The Honorable Matt Reeves
State Representative
Coverdell Legislative Office Building, Room 401-G
Atlanta, GA 30334

SUBJECT: State Auditor's Certification
House Bill (LC 43 2747)

Dear Representative Reeves:

This bill would amend provisions relating to retirement allowances for certain beneficiaries of the Georgia Judicial Retirement System. Currently, beneficiaries who became members on or after July 1, 2009 are not eligible to receive any postretirement benefit adjustments. If this bill is enacted, these members would become eligible for any postretirement benefit adjustments approved by the Board of Trustees. As written, this legislation would also authorize such beneficiaries to receive any postretirement benefit adjustments granted on or after July 1, 2019 provided they were retired at such time.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

Greg S. Griffin
State Auditor
