By: Representative Lane of the 167th

A BILL TO BE ENTITLED

AN ACT

To provide for the composition and number of state house districts; to provide for a short title; to amend Chapter 2 of Title 28 of the Official Code of Georgia Annotated, relating to apportionment of the House of Representatives and Senate and qualifications of members, so as to provide for the number and election of Representatives; to provide for certain qualifications; to provide when the Representatives elected shall take office; to provide for the continuation of the present representative districts until a certain time; to provide that the provisions of this Act shall supersede and replace an interim apportionment plan and certain changes thereto; to provide for other matters relative to the foregoing; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Georgia House of Representatives Reapportionment Act of 2011."

SECTION 2.

(a) For the purpose of electing members of the House of Representatives, the State of Georgia is divided into 180 representative districts. Such representative districts shall be and correspond to those 180 numbered districts described in and attached to and made a part of this Act and further identified as "Plan: HSEPROP1 Plan Type: HOUSE Administrator: H167 User: STAFF".

(b) For the purposes of such plan:

(1) The term "VTD" shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a "VTD" heading shall mean and describe individual

Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia; and

(2) Except as otherwise provided in the description of any representative district, whenever the description of any representative district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia.

(c) Any part of the State of Georgia which is not included in any representative district described in subsection (a) of this section shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(d) Any part of the State of Georgia which is described in subsection (a) of this section as being included in a particular representative district shall nevertheless not be included within such representative district if such part is not contiguous to such representative district. Such noncontiguous part shall instead be included within that representative district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(e) The first members of the House of Representatives elected pursuant to this Act shall be those who are elected to take office on the convening date of the regular session of the General Assembly in 2013. Until that time the membership of the House of Representatives elected under prior law shall continue to serve and shall represent the districts from which elected, and until that time the composition of the districts from which such members were elected shall remain the same. The provisions of this Act shall be effective for the primary and general elections of 2012 for the purpose of electing members of the House of Representatives who are to take office in 2013. Successors to those members and future successors shall likewise be elected under this Act.

SECTION 3.

Chapter 2 of Title 28 of the Official Code of Georgia Annotated, relating to apportionment of the House of Representatives and Senate and qualifications of members, is amended by repealing Code Section 28-2-1, relating to apportionment and qualifications for the House of Representatives, and enacting a new Code Section 28-2-1 to read as follows:

"28-2-1.

(a)(1) There shall be 180 members of the House of Representatives.

(2) The General Assembly by general law shall divide the state into 180 representative districts which shall consist of either a portion of a county or a county or counties or any combination thereof and shall be represented by one Representative elected only by the electors of such district.

(b) A member of the House of Representatives shall be a resident of the district which such member represents and at the time of such member's election shall have been a resident of the territory embraced within such district for at least one year preceding such time."

SECTION 4.

The apportionment of the House of Representatives and the description of House Districts 1 through 180 provided for pursuant to this Act shall supersede and replace the apportionment of the House of Representatives and the description of House Districts 1 through 180 provided for pursuant to the 2004 interim House apportionment plan of the Special Master adopted by the United States District Court for the Northern District of Georgia in Larios v. Cox, 314 F. Sup. 2d 1357 (N.D. Ga. 2004) and descriptions of House Districts 5, 12, 46, 48, 50, 51, 167, and 179 as provided in an Act approved March 1, 2006 (Ga. L. 2006, p. 12).

SECTION 5.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 6.

All laws and parts of laws in conflict with this Act are repealed.
