Compact and the Rules of the Commission. The Multistate License issued by the prior Home State will be deactivated and all Member States notified in accordance with the applicable Rules adopted by the Commission.

3. Prior to the reissuance of the Multistate License, the new Home State shall conduct procedures for considering the criminal history records of the Licensee. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that State's criminal records.

4. If required for initial licensure, the new Home State may require completion of jurisprudence requirements in the new Home State.

5. Notwithstanding any other provision of this Compact, if a Licensee does not meet the requirements set forth in this Compact for the reissuance of a Multistate License by the new Home State, then the Licensee shall be subject to the new Home State requirements for the issuance of a Single State License in that State.

C. If a Licensee changes their primary State of residence by moving from a Member State to a non-Member State, or from a non-Member State to a Member State, then the Licensee shall be subject to the State requirements for the issuance of a Single State License in the new Home State.

D. Nothing in this Compact shall interfere with a Licensee's ability to hold a Single State License in multiple States; however, for the purposes of this Compact, a Licensee shall have only one Home State, and only one Multistate License.

E. Nothing in this Compact shall interfere with the requirements established by a Member State for the issuance of a Single State License.

SECTION 8: MILITARY FAMILIES

An Active Military Member or their spouse shall designate a Home State where the individual has a Multistate License. The individual may retain their Home State designation during the period the service member is on active duty.

SECTION 9: ADVERSE ACTIONS

A. In addition to the other powers conferred by State law, a Remote State shall have the authority, in accordance with existing State due process law, to:

1. Take Adverse Action against a Regulated Social Worker's Multistate Authorization to Practice only within that Member State, and issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the

production of evidence. Subpoenas issued by a Licensing Authority in a Member State for the attendance and testimony of witnesses or the production of evidence from another Member State shall be enforced in the latter State by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the State in which the witnesses or evidence are located.

2. Only the Home State shall have the power to take Adverse Action against a Regulated Social Worker's Multistate License.

B. For purposes of taking Adverse Action, the Home State shall give the same priority and effect to reported conduct received from a Member State as it would if the conduct had occurred within the Home State. In so doing, the Home State shall apply its own State laws to determine appropriate action.

C. The Home State shall complete any pending investigations of a Regulated Social Worker who changes their Home State during the course of the investigations. The Home State shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the administrator of the Data System. The administrator of the Data System shall promptly notify the new Home State of any Adverse Actions.

D. A Member State, if otherwise permitted by State law, may recover from the affected Regulated Social Worker the costs of investigations and dispositions of cases resulting from any Adverse Action taken against that Regulated Social Worker.

E. A Member State may take Adverse Action based on the factual findings of another Member State, provided that the Member State follows its own procedures for taking the Adverse Action.

F. Joint Investigations:

1. In addition to the authority granted to a Member State by its respective Social Work practice act or other applicable State law, any Member State may participate with other Member States in joint investigations of Licensees.

2. Member States shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

G. If Adverse Action is taken by the Home State against the Multistate License of a Regulated Social Worker, the Regulated Social Worker's Multistate Authorization to Practice in all other Member States shall be deactivated until all Encumbrances have been removed from the Multistate License. All Home State disciplinary orders that impose Adverse Action against the license of a Regulated Social Worker shall include a statement that the Regulated Social Worker's Multistate Authorization to Practice is deactivated in all Member States until all conditions of the decision, order or agreement are satisfied.

H. If a Member State takes Adverse Action, it shall promptly notify the administrator of the Data System. The administrator of the Data System shall promptly notify the Home State and all other Member State's of any Adverse Actions by Remote States.

I. Nothing in this Compact shall override a Member State's decision that participation in

an Alternative Program may be used in lieu of Adverse Action. Nothing in this Compact shall authorize a Member State to demand the issuance of subpoenas for attendance and testimony of witnesses or the production of evidence from another Member State for lawful actions within that Member State.

J. Nothing in this Compact shall authorize a Member State to impose discipline against a Regulated Social Worker who holds a Multistate Authorization to Practice for lawful actions within another Member State.

SECTION 10: ESTABLISHMENT OF SOCIAL WORK LICENSURE COMPACT COMMISSION

A. The Compact Member States hereby create and establish a joint government agency whose membership consists of all Member States that have enacted the compact known as the Social Work Licensure Compact Commission. The Commission is an instrumentality of the Compact States acting jointly and not an instrumentality of any one State. The Commission shall come into existence on or after the effective date of the Compact as set forth in Section 14.

B. Membership, Voting, and Meetings

1. Each Member State shall have and be limited to one (1) delegate selected by that Member State's State Licensing Authority.

14. Lease, purchase, retain, own, hold, improve, or use any property, real, personal, or mixed, or any undivided interest therein;

D. The Executive Committee

1. The Executive Committee shall have the power to act on behalf of the Commission according to the terms of this Compact. The powers, duties, and responsibilities of the Executive Committee shall include:

d. The ex-officio members will be selected by their respective organizations.

3. The Commission may remove any member of the Executive Committee as provided in the Commission's bylaws.

c. The Executive Committee may hold a special meeting in accordance with subsection F.1.b. below.

E. The Commission shall adopt and provide to the Member States an annual report.

F. Meetings of the Commission

1. All meetings shall be open to the public, except that the Commission may meet in a closed, non-public meeting as provided in subsection F.2 below.

a. Public notice for all meetings of the full Commission of meetings shall be given in the same manner as required under the Rulemaking provisions in Section 12, except that the Commission may hold a special meeting as provided in subsection F.1.b below.

b. The Commission may hold a special meeting when it must meet to conduct emergency business by giving 48 hours' notice to all commissioners, on the Commission's website, and other means as provided in the Commission's Rules. The Commission's legal counsel shall certify that the Commission's need to meet qualifies as an emergency.

2. The Commission or the Executive Committee or other committees of the Commission may convene in a closed, non-public meeting for the Commission or Executive Committee or other committees of the Commission to receive legal advice or to discuss:

a. Non-compliance of a Member State with its obligations under the Compact;

b. The employment, compensation, discipline or other matters, practices or procedures related to specific employees;

c. Current or threatened discipline of a Licensee by the Commission or by a Member State's Licensing Authority;

j. Information related to any investigative reports prepared by or on behalf of or for use of the Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the Compact;

k. Matters specifically exempted from disclosure by federal or Member State law; or

l. Other matters as promulgated by the Commission by Rule.

3. If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.

4. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Commission or order of a court of competent jurisdiction.

G. Financing of the Commission

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Commission may accept any and all appropriate revenue sources as provided in subsection C(13).

3. The Commission may levy on and collect an annual assessment from each Member State and impose fees on Licensees of Member States to whom it grants a Multistate License to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount for Member States shall be allocated based upon a formula that the Commission shall promulgate by Rule.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the Member States, except by and with the authority of the Member State.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

H. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment,

duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Commission.

SECTION 11: DATA SYSTEM

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, Adverse Action, and the presence of Current Significant Investigative Information on all licensed individuals in Member States.

B. The Commission shall assign each applicant for a Multistate License a unique identifier, as determined by the Rules of the Commission.

C. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse Actions against a license and information related thereto;

4. Non-confidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;

5. Any denial of application for licensure, and the reason(s) for such denial;

6. The presence of Current Significant Investigative Information; and

7. Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the Rules of the Commission.

D. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a Member State.

E. Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

1. It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the database to determine whether Adverse Action has been

taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

F. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

G. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

SECTION 12: RULEMAKING

A. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The Rules of the Commission shall have the force of law in each Member State, provided however that where the Rules of the Commission conflict with the laws of the Member State that establish the Member State's laws, regulations, and applicable standards as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

C. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or the date specified in the rule or amendment, whichever is later.

D. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

E. Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to adoption of a proposed Rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed Rule by the Commission, and at least thirty (30) days in advance of the meeting at which the Commission will hold a public hearing on the proposed Rule, the Commission shall provide a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform;

2. To persons who have requested notice of the Commission's notices of proposed rulemaking, and

3. In such other way(s) as the Commission may by Rule specify.

H. The Notice of Proposed Rulemaking shall include:

1. The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed Rule;

2. If the hearing is held via telecommunication, video conference, or other electronic

means, the Commission shall include the mechanism for access to the hearing in the Notice of Proposed Rulemaking;

3. The text of the proposed Rule and the reason therefor;

4. A request for comments on the proposed Rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed Rule shall be available to the public.

J. Nothing in this section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

K. The Commission shall, by majority vote of all members, take final action on the proposed Rule based on the Rulemaking record and the full text of the Rule.

1. The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

2. The Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in Section 12.L, the effective date of the rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with 48 hours' notice, with opportunity to comment, provided that the usual Rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or Member State funds;

3. Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No Member State's rulemaking requirements shall apply under this compact.

SECTION 13: OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

2. The Commission shall provide a copy of the notice of default to the other Member States.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's State Licensing Authority and each of the Member States' State Licensing Authority.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six (6) months after the date of said notice of termination.

G. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

H. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

I. Dispute Resolution

1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement

1. By majority vote as provided by Rule, the Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting Member State's law.

2. A Member State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. No person other than a Member State shall enforce this compact against the Commission.

SECTION 14: EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the first seven Member States ('Charter Member States') to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

a. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 13.

b. If any Member State is later found to be in default, or is terminated or withdraws

from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

2. Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in Section 10(C)(21) to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

4. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

B. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all licenses granted pursuant to this compact for a minimum of six (6) months after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

SECTION 15: CONSTRUCTION AND SEVERABILITY

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or

of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

C. Notwithstanding subsection B of this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of Section 13.B, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

SECTION 16: CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.
This Act shall be known and may be cited as the "Housing Regulation Transparency Act."

SECTION 2.
Chapter 66 of Title 36 of the Official Code of Georgia Annotated, relating to zoning procedures, is amended in Code Section 36-66-4, relating to hearings on proposed zoning decisions, notice of hearing, nongovernmental initiated actions, reconsideration of defeated actions, and procedure on zoning, by adding new subsections to read as follows:

"(i)(1) An ordinance or resolution that would result in the enactment of a temporary moratorium on one or more types of zoning decisions associated with property proposed to be used or developed for single-family residential purposes or on the issuance or approval of one or more types of permits associated with property proposed to be used or developed for single-family residential purposes shall only be valid for a period of 180 days or less. No such moratorium shall be continued or renewed beyond 180 days, and a new moratorium over the same type or types of zoning decisions or permits may only be enacted if more than 180 days have elapsed from the termination date of an earlier moratorium.

(2) The limitation on temporary moratoriums set forth in this subsection shall not apply to any temporary moratorium that is adopted after the local government adopting the ordinance or resolution finds the adoption thereof is a necessary and proper response to any of the following:

(j)(1) The General Assembly finds that an equitable program for financing the development and enforcement of local planning, land use, and zoning ordinances is necessary in order to promote and accommodate orderly growth and development and to protect the public health, safety, and general welfare of the citizens of the State of Georgia.

(2) Local governments are authorized to levy and collect application, review, and other fees associated with the exercise of their zoning powers and the issuance of permits related to the exercise of such powers. All such fees for a local government shall be provided for in the local government's zoning ordinances. The proceeds of such fees shall be used to fund the administration and enforcement of zoning ordinances and not the general operations of the local government, provided that the local government shall not be required to establish separate accounts for such proceeds.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 3 of Title 47 of the Official Code of Georgia Annotated, relating to the Teachers' Retirement System of Georgia, is amended by adding a new Code section to read as follows:

"47-3-69.

(a) Individuals hired on or after June 1, 2024, who may be eligible for membership in this retirement system as a result of employment by a charter school established pursuant to Article 31 or 31A of Chapter 2 of Title 20, shall not become members of this retirement system as a result of such employment if the nonprofit governing board of the charter

school that employs them elects to provide such individuals with an alternative retirement plan.

(b) The provisions of this Code section shall not affect any employee of a charter school established pursuant to Article 31 or 31A of Chapter 2 of Title 20, who, prior to June 1, 2024, was a member of this retirement system as a result of such employment.

