96 serialized ballot identifier number, but which do not make the ballot identifiable to a
97 particular elector, provided that at least one such feature is a visible watermark that
98 identifies the ballot as an official Georgia ballot."

99

SECTION 7.

100 Said chapter is further amended in Code Section 21-2-379.23, relating to requirements for

109 selection and does not use a QR code, bar code, or similar coding, of such ballots and not
110 any machine coding that may be printed on such ballots; provided, however, that nothing
111 in this chapter shall be deemed to prohibit or prevent the use of timing marks by optical

135 the second and third Sundays prior to a primary or election during hours determined by

136 the registrar or absentee ballot clerk, but no longer than 7:00 A.M. through 7:00 P.M.;

137 provided, however, that, if such second Saturday is a public and legal holiday pursuant

138 to Code Section 1-4-1, if such second Saturday follows a public and legal holiday

139 occurring on the Thursday or Friday immediately preceding such second Saturday, or if

140 such second Saturday immediately precedes a public and legal holiday occurring on the

141 following Sunday or Monday, such advance voting shall not be held on such second

142 Saturday but shall be held on the third Saturday prior to such primary or election

143 beginning at 9:00 A.M. and ending at 5:00 P.M. Except as otherwise provided in this

144 paragraph, the registrars may extend the hours for voting to permit advance voting from

145 7:00 A.M. until 7:00 P.M. and may provide for additional voting locations pursuant to

146 paragraph (1.1) of this subsection and Code Section 21-2-382 to suit the needs of the
147 electors of the jurisdiction at their option; provided, however, that voting shall occur only

149 authorized to conduct advance voting on any other days.

150 (1.1) Notwithstanding any provision of Code Section 21-2-382 to the contrary:

151 (A) In the event that the registrars for a county provide more than one advance voting
152 location, the registrars shall designate a specific advance voting location for each
153 precinct in the county. Only the electors who are registered to vote in the precincts
154 designated for a specific advance voting location may cast a vote pursuant to this
155 subsection at such advance voting location; and

156 (B) In the event that the registrars for a municipality provide more than one advance
157 voting location, the registrars shall designate a specific advance voting location for each
158 precinct in the municipality. Only the electors who are registered to vote in the
159 precincts designated for a specific advance voting location may cast a vote pursuant to
160 this subsection at such advance voting location.

161 (2) The registrars or absentee ballot clerk, as appropriate, shall provide reasonable notice
162 to the electors of their jurisdiction of the availability of advance voting as well as the
163 times, dates, and each voter's assigned locations at which advance voting will be
164 conducted. In addition, the registrars or absentee ballot clerk shall notify the Secretary
165 of State in the manner prescribed by the Secretary of State of the times, dates, and
166 locations at which advance voting will be conducted.

167 (3) The board of registrars shall publish the dates, times, and locations of the availability
168 of advance voting in its jurisdiction on the homepage of the county's publicly accessible
169 website associated with elections or registrations, or if the county does not have such a
170 website, in a newspaper of general circulation, and by posting in a prominent location in
171 the county, no later than 14 days prior to the beginning of the advance voting period for
172 a general primary, special primary, general election, or special election and no later than

173 seven days prior to the beginning of the advance voting period for any run-off election.
 174 ~~Any new advance voting locations added after that deadline shall be published in the~~
 175 ~~same manner as soon as possible.~~ If multiple advance voting locations are provided for
 176 in a jurisdiction, the registrars shall also publish a list of which precincts are assigned to
 177 each advance voting locations and provide notices that only those electors registered to
 178 vote in a precinct assigned to a designated advance voting location may cast an advance
 179 vote at a specific advance voting location. The board of registrars shall not remove any
 180 advance voting location after the notice of such location is published, except in the case
 181 of an emergency or unavoidable event that renders a location unavailable for use. Any
 182 changes that are made due to an emergency or unavoidable event after a notice of a
 183 location has been published shall be published as soon as possible in the same manner set
 184 forth in this paragraph."

185

SECTION 10.