Greg S. Griffin
State Auditor

March 25, 2024

The Honorable John Carson, Chairman
House Retirement Committee
State Capitol, Room 401-E
Atlanta, GA 30334

SUBJECT: State Auditor's Certification
Substitute to Senate Bill 240 (LC 56 0205S)

Dear Chairman Carson:

This substitute bill would amend provisions relating to membership in the Teachers Retirement System of Georgia as it relates to certain charter school employees. Specifically, this bill would prohibit employees of charter schools from joining the Teachers Retirement System if the nonprofit governing board of the charter school elects to provide the employees with an alternative retirement plan. This would only apply to persons hired on or after June 1, 2024.

Furthermore, this substitute bill would amend provisions relating to the Public Retirement Systems Investment Authority Law. Current law authorizes most eligible large retirement systems to invest up to 10 percent of their assets in alternative investments. However, the Employees' Retirement System and the Teachers Retirement System are limited to a five percent investment in alternative investments. If this legislation is enacted, the limitation currently placed on the Employees' Retirement System would be removed and the System would be authorized to invest up to 10 percent of their assets in alternative investments.

This is to certify that this substitute bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,
/s/ Greg S. Griffin

To amend Chapter 70 of Title 36 of the Official Code of Georgia Annotated, relating to coordinated and comprehensive planning and service delivery by counties and municipalities, so as to revise provisions for establishing, negotiating, reviewing, revising, and filing local government service delivery strategies; to revise provisions related to funds derived from certain special districts; to revise the dispute resolution process; to provide for judicial resolution of certain disputes; to revise provisions related to sanctions; to require and limit the promulgation of certain rules and regulations; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 70 of Title 36 of the Official Code of Georgia Annotated, relating to coordinated and comprehensive planning and service delivery by counties and municipalities, is amended by revising Article 2, relating to service delivery, as follows:

"ARTICLE 2

36-70-20.

The intent of this article is to provide a flexible framework within which local governments in each county can develop a service delivery system that is both efficient and responsive to citizens in their county. The General Assembly recognizes that the

unique characteristics of each county throughout the state preclude a mandated legislative outcome for the delivery of services in every county. The process provided by this article is intended to minimize inefficiencies resulting from duplication of services and competition between local governments and to provide a mechanism to resolve disputes over local government service delivery, funding equity, and land use. The local government service delivery process should result in the minimization of ~~noncompatible~~ incompatible municipal and county land use plans and in a simple, concise agreement describing which local governments will provide which service in specified areas within a county and how provision of such services will be funded.

36-70-21.

(a) Each county and municipality shall execute an agreement for the implementation of a local government service delivery strategy as set forth in this article ~~by July 1, 1999~~:

(1) By December 31st of each year following the year in which the county's ten-year comprehensive plan update is due in accordance with the rules promulgated by the department pursuant to this chapter or Article 1 of Chapter 8 of Title 50; and

(2) Within 180 days of the occurrence of an event requiring review and revision pursuant to subsection (b) of Code Section 36-70-28.

(b) For municipalities located within multiple counties, the review and deadline for an agreement for the implementation of a local government service delivery strategy shall be applicable for the portion of the municipality that lies within a given county in conjunction with such county's review and deadline.

(c) The provisions of this article shall not apply to any consolidated government in which no other municipal corporation exists within the county.

36-70-22.

(a)(1) Each county shall initiate the process for developing a local government service delivery strategy ~~after July 1, 1997, but no later than January 1, 1998~~ required by paragraph (1) of subsection (a) of Code Section 36-70-21 no earlier than April 1st and no later than July 1st of the year following any year in which the county's ten-year comprehensive plan update is due.

(2) Each county shall initiate the process for developing a local government service delivery strategy required by a triggering event under paragraph (2) of subsection (a) of Code Section 36-70-21 no later than 30 days following the occurrence of the event. If the county does not initiate such process within the 30 day period, any municipality in the county may initiate the process.

(3) Any municipality affected by a change in service delivery or revenue distribution arrangements as described in subsection (b.1) of Code Section 36-70-28 may initiate the process of amending a local government service delivery strategy pursuant to subsection (b.1) of Code Section 36-70-28.

(b) Initiation of the strategy shall be accomplished by the provision of a written notice from the county to the governing bodies of all municipalities located wholly or partially within the county or providing services within the county and to other counties providing

services within the county. Such notice shall:

(1) State ~~state~~ the date, time, and place for a joint meeting at which designated representatives of all local governing bodies shall assemble for the purpose of commencing deliberations on the service delivery strategy~~. The notice shall be~~;

(2) Be sent not more than 45 and not less than 15 days prior to the meeting date; and

(3) Identify all local governments to which the notice will be delivered.

(c) In the event the county governing authority fails to initiate the process by ~~January 1, 1998~~ July 1 of the year following any year in which the county's ten-year comprehensive plan update is due, any municipality within the county may do so by sending a written notice, containing the required information, to the county and all other municipalities.

36-70-22.1.

(a) Within 60 days of the initiation of the process for developing a local government service delivery strategy, all local governments that received the written notice provided for in Code Section 36-70-22 shall provide all other local governments identified in such written notice with a written proposal of a local government service delivery strategy containing the components required by Code Section 36-70-23, and in compliance with the criteria required by Code Section 36-70-24 together with all such factual information, data, and evidence supporting such proposal.

(b) Such written proposal for each local government may be modified periodically with written notice provided to all local governments that received the written notice provided for in Code Section 36-70-22; provided, however, that written proposals shall be finalized by each local government prior to an agreement to enter into nonbinding arbitration under Code Section 36-70-25.2 and the judicial process provided for in Code Section 36-70-25.3. Modifications to written proposals pursuant to this subsection may include written responses to any written proposal of another local government in the same county.

(c) All such written proposals and supporting documentation shall be considered public records and subject to disclosure pursuant to Code Section 50-18-71.

36-70-23.

Each local government service delivery strategy shall include the following components:

(1) An identification of all local government services presently provided or primarily funded by each general purpose local government and each authority within the county, or providing services within the county, and a description of the geographic area in which the identified services are provided by each jurisdiction;

(2) An assignment of which local government or authority, pursuant to the requirements of this article, will provide each service, the geographic areas of the county in which such services are to be provided, and a description of any services to be provided by any local government to any geographic area outside its geographical boundaries. In the event two or more local governments within the county are assigned responsibility for providing identical services within the same geographic area, the strategy shall include an explanation of such arrangement;

(3) A description of the source of the funding for each service identified pursuant to

paragraph (2) of this Code section; and

(4) An identification of the mechanisms to be utilized to facilitate the implementation of the services and funding responsibilities identified pursuant to paragraphs (2) and (3) of this Code section.

36-70-23.1.

The department shall develop state-wide mapping standards in consultation with the Georgia Geospatial Advisory Council created under Article 13 of Chapter 8 of Title 50, which shall be used for any service delivery strategy for which the parties elect to describe geographic areas for local government services within each county by using maps. Such state-wide mapping standards shall include standards for describing geographical areas to include by jurisdiction level, census tract, and parcel number. The department shall promulgate such mapping standards by rule or regulation on or before March 1, 2026.

36-70-24.

In the development of a service delivery strategy, the following criteria shall be met:

(1) The strategy shall promote the delivery of local government services in the most efficient, effective, and responsive manner. The strategy shall identify steps which will be taken to remediate or avoid overlapping and unnecessary competition and duplication of service delivery and shall identify the time frame in which such steps shall be taken. When a municipality provides a service at a higher level than the base level of service provided throughout the geographic area of the county by the county, such service shall not be considered a duplication of the county service;

(2)(A) The strategy shall provide that water or sewer fees charged to customers located outside the geographic boundaries of a service provider shall not be arbitrarily higher than the fees charged to customers receiving such service which are located within the geographic boundaries of the service provider.

(B) If a governing authority disputes the reasonableness of water and sewer rate differentials imposed within its jurisdiction by another governing authority, that disputing governing authority may hold a public hearing for the purpose of reviewing the rate differential. Following the preparation of a rate study by a qualified engineer, the governing authority may challenge the arbitrary rate differentials on behalf of its residents in a court of competent jurisdiction. Prior to such challenge, the dispute shall be submitted to some form of alternative dispute resolution;

(3)(A) The strategy shall ensure that the cost of any service which a county provides primarily for the benefit of the unincorporated area of the county shall be borne by the unincorporated area residents, individuals, and property owners who receive the service. Further, when the county and one or more municipalities jointly fund a county-wide service, the county share of such funding shall be borne by the unincorporated residents, individuals, and property owners that receive the service.

(B) Such funding shall be derived from:

(i) Special ~~special~~ service districts created by the county in which ad valorem

property taxes, ~~insurance premium taxes,~~ assessments, or user fees are levied or imposed;

(ii) Grants;

(iii) Cable franchise fees, alcohol excise taxes, financial institution taxes, hotel-motel, occupation taxes, railroad equipment taxes, insurance premium taxes, rental car excise taxes, impact fees, stormwater fees or title ad valorem taxes, excluding any amounts of such taxes or fees to the extent such amount is derived from incorporated areas of the county;

(iv) Revenues apportioned to the county as part of an intergovernmental agreement from the county and one or more municipalities; or

(v) Through ~~through~~ such other mechanism agreed upon by the ~~affected~~ parties approving the strategy which complies with the intent of subparagraph (A) of this paragraph; and

(4)(A) Local governments within the same county shall, if necessary, amend their land use plans so that such plans are compatible and nonconflicting, or, as an alternative, they shall adopt a single land use plan for the unincorporated and incorporated areas of the county.

(B) The provision of extraterritorial water and sewer services by any jurisdiction shall be consistent with all applicable land use plans and ordinances.

36-70-25.

(a) ~~Approval of the local government service delivery strategy shall be accomplished as provided for in this Code section.~~

~~(b)~~ The county and each municipality within the county shall participate in the development of the strategy.

(b) Approval of ~~the~~ a local government service delivery strategy shall be accomplished by adoption of a resolution:

(1) By the county governing authority;

(2) By the governing authority of municipalities located within the county which have a population of 9,000 or greater within the county;

(3) By the municipality which serves as the county site if not included in paragraph (2) of this subsection; and

(4) By no less than 50 percent of the remaining municipalities within the county which contain at least 500 persons within the county if not included in paragraph (2) or (3) of this subsection.

SECTION 4.

Said chapter is further amended by enacting a new article to read as follows:

"ARTICLE 2

33-52-10.

This Act shall be known and may be cited as the 'Insurance Business Transfer Act.'

33-52-11.

This article is adopted to provide options to address the limitations in the current methods available to insurers to transfer or assume blocks of insurance business in an efficient and cost-effective manner that: provides needed legal finality for such transfers in order to provide for improved operational and capital efficiency for insurance companies; stimulates the economy by attracting segments of the insurance industry to this state; makes this state an attractive home jurisdiction for insurance companies; encourages economic growth and increased investment in the financial services sector; and increases the availability of quality insurance industry jobs in this state. These purposes are accomplished by providing a basis and procedures for the transfer and novation of policies from a transferring insurer to an assuming insurer by way of an insurance business transfer plan without the affirmative consent of policyholders or reinsureds. The novation is effected by court order. This article establishes the requirements for notice and disclosure and standards and procedures for the approval of the transfer and novation by the Commissioner and the Superior Court of Fulton County pursuant to an insurance business transfer plan. This article shall not limit or restrict other means of effecting a transfer or novation.

33-52-12.

As used in this article, the term:

(1) 'Affiliate' means a person that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with the person specified.

(2) 'Applicant' means an assuming insurer, transferring insurer, or reinsurer applying to the Commissioner for the approval of an insurance business transfer plan as provided for in Code Section 33-52-15.

(3) 'Approval order' means an order issued by the court approving an insurance business transfer plan as provided for in Code Section 33-52-15.

The Commissioner shall select such expert from a list of at least two nominees submitted jointly by the transferring insurer and the assuming insurer; provided, however, that, if the Commissioner, in his or her sole discretion, rejects such nominees, the Commissioner may appoint another person to serve as an independent expert. An independent expert or nominee shall:

(E) Provide proof of insurance covering the services provided as an independent expert as determined by the Commissioner.

(8) 'Insurance business transfer' means a transfer and novation in accordance with this article. An approved insurance business transfer transfers insurance obligations, risks, rights, or any combination thereof, of existing or in-force contracts of insurance or reinsurance from a transferring insurer to an assuming insurer. An approval order and an implementation order of an insurance business transfer plan will effect a transfer and novation of the transferred contracts of insurance or reinsurance with the result that the

assuming insurer becomes directly liable to the policyholders of the transferring insurer and the transferring insurer's insurance obligations, risks, rights, or any combination thereof, under the contracts are extinguished.