186 Said chapter is further amended by revising Code Section 21-2-421, relating to posting of
 187 required information after closing of polls and reporting to Secretary of State, as follows:

188 "21-2-421.

189 (a) As soon as possible but not later than 11:59 P.M. following the close of the polls on
 190 the day of a primary, election, or runoff, the election superintendent shall report to the
 191 Secretary of State and post in a prominent public place the following information:

192 (1) The number of ballots cast at the polls on the day of the primary, election, or runoff,
 193 including provisional ballots cast;

194 (2) The number of ballots cast at advance voting locations during the advance voting
 195 period for the primary, election, or runoff; ~~and~~

196 (3) The total number of absentee ballots returned to the board of registrars by the
 197 deadline to receive such absentee ballots on the day of the primary, election, or runoff;

198 and

199 (4) A time stamped enumerated list of electors who cast ballots during such primary,
 200 election, or runoff.

201 (b) Upon the completion of the report provided for in subsection (a) of this Code section,
 202 the election superintendent shall compare the total number of ballots received as reported
 203 in subsection (a) of this Code section and the counting of the ballots in the primary,
 204 election, or runoff minus any rejected and uncured absentee ballots, uncounted provisional
 205 ballots, and any other uncounted ballots, with the total number of ballots cast in the
 206 primary, election, or runoff. The results of such comparison and all explanatory materials
 207 shall be reported to the Secretary of State. The reason for any discrepancy shall be fully
 208 investigated and reported to the Secretary of State.

209 (c) The Secretary of State shall maintain an archival database of the lists of electors
 210 required by paragraph (4) of subsection (a) of this Code section, and such lists shall be
 211 added to such database within one hour of being received and shall remain unchanged once
 212 placed in such database."

213 **SECTION 11.**

214 Said chapter is further amended by revising Code Section 21-2-481, relating to design, size,
 215 and stock of ballots, as follows:

216 "21-2-481.

217 ~~Ballots in a precinct using optical scanning voting equipment shall be of suitable design,~~
 218 ~~size, and stock to permit processing by a tabulating machine and shall be printed in black~~
 219 ~~ink on white or colored material. A serially numbered strip shall be attached to each ballot~~
 220 ~~to be counted by a central count tabulator~~ in the same form as required by Code
 221 Section 21-2-372."

222

SECTION 12.

223 Said chapter is further amended in Code Section 21-2-493, relating to computation,
224 canvassing, and tabulation of returns, investigation of discrepancies in vote counts, recount
225 procedure, posting of digital images of scanned paper ballots, certification of returns, and
226 change in returns, by revising subsections (c), (e), (g), and (j.1) as follows:

227 "(c) In precincts in which paper ballots or optical scanning voting systems have been used,
228 the superintendent may require the production of the ballot box and the recount of the
229 ballots contained in such ballot box, either generally or respecting the particular office,
230 nomination, or question as to which the excess exists, in the discretion of the
231 superintendent, and may require the correction of the returns in accordance with the result
232 of such recount. If the ballot box is found to contain more ballots than there are electors
233 registered in such precinct or more ballots than the number of voters who voted in such
234 precinct at such primary or election, the superintendent may, in his or her discretion,
235 exclude the poll of that precinct, either as to all offices, candidates, questions, or parties and
236 bodies or as to any particular offices, candidates, questions, or parties and bodies, as to
237 which such excess exists."

238 "(e) In precincts in which paper ballots or optical scanning voting systems have been used,
239 the general returns made by the poll officers from the various precincts shall be read one
240 after another in the usual order, slowly and audibly, by one of the assistants who shall, in
241 each case of a return from a precinct in which ballots were used, read therefrom the number
242 of ballots issued, spoiled, canceled, and cast, respectively, whereupon the assistant having
243 charge of the records of the superintendent showing the number of ballots furnished for
244 each precinct, including the number of stubs, where used, and unused ballots and spoiled
245 and canceled ballots returned, shall publicly announce the number of the same respectively;
246 and, unless it appears by such number or calculations therefrom that such records and such
247 general return correspond, no further returns shall be read from the latter until all
248 discrepancies are explained to the satisfaction of the superintendent."