(9) 'Insurance business transfer plan' or 'plan' means the plan submitted to the department to accomplish the transfer and novation pursuant to an insurance business transfer, including any associated transfer of assets and rights from or on behalf of the transferring insurer to the assuming insurer.

(11) 'Notice' means written notice, telephone notice, electronic notice, or substitute notice, as consented to in an agreement included in or related to the subject business, or as provided by rules and regulations promulgated by the Commissioner.

(12) 'Petitioner' means an assuming insurer, transferring insurer, or reinsurer petitioning a court for an approval order and an implementation order of a plan pursuant to this article.

(13) 'Policy' means a policy, contract or certificate of insurance or a contract of reinsurance pursuant to which an insurer agrees to assume an insurance obligation or risk, or both, of a policyholder or to make payments on behalf of, or to, such policyholder or its beneficiaries, and shall include property, casualty, life, health, and any other line of insurance the Commissioner deems appropriate for an insurance business transfer.

(17) 'Transfer and novation' means the transfer of insurance obligations, risks, rights, or any combination thereof, of existing or in-force policies from a transferring insurer to an assuming insurer, with the result that the assuming insurer becomes directly liable to the policyholders of the transferring insurer on the transferred policies and the transferring insurer's insurance obligations, risks, rights, or any combination thereof, under the transferred policies are extinguished.

(18) 'Transferring insurer' means an insurer or reinsurer that seeks to or has accomplished a transfer and novation of insurance obligations, risks, rights, or any combination thereof, under one or more policies to an assuming insurer pursuant to an insurance business transfer plan and the provisions of this article.

(5) Nothing in this Code section in any way affects the right of appeal of any party.

(d) An unexpired and in-force policy issued to a policyholder that resides in a state other than this state shall not be transferred and novated unless or until the assuming insurer is licensed, authorized, permitted, or otherwise legally allowed to administer the subject business in the same manner as the transferring insurer in the state of such policyholder's residence.

(e) The court may approve the requested transfer and novation of the subject business, with effectiveness of all or part of the implementation deferred until the assuming insurer is able to satisfy the requirements pursuant to subsection (d) of this Code section.

(f) The Commissioner shall promulgate rules and regulations to effectuate the provisions of this article. No insurance business transfer plan shall be approved in this state unless and until such rules and regulations are promulgated. Such rules and regulations may address, but shall not be limited to, the following issues:

(b) In the Commissioner's discretion, in connection with the department's participation in the proceedings undertaken pursuant to this article, an applicant shall reimburse the department for any compensation and benefits paid to the personnel of the department for time spent engaged in the proceedings, including, but not limited to, examiners, actuaries, attorneys, managers, and paraprofessionals.
(c) The Commissioner may retain independent authorized consultants, including attorneys, appraisers, actuaries, certified public accountants, or other professionals and specialists to assist department personnel in connection with the review required by this article, the cost of which shall be borne by the applicant.
(d) The applicant shall pay the expenses of the department and its authorized consultants incurred in fulfilling their obligations under this article, including the actual expenses of the department or the expenses and compensation of any consultants retained by the department.
(e) The transferring insurer and the assuming insurer shall jointly be obligated to pay any compensation, costs, and expenses of the independent expert and any consultants retained by the independent expert and approved by the department incurred in fulfilling the obligations of the independent expert under this article. Nothing in this article shall be construed to create any duty for the independent expert to any party other than the department or the court.
(f) Failure to pay any of the requisite fees or reimbursements within 30 days of demand shall be grounds for the Commissioner to request that the court dismiss the petition for approval of the insurance business transfer plan prior to the filing of an implementation order by the court, or, if after the filing of an implementation order, the Commissioner may suspend or revoke the assuming insurer's certificate of authority to transact insurance business in this state."

(b) In addition to the requirements of subsection (a) of this Code section, regarding any ad valorem property tax bill where the millage rate adopted by a tax authority exceeds the estimated roll-back rate, such tax bill shall include a notice containing the name of such taxing authority and the following statement in bold print:

'The adopted millage rate exceeds the estimated roll-back rate as stated in the annual notice of assessment that you previously received for this taxable year, which will result in an increase in the amount of property tax that you will owe.'"

SECTION 1-3.

Said title is further amended in Code Section 48-5-264, relating to designation and duties of chief appraiser, by adding a new subsection to read as follows:

"(d) The chief appraiser shall ensure that every parcel in his or her respective county is appraised at least every three years."

Said title is further amended in Code Section 48-5-274, relating to the establishment of equalized adjusted property tax digest, establishment and use of average ratio, information to be furnished by state auditor, grievance procedure, and information to be furnished by commissioner, by revising paragraph (1) of subsection (f) as follows:

The state auditor shall take any steps necessary to make a determination of the correctness of the digest and to notify all interested parties of the determination within 45 days after receiving the request questioning the correctness of the digest."

SECTION 1-5.

Said title is further amended in Code Section 48-5-299, relating to ascertainment of taxable property, assessments against unreturned personal property, penalty for unreturned property, and changing real property values established by appeal in prior year or stipulated by agreement, by revising subsection (c) as follows:

"(c) When the value of real property is reduced ~~or is unchanged~~ from the value on the initial annual notice of assessment or a corrected annual notice of assessment issued by the board of tax assessors and such reduced valuation has been established as the result of an appeal decision rendered by the board of equalization, hearing officer, arbitrator, or superior court pursuant to Code Section 48-5-311 or stipulated by written agreement signed by the board of tax assessors and taxpayer or taxpayer's authorized representative, the new valuation so established by appeal decision or agreement may not be increased by the board of tax assessors during the next two successive years, unless otherwise agreed in writing by both parties, subject to the following exceptions:

(2) This subsection shall not apply to a valuation established by an appeal decision or agreement if the taxpayer files a return at a different valuation during the next two successive years;

(3) Unless otherwise agreed in writing by both parties, if the taxpayer files an appeal pursuant to Code Section 48-5-311 during the next two successive years, the board of tax assessors, the board of equalization, hearing officer, or arbitrator may increase or decrease the value of the real property based on the evidence presented by the taxpayer during the appeal process; and

(4) The board of tax assessors may increase or decrease the value of the real property if, after a visual on-site inspection of the property, it is found that there have been

substantial additions, deletions, or improvements to such property or that there are errors in the board of tax assessors' records as to the description or characterization of the property, or the board of tax assessors finds an occurrence of other material factors that substantially affect the current fair market value of such property."

SECTION 1-6.

Said title is further amended in Code Section 48-5-306, relating to annual notice of current assessment, contents, posting notice, and new assessment description, by revising paragraphs (1) and (2) of subsection (b) as follows:

SECTION 1-7.

Said title is further amended in Code Section 48-5-311, relating to creation of county boards of equalization, duties, review of assessments, and appeals, by revising paragraph (2) of subsection (g) as follows:

"(2) An appeal by the taxpayer as provided in paragraph (1) of this subsection shall be effected by emailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written petition for review. An appeal by the county board of tax assessors shall be effected by giving a petition for review to the taxpayer. The petition for review given to the taxpayer shall be dated and shall contain the name and the last known address of the taxpayer. The petition for review shall specifically state the grounds for appeal. The petition for review shall be mailed or filed within 30 days from the date on which the decision of the county board of equalization, hearing officer, or arbitrator is delivered pursuant to subparagraph (e)(6)(D), paragraph (7) of subsection (e.1), or division (f)(3)(C)(ix) of this Code section. Within 45 days of receipt of a taxpayer's petition for review and before the petition for review is filed in superior court, the county board of tax assessors shall send to the taxpayer notice that a settlement conference, in which the county board of tax assessors and the taxpayer shall confer in good faith, will be held at a specified date and time which shall be no later than 30 days from the notice of the settlement conference, and notice of the amount of the filing fee for a petition for review, if any, required by the clerk of the superior court. A taxpayer may appear for the settlement conference in person, by his or her authorized agent or representative, or both. The county board of tax assessors, in their discretion and with the consent of the taxpayer, may alternatively conduct the settlement conference by audio or video teleconference or any other remote communication medium. The taxpayer may exercise a one-time option to reschedule the settlement conference to a different date and time acceptable to the taxpayer during normal business hours. After a settlement conference has convened, the parties may agree to continue the settlement

conference to a later date. If at the end of the 45 day review period the county board of tax assessors elects not to hold a settlement conference, then the appeal shall terminate and the taxpayer's stated value shall be entered in the records of the board of tax assessors as the fair market value for the year under appeal and the provisions of subsection (c) of Code Section 48-5-299 shall apply to such value. ~~If the taxpayer chooses not to participate in the settlement conference, he or she may not seek and shall not be awarded fees and costs at such time when the petition for review is reviewed in superior court.~~ If neither the taxpayer nor his or her authorized agent or representative attends a properly scheduled settlement conference or fails to confer with the board of tax assessors in good faith on the matter, then such taxpayer shall not receive the benefits of any temporary reduction in the amount of taxes due pending the outcome of the appeal and shall not be awarded attorney's fees or costs of litigation in connection with the appeal to the superior court. If at the conclusion of the settlement conference the parties reach an agreement, the settlement value shall be entered in the records of the county board of tax assessors as the fair market value for the tax year under appeal and the provisions of subsection (c) of Code Section 48-5-299 shall apply to such value. If at the conclusion of the settlement conference the parties cannot reach an agreement, then written notice shall be provided to the taxpayer that the filing fees for the superior court must be paid by the taxpayer by submitting to the county board of tax assessors a check, money order, or any other instrument payable to the clerk of the superior court within 20 days of the date of the conference. Notwithstanding any other provision of law to the contrary, the amount of the filing fee for an appeal under this subsection shall be $25.00. An appeal under this subsection shall not be subject to any other fees or additional costs otherwise required under any provision of Title 15 or under any other provision of law. Within 30 days of receipt of the taxpayer's payment made out to the clerk of the superior court, or, in the case of a petition for review filed by the county board of tax assessors, within 30 days of giving notice of the petition for review to the taxpayer, the county board of tax assessors shall file with the clerk of the superior court the petition for review and any other papers specified by the person appealing, including, but not limited to, the staff information from the file used by the county board of tax assessors, the county board of equalization, the hearing officer, or the arbitrator. Immediately following payment of such $25.00 filing fee to the clerk of the superior court, the clerk shall remit the proceeds thereof to the governing authority of the county which shall deposit the proceeds into the general fund of the county. All papers and information filed with the clerk shall become a part of the record on appeal to the superior court. At the time of the filing of the petition for review, the county board of tax assessors shall serve the taxpayer and his or her attorney of record, if any, with a copy of the petition for review filed in the superior court and with the civil action file number assigned to the appeal. Such service shall be effected in accordance with subsection (b) of Code Section 9-11-5. No discovery, motions, or other pleadings may be filed by the county board of tax assessors in the appeal until such service has been made."

PART II
SECTION 2-1.

Said title is further amended by adding a new Code section to read as follows:

"48-5-44.2.

(a) For purposes of this Code section, the term:

(1) 'Ad valorem taxes' means all ad valorem taxes levied by, for, or on behalf of the state or any county, consolidated government, municipality, or local school district in this state, except for any ad valorem taxes levied to pay interest on and to retire bonded indebtedness.

(2) 'Adjusted base year assessed value' means the sum of:

(A) The previous adjusted base year assessed value;

(B) An amount equal to the difference between the current year assessed value of the homestead and the base year assessed value of the homestead, provided that such amount shall not exceed the total of the previous adjusted base year assessed value of the homestead multiplied by the inflation rate for the prior year; and

(C) The value of any substantial property change, provided that no such value added improvements to the homestead shall be duplicated as to the same addition or improvement.

(3) 'Base year assessed value' means:

(A) With respect to an exemption under this Code section which is first granted to a person on such person's homestead for the 2025 taxable year, the assessed value for taxable year 2024, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead; or

(B) In all other cases, the assessed value, including any final determination of value on appeal pursuant to Code Section 48-5-311, of the homestead from the taxable year immediately preceding the taxable year in which the exemption under this Code section is first granted to the applicant.

(4) 'Homestead' means homestead as defined and qualified in Code Section 48-5-40.