249 "(g) In precincts in which paper ballots or optical scanning voting systems have been used,
250 when the records agree with such returns regarding the number of ballots and the number
251 of votes recorded for each candidate, such votes for each candidate shall be read by an
252 assistant slowly, audibly, and in an orderly manner from the general return which has been
253 returned unsealed; and the figures announced shall be compared by other assistants with
254 the general return which has been returned sealed. The figures announced for all precincts
255 shall be compared by one of the assistants with the tally papers from the respective
256 precincts. If any discrepancies are discovered, the superintendent shall examine all of the
257 return sheets, tally papers, and other papers in his or her possession relating to the same
258 precinct. If the tally papers and sealed general return sheet agree, the unsealed general
259 return shall be immediately corrected to conform thereto. In every other case the
260 superintendent shall immediately cause the ballot box of the precinct to be opened and the
261 vote therein to be recounted in the presence of interested candidates or their
262 representatives; and, if the recount shall not be sufficient to correct the error, the
263 superintendent may summon the poll officers to appear immediately with all election
264 papers in their possession."

265 "(j.1) The Secretary of State shall create and maintain a state-wide program for the posting
266 of digital images of the scanned paper ballots created by the voting system. All such scans
267 shall have a resolution of no less than 200 dots per inch. Such posted scans shall include
268 the authentication files for such scans, and such scans shall be posted by precinct for each
269 county. Digital images of the scanned ballots created as part of the preliminary tabulation
270 process, cast vote records, security logs, and system log files of central tabulators shall be
271 posted no later than 5:00 P.M. on the second Friday following the day of the election, and
272 such postings shall be supplemented by the posting of any additional ballot images created
273 in the tabulation process through final certification of such election."

274

SECTION 13.

275 Said chapter is further amended in Code Section 21-2-495, relating to procedure for recount
276 or recanvass of votes, losing candidate's right to a recount, and rules and regulations, by
277 revising subsection (c) as follows:

278 "(c)(1) Whenever the difference between the number of votes received by a candidate
279 who has been declared nominated for an office in a primary election or who has been
280 declared elected to an office in an election or who has been declared eligible for a run-off
281 primary or election and the number of votes received by any other candidate or
282 candidates not declared so nominated or elected or eligible for a runoff shall be not more
283 than ~~one-half of~~ 2 percent of the total votes which were cast for such office therein, any
284 such candidate or candidates receiving a sufficient number of votes so that the difference
285 between his or her vote and that of a candidate declared nominated, elected, or eligible
286 for a runoff is not more than ~~one-half of~~ 2 percent of the total votes cast, within a period
287 of two business days following the certification of the election results, shall have the right
288 to a recount of the votes cast, if such request is made in writing by the losing candidate.
289 If the office sought is a federal or state office voted upon by the electors of more than one
290 county, the request shall be made to the Secretary of State who shall direct that the
291 recount be performed in all counties in which electors voted for such office and notify the
292 superintendents of the several counties involved of the request. In all other cases, the
293 request shall be made to the superintendent. The superintendent or superintendents shall
294 order a recount of such votes to be made immediately. If, upon such recount, it is
295 determined that the original count was incorrect, the returns and all papers prepared by
296 the superintendent, the superintendents, or the Secretary of State shall be corrected
297 accordingly and the results recertified.

298 (2) Whenever the difference between the number of votes for approval or rejection of a
299 constitutional amendment or binding referendum question shall be not more than ~~one-half~~
300 ~~of~~ 2 percent of the total votes which were cast on such amendment or question therein,

301 within a period of two business days following the certification of the election results, the
302 Constitutional Amendments Publication Board shall be authorized in its discretion to call
303 for a recount of the votes cast with regard to such amendment or question. In the case of
304 a constitutional amendment or state-wide referendum question or a question voted upon
305 by the electors of more than one county, the board shall direct the Secretary of State to
306 cause a recount to be performed with regard to such amendment or question in all
307 counties involved and notify the superintendents of the recount. In the case of questions
308 voted upon by the electors of only one county or municipality, the board shall direct the
309 Secretary of State to cause a recount to be conducted by the county or municipality
310 involved and the Secretary of State shall notify the superintendent involved of the
311 recount. Upon notification, the superintendent or superintendents shall order a recount
312 of such votes to be made immediately. If, upon such recount, it is determined that the
313 original count was incorrect, the returns and all papers prepared by the superintendent,
314 the superintendents, or the Secretary of State shall be corrected accordingly and the
315 results recertified.