(5) 'Inflation rate' means the annual inflationary index rate as determined for a given year by the commissioner in accordance with subsection (g) of this Code section.

(6) 'Previous adjusted base year assessed value' means:

(A) With respect to the year for which the exemption under this Code section is first granted to a person on such person's homestead, the base year assessed value; or

(B) In all other cases, the adjusted base year assessed value of the homestead as calculated in the taxable year immediately preceding the current year, including any final determination of value on appeal pursuant to Code Section 48-5-311.

(7) 'Substantial property change' means any increase or decrease in the assessed value of a homestead derived from additions or improvements to, or the removal of real property from, the homestead which occurred after the year in which the base year assessed value is determined for the homestead. The assessed value of the substantial property changes shall be established following any final determination of value on appeal pursuant to Code Section 48-5-311.

(b)(1) Subject to the limitations provided in this Code section, each resident of this state is granted an exemption on that person's homestead from ad valorem taxes in an amount equal to the amount by which the current year assessed value of that homestead, including any final determination of value on appeal pursuant to Code Section 48-5-311, exceeds its previous adjusted base year assessed value.

(2) Except as provided for in subsection (c) of this Code section, no exemption provided for in this subsection shall transfer to any subsequent owner of the property, and the assessed value of the property shall be as provided by law.

(c) The surviving spouse of the person who has been granted the exemption provided for in subsection (b) of this Code section shall continue to receive the exemption provided under subsection (b) of this Code section, so long as such surviving spouse continues to occupy the residence as a homestead.

(d) No person shall receive the exemption granted by subsection (b) of this Code section unless such person or person's agent files an application with the tax receiver or tax commissioner of his or her respective local government or governments charged with the duty of receiving returns of property for taxation giving such information relative to receiving such exemption as will enable such tax receiver or tax commissioner to make a determination regarding the initial and continuing eligibility of such person for such exemption; provided, however, that any person who had previously applied for a homestead exemption, was allowed such homestead exemption for the 2024 tax year, and remains eligible for a homestead exemption for that same homestead property in the 2025 tax year shall be automatically allowed the exemption granted under subsection (b) of this Code section for that homestead without further application. Such tax receiver or tax commissioner shall provide application forms for this purpose.

(e) The exemption granted by subsection (b) of this Code section shall be claimed and returned as provided in Code Section 48-5-50.1. Such exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. After a person or a person's agent has filed the proper application or is automatically granted the homestead exemption as provided in subsection (d) of this Code section, it shall not be necessary to make application thereafter for any year, and the exemption shall continue to be allowed to such person. It shall be the duty of any person granted the homestead exemption under subsection (b) of this Code section to notify the tax receiver or tax commissioner of the local government or governments in the event such person for any reason becomes ineligible for such exemption.

(f)(1) Except as otherwise provided in paragraph (2) of this subsection, the homestead exemption granted by subsection (b) of this Code section shall be in addition to and not in lieu of any other homestead exemption applicable to ad valorem taxes.

(2) The homestead exemption granted by subsection (b) of this Code section shall not be applied in addition to any other base year value homestead exemption provided by law with respect to the given taxing jurisdiction to which the such law applies. In any such event, the tax receiver or tax commissioner of the taxpayer's respective local government or governments charged with the duty of receiving returns of property for taxation shall apply only the base year value homestead exemption that is larger or more

beneficial for the taxpayer with respect to the particular taxing jurisdictions to which more than one base year value homestead exemption applies.

(g) For the purposes of this Code section, the commissioner shall promulgate a standardized method for determining annual inflationary index rates which reflect the effects of inflation and deflation on the cost of living for residents of this state for a given calendar year. Such method may utilize the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor or any other similar index established by the federal government if the commissioner determines that such federal index fairly reflects the effects of inflation and deflation on residents of this state.

(h) The exemption granted by subsection (b) of this Code section shall apply to all taxable years beginning on or after January 1, 2025, provided that:

(1) A constitutional amendment is ratified and becomes effective on January 1, 2025, which authorizes the General Assembly to provide by general law for a homestead exemption that shall not be applicable to certain political subdivisions, which elect to opt out of the homestead exemption by a date certain; and

(2) The exemption granted by subsection (b) of this Code section shall not be applicable for any county, consolidated government, municipality, or school district for which the governing authority of such political subdivision adopts an opt-out resolution in accordance with subsection (i) of this Code section.

(i) The governing authority of any county, consolidated government, municipality, or school district may elect to opt out of the homestead exemption otherwise granted by subsection (b) of this Code section with respect to such political subdivision through the adoption of a resolution to do the same by March 1, 2025, after completing the following steps:

(1) The governing authority shall advertise its intent to do so and shall conduct at least three public hearings thereon, at least one of which shall commence between the hours of 6:00 P.M. and 7:00 P.M., inclusive, on a business weekday. The governing authority shall place an advertisement in a newspaper of general circulation serving the residents of the political subdivision and post such advertisement on its website, which shall read as follows:

'INTENT TO OPT OUT OF HOMESTEAD EXEMPTION

The (name of governing authority) intends to opt out of the statewide adjusted base year ad valorem homestead exemption for (name of the political subdivision).

All concerned citizens are invited to the public hearing on this matter to be held at (place of meeting) on (date and time).

Times and places of additional public hearings on this matter are at (place of meeting) on (date and time).'

Simultaneously with this notice the governing authority shall provide a press release to the local media.

(2) The advertisement required by paragraph (1) of this subsection shall appear at least one week prior to each hearing, be prominently displayed, be not less than 30 square inches, and not be placed in that section of the newspaper where legal notices appear and shall be posted on the appropriate website at least one week prior to each hearing.

In addition to the advertisement specified under this paragraph, the levying or recommending authority may include in the notice reasons or explanations for its intention to opt out of the homestead exemption.

(3) No resolution to opt out of the homestead exemption shall become effective with respect to a political subdivision unless the procedures and hearings required by this subsection are completed and a copy of such resolution is filed with the Secretary of State by March 1, 2025."

PART III
SECTION 3-1.

Said title is further amended in Code Section 48-8-6, relating to prohibition of political subdivisions from imposing various taxes, ceiling on local sales and use taxes, and taxation of mobile telecommunications, by revising subsection (a) as follows:

"48-8-6.

~~(a) There shall not be imposed in any jurisdiction in this state or on any transaction in this state local sales taxes, local use taxes, or local sales and use taxes in excess of 2 percent. For purposes of this prohibition, the taxes affected are any sales tax, use tax, or sales and use tax which is levied in an area consisting of less than the entire state, however authorized, including such taxes authorized by or pursuant to constitutional amendment, except that the following taxes shall not count toward or be subject to such 2 percent limitation:~~

~~(1) A sales and use tax for educational purposes exempted from such limitation under Article VIII, Section VI, Paragraph IV of the Constitution;~~

~~(2) Any tax levied for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Georgia Laws, 1964, page 1008; the continuation of such amendment under Article XI, Section I, Paragraph IV(d) of the Constitution; and the laws enacted pursuant to such constitutional amendment; provided, however, that the exception provided for under this paragraph shall only apply:~~

~~(A) In a county in which a tax is being imposed under subparagraph (a)(1)(D) of Code Section 48-8-111 in whole or in part for the purpose or purposes of a water capital outlay project or projects, a sewer capital outlay project or projects, a water and sewer capital outlay project or projects, water and sewer projects and costs as defined under paragraph (4) of Code Section 48-8-200, or any combination thereof and with respect to which the county has entered into an intergovernmental contract with a municipality, in which the average waste-water system flow of such municipality is not less than 85 million gallons per day, allocating proceeds to such municipality to be used solely for water and sewer projects and costs as defined under paragraph (4) of Code Section 48-8-200. The exception provided for under this subparagraph shall apply only during the period the tax under such subparagraph (a)(1)(D) is in effect. The exception provided for under this subparagraph shall not apply in any county in which a tax is being imposed under Article 2A of this chapter;~~

~~(B) In a county in which the tax levied for purposes of a metropolitan area system of public transportation is first levied after January 1, 2010, and before January 1, 2021. Such tax shall not apply to the following:~~

~~(i) The sale or use of jet fuel; and~~

~~(ii) The sale of motor vehicles; or~~

~~(C) In a county in which a tax is levied and collected pursuant to Part 2 of Article 2A of this chapter;~~

~~(3) In the event of a rate increase imposed pursuant to Code Section 48-8-96, only the amount in excess of the initial 1 percent sales and use tax and in the event of a newly imposed tax pursuant to Code Section 48-8-96, only the amount in excess of a 1 percent sales and use tax;~~

~~(4) A sales and use tax levied under Article 4 of this chapter;~~

~~(5) Either a sales and use tax levied under Article 5 of this chapter or a sales and use tax levied under Article 5B of this chapter;~~

~~(6) A sales and use tax levied under Article 5A of this chapter;~~

~~(7) A sales and use tax levied under Article 2 of Chapter 9 of Title 32; and~~

~~(8) A sales and use tax levied under Part 3 of Article 3 of this chapter.~~

~~If the imposition of any otherwise authorized local sales tax, local use tax, or local sales and use tax would result in a tax rate in excess of that authorized by this subsection, then such otherwise authorized tax may not be imposed.~~

(a)(1) Except as provided in this subsection, on and after July 1, 2024, there shall not be imposed in any jurisdiction in this state or on any transaction in this state local sales taxes, local use taxes, or local sales and use taxes in excess of 2 percent. For purposes of this 2 percent limitation, the taxes affected are any sales tax, use tax, or sales and use tax which is levied in an area consisting of less than the entire state, however authorized, including such taxes authorized by or pursuant to constitutional amendment, and regardless of whether another provision of law purports to the contrary, except for the following:

(A) A 1 percent sales and use tax for educational purposes exempted from such limitation under Article VIII, Section VI, Paragraph IV of the Constitution;

(B) Up to 1 percent in aggregate of any of the transportation related sales and use taxes authorized under Articles 5, 5A, and 5B of this chapter and Article 2 of Chapter 9 of Title 32; and

(2) Notwithstanding any provision of law to the contrary, any tax that does not comply with the limitations provided in paragraph (1) of this subsection as of July 1, 2025, but was initiated in compliance with the law in effect prior to January 1, 2025, shall be allowed to continue as authorized under laws that existed prior to July 1, 2025; provided, however, that upon the expiration or termination of any such tax, such tax shall not be renewed and the jurisdiction that levied such tax shall be fully subject to the limitations imposed by this subsection.

(3) This subsection shall not limit the imposition of any local excise tax, which is separately authorized under Chapter 13 of this title.
(4) Except as provided in paragraph (2) of this subsection, if the imposition of any otherwise authorized local sales tax, local use tax, or local sales and use tax would result in a tax rate in excess of that authorized by this subsection, then such otherwise authorized tax shall not be imposed."

SECTION 3-2.

Said title is further amended in Chapter 8, relating to sales and use taxes, by adding a new article to read as follows:

"Article 2B

48-8-109.30.

(a) Pursuant to the authority granted by Article IX, Section II, Paragraph VI of the Constitution of this state, there are created within this state 159 special districts. The geographical boundaries of each county shall correspond with and shall be conterminous with the geographical boundaries of the 159 special districts.
(b) The territory of each special district shall include all of the territory within the county including all municipalities, to the extent the municipal boundaries lie within the geographical boundaries of the county and any consolidated government.

48-8-109.31.

(a) Subject to the requirement of approval by local referendum and the other requirements of this article, to impose within any given special district a special sales and use tax for a limited period of time for the limited purpose of property tax relief.
(b) Except as to rate, a tax imposed under this part shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article, except that a tax imposed under this article shall apply to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages as provided for in Code Section 48-8-3.
(c) The special sales and use tax provided for in subsection (a) of this Code section may be imposed by a special district in 0.05 percent increments, but in no event shall such tax exceed 1 percent in total. The levy of such tax upon sales of motor fuels as defined in Code Section 48-9-2 shall only be imposed on the retail sales price of the motor fuel which is not more than $3.00 per gallon.
(d)(1) As a condition precedent to the issuance of the call for the referendum:
(A) The governing authority of the county whose geographical boundary is conterminous with that of the special district and the governing authority or authorities of all municipalities that levy an ad valorem tax on property, other than those municipalities that are excluded from the special district pursuant to paragraph (3) of this subsection, shall have in effect a base year value or adjusted base year value

homestead exemption; and

(B) The governing authority of the county whose geographical boundary is conterminous with that of the special district and the governing authority or authorities, if any, that represent at least 50 percent of the special district's residents of municipalities that levy an ad valorem tax on property, other than those municipalities that are excluded from the special district pursuant to paragraph (3) of this subsection, shall enter into an intergovernmental agreement calling for the tax authorized under this article and specifying the proposed rate of the tax, the proposed maximum period of time that the tax is to be levied, and the proposed distribution of the tax.

(2) If the combined total of the populations of all such absent municipalities is less than one-half of the aggregate population of all municipalities located within the special district that levy an ad valorem tax on property, the political subdivisions entering into the intergovernmental agreement shall, on behalf of such absent municipalities, specify a percentage of that portion of the remaining proceeds which each municipality that levies an ad valorem tax on property shall receive, which percentage shall not be less than that proportion which each such absent municipality's population bears to the total population of all municipalities that levy ad valorem taxes on property within the special district multiplied by that portion of the remaining proceeds which are received by all such municipalities within the special district. No portion of the tax shall be apportioned to counties and municipalities that do not levy an ad valorem tax on property or do not have a base year value or adjusted base year value homestead exemption in effect.

(3) Subject to the limitation provided for in Code Section 48-8-6, any special district which wholly or partially contains a jurisdiction levying the tax provided for under Article 4 of this chapter is authorized to levy the tax authorized under this article. Such tax authorized under this article may only be levied in the areas of the special district outside of the jurisdiction levying the tax provided for under Article 4 of this chapter. Any jurisdiction levying the tax provided for under Article 4 of this chapter shall not be considered within the procedure necessary to levy the tax under this article and shall not be entitled to any portion of said tax.

48-8-109.32.

(a) The intergovernmental agreement required by this article shall specify the maximum period of time of the tax, to be stated in calendar years or calendar quarters not to exceed five years in total.

(b) Each such intergovernmental agreement shall prescribe that the county election superintendent shall issue the call for an election for the purpose of submitting the question of the imposition of the tax authorized by this article to the voters of the county. The call for and conduct of any such election shall be in the manner authorized under Code Section 21-2-540, on a date specified by the intergovernmental agreement from among the dates allowed under paragraph (2) of subsection (c) of Code Section 21-2-540. Such election superintendent shall cause the date and purpose of the election to be

published once a week for four weeks immediately preceding the date of the election in the legal organ of the county or in a newspaper having general circulation in the county at least equal to that of the legal organ.

(c) The exact ballot language shall be prescribed in the intergovernmental agreement which imposes the tax authorized by this article, but shall contain, at a minimum, the purpose of the tax, the rate of the tax, and the duration for which the tax shall be imposed.

Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the sales and use tax provided in this article shall be applicable to sales of motor fuels as prepaid local tax as defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the county government or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The proceeds of the tax collected by the commissioner under this article shall be disbursed as soon as practicable after collection as follows:

48-8-109.37.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within the state or in a tax jurisdiction outside the state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales or use tax so paid is less than the amount of the use tax due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due

under this article. The commissioner may require such proof of payment in another local tax jurisdiction as the commissioner deems necessary and proper. No credit shall be granted, however, against the tax imposed under this article for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the special district or any political subdivision within the special district; and taxes so paid in another jurisdiction shall be credited first against the tax levied under Article 2 of this chapter, if applicable, then against the tax levied under Part 1 of Article 3 of this chapter, if applicable, then against the tax levied under Part 2 of Article 3 of this chapter, if applicable, and then against the tax levied under this article.

48-8-109.38.

48-8-109.39.
No tax provided for in this article shall be imposed upon the sale or use of building and construction materials when the contract for which the materials are purchased or used was advertised for bid prior to the voters' approval of the levy of the tax and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of the levy of the tax.

48-8-109.40.
The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax authorized by this article.

48-8-109.41.
The tax authorized by this article shall be in addition to any other local sales and use tax. The imposition of any other local sales and use tax within a county, municipality, or special district shall not affect the authority of a county, municipality, or special district to impose the tax authorized by this article, and the imposition of the tax authorized by this article shall not affect the imposition of any otherwise authorized local sales and use tax within a county, municipality, or special district.

48-8-109.42.
(a) Any proceeds received by a political subdivision from the tax authorized by this article shall be used by such political subdivision exclusively for tax relief and in conjunction with all limitations provided in the intergovernmental agreement authorizing

the tax for such political subdivision.

(b)(1) Each taxpayer's ad valorem tax bill shall clearly state the dollar amount by which the property tax has been reduced as a result of the imposition of the tax imposed under this article.

(2) The roll-back rate for the political subdivision, which is calculated under Code Section 48-5-32.1, shall be reduced annually by the millage equivalent of the net proceeds of the tax authorized under this article, which proceeds were received by the political subdivision during the prior taxable year.

If for any reason any of the sums herein provided under any other provision of this Act are insufficient to make the required payments in full, then there shall be taken from other funds appropriated to the department, agency, or institution involved an amount sufficient to satisfy such deficiency in full, and the lease payment shall constitute a first charge on all such appropriations.

The appropriations of Federal Funds and of Other Funds in this Act shall consist of the amount stated at the broadest or summary level of detail associated with the statement of Program Name and Program Purpose, and the more specific levels of detail shall be for information only. In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds and Federal Funds, including in Other Funds without limitation all Intra-

State Government Transfers. Regardless of placement on the page, both the broadest or summary level of detail and the more specific detail of appropriations of Intra-State Government Transfers shall be deemed more specific levels of detail of Other Funds, and the broadest or summary amount shall be deemed added to the broadest or summary amount of the appropriation of Other Funds for the program.

For authorizations for general obligation debt in Section 51, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the boldfaced text are information only.

The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" (for even-numbered fiscal years) and the shaded sections following the Section heading (for odd-numbered fiscal years) are for informational purposes only. In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Airport Aid," "Ports and Waterways," and "Rail" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 20 percent (20%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the four programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

(b) The board is authorized and directed to receive the applications of such members as would be eligible to receive creditable service under the terms and conditions as set forth in subsection (c) of this Code section. A pro rata portion of one-half of such amount, determined by the number of months of creditable service requested by each person, shall be assigned as such person's employee contribution required to receive such creditable service. ARTICLE 6

47-17-80.

(a) At the time a member qualifies for retirement payments, such member must choose a payment option provided for in this Code section. A member shall become eligible to begin receiving benefits on the first day of the month following the month in which the member qualified for retirement and terminated active employment as a peace officer; provided, however, that, if a member is vested and has reached age 55, then the requirement of terminated active employment as a peace officer is waived. A member shall present to the ~~secretary-treasurer~~ executive director a completed application form

for retirement benefits within 30 days of the anticipated retirement date. The application shall contain such information as the board shall require. After approval by the board, the ~~secretary-treasurer~~ executive director shall pay to such retired member a monthly sum based on the option chosen by the member. If a married member with a spouse then living is unable to choose an option provided for in this Code section and to complete an application form because of death, mental incompetency, or other providential cause, then Option Two shall become effective. After a member's retirement application has been approved by the board, the member is ineligible to return to active status in the fund.

(b)~~(1)~~ Option One shall consist of a single life annuity payable in monthly payments for the life of the member only. The monthly payment under this option shall be an amount equal to ~~$25.15~~ $30.00 per month for each full year of creditable service~~; provided, however, on July 1, 2021, such amount shall increase to $30.00 per month for each full year of creditable service~~ and in the event the member shall have additional service credit not totaling a full year, the further sum of one-twelfth of the amount paid per month for each additional year of service credit shall be paid for each month of additional service credit, provided that the member either has at least ten years of membership service, or 15 years of membership service for individuals who became members on or after July 1, 2010, and is at least 55 years of age or has at least 30 years of creditable service, regardless of age. Such monthly benefit payment shall be paid on each full year and additional full months of creditable service up to a maximum of 30 years of total service.

~~(2) No member shall be eligible for benefits under this option until the member's official duties as a peace officer have been terminated, except as otherwise provided in this chapter, and unless the member files an application for retirement benefits within 90 days from the date of the termination of the member's official duties as a peace officer, unless prevented therefrom for good cause.~~

~~(3) If such member shall qualify for retirement benefits in every respect except for completion of payment of monthly dues for the periods of time for which the member has received service credit, dues shall be deducted from the member's monthly benefit check until such dues have been paid in full.~~

~~(4) Any member who has at least ten years of membership service, or 15 years of membership service for individuals who became members on or after July 1, 2010, for which dues have been fully paid but who has not reached 55 years of age may cease paying monthly dues into the fund if the member's employment as a peace officer is terminated; and upon reaching 55 years of age, the member may be eligible to receive retirement benefits under this option.~~

(c) Option Two shall consist of a 100 percent joint life annuity payable during the life of the member or the member's spouse. The amount of monthly payment to be paid under this option shall be based on the date the member first becomes eligible to receive pension benefits (normal retirement date) and shall be computed so as to be actuarially equivalent to the monthly retirement payment which would have been paid to the member under Option One. Such actuarial equivalence shall be computed ~~on the~~ using an interest rate and current mortality ~~basis approved from time to time~~ table adopted by the board, the age of the member, and, if applicable, the age of ~~his or her~~ the spouse as of the date

benefits are to commence or as of the date benefits would have commenced if the member had retired after first becoming eligible for full benefits, whichever is earlier.

(d) Option Three shall consist of a contingency life annuity with a 50 percent monthly payment to the surviving spouse. The amount of monthly payment to be paid under this option shall be based on the date the member first becomes eligible to receive pension benefits (normal retirement date) and shall be computed so as to be actuarially equivalent to the monthly retirement payment which would have been paid to the member under Option One. Such actuarial equivalence shall be computed ~~on the interest rate and mortality basis approved from time to time~~ using an interest rate and current mortality table adopted by the board, the age of the member, and, if applicable, the age of his or her spouse as of the date benefits are to commence or as of the date benefits would have commenced if the member had retired after first becoming eligible for full benefits, whichever is earlier.

(e) Under Option Two or Three, in the case of a divorce, a retired member may revoke the election of any such option at any time after the entry of a final judgment of complete divorce from the retired member's spouse or the retired member may elect to continue under Option Two or Three for the benefit of the former spouse. Upon any such revocation, or in the case of the death of a spouse, the retired member shall begin receiving the monthly retirement benefit which the retired member would have been entitled to receive under Option One. In the event any such retired member remarries, ~~after divorce from the former spouse and~~ the retired member ~~elected to revoke Option Two or Three as provided in this subsection, the retired member~~ may elect to begin receiving the applicable reduced monthly retirement benefit of equivalent actuarial value and reestablish on behalf of the new spouse the same option which was applicable to the former spouse. Such actuarial equivalence shall be based on the age of the retired member and the age of the retired member's new spouse at the time of such election and shall be computed ~~on the Mortality Table GA51, with projection, using interest at 6 percent per annum,~~ using an interest rate and current mortality table adopted by the board with a five-year age setback for females and monthly payment annuity functions. ~~The option on behalf of the new spouse may not be exercised until one year after the date of remarriage or until a child of the remarried couple is born, whichever is earlier.~~

~~(e.1) When a retired member has elected Option Two or Option Three, then in the event the spouse predeceases the retired member, the monthly retirement benefit payable to the retired member after the death of the spouse shall be increased to the monthly retirement benefit which the retired member would have been entitled to receive under Option One. In the event any such retired member remarries or has remarried after the death of the former spouse, the retired member may elect to begin receiving the applicable reduced retirement benefit of equivalent actuarial value and reestablish on behalf of the new spouse the same option which was applicable to the deceased former spouse, but such option on behalf of the new spouse may not be reestablished until one year after the date of remarriage or until a child of the remarried couple is born, whichever is earlier. Actuarial equivalence under this subsection shall be determined in the same manner that it is determined under subsection (e) of this Code section. This subsection applies to~~

~~retired members who retired at any time prior to July 1, 1990, as well as to those who retire on or after that date, but increases in monthly retirement benefits authorized by this subsection shall not be paid retroactively for any period of time prior to July 1, 1990, notwithstanding the fact that a spouse covered under Option Two or Option Three may have died prior to July 1, 1990.~~