316 (3) Any recount pursuant to this subsection shall be conducted using a manual hand
317 count of all ballots cast in such primary or election."

318 **SECTION 14.**

319 Said chapter is further amended by revising Code Section 21-2-498, relating to
320 precertification tabulation audits and risk-limiting audits, as follows:

321 "21-2-498.

322 (a) As used in this Code section, the term:

323 (1) 'Incorrect outcome' means the winner of a contest or the answer to a proposed
324 constitutional amendment or question would be different from the results found in a
325 manual recount of paper official ballots.

326 (2) 'Risk limit' means the largest statistical probability that an incorrect outcome is not
327 detected or corrected in a risk-limiting audit; provided, however, that such probability
328 does not exceed:

329 (A) Eight percent in 2024;

330 (B) Six percent in 2026; and

331 (C) Five percent or less in 2028 and thereafter.

332 (3) 'Risk-limiting audit' means ~~an audit protocol that makes use of statistical methods and~~

334 acceptable levels the risk of certifying a preliminary election outcome that constitutes an
335 incorrect outcome.

336 (4) 'Selected contests' means:

337 (A) The contest at the top of a ballot; and

338 (B) If the following races are on a ballot, one contest from the following races as

341 Superintendent, Commissioner of Insurance, Commissioner of Agriculture,
342 Commissioner of Labor, Supreme Court Justice, Judge of the Court of Appeals, or
343 Public Service Commissioner, provided that such selected contest is not the race at the
344 top of the ballot.

345 (b) Local election superintendents shall conduct precertification risk-limiting audits on
346 selected contests following any election, special election, election runoff, special election
347 runoff, primary, special primary, primary runoff, or special primary runoff with
348 presidential, United States Senate, or state-wide contests in accordance with requirements
349 set forth by rule or regulation of the State Election Board. Audits performed under this
350 Code section shall be conducted by manual inspection of ~~random samples of the paper~~
351 ~~official ballots~~ all ballots cast in such election.

352 (c) In conducting each audit, the local election superintendents shall:

- 353 (1) Complete the audit prior to final certification of the contests;
- 354 (2) Ensure that all types of ballots are included in the audit, whether cast in person, by
355 absentee ballot, advance voting, provisional ballot, or otherwise;
- 356 (3) Provide a report of the unofficial final tabulated vote results for the contests to the
357 public prior to conducting the audit;
- 358 (4) Complete the audit in public view; and
- 359 (5) Provide details of the audit to the public within 48 hours of completion.
- 360 (d) In the event that multiple qualified races are on a ballot, one race in addition to the race
361 at the top of the ballot shall be selected as a selected contest for auditing pursuant to this
362 Code section. The additional selected contest shall be selected by the State Election Board
363 ~~majority vote of the Governor, Lieutenant Governor, and the Speaker of the House of~~
364 ~~Representatives, the minority leader of the Senate, and the minority leader of the House of~~
365 ~~Representatives; provided, however, that, in the event that a majority vote cannot be~~
366 ~~obtained by 11:00 A.M. on the Thursday immediately following the election, special~~
367 ~~election, election runoff, special election runoff, primary, special primary, primary runoff,~~
368 ~~or special primary runoff, the additional selected contest shall be selected by the~~
369 ~~chairperson of the State Election Board. The selection vote required by this subsection~~
370 ~~does not need to occur in person, such vote may be accomplished telephonically, virtually,~~
371 ~~or via written or electronic correspondence.~~
- 372 (e) The State Election Board shall be responsible for overseeing the administration of this
373 Code section by election superintendents and shall be authorized to promulgate rules,
374 regulations, and procedures to implement and administer the provisions of this Code