~~(f) Nothing contained in this Code section shall affect the requirement that a member make payments into the fund for a minimum period of ten years, or 15 years for members who become members on or after July 1, 2010, nor shall it affect the requirement that credit for service after March 1, 1951, shall not be given unless the member has made the required payments to the fund for all such service. Any peace officer becoming a member of the fund between April 1, 1953, and March 31, 1965, inclusive, must remain an active member and, in addition to completing the required years of service, must remit the correct amount of dues to the fund for a period of three years from the date he or she becomes a member, irrespective of previous service credited for which dues are paid, before being eligible for any retirement benefits provided under this Code section. Any peace officer becoming a member of the fund for the first time on or after April 1, 1965, must remain an active member and, in addition to completing the required years of service, must remit the correct amount of dues to the fund for a period of five years from the date he or she becomes a member, irrespective of previous service credited for which dues are paid, before being eligible for any retirement benefits provided under this Code section.~~

~~(g)(1) Except as provided in paragraphs (2) and (3) of this subsection, any member who again becomes employed as a peace officer after having been placed on retirement under this Code section shall immediately notify the secretary-treasurer of such reemployment. Retirement benefits being paid to such member shall be terminated as of the date of such reemployment and shall remain terminated for the duration of such reemployment. During such period of reemployment, said member shall pay regular monthly dues into this fund. Upon meeting the requirements provided by law, such member shall be entitled to all benefits provided for in Code Sections 47-17-81 and 47-17-82; but such member shall not be entitled to any increase in retirement benefits by virtue of service during the period of reemployment unless such reemployment is for a term of three years or more, in which instance such member may again apply for retirement as if he or she had not previously been retired; and he or she shall be entitled to such benefits as may be provided by law at that time, if he or she so chooses.~~

~~(2) The provisions of paragraph (1) of this subsection shall not apply to a retired member employed in any capacity for 1,040 hours or less in any calendar year.~~

~~(3) The provisions of paragraph (1) of this subsection shall not apply to a member otherwise qualified for a normal service retirement under this chapter with at least 30 years of creditable service and who has attained the age of 55. Any such member may continue or reenter employment as a peace officer and shall for all purposes be considered a retired member of this fund; provided, however, that the provisions of this paragraph shall not apply to any person who first or again becomes a member on or after July 1, 2009.~~

~~(h) The amounts provided for as retirement benefits in this Code section shall apply to those members who have retired prior to July 1, 1990, as well as to those members who retire on or after that date. The service of each member who retired prior to July 1, 1990, shall be recomputed; and, if it is determined that the amounts provided for in this Code section result in an increase in the retirement benefits being paid to such member, such benefits shall be increased to the proper amount and shall be paid to the member in the future, beginning July 1, 1990. If it is determined that an increase in retirement benefits will result for any such retired member, and such retired member shall not have completed payment of dues for all service credit previously allowed as of the date of such member's retirement, monthly dues shall be deducted from the member's monthly retirement benefits until such time as said dues shall have been paid for each month of service for which retirement credit has been received; provided, however, that no such member shall be allowed to change the option under which the member originally retired unless the member shall again become employed as a peace officer as provided in subsection (g) of this Code section and complies with all the provisions of subsection (g) of this Code section.~~

~~(i)~~(f) In the event an active member of the fund dies before retirement and such member has accumulated at least ten years of membership service, or 15 years for members who become members on or after July 1, 2010, or would otherwise have been eligible to receive retirement benefits, ~~except for the member's not having terminated the member's official capacity as a peace officer,~~ benefits shall be extended to the surviving spouse of such member in the form of an annuity for the remaining life of such spouse determined and paid to such surviving spouse under Option Two of this Code section to the same extent as if such member had died while receiving retirement benefits under Option Two.

~~(j)~~(g) Upon the death of any retired member, any unpaid monthly benefits shall be paid to the named beneficiary, if any, or if there is no named beneficiary, then to the estate of the retired member.

47-17-81.

(a) Any dues-paying member who became a member prior to July 1, 1993, who is rendered totally and permanently disabled by disease or injury so as to be unable to perform substantially all of the duties of the position to which the member was regularly assigned when the disability originated or so as to be unable to engage in any occupation or gainful employment for which the member is reasonably suited by virtue of the member's background, training, education, and experience shall be entitled to disability benefits of ~~$257.00~~ $455.00 per month for life or until the member's disability ceases, provided that the member makes application to the board for disability benefits within 12 months of becoming totally and permanently disabled.

(b) The disability benefits provided under this Code section shall be payable upon the event of disability as provided in subsection (a) of this Code section regardless of the cause of the disability and shall be payable when the disability is a result of any mental or physical injury or disease, whether caused by reason of the peace officer's employment or not, provided that no benefits shall be payable under this Code section for any

disability resulting from the chronic and excessive consumption of alcoholic beverages, addiction to drugs, the use of which is prohibited in this state by law, engagement by the member in any criminal act, willful misconduct of the member, or injury sustained by the member while serving in the armed forces of any country or while on active duty in the National Guard or other armed forces reserve force.

(c) Any other provision of law to the contrary notwithstanding, any member who is receiving disability benefits pursuant to this Code section on June 30, 1990, and who had at least 20 years of creditable service at the time such member first became eligible for such disability benefits shall receive the same benefits as a member who retires at age 55 or older with 20 years of creditable service under the provisions of Code Section 47-17-80. For each year of creditable service above 20 years but not more than 30 years which such member had when first becoming eligible to receive disability benefits, the benefits shall be the same as those provided for the same number of years of creditable service under the provisions of Code Section 47-17-80. The benefits of such members who are receiving disability benefits pursuant to this Code section on June 30, 1990, shall be recomputed and the increased benefits shall be paid to such members beginning July 1, 1990. Any member who first becomes eligible to receive disability benefits on or after July 1, 1990, who has the required years of creditable service as provided in this subsection shall have disability benefits computed and paid in the same manner as provided in this subsection.

(d) The amount of disability benefits in this Code section shall apply to those members who have retired on disability prior to July 1, 1990, as well as to those members who retire on disability on or after that date. The creditable service of each such member who retired prior to July 1, 1990, shall be recomputed, and the benefits provided under this Code section shall be paid to such member in the future beginning July 1, 1990.

(e) Once each year during the first five years following the commencement of disability benefits under this Code section, and once in every three-year period thereafter, the board may require a disability beneficiary who has not yet attained 65 years of age to undergo a medical examination, such examination to be made at his or her place of residence, or other place mutually agreed upon, by physicians designated by the board. The disability benefits recipient may himself or herself request such an examination. The designated physicians shall report to the board, following each such examination, the current status and condition of the recipient's disability.

(f) A disabled member's disability benefits shall cease:

(1) Upon his or her return to gainful employment with the employer for which he or she worked at the time ~~his or her~~ their disability originated;

(2) If he or she refuses to submit to any medical examination requested under this Code section, in which case the benefits shall remain discontinued until the member's withdrawal of such refusal and submission to the requested medical examination; and, if his or her refusal continues for one year, all his or her rights in and to disability benefits may be revoked by the board;

(3) If the board determines on the basis of any medical examination that the member has sufficiently recovered from his or her disability so as to again be able to perform

substantially all of the duties of the position to which he or she was regularly assigned when the disability originated, or so as to be able to engage in an occupation or gainful employment for which he or she is reasonably suited by virtue of his or her background, training, education, and experience;

(4) If the member does in fact obtain gainful employment compensating him or her at a level equal to or greater than the current compensation for the position he or she occupied at the time his or her disability originated; or

(5) When he or she dies.

(g) The board shall prescribe and furnish a form and procedure for the application for disability benefits. Applications shall contain such information as the board shall require. Upon the receipt of an application, the board may pass upon and decide whether to grant or deny the application on the basis of the submitted information or may refer the application to its duly appointed hearing officer for a recommendation. Any applicant for disability benefits shall have the right to request the board to refer his or her application to the hearing officer for a recommendation. In the consideration of any application for disability benefits, the receipt of disability benefits or payments by the applicant under the federal Social Security Act shall be deemed sufficient for eligibility for disability benefits under this Code section.

(h) Any other provision of this Code section to the contrary notwithstanding, no person who becomes a member or again becomes a member of this fund on or after July 1, 1993, shall be entitled to any benefit provided for in this Code section.

47-17-82.

(a) ~~A peace officer, upon becoming a member of the fund and after having designated a beneficiary, shall be issued a certificate by the board whereby the board shall agree to pay the sum of $3,500.00, or such lesser amount as might be arrived at under this Code section, to such beneficiary upon the death of such member. If a member has received $1,000.00 or more in retirement benefits at the time of his or her death, such beneficiary shall only be entitled to receive $2,500.00 upon the death of such member. If a member has received less than $1,000.00 in retirement benefits at the time of his or her death, such beneficiary shall only be entitled to receive an amount which, when added to the amount already received by the member, will total $3,500.00; provided, however, that the amount to be paid to a member who dies with less than five years of service shall be $1,000.00.~~ Following the death of a retired member or an active member in good standing, upon application to the board and proof of death, the member's designated beneficiary shall be paid the sum of $5,000.00.

(b) The designated beneficiary of any dues-paying member who receives an injury by external accident or violence arising out of and in the course of the employment as a peace officer and not resulting from willful misconduct of such officer, which injury is the direct and proximate cause of death within 12 months of the date of the injury, shall, upon application to the board and lawful proof of such injury and death as the direct and proximate result thereof, be paid a sum of ~~$5,500.00, provided that, if such peace officer received any disability benefits under this chapter, the $5,500.00 death benefit provided~~

~~for under this Code section shall be reduced in the amount of such disability benefits received; provided, further, that in no event shall such death benefit be less than $2,500.00, regardless of the amount of benefits such peace officer may have drawn prior to his death~~ $10,000.00.

(c) Applications for such benefits shall contain such information as the board shall ~~desire~~ require.

(d) If the amount of dues paid by the member prior to vesting is greater than the amount of death benefit contained in subsection (a) or (b) of this Code section, the designated beneficiary will receive a refund of the dues paid.

47-17-83.

(a) Upon application of any person who is or has been a member, the board may provide for a refund to such person of ~~95~~ 100 percent of all dues paid by ~~him~~ such person for periods of service which qualify as creditable service under this chapter.

(c) ~~Upon application of any person who received a refund of dues prior to April 1, 1965, or of any person who is not employed as a peace officer and who receives a refund of dues after April 1, 1965, the board may reinstate such person as a member. Such person may further be granted credit for all periods of service for which dues have previously been paid, provided that such person shall, at the time of application, be a peace officer; provided, further, that he tenders back to the fund all moneys and all dues previously refunded, plus regular dues for any other period of service during which such person may have served as a peace officer, together with interest on such amounts at the rate of 8 percent per annum from the date of such refund; provided, further, that, if such person has served eight or more continuous months as a peace officer, beginning on or after April 1, 1965, without having made application for reinstatement to membership within that eight-month period, his right to be so reinstated to membership shall be forever forfeited and he shall not be eligible to receive credit for service rendered before he again becomes a member. He may apply for new membership, subject to other terms and conditions set forth in this chapter and any lawful rules and regulations adopted by the board relating to membership.~~

The Honorable John Carson, Chairman
House Retirement Committee
State Capitol, Room 401-E

SUBJECT: State Auditor's Certification
Substitute to Senate Bill 328 (LC 56 0178S)

Dear Chairman Carson:

This substitute bill would amend several provisions within the Peace Officers' Annuity and Benefit Fund. Specifically, this bill would:

- Amend definitions to include a definition for 'full time employment' and to provide for a more concise definition of 'peace officer' without changing any of the eligibility requirements;
- Define the term of office for Board members;

- Change the title of Secretary-Treasurer to Executive Director and specify that the Board would set the compensation for the Executive Director;
- Update the duties of the Board;
- Revise provisions relating to the application for membership. Specifically, the employing agency would no longer be required to notify the Fund of each new hire. Instead, the employing agency would provide the new hire with an application and a certification of employment within 30 days of employment;
- Increase the minimum monthly dues to $35 and the maximum monthly dues to $70. Currently the minimum and maximum are $25 and $50 respectively;
- Clarify the process for delinquent payments and for the reinstatement of membership resulting from delinquencies;
- Change the requirements for remission of payments by the Georgia Composite Medical Board and the Board of Dentistry from monthly to annual;
- Require members to pay the full actuarial cost of creditable service for service rendered as a peace officer prior to becoming a member of the Fund. This substitute bill limits the member to a maximum of five years of creditable service, which is currently in statute. The original bill increased the maximum to seven years;
- Change the eligibility requirements for benefits to include vested members who have reached the age of 55 and remain actively employed;
- Specify that retired members may not rejoin as an active member;
- Update the spousal benefit calculator;
- Increase the disability payment from $257 per month to $455 per month;
- Increase the death benefit to $5,000. Currently, the maximum death benefit is $3,500;
- Increase the death benefit paid to beneficiaries of members who were injured in the line of duty and passed away as a result of such injuries within 12 months. Currently the maximum death benefit is $5,500. If this legislation is enacted, the benefit would be increased to $10,000; and
- Revise the provisions relating to the refund of membership dues. Persons seeking refunds would be entitled to receive a refund for 100 percent of all dues paid. Currently, they receive a refund equivalent to 95 percent of all dues paid.

This is to certify that the changes made in this substitute bill are nonfiscal amendments as defined in the Public Retirement Systems Standards Law. Therefore, the actuarial investigation prepared for Senate Bill 328 (LC 43 2834ER) applies to Senate Bill 328 (LC 56 0178S). A copy of the original actuarial investigation and State Auditor's Summary is attached.

Respectfully,
/s/ Greg S. Griffin

The official tabulation count of any ballot scanner shall be based upon the text portion or the machine mark, provided that such mark clearly denotes the elector's selection and does not use a QR code, bar code, or similar coding, of such ballots and not any machine coding that may be printed on such ballots."

SECTION 8.

Said chapter is further amended in Code Section 21-2-386, relating to safekeeping, certification, and validation of absentee ballots, rejection of ballot, delivery of ballots to location designated by superintendent, duties of superintendent and managers, precinct returns, report of returns of verified and accepted absentee ballots cast as soon as possible following closing of polls, notification of challenged elector, and unlawful disclosure of tabulation results, by revising paragraph (3) of subsection (a) as follows:

"(3) A county election superintendent may, in his or her discretion, after 7:00 A.M. on the day of the primary, election, or runoff begin tabulating the absentee ballots; provided, however, that all absentee ballots that have been verified and accepted pursuant to subparagraph (a)(1)(B) of this Code section by the Monday prior to the day of the primary, election, or runoff shall be tabulated and the results reported by no later than 8:00 P.M. on the day of such primary, election, or runoff or within one hour of the closing of all polls in such county, whichever occurs later. If the county election superintendent chooses to open the inner envelopes and begin tabulating such ballots prior to the close of the polls on the day of the primary, election, or runoff, the superintendent shall notify in writing, at least seven days prior to the primary, election, or runoff, the Secretary of State of the superintendent's intent to begin the absentee ballot tabulation prior to the close of the polls. The county executive committee or, if there is no organized county executive committee, the state executive committee of each political party and political body having candidates whose names appear on the ballot for such election in such county shall have the right to designate two persons and each independent and nonpartisan candidate whose name appears on the ballot for such election in such county shall have the right to designate one person to act as monitors for such process. In the event that the only issue to be voted upon in an election is a referendum question, the superintendent shall also notify in writing the chief judge of the superior court of the county who shall appoint two electors of the county to monitor such process."

SECTION 9.

Said chapter is further amended by revising Code Section 21-2-386, relating to safekeeping, certification, and validation of absentee ballots, rejection of ballot, delivery of ballots to location designated by superintendent, duties of superintendent and managers,

precinct returns, report of returns of verified and accepted absentee ballots cast as soon as possible following closing of polls, notification of challenged elector, and unlawful disclosure of tabulation results, as follows:

"21-2-386.

(a)(1)(A) The board of registrars or absentee ballot clerk shall keep safely, unopened, and stored in a manner that will prevent tampering and unauthorized access to and shall document authorized access to all official absentee ballots received from absentee electors prior to the closing of the polls on the day of the primary or election except as otherwise provided in this subsection.

(B) Upon receipt of each ballot, a registrar or clerk shall write the day and hour of the receipt of the ballot on its envelope. The registrar or clerk shall then compare the number of the elector's Georgia driver's license number or state identification card issued pursuant to Article 5 of Chapter 5 of Title 40 and date of birth entered on the absentee ballot envelope with the same information contained in the elector's voter registration records. If the elector has affirmed on the envelope that he or she does not have a Georgia driver's license or state identification card issued pursuant to Article 5 of Chapter 5 of Title 40, the registrar or clerk shall compare the last four digits of the elector's social security number and date of birth entered on the envelope with the same information contained in the elector's voter registration records. The registrar or clerk shall also confirm that the elector signed the oath and the person assisting the elector, if any, signed the required oath. If the elector has signed the elector's oath, the person assisting has signed the required oath, if applicable, and the identifying information entered on the absentee ballot envelope matches the same information contained in the elector's voter registration record, the registrar or clerk shall so certify by signing or initialing his or her name below the voter's oath. Each elector's name so certified shall be listed by the registrar or clerk on the numbered list of absentee voters prepared for his or her precinct. All accepted absentee ballots shall be securely stored in either a sealed container or appropriately secured in an access controlled room that will prevent tampering or unauthorized access prior to the scanning of such ballots.

(C) If the elector has failed to sign the oath, or if the identifying information entered on the absentee ballot envelope does not match the same information appearing in the elector's voter registration record, or if the elector has failed to furnish required information or information so furnished does not conform with that on file in the registrar's or clerk's office, or if the elector is otherwise found disqualified to vote, the registrar or clerk shall write across the face of the envelope 'Rejected,' giving the reason therefor. The board of registrars or absentee ballot clerk shall promptly notify the elector of such rejection, a copy of which notification shall be retained in the files of the board of registrars or absentee ballot clerk for at least two years. Such elector shall have until the end of the period for verifying provisional ballots contained in subsection (c) of Code Section 21-2-419 to cure the problem resulting in the rejection of the ballot. The elector may cure a failure to sign the oath, nonmatching identifying information, or missing information by submitting an affidavit to the board of

registrars or absentee ballot clerk along with a copy of one of the forms of identification enumerated in subsection (c) of Code Section 21-2-417 before the close of such period. The affidavit shall affirm that the ballot was submitted by the elector, is the elector's ballot, and that the elector is registered and qualified to vote in the primary, election, or runoff in question. If the board of registrars or absentee ballot clerk finds the affidavit and identification to be sufficient, the absentee ballot shall be counted.

(D) An elector who registered to vote by mail, but did not comply with subsection (c) of Code Section 21-2-220, and who votes for the first time in this state by absentee ballot shall include with his or her application for an absentee ballot or in the outer oath envelope of his or her absentee ballot either one of the forms of identification listed in subsection (a) of Code Section 21-2-417 or a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of such elector. If such elector does not provide any of the forms of identification listed in this subparagraph with his or her application for an absentee ballot or with the absentee ballot, such absentee ballot shall be deemed to be a provisional ballot and such ballot shall only be counted if the registrars are able to verify current and valid identification of the elector as provided in this subparagraph within the time period for verifying provisional ballots pursuant to Code Section 21-2-419. The board of registrars or absentee ballot clerk shall promptly notify the elector that such ballot is deemed a provisional ballot and shall provide information on the types of identification needed and how and when such identification is to be submitted to the board of registrars or absentee ballot clerk to verify the ballot.

(E) Three copies of the numbered list of voters shall also be prepared for such rejected absentee electors, giving the name of the elector and the reason for the rejection in each case. Three copies of the numbered list of certified absentee voters and three copies of the numbered list of rejected absentee voters for each precinct shall be turned over to the poll manager in charge of counting the absentee ballots and shall be distributed as required by law for numbered lists of voters.

(F) All absentee ballots returned to the board or absentee ballot clerk after the closing of the polls on the day of the primary or election shall be safely kept unopened by the board or absentee ballot clerk and then transferred to the appropriate clerk with the documentation provided for in subparagraph (a)(1)(A) of this Code section for storage in a manner that will prevent tampering for the period of time required for the preservation of ballots used at the primary or election and shall then, without being opened, be destroyed in like manner as the used ballots of the primary or election. The board of registrars or absentee ballot clerk shall promptly notify the elector by first-class mail that the elector's ballot was returned too late to be counted and that the elector will not receive credit for voting in the primary or election. All such late absentee ballots shall be delivered to the appropriate clerk and stored as provided in Code Section 21-2-390.

(G) Notwithstanding any provision of this chapter to the contrary, until the United

States Department of Defense notifies the Secretary of State that the Department of Defense has implemented a system of expedited absentee voting for those electors covered by this subparagraph, absentee ballots cast in a primary, election, or runoff by eligible absentee electors who reside outside the county or municipality in which the primary, election, or runoff is held and are members of the armed forces of the United States, members of the merchant marine of the United States, spouses or dependents of members of the armed forces or merchant marine residing with or accompanying such members, or overseas citizens that are postmarked by the date of such primary, election, or runoff and are received within the three-day period following such primary, election, or runoff, if proper in all other respects, shall be valid ballots and shall be counted and included in the certified election results.

(2)(A) Beginning at 8:00 A.M. on the third Monday prior to the day of the primary, election, or runoff, the election superintendent shall be authorized to open the outer oath envelope of absentee ballots that have been verified and accepted pursuant to subparagraph (a)(1)(B) of this Code section, remove the contents of such outer envelope, open the inner envelope marked 'Official Absentee Ballot,' and scan the absentee ballot using one or more ballot scanners. At least three persons who are registrars, deputy registrars, poll workers, or absentee ballot clerks ~~must~~ shall be present before commencing; and three persons who are registrars, deputy registrars, or absentee ballot clerks shall be present at all times while the sealed containers containing verified and accepted absentee ballots are unsealed and verified for integrity, while the absentee ballot envelopes are ~~being~~ opened, and while the absentee ballots are ~~being~~ scanned. However, no person shall tally, tabulate, estimate, or attempt to tally, tabulate, or estimate or cause the ballot scanner or any other equipment to produce any tally or tabulate, partial or otherwise, of the absentee ballots cast until the time for the closing of the polls on the day of the primary, election, or runoff except as provided in this Code section. Prior to beginning the process set forth in this paragraph, the superintendent shall provide written notice to the Secretary of State in writing at least seven days prior to processing and scanning absentee ballots. Such notice shall contain the dates, start and end times, and location or locations where absentee ballots will be processed and scanned. The superintendent shall also post such notice publicly in a prominent location in the superintendent's office and on the home page of the county election superintendent's website, if the county election superintendent maintains such a website. The Secretary of State shall publish on his or her website the information he or she receives from superintendents stating the dates, times, and locations where absentee ballots will be processed.

(B) The proceedings set forth in this paragraph shall be open to the view of the public, but no person except one employed and designated by the superintendent shall touch any ballot or ballot container. Any person involved in processing and scanning absentee ballots shall swear an oath, in the same form as the oath for poll officers provided in Code Section 21-2-95, prior to beginning the processing and scanning of absentee ballots. The county executive committee or, if there is no organized county executive committee, the state executive committee of each political party and

political body having candidates whose names appear on the ballot for such election shall have the right to designate two persons and each independent and nonpartisan candidate whose name appears on the ballot for such election shall have the right to designate one person to act as monitors for such process. In the event that the only issue to be voted upon in an election is a referendum question, the superintendent shall also notify in writing the chief judge of the superior court of the county who shall appoint two electors of the county to monitor such process. While viewing or monitoring the process set forth in this paragraph, monitors and observers shall be prohibited from:

(i) In any way interfering with the processing or scanning of absentee ballots or the conduct of the election;

(ii) Using or bringing into the room any photographic or other electronic monitoring or recording devices, cellular telephones, or computers;

(iii) Engaging in any form of campaigning or campaign activity;

(iv) Taking any action that endangers the secrecy and security of the ballots;

(v) Touching any ballot or ballot container;

(vi) Tallying, tabulating, estimating, or attempting to tally, tabulate, or estimate, whether partial or otherwise, any of the votes on the absentee ballots cast; and

(vii) Communicating any information that they see while monitoring the processing and scanning of the absentee ballots, whether intentionally or inadvertently, about any ballot, vote, or selection to anyone other than an election official who needs such information to lawfully carry out his or her official duties.

(C) The State Election Board shall promulgate rules requiring reconciliation procedures; prompt and undelayed scanning of ballots after absentee ballot envelopes are opened; secrecy of election results prior to the closing of the polls on the day of a primary, election, or runoff; and other protections to protect the integrity of the process set forth in this paragraph.

(D) At the conclusion of the scanning of ballots, such scanned ballots shall be stored in tamper-resistant containers sealed with numbered seals, the number of which shall be recorded on the chain of custody document specified by the Secretary of State, and such forms shall be signed by the person storing the ballots and the date and time of storage shall be entered on such forms.

(3) A county election superintendent may, in his or her discretion, after 7:00 A.M. on the day of the primary, election, or runoff begin tabulating the absentee ballots; provided, however, that all absentee ballots that have been verified and accepted pursuant to subparagraph (a)(1)(B) of this Code section by the Monday prior to the day of the primary, election, or runoff shall be tabulated and the results reported by no later than 8:00 P.M. on the day of such primary, election, or runoff or within one hour of the closing of all polls in such county, whichever occurs later. If the county election superintendent chooses to open the inner envelopes and begin tabulating such ballots prior to the close of the polls on the day of the primary, election, or runoff, the superintendent shall notify in writing, at least seven days prior to the primary, election, or runoff, the Secretary of State of the superintendent's intent to begin the absentee

ballot tabulation prior to the close of the polls. The county executive committee or, if there is no organized county executive committee, the state executive committee of each political party and political body having candidates whose names appear on the ballot for such election in such county shall have the right to designate two persons and each independent and nonpartisan candidate whose name appears on the ballot for such election in such county shall have the right to designate one person to act as monitors for such process. In the event that the only issue to be voted upon in an election is a referendum question, the superintendent shall also notify in writing the chief judge of the superior court of the county who shall appoint two electors of the county to monitor such process.

(4) The county election superintendent shall publish a written notice in the superintendent's office of the superintendent's intent to begin the absentee ballot tabulation prior to the close of the polls and publish such notice at least one week prior to the primary, election, or runoff in the legal organ of the county.

(5) The process for opening absentee ballot envelopes, scanning absentee ballots, and tabulating absentee ballots on the day of a primary, election, or runoff as provided in this subsection shall be conducted in a manner to maintain the secrecy of all ballots and to protect the disclosure of any balloting information before 7:00 P.M. on election day. No absentee ballots shall be tabulated before 7:00 A.M. on the day of a primary, election, or runoff.

(6) All persons conducting the tabulation of absentee ballots during the day of a primary, election, or runoff, including the vote review panel required by Code Section 21-2-483, and all monitors and observers shall be sequestered until the time for the closing of the polls. All such persons shall have no contact with the news media; shall have no contact with other persons not involved in monitoring, observing, or conducting the tabulation; shall not use any type of communication device including radios, telephones, and cellular telephones; shall not utilize computers for the purpose of email, instant messaging, or other forms of communication; and shall not communicate any information concerning the tabulation until the time for the closing of the polls; provided, however, that supervisory and technical assistance personnel shall be permitted to enter and leave the area in which the tabulation is being conducted but shall not communicate any information concerning the tabulation to anyone other than the county election superintendent; the staff of the superintendent; those persons conducting, observing, or monitoring the tabulation; and those persons whose technical assistance is needed for the tabulation process to operate.

(7) The absentee ballots shall be tabulated in accordance with the procedures of this chapter for the tabulation of absentee ballots. As such ballots are tabulated, they shall be placed into locked ballot boxes and may be transferred to locked ballot bags, if needed, for security. Such boxes or bags shall be sealed and witnessed and verified by each person taking custody of such items by each such person's signature and date and time of taking custody. The persons conducting the tabulation of the absentee ballots shall not cause the tabulating equipment to produce any count, partial or otherwise, of the absentee votes cast until the time for the closing of the polls except as otherwise

provided in this Code section.

(b) When requested by the superintendent, but not earlier than the third Monday prior to a primary, election, or runoff, a registrar or absentee ballot clerk shall deliver the official absentee ballot of each certified absentee elector, each rejected absentee ballot, applications for such ballots, and copies of the numbered lists of certified and rejected absentee electors to the location designated by the superintendent in secure, sealed containers with the chain of custody documents as specified by the Secretary of State and the signature and date and time of the person taking custody, and the superintendent or official receiving such absentee ballots shall issue his or her receipt therefor.

(c) The superintendent shall cause the verified and accepted absentee ballots to be opened and tabulated as provided in this Code section. A manager shall then open the outer envelope in such manner as not to destroy the oath printed thereon and shall deposit the inner envelope marked 'Official Absentee Ballot' in a ballot box reserved for absentee ballots with an accompanying chain of custody documentation. Such ballot box shall be securely sealed if it is not in the direct control of the poll officers or if it is transferred to a different room or facility for tabulation. In the event that an outer envelope is found to contain an absentee ballot that is not in an inner envelope, the ballot shall be sealed in an inner envelope, initialed and dated by the person sealing the inner envelope, and deposited in the ballot box and counted in the same manner as other absentee ballots, provided that such ballot is otherwise proper. Such manager with two assistant managers, appointed by the superintendent, with such clerks as the manager deems necessary shall count the absentee ballots following the procedures prescribed by this chapter for other ballots, insofar as practicable.

(d) All absentee ballots shall be counted and tabulated in such a manner that returns may be reported by precinct; and separate returns shall be made for each precinct in which absentee ballots were cast showing the results by each precinct in which the electors reside. The superintendent shall utilize the procedures set forth in this Code section to ensure that the returns of verified and accepted absentee ballots cast are reported to the public as soon as possible following the closing of the polls on the day of the primary, election, or runoff. Failure to utilize these procedures to ensure that the returns of verified and accepted absentee ballots are reported as soon as possible following the close of polls shall subject the superintendent to sanctions by the State Election Board. If a superintendent fails to report the returns of verified and accepted absentee ballots by the day following the election at 5:00 P.M., the State Election Board may convene an independent performance review board pursuant to Code Section 21-2-107.

(e) If an absentee elector's right to vote has been challenged for cause, a poll officer shall write 'Challenged,' the elector's name, and the alleged cause of challenge on the outer envelope and shall deposit the ballot in a secure, sealed ballot box for which there shall be a chain of custody document as specified by the Secretary of State on which is recorded and witnessed the name and signature of each person taking custody of such ballots; and it shall be counted as other challenged ballots are counted. Where direct recording electronic voting systems are used for absentee balloting and a challenge to an elector's right to vote is made prior to the time that the elector votes, the elector shall vote

on a paper or optical scanning ballot and such ballot shall be handled as provided in this subsection. The board of registrars or absentee ballot clerk shall promptly notify the elector of such challenge.

(f) It shall be unlawful at any time prior to the close of the polls for any person to disclose or for any person to receive any information regarding the results of the tabulation of absentee ballots except as expressly provided by law."

SECTION 10.

Said chapter is further amended in Code Section 21-2-493, relating to computation, canvassing, and tabulation of returns, investigation of discrepancies in vote counts, recount procedure, pilot program for posting of digital images of scanned paper ballots, certification of returns, and change in returns, by revising subsection (a) and adding a new subsection to read as follows:

"(a) The superintendent shall, after the close of the polls on the day of a primary or election, at his or her office or at some other convenient public place at the county seat or in the municipality, of which due notice shall have been given as provided by Code Section 21-2-492, publicly commence the computation and canvassing of the returns and continue until all absentee ballots received by the close of the polls, including those cast by advance voting~~,~~; provided, however, that such votes cast by advance voting shall be tabulated and the results reported by no later than 8:00 P.M. on such day or within one hour of the closing of all polls in such county, whichever occurs later, and all ballots cast on the day of the primary or election have been counted and tabulated and the results of such tabulation released to the public and, then, continuing with provisional ballots as provided in Code Sections 21-2-418 and 21-2-419 and those absentee ballots as provided in subparagraph (a)(1)(G) of Code Section 21-2-386 from day to day until completed. For this purpose, the superintendent may organize his or her assistants into sections, each of whom may simultaneously proceed with the computation and canvassing of the returns from various precincts of the county or municipality in the manner provided by this Code section. Upon the completion of such computation and canvassing, the superintendent shall tabulate the figures for the entire county or municipality and sign, announce, and attest the same, as required by this Code section."

"(j.2)(1) On or after January 1, 2025, in the event that a superintendent receives a request pursuant to Code Section 50-18-71 for scanned ballot images at a resolution higher than the ballot images available from the Secretary of State pursuant to subsection (j.1) of this Code section, and such request is received following the final certification of the results of the election in which such ballots were created, the superintendent shall, consistent with Code Section 50-18-71, produce digital scans of the requested ballots at a resolution of no less than 600 dots per inch and deliver such scans to the requestor. A person making a request pursuant to this subsection may observe the scanning and related handling process, but under no circumstances shall anyone other than an authorized election official touch or handle a physical ballot.

(2) Notwithstanding any seal provided for by Code Section 21-2-500, a superintendent shall have access to the ballots cast within its jurisdiction so as to comply with the

provisions of this subsection. Upon receiving a request pursuant to this subsection, the superintendent shall notify the clerk of the superior court or, if designated by the clerk of the superior court, the county records manager or other office or official under the jurisdiction of a county governing authority which maintains or is responsible for maintaining such sealed ballots, and such official or office that maintains such requested ballot shall provide the superintendent access to such ballot without the need for obtaining a court order. All ballots provided to a superintendent pursuant to this paragraph shall be immediately returned by such superintendent to the official or office that maintains such ballots upon the scanning of such ballot."

SECTION 11.

Said chapter is further amended by adding a new Code section to read as follows:

"21-2-498.1.

The Secretary of State shall create a pilot program for the auditing of paper ballot images using optical character recognition technology or other related technology which shall verify the human-readable text portion of the ballot. Such auditing program shall not be based on or tabulate any QR code, bar code, or similar machine coding that may be printed on such ballots. Such audits shall include all ballot types, and the audit findings shall be reported prior to final certification of the election."

House Bill 1019 (LC 44 2531)

Dear Chairman Blackmon:

The bill would increase the homestead exemption outlined in O.C.G.A 48-5-44 from $2,000 to $4,000. It would only become law with a two-thirds' majority vote in the Georgia Senate and House and a subsequent vote by the state's citizens no later than November 2024.

The bill will have no impact on state revenue because the state does not charge ad valorem taxes on homes. However, the increased homestead exemption would reduce school districts' Net Tax Digest, which is a factor in the Local Five Mill Share (LFMS) and equalization portions of Quality Basic Education (QBE) funding. As shown in **Table 1**, if the bill had been in effect for the two most recent fiscal years, it would not have impacted LFMS funding but would have required additional state funding for the equalization grant.

Table 1: LFMS and Equalization Grant Funding Impacts from LC 44 2531

	FY23	FY24
LFMS		
Actual	($2,312,940,047)	($2,569,521,550)
With HB 1019	($2,312,940,047)	($2,569,521,550)
Change in State Funding	$0	$0
Equalization Grant		
Funding – Actual	$633,783,028	$756,060,581
Funding With HB 1019	$638,440,425	$759,565,610
Change in State Funding	$4,657,398	$3,505,029
Total State Impact	**$4,657,398**	**$3,505,029**

Note: Homestead exemptions from tax year 2020 are used to calculate FY 2023 state QBE expense, and exemptions from tax year 2021 were used to calculate FY 2024 state QBE expense.

Local Five Mill Share
The change in the homestead exemption would increase the state's portion of QBE funding unless total LFMS earnings exceed a statutory limit of 20% of QBE earnings. Because the cap was reached in FY 2023 and 2024 and would also have been reached under the bill, the bill would not have impacted the state share of QBE funding. Without the cap, the bill would have increased the state share by $14.2 million in FY 2023 and $15.3 million in FY 2024.

Equalization
The equalization formula funds eligible counties based on the statewide average of local revenue per weighted student FTEs. While smaller net tax digests that result from higher homestead exemptions may reduce grant amounts and the number of eligible systems, the distribution of homestead exemption changes across school systems ultimately determines the impact on state equalization funding. As shown in Table 1, state costs for equalization grants would have been higher in FY 2023 and FY 2024 under this bill. This is because the systems earning equalization experienced more significant decreases in local earnings per FTE than the statewide average.

Respectfully,
